BREEN AND SAENZ HONORED

STATE OF TEXAS HONORED INDIAN WOMAN

NAKAI BREEN
(Cherokee)

NAKAI Breen, born in Adair County, Oklahoma in 1930. Her natural parents were full-blooded Cherokees named Hastings.. She was adopted at an early age by the family of Fred L. and Felicia Hobbs raised in a Rio Grande border town. Her husband, Bud Breen, is a successful self-taught artist. The Breens live in Brackettville, 35 miles East of Del Rio, Texas.

Nakai has spent 38 years of her life trying to help a forgotten tribe of Kickapoo Indians. Most of her life has been dedicated to the improvements of the living standards of the poverty stricken Kickapoo Band of American Indians in Eagle Pass, Texas. She is devoted to these people who depend on this trilingual woman for everything from writing letters to saving children's lives. She has never received any compensation for helping the Traditional Kickapoos of Texas and Mexico.

Nakai is a member of various Indian organizations throughout Texas and Oklahoma. She is a member of the Texas State Chapter of NAIWA. Her dedication to helping Indian People has been shown by her donations of paintings to help Indian Centers and organizations in Texas and Oklahoma.

Nakai has served as Assistant to Senator Ron Clower of Texas; as Assistant to

Native American Rights Fund; Attorney Kurt Blue Dog and she has appeared before Congressional Committee Hearings to testify on behalf of the Kickapoos. She was commissioned to make a buckskin dress for presentation to the Head of State of Switzerland; this dress is on permanent display at the Bern Museum in Switzerland. She is featured in the book,

"PERSONALITIES OF THE SOUTH"

Nakai's commitment to the Indian People is highly commendable. The Texas State Chapter of NAIWA is proud to present as the Honored Woman from the State of Texas, Mrs. Nakai Breen.

SAENZ HONORED

Agapito Saenz, with the State Department of Highways and Public Transportation (DHT) was honored June 16, 1983, with the presentation of a Certificate of Service and Lapel emblem, commemorating 30 years as an employee of the maintenance section located in Brackettville.

Mr. Saenz served with the Allied Forces in North Africa and Italy during World War II from 1942 to 1945. His DHT career began in 1953 at the Brackettville maintenance section. He has remained there the entire 30 years where he has worked up to the position of Maintenance Technician III and Crew Chief. He is with the work force of Maintenance, Construction Supervisor Daniel A. Kral.

Agapito is a dedicated employee who attends schools and workshops when offered and likes to help the traveling public when needed. He has a letter of commendation and thanks from a motorist he assisted. The motorist was struck in the sand and Agapito and two other DHT employees gave up their lunch hour to render aid.

Mrs. Saenz (Guadalupe) and Agapito have five daughters, two sons, and two grandsons, Michael and Patrick. They are

OLD QUARRY SOCIETY FOR PERFORMING ARTS

Fort Clark Springs, July 3, 1983. You are cordially invited to be the guest of the Old Quarry Society for the Performing Arts at the open house for the newly built dressing rooms located in the Amphitheatre. Refreshments will be served followed by a wonderful recorded program of your favorite classical composers, Beethoven, Liszt, and Bach to name a few. This program is entitled "Music Under the Stars" arranged by Ben and Rozetta Pingot.

The dressing rooms were accomplished by generous donations from the community Council of Fort Clark the New World Study Club of Brackettville, and Mr. Nat Mendelsohn. Gifts of material, time and expertise were given by Jon Held. A fine job was done by Abel Irrigation Company of Eagle Pass at minimum cost to the Amphitheatre. The cooperation

of the Board of Directors of Fort Clark has been indispensable. So come join us under the stars to see what your community has accomplished.

Manager Bernie Cervantes and Coach Vic Jimenez; with players being: Placido Samaniego, Jr., Manual Pena, Jr. Reyes Diaz--Cowboys: Edward Garza, Arnette Hunter, Ernest Abrigo, Jesus Aguirre--Lions: Ruben Talamantez, Jr., Frankie Gutierrez, Frank Morgan--Rams: Lee Floyd, Orlando Talamantez, Mike O'Rourke, Audie-Grant Hill, and Rod DeLeon, were awarded a Little League Plaque for their participation in Little League by President Jane Gomez. These boys played their last game Saturday, June 25, 1983.

