SPRING BAND CONCERT

On Monday night, May 22, the Brackett Bands had their Spring Concert. The Fifty Grade Band was first on the program. They played "First Year Blues" and "Two Sunset Sketches". The Sixth Grade Band followed with a march entitled "Splashdown". Their program concluded with "Rockin Down Main Street". The final number was well done by the band and was the favorite of many in the audience.

The High School Band gave a nice salute to our Armed Services. After a Color Guard from Laughlin Air Force Base marched to the stage bearing the Colors, the band played the "Star Spangled Banner". With Marine Sgt. Constanzo standing at the front of the auditorium with the Air Force Color Guard, the band played an Armed Forces salute which included the "Crison Song", the "Marine's Hymn" and the "U.S. Air Force".

Marine Sgt. Constanzo, who represents the recruiting office in Del Rio, present the "Sempe Fideles Award". Sempre Fiedles means "always faithful" and is the motto of the Marine Corps. Gus Garcia, a Junior, and President of the Brackett High School Band received the Award in recognition of his years of faithful service to the band. Congratulations to Gus and to the other fine dedicated students in the band also recognized: This years Senior Band members are: Wendy Hooton, Sara Morse and Allyson Potter.

New Mexico has the most outstanding distant runners per capita. Indians have an ancient tradition of running. Before horses, telegraph wires, and telephones, intertribal communications was carried on by messages carried by runners. When the Pueblo uprising occurred in 1680 the communications were done by running warriors. In the Jemez Pueblo there are two ceremonial foot races a year, one from the south and one from the north. Jewelry is awarded to the winners. These Indians also trained for running on the mountains.

In Mexico Indian runners have been famous for years and years. They too train in the mountains. In the 1930's a group of these runners came to Texas and put on exhibitions of their running. In Pecos, Texas they challenged the town to stage a race between one of their runners and a horse.

A course was laid off in a large circular track east of the town. The towns people put up their horse and bets were laid down.

Immediately the horse raced ahead of the Indian. Round and round they went. The Indian jogged along and kept a steady pace, the horse began to slow a little. Of course the horse was still laps ahead, but little by little the horse slowed. The Indians pace never changed as time wore on the Indian began to gain ground. Finally the horse stopped with his head down completely worn down, and the Indian jogged back to his companions at the starting mark.

Wild horses in the old days have been captured by the same method. Three or four men horseback and running in relays could capture a wild horse by wearing him down. As each man and his horse tired another would take his place until the wild horse became exhausted which made his capture a snap.

REFLECTIONS

BY PRESTON TAYLOR, PASTOR
FIRST BAPTIST CHURCH

The graduating High School Seniors are approaching another great moment in life. Congratulations! Now take time for some serious thinking and reflection.

Remember that you have not arrived. In fact, you never will! You are always on the way. Life is a journey which does not stop at the moment of graduation. This is only another important "rung" in life's ladder. Keep on climbing!

Remember that clear, specific goals in life are supremely important. What do you want to be one year from now? Four years hence? Ten and twenty years on down the trail? That answer will be determined

largely by the goals you set today. Take several days to set clear goals for your own life. Talk with your parents and friends about how you will go about reaching those goals. Nail down specifics. Don't be sidetracked.

Remember that rewards in life come in proportion to your investments. Don't be a "cheap-scape." Be honest, diligent, compassionate, positive. A person reaps what he sows -- even more than he plants, and generally at a much later date. What kind of a harvest are you wanting?

May success be yours! If Jesus Christ is your partner, you can have a successful life on God's scales.

UNUSUAL PAINTING

UNUSUAL PAINTINGS BELIEVED TO BE IN
BRACKETTVILLE AREA PANCHO VILLA RESCUED SON
OF ARTIST FROM DUNGEON

The strange and exciting story of an artist who sold her works all over the Southwest at the turn of the century to help free her doctor son from a Mexican prison, may very well have a Brackettville connection, because some of the paintings are believed to be privately owned here.

Her beautiful pastoral oil-on-tapestry paintings have brightened homes and churches and brought joy to their owners throughout the Southwest since the turn of the century.

