VOL. 4 NO.12

MARCH 25, 1977

BRACKETTVILLE, TEXAS

THANK YOU SLAUGHTERS

THEY'LL REMAIN IN OUR HEARTS

Dear Coach Bobby, Emma, Lisa & Rhea Slaughter

In the scholastic year 1970-71, you moved from Eagle Pass to Brackettville - just another coach. I think the thing I remember most were your little girls. Sorry, Coach, your season closing at 6 - 4 did not impress me.

Your second season, 1971-72 proved favorable, 5 - 5, but, sorry, once again I was not impressed. I knew the Slaughters, but only to speak to. "Good game last night, Coach."

I think I can say that our 1972-73 athletic year was a big success. Not only did we win District in football with a seasonal record of 11 - 1, but you also took us to District in basketball and track. Respect for

your coaching ability was getting off to a good start. You had begun winning recognition not only in our community, but also by outsiders. You were recognized as "Coach of the Year" by the Del Rio News Herald.

Emma, although I was not aware of it, you and your girls were becoming friends of a very special quality; a friendship I would come to value very much.

In your fourth year, 1973-74, as athletic director and head coach, not only did we have another winning season, 6 - 4 - 1, you once again took us to District in football. Our community was beginning to think of you as "more than a coach". Not just respecting you, our youth had come to love you. Once again, you were named "Coach of the Year", but this time by the Uvalde Leader News.

Five years in one place, for a coach of your ability, was really more than could be expected from anyone; we were glad you stayed. By this time, your record was becoming a fact, not just possible good luck. Again we won our 1974-75 season 9 - 1.

Emma, I know the Chamber of Commerce found a very devoted employee when they hired you. You also had given many hours of hard work to the PTA and other civic programs. I am sure, that on behalf of the community, I can say "Thanks".

Coach Slaughter, not only did we think you could give us another winning season, we expected it. The 1975-76 season was brought to a close at 6 - 4. No complaints from the fans.

I think, Jane Baby, this was the year that sealed our friendship. I had made another one of my famous boo-boos. I adopted the Slaughters, lock, stock, and barrel.

Hard work and dedication was written on every page of your seven year career in Brackettville. The 1976-77 season closed at 7 - 2 - 1. "Just another coach" - never. You have succeeded where many fail. Our respect is unanimous.

Emma, as if you didn't have enough to do with your civic activities, your devotion to your family, being THE most loyal athletic supporter and follower, you took on another job at Western Auto. Where did you find the time?

Now we come to the end of a good thing. We must say goodbye to an outstanding family. Bobby, you have taken a job as Athletic Director with the Eagle Pass Independent School District. April 1 will be a sad day for many of us. The Eagles will acquire not "just another coach", but one that has won our hearts; and yes, coach, we are impressed.

All we can say now is thank you for seven wonderful years, not only in sports, but also for the Slaughter's friendship and for every service your family performed for our community.

GOOD LUCK!

A FAN

TIPS FOR GREEN THUMBS

by: JOE TOWNSEND

Many are working at starting lawns. Of course, the type of lawn you have is a matter of personal taste. The most carefree lawn in this area is bermuda grass. It takes less water, much more free of disease, insects and fungus infection. It can well be a beautiful lawn if proper care is given. If a lawn of carpet grass is desired this is best accomplished by planting blocks, chunks or sprigs of carpet grass. If bermuda is desired it is best done by seed. For bermuda grass have the surface of the soil smooth and loose. Broadcast the seed onto moist ground, either by hand or with a spreader. Keep the soil moist with fine spray which is not strong enough to puddle or wash for at least three or four days. By this time the grass should be up. It is then necessary to keep the soil damp but not as moist as when seeking to sprout the seed. This should be done the first part of April. It needs to be a warm time with little wind. If this is done properly you can have a good cover of grass by late summer that will stay green till freeze and if

fertilized in the fall be a beautiful lawn the second year. To get cover with carpet grass depends entirely on how thickly the sprigs or blocks are planted. It too requires much water when planted and considerable water all through the summer. If planted thickly enough and properly watered it too will cover the first summer. This should be done when it is warm enough that carpet grass

is green and growing lustily. This usually is the last of April or first of May. Lawns require work to start and work to maintain. The beauty and success of them depends on the work put in and the care taken.

GARDEN CLUB

With Members of the New World Study Club, the Retama Garden Club toured the northeast part of Kinney County and the northwest corner of Uvalde County to observe the natural environment and subsequently the historical points along the way. Miss Else Sauer, Kinney County Librarian was the tour guide and commentator.

