Tigers fall to the Pirates 77-82

The Tigers traveled to Lytle on Tuesday, but fell to the Pirates 77-82 in overtime.

Brackett and Lytle were tied at 72-72 when the final buzzer sounded at the end of regulation sending the game into a three-minute overtime period. The Pirates earned their victory on the free-throw line as they sank six of seven free-throws as they outscored Brackett 10-5 in overtime.

Tevin Senne was giving Clay Hunt an alley-oop pass just before half-time, but to everyone's surprise sank the shot from almost mid-court for three points. That pulled Brackett within one point, as the Pirates led 38-37 at half-time.

Three Tigers scored in double-figures. Clay Hunt let with 23 points, while Lesly Floyd had 21 and Tevin Senne scored 18. Floyd sank five three-pointers for the second consecutive game. Senne had three. Others Scoring for Brackett were: John Hernandez, six points; W.T. Hunt, four points; Peter Perez, three points; and Steve Clementz, two points.

Gilbert Innocencio led Lytle with 27 points, while Brandon Mullins had 22 and Juan Garcia made 11. Brad Bates scored eight, Phillip Ramos had five, Henry Siller contributed four, Clint Collins sank a three-pointer, and Emilio Reyes added two points.

W. T. Hunt scored 8 points against Natalia last Tuesday. You might call the game against Natalia "The Battle of the Three Pointers."

JV's VS Eagle Pass

The J.V. Tigers hosted the Eagle Pass 9th graders last Friday. Brackett fought hard until the final buzzer, but fell 35-42.

J. J. Sandoval and Lynn Floyd both hit three points in the first period to get the team's adrenalin flowing. Eagle Pass overcame Brackett's outside shooting, to grab a 12-11 lead after the first eight minutes. The Tigers held on in the second period to outscore the Eagles by one basket for a 22-21 halftime lead.

The third period was

evenly matched up, but the final stanza became the deciding factor.

The two teams were tied up at 29-29 going into the last quarter, but Eagle Pass outscored the Tigers 13-6 for the victory.

Floyd and Sandoval both sank two three-pointers each during regulation. Floyd led Brackett in scoring with 14 points, while Sandoval and Lenny Wardlaw both made 8. Jesse Terrazas and Isauro Rivas added two apiece, and Gabriel Flores added a free throw.

Floyd Led Scoring in Game Against Rocksprings

The Junior Varsity Tigers are 3-6 on the season after a busy week of action highlighted by a second place finish at the Rock-springs junior Varsity Tournament.

Brackett opened the Tourney against El Dorado. Coach Ken Campbell's Tigers were victorious 42-39.

The Tigers had a 13 point advantage with a 37-24 lead after the first three periods.

El Dorado outscored Brackett 15-5 in the final stanza, but the Tigers held on for a spot in the championship game.

Lynn Floyd and J. J. Sandoval both scored in double-figures to lead Brackett. Floyd had 13 while Sandoval made 10. Lenny Wardlaw contributed nine points, while Jesse Terrazas and Victor Sanchez both scored four points, and Isauro Rivas added two points.

The Tigers faced the hometown Angoras in the championship game. Rocksprings captured first place with a 47-35 victory.

Floyd, once again, led Brackett in scoring with 14 points. Others contributing were: J. J. Sandoval and Isauro Rivas, Eight points each; Lenny Wardlaw, three points; and David Durrrough, two points.

Lady Bulldogs of La Pryor hold First Place

The Lady Bulldogs of La Pryor currently maintain first place honors in the girls district 29-AA standings. La Pryor (5-1) only has a half-game lead over Brackett and Lytle, who are tied for second at 5-2.

The Tigerettes will travel to La Pryor on Friday. If Brackett is successful, they'll move into first place.

The Lackland Eagles defeated Dilley 56-48 on Tuesday to up their record to 6-0. The battle in the boys division is for the runner-up spot. Dilley, La Pryor, and Lytle are currently tied for second with 3-3 records. Asherton (2-3) is a half-game behind, while Brackett is a full-game behind at 2-4.

The hermit crab's home is an empty sea snail shell. When the crab grows too big for the shell, it hunts for a larger one.

Steve Clementz earns First Team All-District Honors

For the first time in 22 years, Brackett has been represented by an All-State athlete. In 1968, Roy Goodloe earned a place on the All-State football team as a defensive back.

Oh, in case you haven't heard, Steve Clementz was recently named to the Texas Sportswriters Association All-State football team.

The 5 foot 4 inch, 190 pound running back is a senior at

Brackett High School.

