

Glen Morris Named Kiwanian Of Year

around
Muleshoe

The first official 'killing' freeze of 1990 occurred in the early morning hours of Thursday, October 18.

Tender vegetation, such as tomatoes, peas, and other vegetables were killed in the 29 degree temperature.

Absentee voting for the November 6 general election is underway and will be conducted through November 2.

Persons wishing to vote absentee may do so at the office of the Bailey County Clerk in the courthouse.

The Jennyslippers will have a brown bag luncheon Tuesday, at noon, at the Muleshoe Public Library.

If you are interested in this women's civic organization, you are encouraged to attend the meeting and participate in a lot of community activities.

The Catholic Youth Organization (CYO) is giving you a chance to have your house cleaned. For a \$2 donation, your name will be put in a hopper as a possible winner of this CYO House Cleaning project.

The drawing will be Sunday, October 28.

Be sure to get your name in by making your \$2 donation for each chance.

Next Saturday will be the final date for the Muleshoe Memorial Cemetery Association garage sale at the old St. Clair's building at 110 Main St.

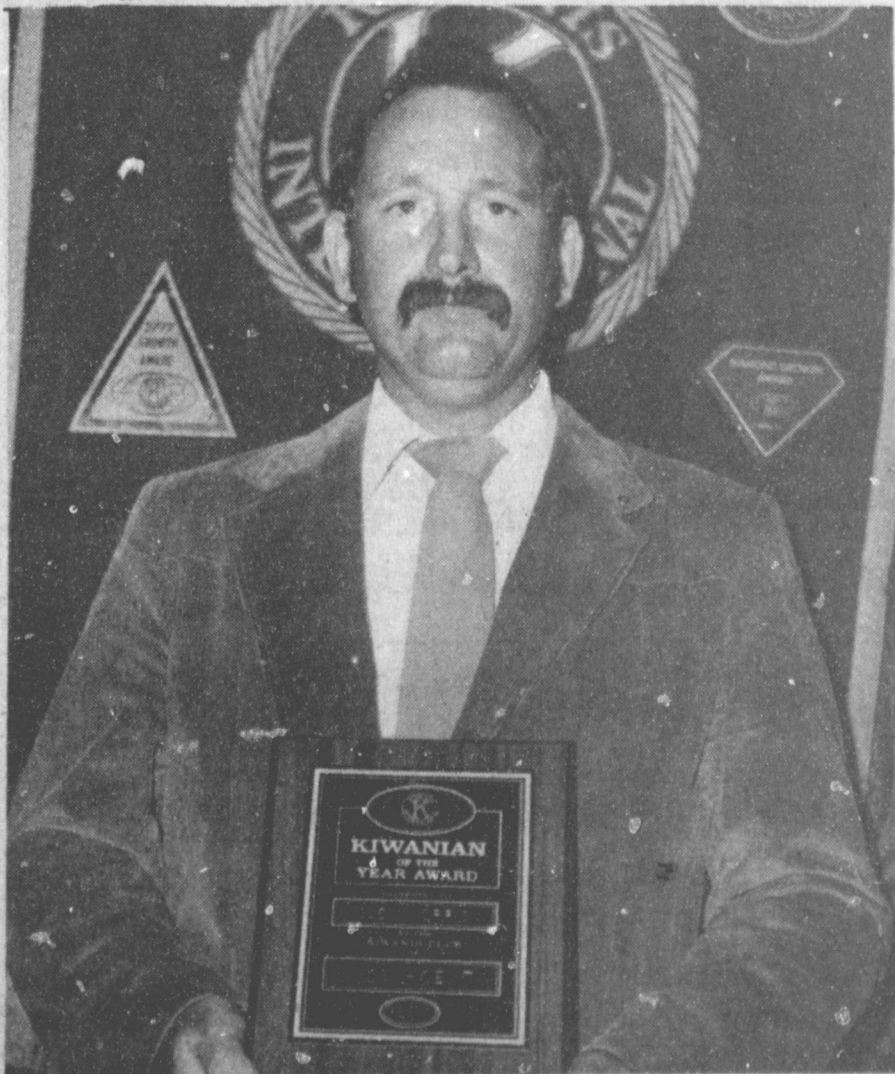

The Association will have to vacate the building after Saturday, October 27, so everything will be on sale at a special low price.

Hours are from 9 a.m.-3 p.m.

Pvt. Randy A. Herington has completed training at the U. S. Army Infantry School, Fort Benning, GA.

During the course, students received training which qualified them as light-weapons infantrymen and as indirect-fire crewmen in a rifle or mortar squad.

Instruction included weapons qualifications, tactics, patrolling, land mine warfare, field communications and combat

GLEN MORRIS, KIWANIAN OF THE YEAR--Glen Morris, who took over as president of the Muleshoe Kiwanis Club Tuesday night, also received the 'op award for the local civic club. He was presented a plaque as *Kiwanian of the Year* at the annual officer installation and awards banquet. (Journal Photo)

ERIC RICHARDSON UN CEREMONIOUSLY DUMPED--Holding onto the ball, Eric Richardson, No. 40, gets unceremoniously dumped by a Tulia Hornet in Friday night's football action in Benny Douglass Stadium in Muleshoe. Despite a valiant effort by the Mules, the Tulia Hornets took home a 20-3 victory over the Mules. Next Friday night, the Mules will take on the Floydada Whirlwinds in Muleshoe. (Journal Photo)

Hornets Sting Mules; Take District Win On Mule Field

It was a beautiful night for football, cool, crisp with a moderate south-southeast wind. The wind prompted the Mules to opt to let Tulia take the opening kickoff -- and it was almost Tulia's ball game from that point.

Although the Mules were the only ones to score in the first

Lazbuddie FFA Fruit And Meat Sale Underway

Rick Copp, Lazbuddie School vo-ag instructor, said the Lazbuddie FFA is beginning their annual fruit and meat sale.

Small boxes of oranges or grapefruit are \$10; large boxes of oranges or grapefruit are \$15; apples are \$13 per box and a mixed box is \$14.

Fruit will be delivered the week of December 10-14.

Available for Thanksgiving or Christmas are smoked turkeys at \$20 or smoked hams for \$16. Sausage is \$8 for a three pound box of patties or links.

Call the Lazbuddie School or Rick Copp to order.

quarter, the Tulia Hornets took a 20-3 victory back to Tulia.

Last week, the Mules were fairly well 'beaten-up' in the Dimmitt game, so several players were brought up from the JV team to help fill in vacancies due to injuries.

And, despite the young players putting out a good effort, it wasn't quite good enough to contain the Hornets.

From the opening kickoff, the Hornets gathered in their own fumble shortly after action began, and despite incomplete passes, moved the ball fourteen plays and four first downs before Colin Tanksley intercepted a Hornet pass, only to lose it, but it was enough to force a turnover of the ball to the Mules on downs.

With the Mules taking over, under leadership of quarterback Galin Latham, the Mules started putting their own drive together and made four first downs

before getting well into Tulia territory. With just :32 left in the first quarter, Junior Olivarez booted a 26 yard field goal.

In the final seconds of the quarter, Tulia managed to make seven yards before the first quarter clock ran out.

Going into the second, the Hornets only managed a couple of plays before turning the ball back to the Mules with a punt.

John Orozco, who had more than 175 yards last week against Dimmitt was the main 'target' of the Hornets and he was kept fairly well contained throughout the game.

In the Mules third possession of the ball, John Orozco managed 12 yards and one first down before the Mules found themselves in a punting situation at 8:13 of the second.

Tulia Hornets swarmed Juan Perez, and the Mules got a brief

Muleshoe Showing Gain In Tax Rebate Check

State Comptroller Bob Bullock said Friday that his office sent checks totaling \$93 million in monthly local sales tax rebates to cities and counties in Texas.

"Sales are staying strong throughout Texas and that means sales tax collections keep increasing at a steady pace," Bullock said.

Checks to cities totaled almost \$84 million, an increase of 16 percent over last October's rebates. So far this year, rebates to cities are running almost nine percent ahead of last year, Bullock said.

This month, Muleshoe's tax rebate check was \$20,258.72, up 12.08 percent from the \$18,075.52 received for the same period last year. To date, payments have totaled \$179,408.88, down 6.42 from 1989's payments for this period of \$191,408.88.

From Cochran County, Morton received a check in the amount of \$5,494.40, up 13.84 percent from their payment of \$4,825.85 the previous October. To date for the year, Morton is 3.20 percent behind last year's payments. Their current payments to date are \$47,532.69, compared to the \$49,102.14 of the same time a year ago.

Littlefield is down 14.41 percent for their current payment. They received a check for

\$14,452.15 and their check at this time last year was in the amount of \$16,885.46. They are also down 13.58 percent for the year. At this time last year, they had received \$213,887.10 and it was \$184,837.99 to date for this year.

In Parmer County, Friona is reporting a check for \$8,906.15 for this pay period. This is up 36.40 percent from the \$6,529.44 Friona received for October a year ago. Their payments to date are \$91,576.89, up 4.99 percent from the payments to date of \$87,222.30 a year ago.

Houston received \$13.9 million, the state's largest payment, while Dallas received the second largest payment at \$9.3 million. San Antonio received \$4.9 million and Austin received \$3.6 million.

Rebate checks to counties totaled \$9.5 million this month for an increase of 19 percent over last year's payments to date. The sizeable increase is partly due to more counties collecting sales tax now, Bullock said.

This month's checks reflect taxes collected on August sales and reported in late September by businesses filing monthly tax returns.

Merchants collect the state

Kiwanis Club Officer Installation Conducted

A full house was present for the annual Muleshoe Kiwanis Club officer installation and awards night banquet at the

Bailey County Civic Center.

Following a meal catered by the Blue Goose, outgoing president Jim Lutz presided over the meeting and gave the welcome to special guests.

Keith Turner led the pledge to the flag and Don Martin gave the invocation, with Reggie Johnson introducing guests.

Sharon Grant entertained with country-music selections.

Lutz presented retired directors' plaques to Don Martin and Scott Churchman and to outgoing officers Glen Morris and Reggie Johnson.

He then presented the *Kiwanian of the Year* award to a member who Lutz said went above and beyond the usual activities of Kiwanis members. Glen Morris, who became the new president, received the award.

Installing incoming officers was Scott Smith, of Amarillo, incoming lieutenant governor for Kiwanis for this district.