Very few know of the despair that accompanied every painstaking stroke of her brush. Certainly every painting had its message, but the strange, remarkable, untold story of the artist and the calamity in her life that motivated her for years is a much greater picture. She painted with a purpose.

And before her story was finally played out over international borders, she would have become involved in the sphere of diplomatic relations, political lobbying and even into the areas of helping finance a foreign revolution.

Texas and American national officials up to and even including the President got to know her well, and foreign revolutionaries felt her influence. She was a mother praying, fighting and laboring for one of her children who she believed had been wronged.

Mexican legend Pancho Villa would prove to be the pivotal key in re-uniting the fragile artist and her physician son who had been a long-time prisoner in a Mexican dungeon.

Putting all the pieces of the strange puzzle together began with a modern woman's determination to identify the artist of a large painting she had bought during the disposal of furnishings from a large nearby home.

The trail took many turns, including the National Archives, crumbling newspaper files, fading memories, interview, letter writing and days of library and cemetery research. None of the informants knew the whole story. A piece was added here; a new name turned up there; many other paintings came to light and, little by little, the story of Anna Laurie Harle unfolded.

Truly, it was a classic example of international intrigue that was so much a

part of the Southwestern History in the early 1900's. The thoroughly documented account reads today like pure fiction, but its principals actually lived it.

There are believed to be hundreds of the paintings by Mrs. Harle throughout the Southwestern States. Many hung in major churches, and were proud, prized possessions of those who had decorated stately homes. Since then, they have been passed from generation to generation. Now with the publication of this material, their value will be enhanced by knowledge of the story behind the paintings.

She was a Southwestern pioneer artist; her son, a pioneer doctor who first practiced in Mexico, where their troubles began; their combined story is the kind of pioneer experience that helped forge this great area. In the later stages of this epic, Dr. Harle rode with Villa as his personal physician.

Historians, art-lovers, those who find strength and enjoyment from knowing real people solving real problems, will find the pages of this book intriguing.

The curious initial search for the artist of the old, unsigned tapestry painting turned quickly into a panorama of Texas-Mexico history as the mystery surrounding the artist unfolded.

Readers who know of other paintings which they believe might be Harles are encouraged to correspond with the authors through the publisher.

The complete story with reproductions of the paintings and photographs of the principals has just been released in a book named "Painting For Freedom" by H.V. and Gayness O'Brien through Times Publishing Co., Box 29, Eastland, Tx. 76448.

PASTORAL CHANGES AT FIRST UNITED METHODIST CHURCH

At the Annual Conference of the United Methodist Churches in Southwest Texas, to be held in San Antonio, Jun 1-4, Presiding Bishop Ernest T. Dixon, Jr., will announce pastoral appointment changes for Methodist Church Congregations throughout the Conference, including Brackettville.

The Rev. J. Roland Cole, presently serving the Eden & Paint Rock Charge, will be appointed to serve Brackettville's First UMC, effective on June 8, 1989.

Present Pastor Philip A. Bell, who has served here for the last three years, will move to take the appointment to the Methodist congregations of Rocksprings and Carta Valley, on the same date.

Rev. Cole is bringing his wife, Karen, and their 16-month-old son, Shannon Lee Cole, to our community. Pastor Bell's 16-year-old son, Brian, will also make the move to Rocksprings' First UMC with the completion of the school year.

A related story will appear in next week's issue.

The oldest known song written in English is a ballad called *Judas*. A manuscript of this survives from the 13th century.

OLD ARMY DAYS
STORY BY WALLACE L. MORGAN
1930'S

The cavalry unit pictured above is part of the Headquarters Troop, 1st Cavalry Brigade, in the field at Camp Stanley, Texas. This location is one of the areas in which cavalry units were stationed at Fort Clark used to go to for training in the field. Camp Stanley is located to the west of and next to, Camp Bullis, and they are west of Loop 1604, and north of Interstate 10, just west of San Antonio, Texas. Camp Stanley and Camp Bullis are still in use by the U.S. Army. Camp Stanley is presently in use as a storage facility, and Camp Bullis is primarily a National Guard Training site.

