There will be no Saturday activities connected with the race.

Methodist To Hold Pony Express Campaign

More than 450 members of the First United Methodist Church will become saddlebag-carrying "trail bosses" and "route riders" within the next few weeks in their church's Pony Express stewardship campaign.

The Rev. Ken Metzger, pastor, said the campaign this year is based on the same concept as the Pony Express of more than a century ago.

Each saddlebag bears the names of 10 church families on the run route, he said. A family fills in an estimate of giving card, seals it in an envelope and inserts it in the saddlebag, which then is hand-carried to another family on the route.

Lone Star Files For Rate Increase

Lone Star Gas Company's Memphis manager, Mike Lockett, today filed an application for a rate increase to provide the company an eight percent rate of return.

Mr. Lockett said Lone Star's distribution system serving Memphis earned a 1.45 percent rate of return in 1975 and that \$41,546.00 is required to correct the utility's revenue deficiency.

He explained that Lone Star has experienced increased costs of operation due to the current inflation, and unrecovered costs of purchased gas which substantially eroded utility earnings.

In June of last year, the Railroad Commission authorized Lone Star to recover 85 percent of its increase in the average cost of gas (above a base of .72 cents) from residential and commercial deliveries at the city gate. During the fourteen months ended August, 1976, Lone Star had unrecovered gas costs of \$14.2 million for gas delivered at the city gate for residential and commercial customers.

"These costs result from the rapidly rising gas prices during the last few years. For example, our average cost of gas climbed from 18 cents per thousand cubic feet in 1971 to \$1.03 in June of this year, a 472 percent increase. Utility earnings declined from \$23.3 million in 1971 to \$13.1 million in 1975, or 44 percent," Mr. Lockett said.

The company's application would raise the average residential customer's bill about \$1.81 per month, based on 8 Mcf (thousand cubic feet) consumption.

The Memphis Cyclone begins the serious portion of the 1976 football season as the local team enters District 2-A play against the Shamrock Irishmen at Shamrock Stadium Friday night at 7:30 p.m.

All district games are 7:30 p.m. contests, despite schedules and local season tickets with 8:00 p.m. times printed on them. This was a mistake made last summer. Fans should arrive before 7:30 p.m. if they want a chance at stadium seats on the visitors' side.

Memphis will be favored to win the game over Shamrock, a team which has only one victory to its credit this season, a 7-6 win over Chillicothe. This win was costly because the Irishmen lost the services of Quarterback David Ramsey in this game, out for the season with an injury.

Last week, Wellington defeated Shamrock 44 to 6 in the opening district game for these two teams. Clarendon defeated Claude in another district game.

Tonight, Memphis 7th, 8th and JV teams host Shamrock teams with the first game (7th) beginning at 4:30 p.m. Fans are invited to come out and watch these games.

Saturday morning, 10 a.m., the Memphis sixth graders will have a game between teams made up of local sixth graders. These youngsters are getting their first experience playing football.

Shamrock Irishmen Quarterbacking the Irishmen is No. 11 Micky Mitchell, a 160 pounder who engineers the Shamrock attack. No. 32 Jackie Thompson at 178 is not only quick but is fast in the open. No. 42 Steven Stokes is another quick ball carrier. Wingback is Alan Close, No. 5, 140 pounds another good football player.

Coach Clyde McMurray of Memphis told local boosters Tuesday night that Shamrock has a good offensive backfield, as good as Hooker's running backs.

The Irishmen employ several offensive sets, power-I, Winged-T, Straight-T, and a form of the Pro-Set with two wide receivers.

Up front, No. 80 Keith Krug is normally at split end, weighing 135, with Randy Copeland, 160, No. 85 at tight end. Tackles are No. 72 Scott Wells 180, and No. 75 Stanley Waters, 190. Guards are Mike Caldwell, No. 66 at 155, and Jeff Kingston, 145, No. 60. Center is Rick Gowdy, No. 50 at 155.

Cyclone Starters Opening district play, the Cyclone offense and defense will have no new faces in the starting units according to Coach McMurray Wednesday.

Offensively, Johnson and Guy are at ends, Bloxom and Stone at tackles, Orcutt and Martin at guards, and Murdock at center. The backfield is made of Cofer, Salinas, Fields and Hall.

Defensively, Shahan, Browning, Braidfoot and Morgan are linemen, Orcutt, Martin and Richardson, linebackers, Flemmons, Fields, Salinas and Hall or Galloway at safeties.

Hooker Game "We were glad to win this one in the manner in which we did," Coach McMurray said, "but we were disappointed in having two TDs called back on our mistakes. We just need to have more poise on the goaline."

"Hooker was a solid, physical ball club," he said.

Memphis coaches cited six players for outstanding performance in the Hooker game. Don Cofer received the offensive back certificate, Randy (Continued On Page 10)

Whom Will The Voters Choose?

As the eve of election day draws closer and closer, pollsters are working frantically to see whom the American voter will select to be the President and Vice-President of the United States for the next four years. Will it be a Democrat or a Republican?

One group of political observers, carrying titles of political scientists, sees the 1976 election as the first normal election in many years . . . meaning the voters will have to make a choice between moderates. It has been many years since this situation faced American voters and much of the news media as well as voters are looking around for the big issues which will sway the election one way or the other.

One political scientist pointed out that the big issue is the basic economic philosophies of the two political parties. Voters across the nation are sticking somewhat to party affiliations. Independent voters are either undecided or not planning to vote at all, polls are indicating. Because the campaigns are generating so little fire many feel the whole thing is dull, as neither have come out with issues which excite the voters. Both party candidates are conducting "you can trust me campaigns" and frankly voters tend to trust candidates from their own party so as many as 80 to 85 percent of the Democrats are expected by the experts to vote Democratic and an equal number of the Republicans are expected to vote Republican.

