PIANO CONCERT

AWARD WINNING SISTERS WILL GIVE FREE PIANO CONCERT

At the ages of 5 and 6, sisters Silvana and Silvia Santinelli began piano lessons at the Casa de la Cultura in Piedras Negras, Coahuila, Mexico. Now the two beautiful sisters, ages 13 and 15, have a long record of local and regional awards, including television and San Antonio Symphony appearances. The Santinelli sisters, and their piano teacher Pauline Leung-Glickman, will perform a free Concert this Saturday, Oct. 15 in the Town Hall at Fort Clark Springs at 8:00 p.m.

The Concert, featuring favorite classical music by composers J.S. Bach, Frederic Chopin, Franz Shubert, Claude Debussy and others, is sponsored by Sterling C. Evans of Castroville, and the Old Quarry Society for the Performing Arts.

Free refreshments will be served in Town Hall after the Concert. Everyone is invited for a free evening of inspiring classical piano duets with two of the area's premiere young musicians.

GO, TIGERS, GO!

(at piano)
Silvia Santinelli, 13, placed first at the San Antonio Contemporary Piano Solo Competition for the past consecutive four years.

Silvana Santinelli won the Southwest Texas State Young Pianists Competition this year. She has played as guest pianist in six concerts with the San Antonio Symphony. (face shot)

LIBRARY NEWS

BY FRANCES
HERNANDEZ

The ENRICH-PLUS classes will be starting at the library the week of October 17. Morning classes will be at 9:00 on Tuesdays; evening classes will be at 6:00 on Thursdays. The first six-week session will be for parents of four-year-old children. Some of the parents who are taking the classes will be participating in the research aspect of the program. These parents have agreed to allow educational data to be collected on their children over the next few years so that gains in vocabulary and reading development can be monitored. Dr. Seawell has begun testing the four-year-olds whose parents are participating in the research study. She is using a standardized test to get an estimate of the children's vocabulary levels before the classes begin. About once a year the children will be tested again to see how much progress they make as the parents continue using the strategies they learn from the ENRICH-PLUS classes.

If you are the parent of a four-year-old (or a friend or relative of a four-year-old you would like to work with) and have not yet signed up for the ENRICH-PLUS classes, please call the Library (563-2884) and do so.

Dr. Seawell plans to teach the parents of five-year-old children during the second session. The second session will begin after Thanksgiving. In a few weeks she will get in touch with the parents of five-year-olds who have already signed up. Classes for the parents of children 0-3 will begin in January.

The ENRICH-PLUS classes have been made available to our community by a grant from the Meadows Foundation and are free of charge. If you are the parent, friend, or relative of a young child, or if you ever plan to be the parent, friend, or relative of a young child, you are invited to participate. L. Jacobs once wrote the following: "...literature does not just happen in a child's life. It is in his days because an adult who cares about children and books gets them together." The ENRICH - PLUS program invites you to be that caring adult in a child's life.

TO THE CITIZENS OF KINNEY COUNTY

OPEN LETTER TO THE CITIZENS & VOTERS OF
KINNEY COUNTY

I am writing this letter in my official capacity as Mayor of Spofford and as a taxpaying citizen and voter of Kinney County. It is intended primarily as a means of presenting true facts to the public in contrast to the false information and accusations made against Sheriff Norman Hooten during the course of this campaign for Sheriff by Mr. C.C.Veltmann, the Republican

candidate for Sheriff who is running against Sheriff Hooten.

Mr. Veltmann and some of his supporters have made allegations directed against Sheriff Hooten stating that he has failed to provide adequate law enforcement service and protection for the residents of Spofford. I want to go on record stating that these allegations are false and outright lies designed to attempt to discredit Sheriff Hooten.

Sheriff Hooten has provided outstanding law enforcement service and protection for those of us who live in Spofford during the six years he has been Sheriff. He has always been only a phone call away and has responded quickly to our calls for assistance. His deputies regularly patrol Spofford in an effort to deter crime and in fact Sheriff Hooten has solved several major burglaries and other crimes that have occurred in Spofford, recovering valuable stolen property and at least two stolen automobiles. Sheriff Hooten has greatly reduced the crime rate in Spofford by his efforts and we resent the allegations being made by Mr. Veltmann and his supporters who don't live in Spofford and some of them have never even been to Spofford.

