Muleshoe Youths Helps Beautify Muleshoe

The members of Leadership Muleshoe spent Saturday afternoon on a worthwhile project in support of October as "Beautify Muleshoe Month". These young people cleaned up the lot that sits between Western Drug and the Fair Store on Main Street.

With rakes, hoes, and manpower--they greatly improved the looks of the lot that was full of weeds and trash. Their work helped to give Main Street "face lift".

This project fulfilled two of the worthwhile goals of Leadership Muleshoe--the youth organization of the Chamber of Commerce and Agriculture.

These goals are: (1) To develop leadership skills, communication skills, and human relation skills through participation in community service projects and

Glaucoma Leading Cause Of Blindness

"Glaucoma is the leading cause of blindness," said Amy Fox, in speaking to the Rotary Club at noon Tuesday. "In Texas alone, seven people a day lose their sight."

Ms. Fox and Lynn Garcia, who work with the Texas Society To Prevent Blindness, spoke to the Rotarians and showed a film entitled "Prevent Blindness". Ms.

Fox and Ms. Garcia represents 28 counties, offering free glaucoma testing and Pre-school testing. They screen five and six year-olds for lazy eye or crossed eyes. Ms. Fox stated that if lazy eye wasn't caught by the time a child was five or six years old, it was to late, damage had already been done. One out of every 20 children have lazy eye or crossed eyes.

According to the film glaucoma is painless and can go undetected, causing blindness, if you don't have regular check-ups. By the time people notice changes in their vision, glaucoma has already caused permanent damage. But if glaucoma is diagnosed in its earliest stages, it is usually a readily treated condition.

Glaucoma destroys your healthy vision by damaging the optic nerve at the back of your eye. The optic nerve is what sends information from your eyes to your brain, telling it what you are seeing.

Ms. Fox explained that everyone should be tested for glaucoma at least every two years and those in high risk groups should be tested each year. She stated that if you are 65 or over, diabetic, taking long term steroids or if there is a history

of glaucoma in your family you are high risk.

Ms. Garcia tested any Rotarian or visitor for glaucoma, using a hand held monitor. The test was painless and each of those taking the test were advised as to when they should be tested again. A testing of 20 or under is considered normal.

Another item that was discussed was eye protection in the workplace and in sports. Half of the blindness could be prevented if eye protection was used in industry and agriculture.

"We want each of you to acquire good vision and maintain it, it has to last a lifetime." During a question and answer time, one to the questions asked was how many people in the Panhandle are blind. "I'm really not sure, but there are 2200 legally blind in Texas."

When asked if they found much blindness in the schools. They stated that they really didn't go into the schools that much, that is usually taken care of by the school nurse. They work more with preschoolers.

Lazbuddie Defeats Jesus Chapel 78-28

In six man football action Friday night the Lazbuddie Longhorns defeated the Jesus Chapel Chargers 78 to 28.

Lazbuddie's quarterback Brett Thomas and backs Mario Zamora and Jonas Hernandez led the Longhorn's scoring spree, defusing the El Paso Jesus Chapel Chargers.

Thomas, a junior, connected for three touchdowns in the air and 91 passing yards. Senior Zamora ran for 110 yards on eight carries and scored twice and Hernandez gained 19 yards on 11 carries.

The game was called by the 45-point ruling.

Zamora scored on a one yard run and the kick failed.

Brockman scored on a 19 yard pass from Thomas and again the kick failed.

Cosby made it into the endzone on a five yard pass from Thomas. Brockman kicked the extra point.

Zamora scored again on a 11 yard pass from Thomas and the kick failed.

Bomer scored on a 15 yard pass from Zamora and the kick after was no good.

Cosby ran two yards for a touchdown and Brockman's point after kick was good.

Jesus Chapel made the next two touchdowns when Kager scored on a 36 yard pass from Portillo and the kick was good. Portillo ran three yards for another touchdown and the kick failed.

Zamora ran two yards giving Lazbuddie another touchdown and the point after kick was good.

Brockman kicked a 34 yard field goal adding to the Lazbuddie Longhorn's score.