He first discharged the former directors and officers and reminded the Kiwanians of the six objectives of the Kiwanis Club.

He then installed each of the new officers and directors, admonishing them as to their duties of their particular office.

Smith said Kiwanis was started in 1915, and in 1924, by-laws and objectives were established.

He told incoming president Glen Morris, "The Muleshoe club ranks 10 feet tall in the minds of people here. You're the one who has to lead and inspire these men. The highest office Muleshoe Kiwanis could elect you to is to be president of the Kiwanis Club."

Incoming president Glen Morris presented outgoing president Jim Lutz with a past president's pin; and Lutz gave Morris his personal president's pin and a gavel.

Several Kiwanis projects were mentioned, including This is the eighth year Kiwanis has sponsored Special Olympics; the Hungry for Kids project; scholarships for college and the

Cross Erected On Hwy 70 At Death Site

In early July, the four Zuniga brothers of Donna, TX, in the Valley, came to Muleshoe to help Robert Ruiz and Co. with the vegetable harvest.

This was the twelfth year for the Zuniga brothers to come to Muleshoe and drive trucks for the harvest.

There was a difference this week, however, four brothers came to Muleshoe, and only three will be returning to Donna early this week.

The fourth brother, Jose, 27, was killed instantly around 9 a.m. on Saturday, September 29, in a rainstorm.

The pickup he was occupying went out of control on a rain-slick highway, eight miles east of Muleshoe on Highway 70, and overturned, trapping Zuniga underneath the vehicle.

Late Wednesday afternoon, the Zuniga brothers, their harvest crew and Frank and Janie Saldana met at the site where Jose Zuniga died and set a cross at the location.

The Zuniga brothers said the sturdy wooden cross was made by two good friends, Beto Diaz and Robert Toscano, and the deep lettering in the cross was done by Frank and Frances Saldana.

The brothers obtained permission from the State Highway Department to erect the cross at the site. They first dug a deep hole, inserted a pipe and poured concrete around the pipe. After inserting the cross inside the pipe, more concrete was poured around the cross to make it a permanent fixture on the south side of Highway 70, just across the ditch, marking the location their brother, Jose, died.

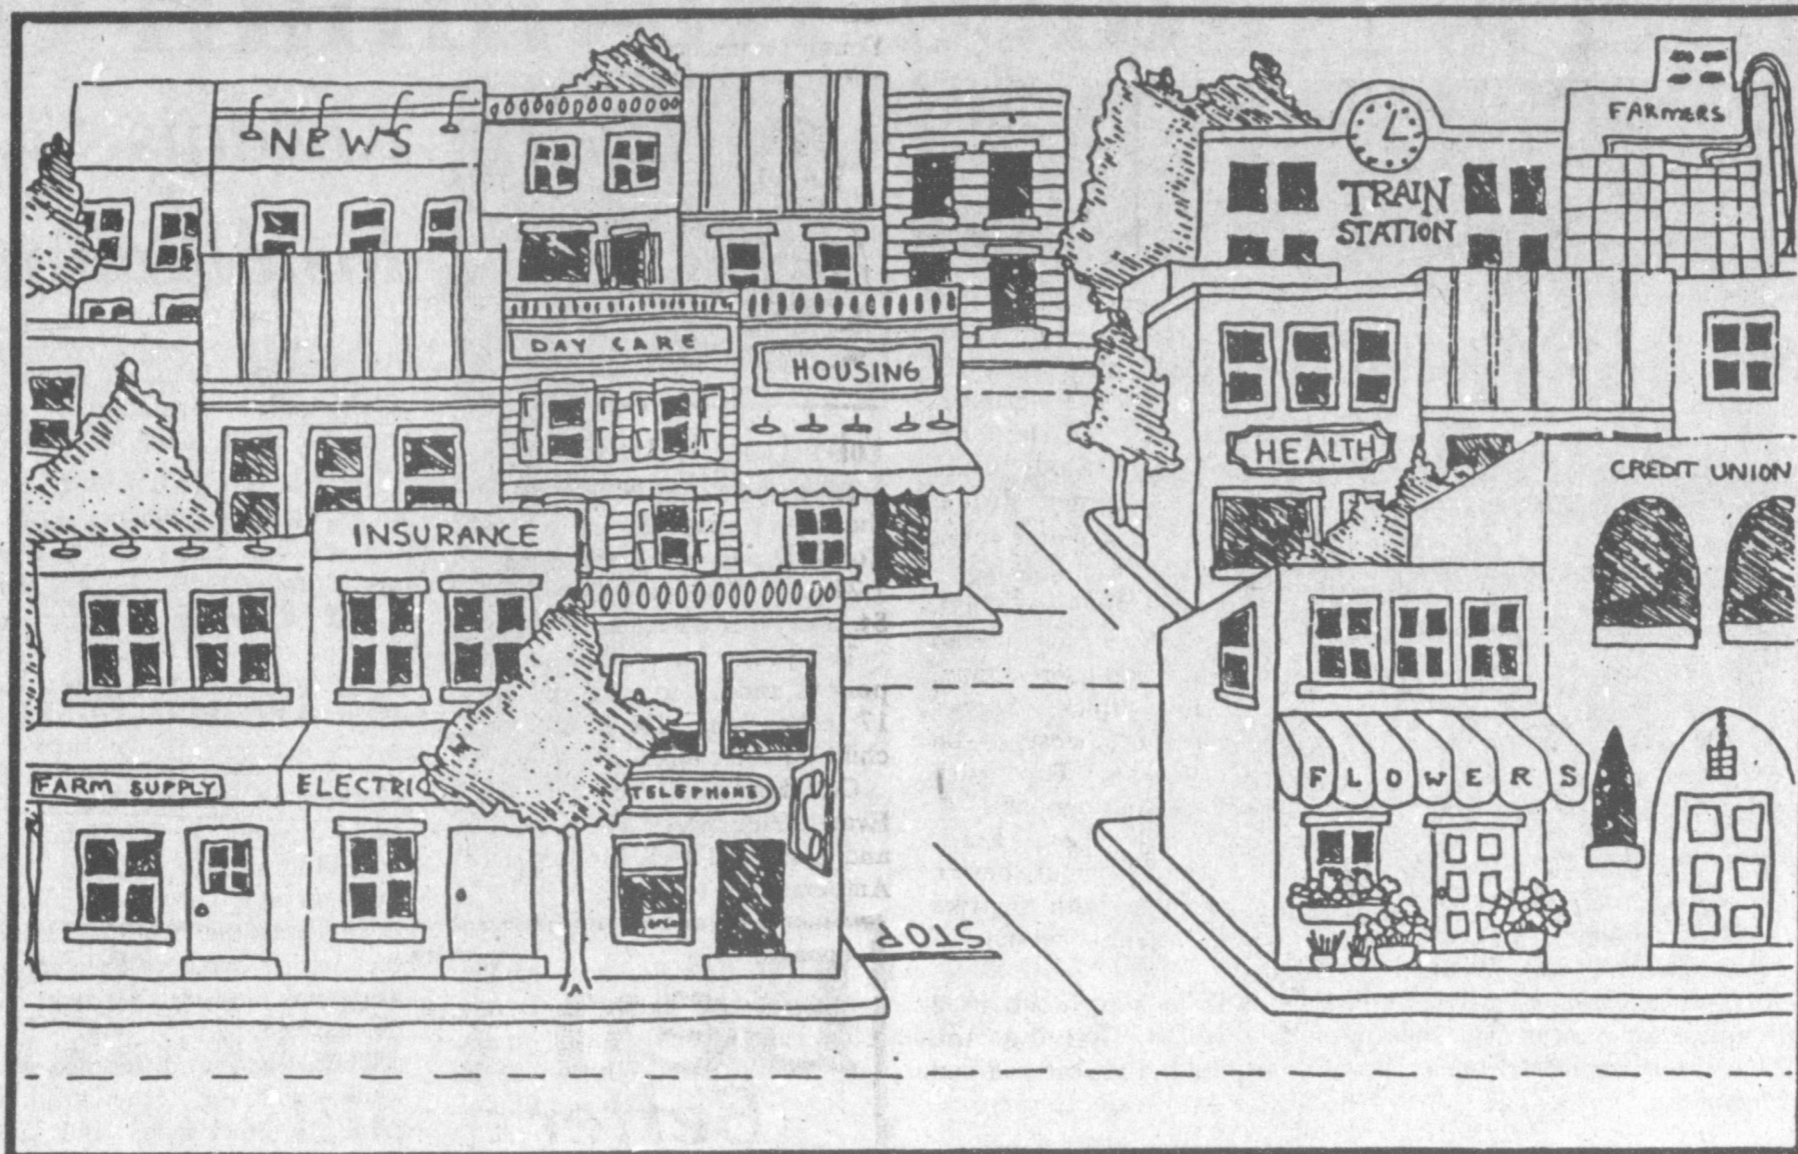

This is believed to be the first

Cont. Page 6, Col. 3

CROSS ERECTED AT DEATH SITE--On September 29, Jose Abel Zuniga, 27, was killed in a one vehicle rollover approximately eight miles east of Muleshoe on Highway 70. Late Wednesday evening, his three surviving brothers erected this permanent cross to designate a 'memorial' at the site where their brother was killed. The Zunigas were to return to their home at Donna, in the Valley, the first of this week. (Journal Photo)

Cooperative Main Street

Downtown, uptown, across town -- from county to county, state to state and all across the nation -- cooperatives play an important role in helping their communities thrive.

In urban areas, the suburbs, small towns and rural communities there are 45,000 cooperative organizations that serve 90 million people. These co-ops, owned and operated by their members, provide a wide range of goods and services that benefit their friends, neighbors and communities.

There are co-ops for electric and telephone service, credit unions, farm marketing and farm supply, insurance, health and day care, farm credit, housing, florists and news services. In fact, there could be a co-op for anything and anywhere people need to get things done both economically and efficiently.

Look around your neighborhood and community -- no doubt you'll find a co-op or two working hard to provide important services that benefit everyone. Building communities the cooperative way benefits the entire nation!!!!!!!

