BRACKETTVILLE, TEXAS

TIM WARD WINS COUNTY JUDGE'S RACE WITHOUT A RUN-OFF

Tim Ward won the County Judge's race over Judge Tommy Seargeant, the incumbent, and Les Roper. Mr. Ward had a gain of 133 votes against Tommy Seargeant. Tommy Seargeant's had a total of 525 votes, Tim Ward had 658 votes and Les Roper had a total of 84 votes. Since the margin between Tim Ward and Tommy Seargeant was 133, there will be no run-off.

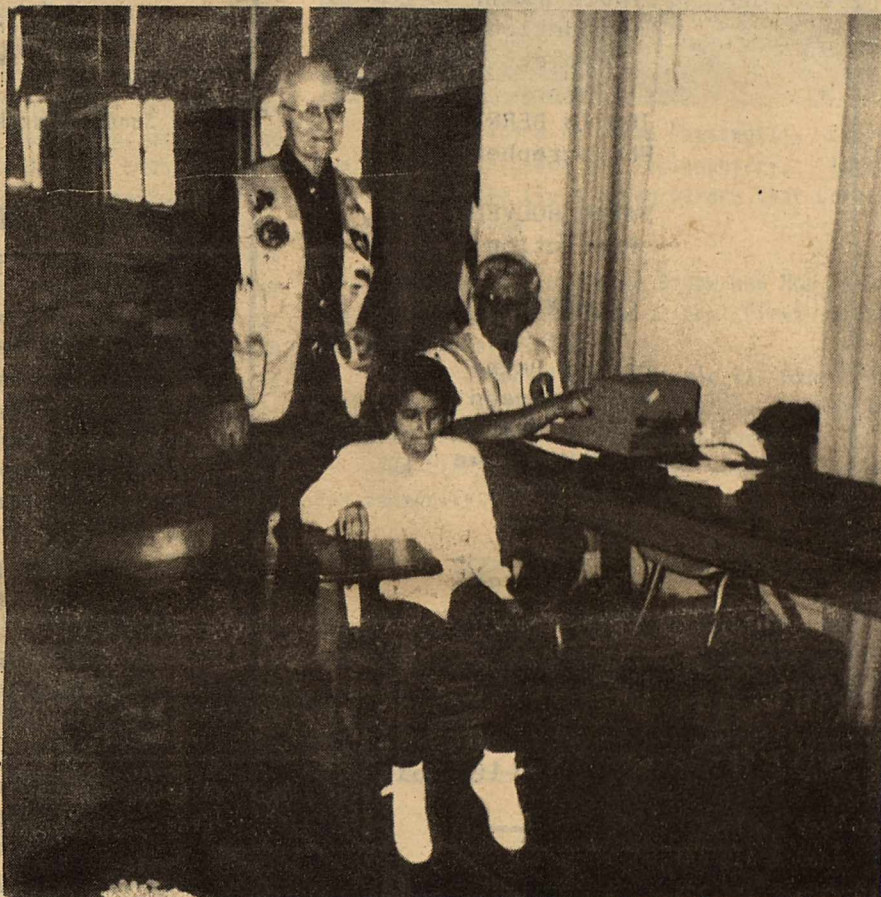

Congratulation from the Kinney Cavalryman to Tim Ward!

We want to take this opportunity to Congratulate all the other winners in this primary election. We wish the run-off candidates in Precinct 2 for Commissioner, Plunker Sheedy and Manuel Fuentes, lots of luck in April.

HEARING TESTED BY LIONS

Last Friday, March 9, the Brackettville Lions helped screen children for hearing problems at the Brackettville school auditorium. The clinic was organized to help the school nurse, Glenda Westphal, in testing the children. The students were first tested by Lion members and if a problem was discovered in a particular child, that child would then be sent to Ms. Westphal and be re-tested. If Ms. Westphal identified a child with a hearing problem, the child's parents were contacted and advised to seek further assistance from a family doctor.

