### THE 24 RANCH WELL IS NOW SMOKING GAS AT 1,056 FEET

The 24 Ranch well is now smoking a considerable amount of gas at a depth of one thousand and fifty six feet. The fact that for more than thirty days this gas has been coming from the well is evidence that it is not merely a "pocket" of gas, but is issuing forth from the real bowels of the earth.

In company with John Weathers and Tol Merriman Sunday we went out and viewed the well. Taking into consideration the fact that gas is now coming from the well, together with the fact that two real oil sands have been encountered, the first at a depth of approximately seven hundred feet, and the second at nine hundred feet, and the third sand expected to be encountered within the next two hundred feet, we verily believe that oil will be spouting from the well within the next sixty days.

Drilling work was resumed Monday morning, after a delay of more than thirty days following the death of Driller McIntyre who was killed by a falling pulley.

Driller McFann, who has drilled many wells in numbers of fields, says that no better oil indications can be had in any field than on the 24 Ranch. In fact, Mr. McFann stated that in the nine hundred foot sand in this well, a good showing of oil was in evidence, and that somewhere in that section a big paying pool of oil will be found in this sand.

We are just as confident that oil is under the 24 Ranch holdings as we are that they are now drilling for it, and we firmly believe that, barring all delays in drilling operations, that within sixty days we can announce that oil is flowing from the first test well now drilling on the property. We think it strong enough to bet our hard earned money on it anyway.

### THE DELPHIAN CLUB WILL ASSIST IN SECURING LIBRARY

The Delphian Club met Tuesday afternoon with Mrs. W. D. Wilson. Mrs. E. C. Edmonds was leader of the lesson on Greek philosophy. A parliamentary drill was conducted by Mrs. W. T. Andrews. At the business meeting it was decided to assist the Spur school in obtaining a library, and a "book social" will soon be had, inviting all who attend to bring either a book from a standard author or the price for buying a book for the library. At the conclusion of the meeting the hostess served delightful refreshments.

### COTTON SELLS FOR \$38.50 ON STREETS OF SPUR THIS WEEK

The price of cotton continues to soar up around the forty cent mark. Up to Thursday morning thirty eight and a half cents has been paid for cotton in Spur during the week.

Heretofore we predicted that cotton would sell in Spur for forty cents before the first day of November, and that it would bring fifty cents before January first. We still believe this prediction is well founded.

Taking into consideration that it is estimated that it costs fifty cents a pound to grow cotton this year, together with the fact that the world is short on cotton, we see no reason why the staple should not sell for at least cost to the producer. The producer is entitled to a margin of profit, but since he will be content with the cost price, it is not likely to go above that figure, notwithstanding the prediction on the part of the cotton corporation that the price may go to seventy five cents a pound. Nothing is impossible in this day of high prices.

### NEARLY THIRTY INCHES OF RAIN UP TO THIS TIME

Up to the present time this year, since January first, we have had 29.27 inches of rain, as follows: January, .30; February, .25; March, 3.91; April, 4.16; May, 4.29; June, 1.79; July, 2.60; August, 2.34; September, 4.08; October, 5.55; making a total of 29.27 inches up to date—more rain than we have had in a whole year in many years.

The cloudy, rainy weather has been a detriment to the country in that it prevented cotton picking and feed cutting, and possibly damaged staple to some extent. However, the days are now clear, pretty and bright and cotton will roll in at a rapid rate.

### BRYANT-LINK COMPANY.

We are very busy but will take the time to tell you we appreciate the fine business you are giving us since we have gone on a cash basis. We also want to thank those who have been paying their notes and accounts so promptly. In fact it has been three years since we have had such business as we are having now, and we are truly thankful, first to our God, and secondly to every one who is helping to make our business a real pleasure.

We are very glad to see the sunshine. You know we didn't appreciate sunshine so much in 1917 and 18, which proves to us that it really takes the rain to make us appreciate the sunshine.

West Texas is coming back. We don't care what some may say, old West Texas is good enough for us. We have spent our lives here and have not gone hungry. If we make three failures, one good year puts the old boat to sailing, so we are satisfied with the windy West.

Business—Yes, we want to sell you all the goods we possibly can. We have as good stocks as we can buy. We are having lots of trouble getting goods, but can supply most of your needs in Dry Goods, Hardware and Groceries and at prices that are sight.

We especially call your attention to our Ladies Ready-to-Wear Department.

Our business has been wonderful in this department, and we want everybody who hasn't already done so to see our lines of Coats, Dresses and Slits. Nothing better, nothing more up-to-the-minute can be found in this country, for we shopped in New York early and got the goods that are right. Come on before the stocks are broken and do your fall shopping for merchandise is scarce and will be higher, so delay is dangerous.

Our Grocery Department is doing a fine business, and if any of you haven't tried us on groceries, do so. We always sell as cheap as any body in town. Some people think the so-called cash stores sell cheaper. This is not true, but if it satisfies you better, remember there is not a store in Spur nearer to being a cash store than ours is now. We give you Light Crust Flour—nothing better—made of wheat, and you will find in all our groceries the same quality.

Come on with the crowds who want the best.

See the new Sweaters in our Dry Goods Department.

"A good reputation is like a fire—once lighted it is easily kept burning, but if it ever goes out—Good night."

Say folks, are we all thankful as we should be for the good crops and prices? We are trying to be.

### BRYANT-LINK COMPANY.

### TIMES AND PRICES ARE CRITICAL AND VERY UNSETTLED

That we are now living in a very critical and unsettled time is evidenced on every hand. The war may have made the world safe for democrats, but the people in general and consumers in particular are in a precarious situation. Labor is high and going higher, strikes occur every day, and prices are based on what the article will bring in rather than on its actual value.

The following telegram from the Southwestern Coal Co. to the Spur Grain & Coal Co. is but an instance of the prevailing situation throughout the country:

"Your coal will cost you double the present price if miners demands for only thirty hours per week and sixty per cent increase in wages now paid for forty eight hours per week are granted. Is highly important you wire immediately your senator and congress and to oppose increase in wages and decrease in hours, and that they take action to prevent strike called for November 1st."

Should this strike occur as scheduled, coal will be out of reach. Printers are striking for fifty dollars for 44 hours work. Any kind of common labor brings from five to ten dollars a day throughout the country. The price of merchandise has advanced to from twice to five times the former prices.

The truth is that greater problems now confront the country than at the time of the war. Truly the nation needs great men to steer the ship of state through these perilous times. The tendency is to call on the government for aid and regulation on every proposition.

Personally we are meeting the conditions with some effect by doing our own work, buying as little as we can exist on, and without whining for the government to come to our aid.

Chas. Whitener recently purchased three hundred and forty acres of land south of the experiment station of J. E. Nutt. He has purchased registered white face cattle with which to be now stocking the place. He is now fencing, building sheds and making other necessary improvements to take care of his fine cattle.

### FLOWER SHOW TO BE HELD IN SPUR OCTOBER 30-31, NOV. 1.

On account of illness the date for the Flower Show under the auspices of the Christian Ladies Aid Society, has been changed to Thursday, Friday and Saturday, October 30th, 31st and November 1st.

In connection with the Flower Show there will be a program each night. Don't fail to see either of these programs—if you should, you will miss a treat.

The first night's program will be under the direction of Miss Flora Mae Scudder. The second night, the old Fiddlers Contest and other selections. The third night will be the play given by Mrs. R. E. Dickson.