HERITAGE FOUNDATION RECEIVES CHECK--Thursday afternoon, former members of the Muleshoe Study Club gathered at the Old Janes Ranch House and presented a check to the Muleshoe Heritage Foundation. Being organized in November 1938, the Study Club disbanded May 10, 1990 after 52 years. At the time they disbanded, the Club voted to donate club funds to the Heritage Foundation. The money will be put into the light fixture fund. Accepting the check for the Heritage Foundation were Vivian White, Cara Juan Schuster and Maureen Hooten. Former Study Club members are Louise Agee, Betty Jo Carpenter, Jessie Sanders, Izetta Shain, Alma Turner, Vivian White, and Arelia Sanders. Club members not pictured include: Verda Nell Arnn, Anne Camp, Joyline Costen, Fern Gilbreath, Fern Gregory, Wanda Kelley, Jewell Pool and Mae Wilterding. (Journal Photo)

Creative Living

By Sheryl Borden

Information on selecting children's shoes, cooking for kids, and office recycling will be the featured topics on "Creative Living" on Tuesday, October 23 at 12 noon and Saturday, October 27 at 2 p.m. (All times are Mountain.)

Diane Creston, representative of Huffy Shoes, will talk about selecting shoes for children, will explain what features to look for when buying athletic shoes and will make suggestions for shoe shopping that won't break your pocket books. Ms. Creston lives in New York City.

Donna Haverstock, representing Norwegian Dairies, is going to share some nutritious recipes and easy how-to tips, using cheese for kids who cook. Ms. Haverstock lives in Key West, FL.

Because of the growing importance of office recycling, Bill Owen, the County Extension Agent with the Ohio Cooperative Extension Service, will discuss the financial opportunities available with source-separating. Mr. Owen is from Painesville, OH.

On Tuesday, October 23 at 9:30 p.m. and on Thursday, October 25 at 12 noon, "Creative Living" will present information on entertaining and new uses for buttons.

Connie Moyers, the Marketing Home Economist with Southwestern Public Service Co. in Clovis, NM, will prepare a variety of delectable recipes, will show new appliances and products on the market and will discuss serving and entertaining ideas.

Eloise Wagers, the Sales Manager for JHB International in Denver, CO, explains that

buttcas were originally only thought of as being functional, but over time they have become decorative as well. She will show an array of new buttons and new uses for all buttons.

"Creative Living" is produced and hosted by Sheryl Borden. The show is carried on more than 100 PBS stations in the United States, Canada, Guam and Puerto Rico and is distributed by Pacific Network, Denver, CO. Viewers can request copies of materials offered on the show by sending one 25 cent stamp for each handout requested.

FESTIVE FOODS PARTY CHEESE ROLL

- 2 pounds Velveeta cheese
 - 1 pound cream cheese
 - 6 brunches green onions, chopped
 - 1 can (7 ozs.) milk green chilies chopped
 - 2 to 3 jalapeno peppers, chopped
- Bring Velveeta cheese and cream cheese to room temperature. Roll Velveeta cheese

between 2 pieces of waxed paper into a rectangular shape, about 1/4 inch thick. Spread softened cream cheese on Velveeta cheese. Top with onions, chilies, and peppers. Roll jelly-roll style. Refrigerate at least 1 hour before serving. Sprinkle with paprika and garnish with parsley if desired.

NOTE: This can be done in 2 small rolls by halving the recipe. Also, the cheese roll can be frozen until ready to serve.

GREEN CHILI PINWHEELS

- 1 carton (13 ozs.) frozen green chilies or 3 cans (4 ozs.) chopped green chilies, drained
- 3 pkgs. (8 ozs.) light cream cheese, softened
- 1 tablespoon Mexican seasoning salt
- 2 teaspoons garlic powder
- 1 small onion, finely minced
- 1 dozen flour tortillas

Thaw and thoroughly drain excess water from chilies; combine with cheese. Blend in remaining ingredients. Spread 1/8 inch thickness of mixture on each tortilla. Roll each tortilla and secure with toothpicks. Chill. Cut into 1/2 inch widths.

One dozen tortillas will yield approximately 130 pinwheels.

Library News

by Anne Camp

Storyhour was held at the library Wednesday morning with Terry Marricle of the Muleshoe Young Homemakers bringing the Halloween story, a finger play on "The Big Round Pumpkin", and a flannel board tale of the "Three little ghosts" and Pam Hancock brought treats to give to the kids as they left. We are so grateful to the Young Homemakers for their

continued help with our story-hours.

Children may register for storyhour anytime now and we would like to have more come! Every session is started with the Pledge to the flag, and all these three year olds will soon know it! Kelsy Beggs, and Derek Purdy were the flag bearers at this weeks program.

Birthdays are celebrated too, and two short films are shown. The next storyhour will be Wednesday, November 7 from 10:15 to 11 a.m. and this will be "Bring a Friend Day."

The Library welcomes your Memorials. If you would like to give a book in memory of a friend or loved one, just come by the library or mail your contribution in any amount, and a nice engraved card will be sent to the family showing that you have given this memorial gift. Then a Memorial plaque will be placed in the book which says "In loving memory of --given by-with your name. Many books have been added to the library down thru the years in this manner. We appreciate your memorials.

Memorial gifts are handled through the Friends of the library, with Holly Hooten as

Memorial chairman, and are in a separate bank account. On occasion the family or friends have requested that the funds be used for items other than books, and these requests are honored. A large world globe was placed in the library a few years ago in memory of Blanche Johnson. A fitting memorial for this long time teacher and librarian! So you may designate if you would like your memorial to be used for something the library needs other than books.

Friendship Club

The Friendship Club met Thursday, Oct. 18 in the home of Olene Watts for an early Thanksgiving luncheon. Following lunch the meeting was called to order by Pauline Guinn, president.

Roll call was answered by nine members. Minutes of the previous meeting were read and approved. The treasurers report was given by Gladys Darsey, secretary/treasurer.

Following a business meeting, a time of fellowship was enjoyed by all those present.

Those present were: Gladys Darsey, Jewell Griffith, Adelyn Swoffard, Erma Ray, Rob Dameron, Sammie Ethridge, Maud Young and Olene Watts, hostess.

Gladys Darsey and Adelyn Swoffard will be hostess in November.

Colby James McDaniel

Gary and Jenny McDaniel are the proud parents of a son, Colby James, who was born at 7:24 p.m. Tuesday, Oct. 16 in St. Mary's Hospital in Lubbock.

The young man weighed four pounds and 12 ounces and was 17 inches long. He is the first child for the couple.

Grandparents are Ed and Evelyn Ziegenfuss of Muleshoe and Lynn and Nell McDaniel of Amherst.

NOTICE TO TAXPAYERS

Tax statements were mailed October 1st, 1990. Pursuant to Section 31.01 of the Texas Property Tax Code, failure to receive a tax bill does not affect the validity of the tax, penalty, or interest, the due date, the existence of a tax lien, or any procedure instituted to collect the tax. If you did not receive a statement and should have, please contact the Bailey County Appraisal District.

Rebekah Lodge Observes

Forty-Fifth Anniversary

Muleshoe Rebekah Lodge No. 14 celebrated their 45th anniversary Tuesday night, Oct. 16 with a dinner at the Lodge Hall. Many Oddfellows and Rebekahs from the Panhandle and many other friends helped to make the celebration a memorable occasion.

Dorothy Browning, Noble Grand was in charge of the meeting and welcomed the visitors. Les Lambert gave the invocation and a meal was served.

Ms. Browning introduced the Muleshoe Lodge Deputy, Louise Allen, who served as mistress of ceremonies. Ruby Garner led the Pledge of Allegiance to the flag.

The welcoming address was given by Nancy Kidd, manager of the Muleshoe Chamber of Commerce. Following the address, she gave souvenirs from the chamber to all of the visitors present.

Lola Jones of Abernathy gave the response.

A skit "A Farmer in the Dell" was presented by June Green and Pat Langfitt, and it was reported that it was enjoyed by all those present.

A short history of the Oddfellowship was given by Les Lambert. He stated that the lodge began in England. In 1800, several brothers who had come to the United States got together to form a lodge here. In 1820, they withdrew from the England Lodge and called themselves "The Independent Order of Oddfellows. Later they saw a need for the ladies to share in their work and helped organize the Rebekahs to share

with their aims--to visit the sick, educate the orphan, care for the widows and bury their dead.

June Green gave the history of the local lodge which was organized on Oct. 18, 1945, with 33 members.

"We have been active in the community since" said Fern Davis. "We have sponsored several young people to the United Nations. We help sponsor our childrens home, a home for the aged, and many other worthwhile needs in our community."

Pat Langfitt introduced the four remaining charter members and gave a short history of their

lives. Charter members include Velma Howell, Frank Snyder, Ruby Green and Fern Davis. Each were given a corsage and a plaque commemorating their 45 years of service to the lodge. Each in response told what being a Rebekah means to them.

The "Good Times Gospel Quartet" from Muleshoe and the Kitchen Band from Clovis, N.M. furnished the entertainment throughout the evening.

Patsy Chance gave an invitation to anyone who was not a member and wished to join to contact a member for more information. Also to those who were members to reinstate and become an active member again.

Edna Schuster, past president of the Assembly, brought greetings and best wishes from the state president Madiline Hutto, who was unable to attend.

The closing remarks were

given by Louise Allen. She thanked everyone who attended and helped them celebrate their anniversary. The group was dismissed with the singing of Amazing Grace and a prayer by Dorothy Browning.

At this time we want to specially thank all that helped in taking part in the program. The news media, The Journal, The Ranger, KMUL and Channel 6 for their news coverage the last couple of weeks." said Mrs. Davis. "A special thank you to Something Special for the loan of their table decorations.

"Last but not least we thank Louise Allen and her committee for a job well done.

"We the charter members want to say a great big "Thank You" for your courtesy to us. It will always be remembered as a highlight of our lives. We Love You." Mrs. Davis continued.

Approximately one hundred people from Amarillo, Hereford, Friona, Abernathy, Clovis and Muleshoe attended.

REBEKAH CHARTER MEMBERS--Muleshoe Rebekah Lodge No. 114 celebrated their 45th anniversary Tuesday night with a dinner at the Lodge Hall. Four of the charter members were present, including, (Not in order): Ruby Green, Velma Howell, Fern Davis and Frank Snyder. (Journal Photo)

REBEKAH LODGE CELEBRATES--Speakers at the 45th anniversary celebration of Rebekah Lodge included: (not in order) Nancy Kidd, Chamber of Commerce manager; Lola Jones, Abernathy Lodge; Les Lambert; June Green; Pat Langfitt; Patsy Chance and Louise Allen. (Journal Photo)

Country Club Report

Marlene St. Clair

The Ladies Golf Association met for their regular luncheon and business meeting Wednesday Oct. 17 at the Country Club.

