BRACKETTVILLE TEXAS, FRIDAY AUGUST 23, 1952

NO. 20

Texas Cancer News

KELTYS (Special) — Ernest L. Kurth, East Texas industrialist and state Cancer Crusade leader, spoke out today urging Texans to put the financial drive "over the top."

Calling for last-hour contributions, he challenged Texans to avert what is "shaping-up as a defeat against the long-range cancer control program of the American Cancer Society, Texas Division."

The Cancer Crusade began in April. It was endorsed by Governor Shivers and other lay and medical leaders in a statewide newspaper and radio appeal. It also carries an educational message for the public.

The Crusade has been extended by many local units, and, according to Kurth, still is falling short of the \$600,000 goal. So far, he said, only \$525,000 has been contributed for the three-way battle against the disease through the nation-wide cancer research program, education of the public and volunteer and medical services to Texas cancer patients.

Mr. Kurth said, "The cancer problem is too important and too worthy to be denied. And Texans are too proud to face this defeat without a last surge of effort."

"Greater use of existing cancer-control facilities was hoped for during the coming year and several new projects were planned. These new cancer-fighting projects will be depied the people of the state if the Crusade fails," Mr. Kurth said.

Arrangements have been made with the Post Office department, he said, to forward contributions addressed to CANCER, in care of any local postmaster, to the state headquarters of the Society.

Total Navy personnel strength as of Feb. 29, 1952 was 807,589.

Let's Talk Livestock

By TED GOULDY

Fort Worth. — The Monday trade on cattle and calves at Fort Worth was very slow with a weak unevenly lower undertone. Some of the best fed cattle and fat calves held about steady with other slaughter classes weak to 50 cents, spots \$1. and more lower. Stockers and feeders were the slowest in several weeks. Some feeder heifers and thin stocker cows sold near steady but other stockers, and especially calves, were sharply lower, some drastic declines in effect later in the day.

Butcher hogs advanced 50 cents per hundred and sows were 50 cents to \$1 higher. The restriction on sending feeder pigs back to the country was still in effect and any pigs that were on the market had to sell for slaughter at sharply reduced prices.

Sheep and lambs generally held steady prices as compared with the previous week's close. Good and choice slaughter steers and yearlings cashed at \$26 to \$32.50. Plain and medium slaughter kinds sold at \$15 to \$27 and cull yearlings \$12 to \$14.

Fat cows brought \$14 to \$17, and canners and cutters cashed at \$8 to \$14, some old shells medium quality sold for \$16 to down under \$8. Bulls drew \$13 to \$22.

Good and choice slaughter calves sold at \$25 to \$28 and plain and medium butcher sorts cashed at \$16 to \$24, with culls from \$12 to \$15.

Good and choice stocker calves drew \$24 to \$29 and plain to \$22. Stocker and feeder steers and yearlings of good and choice kinds sold at \$22 to \$25.50, and common to medium sorts sold at \$15 to \$20. Stocker cows drew \$14 to \$18.

Good and choice butcher hogs reached a top of \$23.25, most

sales \$23 down. Sows cashed at \$16 to \$19. Pigs sold at \$10 to \$12.

Medium, good and choice fat Spring lambs sold at \$20 to \$27 and stocker and feeder lambs sold at \$12 to \$20. Stocker and feeder yearlings cashed at \$10 to \$15. Old wethers sold from \$10 down. Two-year-olds sold from \$12 downward. Slaughter ewes cashed at \$6 to \$7.50.

Get Your Child Ready For School

AUSTIN, TEXAS. — Dr. Geo. W. Cox, State Health Officer, urges the parents of all children who will respond to the school bell for the first time in September to be sure the child is physically ready for school duties.

"First and foremost is the need for vaccination against smallpox. Parents should see that children are vaccinated before they are one year of age, however if not done previously, at school age vaccination becomes absolutely necessary," Dr. Cox said. "If your child has not been vaccinated, have it done immediately for his own protection and that of others."

Immunization against diphtheria is also highly important, Dr. Cox declares. This disease which causes serious illness and death among young children can be prevented with toxoid. The child who has never been protected should be given this safeguard against a dreaded killing disease. Even though he may have been immunized as a baby, doctors and health officers usually recommend an additional dose of toxoid to strengthen immunity before entrance into school.

In addition, before you send your child to school you are urged to take him to your family physician and dentist for a thorough examination," Dr. Cox adds: "You will want to know that he is in good physical condition and can compete with the other children on equal terms. If the check-up reveals any weakness or defects they should be corrected at once. Don't let your child start his school life with any avoidable handicap."

