BRACKETTVILLE, TEXAS

"BLUE ANGEL" QUILTS

City Police Chief, Johnny Fritter, announced his resignation this week effective May 1, after which time he will accept a position from the County as night jailer.

Fritter has been known from coast to coast by the truckers as the BLUE ANGEL of Brackettville for his courteous treatment of big 18 wheelers who pass through our area. He has also been a highly respected law enforcement officer by all segments of our local population.

Fritter stated, "I appreciate the cooperation of the City Management, Councilmen, employees, and Brackettville residents during my tenure of office, and wish to thank everyone for their cooperation and help".

We feel very fortunate that he will still be in our community in law enforcement and wish him the best of luck in his new position.

JUDGE SERGEANT FILES NEPOTISM CHARGES ON COMMISSIONER LUNA

On April 15, Judge Tommy Seargeant filed nepotism charges on Precinct #1 County Commissioner, David Luna, for employing his cousin, Rogelio Reschman.

Nepotism is defined, generally, as favoritism toward relatives in a governmental capacity.

The following is a facsimile of the complaint filed:

IN THE NAME AND BY AUTHORITY OF THE STATE OF TEXAS
 I, Tommy Seargeant, being duly sworn, do state upon my oath that I have personal knowledge, and I charge that heretofore, and before the making and filing of this complaint, on or about the 18th day of January, 1977, in the County of Kinney and State Texas, after David Luna, Kinney County Commissioner, Defendant did then and there³ knowingly employ and pay from public or County funds one Rogelio Reschman, a person related to him within the prohibited degree by Art. 5996a, V.A.T.C.S., in violation of Art. 5996a, V.A.T.C.S.
 AGAINST THE PEACE AND DIGNITY OF THE STATE
Tommy Seargeant
 Complainant
 SWORN TO AND SUBSCRIBED BEFORE ME BY Tommy Seargeant, a credible person, this 5th day of April, A.D. 1977.

CONSTABLE GONZALES FILES ON COUNTY JUDGE AND COMMISSIONERS COURT

On the 28th of March, Precinct # 1 Constable, Ralph Gonzales, filed suit against County Judge and Commissioner's Court for back wages that he alleges are accrued and payable under the law. The payment of constable salaries in Kinney County has been a controversial situation for some time; and with Constable Gonzales' petition, in the 63rd District Court, the problem may be resolved once and for all.

Below is a facsimile of the petition filed by Constable Gonzales.

RALPH GONZALES

VS.

TOMMY SERGEANT, ET AL

IN THE DISTRICT COURT
63RD JUDICIAL DISTRICT
KINNEY COUNTY, TEXAS

PLAINTIFFS ORIGINAL PETITION

TO THE HONORABLE JUDGE OF SAID COURT:

NOW COMES the Plaintiff RALPH GONZALES and for cause of action would show unto the Court as follows:

Plaintiff is a resident of Kinney County, Texas. Plaintiff is the duly elected Constable of precinct number one of Kinney County, Texas having been elected on November 2, 1976 and sworn in as such on January 1, 1977.

I.

Defendant Tommy Seargeant is the County Judge of the County of Kinney, Texas. Defendant David G. Luna is the Commissioner of precinct NO. one of the County of Kinney, Texas. Defendant Manuel Fuentes is the Commissioner of precinct

number two of the County of Kinney, Texas. Defendant G. C. Talamantez is the Commissioner of precinct number three of the County of Kinney, Texas. Defendant L.S. Johnson is the Commissioner of precinct number four of the County of Kinney, Texas. This suit is brought against each defendant individually and as a member of the Commissioners Court of the County of Kinney, Texas.

II.

The Commissioners Court of Kinney County, Texas meeting in regular session on January 11, 1971 for the purpose of transacting their regular monthly business and setting annual salaries of county officials and employees set the salary of the Constable of Precinct number one at \$3,300 per year plus \$900.00 in travel. This is the salary that existed for the office of Constable of Precinct Number One of Kinney County, Texas on January 1, 1972.

III.

On January 1, 1972 article 3912K, V.T.C.S. became effective. Section one of this act provides that "the Commissioners Court of each county shall fix the amount of compensation, office expense, travel expense, and all other allowances for county and precinct officials and employees who are paid wholly from county funds, but in no event shall such salaries be set lower than they exist at the effective date of this Act."

IV.

