

**SHELLEY MC DANIEL
 MISS KINNEY COUNTY**

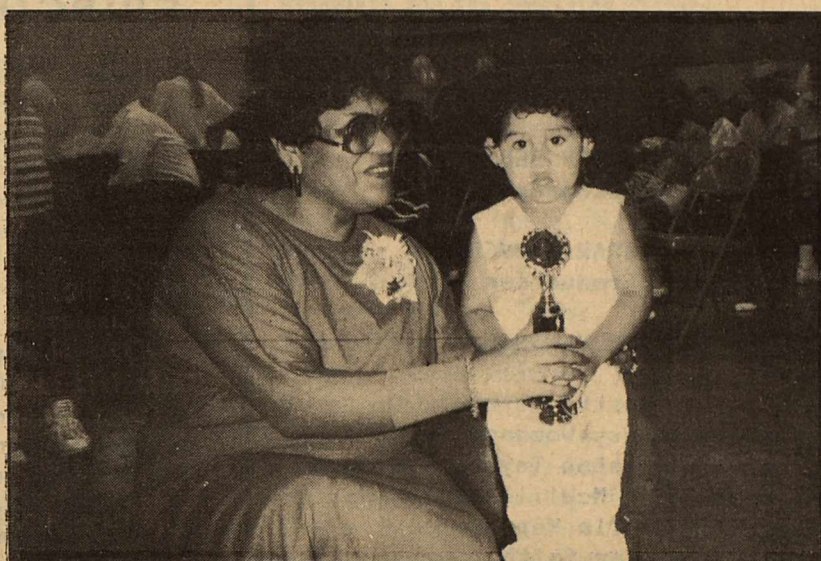

Our new Miss Kinney County is Shelley McDaniels. The runners up were, pictured at the left, Theresa Terrazas and Kasey Hall, pictured at the right.

The Judges of the contest were Henry Yeackle of Laughlin Air Force Base, Todd Ellis of Del Rio, and Rose Elena Clark of Eagle Pass. All the Judges agreed that the decision wasn't easy. All three of the girls had special qualities.

VALARIE TERRAZAS

Pictured above is our New Little Miss Kinney County. Diane Bravo was in charge of the contest. She is pictured at the left presenting the trophy to Miss Valarie Terrazas, Little Miss Kinney County. Valarie is the daughter of Jesse and Elda Terrazas.

JOSE ANTONIO CASTILLO

Little Mr. Kinney County is pictured above receiving his trophy. Jose Antonio Castillo is the son of Jose and Guillermina Castillo. Miss Bravo presented this trophy also.

Jo Lee Jones' pet dog won the pet contest. He and Miss Jones are pictured above. Her dog was dressed in a red shirt and blue jeans and wore a baseball cap. Miss Jones won the over-all blue ribbon for best all around pet.

There were many cute pets of all kinds. One was a pet frog owned by Jeffrey Tipps. Jeffrey won 1st place in the frog category.

PARADE WINNERS

In the 3rd century B.C., the courtiers of the royal court in China were required to carry cloves in their mouths in order to sweeten their breath when addressing the emperor.

GIRLS SOFTBALL

BY PATRICK NEGRETE

Monday the 4th, the New Kids lost to the Silver Roses, by a close 4 runs.

Scoring for the New Kids were Sandra Hernandez with 4 runs; Lacy Atkinson, Francisca Garza, Patty Lopez, Regan spring scoring 2 runs each; while Amy Bader, Windy Goodloe, Susie Hernandez and Lindy Lanascus all hit 1 run each.

The Silver Roses' runs were scored by Jo Lee Jones and Debra French who both made 3 runs, Ariana DeLeon, Denice French, Courtney Harrison, Monique Pierce, Melisa Terrazas all scored 2 runs each and Edwina Banta, Malisa Martinez and Zandra Negrete all scored 1 run each.

The final score being New Kids 16 to the Silver Roses 19.

Next game is Thursday the 7th. See Ya There!

MISS KINNEY COUNTY PAGEANT

By Lashawn Wardlaw

Shelley McDaniel, daughter of Mr. and Mrs. Jim McDaniel was crowned Miss Kinney County 1990 Friday evening, June 1 during the Kinney County Frontier Fair.

The 1990 Kinney County contestants and sponsors were Kasey Hall (Bader Equipment Company), Shelly McDaniel (Davis Hardware) and Theresa Terrazas (La Fonda Ranch). In no certain order, the runners up were Hall and Terrazas. Terrazas was chosen as most photogenic and McDaniel was voted Miss Congeniality by her fellow contestants. McDaniel will be making appearances in the area throughout her reign. She will represent Kinney County in San Antonio at the Livestock Show and Rodeo in the Miss West Texas Contest.

Judges, Henry Yeackle of Laughlin Air Force Base; Todd Ellis of Del Rio, and Rose Elena Clark of Eagle Pass each agreed that the decision wasn't easy. "With three girls, it made it more difficult to judge. Because each of the contestants had such great individual qualities," said Clark.

