## CITY RETAINS TAX RATE BASE

### HEADLINERS

#### CITY RETAINS TAX RATE BASE

The City Council at it's regular monthly meeting on Tuesday, 14 September, 1982, set the 1982/83 Tax Rate at \$.60 per \$100 market valuation. This rate applied to the certified tax valuation for the City of \$13,759,064.00, which compares to the tax valuation of 1981/82 of \$14,161,696,00 thus reduces Ad Valorum taxes to be collected by the City of \$2,415.80. The City Council felt that with the state of the economy, higher electric rates, telephone rates and gas charges the City would not increase the rate to correspond to the authorized level but with added organizational controls and decisions we could also tighten our fiscal belts and not add an additional burden to an already overladen tax paying public.

The City Council was extremely pleased and proud to accept from the Fort Clark Springs Community Council a check for \$200 donated to the Brackettville Volunteer Fire Department. Mr. walter Moore representing the Fort Clark Springs Community Council presented the check to the City Manager on behalf of the residents of Fort Clark Springs. The City Council representing all the Citizens, thanks the Fort Clark Springs Community Council for this outstanding consideration and support. The continuing excellent community spirit and support from the residents of Fort Clark Springs is appreciated.

As the deadline for filing for Police Chief closed the following applicants had applied for the position:

#### DINNER THEATRE COMES TO THIS AREA

On September 25th it will be possible to have dinner at Las Moras Inn and see a Melodrama right across the street at the Old Quarry Amphitheater all for \$8.00. Or, if you can't manage dinner, see the 3-Act, Fun and Laugh filled show for only \$3.00 Marie Curcio and her Amphitheatre Committee have arranged for Fred Brockwell to bring his Del Rio Upstagers here for their second performance of "LOVE RIDES THE RAILS" or "WILL THE MAIL TRAIN RUN TONIGHT". It's a wonderful opportunity for people of this area to enjoy a great evening under the stars.

The cast consists fo 12,7 men and 5 women and the story unfolds as Simon Darkway (Jim Bob McMilliam) seeks to control for his own vile purposes the local School District. Opposing him are the gallant Truman Pendennis (Bob Fiermonte), the beauteous Prudence Hopewell (Valerie Ritchie), the Widoe Hopewell (Sharon Roberts) and staunch Harold Standfast (Wade Hawkins). Assisting him are Dick Sneath (Richard Blevins), a viper of a man, and Carlotta Cortez (Lis Miller), the sultry siren with a heart of gold. Swiftly and hilariously the plot unfolds, leading to a tremendous climax when the hero is bound by the villians to the tracks in the path of an onrushing train, but the heroine arrives in the nick of time. She stops the train and virtue stands triumphant while the

### SOME FOODS MAY LESSEN ODDS OF GETTING CANCER

Although we have heard plenty about foods that appear to increase the chances of getting cancer, a recent study also cites foods that seem to reduce the odds, says the Texas Medical Association.

A scientific committee of the National Academy of Sciences says in a report that diets rich in fruits, vegetables and whole-grain cereals seem to reduce the chances of getting certain kinds of cancer. The panel specifically urged daily consumption of produce high in citamin C and carotene, which the body changes a vitamin A.

The committee noted that vitamin C in foods can inhibit the formation of cancer-causing substances. It said foods rich in vitamin C. such as citrus fruits, tomatoes, and peppers, appear to lowe the risk of stomach and esophagus cancer.

Foods high in carotene are associated with a reduced risk of many cancers, including lung, breast, bladder and skin. These foods include dark-green leafy vegetables and deep-yellow fruits and vegetables, such as carrots, spinach and broccoli.

The study also cited vegetables in the cabbage family--cauliflower, kale and brussels sprouts--for their na-

### SMALL BUSINESS— A RESOURCE WE MUST PROTECT

You can look around the square of any Texas town and see the backbone of the state economy—and of the national economy. It's small business and it provides half of all jobs. By the current state definition there are 260,000 in our state—that's 97% of all Texas businesses. The small businessman and woman not only provide jobs and pay taxes; their independent tradition also helps explain the enduring quality of our democratic form of government.

The state of Texas recognizes the importance of small business and has programs to help it. But we can do better.

For one thing, we can abolish the sales tax on utility bills which now falls basically on small business owners. Large manufacturing and processing firms don't have to pay the tax, but the grocer, retailer and florist do. It is not fair.

My opponent opposed doing away with this tax in the last session of the legislature. The tax will bring in an estimated \$220 million in 1984-85. But when you compare that with the extra \$5.1 billion the legislature will have to spend during that time, I feel we can do without the tax and the revenue it will bring. And, as Lt. Governor, I would support its repeal.

