DON'T MISS SEEING "GLORY ROAD"

L to R: Marshall Henrich, Sean Mulligan, Travis Smith, Manuel Pena, Audie Hill, Bonnie Frerich and Chap Traylor.

"Glory Road" cast members (L-R) Neal Conrey, Harrell Floyd, Kitten Daly, and Harlan Hunter portray characters from the early days of Ft. Clark/Brackettville for this weekend's performances in the Old Quarry Amphitheater.

## FFA MEMBERS ATTEND CAMP

On June 1st and 2nd Chap Traylor took a group of Brackett FFA members to Officer Training Camp at the HEB Camp. Marshall Henrich, Sean Mulligan, Travis Smith, Manuel Pena, Audie Hill and Bonnie Frerich enjoyed two sunny days in the beautiful Leakey area.

The group attended a Revaldina District meeting, practiced parliamentary procedure, and elected 1988-'89 Revaldina District Officers. Bonnie Frerich from the Brackett FFA Chapter was elected District Secretary.

During recreation time, the FFA members enjoyed swimming in the Frio River, playing basketball, football and horseshoes. They even enjoyed an exciting game between the students and the Ag teachers, although the Ag teachers won.

This was Chap Traylor's last year at OTC Camp, since he will not be teaching Brackett FFA next year. The FFA members wish him good luck with his future plans.

## UPS AVAILABLE IN TOWN

Vernon and Sandy Miears of Southwestern Communications have a UPS mailing service available for the people of Brackettville. They charge 10% of the mailing fee for their service. UPS picks up packages at 11:00 A.M. As it is very hard to get hold of the Del Rio office, this service opportunity should be appreciated by all.

## COMMUNITY CALENDAR

June 24 & 25, July 1 --- "The Glory Road" starts at 8:30 p.m. at the Old Quarry Amphitheater, Fort Clark Springs.

Lori Ortega will sing at 11:00a.m. Sunday at the First Baptist Church and Marj Love will sing at 7:00p.m.

Also, there will be Bible Study at 9:45 a.m. We welcome you!

## FREEDOM DAY

The Seminole Indian Scouts Cemetery Association wishes to say, "Thank You" to the citizens of Brackettville, Fort Clark Springs, Uvalde and adjoining cities for their support and participation in our "Freedom Day" (Juneteenth) June 18th - 19th celebrations.

Prizes awarded on the 18th were to the following:

- BABY CONTEST 1st - Deriska Samaniego
- 2nd - Samantha Thompson
- 3rd - Montana Hicks, S.A.
- FLOATS 1st - We the People, Catholic Church
- 2nd - Let Freedom Ring, Seminoles
- 3rd - First State Bank

In spite of the hot weather, the "Song Festival Under Oaks" was very successful and enjoyed by all present.

ROBBIE ROBERTSON 563-2993

Before the Spaniards came to the southwest, the American Indian tribes were either the farming type or the raider huntsman.

The Pueblos were forced to deal with the Conquistadores, and the Navajos and their cousins, the Apaches, were raider huntsman and forever on the prowl.

One important fact was that Coronado's army came to the southwest, and he brought with him five thousand sheep. These sheep were the "churro", the kind used by the peasant people of Spain. The "merino" was introduced into the new world later. At that time these sheep were reserved for royalty.

The "churro" were scrawny, long-legged and had straight long wool. This type of wool was easy to weave and these sheep needed little care. The wool was practically greaseless and was sometimes a brown color. Sometimes these sheep had four horns, probably due to in-breeding.

Indian agents among their people of New Mexico, early began to introduce new kinds of sheep to improve the breed. In 1883 merino were bought and lent to the Navajo. In 1903 the French merino, called rambouillet, were brought in for their meat and marketable wool, but it turned out that the lambs born were too big for the churro ewes.

Eventually the sheep grew bigger but the wool was shorter, kinkier and greasier. The Navajo women found it hard to clean and

almost impossible to spin. Other types of wool was used and finally the Navajos used the rambouillet on their reservation.

By the beginning of the 18th century, the Navajos raiding parties came down into the area of the farming Pueblos.

The Navajo was a dealer in livestock, adaptable and a stealer of ideas. He took up the new way of a pastoral nomad, thanks to the Spanish horses and sheep. His flocks grew larger and from the Pueblos he picked up the weavers art. The Navajo realized weaving was a commodity that could be traded or sold.

The first record of weaving in Spanish records was in 1706. They made clothes of wool and cotton, raising both themselves. It is possible that the Navajo acquired the growing of cotton from the Pueblo. The Spanish mentioned the weaving of wool, especially (black wool) by the Navajos.

By 1791, the Governor of New Mexico stated that the Navajo dressed somewhat better than the Pueblo. He also stated that the Navajo worked their wool with better taste.