The Circus theme for the pageant contributed to the fun for the evening. Balloons and clowns decorated the stage and a big tent covered the top of the stage. A pie was thrown in the Miss Kinney County Guardian Angel, Harrell Floyd's face, tightrope artist, Stephanie Ahrens made an appearance and hillbilly Clyde Hepline from North Carolina joined the band. Lots of laughter and fun was had by the entire audience.

With the help of Kinney County volunteers and contributors, the night proved to be a success. Miss Kinney County 1988, Stephanie Ahrens, Vicki Ahrens, Nelda Archer, Molly Ardrey, Kathy Bader, Harrell Floyd, Nancy Forbes, Nancy Frerich, Charlie Hall, Clyde

Hepline, Allen Kreiger, Jr., Jennifer McDaniel, Wendy McDaniel, Sondra Meil, Francisco Perez, Don and Joy Ralston, Wes Robinson, Helen Seargeant, Jenifer and Darlene Shahan, Ben and Terry Terrazas and Leisha and Tulisha Wardlaw contributed much of their talent and time to the pageant.

Kinney County businesses also provided great support for the pageant. Alamo Village provided a luncheon and the interview location for judges and contestants, the First State Bank gave two \$100.00 bonds and flowers, Fort Clark Springs provided the evening meal for the judges, Texcor gave a \$250.00 scholarship as well as the Chamber of Commerce to the winner and entertainment was provided by the Southwest Wranglers and the Templeton Sisters.

Others that contributed were B & S Grocery Billie Joe's, Bizzell Construction, Bumper to Bumper, Burger N Shake, Casuals Plus, Fuentes Grocery, Gonzales Store, Hair by Diane, Jeans, Kinney County Land, Kinney County Wool & Mohair, Kreiger Insurance Agency, Lopez Bakery, Ora's, O'Rourke Realty, RLT Marketing, Ray's Grocery, Jewel Robinson, Rob's Mini Shop, Rory's Video Review, Sagebrush Shoppe II, Glen & Mary Seaver, Slubar Insurance Agency, Southwestern Communication, Stop N Shop, Sunshine Garden Center, Super S, Sweets N Things and tulisha p.s.

Lashawn Wardlaw who coordinated the pageant would like to thank all of those who participated in making the 1990 Miss Kinney County Pageant a winner. A special thanks to the contestants for their hours of work and desire to participate. And much thanks to the families of the contestants who backed their daughters positively during the pageant festivities.

Miss Kinney County 1990, Shelley McDaniel is available to make appearances for grand openings, store anniversaries and any other special events that benefit Kinney County. Kinney County should be proud to have such a fine representative!

THANK YOU

Thank you very much for your support in electing me to represent you all in the May 5th City Election for Place 2.

SNOOPS

Schools out, and the children are at the pool a coolun off during this warm spell. Whar a great family reunion held on the Fort his past week-end, and Martha and Ray Phillips from Victoria, Texas, whar one of the kin, and they really have enjoyed their first time at Fort Clark Springs. Promised ta return at a later date...Also time fer people ta take vacations, and move, and thats what happened to our cute couple Larry and Susan Montgomery, and their two adorable children who all moved to Leesburg, Florida. We'll miss thar wonderful presence...Found "How's Hunting (house hunting)...A young couple about to be married were looking for a house in the country. After satisfying themselves that they had found a suitable one, they started for home...During the return home, the young lady was very thoughtful and when asked the reason for her silence she replied: "Did you notice a W.C. anywhere?" (meaning a water closet). Not having noticed it, the prospective groom wrote the landlord asking where it was located. The landlord did not understand what W.C. meant. After thinking it over for some time, he came to the conclusion that W.C. meant Wesleyan Church. He replied as follows: "Dear Sir, I very much regert the delay in answering your letter but I now have the pleasure of telling you that the W.C. is about nine miles from the house and is capable of seating about two hundred persons...This distance is unfortunately far, but if you are in the habit of going regularly, you will be glad to know that a reat many persons take their lunch along and make a day of it...Others that cannot spare the time take a car, arriving just in time...The last time my wife and I went was six years ago, and we had to stand up all the time...I may mention that it pains me not to be able to go more often. It may also interest you to know that a bazaar is to be held to furnish the W.C. with upholstered seats. This has been a long felt need...Yours very truly E.K.S."

Such lovely people one meets jest a being a bit "snoopy." I got ta chawing with that sweet gal, 'Wilma Miley Lewis.' a most busy parson, and ta catch she and Cliff, her husband, is really a treat...Wilma, whar born in Washington, Indiana ta Elizabeth also of Washington, and Clyde Miley...She had one brother, Bill Younger, who lives in Indianapolis, Indiana, and has to girls...Wilma whar a right perky little gal, and came from a very "lovun" family, and she she completed high school, she got a job first with Eli Lily and Co., a pharmaceutical Co., and then worked in the Real Estate Dept. of a Bank...Whal, she whar invited to visit her aunt and cousins in Louisville, Kentucky and her cousin Jean had fixed Wilma up with a blind date - Cliff Lewis. She whar 29 at the time and she knew then and there that he would be the one she would be marrying...They were married in 1945...She found that she would be busy raisun kids and not "Cain" and she loved every minute of thar six childrun. She did not have an easy life of it only because thar were not the perma-press clothes, and fancy appliances then, and much of the work had ta be done by hand... Young Cliff