All-Star selections will be made Friday, July 1, 1983-- as a meeting will be held to determine selection along with the returning of all the uni forms, and to close of the 1983 season business. Again we would like to thank each and every person and business place that donated their time, money, materisls, etc., to make this 1983 season a most successful one.

Well the 1983 Little League Season is over with the fol-
lowing teams' finishing place:

- 1st Place----Lions
- 2nd-Place----Giant
- 3rd Place----Cowboys
- 4th Place----Rams

Tip of the hat to the Brackettville Lions' Club for their generous donation of \$300.00, this will be used to pay-off approximately \$188.00 for Little League Insurance; plus cost for two concession door iron fixtures for security. We would also like to tip our hat to Lozano. Welding Shop for their donation of time to install doors at the concession stand.

At the same time we would also like to advise future Little League participants that probably for the coming year a registration fee of at least \$10.00 will be mand-
atory from each applicant.

APPLICATIONS AVAILABLE FOR BREAKFAST & LUNCH 1983-84

The Brackett Independent School serves nutritious meals every school day. Student may buy lunch for \$1.00 and breakfast for \$.50.

Children from families whose income falls within the level shown on the attached scale are eligible for either free meals or reduced priced meals priced at \$.40 for lunch and \$.30 for breakfast.

To apply for free or reduced-price meals, call Sandy Hermann or phone 563-2491.

VERIFICATION: The information on the application may be checked by the school or other officials at any time during the school year.

REPORTING CHANGES: If your child is approved for meal benefits, you must tell the school when your household income increases by more than \$50 per month (\$600 per year) or when your household size decreases.

REAPPLICATION: You may apply for benefits at any time during the school year. If you are not eligible now, but have a decrease in household income, become unemployed, or have an increase in family size, fill out an application at that time.

FOSTER CHILDREN: If you have foster children living with you, they may be eligible for these benefits. If you wish to apply for these benefits for them, please contact the school and they will help you complete the application.

NONDISCRIMINATION: Children who receive free or reduced-price meal benefits are treated the same as children who pay for meals. In the operation of child feeding programs

no child will be discriminated against because of race, sex, color, national origin, age, or handicap. If you believe you have been discriminated against, write immediately to the Secretary of Agriculture, Washington, D.C. 20250.

FAIR HEARING: If you do not agree with the school's decision on your application or the result of verification, you may wish to discuss it with the school. You also have the right to a fair hearing. This can be done by calling or writing the following official: Sandy Herman, Brackett I.S.D., Box 586, Brackettville, Texas, 78832, phone: 563-2491.

CONFIDENTIALLY: The information you provide will be treated confidentially and will be used only for eligibility determinations and verification of data.

HELP WITH APPLICATION: If you have any questions or need help in filing out the application form, please contact Sandy Herman at Brackett H.S. You will be notified when the application is approved or denied.

In 1642, a flood in China claimed an estimated 300,000 lives, putting it among the world's worst natural disasters.

When does a tropical storm become a full-blown hurricane? When storm winds reach a velocity of 74 mph.

The temperature in Spearfish, S. D., rose 49°F in only two minutes in 1943. It went from -4°F to 45°F. In 1918, Granville, N. D., had a temperature rise of 83°F in 12 hours.

According to Figgie International's Thermometer Corporation of America (TCA), Brown-ing, Mont., recorded a temperature drop of 100°F in a 24-hour period. In 1916, the temperature fell from 56°F to -44°F.

PUBLIC NOTICES

PUBLIC NOTICE OF INTENT TO CHANGE RATES

Notice is hereby given that RIO GRANDE ELECTRIC COOPERATIVE, INC., (the "Utility") intends to change rates for electric utility service effective July 1, 1983, or as soon thereafter as permitted by law. The changes are applicable to all areas to which the Utility provides electric utility service. All classes of customers are affected by the proposed changes. The Utility expects that the proposed schedule of rates will furnish an additional 7.4% in revenue as compared to the amount of revenue furnished by the existing schedule of rates.

The Utility intends to change its service rules and regulations including rules relating to obtaining service, line extension and line extension and line extension charges, the provision of electric service, service fees, and discontinuance of service.

