Vol. 17 No. 45 November 15, 1990 Brackettville, Texas

Local Highway Department Employees recognized

Pictured above from left to right is Gilbert R. Hernandez and Alfred Pena.

SAN ANGELO--Two employees with the State Department of Highways and Public Transportation were recently recognized for their service to the department. District Engineer Walter McCullough, P.E., of San Angelo presented certificates of service to: Alfred Pena, 30 years, and Gilbert R. Hernandez, 25 years.

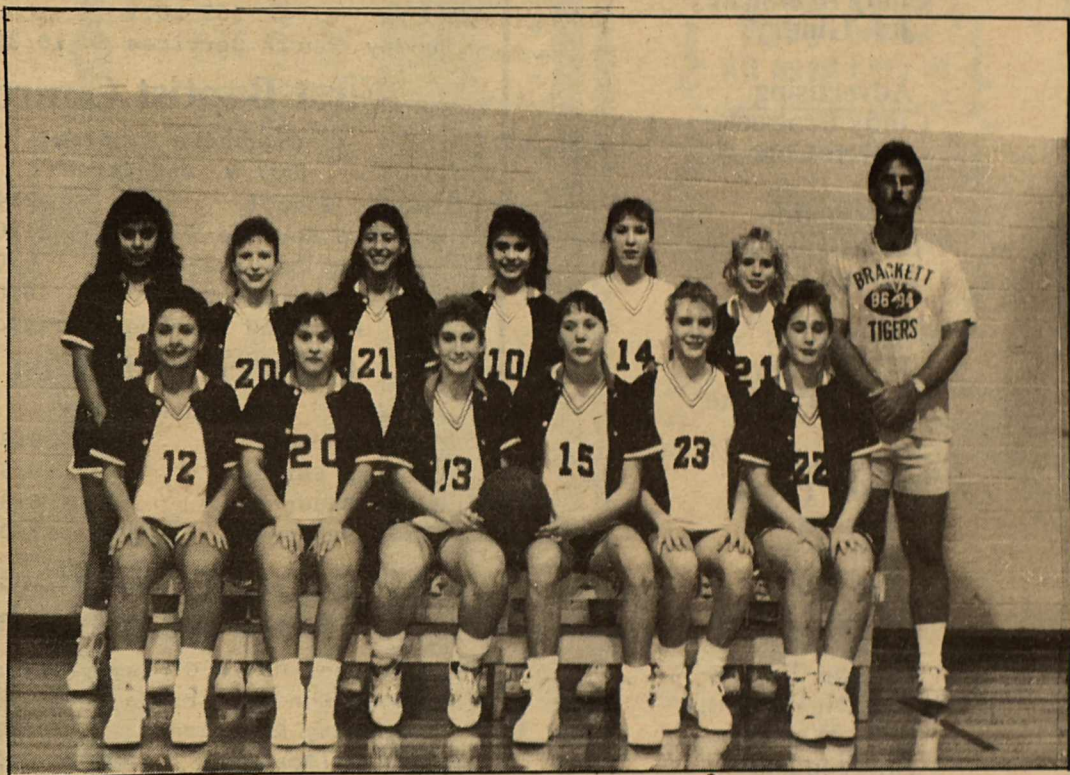

These two men are employees of Maintenance Supervisor Daniel E. Kral.

Pena was first employed as a Common Laborer in May 1960. Since that time, he has attained skills and knowledge in highway maintenance, and in December 1982 was named Assistant Foreman of the Brackettville Maintenance Section.

Pena and his wife, Josie, have 3 sons and 1 grandson. Alfred is a member of the Kinney County Historical Society, on the board of the United Medical Clinic, and is an active member of the Catholic Church.

Hernandez began his career with the Special Jobs Crew in Del Rio in April 1965. In July 1982, after 17 years with that crew, he transferred to the Brackettville Maintenance Section.

Hernandez and his wife, Celestina, have 1 daughter, 1 son, and 5 grandchildren. They are active members of the Catholic Church. During his spare time, Gilbert enjoys watching wrestling on TV, and traveling.

Tigerettes Enter Big Mack Classic

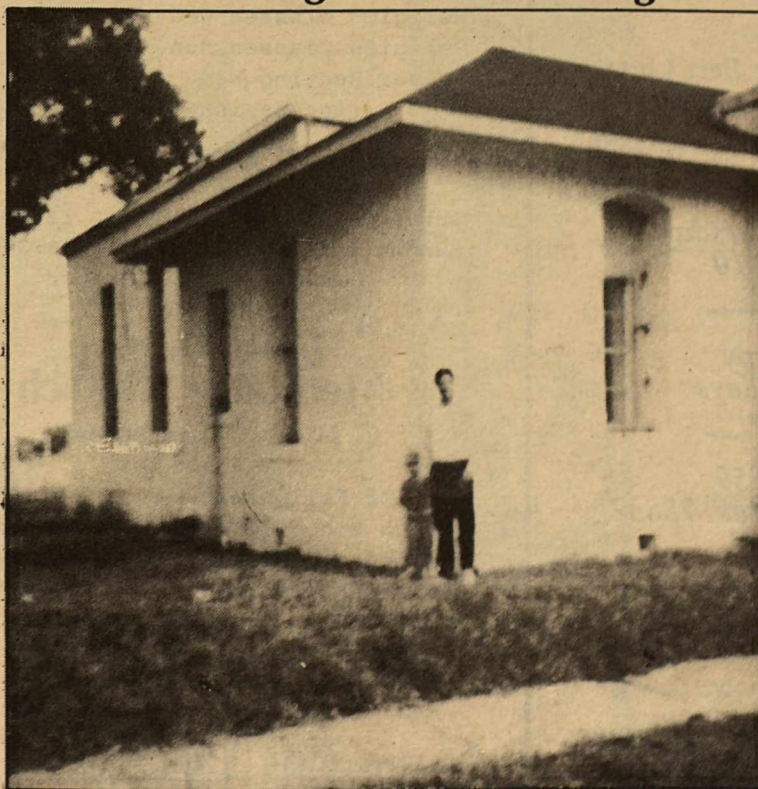

Pictured above from left to right are the Varsity Tigerettes: (Top row) Nina Gonzalez, Tanya Frerich, Myrna Gonzalez, Theresa Terrazas, Michelle Brandt, Jennifer Shahan, and Coach Gregg Nowlin. (Bottom row) Regina Rubino, Valerie Talamantez, Barbara Matull, Dee Ann Frerich, Wendy McDaniel, and Bonnie Salmon. Not pictured are Dorothy Ward and Vivian Luna.

Senior Citizen Center Construction Starts Today!

Construction will begin today on the Senior Citizens' Center that will be located at 408 S. Ann St., across the street from the County Courthouse.

Jay Miller Construction was awarded the bid for the foundation and will begin today,

Cont. on Page 6

Pictured above is Tim Ward and his son, Blake. Tim was checking the grounds over getting ready yesterday to start construction on the Senior Citizens' Center today.

Dilley Edges out Brackett for District

The Fightin' Tigers were edged by the Dilley Wolves last Friday evening 14-20 for the district 29-AA football championship.

The stands on both sides of the field were filled with screaming fans, who remained on their feet for most of the game.

Dilley put the first points on the scoreboard at the 8:02 mark in the opening period as Manuel Rodriguez scored on a 1 yard run. Trini Santos booted the extra point to put the Wolves 7-0.

The Tigers took the Dilley kickoff and began their next series from their own 33 yard line. The injured Clay Hunt entered the game to call the signals for the Tigers. No one could tell their was anything wrong with his ankle as he completed four of four passes including an 8 yard TD pass to Tevin Senne. The extra point was unsuccessful as Brackett was behind 6-7.

The Wolves increased their lead as they scored on the first play of the second quarter when Oney Ramirez connected with Saul Obregon for a 15 yard pass. Santos added another PAT

increasing Dilley's lead to 14-6.

Dilley scored again in the third period, when Ramirez ran six yards into the end zone on a quarterback keeper. The PAT attempt failed making the score 20-6.

Quarterback Clay Hunt took several shots to the ankle during the course of the game and was finally sidelined. He was replaced by sophomore Lynn Floyd who performed great under all of the pressures. Floyd pulled the Tigers back in the game, when he raced 21 yards for touchdown. On the conversion, Floyd faked to a Tiger runningback and then ran off tackle for two points pulling the Dilley lead to 21-14.

The Tigers were making one last run for the money when they took possession of the ball with 1:08 left in the ballgame at their own 28 yardline. Floyd found Tevin Senne for a 29 yard pass which set a new light on the situation. The Tigers hopes ceased when Dilley intercepted a Brackett pass with :23 left. The Wolves then ran down the clock for the district crown.

Brackett Plays Poth for Bi-District

CASTROVILLE - The Brackett Tigers will face the Poth Pirates Friday evening at Medina Valley Stadium in Castroville for Bi-District honors.