Lewis, had joined the Army Air Force in June 1942, a year before meeting Wilma, and he had ta be gone much of time time...Thar children are: Gerald "Jerry" Lewis, married to Eileen with two girls and a boy...Wyoming. Darvel, married ta Arlene, who is also a cousin ta Eileen, and they have not been blessed with children. They live in Lealander, Texas...Evelyn Capps of Austin, with one boy and a girl...Katheleen of Laughlin, Nevada with two boys and a girl...Scott Lewis, at Luke Air Force Base, Phoenix, Arizona with three boys...Karen Hunt, of Huntsville, Texas with one girl...Ya'll kin see why Wilma whar kep busy. She did all of the sewing of clothes fur thar young-uns and whar busy...Whal, young Cliff Lewis, Wilmas husband, whar born in Stickney, South Dakota and the family later moved ta homestad on an Indian Reservation in South Dakota...He grew up thar and June of 1942 he went into the Army Air Force and flew glidders. These whar the war years and he whar out fur a time, and re-enlisted in 1947, again in the Air Force in Air Traffic Control. He whar also a paratrooper and had enough jumps to qualify for "Master Parachutist" rating. He retired from the service December 31, 1962...Cliff had tempory Duty on the Berlin Airlift - Air Traffic Control also four years in New Zealand - re supply the Geo-physical station in the anarctica. His military stations also included March Air Force Base, California - Las Vegas, Nevada - Clark AFB in the Philippines, where Wilma and the children spent thirteen months with Cliff. Tiner AFB, Oklahoma City, Okla. - Bergstrom AFB, Austin, Texas - and he retired out of Donaldson AFB, Greenville South Carolina. Wilma said the stations served were not necessarily in that order...He retired as an Major...Whal, this young fella whar not going to let grass grow under his feet and went ta school fur a year before working fur Davis Airlines out of College Station, a commuter airline and not only did Cluff fly, but established thar maintenance department. He retired again in 1978 and they moved to Marble Falls, Texas, some 90 miles north of San Antonio...

Ya thak ya heerd about all of this man? no seree! In Cliff's younger years he Rodeod as a saddle bronco rider..He's mighty proud of his great grandfather who whar a Methodist Missionary in the Dakota Territory, and whar a well versed man - he helped found the Howard University in Washington, D.C. and had something ta do with the Yankton University in South Dakota. He also founded a church at Mission, South Dakota...It's men like this that gits our old world ta movun properly...Cliff's mother Maude Lown Lewis and father Charles, had seven children: Made, no children - Mark married ta Viola Bender, had 3 boys and 3 girls - Blanch Sogge, married and had 2 boys and one girl, but during a flash flood that hit har home, she and the two boys whar drowned. Her husband and the girl whar saved by grabbing a tree libm...Rex Lewis died around three years old - Ellis, married ta Jeannette, had 3 boys and 2 girls and Cliff married ta Wilma have 3 boys and 3 girls - Evelyn, the last whar killed in an auto accident in 1935...The Lewis' heard about the Fort via a letter in 1982 and because Wilma whar allergic ta cedar, they moved permanently in January 1986...Cliff belongs ta

the "World War Two Glidder Pilot Assoc." and they've attended all but one of the reunions.He's very active in the Lyons Club and Wilma is always a doing something to help others..She said "we could write a book on our lives" and I believe they can..Sech a nice couple..I've overstayed ma welcome, so tata fer now. "Snoops"

LIBRARY NEWS

The Library has undergone considerable change in the past month and we would invite all of you to come by to let us know if you like the results. We now have a nice area specifically reserved for Kinney County, Brackettville, Fort Clark, Buffalo Soldiers and Seminole History. This will facilitate research in any of these areas greatly. We would welcome your contribution of information in these areas to be housed in the Library so that others may share it.

Further, we are currently making many changes in the Children's area and hope you will find these make the Library more useful to the children in the area.

Lastly, we wish to thank three ladies and one gentleman who have been contributing their time without cost to the Library in order to bring the changes to the Library users with the least confusion and difficulty. Ladies and Gentleman, we thank you and hope others will join you in the future. Perhaps we might get a friends of the Library Group started. Anyone interested?

Parents!!! Remember, the secret word is READ! Get the kids out of bed, out from the front of TV and get them enrolled in the Summer Reading Program, the prizes are great and the rewards in their school work nest year will prove great. All ages 2-14 years.

We wish to mention the following memorials for the month of May, 1990:

- *An Anonymous Memorial for Ms. Eleanor Beidler
- *An Anonymous Memorial for Ms. Treva Barnwell
- *Mr. & Mrs. Judson Roger requested a Memorial for Mr Jack Edwards
- *Mr. & Mrs. Hugh M. Costor requested a Memorial for Mr. Jack Edwards
- *Ms. Willie Jo Dooley requested a Memorial for Mr. Jack Edwards

Come see us this summer, we are air conditioned and friendly!

The Staff of the Kinney County Library and Volunteers

P.S. More new books! Many are mysteries, some new Texana.