Implementation of the proposed changes is subject to approval by the appropriate regulatory authority. A statement of intent including the proposed revisions of tariff and schedules and a statement specifying in detail each proposed change, the effect the proposed change is expected to have on the revenues of the Utility and the classes and numbers of Utility consumers affected is on file with the Public Utility Commission of Texas and the municipalities of Rocksprings, Crystal City, Brackettville, Eagle Pass, Alpine, El Paso, Fort Stockton, Dell City Terrell, Uvalde, and Carlsbad, New Mexico.

The Statement of Intent is available for public inspection at the general office of the Utility located at the corner of Spring Street and R.R. 674, Brackettville, Texas 78832.

AT HOME with INTERNATIONAL LIQUEURS

Old Fashioned Favorites With Modern Flavors

Convenience and economy are hallmarks of American cuisine. Busy working women want delicious meals for their families, but don't want to spend the time in the kitchen.

Popular desserts like brownies and bread pudding become extra flavorful with the addition of the imported liqueur, Tia Maria. Both can be made in under an hour, and the ingredients are common to most kitchens. The full-bodied flavor of Tia Maria reminds one of the finest coffee in the world—grown in Jamaica's Blue Mountains.

Combine all ingredients and stir. If icing is too thick add milk, a little at a time. Spread over cooled brownies. Makes 30 squares.

TIA MARIA BROWNIES

- 1 cup pecans (coarsely chopped)
- 1/3 cup Tia Maria plus 2 tablespoons
- 4 eggs
- 2 cups sugar
- 2 sticks melted butter
- 1 teaspoon instant coffee (dissolved in 1 tablespoon hot water)
- 2-1/4 cups flour
- 1/4 teaspoon salt
- 4 squares unsweetened chocolate (melted and cooled)

BANANA BREAD PUDDING

- 3 tablespoons butter
- 4 slices day-old bread, crusts removed
- 1/3 cup brown sugar
- 1/2 teaspoon cinnamon
- 1 cup mashed banana
- 4 eggs, slightly beaten
- 1/3 cup sugar
- 1-1/2 teaspoons vanilla extract
- 2 cups scalded milk
- 1/2 cup Tia Maria
- Salt

Chocolate Sauce

(homemade or store-bought)

Toss pecans with 2 teaspoons Tia Maria, set aside. Preheat oven to 350°F; grease and flour a 9x13 pan. In a large bowl, beat eggs; add sugar and beat well until mixture is light and fluffy. Stir in melted butter, Tia Maria, coffee and nuts. Mix well. Stir in flour and salt. Pour into pan and bake at 350°F for 25 minutes or until done. Cool before frosting.

Preheat oven to 350°F. Butter a 1 1/2 quart casserole with 1 tablespoon butter. Spread bread with remaining butter. Sprinkle with brown sugar and cinnamon. Put two slices bread together, making a sandwich. Cut each into 4 rectangles. Arrange in single layer on bottom of casserole.

Blend eggs, sugar, banana, vanilla, Tia Maria and a dash of salt. Gradually stir in milk. Pour over bread. Place in a pan of hot water. Bake 65 to 70 minutes, or until knife inserted in middle comes out clean. Serve warm or cool. Serve with or without chocolate sauce. Serves six.

Tia Maria Icing:

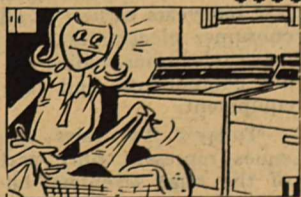

- 4 tablespoons soft butter
- 2 1/2 tablespoons Tia Maria
- 1 teaspoon vanilla extract
- 1 teaspoon instant coffee (dissolved in 1 tablespoon hot water)
- 2 cups confectioners sugar (sifted)

TIME-SAVING SHORTCUTS

WASHERS

In the busy pace of today's world, homemakers are looking for time-saving and energy-saving ideas. Here's some advice from home economists from Whirlpool Corporation that can help you get the best results in less time when using your automatic washer.

• Organize your laundry area—with a place to store laundry aids and a table or counter nearby to sort

- Choose your new washer wisely—look for labor-saving features such as fabric softener dispenser, bleach dispenser, automatic cleaning lint filter, various cycle selections and water level controls.
- Purchase clothing wisely—quality garments with good seam allowances and strong, short stitches

are the most durable and will withstand the washing process for a long time.

- Check permanent care labels for machine wash instructions to see if any trim or lining can be washed and dried the same way as the rest of the garment.
- Sort clothing by color, amount of soil and fabric.
- Wash full loads of similar fabrics rather than partial loads.