Poth is 7-3 on the season and won the district 30-AA championship with a 4-1 record. The Tigers finished the season at 6-4, while they took second place in their district race at 4-1.

The last time these two teams met was in the 1977 regional championships. The two teams battled it out and when the smoke cleared Poth came up on top 17-6. Some say that was the best Brackett team ever. They were led by runningback Moses Benites. Benites currently holds the Brackett High School rushing record as he gained 1,162 yards during the playoff season thirteen years ago. He had 1,060 in the regular season and was plagued by injuries during post-season play. That record is about to be broken by a new Tiger . . . senior runningback

Steve Clementz. Clementz finished the regular season with 1,104 yards, which is more than Benites. He only needs 58 more yards to break the record and is sure to do it tomorrow evening. "Nobody has been able to stop him yet," said Brackett Head Coach Steve Kolb. "The lineman will be blocking hard to give him the wholes he needs," he added.

The Tigers are injury free for the first time in two weeks. Coach Kolb said everyone should be up to their usual potential for Friday evening's battle.

Clay Hunt will lead Brackett's offense with the powerful running attack of Clementz and Michael Flores. Last week Hunt completed six of twelve passes with an injured ankle for 105 yards including an 8 yard touchdown toss to Tevin Senne. Senne had his best game of the season as he grabbed five receptions for 107 yards. Hunt connected with Senne on passes of 27 yards and

35 yards, while Lynn Floyd teamed with Senne on a 29 yard reception.

Poth is led by 5'11 160 quarterback Greg Felux. Felux has been averaging 109.4 yards passing this season with 50% accuracy. He's thrown 6 touchdowns and only 4 interceptions. His primary receiver is senior Chris Grimes. Grimes has 25 receptions on the year for 235 yards.

Due to the fact that the Pirates won their district they are favored over Brackett. "Pound for pound we should match up equally," added Kolb. The Tigers have a good shot at the Bi-District title and can go along way. They're chances will be even greater if they continue to see that Tiger spirit which shines bright throughout the community. Brackett will be roaring tonight as the cheerleaders and the community will gather in the Civic Center parking lot for the pep-rally. Go out and support our home town hero's as they dare to dream!!! Action will begin at 8pm tomorrow evening in Castroville.

All District Volleyball Announced

The district 29-AA volleyball coaches met Wednesday to select all-district choices for the 1990 season. Brackett, who finished fifth in the regular season standings and second in the district tournament, managed three honorable mention picks. Those players include senior Dorothy Ward and sophomore's Wendy McDaniel.

Mari Perez, a junior from La Pryor, was chosen as the MVP of the district. Joining her on the first team are Anna Parker, Dilley (senior); Calli Moore, Lytle (senior); Jo Ann Jacobs, Lytle (senior); Becky Shields, Lackland (sophomore); Kimberly Mayes, Natalia (junior); and Lee Enderlin, Natalia (senior).

The second team consisted of Bridgette Rodriguez, Dilley; Julie Cruz, Asherton; Myuka Toda, Lytle; Lori Shields, Lackland; Rosemary Bond, Lackland; Dodi Sims, Natalia; and Nicky Gonzales, Dilley.

Several other players from the district earned honorable mention. The young Tigerettes should improve next year with McDaniel and Terrazas returning with more experience. Other returning lettermen include Jennifer Shahan, Tanya Frerich, Valerie Talamantez, and Lisa Wardlaw.

Tigerette Basketball

BRACKETT - Greg Knowlin's Tigerettes will be competing in the Big Mac Classic this weekend. The tournament will feature impressive teams throughout the Southern part of Texas.

The Brackettville girls have only been practicing for a little over two weeks and have had only two scrimmages against Nueces Canyon and will be thrown into their hardest tournament of the season this evening against top AAAAA competition.

Last year in the tournament, the Tigerettes finished in fourth place out of eight teams. "This year the competition has doubled," said Brackett mentor, Greg Knowlin. "This year there are sixteen teams, all of which are AAAAA except Carrizo Springs and ourselves," he concluded.

Brackettville will begin action this afternoon at 5:30 p.m. against Laredo United North. Other opening round matchups include San Angelo Central VS Laredo Nixon, Midland Lee VS San Antonio Edison, Laredo Cigarroa VS San Antonio Sam Houston, South San Antonio VS

Carrizo Springs, Midland High VS Eagle Pass, San Angelo Lakeview VS Laredo United South, and Laredo Martin VS Del Rio.

The Tigerettes will be without Senior all District post Dorothy Ward as they begin competition. Coach Knowlin listed Ward as very doubtful for today game but said there was a chance that she might see action Friday. Sophomore Barbara Matull will replace Dorothy in the starting line-up.

Theresa Terrazas will lead Brackett at the point guard position, while Tanya Frerich will start as the other guard. Vivian Luna will also be in the front court as a forward with Wendy McDaniels and Matull as Posts.

Knowlin will look for Bonnie Salmon to come off the bench to provide the necessary relief and depth. Salmon is one of three Seniors on the Brackettville ball club. There is only Junior, while there are 8 sophomores. The team's youth is one of their biggest setbacks, especially since the winner of the tournament must win 5 straight games, which would be hard for anyone to do.

Brackett VS Poth

The Brackett High School Tigers will meet the Poth Pirates Friday, November 16, at Medina Valley Stadium to determine the bidistrict winner between Brackett High School and Poth High School. Brackett is the runner-up in District 29 AA and Poth is the

winner of District 30 AA.

Medina Valley Stadium is just outside Castroville. Kickoff is at 8:00 p.m. with Brackett High School being the home team.

The Signs of the Times

The bumper sticker said in bold letters, **FORGET HELL!**

Most people would like to forget such an unpleasant thought. But hell is a real place. Jesus taught more about hell than He did about heaven.

If there is no hell, why have church? Why have missionaries and other church activities? Some say hell is a myth. Others say hell means annihilation. Still others teach that death is the end.

The Bible says hell was prepared for the devil and his angels (Matt 25:41) Hell was not prepared for man. The Psalmist said the wicked shall be turned into hell and all the Nations that forget God. (Ps 9:17)

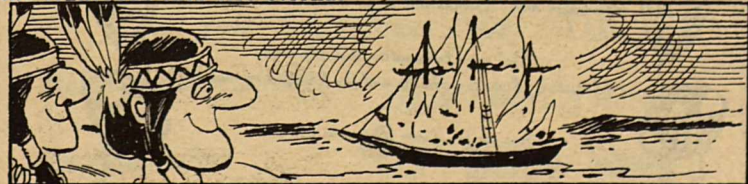

The Prophet said, "And many of them that sleep in the dust of the earth shall awake, some to everlasting life, and some to shame and everlasting contempt." (Daniel 12:2) Jesus spoke of the rich man dying and going to hell (Luke 16:19-31) He didn't go to hell because he was rich. He went to hell because he rejected God.

One cannot fully understand the eternal pain of hell. The Bible says there will be torment night and day (Revelation 20:10) Jesus said the worm does not die, and the fire is not quenched. (Mark 9:46) Such pain cannot be grasped by the human mind. No medication can ease the pain in hell (Revelation 14:11) The rich man in hell wanted water to cool his tongue. (Luke 16:24)

People will have all their senses in hell. They will see (Luke 16:23), feel (Luke 16:24), thirst (Luke 16:24). They will hear (Luke 16:24,25), remember (Luke 16:25), speak (Luke 16:27-30). God doesn't want anyone to go to hell. It is His will that all repent and escape this awful place (II Peter 3:9). Christ took our hell upon the cross.

Prayer in hell? Yes! But these prayers will not be answered. Although the rich man prayed in hell (Luke 16:19-31), his prayers were not answered. After death it's too late to pray! Call upon God now while you are assured of receiving an answer.

"And these shall go away into everlasting punishment: but the righteous into life eternal"

Like Boston, New Jersey had a "tea party" during the mounting friction between the colonies and Great Britain. At Greenwich, near Delaware Bay, young men in Indian costumes burned a shipload of tea from England in 1774.

(Matt 25:46). There are only two destinies after death-heaven or hell! Rejecting Christ means eternal separation from God.

Who will be in hell? John gives a list in Revelation 21:8:

1. Fearful-Being ashamed of Him will make Him ashamed of us (Mark 8:38).

2. Unbelievers-Those who reject Christ will be lost (Mark 16:16. God gave us the right to choose.

3. Abominable-The lewd, filthy, immoral will be there. (Romans 1:24)

4. Murderers-Those who break the sixth commandment will be there (Exodus 20:13). John said hating is equal with murder (I John 3:15).

5. Whoremongers-Those guilty of adultery, fornication, homosexuality (I Corinthians 6:9; Romans 1:27,28) and failing to repent of these sins will be in hell.