Sheriff Hooten has many times gone above and beyond the call of duty in assisting those of us in Spofford with our problems, he has done the same for other citizens of Brackettville, Ft. Clark, and Kinney County.

Those of us who know Sheriff Hooten respect him for his ability, his professional performance, and most of all for his compassion and friendship extended to the people he serves.

The people of Kinney County should be able to cast their votes for the candidate of their choice in the upcoming Sheriff's election, but they should do so based on true facts, not false political statements and outright lies being used by Veltmann and some of his supporters.

I, as Mayor of Spofford, and my wife and our family do with letter publicly endorse Sheriff Hooten for re-election to the office of Sheriff. He has done such a good job for ALL of us. We just don't see how anyone who really wants professional, effective law enforcement combined with compassionate and caring friendship could vote otherwise.

RESOLUTION

OPPOSING THE ESTABLISHMENT OF TOXIC OR RADIOACTIVE WASTE IN KINNEY COUNTY, TEXAS

WHEREAS, the overall attractiveness of our county is essential to our region's future prosperity; and

WHEREAS, various businessmen have over the past few years indicated a desire to locate toxic or radioactive waste dump facilities in our area; and

WHEREAS, the economic benefits of creating such facilities are completely overshadowed by the negative socio-economic image and health dangers associated with toxic or radioactive waste disposal facilities;

NOW THEREFORE BE IT RESOLVED that the Commissioners Court of Kinney County, Texas declares it's opposition to the development of any kind of toxic or radioactive waste facility save those necessary for the disposal of normal solid waste.

Commissioner, Rose Mary Slubar made motion to pass resolution, second by Commissioner Joe N. Garza- Voting for: Rose Mary Slubar, Joe N. Garza and Judge Tommy Seargeant- Abstaining: Tim Ward and Bill Bizzell.

REVIVAL AND WEEK OF PRAYER A CALL TO REPENTANCE

The Pastor of St. John the Baptist Church is calling his congregation, the community of Brackettville and Kinney County to a week of prayer on October 18 - 22, Tuesday to Saturday at 6:45 p.m.

We welcome all people to come and join us as we pray to God for Revival. On these nights we will be led in a Word of Meditation by Rev. Johnson, we shall join in the singing of hymns and spirituals, testimonies as the Holy Spirit dictates. The emphasis will be on prayer.

"They that dwell under his shadow shall return, THEY SHALL REVIVE as the corn and grow as the vine. . ." Hosea 14:1,4-7

The Pastor and Congregation of St. John Baptist Church, West Crockett St. in Brackettville, cordially invite all the people of Brackettville, Kinney County and surrounding areas to a Week of Revival on October 23 - 28 at 7:00p.m.

The principal speaker will be Rev. Dr. Lonnie Green, Pastor of Bible Way Church of Our Lord Jesus Christ in Del Rio. Dr. Green is also the Founder of Bible Way Christian Academy in Del Rio. Our hearts are charged and deeply inspired that this great preacher and community leader has committed himself to

come to Brackettville to minister to our community in such a fine way.

Please Come!!! Join us for both of these times. God will move mightily in your life and in this community as a result of YOU, YOU and YOU responding to this invitation.

"If my people, (Brackettville & Kinney County folk) which are called by my name, shall humble themselves, and pray, and seek my face and turn from their wicked ways; then will I hear from heaven, and will forgive their sins, and will heal their land." II Chronicles 7:14. (paraphrased)

The best weapon against breast cancer is early detection.

And that's why a mammogram, like the one pictured on the front of this brochure, is so important.

A mammogram is a low-dose x-ray that helps your doctor "see" breast cancer before there's a lump, when the cure rates are near 100%.

It could save your life *and* your breast.

However, a mammogram is only part of the fight against breast cancer.

You should regularly examine your breasts, and have them examined by your doctor as well.

Although not perfect, mammography is still the most effective weapon in the early detection of breast cancer.

See guidelines, and consult your physician. It's essential you have a mammogram — even if no symptoms are present.

Because all breast cancer needs is a place to hide.

To fight breast cancer, the American Cancer Society offers the following mammography guidelines:

WOMEN 35 to 39:
See your doctor for a baseline mammogram.

WOMEN 40 to 49:
Have a mammogram every 1 to 2 years, even if no symptoms are present.

WOMEN 50 and Over:
See your doctor for a mammogram every year.