The Chargers scored again on a three yard run by Carroll and the kick failed.

Lazbuddie scored two more times, once on a 32 yard run by Miller and the kick failed, and again on a four yard run by Johnson, again the kick after failed.

Crop Insurance Requirements For Disaster Payments

Producers applying for U.S. Department of Agriculture disaster payments under Phase II and Phase III of the Disaster Assistance Program will be able to receive payments in a more timely manner.

President George Bush had the USDA extend the disaster sign-up and ensure that producers who qualify for benefits under Phase II and Phase III of the Disaster Assistance Program will receive a payment rate of 50.04 percent of the payments for crop losses approved for coverage.

U.S. Senator Phil Gramm said, "This streamlined approach will immediately provide funds for losses suffered in recent years. This will enable producers to meet current obligations and prepare for the new crop year. The continued stability of agriculture is important to every American."

The Agricultural Stabilization and Conservation Service is extending the period for producers to file for benefits under Phase II of the program to Feb. 12, 1993, for those crops planted in 1991 for harvest in 1992. The original deadline was Oct. 2.

Payments of benefits up to 50.04 percent will be made to producers as soon as they have furnished the required documentation and the application is approved by their local ASCS Committee.

The extended sign-up period does not change the requirement for producers to purchase crop

insurance on the same crop for 1993 if this year's crop loss was more than 65 percent, as required by the 1990 farm bill. The extension gives producers adequate time to file their claims under the disaster program.

Jerry D. Harris, chairman of the Texas State ASC Committee said "Today's announcement shows this Administration's desire to improve program delivery and help American agriculture. This will help eliminate hardships on family farms caused by 1992 crop losses and add stability to Texas agriculture."

The payment rate is the same used to determine disaster payments under USDA's 1990-1991 disaster program announced April 13. Applications will be processed and checks mailed to qualifying producers as soon as possible. Producers desiring more information on the Disaster Assistance Program should contact their local office of the Agricultural Stabilization and Conservation Service.

Producers applying for U.S. Department of Agriculture disaster payments for 1992 crop losses must purchase crop insurance on the same crop for 1993 if this year's loss was more than 65 percent, as required by the 1990 farm bill.

Producers cannot avoid insurance simply by delaying application for disaster payments. In addition, they must certify they understand that failure to pay the required crop insurance premiums will mean forfeiture of disaster payments.

The Federal Crop Insurance corporation is extending closing dates for insurance sales on some commodities, said James Cason, FCIC administrator.

Cason announced Thursday that sales' closing dates for wheat, barley, oats, rye, nursery crops,

Murine Hooten reported that 54 gifts have been given to the Foundation this year in the form of memorials or honorariums. Everyone is encouraged to remember the Heritage Foundation when giving such gifts. Each gift is acknowledged with an appropriate card.

"The SCAC Group and the Leadership Muleshoe Group are always appreciated for their hours of work and money donations which are so generously given to help preserve our Bailey County Heritage," said a spokesperson for the group.

A detailed progress report on Complex accomplishments was given by A.V. Wood. R.A. Bradley listed several goals the group hopes to achieve in the next year.

Those who worked to make the Mule Day Supper a success was again praised and it was noted that 162 people registered and toured the Janes House that day.

Mrs. White, Carolyn Johnson and Bradley were re-elected to serve as directors on the Heritage Foundation board. Other directors are Wood, Jack Hicks, Dan

Throckmorton, Evelyn Peat, Cara Juan Schuster and Maurine Hooten.

Everyone is encouraged to visit the complex, assist and work with your favorite project. Your membership dues and gifts are the continuation and completion of our Heritage Complex. Remember, YOU are your children and grandchildren's heritage.

## Hendrix, Taylor Exchange Vows In Double Ring Ceremony

Julie Diana Hendrix and Marc Jordan Taylor exchanged wedding vows at 8:00 p.m., August 29, 1992 at the Little Chapel of Brookhollow in Lake Ransom Canyon, East of Lubbock. Rev. Hal E. Owen, Uncle of the bride, officiated the double ring ceremony.