### SIXTEEN HUNDRED BALES OF COTTON WEIGHED ON YARD

Cotton Weigher Carlisle informed us that up to this time sixteen hundred bales of cotton had been weighed on the Spur yard. On account of rainy, cloudy weather cotton has been coming in slowly up to this time. However, the weather is now inviting and a cotton rush is expected.

W. D. Thacker, of Draper, passed through Spur Tuesday on his way to the east to see if he could not get cotton pickers. We hope he gets 'em this round, since he has made trips before without results.

### DRILLING WORK IS UNINTER- RUPTED ON J. C. DAVIS WELL

Drilling work on the J. C. Davis test well, five miles northeast of Spur, continues uninterruptedly, the well now having reached a depth of nearly four hundred feet. While, of course, no oil indications are expected at this shallow depth, yet it is said that a scum of oil can be noted on the slush waters drawn from the well.

The drill is now in a red, quick sand. The drillers now have plenty of water and work is expected to continue uninterruptedly. In fact, the drillers think that ninety days will be plenty time in which to determine the final outcome of this test.

The derrick is now up on the J.J. Albin place in the Highway community, twelve miles west of Spur. Work will start on this test just as soon as the engine and other necessary equipment can be received.

### OBSERVE SANITARY MEASURES TO AVOID DISEASE SPREAD.

## FOCH JOLTS BRITISH

Appeal Inspires British Army to Success.

Tells Them They "Vanquished Napoleon; Why Not the Lowly Germans?"

Paris.—An appeal to the British soldiers dictated by the then General Foch, asking them to remember their forefathers' victory over Napoleon, inspired them to attack the Germans and recover the ground they had lost before the gas wave at the second battle of Ypres, writes Colonel Feyler in the Journal de Geneve.

Before the asphyxiating gas both British and French had been obliged to give ground. The then General Foch intended to recover the former positions at all costs, according to Colonel Feyler. He asked Gen. Sir John French to co-operate with him. "Impossible," replied French; "my men are ready to hold here, but I do not feel that I can demand of them, in their present condition further sacrifices in attacking."

Foch expressed surprise: "Their morale is low," he said. "Why don't you launch a proclamation? Something like this: 'British soldiers, forward. You who have vanquished the great Napoleon, shall it come to pass that you will permit the lowly German to drive you from your positions and retain them?'"

"How is that?" asked French, greatly interested. "Please repeat it." And at the dictation of Foch, French wrote out the proclamation, which was given out to the troops the next day.

The next morning the British soldiers hit the line and recovered all the lost ground.

## JINX PURSUES BRIDAL AUTO

Blowouts Were Overcome, but Lack of Years Was an Effectual Bar at License Bureau.

Baltimore.—Luck was with Allen Walter Dehuff of Dallastown, Pa., a prospective bridegroom, when he slipped from bed at 4 a. m. and at the wheel of his "flivver" sped toward Logansville, Pa.

His bride-to-be, Miss Esther Hildebrand, was waiting for him at a lonely spot on the road and they turned the radiator toward Baltimore, but there Dehuff's luck deserted him.

First came blowouts and then engine trouble and finally a damaged axle, but repairs were made and the "flivver" continued toward Baltimore and a marriage license.

But the blow which he received at the marriage license bureau will take two years to fix, unless he asks his parents for help. He is only 19 years old and the clerk would not issue the marriage license without the consent of Dehuff's parents, so the pair returned home.

## FAMOUS BAR NOW GROCERY

California House Had Five Presidents and One King as Guests.

Sacramento, Cal.—The Diamond bar, famous for nearly fifty years as a part of the old Auzerais House, of San Jose, Cal., is being fitted up for a grocery store. The Auzerais House, in West Santa Clara street, housed five presidents of the United States and was for a time the abode of a king. It was built in 1863, according to John E. Auzerais of San Jose, and the barroom was the meeting place for many of the men whose names have been written into the history of California.

President Grant was entertained at a banquet in the Auzerais House in 1870. The following spring King Kalakaua of Hawaii was a guest, and in September of the same year President Hayes delivered an address from the balcony. President Harrison was a guest in 1891, and both McKinley and Roosevelt visited the famous old hotel on their tours of the United States.

## WILSON ABANDONS SPEAKING TOUR

IS SUFFERING FROM NERVOUS EXHAUSTION—CONDITION REPORTED NOT ALARMING.

Wichita, Kansas.—Completely worn out by more than three weeks of speechmaking for the peace treaty, President Wilson has canceled the remainder of his speaking dates and is returning at once to Washington.

Although there was nothing critical about his condition, yet Dr. Grayson, his physician, declared a nervous reaction affecting his digestive organs made suspension of his trip imperative. The president himself wanted to continue his speaking program, but Dr. Grayson would not permit it.

The presidential special will reach Washington Sunday morning. It will go by way of Kansas City and St. Louis.

The presidential train did not pull into the station at Wichita, where a large crowd was waiting to welcome the president. He was to have spoken there and at Oklahoma City and although he wanted to at least greet the people, Dr. Grayson would not permit him to leave his private car.

Mr. Wilson has made nearly forty speeches since he left Washington on September 3, and has spent all but about half a dozen nights on the train. Five addresses remained on his uncompleted schedule. He was to have spoken in Little Rock, Memphis and in Louisville, returning to Washington from there.

Not since 1915, when he spent two weeks at Cornish, N. H., has Mr. Wilson really laid aside the worries of the presidency. Last year he took a short cruise on the yacht Mayflower, but he was occupied most of the time, as he was during his trips across the Atlantic, with important domestic and international problems.

## PARIS HEARS KING OF ITALY MAY ABDICATE

Crown Council Holds Two Sessions in Rome to Consider Situation at Fiume.

Paris.—The Italian delegation was in constant communication with Rome but the only definite statement that could be obtained from the delegates was that the king's council had held two meetings and by the king's request all the members had pledged themselves not to divulge the proceedings.

Paris is alive with many unconfirmed rumors concerning the resignation of Signor Tittoni, the Italian foreign minister, the decision of Italy formally to annex Fiume, and the possible abdication of King Victor Emmanuel.

## Supervisors for Texas Census

Dallas.—Appointment of eighteen district supervisors for the taking of the fourteenth decennial census is announced. Following are the men in charge of the count in the eighteen districts of Texas: A. L. Hart, Paris; J. H. Shotwell, Center; R. E. Yantis, Athens; Henry E. Ellis, Denison; W. L. Chew, Dallas; Mrs. Roy E. Smith, Hillsboro; J. H. Painter, Crockett; C. J. Kirk, Houston; Emile H. Tesek, Moulton; John D. Hudson, Georgetown; Clay McClellan, Gatesville; Gladen Loyell, Dickey; McAfee W. Burch, Decatur; W. G. Tobin, San Antonio; Harry W. Harnky, Uvalde; J. T. Crouch, San Angelo; Albert W. Sledge, Ballinger; and James A. Hillburn, Shamrock.

## West Texas Freight Blockade Predicted

Austin, Texas.—The railroad commission has issued notice of the hearing for Saturday, Oct. 4, to be held in Fort Worth in the auditorium of the chamber of commerce, to consider the protests and complaints filed by the west Texas chamber of commerce through its general manager, Porter A. Whaley. Mr. Whaley's letter to the commission complains of the railroad service in west Texas in a number of particulars and predicts a gigantic blockade within 30 or 60 days unless something material is done to relieve the situation.

## Federal Reserve Governors to Meet.

Dallas.—A conference of federal reserve district governors in Washington, beginning Wednesday, Nov. 12, has been called by Gov. W. P. G. Harding of the national federal reserve board. Gov. R. L. Van Zandt of the Dallas Federal Reserve bank, who will attend the conference, has received no notice of what will be taken up at the meeting.