Steve earned first-team All-District honors and was also named to the All-Southwest Texas football team.

Steve also set the all-time rushing record at Brackett High as he ran for 1,261 yards his senior season. He also scored 86 points, including twelve touchdowns and seven two-point conversions.

Steve is the son of Mark and Rachel Clementz.

Library News

The Library has received a film entitled Victims...all Victims produced by the Texas College of Probate Judges and the Texas Young Lawyers Association. This is a law related educational film about the consequences of driving while intoxicated. This film is twenty two minutes long and is available for check out for any group who might want to use it. We are holding a box of books for our troops which is ready to be sent, but we will wait until the situation stabilizes so that we can insure the books are properly used and do not contribute to the confusion existing over there at this time.

The Friends of the Library met at the Library on Tuesday-January 15th. There were fourteen members present. The following officers were elected: President-Molly Schroeder, First Vice President-Thelma Adams, Second Vice President-Ms. Charles Wilson, Secretary-Mary Dorothy Frank, and Treasurer-Earlene Thurber. It was decided that the next regular business meeting would be held on Monday March 4th at 7:00 p.m. when Director of the State Library System, Bill Gooch, will be guest speaker. Become a Friend of the

Library! It only costs \$2.00 and we need your support. Help us make the Kinney County Library the best, not only in Kinney County but the best in the entire area.

Donations of two movie videos were made by Ms. Joan Keady. We have received donated books from Beth Ann Smith and Mr. & Mrs. Glen Seaver, Jr. (Mr. Seaver's books were large prints by Jean Auel). Ms. Jewel Robinson has graciously allowed your Library to display framed copies of the Declaration of Independence, the Story of the Lost Copy of the Declaration, a pictorial/historical map of Texas and a historical travel guide map for several surrounding counties. We invite you to come see these additions to our Library. We are remiss in extending our thanks to the Fort Clark Arts Association for allowing the Library to Display the works of a local artist each month. The first month, Ms. Iola "Jonesie" Jones' work was displayed. This month, Ms. Liz Perkins' work is on display. We invite you to come in and see these beautiful works of art. Come visit the friendliest, warmest little Library in Kinney County!!

BETSY'S WEDDING

Like Parenthood and Moonstruck, Betsy's Wedding is a funny, feelgood movie about a wonderfully eccentric family and their hilarious trials and tribulations--it's about everything but their daughter's wedding! Anything can and does happen when the funky bride-to-be casually announces her engagement, setting off a series of crazy events, including accidental meetings with

the mob, oddball romances and riotous revenge schemes! Betsy's Wedding is the perfect comedy hit, featuring an all-star cast and an irreverent story filled with all the warmth, wackiness and humor you won't want to miss!

ANOTHER 48 HOURS

Here they go again. Only faster. And tougher. Reggie Hammond (Eddie Murphy) and Jack Cates (Nick Nolte) return in

the smash sequel that's "better than the first!" (Pat Collings, WWOR-TV).

How much better? For starters, the mob puts a price on Reggie's head. The bus transporting him from the pen flips over about 17 times. His prized Porsche is blown into scrap metal.

Creeps in a bar still haven't learned it's dumb to get Reggie mad. And the night is still young. Before these 48 hours are up, Reggie and Jack will turn San Francisco inside out to nail an elusive druglord. The boys are back in town...and the action's on the streets. Don't miss it!

Between Us By: Joe Townsend

Martin Luther King has again been "memorialized." The tax payers have been fleeced of many millions of dollars paying for workers who did no work and yet were paid. Arizona is being painted as a villain state and held to open scorn because the people of the State voted not to have a holiday because of the cost. In Texas, the people had no choice, the legislature made the determination. There can't be a holiday for Booker T. Washington who truly made contribution to America and the Negro race. No more a "Lincoln's Birthday" for the man who brought an end to slavery. But a great hullabaloo for Martin Luther King. Somewhere things have lost any logic or proper perspective. Every vestige of support for the "Martin Luther King" day I saw was a "peace" rally - against the war in which America is engaged. Even Mrs. King, given a platform in a Baptist Church, condemned the war.

Every condemnation of the war or demand for "peace" was coupled with a demand for "jobs," "education" etc. A proper translation would be, "give us money - money - money. Let us spend it the way we want, but let the world be controlled by thugs like Hussein, but give us money." There is no evidence of a desire to assume responsibility for education, jobs, welfare, etc., only demands for "gimme." There is no clearer demonstration of the thoughts of the leaders of the movement. Regardless of ones feelings about the merit of the war, any person in America who now opposes the American forces proves himself to be one with the enemy. There is no middle ground. Those who are not for the U.S. effort are against it and prove themselves enemies of the Land of the Free and the Home of the Brave. If they think the U.S. is so wrong, give them a one way ticket to Iraq. They fit more in the pattern of that nation.

