and M. E. degrees from Texas A & M and Texas Tech respectively.

The award will be presented during the Association Awards Program which is held during the statewide in-service education workshop for Vocational Agriculture Teachers, August 2-6. Leaders in Agriculture Education from throughout the state and nation will participate in the four-day in-service meeting. Education features of the meeting will be under the direction of J. A. Marshall, Director of Agriculture Education, Texas Education Agency, Austin.

Seay graduated from Harold High School and he and his family are members of the Baptist Church.

Approximately 1800 Vocational Agriculture Teachers and friends are expected to attend the Ft. Worth meeting.

Hall County's bank depositors have \$3,281,193.04 more in the three county banks the last day of June this year as compared with the last day of June last year which indicates a brighter economic condition.

But citizens should remember that bank deposits were off in June of 1975 by \$1.2 million from the year before, when record highest had been set. This year's June figures all set new record highs for mid-year figures.

Total deposits for Peoples State Bank of Turkey, First State Bank of Memphis and First National Bank of Memphis total \$31,764,000.00. Under new reporting guidelines, banks are rounding off to the nearest \$1,000.00 on reports of Statements of Condition.

Total assets of the three banks reflect the same increases as these figures total \$34,781,000.00. Increase of \$3,130,062.14 in total assets is seen over last year.

Total loans of the three county banks also show an increase, up \$3,421,524.75 over the June 30, 1975 figure. Loans total \$18,516,000.00 as of June 30, 1976.

Hall County's financial picture clearly reflects an agricultural oriented economy in a year of good crops and strong markets total deposits climb, while during adverse years a decline is seen.

However, a steady rise in total deposits has been seen during the past decade and a half with only temporary setbacks. This has also been a period of inflation which is also reflected.

Memphis Lions To Sponsor Farm Auction

The Memphis Lions Club is now taking listings for a Farm Auction Sale to be held September 25 in the Gin Yard area of Memphis, and the Club is taking listings early for this Auction.

Anyone having farm equipment or other items they want listed in the sale should contact President, Dub Parker, Jim Chappell, L. B. Snider or Thomas Clemens.

These Lions can answer any questions concerning the Auction Sale.

"We want to have most of our listings in by August 25," a spokesman for the club said.

LL All-Stars Lose To Childress 5-2

The Memphis Little League All-Stars made a good accounting of themselves in the District Play-offs at Childress Monday and Tuesday, but were disappointed in not winning the play-offs.

The Memphis team opened against Clarendon Monday night and won the game 2-1 behind strong batting, good pitching by Neal Newsom and alert infield play.

Childress, on the other hand, managed to win a 2-1 sixth inning come from behind game from Wellington to meet Memphis in the play-offs.

This set the stage for Tuesday night's game between Memphis and Childress. Memphis, with runs by Scotty Lockhart and Neal Newsom in the first and second innings, led the game until the fourth inning, when Childress managed to get ahead 3 to 2.

"We came back in the fifth and sixth innings to load the bases but were never able to get anyone home. We had three runners thrown out on real close plays at the plate," All-Star Manager Bill Lockhart said.

Childress added two more scores, set up by a home run hit by Williams to win the game 5 to 2.

"Our infield play was out-

standing in both games," manager Lockhart said, "and we were all real proud of the way our team played. I felt our players did as well as they could."

Newsom was the winning pitcher in the first game, striking out 12 batters, walking four and allowing six hits. Danny Rogers hit a home run against Clarendon and the team had many doubles and committed only two errors.

The Childress pitcher, Williams, struck out 11, walked 10 and allowed four hits and two runs in being the winning pitcher Tuesday.

Scotty Lockhart struck out eight, walked four and allowed five hits and five runs. Chris Allard and Neal Newsom were catchers in the play-offs, and Newsom and Scotty Lockhart were pitchers. Ronnie Smith played first base, Terry Foster second base, Danny Rogers played short stop, Scotty Lockhart, Chris Allard and Quint Floyd played third base, Daryl Montgomery or Rickey Mackey were in left field, Quint Floyd or Neal Newsom in center field and Paul Richardson was in right field.

"All of our players got to play in the Clarendon game Monday," manager Lockhart said.

MEMPHIS ALL-STATE — Pictured above are members of the Memphis Little League All-Stars who played in Childress Monday and Tuesday evenings. On the front row, left to right, are: Manuel Perez, Chris Allard, Juan Lopez, Mario Lopez, Quint Floyd and Daryl Montgomery. Standing from the left are: Neal Newsom, Danny Rogers, Scotty Lockhart, Rickey Mackey, Paul Richardson, Ronnie Smith and Terry Foster. On the back, left, is Manager Bill Lockhart and on the right is Coach Lanier Foster. The team defeated Clarendon, 21 to 4, but lost to Childress in the District finals 5 to 2.

