

## SPUR PUBLIC SCHOOL OPENING

TWO HUNDRED FOURTEEN PUPILS PRESENT AT BEGINNING

The Enrollment Is Daily Increasing And Will Probably Reach Three Hundred Fifty

Monday morning the public school opened with two hundred fourteen pupils present. In addition to the teachers, there were the entire board of trustees and a number of patrons and other visitors present. Rev. G. C. Berryman opened the service with prayer, and the pupils sang America.

Prof. Mace invited the trustees to speak, and Mr. C. A. Jones made a very effective and appropriate speech in which he spoke of the many advantages the school pupil now has that were denied to them to but a few years ago.

Mr. Jones was followed by Rev. R. A. Stewart and Mr. Jeff D. Reagan, who extended to the teachers and visiting pupils, in behalf of the business men of Spur, a hearty welcome, and assured the teachers that the business men would co-operate with them in their work. Mr. Reagan spoke of the school as a business asset to the town, and declared that a good school advertises a town better than any other public institution.

Mr. E. C. Edmonds spoke of the duties of the pupils to themselves, their teachers and their school; and urged them to always make an effort to do their best.

Prof. Mace said that in all of his experience as a teacher that it was the only occasion where the entire board of trustees were present at the opening of school. He says that he has seen enough to convince him that he will have the support of the school board and the patrons, and with their support he will "Make Spur Schools Best."

The teachers are; Prof. Mace, Miss Clark, Miss Hardin, Miss

Reynolds, Miss Kellef, Miss Henson, and Mrs. Johnson. Mrs. Batchelor is associated with the school as music teacher.

### RESIDENCE SOLD.

## A BIG MERCANTILE FIRM DOING A BIG BUSINESS.

Geo. S. Link, president of the Bryant-Link Company, returned Tuesday from Baltimore where he spent ten days or two weeks buying fall goods for the Bryant-Link establishments.

The Bryant-Link Company is one of the biggest firms in all of Western Texas, and with one hundred thousand dollars capital is doing a big business in Spur and enjoying an extensive trade within the Spur trade territory. The firm handles a complete stock of general merchandise, those at the head of the business as well as other members of the firm are clean men, do a clean business, always shoulder their part of the public expenses and burdens, and as a result such men deserve and receive the confidence and respect of the general public and with such men at its head the Bryant-Link Company enjoys a large volume of business.

### KNOWS HOW TO FARM.

C. A. Jones, a prominent citizen of the Afton country, was in Spur Saturday on business and reports everything in the best shape in his section. Mr. Jones is one of the most successful farmers of the whole country. He knows how to farm and gets up and does the work.

Secretary Jeff D. Reagan returned last week from Haskell where he attended a meeting of the West Texas Agricultural Association. He reports an interesting and profitable meeting.

## THE BIG CLEARANCE SALE WILL CLOSE SATURDAY.

The Big Clearance Sale at the Sol Davis store is now in full blast and numbers of patrons are availing themselves of this opportunity to get standard goods at special low prices. This is the first clearing sale offered by this store and the inducements being extended to the trade is appreciated, as is evidenced by the large volume of business each day of the sale.

The sale, as advertised, will close Saturday night. Sol Davis is one of the biggest merchants of Spur, has been doing business a number of years in the county and has established a reputation for honesty and square dealings. He makes no misleading statements in advertising, and in instituting this Clearance Sale his customers will be materially benefitted in that goods are selling at and below real values.

### NO PLACE LIKE SPUR.

Mrs. G. L. Barber and children returned last week from the Plains country near Lubbock where they have been with Mr. Barber who is grading several miles of roadway for the new railroad building out of Lubbock. Mrs. Barber returned to send her children to school, and said that she was glad to get back home since there is no place like Spur. Mr. Barber employed several weeks finishing his work, after he will probably go elsewhere to railroad work.

### TO MY PATRONS

Owing to my serious illness for the past month and the heavy expense incurred, together with the loss of time and business have placed me in condition where I am obliged to call on my patrons for assistance. Those knowing themselves indebted to me for past services rendered will please come to my relief as early as it is possible for them to do so; it will greatly relieve me and help me in liquidating my financial obligations and so

help to relieve matters for us all. Thanking you for your past liberal patronage and hoping to soon be physically able to resume my practice and continue my professional services in the future to my many patrons of Spur and surrounding country when sickness demands.