*Rushing, Estes, Knowles

Ginger J. Dodson

Larry Moore, Mayor, City of Brackettville

Public Notice

TO ALL FORMER AND CURRENT INTRASTATE WIDE AREA TELECOMMUNICATIONS SERVICE (WATS/800) SUBSCRIBERS:

Southwestern Bell Telephone Company has instituted a Class Action Lawsuit seeking judicial approval of a settlement reached in Docket No. 7297, an inquiry of General Counsel of the Public Utility Commission of Texas into possible overcharges which occurred between September, 1976, and February, 1987, due to rounding practices, on bills of intrastate WATS/800 customers sent by Southwestern Bell and other telephone companies which concur in Southwestern Bell's tariff. The suit is styled "Southwestern Bell Telephone Company, Plaintiff, vs. MCI Telecommunications Corporation, A Member of the Class of Texas Intrastate WATS and 800 Service Customers Who Paid Overtime Charges From September 1976 Through February 1987, Defendant," and identified as Cause No. 471,460 in the 126th Judicial District Court of Travis County, Texas.

Pursuant to the settlement, while not admitting liability, Southwestern Bell, the other local exchange telephone companies in Texas, and AT&T Communications of the Southwest, Inc. have agreed to pay refunds to those WATS/800 customers who paid overtime charges attributable to the rounding practices for intrastate WATS/800 services at any time between September, 1976, and February, 1987. The refunds will be based upon either the actual or estimated amount of overtime charges attributable to such rounding practices. An exact refund will be determined for customers able to produce copies of their WATS/800 service bills. For customers who do not have copies of their WATS/800 service bills to establish actual overtime charges paid, an average refund of \$4.53 to \$5.95 per WATS/800 service line per month will be applied. All claims will be subject to verification. The refunds will also include interest at the rate of 7.80% per annum.

Claim Forms And Additional Information

Those customers who think they may be entitled to a refund or who desire more information must call 1-800-782-3026, 8:30 a.m.-4:30 p.m., Monday through Friday, or write to WATS Refund Pool Administrator, One Bell Plaza, Room 670, P. O. Box 650376, Dallas, Texas 75265-0376, to request a WATS Refund Information Package. The WATS Refund Information Package will contain further information regarding the lawsuit and eligibility for a refund, a description of documentation required to support a customer's claim for refund, and a refund claim form to be filled out and submitted requesting a refund. REQUESTING A WATS REFUND INFORMATION PACKAGE DOES NOT OBLIGATE YOU IN ANY WAY.

All claims for a refund must be received by the Refund Pool Administrator by Friday, October 5, 1990, and all rejections of the settlement (that is, requests for exclusion from the class action lawsuit) must be received by the Court by Wednesday, September 5, 1990. Only those who respond by filing a claim or by filing a rejection of the settlement, as explained in the WATS Refund Information Package, will receive notice of future developments in this proceeding.

Persons who wish to obtain further information may also contact the Public Utility Commission, Public Information Division, at (512) 458-0257 or (512) 458-1221, teletypewriter for the deaf.

BREAST CANCER DETECTION UNIT

available to area women!

MONDAY, JUNE 18TH
UNITED MEDICAL CENTER
201 JAMES STREET
BRACKETTVILLE, TEXAS

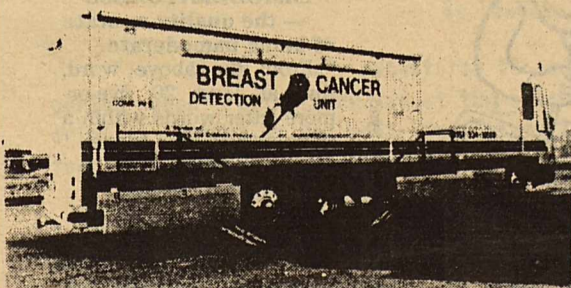

Call 563-2434 for appointment

According to the American Cancer Society, one out of ten women will develop breast cancer sometime in her lifetime. It is currently estimated

that over 37,000 women die each year as a result of breast cancer.

Ninety percent of breast cancers are diagnosed by women or their physicians finding a lump in the breast. Women who are diagnosed with a lump large enough to feel have a 50 percent five year survival rate. A woman who is diagnosed as having breast cancer by mammography, before a lump can be felt, has a 97% five year survival rate and a 90% 10 year survival rate. The cost is only \$60.00.

A mammogram can detect a cancer this small, ● even before it can be felt.

MATCHLESS NIGHT OF ENTERTAINMENT

By Lashawn Wardlaw

"The Glory Road" recaptures the color and adventure of that period when Fort Clark was at the height of its glory. In this original script by the well-known playwright, Kermit Hunter, the old fort comes to life under the oak trees beside Las Moras Spring.

There's romance! A handsome young lieutenant falls in love with a Brackettville beauty. There's an Indian raid and a daring rescue. There are old-time songs and country dancing and more dancing by visitors from Mexico.

History comes to life! You will be transported to the times when the cavalryman rode forth to protect the rancher and his sweetheart awaited his return. In the words of the old cavalry song "Round her neck she wore a yellow ribbon...she wore it for her lover who was far, far away." John Bullis, Ranald McKenzie, Jonathan Wainwright and George Patton have had their moments in the story of Fort Clark's part

in the defense of the frontier and as the nation unfolds.

