Chief Nance plans to continue his career in law enforcement and anticipates obtaining employment with the Texas Department of Public Safety.

Patrolman Richard Dempkowski will serve as the acting Chief until Council has the opportunity to appoint a new Chief.

Chief Nance will be missed by his many friends and his loss to the Community will be felt as he pursues his chosen career in law enforcement.

Alert, heads-up action on the part of Police Chief Donnie Nance and Patrolman 'Ski' Dempkowski, early Friday morning, May 18th, led to the arrests of two Guatamala Nationals on charges of Unauthorized Use of a Motor Vehicle.

While on routine patrol, at approx. 1:30 a.m., Chief Nance and Patrolman Dempkowski noticed two unfamiliar vehicles parked on a side road near the KCCI concrete plant. Upon checking the license numbers of the vehicles, through the Texas Crime Information Center, it was determined that one of the vehicles was displaying fictitious plates.

Chief Nance and Patrolman Dempkowski became suspicious. When they tried to stop the vehicles, for further investigation, the drivers fled west on Hwy 90. One of the vehicles

was stopped approx. 3 miles west, near the Longhorn Saloon. Several law enforcement units of the U.S. Border Patrol, local Game Warden Bill Lindeman, and myself responded to a call for assistance from the two police officers. The second vehicle was finally stopped approx. 10 miles west on Hwy. 90, near the intersection of Ranch Road 3008.

The two drivers, Leonel Enrique Pineda, 41, a Guatamalan National with dual citizenship, claiming to reside in Los Angeles, CA; and Armando Solome Rivera, 43, a Guatamalan National, remain in the Kinney County Jail in lieu of \$10,000.00 each on the vehicle theft charges. DPS Auto Theft Agent Bill Priest, myself, and agents from the F.B.I. are continuing the case investigation. It is believed that the two Guatamalans are part of a large international car theft ring based in Guatemala and California.

Four juvenile males walked off from the Texas Youth Council Half-way House on Ann St., late Sunday evening. They led local law enforcement

officers on a merry chase for most of Sunday night and early Monday morning before being captured by Uvalde Police Monday afternoon. The four were returned to Brackettville. Action to be taken in the case will be decided by Juvenile Probation Officers with the Texas Youth Council sometime this week.

Don Postert, an Agent with the Texas Alcoholic Beverage Commission, came to town over the weekend and kinda flexed his muscles a little to let people know he was here. Several arrests were made at local taverns on charges of Public Intoxication. Also, some bartenders were cited for serving alcohol to intoxicated persons. WHEW! I think the next time he comes, I'll go fishing or something. He sure stirred up the local natives!

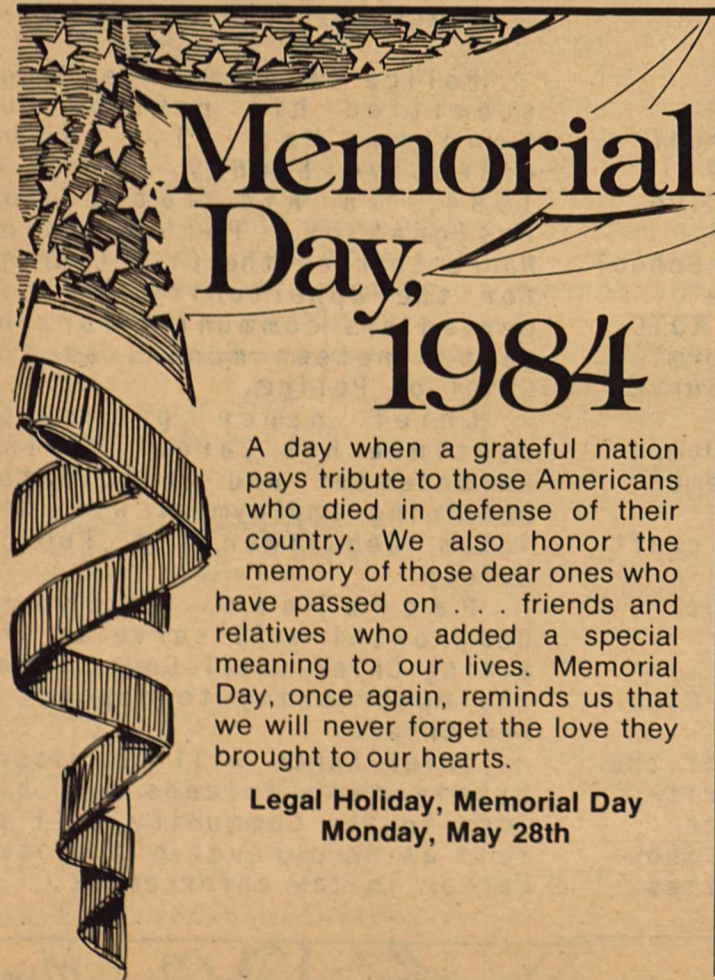

Remember, Saturday, June 2, 1984 - Run-Off Elections!

THANK YOU

My sincere thanks to all my friends in Brackettville & Ft. Clark Springs for their concern, help, flowers and love.

Thank You!

**GRADUATION
facts & fancies**

According to the Department of Education, 990,238 Americans were graduated from college in the 1978-79 period. High school graduates totalled about 3,134,200 for the same period.

A great gift for many graduates this year—especially the high school grad headed for college—can be a unique, lightweight, portable keyboard called the PC-100. The keyboard, from Yamaha, is fun for both the beginning and advanced musician. Beginners can use the specially designed Playcards that contain an entire orchestrated musical arrangement—your choice of popular hits, old standards, Latin music, classics and more. After the player is familiar with the song, the tune can be learned by following the melody lamps above the keys. It's powered by either AC power or batteries. For listening privacy, you can use stereo headphones to enjoy the rich sound.

High school students, it seems have quite an ear for music. A study by the American Music Conference and Teenage Research Unlimited reveals nearly 38 percent of all teenagers play some musical instrument. Over 40 percent say their favorite instrument is the piano. The guitar comes in second with nearly 25 percent. Among Americans of all ages, there are 50 million amateur musicians.

Stay alert and stay clear—

AVOID POWER LINES

Have respect for power lines—both those overhead and those underground—anytime you're doing a job that requires you to work near them.

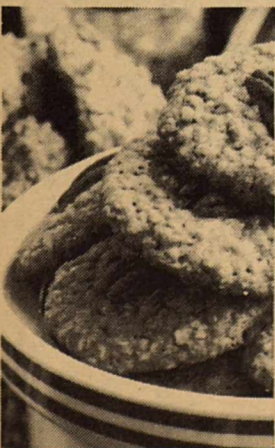

- Keep away from overhead lines while you're launching your boat or transporting it over land. Metal sailboat masts, outriggers, power boat antennas—and other high-rising equipment—can be deadly conductors of electricity.
- Don't trim or cut down trees near power lines. This is work best left to experts.
- Check your clearance carefully when you're carrying a tall pole or pipe on a tractor, or driving a truck with a raised bed, or operating machinery such as cranes, booms, draglines, hay loaders and well drilling rigs.
- Fallen power lines also are extremely dangerous. If you see a line downed by a storm, high winds, car accident or other mishap, call Central Power and Light Company. Meanwhile, stay away from the wire and anything it touches—and keep others away, too.
- Make sure you know the location of underground power lines before you install irrigation systems or unclog drain or sewer lines. Even routine projects like digging post holes or planting trees can be dangerous if you get too close to power lines.

Stay alert—and stay clear of power lines!
