HAPPY VALENTINES DAY JUDY !!!

EMERGENCY CARE CLASSES TO START FEBRUARY 21

Emergency Care Attendants (E.C.A.) classes will begin Feb 21 at the Members Lounge on Ft. Clark Springs.

The course is sponsored by Kinney County Vol. Ambulance Organization and is approved by the Texas Department of Health, Emergency Medical Services.

Classes will cover an overview of the human body, diagnostic signs and patient examination, bandaging and splinting, C.P.R., child birth, and management of accident scenes.

Dr. Luz of the Kinney County Clinic will lecture on Medical Emergencies such as Heart conditions, stroke, diabetes and epilepsy. Other guest lectures from Del Rio and Uvalde will attend.

Students taking their final examinations on March 28th are members of local law enforcement agencies, Ft. Clark Security, K.C. Fire Department, and private citizens who wish to become part of K.C. Volunteer Ambulance Organization.

Classes are limited to 20 persons. Anyone interested in taking E.C.A. classes, contact Kay Smith, 563-2144, or RoseMary Slubar, 563-2311.

CHAMBER OF COMMERCE BANQUET

DAN COOK, SPORTSCASTER AND TELEVISION PERSONALITY WILL SPEAK AT THE CHAMBER OF COMMERCE BANQUET ON MARCH 5, 1983.

eiving 2nd Division were: Francisco Perez - Cornet, and Patty Sanchez - Clarinet Solo. Mrs. Shipman was the piano accompanist.

FIELD TRIP

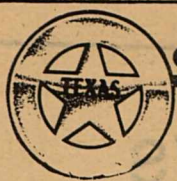

ENVIRONMENTAL SCIENCE FIELD TRIP
Brackett High School, J.D. Frerich, Environmental Science Teacher

Members of the Environmental Science II class of Brackett High School were the guests of Mr. Jim Voss. Mr. Voss, a predatory mammal control agent, presented a demonstration on the methods used to control predatory mammals. The field trip was conducted on the Bud Conoly Ranch. Thanks to Mr. Voss and Mr. Conoly for an interesting and informative presentation.

Vicky Pena	35th Light Finewool	West Pinto Ranch
Melissa Meyer	35th Heavy Finewool	Borlu Equip. & Nuggett

SHERIFF'S CORNER

By Norman H. Hooten

Criminal incidents involving juveniles kept us busy this past week.

I reported to you the burglary of a habitation that occurred last week and the subsequent arrest of two juvenile females and the recovery of approx. \$200.00 worth of the stolen property.

The girls involved were released Tuesday of last week. Tuesday night of the day they were released they were caught in Jones Elementary by the janitor and told to leave.

Wednesday night two of the girls stole a local man's vehicle and fled to Del Rio where they were apprehended by Del Rio Police. They were returned to Brackettville and placed in County Jail.

Thursday morning, while being interviewed by Juvenile Officers, I inventoried the property they had in possession at the time of their arrest and more of the stolen property that had been taken in the burglary was identified and recovered.

At approx. 1:30pm Thursday afternoon we received a call from Mr. Bill Johnson, Principal of BHS who advised that the other two girls were causing a disturbance at school and appeared to be under the influence of drugs. Upon our arrival and further investigation it was determined that the girls were not on drugs at the time, but were causing serious disturbances at school. They were transported to County Jail and held there until Juvenile Officers determined what action should be taken. They were released into the custody of Rev. Watson of the First Baptist Church of Brackettville. We appreciate the interest and cooperation from the various churches and ministers in our community. Quite often when everything else fails they can reach these youngsters where we can't.

Two separate cases of Possession of Marijuana were filed by DPS officers in County Court this past week. One subject posted bond and will be tried later. The other pled guilty and was fined and after paying fine was released.

I do not have the space this week, but next week I hope to bring you up to date on the Rabies Control Act that was passed by the State Legislature. It cannot and will not be able to work unless supported by the people and I feel that it deserves full cooperation of all our citizens.

CITY HALL

BY: WM THURBER,
CITY MANAGER

The City Council meeting in regular monthly session considered and discussed many items on the agenda last Tuesday evening that should be of interest to most residents.