Vocational Nurses Must Make Applications By Sept. 6 For Licenses

Vocational nurses who are eligible to apply for a license without taking an examination must make application by September 6th, it was announced today by the State Board of Vocational Nurse Examiners. This is in accordance with House Bill No. 47, as passed by the 52nd Legislature. To become licensed after that date, the law requires an applicant to have completed a twelve-month training course in a school accredited by the Board and must successfully pass a State Board examination.

To be eligible for license without examination, an applicant must establish the fact that she practiced vocational nursing during the entire year immediately prior to September 7, 1951. It is not necessary for an applicant to be affiliated with any association to be eligible for State license.

Applications for license without examination are available from the State Board of Vocational Nurse Examiners, Austin, Texas. Nurses interested in obtaining licenses in this manner are urged to make immediate request for applications.

900 THDA Women Will Be Given Chest X-Rays

Kingsville, Texas, August 4. — Almost a thousand women of rural communities meeting in Kingsville August 26-28 will be given chest x-rays as a feature of the annual Texas Home Demonstration Association convention.

Mrs. R. M. Almanrode of Monday, T H D A president, announced today the x-ray bus of the Texas Tuberculosis Association will be stationed at the Student-Union Building on A. and I. College campus where the delegates from over the state will hold their three-day session.

The mobile x-ray unit will be staffed by Texas TB Association technicians and members of the Kleberg-Kenedy TB organization and reports on the films will be mailed directly to the women after their return home, Mrs. Almanrode said. The survey is part of the TB associations' program of finding and controlling tuberculosis in Texas which is financed by the annual sale of Christmas Seals bearing the anti-TB emblem — the double barred cross.

More than 900 women, representing 43,000 club members in Texas, have registered to date for the convention.

Rooms are available to the delegates in the college dormitories and meals in the cafeteria, the THDA president announced.

Workshops and study sessions will form a major part of the program, Mrs. Almanrode said, and new officers will be elected.

A visit to the famed King ranch, climaxed by a barbecue supper is scheduled for the opening day as part of the entertainment to be provided for the visitors.

Civilian Visitors

Growing interest among civilians in the Army and its activities in the Fourth Army area is evidenced by the more than 100,000 visitors to installations during the first half of 1952. Many thousands more came to Army camps to attend regularly scheduled events of various kinds. The Army, seeking to satisfy legitimate civilian interest in its activities, has made special efforts to invite participation by the non-military in appropriate events.

Armed Forces Day celebrations drew largest crowds. Numerous parades and open houses were held in the Fourth Army area at places distant from established posts and these attracted additional thousands not included in the figure given previously. Other activities included band concerts, athletic competitions, entertainments and demonstrations of Army fire power and tactics. Solemn observances of Memorial Day and other religious activities also were held cooperatively by military and non-military organizations.

Among happenings attracting largest civilian attendance reported by Fourth Army installations were: Camp Chaffee, Armed Forces Day, 15,000 visitors; Fort Bliss, Armed Forces Day, 30,000 visitors; Fort Hood, Armed Forces Day parade, 15,000 spectators; Fort Sill, air drop, 12,000 spectators. At Houston, where General Omar Bradley spoke, an Armed Forces Day parade drew an estimated 75,000 spectators while 7,500 attended open houses at military installations.

MENTAL

MEANDERINGS

The State Highway Department is making great efforts to get the motorists or rather the car owners of the state to have their cars examined before the new auto inspection law goes into effect in September. It was estimated, at this writing, that at least one half of the cars on the roads in the state have as yet to secure their inspection slips. This law is intended to help make the highways of the State more safe for all who travel it, for bad brakes, lights and no horns, not to mention other things which go to make a car safe, cause a large number of accidents on our highways. And Texas has one of the highest traffic rate of accidents in the nation. Don't wait until the last minute, get that car inspected now.

The one thing that used to gripe us, and still does to some extent, is that there are some people who can't, or don't try to, get along with others. It takes but little tact, understanding and toleration to get along with our fellow men, that is unless we are set for trouble. But we are glad to note that locally we all get along together better than in many other places, that we display more of the neighborly feeling than in many other places. In short we are more cosmopolitan than most.

That drought which we had at several times predicted would be or declared was being broken, we are sorry to say, is far from being a thing of the past. It is right with us as strong as ever. There is urgent need of rain here and all throughout the county, though there are many green spots apparent. But when you can't hardly sell livestock because ranchers are afraid that the dry spell will linger, it's still here, friend.

