COFFEE AT FORT CLARK SPRINGS HONOR HISTORIANS

Ms. Linda Flory and Mr. Danny Hardy of the Texas Historical Commission were guests of honor at an informal coffee given by the Fort Clark Historical Society October 4, in the Members Lounge of Los Moras Inn. The two guests have been instrumental in assisting the Fort Clark group in achieving nomination to the national historical register for the original buildings of Old Fort Clark. The final papers have been forwarded to Washington D.C. and it is hoped by the Fort Clark Springs residents that they will be listed as a national historical District within the next few months.

Ms. Flory gave an informal talk regarding necessary steps in preserving the buildings on Fort Clark and discussed the need for a total preservation plan for the historic district.

CONNECTIONS

An article that was printed in last weeks CAVALRYMAN is being printed again this week showing new times and persons sponsoring the event. Last week we printed the information exactly as supplied to us! Since then we have received at least a half a dozen irrate phone calls from ladies blaming us for the error (some of them demanding, not asking) that we print a retraction. WE DID NOT MAKE THE ERROR AND WE

Bike-A-Thon Final

GOOD WORK KIDS!!!!
Close to \$1900 have been raised so far by the "follow-through" efforts of the 30 children and 5 adults who rode bikes in the St. Jude Children's Research Ho-

sptial Bike-A-Thon last Sept. 29th. Besides the prizes that went out last week to Jamie Schermerhorn, age 7, Martin Kelso, age 67, and Barb Forbes we now have a tally of the 4 prize winners who brought in the most money. They are as follows: Michael O'Rourke-\$280. Kim Ashley-\$217.40; Linda Sharp \$133. and Christina Benacci-\$117.50. prizes for those who brought in the most money were furnished by Sutler's Store of Ft. Clark Springs and by member of the Bike-A-Thon Committee. May it be noted that 85% of all funds go directly towards use in research and medicine at the childrens' hospital.

Thank you, citizens of Kinney County for remembering that not everyone is as fortunate as yourself, God bless all of you for your efforts, and all Glory and Success be unto Him who only allows us to give what HE HAS GIVEN US.

(Note: one correction of an error Chris Herman rode 30 miles not 20. Sorry Chris, we knew you had it in you all the time! Christy Gwartney turned in over \$150.00 after the deadline. Thank you for your efforts Christy.)

DON'T APPRECIATE GETTING "CHEWED OUT" ABOUT IT!

WE print news items on the basis of their newsworthiness. IN FACT, due to a space demand last week we had to leave out the editorial I had written, Fort Clark News, Library news, etc.

WE are trying our hardest to serve the community to the best of our ability but, WE ARE NOT OBLIGATED TO PRINT ANY NEWS OR PUBLIC SERVICE ITEM! Each column inch of newspaper costs money and when we have to re-do an item two (and sometimes three) times it not only costs us money but takes up space that could be used for other items. This doesn't even take into consideration the hour and a half we spent on the phone listening to irrate complaints.

The very kind lady that supplied us with the information has only the best intentions. I am sure she was mis-informed by the people that gave her the information. She was probably the only one that was willing to take the time to get the infor-

mation to use and has probably also been criticized by the bystanders that "didn't have the time." She has submitted news items in the past that have been of great interest to our community, (when no one else had the time), and I certainly hope she continues to do so in the future!

I would like to make this point very clear--THE KINNEY CAVALRYMAN IS YOUR NEWSPAPER AND WE WANT YOUR NEWS STORIES.... Your Club, Social organization, community activities, ect. VERY VERY SELDOM HAVE WE EVER LEFT OUT A NEWS ITEM THAT HAS BEEN SUBMITTED TO US!

We want your news! Please let me explain the proper procedure to get your news into the CAVALRYMAN.