The Lions are certified by the Texas Health Department to conduct this type of screening. William Kallem, District Earborn Chairman of 2A2, and his wife Mary Kallem were here from Kerrville helping the Brackettville Lions. The Lions present were: President Cliff Lewis and his wife Wilma, Claude and Annie Owens, John and Dorothy Frank, and Tom Faulkenberry.

Claude Owens and Tom Faulkenberry test Stephanie Terrazas's hearing.

Brackettville Lion members Tom Faulkenberry, Wilma Lewis, Cliff Lewis, Dorothy Frank, John Frank, Annie Owens, and Claude Owens helped test children for hearing problems.

LETTERS TO THE EDITOR

ALL LETTERS TO THE EDITOR WILL BE PRINTED IF THEY ARE SIGNED AND ACCOMPANIED BY A TELEPHONE NUMBER.

Spanish moss is not really a moss. It is a distant relative of the pineapple family. True moss produces spores instead of seeds. Spanish moss sends seeds into the winds.

Spanish moss brings beauty to many trees in the southern parts of the United States. It also grows in Latin America. The oak tree is one of its favorite homes. In the south, the moss drapes the entire woods, looking like a kind of fairyland.

Spanish moss does not take food from the trees it drapes on and it is not a parasite. It has its own food factory. It has leaves of a sort and gets moisture from the air. It only grows where it can get enough sunshine and rain.

The moss grows until it hangs down on both sides of the tree branches. It is a silver-gray color and is sometimes called "old man's beard." If you pull some off and put it into a pan of water it will turn bright green and looks very much alive.

The seeds of Spanish moss are hairlike. They have little weight and the wind easily picks them up and blows them around. They won't grow if they drop on the soil. They only grow into plants if they fall on tree branches.

The moss has market value and is used as a filler in some boxes of goods. Also they are used as stuffing for mattresses and cushions. Mattresses made of Spanish moss aren't as expensive as those made from other materials.

SNÖOPS

Howdy folks! Ben a mite busy this past week. Thar whar the community council git together, and was it active. They told about teamwork and cooperation, and Mr. Richard Hirsch told about the "Tate" family. They pervade every organization, in fact you may recognize them in some of your dealings. There is Dick Tate, who wants to run everything. Ro Tate tries to change everything. Agi Tate stirs up trouble whenever possible (and Irri Tate always lends him a hand)...Whenever new ideas are suggested, Hesi Tate and Vegi Tate pour cold water on them. Imi Tate tries to mimic everyone, Devas Tate loves to be disruptive, and Poten Tate wants to be a big shot. But it's Facili Tate, Cogi Tate, and Medi Tate who always save the day and get everyone pulling together....Officers were elected, and door prizes won, and the folks went home... Seems thar will be the St. Patrick Day dance at the N.C.O. Club this Saturday nite, so git yar selves together, and have some fun.... Whoee! all the ladies had a wonderful time at thar luncheon on Wednesday - a wearing of the green...Heard from husband David Green, "Happy Birthday to Maire T. Green".... also, a speedy recovery ta our own Fred Frerich. We miss ya'll Fred....Sara Hoover whar a sharing a