6. Sorcerers-Witchcraft and Satan worship bring people to hell. (Galatians 5:12-21).

7. Liars-Satan is the father of lies (John 8:44).

The rich man in hell wanted to send a missionary to earth to warn his brothers of the sorrow and suffering of hell (Luke 16:27-31. General William Booth, founder of the Salvation Army, said, "I wish I could send my workers to hell for one day, then send them out to work." There will be much pleasing released from hell. But all these pleadings will go unheeded.

Note these simple words, "For God so loved the World, that he gave his only begotten Son, that whosoever believeth in him should not perish, but have everlasting life" (John 3:16). Jesus promised that those who accept Him will not face the judgment of Revelation 20:11-15, but they will pass from this to everlasting life. (John 5:24)

God has given you a choice! Jesus has paid for your pardon. Will you choose to escape from hell? Will you accept Christ today and be assured of eternal life? Hell is real! Failing to accept Christ means you will spend the years of eternity in this terrible place. You can't forget it!

By Croft M. Pentz. Reprinted by permission.

New Area Code Number

At 12:01 a.m. on November 4, telephone customers in 200 Northeast Texas communities now served by area code 214 will begin being served by the nation's newest area code -- 903.

Customers in Dallas and in 33 Metroplex municipalities immediately surrounding the city will continue to use the 214 area code.

Throughout the past year -- and again this month -- customers have received reminders in their monthly telephone bills concerning the change. News releases provided to local print and broadcast media have also helped announce the change, as have paid advertisements.

"Programming to accommodate the new area code will be activated at 12:01 a.m. on November 4, 1990," said James A. Spriggs, vice president - general manager, northern operating unit. "Hopefully, most -- if not all -- of our business and residential customers who need to make modifications in their telephone equipment or service to accommodate the 903 area code have already done so. These modifications are needed so that features like Speed Dialing, Call forwarding and Route Selection will continue to operate properly."

But the company has also taken precautionary steps to avoid call completion problems for customers who have not made these changes, Spriggs emphasized. "From November 4, 1990 to May 4, 1991, our switching equipment will still allow calls to the new 903 area code to be completed - whether the caller used the new, correct area code or the former 214 area code.

"This will allow customers additional time to make equipment and service changes, as well as to inform friends, relatives and business associates outside the new 903 area," Spriggs stressed. "After May 4, callers will not be able to complete calls to the new 903 area without dialing the correct area code. If they mistakenly use the former 214 area code, they will hear a recorded message instructing them to dial the new 903 area code.

Below is an alphabetical listing of the 52 GTE Southwest exchanges that will be changed to the 903 area code on Nov. 4, 1990: Annona, Avinger, Beckville, Ben Wheeler, Blooming Grove, Bonham, Canton,

Clarksville, Collinsville, Daingerfield, DeKalb, Douglassville, Ector, Frost, Gilmer, Gladewater, Gordonville, Grand Saline, Gunter, Hallsville, Henderson, Howe, Hughes Springs, Jackson, Jacksonville, Kilgore, Leary, Leonard, Linden, Lone Star, Marietta, Mr. Vernon, Myrtle Springs, Naples, Nash, New Boston, New Summerfield, Oakland, Quitman, Rusk, Sherman, Sulphur Springs, Talco, Texardana, Trenton, Turnertown, Van, Van Alstyne, Wake Village, Whitesboro, Winfield and Winnsboro.

To further increase caller awareness of the area code change, notice was recently sent to media throughout Texas and in the surrounding states of Oklahoma and Arkansas. Additionally, the GTE Everything Pages Directories printed prior to November carry a reminder about the area code change on the covers.

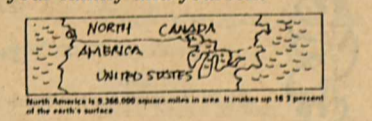

GTE Southwest and 10 other local telephone companies who provide service to Northeast Texas announced early last year

the need to add another area code to the region served by the 214 area code. The additional area code is needed because continued residential and business growth in the 214 area led to a shortage of available telephone number combinations.

health hints
Every year, about one out of every six Americans has to go to the hospital. Fortunately there are non-profit hospitals and medical centers throughout the U.S. and Canada to help them.

Give To Life
By giving to your local nonprofit hospital, suggest the experts at the National Association for Hospital Development, you ensure it will be there when you need it.

Every day, hospitals deliver babies, restore sight to the blind, hearing to the deaf, movement to the paralyzed, joy to the depressed and health to the sick. Every day, hospitals save lives. Your helping your hospital now may mean a gift of life to your friends, your family and yourself.

Helpful Tips For Parent/Teacher Communication

Monitoring a child's success at school is a top priority for many parents. But, when that eventful parent/teacher meeting presents itself, some parents may feel a bit nervous or apprehensive.

In "Tips on Communicating With Your Child's Teachers," a new brochure created by Little Caesars Pizza—with the assistance of teaching experts—parents are presented with helpful information on how to best establish a working relationship with their child's teacher.

The brochure outlines:
 • good student/teacher/parent communication skills,
 • tips on meeting with teachers,
 • effective homework monitoring,
 • attendance procedures,
 • how to handle disciplinary situations, and
 • dealing with grade problems.

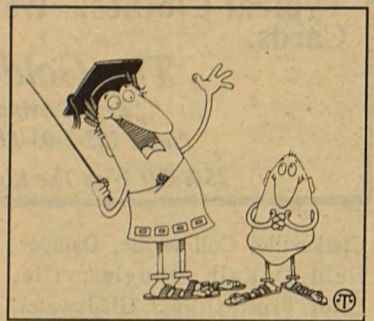

"By creating a good rapport with your child's teacher, a parent establishes an open line of communication between home and school," said Lisa Ilitch Murray, vice president of Corporate Communications and National Training for Little Caesar

Enterprises, Inc. "That understanding can create the best learning environment for children of all ages."

The brochure stresses that teachers need to know that parents are interested in their child's education, and that parents should realize that teachers welcome parent participation on many levels.

Some tips that parents should keep in mind when meeting with a teacher include:

- Remain open-minded, but be objective.
- Relax! Remember, the teacher has the child's best interests in mind.
- Prepare questions for the teacher before the visit. Take notes,

if needed, for reference.

- Become an involved parent—volunteer, chaperone, join the parent/teacher group, be a tutor or mentor.

- Determine if your child should be present during a parent/teacher conference.

- Make arrangements in advance to observe your child in the classroom.

- A parent is a child's best advocate—be positive, be informed, and be involved!

The brochure's 'Working Together' section shows parents methods for understanding disciplinary problems their children may encounter. Areas include obtaining facts from their child and the teacher, to offering alternatives to help remedy the problem.

And, in the area of homework and special tutoring, parents can learn how to work with their child's teacher or counselor to prepare daily or weekly progress reports to help ensure improvements.

For a free copy of the Little Caesars Pizza "Tips on Communicating With Your Child's Teachers," send a self-addressed, stamped envelope to "Tips for Teachers," Little Caesars Corporate Communications Dept., 2211 Woodward Avenue, Detroit, MI 48201.

Tidbits

Flowers are for happiness, as the smiles clearly show, as Sarah Hoover receives a beautiful Rose from Mrs. Martha Tovar, owner and flower arranger at her flower shop on Spring Street.

Center held it's Thanksgiving Dinner and Birthday Celebration, November 13th. 75 plates were served at the Center on Ann Street and with home deliveries.

Brackett I.S.D. will be undergoing Texas Education Agency Creditation Check November 14th, 15th, and 16th.

The Agency will be doing a routine check of all facets of the School system.

The Pep Rally will be held Thursday November 15th at 8 P.M. at the Civic Center parking lot.

Russell Hoover Jr. received another 4 year safe driving award for General Tire Test Track at Uvalde. He has his General Tire Test Track Cap really decorated with award pins. He has worked for General Tire Test Track for nearly 24 years.

 United States Postal Service

Through a cooperative effort between the Postal Service and local sponsoring agencies, you can arrange to have your carrier watch for an accumulation of mail in your mailbox which could indicate a problem.

This is how the program works. When your name is given to the Post Office by a local sponsoring agency, a decal is placed in your mailbox as a signal to the letter carrier serving your route. The carrier then will be alert to an accumulation of mail which might signify a sudden illness or accident. Through locally developed procedures, the accumulation will be reported to the social service agency for follow-up action.

Carrier Alert is a free service developed especially for elderly and homebound individuals who may

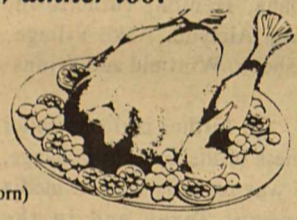

have difficulty calling for help in the event of an accident or sudden illness. The program is a natural extension of the care which individual letter carriers traditionally have exhibited for their customers—not just in the delivery of their mail—but in a genuine concern for their well-being.

