NEW BUSINESS IN TOWN

Brackettville has a new Cafe, owned by Freddie and Terri Frerich and under the management of Laura Lawson. The "Crazy Chicken Cafe" opened Friday, August 31, 1990.

The cafe is located in the Stop-N-Shop convenience store. The Cafe is open from 6:30 a.m. to 11:00 p.m., Sundays thru Thursday and 6:30 a.m. to Midnight, Friday and Saturday. Phone in orders 563-2690.

The Crazy Chicken Cafe has a growing number of customers for breakfast, lunch and dinner. While the Cafe specializes in chicken, its menus also includes burgers and fresh-made deli sandwiches. They will also have specials such as chili when the weather gets cold.

Owner Freddie Frerich says to be patient. All work on the building is not complete but he anticipates completion by next week.

Stop by the "Crazy Chicken Cafe" and bring a big appetite, the servings are generous; but please leave your cigarettes at home, this is a Non-Smoking Establishment.

NEW PARKING LOT AT POST OFFICE

Our local Post Office is now having a cement parking lot put in. The completion date will be in approximately two weeks.

Although the Post Office Department is responsible for the Maintenance of the parking lot, grounds and the building, Tim Ward, who owns the building is overseeing the work now being done. He has asked us to ask the citizens of Kinney County to be patient because soon we will have a nice parking lot at the Post Office to enjoy.

Because of the constant useage and water problems the asphalt that was originally used would not hold up. The only way to have a permanent nice parking area was to cement the area.

All materials and labor for this job is from Kinney County.

TIGERS SCRIMMAGE

Brackettville- The Fightin' Tigers hosted Medina last Friday in a controlled scrimmage. The Brackettville athletes crossed the goal line twelve times, while the Tigers never allowed the Medina offense to pass midfield.

Clay Hunt led the Tiger's offensive attack as he completed seven of eleven passes for 156 yards and five touchdowns. Hunt completed TD passes to Buddy Brandt, 17 yards; Tevin Senne, 19 yards; Billy LaGioia, 9 yards; and Arturo Falcon, 70 and 4 yards.

Adrian Pena scored twice on runs of 65 and 72 yards. Steve Clementz scored on a 10 yard run and then from the inch line. Lesley Floyd had a 70 yard touchdown as his brother Lynn threw a 37 yard TD pass to Jesse Terrazas. Geovani Wardlaw also had a touchdown on a 29 yard run.

The Tigers will open their season tomorrow with one of their biggest rivals, the Sabinal Yellow Jackets.

Sabinal has scrimmaged both Blanco and Charlotte this year. Both matchups ended in a scoreless tie. Yellow Jacket coach, Danny Whitaker, said "Brackett has some talented athletes. They outweigh us at every spot on the field." The game begins at 8:00 p.m. in Sabinal.

FORT CLARK NEWS

BY LASHAWN WARDLAW

Like to walk, swim or ride a bike? The Volksmarch on September 22 & 23 at Fort Clark Springs is for you! The Selma Pathfinders, a member club of the American Volkspport Association, is sponsoring six non-competitive events designed to involve the whole family in outdoor recreation. The events, 10 kilometer walks, a 25 kilometer bike ride, and 200 meter lap swims, will start anytime participants choose between 7:00 a.m. and Noon on Saturday, September 22 and Sunday, September 23. A Saturday evening "Nite Walk" will allow hikers to start between 4:00 p.m. and 6:00 p.m. to finish before 8:00 p.m.

Volkspports are organized events designed to appeal to everyone, regardless of age. These aren't contests of speed or endurance, but opportunities to enjoy nature and earn a sense of pride in accomplishing an event. Participants go at their own pace, but must complete the event before the set finish time. Swimmers, for example, can pause between laps, but must remain in the pool to complete the event. Anyone who pays the registration fee and completes the required distance is declared a winner, and will receive a medal embossed with the Empty Saddle Statue which stands at the entrance of Fort Clark. Those who complete more than one event will receive bars that attach to the medal.

Registration for the initial event medal and bar is \$5.50, \$6.00 after September 15. Additional event bars are \$2.00 before September 15 and \$2.50 after September 15. Participation without an award or credit is free. IVV credit is \$1.50. Dogs, on leashes, are allowed on Volksmarch trails.