Julie is the daughter of Robert and Wanda Hendrix of Irving, TX., and the granddaughter of Bernice Holdeman of Muleshoe.

Marc is the son of Andy and Patty Taylor of Plainview, TX.

Julie was given in marriage by her father, Robert L. Hendrix. She wore a gown with a candlelight bead encrusted bodice, a drop waist, and off the shoulder sleeves. The skirt was four layers of tulle over silk chantung. Her veil was formal length of double-layered tulle, attached at the crown with three ivory roses. She carried a bouquet of melon tipped ivory Candia roses accented with yellow, cream and coral roses.

Maid of Honor was Wendy Conoley of Irving and Bridesmaids were Elizabeth Wight of Houston, Rana Rittgers of Lubbock, and Kim Barnes of Irving, all friends of the bride. They wore candlelight off the shoulder blouses of raw silk, with melon chiffon tea length full skirts, and carried bouquets of candia roses in yellow, lavender, and cream.

Marc wore a black tuxedo with a tattersall vest and candlelight shirt, accented with a boutonniere of coral tipped ivory roses.

Chad Taylor, brother of the groom, served as best man. Patrick Branch and Mike Swint, both of Lubbock, and Dan Wilkins of Euless, all friends of the groom, were groomsmen.

Rev. Hal B. Owen sang "One Hand, One Heart" and Marsha Ramirez soloed "The Lord's Prayer", accompanied by pianist Phillip Hager, Flutist Brent Hardegree, and violinist Martha

Perez. Registering the guests were Merridith Stewart of Houston and Jonna Matus of Irving.

A reception was held after the ceremony at the Little Chapel of Brookhollow's Garden Terrace. The bride's table was draped with Tulle, held at intervals with arrangements of asparagus fern and leather leaves, with a centerpiece of candia roses, purple delphiniums, and irises, yellow freesia, melon and yellow lilies, and coral gladiolas. The cake was a three tiered Italian Cream, covered with the coral, lavender, and cream flowers.

The groom's cake was dark chocolate covered with fresh strawberries. Two other tables held fruit, cheese, and fresh shrimp. Jonna Matus and Lynn Orsini of Irving and Merridith Stewart of Houston, friends of the bride, served at both tables.

Julie is a recent graduate of Texas Tech University with a Bachelor of Science degree in Food and Nutrition. She is a member of the Chi Omega Social Sorority.

Marc is a recent graduate of Texas Tech University with a Bachelor of Science degree in International Economics, and is a member of Sigma Alpha Epsilon Social Fraternity.

After a honeymoon Caribbean Cruise to San Juan and Puerto Rico, the couple is temporarily residing in Lubbock.

Preparations are being made—Donna Green and Sally Messenger, officers of AAUW are shown here making preparations for the first annual meeting of AAUW to be held Monday, October 5, 1992 at the Old Depot. Harvey Bass and Chuck Smith will lead discussions for the Democratic Party and Cindy Barrett and Mike Mc Dearman will debate for the Republicans.

**AAUW Begins 1992-93 Year**

The American Association of University Women will begin its year with a meeting next Monday night, October 5, 1992 at the Heritage Foundations Sante Fe Depot. The Muleshoe branch has been active for the past several years in the area and last year was successful in recruiting several university women from the Lazbuddie community.

AAUW is a national organization continuing a tradition in advancing the status of women and society begun 110 years ago. The Association boasts 135,000 members dedicated to promoting equity and education for women and girls. Membership is open to anyone who holds a Baccalaureate degree from an accredited college or university. AAUW continues its mission of education, self-development, and positive societal change built upon a century of responsible public participation at the local, state, national, and international levels. Basic to the Associations efforts is the understanding that equity requires a balance between the rights of individuals and the needs of the community.

The Muleshoe branch of AAUW strives to keep its members well-informed and actively engaged in the issues concerning the community, as well as the nation. It sponsors various projects such as bringing programs to the Muleshoe school children and honoring outstanding senior girls for their academic and community achievements.