In about 1850, the simple craft of Navajo weaving became a craft industry. Some of the pieces of that period are still in existence today.

The "chief blanket", made for trade to other Indians, was the beginning of the classic Navajo weaving period.

In 1863, the Navajos were captured and sent to Fort Sumner, New Mexico, where they were given machine made cloth. Velvet and cotton, were given to the women, unbleached muslin for pants, for the men. In 1868, they were released and sent back to their reservation where they took the machine made cloth with them, where they still wear it.

Germantown yarn was next introduced, and along with aniline dyes, became standard at the trading post.

Supply and demand brought back the original Navajo weaving, but they wanted rugs to buy so the Navajo adapted their blankets with a thicker weave and made rugs.

Traders sold rugs by the pound so the Navajo got smart and adapted again and left dirt in the wool so it would weigh more. These were called pound rugs, because of the pounded in dirt, but the expert workmanship of the weavers survived and is flourishing today.

**ROTARY DINNER MEETING**

On Thursday, June 23rd, the Brackettville Rotary International Club will hold a dinner meeting in the Members Lounge of Las Moras Inn. A steak dinner will be served at 7:00 P.M. followed by the installation of newly elected officers for the coming year.

The elected officers to be installed are: Clarence McKelvy - President; Bruce Clements - Vice-President; Tom Kerr - Secretary/Treasurer; Tino Guzman, Phillip Bell, Danny Potter and Richard Mountain - Directors.

All Rotarians and their ladies are urged to attend this meeting.

**SCHOOL BOARD HOLDS HEARING**

On June 13, 1988, the Brackett Independent School District Board of Trustees held a hearing on the expenditure of federal money under the Chapter Programs. Board President Jimmy Bader opened the floor for discussion. Mr. McCall explained that Chapter I Regular and Chapter I Migrant monies were designated for the hiring of aides and purchasing equipment for disadvantaged and migrant children. Chapter II monies have been used for several years to upgrade library offerings, and to purchase audio-visual equipment.

After a general discussion, the Board agreed to continue the Chapter II program for 1988-'89 with the bulk of expenditures going for the purchase of library books and audio-visual equipment.

## REFLECTIONS

Did you know that the heart moves 4,380 TONS of blood each year? That is right. And by the time one reaches his 50th birthday, the heart muscle has moved 219,400 tons of blood.

Such a great task is not accomplished by one mighty movement. The job is done as the heart beats 37 million times blood per beat. To do its work the heart muscle must keep doing its job without ever taking a vacation.

How may we do the job which is ours to do? It must be done one step at a time. The small acts which are done regularly and faithfully will mount up to big things in a short time. School work for the year is a daily routine. House work for the month can not be done in one day. The old slogan is true: "Life is hard by the yard; by the inch it is a cinch."

Life's spiritual heartbeats also come one at a time. And now a word from Jesus: "he that is faithful in that which is least is faithful also in much: and he this is unjust in the least is unjust also in much."

## Beware the Beguilers

"See to it that no one makes a prey of you by philosophy and empty deceit... and not according to Christ."  
— Colossians 2:8

The past and certainly the present show us a history of people beguiled into the paths of evil by philosophies and their exponents who mocked the words of Christ. In this century alone we have witnessed the excesses of false prophets who have lulled or threatened normally Christian peoples away from their beliefs and exposed them to the outrages of terror, war and the persecution of those held fast to their faith. These were the sort of tyrants against whom Paul the Apostle warned the Christians of Colossae. Nor do these beguilers have to appear in the shape of monstrous dictators. There are those of lesser magnitude who would wean us from our beliefs in small matters, steering us from the faith that strengthens us.

## The Centsable Way

**Y**ou like your home, your neighborhood and the people who live around you. True, you probably wouldn't mind living in a newer, energy-efficient home. But, you're comfortable where you are.

### Now get even more comfortable.

Central Power and Light has developed a program that can make your present house more energy efficient. It's called the **Centsable Home Program**.

What they'll do is run a **Free** Centsable survey on your house and then analyze the data. Then, they'll give you specific recommendations on how to lower your energy bills.

The recommendations involve steps like adding more attic insulation, caulking around windows and doors and putting an insulated blanket around your water heater. And installing a new properly sized central heat pump or air conditioner will qualify you for a Centsable Home Certificate from CPL.

You can either call a contractor or do the work yourself. Either way, you'll get a lower energy bill every month. And a more comfortable home.

If you're interested in the Centsable Home Program, give CPL a call. And get Centsable about your home energy use.

**COMMISSIONERS COURT  
NOT OFFICIAL MINUTES**

Judge Seargeant called the meeting to order with a quorum present. The minutes of the last regular Commissioners meeting and three special meetings held since were read, corrected and approved. Also approved were the bills and reports for the month.