A small number of former members of Headquarters Troop, 1st Cavalry Brigade, were represented at the recent Fort Clark Old Cavalry Troopers Reunion. I was told by one of them that the existing horse stables at Fort Clark, was assigned for the Headquarters Brigade's use, while this unit was assigned to Fort Clark. In addition, their barracks was the building which is now occupied by the Fort Clark Springs Associations Administration staff. The two wings attached to the rear of this building were originally the mess hall (east) and the supply section (west).

SENIOR LIFESTYLES

A CHILD'S VIEW OF RETIREMENT

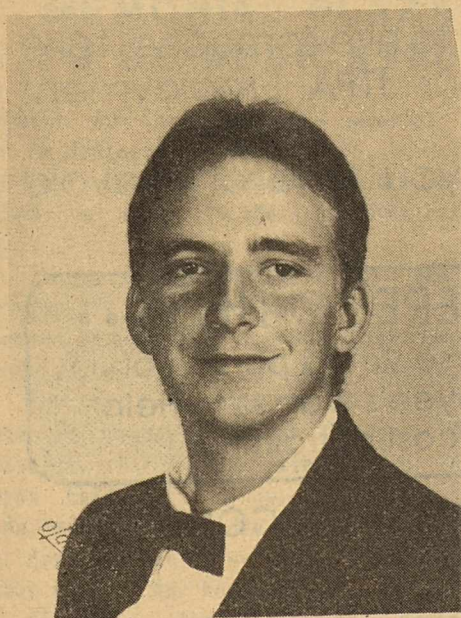

After a Christmas break, the teacher asked her small pupils how they spent their holiday. One little boy's reply went like this:

"We always spent Christmas with Grandpa and Grandma. They used to live up here in a big brick house, but Grandpa got retarded and they moved to Florida. They live in a place with a lot of retarded people. They live in tin huts. They ride big, 3-wheel bicycles. They go to a big building they called the wrecked hall, but it is fixed now. They play games there and do exercises, but they don't do them very good. There is a swimming pool and they go to it and just stand there in the water with their hats on. I guess they don't know how to swim.

My Grandma used to bake cookies and stuff, but I guess she forgot how. They all go to restaurants that are fast. Nobody cooks there anymore. As you come in the park, there's doll house with a man sitting in it. He watches all day, so they can't get out without him seeing them. They wear badges with their names on them. I guess they don't know who they are. My Grandma says Grandpa worked hard all his life and earned his retardment. I wish they would move back home, but I guess the man in the doll house won't let them out."

BISD RECOUNT CONFIRMS VOTE TOTALS

A recount of the ballots cast in May 6, 1989 Brackettville Independent School District Trustee Election confirmed the tally on election day. The results of the election remain the same, and a new canvass by the Trustees is not necessary at this time. The results are:

Zack Davis	253
Beth Ann Smith	169
Jewel Robinson	136
Herb (Butch) Senne	135
Tony Frerich	116
Clyde Justice	66
Larry Moore (Write In)	1
Greborio Juarez (Write In)	1

The recount was conducted on Thursday, May 18, 1989 at 6:00 p.m. in the Board Room. The recount was requested by Herb (Butch) Senne after he lost the third place in the election by one vote to Jewel F. Robinson. Fern Dyer, Chairperson of the recount committee, confirmed the results. Jim Bader, Board President, and Herb (Butch) Senne were present during the counting. Superintendent Bob McCall, Custodian of Election Records, was available to assist, but was not present in the room during the counting of the ballots.

Members of the recount committee were Fern Dyer, Chairperson, Val Finch, Beatrice Reyes, and Elia Ward.

LEGISLATURE APPROVES NEW DEAF SCHOOL

Legislation was passed today which would permit the sale of the Texas School for the Deaf's East Campus site with the proceeds going to finance renovation and construction of a new campus on the present South Campus location on the South Congress site. The bill was overwhelmingly supported by both the Senate and the House and practically no opposition.

Thanks to a well done Master Plan Study funded by State Purchasing and Supply Commission conducted by Barnes & Russell Architects as well as a report by the General Land Office which recommended the construction of a new school on South Campus for deaf children throughout Texas, the legislature realized this bill will be cost effective in the long run and would meet the needs of children and staff in the deaf community. The new campus will save approximately two million dollars a year in operating expenses as it will eliminate duplication of services and costly maintenance repairs required on the old campus.

