

DON'T FORGET TO VOTE TUESDAY

CATHOLIC CHURCH

Robert W. Nelson will be ordained a Permanent Deacon in the Catholic Church by the Most Reverend Bernard Popp, Auxillary Bishop of San Antonio on Saturday, November 5, 1988 at 5 p.m. at Saint Mary Magdalen Catholic Church, Brackettville. Ordination as a Permanent Deacon comes after a 3 1/2 year formation program conducted by the Archdiocese of San Antonio for Deacon candidates and their wives. As an ordained member of the clergy, Mr. Nelson will be actively assisting in the Ministry of the Word, Ministry of the Eucharist and the Ministry of Service to the Community. The ordination to Holy Orders for a member of Saint Mary Magdalen Parish is a first in it's 125 year history and the public is cordially invited to witness this important event.

STAMP OUT VOTE IN TEXAS

by Jack M. Rains
 Secretary of State
 State of Texas

The Texas Chainsaw Massacre is not the only horror story in the state. It's frightening to know that on election day, names of the deceased are found on voter registration rolls. Truck loads of ineligible voters are hauled from precinct to precinct. Ballot boxes are stuffed. Votes disappear.

Make no mistake, vote fraud has been, and remains, a serious problem in Texas. While a few wink and turn away, vote fraud is a crime. Even in a state as large as Texas, one or two fraudulent ballots per precinct

can change the outcome of an election.

In this year's presidential campaigns, both candidates have made crime a major issue. Certainly, no crime strikes at the heart of our democratic system more insidiously than vote fraud.

As Chief Election Officer of Texas, I have launched a crusade to end vote fraud. I asked my Assistant Secretary of State, Randall H. Erben, to personally take charge of this effort. The Secretary of State is authorized to deploy election inspectors across the state at his discretion and must send an inspector to an area where 15 of its registered voters request one. The demand for inspectors is great this year, reflecting the public's growing intolerance of vote fraud.

Inspectors stationed in a polling place are usually inconspicuous. They merely arbitrate disputes and point out irregularities to election officials. If an election judge or clerk refuses to follow the law, then the inspector will call in specially trained law enforcement officers who will be on standby that day.

To ensure that partisanship and egos do not interfere with elections, we targeted two groups from which to recruit election inspectors. First, I asked attorneys. Lawyers, as officers of the court, are easily trained on applicable election law and can receive continuing legal education credit from the State Bar of Texas by taking our course and working on election day. The second group we targeted are public employees. These dedicated public servants administer the laws of Texas day in and day out in an even-handed, non-partisan fashion. Both groups make excellent inspectors.

The training session an inspector must attend provides a clear, concise presentation of Texas election laws. Our professional legal staff covers the most frequent problems faced on election day and outlines procedures for correcting illegalities at the polling place.

Election inspectors are not poll watchers or other monitors who work for a particular party, candidate or cause. Election inspectors are officers of the State. The inspectors' activities will be coordinated

On October 21, 1988, a 4-H food class went on a field trip to San Antonio to visit places that have restaurant equipment and to see different types of foods in different establishments. They stayed overnight in S.A. and went to Sea World the next day where the highlight of their entertainment there was Shamu giving the kids a bath.

This Friday, November 4th, the class will again go on a field trip. This time to Del Rio's Wyatts Restaurant at Plaza Del Sol Mall where they will take a tour behind the scenes and into the kitchen to see the equipment and how things are prepared. They will also visit the GMC Nutrition Center in Del Rio.

Saturday, Nov. 5, the girls will be giving out cookies (that they make) to the Senior Citizens in Brackettville as a Community Service for their group.

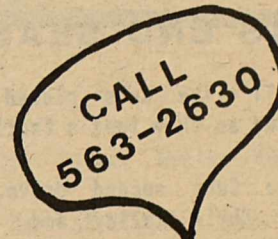

Leader for this group of girls is Linda Sharp and assistant is Millie Freeman.

TIGER TALES

TIGERS VICTORIOUS AGAIN!!!

By: J.J. Guidry

BRACKETTVILLE - The Tigers closed the regular season in style as they defeated the Cotulla Cowboys 42-16. Jesus Aguirre paced the Tigers with a total of 30 points. He had four TD's and was six for six in extra points.

Aguirre scored twice in the first quarter on runs of 1 and 65 yards. He had a 67 yard run in the second and a 7 yard run in the third. Frank Morgan scored from 13 yards out and Geovani Wardlaw had a 6 yard TD run. The Tigers were scoreless in the final stanza, as Cotulla scored 16 points against the Tiger J.V.

The Tigers (4-2) are still in third place behind Lytle (5-0) and La Pryor (4-1). The Tigers are open this week. Lytle will face La Pryor for the district championship. If Lytle wins and Natalia defeats Cotulla, La Pryor, Natalia, and Brackett will be tied for second place. They will go to the positive point system. The Tigers are leading the three in points. If La Pryor wins they will win district and close the door on our playoff chances. If we make it to the playoffs, we will face the winner of district 32-2A (Woodsboro-Benavides will play for their championship). Next week we'll list all of the results of the games mentioned in this column.

CUBS END SEASON

BRACKETT - The Cubs closed their season last Thursday as they lost a thrilling game to Cotulla 20-14.

On the Cubs second drive, they were powered by Chris Kelley and John Ingram. After Kelley made the first down, Ingram ran over the Cotulla defense on his 62 yard trip to the endzone. The conversion attempt failed. In the second quarter Cotulla made their first touchdown. It was then 6-6 at halftime. The Cubs came back determined from the lockerroom as they took a lead in the third quarter as Adrian Pena scored from 12 yards out. Pena then scored the conversion on the quarterback keeper. The Bandits answered with their own touchdown. They also made the conversion to tie the score at 14-14. The Bandits were not through as they made an impressive drive to score their last touchdown. The Cub defense pounded the Bandit runningback with the ball and denied them the conversion. The score was now 20-14. The Cubs pushed the ball down the field, but then they coughed it up and the Bandits recovered. A few plays later, the Bandits fumbled and Ingram recovered for the Cubs. Less than a minute was left, but the Cubs failed to score.

Congratulations to Coach Burks, Coach Nowlin, and the Cubs for an outstanding year. The Cubs finished the year with a 2-5 record. The Junior athletes will soon begin practice for the upcoming basketball season. Be watching for an explosive team!

TIGERETTES NOW 7-1

by: Sheri White

The Varsity Tigerettes lost to the District leaders, the Cotulla Cowgirls. The first game was the closest the Tigerettes have played all season. It was a hard fought game but the Cowgirls came out on top 16-14. The next game was a little easier for the Cowgirls, they won 15-8. The Tigerettes didn't let one loss get them down. They came back to beat the Dilley Wolves 15-4, 15-5.

The Tigerettes have qualified for the Bi-District play-offs. They play Cotulla again this Friday, here at 5:00. The JV will begin the games. If the Varsity Tigerettes win, there will be a play-off game for the District Championship. If not the Tigerettes will go into the Bi-District play-offs as the District 31-2A Co-Champs. Fridays game is very important for the Tigerettes. Your support would be greatly appreciated.