On January 13, 1975 the Commissioners Court meeting in regular session voted to set the salaries of the Constables of Kinney County at \$10.00 per year. This resulted in an

attempted reduction of the salary of the Constable of precinct number one to an amount lower than it existed on January 1, 1972 the effective date of Article 3912K, V.T.C.S.

V.

The action taken by the Commissioners Court of Kinney County on January 13, 1975 and their continous refusal since then to authorize the Plaintiff as the Constable of precinct number one the salary for such position as it existed on January 1, 1972 is in volation of Texas law to wit: article 3912K, V.T.C.S.

VI.

Plaintiff alleges that defendants will continue to refuse to authorize the payment to him as the Constable of precinct number one of Kinney County, Texas in the amount of \$3,300.00 per year plus \$900.00 for travel expense. Such authorization under the law and facts of this case is the clear legal duty of the defendants, and they are fully able to perform said duty which is required of them by law.

VII.

Plaintiff has no other adequate remedy to compel said action to be taken, and it is therefore necessary that a Writ of Mandamus issue against defendants.

VIII.

Plaintiff would further show that his claim for his salary as herein alleged, was presented to defendants more than thirty (30) days preceding the filing of this suit, and that said claim has not been paid and satisfied, and it has been necessary for Plaintiff to employ an attorney to represent him in such claim, and Plaintiff has employed Rogelio F. Munoz, a practicing attorney of Uvalde, Texas to represent him in the collection thereof, that by reason thereof, Plaintiff is entitled to recover in addition to his salary, a reasonable attorney's fee, which is alleged to be

the sum of One Thousand Five Hundred Dollars (\$1,500.00).

WHEREFORE, Plaintiffs prays:

1. That a day he appointed for a hearing on the merits of this matter;
2. That defendants be cited to appear and answer;
3. That Plaintiff have judgment against defendants for the sum of \$1,500.00 as reasonable attorneys fee;
4. That at the conclusion of the hearing this Court issue a Writ of Mandamus requiring defendants to authorize the paying of the Plaintiff's salary as Constable of precinct number one of Kinney County, Texas, and for such other and further relief to which plaintiff may be entitled.

FIRST BAPTIST CHURCH MOVIE

You are invited to the First Baptist Educational Building for this showing on April 23rd at 7:00 p.m. The exciting story of Ken, a seventeen year old boy caught up in a three year nightmare on the teenage crime scene in northern California. Suddenly his life of crime is interrupted by an astonishing Christian conversion. Picked up and booked as an accessory to murder, Ken is put in prison. While awaiting trial and his sentence he is converted to Christ and makes a complete about face in his life. The movie is filmed while he is out of prison on bail.

Game time will follow the movie and refreshments will be available. There is a charge of \$1.00.

TIPS FOR GREEN THUMBS

It's time to plant your vegetables if you have not already done so. The nights are warming up, the soil is wet, the days are warm. It is ideal for fast germination of seed, and rapid growth. Green beans are one of the easiest and surest crops. They can be planted at two week intervals and should provide fresh beans until frost. Tomatoe plants should be used if you intend to grow many. It is late to try to start them from seed. Radishes, carrots, beets, squash - all should do well if planted now. It is full late, but not too late to plant watermelon, cantaloupes, pumpkin. If you are optimistic, and have a green thumb, you might try blackeyed peas and okra. It is great to be able to go to the garden and pick vegetables for the table. Besides, they just seem to taste a lot better.

FHA MEETING TO CONVENE

"Shaping An Unfinished World" is the theme for the annual meeting of the Texas Association, Future Homemakers of America when more than 6,500 junior and senior homemaking students and their advisors meet at the Astroarena in Houston, April 21-22. The convening delegates will represent 75,724 student members in 2,301 chapters in Texas.

The two-day convention will include a wide variety of educational as well as entertaining sessions, featuring FHA members and outside speakers. An important part of the event will be a series of twelve workshops with topics such as "Child Abuse", "Wanted: Healthy Babies", "Future Family, 1998", "Family Situations and Problems", "Food Abuse" and others. The discussions will be lead by well-known speakers from around the state.

Keynote speakers will be Reverend Dan McBride and Joseph N. Sorrentino. McBride is a well-known musical satirist whose subject material includes the lighter side of grass roots issues affecting modern society. Sorrentino is a nationally-known Los Angeles juvenile court judge who recently was the subject of the CBS news show "60 Minutes." He will speak of his personal experiences as a former longtime lawbreaker and now a lawyer who has served on the bench.