NOTICE OF HEARING BEFORE THE TEXAS WATER COMMISSION
OF AN APPLICATION TO APPROPRIATE PUBLIC WATERS
OF THE STATE OF TEXAS

No. 4365

Notice is given that U.S. Companies, Inc., 16800 Dallas Parkway, Suite 200, Dallas, Texas, 75248, applicant, seek a permit pursuant to §11.121, Texas Water Code, and Rules 156.02.05.001 (31 TAC S303.1) et seq. to authorize the maintenance of two existing dams (actually low water crossing) creating two existing on-channel reservoirs (designed Reservoirs Nos. 1 and 5) and the construction and maintenance of three proposed dams (low water crossings) creating three additional on-channel reservoirs (Reservoirs Nos. 2, 3, and 4); to authorize the impoundment in said reservoirs of a total of 45.2 acre-feet of water and use of the water so impounded for in-place recreational purposes; to authorize the diversion of not to exceed 10 acre-feet of water per year from Reservoir No. 1 for recreational purposes, that is, circulation through a man-made waterfall, with the water so diverted to be returned to Reservoir No. 1 for recirculation; and the diversion of not to exceed 60 acre-feet per year from diversion points located on the perimeters of Reservoirs Nos. 2, 3, and 4 for the irrigation of 60 acres of land out of a total of 908.874 acres owned by the applicant approximately 18.5 miles NE of Brackettville, Kinney County, Texas.

The respective capacities and locations of the reservoirs are as follows:

Reservoir No. 1 (capacity of 4.00 acre-feet) is located on Spring Branch, tributary of West Nueces River, tributary of Nueces River, Nueces River Basin; the dam creating Reservoir No. 1 is in the Arnold and Barrett Survey No. 29, Abstract No. 5, Kinney County and the midpoint of said dam at the stream is N 48°15' E, 5025 feet from the SW corner of the said Arnold and Barrett Survey;

Reservoir No. 2 (proposed capacity of 3.5 acre-feet) will be located on Spring Branch; the dam will be in said Arnold and Barrett Survey and the midpoint of the dam at the stream will be N 52°45' feet from the aforesaid survey corner;

Reservoir No. 3 (proposed capacity of 3.75 acre-feet) will be located on Spring Branch; the dam will be in said Arnold and Barrett Survey and the west end of said dam at the stream will be N 63° E, 3300 feet from the aforesaid survey corner;

Reservoir No. 4 (proposed capacity 3.75 acre-feet) will be located on Spring Branch; the dam will be in the B. Lopez Survey No. 26, Abstract No. 483, Kinney County, and the west end of the dam at the stream will be N 86°40' E, 3400 feet from the aforesaid corner of the Arnold and Barrett Survey; and

Reservoir No. 5 (capacity of 30.20 acre-feet) is located on the West Nueces River, the dam is in the aforesaid B. Lopez Survey and the West end of the dam at the stream is S 68°20' E, 3050 feet from the aforesaid corner of the Arnold and Barrett Survey.

Diversion will occur at the following points at the indicated maximum diversion rates:

No. 1: On the west, or right, shore of Reservoir No. 1 on Spring Branch, N. 46°15' E, 5525 feet from the SW corner of the aforesaid Arnold and Barrett survey at a maximum diversion rate of 0.7 cfs (300 gpm).

No. 2: From the periphery of Reservoir No. 2 on Spring Branch between a point N 49°20' E, 4975 feet from the aforesaid survey corner and a point (at the dam) N 52°45' E, 4325 feet from said survey corner.

No. 3: From the periphery of Reservoir No. 3 on Spring Branch between a point N 56°45' E, 3775 feet from said survey corner and a point (at the dam) N 63° E, 3300 feet from said survey corner.

No. 4: From the periphery of Reservoir No. 4 on Spring Branch between a point N 77° E, 3050 feet from said survey corner and a point (at the dam) N 86°40' E, 3400 feet from said survey corner.

Diversion from Points 2, 3, and 4 are to be made at a combined maximum diversion rate of 2.2 cfs (1000 gpm).

The Applicant estimates that of the 10 acre-feet of water per year diverted from Reservoir No. 1, approximately 9 acre-feet per year will be returned to the stream.

FANCY THAT!