Americans have had presidential election choices in the past between extremists from the left and right with Barry Goldwater and George McGovern as the most noted examples. George Wallace, a third party candidate influenced Richard Nixon's victory over Hubert Humphrey.

One thing about the election between moderates is this. It is making the American voter (and taxpayer) look squarely at some of this nation's problems, high inflation, unemployment, growing government influence in all our lives, and the major one of just how far shall the Government go in intervening with the normal operations of the free-market economy?

Who is going to decide? Some are saying that only about 50 percent of the eligible voters will actually vote come Nov. 2, 1976. Those who do will be for the most part, middle age, with middle income. Percentage-wise, the more money the voter has, the more likely he or she will take the time to go vote. Young voters and minority groups are not expected to vote heavily in this election primarily because they see no clear cut advantage between either candidate for the nation's highest office.

We wonder how right the experts will be? Obviously, neither candidate is racing off into unexplored regions. Both are sticking to their moderate lines. American voters seem to be staying near the middle for this one so it looks like the race will go down to the wire, between Democratic grass-roots up and Republican trickle down philosophies.

Everything has certainly been predictable. Even the Dallas Morning News front page editorial endorsing Gerald Ford we read was about as inspiring as a lecture delivered by an economic professor, as if the editorial writer was copying his material from some article written as an economic forecast.

This brings up a real key point in this election. The whole shooting match depends on the voter in certain key states like Texas. Texas has its big cities and its rural areas. If Hall County voters will turn out heavily at the polls, they can sway the election one way or the other.

Don't let this golden opportunity slip away because of laziness. The choice is easy to make. If you like the way Republicans are handling things in the White House, vote Republican; and you'll get more of the same; but if you feel it's time for a change, vote Democratic. We would remind voters to take a good, close look at the vice presidential choices as well, and remember, vice presidents are only a heartbeat away from the Presidency.

EMPLOYEE REQUIREMENTS
An editorial writer gets an inspiration from a number of different sources and this one comes from a classified ad which appeared this week in Canadian Record.

The ad was placed by the Canadian Pharmacy Family Center and was for someone to go to work there.

The advertisement reads as follows:
Wanted! High school graduate eighteen years old with A or B grade average willing to work 9:30 a.m. to 6:30 p.m. including Saturdays with her own transportation.
Who: Can find things that need to be done without the help of a manager and three assistants.
Gets to work on time in the morning and does not imperil the lives of others in an effort to be the first out at night.
Is neat in appearance.
Does not sulk for an hour's overtime in emergencies.
Listens carefully when she is spoken to and asks only enough questions to insure the accurate carrying out of instructions.
Looks you straight in the eye and tells you the truth every time.
Does not pity herself for having to work.
Likes to work with people.
Apparently the management of the Canadian Pharmacy Family Center has had some sad experience with young people who did not meet these fairly simple qualifications.

No doubt they are now fed up with young people who do not know to apply for a job and don't know how to hold down one after they get it.
The national unemployment figures are no doubt distorted by the same problem facing this employer. There are too many people who are not looking for a job, do not want to work, and when they get a job are likely to quit upon the slightest provocation.
The unemployment situation today has been compared with that of the 1930's but there is a vast difference. In the first place, instead of 7 per cent unemployed, it was more like 25 per cent.
And this created another situation, too. In the old days, a worker was proud of his or her job because there were a dozen people who wanted desperately to take it.
Maybe just a teeny bit of it would make a lot better workers out of a lot more people.

SCHOOL CHILDREN
Reporter: Old A. J. Creamer down at the Texaco station related to us another incident this last Wednesday afternoon as he waited on a customer.
He said he was fixing a flat for a man who had his small daughter with him. The little girl had just completed her initial day in the Azle School system.
A. J., who has been known to talk to most of the smaller tykes who come into his station, started making conversation with the young lady and asked if that day was her first day in school.
"Yes," she nonchalantly replied.
"Well, did you learn anything?" A. J. asked her back.
"I dunno," she said innocently, "But I guess not because they're making me go back tomorrow."
We ran across another school story this week it was told by James Roberts, in The Andrews County News:
Our favorite start-of-school story concerns the father and his son.
It was Michael's first day of school. His father decided to walk with the young boy to the assembly point where he was to catch the school bus.
When they arrived the bus was waiting, fringed by the tight cluster of little boys eyeing each newcomer with suspicion.
"Michael," said the man in a loud voice, "I want you to come straight home after school. Remember, you've got to help me skin the elephant."
He pushed his son toward the bus, turned, and walked rapidly away. Silence.
Then a babble of little boys voices. The father glanced back.
One boy was holding Michael's books, another one his lunch box, a third one was helping him on the bus.
A great peace descended on the man as he went on down the street smiling.
He was contented. He has measured up to the responsibility of fatherhood.

Jack Hightower believes in action . . . not empty words

When the voters of the 13th District sent Jack Hightower to Congress two years ago he pledged to represent all of them fairly and honestly. He promised to work full-time at the job. HE HAS KEPT THOSE PROMISES.

HERE IS WHAT THOSE WHO KNOW JACK HIGHTOWER'S RECORD SAY ABOUT HIS EFFECTIVENESS

"... as one of the original co-sponsors, I again thank you for your splendid contribution which has brought about this most needed improvement in the estate tax law..."
Omar Burselson, Member of Congress

"... one of Jack Hightower's primary legislative projects has become the law of the land... it was H.R. 8410, an amendment to the Packers and Stockyards Act which Hightower co-sponsored in the House, and he was the author of its principal provision—prompt payment..."
Joe Brown, farm editor, Wichita Falls Record-News, Sept. 16, 1976

"... your tremendous job on the floor and prior to the passage of H.R. 8410, the amendments to the Packers and Stockyards Act, are most deeply appreciated. It certainly was apparent to the people in the gallery and elsewhere that you know the subject matter well and handled the situation beautifully..."
C. W. McMillan, Executive Vice-President, American National Cattlemen's Assn.