Friendly Selma Pathfinder club members will man control points and offer free candy and drinks to participants. The 10 kilometer

walks will be along the wooden paths and back roads of Fort Clark. The 25 kilometer bike ride will include a stretch of Highway 131, which leads from the Fort to Spafford. Swimming events will be held in the giant, spring-fed swimming pool.

The registration/start point will be the Nat Mendelsohn Activity Center on Scales Road. Food and drinks will be available all day.

For Volksmarch information, please contact Jay Spradling at (512) 658-8576.

LYME DISEASE--We seem to hear it everyday. I spoke to our district extension entomologist, Dr. J.E. Stewart, the other day and he told me that precaution is probably the best defense against a public outbreak of the disease.

Lyme disease, once thought to be a problem only in the northeastern United States, continue to be reported in Texas.

Dr. Stewart said that the incidence of the disease is still low in Texas, as far as we know. But it's causing so much concern because it's popping up randomly all over the state. This makes it very hard to estimate what it will do.

Eighty-two cases of the disease were reported in 1989, up from 25 cases in 1988. So far, according to public health officials with the Texas Department of Public Health, eleven cases of LYME disease have been confirmed in the state for 1990.

One of the hotspots for the disease is northeast Texas, in the Dallas area. Experts are stumped as to the exact reason the disease incidence is higher there, but it could stem from the fact that there is a higher number of campers than say, the Houston area.

Symptoms of the disease were first reported in Sweden in 1909 and the disease still exists in that country. The disease remained a mystery and was first reported in the United States in Connecticut about 1975.

Numerous cases of a strange, new disease manifested as rheumatoid arthritis near Lyme, Connecticut, prompted researchers to search for the organism responsible for the trouble. Dr. Willie Burgdorter discovered very tiny spirochetes in a deer common to the northeastern states. Ixodes ticks infected with the spirochetes were found guilty of transmitting the disease organism, from field rodents to man through their bite.

Lyme disease is caused by certain bacteria called spirochetes that are carried by the deer tick. The deer tick is a small, eight legged relative of spiders. During the stages when it is most likely to bite people, it is only about 1 mm. across or about the size of a sesame seed.

If the tick attaches to a human for 24-48 hours, the bacteria may enter the human's bloodstream and cause infection. Dr. Stewart pointed out that it is not possible to catch

LYME disease by contact with an infected person.

These ticks feed primarily on rodents, birds and certain lizards while immature. The adult tick feeds primarily on white-tailed deer. The species can occur in large numbers on deer that are sickly or malnourished, but also can attach healthy deer. Hosts for the tick also include man, dogs, cats, cattle and horses. Disease symptoms in the first stage include lesions on the skin and joint pains.

REFLECTIONS

**BY PRESTON TAYLOR
FIRST BAPTIST CHURCH**

Do you have any friends who speak Chinese, Swahili or Arabic?

One fifth of the world's people speak Chinese. It's hard to realize that China has one billion people (that's a million multiplied by one thousand)---1,000,000,000 people who speak Chinese, one of the oldest languages known to man.

It may surprise us to know that two to three hundred million Chinese speak and write English. (One of the required courses in many Chinese schools from grade one and up is English).

Most people in the continent of Africa speak either English, Swahili or Arabic. Along with Russian, Japanese, Chinese, and a few others, Arabic is a tough language to learn.

The Koran, the Bible of the Moslems or Mohamedans, is written in Arabic. That language is the primary bond that holds together the several hundred million Islamic people.

It's not an impossible job for a person to speak two or three languages. In fact, a person may learn to speak five or six languages and speak them fluently if that one begins on time."

Do you know anyone who can speak all the languages of mankind? We say, "That's impossible!" True. Man can't do this. And yet, God can. He understands the hundreds of languages which are spoken in all 154 countries of the world. (the Bible totally or in parts has been translated in more than 1,100 of the spoken tongues).

We don't have to be first class speakers or linguists for God to understand us. I grew up on a farm in Arkansas. Neither of my parents finished high school. And yet, God understood their "broken English."

God understands anyone who talks to Him. It doesn't matter what our language or dialect may be nor the level of our education. God

understands when we speak to Him and He can also communicate with us.