Donna adds, "The Association would like to take this opportunity to invite anyone interested in becoming a member of AAUW to their meeting next Monday evening. The program will be an open forum discussion on the upcoming Presidential election and the issues involved. Several prominent citizens have been enlisted to bring the various platforms under scrutiny. AAUW looks forward to seeing any interested woman (or other visitors) at this meeting next Monday, October 5, 1992 at 7:00 p.m. at the Depot."

The best farmer plans for the next generation.

The main purpose of education is to teach people to think.

Consider these ideas to help save energy when decorating.

Plants can be beneficial to a room all year round. Besides adding color and interest, plants provided moisture for the room. A humidity level of about 30% makes air feel two to three degrees warmer. Plants also give a cool, fresh look to the home in the summer.

Fireplaces are nice, but many are only about 10% efficient because they draw warmed indoor air up the chimney during use and after you have retired for the evening. You can increase the efficiency a small amount by adding glass doors that can be closed when you go to bed. If you decide to add a fireplace to your home, select as efficient a model as possible and install an outside air feed so warmed air does not have to be used for combustion. As an alternative, you may want to consider installing an efficient wood stove or wood stove insert.

Extra insulation can be added to the interior of outside walls through the use of selected furnishings and wall modifications.

**Muleshoe Senior Citizens Meet**

Senior Citizens met on September 28, 1992 for a covered dish lunch in the Old Depot.

Odessa Shanks called the house to order and asked Mr. J.R. Copley to offer the Blessing.

Mae Wilterding introduced Ernest and Mary Alice Ramm and asked Mary Alice to sing for us. She sang several solos, and also led the group in some songs while Odessa played.

Katie Rubeneck gave a reading, "Life Gets Hard".

Opal Robinson played two gospel songs. We had 22 present for the meeting and lunch. Lou Shanks read the minutes. Cards were sent to Dewey Moore. We had four visitors, Ernest and Mary Alice Ramm, Lora Dale and Lois Reynolds.

The meeting was dismissed by Lester Howard.

**Hobby Club News**

The Muleshoe Hobby Club met at 2 p.m. Thursday in the Senior Citizens Complex with Loma Baker presiding.

Ten members answered the roll call including: Jane Williams, Kalie Dyke, Esther Magby, Glenda Morris, Katherine Hancock, Frances Bruns, Hazel Reeder, and Loma Baker. One guest, Jeanetta St.Clair, was also present.

Minutes of the previous meeting were read and approved.

Esther Magby drew the hostess gift which was a night light.

A former member, Ruby Lambert, sent a needle point coaster and needle point basket filled with flowers for each of the members.

Refreshments of crackers, cheese spreads cookies and lemonade was served.

Loma Baker will be the hostess for the next meeting, October 15.

# October 4-10 Fire Prevention Week

Bailey County Judge Marilyn Cox signed a proclamation proclaiming October 4-10 as Fire Prevention Week in Bailey County.

The Bailey County Farm Bureau, in conjunction with all fire departments in the county are working together to emphasize fire prevention and protection throughout the county.

Fire Prevention Week is always the Sunday-through-Saturday period in which falls October 9, date of the Great Chicago Fire of 1871. The Chicago disaster killed 250 people and destroyed more than 17,400 buildings.

In the proclamation, Judge Cox called upon the citizens of Bailey County to participate in Fire Prevention Week activities, such as locating and eliminating fire hazards; developing a home escape plan; and as the 1992, theme suggests--"Test Your Smoke Detector--It's Sound Advice!"

Allen Smyer, president of the Bailey County Farm Bureau said, "Fire is both friend and foe. We Can't live without it, but its destructive power is a threat we must control." Protect yourself by keeping fire a friend:

- \* Regularly inspect your house and out-buildings for fire hazards. Check the electrical system, electrical appliances and equipment, fuel storage, heaters and heating systems. Make needed repairs or replacements without delay. Don't overload circuits or bypass fusing.

- \* Remove trash, stacks of paper and other unneeded combustibles that could feed a fire.

- \* Read and follow instructions with portable heaters. Place them where they won't ignite combustibles or be tipped over. Never use gasoline in a kerosene heater, and make certain gasoline and kerosene containers are clearly marked to avoid a mix-up. Never use a kerosene or gas-fired heater in a closed area-have ample ventilation. Be certain you use the correct grade of fuel for your portable heating equipment.