sweet incident she had with her little six year old grandson Dustin Slubar. She wanted me to know that he is not always an angel, as the story might imply. Dustin, is a fanatic about airplanes. He had heard about the crash, and wanted to see if the plane was still at the site...Gramma whar not sure they shud go, be he coaxed hard, and they went....Dustin, got out of the car, and walked silently around, and examined the ground, and Gramma noticed his two little hands held under his chin, and he stood there motionless....As they were returning home, she asked how he felt. He said, "Gramma, I was praying and thanking God, for saving their lives."Great wisdom from the mouths of small children....They whar here but a short time, but they touched the lives of so many in Brackettville and on the Fort. She whar always a helping out for the Old Quarry Society concessions and her church, and understand she worked at "Cunnings," and the children all loved her sweet disposition. They had to leave us, for new adventures. Who? Why, Stuart and Lesa Thompson. Stuart's dad had been working as an Air Traffic Control Instructor at University of Oklahoma, at "the" Aeronautical Center, and was out playing volleyball, which he did on a regular basis, and he dropped, and the next day he went to be with our Maker....Stuart and Lesa, felt they should help mom git settled back at the family home in Slidell, Louisisana, before he goes on an assignment with the Border Patrol, perhaps in the San Diego area, at a later date. Joan, Stuart's mom, is a right nice woman, and t'was nice meetun ya honey. Cum back and visit us again. Lesa, said that she shore did love the folks around these parts, and she did plan to make a return trip when time allows. She wanted ya'll to have thar address, as they did not have time to reach everyone ta say goodby. Stuart and Leas Thompson, P.O. Box 1596, Slidell, LA 70459. If ya'll are a passing through Slidell, thar home address is 427 Briargrove Drive. We'll miss ya'll, and thank ya fur being sech wonderfull friends. Must git on my way. God bless ya'll till the next week. "Snoops" jest got an easy cookie recipe dropped by yhar, and whar they good....Quick and easy: One box of German Chocolate Cake Mix - 1 cup chopped nuts - one 12oz. pkg. Butterscotch chips - one half cup oil, and two eggs. Mix all together. Do not grease cookie sheet. Roll each in a one inch ball. Bake in a preheated oven at 350 degree for eight minutes and no longer. And are they good.

LIONS'S SALE

Pictured above is Royce Massingill, Cliff Lewis, President, and Tom Faulkenberry. These are three of the Lions among others that worked the Mop and Broom Sale.

The annual Lions Club Broom and Mop Sale was held Tuesday in from of the First State Bank of Brackettville.

The proceeds from this sale is used for helping with sight problems, hearing, crippled children and for community assistance.

The Lions stated that they wanted to thank the community for their support.

HAPPY BIRTHDAY!!!!

Happy Birthday to Lacey Dodson on her fifth birthday on March 20, 1990. Love Mom, Dad, Christie, Grandma June, Grandma Hoover and Marymind.

OVER 30 YEARS OF
DEPENDABLE SERVICE

BY ALAN L. MCWILLIAMS

Owners of livestock and household pets, especially those in South Texas around San Antonio, should remain vigilant for possible cases of screwworms, a costly insect pest that feeds on warm-blooded animals.

Confirmation of screwworm larvae in the wound of a U.S. soldier, injured in Panama and treated in San Antonio late of last December, is causing of possible screwworm reinfestation to go up across southern parts of the state.

The problem is that some of the larvae--not sent for official confirmation to a laboratory--were discarded at the hospital where the soldier was treated. This medical trash later was compacted and dumped at an area landfill.

There's a possibility these larvae of the blowfly species may have matured despite cold weather and mingled with native fly populations, said Dr. Diane Sutton with the U.S. Department of Agriculture's Animal and Plant Health Inspection Service (APHIS) Screwworm Identification Program at Mission, Texas.

Sutton said entomologists with the National Museum of Natural History in Washington, D.C., positively identified as screwworms the larval samples taken from the soldier's wound.

C.G. Scruggs of Austin, a rancher, former magazine publisher and a leader in the successful screwworm eradication program launched more than 25 years ago in the United States and Mexico, said this screwworm case is the first confirmed in the U.S. since August

1987.

Scruggs said the 1987 case involved a dog that accompanied a military officer from Honduras to New Orleans, La. A New Orleans veterinarian examined wounds in the dog's neck and collected samples that were identified as screwworms.

With this latest possibility of screwworm reinfestation, owners of all types of livestock and household pets should check all animal wounds they find for larval infestation.

If owners find larvae in the wounds, representative samples of about 10 worms each should be collected and sent in a container of alcohol or formaldehyde to the Screwworm Identification Lab. Mailing kits are available from the county Extension offices or the Mission Screwworm Laboratory. The mailing address is USDA-APHIS Veterinary Services Screwworm Identification Lab, Box 969, Mission, Texas 78572.

NOTICE OF TARIFF CHANGE TO CENTRANET® SERVICE

GTE Southwest Incorporated gives notice of its proposed tariff changes to CentraNet® service, which is a Central Office-based service that provides PBX-type features to multi-line business customers and is currently being offered in all company wire centers where such facilities exist to provide the service.