Why not dial Heaven's number today? It's a 1-800 number that has no billing charges. You can find a real "talking partner" with God. He welcomes your call!

LIBRARY NEWS

Correction from last week. Rob Anna Hough is the daughter of Les and Cyndie Schafer.

Well Folks, it happened, we were struck by lightning during that severe rain, wind, lighting and thunderstorm last week. It "fried" our front air conditioning unit and as a result we are no longer (temporarily) the coolest place in town and one of our board members (we were conducting a board meeting at the time of the storm) threw a crick in her neck. Both conditions are temporary and should be corrected quickly.

We've gotten many new children's, juvenile and young adult books in recently including the entire Sweet Valley High series. The Misty the Horse series in easy reader, and some excellent books on world leaders: Louis Pasteur, Desmond Tutu, Father Damien, Ralph Nader and Soujourner Truth to name a few.

The following memorial donation was received during the month of August:

*A Memorial for L. J. Franklin from Charlie Ward and Mr. and Mrs. Tim Ward and Family.

Ms. Any Cupps came in and volunteered the painting talents of the Cupps family members to be applied to the chairs in our children's room. Thanks to the Cupps family.

Library Volunteers this month were Earlene Thurber, Dolores Wilson, Bill Mitchell, Lai Loni Wilson, Eddie Woodson and Peggy Peck.

Since school has started, we will be starting the self inventory this week. If you have already volunteered, expect a telephone call to set up a work session to fit your schedule. If you have not volunteered, may we encourage you to do so.. To qualify, you must be able to read and write. Not necessarily both, nor simultaneously...so, its easy and anyone can do it. Come on down and join us, we're going to have fun.

Again, we would appreciate the donation of any videos. Spanish or English, Anyout has out there. We can provide you with proper verification for tax deductions.

By the time you read this, we hope to again be the coolest friendliest place in Kinney County. Come find out.

FORT CLARK SPRINGS V.F.W. ATTENDS DISTRICT MEETING

By Dot Fithian

Four members from Fort Clark Springs V.F.W. and Ladies Auxiliary Post 8360, attended the District Eleven Meeting held in Devine Sunday September, 2nd. Those in attendance were, Tom Faulkenberry Commander, Walter Fithian Sr. Vice Commander, Agipita Saenz Judge Advocate and Dot Fithian Ladies Auxiliary President.

State officers attending the meeting were, State Commander Charlie Pearson and State President Betty Royston. Also attending were State Cancer Aid & Research Chairman Ann Ingram, State Political Action Chairman Eve Baldwin and State Americanism Chairman Donna Doumecg.

The Chief of Police from Devine was the main speaker and gave a very interesting talk on drugs.

Eve Baldwin & Ann Ingram are both seeking the office of State Guard for the year 1991-92. Both are lovely ladies and would bring honor to that office.

We had our yearly (Toy on Parade) contest. These toys are decorated with buddy poppies and is judged when our state president makes her official visit to each district. These toys after being judged are given to our local law enforcement officers or to the EMS to be given to traumatized children. Our entry was a large grey stuffed Teddy Bear. It was dressed in a sun suit of buddy poppies wearing a cap and carrying a fan also made of poppies. The requirement on the toys is that each one be decorated with poppies. Our entry won 2nd place. The day ended with everyone being tired but happy we had gone as it was a very rewarding meeting.

FORT CLARK ANNUAL CAR SHOW

The Annual Car Show was held Sunday, September 2nd at Fort Clark Springs. There were 200 spectators in attendance including the entrants.

Entrants from Brackett were Don Hood, Bob Nelson, Steve Stafford and John Franks and all four won trophies.

The show is presented by the Recreation Department of Fort Clark in conjunction with Sondra and J.E. Meil as directors of the annual show.

The Fort Clark Lions Club handled the food and drink concession. This is just one of the many projects the Lions Club helps with during the year.

Judges were Sheriff Norman Hooten, Mark Johnson and Freddie Frerich. Theirs was a difficult job as it was not easy to select from the 18 entries registered from the cities of Del Rio, Eagle Pass, Uvalde, Brackett and San Antonio. Judges look for overall appearance, check to see if all parts in older cars are authentic, cleanliness, workmanship, paint and special features.