"... thank you for your support of the Beef Research and Information Act, and especially for your fine statement on the House floor... the people are well aware of your leadership and your untiring efforts to help the cattle industry..."
O. J. Barron, chairman, Beef Development Task Force

"... this award (Guardian of Small Business) is intended to acknowledge your efforts to protect small, independent businessmen and women and to maintain an economic environment in which they can grow and prosper. It is also based on the outstanding voting record you compiled on small business issues during the 94th Congress."
Wilson S. Johnson, president, National Federation of Independent Business

"... Of the 75 first-year Democrats, he is something of an anomaly—the most conservative of an outspokenly liberal group, one of the most careful and quiet of a largely shoot-from-the-hip crowd... Almost everyone on the Hill knows about Jack Hightower... the Congressman who votes his conscience, represents his district by organic instinct, but is capable of rising above parochial considerations when national interests are at stake. If that weren't enough, he lives a Spartan existence in a one-room efficiency apartment, sleeps on a couch that unfolds into a bed, washes his own socks, and drives an old car to work. The same qualities that made him an influential state senator for ten years—scrupulous honesty and an appetite for hard work—have served him well in Washington, but these alone do not explain the high regard in which he's held. In a town overpopulated by small people with large egos, it is a relief to find one for whom the reverse is true..."
Texas Monthly, May, 1976

"... Price better think twice before he spends more money for a big campaign because as it stands now he's going to be fighting a losing battle if he tosses his hat in the ring... Hightower has read his constituency well, and he's doing exactly what his voters want him to do, but he's also spent a session learning the ropes and he's shown he's a better independent thinker..."
Carroll Wilson, columnist, Canyon News, Jan. 18, 1976

That's the kind of Congressman Jack Hightower has been since he took his oath in January 1975. It's why he has earned the respect of his colleagues and the confidence of people throughout this district... from both political parties. Jack Hightower, Democrat, has earned a second term. Vote November 2.

Amanda Martin Observes 100th Birthday on Saturday

Few people have the privilege of celebrating their 100th birthday, but a Memphis resident was among those to enjoy such a celebration Saturday.

Mrs. Amanda Martin, known to her family and friends as Grannie, was honored on her 100th birthday with a party at Cousins Home, where she has been a resident for the past four years.

A small petite lady, Mrs. Martin was lovely in a long dress of orchid made for the occasion by her granddaughter, Hazel Oliver of San Francisco, Calif. She was wearing an orchid corsage presented to her by members of her family and amid two decorated cakes and a table piled high with gifts presented a charming picture. One of the cakes was presented to Mrs. Martin by Don Davis, who had promised her a cake several years ago on her 100th birthday.

Sixty-eight guests and relatives were in attendance at the party which was held at 2:00 p.m. Saturday afternoon.

Music for the gala occasion was furnished by J. B. Yates, James Canada, Elmer Childress and Johnny Hancock.

In April, 1906, she was married to James T. Martin, a Baptist minister. They moved to Stratford, Okla., where they lived until 1926 when they moved to Hall County, Mo. Mr. Martin was minister of

the Plaska Baptist Church, and the couple lived there until his death in 1939. To this union were born two children, a son Ray, and a daughter Jeralinda, who died in infancy.

Demonstration Club Meets In Bronze Room

The Hall County Home Demonstration Club met in the Bronze room with Mrs. Mildred Stephens presiding in the absence of president, Mrs. Lynn Jones.

Miss Tina E. Willmann, Assistant County Extension at Large was the speaker. Not only does Miss Willmann serve all of Hall County but about 4 other counties and women of the County are missing a rare opportunity by not attending these meetings which meet each First Monday from 1:30 to 3:30 p.m., in the Bronze Room, the president said.

Miss Willmann spoke on the subject of "Indoor Landscaping With Plants." She began, "Have you ever thought about the simple joys a garden of houseplants can bring? Whether you have one plant or 16, you indeed are an indoor gardener, who experiences the joys of watching plants grow. Observe how young leaves unfold and flower buds emerge in their season."

House plants today come in all colors and shapes, some with soft feathery foliage, some with stiff, shiny leaves or downy ones that are pleasant to feel.

Three things should be considered before buying houseplants for indoors: Conditions under which they are to grow; The purpose to which they are to be put; and the experience of the owner and the amount of time that can be devoted to their upkeep; light is important, exposure to sun and cold, humidity, temperatures, and color combinations.

Miss Willmann named many varieties for seasons, fragrance, garden for beginners, garden grown in water, garden of gay, vivid foliage plants, garden of cool, quite greens.

She concluded, "Maybe you enjoy your plants when you are alone, you water, you spray, turn a plant, trim off a straggler or just sit. You suddenly become aware of new growth, a bud that wasn't visible yesterday. That's the joy plants can bring. Happy indoor gardening."

Present were: Estelle Barber, Florence Yarbrough, Wanda Coldiron, Happy Kennon, Jean Lamb, Stella Phillips, Mrs. John McWhorter, Stephens, and Willmann.

The next meeting is November 1, in the Bronze Room. All Hall County women are invited to attend. The meeting begins at 1:30 p.m. and those attending are asked to bring cookies for patients at Cousins Home, Inc.

CORNER CATCHER

The only center pivot in the world that hits the corners.

In a typical quarter section where a regular center pivot is irrigating 132 acres, you can now do about 150 acres. But the new Valley Corner System isn't limited to squares. Irrigate both ends of a rectangle. Irrigate odd shaped pieces of land too. It's the answer to getting valuable productive land that's been wasted, back under center pivot irrigation.