In addition, a professional breast examination is recommended every three years for women 20 to 40, and every year for those over 40.

Have A Mammogram. Give Yourself The Chance Of A Lifetime.

**FCIC EXTENDS SALES CLOSING
DATE ON WHEAT AND OATS**

HONDO, TX.-- The U. S. Department of Agriculture's Federal Crop Insurance Corporation has extended the sales closing date for 1989 wheat and oat insurance until October 31, 1988.

FCIC Manager John Marshall said the action was taken to provide producers the opportunity to comply with the intent of the Disaster Assistance Act of 1988 which requires producers to carry insurance on a given crop for the 1989 crop year if 1988 disaster payments are forthcoming on losses exceeding 65 percent of a normal crop.

This sales closing date extension from September 30 to October 31 will accommodate the crop insurance purchase requirement of the act where appropriate.

TIGER TALES

BRACKETT SUFFERS FIRST LOSS

By: J.J. Guidry

LYTLE - Coming into this game both Lytle and Brackett were undefeated in district competition. It was a long, tough battle with Lytle coming up on the winning end of a 13-0 score.

Lytle scored on a two yard run late in the first quarter and then booted an extra point to give them a 7-0 lead. They later scored on a 7 yard pass in the third quarter. The PAT failed.

Brackett is now 5-1 for the season and 2-1 in district competition. In district they are ranked behind Lytle (3-0) and LaPryor (2-0). Brackett will face LaPryor here for their homecoming game. The Tigers will start play at 8pm. Come support the Tigers!

J.V. DEFEATES LYTLE!

BRACKETTVILLE - Last Thursday the Junior High and the J.V. teams faced the Lytle Pirates. The Cubs lost 18-0, but the J.V. team won 6-0.

The Cubs started out slow as Lytle scored all three of their touchdowns in the first half. With 4:28 left in the third period, Adrian Pena scored for the Cubs on a 12 yard run. Lyn Floyd left the game on the last play as he suffered from a bruised clavical (collarbone). The final score was 18-6.

The J.V. had an exciting game as they boosted their record up to 3-2. Joseph Jimenez made an interception which set up an 82 yard run by Armando Estrada.

The J.V. travels to Rocksprings to face the Angoras at 6:00 pm. The Jr. High will play in LaPryor and will start at 5:00 pm. Go watch as they pound the Puppies!

TIGERETTES WIN AGAIN

by: Sheri White

La Pryor - The Tigerettes won their 4th consecutive match to remain undefeated in district play. The Tigerettes won the first game 15-8, and the second 15-10. They play La Pryor again this Friday.

The JV Tigerettes had a tougher time against the Bulldogs. They lost their first game but came back to win the second 15-4. Then the Bulldogs defeated the JV in the third game to win the match. The JV will also play La Pryor this Friday at 5:00.

The Varsity Tigerettes played Lytle last Friday to add another undefeated match to their record. They are now 5-0 in district competition. Cotulla is the only other district competitor the Tigerettes have not played. The Cowgirls are also undefeated in district competition. The Tigerettes will play them in Cotulla on October 18.

HOMECOMING

by: Brian Gonzales

Homecoming is here again, and the students are excited, especially the seniors. One Duchess and one Duke will be selected out of thirty-eight seniors for the 1988 Homecoming King and Queen.

The 1988 Homecoming candidates for the senior class are Marie Sofly escorted by Abel Esparza, Melissa Meyer escorted by Lee Floyd, and Patricia Rodriguez escorted by Placido Samaniego. The junior Duke and Duchess are Marybell Martinez and Fidel Hernandez. The sophomore class Duke and Duchess are Rosemary Rubino and Geovani Wardlaw. The freshmen Duchess and Duke are Veronica Barragon, and Peter Perez. The band Duchess and Duke are Wendy Hooten and Brian Bell. The FHA Duchess is Monica Falcon.