## Cotton Seed Price Inquiry Requested.

Austin, Texas.—The attorney general's department has been called upon to make an investigation of the methods in contemplation to "stabilize" the price of cotton seed.

## MOB HANGS MAYOR AND LYNCHES NEGRO

APPEAL FOR LAW AND ORDER BY MAYOR SMITH ANGERS CROWD.

## COURTHOUSE IS SET ON FIRE

Numerous Negroes Beaten By Mob. Mayor Dragged Half Block Before Hanging.

Omaha, Neb.—Mayor Edward P. Smith, victim of two attempts at lynching Sunday, died Monday morning as a result of injuries received.

The attempt to lynch the mayor was made by a mob which later hanged William Brown, negro, to a light pole. A rope was thrown around the mayor's neck and he was pulled off the ground twice before two police officers succeeded in cutting the rope and getting him into an automobile and away from the mob.

The mayor had gone to the courthouse and held a consultation with Sheriff Clark. Emerging from the courthouse, he met the mob and began to make an appeal for law and order. Somebody shouted "lynch him" and a member of the mob threw a rope around his neck.

Half a dozen men dragged the mayor half a block and threw the loose end of the rope over a trolley pole. Twice they drew the mayor's body from the ground. Each time two police officers cut the rope. Following the second attempt, these officers succeeded in getting the mayor into a police motor car and rushed him to a surgeon's office near by. The mayor was bleeding from his mouth and nose and after a brief examination by physicians was taken to a hospital. His face and body were badly bruised by being dragged by the mob.

The riot centered about the magnificent new courthouse building, which was set on fire in the efforts to reach William Brown, a negro charged with criminally attacking Agnes Lobeck, a white girl, a few days ago.

With the flames mounting steadily from floor to floor, Sheriff Mike Clark and his deputies fought a battle of hours to save Brown, but with the cries of the 100 or more prisoners on the top floor—the jail floor—ringing in his ears, he was compelled to surrender the prisoner.

The latter was hurried to an electric light pole and hanged.

During the rioting a large number of negroes were badly beaten on the streets, some of them dangerously injured.

Firemen were already on the ground but members of the mob, upon whom they had turned streams of water, had cut the hose and it was useless.

With the dispersal of the mob after the lynching, firemen were able to get water on the flames, which, it was reported, were checked at the fourth floor, one story below the jail.

## WOODMEN OF TEXAS DISCUSS SECESSION

Opposition to Higher Rates Expressed and Meeting Call at Waco Oct. 31.

Fort Worth, Texas.—Will the Texas Woodmen secede from the fraternal order of the Woodmen of the World and form a separate and distinct order to be known as the "Woodmen of Texas?"

This will be the vital question up for discussion at a union meeting of all camps of the state to be held at Waco, Texas, October 31, according to resolutions passed at the meeting of Woodmen delegates from various states and Texas held here.

Further resolutions were adopted to send W. A. Fraser, sovereign commander of the Woodmen of the World, a telegram asking him to resign from the order, as well as all other sovereign officers. These resolutions were unanimously adopted and the telegram will be signed by a sub-committee appointed by local officials of the order.

It was brought out in the resolution that one or more delegates from every camp in the state would be asked to attend and that a delegate would represent every one hundred members in the state.

## RETURN OF STRIKERS EXPECTED AT MILLS

Operators Predict Radical Change in Their Favor, But Leaders Confident.

Both sides are determined to break the apparent deadlock in the steel strike, which developed at the close of the first week, interest again is focused on strategic points along the industrial battle front, particularly in the Pennsylvania sector, where a walk-out of approximately 35,000 employes of the Bethlehem Steel company has been ordered.

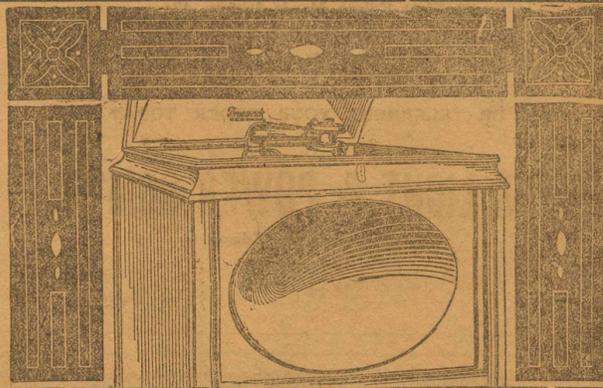

Assurance that they would be protected, the company officials say, will lead thousands of men who quit a week ago to venture back to the mills.

How The Brunswick Attains It

EVEN the most casual hearing of The Brunswick gives instant and conclusive evidence of its tone superiority. Your ear immediately detects the difference.

This betterment is due to the Brunswick Method of Reproduction, which includes two new ideas—the Ultona and the All-Wood Tone Amplifier.

The Ultona plays all records at their best, whatever make. Just a turn of the hand and the Ultona presents to each type the proper weight, diaphragm and needle according to its exact requirements.

Perfect reproduction is followed by perfect tone development through the new All-Wood Tone Amplifier. No metal is used in its construction.

# Wood Cutting rohibited On Spur Lands!

Notice is Hereby Given That Any Person Who Cuts Wood of Any Kind Whatever From Any of Our Lands Any Where Now or Hereafter will Be Prosecuted to the Fullest Extent of the Law Without Favor or Consideration

**I**N Some localities in past years, the lands have been shamefully cut over, regardless of our rights, and those of purchasers of land not occupied. Many otherwise honest men, have come to think that what others have done, without a penalty resulting, they can also do, and there is an increasing disposition to appropriate wood wherever it may be found, no matter to whom it belongs. This must be stopped. We must protect the people who have already bought Spur Lands, and those who will hereafter buy them, from this wood cutting.

Some people pretend to think there is no objection to it. This is, therefore, public notice that no one has our permission to cut, saw, grub, break down or gather wood of any kind whatever from our lands anywhere, and that prosecution will certainly follow trespassers hereafter without favor.

### Offered His Friend Choice of Nice Jails.

Kansas City.—A certain saloonkeeper entered the office of Sam Hargus, assistant United States district attorney, here, and explained that he wanted to know if he could sell some liquor with his 2.75 per cent beer. Others were getting away with it, he declared, and he wanted to know if he could.

"How far would I get?" he asked.

"Well," replied Mr. Hargus, "seeing that you are an old friend I think I can fix you up—so you could get your choice of any jail in the Western district of Missouri. We have some pretty fine ones; some say they have never seen better."

"I'll stick to my near per cent beer," replied the saloonkeeper as he hurriedly left.

### This Poker Player Was Thoroughly Cleaned Out

Cobalt, Kan.—So completely cleaned out was Jean Paul Asselin after a poker game on Third St. here that when he came to R. L. O'Gorman, J. P., to swear out a warrant against a fellow player whom he suspected of stealing his roll, he could not produce the dollar fee demanded. He had to borrow ten cents from Chief of Police Bonville to make up the required sum. Asselin charges that \$190 disappeared during his temporary absence from the scene of operations, and he swore a warrant for the arrest of Sam Borlich, known to the police as "Minnesota," accusing him of stealing the money.

Either a discontinuance of Love field near Dallas or the employment of civilians to carry on the work is expected at that post by Lieutenant I. H. Edwards, executive officer, following preliminary instructions to transfer most of the enlisted personnel to Kelly field, San Antonio.