Brackett ISD Trustees To Consider Construction Plans

Brackett Independent School District Board of Trustees will hold a special meeting on Thursday, January 31, 1991 to consider various construction projects that are necessary to upgrade the district classroom facilities. The Board will hear a report on the district's financial condition from Mr. Floyd Westerman of Southwest Securities. Mr. Westerman has been the financial advisor for the district for the past fifteen years.

In addition to the report on financial condition and bond rating, the Board will meet with Don Edward Legge of Salado to consider a proposal for architect

services.

The expanding elementary school population and the 1:22 teacher/student ratio has forced the Board to consider constructing additional classrooms for the 1991-92 school year. In addition, the Board is going to discuss the possibility of renovating Jones Elementary and removing the old portable buildings currently in use as classrooms and teacher work-rooms.

The Board of Trustees actively seeks community input and interested parties are invited to attend. The meeting will be held at 6:30 p.m. in the Board Room at the Central Office on Ann Street.

The average 18-month-old little girl will be just about twice as tall and five times as heavy at the age of 18.

The Signs Of The Times

Why is the United States involved in this present crisis with Iraq? The answer is very clear. We, as a nation, have sinned against God! Yes, a nation can sin, and God holds us responsible as a nation because we have called ourselves a "Christian People."

We are so "Christ-like" that we have made the mothers womb the most unsafe place in America, with over 30 million babies murdered before birth. Think of it, since abortion was legalized in 1972, we have killed over 30 million babies, and God saw every one!

Our children worship rock groups who scream proudly about their god, Satan. We are the first society to openly worship Satan since the beginning of man. Our churches quietly meet on Sunday morning and hear a little sweet message, give a dollar if necessary, and walk out thinking they have done God a favor. American Christianity is not fooling God!

Yes, America has sinned against God, but the most alarming thing is that we are not on our knees asking God to forgive us for being phonies. We should be fasting and praying for the safety of our young men at war.

I feel that America's "pride" is soon to be broken! For you see, there is a penalty for a sinful nation that claims they know God, but rejects his commandments. "But if you will not hearken unto me, and will not do all these commandments: And if you shall abhor my judgments, so that you break my covenant: I will do this to you; I WILL BREAK THE PRIDE OF YOUR POWER; and I will make heaven as brass: And your strength shall be spent in vain. (Lev. 26:14-20)

Very clearly, God says he will break our pride and shut heaven to our prayers, and our military strength will be spent in vain. Our only hope of salvation is given in II Chronicles 7:14-

"If my people, which are called by my name, shall humble themselves, and pray, and seek my face, and turn from their wicked ways; then will I hear from heaven, and will forgive their sin, and will heal their land."

A servant in Christ,

Fort Clark Hosted Elderhostel Group From Around The United States

Fort Clark Springs hosted its biggest Elderhostel group thus far this week. Thirty-nine participants from around the United States gathered at Fort Clark Springs to study birding in Southwest Texas, Movie making and History.

Don Swanson, curator,

pictured above, gives the Elderhostel the grand tour of the Fort Clark Museum.

Fort Clark will be hosting its fourth Elderhostel program in February. The group will again be studying birding, moving making and history.

Heroes Of Medicine

Researcher Honored

Vernon R. Young, Ph.D, D.Sc., director of research of the Shriners Burns Institute in Boston, was elected to membership in the prestigious National Academy of Sciences. He was also awarded the J. Arthur Rank Prize by the Royal Society of London. Young, who is only the fourth U.S. scientist to receive this coveted award, also recently as-

sumed the presidency of the American Institute of Nutrition.

In addition to his post at the Shriners Hospital, Young serves as professor of nutritional biochemistry at the School of Science and Clinical Research at the Massachusetts Institute of Technology. He was recently honored at a meeting of the Shrine's Boards of Directors and Trustees.

Transamerican Diagnostic Area Mammography Service Accredited by American College of Radiology

The Mobile Breast Cancer Detection Unit of Odessa, Texas, which services Brackettville, Texas today received the certification of the American College of Radiology Mammography Accreditation Program.

Mammography is an x-ray examination of the breast, which the American Cancer Society and other medical experts see as the best means for the early detection of breast cancer.

The program is voluntary and is designed to insure that women receive optimum quality mammographic examinations. The process is done through a peer review evaluation of the facility's staff qualifications, equipment, quality control and quality assurance programs, image quality, and breast dose. The accreditation must be renewed every three years.