DUKE TALENT SEARCH

THREE STUDENTS FROM BRACKETT JR. HIGH QUALIFY FOR DUKE TALENT SEARCH

by: Stephanie Ahrens

Three students from Brackett Jr. High have qualified and applied for participation in this year's Duke Talent Search for mathematically and verbally brilliant students sponsored by Duke University's Talent Identification Program. The program identifies bright seventh graders from 16-state regions in the south, southwest, and midwest.

To be eligible, students must have scored at the 97th percentile or better on an in-School achievement or ability measure. They will take the Scholastic Aptitude Test (SAT) or ACT Assessment (ACT), normally taken only by college-bound juniors and seniors, in December, January, or February. Many of these students score as well or better than the average college-bound senior on these measures. All participants receive Certificates of Merit and some become eligible for state-wide recognition ceremonies or a variety of educational programs.

TIP, established in 1980, has provided thousands of students with information about their abilities and educational options. The purposes of the program are to help academically able students develop their

special abilities, to assist schools in working with the brightest students, and to understand the nature of exceptional mathematical and verbal ability.

The following students from BHS are applicants for the 1988 Talent Search:
Hannah Reschman --- Language

Tiffany Bryan ----- Math

Bernie Allemeier -- Reading

CONGRATULATIONS and GOOD LUCK!

DEAR NOSEY

*****DEAR NOSEY*****

Dear Nosey,

I have a problem concerning a girl. I really like this girl but I can't get her to notice me. There is one small problem and that is she has is interested in another guy. I don't know if I should tell her how I feel about her because I'm afraid she might laugh in my face. What should I do?

Sincerely,
Concerned

Dear Concerned,

I know it's hard to tell someone you like them without them laughing at you, but if your feelings are really strong about that person I think you should tell them how you feel. Maybe that person already has a special interest in you. Don't rush things though, first of all you need to become really good friends and get to know the person even better. After a while you may decide she's not the one for you or maybe she is the one for you. Take it slow and I hope to here from you soon.

Write Back,
Nosey

Dear Nosey,

I've got a problem. I was invited to a party and I really want to go but my mom got a little job for me. I need the money but I also want to go to the party, what should I do?

Sincerely,
Bummed

Dear Bummed,

You have a pretty sad case but it's nothing that can't be solved. First of all you must consider what is most important. Second, you need to consider it's consequences. And most important of all, you need to be honest with yourself. In my opinion, if your mother has set up a job for you and you definitely need the money, you should stick to the job. If you didn't like the idea of your mother setting up that job for you without her

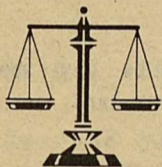

**JUSTICE CULVER
IS THE ONLY WOMAN SERVING
ON THE TEXAS SUPREME COURT
TODAY**

EDUCATION & LEGAL EXPERIENCE

- ✦ BA degree from Texas Tech University.
- ✦ Law degree from SMU School of Law.
- ✦ Practiced law in Midland for ten years.
- ✦ Elected as the first Chairperson of the Women and the Law Section of the State Bar of Texas. Justice Culver is also a Charter Member of the Family Law Section.

HONORS & LEADERSHIP EXPERIENCE

- ✦ Sam Emison Memorial Award as the Most Outstanding Family Judge in Texas, 1984.
- ✦ Served as President of the National Association of Regional Councils.
- ✦ Past President of the West Texas County Judges and Commissioners Association and recipient of the Outstanding County Judge Award.
- ✦ Served a three year term on the President's Advisory Council on Education of Disadvantaged Children.
- ✦ Past President of the Permian Basin Juvenile Council.
- ✦ The Midland County Commissioner's Court named the county detention home, Culver Youth Home, in her honor.

**KEEP JUSTICE BARBARA
Culver
TEXAS SUPREME COURT**

**Justice Culver exemplifies those qualities
needed on the Supreme Court.**

- ✦ Integrity
- ✦ Fairness
- ✦ 25 Years
Judicial Experience

Dear Fellow Texan,

As a native Texan, I was greatly honored when appointed by the Governor on January 8, 1988 to serve out an unexpired term on the Texas Supreme Court.

I am the only candidate in Place 4 with judicial experience. Having been elected seven times as a judge, I bring 25 years of trial experience to the job, including civil, criminal, family, juvenile, mental and probate cases.

It is my strong conviction that a judge should interpret laws, not make them.

I would appreciate your support and your vote on November 8th.

Sincerely,
Barbara Culver

JUDICIAL EXPERIENCE

- ✦ In 1962, she was elected County Judge in Midland County. She was re-elected three more times, in 1966, 1970, and 1974, before being appointed District Judge by Governor Dolph Briscoe.
- ✦ Was elected Judge of the 318th District Court in 1978, 1982, and 1986.
- ✦ In January 1988, Justice Culver was appointed by the Governor to the Texas Supreme Court.

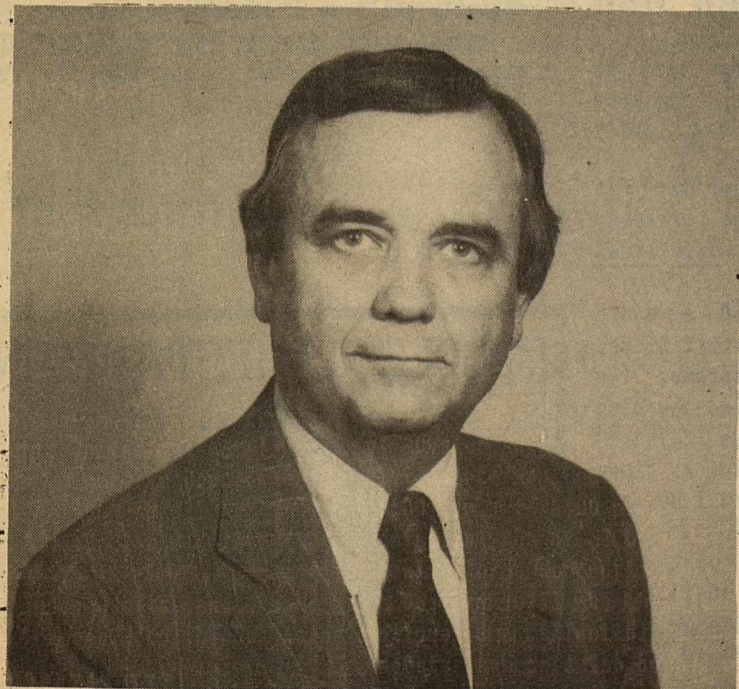

Justice Culver was married to the late John R. Culver and has two grown sons, Lawrence and Bryson, and three grandchildren.

Let's Keep Culver on the Supreme Court.

SHERIFF'S CORNER

Tuesday, November 8, 1988 is Election Day and I urge all of you who have not already voted absentee to get out and exercise your right to vote. Cast your vote for the issues and candidates of your choice. By voting you are voicing your interest in local, state, and national government and stating by your vote your opinion in how your government should be run.