The car show winners are as follows:

- *Best Classic-Lee Scott, Del Rio (1969 Mercury Cougar)
- *Best Antique-James Frank, Brackett (1929 Model A)
- *Best Truck-James Williams, Del Rio (1988 Chevy China Clipper)
- *Best Mini-Truck-Palo Arreolo, Del Rio (1986 Mazda Mini Truck)
- *Best Custom-Carlos Ramos, Uvalde (1951 Chevy Pickup)
- *Best Sedan-Steve Stafford, Brackett (1964 Chevy)
- *Best Special Interest-Darrell Sass, San Antonio (1984 Fiat Spyder)
- *Best Paint-Bob Nelson, Fort Clark (1956 Metro Nash)
- *Special Interior-Don Hood, Fort Clark (1964 Volkswagon)
- *Judge's Choice-Lee Scott, Del Rio (1969 Mercury Cougar)

The owners take great pride in their cars and it takes a lot of time and money to prepare for a show and although some may not win, they say its still a great time for family and friends to gather. Owners generally make one show annually due to the travel time and expense involved.

Don and Jean Hood won Special Interior for their Volkswagon in the Labor Day Car Show at the Fort.

LABOR DAY - ALAMO VILLAGE

BY J. J. GUIDRY

Alamo Village held its 30th Annual Cowboy Horse Races on Labor Day to end yet another summer of fabulous entertainment. The day was full of surprises for the large number of tourist along with the local citizens.

The Templeton Sisters and the Southwest Wranglers provided musical entertainment throughout the day. They have been performing at Alamo Village all summer long. The group is composed of Mary, Carol and June Templeton, Clyde Hepline, Robert Hookes, Dan Shi, J. J. Guidry and Wes Robinson. The Wranglers also entertained the crowd with the gunfights.

Gordon Majors of Con Can and his horse Blaze galloped through main street of Alamo Village to win the Annual Championship Horse Race.

Happy Shahan, owner of Alamo Village, sang a couple of his songs he recorded during his musical career. He had some special guests he interviewed during the day's festivities. They were Bill Moody of Brackettville, Jim Brewer of Hollywood and actor Jake Kerr. Kerr stars in the show "First and Ten" as a quarterback, which airs on HBO.

To top the day off, the crowd was entertained by World Championship Trick Roper, Kevin Fitzpatrick of Bandera. He performed several rope tricks.

Look at all those nice smiles! Pictured from left to right are: Trick Roper, Kevin FitzPatrick, Happy Shahan, and Actor Jake Kerr.

Public Notice

Southwestern Bell Telephone Company has filed an application with the Texas Public Utility Commission to introduce new optional services - Call Control Options. The initial service areas will be Laredo, McAllen and Austin. Expansion into other service areas will be based on availability. Customers in other areas will be notified when these services become available.

Call Control Options include six new services - Call Blocker, Call Cue, Call Return, Priority Call, Call Trace and Selective Call Forwarding. The features will be available to single-line residence and business customers.

Call Blocker - enables the customer to block incoming calls from a maximum of three specified telephone numbers and/or to block the last incoming call.

Call Cue - enables the customer to automatically redial the last outgoing telephone number dialed. If the recalled number is busy, equipment will monitor the line for a maximum of 30 minutes and will let the customer know when the call can go through.

Call Return - enables the customer to automatically redial the telephone number of the most recent incoming call. If the number is busy, Call Return will continue to dial the number for up to 30 minutes, or until it completes the call.

Priority Call - provides the customer with a distinctive alerting signal, ring or Call Waiting Tone (if the customer has subscribed to Call Waiting), when the customer is called from a maximum of three preselected telephone numbers.*

Call Trace - enables the customer to initiate a trace of the last incoming call received. The number, date and time will be recorded by Southwestern Bell Telephone so that the call's origin can be identified.

Selective Call Forwarding - enables the customer to forward incoming calls from specified telephone numbers (maximum of three) to another telephone number.

All the plains animals are grass eaters except the coyote and the wolf. All the animals of the plains are shy and have great vitality. They are all misnamed. The prairie dog is a marmot, the buffalo is a bison and the jack rabbit is really a hare.