Those "flying saucers" are with us again. This time in plenty. Seems that just about the time we have figured out that its an optical illusion, someone sees them on radar screen for that matter, we are not in position to say what they are. Or if they are real. However we gather from the daily papers that there are just about as many who think they are real, as those who don't think so. Personally, to us, because of the fact that they haven't bothered any of us, and of the sort of hysterical mentions made out of them, are inclined to agree with Prof. Einstein, who affably states that he does not know what they are, and didn't care. So far, they are thought to be light reflections, atmospheric formations, travelers from an out of space world, Russian planes, U. S. experiments, and what not.

Possibly those flying saucers are optical illusions. Like the moon when it is on the horizon. Ever notice how big it is at that moment, and then, as it ascends the sky, it becomes smaller? That is an optical illusion, so they tell us, and prove it by turning your back on the lunar orb and looking at its reflection in the mirror you hold. It shrinks. Possibly the saucers are optical illusions. But we'd hate to think them so and one of these days find out that they

drop a bomb or so on us, which is no illusion.

It won't be very long now before the old school bell will be ringing. Possibly by the first week in September, but then the good news will be announced to the children later. Not that we would like to disturb the delights of vacation any for the young uns but they will soon be having to go back to the old red school house and learning the 3 R's or whatever it is they have to assimilate now.

Did you notice there was very little of political oratory on the air waves the first few weeks of August? The big guns of politics were just gathering their material and mud for the slinging, and resting their tonsils until such time as the going gets on the beam. And that will be soon, if not before this blurb gets out in cold print. We heard one oratoric effort the other night, and stayed with him long enough to learn that, like the products of some of those famous border stations, the world won't be saved unless you let him or them handle your affairs for you. There are many who would save the United States for the people, if we believe these personages. But wait till the mud slinging really gets under way. We are glad we won't own a television set when that happens. You won't be able to see half of what goes on for the mud splattering against the Video screen.

In some ways the driving of a speedy car, or a car at high speed, is similar to the characteristics of some people who reach for higher offices and higher planes. They feel a sense of power under their control, and try to guide it into actual development. But both are likely to find out, that power is ok and great, if held under control and with consideration for the rights of others.

There is nothing greater than faith. We have the word of the Master and of the Good Book for it. Faith in your fellowmen is also great, as is it in the place where you live. Without it there is little to live for, to work for.

It won't be long now before we will be watching the football games again. Last season the Brackettville High School had its most successful season, winning not only the district, but the regional and bi-regional championship. The boys will have another good team this year, and we know that though a few of the best players are gone, through graduation or have entered the service, there will be left enough material for a good team. Be sure and pep up for another good season.

That two bus collision which upped 23 persons near Waco was one of the worst wrecks in the history of the state. Texas leads the nation in some ways in the tragic traffic accidents at times, and it is apparent that we are not going to lose this grim and unwanted publicity until we — the motorists and others who live in this great state — do something about it.

Special studies conducted for the Texas state hospital system indicate 50,000 aged or infirm persons in Texas warrant hospital care, according to a report of the board in charge of state-operated hospitals and special schools.

Only Two In Runoff

There will be only two runoff races to be voted upon in the second democratic primary, August 23, a survey of the state races shows; these being as follows:

For Associate Justice Supreme Court—Spurgeon Hall, of Harris County and Frank P. Culyer, of Tarrant County.

For Congressman at large—Martin Dies of Angelina county.

Although Mr. Dies is in the run off he is unopposed, as his second high opponent John Lee Smith requested his name not to be placed on the ballot. There are no county, precinct or district office contests.

Kinney County holds no runoff primaries

More than 746,500 Texans received chest x-rays in community surveys conducted by the State Department of Health and by TB associations from March 1, 1951 to April 1, 1952, the Texas Tuberculosis Association reports.

Supt. McKinney Announces School Schedule

All schools of the Brackettville Independent School District will officially open on Sept. 2, 1952. All students will register on the opening date beginning at 10:30 A. M. Buses will run on the same routes as last year. The faculty for the school year 1952-53 is not yet complete but the existing vacancies will be filled very soon. The tentative schedule for the year calls for the opening of the school for Sept. 2, and closing May 29. Scheduled holidays are November 27-28, Thanksgiving; December 20 to Jan. 4 Christmas; April 3 and 6 Easter. These holidays are not officially at this time.

Mr. Lewis Herring, of Eagle Pass has been employed by the Brackett Independent School District as a teacher of Vocational Agriculture for the year 1952-53. Mr. Herring is a graduate of A & I College of Kingsville, Texas. Plans are being made for the Voc. Ag. department to include work with the farmers and ranchers in this area. The Kinney County barn will be used for a ranch shop. This shop will be for use of ranchers in making his own repairs, etc. This shop should in no way interfere with business of the town, but should

provide facilities for the rancher in doing his own work.