The group of 28 members left the Kinney County Library at 9:00 am going on the Rock Springs road to the Cedar Creek Road, past the Sights Ranch to the Henley Ranch. Here they had the good fortune to see the spring shearing of the Angora goats, a first time sight for many of the members. From the Henley Ranch they continued to the state road 55, to Barksdale, on to Camp Wood, where a picnic lunch was enjoyed by the cool lake in the Camp Wood Park on the Nueces River.

From Camp Wood they continued to Montell to the Episcopal Church (Church of the Ascension). Mr. and Mrs. John G. Dooley, ranchers who live nearby, conducted the group through the church, and told of its history. The congregation was organized in 1883 by English settlers of this locality. The Church was built by donations received from English people all over the world, including Australia, New Zealand, and Canada. In the late 1880's the church was sturdily built by country carpenters and finished in December 1889. The first services were held on Christmas Day, 1889. The pews and some of the furnishings are hand made. Everything in the church is original except the lights and floor.

Many local people were Christened here in this church. Mrs. Roy Coston, Sr., was christened here and so were her children.

Mrs. John Jacob Astor contributed to the church a beautiful, large leaded, stained glass window. This donation was received through the efforts of Miss Baylor, a local Texas poetess, who was in New York arranging to have her poems published by Lipincott.

The window was shipped in one piece by boat and train to San Antonio and brought from there overland by wagon. The country carpenters knowing the large dimensions of the window, cut the opening in advance when the window arrived it fit perfectly. This remarkable window is still in excellent condition having had but one small pane broken in the 1930's, when the window was rereaded.

From here, the group returned to Brackettville

CB BREAK

BY THE SKY PILOT

There should be some effective way to keep the channels clean and free of gutter language. A big step was taken when certain words were forbidden by the FCC. Now the U.S. Supreme Court says the FCC cannot prevent the use of these words. It is impossible to understand the mental gymnastics of men who don judicial robes and rest in the sanctity of final authority. Now the recourse the public has is to haul an offender into court and at great personal expense and more expense to the taxpayer prosecute those who use obscenity on the air. It is impossible to understand the legal meandering necessary to arrive at the conclusion that it is impossible to forbid that which can be judged a violation of law. If it be illegal, the best interest of the public is served by declaring it illegal per se and giving power to prevent it. To allow it to happen and then prosecute it is ridiculous in the extreme. I guess the best way to keep the air clean is for the patrons of the air waves to continue to set straight those few crude bigots who would spoil everything. The loud and numerous protests that greet the use of bad language seem to be quite effective. Have yourself a sorta super week this week. The Sky Pilot said that. This is KOH 4856---we'll catch you on the bounce-a-round!!

Mr. and Mrs. Hugh Coates are the proud parents of a 4 pound 6½ oz. boy, Justin Lane, born Monday, March 21, 1977. Justin was 17½ inches long. He is being welcomed home by a brother, John L. Coates. Proud grandparents are: Mr. and Mrs. John Coates and Mr. and Mrs. Lawrence Janes both of Ozona, Texas.

Some changes have been made in your CPL bill. Now, fuel costs will be shown as a separate item.

The electric bill you receive from Central Power and Light Company has been designed so that it will meet new requirements of the Public Utility Commission of Texas.

The fuel charge you have been paying is now shown as a separate item on your bill from CPL. The money from this charge is used for only one purpose — to pay for the fuels needed to produce your electricity. None of this money is used for profits or for any other expenses.

Your bill will be similar to the one shown here with base rate and fuel cost charges included among the separately listed items. We've prepared a line-by-line guide that should make these items clear:

We hope this message answers any questions you may have about your new bill. If you need more detailed information, please contact your local CPL office.

Central Power and Light Company

LINE ONE — is the base rate portion of the monthly bill. The sample bill shows: Rate 11 (a residential rate); the previous meter reading of 6974, and the latest meter reading of 7974, the KWH (kilowatt hours) used (7974, less 6974), for total KWH use of 1000, and the amount of this portion of the bill.

LINE TWO — shows the fuel cost you have been paying as part of your old total bill, but which is now broken out separately. Your fuel charge is based on the total kilowatt hours you use each month. The eight-digit number shown to the right of the word FUEL is the fuel cost factor. It is determined by dividing the amount of money CPL spent for fuel by the kilowatt hours the company sold. This fuel cost factor is then multiplied by the number of kilowatt hours used by you, the individual customer.

LINE THREE — is PREVIOUS FUEL. Because of the time lag between the date CPL bills you, and the date our fuel suppliers bill us each month, we have to estimate a small part of the fuel expense. The PREVIOUS FUEL line allows us to make an adjustment as needed — either lower, or higher — to adjust the previous month's fuel cost estimate to actual cost.