If you or someone you know would like to participate in Carrier Alert, call your local postmaster.

Word Studies
By Ken Curry

"...just as He chose us in Him before the foundation of the world, that we should be holy and blameless before Him" (Eph. 1:4). "to those who have been sanctified in Christ Jesus, saints by calling..." (I Cor. 1:2).

What does it mean to be "holy", to be "sanctified", and what is the difference between the two words? Actually, there is no difference since they both are used to translate the Hebrew word qadesh and the Greek word hagios. Qadesh and hagios have the same meaning, "to be separate, or set apart." The problem the translators have is in the English language itself. The Old English word "holy" and the Latin word "sanctify" do not lend themselves to all of the English parts of speech. For example, in the verb form, we may sanctify a building as a church (set the building apart for God's use), but to "holify" a building would be bad English. In the noun form, sanctified ones are

called saints, but to call a group of Christians the "holies" would be silly.

The same problem exists in translating the Hebrew and Greek words for "believe." In English, we are forced to flip-flop between using a form of believe and a form of the word "faith". We can "believe" something, but we never "faith" something. I have always disagreed with using "Believers" as a synonym for "Christians," because believe is a transitive verb and must have an object. To say, "I believe" signifies nothing, since you haven't mentioned what you believe. The "faithful" is a better synonym for Christians, since it better describes people who have appropriated God's Grace by faith.

Contest

Applications for the "Freedom of Speech Contest" are available from Susan Harrison at Brackett High School. Applicants must be a high school junior or senior for the 1990-91 school year.

Students will submit a 500 word essay entitled: The U. S. Constitution - The Bill of Rights - The First Amendment. The essay must be typed or legibly written in ink, double-spaced on plain paper. Applications must be submitted on the official College Preview application form by December 20, 1990. The criteria for evaluation of essays will be based on the following: 1) correct submission of application and essay, 2) content and clarity of essay subject, 3) originality of ideas, and 4) overall neatness and appearance of entry. The grand prize is a \$10,000 college scholarship. First place winner will receive a word processor. Second place winner will receive a color television. Third place winner will receive a \$200 bond scholarship. This contest is open to anyone currently enrolled in an accredited public, private, or parochial school in any of the fifty United States, the Virgin Islands, or Puerto Rico.

For further information, please contact Susan Harrison, counselor, at Brackett High School, telephone 563-2491.

The Bible Says -

By Joe Townsend

"Woe to you when all men speak well of you." You can measure a person more accurately by assessing his enemies than his friends. When a person is well spoken of by profligate or discredited people it does not bode well for him. A person may have friends who are upstanding and still be less than desirable. If, however, a person is highly touted by those of questionable character it does not make for high marks for him. Jesus knew this when He said, "Woe to you when all men speak well of you."

Motorcycle Accident injures Local Resident Thank You

A motorcycle accident occurred 10 miles north of Brackettville on Ranch Road 674 at 6 p.m. on Tuesday, November 13th.

Raymond Spray of Fort Clark Springs was traveling southbound on his Kawasaki motorcycle when negotiating a curve, he ran off the right side of the road and lost control.

Spray was transferred by ambulance to Laughlin A.F.B. Hospital.

I want to thank all those who supported and voted for me in the General Election.

Victories are not always won where they are noticed.

Your loyalty and trust in me will not ever be forgotten.

I want to take this opportunity to wish my opponent, Plunker Sheedy good luck.

I love my home, County, and all my friends!

Thank you again from the bottom of my heart.

Sincerely,
Rose Mary Slubar

MEANEST MOM

I had the meanest mom in the world. While other children had candy for breakfast, I had to have cereal, eggs and toast, When others had cokes and candy for lunch, I had to eat a sandwich. As you can guess, my supper was different from other children's also.

My mother insisted upon knowing where I was all the time--you'd think I was on a chain gang. She had to know who my friends were and what we were doing. She insisted of I said I'd be gone an hour that I be gone an hour or less-- not one hour and a minute. I am nearly ashamed to admit it, but she actually struck me. Not once, but each time I did as I pleased. Can you imagine someone actually hitting a child just because she disobeyed? Now you begin to see how mean she really was. While the other girls were wearing mini skirts and outrageous hairdos and smoking cigarettes, I had to wear dresses and jeans, be a little grandma and be called old fashioned. Mother would not even let me go to the drive-in-movies. How could she be so mean?

My mother actually broke the Child Labor Law, She made me work. I had to wash dishes, make beds, learn to cook and all sorts of cruel things. I believe she laid awake at night just thinking up mean things to do to me.

She always insisted upon our telling the truth, the whole truth, and nothing but the truth, even if it killed us and it nearly did. She embarrassed me by making my dates come to the door to get me. None of this "tooting the horn" by the boys for me to come running.

My mother was a complete failure. Because she was so mean, none of us have ever been arrested, divorced or beaten by a mate. Each of my brothers served his time in service to his country. And whom do we have to blame for the terrible way we turned out? You're right--Our mean mother.

Look what all we missed. We never got to march in a protest parade, attend a rock concert, take part in a riot, burn draft cards, and many other things that the other children did. She forced us to grow in God-fearing, educated honest adults.

Using this as a pattern, I am trying to rear my children, I stand a little taller and I am filled with pride when my children call me "MEAN".

Author Unknown

Had I a brother or sister this could have been written by me. The times have changed, the children haven't. This letter hangs in "Mom's Kitchen" as a constant reminder to be the meanest mom in the world. MOM'S KITCHEN is not just a column in a small town newspaper. It exists in one form or another in every home in America. Mom's kitchen is that place in every home where everyone gathers, where old friends share a cup of coffee, a small child's skinned knee is "fixed" or a little girl's doll is repaired. It's where grandma taught mom to make cookies, dad had "that talk" with brother, and family meetings are held.

Please let us hear from your kitchen, Do you have a special recipe or helpful hint? Maybe a comment on child care or even a gardening tip How about a

word from dad on home repair, car care, or one of his favorite recipe of kitchen tips.

Love Mom

Cont. from Page 1

Thursday, November 15th.

Judge Elect Tim Ward was appointed Superintendent of the project Monday by the Commissioners Court.

In an interview with Mr. Ward he stated that even though some of the bids were rejected in Commissioners Court and will be published again for bids, the target date of one and a half months to two months can still be accomplished. It is the hope of the now members of Commissioners Court that the building will be completed by the end of this term which is December 31st.

The dream of a new Senior Citizens Center belongs to Commissioner Rose Mary Slubar. The dream if shared by many with her. There has been many hours put in obtaining a grant from the Department of Commerce and in planning for this much needed Center.

There has been other citizens beside the members of Commissioners Court that have already contributed their time and those that will contribute their time in the next two months to make this dream come true.

Band News

by: J. J. Guidry

Rosemary Rubino will represent Brackettville this Saturday at San Antonio's Annual Twirling Festival. The event will be held at Kirby Jr. High.

Rosemary, the daughter of Thomas and Isabel Rubino, has earned silver medals the last two years at the State U.I.L. Twirling Competition and is going for the gold this year as a senior. She sees this competition as a perfect warm-up to prepare for the State contest to be held at the end of the school year.

The first division she will be competing in is the Ratings Contest. This includes feature twirling, two-baton advanced, and three-baton advanced. These are based on individual performances. In the Open Contest, the twirlers will go be in head-to-head competition. It includes the same sub-

categories. They will also judge the girls for the best costumes.

First and second place winners will receive trophies, while third, fourth, and fifth place finalists will get medals. We all wish Rosemary the best of luck and hope she comes out on top.

Child Welfare Board Meeting

The Kinney County Child Protective Services Board met on Tuesday, November the 13th at the Frontier Baptist Church. Two new members have been appointed by the board. They are Jill Duncan and Elia Gutierrez.

Hilda Renson MSW from San Antonio and Marta Sotello MSW from Eagle Pass were guest speakers. They informed the board about the demand for Foster Care Parents in our rural areas and of the need for Foster Care Parents in Brackettville. They are planning a workshop for March 1991 which would provide instructions to future Foster Parents. More information will be forthcoming on the guidelines for becoming a Foster Parent.

Jaime Solis MSW from Child Protective Services from Del Rio was also present. Mr. Solis is

the Boards contact for answering questions and keeping them informed of their activities in the county. There are presently 2 children from Kinney County in their adoption unit. A motion was made and passed by the Board to send these children money for gifts for Christmas.

Lydia Tipps and Enemencia Starzel were appointed to a nominating committee to select new officers for the Board in 1991. Rose Mary Slubar was appointed to fill an unexpired term for Margaret Reyes.

The Board will have their next meeting on January 7, 1991.