This new department in the school is intended to be a service to the rancher as well as an instructional program for the students of the school.

Mr. Herring will devote approximately fifty percent of his time to classroom instruction and fifty percent to outside services. The success of such a program depends greatly upon the interest of the people of the county. Suggestions and ideas will be greatly appreciated.

Veterans Questions And Their Answers

Q.—I'm a World War II veteran drawing disability compensation, on a graduated rating, for arrested tuberculosis. I understand there's a new law that pays statutory awards to veterans with arrested TB. Will I have to apply for these awards, or will I get them automatically?

A.—So long as you're receiving compensation for arrested TB on a graduated rating—a sliding scale that's adjusted downward periodically—you will not have to apply for the statutory awards. They'll be paid automatically. A veteran who is not receiving compensation for arrested TB on a graduated rating, however, must apply for the new statutory payments.

Q.—I obtained a GI home loan during the early days of the GI Bill, when the top guarantee was \$2,000. Now I want to sell my house and buy another home. Will I receive any additional entitlement, even though my first house has been guaranteed for the entire \$2,000?

A.—Yes. You may be entitled to the difference between the \$2,000 guarantee already used and the law's current top guarantee of \$7,500 for home loans—or a home loan guarantee of \$5,500.

Q.—I'm in the Regular Army, assigned to a college to teach military subjects in connection with an ROTC program. I'm also eligible for GI training, since I was discharged in 1946 and reentered service sometime later. Would VA consider me to be a school teacher, and allow me to take summer courses under the GI Bill that lead to a degree, so long as I continue with my ROTC teaching the rest of the year?

A.—No. VA would not consider you as a full-fledged school teacher, since you are not employed by the school, and have been assigned to your present duties for a temporary period of time in lieu of other regular military assignments.

HOUSE JOINT RESOLUTION NO. 23

proposing an Amendment to Article III of the Constitution of the State of Texas by adding a new section thereto to be known as Section 61 to authorize cities, towns, and villages of this State to provide insurance for employees, providing for the submission of the proposed Amendment to the qualified electorate; and providing for promulgation and publication by the Governor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:
 Section 1. That Article III of the Constitution of the State of Texas be amended by adding a new section thereto to be known as Section 61 to read as follows:
 "Sec. 61. The Legislature shall have the power to enact laws to enable cities, towns, and villages of this State to provide Workmen's Compensation Insurance, including the right to provide their own insurance for all employees; and the Legislature shall provide suitable laws for the administration of such insurance in the said municipalities and for payment of the costs, charges, and premiums on policies of insurance and the benefits to be paid thereunder."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electorate of the State at the General Election to be held on the first Tuesday after the first Monday in November, 1952, at which election all ballots shall have printed thereon (or in counties using voting machines the said machines shall provide for) the following:

"FOR the Constitutional Amendment authorizing the Legislature to provide for Workmen's Compensation Insurance for employees of cities, towns and villages"; and "AGAINST the Constitutional Amendment authorizing the Legislature to provide for Workmen's Compensation Insurance for employees of cities, towns and villages."

Each voter shall mark out one (1) of said clauses on the ballot, leaving the one (1) expressing his vote on the proposed Amendment; and if it shall appear from the returns of said election that a majority of the votes cast are in favor of said Amendment, the same shall become a part of the Constitution of the State of Texas.

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamations for said election and have the same published as required by the Constitution and laws of this State.

THAT'S the wonderful convenience you enjoy with a modern, electric home freezer. Freezing your own foods stretches your budget dollar; saves countless trips to the store; and makes meal-planning easier than ever before.

With a little planning, you can quickly build up a big food balance in your freezer. Be sure to take advantage of special prices on meat and poultry at the market and buy seasonal foods in quantity when prices are lowest. This way you store and save. When you cook, make it a habit to cook more than you need for a meal. Freeze the extra quantities for the future. This enables you to cook when you want to instead of when you have to.

A modern, electric home freezer is an investment which pays for itself over and over again in hours of time and labor saved for you... and in better meals for the whole family.