Thanking you in advance for early settlements, I beg to remain as ever,

Your sincere friend,  
J. H. GRACE, M. D.

## COUNTRY AS A WHOLE IN SPLENDID CONDITION

New York City, August 13.—The splendid condition of the Texas cotton crop and the heavy acreage planted is one of the most important factors in the cotton market, and the optimistic reports from the Lone Star State have had largely to do with sending the price of cotton down three and a half cents lower than this date last year.

Texas is a world factor in the price-making of agricultural products and the rapid settlement and increasing yield of its rich agricultural lands keep the bulls and the bears guessing.

Texas planted 10,297,000 acres of land in cotton this year and the condition of the crop, taking the state as a whole, is four points better than last year.

### PROSPECTING.

L. H. Perry, a prominent business man of Stephenville and president of the Spur Hardware Company of Spur, was in the city several days last week looking after business interests. Mr. Perry and Mr. Satterwhite left Sunday to look over the Roaring Springs town proposition with a view of establishing a hardware business at that point.

### VISITS NEW MEXICO.

Jim Smith was in the city last week and was a pleasant caller at the Texas Spur office. He had just returned from a trip to New Mexico where he spent some time looking over the country and to see relatives and old-time friends of that section.

## COTTON SEASON OPEN IN SPUR.

PRICES RANGING FROM 11 TO 11-4 CENTS

About Seventy Five Bales Sold During The Week on The Spur Market.

The cotton season is now open in the Spur country and the staple is beginning to come in at a rapid rate. During the week and to the present time about seventy five bales have been marketed in Spur, the prices being paid by Spur merchants ranging from eleven to eleven and one-fourth cents a pound.

While possibly the staple grown in the Spur country is somewhat superior to staple grown in other sections, in every instance the buyers of Spur are paying the very highest market price and in many instances are paying more than the market quotations and will continue to do so throughout the fall and cotton season.

From the beginning of the town Spur has maintained a cotton and produce market second to none in all of Western Texas, and during this season the Spur Cotton Market will break former records of high prices, and the merchants are beginning early and will continue to offer special and attractive inducements to the trade. It will be to the material interest of all farmers with in reach of Spur to do both their marketing and trading here this fall. For trading inducements being offered the public we refer you to the advertising columns and pages of The Texas Spur.

### BIG BUSINESS COMING.

Roy Zinn, who has been with the East India Medicine Company the past several months, returned the latter part of last week to Spur and is spending several days here with his family. Mr. Zinn says that the country in general is in fine shape with respect to crops and that as a result we can expect big business throughout the fall season.

J. E. JOHNSON, MGR.

Spur, Texas, August 30, 1912

TO THE FARMERS OF DICKENS COUNTY AND SURROUNDING COUNTRY:

As the ginning season will open about Sept. 10th we desire to say by way of explanation that the results last season from our gin were unsatisfactory, and in order to locate the trouble we have employed an expert erector and ginner recommended by the Murray Co. builders of our ginning machinery, who is now here engaged in the complete remodeling and overhauling every part and detail of the gin--new brushes, new saws, in fact every part showing any wear is being replaced with new parts, the lint flue turned around, seed elevator moved and the interior of the gin will present an entirely different appearance. In consequence of these changes we will be in position to do some extra fine work, and cordially invite all our old customers as well as all others to call and give us a trial.

