Between Us

by:

JOE TOWNSEND

There is an old Chinese fable. Two Chinese philosophers were out for a walk. They walked on a bridge over a clear running stream. They stopped to watch the fish swimming below. One philosopher said, "See the fish swimming merrily to and fro having an enjoyable time?" The other philosopher replied "You are not a fish so how can you know they are having an enjoyable time?" Thereupon the first philosopher replied, "By the same reasoning, you are not I, so how can you know I do not know they are having an enjoyable time?"

Herein lies a great reminder. Not being another person, how can we possibly know what he thinks? It is easy to criticize another and be super pious and say we would not do what they do or if we were they, we would do such and such. The truth of the matter is, if we were they we would do exactly what they do. It is a mark of immaturity and certainly not the mark of a Christian heart to seek to destroy the reputation or the potential influence for good of any person by defiling that person. The guilt or innocence of the person has nothing to do with it. The critical one labels himself not the one he castigates. That is why the Lord said, "Why point out the mote in another's eye when you have a plank in your own?"

Now is the time to begin to plan any landscaping. Trees and shrubs should best be planted in December or January. Before they are put out, the ground should be made ready and exact plans should be made. It is a good idea to get plants and trees on order. Every year some people are unable to do what they would like to do because they have not previously booked the trees and plants they need. As soon as trees go dormant they should be planted. They will be ahead of those planted in March or April. The same is true of shrubs.

If you plan any landscaping, the time to begin thinking and preparing for it is now. Winter will be early this year and will be here earlier than we think.

**EVEL KNieVEL GOES
COUNTRY**

AUSTIN--Surrounded by country western entertainment, Evel Knievel, the King of daredevils, will make his first public appearance in Central Texas at the All American Country Music Festival Sept. 4 at the new Music Capital Fairgrounds in Austin.

While Evel Knievel attempts spectacular death-defying jumps over

clusters of trucks and his entire daredevil show entertains thousands of thrill-loving spectators, Grammy-Award Winner and nationally known western singer Lynn Anderson will be performing such hits as "I Never Promised You A Rose Garden" and "Top Of The World."

Also appearing at the day long family entertainment festival will be such top Austin and Nashville Country western entertainers as Linda Hardgrove, Jody Miller, Sunny and the Sunliners, Ferlin Huskey, Alvin Crow and the Pleasant Valley Boys and Balcones Fault.

An arts and crafts fair and guest appearances by fire-eaters, magicians, jugglers and many other surprise acts will also highlight the festival which starts at 10 a.m. and will mark the opening of the Music Capital Fairgrounds, a new 90-acre entertainment center located on Highway 71, eight miles east of Bergstrom Air Force Base.

Advance ticket sales began this week in most major cities in Texas with mail order ticket sales handled at 109 E. 10th Street, Austin, Texas 78701. Ticket prices are: \$8 in advance or by mail, \$10 at the gate with children under twelve priced at \$5 and children under five admitted free.

BIZZELL-MEYER WED

The wedding of Miss Cecilia Bizzell and August Meyer really happened August 15, 1976 by Rev. Joe Townsend at the Flower Shoppe.

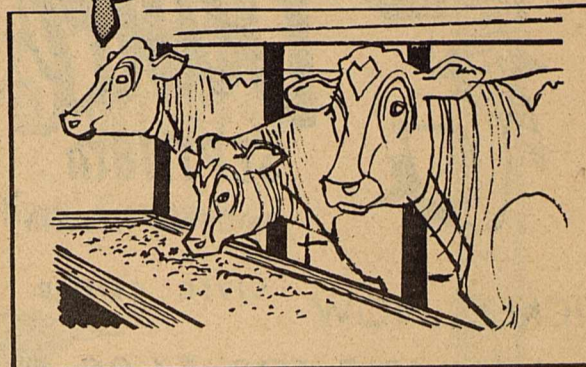

The couple decided to leave the crowd, and hustle-bustle of the crowd, and had a quiet ceremony all to themselves.

The groom was attired in cut-off jeans and the bride in sloppy blue jeans and peasant blouse with a red bandana tied around her curls as a veil.