As part of the agenda at the Friday session, 1976-77 state FHA president Phyllis Cicero will deliver her farewell address, "The Times Of Your Life." She then will conclude her presidential duties by presiding over the installation of new state officers.

On hand to welcome the FHAers will be Cadar Parr, associate commissioner for Occupational Education and Technology, Texas Education Agency; and Billy Reagan, superintendent of the Houston Independent School District. Others present to greet the delegates will be Kay Hallman, president of the state association of Young Homemakers of Texas; Louisa Liddell, associate director of the national association of FHA; and Elizabeth Garcia, Houston FHA representative.

During the meeting nine scholarships of \$500 each will be presented to homemaking students, and 37 community leaders from around the state will be awarded honorary membership in FHA.

The state association functions under the guidance of Homemaking Education, Texas Education Agency, with homemaking teachers serving as chapter advisors. Mrs. Elizabeth F. Smith is director of Homemaking Education, Texas Education Agency, Austin. Mrs. Betty Romans, a consultant with the department, is FHA state advisor.

Phyllis Cicero, president of the Texas Future Homemakers of America for 1976-77, will conduct the first general session of the annual state FHA meeting at the Astroarena in Houston, April 21-22. A senior at John Tyler High School, Tyler, she plans to attend the University of Texas, Austin, majoring in speech and drama. Phyllis also will participate in the awards of honorary memberships at the state meeting, will deliver her farewell address "The Times Of Your Life," and will conclude her presidential duties by conducting the installation of new officers for the FHA state association.

Senator Lloyd Bentsen Watching Washington

Washington, D.C.--Senator Lloyd Bentsen Thursday proposed that the upcoming ban on saccharin be delayed until government scientists can determine whether the risks in using the artificial sweetener outweigh the benefits.

Bentsen joined in cosponsoring legislation introduced in the House and Senate in response to a decision by the Food and Drug Administration to prohibit the use of saccharin.

"The problem lies with a 19 year old law, known as the 'Delaney Clause,' which requires the F.D.A. to ban a food additive if any appropriate test shows that the additive can induce cancer in man or animal. In the case of saccharin the test was conducted in Canada; an experiment in which rats were fed an amount of saccharin equal to human consumption of 800 cans of diet soda a day," the Senator said.

"I do not seek repeal of the Delaney Clause. I seek, rather, to amend it so that our scientists can use their judgment before imposing any ban."

The legislation would give federal officials discretion to evaluate the relative benefits and risks involved before making a decision to prohibit the marketing of a food additive.

Specifically, it would permit the Secretary of Health, Education and Welfare to determine whether the risks of continued use outweigh the benefits of such use. The bill would also postpone the ban on saccharin until such an evaluation can be made on it.

"There are an estimated 10 million diabetics in this country for whom sugar is poison and for whom saccharin is the only sugar substitute available," Bentsen said.

"one out of four Americans is overweight and suffers from

a greatly increased risk of heart disease and arteriosclerosis. For them, saccharin is essential and I believe the government ought to weigh the benefits of its continued use against the risks before imposing any ban," Senator Bentsen said.

GARDEN CLUB NEWS

On April 19th, The Retama Garden Club was treated to a special field trip to the L. R. French Anacacho Ranch in the Anacacho Mountains. Arrangements were made by the Club's President, Mrs. Laura Seargeant. Mr. Howard Ragsdale, S.C.S. Tech. with the U. S. Department of Agriculture was the tour guide.

The group met at the Retama Plaza and continued by car to the Ranch where they were met at the gate by Mr. Jesus (Chuy) Pena, foreman in charge of the Ranch. As he guided the line of cars along the road, a large, grey ostrich kept pace with the group up hill and down, until it came to a fence which prevented its going further. As the cars entered the formal grounds of the Ranch, one could see zebras in a distant pasture.

Mr. Pena has seen the development of the Ranch for 42 years and under his expert guidance the group saw the beautiful grounds, statues imported from Italy, rare imported plants, and enjoyed the architecture of the Spanish castle type ranch house with its large Mexican bell above the patio. This bell was used in past years as a morning rising bell and also as a warning bell during the day in case of trouble. The ranch house was built in 1928, with five bedrooms, a large living room, library, kitchen, dining room, sun room and family room, all air-conditioned. The house and all out buildings are made of native stone with red tile roofs.