A. Deadline for all copy (including ads) is TUESDAY NOON. our paper is printed in San Antonio and leaves her Wednesday evening. Between Tuesday noon and Wednesday evening we must proof your copy, type it, size it, find a space where it fits, paste it up and proof and correct it again. If photos are involved, they must be sized, ratioed, windows cut, proportioned, labeled, pasted up and described. Many times we must call the contributor back to confirm this or that. The paper usually leaves here Thursday morning and arrives back in Brackett Friday around noon (if some bus driver doesn't loose it as they have several times in the past weeks). So please bring your written copy by before Tuesday Noon(it desn't have to be perfect or typed just readable Remember the days of yelling "STOP THE PRESSES" went out with the old Humphrey Bogart pictures.

2. PICTURES: If you would like pictures printed please only submit black and white pictures. We or any other newspaper will not accept color pictures. If you have an interesting news story that you would like us to take pictures of PLEASE GIVE US AMPLE NOTICE. That does not mean 30 minutes before the activity. If you have several people in a group photograph them in a group or ask us to. If ten people are involved we cannot afford to print 10 individual pictures, but we can print one large group shot. OH YES! If they all don't show up for their picture don't blame us. Every picture we print in the CAVALRYMAN cost about five dollars..that means we must sell at least 20 additional papers to re-coup that cost...thats a bunch in Brackett.

By the way...that two bits (25¢) you pay for this paper every week doesn't even pay for the printing, transporation, and production of your newspaper... The people that are our advertiser are the one that allow us to bring you the news...THANK THEM THE NEXT TIME YOU ARE IN THEIR BUSINESSES!

EDITORIAL

BY: GEORGE

LETS GIVE SOME WELL DESERVED PRAISE!!

A week ago, this past Monday,

The accident involving a truck and a butane tank certianly pointed out the benefits supplied by two local volunteer organizations. The Brackett Fire Department and the Kinney County Volunteer Ambulance Service performed admirably.

Occasionally I have heard people criticize both of these fine organizations. Of Course! It is always someone that dosen't belong to or assist either group.

I had just returned home from the City Council meeting, Monday night, when I heard the explosion. I immediately climbed part way up my radio tower to see where the problem was. I grabbed my camera and drove to the location, (parking a block away). The point I am trying to make is: no more than 3 to 5 minutes could have elapsed from the time of the explosion till I arrived AND THE FIRE DEPARTMENT WAS ALREADY FIGHTING THE FIRE! THAT IS FAST! ABOUT 1 MINUTE LATER THE AMBULANCE ARRIVED WITH A FULL CREW! YET I HEARD A BYSTANDER YELL JUST BEFORE THE AMBULANCE ARRIVED: "WHERE THE HELL IS THE AMBAULANCE, WE HAVE BEEN WAITING 20 MINUTES!" This is totally unfair!!

ANOTHER UNFAIR AND DANGEROUS SITUATION are people blocking access to an accident like this with their vehicles. Even worse are the bystanders that crowd around the scene and hinder the operation of these trained emergency crews. The ambulance crew was particuarly hampered by a large group of people gathering around the accident victim and slowing down them from getting necessary medical supplies from the ambulance. Our ambulance crew takes extensive training and have to be certified by the

State as Emergency Care Attendants. Part of thier training besides first aid is how to handle the different situations at the accident scene.

I know all these spectators are well meaning people (?) and don't intend to interfer but they do. Under no circumstances should anyone attempt to help these crews unless specifically asked to do so! They are trained and know the best way to handle the situation.

I think we should all remember that five years ago we had no ambulance crew and the accident the other night would have been much worse on the accident victim if he had not had this rapid and efficient treatment. NOT only the man that was treated that night but scores of other people who have received aid in the past five years.

Only a hand full of our citizens are willing to go through the rigorous training and give of their time to serve on our ambulance crew.

Lets all help our Fire Department and Ambulance Crews by co operating in an emergency.

AND ABOVE ALL LETS GIVE THEM OUR GRATEFUL THANKS!!!