- \* Check your heating system prior to the heating season. Install and use wood-burning stoves as directed in the manuals or other literature. Screen fireplaces. Keep chimneys and flues free of obstructions and creosote buildup.

- \* Keep matches and lighters out of children's reach.

- \* Never smoke in bed and avoid the easy chair when drowsy. Avoid smoking when using flammable materials or in places that have readily combustible materials such as hay, straw, dry weeds, grain dust, etc. Store flammable liquids in well-marked, closed containers. Make sure your cigarette or match is "out" before discarding.

- \* Install approved lightning protection systems on main buildings. Inspect them annually to make sure they are properly grounded.

- \* Be prepared for fire should it strike. Have operating smoke detectors and fire extinguishers. Develop and practice a home fire escape plan. Teach children how to call for help. Have a water supply available to fight fire.

- \* Choose and regularly inspect fire extinguishers that are the right size and type for the fires that might occur.

- \* Consider installing a sprinkler system in all new construction.

- \* Latest information indicates that every 15 seconds a fire department responds to a fire somewhere in the U.S...

- \* A residential fire occurs every 66 seconds.

- \* There is a civilian (non-fire service person) fire death every 118 minutes...

- \* There is one civilian fire injury every 18 minutes.

- \* An estimated \$9,467,000,000.00 in property damage occurred as a result of fire in 1991, including 49,000 vehicle fires.

- \* It is further estimated that 4,465

Bonfire."

Also, there is the possibility that the high school classes would assist in hauling off wood during this week. For more information you may contact the Muleshoe High School office at 272-7571.

"If everyone pitches in and takes responsibility for their property, it will help give Muleshoe a great facelift," Wilson said.

In addition to the general clean up projects mentioned above, all residential owners are reminded that the city will provide a truck to haul off junk on a by reservation basis. They will also provide for the demolition of old rundown residences at the request of the owner. Should you need any of these services, you may contact the Muleshoe City Hall at 272-4528.

## NOTICE OF ELECTION

The Farmers Home Administration (FmHA) county committee election this year will be held on November 3, 1992. The ballot below must be filled out, detached and mailed and received or returned in person to Bailey County FmHA, 115 E. Avenue D, Box 1007, Muleshoe, Tx 79347 not later than November 3, 1992. If you do not vote in person you should mail your ballot inside a blank envelope marked ballot to ensure a secret ballot. This blank envelope should be placed inside the envelope you sue to mail your ballot. Your name and address must be legible on the outer envelope. Failure to provide this information will render your ballot invalid. Only one ballot may be voted in person or by mail by any voter. Notes in envelopes containing more than one absentee ballot will not be counted. Ballots and envelopes may also be obtained from your local FmHA office.

The slate of nominees for Bailey County Committee are listed in the ballot below. The qualifications of persons voting are described in the "Voter Certification Statement." For further information regarding voting and voter eligibility, see the County Office listed above. FmHA elections are open to all eligible voters without regard to race, color, religion, national origin, age, political affiliation, marital status, sex, and/or handicap.

potatoes and sugarcane have been extended to Oct. 31, to accommodate producers. Some areas of the country will have later sales' closing dates.

To make producers aware of these dates, FCIC has provided all Agricultural Stabilization and Conservation Service county offices with sales closing dates for all insured commodities in the area.

Under the law there are some exceptions to the requirement that producers obtain crop insurance. If they acquire insurance because they thought they had to and learn later that it was not required, farmers may request release from the policy.

# Judge Cox Proclaims October 4-10 4-H Week

Thursday morning Bailey County Judge Marilyn Cox signed a proclamation proclaiming October 4-10 as 4-H Week in Bailey County. A total of 105 youth participate in the 4-H program, led by 77 volunteers in Bailey County.

The youth of today should be preparing themselves to become leaders for today and tomorrow.

Four-H projects allow 4-H'ers to investigate areas that might be career opportunities for tomorrow.