I sometimes hear folks say "I'm not going to waste my time voting, my vote won't make a difference anyway." WRONG-WRONG-WRONG! What if everyone felt that way? Our democratic way of life and freedom of choice would soon disappear and we would end up with dictatorships running our governments. Sure your vote counts, and most importantly, it counts to you because you have voiced your opinion regardless of how it turns out. If you don't vote, you really give up your right to gripe and groan later about how things are or the decisions of the officials in office. All elected officials are selected by majority vote, and YOUR vote counts. If you don't vote, don't gripe later.

We have several criminal investigations going on at one time right now and we are spread pretty thin in our efforts. But we are used to that and will keep on keeping on to the best of our ability. The three major criminal investigations we are involved with at the present time are as follows:

- (1) An alleged armed robbery that was reported to have occurred at the roadside area 6 miles east of Brackettville on Hwy. 90 the morning of Friday, October 28th.
- (2) Our continued investigation into the arson case that occurred at a south Kinney County Ranch in September 1988.
- (3) Allegations of insurance and mail fraud connected with the death of a highly insured race horse that died a painful, cruel death under suspicious circumstances. We are being assisted in this investigation by Private Investigator William "Bill" Graham, better known as "The Fat Man". Mr. Graham of Seneca, South Carolina specializes in cases involving equine mortality for profit. He has successfully solved over 100 cases of killing horses for profit (insurance fraud) and has appeared on several national television shows with case histories of the more prominent cases he has worked on being discussed to demonstrate the cruel, painful, and deadly methods used by low class criminals against horses for personal gain (money). Mr. Graham is highly capable and competent and indicates that his investigation into this current case will soon be completed. All available evidence of criminal activity on the part of the suspect(s) in the case will be turned over to the F.B.I. and the District Attorney's Office for consideration and probable presentation to both federal and local Grand Juries.

DON'T FORGET - GET OUT AND VOTE! YOUR VOICE, BY YOUR VOTE, COUNTS!

LETTER TO THE EDITOR

Citizens of Brackettville,

We would like you to get involved with a project for our country. We, the students at Powell Middle School, are asking our congressmen to vote YES to put the Oak Tree as our second living symbol of the United States. Not only do these awesome trees make a good choice because of their physical beauty, but they also take part in our every day lives, such as paper and fuel. I and my other students all hope that I have encouraged you to write to your congressmen and take part.

P.S. - Teachers, Coordinators, & Organizers:

If you would like a packet detailing project A.C.O.R.N.S. please write to:

Travis Hutchinson
Project A.C.O.R.N.S.
Powell Middle School
8000 S. Corona Way
Littleton, Co. 80122

Dear Editor:

Today I read a political ad in the October 20 issue of the Kinney Cavalryman. The ad was paid for by C. C. Veltmann, Candidate for sheriff in the upcoming November election.

One statement that was made, "Can we afford this Jail income?". Don't be misled by this remark; for we can't afford to be without it.

By law....The county is mandated to maintain a jail and the jail must pass jail standards set by the State. No matter who is sheriff, this has to be this way. With or without a prisoner program, it cost money to operate our jail. The average cost of running a jail of our size, on the bare minimum, is around \$140,000 to \$150,000 per year. What this means is that without a prisoner program we know we are going to spend whatever that amount will be with no money coming in to offset the expense. Instead of spending the "\$52,702"; we would have spent the \$140,000 to \$150,000.....now which one would you, the taxpayer rather have?.....

As far as the cost of food per meal is concerned, the \$4.92 cost per day, for each prisoner; take another look and really understand all the facts.... First the County receives \$28.00 per day for each prisoner that we have on the prisoner program; we receive nothing on our local prisoners.

I believe the figure of \$598.60 a month for a family of four is correct; but if you were receiving \$3,360.00 a month income, the family of four really shouldn't mind spending the \$598.60 for food....this leaves \$2,761.40 for other necessities. The figures as given in this ad are very misleading and I do not want the taxpayers to be misled.

As County Commissioner, I can work with whoever is elected as sheriff, but I am strongly against doing away with the prisoner program; Kinney County cannot afford to be without it.

The Commissioners Court did not raise taxes for the next fiscal year and one of the main reasons that we didn't was because of

the anticipated income that we will receive from this program.

Whether Veltmann or Hooten is elected as our sheriff; here is one county commissioner that is going to do everything I can to keep this program intact; for believe me, Kinney County citizens, you cannot afford to be without it. When you start talking about doing away with \$134,792.00 income to our small county (which is what we would have lost last year without the prisoner program), this makes me nervous and should make all taxpayers sit up and take notice.

S/S Bill Bizzell
Commissioner Pct. 4

P.S.The jail debt was brought on by the cost of building the jail and the repairs voted on by this Commissioners Court in order that we could comply with our state jail standards. If the jail had been properly constructed in the first place, odds are that we would not have had to spend the money to repair it.

Dear Editor:

I'm a ten year resident of Kinney County.

I'm concerned about the possible pollution of our drinking water, our land, our animals and our families.

I wonder why the construction of a radioactive waste dump site continues even in the face of protests.

I understand Texas has no legislation that gives concerned citizens a say in the location of such dumps.

Why not?

If we have nothing to say about what happens to our water, our land, our animals, our families-

Who does?

Texas is a part of the United States. The United States government is a government "Of the people, by the people, for the people"; now why, in Texas, do the people have no say?

How can we stop big money power from killing us and our children?

And how can we stop their continuing activity while we do what's necessary?

Is our state like the "Southern Lady" with such a slow drawl that by the time she said "You can't do that" he done did?

