**Commissioner's
Court**

REGULAR MEETING, MAY 10, 1976

FORT CLARK SPRINGS UNIT NO. 14 PLAT

Mr. Rich Adams of Fort Clark Springs Association, Inc. met with the court and requested that the Recreational Vehicle Park Plat, Unit No. 14, filed in the Plat Records of Kinney County, Texas, be cancelled and a new plat of Unit No. 14 be accepted and approved.

Commissioner Manuel Duentes made the motion to cancel the old plat of Unit 14 and accept and approve the new plat of Unit 14, Fort Clark Springs. Commissioner L.S. Johnson duly seconded the motion which passed unanimously.

CIVIC CENTER FEES AND DEPOSITS

Setting new fees and deposits for the Civic Center has been tabled until Mr. Henry Fuentes can complete his recommendations on electrical fees.

1976-1977 HUNTING, FISHING & TRAPPING PROCLAMATION

Commissioner L.S. Johnson made the motion to accept the 1976-77 No. A-4, Statewide Hunting, Fishing and Trapping Proclamation as submitted by the Texas Parks and Wildlife Commission to Kinney County. Commissioner Manuel Fuentes duly seconded the motion which passed unanimously.

LAW ENFORCEMENT COMPLEX INSPECTION

Sheriff Sheedy requested the commissioners' Court to inspect the new jail with him, and pointed out that there were several leaks in the roof, at least three cell locks that were defective and that the air conditioning was not operating properly. Mr. Graves, architect for the Law Enforcement Complex was present and presented the following copy of a letter he had sent to Walter Droemer Construction Company, the general contractor for the jail project.

May 10, 1976

Walter Droemer, General Contractor
P.O. Box 570
Giddings, Texas 78942
Dear Mr. Droemer,

Attached hereto is the Inspection Report sent you earlier concerning problems of the Kinney County Jail Project. In addition to these, Judge Seargeant has called this morning regarding other leaks in the Jail roof. It is imperative that these matters be cleared up at the greatest possible speed.

Please arrange to have your Roofing Subcontractor, Electrician, and Hardware Man meet us this week on the site to properly examine and schedule the corrective work.

Very truly yours,
JOHN S. GRAVES AND ASSOCIATES
John S. Graves, A.I.A.

P.S. We can also discuss how to clear up the swimming pool problems.

cc: Judge Seargeant
Brackettville, Texas
Sheriff Sheedy requested that the final payment on the jail be held up until all of the construction problems have been corrected.

CONSTABLE PRECINCT NO. FOUR

Commissioner G.C. Talamantez informed the court Emil Schafer, Constable Precinct no. 4 has asked him to tell the Court that if he, Constable Schafer, did not get his back salary that he intended to sue the County. The court asked County Attorney Hal Landrum to check with the Attorney General regarding the salary of Constable of Precinct No. 4 and the following is his findings, to-wit:

MEMO: TO COMMISSIONERS' COURT
KINNEY COUNTY
FROM: COUNTY ATTORNEY

RE: Authority of Commissioners' Court to cut wages at mid-term of constable (Attorney General's Opinion)

Art. 30-12k Sec. 2. (a) provides that

"The salaries, expenses, and other allowances of elected county and precinct officers shall be set each year during the regular budget hearing and adoption proceedings or by giving notice as provided by this act.

Salaries are set during the regular budget hearing for a full year. There is no exception under Art. 39-12k which would allow the Commissioners' Court to change that.

It is the opinion of the Attorney General's Office that the commissioners' court can't cut wages of the constable at mid-term.

The commissioners' court definitely cannot lower the constable's salary below the salary existing on January 1, 1972.

Op. Attorney General 1973
No. H-39

There was no salary office of Constable of Precinct No. 4, on January 1, 1972, so the Court tabled the matter.

BRACKETTVILLE VOLUNTEER FIRE DEPARTMENT

Alvin Hall, chief of the Brackettville Volunteer Fire Department met with the Court and reported that the Fire Department had cleared \$500 on the dance and wanted to purchase tables and chairs for the Civic Center and also a towel rack for the men's room in the Civic Center. Mr. Hall requested that the county pay \$132 on the new tires purchased for the rural fire truck and the Court agreed to pay the \$132.