Project opportunities are unlimited. Only the imagination of a youngster can limit these opportunities. Projects allow 4-H'ers to develop skills, ideas and knowledge to the fullest potential.

Four-H Clubs provide leadership opportunities through organizational, educational and recreational experiences. Through these clubs 4-Hers learn the democratic process, self-expression, self-esteem and cooperation.

They also learn to share and to accept recognition gracefully. They learn each time they perform at a club, county and district event that whether they place first or last,

they are winners because they have worked and achieved.

From the very first projects in home economics and agriculture the youth develop as they progress to bigger and larger projects.

As 4-H'ers round out their years in 4-H they become mature, self-sufficient, self-confident, self-supporting young adults ready to take their place in society to become worthwhile citizens.

4-H'ers are and will be found in every career field available.

4-H today and in the future will continue to make the best better.

## Ladies Golf Association Meets

The Ladies Golf Association met in their regular monthly meeting on September 16, 1992. (This reporter is late reporting because of other needs at this time).

The meal of spaghetti, antipasta salad and cake was served to the 27 ladies present. The menu was planned by Martha Young.

The meeting was called to order by President Carolean Hamilton. The birthday girls for the month of September are Shirley Hicks, Jeanetta Precure, Jo Timberlake, and Jeanine Gunstream. Happy birthday to all of you, and hope you had nice days!

Two guests, Flores Gilley and JoAnn Lowry, sisters of Evelyn Riley, were present. We always enjoy the ladies visiting.

There was no old business presented to the group and there was no new business presented.

A slate of new officers for the 1993 year were presented to the group. The ladies voted to elect the officers by accumulation. The following ladies will be the officers for the coming year: President-Darlene Henry; Vice-President-Jeanine Gunstream; Secretary-Sherry Shipman; Treasurer-Charlotte Fields; Reporter-Martha Young; High Plains and

Tournament Chairman-Linda Elder. Ways and Means will be a volunteer basis for each tournament.

High Plains met in Canyon. Eight ladies played and won one point to bring Muleshoe and Tulia to a tie for the season. Congratulations ladies for accomplishing this feat. Ladies receiving golf balls for paydays were Carolean Hamilton (?), Claudine Elliot, Agrilee Millen, Neets Foster, Mary Frances Holt, Helen Templeton, Jeanetta Precure, and Charlotte Fields.

The drawing this month was won by Evelyn Riley. The ladies dismissed to play the Naomi St. Clair and Marie White Annual Tournament. The winners of this tournament were duly photographed and noted in a previous article.

The ladies present for the occasion were Linda Elder, Claudine Elliot, Jeanine Gunstream, Pearl Gupton, Analita Haley, Carolean Hamilton, Ruby Hart, Ruby Lee Kerr, Jerry Mayo, Argilee Millen, Pam Miller, Jeanetta Precure, Evelyn Riley, Sherry Shipman, Dorothy St. Clair, Marlene St. Clair, Jo Timberlake, Laverne Winn, Cookie Bamert, Charlotte Fields, Neets Foster, Darlene Henry, Sherry Hunt, Eleanor Yerby, and Martha Young.

## Rebekah Lodge News

Monday, September 28, 1992. Linda Burton with EMS, called me wanting to know if our organization would like to donate food or toys at Christmas time. I invited her to come to the lodge hall Tuesday evening, and Jobie Miller, EMS, came with her.

Our N.G., Doris Lambert is still too weak to come to lodge. Mary Ann, Linda, and Louise are taking care of the sick and not well. Mickey, we missed you, too.

Mildred Kendricks was our N.G. for the meeting. Regular business was taken care of with roll call of fifteen present. We had two visitors from Clovis Lodge # 21, Evelene Priddy and Mary Doris. They reported that they were having a chili supper November 7, from 11:00 a.m. to 8:00 p.m.

We are having skating October 30. This is really going to be fun-a surprise-a treat night. We voted to have our regular Thanksgiving dinner on Thursday, Nov. 5. Adults \$6., children \$3. Have you noticed Les and Claude with their helper, Jimmy, working at the Lodge Hall?