Obituary

Mrs. Lena J. Pacheco, wife of Mr. Peter Pacheco of Ft. Clark passed away Sunday, November 11th in San Antonio after a lengthy illness. Rosary was recited Tuesday, November 13th at 7pm at the Angelus Funeral Home, 1119 North St. Mary's in San Antonio. Funeral services and Mass were held at St. Anthony Palaua Catholic Church at 10:00 a.m. Wednesday November 14th. Father David Zumaya of Brackettville officiated.

Senator Zaffirini Re-Elected in Landslide

State Sen. Judith Zaffirini, D-Laredo, was re-elected to a second term Tuesday (Nov. 6) with an overall 2-to-1 win, beating Republican Larry Vick in each of the 20 Counties of senatorial district 21.

Final results from the Secretary of State showed Sen. Zaffirini winning with 81,263 votes, or 68.28 percent of the 119,149 votes cast in the race.

The landslide reflected her victories of at least 2-to-1 in 16 of the 20 counties. The senator's winning margin ranged from 54.28 in Guadalupe to 90 percent in Duval and Starr Counties.

"Carrying each of the 20 counties was wonderful," Sen. Zaffirini said. "It reflects my four years of working hard with constituents in each of the 20 counties,, and our ability to address statewide and local issues together.

My campaign reached out to everyone, not just to one group, just as I sought during my first term to represent all of the people, not to pit one group or county against another," she added.

Interestingly, she carried her home county of Webb with 83.35 percent of the votes, and

also carried her opponent's "claimed" home county of Wilson with 66.91 percent. She beat him 4-to-1 in his own voting precinct.

Sen. Zaffirini said she looks forward to a second term. She intends to maintain her priority of protecting and championing the social and

economic security of the family.

In her victory speech at her Laredo headquarters Tuesday, Sen. Zaffirini paid tribute to the Lord for His inspiration and guidance and to her countless friends and supporters.

School News

The faculty of Jones Elementary School is ready for a visit from the Texas Education Agency. After weeks of preparations and cleaning the building looks ready and the teachers are ready. This visit will determine the district's accreditation standing for the next five to eight years. The focus of the visit will be to determine how good a job the school is doing at educating our children.

An update on Super S receipts shows that Kindergarten is doing a great job of collecting receipts. They have collected the most receipts for the past two weeks, and they will receive two Coke parties to reward their hard work. This week first grade collected the most receipts, and they will receive one Coke party for their efforts. Please continue to save Super S receipts for your favorite elementary student and help the school get more free computers.

The second six weeks will end on Tuesday, November 20, 1990. The Thanksgiving Holiday will also begin on Tuesday; students will not return to classes until Monday, November 26, 1990. May everyone have a safe and happy holiday. Your child should receive his/her report card on Wednesday, November 28, 1990.

Usually the conventional ferris wheel that is in a carnival or county fair is about fifty feet high and has twelve to sixteen passenger seats.

But a ferris wheel that was created especially for the 1893 Worlds Columbian Exposition at Chicago was a real engineering feat.

George Washington Gale Ferris, a thirty-three year old Pittsburgh bridge builder accepted a challenge from the engineers who had put up the 984 foot high Eiffel Tower at the Paris Exposition of 1889. These builders said America could not come up with something as unique and daring as Alexander Gustav Eiffel's Tower.

George Ferris submitted a design for a giant revolving wheel with passenger cars. The wheel was to be 250 feet in diameter, have 36 cars each with a capacity of sixty people. When it was filled it would hold 2,160 people at once. At first he was laughed at, but he kept promoting his idea. Times were bad, in fact, the country was in a depression, but Ferris finally raised enough money to finance the "Ferris Wheel Company."

Finally in mid-December,

1892, just four months before the opening of the Chicago Exposition, a contract was signed and construction began. Ferris was to keep the first \$300,000 and split the rest of the profits with the Exposition.

Ferris had to farm out the parts which had to be perfect so they would fit when assembled on the site.

In March, the 45ft long axle arrived in Chicago from Pittsburgh where it had been forged. The wheel was tested on June 9 with success. Then the 36 cars had to be hung, each having five large plate glass windows on each side.

Seven weeks after the Exposition opened on June 21, the wheel was ready. The customers flocked to give it a try. At night the wheel was lit by 3,000 of Thomas Edison's new incandescent lamps. There were six platforms for loading and unloading the passengers. On the first turn of the ride, six stops were made for loading. On the second turn there was a nine minute non stop ride in the sky. On clear days the passengers could see a beautiful view of Chicago and Lake Michigan.

Rory's Video Review

HAMMER

It's one full hour of music and moves featuring: Here Comes the Hammer, Pray, Yo!! Sweetness, Help the Children, and Dancin' Machine.

M.C. Hammer has slammed right past the title of mere "rap-master" to become one of the new decade's top entertainers. Five key tracks from M.C. Hammer's album, "PLEASE HAMMER DON'T HURT

"EM", give the video its title and provide those slammin' HAMMER moves. But, as usual, HAMMER's got bigger things in mind. "PLEASE HAMMER DON'T HURT 'EM" is no simple clip compilation, or breezily constructed mix of concert shots and backstage interviews. This is a full-fledged movie feature in miniature. The story line follows HAMMER as he returns home to his Oakland, California turf and confronts the local dealer who has put the lives of the community's

children in danger.

This is more than a video, just as M.C. HAMMER is more than a rapper. So, watch out!

GREAT MOMENTS IN SPORTS

All-new, all-unbelievable -- these are some of the finest, most humorous moments in sports captured forever in this one-of-a-kind video.

Moments like . . .

The 33-inning baseball game between the Pawtucket Red Sox and Rochester Red Wings which lasted 8 hours and covered a three-day span.

Tom Weiskopf shooting a 13 on the 12th hole of the Masters.

Tommy John's three errors in one play.

All this and more! It's the most hilarious video ever for sports fans, their families, friends --- in fact anybody who is willing

to laugh at somebody else's mistakes, miscues and misfortune!

Hosted by Tim McCarver.

Thanksgiving Service Sunday Night

Special music will be a part of the Thanksgiving service Sunday night at seven at the Episcopal Church.

Dan Shi will bring special music. Local pastors and others will participate and share in the service.

Join your friends Sunday at 7:00 p.m. at the Episcopal Church as we pledge anew our thanks to God for His multiple blessings.

PUBLIC NOTICE

On July 19, 1990, GTE Southwest Incorporated ("GTE-SW") filed revisions to the company's tariff pertaining to the features and associated equipment for providing emergency number services (9-1-1).

In this filing, GTE-SW proposes to modify its existing 9-1-1 tariff and to add more than 200 new service offerings. The new items of service and equipment in this application have been added to meet the company's increasing 9-1-1 customer demands and to allow GTE-SW to compete more effectively in the 9-1-1 equipment market.

The product line in the new offerings consists of a mini-computer and specialized console package for larger communities, as well as a personal computer with Automatic Number Identification (ANI) display for smaller communities. (ANI displays a caller's telephone number on the emergency dispatcher's computer screen.) In addition, the product line will include ANI and Automatic Location Information (ALI) display units compatible with, and similar to, those offered by Southwestern Bell Telephone Company and other local exchange carriers in Texas. (The ALI feature displays a caller's address on the computer screen.) The rate charged existing 9-1-1 customers may be revised at the expiration of their contracts with GTE-SW if the proposed tariff is approved.

This filing has been assigned Docket No 9667. The hearing on the merits is scheduled for February 25, 1991, at the offices of the Public Utility Commission of Texas. The deadline to intervene in this docket is December 31, 1990.

Persons who wish to intervene or otherwise participate in these proceedings should notify the commission as soon as possible. A request to intervene, participate, or for further information, should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas, 78757. Further information also may be obtained by calling the Public Utility Commission Consumer Affairs Division at (512) 458-0223 or (512) 458-0227, or (512) 458-0221, teletypewriter for the deaf.

Texas Agricultural Extension Service *By Alan L. McWilliams*

Be Thankful for the Rancher & Farmer!

As we approach the Thanksgiving Holiday, many may reflect on what we, as Americans, and as Texans, in particular, should be thankful for...and that is an abundant and safe food supply. For this, we have the hard work and dedication of our nation's farmers and ranchers to thank.

Only two percent of the U.S. population lives on the farm or ranch, yet that 2 percent manages to feed the other 98 percent in this nation as well as other foreign countries. One American farmer produces enough food and fiber for 14 people, 92 here at home and 22 overseas.

In Texas, agriculture shares the stage with the oil and gas industry as the State's most dominant industries. We pride ourselves as being the biggest and the best. In agriculture, there is no other state that can brag quite like we can.

We rank first in sales of

cattle and calves. We feed 22 percent of the U.S. total, and represent 14 percent of the total U.S. cattle herd.

