AMBULANCE CREW HONORED

CERTIFICATE OF APPRECIATION PRESENTED TO LOCAL E.M.S.

The Brackett Independent School District presented a Certificate of Appreciation to the Kinney County E.M.S. for their help at football games and other school activities.

One of the E.M.S. attendants that has been at every football game with the ambulance is Sterling (Smiley) Goodloe.

Smiley has been on the E.M.S. for many years now, and when you see the ambulance, Smiley is automatically there..

Bill Herman is another that has attended alot of the games with Smiley. Some of the other attendants have been there on occasion.

We, the Ambulance Organization say THANKS to the school for showing their appreciation for what we do.

IT HAPPENS-----

An unknown editor-hero is said to have published the following somewhere, sometime, "You'll notice that there are mistakes in this week's paper just as there were in last week's, and as there will be next week's. They are there for a purpose. We try to print something for everyone, and there are people who are always looking for mistakes".

The Kinney County Grand Jury was called in on Tuesday, November 12th to hear evidence in the homicide of John Lee Titt who was killed by a shotgun blast to the neck on October 11th. George Joseph Barber, 27, the suspect in the slaying, was arrested the afternoon of October 11th by Texas Ranger Tol Dawson and myself after our investigation provided enough information for us to obtain a warrant for his arrest. He was released a few days later on a \$20,000.00 Surety Bond.

The evidence was presented to the Grand Jury by District Attorney Tom Lee, Texas Ranger Tol Dawson and myself. The Grand Jury returned a True Bill on Indictment on Barber for Homicide. He remains free on the \$20,000.00 bond and his case will be called for trial at a later date which has not been set as of the time of this writing.

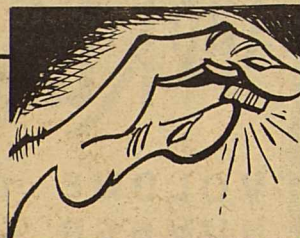

Game Warden Bill Lindeman and myself have been subpoenaed to testify in the Aggravated Robbery trial of Kenneth Cy Harding in Houston that is scheduled to begin next week (November 18th). You may remember that Harding was arrested by Lindeman and I back in June of this year after he was spotted by Lindeman under suspicious circumstances around the business district of town along Highway 90. Harding known in Houston as "The Montrose Bandit" is believed to have committed at least 49 armed robberies in Houston and had been sought by Houston authorities for several months prior to his arrest in Kinney County. Harding had been nicknamed "The Montrose Bandit" because of his habit of lighting fast armed robberies along the business district of Montrose Blvd. in Houston.

While Harding was in custody here Lindeman and I obtained tape recorded confessions from him concerning several of the crimes he is believed to have committed in Houston. The Harris County District Attorney's Office feels the need of our testimony in one

of the more violent cases in which Harding "pistol whipped" an elderly man before robbing him. Hopefully convictions that will stand the test of appeals can be obtained against this dangerous, violent criminal and he can be removed from society for years to come.

LIBRARY NOTES

BY::FRANCES HERNANDEZ

Last week we did not put out a column, our week was short and news was few.

"Read-A-Texas Book-A-Month" was launched November 1st in Austin. This is a special Sesquicentennial program of the Texas State Library. Both young and old alike can join the excitement of commemorating the state's 150th anniversary of independence, by reading from a wide variety of Texana books available in public and school libraries. In addition, readers are encouraged to share with others by donating a Texas book to their local libraries to enrich materials available for future generations. The Texas State Library has compiled a list: "Texas Books for Every Library". The list is available at our library and those books in our collection have been marked so that anyone wishing to donate a book may donate one of these.

Last Friday, Mrs. Kelly, High School Speech Teacher, brought her class to the library. The students were assigned different topics on early Texans.

We are very pleased for the continuing support from the schools this year.

Our new 16mm films are in and will be available until December 5th.

HAVE A GREAT DAY!!!

Understanding Yourself

I Can't Take It Anymore

By Dr. Oswald Hoffmann - Lutheran Hour Speaker

People work under great stress. Punch that clock. Pull that file. Pound that pavement. Usually it's not the major catastrophes that make us say, "I can't take it anymore," but it's a combination of small things. You hardly recover from one blow when another one hits.

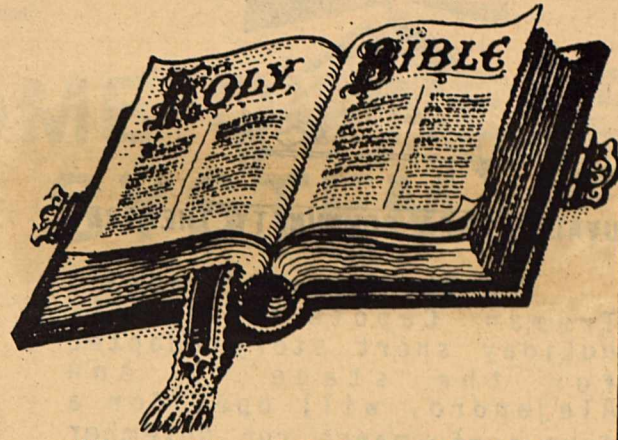

Confidence in God is our refuge and strength.