"The Glory Road" is a production of The Old Quarry Society for the Performing Arts, a Texas non-profit theater whose base of operations is the Old Quarry Amphitheater at Fort Clark Springs.

Rehearsals have begun and the entire cast and crew are hard at work preparing the stage, costumes and learning lines. This year, the Southwest Wranglers and the Templeton Sisters not only will be performing at Alamo Village, but can also be enjoyed acting and singing during the play. The gentlemen will participate in a Fandango scene, while the girls can be seen during a 1916 scene.

Performances will be in the Old Quarry Amphitheater at Fort Clark on June 23, 29 and 30, 1990 at 8:30 p.m. Prices are \$5.00 for adults and \$2.00 for under age nine

AN ACTOR? A CLOWN?

Harrell Floyd is pictured above with LaShawn Wardlaw. He was a clown for the Miss Kinney County Pageant. Harrell is one of best intertainers in our community. He is active with the Amphitheatre group and will be starring in the "Glory Road". This will be a much better part than the one he just starred in and was hit in the face with a pie.

**Texas
Agricultural
Extension
Service**

BY ALAN L. MCWILLIAMS

We could sure stand another shower or two to get things going again. Weeds are plentiful on pastures in Kinney County. Ranchers are experiencing stomach worm problems with sheep and goats. I have visited with a number of them this past week who are all busy deworming their livestock.

Along with the hotter temperatures, the summer season in Texas usually brings, there often comes special lawn problems like drought, weeds, insects and disease. Drought is a concern to home lawns in that turf grass cannot grow and spread without proper moisture.

Dry spots, thin turf and weeds can result from improper watering, fertilizing and mowing practices. Follow recommended procedures before applying a chemical to correct lawn problems.

Drought stress most often occurs in mid-summer and shows up as wilted discolored turf. Adjust watering schedules to wet the soil to a depth of four to six inches and water only when grass shows symptoms of moisture stress. Also, raise mowing heights one-half inch to improve drought tolerance in mid-summer. A sign of drought stress is the presence of footprints after you walk across a section of dry yard.

Water-lacking turf will not spring back and tends to stay bent and crumpled. Lack of nitrogen or iron often creates a lawn problem. Grass with a nitrogen deficiency may have a pale color and be heavily infested with weeds. A light application of a nitrogen fertilizer will improve the lawn's appearance.

Grass leaves that have yellow stripes parallel to the leaf margins may be deficient in iron. A foliar application of iron sulfate at six ounces per 1,000 square feet will usually solve this problem.

If a St. Augustine lawn has symptoms similar to nitrogen or iron deficiency but does not respond to applications of either material, you might suspect St. Augustine Decline. Close examination of infected turf will show green and yellow blotches on the leaves. Continue good maintenance practices where this problem exists. Also, Floratam or Raleigh are newer varieties of St. Augustine that are resistant to St. Augustine Decline and may be sprigged

into the infected area.

Leaf spot diseases are generally a problem when lawns are under stress and increase with high temperatures, drought, heavy shade and close mowing. While proper mowing and watering will reduce these problems, fungicides maybe required to prevent serious damage.

White grubs feed heavily on lawns during mid-summer as do inch bugs. Their damage resembles injury. If turf does not respond to applications of water, suspect these insects. Both pests damage St. Augustine, but only the white grub damages bermuda grass lawns.

They both can be controlled with insecticides. Water the lawn thoroughly prior to applying an insecticide for control and follow with a night watering. You may have to drench the lawn after and insecticide is applied for grub control, since grubs feed in the soil.

If you would like more information, I have a number of homeowner's publications dealing with turf and lawn maintenance.

JAWS OF LIFE DEMO

The Jaws of Life Demo at the Fair showed the public its potential. We would like to thank the EMS for their help with the Demo. We also want to thank Tim Ward for his assistance in moving the cars to and from the Civic Center. We also wish to thank Mrs. Helen Smith who donated the cars.

To the Ranchers in the area, in the last few months we've had some good rains and the grass and weeds have grown well. But now the summer heat is upon us. The grass and weeds are getting just right to BURN. The fire potential is getting greater as it gets dryer. We ask that you think and do something about this. Are your pastures bordering highways, rail road tracks, and any public access road. Cut your fire banks TODAY to help fight that fire when it happens. By Adrian Reyes

HISTORICAL SOCIETY

The local Historical Society met Thursday, May 31, 1990. The purpose of the meeting was to save and protect Kinney County's historical landmarks.

Mrs. Else Sauer and Mrs. J. Lee Ballantyne recalled some of the old buildings and persons of times gone by which were of great interest. Some of the tales were of Rocky Rivers and his saloon that was situated where B & S now

stands. The "Bucket of Blood Saloon", Olympia Hall and the hearse shed were located where the Kreiger Insurance Agency now stands.

Three buildings of primary interest are the completion of Filipone Building, preservation of the Milipont Building's front wall and recognition of Carver School.

Guest speakers will be approached to attend and enlighten the group on various historical area topics. The Historical Group would like to invite each of you that are interested in preserving the past to attend their next meeting which is scheduled to be held June 28, 1990 at 7:00 P.M. at the Kinney County Courthouse.