For flood irrigators, it's also the answer to automatic water and labor saving center pivot, without wasting valuable acres. No monitoring, no labor problems, no night work. But you have all the advantages of precise irrigation and fertilizer application through the system, that produces higher yields than ever before. It's a simple concept, precise in operation and engineered with quality of all Valley-built Center Pivots.

FIRST STATE BANK

Is there ever a convenient time to start saving your money?

At 25 years of age, you say you can't accumulate money because you're just getting started, and you're not making much money yet. At 35, you've got a growing family, and the children and home cost money. At 45, with children in college, it takes all you have to pay expenses. At 55, you hope that things will get better; that something "will break" and you'll be able to step into a higher paying job. At 65, well you find that Social Security doesn't go far, and you can't take advantage of the business opportunities you see.

It all comes down to "procrastination," putting off today what you should have started yesterday. It's sort of like dieting: I'll start after the weekend's over.

A "convenient" time will never come. Start saving for your future today - NOW! - There never will be a better time.

Memphis High Hosts Annual Careers Day For Co. Seniors

Every fall the seniors of Memphis, Lakeview, Estelline and Valley schools assemble in the Memphis High Auditorium to investigate some of the programs area schools have to offer. The Career Day this year was on October 12, at 10:00 a.m.

After Memphis High Principal Clinton Voyles extend-

ed a welcome to the visiting students and schools, Thomas Atkinson, Counselor, introduced Mr. Bob Harris, Director of Employee Relations for the Cabot Corporation in Pampa. Mr. Harris spoke to the students in a factual manner concerning the working world they will be entering.

Many informative points were presented by Mr. Harris among them the importance of a marketable skill and some pointers in marketing a skill after its attainment. The students were cautioned to obtain skills for which there is a market.

The students had an opportunity to talk with many of the schools represented that they were interested in.

Schools represented were Texas Tech University, Clarendon College, West Texas State University, Texas State Technical Institute, Texas Womens University, McMurry College, South Plains College, Amarillo College, Hardin Sim-

mons University, Lubbock Christian College, and the branches of the Armed Forces.

"We consider the information obtained by the students important in helping them make important decisions for their future," Mr. Atkinson said.

THANKS A MILLION
I wonder if the town's people of Memphis realize how fortunate we are to have a fine hospital and three good doctors at our beck and call. For the excellent care I had during my sojourn in the Hall Co. Hospital last week for all the cuts, flowers, and good wishes, I am most grateful. I thoroughly enjoyed the good life while there. The food, the attention, and the comfort were much to my liking.

AUTOSIGNS
TEXAS OFFICE OF TRAFFIC SAFETY
Oct. 23-Nov. 21
SCORPIO (Oct. 23 to Nov. 21): Things you take for granted may present unexpected hazards. Check for worn windshield wiper blades.
SAGITTARIUS (Nov. 22 to Dec. 21): Resist the impulse to take a chance. With you and your family in the car, there's too much at stake.
CAPRICORN (Dec. 22 to Jan. 20): Others depend upon your good judgment. Make sure your children wear bright clothing when they go cycling.
AQUARIUS (Jan. 21 to Feb. 19): A good time to improve your driving habits. Strive for smooth, even acceleration and gentle braking action.
PISCES (Feb. 20 to Mar. 20): You should seek a clearer picture of affairs. Help remove weeds and obstructions at neighborhood intersections.
ARIES (Mar. 21 to Apr. 19): This is no time to take chances. Pay strict attention to the yellow stripe in your lane.
TAURUS (Apr. 20 to May 20): Don't be afraid to take good advice. Heed recommended speeds on curves.
GEMINI (May 21 to June 21): You're a gambler, but you must know the odds. If you lose your race with a red light, you could lose everything.
CANCER (June 22 to July 21): Distractions could make you forget an important detail. Don't neglect to turn off your lights when you park.
LEO (July 22 to Aug. 21): This could be a time of unpleasant surprises. Watch out for children darting into the street.
VIRGO (Aug. 22 to Sept. 22): Wandering attention can lead to costly blunders. Shifting to "drive" instead of "reverse" is more than silly.
LIBRA (Sept. 23 to Oct. 22): Don't take anything for granted. Check both directions before crossing even a little-used railroad track.

Texas Grain Sorghum Producers Offer Explanation of Grain Prices

LUBBOCK—Farmer's concern lately has been the low price of grain, with much emphasis on the "why." Texas Grain Sorghum Producers Board offers the following situation report which should give some explanation.

Fence To Fence Planting: Increased plantings of grains are taking a heavy toll on price scales. The combined 1976 production of grain sorghum and corn in the Texas High Plains is estimated at 274.5 million bushels, an increase of 45.36 million bushels over the previous five-year average of production (or enough to fatten 1.14 million head more of 600-pound steers than are now fed). The same trend of production is noted nationwide.

Shortage of Storage: Na-

tionally the amount of storage facilities is far from adequate and in most cases already full. Lack of storage forces grain into the market.

Mississippi River Low: Corn is backing up due to the Mississippi River barges not being able to haul full loads.

HARVEST SEASON SLUMP: Harvest time is normally a weak price period; however, with increased corn production and inadequate drying and storage facilities, more pressure to sell for what is offered becomes increasingly common which forces prices downward.

Lack of Confidence in Market: Because of the presidential veto last year, there is no real speculative interest compared to two years ago.

Outlook

Grain sorghum production estimates are down from 758 million bushels in 1975 to 714 million bushels for 1976. Corn production is as forecast on October 1 at 5,865 million bushels in comparison with 5,767 million bushels in 1975.

Domestic consumption should increase for both sorghum and corn as a result of increased hog and poultry numbers. Exports, on the other hand, are expected to be about the same or even a bit lower. Russia's increased grain production will cut their grain import requirements & the amount of their reduction is likely to offset additional sales of domestic grain to Western Europe in the wake of their extended drought.

Total use of U. S. feed grains is now estimated at 201.4 million tons compared to 202.9 million tons.