Faith in Christ has a way of turning life around. It takes the worst disaster and turns it into victory.

The best way to manage stress is to nourish a personal relationship with God through faith in Jesus Christ. God is the most powerful and the most dependable source of strength you can have.

Live one day at a time with faith in God. Be confident that God's strength can get through to you today.

Faith works, when it is a living and working faith in a living and working Lord.

The Great Seal of the U.S. has 13 of each of these items: stars, stripes, clouds, arrows, laurel leaves, berries, feathers in each wing and tail, and rows in the pyramid. This is one case where 13 is a lucky number.

UVALDE AREA COMMUNITY THEATRE

"A Christmas Memory", Truman Capote's classic holiday short story adapted for the stage by Ann Alejandro, will open for a four performance run November 30 in Uvalde's Grand Opera House. Other performances are slated for December 1, 5, 6.

The funny, yet sad, play set in the south that Capote understood so well, is a nostalgic return to a time when a young boy could find joy in Christmas by baking fruit cakes with his elderly cousin, cutting the family tree in the woods and painstakingly crafting the gifts to be exchanged on Christmas morning.

The play, which is being co-produced by the Uvalde Area Community Theatre and Southwest Texas Junior College, stars Reagan Knowles as the boy Buddy and Nell Capt as Buddy's elderly cousin.

Other members of the cast include Pat Lowe, Ruth Dee, Dori Zirkel and Don Thomas.

Buddy's dog Queenie will be played by Penny, a mixed-breed dog belonging to Cecilia and Kley Johnson of La Pryor.

Kevin Lechler is directing "A Christmas Memory".

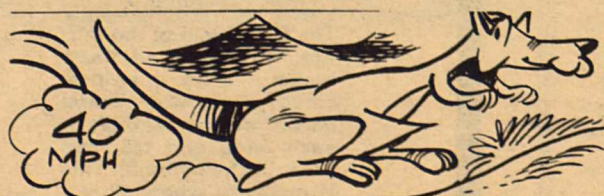

Before the play begins, a choir, directed by Dr. Lura Davidson of SWTJC, will sing Christmas music.

Tickets, at \$5.00 will go on sale at the Grand Opera House box office November 12. Call 512/278-5082 for reservations or write Tickets, Grand Opera House, P.O. Box 1451, Uvalde, Texas 78802.

All performances are at 8:00 p.m. except the December 1 matinee at 2:30 p.m.

LA GITANA TORTILLERIA

Red Lozano — Owner Genoveva Lozano — Manager

Here in the United States, we have developed a taste for all types of "imported" foods, and the famous tortilla is no exception. Made from rough ground corn meal, this is a staple of the Mexican diet, much the same as bread in American meals. Today, we don't have to go to gourmet shops to find the finest Mexican foods, and a prime example of this is La Gitana Tortilleria!

Now in their new location at 439 W. Main in Uvalde, phone 278-9061, this tortilla bake shop provides authentic Mexican corn and flour tortillas, and a number of other products for fine Mexican dining.

Look for La Gitana's Tortilleria's tortillas, taco shells, and other products in your favorite store, or stop in and get them fresh from the oven. You'll agree that authentic Mexican quality is baked into every bite.

If you own a store, grocery, restaurant or other retail outlet call for more information about regular deliveries.

This fine independent business is to be commended for their quality products and efficient service. The management and employees of La Gitana Tortilleria wish everyone "Felis Navidad"!

A Fearless Future

No one is exempt from crises, disappointments, sorrows and frustrations. But without being blithely optimistic, you can take things as they come. You can walk with courage because God walks with you. As St. Paul found out for himself, "If God is for us, who can be against us?"

Because God is your strength, you can face the future without fear.

God is our strength. He is a very present help in time of trouble. He is there when you need Him.

"God has the strength to forgive you." Dr. Oswald Hoffmann says in a recent Lutheran Hour broadcast, "He forgives you for the sake of his Son Jesus Christ. Trust in Him! Take the gift of forgiveness and face the future without fear with faith in the Lord."

HOLIDAY FOOD PREPARATION

The traditional meal with turkey and dressing is a popular part of Thanksgiving and Christmas festivities. The Texas Medical Association suggests food preparation precautions that will make sure it is also healthy.

Food-borne illness is a common problem when large amounts of food are prepared in the home. Many food infections are caused by salmonella germs. Almost all species of salmonella organisms grow rapidly in such foods as eggs, meat, and milk from infected animals. The germs can survive for long periods of time, but proper cooking renders most foods safe.