Notice has been received by the district vocational office at Dallas that the federal civil service regulations have been amended by an executive order of the president placing upon the federal board for vocational education the responsibility of testing and certifying to the civil service disabled soldiers, sailors and marines who desire to enter that branch of service.

### Not Infallible.

Human judgment cannot be infallible, no matter how broad the mind or keen the intellect. Appearances are so deceptive that even the most experienced judge of character may fail to reach as good an estimate of a man as the humble ignorant scrub woman, who cleans out his offices daily. Many successful men realize this great lack in themselves, and appreciate the power that is in the hands of a devoted wife and real helpmate. They would not think of entering into a partnership or a big business deal without first arranging to hear the opinion formed by her whom they have learned to look up to and confide in.

And, indeed, a man can scarcely pay a higher tribute to a woman than the trust he shows in her instinct.

### UMBRELLA AS BERRY PICKER

By Its Aid Long Island Woman Gathers Ninety Quarts in Day.

Sayville, L. I.—Mrs. Margaret Cross of Sayville, L. I., went huckleberrying. She carried an umbrella. Neighbors asked her if she feared rain, but she only smiled.

Reaching a spot where the berries grew thick, she opened it, inverted it under a bush and shook the bush vigorously. The berries fell into the umbrella and were easily transferred from it to Mrs. Cross' berry pail.

By this means she gathered 90 quarts during the day, thereby establishing a record for one day's picking, it is said.

### Snake Kills Cow.

Waynesborough, Pa.—George Woodring, tenant on the Stone farm south of Waynesborough, lost a young cow as the result of the creature being bitten by a large copperhead snake. Notwithstanding that a veterinary surgeon from Waynesborough was summoned, he could not remove the effects of the poison. Copperheads and rattlesnakes are very plentiful.

Judge Russell's Successor Agreed On. Washington.—William L. Estes of Texarkana was agreed upon by Senators Culberson and Sheppard as the successor to the late Gordon Russell, judge of the eastern federal district of Texas.

FOUR ISSUES ONE MONTH

Friday, October 17th, 1919.

G. L. Crawford vaccinated more than a hundred head of cattle Tuesday for Ed Lisenby. Mr. Crawford has saved the county thousands of dollars by his work in the livestock line alone. He is of real worth and benefit to this section.

Otho L. Hale was in Spur Thursday from Afton, spending some time here looking after his grocery business in Spur and also visiting his family who have moved here for the benefit of the schools. Mr. Hale will move down at a later date.

It is reported that Rev. McCarroll picked two hundred and forty pounds of cotton in a half day this week. This is at the rate of \$9.60 a day. Here is to the preacher who does things, whether in the pulpit or on the farm.

R. D. Shields came over Monday of this week from Dickens, spending several hours here on business. He says business is good and that the greatest drawback is in that goods are hard to get.

Mrs. Bert Duncan was in Spur the first of the week shopping. Mrs. Duncan is now running the farm in the absence of Mr. Duncan who is down in the oil field gathering in some of the loose coin.

Miss Lucy Webb underwent an operation last week at a Fort Worth sanitarium where she is now convalescing. J. S. F. Williams accompanied her and spent a few days.

WANTED—At once, wagons and teams to haul cotton from Afton to Roaring Springs, for \$1.50 per bale. Also plenty maize to haul.—Hale Hardware & Grocery Co. 49 tf

Walter Jackson, Mayor of Highland was in Spur Sunday, having just returned from a trip to Arizona. We will have a full account of his trip in next week's issue.

J. E. Sparks and A. C. Gentry were here Tuesday figuring on going to Sulphur Springs to see if cotton pickers could be had in that territory.

S. W. Rather has been marketing some fine apples here recently. They were grown on his Cat Fish ranch and are as fine as any ever shipped in.

J. D. Powell and W. F. Godfrey invested in town lots in the new town of Jakehamon. They expect to realize profits from their investments.

W. B. Bennett was in town the first of the week.

Luther Bilberry was in town Monday.

**ELECTION NOTICE.**

Pursuant to the election proclamation issued by the Governor of Texas, notice is hereby given that an election will be held on Tuesday, the Fourth Day of November, 1919, in the County of Dickens, State of Texas, for the purpose of voting for or against the Amendment to Section 49, Article 3, of the Constitution of the State of Texas, providing for an issue of bonds by the State for the purpose of construction of Highways; for or against the Amendment to Section 51, Article 3, of the Constitution of the State of Texas, relating to Confederate Pensions and increasing tax rate for payment of same; for or against the Amendment to Article 16, of the Constitution of the State of Texas, permitting prisoners to share in the net proceeds from the State penitentiary system; for or against the Amendment to Article 16 of the Constitution of the State of Texas, permitting Galveston County and City to issue bonds for grade raising purposes; for or against the Amendment to Article 8, Section 9, of the Constitution of the State of Texas, relating to special taxes by cities, towns and counties for public improvements, public roads, etc.; for or against the Amendment to Sections 10, 11, 12, 13, 14, and 15, of Article 7, of the Constitution of the State of Texas, providing for the separation of the State University and the Agricultural and Mechanical College, and for bond issues by each, and for or against a Constitutional Convention.

County Judge, Dickens County, Texas.

**NOTICE.**

On and after October the first, we will operate strictly a cash business, owing to the fact that we are compelled to pay cash for mechanics, gasoline auto accessories, casings, rents and all other supplies. We kindly thank our customers for the business of the past and solicit a continuance of same. The place that renders you service with an appreciation.—The Highway Garage—Buick Automobiles—E. L. Caraway.

**NOTICE.**

I have moved goods and am now making headquarters at J. C. Keene's in west part of Spur on the Highway.—E. C. Golden, the Watkins Man. 3tp

Mrs. Geo. M. Williams left Tuesday for Del Rio where she will spend the winter.

**THE STATE OF TEXAS.**

To the Sheriff or any Constable of Dickens County, GREETING:—

You are hereby commanded to summon Viola Hawkins (colored) by making publication of this citation once each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in the nearest county where a newspaper is published, to be and appear before the Hon. District Court of Dickens County, Texas, at the next regular term thereof, to be held at the court house thereof, in Dickens, Texas on the Twenty-first Monday after the First Monday in July, 1919, same being the First day of December, 1919, then and there to answer a petition filed in said court on the 6th day of Oct., 1919, in cause No. 594 on the docket of said court, wherein Tom Hawkins (colored) is defendant, said petition alleging that plaintiff and defendant were married in Robertson county, Texas, on or about the 20th day of December, 1911, and lived together as husband and wife until on or about the 1st day of March, 1914, when defendant, without cause, or the procurement or consent of plaintiff, and contrary to his wish and desire, voluntarily left plaintiff's bed and board with the intention of permanently abandoning him, and has continuously since said date remained away from and refused to live with plaintiff as his wife for the space of more than three years; with prayer that the bonds of matrimony existing between plaintiff and defendant be dissolved and that plaintiff be granted a divorce from defendant.

Herein fail not, but have you before said court on the said first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Witness: M. Gay, Clerk of the District Court of Dickens County.

Given under my hand and seal of said court, at office in Dickens, Texas, this 6th day of October, 1919.

WANTED—A few days of sunshine so I can gather my crop—J. A. Murchison.

Mrs. W. M. Perrin gave a birthday dinner to her mother, Grandma Adams, Sunday. Quite a few of her relatives and friends were there. Mrs. W. M. Winkler and family, Mrs. J. A. Legg and family, Croton, were there. This was Grandma's eightieth birthday. Many presents and bouquets were given. We wish of her many friends that she will live to enjoy many more pleasant birthdays.

Little Dick Perrin is very sick this week. We hope he will soon be up again.

