FILMING POSTPONED

Principal photography on
 "The Red Headed Stranger"
 starring Willie Nelson has been
 rescheduled for a March 1,
 1984 start date. The picture,
 which was originally scheduled
 to roll on May 23, 1983, has
 been rescheduled due to the
 availability of the director,
 Bill Wittliff, and the current
 availability of certain actors.
 In addition, the producers
 feel that the possibility of
 a strike action by the members
 of the Screen Actors' Guild
 during the original production
 period represented too great
 a threat to the successful
 completion of the project.

Troop 234

BY NORMAN HOOTEN

Alert, heads-up law enforcement work by DPS Trooper Buddy Burgess last Monday resulted in the capture of a

load of 9 illegal aliens and the recovery of a stolen vehicle. Trooper Burgess was on routine traffic patrol on Hwy. 90 East of Brackettville when he observed a Chevrolet Blazer driven by a young looking Mexican male. He decided to check the vehicle and was notified that it was stolen. Upon making the stop the illegal aliens lying in the back were taken into custody and the vehicle was transported back to Brackettville. The owner was notified and the vehicle was returned. No charges were filed as all the men arrested were illegal aliens and State prosecution on them is slow and tedious at best.

The trial of a local man in District Court here was completed last Friday. Raymon Falcon, 29, was tried on two counts of Aggravated Assault with a deadly weapon that occurred a year ago May 1. These charges stemmed from a fight that took place on the Rocksprings Road near the "Oak Tree", a favorite nighttime hangout for young people.

The jury found Mr. Falcon Not Guilty on one charge and Guilty on the other. The same jury also sentenced Mr. Falcon to three years in the Texas Department of Corrections in Huntsville. His decision to appeal his conviction is pending.

I would like to commend County Judge Albert Postell on his efforts to keep the County Court Docket current. Many County Court Dockets are filled with old cases and a large percentage of those cases end up being dismissed because witnesses can no longer be found, evidence is lost and memories fade. Judge Postell tries cases almost every week and generally clears the docket monthly.

This action by Judge Postell is appreciated by those of us in law enforcement. It

is disheartening to a law enforcement officer to work up a good case, present it to the prosecution and watch it die on the vine and end up dismissed because of lack of action by the courts. We have good laws on the books, but no matter how good the law is or how well a peace officer performs his job in enforcing that law, it is only as strong as the court within which the case is to

be tried.

We have a strong, efficient County Court in Kinney County, primarily because we have a Judge who does his job well and tries to cases presented to him on a regular basis.

LIBRARY NEWS

Next Monday, beginning at 10:00a.m. and lasting through the day, the County Commissioners will meet at the Courthouse to go over the budget for the fiscal year 83 - 84. Included in this will be the library budget. The major difference in our request over last year's budget is an additional \$6,968.00 for a full-time library assistant to work a 40 hour week at \$3.35 per hour or minimum wage. Most of you are already aware of the work stacked up around my ears and my attempt to "tread water", so to speak, to keep up with the steady increase in circulation, services and paperwork. Several of you have been unhappy when I've had to close the library to run errands at the courthouse or in town, handle paperwork, attend library workshops, give school

or club presentations about library services, etc. In a nutshell, my health will no longer stand up to the pace I've set myself since becoming Library Director December 1981. I know you library patrons appreciate me, and for the most part, are the SILENT MAJORITY, But this year, I'm counting on you to speak to your commissioner in support of this request as I know you are as concerned about the quality service at the library as I am.

God be with the County in this Decision...

Sincerely Yours,
Charolette Corey, County Librarian.

SCANDINAVIAN HAM SALAD

Juicy, fresh pineapple is the star in Scandinavian Ham Salad.

Enjoy it combined with ham, bright red cherry tomatoes and crunchy celery. On top—savory sour cream dressing, punctuated with hot mustard, dill weed and lemon juice. A perfectly simple summer meal!

Fresh Pineapple is picked ripe and ready to eat; look for firm, plump fruit with a fresh aroma, and you'll be assured of one of the juiciest, sweetest treats around.

- 1 Dole Fresh Pineapple
- 2 cups cooked ham, cut into chunks
- 6 cherry tomatoes, halved
- 1 cup sliced celery
- 1/4 cup sliced green onions
- 1/2 cup dairy sour cream
- 1/2 teaspoon dill weed
- 1/2 teaspoon hot mustard
- 1/4 teaspoon lemon juice
- 1/8 teaspoon garlic salt
- 1/8 teaspoon pepper

Cut pineapple in half lengthwise through crown. Remove fruit, leaving shells intact. Core and dice fruit. In a large bowl, combine pineapple, ham chunks, cherry tomatoes, celery and green onions. In a small bowl, combine all remaining ingredients for dressing, blending well. Spoon dressing over pineapple combination, tossing gently to mix. Pile salad into pineapple shells to serve. Makes 4 to 6 servings.