I would also support putting into effect recommendations of the small business task force initiated by the Governor. Two of these recommendations are especially appealing. One is to help small business borrow money at better rates. Most small businesses which fail do so because they are undercapitalized. To help that situation, franchise tax money would be deposited in participating banks, which would, in turn, make loans at lower rates to small businesses.

The other recommendation is that we form a group of small business development centers at colleges and universities statewide. Money for the centers would come from the U.S. Small Business Administration, the state and participating schools. The centers would provide training, counseling and other help to small business owners so that they could be more competitive in the marketplace.

If you have any thoughts on this, I'd like to hear them. Please write me at 1213 W. 34th Street, Austin 78705.

# SWTJC

The Creative Arts Society at Southwest Texas Junior College is urging all prospective entrants in the 1982-83 Creative Arts Contest to begin planning their entries immediately since the contest deadline has been moved up to December 14, 1982.

The deadline has traditionally been near the first of February, but recently, with increased participation from area schools, that date has caused problems," said David England, SWTJC creative arts sponsor.

"We moved the deadline up to December particularly to encourage teachers to develop entries during their fall semester classes," he continued. "We hope to involve as many English, creative writing, art and photography classes as possible."

The SWTJC Creative Arts Contest includes three literary divisions (poetry, short story and essay) that are open to entrants in eight age classifications (pre-school; grades 1-3, 4-6, 7-9 & 10-12; college; community; and retirement home).

Art divisions are pen and ink drawing, painting and ceramics in the same age groups. According to England, other categories will be created if a sufficient number of entries is received.

Both color and black & white photos will be accepted in the photography division. Age classifications in photography are grades 10-12, college and community.

At least a 1st, 2nd, 3rd winner will be selected in each division and age classification, with honorable mentions or the equivalent awarded when a large number of quality entries are received.

"We've received some criticism about the honorable mention award. Some who have received it said they felt embarrassed," England said. "We're going to limit the honorable mentions this year, but I think if a large number of good entries are received, they should receive some type of recognition."

The art and photography divisions are particularly susceptible to honorable mention awards.

"We plan to have a display of winning art and photography winners this year, and it will be hard to limit the awards if we receive a lot of good work," England continued. "We may have three 'superior' winners and five or more 'excellence' winners or something like that."

An awards ceremony and Creative Arts Fair will be held at the college on February 22, 1983.

The Creative Arts Society is hoping to get William Barney, the recently designated "Poet Laureate" of Texas,

to give an oral reading of his poetry at the fair.

In addition to receiving an award, winners will see their work in print in the college's literary magazine, "The Palm's Leaf."

The most recent edition of the magazine, featuring last year's winners, is available by mail for \$4.50 c/o the journalism department, SWTJC, Uvalde, Texas 78801, or in person at the college bookstore for \$4.00.

"We hope to get entries from all over Southwest Texas in every age group, as we did last year," England concluded.

For entry forms and further contest information, contact David England at the above address, or call 278-4401, ext. 222.

ENROLLMENT AT ALL-TIME HIGH

Enrollment at Southwest Texas Junior College reached an all-time high at the end of late registration last Thursday.

"It wasn't by much, but we registered 2 more students than ever in the past," said John Allen Davis, Dean of Admissions/Registrar. "This even exceeds the high expectations with which we began registration, two weeks ago."

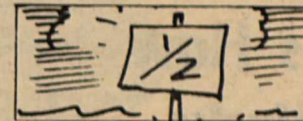

2,236 students have registered for SWTJC classes. The previous record enrollment was set in the spring of 1981 at 2,234. The highest fall semester enrollment was 2,206, set in the fall of 1980.

Enrollment figures at the various areas and campuses served by SWTJC are Uvalde day-962; Uvalde evening-238; Del Rio-520; Eagle Pass-265; Carrizo Springs- and Crystal City area-101; Dilley and Pearsall area 38; Hondo-17; Utopia-21; Sabinal 17; Leakey-21; and Devine-36.

## Confused about which air conditioning unit to buy?

Fortunately, there's an easy way to determine which one will operate most economically: look for the model with an Energy Efficiency Ratio (EER) or Seasonal Energy Efficiency Ratio (SEER) of 8 or higher.

In addition, you should make certain the system is sized to fit your home and installed correctly—other factors essential to maximum efficiency and electricity savings.

But air conditioners with the same cooling capacity can vary greatly in individual efficiency. By comparing EER/SEER numbers, you can tell which unit will do the job with less electricity.