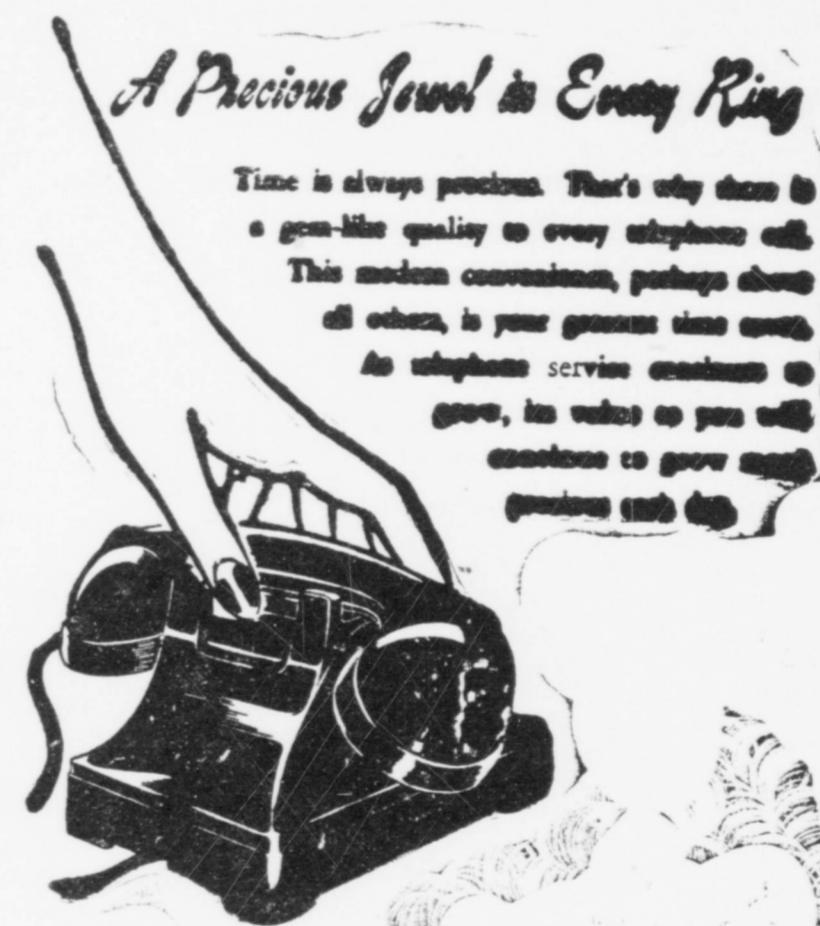

See your appliance dealer for a home freezer to suit your needs. Save and store with low-cost electricity.

Candidates For Degrees

San Marcos, August 22, John Keenonn, Jr. of Brackettville and Lurline Vincent of Spofford are among candidates for graduation this summer at Southwest Texas State Teachers College.

Three hundred and seventeen degree applicants, 158 for the master's and 164 for the bachelors degrees will complete exams by August 18. James Thpne Henderson, British consul-general in Houston, has been selected to make the commencement address at the college on Thursday, Aug. 21, at 7:30 p. m.

Mr. and Mrs. Blass Olvera were visitors in Harlingen the past week end. Blas is on vacation.

Mrs. Fannie Ward left last week end for San Antonio where she re-entered Brooke General Hospital for further treatments.

The Palace Cafe managership was relinquished last week end by Mrs. Georgia Lee Perry and was taken over by Mrs. Antonette Castro. See her advertisement elsewhere in this issue.

Word was received here of the recent death in Laredo of Father Jose A. Prieto, former priest in charge of St. Mary Magdalen Catholic Church. He had been in ill health for some time.

Mrs. R. A. Moore, who had had been attending Sul Ross Summer School at Alpine, has returned home for a short rest before resuming her duties in the Eagle Pass Schools.

Mr. and Mrs. W. W. Willis and daughter, passed through Brackettville last Friday enroute to their home in Florida. Mr. Willis was formerly with the 5th cavalry pack train when he was stationed at Fort Clark.

Country ranges keep suffering from hot dry weather. Ranges are beginning to show signs of the drought and the lack of rain is drying up water holes and small streams. For a record number of days the temperatures continued up over 100 degrees.

Work of moving back fences on the Macie highway has been rather slow and will be speeded up so as to be ready in time for the letting of the bid on said highway next month it is learned. The Editor in company with John Filippone and Rufus Moore took a ride down the length of the road Sunday evening and saw where considerable preparations had been made and some of the fence moved.

Abandon Beidler Well

Abandonment of the drilling of the J. F. Beidler well No. 1, west of Brackettville was announced last week according to a published report. The well had reached down to a depth of 4005 feet and was given up as a dry hole.

The wild cat being drilled by J. M. Josey, of Houston, was scheduled to go down to depth of 4500 feet. However difficulties were encountered before the 4000 depth was reached and the drillers fished for equipment in the well.

Playoff Game Confused

The Brackettville Angus base ball team played their second of series of a playoff game against San Felipe at Del Rio, Sunday, but the result was confusion.