JOE TOWNSEND

I never cease to be amazed at the "flippability" of politicians Mr. Frank Church has a track record of pro-communist standing from away back. He was most vaciferous in his Anti-Vietnam babbling. After visiting Cuba he came back with a lot of prettles about the goodness and friendliness of Castro. He has fought against defense spending. In every way he has proved himself to be mouthy and radical liberal. Now come election. How quickly the chamelon changes colors. Mr. Church was in very serious trouble. In fact most analysis has written him off as a loser. As so many Congressmen he is on a Congressional committee which demands to be breifed on everything anyone knows. He was breifed in regard to Russian troops in Cuba and by his reactions you would think he made the discovery. He proceeded to make political hay. He has claimed headlines in T.V., Radio and Newspapers. He suddenly says what people want to hear. He speaks with resounding policial rhetoric. He speaks with authority far exceeding his ability to deliver. He has long espoused Salt II. Now all has changed. It's hard to see connection between Salt II and a brigade of troops in Cuba--but a dying politicians can see it when he finds he has taken an untenable position. Can a leopard change his spots? A politician who suddenly switches his total philosophy just before an election because he has been written off as a loser arouses suspicious about the sudden change--makes me think there is a worm in the cookie--so no thanks I don't want a bite.

Present Day Myths

by: JOE TOWNSEND

The criminal must pay for his crime. This has come to be a myth--at least in the United States. In any country in the world were a group of radicals to enter the legislative chamber and shoot up the place and try to shoot their way into the President quarters killing a guard in the effort, they would be summarily executed. Not in the U.S.A. The liberal establishment sends them to the penitentiary. Were any criminal to refuse to show penitence over his crime and continue to espouse his criminal behavior as correct and vow to continue if he were released, no one with any degree of integrity would turn them loose on society. It did happen in America, however. There can be on legal or moral justification for the pardon and release of the Porta Rican radicals by Mr. Carter. Too long has the State Department and the President danced to the tune of the rabble. Strength never has as its hallmark being subservient to the loud mouthed and the petty.

A man can risk his life for his country, see his buddies killed in a war dictated by politicians, be forced to fight with his arms tied behind him, have innocent looking boys, girls and old people kill his any part in killing enemies, he may wind up in prison. I wonder what the family of the dead guard at Blair

House think of the release of the killers. I wonder what those present on the floor of the House of Representatives at that time think of the release of the would be killers there. Radicals like Fidel Castro may applaud the move but will only have a more bloated ego because Mr. Carter bowed to their demands. They will not respect Mr. Carter for it even the killers don't. There elation knows no end because once again the great U.S.A. has proved itself a pussycat in the face of a tiger. Doubtless the American people as a whole would not approve this action. Mr. Carter, however, has amply demonstrated he cares little what the majority thinks. He gave away the Panama Canal, lacing the campaign with lies. He pardoned the draft dodgers (ammesty he called it) his only interst in the people is to get the votes necessary for election or re-election. Some of us, Mr. Carter will remember this unconsciousable pardon of the Porta Rican killers. Yes when we got to the polls to elect a President we will remember. Good-bye Mr. Carter, one term too many. There'll not be a second.

KAZEN IN WASHINGTON

Abraham (Chick) Kazen, Jr., M.C.

Every citizen knows that there is widespread concern over the buying power of the dollar, but I foresee a controversy over the size, shape and material of that basic element of our currency. The Federal Reserve System and the Bureau of the Mint, in the Treasury Department, apparently plan to push for total repalce - ment of one dollar bills by the

new Susan B. Anthony dollar coin. There is considerable opposition to such tactics in the House of Representatives.

Some members are concerned that the Mint has produced 500 million of the new coins, with little regard for public opposition to using them. We are advised that many store clerks reject them, fearing that errors in making change will cause employers to charge them for mistakes if Anthony dollars are passed out as quarters.

In answering objections to the size of the new coin, the Mint reports it is larger than our quarter coin by the same ratio as the quarter to a nickel. The Anthony dollar has an 11-sided inner border within the outer circle of the coin. Mrs. Stella B. Hackel, Director of the Mint, says the recognition difficulty is about the same as telling a \$1 bill from a \$10 or \$20.