Next the group visited the garage with many cars, but the two which drew the most attention were the "64 model Rolls Royce, a \$50,000 car with telephone, bar, A.C. and other conveniences and a Model A, 1931, Ford complete with open rumble seat. Also note was a dune buggy and a dog carrier for transporting 6 quail hunting dogs.

Then on to the stables, past the bat house where the guano is used as fertilizer, to the pasture where two midget horses graze, and next the "jogging" ring for the exercise and training of the horses. The stables contain 32 stalls and are completely fireproof. The tack room contains many memorabilia of racing horses, present and past, that have belonged to these stables. Here is seen the picture of Edna Mae's King, a \$40,000 horse which Will Rogers rode while visiting the Ranch. Many pictures of Mr. French's winning horses line the walls and a display of saddles of many types, including those for children.

Next the group toured through pastures under the guidance of Mr. Ragsdale, who pointed out and explained the varied types of vegetation and introduced

the group to the plant which we have long wanted to see, the Bauhinia which grows nowhere else in this region except on this Ranch. It is an endangered species and is eaten by livestock and deer. The blossoms are pretty and have a mild fragrance. Plant wise this was the highlight of the year for all the gardeners of the group.

MH CAMPAIGN TO BEGIN IN MAY

Mrs. Beverly Gage of Brackettville will lead Bellringer workers in a house-to-house drive during May, Mental Health Month.

"Proceeds will benefit the Mental Health Association in Texas," said Shirley K. Camfield, state President of the voluntary citizens' association.

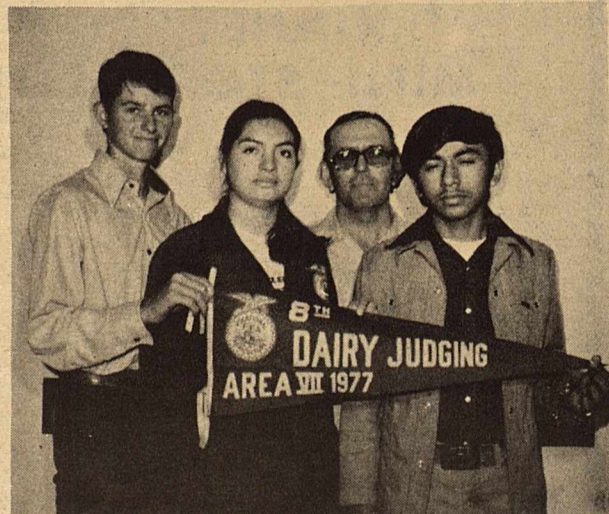

As a non-governmental agency the association can and does speak for the consumer -- the person who needs professional help for an emotional disturbance.

"The association is a moving force to get services established where there are none. It also serves as a monitoring agency to see that treatment services are doing what they were set up to do," said Camfield.

The Mental Health Association strongly promotes more community-based care as well as more research into the causes of mental illness.

Seeking to prevent mental health problems through education, the association, in cooperation with the Texas Department of Community Affairs, Early Childhood Development Division, sends out the newsletter series "Pierre the Pelican" to first-time parents in the state.

FFA WINNERS

The Brackettville Future Farmers of America placed 8th in the Area VII Dairy Judging Contest held on the campus of Texas A&M University. The Department of Agriculture Education, Animal Science, Dairy Science and Poultry Science sponsored the contest.

Pictured are Douglas McCarty, Maria T. Valdez, Mr. Charles Foust, Sponsor; and Nat Hernandez.

BETWEEN US

BY: JOE TOWNSEND

I noticed the truest thing ever of spring this morning. The rising sun was greeted by a symphony of singing birds. The cardinals, the mockingbirds and the painting bunting led in the beautiful rendition of "Good Morning World". There's just not a better way to start a day than to see the sun begin to break the darkness and to hear the birds announce the new day. It's hard to imagine life without the beauty of singing birds. These wondrous creatures of the air add so much zest to life. One need not be a "bird watcher" or a member of a highly tooted group of bird fanciers to enjoy fully this musical symphony of nature. One's spirits can't help but be lifted if he but pause and listen to the birds. What a tragedy to miss this delightful ingredient of joy in living. We hear what we listen for. To those whose ears are attuned to the whirr of industry, there is sensitivity to this area. To those whose ears are attuned to gossip, there is sickness of mind. To those whose ears are attuned to the pleasant, the joyful, the beautiful, there is peace and bubbling joy to life. Each day will be better if we just pause a while and listen to the singing of the birds.