The Public Utility Commission of Texas approved a generic tariff for CentraNet® service up to 100 lines in Docket No. 7652. The proposed tariff revision would establish specific rates for CentraNet® service involving 101 to 400 lines. Other proposed revisions involve the rate applicable to changes, additions, or deletions to the data bases and a new rate is proposed for additional trunks.

The names of the three CentraNet® packages have changed from Standard, Premium, and Deluxe to CentraNet® 1000, CentraNet® 2000, and CentraNet® 3000, respectively. Direct Call Pickup has been added to the three CentraNet® packages while Multiple Call Park and Shared Speed Call 30 have been added to CentraNet® 2000, and Speed Call 30 and Call Forward Busy/No Answer Split have been added to CentraNet® 3000. Flexible Night Answer and Automatic Route Selection also have been added as new optional features.

The proposed changes and new service offerings have been assigned Docket No. 9251, and pursuant to Section 43(d) of the Public Utility Regulatory Act will become effective June 23, 1990. Rates for service will be applicable to customers who subscribe to the service as well as existing customers. Therefore, there will be no effect on any other rates of the company. The company's gross annual revenues will increase by approximately \$399,600, or less than one percent annually.

The proposed rates are on file with the Public Utility Commission of Texas, and are available for public inspection at the offices of GTE Southwest Incorporated. Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission. The deadline to intervene in this docket is 3:00 p.m., April 9, 1990.

A request to intervene, participate, or for further information, should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Blvd., Suite 400N, Austin, Texas, 78757. Further information may also be obtained by calling the Public Utility Commission Consumer Affairs Division at (512) 458-0223 or (512) 458-0227 or (512) 458-0221 teletypewriter for the deaf.

BRACKETT ISD

FEDERAL PROGRAMS EXECUTIVE SUMMARY
BRACKETT INDEPENDENT SCHOOL DISTRICT

Chapter 1 Regular

The 1988-89 Chapter Regular program operated in Brackett ISD served 154 eligible students at grades Kindergarten through sixth grade. Several instructional strategies were employed, including supplementary instruction in a resource classroom, supplementary instruction in the Foundation classroom, and computer-assisted instruction (CAI). The students received the specialized instruction for five periods each week during the year. The program focused on basic skills instruction in language arts.

The students participating in the program showed an average gain for the 1988-89 school year as evidenced by their performance on the 1985 edition of the California Achievement Test. Analysis of their Total Reading scores showed moderate to substantial gains at grades K, 1,2,3,4, and 6, and a loss at grade 5.

Chapter 1 Migrant

The 1988-89 Chapter 1 Migrant instructional program served 62 eligible students at grades Kindergarten through ninth. The participants were served in the Foundation classroom by supplementary instructional aides under the direct supervision of certified teachers. In addition, students received supplementary computer-assisted instruction (CAI). The students received the specialized instruction for five periods each week during the year. The program focused on basic skills instruction in language arts.

The students in the migrant remedial

program also showed an overall gain for the 1988-89 school year. The Total Reading scores showed improvement at grades K, 1, 3, 4, 6, and 9 and losses at grades 2, 5, 7, and 8.

We advise using caution when interpreting test results based on small groups of students because an extreme score from a single student can disproportionately affect the results for an entire grade.

While the overall results are generally positive, achievement test data reflect only one aspect of a project's effectiveness. Other measure should be considered as well when evaluating the success of a project. These measures might include classroom grades, essential element mastery, TEAM scores, or dropout rates.

SANDOVAL

BRACKETTVILLE NATIVE AIDS IN HURRICANE RECOVERY

Brackettville Leonard Sandoval knows first-hand the destructive power of a hurricane. In fact, he has several different perspectives of the same storm.

Sandoval, an employee of the U.S. Army Corps of Engineers Fort Worth District, is working with the Corps' Hurricane Hugo disaster recovery mission on St. Croix in the U.S. Virgin Islands. Sandoval also worked on the Corps' Hugo mission in Charleston, S.C.