Foods (especially pastries, custards, salads, salad dressings, sandwiches, meat and meat products) should not be allowed to stand at room temperature for long periods of time. Always keep hot foods hot and cold foods cold.

Thanksgiving and Christmas mean turkey and dressing in many homes. There are several specific rules for preparing both.

A frozen turkey should be defrosted for several days in the refrigerator. Defrosting at room temperature is not recommended because it encourages the growth of bacteria. Fresh turkeys should be purchased close to the holiday and stored in the refrigerator no more than two or three days.

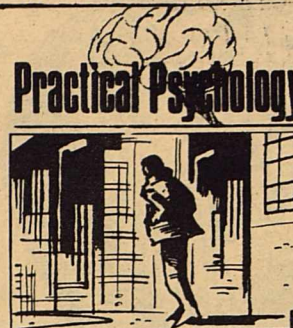

The internal cavity of a turkey should never be filled with dressing until the fowl is completely thawed. Because some portions of the turkey could overcook before the dressing inside sustains a high enough temperature to destroy bacterial growth, authorities recommend that turkey and dressing be cooked separately.

Do not slow cook a turkey at a low temperature overnight or allow a turkey to stay in an unheated oven (such as for overnight holding after cooking). The cooking temperature of turkey should reach 165F in the thickest part of the breast to insure thorough cooking.

Never refrigerate cooked whole turkey for overnight storage without first deboning or slicing it. As soon as the cooked turkey

cools to a temperature at which it can be handled, debone and slice or cut the meat into small pieces. Pieces should be refrigerated in portions small enough to cool rapidly and thoroughly. Store turkey and stock in separate containers.

If you suspect food poisoning (symptoms are fever, headaches, nausea, vomiting, cramps and diarrhea), seek medical attention immediately.

"Aloneness" can hurt and anger people. It seems that no one else can truly share the feelings. Psychologists say hurt and anger are two sides of

the same coin. When you feel hurt you have a natural anger that you either express or suppress. Hurt or anger can easily turn into resentment against life in general or against the supposed source of our hurt. Many people, however, believe that God wants to be with them in their "aloneness." It's comforting to remember that there are many other people in need of a friend, or a word of love.

**NOTICE OF REGIONAL HEARING
CONCERNING DECLARATORY ORDER
REGARDING THE SOUTH TEXAS
NUCLEAR PROJECT**

Houston Lighting and Power (HL&P), in conjunction with Central Power and Light Company (CP&L), has filed a petition with the Public Utility Commission of Texas seeking a declaratory order regarding the South Nuclear Project. The petition has been assigned Docket No. 6325.

The Public Utility Commission has determined that the following issues will be considered in Docket No. 6325.

1. The reasonableness of the proposed settlement of the litigation between the owners of the STNP and Brown and Root;
2. The prudence and efficiency of HL&P and CP&L in the planning and management of the South Texas Nuclear Project during the Brown and Root period;
3. The reasonableness of the litigation expenses incurred by HL&P and CP&L in conjunction with the Brown & Root litigation;
4. The effect of the settlement on the investigation by the Commission into the prudence of continuing construction of Unit 2 of the South Texas Nuclear Project;
5. The appropriate accounting treatment of the proceeds realized by HL&P and CP&L from the proposed settlement; and
6. The final or nonfinal nature of the findings reached in Docket No. 6325.

The results reached in Docket No. 6325 may have an impact in future proceeding on the rates charged to the customers of Houston Lighting and Power Company and Central Power and Light Company.

The Commission by and through the appointed Hearings Examiner assigned to Docket 6325 finds that it is expedient and necessary for the proper performance of the Commission's duties, and that is in the public interest, to conduct regional hearings for the purpose of collecting comments to be included in the record. At the regional hearings the examiner will hear protest and comments from

members of the public, and those members of the public desiring to make such statements under oath shall have that opportunity.

The regional hearings will be held at the following times and locations:

Thursday, November 14, 1985
2:00 - 5:00 P.M.
6:30 - 8:30 P.M.

Harlingen City Hall, 2nd Floor

Tuesday, December 3, 1985
2:00 - 5:00 P.M.
6:30 - 8:30 P.M.

City of Bellaire's Civic Center Auditorium
7008 S. Rice Ave.
Bellaire, Texas

Further information concerning these hearings may be obtained by calling the Public Utility Commission's Consumer Affairs Division at (512) 458-0223 or (512) 458-0227, or Teletypewriter for the Deaf at (512) 458-0221.

Stay Warm with an Air Conditioner

Contradictory? Not at all, if the air conditioner is a versatile electric heat pump.

A remarkable two-in-one device, a heat pump keeps you comfortable year-round while also saving you money on utility bills. In summer, a heat pump works as an air conditioner to dehumidify your home and provide all the cool air you want. In winter, it reverses itself to become an efficient heating system.

If you're building a new home—or replacing your present heating and air conditioning system—consider installing a heat pump for maximum energy savings. For more information, just inquire at your CPL office.