We rank first in sales of sheep and wool, goats and mohair. Receipts estimated from sheep totaled \$65 million, and from goats \$34 million. Wool and mohair---about \$30 million a piece.

We rank first in sales of cotton. Cotton and cottonseed marketing have risen to \$1.35 billion.

We rank first in the value of farm real estate, number of farms and ranches with 156,000, and in the amount of farm and ranch land.

All these numbers may sound impressive, but they mean nothing unless the tremendous amount of food and fiber produced is available and worthy of consumption. Is our food safe? Yes, without a doubt. The public's number one concern is food safety. FDA studies show that our life

expectancy continues to increase. In 1900, it was 47 years, and in 1982, it was 75 years. Farmer and ranchers make a living from the environment where others only enjoy it.

Efforts like National Farm-City Week, (November 18-24, 1990), brings people from the farm and city together to better understand the concerns of each.

The agricultural production system in Texas is estimated to have an economic impact of about \$35 billion. The entire food and fiber production, processing and retail marketing chain has roughly twice the impact. Businesses related to agriculture employ more than 20 percent of the workforce.

On the individual farm, only 25 cents of your food dollar actually goes to the farmer. The rest pays for the food to be assembled, inspected, graded, stored, processed, packaged, transported, wholesaled and retailed. We, as Americans, spend only 12 percent of our disposable income on food, the lowest in the world.

Some people think of farms as enterprises run by huge corporations. But farming is America is still very much a family business. Only three percent or about 60,000 of America's farms are owned by corporations. And nearly all of those are actually family-held businesses. Foreign ownership of U.S. farmland amounts to less than one percent and half of that is forest land.

Whether it's a favorite plant, a healthy lawn, a vegetable garden, or enough food and fiber for 114 people, many Americans enjoy growing things. But as the number of farmers declines and the general population increases, one has to wonder where the farmers and ranchers of tomorrow will come from.

Today's farmer and rancher must be a good businessman. He must be aware of global markets and how to penetrate them. He must be an entrepreneur willing to compete at the mercy of flood, drought, tornado or early frost. Days are long with no guarantees of a regular paycheck.

The farmers and ranchers of the future need the encouragement of all of us who are not. After all, so much of our everyday life is directly tied to the success of those that work the land.

Unsung Hero

By Joe Townsend

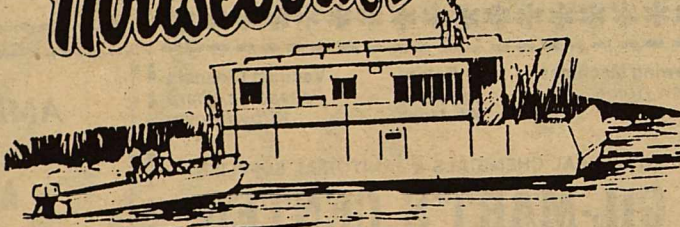

A good many years ago a

woman came with her husband to Brackettville. For the past several years they have been in business. She has been a good mother to a fine family. She has been a strong support to her husband, especially when he has had a great deal of physical problems in recent years.

She is a friendly person and never a source of antagonism or hard feelings. She has no enemies, but a host of friends. Surely, Minerva (Mrs. Mario) Munoz is an "Unsung Hero."

Army Days

by WALLACE L. MORGAN

Fort Clark, Texas, Jan. 1924--- Trooper Mike Goulia, pictured with his issued mount and a friend, in one of the numerous horse corrals on the Post. This area, with the slope of the land, could possibly have been one of the corrals behind one of the stables which were located; beginning with the only remaining stables and south to approximately the old RV park. These corrals were located behind the stables and went to the dirt road running along the

west side of the creek. Stables, during Army days, were located from the remaining stables and to the south, ending where Doctor James Harber's home is now located. The last two or three most south located stables were used by the Veterinary Corps. There were also additional stables in other locations on the Post, and many were located on the York Ranch during World War II, when it was leased to the U.S. Government.

First United Methodist Church

A potluck dinner will be held in Slator Hall at First United Methodist Church after services Sunday, November 18, to welcome back the 'Winter Texans' and to get acquainted with the new minister, Rev. Gordon M. Miller, and his wife Beverly.

Rev. Miller has been retired for two years and lives in Utopia, where he and Mrs. Miller are finishing a new home. He will

be available for all ministerial duties, but will commute from Utopia. This interim, part-time pastorship will be in effect until June, when the Methodist Conference holds its annual meeting.

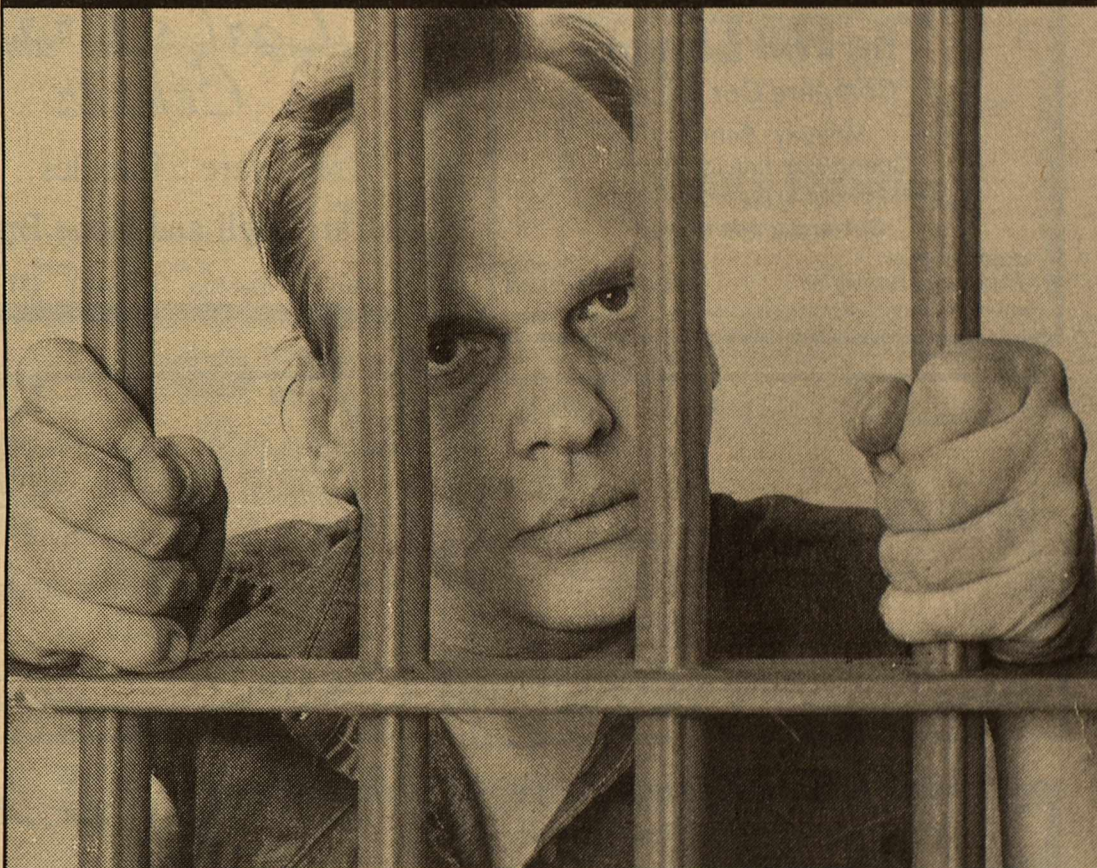

It has been announced that there will be no ladies' luncheon this month, since the date falls on Thanksgiving eve.

Exterior painting is in process on the Church.

Reception to Be Held

The Fort Clark Board of Directors invite all members to meet James Blankenship, Fort Clark's new General Manager. Hors d'oeuvre's and Border Buttermilk will be served Friday, November 16 at the Cavalry Room at the Las Moras Inn Restaurant, 5:00 - 7:00 pm.

EXPERTS SWEAR BY THE CPL SECURITY LIGHT.

Some even have strong convictions.

Police departments also recommend Security Lighting as an ideal crime prevention tool.

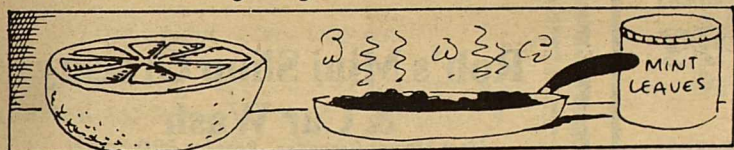

Plus, a CPL high-efficiency Security Light means more fun outdoors... on at dusk, off at dawn, automatically.

For more information, call your CPL office. We'll install your Security Light and provide year 'round maintenance.

We'll even add the monthly fee to your electric bill, for your convenience. So call CPL for details today!