Jeanetta Precure presided at the meeting. Argilee Millen called the roll and read the minutes.

Those present were Jeanetta Precure, Claudine Elliott, Analita Haley, Lynn Campbell, Yolanda Bell, Charlotte Field, Kay Field, Mary Holt, Laverne Winn, Martha Young, Marlene St. Clair, Jerry Mayo, Jo Timberlake, Georgette Isaac, Argilee Millen and Helen Templeton.

Those celebrating October birthdays are Ruby Lee Kerr

and Argilee Millen.

Analita gave a report of the Hi-Plains tournament which was held in Muleshoe last Wednesday, and a good time was had by all.

Claudine presented the play day awards to Analita, Jeanetta, and Mary, won in September, for the most bogies, and to Argilee and Neats for the most putts won in October.

The meeting was adjourned and the next meeting will be in January.

Good Reason

He: Since I met you, I can't eat, I can't sleep, I can't drink!
She (cooly): "Why not?"
He: "I'm broke"

Tops Club

Muleshoe TOPS chapter No. 34 met at 6:30 p.m. Thursday, Oct. 18 in the Heritage Thrift Shop with 19 members present.

Laverne James, leader, called the meeting to order and led the club in the pledge and a prayer. Alma Robertson led the TOPS fellowship song.

Betty Davis called the roll. Minutes of the previous meeting were read and approved.

Aurora Mata received a gift from her secret pal and Alma Robertson received a birthday gift from the club.

Everyone was reminded that next week an auction will be held and everyone needs to take a small gift to be auctioned off. Next week will also be dues night.

Retha Knowles was named best loser for the week. Runners up were Laverne James, first; and Aurora Mata and Marian Wilson tied for second runner up.

The club was dismissed with the singing of the goodnight song.

DECEMBER PLANS REVEALED--Mr. and Mrs. Pudd Wiseman of Sudan would like to announce the engagement and approaching marriage of their daughter, Linda Marie to John Kay, son of Mrs. Ann Kay of Burnet, TX. Marriage vows will be exchanged at 3 p.m. Saturday, Dec. 15 in the Sudan Church of Christ. Miss Wiseman is a graduate of Sudan High School and is presently attending Abilene Christian University. Kay is a graduate of Burnet High School and is also attending Abilene Christian University. (Guest Photo)

Scary Halloween Costumes Can Be Frightening

Scary Halloween costumes may give some children nightmares, but more frightening for parents are a child's night terrors.

Unlike nightmares, which are emotionally caused, night terrors are a physical condition that causes children to abruptly "awaken" in the first half of the night. Although their eyes are open, children with this problem are still asleep. Symptoms include screaming, rapid heart beat and breathing, dilated pupils, goose bumps,

confusion, and disorientation.

"During a night terror, a child is not in a state to be comforted," said Dr. Letha B. Cole, clinical associate professor of psychiatry at Baylor College of Medicine in Houston. "A parent should stay with the child and wait until it passes."

There is no known cause for night terrors, although they are linked to brain processes during sleep and growth. Onset of night terrors usually occurs between ages 4 and 12 and disappears in early adolescence.

Cole stresses that if the night terrors continue beyond age 12, then the child should be evaluated by a mental health professional.

Only one to four percent of all children experience night terrors, and in 96 percent of these cases, someone in their family had them.

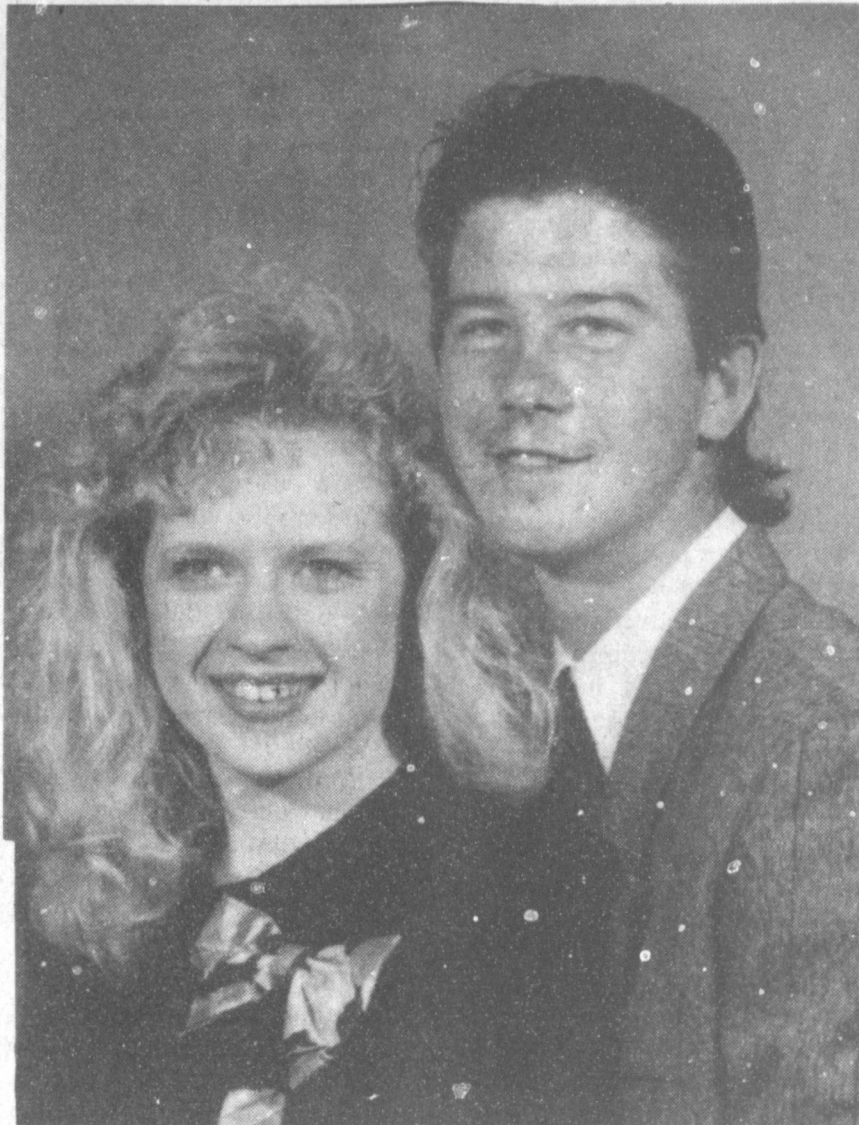

Nightmares, on the other hand, are bad dreams from which the child awakens distressed, but not confused or disoriented.

Overstimulation, such as frightening costumes or horror films often seen at Halloween can cause nightmares.

"Be aware that young children cannot differ between what is real and what is not," Cole said. "Ask the person in costume to remove the mask so that the child can see the difference."

Frequent nightmares are a sign that the child is worried about something. If there are other changes in behavior, then parent should seek professional help for their children.

"Parents need to realize the difference between night terrors and nightmares," Cole added.

ENGAGEMENT ANNOUNCED--Rev. and Mrs. Rick Michael of Muleshoe announce the engagement and approaching marriage of their daughter, Jennifer Lynn to Bobby Joe Kirby son of Mr. and Mrs. Steve Carter of Fort Worth and the late Bobby Gene Kirby. Miss Michael is a 1988 graduate of Temple Christian School, Ft. Worth and attended Arlington Baptist College. She is presently employed as a Physical Therapy Assistant at Muleshoe Area Medical Center. Kirby is also a graduate of Temple Christian School and is presently serving as a paratrooper in the United States Army, at Hunter Army Airfield, Savannah, Georgia. Vows will be exchanged later this year at the Calvary Baptist Church, Muleshoe, where the bride's father is pastor. (Guest Photo)

Bridal Shower Honors

Miss Susan Baker

The home of Susan Baker of Sudan was the scene of a bridal shower Saturday morning, Oct. 6 honoring Miss Dawn Underwood of Big Spring, bride elect of Brad Byerley of Sudan. Guests called between the hours of 10 and 11:30 a.m.

Missy Shultz of Plainview and Shanda Broadhurst of Littlefield served fruit plate and fruit dip, assorted breads, sausage balls, cheese ball and crackers from silver and crystal appointments.

The serving table was covered with a white linen appliqued table cloth and accented with a bouquet of fresh cut flowers in the bride's chosen colors of periwinkle and pink.

Tessa Underwood, sister of the bride elect, of Lubbock recorded the gifts.

Special guests included: Mrs. Pat Underwood of Big Spring, mother of the bride elect; Georgeann Rasco, mother of the prospective groom; Gayla Rasco, sister of the prospective groom; Lisa Underwood, sister-in-law of the honoree, of Lubbock; Mrs. Joy Oakes and Tricia of Richardson, aunt; a great aunt, Myra Gardener of Bakersfield, CA.

The hostesses gifts were 12 stems of crystal and Magnogalite Classic cookware.

Hostesses for the occasion included: Ruth Baker, Susan Baker, Shanda Broadhurst, Marge Cardwell, Barbara Damron, Winona Dudgeon, Patsy Fisher, Frances Gardner, Glyna Harrison and Nell Ingie.

Also Patsy Kent, Cheryl Kinnie, Donna Lance, PeeWee Lance, Peggy Lowrance, Shirley Martin, Jackie McAlpin, Patty Miller, Joan Nix, Norma Phillips, Loretta Reid, Evelyn Ritchie, Missy Shultz, LaDelta Vernon, Charls Ann Williams and Mary Wood.

reprieve on a roughing the kicker call against Tulia.

The Mules failed to capitalize on the extra chance, so the ball went back to the Hornets.

Again the Hornets couldn't move the ball against the Mules and punted it away with just over five minutes before the half.

Tough Tulia defense again contained the Mules ground game, and they punted again at 3:44 of the second.

With 2:25 showing on the scoreboard clock, Hornet Rick White made it into the end zone on a 26 yard run. The extra point was booted by Steven Zuniga.

With the Mules taking over again, they couldn't break through Tulia's defensive line and punted back to the Hornets.

Tulia took over with :33 left to

Muleshoe...

operations.

Herington is the son of Lawson C. and Doris J. Herington, Farwell. He is a 1981 graduate of the Farwell High School.

A select group of America's teachers are being honored by their toughest critics, their former students, in the inaugural edition of *Who's Who Among America's Teachers*.