National Farm Safety Week

Next week, July 25-31, has been set for National Farm Safety Week in this country, and those engaged in agriculture are being asked to take more than a casual note of the observance. Farm safety is too important a proposition to take caustically anytime of the year.

Safety in every walk of life is important, but especially is it important in our working life, for many of us spend more time working than anything else. Accidents can and do happen to all of us. An accident is always costly, regardless of when it occurs.

Farming and ranching are high risk endeavors at its best. The level of risk involved can be determined by many factors and these should be considered carefully each day. There is nothing in life which is completely safe, but individuals can have some degree of control over the kinds of risk to which they expose themselves.

Farmers now have until October 25 to comply with certain safety standards under the Occupational Safety and Health Act (OSHA) that were to become effective June 7.

These safety practices concern guarding tractor power take-offs (PTO), displaying safety signband providing initial employee training for machinery operations.

But even though the deadline has been extended, farmers need to prepare for meeting these standards now, especially in the instruction of each employee in the operation and servicing of all equipment with which that employee is involved.

Financial hardships are often the immediate result of on-the-job accidents. The importance of safety, every minute of our lives, cannot be overemphasized.

What Other Editors Say

FREE SPEECH
The Texas Supreme Court this week returned a libel case to lower courts to be tried again because of the U. S. Supreme Court ruling a few weeks ago which changed the concept of libel once again.

The Texas case involved an elected official, a county surveyor in Del Rio, who was charged in the Del Rio newspaper with having done a poor job of laying out a dam area in that city which failed to protect a number of residents from rising water.

The U. S. Supreme Court, in 1964, issued a landmark decision which in effect said it was impossible to libel a public official. The person who thought himself libeled had to prove that the newspaper set out "willfully and maliciously beforehand" to libel him. This was almost impossible to prove.

This year, the new Supreme Court had a ruling in Florida in which a Mrs. Firestone sued the newspaper for reporting details of her divorce proceedings. The Supreme Court ruled here that she was not a public figure and that newspaper overstepped its bounds in invading her privacy. The case was returned for trial, but the plaintiff was apparently satisfied with that because no new trial has come about.

The whole area of libel is of interest to newspapers, of course, because it can be argued successfully that what Zenger printed was the truth and therefore there was no libel.

For years afterward, the truth was considered an absolute defense. Then in the Sullivan case, the U. S. Supreme court ruled, despite the fact that the plaintiff had proved that stories published about him were not true, that a public figure had to take this type of treatment unless he could prove that the newspaper or station set out to libel him.

Now the law, in its majesty, is making some shifts and turns. The latest Supreme Court decision has called for more study to be sure that the libel laws are observed. We hold to the old law — if what you say about a person is the absolute truth, there is no libel. —The Perryton Herald

TAKE ADVANTAGE OF SALES:
Avoid overstocking with commercially frozen food that's always available. Use your freezer as your own bargain counter and store foods you can buy on sale. But do allow space for short-time baked goods, leftovers and special party foods.

LOCK IN FLAVOR:
Use moisture and vapor-proof materials especially designed for freezers to wrap your foods. Tightly sealed, these lock in flavor and moisture and prevent "freezer burn" (surface drying) on foods. Don't use wax paper, bread paper or regular cellophane for freezer foods.

LABEL PACKAGES:
Date and identify freezer packages so you don't accumulate a lot of mysterious shapes and you'll be able to pick out foods that have been in the freezer longest.

ALLOW SPACE FOR EXPANSION:
Food in containers or jars shouldn't come up to more than 1/2 inch from the top. Leave at least 1 inch for a quart of liquid.

By **BYRON BALDWIN**

After watching the Democratic Convention on television, we will believe the day of Miracles is not over. When it was announced that the convention would be held in New York City, my first thought was that they were in trouble with all of the crime and disorder that was going on. In my memory it seems that this was one of the quietest conventions ever held — Democratic or Republican, Mr. Strauss and all the others that had a part in conducting this operation should be congratulated. It seemed time for our Almighty to take over the overall control and I think he did, right when we needed His watchful care.