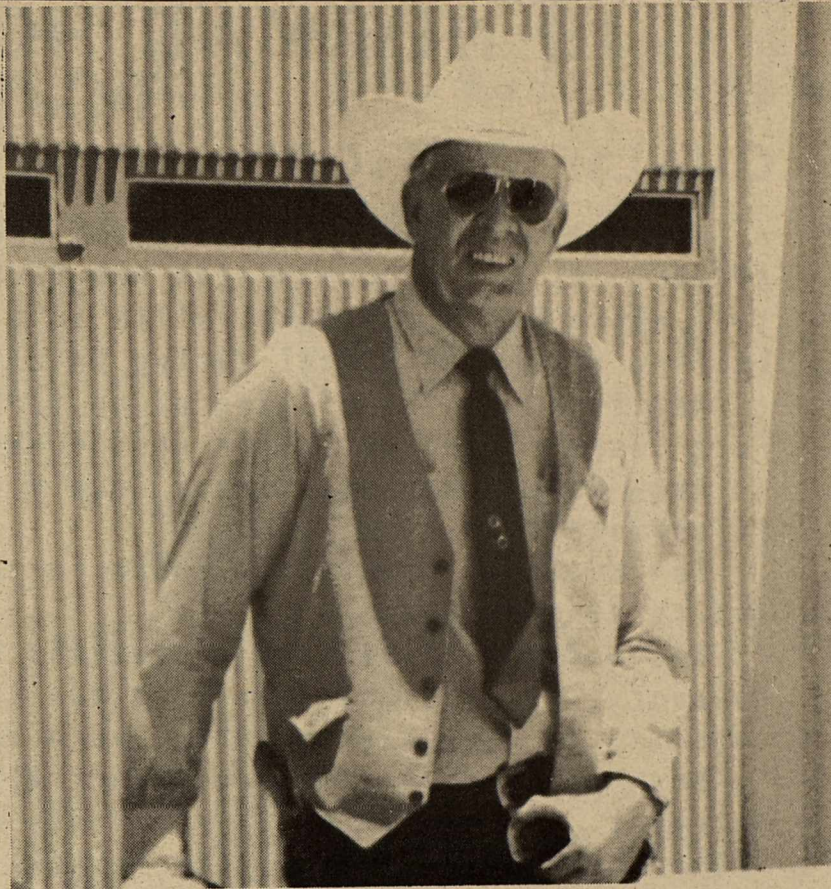

S/S Evola Lampkin

IS NORMAN HOOTEN QUALIFIED TO BE SHERIFF?

QUALIFICATIONS:

INDICTED BY THE KINNEY COUNTY GRAND JURY IN 1974, charging, "AGGRAVATED ASSAULT WITH A DEADLY WEAPON AND UNLAWFULLY CARRYING A WEAPON, (this incident took place here in Brackettville in a now closed beer joint involving the severe knifing of an individual during an altercation at same place.)

Admitted to the killing of an individual in the State of Mississippi before Fort Clark residents in his unsuccessful bid for Sheriff in 1980.

Has never provided Kinney County with one single employment reference by a former employee.

Is known to have involvement in the illegal sport of fighting "Pit Bulldogs and raising of same.

Has not made "one drug arrest" by his own admission in the Kinney Cavalryman. However, in the same article admits to close personal friends that are drug addicts, or have died of drug overdoses.

Has refused at times to work with other Law Enforcement Officers in the interest of safety to the residents of Fort Clark and Brackettville. (Wrote a letter to the Brackett City Council and Mayor refusing to let Chief of Police use the radio frequency, jail or any cooperation from the Sheriff's Department. Written Jan 21, 1987.)

Has written in the Kinney Cavalryman that he and his deputies "turn their heads to certain law breakers"; then in the Oct. 20, 1988 issue justified his statement claiming that "the letter of the law has to be tempered with common sense depending on the circumstances of each individual case." He goes on to say, "Therefore those of us in law enforcement who attempt to temper the letter of the law with common sense will sometimes turn our head at minor infractions of the law."

In 1982 Norman H. Hooten filed a petition for Personal Bankruptcy" Chapter 7, in the Western District of Texas, United States Bankruptcy Court, asking for relief of debts exceeding \$170,000.00. This amount is very close to the losses he has incurred during the last five years with his jail expansion project.

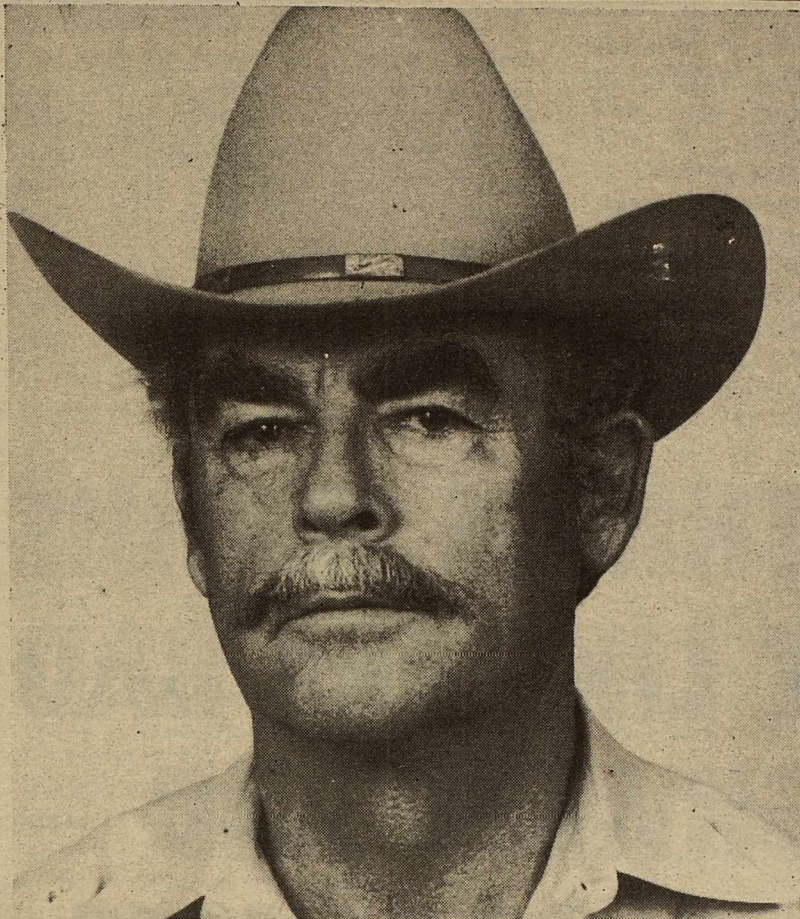

Has falsely written in the October 27, 1988 issue of the Kinney Cavalryman and previous issues about the County Jail Expansion & Operation. While claiming to have saved the County Taxpayers \$100,000.00 each year for the last five years, he published figures showing just the opposite! In the last five years, the County Jail, under the management of Norman Hooten, had income of \$803,148.00 and paid-out expenses of \$962,507.77, leaving the responsibility to the taxpayers to cover the loss of \$159,359.77. This means higher taxes, unless we do as Norman Hooten did personally and file "Bankruptcy". This loss of \$159,359.77 does not include the Sheriff's salary nor benefits for any of the employees, which would put the losses exceeding \$250,000.00!

Is NORMAN H. HOOTEN QUALIFIED TO BE SHERIFF? By his own admission and questionable past history, Norman Hooten is NOT qualified to be Sheriff of Kinney County! Four more years of "Hooten Jail Management" will put taxes out of control and damage every property owner in Kinney County. He has already presented a request to Commissioners Court, through Commissioner Bill Bizzell, to enlarge the jail further at taxpayers expense. Kinney County CANNOT AFFORD NORMAN HOOTEN!

(IN ANSWER TO "THE SHERIFF'S CORNER", OCTOBER 27, 1988)

C. C. VELTMANN

C. C. VELTMANN

REPUBLICAN CANDIDATE

FOR

SHERIFF

TAX ASSESSOR/COLLECTOR

TUESDAY

NOVEMBER 8, 1988

WAKE-UP TAXPAYERS

You are being "hustled" by Sheriff Norman H. Hooten. Please take the time to look at the status of the Kinney County Jail Expansion and Operation, based on the Sheriffs' own account and article in last weeks Cavalryman. Sheriff Hooten stated:

RECAP & SUMMARY OF JAIL OPERATION :

1983-1988	TOTAL INCOME	\$803,148.00
1983-1988	TOTAL DISBURSEMENTS (paid expenses)	- 962,507.77
A NET LOSS TO TAXPAYERS OF		<u>\$159,359.77</u>

This loss does not include "fringe benefits" paid to employees, nor the Sheriff's salary, which would put losses in excess of \$250,000.00 (two hundred fifty thousand dollars) in just five years!