Two Participate in Texas School Improvement Initiative Program

Bobby D. McCall, Superintendent, and Jim Bader, Board President, at Brackett independent School District, have been selected to participate in the 1990 training update of the Academy for Effective Schools Leadership. "Mr. McCall and Mr. Bader are two of approximately 750 participants from across the state named to the academy," reports Dr. Ruben D. Olivarez, deputy commissioner for Accreditation and School Improvement at the Texas Education Agency.

The academy is a component of the Texas School Improvement Initiative (TSII) Program, which was established in 1988 by Dr. W.N. Kirby, commissioner of education, to promote high performance standards of educational quality at campus and district levels. "The TSII program," Dr. Olivarez explains, "provides selected school districts, their principals, other administrators, and school board members an opportunity to be part

of a statewide school improvement effort that integrates peer evaluation in the state's performance-based accreditation process.

"The 1990-91 school year," the Agency's deputy commissioner continues, "marks the first time that school board members will participate in the TSII program."

"Previously, participants included only superintendents, central office administrators, and secondary and elementary principals," he explains. "The addition of school board members to the program is the next logical step as we continue to provide participating school districts and their administrators and opportunity to make a significant contribution to the improvement of education throughout the state. This involvement of school board members is aimed at producing educational effectiveness, systematic accountability, and fiscal responsibility."

The TSII training was

conducted in Austin this past summer for school administrators in July and for school board members in September. Participants were divided into groups based on their experience in the program. All administrators received intensive two-day training in effective schools research, school improvement strategies, management techniques, and current techniques, and current educational legislative changes. Beginning participants also received initial training in the program to prepare them to be supplementary members of accreditation teams. Returning administrators received additional, comprehensive training aimed at increasing their responsibilities and supplementary accreditation team members.

School board members received training on characteristics of effective schools, affective governance operations of school districts and the accreditation process.

Brackett Students to Learn About Marine Life at Sea World

San Antonio -- Sea World of Texas will introduce several Brackettville area youngsters to the wonders of the sea during a special visit by Brackettville "gifted and talented" students in grades three to six to the San Antonio marine zoological park on Tuesday, Nov. 27.

As part of this educational field trip, students will be able to gain first-hand knowledge of the ocean and its inhabitants through presentations by Sea World's Staff of state-certified instructors and visits to exhibits and animal areas.

"Education is an integral part of the Sea World philosophy," said Mary Alice Ramirez, director of education for Sea World of Texas. "Over the years, Sea World's education programs have been very instrumental in creating an awareness of the marine environment among students and teachers alike."

Among the most popular programs offered by Sea World, the instructional field trips are held during the school year, in October, November, March and May. The day-long journeys through Sea World allow students in pre-kindergarten through 12th grade to become familiar with marine animals such as whales, dolphins, sharks, penguins and sea lions.

Each field trip features two education-oriented animal shows focusing on the natural behavior, adaptations, anatomy, ecology, communication and training of various forms of marine life, Ramirez explained. The presentations are specially developed for specific grade levels and encourage audience participation.

Participants also are able to visit Sea World's animal exhibits that serve as "learning centers." They include the Sharks and the Coral Reef exhibit, Penguins

exhibit, Marine Mammal Pool and Sea Lion, Walrus and Otter Pools.

In addition to instructional field trips, Sea World offers courses for gifted and talented students, visually- and hearing-impaired students, college students and weekend activities for children and adults. Teacher workshops offering Advanced Academic Training (AAT) credit are presented Saturdays from 8:30 a.m. to 4:00 p.m.

"All Sea World courses emphasize the importance of marine life research and conservation," Ramirez added. "Our instructors maximize the student's learning experience by utilizing our 250-acre park's state-of-the-art animal facilities and our staff of knowledgeable animal trainers. Activities are designed to enhance each student's creativity and imagination."

This year most of the Sea World courses are available in Spanish as part of a new bilingual program, Ramirez noted.

For more information of educational programs and fees, call the Sea World Education Department at (512) 523-3608. For general Sea World information, call toll-free (800) 422-7989 or, in the San Antonio area, (512) 523-3611.

Sea World of Texas is owned and operated by Busch Entertainment Corp., the family entertainment subsidiary of Anheuser-Busch Cos. Inc. Busch Entertainment also owns and operates Busch Gardens theme parks in Tampa, Fla., and Williamsburg, Va.; Sesame Place in Langhorne, Pa.; Adventure Island in Tampa; Cypress Gardens in Winter Haven, Fla.; and Sea World parks in Orlando, Fla., San Diego, Calif., and Aurora, Ohio.

Party-Time Tea Punch

A cup of hot tea goes with almost anything but for party drinks that are really different, try putting your tea on ice.

You will first need a cold tea liquor, made by putting tea leaves—one ounce dry tea to one pint water—into cold water and leaving overnight. Strain off the liquid next morning and the result will be a beautifully clear, fragrant tea basis. Add lime juice cordial, bitter lemon and serve on ice for a refreshing party drink. For what many consider the best tasting tea, look for the symbol of Ceylon Tea on the box.

Looking for a good party punch recipe? Try this one from the Ceylon Tea Bureau.

PINEAPPLE TEA PUNCH
(Makes about 30 4-oz. servings)

- (Served from punch bowl)
- 5 cups of water
- 1/3 cup of loose tea (or 15 teabags)
- 1 tablespoon of nutmeg
- 1 cup of superfine sugar
- 6 cups of pineapple juice
- 1 cup of lemon juice
- 1 quart of club soda (chilled)

Bring water to a boil in a saucepan. Remove from heat. Immediately add tea and nutmeg. Brew 4 minutes. Stir and strain into a punch bowl containing sugar and fruit juices. Stir and blend. When ready to serve, add ice cubes or block of ice. Stir in club soda.

Thin cream cheese, pot cheese or cottage cheese with a bit of milk and blend in chopped scallions, green pepper, radishes, garlic, herbs, nuts or chopped dried fruits to create your n tasty spreads and vegetable stuffers.

New Health Benefits For Vietnam Veterans

Persistence on the part of a leading veterans' organization has paid off in increased health benefits for Vietnam veterans.

The Secretary of Veterans Affairs recently announced that disability payments would be made to Vietnam veterans suffering from a condition termed non-Hodgkin's Lymphoma.

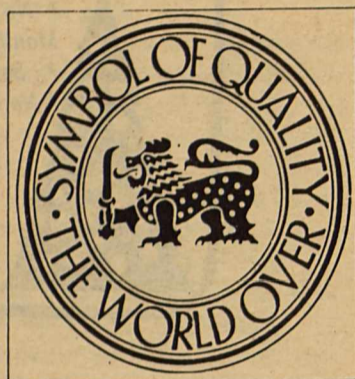

Vietnam veterans who were exposed to Agent Orange may have a heightened risk of contracting non-Hodgkin's Lymphoma and soft tissue sarcoma, believes the Veterans of Foreign Wars (VFW).

Questions on possible entitlements from VA, accruing to veterans of Vietnam service suffering from either non-Hodgkin's Lymphoma or soft tissue sarcoma, should be addressed to your VFW Department Service Officer.

For free brochures about becoming a member of VFW, write: Veterans of Foreign Wars, National Headquarters, Broadway at 34th St., Kansas City, MO 64111.

Combine tea from Sri Lanka with pineapple, lemon juice and club soda for a tasty punch.

Ceylon Tea—Pure pleasure from Sri Lanka.

DID YOU KNOW?

A company with nearly 90 years of experience in health care is making some major changes that could mean more life-saving, health-aiding medicines in the years to come:

• That company is Sterling Drug Inc. The worldwide team of Sterling employees is committed to creating distinctive solutions for the needs of mankind in pharmaceutical and consumer health products.

• Through its Strategic Framework process, embraced company-wide this year, Sterling has re-committed itself to market leadership, superior financial returns and an environment of trust and personal growth for its employees.

• Sterling is already known through its Glenbrook Laboratories division in the U.S. as the maker of such non-prescription medicines as Bayer aspirin, Midol pain-relief products and Campho-Phenique topical antiseptics. Prescription drugs and diagnostic imaging agents, such as Omnipaque, are sold in the U.S. by its Winthrop Pharmaceuticals division.

• Its products are manufactured in more than 30 countries and marketed in more than 100 by its Sterling International division.

• Sterling is developing a full pipeline of important prescription drugs and a world-class portfolio of over-the-counter drugs. The company's research efforts are now focused in five key areas: diagnostic imaging, cardiovascular medicine, oncology, viral diseases and disorders of the central nervous system.

• Sterling's goal is to rank among the top twenty pharmaceutical companies in the world by the year 2000.

Tigerettes Have Good Chance for District

Pictured at the left is point guard Theresa Terrazas scoring a layup against Nueces Canyon in a scrimmage held Tuesday night at the Brackett gym. There was no official score at the scrimmage. Both teams worked primarily on running their offense and defensive plays. Head Basketball Coach Knowlin was able to see how each girl would perform against an opponent. The Tigerettes travel to Del Rio to play in the Big Mac Tournament this weekend. Coach Knowlin has thirteen girls on the varsity team this year. The Tigerettes are quick and have a good chance at District.