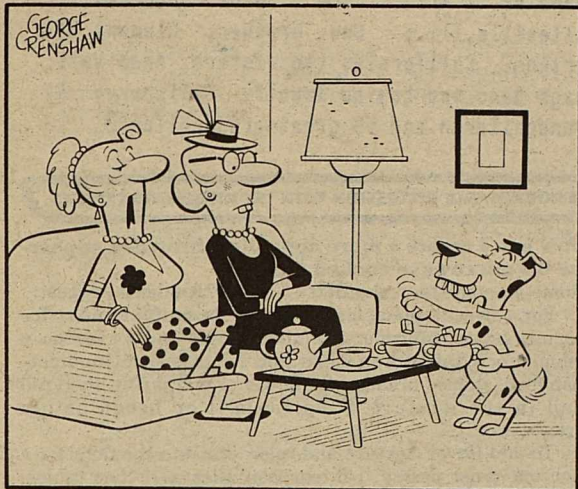

Good luck to all the king and queen candidates for this years 1988 Homecoming couples.

The Tiger Bonfire will be held at 8:30 PM, Thursday, October 13 at the track field.

"WE ALL TRY TO OVERLOOK HIS TWISTED SENSE OF HUMOR."

DEAR NOSEY

Dear Nosey,

A teacher stoped me in the hallway about my hair. They told me to get it cut. I've been trying to get it to grow and my parents said it was alright. If my parents say it's fine, why do I have to cut it?

Hairless

Dear Hairless,

Even though your parents said it was alright to let your hair grow, we have rules that we must follow. I know that there are a lot of people that disagree with the rules and we have many opinions about them, but there is not much we can do about them. The school board, representing the community, makes these rules. In the begining of the school year we are given the student handbook which clearly states the rules and regulations. When your parents sign the handbook they are saying that they agree with these rules and will see that you will abide by them. All I can say is hang in there.

Sincerely,
Nosey

Dear Nosey,

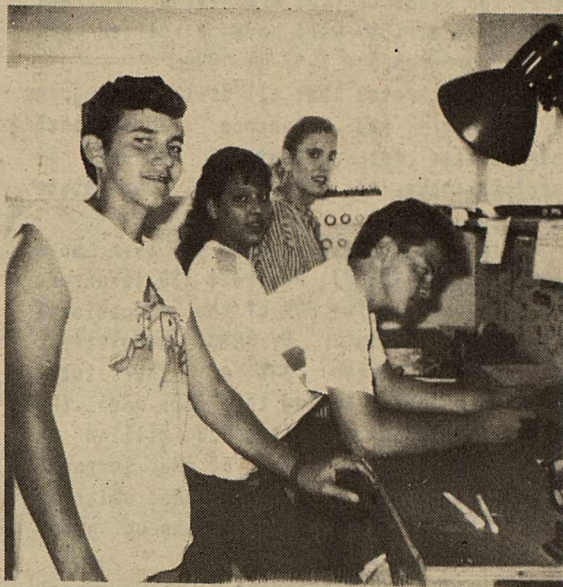

I have a problem with my teacher. My teacher hates me! This teacher is always picking on me for no reason at all. I never disrupt the class or disturb anyone. My teacher always tries to find a reason to pick on me. What should I do?

Stuck

Dear Stuck,

I can't believe any teacher in our school would pick on you for no reason at all. Now come on, do you expect anyone to believe that teachers here are that cruel? I don't think so. There is bound to be some reason for this teachers actions toward you. I believe you need to take a little time to think about the attitude you have toward this teacher. Maybe if you looked towards this teacher with possibly a little more respect, you would get that same respect in return. Do you think, just maybe, if you looked at teachers as your friends and not your enemies, things would change between you and them? Think about it.

Sincerely,
Nosey

BRACKETT INDEPENDENT SCHOOL DISTRICT

Report of Property Value for 1988 Released

A report was filed recently with the State Property Tax Board for Brackett Independent School District. It reveals that property value in the District is growing slightly, but appraised value for tax purposes continues to decline.

Total value of all property before exemptions, and production value reductions was \$329,923,656. This represents a shrinkage of almost \$100,000,000 from four years ago. Reductions in value from state mandated residence homestead exemptions (\$5,000 general and \$10,000 over 65) totaled \$6,807,315. Reductions for production value was \$243,872,768. An additional \$125,174 was lost due to disabled or deceased veteran exemptions. This left a total of \$79,118,399 of taxable property values. This figure was further reduced to \$74,776,974 because of taxes frozen for property owners who are over 65 years of age.

The District Property Valuation remains more than 10% below the State Property Tax Board estimate of property value within the District. This variance directly affects the amount of money the school district receives from the state.