Wonder whose jitney was that stayed on the road north of Wichita so long the other week?

**Sight Large Sea Serpent; Immune to Bullets.**

Reno, Nev.—Doubt not the authenticity of this, for the nation went dry long since.

Four hunters report a sea serpent 25 feet long in Yramid Lake, largest fresh water body west of the Great Lakes. It has huge fins and a serpent's tail, comes to the surface of the water and its hide is impregnable to bullets.

The hunters who shot the animal but who report it dived after being hit unhurt are J. S. Neff, Mike Nagy, W. J. Neff and M. Gent. They were camping on the shore of the lake when the monster was first sighted, they said.

**Y. M. C. A. Conducts Sightseeing Tours Through France.**

**Battlefields and Castles of Leading Interest After Paris Has Been Seen.**

Chantilly, France.—The progress of the sightseeing doughboy through France, after he gets through with battle fronts, is from one beautiful spot to another. Of course, the battle fronts come first, and the Y. M. C. A. trips to Chateau-Thierry, Belleau Wood, Rheims, Soissons and the Chemin-des-Dames are so popular that the boys have to draw lots every day for the coveted free tickets, as only 100 persons can be taken on each trip. But all the other trips the Y. M. C. A. has arranged for American soldiers and sailors are studies in beauty and art and history amid pleasures and palaces, and the eagerness and intelligence with which the boys go on these expeditions is plain evidence of their essential soundness of heart and mind.

The first day, as a rule, the boys get aboard the big "Y" sightseeing automobiles and see Paris. Then they go by special train to the palaces of Versailles, Fontainebleau, Malmaison and St. Germain. Next they come back to Paris and spend a day in the Louvre. And then those still keen for palaces are invited to take another trip to the jewel of them all, the famous chateau of the Condes and Montmorencys at Chantilly.

Thousands of American soldiers have visited Chantilly this year and have learned something of a place which many wealthy tourists overlooked. Indeed, though many Americans visited Chantilly in years before the war, a large percentage of them saw only the race course and never visited the chateau. Yet many experts hold that though a number of other museums outrank it in size, nowhere in the world—not excepting the Louvre—is there a more exquisite collection of objects of art.

**WHISKERS AS OLD AS HE IS**

**And Former County Auditor in California Is Hovering Near the Eighty Mark.**

Santa Ana, Cal.—Who's got the oldest whiskers?

Other towns have entered contestants in the race for oldest hirsute adornments, but Santa Ana only now jumps into the fray with a set of whiskers sixty-one years old. If anybody can beat that, let them come forward or forever hold their peace.

The proud possessor of the aged beard is J. H. Hall, former auditor of Orange county, who is now dividing his time between Santa Ana and the East. Captain Hall, a G. A. R. man, never has shaved, and the whiskers which now adorn his face are on the roots of the "fuzz" which showed up when he was in his teens.

**BLIND, HANDS GONE, WRITES**

**Crippled Soldier Becomes Competent Typist Through Patient Training.**

London.—Blind and deprived of both hands, Sergt. Alan M. Nichols of the Second Durham light infantry refused to be classed as an "unemployable," and today can write letters as proficiently as any normal stenographer. Nichols' restoration to a self-supporting basis was accomplished through patient training, a specially constructed typewriter, a pair of artificial aluminum hands and his own indomitable spirit. Recently he passed a writing test of two hours and fifteen minutes, his "copy" necessitating only two corrections.

**Bathes in Well; Regains Sight.**

London.—Almost blind since September, 1915, Joseph Culshaw, ex-soldier, bathed several times in St. Winifred's well, North Wales, and has recovered his sight, he says.

**INVENTOR OF "BIG BERTHA" IS INSANE**

**Ghosts of Victims of Huge Gun Have Unseated His Reason.**

**SUCCESS BRINGS REMORSE**

**Men Whose Minds Failed to Stand Up Under Strain and Horrors of War His Only Companions.**

Berlin.—The inventor of the "Big Bertha," which first shelled Paris on March 23, 1918, from a distance of nearly 80 miles, now is an inmate of the German state asylum in Andernach. Men whose minds failed to stand up under the strain and horrors of war are his only companions.

The inventor does not associate with the other inmates. At rare intervals he speaks with the doctors or nurses in the hospital, but then only a few words. But, once when an American soldier entered, the German's face lighted up like that of a child with a new toy. To the astonishment of the hospital attendants he at once approached the visitor and began to converse with him in English.

As he talked his interest in the young American seemed almost pathetic. He asked of America, America's part in the war, what America expected to do with Germany, and particularly was anxious to learn what America thought of the German air raids during the war and the bombardment of Paris by the "Big Bertha."

**Tells Story of Life.**

Then, as if afraid that the young soldier from overseas was about to sentence him to some horrible punishment, he suddenly began to tell the story of his own life.

As a young man he had studied at the greatest universities in Germany. Chemistry and mechanics had been his favorite subjects, and in these he showed great aptitude. As was natural in Germany at that time, his researches soon took him into the field of perfecting weapons of war. His work in this line attracted the attention of his government. They gave him every opportunity for study. He was sent to England, America and France. In those places he studied at close range the guns used by the armies, the chemical composition of explosives and the methods of manufacturing great shells. When he returned to Germany he was given stock in the Krupp works, at Essen. Profiting by his studies and what he had learned in other lands, this man set about to develop what would eventually be the mightiest cannon in the world.

Then came August, 1914, and the war. According to the inventor, his efforts were redoubled. The big guns, which destroyed the forts of Belgium, were not sufficient. For years, the inventor said, he had dreamed and planned a weapon that would reach Paris, and when the war came he, together with the greatest scientist of Germany, began working upon the cannon.

**Success Brought Only Remorse.**

In the spring of 1918, the inventor said, they believed their plan had been accomplished. The great gun was finished and moved to a spot in the lines from which its shells could reach Paris. Finally came the day when it was fired on Paris for the first time. Apparently it was a success. For a few days all Germany celebrated, the inventor said. For him, however, this joy was short-lived. Hardly had the celebration ended when the allies seemed to take on a new lease on life. Instead of discouraging them the great gun appeared to have driven them to greater efforts.

"Then came the stories of the sufferings caused by the gun," the inventor said. "Instead of killing soldiers we had murdered women and children. My nights became sleepless. When I did drop into a doze my dreams were terrible. I became sick with the thoughts of my work. I lost weight. I could not face my family, and the sight of women and children on the street made me faint. Then something snapped."

**Wants to Change Absurd Name.**

New York.—Justice Callahan, in the supreme court, has reserved decision in the application of Leon Abouta Beekh to change his name to Leon Atallah. Abouta Beekh said he was born in Damascus, Syria, February 10, 1877, and has three children. The name Abouta Beekh, he said, means "father of cooking," and is so absurd, that it has all his life subjected him to ridicule. He said he wanted to prevent his children from enduring the same ridicule.

**Burn Home When Trying to Exterminate Squirrel.**

Chico, Cal.—Fully prepared to write a testimonial to the destroying qualities of a squirrel exterminator, Mr. and Mrs. D. Hurspeth here mourn the loss of their home today.

Here's how it happened: A squirrel had tunneled under their home and the exterminator was purchased. It was poured into the hole, but it was an inflammable liquid. An oil tank and smudge pots caught fire and the house burned to the ground.

It is not known what happened to the squirrel.

**RAT MENACES HEALTH**

**Costs the United States \$180,000,000 a Year for Support.**

**Public Health Service Urges That Measures Be Taken to Destroy Them.**

Washington.—You pay one-half of one cent every day for the support and sustenance of a brown rat, according to figures compiled by the United States public health service.