CLAIM LARGE SAVINGS

The new coin costs about five cents to produce, and is suppose to stay in circulation for 15 years in good condition. The paper bill costs two cents to produce, lasts only 18 months in circulation, and then must be withdrawn from distribution, destroyed and replaced by a new bill. Mint Officials say they could save up to \$50 million a year byuse of the coin.

Critics contend that the production savings will be eroded by the cost of transporting the coins between the mint and banks. They say that if the American people accept the Anthony coins to the point that the paper dollar can be eliminated, there will be time to change the currency. Some 97 members of the House are proposing legislature to keep the dollar bill in our currency system. As usual, if you have an opinion on this matter, I would welcome your views.

SOVIETS IN CUBA

During my time in the District this last week, I watched with interest to see how many people were deeply concerned about the presence of Soviet military forces in Cuba. I found that what reaction developed was quite practical--the people who asked questions generally believed that a few thousand Russians were no serious threat to our Nation, and they believed President Carter was doing the right thing in increasing our surveillance over what the Russians might try to do with those forces, and stepping up our military visibility in the area by increasing the frequency of our maneuvers there.

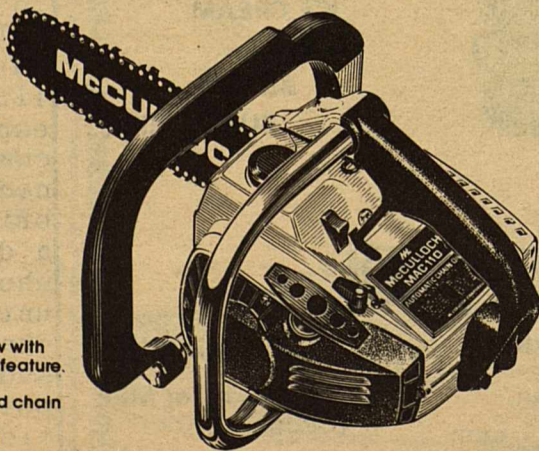

The Russians have had a military contingent in Cuba since 1962. I see their presence as an annoyance but not a threat. If the Russians want them to stay and the Cubans want them there our only alternative would be action to force them out. I found no one in the District who

believed we should go to war over this issue. However, the consensus was that we should make it clear that we will not stand for Soviet expansionism in the Caribbean.

FEDERAL ACTIONS CONTINUE

As the House resumes its schedule, I anticipate prompt action on a continuing appropriation resolution for those departments with appropriations not yet approved for the new fiscal year which began October 1. I am assured that we have until October 15 to take the final actions that will avoid serious disruptions and delayed pay-days for the military services, veterans, GI bill beneficiaries and some other Federal employees. I think those actions will be taken in time.

Kinney County LIBRARY

Over \$700. was raised at the Bar-B-Que hosted by Friends of the Library at Fort Clark Spings Swim Park, last Saturday.

Close to 300 people "dug-in" to the scrumptious tasting meal, all donated and served by volunteers by the a hard working members of the "Friends".

The evening was highlighted by an informative skit produced by Mrs. James Bader and Mrs. Hadley Ward-law telling patrons all the functions of the library.

Mr. Charles Ward followed up with heartfelt "Thank You" to Mrs. Charlotte Golemon and Miss Else Sauer for their many years of volunteer services and of the county would do well to reciprocate and show their gratitude by 50 people donating \$100 per year for the next 5 years/or 100 people donating \$50 per year for next 5 years/or 200 people donating \$25 per year for next 5 years. This would enable our library to help pay a salaried staff member or help continue the service of the library. All those interested please contact Walter or Marjorie Moore.

Mrs. Kathy Conrey then lead the group in folk songs and ballads as the bonfire blazed.

Marjorie Moore closed the event with a "Thank You" to all who worked to provide the feast and entertainment and to all those who attended.