The accreditation program was instituted because of the concerns of radiologist, other national medical organization, and the public that qualified personnel perform and interpret mammograms and mammograms and that dedicated mammographic equipment be used. The American College of Radiology received an American Cancer Society Control Grant which was used to pilot test the Accreditation Program.

Breast cancer will strike one in 10 American women. The American Cancer Society predicts that about 41,000 women will die of breast cancer this year. As there is no way to prevent the disease, early detection and treatment offer the greatest hope of survival.

The American Cancer Society recommends that women do monthly breast self-exams and have regular physical breast exams

by a doctor. It further recommends mammography on the following schedule:

A baseline mammogram (for reference) between age 35 and 39.

A mammogram every one or two years between age 40 and 49.

An annual mammogram from age 50.

The Breast Cancer Detection Unit will be Brackettville, Texas on Wednesday, January 30th. You may call 563-2434 for an appointment.

and prevent unnecessary deaths, a mobile breast cancer detection unit will be made available to local women. On Wednesday, January 30th, the mobile unit will be parked at United Medical Clinic, 201 James Street, Brackettville, Tx. Appointments may be made by calling 563-2434.

For more information you may call the Regional Breast Care Center at Women's & Children's Hospital at (915) 334-8888/561-9999.

Nationwide Search

The Second (Indian Head) Division Association is currently conducting a nationwide search for anyone (male or female) who ever served in the Second Infantry Division.

A 70th annual reunion is planned for July 17-20, 1991 in Omaha, Nebraska. For additional information about the reunion and the Association contact the National Secretary, Bill Creech, P.O. Box 460, Buda, Texas 78610.

UNITED MEDICAL CLINIC TO SPONSOR BREAST CANCER DETECTION UNIT

According to the American Cancer Society, one out of every ten women in the United States will develop breast cancer sometime during her lifetime. Every year over 37,000 women die as a result of breast cancer.

According to a spokesman from the Regional Breast Care Center at Women's & Children's Hospital in Odessa, Texas "The death rate from breast cancer could be drastically reduced if women would have mammograms done before a problem exists." By using modern state of the art e-ray equipment, breast cancers can be found when they are about the size of a grain of rice and well before the cancer can be felt. A woman who is diagnosed with breast cancer at this early stage has a 90%-97% survival rate. However, a woman who is not diagnosed until a lump can be felt has approximately a 50% survival rate in five years.

In an effort to find cancers at the earliest possible stage

New Contact Lens Offers New Hope For Astigmatism

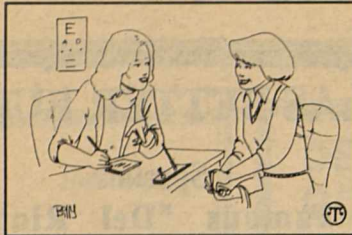

Triumphs in computer technology may bring a whole new outlook on life to many people with vision problems.

Not so long ago, people with astigmatism—an irregularity in the shape of the cornea which results in blurred or distorted vision at all distances—or sensitive eyes were hard to fit with contact lenses. Many had to wear glasses and miss out on the improved vision and cosmetic benefits contact lenses offer.

Fortunately, a unique new contact lens called Envision™ now offers new hope to the 15 million Americans who have been unsuccessful with contact lenses or discouraged from wearing them. To develop this patented contact lens design, highly sophisticated computer technology was used to precisely analyze the shape and topography of the cornea.

The result: a custom-made, custom-fitted lens that offers crisp clear vision generally unmatched by soft contact lenses.

Envision, marketed by Polymer Technology Corporation, is made from an oxygen permeable material. That means it lets a lot of oxygen reach the cornea, so the eye

New kinds of contact lenses can mean better vision for more than 15 million Americans who've been previously unsuccessful with contacts.

can breathe. It also compensates for the irregular curvature of the cornea that characterizes astigmatism. Standard soft contact lenses do not have this ability, as they conform to the irregularity, rather than compensate for it.

Another advantage of Envision lenses is they're easier and less expensive to care for than soft lenses. With proper care, they can easily last 2-3 years—at least twice as long as soft lenses.

Do you have more questions about these new contact lenses? Visit your eye care professional to see if they could be the right kind of vision correction for you.

Goodness Gracious It's Good

Cold Weekend Mornings Call for Griddlecakes

During the harsh winter weather, the best way to warm the hearts and souls of family members on a weekend morning is to serve piping hot blueberry griddlecakes.