After harvest is complete and all remaining grain is secure in storage, prices are expected to again return to a higher level through next spring and summer. Orderly marketing will help achieve maximum average prices.

Meet new friends, enjoy life more at the beautiful Leisure Lodge Nursing Center of Childress.

Ardella Lorene Benson: Administrator.

Who says a nursing home has to be dark, stuffy, cramped and no fun? At Leisure Lodge Nursing Center, we certainly don't think so! As a matter of fact, we've gone all-out to make our home a place to LIVE. You'll love the bright, cheerful colors, the drapes, pictures, furniture and home-like surroundings. But most of all, you'll love our people — because they'll love you!

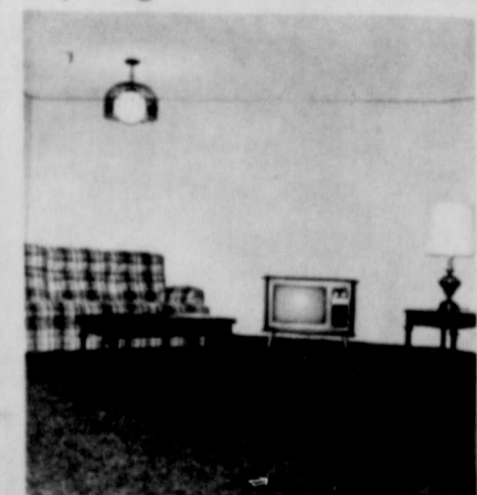

Guest rooms in Leisure Lodge Nursing Centers are large, comfortable, well-furnished, light and cheerful.

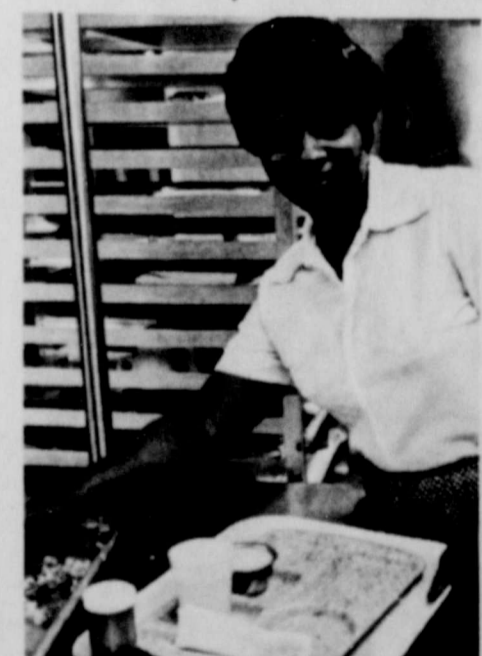

Compassionate, conscientious nurses who truly care about our guests are a trademark of every Leisure Lodge Nursing Center.

We have everything you'll find at any nursing home, plus a whole lot more. First of all, we have Licensed Nurses on duty around the clock. The regulations don't require us to have a Nurse on duty at night, but we want it that way. We have good food, and plenty of it. If your doctor says you need a special diet, we see that you get it. Our guests eat together, at regular dining tables, in a regular dining room, and enjoy the fun and fellowship of people their own age. We have planned and supervised activities, scheduled by a full-time Activities Director. And we have religious services, too. But what we have the most of, is FUN, and that's why our guests like it so well here.

At Leisure Lodge, spacious and well-appointed living rooms are a center of activity, where guests gather to visit, read, watch television.

It doesn't cost any more to live at Leisure Lodge than any other home. Don't let our nice building and grounds and our pretty decor fool you. It may look like an expensive place to live, but it isn't. In fact, it doesn't cost a bit more to live here than at any other nursing home. We're approved by the State Welfare Department, licensed by the State Department of Health, and we're approved for Medicaid. Regardless of where you live now, you can easily move to Leisure Lodge Nursing Center. And we know you'll like it here!

Anyone who has ever eaten a meal at a Leisure Lodge Nursing Center knows that the food is good, lovingly prepared, and that there's plenty of it.

We'd love to have you visit our home anytime, at your convenience. We're proud of Leisure Lodge Nursing Center, and we'd like for you to see it anytime. And especially, if you are in need of professional care; if you are living by yourself or with some family member who is unable for any reason to give you the attention and help you need; if you're just lonely for companionship; or if you know anyone in one of these categories — call or come by Leisure Lodge Nursing Center. Find out how much FUN living can be. You'll be glad you did!

Handcrafts and other activities are a large part of the program of rehabilitative care which is typical of every Leisure Lodge home.

Texas Taxes

By BOB BULLOCK State Comptroller

Austin—I've had a lot of people ask me "What ever happened to your seizures of sales tax delinquents?"

The answer is they're still going on.

So far this year we have seized 211 sales tax delinquents owing about \$1.2 million in back taxes.

The problem is still the same: some people just can't seem to resist pocketing that five cents sales tax they collect on every dollar's purchase.

The money was never theirs. It's your money and mine, the taxes we pay for state and city services. It's money that should be remitted to the state.

Last year the "raids" were a new thing. When I took office in January, 1975, I learned that previous administrations had allowed 70,000 delinquents to build up a debt to the state and cities of \$60 million. We began the seizures to clean the mess up.

At first, the news media were delighted and gave extensive coverage to our "raids." That was what we wanted: the publicity got the message out loud and clear that the state would no longer tolerate those who would pocket the sales tax.

I predicted at that time that the seizures would be the best therapy for reluctant

taxpayers, and this has proven to be the case. Delinquents know now when we say, after dozens of collection efforts, that "This is your last chance," that the "raiders" will be knocking on their door. Just since June, for example, 51 delinquents have paid at the last minute to avoid being shut down.