First, the Council voted unanimously to support our younger generation and the Little League Program by agreeing to sponsor the All Star Team selected from Kinney County for All-Star Tournament Play. The City will provide new uniforms, balls and bats to enable our representatives on the diamond to look smart, feel sharp and hopefully play smart in the tournament games.

Secondly, the Council voted unanimously to return all utility deposits to homeowners. Utility deposits will no longer be required from homeowners on their personal residential property. All property rented, leased and etc., will still

require the deposits for gas and water service.

Third, the City's new TRS-80 II Computer has been delivered and installed although not yet fully operational. Any resident desiring to see their computer system is welcome to drop by and if possible either Ginger or Josie will give a short demonstration.

The six month annual budget review was presented to the Council and no recommended or directed changes were required.

Senate Bill 287 commonly referred to as the State Highway Fund this year includes Part II which is the City Street Improvement Fund. We at the City have presented the appropriate reports and are listed to receive \$40,000.00 over the next two years for maintenance of our paved streets when and if the bill is passed.

Remember Saturday, April 2, City Election for two (2) Council Members.

Pride and interest breeds pride and interest- Apathy breeds apathy.

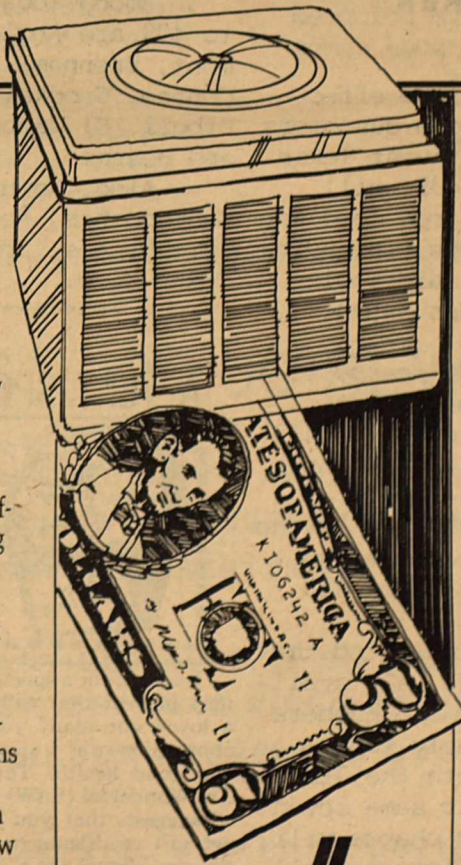

Support the Brackettville Chamber of Commerce Annual Banquet on March 5, 1983.

Save money with a heat pump for heating and air conditioning

You can lower your utility bills substantially by using an electric heat pump to provide the heating and cooling that account for as much as 65 to 70 percent of the electricity consumed in your home. It's a super-efficient device that should be included in any new house you build or buy. Or maybe you'll want to consider adding a heat pump to your present home to increase the efficiency of your heating/cooling system.

Although its name is somewhat misleading, the heat pump actually is designed to keep you comfortable all year long. It warms your house during the winter and air conditions it during the summer - and does both more efficiently than any other combination unit now available.

What makes it so efficient? The heat pump simply moves heat - a less expensive process than making heat, as gas and other conventional systems must do.

In cold weather, the heat pump absorbs the heat always present in outside air and transfers it inside. In hot weather, it removes heat from the interior to air condition and dehumidify your home.

The heat pump is an especially good choice for South Texas because it performs most economically in places with a relatively mild climate. In the area served by Central Power and Light Company, a properly installed heat pump can produce at least 2½ units of heat for every unit of energy needed to run it.

If you'd like more details, just inquire at your CPL office. We'll be happy to give you information about heat pumps and other devices that help you use energy wisely.