It was a hard fought game with plenty of free hitting, but Brackettville and San Felipe going into 10 innings. A hit by Fidel Garcia with two on base in that inning gave the Angus a lead, but then a question was raised as to whether the hit ball went fair or foul, a delayed decision by an umpire declaring it a foul after another had called it fair. Border League officials were to rule on the question Tuesday.

Predatory Animals

Trappers working in Kinney county during the month of July captured and killed a total of 18 predatory animals. These were listed as follows: Coyotes 13 and 5 bob cats. The above is in addition to the animals killed or caught by ranchers and ranch hands in the county.

Predatory animals are said to be in fair numbers, due in part to their passage over parts of the Grande from old Mexico. However lowering of stock population in the county and the dry spell seem to have held the predatory animals down some.

Laura Dean Hall

Burial services were held Sunday afternoon at 5 o'clock for Laura Dean Hall, 26, daughter of Josh and Hattie Williams Kibbett. Interment was made from St. John Baptist church and burial in the Semincle cemetery under charge of Conner Funeral Home of Uvalde.

Surviving are her husband, Andrew Hall, six children, Paul Anthony, Donnie Lee, David Lee, Bozie Dean, Audrey Lee, and Bonnie Jean Hall. Besides her parents four brothers and three sisters survive.

Operation of the Texas state hospital system is directed by a board of nine citizens of the state who are appointed by the governor and who serve without pay.

Mrs. Otto Willey nee Elizabeth Gilson, and children Barbara and Fred visited Mrs. Margaret Fritter over the week end. They now live in Garland, Texas.

Mr. and Mrs. Kenneth Florey, who had been away on vacation, arrived here last week. Mr. Florey was re-elected as coach for the year for Brackettville High School. We hope to have the complete 1952 football schedule soon.

NOTICE OF ELECTION

The annual P. M. A. county committee election will be held in Kinney county August 18 to 23, 1952. Ballots are being mailed out to all known eligible ranchers and farmers of the association and may be returned by mail; however, if you do not receive a ballot or if you wish to vote in person call at the PMA office in the court house on or before 5:00 P. M. Saturday, Aug. 21, 1952 after which time the polls will be closed. Committeemen elected to administer the 1953 agricultural conservation program will take office September 1, 1952. All eligible ranchers and farmers are urged to vote.

Citation By Publication

THE STATE OF TEXAS
TO: RAYMOND FALCON
GREETING:

You are hereby commanded to appear by filing a written answer to the plaintiff's petition at or before 10 o'clock A. M. on the 9th day after the expiration of 42 days from the date of issuance of this citation the same being Monday the 22nd day of September, A. D. 1952, at or before 10 o'clock A. M., before the Honorable District Court of Kinney County, at the court house in Brackettville, Texas said plaintiff's petition was filed on 9th day of August 1952. The file number of said suit being No. 1719. The names of the parties in said suit are: Lily Rodriguez Falcon as plaintiff and Raymond Falcon as defendant. The nature of said suit being substantially as follows to wit: Divorce.

If this citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

Issued this 9th day of August A. D. 1952. Given under my hand and seal of said court at office in Brackettville, Texas this the 9th day of August A. D. 1952. JOHN FILIPPONE, Clerk Dist. Court Kinney County

So called miracle drugs recently have raised hopes of both doctors and patients for a specific TB cure, but the only proven weapon against the disease to date is bed rest and treatment carefully directed by a physician, the Texas Tuberculosis Association warns.

W. Fred West was in Uvalde several days last week for medical treatment.

Mrs. Rosa G. Perry had as her guests last week end, her daughters, Miss Ella Perry and Mrs. H. A. Wittliff.

Mrs. Floyd Colley and son, of Corpus Christi are the house guests of her parents, Mr. and Mrs. Carl Kartes.

Shearing crews are commencing the resumption of their short pre-season schedules in the county and this area.

Mrs. Ruby Wadsworth who had been attending the summer session of Sul Ross State College in Alpine, has returned to her home in Knippa.

Don't forget that there about two weeks left in which you can get your car inspected under the new State inspection law, and avoid penalties. Don't forget it.

Don't forget the opening of school here Tuesday September 2nd. Be sure to read the school schedule given by Mr. McKinney, school superintendent, on another page.

New assortment desk bottles at the News Mail office.

The Rotary Club at their meeting August 14th, had a distinguished visitor in the person of John Bennett, British Consul General of Houston Texas, for Texas and New Mexico. Mr. Bennett was speaker for the luncheon and made a very interesting and informative talk. He was the house guest of Mr. and Mrs. Louis Hobbs.