The bill will now be sent to Governor Clements for his signature and he has the honor of giving deaf children from all over the State of Texas a new school, new pride, a new home and a better opportunity to achieve higher goals in education.

Student College Aid, a nationwide, computerized scholarship locator service established in 1980, has JUST NOW finished researching and compiling a large group of scholarship foundations strictly for Texas residents.

This compilation of Texas sources for Texas residents is not contained in SCA's computerized database of national scholarships sources.

Some of these sources are for all student residents of Texas; some are for residents of particular counties. Some awards are for a few hundred dollars; others are for many thousands of dollars. All of the sources make many awards. The awards are indexed by city, but you should look through the entire list.

The price to order this pamphlet of over 80 foundations is \$8.25 plus \$1.75 for postage and handling. Satisfaction is guaranteed, or your \$8.25 is refunded.

To order the "Texas Sources" send \$10.00 check or money order to SCA, 2525 Murworth Suite 207, Houston 77054. To inquire about our "Search Service" or books write or call (713)668-7899. Please indicate where you heard of our service.

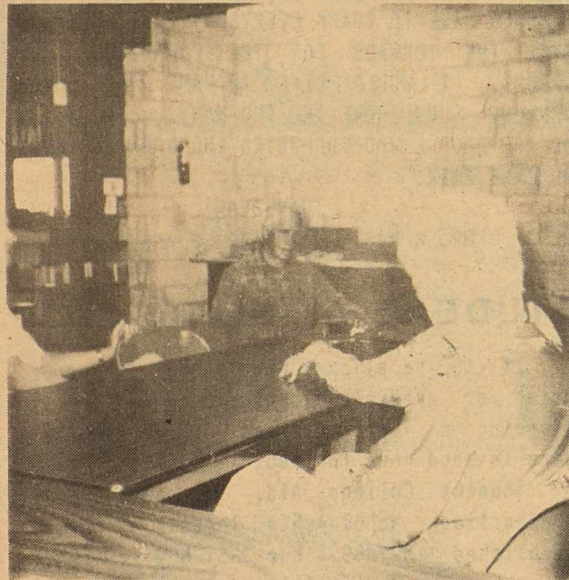

PICK OF THE WEEK

HIGH SPIRITS

Starring DARYL HANNAH, PETER O'TOOLE AND STEVE GUTTENBERG

Impoverished Peter Plunkett hatches the perfect plan to save his debt-ridden Irish castle: lure American tourists by advertising the place as haunted! But when Peter and his wacky staff don sheets and chains to go a-haunting, they scare up more than paying guests...they arouse the real ghost of Castle Plunkett, as moldy and murderous a crew of spooks who ever terrorized the Celtic countryside. Or fell in love with a mortal.

Daryl Hannah (Roxanne), Peter O'Toole (The Last Emperor) and Steve Guttenberg (Three Men and a Baby) star in this gleefully ghoulish comedy sparkling with romance and rollicking with super supernatural special effects. It's the most fun you'll have in this world... or the next!

GARY W. BRACKETT

Ms. Else Sauer has been in contact with Garry Watson Brackett, 74, from Dublin, Texas continuously since he visited our city to search local background for his masters degree at the University of Texas at Stephenville.

Through information supplied to him from the Kinney County Library he has since discovered that he is indeed related to Mr. Oscar P. Brackett for whom Brackettville was named.

Mr. Brackett would like to thank everyone for being so helpful to him and will be visiting very often as he is very proud of the fact that he is a descendant.

SEPTIC SYSTEM FACTS

The reason for Septic Systems is to keep our waste out of our water.

We have been bombarded with warnings of contamination of our water from all directions. The story, "Keep Our Water Clean" seems to take center stage in every corner of our life. Quoting one speaker at a recent seminar, the Director of Water Quality Division for the state of Texas spoke about our water supply today and in the near future. In his closing remarks about our drinking water supply, he said "There is good news and there is bad news. The good news is that we are drinking processed sewer water from the towns up stream in many cities in the state. The bad news is that there is not going to be enough of the sewer water also in the near future." So if a few of us, including most of the top officials in the state of Texas, sound like we are on a personal band wagon to look out for our drinking water, we are.