The 28-part series, in English and Spanish, is mailed periodically and deals with the emotional and mental development of children while giving helpful hints to parents.

Additionally, the association offers literature to the public on a variety of topics including depression, alcoholism, and positive mental health concepts. For free information write to the Mental Health Association in Texas, 103 Lantern Lane, Austin, Texas 78731.

UVALDE--Somewhere on the Southwest Texas Junior College campus is a champion cow chip thrower.

He will be joined April 21 by an array of other champions claiming such dubious titles as Champion Jalapeno Eater, Champion Tobacco Spitter and Champion Rolling Pin Thrower (for women only).

The championship titles will be part of Heritage Days activities on the Uvalde Junior college campus April 21-24 as students and alumni take to the great outdoors for a taste of old-fashioned fun.

Activities planned for the four-day celebration will include not only humorous events such as the Best Legs Contest and Pie Eating competition by an NIRA rodeo featuring team entries from 23 colleges and universities in Texas and surrounding states.

The two-day rodeo will be followed April 24 by a 10 a.m. calf roping, steer roping and barrel racing event honoring SWTJC alumnus Phil Lyens who was twice named All-Around Champion Cowboy of the World.

Sponsored by the Student Government Association, Heritage Days will begin April 21 with a 10 a.m. stage band concert around the fountain beside the Administration Building. The games competition will begin at 11 a.m. as students compete for silver dollar prizes and a \$25 first place award in the Beard Growing Contest.

Activities on April 22 will include the final championship arm wrestling competition and an outdoor coffee for Phil Lyens from 10 a.m. until noon in front of the Kincaid Building.

The NIRA rodeo will begin at 7:30 p.m. April 22 at the City Fair Grounds and continue

at the same time the following night. A dance will complete the final night of the rodeo April 23 as students gather at the fairgrounds to hear Tony Koch and Country Squires.

Other campus activities held simultaneously with the Heritage Days events will be a play presented by the Spanish Department April 21, an American Chemical Society plant sale of hanging basket April 19-20 and the Art Department Art Show and Sale April 18-22 in the Student Center.

"Heritage Days began years ago as Western Week at the college," explained Student Activities Director Rose Hoehl, "but since some of our students are not western oriented, we created Heritage Days to emphasize the many cultures that exist in this part of the state. Our main purpose is to draw students into fun activities that vary the normal academic routine."

CB BREAK

BY THE SKY PILOT

I was driving through a city the other day, and heard a man and wife talking to each other. They seemed to have forgotten or didn't care that a world of ears were hearing the channel and hence, their chatter. The questions, the answers, the total conversation, was one that could have been improved. The attitudes, the feelings exhibited, certainly should never have gone beyond the privacy of the two. It seems to be easy for some people to air their dirty family linen over the air. Personal pride should prevent a CB'er from saying things of a personal nature, or of family matters on the air. It causes a lack of respect to be generated by the people who are 10-10, and in spite of all loud protestations, we all do care what people think about us. The CB is for use in such a way that one is constantly mindful that others are listening. This consideration for others many times will prevent some things being said that are much better left unsaid. Thanks for the channel, this is KOH 4856, the old Sky Pilot, out of that Brackettville town. We'll be 10-10 and 10-8. Threes to you.

HEALTH SERVICES OFFERED

The Texas Department of Health Resources Region 9 will sponsor a Health Screening Clinic April 27th, 1:00 - 5:00 P.M. at the Family Practice Center. Test for the following will be available: Diabetes, Hypertension, Hearing, Vision, Nutrition, Anemia, Tuberculosis and Syphilis. The purpose of the Texas Department of Health Resources Screening Program is to provide a series of screening tests to aid in early identification, prior to an abnormal condition progressing to the disease state. Many diseases are silent in the beginning phase, and this program will increase the awareness of these conditions. Anyone with abnormal findings will be referred to the physician of their choice for medical evaluation, diagnosis and guidance.

Services will be provided by Registered Nurses and Licensed Vocational Nurses of the Texas Department of Health Resources Region 9.