The Tax Appraisal District and the School District have worked to get the State Property Tax Board to lower its estimate of District values from \$110,000,000 in 1985 to about \$96,000,000 last year. A further reduction in State Property Tax estimates will generate additional state education dollars for the School District.

Superintendent Bob McCall, Brackett Independent School District, reminds young men of Kinney County that they must register with Selective Service before they are eligible for federal student aid, job training benefits, and federal employment.

All men have a legal obligation to register within thirty days of their eighteenth birthday. Anyone between eighteen and twenty-five years of age who are not registered may do so at the local post office. Young men who fail to register by age 26 forfeit eligibility for any of the programs mentioned above.

There are 1,000,000 Texas men registered with Selective Service, and more than 14,000,000 nationwide. There is currently no draft for military service in the United States.

CAREER AWARENESS WEEK

The National Association of Educational Office Personnel (NAEOP) has designated October 9 - 15 as CAREER AWARENESS WEEK. The goal is to make the public aware of the many contributions educational office personnel make to education through their daily responsibilities as support personnel.

On Tuesday, the Brackett ISD office personnel were recongnized at a luncheon in the home of Jean Faulkenberry, of Fort Clark

MORE MONEY FOR EDUCATION

Education Gets Harder To Pay For By The Day

Programs mandated, but not funded by the State Legislature and the Texas Education Agency are dramatically increasing the cost of education for school districts. This financial burden is passed on to the local property tax payer as districts scramble to meet teacher salaries, and added programs.

Bob McCall, Superintendent of Brackett Independent School District, paints a gloomy picture for the future of small school districts and their tax paying residents. McCall compared Brackett ISD programs in 1983 (Pre-education Reform) with those of 1988 in a recent review of the District's financial condition. "In 1983, Brackett ISD had no pre-Kindergarten program, no computer literacy requirement, no 1:22 teacher-student ratio, no elementary library, no organized physical education for elementary students. At the secondary level, there was no computer literacy requirement for junior high, and basically no electives for junior high beyond band and/or P.E. In grades 9-12 there were very few electives available. Teachers taught five periods a day and had an hour off for lunch."

"Today, at the elementary level we have met the 1:22 teacher-student ratio, we offer a half day pre-kindergarten program, we have installed an elementary library, and are serving special education children at the age of three years and up. At the Junior high level we are offering computer literacy, algebra 1, career explorations, music history, and exploratory home economics in addition to the basic program. In grades 9-12, students are offered remedial courses in correlated language arts, math, and science, as well as, language opportunities in Latin, German, and French. Advanced electives such as physics, calculus, advanced social science problems, and Chemistry II are also available, as well as, speech, journalism, computer science I & II, and music history. Secondary teachers are now teaching six periods a day, and have only thirty-five minutes for lunch."

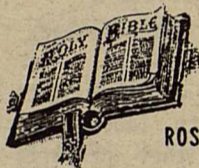

"In addition, tutorials are offered at all

levels for students that are having problems and the District will have a gifted and talented program for K-12 by 1990."

Mr. McCall notes that all of these programs are good and enhance educational opportunities for students. However, if districts have to offer them, the state should pay.

Statistically, the impact is even more dramatic. In 1982-83, Brackett ISD taxpayers were responsible for 20% of the educational cost of the district. By 1986, the district was being charged 31% of the total educational cost. During this same span, the district's budget grew from 1.8 million to 2.3 million dollars. Most of the increase can be attributed to higher teacher salaries due to the fact that salaries make up about 82% of the district budget.

According to Superintendent McCall, school boards across the state are facing the same choices. Districts that are not growing or are losing enrollment must fund the basic program by passing costs along to the local property owners through higher school taxes. "It is not a fun time for local board members or school administrators," McCall stated.

OBITUARY

ROSE B. STOCKMAN

Mr. & Mrs. Lee G. Cremer of Fort Clark Springs have just returned home from Jefferson City, Missouri. Mrs. Cremer's Mother, Rose B. Stockman died Sunday, September 25, in Jefferson City.

She was born March 23, 1905, at St. Thomas to Theodore and Mary Huhman Mertens. She was married May 6, 1925 to Elmer Stockman who preceded her in death.

Mrs. Stockman was a licensed practical nurse at St. Mary's Health Center until her retirement in 1975. She was a member of St. Peters Catholic Church, past secretary of the Missouri Licensed Practical Nurses Association, a member of V.F.W. Ladies Auxillary and St. Ann's Sodality.