Rules and regulations are always easier to enforce if the public understands that the rules are protecting their quality of life. Public awareness is the cheapest way to spend our tax dollars in preventing pollution of our environment. After the damage is done, money can not put it back the way it was. If we could take a peek into the future and see what our water will be like, we would most likely want stronger regulations for pollution control.

MEMORIAL PLAZA TO BE DEDICATED

Laughlin Air Force Base -- A memorial plaza will be dedicated Friday, May 26, in honor of a former Laughlin student pilot who was killed in action in the April 1986 raid on Libya.

The current Plaza Drive near the U.S. Highway 277 entrance to the base will be renamed in a special dedication ceremony scheduled to begin at 3:30 p.m., May 26.

The new name will be Ribas-Dominicci Plaza in memory of Major Fernando Ribas-Dominicci, the F-111 pilot killed in the Libyan Raid. His widow, the former Blanca Linda Berain, of Ciudad Acuna, Mexico, and the couple's son, Fernando, will unveil a bronze bust of her husband.

Fittingly, the ceremony will begin with a formation of F-111's from the 27th Tactical Fighter Wing, Cannon AFB, New Mexico, where Major Ribas-Dominicci served as an instructor pilot and flight examiner. The fighters will fly a "Missing Man" formation in his honor.

The U.S. Air Force Band of the West from Lackland Air Force Base will provide music during the ceremony.

Col. Joseph S. Bleymaier Jr., commander of the 47th Flying Training Wing at Laughlin,

is the event's host. The keynote speaker is Major General Robert S. Gelligatti, a former F-111 pilot who is now Vice Commander of Air Training Command, Randolph Air Force Base, Texas.

The bronze bust is the end result of a united community effort spearheaded by the Laughlin Heritage Foundation, which agreed to raise the funds needed for the bust and dedicatory plaque.

"Laughlin personnel contributed individually and as units to the fund raising efforts," said Lt. Col. Chet Geurin, deputy base commander and project officer. He noted other sizeable donations came from the Del Rio area and from throughout the Air Force Community, active duty and retired.

Heritage Foundation Chairman James Long, added that the communities of Del Rio and Ciudad Acuna were united behind the project. "The response was heartwarming. Major Ribas-Dominicci was from Puerto Rico, but he certainly left his mark and is well remembered here," said Long.

He noted that numerous business on both sides of the border contributed to the effort along with civic organizations including the Del Rio and San Felipe Lions Clubs, Del Rio Rotary Club, Air Force Association Chapters of Texas and Del Rio, the International Good Neighbor Council of Del Rio, and the Maquiladora Association of Ciudad Acuna, Coahuila, Mexico.

The bust is shaded by a T-38 "Talon" static display aircraft that was erected by Laughlin maintenance personnel last year.

A reception, sponsored by the Del Rio Chapter of the Air Force Association, will be held at the Officer's Club immediately following the dedication.

OFF AND RUNNING

Announcement Date Set for June 10 at Capitol

State Treasurer Ann Richards will announce her candidacy for Governor at the State Capitol on Saturday, June 10.

Richards is running because she wants to bring a forward-looking approach to government to ensure a vibrant economic future for the children of Texas.

"The issue Texas must confront today is where we are headed as we enter a new decade," Richards said. "Texas is being redefined by new realities -- particularly economic realities. And in defining our future, we must redefine our leadership. The old ways won't work in new times."

"Over the course of the last months, I've received a tremendous outpouring of encouragement to step forward and begin charting a new course for Texas. I have decided to accept the challenge. And I accept the challenge because I'm convinced I can meet the challenge."

"I believe that drawing upon my experience working with people, raising a family, teaching school, serving in local government, and making money for the state as Treasurer," Richards added, "I can help push Texas forward with a new energy and vision into the 1990's and beyond."

Supporters and friends are encouraged to join Ann for this historic event. Children, grandparents, cousins, uncles, inlaws, and friends are welcome. The campaign has planned the announcement on a Saturday so that everyone will have time to join the festivities with their families. The old-time event will include entertainment for adults and children. It will be a celebration of the future of Texas. Pack a picnic lunch and dress civilian. The event will kick off at 11 a.m.