LINE FOUR — shows the amount of SALES TAX. This tax is collected for, and remitted to the State of Texas.

LINE FIVE — indicates the due date and total amount you owe.

Good News Texas

BETWEEN US

BY: JOE TOWNSEND

I have a couple of calves. They are good sized calves, about 500 pounds a piece. One is a steer calf and the other a heifer. I go over to the pasture where I keep them to feed them every morning and every evening. If they aren't standing waiting when I drive up they come on the run. I keep the feed in the van. When I open the door the red steer calf sticks his head across the fence and will hardly let me across the fence till I feed him a hand full of pellets out of my hand. The little black heifer is the independent one. I can hold out a handful of pellets and she'll ease up and touch my hand with her nose and then back off, toss her head around, stomp and fuss. She'll not eat a bite until it is put in the trough. Reminds me of some people I know.

Some are friendly and easy to get along with while others are fussy and demanding. The heifer wants just as much as the steer but I truly believe would do without until I hand fed the steer all the feed rather than eat out of my hand. Usually animals are some what prone to follow the actions of other like animals. But that black heifer is not about to be taught anything by that red steer. Again how much like some people. When feed is placed in the trough that black heifer would quickly gobble it all up rather than share it except the steer is big enough to get his share. When all the feed is gone the steer slowly makes his way back down into the grassy area. When I drive away the black heifer is still standing at the fence wanting more. Like some people--never satisfied--always wanting more--always on their terms.

Enjoy a 6-minute call to New York and you could say all this for just \$1.51

"Hello?" "Hi Marge, this is Suzie?" "Suzie, Suzie, Suzie! What a pleasant surprise!" "How are ya?" "I'm doing just fine. How are things with you?" "Oh, things are terrific around here since you left?" "I'll bet. You know I miss you guys." "How do you like your new house?" "Oh, Suzie, it's terrific." "Did you get what you wanted?" "That and more." "Well?" "Well what?" "Tell me about your stupid new house?" "Suzie, it's fabulous." "Did you get the big back yard you wanted?" "Three acres with a pond." "Do you have a garden?" "We have a greenhouse!" "Do you have a nice kitchen?" "A huge kitchen with all new appliances!" "Do you have some aspirin?" "Aspirin?" "Yeah, you're making me sick." "You should complain. You're not exactly living in a dump." "How does Fred like his new job?" "Suzie, he's a new man." "He likes it?" "He loves it. Absolutely loves it." "That's good." "How is Jack?" "Fine. He's going through a do-it-yourself phase right now." "Oh, good." "Everytime I ask him to do something, he yells 'Do it yourself!' "Oh, not good." "When are you coming to visit us?" "When are you going to invite us?" "You know you have a standing invitation." "Yeah, but we'd rather sit." "I'm serious. When are you coming?" "Name a date?" "How about in a few weeks... say the week of the 29th?" "Wait a minute, let me get my calendar... the 29th?" "That's a Saturday." "Yeah. Sounds good." "Okay, it's a deal. We'll be expecting you." "What do you want us to bring?" "Just your sense of humor." "No." "No?" "Just joking." "Funny." "You missed a great party at the Smiths' last night." "They had a party? They never have parties?" "They've been waiting for you to move away." "What happened?" "Well, for starters, Jackie's dog ate the main course before any of the guests arrived." "You're kidding?" "No. Then the air conditioning went on the blink." "No wonder they never had any parties. What did everyone do?" "We starved and perspired a lot." "Sounds awful." "Speaking of starving, how's the old diet?" "I'll tell you if you tell me." "125" "Oh, Susan! You've been cheating!" "No I haven't." "Well how can you lose weight if you've been eating?" "How about you?" "I'm not telling." "Come on." "One fxxvie five." "What?" "One fxxvie five." "Marge, you're mumbling." "One fxxvie five." "One forty five?" "Less." "One thirty five?" "See, that's not so bad." "That's terrible." "I know." "What's your excuse?" "A perfectly understandable insecurity resulting from having to adapt to new surroundings." "New surroundings. The only new surroundings you're gonna have to adapt to is the lard surrounding your midsection." "Hey, look. Go easy kid. I don't have you to nag me any more." "Well, it hasn't been easy for me either." "You wouldn't believe the food prices here." "Oh?" "Low." "Low?" "Low." "No wonder you're eating so much." "I'm not kidding..." "Neither am I" "...I'm saving about 15 dollars a week over what I used to pay." "You're kidding!" "I'm not kidding." "Sounds like you got a raise, too." "Right. 15 dollars to blow on anything I like... toilet paper, floor wax and soap." "Don't forget laundry detergent." "Right." "Hey, you took something of mine when you left." "Your yellow sweater?" "Did you take my sweater?" "Sorry, I wasn't going to tell you." "That's okay. You keep my sweater and I'll keep your skirt." "Skirt?" "You know, the one with all the animals on it?" "Oh, yeah. I'd forgotten about that." "Is it a deal?" "We'll trade when you come to visit." "Sour puss. I'm sorry I even brought the subject up." "What were you going to say?" "I was going to say that you took my Suzie Fu Yung recipe." "Did I?" "Yes." "I'll give you that too when you come." "Good." "See? Just think of all the nice things awaiting you when you come." "I can't wait. Hey, I have something for you." "What?" "A riddle." "Shoot." "What has four holder-uppers, four puller-downers, a pair of lookers, and a swishy-wishy?" "I don't know, what?" "I'll tell you when we come to visit." "Oh, no you don't!" "Bye." "Come on, tell me!" "Bye." "Suzie!"