Griddlecakes are a snap to make with a blueberry muffin mix that is packaged with cans of real blueberries. The tender blueberries flavor the pancakes and the reserved juice makes a delicious blueberry syrup.

Simply mix the reserved blueberry juice with some orange juice, stir in a little cornstarch and a spoonful or two of sugar and you'll have a rich blueberry orange syrup that the family will love.

Blueberry syrup is not the only kind that can replace the standard maple flavored syrup on pancakes. Most fruit juices can be thickened with a little cornstarch and sweetened with a bit of sugar for a delightful and different pancake topper. Create your own concoctions by combining favorite fruit juices.

Double Blueberry Griddlecakes with Blueberry Syrup
1 package (16.4 ounces) Martha White Double Blueberry or Double Blueberry Multi-Grain Muffin Mix
1 cup milk
1 egg, lightly beaten
1 tablespoon oil
Orange juice, about ½ cup
1 tablespoon sugar (optional)
2 teaspoons cornstarch

Drain both cans of blueberries; reserve and set aside. Combine muffin mix, milk, egg and oil in medium mixing bowl. Stir just until blended. Gently fold in blueberries. Pour batter onto preheated lightly greased griddle (about 325 °F), using about ¼ cup batter for each pancake. Brown on one side. Turn when tops are covered with bubbles and edges begin to look dry.

Brown on other side. If batter thickens, stir in small amount of milk.

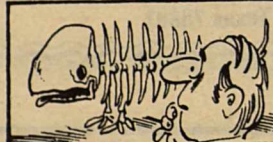

To make the syrup, in glass measuring cup, combine reserved blueberry juice and enough orange juice to make one cup liquid. Stir in sugar, if desired, and cornstarch until smooth. Cook in small saucepan over medium heat until mixture comes to a boil, stirring constantly. Boil for 1 minute. Serve with pancakes. Makes about 12 four-inch pancakes and 1 cup syrup.

NOTE: Recipe may be prepared with one package (16.4 ounces) Martha White Double Blueberry Oat Bran Muffin Mix by increasing the milk to 1¼ cups.

Reflections

By Rev. Preston Taylor
First Baptist Church

How many "gods" do you have? A person may be a "polytheist" without really knowing it. That is, you and I may be dedicated to many "gods" of this world or age.

Whatever has become number one priority in life has become our "god." If we have

replaced the Eternal Lord with other interests, those "things" automatically become our gods.

Pleasure is the god of many people. If we chase the temporary, fleeting joys of life with the thought that we can hold on to them, we're in for a rude awakening. The momentary thrills

and passions explode and evaporate like soap bubbles. Sin does offer a momentary pleasure, but the extended shadow and result of sin is devastating. David, a man after God's own heart, sinned; but then, he faced the agony of that sin the rest of his life.

Intellectualism may be a person's "god." Of course, we want to study, to learn. I regret that more than one half of my mortal life is over and so much more needs to be learned. Hence, we don't say that it's wrong to be knowledgeable. The folly and stupidity shows up when we expel the Living Lord from life and believe that learning says to us that we no longer need God. No person can wisely get along without the infinite, omniscient Lord.

Materialism becomes the "god" of many people. Now God created all things. That is, He is the origin of life. He spoke and brought the universe into existence. God does not hate silver and land and cattle and oil fields and houses. God created the material universe. Man's big mistake is that he often lets "things" take the place of God. We can't take the automobiles nor ten thousand acres of land with us when we die. No mortician has ever been able to cram a man's possessions into the casket with him for the funeral service. Then why should one be so moronic as to think the tangible, touchable

goods of life will help us when we die?

Jesus tells us in the Sermon on the Mount that we are to seek first the kingdom of God and His righteousness. He goes on to say that when we put God first as the Lord of life that the necessities of life will be provided.

The Lord of the universe is alive and well even when the Mid-East Persian Gulf War blazes on. God does not run around in His universe wondering what to do next; He doesn't have to reach for extra-strength Excedrin to calm a headache. The upheavals of life don't disturb our all-sufficient God. He is adequate for everyone of us. Will we let the Lord be number one in our lives?

DAN SHI TO DO GOSPEL CONCERT

The First Baptist Church invites the public to hear Dan Shi in a 45 minute Gospel Concert on this coming Sunday night at six o'clock.

Dan has performed in various area Churches as well as at Alamo Village for one year. He has also appeared at functions at Ft. Clark Springs.

The public is invited to hear this talented musician at First Baptist on this coming Sunday at 6:00 p.m. A love offering will be received at the conclusion of this special Gospel Concert.