Although a high efficiency model may cost more initially, it will save you money in the long run through lower operating expenses. That's an important consideration here in South Texas where air conditioning is in use so many months of the year.

Be sure to check EER/SEER numbers before you buy air conditioning. Your best value is a unit with an efficiency rating of 8 or more.

### TOO MUCH VOLTAGE

Constant excessive voltage, according to information now available is a leading cause of waste in electric utility bills in Texas Independent School Districts. Head of a major Texas energy conservation company, Stanley Campbell declares that utility companies are often supplying excess voltage to the school districts resulting in millions of dollars in unnecessary utility costs.

Ccampbell's firm, Powermster of Texas, works almost exclusively with independent school districts and small colleges statewide.

Excessive coltage is any voltage exceeding the face plate requirement of electric equipment. Tests show reducing voltage from the current range of 114-126 volts to 114-120 volts will not only reduce consumption but also increase efficiency and life of equipment.

Most equipment operates at peak efficiency at about 115/230/460 volts. Anything above this is waste, creating heat, high bills and increased maintenance costs.

Some utility companies may hesitate to reduce the voltage because thier revenues drop accordingly.

Their argument has been when voltage is up, aperage goes down, resulting in no change in power cinsumption. Studies negate these generalities.

California utilities have adopted a Conservation Voltage Reduction Progarm even though it means a reduction in sales and revenue. The California Public Utilties Commission said in a report that the program has been highly successful both in conserving energy and allowing longer, coller, and more dependable motor, lamp and appliance service.

Powermaster of Texas has found the easiest way to cut excessive voltage is to request your utility company to measure your voltage and set down the taps on your transformer to meet your real requirements. Each tap reduces voltage (and the utility bill) 2 1/2%. Mr. Campbell stated that the uniform savings in utility bills matches or exceeds the percentage change in the taps. "We want to share this information with the school districts and show them this has been a proven energy conservation technique for over 6 years."

STATE SENATE CANDIDATE ERNEST ANGELO ANNOUNCES CAMPAIGN STERRING COMMITTEE AND COUNTY CHAIRMEN

Republican State Senate candidate Ernest Angelo announced that Wanda Schwandner of Brackettville, Texas, is serving as the Kinney County Angelo Campaign Chairman.

Wanda Schwander is the chairman in charge of all campaign activities for Kinney County and serves on Angelo's 38-member Campaign Steering Committee.

### TORA-TORA-TORA

Tora-Tora-Tora attacks over Hondo in September are becoming an annual affair as the fall skies once again will be filled with the likes of the B-25,B-24,B-29,B-17,Wildcats, Corsairs,Mustangs,Lightnings, and Texans(an assortment of some 50 different WWII aircraft in perfect flying condition) as the Alamo Wing of the Confederate Air Force stages its 3rd Annual Air Power Demonstration onSunday, September 26,1982, at 2 pm. Gates open at 10 am at the Hondo Air Base in Hondo,Texas(50 miles west of San Antonio on Hwy 90).

Col. Dave Smith of the C.A.F. reports that a wide assotment of aircraft from the San Antonio area and throughout the country will appear in the show that traditionally attracts young and old by the thousands from the Alamo area. "We expect to see the only flying B-29 in the world in Hondo, in addition to the P-38 Lightning, P-51 Mustang,,F4U Corsair and one wach of the American bombers of WWII.: He continued, "The Tora-Tora-Tora group from Galveston will once again recreate the infamous attack on Pearl Harbor. This demonstration keeps fresh the memory of when American was almost too weak to react."

The Alamo Wing's own B-25 "Yellow Rose" will ake off as a vivid reminder of Doolittle's bomber response to Pearl Harbor just months after December 7,1945. Naturally, the B-29 will close the show.

"There shows are not to be missed and are just perfect for children to walk around and inspect a prior era of aviation," Col. Smith remarked, and closed with a caution,,," Bring a lawn chair and don't forget your hat, and you'll enjoy the afternoon."

Among the aircraft expected at the show are:

Bombers & Transport--B-29,B-24, B-17,B-25,A-20,T-BM,C-47

Fighters--FM-2 Wildcats,F4U Corsair, P-51 Mustang,P-39,P-38 Lightning, Hellcats.

### FOODS.....

tural cancer-inhibiting substances.

But the committee advised against taking large doses of vitamin and nutrient supplements. It cited a lack of proof that this is healthful and noted possible toxic hazards.

The study also urged people to cut back on foods that may increase the risk of getting cancer. They include:

--Salt-cured and smoked foods such as bacon, bologna, smoked fish and ham, sausage and hot dogs.