In addition, because we are watching the delinquents much more closely, the seizures are for smaller and smaller amounts. This is good, because the delinquent has a better chance of coming up with the money and staying in business. Then everybody wins: the state and cities get their tax dollars and nobody's out of work.

I also predicted last year that the newness would wear off the seizure program and the "raids" would become a matter of routine to the news media, getting less and less coverage.

Mr. and Mrs. Sam George of Corpus Christi visited Monday afternoon with Mr. and Mrs. Lynn B. Jones.

Parnell Club Meets In Regular Session Oct. 13

On October 13, the Parnell Club held its regular meeting with 12 members present. After the group repeated "The Lord's Prayer" a devotional was given by Darlene Morris. Roll call was "A Cute or Funny Saying of Husband or Child."

Seven sick visits were reported by members. The club and Ramona Burk served refreshments.

Members present were Erlene Trapp, Leona Burk, Darlene Morris, Clessie Jouett, Roxie Orcutt, Bessie Latham, Lucille Robinson, Georgia Bowman, Anna Belle Bonney, Cordye Hood, Ramona, Tyra and Brandon Burk, Cathy and Melaine Fuller and one visitor, Beulah Travis.

had the pleasure of making a trip to the local drug store in almost a year ago around the conference to catch up on world news as well as local. The I visited with around table were Bill Cosby, Beeson, Hershhal Pounds, Campbell, Ed Foxhall, Branigan, Gladys Power, Lee Mabry, Hattie Dem, Lee Mabry, and Paul Blevins' wife, Willie Mae. I thought I did not tell anything too big. I did report from Bill Cosby his two sons, Bill, Jr. is in Hamburg, Germany, in the Hamburg Symposium. His son, Bob, grew up and got away pretty fast. He is now assistant cashier at the First National Bank. Hattie Dem was a bit of worrying about her husband and Billy Ed and Dawn, who all flew to Chicago Market. I think Hattie Dem thought it would be better if they had separate planes in an accident. Beeson was asking a good program for R-A. Anyway, I enjoyed all the conversation around table of information. As our regular everyday as we go about our work, I do not notice many changes in our town, but I have a lot of circulation for a year. It will surprise to know how many changes have taken place in the past year. The Four John Deere place on Hwy 287 on the edge of Hall County lines. Highway 287, we have a new wash rack place cars and trucks, also a 24 hour a day super market. The Burlington Railroad has laying new roadbed for the trains, which run on the Texas coast. This coal furnish electric energy a number of towns and also found a new place on the square corner of the square owned by Grady Simpson. This is a corner of the Gibson's Discount and also the "Cotton Bowl," infants and children's wear. The next improvement on the south side of the square was the revamping of the front of Fowler's Drug. On Main Street, the building formerly the home of the Harrison John Deere store, has been bought by Zack Fisher and Gordon Maddox, and they have given these two buildings a front face-lifting and around the corner, Chubby Waddill, has bought the old West Texas Utility Building where he is now operating.

We lost Wendell Harrison in the shuffling around, but found that he had bought the steam laundry building on south 6th where he is now operating. On North 19th Street, we found a wholesale and retail meat business operated by Jackie Blum and a barbecue meat business operated by Jackie and Royce Murdock. Another thing on Highway 287 was the new building for the office of the DeVillie Motel. On the square we noticed that Hall County Heritage Hall had a face lift with a new paint job and also has a new cooling and heating unit. Still another expansion we noticed was a new metal building on North 3rd Street, now occupied by Morris Davis with his irrigation business. On South 10th, Robert Galloway has his delicatessen operating and Dr. O. R. Goodall operating his office now in the old hospital building.

On Mair Street, we found Wanda Montgomery (Mrs. Jerry) operating a beauty parlor and also a new gift and craft shop operated by Mr. and Mrs. Jim Powell. Some other changes I noticed were Don Cockrell's office building on Highway 287 and also a doughnut kitchen on the highway. Just off of Highway 287, we find Bennie Davis operating the motorcycle store along with his automobiles on the lot north of Brice and 5th Street. There have been built about 25 new homes here in the past year. We may be growing and not know it. It is hard to keep up with

WTSU ALUMNI ASSN.—Jim Edd Wines, former executive vice-president of the Memphis Chamber of Commerce, pictured center, has been named director of the West Texas State University Alumni Association. everything that is going on in our small town. On September 27, there was a 55 mile per hour car race by Mr. and Mrs. Olton Pate of Memphis and Mr. and Mrs. Melvin Jennings of Houston with a lot of excitement as both families were about to become grandparents for the first time. The Jennings arrived a short time before the Pates to meet the new arrival, Nathan Chuck. This is the first great-grandson for Mrs. Rascom Davenport. The proud parents will be remembered as Mr. and Mrs. Chuck Jennings of Dallas where Chuck is following his career as an attorney. Both were graduates of M.H.S. Chuck will be remembered as the son of Melvin and Angie Jennings, Melvin was with General Telephone Co. here for several years before being assigned to Houston. Chuck was one of our star players on the Cyclone football team. He married Loretta Pate, daughter of Mr. and Mrs. Olton Pate and granddaughter of Mrs. B. E. Davenport of Amarillo formerly of Lakeview. The grandmother, Bobbie Pate, said she wanted to compete with Gayle Greene's bragging on his grandson. She says that their grandson has already accomplished the art of growing his hair as a teenager, and I am sure he will soon be in the "Rock and Roll" band. Anyway, Olton and Melvin will have a new era of their life, being married to a grandma. I think Olton and Bobbie might have a double celebration in the year of 1976, as the old bird has been flying around over Plainview, where the other daughter, Jennifer, lives. He is liable to make a delivery in November for Thanksgiving.

In a news item a few days ago, I read about Elizabeth Taylor who was getting ready for her 6th marriage to Mr. Warner, former secretary of

the Navy of Washington D. C. and Virginia. I guess she has not given up on thinking that there might be a perfect man on earth. Anyway, if she is running a race, I think she is about to catch up with Mickey Rooney!

