TIGER CHEERLEADERS WINNERS

ON THE ROAD TO NASHVILLE by Tammy Frerich

The Brackett Tiger Cheerleaders attended an International Cheerleading Association camp in San Angelo July 5 thru 8 where they learned numerous cheers, dances and various other things.

REFLECTIONS

BY PRESTON TAYLOR, PASTOR
FIRST BAPTIST CHURCH

Two big red roosters happened to be among our family holdings during my boyhood days on a small Arkansas hill farm. Most all the chickens got along fine together. Not so with the red roosters. They tangled and fought constantly. Why? Who knows. They just did.

To keep peace in the world is a dream that keeps fading away. Peace agreements are made and broken. Harmony disappears and hard feelings erupt. And yet we are encouraged to be on the side of those who strive for peace.

Would you care to talk about the harmony the peace and the beauty of your family life? Strife may break out between the husband, wife and children over a dozen important or little issues -- from property divisions, toys, relics, money or work assignments. Throw up your white flag and surrender. Stop the selfishness and the determination to have your own way.

How are the relationships in school life? Do students go to class with the purpose of learning? If not, confusion and chaos sets in. Parents play a vital role in keeping peace within the educational institutions, too. Teachers exercise much influence in this area and teachers need the backing and support of parents, students, the board of trustees and all officials in order to do the job they need to do.

What about peace within the family of God? Warfare and dissention can break out even with the Church. Some may bring their unresolved conflicts to Church and give expression and vent to those "pent up" feelings in the place because they can't do so elsewhere. I suggest an alternative - smack the golf ball on the nose; or better, try the prayer closet. Smoldering hate, bitterness and rivalry needs to be extinguished.

The peacemaker is the fortunate or blessed person. Jesus says those who refuse to stir up strife and become makers of peace are the children of God. Why don't you join the army of peacemakers?

DONATIONS NEEDED

The Community Church of Brackettville is asking for donations for the needy in Brackettville and surrounding communities. We are especially asking for help for the needy of the cardboard shanty town on the outskirts of Acuna. The impoverishment is extreme and for most American citizens it is probably pretty hard to imagine. There is almost nothing that cannot be used by these people. The following is a partial list of needed items:

- *Food items with a long shelf life, such as beans and rice, are especially needed.
- *Clothing -- any and all clothing can be used -- children and infant clothing are scarce. (Winter clothing will also be needed).
- *Shoes -- especially children's
- *Soaps and detergents
- *Pots, pans, utensils, etc.
- *Baby formula

Please keep in mind that there is no running water, electricity, sewage, etc., in this community. We ask for your prayers and support. If someone has monetary donations, these will be greatly appreciated. Also if there are those who would like to go and minister with us, we will welcome them. Trimming trees around power lines can be a shortcut to tragedy.

You know the power line is there. And, you know you need to be careful. But, it's so easy to get distracted. Don't.

If you must trim trees near power lines, keep your priorities straight. Safety first; then the job. Better yet, call an

expert. Whatever the cost, it's worth it.

LETTER TO THE EDITOR

Dear Editor:

Recently I was in need of assistance while visiting in Brackettville. Upon calling the Kinney County Sheriff's Department, a deputy, David Luna, came to help me with my problem. I must say to your citizens, that Kinney County and Brackettville are indeed fortunate to have such a kind and competent peace officer such as Mr. Luna, to be taking care of their safety needs.

I commend Mr. Luna for his courteous assistance, and I most heartedly appreciate his acts of technical knowledge.

TRACKS ALONG THE TRAIL BY DORTHY PAYNE

Have you ever been in a real great hurry? I don't mean any ordinary run-of-the-mill hurry, but a real great hurry.

We moved out in the boondocks into a shotgun house. For the benefit of those who don't know that a shotgun house is, I'll explain. A shotgun house is one you can aim and shoot a shotgun through the front door and the slug will pass through the living room, the bedroom, the kitchen and the back door and bury itself in the little house in the back about where the half moon is carved.

The little house in the back of our house wasn't just a standard privy. It was a three-holer and had a convenient knot hole in the floor, right in front of the seat - just right to drop your match thru whenever you lit your cigarette or pipe, whichever the case might be.

One pleasant, sun shiny day I tripped down the path to the little house out back. The birds were singing, the bees were buzzing, all in all it was a pleasant trip.

I settled down, lit up a cigarette, and started leafing idly through the harness section of the catalog. At that time a black snake stuck his ugly head up through the knot hole and looked around like a periscope. That was when I got in a great hurry; in fact, in such a real great hurry, that the snake just stayed there, and in one leap I jumped over his head like the Jack who jumped over the candlestick.

I didn't stop until I was safe in the kitchen.

The next time I made the trip to the little house out back I had a hammer, a tin can lid and a handful of nails clutched in my hot little hands.

Hi,

This week I'll review 2 new movies, "Action Jackson" and "Moving"!

The first movie, "Action Jackson", is Carl Weathers (Rocky & Predator), first shot at a leading role. He handles it very well. I wouldn't be surprised to see him in a few leading roles. Also in this movie is, in my opinion, an underrated actor named Craig T. Nelson (Poltergeist I & II). This man has the potential and all the qualities to play a very hateful bad guy, as he proves in this movie. This movie gets an 8 1/2.