--Foods high in fat such as fatty cuts of meat, cooking oils and whole milk sairy products.

Finally, the report urged moderation in drinking alcoholic beverages. It noted that heavy drinking has been associated with an increased risk of cancer of the upper gastrointestinal and respiratory tracts, particularly when combined with smoking.

BRIEF EXPLANATORY STATEMENTS  
OF PROPOSED  
**CONSTITUTIONAL AMENDMENTS**  
GENERAL ELECTION  
NOVEMBER 2, 1982

**PROPOSITION NO. 1  
ON THE BALLOT**

House Joint Resolution 1 proposes a constitutional amendment that prohibits any state ad valorem tax. Receipts from previously authorized state ad valorem taxes that are collected after the effective date of the proposed amendment shall be deposited to the credit of the general fund of the county collecting the taxes and may be expended for county purposes. Taxes collected before that date shall be distributed by the legislature among educational institutions eligible to receive those funds under prior law. The proposed amendment also repeals a section of the Constitution levying an ad valorem tax for a construction fund for 17 state colleges and universities.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment repealing the state property tax."

**PROPOSITION NO. 2  
ON THE BALLOT**

House Joint Resolution 52 as amended by Senate Joint Resolution 10 proposes a constitutional amendment that would eliminate the \$80,000,000 ceiling on state welfare aid during any fiscal year.

The amendment would set the state welfare spending limit at \$160,000,000 for the 1982-1983 biennium.

The amendment further provides that, for each subsequent biennium, the maximum amount spent for state welfare shall not exceed one percent of the state budget.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize the legislature to provide assistance through the appropriations process to needy persons and to place a ceiling on payments for needy dependent children at one percent of the state budget."

**PROPOSITION NO. 3  
ON THE BALLOT**

Senate Joint Resolution 8 proposes a constitutional amendment that would exempt machinery and equipment used in the production of farm and ranch products from taxation. No dollar limits would be imposed and the exemption would apply to corporations and partnerships as well as to families and individuals.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment exempting implements of husbandry (agricultural machinery and equipment) from ad valorem taxation."

**PROPOSITION NO. 4  
ON THE BALLOT**

House Joint Resolution 77 proposes a constitutional amendment that would authorize the Legislature to set a four year maximum term of office for board members of certain water districts and conservation and reclamation districts.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the Legislature to provide terms not to exceed four years for members of governing boards of certain water districts and conservation and reclamation districts."

**PROPOSITION NO. 5  
ON THE BALLOT**

House Joint Resolution 119 proposes a constitutional amendment that would authorize Tarrant and Bee counties to hold county-wide elections to abolish the county treasurer's office by majority vote.

Should the county treasurer's office be abolished, the duties, powers, and functions of that office would be transferred to the county auditor or the successor to the auditor's functions.

The proposed amendment will appear on the ballot as follows:

"The constitutional

amendment to abolish the office of county treasurer in Tarrant and Bee counties."

**PROPOSITION NO. 6  
ON THE BALLOT**

Senate Joint Resolution 6 proposes a constitutional amendment that would raise the constitutional interest rate limit on state general obligation bonds from 6% to 12%. The new 12% ceiling does not, however, apply to bonds issued by the Veterans' Land

Board. The proposed amendment will appear on the ballot as follows:

"The constitutional amendment increasing the maximum interest rate allowed on state general obligation bonds to a weighted average annual interest rate of 12%."

**UNEMPLOYMENT  
DECLINES**

Governor Bill Clements said today he is "pleased" the unemployment rate in Texas once again has declined. Unemployment figures released Friday show that Texas' seasonally adjusted unemployment rate declined 0.3 percent from 7.0 percent to 6.7 percent last month.

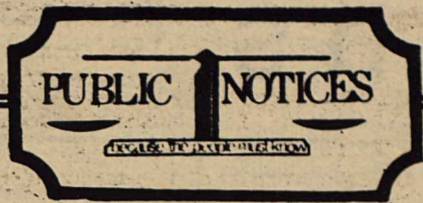

"It proves what I have been saying all along," the Governor said. "Texas will lead the recovery because we have a strong and resilient economy here. It is clear from all economic evidence that a national recession hits Texas last, it comes to Texas last and it certainly leaves us quickest," Clements said.

"The U.S. Department of Labor, Bureau of Labor Statistics data shows that Texas created 64,000 new jobs during the month of August and in fact, Texans accounted for 60 percent of the increase in seasonally adjusted employment in the entire United States for the month."

"We in Texas will beat the effects of this national recession," the Governor continued "because no matter what anybody tells you.. Texas is the best place in America to live and do business."