Over 100 years ago, my grandfather and his two brothers bought farms in Panola County (Where I was born) near the county seat, Carthage, Texas. My grandfather sold his place in 1906 and moved to Donley County and bought a section of land. He moved to West Texas to help benefit the health of a son and a grandson. The other two brothers stayed with their farms and their families still own them after the time of over 100 years. The one I knew better was Uncle Jimmie, who raised the finest sugar cane and made the finest ribbon cane syrup in that part of the country cooked in an open vat with fresh air mixed with it. He also (I thought) raised the best peanuts and watermelons that were ever grown. There

ers will meet in regular session at 7 p.m. Monday, Nov. 1 at the Band Hall and all members are urged to be present.

The Memphis Band Boosters are continuing their project of selling "Black and Gold" jewelry and those interested in placing orders or information about the jewelry can contact either: Mrs. Mackie Allen, Mrs. Morris Davis, Mrs. T. L. Davis, and Mrs. John Kehr.

It is most important that all Band Boosters attend the Nov. 1 meeting for plans will be made for the luncheon prior to the Christmas Concert.

Band Boosters Plan Meeting For Nov. 1st

The Memphis Band Boost-

ers are 9 children in Uncle Jimmie's family and now the two younger girls are the only survivors. Julie, now 76 years old, is living in the home place and is supervising the operation of a 24,000 broiler plant. I imagine it takes a lot of chicken feed for that kind of operating. Now the oil companies are drilling for gas on the John and Jim Baldwin places. We never know what is under our own backyard.

In a short visit with M. E. McNally, I was checking up on his two children, Alan, who graduated from the University of Texas and worked with the National Bank of Commerce in Dallas, before moving to Iowa Park and going in the banking business. From there, he is now going to work for Merrell-Lynch Investment brokers in the Amarillo office November 1. That is a very exciting business, as it has a lot of ups and downs. The McNally daughter, Janet, is now working on her fourth year course in getting her college degree in nursing. She is in West Texas State, but is doing her practice nursing in Amarillo in the different hospitals. I think she is now working in the Veterans Hospital of Amarillo.

The presidential candidates remind me in their debates of the Texas - Oklahoma football game which came out a tie in scores. In Ford and Carter debates, I think they came out with an even score as the Republicans commented that Ford won and the Democrats commented that Carter won. We will find out in November who won the race.

We had as visitors the past weekend Mr. and Mrs. Hershhal Montgomery of Dallas. They were on their way to Shamrock to meet Hershhal's brother, Harry of Phoenix, Ariz. At one time in the early days, J. F. Forkner and Harry were publishers of the Memphis Democrat. If you miss our local postmaster this weekend, I will tell you why, he and his wife, Owen, are celebrating their 35th wedding anniversary.

A quote, "Education is a funny thing. At eighteen, we know all the answers—forty years later, even the questions confuse us!"

Memphis Is 5-1 With 1-6 Hooker Victory

The Memphis Cyclone finished up its non-conference schedule Saturday night with an impressive 31 to 6 victory over a hard-hitting and powerful Hooker, Oklahoma Cyclone team at Canadian.

The Cyclone's offense continued to be explosive under the guidance of Quarterback Cofer, attacking by land and by air throughout the game with equal success. The Cyclone defense stood the hard charging dog blockers and ball carrying most of the evening, giving up only six points.

The victory, the fifth in a row for the Cyclone, was a one since both Hooker and Memphis were playing their final game before a district play begins and team wanted a victory to keep momentum alive.

Coach Clyde McMurray used the Cyclone's offense which provided pass protection blocking and opened the Cyclone runs with backs to give the Cyclone their best offensive statistics of the season, 28 first downs and 439 yards total offense.

The effectiveness of the Cyclone's offense is noted in that throughout the night, Cyclone punter Ricky Guy called upon only once to use his special talent.

QB Cofer opened his pass-attack on the first play of scrimmage, on the Memphis 28, with a deep, 40yd. pass to End Anthony Johnson giving the Cyclone the lead on the Hooker 32-yd.

to get in for the score but two Bulldog defenders collided with him at the one, the ball popped loose and Hooker recovered. Salinas had to leave the field until he regained his senses.

The Bulldogs opened their offensive attack by running play after play without huddling. Giving Cyclone defense little time to set up, Hooker with runs by Kenneth Steidle Keith Ukens and Gary Chambers moved for two first downs to the Bulldogs 40.

But then, the Cyclone defense ground the drive to a halt, and the Bulldogs faced a fourth down and one on their own 49. HB Chambers got the handoff and he was met for a one-yd. loss by the Cyclone defense and Memphis had the football on the Bulldogs' 48.

The Bulldog defense had denied the Cyclone a touchdown earlier, but Memphis took the ball in to score on 10 plays. Steve Flemmons was in the Cyclone backfield in the TB position as FB Fields and then Flemmons on carries of seven and four yards made a first to the 37.

Fields was stopped at the line on the next play, but made seven yds. on the next. QB Cofer carried on a keeper for four yards and a first to the 26. In the next series, Fields made four, Flemmons three and Fields fourth his way for nine more yards and a first on the Bulldog 10.

Kirk Fields scored on the next play from 10 yards out. Don Cofer booted the point after and the score was 7-0 with 2:08 left in the first quarter.

The teams exchanged punts until Memphis came into possession on the Cyclone 24. TB Pete Salinas who was back in the lineup by this time, opened a 76-yd. scoring drive with an 8-yd. carry.

Fields on the next two carries gets down yardage to the Memphis 35. A five-yd. gainer by Salinas, three-yd. pickup by Cofer and a 3-yd. plunge by FB Woodrow Richardson made another first to the Memphis 46.