Survivors include: three sons, Harold Stockman, Elmer Stockman & Paul Stockman, all of Jefferson City; five daughters: Lydia Cremer of Brackettville, Rosemary Long and Donna Straub of Jefferson City, Ann Schenk, Chandler, Ariz. and Carol Jacknewitz, Belleville, Ill.; One brother, Clement T. Mertens, California; two sisters, Anna Veit, Osage Bend and Louise Imhoff, Salisbury; 47 grandchildren and 55 great-grandchildren.

A ROUNDTABLE DISCUSSION WITH THE MICROWAVE EXPERTS

How can I create a more appealing, browned appearance for microwave cooked food?

Home economists in the Betty Crocker® Kitchens suggest:

- For a sweet topping for batter breads, muffins and coffee cake, mix 1/2 cup brown or granulated sugar and 3/4 teaspoon cinnamon or 1 tablespoon sugar and 1/8 teaspoon cinnamon. Brush firm, shaped breads with butter or margarine; then roll bread in the mixture or sprinkle it on bread before microwaving.

- To add flavor, texture and color, stir into the flour for a 9-inch one-crust pastry: 1/8 teaspoon allspice or two tablespoons finely chopped nuts or one tablespoon toasted sesame seed.

- Good for microwaving are dark batter cakes such as chocolate or gingerbread. If the cake will be removed from the baking dish, you can coat the greased dish with finely chopped nuts or corn flake crumbs before pouring in the batter.

Representatives of Nordic Ware® say browning pans can help you create the appealing appearance of conventionally cooked foods. These pans permit browning, searing, grilling and frying.

The utensil must be preheated first, just as you would preheat a heavy skillet for range-top cooking. Once preheated, you can fry eggs, grill sandwiches and steaks, saute vegetables, heat frozen pizza (and achieve a crisp crust), prepare French toast and much more.

Here's a recipe tested and approved by the Betty Crocker Kitchens for Nordic Ware browning skillets.

CINNAMON FRENCH TOAST

2 eggs
1 tablespoon milk
1 teaspoon sugar
1/2 teaspoon ground cinnamon
1/4 teaspoon almond extract
4 slices French bread, each 1-inch thick
1 teaspoon butter or margarine
Warm syrup or orange marmalade

Beat eggs, milk, sugar, cinnamon and almond extract with fork in large bowl. Place French bread slices in egg mixture, turning to coat. Allow to soak while preheating All-In-One skillet, Mighty Sizzler™ or Sizzlin' Skillet™. Preheat skillet at High for about five minutes (time may vary with skillet). Place butter on preheated skillet; spread evenly across surface. Place bread slices on skillet. Microwave at high for 1 minute; turn slices. Microwave 40 to 50 seconds longer, or until egg mixture is set. Serve with warm syrup or orange marmalade. Serves 2.

SAN ANTONIO - SAN DIEGO STAGE LINE. Established July 1, 1857, by James E. Burch who contracted with the Postal Department to deliver the mails bi-monthly between San Antonio and San Diego for the sum of \$149,800. Major J. C. Wood was general superintendant in charge of setting up and operating the line. Burch who went to California to set up the western end of the line was drowned when the ship by which he was returning to Texas via "The Horn" was sunk. The line began operations with 65 men, 50 Concord Stages and 400 mules. Stage stands were spaced about 20 miles apart and it required 30 days to make the trip. The passenger fare was \$200 to San Diego and \$100 to El Paso. Big Foot Wallace, famous frontiersman, Ranger, Indian fighter and scout, drove the first stage from San Antonio to El Paso.

ON SEPTEMBER 15, 1988, NORMAN HOOTEN SAID HIS PROFESSIONALISM IS PROVEN. HOWEVER, ON JUNE 30, 1988, HE WROTE IN THE CAVALRYMAN:

"WE ADMITTEDLY TURN OUR HEADS AT MINOR INFRACTIONS OF THE LAW AS LONG AS THERE IS NO DANGER TO THE PUBLIC. WE DO THIS FOR ADULTS TOO."

IS THIS A PROFESSIONAL WHO PUBLICLY STATES HE TURNS HIS HEAD WHEN HE NEEDS TO? DOES THIS LEAVE OUR CHILDREN WITH THE RIGHT RESPECT FOR THE OFFICE OF SHERIFF, OR DOES IT LEAVE AN OPEN DOOR TO SEE HOW FAR THE LAW CAN BE CHALLENGED?