Sheriff Hooten has already presented a further "jail expansion" program to Commissioners Court, through Commissioner Bill Bizzell, to place Kinney County in debt further.

Sheriff Hooten made a false and misleading statement last week claiming to have saved taxpayers \$100,000.00 per year for the last five years. His claim of saving Kinney County taxpayers \$100,000.00 per year with NO income, is just not true;

Kinney County would not have the expenses without the federal prisoners!

\$250,000.00 we taxpayers will have to pay. If Norman Hooten is re-elected, Kinney County may have to do the same thing he did and file for "Bankruptcy Protection".

"CARE" FOR THE FUTURE

CONFERENCE IN AUSTIN

CARE members have been invited to participate in the Texas Energy Alliance Conference in Austin Saturday, November 5, 11:00 a.m. to 4:00 p.m., at the Austin Public Library, History Center, Guadalupe & Ninth Street (O. Henry Room). The conference will involve reports from groups across the state and discussions of future actions concerning the safety and economic problems in nuclear power, uranium mining, radioactive waste disposal and transportation of nuclear power. Author of "Killing Our Own" and "The Energy War", Harvey Wasserman, will be guest speaker at the conference. If you would like to attend the conference, call 563-2007 or 563-9313 so we can let the Texas Energy Group know how many of us to expect.

TEXAS BOARD OF HEALTH

Also on Saturday November 5th a CARE delegation will appear before the Texas Board of Health at a meeting scheduled to begin at 9:30 a. in the La Mansion Del Norte on 37 N/E Loop 410 in San Antonio. Meeting will be in the Madero Room East. CARE is #7 on the agenda, we should speak about 10:15 a.m. The Board of Health consists of 18 medical professionals from across the state who act as an advisory to the Department of Health. It is important that we take a large delegation to this meeting. Please join us. Call 563-2007 or 563-9313 for details. If you feel you have some free time to offer for this very important cause, please contact Cordelia Mendoke, 563-9313, Bret Trant, 563-2007, or Stan Conoly at 563-9237. Your prayers and support are greatly needed in this effort to keep Kinney County safe from radioactive waste.

EFFECTS ON HUMAN HEALTH

Uranium and radium are known bone-seekers, and cause bone cancer as well as other cancers. It is well known that radiation can lead to severe health effects, but radioactive contamination of soil, water, air, and food is easier to document than are radiation-induced human health problems. That is because cancer, birth defects, etc., can have multiple causes; because the chain of cause-effect is difficult to build; and because cancer may take many years to appear. Yet the state is shirking its responsibility if it fails to follow the water-soil-air-food-chain to its final link--human beings.

Evidence from other states and from Texas convinces us that it is time for a full-scale health surveillance survey in the South Texas area, and that it should be initiated by the state. Quite frankly, the horror stories we have heard from farmers and ranches in Karnes and surrounding counties are disturbing: of cancer cases in farm after farm, household after household; birth defects kept quiet in the close-knit communities; the first out-of-court action lawsuits against uranium companies for widespread damaging health effects. It is time for the public health issue to come out from the rumor stage and be fully investigated; it is time for the state

to undertake an intensive survey of uranium-area residents, rather than relying on reported incidences.

A related issue is the effects of NORM (Naturally Occurring Radioactive Material) on human health--in both rural and urban areas. NORM typically contains radium and emits radon gas. Examples of NORM would include: the piles of phospho-gypsum waste from fertilizer processing plants in Texas; lignite ash at electric power plants; and the scale of oilfield pipes and equipment.

Phospho-gypsum piles alone are five to six times the volume of uranium mill tailings in the United States. The Texas Department of Health and the Texas Low-Level Radioactive Waste Disposal Authority are currently examining health standards and possible regulations for NORM.

Department of Agriculture, Office of Natural Resources, "Agriculture and the Uranium Industry", A Staff Analysis, 1988. p.p. 7,8.

TWO THINGS TEXANS DON'T LIKE ARE BAD HIGHWAYS AND BROKEN PROMISES.

The money we send to Washington every time we fill up our cars comes back to Texas. The government promises that this money will be spent to build, repair and maintain our highways.

Diverting those Federal Highway Trust dollars to some other purpose could devastate our highway system for years to come.

- It would halt vital road construction;
- Cancel needed safety improvement;
- End repairs to roads and bridges.

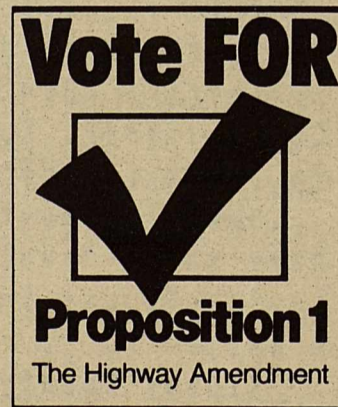

Texans can stop this threat by voting for Proposition One which makes certain that highway dollars are spent on highways. **Let's keep the promise to Texans.**

On Election Day look at the bottom of your ballot and find Proposition One, the Highway Amendment. Proposition One continues the Texas plan for good jobs, economic growth and safe roads **without raising taxes** and most importantly . . . keeps your family safe.

A lot is riding on the promise of good Texas roads.

Keep highway money for highways and the jobs they create. Proposition One is endorsed by the Texas Highway Commissioners, local and state-wide officials of both political parties, and hundreds of civic groups because they know that building good roads keeps Texas moving.

Keep Texas Moving.

Look for Proposition 1 at the bottom of the ballot

CONT. FROM PAGE 1

with U. S. Attorneys, the F. B. I. and the Texas Department of Public Safety.

By deploying inspectors across the state, I hope we can avoid fraud through deterrence. For those who would still consider tampering with the democratic process, I offer this warning: Don't Mess With Texas Elections!

CONT. FROM PAGE 6

Dear Editor:

As a woman interested in state and national politics, I would like to call attention to Justice Barbara Culver of the state supreme court.

Barbara Culver is the only woman sitting on the court, and if elected will be the first woman ever to be elected to the supreme court of Texas. In addition, she is the only woman on the statewide ticket from either party.

Barbara Culver was county judge in Midland for 15 years and was then appointed to serve as the 318th district judge of Midland by former Governor Dolph Briscoe in 1977. She was appointed to the supreme court in January by Governor Bill Clements to fill the vacancy left by the resignation of Justice Robert Campbell.

She is presently leading by a 3 to 1 margin and most of her contributions are from the average citizen. Unlike her opponent she is not indebted to large special interest groups.