COUNTY ATTORNEY REQUESTS EQUIPMENT

County Attorney, Hal Landrum requested a new typewriter for the County Attorney's Office. The Court said they would look into the matter.

TRANSFER OF FUNDS

Commissioner L.S. Johnson made the motion to transfer \$14,000.00 from the Road and Bridge Fund to the General Funds. Commissioner Manuel Fuentes duly seconded the motion which passed unanimously.

Meeting recessed for jail inspection.

Meeting reconvened at 2:30 p.m.

deal of his own time helping individual persons with their problem in an effective solution. He was not happy with just a stop gap help of handing them a few dollars or something to eat, he assisted them toward a permanent solution of the problem.

Tom was an outstanding and faithful member of his church. This is always a commendable trait where it is based on love for God and the Church as it was in Tom's case. This same loyalty was indent with him in Rotary. He has served in every office and was faithful to his opportunities of service even when not in office. Tom served well on the Board of the Chamber of Commerce and in Veteran's organizations. Over and above all this Tom was a good husband and father. His love for his country led him to serve in one of the greatest fighting Divisions the American Military even produced. Tom was no paragon of greatness, he was simply and plainly a person willing to give of himself for the things that are truly worth while in life. He was what every man could be and should be but very few are. He was also my friend.... I miss him.

Strangely as it is we seldom fully appreciate people until they are no longer with us. With the going of Tom Roselle to be with the Lord, we give pause to remind ourselves of the outstanding citizen he was.

Though it does not bear his name and the world will never know, his is perhaps the one person most responsible for Brackettville having the present Community Center. When he left the office of County Judge the leg work and planning had been done. He left the paperwork completed and ready for the moving into the final programming of the building of the Center. He was one of the prime movers in establishing the organization giving help to those in need in the many programs now being carried out in this County.

Tom was a good orgainzer but was not content to lean on the organization. He spent a great

With the cool weather and rain weeds continue to be a real problem. There are many chemicals in the agricultural field that will kill weeds. Most of these require warm weather and host sum to be really effective. This we have not had so the only good way to control weeds under the present conditions is to have hem hoed out or pull them up bu hand. If they are in your lawn you can feed the lawn and it will eventually crowd our the weeds. In other plans there is no better way than hard work and time to get rid of them. For the most part if you get them cleaned out in good fashion now, you will have a minimal problem in the future. If you let them grow in a "few days" you will be in deep trouble. Only a few days and weeds pretty will take over the place. By all means dispose of them before they seed our and cause you to have more weeds. When hot sum and warm nites arise you can effectively use commercial weed killers. They are the easiest and best---when they work.

**Pinales, Gomez
To Attend Seminar**

Fidencio Pinales and Florentino C. Gomez of Brackttville, students a Brackett High School, will attend the 16th Annual Texas Nuclear Science Symposium for High Schools at the University of Texas at Austin, June 1--4.

S. Lee Schermerhorn, science teacher at the High School, will accompany them to the symposium.

Central Power and Light Company, a member of the Texas Atomic Energy Research Foundation, will sponsor them. The foundation and the University are co-sponsors of the symposium.

Some 500 outstanding science students and their teachers from throughout the state are selected by their schools to attend the four-day meeting. Scientists and engineers from universities, government laboratories and industry will discuss nuclear physic nuclear engineering and related topics.

Two afternoons will be spent touring science laboratories at the university, including those where experiments in thermonuclear (fusion) research sponsored by the foundation are being carried out.

"We are pleased to provide the opportunity for these participants to attend the symposium," Chester Foster, CPL's Manager for Del Rio and Brackttville, said. "Hearing authorities in the nuclear field and educational experience for them."

**CPL is paying today's
higher prices
to produce electricity,
although your base rate
is still the same as in 1973.**

While soaring fuel costs have raised your electric bill with fuel adjustment costs, on which Central Power and Light Company makes no profit, your base cost for electricity has remained at the 1973 rate.

CPL has been paying higher and higher costs, which we have been absorbing, on just about everything we use to produce electricity.