Hurricane Hugo slammed into St. Croix on September 17, 1989, lashing the island with 140 mph winds. On September 21, Hugo crashed into South Carolina. The results were basically the

same in both places - almost total destruction.

"Both places were really destroyed by Hugo," said Sandoval. "Charleston probably has more dollar damages because they had more buildings and homes damaged. St. Croix had more debris and tree damage."

"It'll be a couple of years before either place gets back to normal. I consider St. Croix very lucky. Looking at the damage they had, they are lucky more people didn't get killed."

Sandoval worked in the Charleston area November 5 to December 23, 1989. He has been in St. Croix since January 2, 1990 and will stay until April. Sandoval has worked on debris removal at both locations, including estimating contract costs, inspecting contractor work and overseeing contract management.

"Being on these disaster missions has been quite an experience. It's as good as going to school, you learn a lot," said Sandoval.

The experience has its ups and downs. "Helping people get out of a jam gives you a real good feeling," said Sandoval. "The worse thing is being away from your family for so long."

The biggest difference for Sandoval between Charleston and St. Croix?

"They drive on the left side of the road in St. Croix. It takes a little getting used to."

TO THE VOTERS OF KINNEY COUNTY

THANK YOU FOR YOUR SUPPORT IN THE DEMOCRATIC PRIMARY. I OWE SO MUCH TO THE MANY FRIENDS WHO WORKED SO HARD TO MAKE MY CAMPAIGN A SUCCESS. THANKS AGAIN FOR YOUR VOTE, ENCOURAGEMENT, SUPPORT AND PRAYERS.

SINCERELY,
TIM WARD

Paid Pol. ad by Tim Ward, P.O. Box 1445, Brackettville, Texas 78832

THANK YOU

MY HEARTFELT "THANK YOU" TO ALL OF YOU WHO VOTED FOR ME AT THE PRIMARY ELECTION. WORDS CANNOT EXPRESS MY DEEPEST GRATITUDE TO THOSE OF YOU WHO WORKED IN MY BEHALF AND IT IS BECAUSE OF YOUR EFFORTS THAT I WON THE ELECTION. I HOPE THAT SOME DAY I MAY BE ABLE TO REPAY THE FAVOR.

GOOD FRIENDS ARE A BLESSING AND I HAVE BEEN BLESSED. MAY GOD BLESS YOU ALL.

I HAVE AN OPPONENT IN THE NOVEMBER GENERAL ELECTION AND I RESPECTFULLY SOLICIT YOUR SUPPORT AND YOUR VOTE FOR THAT ELECTION.

IF ELECTED I WILL DO MY UPMOST TO MERRIT YOUR TRUST IN FUNNING THE JUSTICE OF THE PEACE OFFICE HONESTLY, FAIRLY AND PROPERLY. AGAIN I THANK YOU.

COMMISSIONERS COURT

The Commissioner Court met Monday, March 12th, with all members present.

The budget was amended for \$725 from miscellaneous to Audits and Accounts. The Sheriff's budget was amended for \$480 from teletype line to jailer training line item. The Sheriff's budget for jailer/dispatcher, 3rd class, for 18,100 was changed from the following line items: \$7,900 from jailer/disp. 1st class and \$10,200 from 2nd class.

Clarification on Cordelia Barlows job status and benefits was given. She is to receive her benefits at the end of her 6 months probation period.

Authorization to pay clerks on election day was approved for the clerk's office and the tax office.

The County agent, Alan McWilliams, requested a telephone credit card to be used

only when necessary. This was approved.

Discussion was had on buying a new radar unit for the DPS. A request by the court for prices for this unit was made by the court. The decision to buy this unit will be taken up at the next court meeting.

Commissioner Joe Garza requested that Johnny Joe Reschman be hired on the County road crew. It was pointed out that the responsibility for hiring was given to the Road supervisor. The County Road supervisor said he did not need anyone to work right now.

It was approved to go ahead and get plans and estimates on building a low water crossing at the Hildalgo crossing on the Tularosa Road.