The bride is the daughter of Mr. and Mrs. Bill Bizzell and the groom's parents are Mr. & Mrs. John Meyer of Brackettville.

The couple will make their home in Houston.

BY THE SKY PILOT

I was driving along down near Houston the other day visiting on my C.B. with the travelers. When I cleared the channel I said "you have the Sky Pilot out of Brackettville". Immediately a call came back for that "man from Brackettville." I gave him a shout and he asked "Do you still have the western town out there that has such good entertainment?" I responded that we certainly did, to which he answered, "That's a great place. We're going back out there before Labor day".

It's good to advertise your town. Brackettville is as widely known as any town her size in America. This is due almost exclusively to Happy Shahan and his promotion of the town. There is no legitimate reason why anyone from Brackettville should not have a good word to say about the "Home 20". If every C.B.er from Brackettville clears the channel everytime with the mention of Brackettville, more people will know more people from Brackettville, and hence, will know more about Brackettville. This means good will and promotion of "Old Brackettville Town." Have a good day going your way - We're going this way - We'll catch you on the flipper."

CITY HALL

TELEPHONE RATES

The City was notified by the Texas Municipal League today that on Sept. 1, 1976 the Public Utility Commission will assume rate making over all Telephone Co. in Texas. as of that date, Municipal jurisdiction over rates charged by Telephone Co. will be completely terminated.

It is anticipated that immediately after September 1st, Southwestern Bell and other Companies will file applications with PUC to raise the rates of virtually every telephone used within their system.

The Texas Public Utility Commission has adopted new procedural rules which will severely limit Municipal participation and may preclude any City participation whatsoever in telephone rate cases handled by the commission. Objections and compromise proposals of TML and others were rejected.

CP&L TO ASK RATE RAISE

Central Power & Light Co. has asked to be placed on the Agenda for the regular meeting of the City Council on the 13th of Sept. in order to request a rate increase.

The increase data and information has been handed the City for their study.

Although the City can refuse to grant the rate increase, it would only be for a period of 90 days at which time the City would have to appear before the Utility Commission to show cause why the request was not granted.

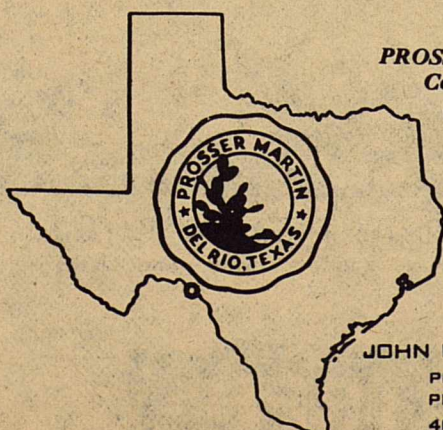

The first scheduled 4-H meeting for the new school year will be held Monday August 30th at 7:30 p.m. at the county Agent's house. The county agent's house is located on the Campwood highway. It is most important that all 4-H members, old and new, between 9-19 years of age as well as parents attend this meeting. Items that will be discussed and taken care of include: (1) Fill out 1976-77 4-H enrollment form (2) Discuss lamb, calf and swine feeding projects (3) Discuss stock shows (4) Discuss our annual 4-H awards banquet (5) Elect 4-H club officers (6) Eat lots of ice cream.

If you plan to be in 4-H club work this year, it is most important that you attend this meeting.

COME ON GOOD BUDDY

This is your "San Antone Rose" heading for the Alamo Village Labor Day Celebration in high style.

August 18th was another magic date for RCA's star, Dotsy, as her new single "Love Is A Two Way Street" was released. The song was written by Sterling Whipple, author of the recent #1 "Blind Man In The Bleacher" by Kenny Starr. "Street" is an up-tempo song with a mixture of marimbas and

a genuine cowbell which producer Roy Dea described as "giving the record just the right sound I was looking for."

Dotsy will be appearing at Alamo Village on Labor day, Sept. 6th with Clark Grein and the EEZE RIDERS as her back-up band.