Our Grand Master, Waymon Little and his wife, a past President Ora Little, were in Friona last Thursday evening. There were nine members from Muleshoe there.

Mildred and Thursie served

refreshments, and the meeting was closed.

Saturday, Vera Downing took in the Bailey County Fair with her daughter-in-law, Billie Downing.

D.B. Ivy attended the fair and admired the blue ribbons with his daughter, Christi and her children.

Janetta Hukill was visited by her husband's cousin from Earth, Sunday.

Nancy Kidd took us on a special fishing trip Wednesday morning. The location was the Healthcare Center's Day Room. Nancy brought an array of fishing equipment and gave instructions on how to use them, but all that was needed to win a gold fish was a good arm to pitch ping-pong balls into jars containing fish. A lot of pitching did occur as well as laughs. Ruby Garner spent a lot of time down on her knees gathering ping-pong balls. Our thanks to Nancy Kidd, Ruby Garner, and Sandra Austin, Sandra donated the fish.

Lona Embry and Flo Jones served melon to the residents.

## Cattle, Pasture Catalogue Available Free

A 32-page listing of cattle for sale, cattle for contract grazing and pastures for contract grazing is now available free of charge from the Samuel Roberts Noble Foundation's Agricultural Division. The 1992-93 "CattleLog" includes listings of almost 9,000 head of breeding and replacement cattle, over 6,000 head of stocker-feeder cattle, and roughly 76,000 acres of pasture available for contract grazing. Listings are alphabetized within each category by ranch (or rancher) name.

The list has already been mailed to more than 3,200 cattle producers in Oklahoma, north Texas and elsewhere.

To receive a copy of the "CattleLog" for 1992-93, contact Becky Kittrell at (405) 223-5810, or write: The Noble Foundation, Attn: Becky Kittrell, P.O. Box 2180, Ardmore, OK 73402.

## Texas Events Calendar

A full lineup of Texas-style entertainment, rich in heritage, culture, and small-town charm, is found in the latest *Texas Events Calendar*, just released by the Texas Department of Transportation.

The information-packed calendar, spanning the months of September, October, and November, lists nearly 1,400 ways Texans have fun in the fall.

A host of ethnic celebrations pays tribute to the glorious variety that is Texas. Mexican Independence is honored at dozens of Diez Y Seis de Septiembre festivities, with lively mariachis, ballet folklorico, and a delicious array of spicy Mexican cuisine. In October, German culture reigns with Oktoberfest celebrations, complete with polka music, traditional folk dancing, and international foods. Native Americans stage Indian dance competitions and tepee exhibitions. And Czech communities throughout Texas invite visitors to "come Czech it out."

Highlighted are several major county and regional fairs, including the granddaddy of them all, the 107th State Fair of Texas in Dallas. Old-fashioned get-togethers, country hoedowns, and bluegrass jamborees offer visitors a wide selection of down-home family fun.

Major air shows, spotlighting thrilling-a-minute re-enactments of World War II battles and exciting aerobatics, are found in every corner of the state. Seaside festivities offer heaping

portions of fresh-from-the-gulf seafood, a comical anything-that-floats-but-a-boat race, and other fun events.

Replete with rodeos, Halloween festivities, fall harvest celebrations, and holiday arts and crafts fairs, the fall calendar is free for the asking by calling 1-800/452-9292. The toll-free number is answered by professional travel counselors at the department's Texas Travel Information Centers, and offers information on events, Texas trip planning, *Texas Highways* magazine subscriptions and products, and travel literature. The service is available daily to callers anywhere in the contiguous United States from 8 a.m. to 9 p.m. CST.

## The Marvels of God's Creations

WHY DO FISH LIVE IN WATER? We can answer this question partially by saying: that their lungs were created to draw oxygen from the water. However, to know how and why, we must look to God's word. "In the beginning God created the heaven and the earth." . . . "And God said, let the waters bring forth abundantly the moving creature that hath life . . ." Attend Church and worship the one who created these marvels.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Coleman Adv.