A resolution was passed to hire Mr. Joseph Hild for \$500.00 to be the engineer on the Senior Citizen Center project.

A raise for Eileen Reid, J.P. Clerk, for \$4.00 per hour was approved.

A raise for Mary Luna, County building's Janitor, was approved for \$4.50 per hour.

It was approved to buy a used pick-up for the Road Department. The old blue pick-up was transferred to the Maintenance department at the Courthouse.

AAA Roofing was approved to be hired to repair the gutter over the County Agents office.

It was approved to pledge \$13,000 for matching funds of the Drug Task Force. It was pointed out that the most of this money that would be spent according to Sheriff Hooten, would be approx. \$2,400.

The meeting was adjourned.

LITTLE LEAGUE SETS CLEAN UP DAY

A CLEAN UP DAY has been set by the Grounds & Building Committee which is headed up by Albert Payne. He has requested that Adults show up at the Field on Saturday, March 17, at 9:00 a.m. He also asks that everyone bring shovels, hoes, rakes, and whatever tools that might be handy.

The managers Committee will also meet with people who have expressed a desire to Manage or assist in Coaching the same morning, Saturday, March 17, at 9:00 a.m. John Jones is the Chairman of this Committee and he will try to make team assignments and make sure of each person's preference. If anyone cannot be at this meeting, but does want to Manage or Coach, please make sure to get in touch with: Chairman, John Jones, 3-2735; T-Ball Vice-President, Albert Payne, 3-2157; Softball Vice-President, Debbie Coe 3-2471; or Senior League Vice-President, Darlene Shahan, 3-2152. The Board is grateful to all those in the community who have offered their time and help.

The next scheduled Board Meeting is set for Monday, March 19, at 6:00 p.m. in the Kinney County Courthouse. This is also the date for the Player Draft and all coaches are requested to attend.

**C/C SPOTLIGHT
REVIEW:**

PAPCO

The relentless heat from the Texas sun is approaching quickly. Fans are being yanked down from their hiding places for temporary relief. Most fan owners know that fans only blow the hot air around, and as the heat index rises, other alternatives will be required. Air conditioning units, those wonderful inventions, are going to soon be a necessity. Rooms with fresh cool air will become sanctuaries from the desert heat.

PAT MELANCON is the man who can help create these desirable cool sanctuaries. Melancon's company, PAPCO, can sell, install, and repair any brand of air conditioning / heating system. Pat Melancon is insured and licensed with the state of Texas as an air condition contractor. He is also a carrier dealer for air conditioners.

Pat Melancon recommends people begin examining their present air conditioners by cleaning or replacing filters and making sure cool air is blowing. If there are problems, it would be wise to call him and have him take a look at it immediately, before the summer heat arrives. Melancon has been in the air-conditioning business for eleven years and is fully capable of maintenance repairs on any system.

Pat Melancon and his family moved from Houston to Brackettville in 1987. Pat's mother was born in Brackettville and his grandmother, Ruby Veltman, still resides in Brackettville. As a child, Pat visited Brackettville every summer and fell in love with the community. He decided at an early to raise his children in this part of Texas.

The Melancon family lives in Spofford. His beautiful wife Pam teaches second grade at Jones Elementary. Pat and Pam have three children, Patrick, 12, David, 11, and Michelle, 7. They all enjoy life away from the big city.

Call Pat at 563-9493 for more information on air conditioners. He is a friendly man and always ready to help his customers. By the way, if you haven't guessed, PAPCO is the acronym for Pat And Pat's Company.

**RECORD TURNOUT
AT FORT**

Members of Fort Clark Springs Association responded in a mighty way to a call by the Community Council for a maximum attendance at their March meeting, last Saturday. A record turn-out of 246 members packed the NCO Club to standing room only.

A special report was presented on the state of membership growth, and factors affecting the financial future of the Fort. Recognition was given to solid progress of the past and to the generally acceptable financial situation at the present time. This was tempered by a warning that recent trends could bring serious problems in the next four years, unless remedial action is taken immediately. Revitalization of members growth is deemed urgent.