I think it is time Texans elect a woman to the state supreme court and I know of no other woman more eminently qualified than Barbara Culver.

S/S Rozetta H. Pingenot
paid political ad
for Justice Barbara Culver
by Rozetta Pingenot,

TO THE CITIZENS OF
KINNEY COUNTY

The character assassination attempts and assaults on my record of ability and performance made by the Republican candidate for Sheriff who is opposing me in the current Sheriff's election which appeared on page 9 of last week's Cavalryman are the last ditch attempts of a desperate man attempting to use any method or means to further his own cause and are not deserving of an answer. I am sure he and his supporters will have more pearls of wisdom(?) to share with you in these last days of the campaign. I do not have to defend my record of ability and performance as a peace officer of nearly 20 years experience nor as Sheriff of Kinney County. Most especially, I do not have to defend myself or my record against insinuations, accusations, and outright blatant lies made by the likes of Veltmann and some of his supporters. I intend to continue my work serving the people of Kinney County and the State of Texas to the best of my ability as I have done for so many years now until the time comes that the MAJORITY of the people say by their votes that they don't need my services any longer. NUFF SAID ABOUT THAT!

10/26/88

Letter to the Editor:
To whom it may concern:

I would like to state the simple fact that I have put in considerable financial and physical effort here in the City of Brackettville. My know-how from past experience in land development includes clearing and burning. I personally have cleared from the top of Crockett Street and also from Rock Street huge piles of debris, at no expense to the City. I have cleaned and cleared the lots of various property owners, to improve the looks of our City.

1. The reason I was not at the burn site, or had not appointed someone to be there in my place was: in my opinion it posed no particular hazard.

2. On Friday, October 21, 1988 we received three urgent phone calls from the Regional Office of the Land Division of the Justice Department, in regards to their purchase of our land for a local Border Patrol Station. They realized that their time-limit option with us had expired and they had no valid contract to purchase the land. They asked for our cooperation, which of course we willingly gave, to sign an extension of time, so they could send a valid proposal back to Washington, D. C. Mrs. Conboy was asked to stand by the phone; she arranged with a neighbor to drive her up to fetch me to the Border Patrol, when a delegate from Del Rio had arrived at the local Border Patrol Station with the necessary papers for us to sign.

The phone call came again from Dallas: meet the Del Rio representative at 11:30 a.m. We did so. We waited until 11:45, then went directly home to await whatever developed. At 11:50 we were asked to return to the Border Patrol and sign the papers, which we did; these facts are verifiable by Mr. Marshall and a Terry McIntosh from Del Rio. After lunch I returned to the burn site, staying and clearing until dark.

I feel that we had an extremely valid reason for leaving the area of dispute. The Mayor obviously felt there wasn't really a danger, since no one checked to see if I were injured, sick or just didn't care.

This hardly seems to me a courteous way to treat hard-working taxpaying citizens and boosters of Brackettville. We have contributed willingly to various causes: the 4-H Club, Salvation Army, Brackett Boosters, Firemen's Fund. We pay over \$3,000 a year in taxes. We have invested ALL our money in this area.

I willingly fought in World War II and again in the Korean War, against our country's enemies. But I will not subject myself nor my wife to unnecessary sabotage locally. We are senior citizens. We could leave here and live on my Teamster's Pension and other income. We can leave all property here to our heirs. The City of Brackettville, and the local Border Patrol personnel are more directly affected than we would be if the Border Patrol Station were in Eagle Pass, Uvalde, or Del Rio than here. We will continue to cooperate...but we will not be further harrassed.

S/S Elmer E. Conboy

METHODIST CHURCH
DEDICATES NEW ORGAN

The Brackettville First United Methodist Church will dedicate its newly-installed Rodgers Essex 655 Classical Sanctuary Organ on Sunday morning, November 6th, in a special recital and worship service.

Guest organist Elaine George Ehlers of San Antonio (see related article) will play a recital at 10:30 a.m., followed by the dedicatory worship service at 11:00 a.m. led by new San Angelo District Superintendent Dr. J. Gordon Talk and Pastor Philip A. Bell. The dedication of the organ to the Glory of God will include memorial remembrance of many of the church members, constituents, and friends in whose names donations were received to purchase the exceptional new instrument.

The people of the Brackettville/Fort Clark Springs and area communities are cordially invited to participate by attending the special recital and service, which will be followed by an open pot-luck dinner in the church's Slator Hall Fellowship building.

The purchase, installation, and dedication of the new Sanctuary organ culminates an effort begun many months ago to develop the music ministry of First U.M.C. and enhance the worship of the congregation. There are many new features of the organ, as well as a vastly-expanded range, which offer new inspiration and opportunities for both instrumental and choral musical presentation. Church Organist Cathie Conrey observed, "There are just so many new possibilities with this instrument that we were not able to achieve before."

GUEST ORGANIST IN RECITAL

Elaine George Ehlers, of Miller's for Music in San Antonio, will be the guest organist in recital at 10:30 a.m. on Sunday, November 6, 1988, in the Sanctuary of the Brackettville First United Methodist Church on James Street. The performance is part of the celebration for the church's newly-installed Rodgers Essex 655 Classical Organ which will be dedicated in the 11:00 a.m. Sunday Worship Service.

Mrs. Ehlers will play a program designed to exhibit the full range and many features of the new organ, including pieces by Jeremiah Clarke, George Friedrich Handel, Max Reger, Pietro Yon, and Johann Sebastian Bach.

A native of Oklahoma, Elaine George Ehlers began her music studies at the age of six. While at the University of Oklahoma, she was an organ student of Mildred Andrews Boggess, and won several district and regional competitions while also playing classical recitals in Oklahoma, Texas, and Louisiana. After receiving the Bachelor of Music degree in Organ, she continued her studies in Paris, France on a Fulbright Scholarship. While in France, Mrs. Ehlers studied with the late Pierre Cochereau, the organist of the Notre Dame Cathedral, and with Michel Chapuis, Maurice Durufly, and Jean Langlais.

A member of the San Antonio Chapter of the American Guild of Organists, Mrs. Ehlers has also been a church organist in Kermit, Fort Worth, Dallas, and San Antonio, where she presently resides with her husband, John, and their three children.

LOVE INSPIRES GRAY-Y COACH

Paul Lopez, a five-year veteran of Gray-Y football coaching, did not get into the act of his own free will. His son dragged him into the sport.

Raised in Brackettville, Lopez said there was nothing for the kids to do. When he moved his family to San Angelo, the call of sports lured his son into the YMCA-sponsored Gray-Y football program.

"I love working with kids," Lopez said.

At first, Lopez's wife, Mary Ann, found the 5:30 - 7 p.m. Monday through Thursday coaching activity more disruptive to supper than interesting. But, the bug got to her also, and she is now the "team mom," he said.

Lopez has been involved with the YMCA coaching project for five years and still enjoys it.

He started with 8-year-olds and will work with them until they reach age 12.

Most of the 19 children now on the football team have been with him from the start.

The youths attend various elementary schools in San Angelo. They will go into junior high school next year where some will be pitted against their former teammates.