"Moving" on the other hand is a very likable comedy. Every movie buff is gonna have a field day with this one, naming all the stars in it. The only drawback with this movie is the language. Oh, did I mention that this is Richard Pryor's new movie? No? Well, it is. So that explains the language! One other flaw is that here lately all of Pryor's movies are starting to blur together. I give this one a 7, because it did have some funny moments. Till next week - Happy Viewing!

A tragic accident which occurred on a ranch in west Kinney County off Standard Lane at approximately 1:30 p.m., Friday afternoon, July 8th claimed the life of a 21 year old Uvalde man. The young man was identified at the scene as Jose Reyes, III. He was officially pronounced dead at the scene by Justice of the Peace Alvin Hall acting as Coroner at approximately 2:30 p.m.

Information obtained from the father of the dead man, who was an eyewitness to the tragedy, determined that the two were attempting to start a maintainer (motor driven road grader) by pulling it with a tractor. The father was operating the maintainer and the deceased was operating the tractor when the blade of the maintainer hung on a large stump stopping the maintainer. The tractor immediately flipped over backwards, rotating on its rear axle. It fell on top of the younger Reyes crushing him with its heavy weight. Members of the Kinney County Volunteer EMS unit and Fire Department responded to the scene to assist but it was too late. It is believed that young Reyes was killed instantly. At the time of this writing funeral arrangements are pending at Rushing-Estes Funeral Home in Uvalde.

A series of local thefts occurring at several area hunting camps were cleared last week with the arrest of a 31 year old San Antonio man. Larry Allen Carroll was arrested at a remote cabin in the rough countryside of a north Kinney County subdivision on Thursday afternoon, July 7th after we obtained a "hit" on his name which we had run through the TCIC/NCIC computers. Chief Deputy David Luna and I made the arrest at the cabin without incident and transported the man to the county jail where he was booked on outstanding criminal warrants from both Bexar and Guadalupe County. The warrants were for drug and weapon charges. The man and his female companion came under investigation when we received a complaint from a local businessman that he suspected the pair of taking personal property from hunting camps under his control while they were working for him. During questioning of the man, it was determined that property had been taken and much of it was recovered. The cases continue under investigation, and no local charges have been filed against the pair at the time of this writing. Carroll was transferred to Bexar County on their charges on Monday, July 11th.

A Pre-Trial Hearing has been set for Friday, July 15th, for the two male suspects in the Easter Sunday Aggravated Robbery of a Laughlin AFB woman at a roadside park approximately 6 miles east of Brackettville. The female suspect in the case was No-Billed

by the Grand Jury and released some time ago. The two male suspects, William Bruce Chandler, 21, of South Carolina and Ricky Eugene Cagle, 19, of North Carolina have been in jail in lieu of bonds since the time of their arrest in April of this year.

Work continues on the county jail with the cell door and lock system being about 95% completed, we hope. The renovations have gone on longer than expected due to various problems associated with the suppliers of items needed by the installers of the project. County Commissioners have also approved other renovations and repairs to be done while we are involved with this project, and all work should be completed and the jail in full operation by August 1st. We will have upon completion of the work a new teletype system, new cell door and lock system, and new floor tile and paint throughout the cell blocks. Even with the work being done and having to close down half the jail while doing it, we have taken in \$115,388.00 in prisoner care fees through June of this fiscal year. We anticipate an additional \$20,000.00 income through September and should have collected a total of \$135,000.00 for Fiscal Year 1987-88 which is approximately 3 times that estimated for the year. With all work done and in full operation, we hope to do even better next year.

THAT'S ALL

FLOYD VISITS 1ST BAPTIST

Dana Floyd, a brother of Harrell Floyd, will speak at both worship services at the First Baptist Church on Sunday, July 17.

The visiting speaker lives in Sonora and is a popular youth and church speaker in Southwest Texas.

The services will be at 11:00 a.m. and 7:00 p.m.

A friendly welcome is extended to the community to hear the dynamic guest speaker at the First Baptist Church this coming Sunday.

TIGER MASCOT

Did you all notice a few months back how empty the front of the Brackett H.S. Gym looked after the trees and bushes were trimmed? Well, Bob and Renetta McCall did. One day, while walking past the front of the gym, Mrs. McCall had an idea. She talked to Mr. McCall (Bob) about it and the idea blossomed into the new painting on the front of the gym. The McCalls donated the painting, painted by local artist, Lee Canti, because they wanted to do something for the students and to encourage more school spirit. And that it does.

The Brackett School Board Trustees would like to thank Bob and Renetta McCall for their generous donation of the Tiger painting on the gym.

We are sure the students and whole Community will receive years of enjoyment by seeing the Tiger Mascot displayed.

If you have and have recently tried to acquire more life insurance, you probably know how hard it is to get it, if at all.

Now there is a way.

We have a program, even if you have had major surgery, you're still eligible. You don't even have to take a physical exam. If you have been thinking of adding on or getting life insurance and have been turned down by others, try us.