Thanks To My Friends

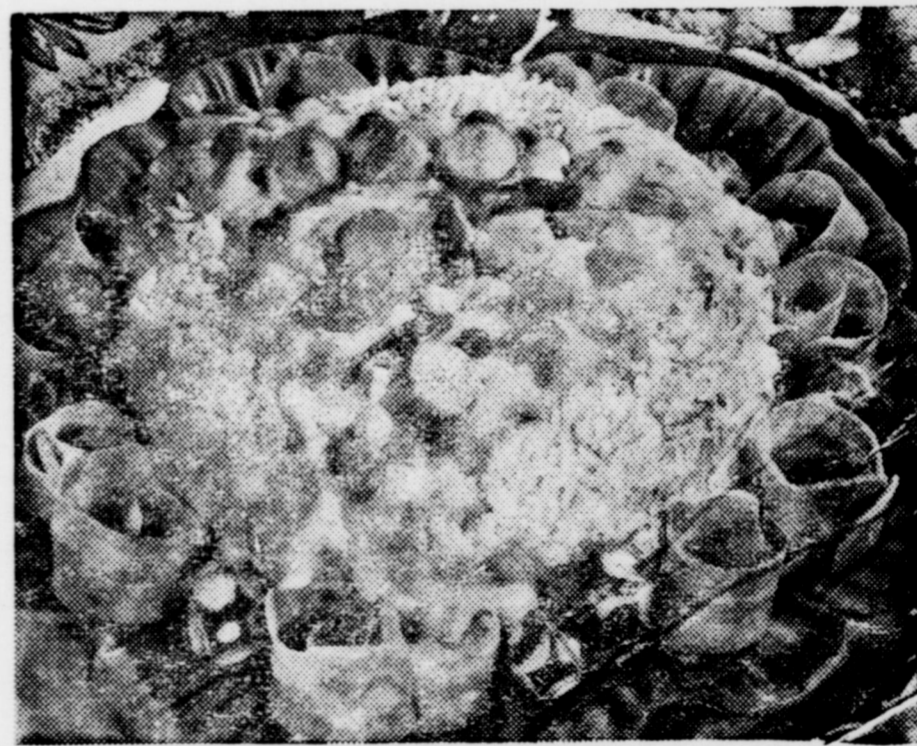

I wish to thank all of my kind and sympathetic friends for their good wishes, and interest in my recent illness and my recovery therefrom and for their kindness and neighborliness in general. JAMES C. AYERS

Mrs. Billy Riley underwent a major operation Sunday in a Del Rio hospital. At this writing she appears to be recovering satisfactorily.

A skin reaction to tuberculin does not prove that a person has tuberculosis, but it does show the need for further careful examination, says the Texas Tuberculosis Association.

Flavor Supreme — Mary McMeekin's Thrifty Rice and Frankfurter Meal

A superbly delicious rice dish teams a perfect combination of seasonings to tempt appetites and lift spirits. Using that perennial favorite, the frank, this rice quickie is stirred together in a matter of minutes, and is so easy on the budget. But the flavor—the flavor of the dish fairly sings, and you will join in too, after a bite of this ESPECIALLY GOOD rice—frankfurter platter meal!

INGREDIENTS:
4 tablespoons butter or margarine
1/4 cup sliced green onion
4 tablespoons flour
3/4 cups milk
1 tablespoon Worcestershire sauce
1 teaspoon prepared mustard
1/4 teaspoon salt
1/4 teaspoon pepper
2 cups cooked mixed vegetables
1 pound frankfurters
3 cups cooked rice

PREPARING THE FLUFFY WHITE RICE: To make 3 liberal cups of fluffy rice, put 1 cup of uncooked rice, 2 cups of cold water and 1 teaspoon of salt into a two-quart saucepan and bring to a vigorous boil. Turn the heat as low as possible.

Cover saucepan with lid and leave over the low heat for 10 minutes. Do not remove lid nor stir rice while it is cooking. Turn off the heat. It is then ready—perfectly cooked—with all the grains separate and fluffy. Leave the lid on until time to serve the rice. When ready to serve, remove lid, and use a fork to help transfer the rice into the serving dish.

It is never necessary to rinse packaged rice cooked by this method. Washing clean packaged rice either before or after it is cooked wastes valuable food nutrients as well as time.

Use exact measurements of uncooked rice and water. Time the cooking accurately.

METHOD: Melt butter or margarine in a skillet. Cook onions in the melted fat until lightly browned. Stir in the flour. Gradually add the milk stirring constantly until mixture thickens. (A small cooking fork is ideal to use for blending the milk and flour.) Add the Worcestershire sauce, mustard, salt, pepper and vegetables. Add the frankfurters which have been sliced in 1/2 inch crosswise pieces. Cook 10 minutes. Serve over hot rice or in a rice ring. This recipe makes six servings.