There is one rat, at least, for every person in the United States. This estimate is considered conservative, but coincides with that for Great Britain and Ireland, and also with authoritative figures for Denmark, France and Germany. The annual upkeep per rodent was computed by the same authorities as \$1.80 in Great Britain, \$1.20 in Denmark, and \$1 in France. The depredations in this country will very probably exceed the estimate for Great Britain. One-half a cent a day is considered conservative, but even on this computation, it costs the United States \$180,000,000 a year to support its rat population.

It is because of this terrific economic loss and the additional fact that rats are a constant menace to the public health that the public health service has issued a warning to the country to take the necessary measures to destroy them.

There are three kinds of rats included in the survey in this country—the Norway or brown rat, the black rat, and Alexandrian rat. The Norway rat, larger and more ferocious than the others, has pretty generally killed them off, and today the black rat and the Alexandrian rat are seldom found except in seaports.

The brown or Norway rat, since he discovered America, has literally blazed a trail across the continent. Today it is conservatively estimated that there are at least one rat for every dweller in the cities, and on the farm there are at least three rats for every person. None of these rats is native to the United States.

Of many measures suggested for destroying the rat, the public health service advocates one as most effective. It is rat-proofing the buildings so that rats cannot get in for food, thereby starving them to death.

**LEAVES HIS WIFE AS BAIL**

**Husband's Appearance Relieves Embarrassment of Police Judge in Los Angeles.**

Los Angeles, Cal.—Police Judge Chesebro was most embarrassed. A woman had been left with him in lieu of \$25 bail, and he did not know what to do with her.

Walter Lincercum appeared before the court on a misdemeanor charge. Judge Chesebro fixed the bail at \$25. Lincercum did not have the \$25.

Mrs. Lincercum, who was in court, had a bright idea and whispered to the judge. He nodded assent and Lincercum rushed from the courtroom. His wife remained behind. She was the bail.

Everybody was happy until 5 p. m. arrived, and brought no Lincercum. It was time to close the court. The judge looked at his clock and at the bail.

Then Lincercum rushed in, just as the court was ordered closed. He had \$25 in real money and walked away with his wife.

**Sucks Poison From Snake Bite.**

Colome, S. D.—Heroic action of his mother in sucking poison injected from the fangs of a rattlesnake from his leg, saved the life of Gaylord Townsend, seven years old, of Mellette county. The boy was walking with his parents across the prairie near their home, when the snake, which had been concealed in a cluster of weeds, struck him as he passed. A friend of the family lanced the wound causing it to bleed freely, after which Mrs. Townsend sucked out the poison. The fangs of the snake struck the boy twice above the ankle.

**KILLS MORE THAN WAR**

New York.—A survey of the country shows the United States is face to face with a condition more menacing to its people than actual warfare, according to the report of the executive committee of the National Tuberculosis association.

The survey shows an annual death rate from tuberculosis in the United States of 150,000, and more than 1,000,000 active cases of the disease in the nation.

To combat and prevent the spread of the disease, an intensive national campaign is necessary, it was asserted. Funds for the campaign will be sought by a ten-day sale of Red Cross seals, beginning December 1. The total of the several state budgets will be more than \$8,500,000.

During the discussions, attention was called to the revelations of the war-time medical examination boards, made up largely of members of the association. Official figures were cited, showing that of the men called to the colors, nearly 100,000 were tuberculous.

It was pointed out that the death rate of 150,000 a year from one preventable disease means the sacrifice of more lives than the United States army lost in the year it was actively engaged in the war.

**Prize Fish Yarn of 1919.**

Topeka, Kan.—The champion "fish tale" for 1919 was brought to this city by Mr. and Mrs. Paul Lovewell, who returned with their family from Lake Koronis, Minn., where they spent two months.

The family consisting of the parents, two sons and a daughter, caught a total of 168 pike and bass. In addition to pickerels which they did not count. They showed a snapshot with a catch of 40 fish averaging two pounds each.

**Eight Shots to Kill Mad Dog.**

Topeka, Kan.—"A dog-gone hard job!" exclaimed Detective Harvey Williams as he retreated from a supposed "mad dog" after having emptied his revolver at the animal. "Some dog to kill," he declared.

Then Hiram Sturm, who lived nearby, arrived on the scene with a revolver and a billy. He fired three shots at the dog and finished the job with the billy.

**Ontario Town Would Pay for American Coal in Own Currency.**

Windsor, Ont.—Orders placed by Mayor Winter with a United States firm for 600 tons of anthracite coal, quoted at \$12 a ton, including freight, and expected to be paid for in Canadian money, must now be paid for in United States currency, according to word received here.

The demand for United States money will make about 42 cents difference a ton, the mayor says. The order is held in abeyance until it can be learned whether another American company will accept Canadian money.

**Cared for Town Clock.**

Bygones, O.—Care of the town clock passed out of the hands of the Kehrer family, which has had it for more than fifty years, when George J. Kehrer Jr., was taken ill and had to delegate his task to the court house janitor. About twenty years ago the elder Kehrer died, after tending the clock for thirty years, and the clock stopped. For a month a stranger struggled with it, but it would not run more than forty-eight hours consecutively. Then his son took care of it and ever since the townspeople have set their watches by it.

**JOHNSON TO LEAVE FOR PACIFIC COAST SOON TO RENEW ATTACK ON TREATY.**

Washington.—While the peace treaty received only brief consideration in the senate Thursday, outside developments indicated that the factions were lining up for the real fight over the league of nations covenant.

The outstanding feature of the day was the announcement by Senator Johnson (Rep.) of California that he would leave immediately for the Pacific coast to renew his attack on the treaty, which was accepted to mean that his proposed amendment to equalize the voting power of the United States and Great Britain would not be called for weeks hence.

Next in public interest was the news that Senator Ashurst (Dem.) of Arizona had telegraphed President Wilson that he would vote for ratification of the treaty. This definite statement from Senator Ashurst was considered particularly assuring by democratic leaders, because of persistent reports that he would oppose the pact in its present form.

Just before adjournment Senator Leavitt (Rep.) of Wisconsin made his position clear by reiterating that he would not vote to ratify the treaty if under Article 10 the United States was obligated to send its troops abroad to preserve the territorial integrity of members of the league.

Dan Fisher of Chicago was given to understand that he had been elected vice president of the association, but declined the honor. Miss Lela Fry, a delegate from the Dallas Woman's Advertising League to the woman's division of the convention, has been shown a number of honors while in New Orleans.