PROFESSIONAL ABILITY?

ON SEPTEMBER 15, 1988, NORMAN HOOTEN SAID:

"IN 1987 WE HAD 49 REPORTED MAJOR CRIMES. THEY ARE AS FOLLOWS: RAPE-1, AGGRAVATED ASSAULT-2, BURGLARY-19, THEFT-21, MOTOR VEHICLE THEFT-6"

WITH MAJOR DRUG ARRESTS TAKING PLACE ALL OVER TEXAS AND ESPECIALLY THE SURROUNDING COUNTIES, DOES IT SOUND LIKE THE SHERIFF'S DEPARTMENT IS GETTING THE JOB DONE WITH NOT ONE DRUG-RELATED ARREST LAST YEAR IN KINNEY COUNTY BY THE SHERIFF'S DEPARTMENT? COULD IT BE THEIR "TURN OUR HEAD" POLICY ON DRUGS AS WELL?

An intense, in-depth, far reaching investigation covering at least three states is being conducted by a Mr. William Graham, a private investigator employed by a Houston based livestock insurance company. Mr. Graham has uncovered a tangled web of deceit, fraud, and ultimately cruel criminal activity on the part of a Kinney County resident. Mr. Graham was hired by the insurance company after it became suspicious of a \$900,000.00 insurance claim filed by the suspect upon the death of a race horse in New Mexico. According to Mr. Graham this case is "a classic case of deliberately killing a horse for profit".

The horse, which had a chipped knee and was purchased in California for \$3,800.00, suddenly appears to have jumped in value as he was "syndicated" (at least on paper) with the ultimate target value to be 1 million 250 thousand dollars. At the time of his death the horse's "paper" value had grown to \$900,000.00. A post mortem autopsy of the horse determined that he suffered a cruel, agonizing death caused by a massive overdose of ammonia administered orally. It is estimated by the equine toxicologists who conducted the examinations that the horse

suffered for approximately 45 minutes before it finally died.

Once Mr. Graham, who specializes in cases involving killing horses for profit, began his investigation he determined that the "paper trail" of deceit, fraud, and "double-dealing" led to Kinney County. During the course of his investigation he has tape recorded several interviews with witnesses who have first hand information concerning the case, in fact, many of the witnesses have practically lined up to talk to him once they realized that the dominoes were falling. Once he uncovered evidence of criminal activity on the part of the suspect he acted as required by law in reporting that evidence to the law enforcement agency having jurisdiction in the matter. Since it has been determined that the fraudulent insurance claim originated here in Kinney County, Mr. Graham has notified the Sheriff's Department and the District Attorney's Office. Upon completion of his investigation the evidence will be examined by the District Attorney's Office for likely presentation to the Kinney County Grand Jury. It is also most likely that both the U.S. Postal Inspector and the F. B. I. will be presented with evidence in the case as it has been determined that both the U.S. Mail and the telephone system has been used in the cruel scheme.

Mr. Graham, aka The Fat Man, has appeared on several national television programs involving killing horses for profit. Some of the nationally televised programs are; West 57th Street, 20/20, PM Magazine, and The David Letterman Show. He has successfully

solved over 100 cases of killing horses for profit. He is well qualified for his work as he is an ex-police officer who was also a college professor specializing in criminal justice courses. He is considered to be an expert in his field and is highly respected by law enforcement agencies throughout the United States.

It is a black day for Kinney County to learn that we could have a person in our community who could cause the death of a beautiful, trusting horse in such a cruel manner, all for the sake of greed and the all mighty dollar. Think about it!!

THAT'S ALL !!

French Peas

A wonderfully succulent accompaniment to baked fish.

- 1 Tablespoon Oil
- 2 Green Onions, Diced
- 1 Cup Finely Shredded Lettuce
- 1 Teaspoon Flour
- 3 Tablespoons Water or Chicken Broth
- 1 10-Ounce Package Frozen Peas, Cooked
- 1 5-Ounce Can Water Chestnuts, Drained
- Freshly Ground Black Pepper

In a saucepan, cook green onions and lettuce in oil over low heat for 5 minutes.

Combine flour with water or broth. Add to lettuce mixture and stir until thickened. Put in the cooked peas, sliced water chestnuts and seasoning. Heat through and serve.