Hubert Dennis had a collection of interesting items the past week from the Dr. J. M. Ballew family which included the diploma of Dr. Ballew from Georgia from the Louisville Medical College dated Feb. 24, 1891, giving him the privilege of practicing medicine in the United States. This was filed in the records of Bosque County, Texas, the 19th day of May, 1891. In this collection was the charter issued by the state medical association dated March 9, 1908, which shows in the first medical organization J. W. Mickle was president and W. C. Dickey, secretary. I remember that Dr. Dickey had a fast horse hitched to his fine buggy. I also remember that Dr. Mickle bought the two-cylinder brush chain drive automobile. It was shipped in by rail. After a short time, he let his nephew, Omer Mickle, have the car as he could not find mechanics here to keep it repaired. Omer used it for a "courting" car. He married Allie Alexander, daughter of S. G. Alexander who was an early day pioneer and was County Clerk. There was a photograph of Dr. Ballew, Raymond, Jess and Tom, all in uniform during World War 1. Along with the picture was the certificate of the appointment of Dr. Ballew as captain, from the President and signed by the Assistant Sec. of War. A book that was used for making a list of narcotics, also, a pad of his statements that he sent out to his patients and had a good slogan printed on each page as follows: "You think of your doctor first when you are sick, why not pay him first? You might want

him again." Two signs were in this collection, Dr. J. M. Ballew, Come In' and "Dr. J. M. Ballew Upstairs." These signs were painted by George Tipton. Another picture in this group was the picture of Dr. Ballew's home with his family on the front porch seeing him drive off with derby hat with his horse and buggy and with an extra horse posing in the picture. We also have the foot warmer that was equipment for his buggy.

Another unusual item was given us for Heritage Hall, an artificial Christmas tree. I had never seen one like it. It was given us by Mrs. Raymond Ballew. This tree was hand made by Sid Williams of Morton, the father of Mrs. Ballew who was a pioneer resident of Hall County. This tree was made of duck burrs that were dyed green and made a very decorative tree for the table. A note written, pinned to the tree stated, "There is something good in all things that God made."

I can remember when all I thought a cuckoo burr was good for was the old cow to have the burrs on the end of her tail and while milking, she would flop that tail around and hit you in the face. That will really wake you up early in the morning while milking the cow.

When I first knew the Dr. and Mrs. J. M. Ballew in 1907, there were five children, one daughter, Clara, and four sons, Raymond, Jess, Tom and Jim. Of the seven in this family I knew, there are two survivors — Tom of California and Jim of Abilene. I have known four generations of this family. Mrs. Raymond Ballew's family, Mr. and Mrs. Sid Williams, first moved to Hall County in 1905, left and moved back in 1907, living here until 1946 when they moved to Morton. There were one son and five daughters in this family and all are now living. One of the daughters, Mrs. Patrick, was in Memphis the past week looking for a Christmas tree like her father made years ago.

We received a letter a few days ago from Cordelia Wilson of 750 E. Rialto Ave., Sp. 44, Rialto, Calif. 92376. In reading The Memphis Democrat she has been reminded of so many old families that she knew before Memphis became a post office. Her parents, John and Laura

SCHOLARSHIP RECIPIENT — Miss Zetta Austin, daughter of Mrs. Pink Austin and the late Mr. Austin, was selected by the Memphis Young Homemakers as the recipient of this year's \$150 scholarship. Miss Austin is a 1976 graduate of Memphis High School. The money will be applied to tuition costs at the college of her choice. The scholarship is given in memory of Mrs. Nancy May and may be contributed to at any time at the First National Bank.

Finger, settled on four sections of land adjoining the Shoe-Bar Ranch after first selecting land three miles S. West of Memphis and giving it up when her father found out it was already filed on. He went to the boss of the Shoe-Bar ranches, Mr. John Pope, who showed him the land that he took. The Papes were one of their nearest neighbors, which was about 15 miles away, where they made their home. It was in 1889 when Mr. and Mrs. Finger moved from Arlington and his next move was to Arizona. Mr. Finger owned the land where the city of Arlington is located. John Finger was one of the first County Commissioners and helped lay out the plans for the first courthouse. Cordelia was interested in knowing if the cornerstone of the old court house was saved. Cordelia says she could write a very good first hand account of the incident of the soaping of the railroad tracks which was the manner in which the people of Memphis compelled

the train to stop here instead of the addition of Salbury. It was many years after the incident before anyone admitted to being a part of this train stopping. The family moved to Memphis from the place west of Memphis. Her father did not like town or city life and they only lived in Memphis four years where Cordelia attended school, but she graduated from Estelline High School, as her father built a home two miles west of Estelline. Cordelia and her mother lived in Memphis at a later date, when her two sisters, Mrs. Bob Temple and Mrs. Lester Fore, were living here. The Finger home in Memphis was on the corner of 13th and Bradford where the Allen Dunbar home is located now. The brother, Bailey, is now living in California. Cordelia's husband passed away three years ago. She is not in good health but is very thankful for the many blessings bestowed on her in life. Cordelia included a check with her letter for Hall County Heritage Hall. Thanks for

her contribution and her love for Hall County.