**PROVIDING FOR THE SEPARATION OF THE STATE UNIVERSITY AND THE AGRICULTURAL AND MECHANICAL COLLEGE,**  
House Joint Resolution No. 29

A Joint Resolution to amend Article 7, Sections 10, 11, 12, 13, 14 and 15 of the Constitution of the State of Texas, which article relates to education, and which sections provide for the establishment and support of the University of Texas, the Agricultural and Mechanical College of Texas, and for a branch college for the instruction of colored youths; provides that the Texas State Medical College and the School of Mines at El Paso shall be branches of the University of Texas; provides that said University, said Agricultural and Mechanical College, and said College of Industrial Arts shall be separate State Institutions and independent in organization; provides for the sale of lands belonging to the University of Texas permanent fund, and for the division of the proceeds of such sale and all securities between the University of Texas, the Agricultural and Mechanical College of Texas, and the Prairie View Normal and Industrial College; directs that the respective parts of each shall become the permanent fund of each institution and how it shall be invested; provides that the University of Texas and the Agricultural and Mechanical College of Texas may utilize the permanent fund of each as a basis for the issuance of bonds for improvements, and for redemption of such bonds from the income of such permanent funds; provides that the governing board of the Agricultural and Mechanical College may make provisions for permanent buildings for the Prairie View Normal and Industrial College from the proceeds of bond issues by the said Agricultural and Mechanical College; and declares said Prairie View Normal and Industrial College a constitutional branch of the Agricultural and Mechanical College; provides that the Legislature shall make provisions by appropriation for the maintenance and development of the University of Texas and the Agricultural and Mechanical College, and for the development and support of the College of Industrial Arts, the Normal Schools, the Prairie View State Normal and Industrial College; provides for the authority to the University of Texas and the Agricultural and Mechanical College, pending division of the University endowment, to issue bonds redeemable from the income of the endowment, and granting authority to the Legislature to make appropriations to supply any deficiency; provides that the Legislature shall give encouragement and direction to the development of a University of the first-class, and an Agricultural and Mechanical College of the first-class, and a College of Industrial Arts of the first-class; provides for the submission of this proposed amendment of the Constitution to the people, fixing the date for election to be held, and making an appropriation to pay the expense of said election.

Be it resolved by the Legislature of the State of Texas:  
Section 1. That Sections 10, 11, 12, 13, 14 and 15 of Article VII of the Constitution of the State of Texas, which sections provide for the establishment and support of the University of Texas, the Agricultural and Mechanical College of Texas, and a branch college or university for the instruction of colored youths be amended to read as follows:

Section 10. In pursuance of constitutional authority and direction the State having established the University of Texas at Austin, in Travis County; the Agricultural and Mechanical College of Texas at College Station, in Brazos County; and the Prairie View State Normal and Industrial College for the instruction of colored youths of the State at Prairie View, in Waller County; and the Legislature having established the College of Industrial Arts at Denton, in Denton County, the said University of Texas, the said Agricultural and Mechanical College of Texas, and the said College of Industrial Arts for white girls, are hereby declared separate institutions and independent in organization. The Texas State Medical College, located at Galveston, in Galveston County, and the School of Mines, located at El Paso, in El Paso County, are constituted branches of the University of Texas. The Prairie View State Normal and Industrial College for the instruction of colored youths is constituted a branch of the Agricultural and Mechanical College of Texas.

Section 11. To better enable the University of Texas and its constitutional branches; the Agricultural and Mechanical College of Texas and the Prairie View State Normal and Industrial College, to fulfill the purposes for which created, all lands and other property heretofore set apart and appropriated for the establishment, endowment and maintenance of the University of Texas and its constitutional branches, together with the proceeds of the sale of such lands heretofore made, or hereafter to be made, for the support and benefit of either institution, shall constitute a permanent fund for the University of Texas, the Agricultural and Mechanical College of Texas, and for the Prairie View State Normal and Industrial College; provided that when the permanent University endowment shall, by constitutional and statutory authority, be apportioned to the institutions named it shall be divided between the University of Texas, the Agricultural and Mechanical College of Texas and the Prairie View State Normal and Industrial College in the following manner: To the University of Texas, sixty-six and two-thirds (66 2-3) per cent, and the Agricultural and Mechanical College of Texas, thirty-three and one-third (33 1-3) per cent; and the governing board of the Agricultural and Mechanical College of Texas shall apportion to the Prairie View State Normal and Industrial College for colored youths such part of, or interest in, the said thirty-three and one-third (33 1-3) per cent as may be determined equitably by said governing board. The principal of all funds accruing to each institution from division of the University endowment under the provisions of this section shall, whenever said endowment is divided, constitute the permanent fund of each, and shall be invested as permanent public free school fund is now or may hereafter be authorized by law to be invested; and the governing boards of the University of Texas and the Agricultural and Mechanical College of Texas shall be authorized, with the approval of the Governor, and in the manner to be provided by law, to issue bonds for permanent improvements, such bond issues to be based upon the permanent funds of the institution issuing them; and the governing board of each institution shall make provision from the income derivable from its permanent fund for the payment of all bonds issued under its authority as may be provided by law.

Section 12. The lands set apart to the University fund shall be sold under such regulations, at such times, and on such terms as may be provided by law; and the Legislature shall provide for the prompt collection, at maturity, of all debts due on account of University lands heretofore sold, or that may hereafter be sold, and shall in neither event have the power to grant relief to the purchasers. And, until such time as the University endowment fund shall be divided, in accordance with constitutional and statutory authority, the proceeds from the sale of lands, as realized and received into the Treasury of the State, together with such sum belonging to the funds as may now be in the Treasury, shall be invested as the permanent public free school fund is now or may hereafter be authorized by law to be invested; and the interest accruing thereon, and any income from the use of the said University lands, shall be subject to appropriation by the Legislature, and may be available for the redemption of bonds based on the University endowment and to be redeemed from the said interest and income from the use of land, as may be provided by law, to aid in the construction, equipment and maintenance of the University of Texas and the Agricultural and Mechanical College of Texas, and the total of such bond issues outstanding shall at no time exceed four and one-half million dollars, and the Legislature is hereby authorized to appropriate out of general revenues of the State such moneys as may be necessary to cover deficiencies in the interest and sinking fund accounts of the bond issues here-in provided for. Provided, that the one-tenth of the alternate sections of the lands granted to railroads, reserved by the State and which were set apart and appropriated to the establishment of "The University of Texas" by an Act of the Legislature of February 11, 1858, entitled "An Act to Establish the University of Texas," shall not be included in or constitute a part of the permanent University fund.

Section 13. The Legislature shall provide by appropriation for the equipment, maintenance and development of the University of Texas, and the branches of the said institution named in this Article; and such other branches as may hereafter be established by law; for the Agricultural and Mechanical College of Texas and its branches as now or hereafter may be established by law for the College of Industrial Arts for the education of white girls; for State Normal Schools; and for the Prairie View State Normal and Industrial College for colored youths.

Section 14. The Legislature shall give encouragement and direction to and make provision for the educational activities of the respective State Institutions provided for in this Article, and as may be adequate for the promotion of literature and the arts and sciences, pure and applied, and for instruction in the professions, of a University of the first-class; and for instruction in all those branches of learning which relate to agriculture, animal husbandry, the natural sciences, pure and applied, connected therewith, the mechanic arts and military science and tactics, requisite to the development of an Agricultural and Mechanical College of the first-class; and for the education of white girls in the literary branches, the arts and sciences, and in social and domestic economy of the age, as may be necessary to establish and maintain a College of Industrial Arts of the first-class for white girls and for instruction in all the branches requisite to the development of Normal Schools of the first-class.

Section 15. The Prairie View State Normal and Industrial College for the instruction of colored youths of the State, having been located at Prairie View, in Waller County, as a branch of the University of Texas, is hereby declared a branch of the Agricultural and Mechanical College of Texas. And in lieu of the separate apportionment of a part of the University endowment, as authorized in Section 11 hereof, the said board of directors of the Agricultural and Mechanical College may apportion to the Prairie View State Normal and Industrial College such part of any fund realized from any authorized bond issue by the board for the purpose of permanent improvements as the board may determine to be equitable and the

fund so apportioned shall be available only for the purpose of constructing permanent improvements for the said Prairie View State Normal and Industrial College.