**KINNEY COUNTY
LIBRARY**

For those of you who have been interested in helping out at the library, but have not known what is available to be done, I will feature a job each week. This week's job feature is: SORTING BOOKS INTO CATEGORIES OF--

- 1) adult, Young Adult (y or ya), Juvenile (J), and Easy (E), Large Print (LP), and Spanish (Sp) editions.
- a) Fiction, Hardback and Paperback, AdF (Orange dot on spine) Adventure or Suspense Fiction, MyF or MF (Red dot), Mysteries - Detective Stories, GF (Dark Blue dot) Gothic Fiction, HF (Yellow dot) Historical Fiction,, RF (White dot or no dot) Contemporary Romance, SF (Light Blue dot) Science Fiction and Fantasy, SupF (Black dot), Supernatural, "weird" or "Psycho" Fiction, WF (Green dot) Western Fiction.

- 2) All YA books should have dark purple. YA sticker on spine.
- 3) Repair book spines with tape or add colored dots or spine label.
- 4) Stack books on floor nearest book case where books are to be shelved.

NOTE: For those of you keeping up with our court case against our first library architect, J. Graves, WE LOST.

Respectfully Yours,
Mrs. Charollette Corey
County Librarian

**NEW AREA CODES FOR
HOUSTON AREA**

A new area code will be effective March 19 for telephone customers in parts of East and Southeast Texas.

The new area code, 409, will replace the current 713 area code for about 180 cities and towns, including Beaumont and Galveston, said Doyle Bebee, Community Relations Manager, for Southwestern Bell.

Houston and about 30 nearby towns will remain in the 713 area code. All other cities in the existing 713 area will switch to the new 409 area code.

Record growth, especially in the Houston metropolitan area, created the need to split the existing 713 area code, said Bebee.

He said forecasts indicated that without the new area code, all available 713 area code telephone numbers would be exhausted by early 1984.

All customers in both the 713 and 409 areas will keep their same seven digit local number. The change will have no effect on Long Distance calling rates.

For three months after the conversion to the new code, calls made to the 713 area code instead of the correct 409 code will be automatically transferred. After the three month

period, a recorded announcement will instruct the caller to dial the new 409 number.

Among locations which will change to 409 are Angleton, Bay City, Beaumont, Brenham, Bryan-College Station, Conroe, Crockett, Diboll, El Campo, Freeport, Galveston and Hearne.

Also, Kountze, LaMarque, Lufkin, Nacogdoches, Nederland, Port Arthur, Port Neches, Schulenburg, Silsbee and Texas City.

A VERY SPECIAL GIFT OF LOVE

Looking for a special holiday present that will bring a loved one many years of companionship, happiness and good health? The Pets Are Wonderful (PAW) Council suggests that you give a pet gift certificate (such as the one above) for a dog or cat from your local animal shelter. The gift certificates are available at many shelters for a donation ranging from \$15 to \$40. You can also put your creativity to use and design your own.

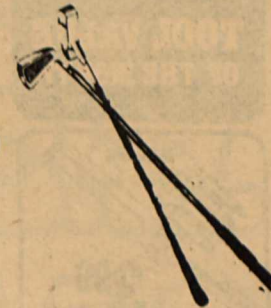

Giving a gift certificate rather than an actual pet is important for two reasons: it allows the recipient to choose his or her own pet, and the pet can come into the home after the hectic holidays when the household is back to normal. A furry friend can bring smiles and laughter to your family, grandparents, best friends or sweetheart—and is a rewarding and wonderful way to share your love while saving an animal's life.

KAZEN

Few issues have outraged so many Americans in such a short period of time as the new law requiring withholding taxes on interest and dividends.

I opposed the Tax bill which included this provision and I am pleased to report that among my first actions of the 98th Congress was to introduce my bill, H.R. 621, to repeal it.

Consider this:

--Roughly three quarters of all taxpayers already have too much money withheld by the IRS from their wage income.

--Not only is money being taken out of bank accounts and savings and loan institutions but Americans are losing the interest that would have been paid off on those withheld funds.

--Most interest and dividend earnings are already reported to the Internal Revenue Service by Banks and businesses, and a 1981 IRS study shows that with this information alone the IRS can achieve a 97.3 percent voluntary compliance rate.

--At a time when we should be encouraging savings to assist individuals and the entire economy, this provision is clearly a disincentive.

Those who argue that there are regulations and formulas to assist persons in need should realize that the law is confusing even to banking experts. Just imagine the problems it will create for senior citizens trying to live off interest and dividend earnings.