HERE IS A PLEASANT LITTLE GAME that will give you a message every day. It's a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add 3. The result is your key number. Start at the upper left-hand corner and check one of your key numbers, left to right. Then read the message the letters under the checked figures give you.

The state of Kansas is named from the Kanze Indians who once lived there.

REFLECTIONS

BY PRESTON TAYLOR
FIRST BAPTIST CHURCH

I never knew Juan Hernandez of San Antonio. He died in a bar fight on the south side of that Alamo City leaving behind his wife and four children.

Rudy Hernandez was the youngest child in that family and the only son. He said as a young boy his mother always gave him her part of the bologna --two or three times a week.

About the time Rudy became a young man and was about to leave home, he said to his mother one day, "Mom, why didn't you ever learn to eat meat, especially Bologna? Why didn't you like it?"

She answered, "Well, I do like Bologna!" Rudy then commented that she always gave him her part and never ate any meat.

Rudy's mother then said, "Oh, I gave that meat to you because I knew we didn't have much food and you needed it more than I did."

Dr. Rudy Hernandez is a well-known pastor and evangelist today. This man whose dad died in a "bar room tragedy" also has a son who is a preacher.

Ruben Hernandez, the son, has been to Brackettville recently in a Revival. Ruben impresses us with his ability, his brilliance, his integrity, his handsome appearance.

Ruben does two or three Revivals in Mexico each year, as well as a few in Spain, the Philippine Islands and other places. God gives him good success in all his ministerial work.

Now if you want to help Ruben Hernandez, pray for him. Tell other pastors or Churches about him, too. and then if you want to help him out financially, you may do this without a question about the wise use of the money.

A note from you would encourage Ruben Hernandez. His address is 6247 Valley Bay, San Antonio, Texas 78250. The Bible says, "Cast your bread upon the waters, and it shall return to you after many days." Your one time or occasional gift as well as your prayerful support of Ruben Hernandez could have far-reaching effects.

Ask the Lord to bless this warm-hearted, Christ-honoring man who brings glory to the Lord through his ministry and through his family.

MAMMOGRAMS

WHY SHOULD WOMEN HAVE A SCREENING MAMMOGRAM?

One out of ten women in the United States will develop breast cancer sometime in her life. It is currently estimated that over 37,000 women die each year as a result of breast cancer.

Ninety percent of breast cancers are diagnosed by women or their physicians finding a lump in the breast. Women who are diagnosed with a lump large enough to feel have a 50% five year survival rate. Conversely, a woman diagnosed as having breast cancer before a lump can be felt has a 97% 5 year survival rate and a 90% 10 year survival rate.

A mammogram can detect a cancer this small, even before it can be felt.

WHO SHOULD HAVE A SCREENING MAMMOGRAM?

The American Cancer Society has established guidelines for mammography. Those

guidelines have been adopted by the American Academy of Family Physicians, American College of Obstetricians and Gynecologist and The American College of Radiology. The guidelines for mammography are as follows:

1. 35-40 year old asymptomatic women should have a baseline mammogram.

2. 40-50 year old asymptomatic women should have a mammogram every one to two years depending on breast type and risk factor until age 50.

3. Asymptomatic women over 50 years of age should have annual physical examination and annual mammogram.

4. Asymptomatic women under 50 years of age with significant high risk factors should be examined at appropriate intervals. Risk factors listed below are an example.

a. Previous breast cancer-yearly examinations.

b. Family history of breast cancer mother, sister, or daughter examination should be done at age 30 with follow-up as recommended in 2 above.

5. Symptomatic women at any age.

a. Breast mass, palpable by patient or physician.

b. Nipple discharge.

c. Skin change.

d. Unexplained breast pain.

6. Symptomatic women will not be seen at the screening Clinic. A woman with any of the above symptoms should call her physician or make an appointment for a complete breast study at the Regional Braise Care Center in Odessa.

WHAT IS A SCREENING MAMMOGRAM?

A screening mammogram is an x-ray of the breast on women who have no symptoms of disease (asymptomatic).

A screening mammogram utilizes extremely low dosages of radiation (usually comparable to dental x-rays) and is designed to find very early cancers in unsuspecting women.

HOW CAN A WOMAN GET A SCREENING MAMMOGRAM?

The Regional Breast Care Center of Women's & Children's Hospital and Odessa Radiology Group are co-sponsoring a Mobile Breast Screening program.

The Mobile Breast Screening Unit will be in most towns in West Texas.

The Mobile Breast Screening Unit will work by appointment as well as non-appointment. You may make your appointment by calling your local clinic or the Regional Breast Care Center at 915-334-8888.

WHAT HAPPENS AFTER A WOMAN HAS MADE AN APPOINTMENT

When the Mobile Breast Screening Unit is in your city please report approximately 5 minutes prior to your appointment time for registration.

The charge for the screening mammogram is \$60.00 depending on location and payment must be made at the time of service. The clinic accepts cash, check, Visa, Mastercard and American Express.

The White House has 132 rooms and a bomb shelter. It occupies 84,184 square feet.