"It will be interesting," he said. "I'll be watching to see if we have helped them. They have been a good bunch of kids."

Lopez said he has had no problems with the children, contrary to warnings he received when he started.

"These kids come from all walks of life. You can't help from liking them," he said.

"After five years with the same bunch of children, it will soon be decision time," he said. He has the opportunity to start with another group of 8-year-olds next year and work with them for five years. He is also looking at a chance to take on some heavy weights, or older youths, in Grape Creek.

"The decisions are not going to be easy," Lopez said. He seemed to be leaning to the 8-year-old situation again.

Lopez is a lineman for GTE Southwest. His assistant lineman, Juan Garcia, has also been his assistant coach for the past three years. "Garcia moved to San Angelo from Del Rio and also has a natural love for children," Lopez explained.

Frank Alejandro is the third coach on the team. The three men coach football and basketball, which calls for about six months of commitment each year.

But, as Lopez said, "It's an enjoyable time working with these kids." (reprinted from the San Angelo Standard-Times written by staff writer Joe McClure).

AUSTIN---State Comptroller Bob Bullock sent third quarter 1988 checks totaling \$2 million to 103 cities and 65 Counties that have legalized charity bingo and levy the two-percent local gross receipts tax on the game.

Among the counties receiving Friday's payment, Harris County received the largest check totaling \$180,239. Val Verde's check was for \$4,762.25. Kinney County received a check for \$102.73 bringing payments to date up to \$203.85. Compared to last year's payments of \$115.86 to date there was an increase of 075.9%.

The city of Dallas received the largest check among cities which levy the bingo tax --\$107,575. Uvalde's check was for \$1,909.61 and Carrizo Springs check was for \$961.68.

Doggett lost to Phil Gramm.

But now, Lloyd Doggett's back, this time running for the Texas Supreme Court. Again, his qualifications just don't add up. Good thing we have a qualified choice: one of Texas' most honored judges, Justice Paul Murphy. Experience? He serves on our 14th Court of Appeals with 7 1/2 years of judicial experience. He has authored over 700 judicial opinions. His colleagues have rated Paul Murphy one of the best justices in Texas. Integrity and experience for the Texas Supreme Court.

"THIS IS 4H"

4-H, America's largest informal education program for boys and girls, makes a major contribution to our nation by helping youth acquire knowledge and develop life skills that help them become self-directing, productive and contributing members of our society.

Today 4-H involves nearly 4.5 million young people--from the farm, from the city and in between. They are learning practical skills in hundreds of projects. But more importantly they are developing attitudes and habits that help them meet the challenges of today and tomorrow.

4-H not only asks youngsters to "make the best better", it gives them guidance to reach their goals.

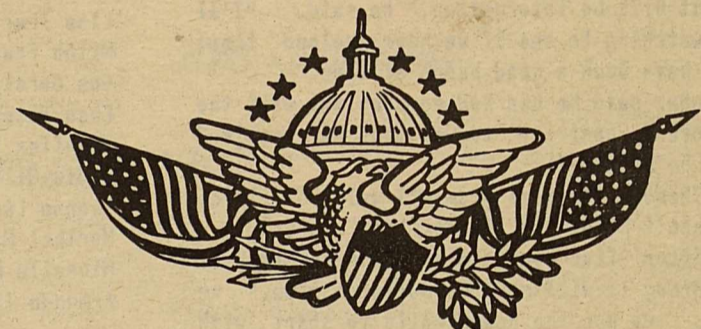

4-H conducted by the Cooperative Extension Service of the State Land-Grant Universities and the U.S. Department of Agriculture.

This strong educational base is extended to the youngsters through a corps of more than 630,000 volunteer 4-H leaders who share their time and talents to help 4-H'ers "learn by doing." Additionally, thousands of individuals, corporations, foundations and businesses help support the 4-H program by providing incentives and recognition, educational aids, training and travel opportunities, together with advisory, technical and public relations assistance.

4-H is family and community oriented --- 4-H members devote much of their time to community service in a wide variety of projects, ranging from helping the elderly and disabled to restoring historic sites, to landscaping public buildings to helping to preserve their environment.

The more 45,000,000 4-H alumni point with pride to their experiences -- telling how much they gained from the discipline of keeping written records, making oral presentations, developing management and communications skills, and gaining an understanding of citizenship responsibilities.

4-H today is indeed having a strong impact on youth and on America. Find out how you can become involved by calling your County Extension Office.

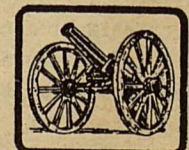

VOTE! VOTE! VOTE!

Do your part by voting for the candidates of your choice in the coming elections.

And when it comes to selecting a financial institution that is sensitive to all your financial needs, we hope that our record of service will also be worthy of your vote.

The Kinney County Public Library Board welcomes Mrs. Judith Kelley. Mrs. Kelley was appointed to the library board on October 10 by the County Commissioners. She and her family are residents of Ft. Clark Springs. Mrs. Kelley is currently Brackett Independent School District's Librarian. Welcome Judy!

The following memorials were received during the months of September & October:

Mr. & Mrs. Alan Frerich & family of Brackettville gave in memory of Mr. Julian Solis, Sr.

In memory of Mr. Henry (Buster) Schwandner:

Mr. & Mrs. W. A. Belcher, Brackettville
Miss Charles E. Wilson, Brackettville
The Richard Smith Family, Brackettville
Coleman, Schuler & Elley, Del Rio
Del Rio National Bank, Del Rio

In memory of Mr. Albert J. Seargeant, Jr.
Stephenville Intermediate School,
Stephenville, Tx.

Mr. & Mrs. W. A. Belcher, Brackettville
T. J. Powell, Brackettville
R. L. & Evelyn Tartt, Brackettville
Grace Rose, Uvalde
Carol Benfield, Brackettville

In memory of Mrs. Maggie Reschman:

Mr. & Mrs. W. Z. Conoly, Brackettville

What benefits are derived from such donations?

This year, your generous contributions have purchased:

A 1988 (26) volume Compton's Children's Encyclopedia Set, a 3-tier Monaco Revolving Rack (currently displaying the videocassettes), books with cassettes and records, a 10 bicycle capacity rack, a set of Time Life Computer Books and other books.

Remember, as a donor you have the options of designating the item you want purchased or you may allow the staff to designate.

Next week, the library will be CLOSED November 8th, election day and November 11th, Veteran's Day.

REFLECTIONS

An uncle of mine has just celebrated his birthday. He is now reaching for 99, and he probably will keep going after that. Mrs. Slackly of Uvalde is already 99, and she looks and acts like a 65 or 70 year old "young" lady!

We can't put down certain rules that guarantee long life. A few guidelines may help us have healthier and happier lives, however.

Eat right. Now I'm not fanatical about the time I eat nor what is eaten. And yet an overall balance of the right "stuff" has importance. Don't overeat. Don't live on sweets and "nick nacks". Skip an occasional

meal or eat lightly if you start taking around 10 or 15 or 75 pounds of extra weight.