Sunshine Garden News

This time of year, everyone starts looking forward to spring, a time of growth and renewal. A little work now can really make a difference to your yard and garden this spring.

Plant debris from last fall tilled under or removed to the compost pile will help prevent disease and other problems. Speaking of compost, this and other organic material tilled in the soil now will be just right for spring planting.

Your trees, roses and other shrubs should be pruned now. Removal of dead limbs and re-shaping will assure good production this spring. Spraying with dormant oil will help eliminate many over-wintering pests. This light viscosity oil is highly recommended for the gardener trying to go organic. Some items also need to be sprayed with a fungicide.

Remember - trees and shrubs planted while dormant will not suffer from transplant shock.

HAPPY GARDENING!

Internal Parasites Rancher Meeting

Please excuse the misprint in last weeks article, it should have read as follows:

INTERNAL PARASITES RANCHER MEETING:

On February 5, 1991, there will be an internal parasites rancher meeting on the Dan Davis ranch east of Brackettville. Ranchers from Kinney and Uvalde counties may attend a very informative program on internal parasite control. A barbeque meal will be provided by the Hoechst-Roussel Agri-Vet Company. All county ranchers should be receiving a letter with more details soon.

Bill and Sara Morse splashing to the finish of an 8 mile Dallas YMCA Turkey Trot on Thanksgiving Morn. "Anyone recognize 'em?"

Letter To The Editor

Ms. Slubar & staff:

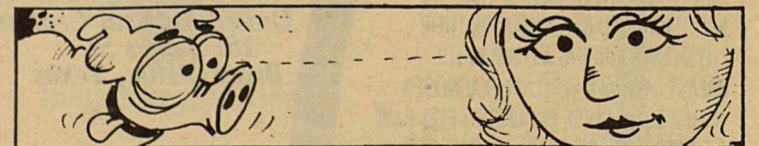

Before Sara and her sister (Rachel) began cooking Thanksgiving Dinner in Arlington (at Sara's U.T. Arlington apartment), she and I worked up a hearty appetite competing in the 8 mile YMCA Turkey Trot in Dallas. Dad continues to be "so proud!"

Sara continues to pursue her nursing education (4 A's & 1 B in her college courses this past semester) through her generous Army ROTC Scholarship while working at a part-time gas/conven-

ience store job.

She was thrilled that you published her R.O.T.C. Award photo last June 1. Here's a photo you may want also to consider worthy of your Cavalryman pages. Thank you for serving the area with a great forum for news, events, viewpoints and controversy. I enjoy this community - it's one of the few places that retain the American Spirit at its best. Thanks

CHUCKLE CORNER

"IT'S NOTHING, DEAR... I MADE HIM DIP EVERY ARROW HEAD IN IODINE!"

BELVEDERE

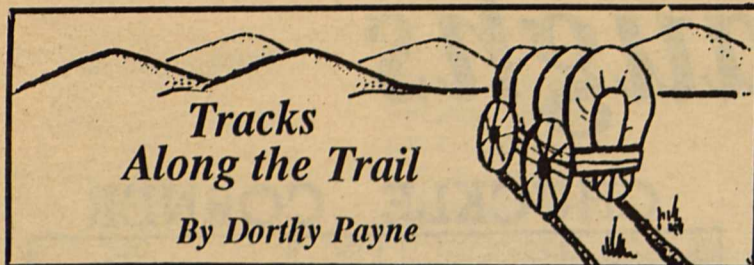

by George Grenshaw

"LAZIEST WATCH DOG ON THE BLOCK!"

"I TAKE IT YOU FOLKS DON'T SMOKE."

Jacob S. Coxey was a laborer turned businessman who felt bad about the problems of the unemployed during the depression of 1894.

He had a plan and wanted the government to spend millions of dollars to employ men for the country's highway construction.

On Easter Sunday he left Massillon, Ohio at the head of a hundred men. Other groups were also gearing up to march on Washington. The most notable of these industrial armies was led by "General Kelly" and started from San Francisco.

The "armies" were getting free train rides and meals on their way east. Among the followers of "General Kelly" was young Jack London.

There were other armies including the "Montana Commune"; one from Sacramento, California led by John Shuler, another from Sacramento, California led by a woman, Anna Smith.

As these armies traveled eastward they met hostility from

some communities. Sometimes the National Guard and other United States Army units were called out to keep them in line.