OBITUARY

DARRELL FRANKS

Darrell Franks, age 70, died June 6, 1990 at Val Verde Memorial Hospital. He resided in Brackettville, Texas and was born March 24, 1920 in Rocksprings, Texas. Darrell is preceded in death by his father, Dan R. Franks; wife, Dallas Pauline Franks; son, Darrell Paul Franks.

He was the longest living member of the Methodist Church having joined at the age of 25 in Brackettville. He graduated from high school in Rocksprings and ranched during his life-time in the Kinney and Edwards County area.

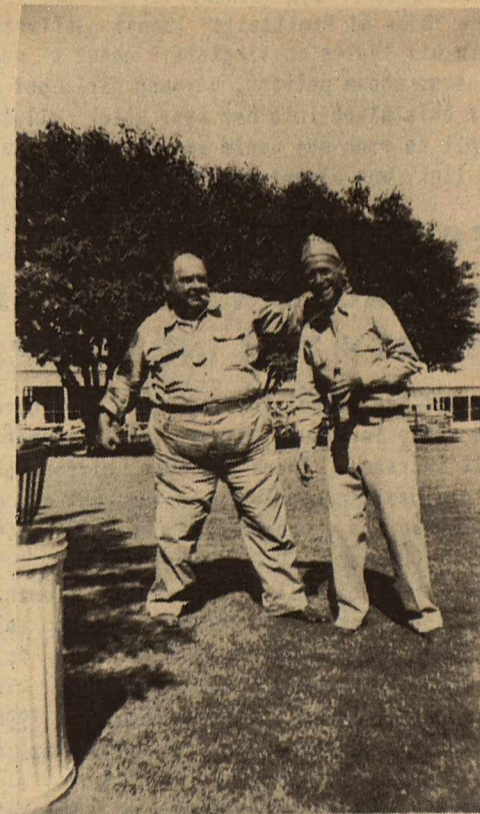

He is survived by his mother Mona S. Franks of Kerrville; grandchildren, Mendy Elizabeth and Waylon Paul Franks of Del Rio.

Funeral services are to be held at the First United Methodist Church Friday, June 8, 1990 at 2:30 P.M. in Brackettville, following a burial at the Brackettville Cemetery. Visitation will be 10:00 a.m. Thursday at Humphreys-Doran Funeral Home in Del Rio, Texas.

Pallbearers are Carl Esser, Charles Hall, Don Woodson, Felix Lopez, Patrick Dodson, Bud Marhsall, Jess Marshall, Zack Davis, Ronnie Montgomery, Ronnie Hobbs, Frank Lowe and Herbert Senne.

Funeral arrangements are under the direction with Humphreys-Doran Funeral Home, Inc.

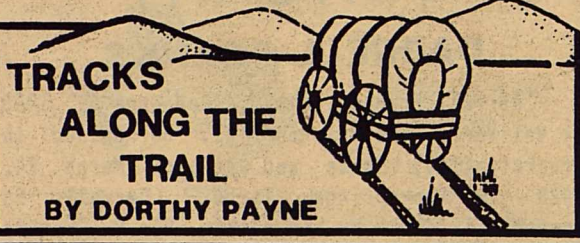

Rev. Roland Cole will be officiating the services.

OLD ARMY DAYS

BY WALLACE MORGAN

Fort Clark, Texas. July 4, 1942. Fourth of July picnic held on the Vet stables grounds. In this photo, First Sargeant Snyder and George Bivens were titled as "The largest and smallest men in the Vet Outfit."

The word "Jimson" is a corruption of Jamestown and because Jimson weed is very plentiful around Jamestown the weed was called "Jimson."

In Colonial Virginia James was pronounced "jeems," that was the usage the settlers brought with them when they came from England. In the early spring this weed covers the tiny island on the James River.

Jimson weeds' botanical name is "Datura Stramonium" and was also called Thornapple, devils trumpet, stinwart and stinkweed. It belongs to the night shade family, is highly poisonous, the drug "stramonium" is made from its leaves. It is thought to have come originally from tropical Asia.

Jimson weed is used in certain medicines, tonics and compounds for heart ailments. The Algonquin Indians and the Aztecs of Mexico used it as a ceremonial intoxicant.

Robert Beverly in his "History of Present State of Virginia" published in 1705, tells of the effect of eating Jamestown weed had on some of the British soldiers sent over to suppress Bacon's rebellion in 1676. It took them eleven days for the effect to wear off. They made such fools of themselves they were confined until the effects were gone in case they would hurt themselves or each other.

The "Sage of Monticello" Thomas Jefferson wrote in his "Notes on Virginia," about a case of Dr. Bond whose patient, a young girl, put a seed of this plant into her eye, which dilated the pupil so much she could see in the dark but in the light was almost blind.

EQUALIZATION PLANS WILL CAUSE HUGE LOCAL PROPERTY TAX INCREASES

Any of the school funding plans considered at the state level will cause local property taxes to increase. There are some differences in the proposals regarding mandates, but all of the plans require a property tax rate above one dollar (\$1.00) per \$100.00 valuation.

The original bill that Governor Clements vetoed last week would have required all districts to adopt a tax rate of \$1.18 in four years to receive maximum state funding. The Master's Plan released Friday, June 1, 1990, would have required a local property tax of \$1.25 for maximum state aid.