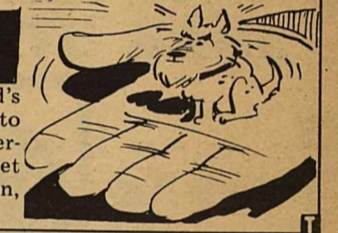

The world's rarest dog is the Tahltan bear dog, which the Tahltan Indians of Western Canada used in former days for hunting big game. Today, the breed is nearly extinct with only five known examples of the hound still surviving.

The search is on for the Great American Dog and the winner could be your pet. The contest has been launched nationwide and dog owners are invited to submit a snapshot of their dog and a family member plus a short essay outlining "Why My Dog Is The Great American Dog." The search is sponsored by Purina® Dog Chow® brand dog food and details are on specially marked packages. The "weight circle" from any size Dog Chow package must be sent in as well. The winning dog and owner will be honored guests on the Great American Dog float in the Macy's Thanksgiving Day Parade.

The title for the world's smallest known dog goes to a ten ounce Yorkshire Terrier named Sylvia, the pet of a woman in London, England.

The Growing Field Of Consumer Electronics

A lot of young Americans with an eye to the future, are making that future work for them.

This is especially true in the field of consumer electronics. According to reports from the Electronic Industries Association, sales last year of TV receivers alone totaled over \$4 billion. This enormous sum is greater than the total sales, just ten years earlier, of all consumer electronics products—televisions, radios, audio components, and tape equipment.

International Understanding Through Helping Others

At a recent meeting, a Caribbean Rotarian asked for help equipping a youth hostel in his country. Within the day, he had pledges of bed linens. At the same meeting, a Rotarian from another Caribbean nation outlined the needs of youth groups in his country and within the hour, two Florida Rotarians had planned a training exchange for Scout leaders.

Both stories are examples of the kinds of international service connections being made through the Rotary Florida/Caribbean project. Launched at a 1982 international Rotary conference in Jamaica, the three-year pilot project has already accomplished much.

Life-saving surgery for a young Trinidad girl was arranged through the cooperative efforts of Rotarians from Orlando, Florida and Trinidad. A Fort Lauderdale Rotarian traveled to Jamaica to help establish a printing operation for a local foundation. Dania, Florida Rotarians donated blankets to a remote Jamaica hospital. Architectural plans have been prepared for a Georgetown, Guyana day care center. Medical and dental equipment is being collected for Caribbean clinics. Tampa Rotarians shipped more than 100,000 textbooks for distribution in Jamaica. A Florida

dairy expert will tour island nations to share advice on increasing milk production.

The recent meeting for project participants held in Plantation, Florida elicited new proposals for new activities and established a communication system to insure that needs and responses are matched.

Although the project is just beginning, it has already accomplished a major objective. A strong sense of camaraderie has developed among the Caribbean and Florida Rotarians as they work together to meet community needs.

It is a regional example of the strong Rotary tradition of international service projects designed to increase understanding among peoples of different lands. Californian Rotarians work with their counterparts in Mexico. Pennsylvania Rotarians work with Honduras; Indiana Rotarians, with those in Sierra Leone. In big projects and small, the principal is the same: building bridges of understanding through service.

"THE EL PASO SALT WAR"; and
John Myers Myers' "THE ALAMO";
these books are a few which
were purchd through our
library's membership with the
San Antonio, Major Resource
System which receives Federal
Funding for development of
"special collections".

While at the Library please
notice Jorge Rodriguez, a
well mannered, intelligent young
man of 13 years, who has
generously volunteer an aver-
age of 30 hours per week from
his summer schedule to dil-
igently work at the library.

We also thank Mrs. Avilee
Frerich for her volunteer
help, especially during the
week the Librarian was a semi-
nar in San Antonio.

Last, but not least, we
express our support of the
County Judge and Commissioners'
who are trying to develop a
budget for the next fiscal
year condusive to not raising
next year's taxes. This has
meant cut-backs in salaries
and in last year's budget
including the Library's.
Give these people a pat on
the back for their efforts.

Respectfully,
Charolette Corey

CAPITOL UPDATE

John Tower
U.S. SENATOR for TEXAS
WASHINGTON, D.C. 20510

U.S. Senator John Tower (r-tx)
announced today he has joined
in sponsoring legislation to
protect children against
sexual exploitation (S.1469).

