BECKMAN FORTUNE OF POST CITY, TEXAS, CURED OF SLEEPING SICKNESS BY CHIROPRACTIC

"Beckham Fortune, our son, had Sleeping Sickness for nineteen days, when our family physician at Post City advised us to bring him to Lubbock Statistium for treatment, but the doctors there were honest enough to tell us that they could do nothing for him and that the end was very near. So we took him to Dr. Council, the Chiropractor at Lubbock, and he awoke Beckham, for the first time, the second day that he adjusted him, and he is now able to go home and return daily for his adjustments after having been treated two weeks. Which you will gladly hand to your afflicted neighbor as a token of friendship and help from one to another, for by so doing you will lend a greater opportunity to suffering humanity than any other reformer since the days of Christ.

Chiropractic is recognized, as legal in twenty three states, and twelve supreme courts have held that Drugless Healing is not the practice of medicine; it is recognized by two foreign nations, and by seventy seven insurance companies in the United States.

APPENDICITIS

This is to thank Dr. Council for his great work in my case, and to say to any one that this may concern, that I was on my way to to the sanitarium to be operated on for appendicitis, and not being able to make the full trip on account of my suffering and great swelling, I was persuaded by my cousin, (Miss Rilla Hull,) to try Dr. Council for relief before I tried to travel any more. I hereby take pleasure in recommending Dr. Council in any preumonia case, as I was suffering from a severe attack of pneumonia and was getting worse from day to day under the treatment of two medical foctors.