A 6-minute call to New York dialed the One-Plus way (5 p.m. to 11 p.m., Sunday through Friday) costs just \$1.51 plus tax. So pick up the phone and enjoy. You can say such a lot— for such a little.

Long Distance. What else is so nice for the price?

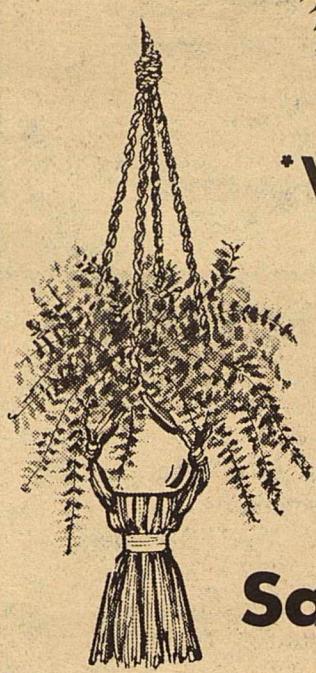

Y.C.C. AT AMISTAD

Superintendent Edward C. Rodriguez, Jr., Amistad Recreation Area, National Park Service, has announced that a non-resident Youth Conservation Corp. camp will be held again this year at Amistad Recreation area with fifty (50) positions available.

Applications have been received by the Park and all interested youths age 15-18, male or female, interested in gainful summer employment should apply at National Parks Service Headquarters Building, Highway 90 West. Applications must be completed and returned by April 8, 1977, and a Social Security number will be required before termination of the program in August. Applications will be chosen on a random basis and notified of selection or non-selection by an Austin office. The program will begin on Monday, June 6, 1977, and end on August 5, 1977.

Young adults who participated in the 1976 Y.C.C. Program will not necessarily be allowed to participate automatically. However, those desiring to be considered should apply at Park Headquarters.

The Youth Conservation Corp Program provides an opportunity

HANGING PLANTS

* VARIETY of ROSES

* BEDDING PLANTS

Sagebrush Shoppe

563-2735

for area youth to take an active part in improving the quality of the natural environment through a well-balanced earn-

work-learn experience. This is a conservation work program and not a summer recreation camp. The intent of the program is to develop an understanding and appreciation in participating youths of the Nation's natural environment and heritage.

The National Park Service will also accept applications for Camp Director, Environmental Awareness Coordinator, Work Coordinator, Park Aid (Administration), and Work Leaders. Application forms are available at Amistad Recreation Area Headquarters. Applications will be accepted only through Friday, March 25, 1977.

Anyone interested in any information on this may contact: Barbara Voss, here in Brackett, at 563-2758, after 5 p.m.

PUBLIC NOTICE

NOTICE TO ALL PERSONS HAVING CLAIMS AGAINST THE ESTATE OF DELLA R. WATSON, DECEASED

Notice is hereby given that original Letters Testamentary for the Estate of DELLA R. WATSON were issued on March 2, 1977, in Cause No. 683, pending in the Probate Court of Kinney County, Texas, to: ANITA J. DIMERY.

The residence of such Executrix is San Bernadino County, California. The mailing address is:

Anita J. Dimery
1335 Arlene Street
Redlands, California
92373

All persons having claims against this Estate which is currently being administered are required to present them within the time and in the manner prescribed by law.

DATED the 18th day of March, 1977.

Tully Shahan
P.O. Box 1405
Del Rio, Texas 78840

Attorney for the Estate

PUBLIC HEARING

A public hearing will be held in the Kinney County Courtroom of the Courthouse, at 11:00 a.m., Monday

April 11, 1977.

The purpose of this Public Hearing is to provide an opportunity to comment on the proposed use of Revenue Sharing Funds as set out in the budget which the County Commissioners will be considering for adoption.

Tommy Seargeant
Judge of Kinney County