Pictured above from left to right are (top row) Yvette Rocha, Tiffany Bryan, Mary Falcon, and Coach Gregg Nowlin. Bottom row from left to right are Hannah Reschman, Debbie Buentello, Ida Aguilar, and Laura Cedillo.

Public Notice

ORDINANCE NO. 1990-11
BRACKETTVILLE LANDFILL

An Ordinance of the City of Brackettville, County of Kinney, State of Texas, establishing certain regulations and fees regarding use of the landfill leased by the City of Brackettville; and providing penalties for violation of said regulations:

This Ordinance can be read in its entirety at City Hall.

EXCERPTS FROM ORDINANCE NO. 1990-11

All active Commercial and Residential Utility Accounts, whether occupied or unoccupied, will be charged a \$5.00 landfill fee. This fee will be a landfill operation charge only and not a fee for disposal of garbage.

Active Residential Utility Accounts, will be allowed four (4) trips per account per month for disposal of household garbage or brush. Additional trips will be charged according to fee schedule. (UTILITY CARD MUST BE PRESENTED AT GATE)

Active Commercial Utility Accounts, will be allowed one trip per account per month for disposal of brush or garbage. Additional trips will be charged according to fee schedule. (UTILITY CARD MUST BE PRESENTED AT GATE)

WINTER HOURS 9:30 A.M. TO 5:30 P.M.

PASSED AND APPROVED ON THIS 13TH DAY OF NOVEMBER, 1990.

THIS ORDINANCE SHALL BECOME EFFECTIVE ON THE 13TH DAY OF NOVEMBER, 1990.

Richard Terrazas,
MAYOR PRO-TEM

Library News

We want to thank all of you who came to the reception held here at the Library by the Friends of the Library on Sunday November 4th to assist this Librarian in meeting the citizens of Kinney County. To those of you who missed the event, we extend our sympathies as the refreshments and convivial atmosphere were excellent.

It isn't too late to join this very worthwhile organization. It is an excellent opportunity to participate in providing support to your Library. We have membership cards at the Library (\$2.00 per year) as do Joan Boutwell, Fran Swanson, Peggy Peck or Doris Cahill.

We are approximately half finished on our shelf inventory and can still use additional volunteer help. Anytime you have an hour or so to give, come to the Library and assist us in this endeavor. We also need persons with some typing ability to assist in putting the inventory information into the computer for processing. Even if you are one of those persons convinced that computers are monsters, the program is so simple that you have only to fill in the blanks and push one button. As the saying goes,

"A child could do it", although we would prefer an adult.

We are happy to announce that we have received the complete, uncut version of The Stand by Stephen King which is on the best seller list as well as The Plains of Passage by Jean Auel. Additionally, we have received several new large print western fiction for those patrons who prefer this type book. Nearly every recent visitor to the Library lately has commented on the change the improved lighting has made in our appearance and the ease in finding needed materials in the Library. If you haven't been down since the change, we invite you to see the difference the light makes. On a recent dark and dreary day, the difference shone brightly. We have received book donations from Mr. & Mrs. Tully Shahan and Mr. & Mrs. Donald Moore and Mr. & Mrs. Walter Bauguess.

Kids, check by the Library to get the Holiday Movie Schedule. come on Down, we'd love to see you at the coolest, (occasionally warmest), brightest little Library in Kinney County !!

Library Staff and Volunteers

Drug Testing

Brackett Independent School District is considering implementing a voluntary drug testing program for the 1991-92 school year to act as a deterrent against the use of drugs. It is recognized nationally that alcohol and drug abuse is a major health problem in adolescents. Fear of detection can often relieve participants from the ordinary peer pressures concerning alcohol and drug abuse. Brackett I.S.D. believes that implementing this program would send a message to students that the school cares about them and what they do to their bodies. It would also be a clear indication that the community and the school district will not tolerate drug abuse.

The drug testing would be strictly voluntary and done in a random drawing on a periodic basis. Screening would be for opiates, cocaine, amphetamines, and marijuana. Steroids could be tested upon request. Counseling would be recommended for students with positive results.

Brackett I.S.D. would like to know how the community feels about voluntary drug testing. If you would like to share your thoughts or feelings, please contact Bob McCall, Don Sims, or Susan Harrison at the school. (563-2491)

Get Yours While Supplies Last.

Between Us

By Joe Townsend

Racism continues to be one of the blatant problems in today's society. The most ridiculous display of racism is the decision of the Czar of the N.F.L. threatening to move the Super Bowl from Arizona. Arizona decided against making a holiday in honor of Martin Luther King. It's illogical to me to make a holiday in honor of King in the first place. It has nothing to do with his color. The fact that his murder made him a martyr is no reason to make him a hero from now on. We no longer honor George Washington with a holiday nor do we honor Abraham Lincoln. Congress has grouped them together and called it Presidents Day. America no longer honors the true greats with any realistic recognitions. Few men have been as important to the United States as was Douglas MacArthur, no holiday. Franklin Roosevelt, four times elected President of the United States, no holiday. A great many men have made greater contributions to American life, no holidays. All this aside however, a state should have the privilege of

determining whom they will honor with a holiday. Some race baiters disagree. Phoenix, Arizona was granted the Super Bowl in due process of the selection. Besides, the prestige of hosting the bowl, it means an influx of several millions of dollars to the economy. Now a small minded, highly paid, Czar throws out the window all America stands for and says in effect, "If you don't play my way, I'll take my ball and go home." It's brash beyond belief for such a person to try to dictate to any state what they must do. Such blackmail as this is a violation of law in spirit if not legally. Such an arrogant person lacks intelligence enough to know that good race relations cannot be gained by such autocratic actions. Indeed this type of arbitrary action creates even greater racial problems. There can be absolutely no connection between the Super Bowl site and Martin Luther King Day. To make such a connection reflects a rabid racist attitude and should not be tolerated.

Reflections

Rev. Preston Taylor
First Baptist Church

At the end of the harvest season when the pilgrim fathers

arrived in America, they set aside a day of thanksgiving to God for His bountiful blessings.

Those were sad, lonely years for the new comers to this land. Most of the early settlers died from hunger, cold, illness, and despair. And yet, the living ones always turned their faces in gratitude to God for His goodness.

Thank God today that He remains the Lord. Whatever man does or fails to do, God never gives up. He refuses to abdicate. When war threatens, when people forget God, when moral decay sets in, when troubles plague us, we have the Eternal God who keeps His covenant with His people. He is God.

Thank God today that He redeems all who trust Him. God does not want us to go astray, to sin, to go on our binges. But man does sin. The good news is that God provides redemption and hope in Jesus Christ. He is as powerful to save today as He has ever been. All we need to do is turn to the Lord in repentance and faith.

Thank God that Jesus will return for all who believe in Him. More than 325 times in the New Testament this truth about the coming again of Jesus is

underscored. At death, we "depart to be with Christ which is far better." At the return of the Lord in glory and power, He will renew the bodies of His people who have fallen "asleep," and He will transform the bodies of His people into His glorious likeness. What a day that will be!

We have much to be thankful for (or for which to be thankful!). Thank God on this Thanksgiving Day for His bountiful blessings. Meet with God's people on this next Lord's day to register your vote of gratitude for God's goodness to all of us.

St. Jude Prayer

May the Sacred Heart of Jesus be adored, glorified, loved and preserved throughout the world now and forever, Sacred Heart of Jesus, pray for us.

St. Jude, help of the helpless situations, pray for us.

Say this prayer 9 times a day for 8 days and then publish. Your prayer will be answered. It has never been known to fail. Publication must be promised.

Sponsored by J.R.G.

Gardening Tips

By Archie Woodson

With the onset of colder weather, one of the problems experienced by many home owners is a decline in indoor air quality. Indoor air pollution is fairly easy to deal with. Open doors and windows when weather permits, exhaust fans vented to the outside in bathrooms and near clothes dryers and stoves will help.

According to a recent study NASA scientists estimate that one 10 to 12 inch potted plant per 100 sq. feet of floor space will absorb many indoor pollutants. Philodendrons, spider plants, golden pothos and snake plants absorb formaldehyde. Gerbera daisies, chrysanthemums and other flowering plants absorb benzene. For general air purification; reed palm, English ivy, peace lily, mother-in-law's tongue, Chinese evergreen, dracaena, aloe to name a few. All plants whether indoor or outdoor recycle the air. Besides what's better for inner peace. PLANTS - THE BEST PET FOR YOUR HOME.

The Renaissance painter Raphael painted more than 300 pictures of the Madonna.