DALLAS, Tex., Aug. 5. — The need for the continuance of USO and a report on the wonderful job which USO is doing for our youth in the Armed Forces around the globe has just been made to the President of the United States, R. R. Gilbert, campaign chairman for the USO in Texas, announced today.

"That report tells the people of America that during the past 12 months USO has been built up to the point where it has a total of 271 clubs and lounges—104 new units added during the year," Gilbert reported. He added that there is a critical need for a minimum of 75 more. "A year ago USO Camp Shows, Inc. was just beginning to send out entertainers. Today that agency is sending out one troupe a week, routing shows through all areas where our servicemen are stationed. To sustain the morale of our Armed Forces, one thousand performers in 80 units are now entertaining troops in

Europe, North Africa, the Northeast Air Command, Alaska, the Aleutians, Korea and Japan," Gilbert continued.

Gilbert is heading up an appeal in Texas for \$740,896—this state's portion of the national United Defense Fund goal of \$17,244,585. His campaign vice-chairmen are John P. Butler of Midland, Lawrence R. Hagy of Amarillo, George M. Irving of Houston, W. A. Pounds of Tyler and Forrest M. Smith of San Antonio.

A major portion of the Texas goal, as in 1951, will be included in Community Chest campaigns throughout the state this fall.

HOUSE JOINT RESOLUTION NO. 23 providing an amendment to Article III of the Constitution of the State of Texas by adding a new section thereto to be known as Section 61 to read as follows:

"Sec. 61. The Legislature shall have the power to enact laws to enable cities, towns, and villages in this State to provide Workmen's Compensation Insurance, including the right to provide their own insurance risk for all employees; and the Legislature shall provide suitable laws for the administration of such insurance in the said municipalities and for payment of the costs, charges, and premiums on policies of insurance and the benefits to be paid thereunder."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electorate of the State at the General Election to be held on the first Tuesday after the first Monday in November, 1952, at which election all ballots shall have printed thereon (or in counties using voting machines the machines shall provide for) the following:

"FOR the Constitutional Amendment authorizing the Legislature to provide for Workmen's Compensation Insurance for employees of cities, towns and villages;" and "AGAINST the Constitutional Amendment authorizing the Legislature to provide for Workmen's Compensation Insurance for employees of cities, towns and villages."

Each voter shall mark out one (1) of said clauses on the ballot, leaving the one (1) expressing his vote on the proposed Amendment; and if it shall appear from the returns of said election that a majority of the votes cast are in favor of said Amendment, the same shall become a part of the Constitution of the State of Texas.

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this State.

HOUSE JOINT RESOLUTION NO. 23 providing an amendment to Article III of the Constitution of the State of Texas by the addition of a new section to be known as Section 50a, providing for the establishment of a State Medical Education Board and a State Medical Scholarship Fund from which grants, loans or scholarships may be made to students desiring to study medicine; providing that such students shall agree to practice in rural areas of this State; providing certain restrictions and limitations; and providing for the election and the issuance of a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III of the Constitution of the State of Texas be amended by adding thereto a new Section to be known as Section 50a which shall read as follows:

"Sec. 50a. The Legislature shall create a State Medical Education Board to be composed of not more than six (6) members whose qualifications, duties and terms of office shall be prescribed by law. The Legislature shall also establish a State Medical Education Fund and make adequate appropriations therefor to be used by the State Medical Education Board to provide grants, loans or scholarships to students desiring to study medicine and agreeing to practice in the rural areas of this State, upon such terms and conditions as shall be prescribed by law. The term 'rural areas' as used in this Section shall be defined by law."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electorate of this State at an election to be held on the first Tuesday after the first Monday in November, A. D. 1952, at which all ballots shall have printed thereon (or in counties using voting machines the machines shall provide for) the following:

"FOR the Constitutional Amendment providing for the establishment of a State Medical Education Fund from which grants, loans or scholarships may be made to students desiring to study medicine;" and "AGAINST the Constitutional Amendment providing for the establishment of a State Medical Education Fund from which grants, loans or scholarships may be made to students desiring to study medicine."

Each voter shall mark out one of said clauses on the ballot, leaving the one expressing his vote on the proposed Amendment; and if it shall appear from the returns of said election that a majority of the votes cast are in favor of said Amendment, the same shall become a part of the Constitution of the State of Texas.

Sec. 3. The Governor shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this State. The expense of publication and election for such amendment shall be paid out of proper appropriation made by law.