Causative factors hindering desired growth in membership and operating revenue were cited. Members were asked to get involved in support of a concerted effort by special committees appointed by the Council to study problem areas, and to formulate corrective action proposals for Management implementation.

This was followed by the election of new Council officers for the 1990-91 fiscal year, beginning April 1. The following were elected: Emet Huntsman, President; Dick Hirsch, First Vice President; Pat Owens, Second Vice President; Wilma Lewis, Secretary, and Harold Kauffman, Treasurer. Officers were sworn in by Marge Geeze, the retiring President.

Action proposed by the new leadership includes the following:

a. Installation of suggestion boxes in several strategic locations on the Fort for the convenience of members to submit their written

suggestions or complaints for improvements or correction.

b. Organization of Sub-Committees to concentrate on the factors impeding future growth and action that may be effective in overcoming them.

Although the next regular monthly meeting date of April 14 conflicts with other events, the Council Board decided to stick with this date, mainly because no other date could be selected that offered less confliction.

The April meeting will take place in the Toran Hall on Fort Clark Springs. A progress report will be given, followed by ample time for open discussion with members on their concerns. At the conclusion of the meeting, the Council will host all members who received meal tickets at the March meeting to an outdoor bar-b-que north of the Swim Park.

THANK YOU

I would like to thank all those who supported me in my campaign in the March 13th Election for County Judge. I deeply appreciate all the votes and help that I received from all my family and friends.

I would also like to take this opportunity to publicly congratulate Tim Ward on his victory and wish him every success.

Sincerely,
ss/Tommy Seargeant

The boss gets his or her title from the Dutch *baas* meaning the head of the household, chief or overseer.

**LOWER COLORADO RIVER
AUTHORITY**

Notice of Rate Change Request

The Lower Colorado River Authority (hereinafter "LCRA") has filed an Application for Authority to Change Rates with the Public Utility Commission of Texas and the City of Austin. The effective date of the proposed changes, which involve the LCRA's 44 wholesale customers, the 62 retail customers throughout LCRA's service territory, and 2 wheeling customers, is April 12, 1990.

For the period ending October 24, 1991, the proposed changes are expected to result in a system-wide annual revenue increase of \$34,334,929 which is a 12.0% increase when compared to the fully adjusted total operating revenues for the test year ending September 30, 1989.

Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission as soon as possible. A request to intervene, participate, or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas, 78757. Further information may also be obtained by calling the Public Utility Commission Affairs Division at (512) 458-0223 or (512) 458-0227, or (512) 458-0221 teletypewriter for the deaf.

Community Council of
 Southwest Texas, Inc.

PUBLIC MEETING

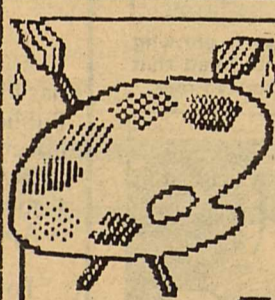

The Community Council of Southwest Texas, Inc., will hold a public meeting to accept nominations for one Representative of the Poor from Kinney County to serve on the Board of Directors for five years.

The meeting will be held at the Head Start Center Corner of Beaumont and Spring Street, Brackettville, Texas. The meeting will start at 7:00 p.m. on Wednesday, March 21, 1990.

Nominees need not be poor themselves, but must reside in Kinney County; the target area to be represented.

Candidates nominated will be elected through a Regular election at a time to be announced at a later date. Voting polls will be located at the Head Start Center, Brackettville, Texas.

Eligibility to vote will be based on 125% of the current HHS guidelines, which will be posted at the polling site.

REFLECTIONS
BY PRESTON TAYLOR
FIRST BAPTIST CHURCH

Most people say they are Christians. In fact, we feel insulted if anyone challenges us at this point. The true, "acid test" comes as we give ourselves a test from the Scriptures. Read on, please.

The Apostle Paul gives identification marks at the end of chapter four in Ephesians.