The weekend before Mrs. Julian Lucas held a Cheese & Wine tasting party for those who worked hard during the membership drive and for those who helped during our first Fall Cleaning Spree at the library. "This" said Julian, "is just to show that its not all work, we also believe in having fun along the way!" All those who attended will attest to the truth of this statement.

Unfortunately now comes the bad news. Two weekends ago the library was vandalized. Human excrement was found on the floor in the bathroom with toilet paper in the bathroom scattered everywhere.

Bad words were written or scribbled in ink on front covers of new books, papers pulled from files and scattered, books pulled from shelves and dropped in the aisles, both manual and electric typewriters tampered with, film strip projector broken,

several children's filmstrips and cassette stroyes are missing, both large and miniature cassette recorder player, larger stapler and a camera missing.

The storage room was in a complete shambles with boes broken into, many things broken, scattered about and approximately \$600 worth of damages.

If is really a depraved thing when people are striking out at the very establishment which seeks to update and up-grade their standard of living. They have not only hurt themselves but are also punishing the other county residents, who may desparately need those services which were provided by the library.

Also, the library no longer has a Manpower worker as Mrs. Corey's contract has expired. This puts Miss Sauer and Mrs. Golemon in the library by theirselves(both know exactly what happening due to their 13 years of experience) Ms Sauer and Mrs. Golemon need help to handle the over whelming amount of work for a function of the public library.

If there are any of you who would like to help on a regular basis contact Ms Sauer or Mrs. Golemon or Julia Lucas or just show up at the library.

Yours,
Friends of the Library

Along Texas Trails—

Authentic touches at historic fort

By Connie Sherley
Travel News Service

FT. DAVIS—This West Texas frontier fort, used in America's westward expansion, gives the visitor a feeling of the "real thing."

The Park Service guides wear uniforms that are exact replicas of those worn by the 19th century fort soldiers, including the woolen long johns. Doug Mc-Christian, the historian who researched the site, doesn't believe anyone can interpret the lifestyle of that day unless he has the true feeling, right down to the itchy underwear.

As you walk from building to building, you catch the tantalizing scent of baking bread wafting through the air. Follow your nose to the barracks kitchen and you find cooks taking loaves from ovens heated by wood as they were when the post

was active.

The fort, mountains and the Texas County surrounding were named for Jefferson Davis, the Confederate president who served as U.S. secretary of war prior to the Civil War.

Films which depict various aspects of frontier life, including the near extinction of the buffalo, are shown regularly in the barracks theater. The same building houses a museum with dioramas explaining the fort's significance. Visiting hours are 8 a.m. to 8 p.m. in the summer and 8:30 a.m. to 5:30 p.m. in the winter.

In the pleasant community of Ft. Davis you will find the newly-remodeled Limpia Hotel, with another fine dining experience awaiting you. And it's only a short drive on to Alpine, with a selection of excellent motels and places to eat.

Most visitors to Fort Davis also take time to see the McDonald Observatory of the University of Texas. It is world famed for its telescopes and the work of internationally-known astronomers who utilize their powers to pierce the heavens. The skies are so clear around this area, that sky watching could be just about the finest in the world.

For information on the area you may write Dept. GW, Chamber of Commerce, Ft. Davis, or J.C. Duncan, Sutler's restaurant, Ft. Davis 79734.

Data also can be obtained from Dept. GW, Chamber of Commerce, Box 209, Alpine, Tx 79830; Dept. GW, State Parks Dept., Box 786, Ft. Davis; and Dept. GW, Ft. Davis National Historic Site, Box 1456, Ft. Davis 79734.

Tigers sink Pirates Homecoming

By Roman Saenz
District Rivals Play

Tigers are moving on! The Bengals will open district play with Nueces Canyon Friday October 19 before a home crowd at 8p.m. All of the teams in District 30-A are going to be tough this year. Five of the six teams in district 30-A have 4-1 records. Nueces Canyon has a record of 2-2-1 but are much better than the record indicates. Brackett coaches reported that "the Panthers are not overwhelmingly big but are quick and aggressive." Coach Simmonds stated "They (Nueces Canyon) are the kind of team that will knock your head off." The Tigers are expecting a hard hitting game. Be sure to come out and watch the action.