CATTLEMEN'S ASSN..

Hundreds of ranchers across the state will soon begin a unique round-up of calves and other livestock for a sale to benefit the Independent Cattlemen's Association of Texas.

This year's sixth annual event is scheduled for May 14 in Victoria. It will be hosted by the Victoria county ICA chapter.

ICA President Roy Wheeler who began the benefit sale six years ago, invites all livestock producers and agribusiness owners to participate. Funds raised through the sale enable ICA to continue its work for legislation beneficial to the agriculture industry. Efforts to preserve the rural community, fight harmful immigration bills, and to encourage today's youth in agriculture through a new \$6,000 scholarship program were made possible by funds from the 1982 calf sale, Wheeler reports.

"We thank all of those who have helped with donations in the past and urge them to encourage their neighbor to donate with them this year," said Wheeler.

Finley Blackwell and Burrell E. Jones, owners of the Victoria Livestock Commission, Inc. have donated the use of their facilities for the fundraiser to begin at 10 a.m. Saturday.

The sale will be preceded by a cattle drive party Friday, May 13 from 7 to 12 p.m. at the VFW Hall in Victoria. Food, drinks, and dancing, compliments of Citizens National Bank, First Victoria National Bank, Interfirst Bank Victoria, United Bank - Victoria and Victoria Bank and Trust will be offered to all calf donors and friends of ICA attending.

Auctioneer for the sale will be Clyde Holdcroft of Pleasanton. Serving as Transportation Director, Verlin Callahan of Bastrop will assist members in transporting their donations to Victoria. To make arrangements to have calves delivered to the Sale, donors may contact Callahan at (512) 385-3452 or Tyler McCumber at the association office at (512) 836-1321.

NEWS FROM BOB BULLOCK

State Comptroller Bob Bullock Tuesday said collection of the State's 10 percent mixed drink tax during the first quarter of 1983 was up 2.7 percent over the same period last year.

Bullock said the state received \$36.1 million in taxes on the sale of mixed drinks during the first three months of 1983.

Bullock's office is sending checks totaling \$10.5 million to 220 counties and 415 cities as their share of the gross receipts tax on mixed drinks for the first quarter.

The state's general revenue fund will receive the balance--\$25.6 Million--of the tax money collected.

Texas cities and counties each receive a 15 percent rebate of the tax collected on mixed drinks sold within their boundaries under the law that legalized the sale of mixed drinks in the state.

The mixed drink tax is collected by the Alcoholic Beverage Commission and city-county rebates are sent out quarterly by the Comptroller's office.

Bullock said the mixed drink tax brought in a total of \$140.2 million during 1982.

***Attached figures concerning Kinney County were: Total County Tax Revenue--\$2,073.09, County's 15% Remittance - \$310.96.

TMA Produces Series of
Health Education Brochures

Looking for some new reading material in your doctor's office? The Texas Medical Association (TMA) has created a set of health education materials called the HealthWise Series that soon may be featured in your physician's reception area.

The initial set of four pocket-sized brochures covers healthy lifestyle habits improving the relationship with your doctor, the dangers of drinking and driving, and detection and prevention of sexually transmitted diseases.

Samples of each and an order form have been sent to every physician member of TMA as part of its ongoing health education efforts. Doctors may order quantities of the brochures free of charge as a service of the association.

During this next year, the series will be expanded to include a total of eight brochures. Topics chosen for the series reflect ongoing priorities of TMA and provide patients with helpful information on health matters.

For more information about the series or to order copies, contact the TMA Communication Department, 1801 North Lamar Blvd., Austin Texas, 78701 or call 512 477-6704.

ALAMO VILLAGE OPENS

"A TOWN THAT MOVIES BUILT"

Alamo Village, located on the Shahan HV ranches, Brackettville, Texas is a replica of the historic Texas shrine, the Alamo. It is the largest reproduction of the Alamo ever built and was constructed for John Wayne's epic "The Alamo." Owner, "Happy" Shahan said "The Village's construction started on October of 1957, cost \$12,000,000. The largest budget ever set for a film at the time."

Dedicated to authenticity, the crews built the Alamo and the major structures of the town of San Antonio circa 1800 with more than 1 million adobe bricks, 1 million square feet of lumber, 40 miles of reinforced steel, 125,000 square feet of concrete flooring, 12 miles of water pipe and more than 30,000 square feet of imported Spanish tile roofing.