Auditor Deason states payments with Holt Machinery have been resolved. Holt Machinery had County payments for 6 months without telling Holt Finance, so County did not get credit for interest. Mrs. Deason is to get quotes for insurance on Holt Machinery.

Mr. Chaney discussed new cancer insurance policy which also covers heart attacks and accidents. This is adding intensive care to the present policy. It will be put on next months agenda to consider purchasing this policy.

City Manager, Frank Sanchez, explains to the Court that there is still some controversy as to what should be done with Las Moras low water crossings and would like to know what the Court would like to have done. Concensus of Commissioners is that they are City roads and the City can determine the actual alterations to the crossings for flood control.

The Commissioners approved the purchase of budgeted supplies and postage for District Clerks and Auditor offices. Also approved was the revision of the clerks fee schedule.

The dates for the County budget workshop have been set for June 23rd and 24th and for it to be posted. The budget needs to be officially adopted by Aug. 1st. A one day workshop is set for July 7th at 9:00 a.m. to work on County Road easements and right of way.

Mrs. Raney discussed the possibility of selling the service of indexed disks to Title Companies and asks the Court to set a fee. Commissioner Bizzell makes a motion to set a fee per month for a three month period effective immediately. It is seconded and approved.

Commissioner Bizzell asks the Court to consider hiring a County Administrator to handle everyday business of County. This would free the County Judge for County Official Duties. The administrator would be under the supervision of the judge. No action was taken as it was tabled until the budget is approved.

It was approved to pay Rauscher Pierce for services rendered from Jail General Obligation Bond.

Mr. Robert White was present to discuss with the Court the right of way on Mr. White's property. Mr. White has had property re-assessed for taxes and thought the Commissioners had something to do with it. Mr. Marcus Tidwell was called to the meeting to assure Mr. White that it was purely coincidental that he had been out to the White property to assess it for taxes.

Court resumed at 1:42 with Commissioner Slubar commenting that Mrs. Annabel Talamantez was unsure after last months meeting whether or not they could still use the Civic Center while waiting for a new location for the Commodities Program. They

did have permission as of last months meeting. It was also asked if the old Dental Clinic is being sought as a possible place for the Commodities Program. It is stated that there are a few possibilities at present for its use. Commissioner Bizzell is trying to get someone with an interest in the building to remove the old jail cages so that the entire building can be used. It will be put on next months agenda with a discussion as a County Project for a GBC funding grant.

Mrs. Deason returns with a figure on insurance for Holt Machinery. It covers fire, hail, theft and flood. On accidents it will cover equipment failure but not driver error. It is approved to pay off Holt Machinery and to obtain 2 months insurance premium, to wire the money to them, to get a statement of release and to check for other insurance.

Commissioner Slubar states we have received only one bid for the repair/replacement of the County swim park and it is approved to send out for more bids.

It has requested of the Court to increase the cleaning deposit on the Civic Center or to hire someone to clean it as not everyone cleans it completely after its use. Through the discussion it is determined that there will be an increase in the cleaning fee for each side of the Civic Center with no refund or personal cleanup to be done. It was approved to advertise for people to be put on a cleaning list. There will be one hour free before and after usage in order to decorate and take down decorations. Any other usage will be charged the normal fee. The key will be picked up at the Sheriff's Office where it will be clocked out and back in order to keep accurate time on rental of the Civic Center. It was also approved to purchase 3 trash cans needed for the Civic Center and to get with the City to find out about sewage taps that are needed.

It is approved for Judge Seargeant to sign the Nutrition, Title III, USDA Cash & Title XX Meals contracts.

These are not official minutes but a synopsis of what occurred. The public is welcome to attend all meetings on the second Monday of the month.

**"GLORY ROAD"**

Jodi Haynes returns as the dashing Lt. Riley in the 1988 edition of "The Glory Road."

Echoing in the evening stillness, the high clear call of a cavalry bugle sounds, and out of the pages of Southwest Texas history comes all the adventure and romance of Brackettville's 136-year old Fort Clark frontier military post in the community's major live stage production, "The Glory Road", being presented in the Old Quarry Amphitheater at 8:30 p.m. on Friday and Saturday, June 24th and 25th, and again on Friday, July 1st.

# SHERIFF'S CORNER

A 27 year old Ohio man was arrested Wednesday afternoon, June 15th, in east Kinney County and charged with Unauthorized Use of a Motor Vehicle. The arrest came about after we received a call for assistance from the Val Verde County Sheriff's Department asking us to be on the lookout for the vehicle stolen from a work site on Laughlin AFB near Del Rio.

Reserve Deputy Ben Vasquez and a Maverick County Game Warden were patrolling along Hwy. 90 near the Uvalde-Kinney County line and were given the information on the stolen vehicle and suspect. Shortly thereafter they sighted the vehicle driving eastbound on Hwy. 90 and made the stop and the arrest. The suspect was transported to the Kinney County Jail and held there on the 3rd Degree Felony charges until Thursday when he was picked up by Val Verde County authorities. He was magisterated here prior to his transfer by Justice of the Peace Alvin Hall, who set bond at \$2,500.00.