The passing away of Mrs. Shirley Patrick brought back memories of another Hall County doctor of Lakeview when Dr. Goadin practiced a number of years in early days and helped bring a lot of newcomers into the world, making a lot of parents and grandparents happy. When I first knew Dr. and Mrs. Goadin, they had five children, one son, Clarence, and four daughters, Grace (Mrs. Ott Bevers), Mabel (Mrs. Chas. Meacham), Lucy and Inez, who married Shirley Patrick. Our pioneer families are dwindling fast. In the Goadin family of seven named, Mabel Meacham is the only survivor. I had a visit a few days ago with the fourth generation of the Goadin family, Randy Hunt of Pocatello, Idaho, visiting his grandmother, Mabel Meacham. He was on his way from Atlanta, Ga., to his home. This is Randy's second year in the seminary of Emory University, and he is also an assistant pastor in one of the Methodist Churches in Atlanta, Ga. His sister, Jill, is now attending the University of Utah. She will be enrolled in Canyon in the fall for finishing up her nurse's training. It would cost a great deal more now to ship Randy by freight than when he left here as when he moved from Memphis 18 years ago while attending kindergarten, he weighed about 75 pounds and now is over 6 feet tall and weighs 190 pounds. Randy will be remembered as the son of the late Dr. T. A. Hunt and Mrs. Hunt who is the former Diane Meacham, daughter of Mr. and Mrs. Chas. Meacham. Dr. Hunt was an M. D. in Memphis for 12 years before moving to Idaho. He passed away in 1972. I have known four generations of the Meacham family.

He received a letter a few days ago from Mr. and Mrs. W. B. Davidson of Estelline who are now at Red River, N. M., in a perfect climate, 38 degrees to 75 degrees each day. They are taking it easy with all of the entertainment except the square dancing as they don't take the chance, but enjoy the performance and patting their feet.

In viewing the TV show in Hong Kong for the selection of the Miss Universe was very interesting with the contestants from 72 countries with several different languages and with Miss Israel winning the title of "Queen of the Universe". Bob Barker served as Master of Ceremonies.

After hearing that Hong Kong was a country of 400 square miles and a popula-

tion of 4 million people, I did not see how they could accommodate extra people, as I understand this is the most densely populated country in the world. I don't see where they would have a garden except in their window boxes with that enormous population. The greatest distance traveled by a contestant was Miss Brazil half way around the world.

Andy Womack called me a few days ago and said he observed his 86th birthday July 13. They had his birthday party at Cousins Home and he reported that in one hour's time after his party when he was feeling so happy he received four long distance telephone calls from undertakers in other towns wishing him a "Happy Birthday". On the last call he asked them not to call him when he was feeling so good, but to wait until he was feeling bad again.

Word came to me the past week that Gayle Greene was now married to a Grandma! Visitors in Memphis the past week were Mr. and Mrs. Edwin Gilliam of Jackson, Tenn. I doubt any former residents enjoy their visit more

than Ed and Florence on their once a year trip back to their old hometown where they graduated from high school. Ed is still carrying on his music business. Florence has made a career of banking. She worked here in the First National Bank 19 years and has worked the past 13 years in the bank at Jackson, Tenn., making her a total of 32 years. While here, she would call me in a nice voice to say I was O. D. I hear on the "Hoe Haw" show that the Mountain Dew in Tennessee is real good. Dewberries or Mountain Dew has really kept Ed and Florence young and active.

We heard from Mrs. Shirley McCollum, 437 East Fountain Place, Manitou Springs, Colo. 80829. Enclosed was a copy of the Mountain States Collector. On the front page was the picture of the Montecale Castle that is being restored by the Manitou Historical Society of which Shirley is a member. On the 100th birthday of Manitou Springs, a part of the celebration was having the first public showing of the castle since they had been working on it. The historical com-

mittee is very fortunate in having Shirley work on it as she will work on her full energy on this project. Our congratulations to them!

Lubbock Rites Held Mon. For Sam Nay Hale

Funeral services for Sam Nay Hale, 74, of Lubbock husband of the former Versa Odom of Memphis, were held at 10 a.m. Monday in Hodges Chapel of the Lubbock First Christian Church.

Mr. Hale, recognized as the first outstanding basketball player for West Texas State University, died Friday in Lubbock. Burial was in Resthaven Memorial Park Cemetery.