All of the 24,500 teachers being honored were selected by their former students.

Local educators honored in *Who's Who Among Americas Teachers* include: Joyeline Costen, Mary DeShazo Elementary; Norma Jo Prather, Dillman Elementary School and Pat Watson, Muleshoe High School.

St. Joseph Annual Turkey Dinner will be held Sunday, November 4, at Slaton.

Turkey and German Sausage will be served from 11 a.m.-2 p.m. Tickets are \$6 for adults and \$3 for children under 10. Take out plates are \$6 each. German Sausage will be available at \$3 per pound.

The Catholic Daughters bazaar will be at St. Joseph School from 11 a.m.-3 p.m.

play in the half, and it took nearly ten minutes to play the last :33 seconds, as Tulia's quarterback started a series of passes trying to work back to the end zone. The clock ran out in the first half without additional scoring.

It was a 3-7 game at the half. Tulia took the second half opening kickoff, and moved the ball 20 yards in seven plays before bogging down and punting the ball back to the Mules.

Waging a valiant effort, the Mules' aerial game failed to jell enough to move them downfield and a 15-yard penalty further inhibited the Mules' attempts to get into the end zone. They had to give the ball back to the Hornets.

Taking advantage this time, the Hornets managed 56 yards in eight plays, and Chad Barnett made it into the end zone for Tulia's second TD of the evening. An extra point attempt by Steven Zuniga was blocked by the Mules. John Orozco scooped up the ball and raced 95 yards downfield to the end zone.

But a clipping penalty on one of the Mules nullified the Mule TD.

As the third quarter ran out, the Mules were slowly moving the ball back toward Hornet territory, but were forced to give the ball back to the Hornets shortly after the fourth quarter got underway.

A fired up Tulia team put the icing on the cake at 8:53 of the fourth when Rick White raced for 24 yards into the end zone, and Steven Zuniga made the extra point good this time.

The Mules were putting a good drive together when a pass tossed by quarterback Galin Latham was intercepted and Tulia took over one more time, with 6:08 left to play. The rest of the game was a defensive game for the Mules, as they fought successfully to keep Tulia out of the end zone.

Next week, the Mules will take on the Floydada Whirlwinds in Benny Douglass Stadium in Muleshoe for the last home game of the season.

Both the Friona and Littlefield games will be played out of town to end the season.

AAM Against '90 Farm Bill As Proposed

Early on Tuesday morning, around 4:30 a.m., most of the nation was in the dark as to what the Senate-House Agriculture Conference Committee was up to when they passed the 1990 Farm Bill. After expelling the public, and going into closed door session, the committee passed the most devastating farm legislation in the nation's history, according to Harvey Joe Sanner, national president of American Agriculture Movement, Inc. (AAM)

The AAM president said, "It is truly amazing what our elected officials get away with in the dark. These proceedings are no different than the back room meetings going on in Geneva at the General Agreement on Tariffs and Trade (GATT) negotiations. They both have put the fate of America's farmers, rural citizens, and consumers in the hands of a few people."

The bill contains \$13.6 billion in federal budget savings which effectively will be taken directly out of farm income, he added. Measures used to accomplish the budget savings include reduction in the amount of acreage eligible for farm program benefits, reductions in the amount of production eligible for the commodity loan program, assessments (taxes) on all production of milk, sugar, peanuts, tobacco, honey and wool, a two percent loan origination fee (tax) on all soybean production enrolled in the commodity loan program, manda-

Cross...

Cont. From Page 1

cross erected in this area, although many crosses mark highways in other states.

The Zuniga brothers said they, along with their sisters, and parents in the Valley, would like to say *Thank you* to the people of Muleshoe who helped them and supported them. "We would also like to give thanks to our harvesting crew, they have supported us and are still with us," said the brothers. In fact, many of the harvest crew accompanied the brothers to the site on Highway 70 on Wednesday evening.

"God Bless you all," the brothers concluded.

Tax...

Cont. From Page 1

and local sales taxes and send them to the Comptroller's office with their tax returns. The state keeps its six and one-quarter percent share and each month sends cities and counties their portion of the sales tax.

All local sales taxes must be approved by local voters and may be used for any legal city or county expenses. Most areas put the regular one percent city sales tax in their general fund and use it for operations like fire fighting, maintaining roads and law enforcement. Cities use additional one half percent city sales taxes to help fund local economic development and to reduce property taxes.

Kiwanis...

Cont. From Page 1

youth drug programs. In closing, the new president commented, "My daughter Lacy asked me 'Dad, you don't have to have a speech, just say it from the heart.'"

And in fact, Morris thanked his fellow Kiwanians, and asked for their help in making the next year a productive and busy year for the Muleshoe Kiwanis Club. He also thanked them for the trust they placed in him as president of the Muleshoe Kiwanis Club.

Members of the Muleshoe Kiwanis Club are R. A. Bradley, Scott Churchman, Don Clapp, Julian Dominguez, Oscar Hernandez, Lyndon Huckaby, Jerry Hutton, Reggie Johnson, Chris Lopez, Jim Lutz, Herb Langfitt, Randy Lewis and Don Martin. Also, Lonnie Merriott, Mickey Merriott, Robert Montgomery, Bryan Morris, Eddy Morris, Glen Morris, Merlyn Neel, J. O. Parker, Larry Parker, Keith Turner, Howard Watson and Hugh Young.

Honorary members are Jon Keith Turner, Lacy Morris, Chad Johnson and Robbie Clapp.

Kiwanis Sweetheart is Marsha Wilson.

tory commodity promotion assessments (taxes) on cotton, soybeans and other crops, modifications in the calculations of deficiency payments resulting in an additional 10 percent loss in income for grain and feed producers, as well as numerous other cuts in farm income, he said.

"Congress has gone tax crazy," said AAM spokesman Wayne Cryts of Missouri. "This farm bill now mandates that additional revenue (TAXES) be provided through a combination of commodity assessments, checkoffs, user fees and loan origination fees, be used to bring in an additional \$2 billion. These are taxes that come right out of farmers net income. It is our opinion that we have enough tax writing committees in Washington, but it appears that we now have two more in the Senate and House Ag Committees. The other taxing committees have already planned increases in fuel taxes, taxes on long distance telephone charges, and other excise taxes on what rural America produces and/or consumes: These taxes are in addition to lower commodity support and subsidy levels included in the bill."

David Senter, National Director of AAM pointed out, "The recent Budget Summit Agreement was defeated because of unfair tax increases. To have the Ag Committees impose a \$2 billion tax on farmers should set them up for a defeat of their farm bill on the floor. AAM has called for that defeat and we encourage everyone to demand their Senators and Representa-

The Toast

"My father always proposed a toast before he disciplined me." "That funny! What was it?"

"Bottoms up!"

tives to vote against the bill."

"AAM has shown that budget savings could have been achieved by increasing program commodity loan levels above the projected market price," said Senter. "Attempts to do this have been rejected by Committee leadership. It is unbelievable that these members, leaders in the development of our national agricultural policy, have refused to consider options to reduce federal spending and protect farm income at the same time."

Senter went on to say, "Just to show you how bad this plan is, even Secretary of Agriculture Yentter has accepted it, and he

wants to eliminate all farm programs. That reveals how close this farm bill is to no farm bill at all. It is no wonder the committee wanted to write this legislation in secret. I would be ashamed of it if I were them, too."

"We realize what we are saying will not make us any friends on the Ag Committees, but it is apparent America's farmers don't have that many friends there anyway. Maybe it is time to change that problem. The lack of commitment to America's farmers by leadership of both committees and both parties is tragic," Senter concluded.

Absentee Period

**Extended To
October 17**

The extended absentee balloting period which opened Wednesday, Oct. 17 for those registered to vote in the Tuesday, Nov. 6 general election, has been extended to run through Friday, Nov. 2, said Texas Secretary of State George Bayoud. Registered voters can appear at county courthouses and other absentee polling places across Texas to cast ballots for the Nov. 6 election, said Bayoud, the state's chief elections officer. The deadline to register to vote in the Nov. 6 election was Oct. 9.

"What this absentee voting period does is provide Texans with an additional 17 days to vote, instead of just on election day," Bayoud said. "If you are registered to vote, there simply is no excuse to stay away from the polls."

Under a 1987 state law that relaxed absentee voting requirements, registered voters need not give a specific reason for casting in-person, ballots during the extended voting period,

Bayoud explained.

"If you have made up your mind who you are going to vote for, consider taking advantage of the extended period," Bayoud said. "It's real convenient and you can avoid the lines on election day."

This year Texans will elect a U.S. senator, governor, lieutenant governor and scores of other statewide and local officeholders.

For information on local absentee voting hours and locations, call your county clerk or county elections administrator. For other election-related information call the secretary of state's toll-free, election hotline, 1-800-252-VOTE (8683).

**VA Announces
New Insurance
Hotline Number**

A change in telephone service has resulted in a new toll-free number for the Department of Veterans Affairs national hotline for veterans seeking information about their government insurance.

By calling 1-800-669-8477, insurance holders and beneficiaries can obtain immediate service on address or policy changes, dividend information and general insurance information.

Not only is calling the VA Insurance Center faster than communicating by mail, it also is more personal and allows the policyholder to raise additional questions based on the response to the original inquiry or request.

Established in 1988, the Philadelphia VA Regional Office and Insurance Center hotline answered 1.3 million calls in its first two years. In recent months, some 2,500 calls were answered daily. An overnight message service, which began in May 1990, allows callers to leave messages after 5:30 p.m. (ET) and on weekends. Insurance specialists return those calls within two working days.

Martin.

Those present were: Anna Keeney, Nancy Legg, Verena McAdams, Mary Blair, Dana Martin, Elaine Hedges, Kelli Flowers and JoAnn Jones.

The next meeting will be held on Oct. 15 at 7:00 in the home of JoAnn Jones.

Young Baptist Women will meet the 3rd Monday of each month at 7:00.

The Sudan Women's Club met on Monday, Sept. 24 at 7:30 p.m. at the bank community room. We had a discussion over business programs, committee's and officers. We as a club voted to participate in

helping with the Home Delivery Program.

The next meeting will be held on Oct. 22 and will be a salad supper. All members need to bring a salad. The new members are asked to please bring someone with you.

Members present were: Jackie McAlpin, Denece McDonald, Norma Burnett, Margaret Smith, Billy Doty, Kay Wiseman, JoAnn Ellison, Jonelle Bandy, Jannette Kube and Wanda Testerman.