Superintendent Bob McCall of Brackett Independent School District noted that Brackett ISD would have suffered big property tax increases under either plan and will probably have to increase taxes under any plan that might be implemented. He also stated, "Brackett is being penalized for operating in a frugal manner. While property taxes in Brackett ISD have risen from .79 to .8576 over the past five years, the average property tax state-wide has risen from .72 in 1985 to \$1.05 in 1989."

The current compromise plan that may be passed by the legislature will require a local tax increase of .16 in 1990-91 and an overall increase to .41 by 1992-93 in order to receive maximum state aid. McCall said that he did not feel that any of the plans addressed "school equity." The court and the legislature have failed to address the issue by changing the method of funding from the local level to the state level. Right now local property tax payers are being forced to pay for programs mandated at the state level. Local school boards are given no choice but to raise taxes to pay for the new programs in order to maintain state accreditation.

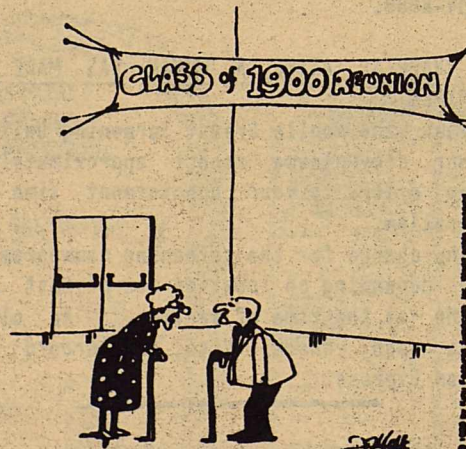

WEDDING

Scott David Rochard and Elizabeth Ann Lynch will be united in marriage by Father Joe DeVeigher in St. Mary's Cathedral in Austin, Texas on June 9, 1990.

Elizabeth is the granddaughter of Mrs. Wroe Lynch of Brackettville, Texas and Scott is the son of Mr. and Mrs. David Rochard of Missouri City, Texas.

The couple will reside in Houston, Texas.

LAFF-A-DAY

"I didn't like you THEN, and I don't like you NOW!"

Health & Nutrition by Judith Sheldon

SNACK YOUR WAY TO GOOD HEALTH: Yes, calories do count, and no matter when you eat, it's important that you keep your intake of saturated fats low and complex carbohydrates relatively high to keep your weight and your cholesterol count at healthy levels.

An interesting sidelight, however, is found in a report from the University of Toronto cited in a recent issue of the Reebok Aerobic Information Bureau newsletter. Researchers have found that breaking up your daily caloric intake into several mini meals, instead of your customary three square, could lower cholesterol levels significantly. Some of the people in the study lowered theirs by as much as nine percent nibbling their way through the day. The key to this interesting phenomenon may lie in the way a large meal affects the production of insulin. When you eat a lot at once, you produce a lot of insulin. Smaller meals require less insulin.

On a related note, diabetics who either produce little insulin, or have to have insulin injections daily, usually do better on the smaller, but more frequent, meal schedule as well. Small, but frequent, meals may also keep your weight down. The body converts food into energy more efficiently when it has a smaller quantity to work with.

PUTTING YOUR MIND TO IT: The University of Texas Health Science Center at San Antonio, along with researchers at the Mind Science Center at San Antonio, established a joint project to study the effect of daily mental exercise on adults age 18-55 with chronic asthma. As part of the research, they'll be asked to do a brief daily mental exercise which includes relaxation techniques, and creating positive thoughts and emotions, with audio tapes to guide them.

Incidentally, between five and 10 percent of Americans suffer from asthma. According to the American College of Allergy and Immunology, there's been a case rise of 22 percent since 1970. It makes one wonder how much of that might be attributed to the increase in the air pollution factor.

MISCELLANY: A number of American couples will be involved in a unique scientific study, to wit, testing the effectiveness of condoms which have been stored for some 10 years. (Forget about volunteering for the test. As they say in show business, don't call them — they'll call you if, for some reason, you're on their contact list.)

FORGET FADS AND STICK TO THE FACTS: A product promising to "neutralize" cholesterol in your stomach no matter what you eat can only neutralize your bank account. Get your doctor's advice on reducing cholesterol the safe, sensible, proven way.

WELCOME BACK

May 21, 1990

Dear Friends,

We are proud to announce that Richard D. Shindle, M.D. has come out of retirement and is joining us at the Cataract Institute of South Texas. Dr. Shindle has been your neighbor in Uvalde for the past 15 years. You'll remember him as a sincere caring medical professional actively involved in the community.

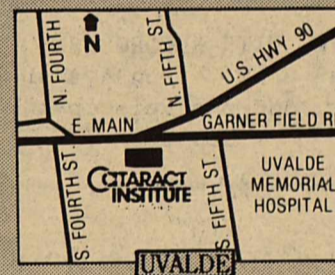

Dr. Shindle is now available for consultation at the Cataract Institute's locations in Uvalde and San Antonio.

Welcome back Dr. Shindle. Because in life there's so much to see. . . .

Sincerely,

Alan D. Baribeau, M.D.
 Founder, Medical-Surgical Director

Dr. Shindle is welcomed back to Uvalde by Dr. Baribeau (right)