Assuring you that we are prepared to meet every demand made upon us, we are

### CITATION BY PUBLICATION

#### THE STATE OF TEXAS

To the Sheriff or Any Constable of Dickens County, Greeting:

Oath having been made as required by law You are hereby commanded to summon J. A. Reeves by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the 50th Judicial District; but if there be no newspaper published in the nearest District to said 50th Judicial District, to appear at the next regular term of the District Court of Dickens County, to be holden at the Court House thereof, in Dickens, on the 4th Monday in November, A. D. 1912, the same being the 25th day of November A. D. 1912, then and there to answer a petition filed in said Court on the 14th day of August A. D. 1912, in a suit, numbered on the docket of said Court No. 377, wherein Jennie Reeves is Plaintiff, and J. A. Reeves is Defendant, and said petition alleging that Plaintiff is an actual bona fide inhabitant of the State of Texas, and has resided in the said County of Dickens for at least six months next preceeding the filing of this suit; that on or about the 16th day of January, 1910, in Dickens, Texas, Plaintiff was lawfully married to Defendant and that they had no children born to them; that at, and before said date, this Plaintiff's name was Mrs. Jennie Pritchett.

That they continued to live together as husband and wife until on or about June 11th, 1910, when by cruel and harsh treatment and improper conduct of Defendant toward Plaintiff, she was forced and compelled to abandon him, since which time they have not lived together as husband and wife; that during the time of their living together, the Defendant was indolent and made no effort to provide support for this Plaintiff, and that they accumulated no community property nor has this Plaintiff now any property of any nature acquired by their joint efforts.

Plaintiff alleges that during the time she and Defendant lived together as aforesaid, she was kind and affectionate toward him, and at all times conducted herself in a lady-like and prudent manner, but Defendant unmindful of his duties and obligations of his marital vow, one week after their marriage began a course of harsh, cruel, unkind and tyrannical treatment toward Plaintiff, which continued to grow worse until Plaintiff was forced and compelled to abandon Defendant as aforesaid.

That Defendant often cursed and abused Plaintiff and applied to her the vilest and most opprobrious epithets, without any cause or provocation whatever on the part of the Plaintiff.

That on or about February 1st, 1910, at their home in Dickens County, Texas, Defendant cursed and abused Plaintiff by taking hold of her and told her that if she was a man, he would not leave a drop of blood in her, all without any cause or provocation on the part of Plaintiff.

That on divers and different times he told her that he had never loved her; tried to make her leave home and threatened to kill her if she failed to do certain things, and accused this Plaintiff of being an unchaste woman; which accusation was false and untrue.

That said marriage relations between Plaintiff and Defendant still exist. Plaintiff alleges that Defendant's actions and conduct toward her generally are of such a nature as to render their further living together as husband and wife insupportable; the premises considered.

Wherefore Plaintiff prays the Court that Defendant be cited to appear and answer herein and for judgment dissolving their marriage relations, for the restoration of her name to Jennie Pritchett, for costs of suit and for such other and further relief, special and general, in law and equity, that she may be justly entitled to, etc.

R. S. HOLMAN, Attorney for Plaintiff.  
 Herein fail not, but have before said Court, at its aforesaid next regular term, this writ, with your return thereon, showing how you have executed the same.

Witness, Crawford Cobb, Clerk of the District Court of Dickens County.

Given under my hand and the Seal of said Court, at office in Dickens, Texas, this the 14th day of August A. D. 1912.

CRAWFORD COBB,  
 Clerk District Court, Dickens County.

## STATE EXPERIMENTAL FARM STATION AT SPUR

Recognizing the great possibilities and wonderful future of Spur Farm Lands, the state is now operating an Experimental Farm Station at Spur. This will be a great benefit to the settlers in this region, showing them by actual demonstration on the lands what crops can be most profitably raised; best methods of cultivation, and assisting in all the problems of the farm. This decision was reached after a visit to the lands by Judge Ed. R. Kone, Commissioner of Agriculture, and Dr. H. H. Harrington, Director of Experimental Stations, who recognized the unusual farming value.

To the first comers, ready to develop, we are willing to sell one-half our holdings of 673 square miles on easy terms and reasonable price. We reserve the other half for big increase sure to come with development. We stand shoulder to shoulder with the homeseeker. Cotton, no boll weevil, corn, alfalfa, all feed stuffs, grains, fruits, melons, vegetables. Great hog country—no cholera ever known. The hog farmer is king, and nowhere can hogs be matured so cheaply. Quick run to Fort Worth market. Delightful, healthful climate—altitude 2000 to 2,500. The great extent and variety of land insure the homeseeker such range of selection that the man early on the ground can find exactly what he wants.