Open daily May 1 through September 30, Alamo Village is a complete town, with a jail, saloon, general store, trading post, bank, hotel, church, blacksmith shop, Cantina serving food and soft drinks. The stagecoach is running and their are horse back rides. Memorial Day through Labor Day there is live entertainment consisting of music, singing and western melodrama (gun fights).

Many other major movies and television shows have been done here including "Two Rode Together," "Bandolero," "Centennial's Cowboys & Longhorns," "Code of Josey Wales," "Seguin," and "Barbarosa". Future plans are: Jum Owens production of "High Noon," starring Mel Tillis and a Brimstone Films, Dallas, Texas theatrical production.

The phrase "the fourth estate," referring to journalism, actually had a wooden hull but earned its name, was first used by Sir Edmund Burke during a speech made to the British Parliament, as he considered the press a fourth estate. A cannon shot in the War of 1812 fell harmlessly off her side and a sailor is said to have shouted, "Huzza! Her sides are made of iron."

Series offers chamber orchestra "oldies" trio and ballet troupe

From the classical to the roaring 20's to the traditional folk tunes, music is a common bond, and people from the Brackettville - Fort Clark Springs Area have an opportunity to hear it all played during the 1983-84 Del Rio Community Concert Association series.

Making their first American tour, the "Constanza" Orchestra is one of the classic chamber ensembles of Eastern Europe. Under the direction of Mr. Paul Staicu, this group of 26 instrumentalists, each of which has graduated from a music conservatory, play to sellout audiences throughout Europe and regularly tour to Italy, France and Germany.

"The Manhattan Rhythm Kings" is a lively, American-bred, trio who sing and dance to the tunes of the 20's, 30's and 40's. Between the three artists, they represent a 40 piece band and, according to Rex Reed of the Daily News "The Manhattan Rhythm Kings, with two-toned wing-tip shoes, straw fedoras with orange hat bands and wide-shoulder lapels, are so full of tempo that they steam the creases right out of their pants."

The last artist featured, the "LUCNICA" Folk Ballet, is regarded as one of the very top folk ensembles of world-class status and is making return engagements in cities such as Chicago, Denver and New York. Through authentic costuming and superb choreography, this troupe of 46 members symbolize "Youth carrying on age-old Tradition" and through folk ballet, they express the life, joy, suffering, love and determination of their natiaveland.

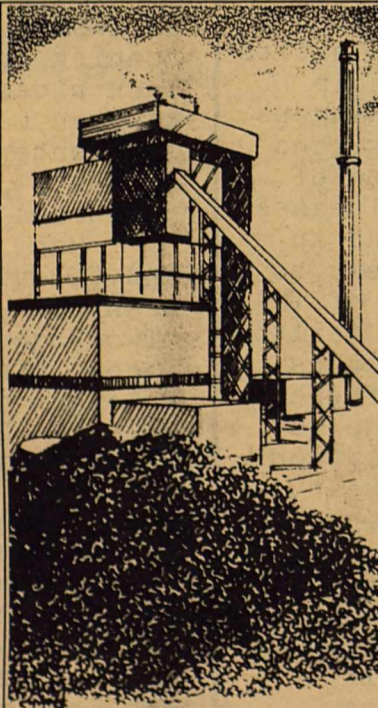

For more information concerning this series, please contact either: Mrs. Herbert S. Blackwell at 563-2781, or Mrs. Robert Conrey at 563-2063. Memberships will not be sold after May 14, 1983.

CPL builds coal and nuclear plants to combat rising fuel costs

Because natural gas prices have increased so sharply in recent years (1,600%), Central Power and Light Company now is producing part of its electricity with a less expensive fuel—a change that holds down your electric cost.

Coletto Creek Power Station, our first coal-fired plant, generates electricity for 35% less fuel cost than our gas-fired plants, and accounts for 30% of our total production. Coal will become an even more important power source for South Texas as CPL builds and shares in additional coal-fired units.

The cost of nuclear fuel remains the lowest of all available fuel sources, so CPL is continuing its participation in construction of the South Texas Project.

For the years ahead, CPL also is considering the use of lignite—another low-cost fuel that could help hold your energy bills down. In fact, anytime new fuels or methods are developed that might cut production costs, CPL will investigate the possibility of using them.

While CPL works to keep your energy costs as low as possible, you can help, too, by learning new ways to control your use of electricity.

Inquire at your CPL office for information on high efficiency air conditioning units or the energy-saving heat pump that provides both heating and cooling for your home.