Rose Mary Seymore is still recovering from hand surgery.

Ty Hargrove has been moved to Methodist Hospital in Lub-

bock and will begin rehabilitation work this week. He is showing great signs of improvement and should have the trach tube to where he can talk by now. He will begin the task of rehabilitation his muscles that have not been used for seven weeks, and learn how to communicate and just be a human being again.

Kita Hargrove's mother had surgery last week, but is supposed to be released this week. She is in Amarillo.

Cliff Hargrove's sister is out of the hospital and is going back to work hopefully next week.

1. Timothy, a young preacher.
2. Paul, an old preacher, about to die in Rome.

Bailey County EMS

For the month of September, Bailey County EMS ran 37 calls. Among them were 2 motor vehicle accidents, several respiratory difficulties and cardiac arrest's. Bailey County EMS also assisted Earth EMS on a major call.

According to the record books of Bailey County EMS, 25 of the calls were for emergency medical and ambulance service to Muleshoe Area Medical Center, 7 calls for transporting patients to area hospitals, 3 calls were NO TRANSPORT, and 2 calls were to football games with no transport.

Of the total calls in September, 2 involved assistance to children, 21 involved assistance to persons age 18-65 and 14 involved assistance to persons over the age of 65.

Bailey County EMS is a non-profit Emergency Medical service provided to Muleshoe area residents. Funding comes from Bailey County and the unit relies heavily on volunteers to provide service.

The "CANS FOR LIFE" project is being ran by Bailey County EMS Organization for the purpose of raising funds to purchase new equipment that is needed. This an ongoing project that has started off, very well. We would appreciate your continued support, by putting your aluminum can in the orange containers on the Thriftway parking lot.

We wish to express our thanks to Thriftway and Ray Day for helping with this project and all of you that have donated your cans. We would also like to thank James and Fern Warren for a donation that they made to Bailey County EMS Organization.

Texas Guaranteed Student Loan Corporation

Texas parents have been slow to take advantage of a federal loan program designed to help them pay their child's post-secondary educational expenses, according to Joe McCormick, President of the Texas Guaranteed Student Loan Corporation.

The Parent Loans for Undergraduate Students (PLUS) loan programs is on the three federal loan programs offered by the U.S. government to assist students and parents in paying for college or vocational school expenses. Unlike other federal financial aid, parents applying for these loans do not have to be certified as being financially needy.

"This program is available to all Texas parents, regardless of income," McCormick said. "Loan proceeds can be used to help pay your child's tuition, room and board, books and supplies and other related school expenses."

The current interest rate for the PLUS loan is 11.49%, set by the Department of Education. Other attractive features of the PLUS loans are a repayment period of up to ten years and the ability to postpone payments during the time the child is in school. Also, a PLUS loan does not require collateral.

Parents may borrow up to \$4,000 per year for five years for each dependent child enrolled at least half-time.

Roughly 5% of the guaranteed student loans guaranteed

by TGSCLC this year were in the PLUS program, McCormick said.

"We believe that there are more Texas parents that could benefit from this program," McCormick said. He added that parents can apply for PLUS loans at any time during the student's enrollment -- it does not have to be before school starts.

The Texas Guaranteed Student Loan Corporation (TGSCLC) is a non-profit public corporation created by the Texas Legislature in 1979 to administer the federal guaranteed student loan program for the

State of Texas. The loans are funded by participating private lenders and guaranteed by TGSCLC.

TGSCLC has guaranteed more than \$3 billion in loans to Texas students and parents helping members of more than half a million families attain post-secondary education.

To receive an informational packet on the PLUS loan program, or other guaranteed student loan programs, contact the Borrower Services Department at TGSCLC at 1-800-252-9743. Information is also available through financial aid officers or participating lenders.

Railroad Commission Begins Federal Monitoring Program

Keeping abreast of developments in Washington that affect the Texas energy industry is the purpose of a new monitoring program announced by the Texas Railroad Commission on Oct. 11.

The Commission said its federal monitoring program will spotlight and analyze congressional actions, major policy statements and rulemakings by the Federal Energy Regulatory Commission, and other energy-related regulatory actions.

According to Chairman Kent Hance and Commissioners John Sharp and James E. (Jim) Nugent, Texas needs to be

actively involved in the shaping of a national energy policy. The new program will provide vital information to the agency, helping it to make effective action as energy matters are being considered in Washington, the commissioners said.

Gary D. Compton, head of the oil and gas regulatory and government affairs section of the Amarillo and Dallas law firm of Whittenburg, Whittenburg, and Schachter will assist the Commission with the program.

Running stocker calves on wheat pasture?

Now, more than ever, IVOMEC® can build your profits.

At this year's beef prices, every pound you put on your calves is worth good money. And with IVOMEC® (ivermectin) you can put on plenty of extra pounds.

Whenever you have cattle on pasture, you're bound to have parasites. And if your calves have been sold and resold before shipping, you can't know what parasites they've picked up. And parasites steal weight.

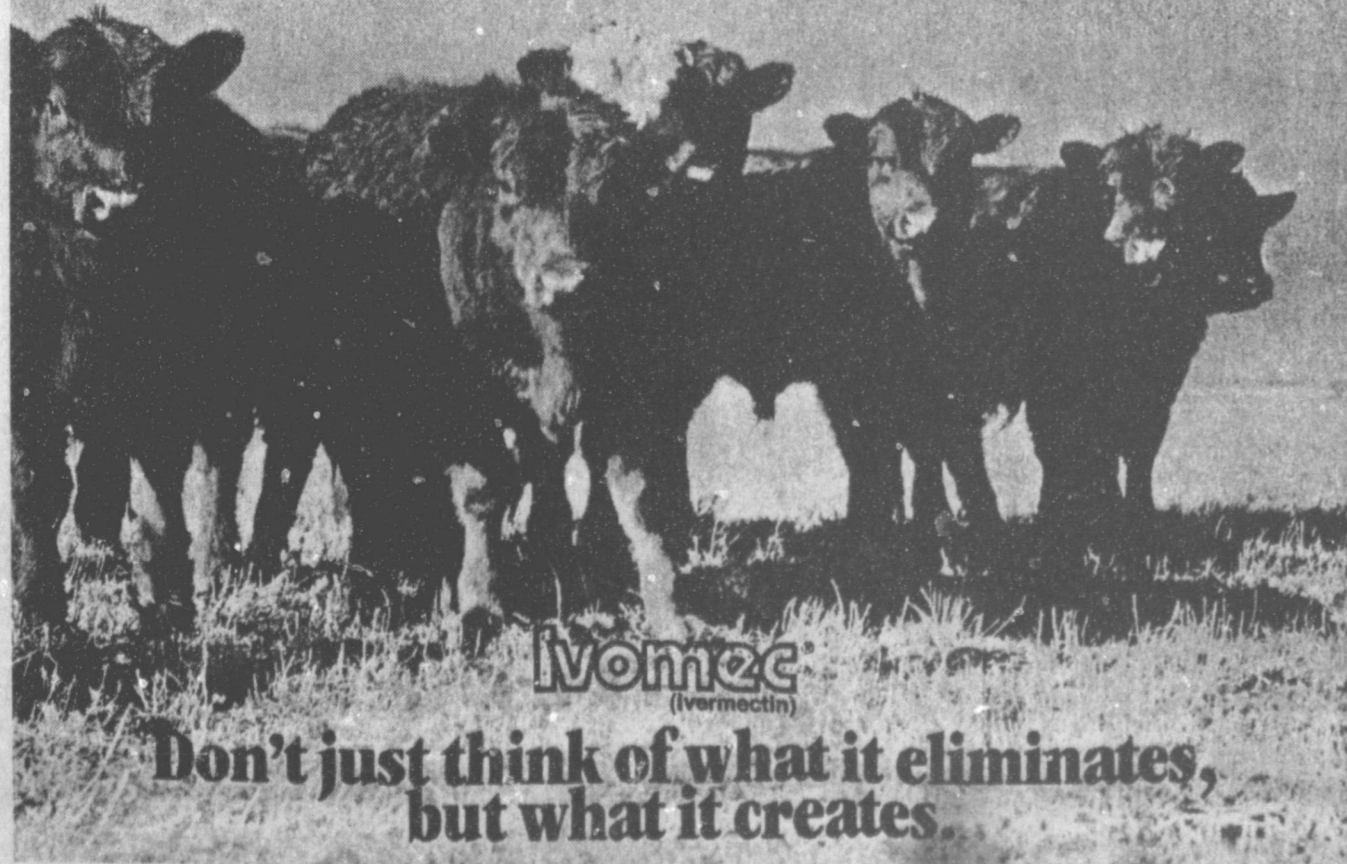

But one shot of IVOMEC kills 31 different kinds of parasites—more than twice as many as TRAMISOL® and WARBEX® combined.

IVOMEC kills mature and immature worms, so you don't have to use it again in a couple of weeks. And IVOMEC gets external parasites, too. It does it all with just one simple shot under the skin. No wrestling. No Mess. No stress.

So go with your best shot. Get IVOMEC.

Don't just think of what it eliminates, but what it creates.

1990-91 KIWANIS OFFICERS, DIRECTORS AND SWEETHEART--Tuesday night, the officer installation and awards banquet for the Muleshoe Kiwanis Club was held at the Bailey County Civic Center. Officers installed included, from left, seated, Glen Morris, president; Reggie Johnson, vice president; Marsha Wilson, sweetheart; Eddy Morris, secretary and Scott Churchman, treasurer. Directors, standing from left, Jim Lutz, immediate past president; Larry Parker, Randy Lewis, Julian Dominguez and Bryan Morris. (Journal Photo)

October Designated Energy Awareness Month In Texas

Your car runs on it. Your house cools with it. Your lights glow with it. In sum, your life depends on it. Energy--important to our lives, but often taken for granted.

Rarely do we think about our energy sources or where they come from. During October, Texans are encouraged to learn more about energy during National Energy Awareness Month. This year's theme is "Energy: Plan If for the Planet," emphasizing the need for global, as well as national, awareness.

This year energy awareness is especially important. Events on the other side of the world are directly affecting each of us. Iraq's invasion of Kuwait and the ensuing crisis have caused our gasoline prices to rise dramatically over the past few months. Again, we are reminded of the extent of our energy dependence on other countries. Energy Awareness Month is designed to help Americans remember the importance of using energy wisely and efficiently.