For instance the price on a 70' wood pole has gone up:

1972 \$260
1975 \$575

10" insulators are up:

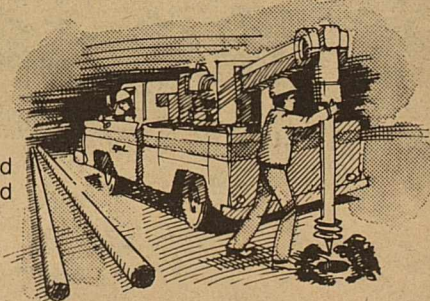

1972 \$3.65 each
1975 \$6.55 each

High Voltage Wire:

1972 45 cents per pound
1975 73 cents per pound

Steel poles went from:

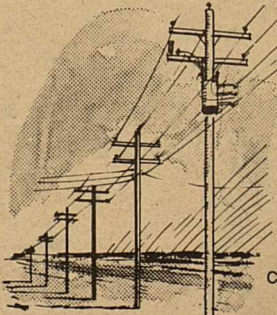

1972 \$4,100
1975 \$5,700

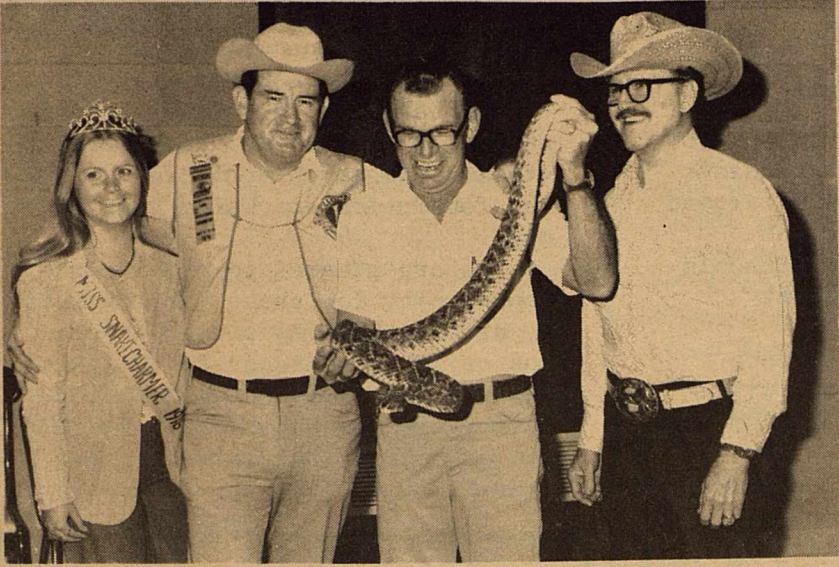

And contractor bids are up more than 25% since 1972.

And these are typical of nearly every product and service CPL must have to provide you with reliable electric power. Even though we've been working to cut costs, inflation is hurting CPL just as it has your home or business.

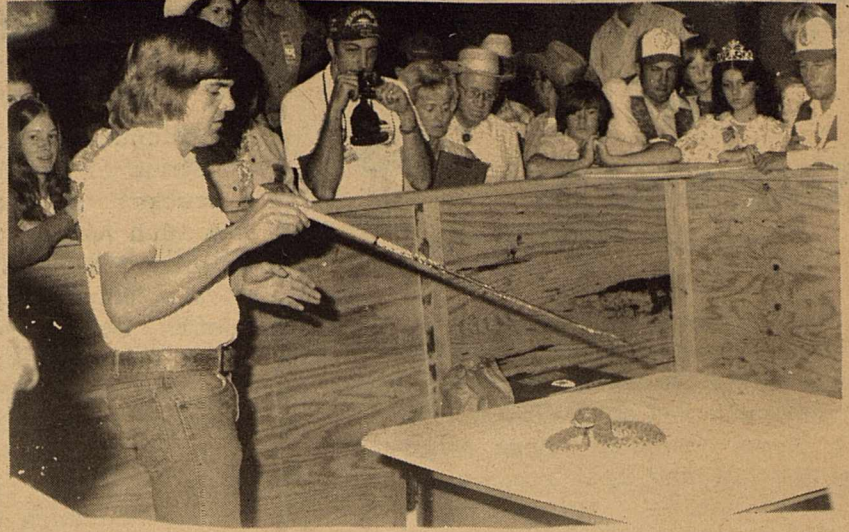

CPL is now facing the day of reckoning when it cannot continue absorbing such inflationary costs.