BONFIRE

By Jim Lindeman

Friday night will kick off district 30-A games. The Brackett Tigers will host the Nueces Canyon Panthers at the Tiger Stadium. The Lytle Pirates will play the Dilley Wolves at Dilley while the Sabinal Yellow Jackets host the Natalia Mustangs at Sabinal.

Every team in the district has 4-1-0 records except Nueces Canyon with 2-2-1.

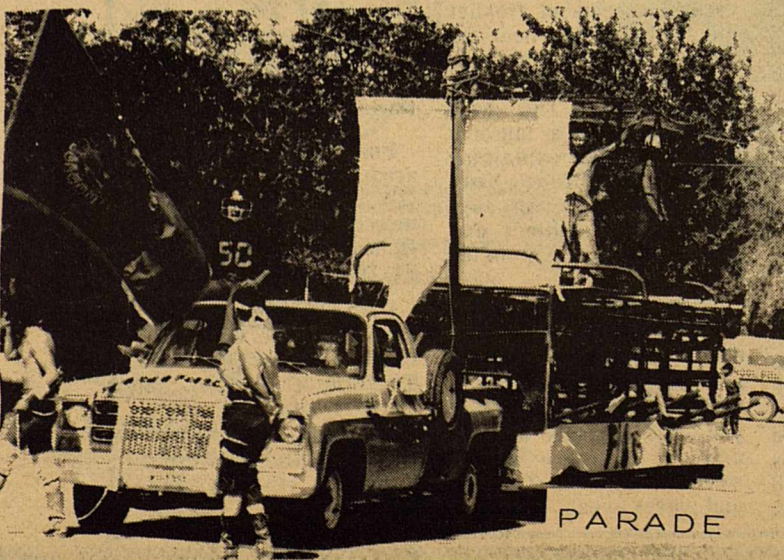

FIVE-POINTS PEP RALLY

By Martha Tovar

Friday, October 12, was an exciting day for Brackett High School students because it was Homecoming Day.

A parade was the big event of the day. The F.F.A. recieved first on their float with the seniors receiving second and taking third were the soph.

During half time at the football game Lisa Schafer was crowned homecoming queen by Martha Gomez, 1978-1979 homecoming queen. The exciting night ended with a Tiger victory and a homecoming party at the gym for the student and all exes.

 When: Monday October 15, 1979
 Where: at the new Gym

Brackett High Tigerettes have started basketball practice. Practice began Monday October 15, 1979 and lasted two hours.

Coaches Ormsby and West were pleased with both the number of girls that signed up for basketball and the first workout.

Fundamentals; passing, dribbling, guarding, and shooting will be stressed during the first few week. Specific plays, fast breaks and pressing will come next.

After watching the girls practice these first weeks, the team will be selected. Coach Ormsby will work with varsity; Coach West with the juniors varsity.

FHA BAKE SALE

By Phillip Benites

Brackett High Chapter of the Future Homemakers of America held a cookie sale last Friday 12. Home Economics students baked peanut butter, oatmeal and butterscotch cookies. Cookies sold for 25¢ and a big one for 25¢.

The F.H.A. sold the cookies three times that day in the morning, afternoon and after school. The money the F.H.A. made is being used for things they need.

UIL TWIRLING CONTEST SATURDAY

By Virginia Esparza

U.I.L. twirling contest will be held this Saturday, October 20 in Uvalde. Cathy Wills, Nellie Saenz, Lisa Schafer, and Mona Sandoval have worked hard preparing routines for the contest.

Lisa Schafer will try once again to earn a superior rating and a chance to go to the state contest. Lisa recieved an excellent rating last year at state.