At this point, the Cyclone went to the air, as QB Cofer found End Anthony Johnson on two pass plays, one going for 16 yards and the other for 20 yards giving Memphis

The Cyclone came right back and drove 75 yards to score after the kickoff. Cofer passed to Johnson for 14 yds. starting the drive. Then TB Salinas stepped off 16 yards. Kirk Fields on gainers of seven, 17 and 17 yards moved the team to the Bulldogs 8-yd. line. QB Cofer with consecutive quarterback sneaks took the ball over behind the blocks of Center Murdock and Guards Orcutt and Martin. The Cyclone again went for the two-point conversion but the play was broken up by the Bulldog defenders. The score came on the first play of the fourth quarter, and the scoreboard read 25-6.

The Bulldogs got their longest drive of the night going, which took them from their own 15-yd. line all the way down the field to the Cyclone 10, but then, everything seemed to turn around because QB Caldwell was thrown for a two-yd. loss, then a 5-yd. loss, and then HB Chambers was caught deep behind the scrimmage line for seven yards loss. QB Caldwell went way back and was caught by Lineman Steve Browning for 10-yd. loss and Memphis took over on the 34-yd. line.

Memphis' final scoring drive began with a 12-yd. pass from Cofer to WB Hall. The Cyclone drew a major penalty on the next play nullifying a big gainer. Then, on a trap play, FB Fields broke for 15 yards to regain the original line of scrimmage before the penalty.

Cofer passed to End Johnson for 19 yards on the sideline, and Hooker was called for a delayed hit and 15 additional yards were stepped off, setting Memphis up on the Hooker 20.

On the next play, WB Terry Allard carried on the counter play and almost scored, making 16 yards to the four yard line. Steve Flemmons scored on the next play but Memphis was penalized again as 15 yards were stepped off.

Back on the 19-yard line, Cofer passed into the endzone and Flemmons grabbed the pass over his head for the touchdown. Cofer's point attempt missed the uprights and the final score was 21 to 6.

have undergone surgery Wednesday by Dr. John Tew, Neuro-Surgeon, for what has been diagnosed as "Trigeminal Neuralgia" (or "Tic Douloureux").

Mr. and Mrs. Hodges are staying at the Vernon Manor Hotel, 400 Oak Street, phone 1-513-281-3300.

Dorothy has requested that friends not send flowers but will enjoy any cards, letters etc.

This will be the fourth time Mrs. Boren has had surgery in the past five months, by means of a new technique, referred to as a Radio frequency Lesion, (electric needle which burns the nerves in the side of the face affected by the tic pain) unless it is deemed necessary at this time that a Craniotomy be performed, in which case she could be hospitalized as long as two or three weeks. Otherwise, if the new technique is successful this time, she could be returning home in four or five days, her parents said.

CAN YOU TRUST JIMMY CARTER TO DO WHAT'S BEST FOR THE AMERICAN FARMER?

Jimmy Carter is an engineer, a scientist, a former governor. He is also a farmer. His children will be the sixth generation on the same land. He understands what it means to roll up his sleeves to do an honest day's work for an honest day's pay. He also understands the abuses you have suffered during a Republican Administration which has taken excellent care of the grain speculators, the

Russians, the food processors and the powerful. At your expense. The Republican big-business approach to farming is a disgrace and a failure. American farmers are going broke trying to produce food American consumers cannot afford to buy. As a farmer Jimmy Carter is committed to changing that. As President, Jimmy Carter will change that.

FARM EXPORTS.
"We can't tolerate an agricultural policy which encourages foreign sales and then cuts them off for political convenience. We can only develop overseas markets for our goods, if our buyers can depend on us and the quality and quantity of our products. Our farmers are dependable. It's our government that's not."

TOGETHER, JIMMY CARTER AND WALTER MONDALE WILL GIVE THE AMERICAN FARMERS A VOICE IN THE WAY OUR GOVERNMENT IS RUN.

DOMESTIC AGRICULTURAL POLICY.
"The Republican big-business approach to agriculture is driving the family farmer out of business. We need to end the threat of embargoes, to create small but adequate reserves, to establish realistic fall prices. We need to develop an abundant production policy coupled with a vigorous expansion of our export markets."

One of the reasons Jimmy Carter chose Walter Mondale to be his running mate was because they both share the same concern for the American farmer. Born and raised in rural Minnesota, Mondale has relentlessly and consistently fought for the rights of the family farmer. And as a U.S. Senator, his record stands as one of the most impressive in Congress.

RURAL AND SMALL TOWN DEVELOPMENT.
"Farmers are entitled to exactly the same standard of living that most urban dwellers take for granted—adequate water and sewer systems, affordable electric and telephone service and a realistic wage for a good day's labor."

CAN YOU TRUST A REPUBLICAN ADMINISTRATION WHICH STANDS ON A RECORD LIKE THIS?

ESTATE TAXES.
"The present estate tax threatens the very existence of the family farmer. It should be and will be eliminated with progressive tax credits or by a substantial increase in estate tax exemptions. Permanent farm land must be and will be valued at its production value. Not at its value to land speculators."

As a Congressman, Gerald Ford led the fight for cutbacks and impoundments of rural funds. He voted for every termination and elimination of rural programs family farmers so desperately need. As President, Gerald Ford and a Butz Department of Agriculture have consistently vetoed, embargoed, reduced and curtailed a long list of programs designed to guarantee the family farmer a decent standard of living. It's a record of disregard and insensitivity to the problems facing the farmers and consumers of this nation.

If you agree that drastic reforms must be made in the way this country is run, in the way our farm program is administered, you have only one choice on November 2nd. And that's for change.

ON NOVEMBER 2ND, VOTE FOR JIMMY CARTER. A LEADER, FOR A CHANGE.

"Political adv. paid for and authorized by B. J. Robison, Hall County Democratic Party Executive Committee Chairman."