Samuel Argoll records seeing buffalo as early as 1612. The French missionary Father Hennepin saw buffalo near the great lakes, Colonel William Byrd recorded seeing buffalo between the North Carolina and Virginia lines in 1729. But the great plains was where the vast herds of buffalo once roamed. All the animals on the great plains were great in numbers.

There is a record of a prairie dog town of the Texas plains in the year 1901 between San Angelo and Clarendon, which covered 25,000 square miles and was estimated to contain 400,000,000 prairie dogs.

The prairie dog isn't really a dog at all. He's really a squirrel, very clean and eats nothing but grass. He needs little water and can live in a dry environment.

When the settlers first saw this little creature they said he was a prairie dog because he lived under ground and not in trees like the eastern squirrel.

At one time the 800,000,000 prairie dogs would eat as much grass as 3,125,000 cattle. So you can see why the plainsman considered the prairie dog such a menace. By the use of poison, state bounties and professional hunters and trappers the problem was met.

THE SIGNS OF THE TIMES

BY BONNIE WHITE

"For it is written, As I live, saith the Lord, EVERY KNEE SHALL BOW TO ME, AND EVERY TONGUE SHALL CONFESS TO GOD. So then EVERYONE OF US SHALL GIVE ACCOUNT OF HIMSELF TO GOD." (Rom. 14:11,12)

Just who is this Jesus to whom every knee will bow and every tongue confess that He is Lord? It begins with a mighty statement in the book of Genesis 1:26 which says, "And God said, Let US make man in OUR image, after OUR likeness:---" Genesis 1:27 goes on to say, "So God created man in his OWN image, in the image of God created he him: male and female created he them."

Jesus was with the Father in heaven when everything was created. The Gospel of John says, "In the beginning was the Word, and the Word was with God, and the Word was God. The same was in the beginning with God. All things were made by him; and without him was not any thing made that was made. In him was life; and the life was the light of men. And the light shineth in darkness; and the darkness comprehended it not." (John 1:1-5) John 1:14 says, "And the Word was made flesh, and dwelt among us, (and we beheld his glory, the glory as of the only begotten of the Father,) full of

grace and truth.

A Christian has his testimony, "For God so loved the world, that he gave his only begotten Son, that Whosoever believeth in him should not perish, but have everlasting life." (John 3:16) Yes, Jesus created everything with God the Father, then came to earth to die for man's sins. He is risen from the dead, and because he is alive we can have life through him.

You probably have heard this story a thousand times if you are the typical American who spends his or her time sitting at home watching television or playing cards, letting life slip by. It doesn't mean much to us Americans anymore. However, it means everything to God.

Did you notice what God said in Romans 14:12, "So then everyone of us shall give account of himself to God," Are you ready to give account of your life to God? Right now, our troops are lined up in Saudi Arabia against a hostile enemy in what military experts say could be the bloodiest war ever. We are living the last hours before judgment breaks forth on this earth. The prophet Zechariah said, 520 years before Christ came to earth in the month of November, that he saw a nuclear war in the distant future. Imagine, 2,520 years ago, God showed Zechariah a vision so he could warn us today. Zechariah 14:12 says, "And this shall be the plague wherewith the Lord will smite all the people that have fought against Jerusalem; THEIR FLESH SHALL CONSUME AWAY WHILE THEY STAND UPON THEIR FEET, AND THEIR EYES SHALL CONSUME AWAY IN THEIR HOLES, AND THEIR TONGUE SHALL CONSUME IN THEIR MOUTH."

We are in the closing hours of all luxury living and pleasure on earth. This is not a despairing message to the true "born again" child of God. Our hope and our promises are with God. "For in the time of trouble he shall hid me in his pavilion: in the secret of his tabernacle shall he hide me; he shall set me upon a rock." (Psalm 27:5)

If you have not asked God to forgive you of your sins, now is the time. Get on your knees somewhere and admit that you have sinned and ask the Lord of Glory to forgive you. Tell him with your mouth that you accept Jesus Christ as your Saviour. (Rom 10:10) One day soon our Lord shall return.