Born at Little Robe, Okla., he grew up in Higgins and Lipscomb. Mr. Hale attended what was then West Texas State Teachers College from 1921 to 1924. He was considered an exceptional basketball player, although he also excelled in baseball and played football for one season.

In 1974, he was inducted into the Panhandle Sports Hall of Fame.

In 1954, Mr. Hale moved from Amarillo to Lubbock and was owner and operator of his own insurance adjuster business in Lubbock until his retirement in 1969.

Mr. Hale was a member of the First Christian Church.

Survivors, other than his widow, include: one son, Jim of Plains, Kans.; one daughter, Mrs. Barbara Smith of Beaumont; one brother, R. A. of Plainview; two sisters, Mrs. Alma Hopkins of Amarillo and Mrs. Velma Hall of Wichita, Kans.; and five grandchildren.

Attending the services from Memphis were Mr. and Mrs. Adrian Odom and Mr. and Mrs. Gerald Hickey.

Emma Wiley and Ozell Roady of California are visiting Mr. and Mrs. Hill Wells and Mrs. R. A. Wells here this week and next week. They hope to see and visit with many of their friends while here.

Funeral Services For McKenney Held in Silverton

Funeral services for P. H. McKenney of Silverton were held Monday at 4 p.m. in the First Baptist Church of Silverton.

Attending from this area were Mrs. Zack Salmon of Memphis and Mrs. Leon Fowler of Lakeview. Mr. McKenney was an uncle of Mrs. Fowler and Mrs. Salmon.

Mrs. Zack Salmon, Mrs. Zackie Bennett of Amarillo, Mrs. Leon Fowler of Lakeview, Judy Jones and Kirk, all visited in Silverton Sunday with the family of P. H. McKenney.

Mr. McKenney died Saturday.

FIRST STATE BANK

In 1690 The Massachusetts Bay Colony issued the first paper money in America, and, in fact, "also in the British Empire, and almost in the Christian world."

War brought paper money into existence. Sir William Phips led an expedition of Massachusetts irregulars against Quebec. The loot from the fall of the fortress was intended to pay for the expedition. The fortress held, and since there was little enthusiasm for levying taxes to pay the defeated soldiers, notes were issued promising to pay, eventually, in hard coin.

Redemption in gold or silver was promised, and for 20 years the notes circulated side by side with gold and silver of equivalent denomination. Notes and metal were interchangeable.

And although the notes eventually lost their value because of another war, Queen Anne's War, the colonists recognized the value of paper as currency and started issuing it in moderation.

"The more you know about our business, the more we can help you!"

BI-CENTENNIAL CELEBRATION — Rev. and Mrs. J. E. Smith of Memphis had a memorable July 4th occasion this year as they had all twelve of their children, over thirty grandchildren, and several great grandchildren home for a family reunion. The first time for all twelve sons and daughters to be together in years. The group enjoyed a barbecue picnic on Sunday, July 4th.

Mrs. Ima Widener Is Hostess For 69ers Club Meeting

The 69ers Club met Tuesday, July 20, in the home of Ima Widener for an afternoon of quilting.

Members gathered about 10 a.m. to help the hostess quilt a beautiful hand-painted bird quilt.

During the social hour, the hostess passed out numbers

for each to draw for the lucky lady gift. Dorothy Stargel was the lucky lady. Irene Keed was the birthday girl for the month. She received a nice gift from her secret pal.

The hostess, Mrs. Widener, served cold drinks and Nick Nachs to Inez Assgren, Alice Beasley, Ruth Gardenhire, Ruth Misenhimer, Faye Maddox, Irene Reed, Dorothy Stargel August 17, it was announced.

ATTENTION GREENBELT FARMERS

- Do any of the items below apply to you?
1. Want increased yields from cotton and/or alfalfa
 2. Worried about lateness of cotton crop and desiring to have cotton mature earlier
 3. Desire better micron cotton
 4. Would like better quality alfalfa

If any of these things listed above apply to you, you need...

QUALI-T-40 COMPLETE LIQUID PLANT FOOD 10-20-10 and Traces

- QUALI-T-40 will:
1. Increase micron or quality in cotton and alfalfa
 2. Speed up growth in late cotton and give earlier maturity in all cotton
 3. Make balanced ratio (10-20-10) immediately available to crop.

QUALI-T-40 is a tried and proven product and will give excellent returns.

We would like to visit and discuss in detail how QUALI-T-40 can do you an efficient and profitable job.

REMEMBER Earlier Maturity Increased Quality Increased Yields = Increased Profits

Call or write and a manufacture representative will visit with you.