Juneteenth weekend was reasonably quiet even with all the related activities and out of town people here for the celebration. The Seminoles had a parade Saturday morning and a

B-B-Q and a dance later that evening and night. A Father's Day dance was held at the Civic Center Saturday night and there were no major problems there. We had a few disturbance calls over the weekend but overall it was exceptionally quiet and peaceful.

A Ft. Clark man was arrested and charged with DWI after he was involved in a minor fender-bender as he was turning into Ft. Clark off Hwy. 90 on Saturday, June 18th. He was released Sunday morning on a \$500.00 bond.

A 42 year old Kinney County resident was arrested and jailed Monday, June 20th, after he openly defied state law and peace officers at the scene. He was charged with Obstructing a Highway or Other Passageway, a Class B Misdemeanor, after a confrontation with County Commissioners over the past several months as to the right of the county to claim a county road that runs through his property in northern Kinney County. He blocked the county road with his vehicle and refused to remove the obstructing vehicle after being ordered to do so by yours truly. The man was released later the same day on a \$500.00 bond. At the time of this writing there has been no trial date set in County Court where the case will be heard.

We are currently investigating two thefts from the same victim on Ft. Clark. In one theft case a "live trap" used to catch animals unharmed, was taken from an alleyway behind the victim's residence and then two days later approximately 60' of PVC pipe with water sprinklers attached was taken from the front yard of the same victim. We have three suspects in the case, but none at the time of this writing in the second case.

Don't forget to support our hometown play "The Glory Road", at Ft. Clark on June 24th & 25th, and again on July 1st. The play will be held at the old rock quarry on Ft. Clark with local actors playing the parts. DON'T FORGET!!

THAT'S ALL!!

## STATEMENT OF INTENT TO CHANGE RATES

GTE Southwest Incorporated, in accordance with the Rules of the Public Utility Commission of Texas, hereby gives notice of the Company's intent to implement a new schedule of rates in Texas, effective July 6, 1988. This proceeding has been previously docketed by the Commission as Docket No. 5610.

The proposed changes in rates will affect approximately 970,500 of the Company's Texas customers who represent all classes of customers subscribing to the Company's local exchange and foreign exchange services within the State of Texas, as well as all entities subscribing to the Company's billing and collection services within the state. The proposed changes in rates are designed to increase the Company's intrastate revenues by \$81,407,000, or approximately 11.8 percent annually.

Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission as soon as possible. A request to intervene, participate, or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757. Further information may also be obtained by calling the Public Utility Commission Consumer Affairs Division at (512) 458-0223, (512) 458-0227, or (512) 458-0221 teletypewriter for the deaf.

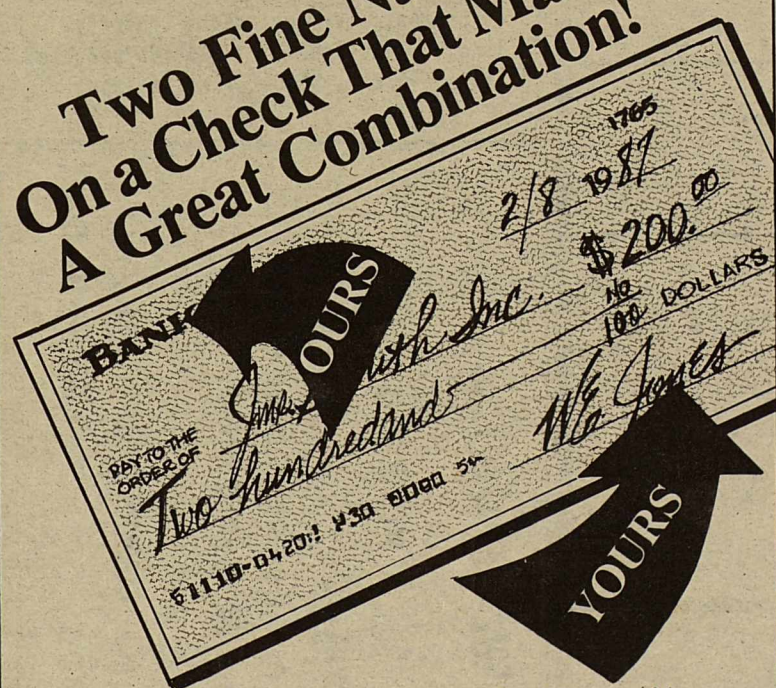

A complete set of revised rate schedules has been filed with the Public Utility Commission at Austin, Texas, and is available for public inspection in each of the Company's Business Offices in the State of Texas. A summary of the Company's rate filing has also been sent to the Mayor's office of each affected Municipality.