Sec. 2. The Governor of this State is hereby directed to issue and have published the necessary proclamation for the submission of this proposed amendment to the Constitution of the State, to the qualified voters of the State, said election to be held throughout the State on the first Tuesday in November, 1919, and all voters favoring the amendment shall have written or printed on their ballots the words:

"For the amendments to Sections 10, 11, 12, 13, 14 and 15 of Article VII of the Constitution of the State of Texas, fixing the constitutional status of the University of Texas, the Agricultural and Mechanical College of Texas, the College of Industrial Arts at Denton, Texas, the Sam Houston Normal Institute at Huntsville, Texas; the North Texas State Normal at Denton, Texas; the Southwest Texas State Normal at San Marcos, Texas; the West Texas State Normal at Canyon, Texas; and the East Texas State Normal at Commerce, Texas, and other State educational institutions, and determining the interest, respectively, of the University of Texas, the Agricultural and Mechanical College of Texas and the Prairie View State Normal and Industrial College in the University permanent fund; and providing for the support, direction and development of State Educational Institutions."

Those opposing the amendment shall have written or printed on their ballots the words:

"Against the amendments to Sections 10, 11, 12, 13, 14 and 15 of Article VII of the Constitution of the State of Texas, fixing the constitutional status of the University of Texas, the Agricultural and Mechanical College of Texas, the College of Industrial Arts at Denton, Texas, the Sam Houston Normal Institute at Huntsville, Texas; the North Texas State Normal at Denton, Texas; the Southwest Texas State Normal at San Marcos, Texas; the West Texas State Normal at Canyon, Texas; and the East Texas State Normal at Commerce, Texas, and other State Educational Institutions, and determining the interest, respectively, of the University of Texas, the Agricultural and Mechanical College of Texas and the Prairie View State Normal and Industrial College in the University permanent fund; and providing for the support, direction and development of State Educational Institutions."

Sec. 3. The Governor is hereby directed to submit this amendment to the qualified voters at an election to be held throughout the State on the date herein specified and the sum of five thousand (\$5,000) dollars, or so much thereof as may be necessary is hereby appropriated for the purpose of issuing the proclamation and publishing the amendment as required by the Constitution and laws of this State.

**PERMITTING GALVESTON COUNTY AND CITY TO ISSUE BONDS FOR GRADE RAISING PURPOSES**  
Senate Joint Resolution No. 23

A Joint Resolution proposing and submitting to the people of the State of Texas an amendment to Article sixteen of the Constitution of the State of Texas by adding thereto a new section and authorizing the City of Galveston and County of Galveston to issue bonds for protective works, irrespective of Constitutional limitation, in the aggregate of five million dollars for both city and county, as may be by the city or county deemed necessary for the raising of the grade, building seawalls and breakwaters and doing any and all kinds of protective works in said city and county, and to levy and collect taxes to retire said bonds, principal and interest, providing for a sinking fund and creating an emergency.

Be it resolved by the Legislature of the State of Texas:

Section 1. The City of Galveston and the County of Galveston, and each of them are hereby authorized to issue bonds in such amounts not to exceed in the aggregate five million dollars, for both City and County, as may be by the city or county deemed necessary for the raising of the grade, building seawalls and breakwaters, and doing any and all kinds of protective works in said city and county, without regard to and irrespective of any provisions of the Constitution of the State of Texas limiting tax levies and governing bond issues, and for that purpose to levy and collect taxes to retire and pay same, principal and interest, but no debt shall ever be incurred for such purpose, unless provision is made at the time of creating same, for levying and collecting a sufficient tax to pay the interest thereon and to provide at least two per cent, as a sinking fund, this provision being cumulative, and authorizing the issuance of such bonds in addition to those heretofore issued for such purposes and still outstanding, the amount of such additional bonds to be issued by the county hereunder, not to exceed one million dollars, and the amount of such additional bonds to be issued by the city hereunder not to exceed four million dollars, but nothing herein shall apply to bonds heretofore or hereafter issued for purposes other than those herein defined, provided however, that that portion of Galveston County not lying within the corporate limits of the City of Galveston shall not be taxed for the purpose of issuing bonds for any of the purposes herein provided within the corporate limits of the City of Galveston, unless such bond issue and tax levy be authorized by a majority of all the tax paying voters residing in Galveston County outside of the corporate limits of the City of Galveston; provided that no such bonds issued by the City of Galveston shall be valid unless such bond issue and tax levy be authorized by a majority of all qualified tax paying voters of the City of Galveston, voting at an election to be called for that purpose by the Mayor and Board of Commissioners, of said City of Galveston.

Sec. 2. The Governor is hereby directed to issue necessary proclamation for submitting an amendment to the Constitution to the qualified electors of the State of Texas on the first Tuesday in Nov., 1919, being the fourth day of November, 1919. Those favoring the amendment shall have written or printed on their ballots the words "For the amendment to Article sixteen of the Constitution of the State of Texas, authorizing the issuance of bonds by the City and County of Galveston." And those opposed to the said amendment shall have written or printed on their ballots the words, "Against the amendment to Article sixteen of the Constitution of the State of Texas, authorizing the issuance of bonds by the City and County of Galveston."

Sec. 3. The sum of five thousand (\$5,000.00) dollars, or so much thereof as is necessary, out of the funds of the State Treasury not otherwise appropriated, is hereby appropriated to pay expenses for the carrying out the provisions of this Resolution.

GEORGE F. HOWARD,

Secretary of State.

(Attest—A True Copy.)

**PERMITTING PRISONERS TO SHARE IN THE NET PROCEEDS FROM THE STATE PENITENTIARY SYSTEM**  
House Joint Resolution No. 38

Proposing an amendment to Article 16 of the Constitution of the State of Texas, by adding a new Section thereto to be known as Section 60; providing that the Legislature shall have power to enact laws authorizing a division of the net proceeds arising from the operation of the prison system of this State between the State and prisoners confined in the Penitentiary or their dependents; providing for the submission of a proposed amendment to a vote of the people, and making an appropriation to defray the expenses of such election.

Be it resolved by the Legislature of the State of Texas:

Section 1. That Article 16 of the Constitution of the State of Texas be amended by adding thereto a new Section to be numbered Section 60, as follows:

Section 60. The Legislature shall have power to authorize a division of the net profits arising from the operation of the prison system during any one fiscal year between the State of Texas and the prisoners confined in the Penitentiary during said fiscal year or any part thereof, or their dependents in such proportion as the Legislature may determine, not to exceed fifty (50) per cent to such prisoners or their dependents.

Section 2. The foregoing amendment to Article 16 of the Constitution of Texas shall be submitted to the qualified electors of this State for its adoption or rejection at a special election hereby ordered for the fourth day of November, 1919. All voters on this proposed amendment at said election who favor its adoption shall have printed or written on their ballots the following: "For amendment to Article 16 of the Constitution, authorizing a division of the net proceeds of prison system of this State between the State and prisoners confined in the penitentiary or their dependents." Those voting against its adoption shall have printed or written on their ballots the following: "Against the amendment to Article 16 of the Constitution authorizing a division of the net proceeds of the prison system of this State between the State and prisoners confined in the Penitentiary or their dependents." Previous to the election the Secretary of State shall cause to be printed and forwarded to the County Judge of each County, for use in said election, a sufficient number of ballots for use of the voters in each County, on which he shall have printed the form of ballots herein prescribed, for the convenient use of voters.

Section 3. The Governor of this State is hereby directed to issue his necessary proclamation ordering this election, and have the same published as required by the Constitution and laws of this State. The sum of five thousand (\$5,000) or so much thereof as may be necessary, is hereby appropriated out of any funds of the State Treasury not otherwise appropriated to defray the expenses of publishing said proclamation, and printing and distributing the necessary tickets and blanks for use in said election.
