Gustine Defeats Carbon 43-19 To Keep Perfect Record For Season

The Gustine Tigers remained unbeaten in 6-man competition with a 43 to 19 win over the Carbon Wolverines here last Thursday night.

The scoring for Carbon was done when Larry Stubblefield threw passes of 60 and 3 yards to Ricky Pack and Ronnie Lasater. Larry Bryant raced 70 yards for our final touchdown.

Gustine had a well balanced team made up of mostly seniors and juniors. The Wolverines made up of young boys played a good game but Gustine with a heavier and more experienced team, proved to be too much for our boys.

They play their first conference game of the season with Lingleville here Thursday night at 8 o'clock.

Cancer Society Presents Stand On United Fund

A statement on the attitude of the American Cancer Society toward participation in United Fund drives was issued Friday by President Sam Kimmell of the Eastland County Unit. The statement follows:

"At one time many ACS Units participated in local UF Drives. However, because of an apparent lag in interest in cancer control programs throughout the Nation, our National Board of Directors (in 1957) and our Texas Division (in 1958) adopted a resolution that there would be no new participation in UF Drives. All Units had to conduct their independent Crusades in 1960 and thereafter.

"As I have already indicated, in most communities where the ACS was a participating member of the UF support of the program of cancer control through education, service and research was not sufficient to permit necessary expansion. As a result, the nationally coordinated research program and the local service and educa-

tion programs had to be either limited or delayed.

"Our Boards of Directors at every level of organization feel certain that there is room for both United Funds and national health agencies to advance their programs and raise funds, each in its own way, each enriching the community it serves. And there can be no doubt that United Funds are effective instruments for meeting pressing local needs in a convenient manner.