Each year, government organizations sponsor events to observe Energy Awareness Month. In addition, businesses, schools, private organizations, and civic groups statewide are encouraged to promote energy awareness and educational to their groups or associates through contests, recycling programs, lectures or similar activities.

You also make a difference. First, learn about energy efficiency and renewable energy sources. Second, put this knowledge to use by initiating energy conservation measures in your home, car, recreational vehicle, school, or work place. Practicing energy conservation measurers

also will save you money.

For more information about sponsoring an event or ways to save energy, contact the Texas Energy Extension Service on the toll-free Energy Hotline at 1-800-643-SAVE. Publications,

New Drug Being Tested For Shingles

For some people with shingles, a painful skin condition, the suffering continues long after they have been cured. Researchers at Baylor College of Medicine in Houston are testing a new drug which may relieve that pain.

Shingles is caused by the varicella-zoster virus, the same virus that causes chickenpox. It starts off as a sharp pain in the affected nerve and causes a rash in the form of blisters that commonly appears on the torso or face. One out of every 1,000 adults in the U.S. experience this painful rash which usually occurs only once in a lifetime.

A new drug, BV-araU, may prove more effective than current treatments, according to Dr. Suzanne Bruce, an assistant professor of dermatology at Baylor.

"Drugs currently in use help to speed the healing of the disease but they do not always prevent the pain that occurs after the shingles heal," said Bruce. "Many patients, especially the elderly, continue to have pain for months or even years after the shingles go away."

Bruce and her associates hope the study will prove that the new drug will not only prevent the pain in the affected nerve, but will also speed up the healing process.

Volunteers are being sought for the study. Adults, ages 18 and above, who have had

speakers, audio/visuals, and Energy Awareness Month posters are available from the Texas EES also. The Texas EES is a program of the Governors Energy Management Center.

Make Energy Awareness Month the start of a more energy-efficient decade for yourself and for the planet.

shingles for less than 72 hours may call (713) 798-4743 for more information.

IN FASHION

Looking toward fall it will be great to discard the summer casuals and return to clothes in streamlined shapes and rich fabrics. Wool, cashmere blends, quilted jerseys, and velvet will be fashion fabrics in bold to spice tones.

Suits are best for daytime wear for the executive woman.

Kiwanis News

By R.A. Bradley

Fourteen Kiwanians, one honorary Kiwanian, Jon Keith Turner, Sweetheart Marsha Wilson, and one guest, Marilyn Cox, candidate for Bailey County Judge, met Friday morning at the La Placita Cafe.

Our sweetheart, who has only met with us for the third time, but we are looking forward to a wonderful year with Marsha. Marsha is a very busy young lady. Here are a few of the things she is involved in -- Marsha is in band, plays the trumpet; varsity cheerleader; senior class vice president; first vice president of HECE; she is employed at the Muleshoe Area Medical Center; member of the FCA (Fellowship of Christian Athletes); NHS (National Honor Society); ninth in her class; SCAC (Student Action Community Club); Homecoming Queen MHS 1990; member of the Student Council; and best of all -- Kiwanis Sweetheart.

Her goal is to become a physical therapist. The Kiwanis Club will try hard to see if we can find something for Marsha to do so she will not get into trouble with too much idle time. Marsha, as I stated last week, you have a wonderful personality and a beautiful smile. Don't change -- we love you.

President Glen Morris called the meeting to order, Larry Parker led the club in the pledge to our flag, and Bryan Morris gave the invocation.

Hugh Young gave the friendship coin to Glen Morris since Hugh left Glen's name off the program as a member of the Kiwanis Club. Hugh, we hope this puts you back into good graces with Glen. Hugh, since Glen was your proof reader, I don't see how you can take all of the blame.

R. A. Bradley installed Herb Langfitt as a new member to the Kiwanis Club. Herb, we of the Kiwanis Club are very proud to have you as a member and yours truly is very honored

to be able to install you. Here's looking to a long fellowship -- Welcome.

Past president Jim Lutz had one more job to complete his turn, and that was to present a plaque to J. O. Parker as the past treasurer for the last year. J. O. was absent at our banquet since he was at school. J. O. stated that with his *Pea Brain* he couldn't afford to miss any classes. J. O., we are very proud and surprised as all of this time we wondered if you really had a brain.

Our guest and program was Marilyn Cox, who is a candidate for the Bailey County Judge. Marilyn stated that she really wanted the job, she loved and got along good with people. She came from a farming background and had been successful in business.

Marilyn stated that she was not a feminist, just because she was a woman did not qualify her for the job, but because she was just a person who wanted to get all elements of the county back together and stop any division, in this she is qualified and ready.

Here is our *Shame, Shame* part of the Muleshoe Kiwanis Club. If you see any of the gentlemen this week, be sure to shake your finger at them and say *Shame, Shame*.

Those absent were Oscar Hernandez, Don Clapp, Robbie Clapp, Lyndon Huckaby, Jerry Hutton, Reggie Johnson, Chad

Johnson, Lonnie Merriott, Robert Montgomery, Merlyn Neel, Howard Watson, Julian Dominguez and Chris Lopez.

We may have to get the MPD to put out an all points bulletin for these guys.

You have heard of the 10 most wanted -- here are our 13 most wanted -- if you see any of them and get them back to Kiwanis, there might be a reward.

Honorary member Lacy Morris is absent, but Lacy is sick. Lacy, we are so sorry that you are sick. Hurry up and get well real soon as we miss you very much.

Tonight the Mules meet Tulia -- Mules play hard -- we always want you to win -- but win or lose -- we are always proud of you. *Go Mules!!*

Thank You

Words cannot express my gratitude for the many acts of kindness and concern which were shown during my recent stay in the Methodist Hospital, and upon my return home.

For the beautiful flowers, the cards, phone calls, visits and your prayers. All are sincerely appreciated, as was the food which was brought to our home.

Lonnie and I agree that the greatest folks in the world are right here in Muleshoe & Bailey County. Thank You.

Nelda Merriott

Gas. It's A Natural Way To Protect Our World.

Leading scientists tell us that increased use of natural gas could dramatically improve the quality of our environment. Gas is the cleanest burning of all fossil fuels. So, unlike other fuels such as oil and coal, natural gas doesn't emit high levels of carbon dioxide into the atmosphere.

These pollutants are believed to be a major cause of many of the environmental problems facing us today.

One way in which natural gas is now being used to help reduce air pollution involves the injection of gas into coal burning facilities. This procedure can result in reducing nitrogen oxide emissions by as much as 60%.

So, when it comes to heating your home this winter -- or cooking your food or heating your water -- natural gas is the way to go.

Natural gas. It's clean. Dependable. And environmentally friendly. That's why, gas is a natural.

Gas. It's a natural.

Cotton Unlimited Shows Potential For Texas Cotton

"The Grand Opening of Cotton Unlimited demonstrates the unlimited potential for adding value to the Texas cotton crop through the introduction of new natural fiber products," Texas Agriculture Commissioner Jim Hightower said Friday, Oct. 12 at the grand opening of a revolutionary insulation manufacturing-plant in Post.

"This new, locally owned firm is a pioneer on the frontier of the new sustainable economy that relies on renewable natural resources like cotton to supply the raw material needs of industry. The growing trend toward the use of natural inputs in manufacturing will lead to a revival of agriculture in the next century," Hightower said.

"Cotton Unlimited will produce insulation made from a blend of 80 percent low-grade cotton fibers and 20 percent polyester that will be a competitive substitute for fiberglass. Unlike fiberglass, however, the product will not cause eye and skin irritation, eliminating the need for installers to wear respirators and special clothing, helping to reduce operating costs for contractors. The new product will also require far less energy to manufacture than fiberglass," Hightower said.

Cotton-based insulation is the brainchild of Paul Muncrief, a Post inventor who developed new machinery to produce the product, and Joe Pate, a West Texas entrepreneur and cotton farmer who created the firm to establish new markets for the South Plain's enormous cotton production. The plant will initially consume the annual equivalent of 50 bales of cotton from each of as many as 240 farms in a 40-county area.

Housed in a retro-fitted mill that had been closed for several years, Cotton Unlimited will eventually employ 150 workers and will have estimated annual sales of \$50 million when it reaches full production.

The Cotton Unlimited mill will consume up to 12,000 bales of South Plains cotton during its early stages of production and could eventually use up to 500,000 bales annually by the turn of the century, according to company spokesman W.D. Martin.

The basic product is a non-woven textile with similar insulation properties to fiberglass. The cotton-based product can be used to insulate homes, offices, factories, automobiles, airplanes and appliances.

The Texas Department of

Agriculture assisted the firm by conducting research on the United States insulation market. TDA market specialists found that the country consumes \$20 billion worth of insulation annually and that contractors would be interested in a cotton-based substitute product.

"TDA is assisting in the development of 12 other value-added manufacturing projects that will use Texas cotton. These new projects will have total employment of 650 workers and will require capital improvements of \$65 million. These projects will have annual sales of \$89 million by the turn of the century," Hightower said.

"Although it is a major cotton producer, Texas still has considerable potential to develop as a processor of cotton goods. Texas produced 2.9 million bales of cotton, or 25 percent of the nation's production of 11.6 million bales, in 1989. While Texas is a major cotton producer, less than four percent of the state's crop is currently processed into textile and apparel products within the state.

"TDA is also assisting nearly 200 food and fiber processing projects that will create an additional 10,000 jobs and have estimated annual sales of more than \$1 billion by the year 2000," Hightower said.

"TDA had already assisted nearly 80 food and fiber processing projects that now have total employment of 2,300 and annual sales of \$120 million. That shows the kind of potential the sustainable economy has for Texas agriculture.

"Joe Pate is just one of a number of ordinary Texans doing extraordinary things to build a diversified, profitable, and environmentally sound agricultural economy for the future," Hightower said. "We're working with other enterprising individuals on a wide range of projects that are environmentally sound as well as profitable. These projects include large-scale organic farming of traditional crops, soybean oil-based printers ink, oil well drilling fluid made from vegetable oils, and industrial dyes derived from aquatic plants," Hightower said. The economic potential for these new industries is outlined in a new TDA report, "Texas Agriculture: Building a Sustainable Economy, A Greenprint for Action." The 284-page report is the first by a state agriculture department to examine economic development from an environmental perspective.