Exercise. I don't get out and run. That sounds too boring. I do have a few minutes of warm-up exercises most every day. The lungs need to be stretched a little and the blood needs to circulate a bit faster.

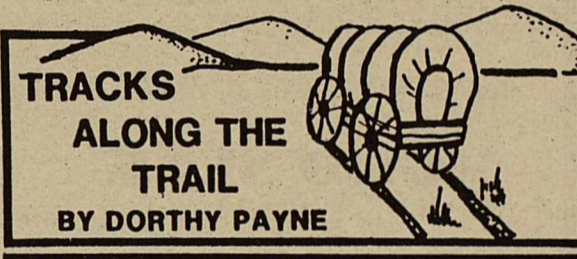

Don't put into the body the "stuff" that will corrode your mind, blood, muscles, and bones. I've never smoked -- although smokers don't bother me. I grew up on a farm and joined the Navy at 17 years of age. But I've never had a chew of tobacco in my mouth, nor a dip of snuff, nor have I ever drunk a bottle of beer. Neither have I thrown a handful of sand into the gasoline tank of my car.

Don't worry. If you start that habit, go lay down and take a long nap. Or fine yourself \$100.00, and give it to the Volunteer Fire Department.

Tune up the spiritual life. Tests show that those who attend church regularly live longer than those who don't. A lot of stuff may go on in church that we don't like. But a lot of good stuff happens there, too. A fellow or lady goes to ball games, goes shopping, visits the grocery store and goes to San Antonio, even though we may not be happy with all that's seen in such places.

A fountain of youth? You'll never conquer the aging process in this earthly life. However, the Bible does tell about a "full and abundant life" that everyone may have. Why deny ourselves such a possibility?

BY PRESTON TAYLOR, PASTOR

A few weeks ago I had occasion to pass through Shafter, an old silver mining town, almost a ghost town.

Silver mining lasted only a short time in Texas. Silver was discovered in the Chinati Mountains near the old Milton Faver Ranch. Faver was one of the first rancher's in the Chinati's.

John W. Spencer mined there on a small scale in the 1860's, taking the ore to Mexico in burro carts to be smelted. Professor Wilhem H. Steerwitz, a well-known geologist who visited the area in 1878, and reported the presence of gold and silver, but it wasn't until 1882 that Spencer found enough color to pay off. The vein seemed to have a high ore content, at least the assayers at Ft. Davis seemed to think so. Capital was managed from some California investors.

Spencer began the Presidio Mining Company with W. S. Nayas as president, Lt. John Bullis & General William R. Shafter of Ft. Davis as principal interests.

Because of the terrain that the holdings were in everything had to be brought in by wagon. The machinery was transported to Paisano Pass on the Southern Pacific Railroad and hauled to the mine site by wagon.

Humpries and Company of Marfa supplied

four thousand cords of wood every year because timber was scarce in the Chinati's. The Company even brought wood from Mexico, in spite of the problems.

Marfa was pushing for the market for the miners. The local editor predicted. He figured Marfa would boom especially when investors from the East started to flock in.

But what profits there were came through Shafter, which was built by the Company for the miners, and the venture was a success. The Shafter mine changed hands in 1910. The new owners introduced a new cyanide process using oil as fuel, taking place of wood which was getting harder to come by.

In 1913, the 50 ton mill was replaced by a 300 ton mill, which made it possible to treat 600 tons of ore in one day.

Veins were as rich as \$500 per ton but there were some that only brought \$8 per ton.

They tunneled through the mountains a hundred miles with shafts in all directions but taking out \$20,000,000 in silver.

At times the mines employed as many as three hundred men who came from over thirty different countries. It was probably the first completely company built town in the entire country. Shafter had a clubhouse a hospital, a boarding house, family houses & everything needed for the miners.

When I came through old Shafter a few weeks ago, there were a few people living there. The smelter and parts of the buildings are still standing. When the silver ran out, mining came to a stand still.

"THE NIGHT OF JANUARY 16TH"

If you are lucky enough to be in the Kinney County Courthouse at Brackettville at 8:00 p.m. on November 11th or 12th, you will have an opportunity to decide what really happened on "The Night of January 16th", in New York City. You will hear the evidence, from the witnesses who were involved.

What were the facts about Karen Andre and Bjorn Faulkner? Why was gangster Larry Regan involved, and how? How were Faulkner and banker John Graham Whitfield entangled, and who else did their association affect? Can a forger deceive a handwriting expert? Are eyewitnesses always reliable?

These and countless other questions will be weighed by everyone in the audience when The Old Quarry Society for the Performing Arts presents "The Night of January 16th", a three-act drama by Ayn Rand. This play affords everyone who sees it an opportunity to hear and consider the evidence in a real courtroom. Twelve members of the audience will form the jury, but the entire audience will hear the testimony and decide for themselves whether the verdict is correct. The experienced cast members, directed by Harrel Floyd, have created a memorable production for your entertainment.

Come prepared for surprises and conflicts, and for an evening of real enjoyment. Seating is limited, so be sure to buy your ticket as soon as possible. Dorothy Haga, Fort Clark Springs, is in charge of ticket sales. Admission price is \$3.50 adult, \$1.50 student. Y'all come. For tickets, call 563-2833 or 563-9376.

Chicken Creole

Bored with chicken? Try this bold and spicy variation of that perennial fowl.

- 4 Whole Chicken Breasts, Skinless and Boneless
- 2 Tablespoons Oil
- 1 Cup Onion, Sliced Thin
- 2 Cups Mushrooms, Sliced Thir
- 2 Tablespoons Garlic, Minced
- 1 Cup Celery, Chopped
- 1 Tablespoon Oregano
- 1 Tablespoon Basil
- 2 Cups Green Pepper, Sliced
- 2 Cups Tomatoes, Peeled and Diced
- 1/2 Cup Dry White Wine
- 2 Tablespoons Lemon Juice
- 1 Teaspoon Crushed Hot Red Peppers
- 1 Tablespoon Margarine
- Freshly Ground Black Pepper
- 2 Tablespoons Fresh Parsley, Finely Chopped

Split chicken breast in half lengthwise; cut into 1/2-inch cubes and set aside.

Heat oil in a large skillet, sauté onion until translucent. Add mushrooms and cook over medium heat until liquid evaporates; then add garlic, celery and spices and cook for 1 minute. Add peppers and cook for 2 minutes. Stir in tomatoes and cook for about 5 minutes. Add wine, lemon juice, hot pepper and mix. Set aside.

In another skillet, heat half the margarine. Add half the chicken and sprinkle with black pepper. Cook over high heat, stirring frequently, until pieces are evenly and lightly browned. Do not overcook. Transfer chicken to separate dish. Repeat procedure for remaining chicken and then return the first batch to the skillet.

Pour creole sauce over all and stir gently to blend. Simmer together for about 1 minute. Sprinkle with parsley and serve.

Yield: 8 Servings
Approx. Cal/Serv.: 230