"Passage of this legislation
is critical to counter the
growing incidence and severity
of child sexual exploitation
in this country," Tower said.

"This legislation extends to

our nation's youth greater
protection from the multi-
million dollar child porno-
graphy industry."

"This legislation simply
would make unlawful the dis-
tribution of any photographs
which sexually exploit child-
ren under the age of 18, and
increases the punishment for
a child pornography conviction,
Tower explained.

Under the legislation, stif-
fer fines and prison terms
would be applicable against
any person, including a parent
or guardian, found guilty of
employing, using, persuading,
inducing, enticing or coering
any minor to engage in any
sexually explicit conduct for
the purpose of producing any
visual or printed materials.
The first conviction carries
with it a fine of \$75,000 or
up to ten years imprisonment
or both; a second conviction
could result in a fine of
\$150,000, or up to 15 years
imprisonment, but not less than
two years, or both.

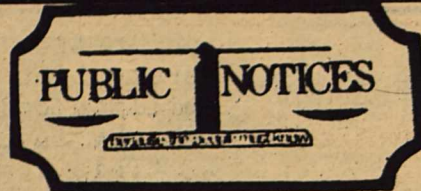

"Child pornography is an
outrage. Action must be taken
immediately to a halt to this
vile business and better pro-
tect our innocent children,"
concluded Tower.

BY NORMAN HOOTEN

You may recall some weeks ago I reported that some criminal scientists believe that crime increases when the moon is full. Well, that theory proved itself, to me at least, the week-end of Jne 25.

To start with, a man riding a motorcycle was clocked on radar by DPS Trooper "Buddy" Burgess at 108 mph. Burgess gave chase and officers from Uvalde and Brackettville responded to calls for assistance from Burgess after he had lost contact with the cycle, was discovered by Patrolman "Corky" McGire near the fence approximately 16 miles East of Brackettville on Hwy 90. The suspect was nearby in damaged condition from bruises and lacerations. The motorcycle was wrecked as the driver apparently tried to evade capture by driving off the road into some trees and brush.

Charges of Speeding, Passing in a "No Passing" zone, and Evading Arrests have been filed on 19 year old James W. Rittenhoun, an Airman at Laughlin, A.F.B. in Del Rio. He will be returned to Brackettville to answer these charges after he is released from the base hospital where he is undergoing treatment for his injuries.

Later the same night, a disturbance at the Civic Center resulted in the arrest of 20 year old Andres Rodriguez of Brackettville, on charges of Public Intoxication. Rodriguez was tried in Municipal Court by Judge Louis Starzel and, upon a plea of guilty, was assessed a \$50.00 fine. The fine was paid and he was released.

A disturbance at the intersection of Sweeney and Fulton at approximately 2:30 am caused the arrest of yet another Brackettville man on charges of Public Intoxication and Disorderly Conduct. The man had a small pistol in his hand when arrested by this office and had made threats that he was going "to burn some cons". Luckily the arrest was made without too much trouble and it was later determined that the pistol a .22 caliber "starting gun" used in track and field events.

A family disturbance on Fulton Street resulted in the arrest of another Brackettville man on charges of Public Intoxication. The man was released the next morning on bond.

There were several other incidents and disturbances investigated by

PERFORMANCE TESTED ANGORA
BILLIE SALE JULY 21

SONORA-- The 3rd Annual Angora
Billie Performacne Tested Sale
and Field Day will beheld
Thursday, July 21, 1983, at
the Texas Agricultural Experi-
ment Station on Highway 55
between Sonora and Rocksprings
The sale starts at 1 pm.

Texas Agricultural Extension
Service sheep and goat specilist
Jack Groff reports that 41
premier Angora breeders have
cosigned nearly 300 Angora
billies for the 112-day feed
test trial. The top 35 per-
cent will be sold by auctioneer
Willard Jordan of Junction.

For the third year color
slides will be shown of each
animal before thier shearing,
an innovation Groff believes
gives the buyer a better idea
of how each billies fleeces.
The animals will be sold shorn.

An educational program be-
gins about 10:30 that morning
with talks on goat genetics,
animals nutrition and herd
health. A barbeque lunch
will be available.

Groff says use of the Sonora
Billie Performance Test has
grown dramatically since the
trial was established in 1981.
One Hundred goats were entered
in the first test, increasing
to almost 200 last year and
nearly 300 in the current
test.