Yield: 6 Servings
Approx. Cal/Serv.: 80

Like the hub on a wheel Fort Belknap was a center of network of roads that led to Dallas, Preston, Fort Graham, Fort Worth, Camp Cooper, Camp Colorado, Fort Phantom Hill, Fort Chadbourne, San Antonio, and the Indian Agencies in Young and Throckmorton Counties.

From the time Fort Belknap was established in 1851, it was to become a center of activity. Many famous military and others were to occupy the Fort.

By 1859 Fort Belknap was abandoned for lack of water. During the Civil War State Troops took part in the Battle of Dove Creek. Later citizens lived in some of the vacant quarters, now and then buffalo took refuge against the elements in the cold winters. At one time three hundred people were to make the Village near the Fort their home. The village had a colorful history, here Charles Goodnight courted his bride to be, Mary Dyer. Millie Durgan lived here before being captured by the Indians, which is a different story.

But by far the most interesting character associated with the Fort was Robert Simpson Neighbors, who was the Superintendent of Indian Affairs for Texas when he was assassinated here in 1859.

Neighbors was captured by General Adrian Wall along with other officers of the court sitting in San Antonio and taken to Mexico in 1842. He was released on March 24, 1844 returned to Texas and early in the following year was appointed Indian Agent of Texas for the Lipan-Apache and Tonkawa Tribes.

Neighbors introduced successfully the field system of Indian Control, dealing with them in their camps rather than continually demanding their presence at the Agency. Later he worked with them in their camps, when dealing with the Comanches and had the greatest influence over the Indians of Texas than any other white man of his generations.

After annexation of Texas, he received a Federal appointment as special Indian Agent in 1847 and took part in many councils with the Indians, especially the one which resulted in the Mouseback-Comanche Treaty. This treaty provided that the Mouseback German settlers go unharmed in Indian Territory and the Indians likewise in the German Settlements.

During the administration of 1849 his position as Agent was terminated, but he remained in public service as Texas Commissioner and sponsored a law that opened the way for establishing of Indian reservations. In 1852 was reappointed Indian Agent for the Texas Indians under the Pierce administration.

Due to the hostility of the settlers and the military towards the Indians under his control, Neighbors finally brought about the

removal of the Texas Indians to a reservation in Indian Territory.

Agent Neighbors supervised the removal of his Indians and returned to St. Belknap, where he was assassinated. His assassin was an unimportant troublemaker who was supposed to have resented Neighbors friendship with the Indians.

REFLECTIONS

Our town needs to start a cremation business. A crematory is a furnace where bodies are burned to ashes. We could use this kind of ghastly enterprise to great advantage.

We need to cremate the hatred and bitterness we have toward one another. On a number of issues people may never be together. A family may not agree about the color of an automobile, or the cost of a wedding. We may disagree in politics, or the grades someone gets in school. And yet, we all need to join together and let our dislike for others go up in smoke.

We need to cremate selfishness. Pigs will fight over an ear of corn. Their animal nature expresses itself in the "me first" attitude. They never listen to the words of Jesus about the first being last.

Harold Byrd Jr. gave the Volunteer Fire Dept. of Brackettville, Texas, a gift of \$8,000.00. It's in giving and sharing that one really lives. A crematory trip could convert a person from the ashes of selfishness to a resurrected, "phoenix" life.

We need to cremate unbelief. Atheism and agnosticism finally will end up in the Big Crematory along with all their disciples. Wouldn't it be better to burn up these shallow philosophies and take on that which lasts?

God remains the central truth of time and eternity. He is the "Always One". The Great "I Am" has a way of surviving. The Lord God expresses Himself in ten thousand ways. Why doubt God when the evidence of the Eternal is all around?

We need to cremate the life that's without purpose and meaning. We may ask a friend, "What 'cha doing?"

The answer may come back to us, "Oh, nothing much."

What? When this day comes to a close it will never return. No one can bring back June 5, 1517. Gone forever is December 7, 1941. The sun can never rise again on the day that slips away from us. We don't need to let indifference and a passionless existence stay alive.

I may not be cremated when I die -- unless there's a nuclear holocaust. And yet, my life would improve if I would carry out a few "cremation ceremonies" every day. We all need to make frequent trips to this kind of crematory, don't we?