My bill and others similar to it went to the House Ways and Means Committee for examination there. It is my feeling that if we can pers-

uade the Committee to release the legislation for a House vote, the withholding law will in fact be repealed, as it should be. I will be doing my best to see that this comes about.

"Some folks are too polite to be up to any good."
Kin Hubbard

**DOYLE BEBEE - COMMUNITY
RELATIONS MANAGER SW BELL**

Southwestern Bell has announced the appointment of Doyle Bebee as Community Relations Manager for the company's South Texas operations, including Brackettville.

Bebbee brings to his new job some 27 years of telephone company experience, much of it dealing with customers on a direct basis. His new role will be to oversee service and civic concerns as it impacts on both the company and the community.

Bebbee said his new position is a result of company reorganization due to the changing market for telephone services.

"With consolidation and the relocation of some of our offices in many of the cities we serve, and the massive changes that are occurring within our industry, we are concerned about keeping the channels of communications open with our customers," Bebee said. "These are times when we need to be more visible, not less." Bebee noted that the telephone company had always been interested in the

communities it serves. Yet, due to mechanization and centralization, the company runs the risk of "losing touch" with its customers.

"Consumers today demand and deserve responsiveness from corporations that serve their community. We need to talk with customers more and we hope to do this by being more involved in the communities we serve," he said.

Bebbee served as staff Manager in the Business Service Center operations in Dallas prior to appointment to the new community relations job.

He began his career with the Bell System in 1956, working for AT&T Long Lines as a Data Marketing Manager. Bebee has held various marketing positions for Southwestern Bell in Dallas and was an active Shriner.

While his office will be located in Seguin, Bebee said he anticipates frequent travel to the cities for which he has community relations responsibilities.

"I look forward to working with the various communities," he said.

Public Notice

In order to implement prior orders of the Public Utility Commission of Texas in Docket No. 3957, notice is hereby given of Southwestern Bell's proposal to implement a new schedule of intrastate long distance rates, effective April 1, 1983, unless otherwise determined by the Commission.

It is expected that the proposed rate schedule will not increase the company's net intrastate revenues, but rather, the increased rates will offset increased settlements paid to certain other telephone companies.

A complete copy of the new rate schedule is on file with the Public Utility Commission at Austin, Texas, and is available for inspection in each of the company's public business offices in Texas.

**Notice to Customers of
Other Telephone Companies**

Changes in intrastate long distance rates would also affect customers of other telephone companies because such companies provide intrastate long distance service in accordance with rates specified in Southwestern Bell's tariffs.

Aviso Público

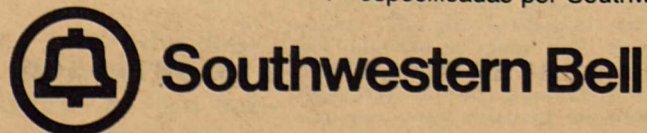

Southwestern Bell, con el objeto de cumplir con el decreto previo del Public Utility Commission (Comisión de Servicios Públicos) del Estado de Texas, Acta No. 3957, por la presente hace saber su intención de establecer un nuevo arancel de tarifas para servicio intraestatal de larga distancia, con vigencia a partir del 1o de abril de 1983, a menos que la Comisión haga otra determinación.

Se espera que el nuevo arancel de tarifas que Southwestern Bell se propone establecer no aumentará sus ingresos netos intraestatales, sino que servirá para compensar el aumento de los ajustes que se les paga a algunas otras compañías de teléfono.

Una copia completa del nuevo arancel de tarifas se ha archivado en las oficinas del Public Utility Commission (Comisión de Servicios Públicos) en Austin, Texas, y esta disponible para inspección pública en todas nuestras oficinas en el Estado de Texas.

**Aviso a los Clientes de
Otras Compañías de Teléfono**

Cambios en las tarifas para servicio intraestatal de larga distancia también afectarían a clientes de otras compañías de teléfono porque dichas compañías proveen servicio intraestatal de larga distancia en conformidad a tarifas especificadas por Southwestern Bell.
