91st Court Suit Asking Damages

A suit, asking \$1,302.95 in damages, has been filed in 91st District Court, naming Dr. R. R. Willes, Hereford, and Marlin Cagle of Eastland, as defendants.

The two men were involved in an auto accident near the

intersection of West Commerce and S. Daugherty St. on Aug. 11, 1967, and one of the autos crashed into the Foremost Distributor Building at that location, resulting in damage.

The suit was filed for O.D. Dillingham of Abilene, owner of the building, by the Abilene law firm of McMahon, Smart, Sprain, Wilson and Camp.

The original petition alleges four counts of negligence.

Cagle was hospitalized for several weeks following the accident.

The rains this week have been most advantageous to all Eastland County producers. Even the peanut farmers had big smiles because this will soften the soil and make for better harvesting conditions. I estimate that about 25 per cent of the peanuts have been dug in the county with yields in many cases being average or better.

The rains really made a showing on the wheat, oats, and rye planted in the county. I visited the Rising Star and Pioneer area this week and saw a lot of small grain crops that looked like the winter grazing prospects were excellent.

Wheat farmers in the county were mailed a special news letter this week explaining the wheat price support program for 1968. The program is very similar to the 1967 program with few changes. The program is voluntary and no restrictions are on wheat plantings for 1968. Producers who want to

make themselves eligible for price support must sign up in the program and stay within their allotments. Additional details on the program are available in the ASCS office.

The 1968 Cotton Referendum will be held in Eastland County Dec. 4-8. 1968 allotments and yields will be mailed out prior to that time. The vote will be whether or not marketing quotas will be in effect for the 1968 crop conducted by mail and approximately 200 farmers will be eligible to vote.

Last week we stated in this article that there would be no

sign up on the 1968 cropland Adjustment Program. We failed to mention that the 63 contracts that we have now will still be in full force. This announcement meant that no new contracts would be taken. Sorry that we did not make this point clear.