"And he was clothed with a vesture dipped in blood; and his name is called THE WORD OF GOD. And he hath on his vesture and on his thigh a name written, KING OF KINGS, AND LORD OF LORDS" (Rev. 19:13,16). Amen

EDUCATION TO BE FEATURED ON SOUTHWESTERN BELL TELEPHONE DIRECTORIES

The increased desire to upgrade the Texas educational system is the inspiration behind the cover of the 1990 Southwestern Bell Telephone directory.

The new directory will be delivered in Brackettville starting Aug. 30, said Karen O'Neill, area manager of Southwestern Bell Telephone.

"Southwestern Bell believes that Texas has a bright future because its citizens care about children and their education," said O'Neill. "In our increasingly complicated world, new technology creates the need for bright minds -- and new teaching methods so that our children never lose interest in learning."

The copyrighted photo titled "You're never too old" -- by Austin photographer Stan Kearn, was taken as part of a photography contest conducted by Dr. Frederick Williams and the University of Texas to portray "The New Texas" theme.

It was selected to be shown as a part of the photography exhibit at the State Fair of Texas in 1987 in which Southwestern Bell promoted economic development.

The new cover will be featured on some 190 directories throughout the state reaching more than five million Southwestern Bell customers.

O'Neill said about 12,767 directories will be delivered to area residences and businesses. Delivery should be completed by Sept. 13.

Residential customers usually receive one directory. For additional copies, customers should call their Southwestern Bell Telephone business office. However, O'Neill requests that customers not call right away.

"If your friend across town got his directory before you received yours, you'll probably get one within a few days," she said.

This year, 76 white pages and 83 yellow pages make up the Brackettville directory. There are 9,105 white page listings.

Local emergency numbers are listed in the front of the new directory.

Hearing or speech impaired customers using a TDD/TTY may contact the Customer Assistance Bureau to communicate their telephone needs. They may call toll-free 1-951-7088 during business hours for an immediate response. Calls will be answered after hours and directed to the bureau during the next business day.

ALL DOGS GO TO HEAVEN

"There is no one working today who can come within a mile of Bluth at his best", says the Chicago Tribune of the director of this feature-length animation extravaganza. And All Dogs Go To Heaven represents the pinnacle of the animator's art, boasting brilliant visuals, a tender yet un sentimental story and beautifully drawn character voices by Lonie Anderson, Judith Barsi, Dom De Luise, Melba Moore, Charles Nelson Reilly, Burt Reynolds and Vic Tayback.

Set in 1939 New Orleans, the colorful, song-filled story centers on Charles B. Barkin, a roguish German Shepard with a con mans charm and a marshmallow heart. Out for revenge against his double-crossing former partner, a cigar-chomping Pit Bull named Carface, Charlie finds himself guardian to a lonely little orphan named Anne-Marie. Her astounding ability to talk to animals leads this unlikely pair on an adventure packed with thrills, laughs, tears and true love.

Conveying a strong message about the meaning of loyalty, honor and friendship, All Dogs Go To Heaven is a must film for all children...and for those still young at heart.

USE THAT AREA CODE

Beginning at 12:01 a.m. Sunday, Sept. 9, all long distance telephone calls dialed in the "512" area must be dialed with the area code - "1 plus 512" or "0 plus 512."

"We're nearing the point where we will be running out of phone numbers in '512'," said

Karen O'Neill, area manager for Southwestern Bell. "We have implemented this change to match growth without creating a new area code."

O'Neill said dialing "512" is now required because new local dialing prefixes that resemble area codes will be created for new phone numbers in South Texas.

"The new prefixes will have an '0' or a '1' as a middle digit, ad do area codes. Local number prefixes in this area do not have such a configuration at this time," O'Neill said. "As we create such prefixes, it's necessary to dial '512' to avoid confusing telephone switching equipment.

"This means preprogrammed long distance numbers within the area, such as those used with Speed Dialing or Call Forwarding, must also include the '512' area code."

"Without dialing '512', you'll reach a recording saying you must dial '512' to complete your call," O'Neill said.

THANK YOU

Perhaps you sent
a lovely card,
or sat quietly

Perhaps you sent

If so, we saw it there
Perhaps you spoke

As any friend could say

Perhaps you were
not there at all,
Just thought of us

Whatever you did

We thank you so much