May 1, 1894, Jacob Coxey lead his "industrial army" on a parade down Pennsylvania Avenue in Washington, D.C. - but he only had 500 men instead of his hoped for 100,000. Coxey was arrested for trespassing on the lawn of the Capitol and his "army" just gradually drifted away. Meanwhile some of the other armies were still coming. On May 9, 1894, Kelly's army made it as far as Des Moines, Iowa, and there the citizens helped them to build boats. They moved down river and finally got as far as Quincy, Illinois. There they also gradually drifted away. Jack London hopped a freight to Chicago. Kelly and a few members of his army made it to Washington.

The term "Coxey's Army" became a part of our language, meaning a man enticing a group of other men to follow him in his endeavors.

Word Studies

By Ron Curry

"And God created man in His own image, in the image of God He created him; male and female He created them" (Gen. 1:27). These verses in Genesis about man being created in the image of God have caused much consternation among Bible students through the centuries, because the Bible doesn't explain what is meant by the term, "created in the image of God." Christ Himself said, "God is spirit, and those who worship Him must worship in spirit and truth" (John 4:24). Scripture uses many anthropomorphisms (manforms) in describing God ("...I will uphold thee with the right hand of my righteous-

ness," "...Noah found grace in the eyes of the Lord," etc.); anthropomorphisms (man-emotions) are also attributed to God ("...anger of the Lord was kindled against..." , "...but the wrath of God abideth on him..."). However, since God is neither anthropomorphic nor anthropopathic, these terms are used in scripture so that man will get the point of the message. Scripture ascribes human attributes to God so that man will understand what God wants man to know.

Since the Bible does not explain what it means to be created in the "image of God," we are forced to speculate as to its

meaning, and the best "speculation" I have heard is that God created man with three "reflections" of God's attributes: 1) Self Consciousness--"I think, therefore I exist;" 2) Moral Reasoning--"I ought;" 3) Self Determination--"I will." Notice also the context in Genesis when man was created. God had finished recreating the

earth to make it habitable for plant and animal life (Gen. 1:1-19); He then re-created plant and animal life (Gen. 1:11-25). But in Gen. 1:26 God created a new specie of animal life called "man", gave man three images or reflections of His attributes, and ordained that man rule over all other species of animals on the earth. Elsewhere

in scripture, God has revealed a little to us about another group of created beings, called "angels," and while vastly superior to man in terms of power, ability, intellect, etc., angels also appear to have been created with these same three reflections of God's attributes.

Old Army Days

By: Wallace Morgan

Fort Clark, Texas, August 1944. The Post Officer's Club as it appeared at this time. The Las Moras Restaurant and Bar now occupy this building. Try to picture in your mind, of times past, during the days of soldiers wearing blue wool uniforms, and

of the dances that the officers attended in this building. The Post band would have been playing the waltzes and other dances and officers and their ladies would have been swirling around on the dance floor. This must have been the greatest of enjoyment, at this far western post.

Officer's Club, "Officer's Open Mess" which is the military term, are still a valuable part of

any military post of any size. Some of the smaller military posts, or bases, have consolidated their Officer's clubs with the Noncommissioned Officer's clubs, due to the small post or base population, and cuts in government funding. Normally both clubs that have been consolidated would be in the same building, using the same kitchen, but still apart such as a duplex type building.

The Bible Says

By Joe Townsend

"Every word of God proves true; He is a shield to those who take refuge in Him. Do not add to his words, lest He rebuke, and you be found a liar."

Many people claim to believe and accept the Bible and yet by their lives and actions deny much of it. This Scripture emphasizes that every word is true. Every principle is right, every law is binding. There are those who add to the teachings and words of the Bible to suit their own biased ideas. We can safely rest on anything the Bible says. We invite God's judgment on ourselves when we attribute to God and the Bible what God's word does not say. "Every word of God proves true."

TEXAS SENATE WEEK IN REVIEW

TO THE EDITOR:

We're back!

Texas Senate Week in Review, a brief news report from the Texas Senate summarizing the week's legislative action in committees and on the Senate floor, is available again for the regular session of the 72nd Legislature. The first report is enclosed.

As you know, the 72nd Legislature convened Tuesday, January 8.

This free, nonpartisan report will be sent to you weekly during the regular session and also during any special sessions that are called this year.

The Texas Senate Review

will also be available daily on a pre-recorded radio hotline. A new tape, summarizing each day's Senate action, will be available at 5:00 p.m. The toll-free number for this hotline is 1-800-255-NEWS.

The radio report is also available weekly in Spanish from 5:00 p.m. Thursday to 8:00 a.m. Monday on a 24-hour basis. The Spanish toll-free hotline number is 1-800-3-NUEVAS.

Please feel free to call these numbers during the available hours to update the weekly mail-out.