"We are going to wrap the world in West Texas cotton," Joe B. Pate, Jr., warehouseman and cotton farmer, said Friday at the grand opening of the new Cotton Unlimited, Inc., manufacturing plant in Post, Texas.

Working with Paul Muncrief, a Post inventor, Pate and other investors have spent the past few months retrofitting a former textile mill to manufacture an insulation product made principally from cotton fibers. Research and development of the product and organization of the start-up company have been in progress for more than four years.

The aims of the project are to capture a share of the United States' \$20 billion-a-year insulation market and to create a new market for Texas cotton.

The insulation product, manufactured on a combination of conventional textile equipment and a new type of bonding oven developed by Muncrief, will have similar insulation properties to fiberglass but will require far less energy to manufacture.

Unlike fiberglass, Cotton Unlimited's insulation, made from a blend of 80 percent cotton fibers and 20 percent polyester, will not require that installers wear respirators or protective clothing. This will help to reduce costs to contractors who use the cotton insulation instead of fiberglass.

Cotton Unlimited's basic product, a non-woven textile blanket of insulating material, will be fire retarded and can be adapted for use as insulation in homes, commercial structures, automobiles, airplanes and appliances.

"Cotton is a natural, renewable resource material and is better for the environment. We hope this new product will make us an industry leader in the effort to protect the environment," Pate said.

The Cotton Unlimited manufacturing plant is housed in a former textile mill that closed several years ago. The equipment is laid out according to the latest modular manufacturing techniques, with a single production line that can be expanded to as many as six production lines or "modules," as product demand increases.

"Our plant can consume 12,000 bales of cotton a year with the present line of equipment. If we gain a significant share of the insulation market, we could consume as much as 500,000 bales a year by

the turn of the century," said W.D. Martin, company spokesman.

The West Texas start-up firm received technical and marketing assistance from a variety of public and private sources, including Eastman Kodak of Kingsport, Tennessee, the manufacturer of the polyester that is blended with the cotton fibers to produce the insulation product.

The Texas Tech University Textile Research Center assisted the project with product development research, and the Texas Department of Agriculture assisted with market research. The Post Economic Development Corporation provided business planning and other resources, while Smart Machines and Mid-South Textile Machinery Co. provided technical assistance on manufacturing processes.

Representatives of these public and private organizations, state and local elected officials, and members of the cotton industry attended the opening ceremonies.

Enochs News by: Mrs. J.D. Bayless

Wanda and J.E. Layton spent Saturday until Wednesday and their son, Keith and family spent Saturday until Wednesday at Dell City visiting Harold and Loretta Layton and family.

Look What's Going On

HEALTH CLINIC--Thursday morning, Dillman Elementary held a health clinic in the gym. The students moved from station to station where they learned how to care for their teeth, good nutrition, exercise, the effects of smoking and had their blood pressure taken. These students were learning about nutrition. (Journal Photo)

CARING FOR YOUR TEETH--During a Health Clinic, Thursday, students at Dillman Elementary learned how to care for their teeth and the importance of good dental practices. (Journal Photo)

IMPORTANCE OF EXERCISING--These students at Dillman Elementary learned the importance of daily exercise during a Health Clinic Thursday. (Journal Photo)

HEALTH HAZARD--This group of youngsters gathered around the table to watch the effects smoking has on smokers, during the Health Clinic Thursday, at Dillman Elementary. (Journal Photo)

4-H FAMILY OF THE YEAR... when the annual 4-H Achievement Banquet was held at the Civic Center, Mr. and Mrs. Lyndon Huckaby were honored as 4-H Family of the Year. They were out of town and did not receive their award until later. Here, they are shown with the award they were presented. The Huckabys and their daughters, Zanna and Holly, have been very active in the Bailey County 4-H. (Journal Photo)

CHECKING THE BLOOD PRESSURE--This group of students at Dillman Elementary were having their blood pressure checked during the Health Clinic Thursday morning. (Journal Photo)

OUTGOING AND INCOMING PRESIDENT--Honored Tuesday night were outgoing Kiwanis president, Jim Lutz, left; Sweetheart Marsha Wilson, center; and incoming president, Glen Morris. They exchanged positions at the Kiwanis banquet. (Journal Photo)

OUTGOING OFFICER AWARD RECIPIENTS--During the annual Kiwanis officer installation and award banquet Tuesday night, Jim Lutz, president; Glen Morris, vice president, and Reggie Johnson, secretary, received outgoing officer awards. (Journal Photo)

OUTGOING DIRECTOR AWARDS--Don Martin, left, who recently moved to Perryton and Scott Churchman, right, both received outgoing director awards at the annual Kiwanis Banquet Tuesday night at the Civic Center. (Journal Photo)

Brother Dies

At Altus

Funeral services for Thomas N. Flores, Jr., 68, were at 10 a.m. Wednesday, Oct. 10 in the Prince of Peace Catholic Church with Father John Metzinger officiating.

Burial was in Altus Cemetery under the direction of Tims Funeral Home.

Flores died Sunday at Deaconess Hospital in Oklahoma City, Okla.

Born Sept. 17, 1922, in Menard, TX, he married Mercedes (Mercy) Flores in 1944, in Menard. They had resided in Bailey County for 10 years before moving to Altus in 1966. He was an Army veteran of World War II and a member of the Altus VFW Post 4876.

Survivors include his wife, Mercy; one son, Louis Flores of San Antonio; three daughters, Belta Canales of Altus, Ofelia Martinez of Lubbock, and Hellen Figueroa of San Antonio; one brother, Rudy Gonzales of Menard; three sisters, Celia Martinez and Ester Lopez, both of Houston, and Mrs. Martin Fabela of Muleshoe; his father, Thomas Flores, Sr. of Menard; six grandsons; four granddaughters; five great grandsons, and two great granddaughters.

Bobbie Tunncliff

Graveside Services

Set Today, Sunday

Graveside services for Bobbie June (Treider) Tunncliff, 60, of Loveland, Colo. will be conducted at 2 p.m. today, Sunday, Oct. 21 in Lazbuddie Cemetery with the Rev. Gary Wilcox, pastor of the Lazbuddie First Baptist Church, officiating.

Burial will be under the direction of Ellis-Blackwell Funeral Home of Friona. Ms. Tunncliff died Sept. 30 in Snake River, Teton National Forest in Wyoming.

Born June 28, 1930, in Lazbuddie, she had been a resident of Loveland five years, moving there from Colorado Springs, Colorado. She was an interior decorator and a Presbyterian.

Survivors include her husband, Bill; two daughters, Cheryl Roper of Ft. Collins, Colo. and Brenda Krier of Longmont, Colo.; three sons, Dale Krey of Billings, Mont., Adrian Krey of Jackson, Colo. and Juel Grant of Ft. Collins, Colo.; her mother, Frances Lovelace of Farwell; three sisters, Billie McGee of Oxnard, Calif., Jeanette Hurt of Farwell, and Imogene Smith of Friona; two brothers, Ted Treider of Lazbuddie, and Larry Treider of Las Vegas, Nev.; and seven grandchildren.

The family suggests memorials be made to Teton Search and Rescue, in care of Mountain View Presbyterian Church, 2500 N. Garfield, Loveland, Colo. 80538.

He was preceded in death by his mother, Ofelia, in 1930 and by one sister, Carolina Coronado in 1984.

Theadora Steinbock

Funeral Services

Set Monday

Funeral services for Theadora Steinbock, 85, of Lazbuddie will be held at 2 p.m. Monday, Oct. 22 in the Lazbuddie Methodist Church with the Rev. Doug Chapman, pastor, officiating.

Burial will be in Lazbuddie Cemetery under the direction of Ellis Funeral Home of Muleshoe. Mrs. Steinbock died at 10:45 a.m. Friday in Muleshoe Area Medical Center.

Born Oct. 30, 1904, in Rheinbeck, Iowa, she was a homemaker. She moved to Lazbuddie in 1925 from Frederick, Okla. She moved from Iowa in 1907. She married

Edward E. Steinbock on Oct. 3, 1924 in Frederick. He died July 31, 1981.

Survivors include a sister, Elise Stith of Frederick, Okla.; and a number of nieces and nephews.

The family suggests memorials be made to either the Lazbuddie Methodist Church or Lazbuddie E.M.S.

STYLE

GOTHIC, EARLY AMERICAN, CONTEMPORARY, OR MODERN
... Americans have a right to be proud of the beautiful structures erected and dedicated to the service of our Lord. David had a great desire to build a temple for the Lord, but because of his sins he was not allowed to complete it. . . . The building completed by Solomon was used as God's house until the people strayed from God, and then it was destroyed. God has no desire for the building without the people.

ATTEND CHURCH

EVERYONE IN THE CHURCH
THE CHURCH IN EVERYONE

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

B.J. CROWLEY'S HOROSCOPE

LIBRA--Sept. 23 to Oct. 22-- Don't make promises you can't keep. Your word is your bond. Try to get out of the habit of telling little white lies.
SCORPIO--Oct. 23 to Nov. 22--You will be rewarded for good behavior. When others learn to trust you, they will go out of their way to help you get what you want.
SAGITTARIUS--Nov. 23 to Dec. 21--Others may seem to be ignoring you. Don't fret. They are preoccupied with their own problems. Be patient.
CAPRICORN--Dec. 22 to Jan. 19--Think before you speak. You have been coming forth with some very immature statements which are irrelevant to the subject generally at hand.
AQUARIUS--Jan. 20 to Feb. 18--Don't be so uptight. By now you should have learned that you must roll with the punches. Concentrate on career matters.
PISCES--Feb. 19 to March 20--Take care of your health. Work increases. Additional help will be needed to get everything done. Take time for recreation.
ARIES--March 21 to April 20--Your health improves and you feel really great. Your energy level is higher than it has been in a long time.
TAURUS--April 21 to May 20--You may feel as though if you had more money, life would be much easier to deal with. This is not true. Be content with what you have.
GEMINI--May 21 to June 20--You are on the right path to developing career skills that will take you far. Cultivate new friends with common interests in the field you have chosen.
CANCER--June 21 to July 22--If at all possible, plan to rest this weekend. Take things easy and you will come back to your work refreshed when the new week begins.
LEO--July 23 to Aug. 22--Keep physically fit even if you are turned off by exercise. Set aside some time each day for a fitness program.
VIRGO--Aug. 23 to Sept. 22--Become a better person by listening to your conscience. There are two simple rules which can make you feel better about yourself. You should love others and seek knowledge.

Three Way News