**B.J. CROWLEY'S Guadalcanal HOROSCOPE**  
 On August 8, 1942, Americans read in newspapers that United States Marines had landed on Guadalcanal in the Solomon Islands of the vast Pacific. This was the first counter-attack against a so-far victorious Japanese army and navy. The Japanese had landed an army detachment on Guadalcanal and were building an airfield, which would have allowed them to control the seas northeast of Australia, to threaten the sea lifeline from the U.S. to Australia. For six months a desperate struggle ensued, on land sea and air. There were more major sea battles in this campaign than in any other in the war. The struggle in the air was continuous and broke the back of the Japanese Navy's air arm. forever. It was, in the end, decisive. The dirtiest, hardest fighting was on land, where Marines and Army units battled the Japanese, mosquitoes, malaria, mud and tropic rains from August to February, 1943. Guadalcanal is the most interesting battle of the war in the Pacific, perhaps the most significant and meaningful. It was here that Americans finally dealt a devastating psychological blow to Japanese morale and overconfidence.

**Kay Kellogg Kaleidoscope**

Dear Kay Kellogg,  
My neighbor's Rice Krispies Treats® always seem to turn out more moist and chewy than mine.

Kellogg's® Rice Krispies Treats® have been a perennial favorite since Kellogg Kitchens first created them in the 1940s. After years of re-testing and feedback from cooks all over the country, we've found that the secret is in the marshmallows.

Always use fresh marshmallows. Check the freshness date. If the marshmallows you bought some time ago are old, save them for toasting and buy a new bag.

Melt marshmallows and margarine on low heat.

Remove from heat immediately. As soon as the marshmallows are completely melted, take them off the stove. Overheating hardens the marshmallow mixture.

Remembering these tips should improve your Rice Krispies Treats. And if you enjoy adding a personal touch to this classic recipe, there are endless variations of the popular Rice Krispies Treats theme. We suggest adding 1/4 cup chopped nuts, 1/2 cup chocolate chips or raisins, or one teaspoon vanilla or almond flavoring.

Here is the recipe for traditional Rice Krispies Treats. You'll also like our refreshing new variation from Kellogg Kitchens, a fruit-flavored treat with just a blash of color:

**RICE KRISPIES TREATS®**

1/4 cup margarine  
1 package (10 oz., about 40) regular marshmallows or 4 cups miniature marshmallows  
6 cups KELLOGG'S® RICE KRISPIES® cereal

1. Melt margarine in large saucepan over low heat. Add marshmallows and stir until completely melted. Remove from heat.

2. Add cereal. Stir until well coated.

3. Using buttered spatula or waxed paper, press mixture evenly into buttered 13 x 9 x 2-inch pan. Cut into squares when cool.

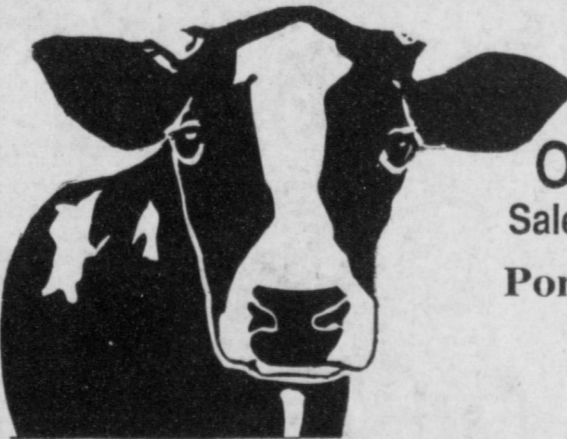

YIELD: 24 treats, 2 x 2-inch squares

MICROWAVE DIRECTIONS: Microwave margarine and marshmallows at HIGH 2 minutes in microwave-safe mixing bowl. Stir to combine. Microwave at HIGH 1 minute longer. Stir until smooth. Add cereal. Stir until well coated. Press into pan as directed in step 3.

VARIATION: Strawberry Flavored Treats—Melt margarine and marshmallows as directed in step 1. Stir one small packet (.15 oz.) unsweetened strawberry drink mix powder into melted marshmallow mixture. Mix well. Add cereal, stirring until well coated. Press into pan as directed in step 3.