Blood Drive For Tony Rose, Jr.

The blood drive for Tony Rose, Jr. that was held January 17, 1991 was one of the most successful drives ever in Brackettville. Seventy-three units were drawn from over eighty people who came as donors. Tony Rose, Jr. was credited with the blood, and the blood was immediately ship to the Middle East for use by our military if necessary.

Tony still needs about 125 more units of blood credited to his name. The Brackett High School Student Council will hold another blood drive in May, and anyone who is able to give March 7, 1991 at the Val Verde Memorial Hospital may give in the name of Anthony Rose: UTMB-John Sealy.

The Rose family has expressed their deepest appreciation to all donors who gave so willingly and reports that as of January 21, 1991 Tony is improving and may be reached at the following address:

Anthony Rose
UTMB-John Sealy
301 University Blvd.
8A Room 6
Galveston, Texas 77550

Special thanks from the Rose Family to the First Baptist Church, Southwest Regional Blood Bank, Clay Hunt, Shelley McDaniel, David Seargeant, Becky Felker and her food crew, and everyone who gave so willingly of their time.

Zaffirini To Chair Subcommittee On Health Services

Sen. Judith Zaffirini, D-Laredo, Wednesday (Jan. 16) was appointed as Chair of the Senate Subcommittee on Health Services.

Lt. Gov. Bob Bullock also appointed Zaffirini to the Senate committee on Education, Health and Human Services, and Natural Resources and the Subcommittee on Water.

"I am delighted with these appointments because they reflect my legislative priorities of championing education, preserving the family and protecting our environment," Sen. Zaffirini said. "Particularly pleasing is my appointment as chair of the Subcommittee on Health Services."

The senator said Lt. Gov. Bullock names her to exactly the

four committees she requested. "These are the committees in which my constituents are most interested," she explained. "My appointments place me in key positions to address the greatest needs and interests of our district."

As chair of this subcommittee, Sen. Zaffirini will play a leadership role in addressing many of the critical issues facing this state, ranging from finding solutions to affordable health insurance to addressing the problems in the state's mental health and mental retardation system.

She recently was sworn-in for her second term in the Texas Senate, representing the 20-county Senatorial District 21.

Pena Colorado History

The Fort Clark Historical Society has scheduled Mr. Richard Thompson, author, lecturer, and curator of Del Rio's Whitehead Museum, to speak at the Sabre Room, Fort Clark Springs at 10:00 a.m., Saturday, January 26 on Pena Colorado's place in early Texas history.

Mr. Thompson, the author of "Crossing the Border with the 4th Cavalry" has researched and toured historic sites in Texas for several years and is considered one of Texas' outstanding historians.

Everyone is welcome to attend the meeting.

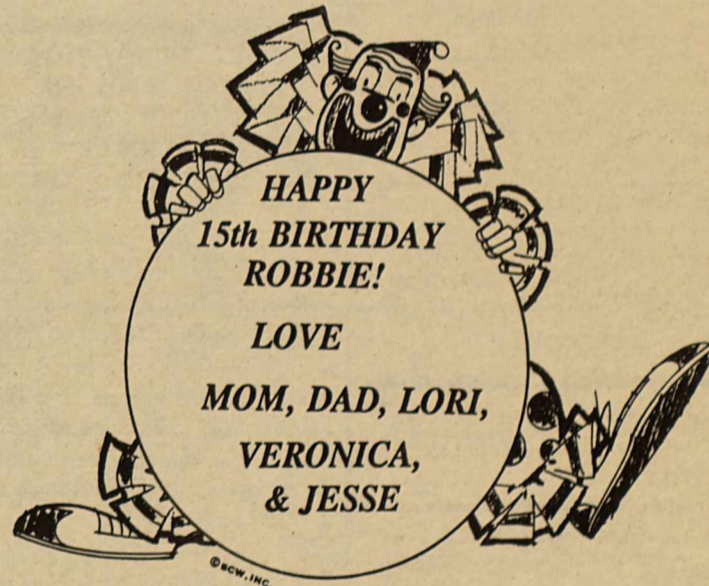

Ruby Pena Unsung Hero

By Joe Townsend

There's a very fine and lovely lady here who is well liked by all who know her. She and her husband reared a fine family. She lost one son by accident while in Military Service. The finest tribute to her are her children who are very fine people. She is very

faithful to her church and is a woman of highest principles. She is warm hearted and sweet spirited, kind and generous to all who know her. To know her is to be blessed. Surely Ruby (Mrs. Tano) Pena is an "UNsung HERO".