The Christian, he writes, is to be free from all bitterness. Do you have a battle with bitterness or resentfulness? When life "turns on us," it's easy to feel hurt and become puffed up with a bitter feeling. Paul says, "Don't be bitter!"

We need to put out of life all wrath, anger, malice or hate, and all evil speaking. Try that for a day and see what your grade is. We may need a big dump truck and a large city dumping ground if we unload all these negatives. The alternative is to leave all the foul, putrid emotions shut up within our lives. If such a choice is made, life will contaminate itself and all kinds of illnesses soon will plague us. Life passes us by too soon to let it be polluted and spoiled by rotten emotions. Unload them.

With a bold, positive word the Apostle Paul declares that we are to be kind to one another. We know how to be kind to a kitten, a parakeet, a grandmother, or a grandchild. Let your neighbor go into a state of shock with a good dose of kindness from you.

The Bible startles us with another word. That's forgiveness. Whatever happens in life, we are to forgive one another. This is God's Word from heaven. Webster's dictionary states that forgiveness means we give up all desire to punish the one who causes us harm or injury. We pardon and don't have any room left for resentment.

God's Word blasts us out of our comfort zone. The Scriptures say we are to forgive others even as God forgives us. God clears us from every sin debt when we ask Him to do it--not even leaving a memory of the ugly thing. God forgives and forgets. That's 100 proof forgiveness! Because of the love of Jesus at the cross, God can handle every sin we have and take away all our condemnation.

Jesus asked God to forgive those who spit in His face and crucified Him. As the enemies of Stephen (and Saul/Paul was among them) killed him with stones, he prayed, "Lord, lay not this sin to their charge." Can we afford anything less than living with the spirit of forgiveness?

Our town needs to be inoculated with Ephesians 4:31-32. If this were to happen, our town could be renamed "Paradise City." Would you vote for that?

LIBRARY NEWS

by Marjorie Moore

Our best wishes go with our former Librarian Irma Perez, who left our Kinney County Public Library last Friday to accept a new position with the Brackett Independent School District. She has worked very hard and long hours while with our Library, and we appreciate all she accomplished. Assistant Librarian Maria Sanchez and Volunteer Earlene Thurber will endeavor to serve you until a new Librarian can be employed by the Kinney County Commissioners.

Our thanks to Mayor Vito La Gioia and the City of Brackettville for two desks and chairs provided for the use of our Library with the computer which was provided by the San Antonio Area Library System division of the Texas Library System. They fill a great need in keeping Library records and making reports to the State and are much appreciated. In addition, the amount of community support received from the City and the County determines the amount our Library is qualified to receive from the State for payroll, equipment, and new book funds.

FAIR

Brackett I.S.D., the Drug Advisory Committee, and Region XX Service Center will host a substance abuse Media Fair for all Brackett students in grades PK-12 on March 16, 1990. Entries in audio, computer programming, graphics, photographic prints, videotape, and multi-media will be accepted at the high school library on March 15, with judging to take place that afternoon. Trophies and ribbons contributed by First State Bank, Nash Dry Goods, Sergeant Concrete, the U.S. Border Patrol and Jim Runyan will be awarded. The public is invited to view the exhibits at the high school library on March 16, 1990. For more information. Please contact Susan Harrison at Brackett High School.

The wheel and the wagon were developed together about 5,000 years ago.

**CHAMBER WELCOMES
NEW MEMBERS**

The Kinney County Chamber of Commerce welcomes the following new members: Raymond Fuentes Lumberyard, Mi-Lady Hair Salon, Lee Schemerhorn, Bumper to Bumper, Buckhorn Trading Post, Southwest Service Center, and Sciba Welding and Fabrication.

The Kinney County Chamber of Commerce would also like to welcome back O'Rourke Realty and B & S Grocery.

THANK YOU

I want to thank all those that had faith and trust in me and gave me their support in the March 13th Election for County Commissioner.

I do feel some regret that I will not be able to serve you in this capacity after January, 1991. I have enjoyed being able to work for you and have done the very best I could.

Now God has other plans for me and perhaps a new path to take.

Thank each and everyone of you for your vote and God Bless You!