LIBRARY NEWS

By Jim Linceman

Larry Mirales, high school coach and history teacher, has donated 20 years of NATIONAL GEOGRAPHIC magazine to the high school library. The gift is greatly appreciated as there had been a gap of about ten years in the library's holdings.

When these magazines return from the bindry, the BHS library will have issues of the magazine dating from 1944 to the present.

NEW BOOKS

By Phillip Benites

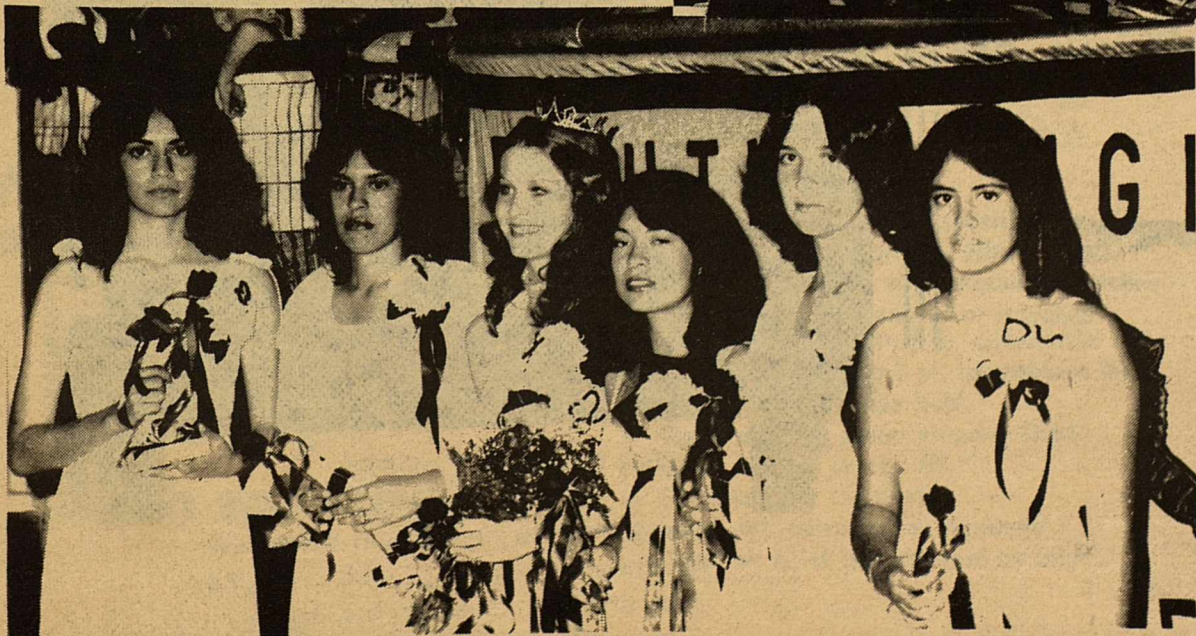

Friday the Brackett Library received two boxes of new books. Some of the books will be placed in the junior high library, but most will be housed in the high school collection. The new books cover a wide variety of subjects including sports, cooking, and auto mechanics.

CARNIVAL PLANS

By Silverio Resendez

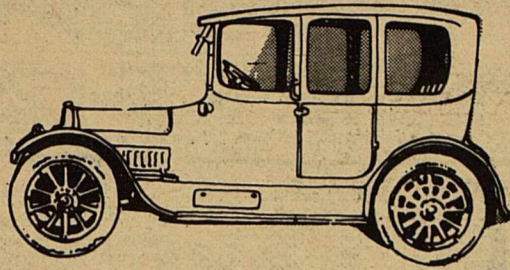

This year the FFA is having a bucking barrel for the halloween carnival. A bucking barrel consists of barrel with 3 ropes tied to it. Four poles hold the barrel. A rider mounts the barrel and 3 people try to "buck" him off by pulling the ropes. No one knows which direct on the barrel might go. Proceeds from the ride will go the PTA and FFA.
