## THE AMERICAN WAY

ONCE AGAIN,  
A SHOT IS FIRED

Union County Leader  
Clayton, N.M.

In 1775 a few colonial farmers decided that they had enough, and, regardless of the consequences, they fired the shots to start a battle which resulted in men having the opportunity to manage and operate their individual business affairs without fear of coercion or interference from "people planners."

These farmers demonstrated that they were willing to face whatever was necessary to accomplish the objective of having the opportunity to be free as individuals and to express themselves without fear. They were not concerned about false security; they felt that every man should have only one guarantee—the right to make of himself whatever he chose, to accumulate worldly goods or live a beggar's life, dependent only upon his own individual ability.

This courageous experiment proved to be the most successful nation in world history. Men walked with dignity and developed character. Pride and self reliance of individuals developed a nation that took no "sass" from anyone—a nation so rich in ability to produce that her citizens enjoyed the highest standard of living of any in the world.

Approximately 160 years later, Fabian socialism infiltrated this system. Politicians of the day began to tamper and experiment with the possibility of prolonging their tenure of office by buying votes with money earned by their own constituents and transferred to the public treasury via the tax route. American citizens yielded to these seductions and started exchanging the solid substance of individual freedom for the elusive promise of security. The structure of the free society began to crumble and its very foundations eroded to the point where there was grave danger of collapse.

Then, on May 21, 1963, the farmers of that nation gathered together and fired a resounding "NO" at the people planners. Again, American farmers have fired the shots to open the battle against the enemies of individual freedom. Thus, the biggest industry in America said, "We have had enough. We intend to fight." It is not an easy road back to where America again will be able to walk with dignity among the nations of the world. The enemies of individual freedom are firmly entrenched in the structure of this nation. They control the munitions of economic reprisal and will not hesitate to use them because they intend to win. The enemy is not defeated, they are only now engaged, but we feel sure that every freedom-loving individual in the world on Wednesday morning, May 22, 1963, gave thanks to Almighty God for American farmers.

## 14-Year-Old Latin Youth Takes Money

A 14-year-old Latin-American youth admitted taking \$44.50 from the home of Mr. and Mrs. T. L. Murray on Monday of last week. He will have a hearing before county authorities within the next few days.

Apparently the youth entered the Murray home while Mr. and Mrs. Murray were out in back of the house. The money was taken from a billfold that was kept in a chest of drawers, and was discovered missing about 2:00 p.m.

M. R. Simmons, investigating officer, said the youth had worked for the Murrays on occasions. After considerable questioning, the youth admitted taking the money and took Simmons to where he had buried it. They recovered \$41.85.

## Misuse Starts Many Electrical Fires

Every fifth fire in the United States is caused by misuse of electrical equipment, according to the National Board of Fire Underwriters.

Cut down our tragic fire toll by checking your appliances and lighting. Worn or frayed cords should be replaced immediately.

## Glenn Gilbreath, Cullen Perry Attend Nuclear Science Symposium

Twenty-four students and teachers from the area served by West Texas Utilities Company attended the Third Annual Nuclear Science Symposium at the University of Texas. The Conference began Sunday, June 9th and ended Wednesday, June 12th.

Pictured above are Glenn W. Gilbreath, left, son of Mr. and Mrs. H. W. Gilbreath and Cullen N. Perry, Superintendent of the Santa Anna High School.

The Symposium was jointly sponsored by the Texas Atomic Energy Research Foundation and the University of Texas. West Texas Utilities Company is one of these companies.

Some 500 selected high school science students and teachers who attended the sessions in Austin enjoyed the rare opportunity of hearing lectures by some of the nation's outstanding nuclear scientists.

The Foundation is formed for the primary purpose of conducting the world's first and largest privately financed research effort in the field of nuclear energy. Currently, the Foundation and General Dynamics Corporation are jointly sponsoring a program in nuclear fusion research aimed at controlling thermonuclear reactions for the production of electric power. Fusion is the energy process of the sun and the stars.

The foundation was formed for more than just the research program alone. The Foundation and West Texas Utilities Company aim to assist in the advancing of the knowledge of nuclear science in the Texas schools. Also they want to bring students and teachers a realization of the privileges, responsibilities and opportunities which scientific discoveries in the field of nuclear energy present.

West Texas Utilities Company has paid all expenses for the twenty-four students and teachers attending from schools in the area served by the company.

## Program at New Hope Baptist Church Sunday

A program at the New Hope Baptist Church Sunday afternoon will install their new pastor, the Rev. C. J. Rigmalden. The program will be held at 3:00 p.m.

Presiding will be the Rev. S. T. Thomas, pastor of the New Hope Baptist Church in San Angelo. The sermon will be delivered by the Rev. W. D. David, Moderator of the West Texas Progressive District Association and pastor of the Mt. Zion Baptist Church in San Angelo. Five churches will participate in the installation.

Jim Byrd, Mrs. Marie Wheeler and Mrs. Pearl Wilson are serving on a committee to take care of local arrangements.

The church recently held a cake sale with Kim Blanch Payne of Coleman getting the cake. The fund collected \$36.45 and was used for Sunday School and Training Union courses. The church is now in the process of putting a new roof on the building.

chairs attending from schools in the area served by the company. Lecturers at the Symposium were chosen from among top men in their field. They are from various universities and colleges throughout the country and General Dynamic's John Jay Hopkins Laboratory of Pure and Applied Science in San Diego, Calif.

The Nuclear Science Symposium at the University of Texas was designed to broaden the mind, encourage the study of nuclear science for peaceful purposes, and give qualified students their first taste of university life.

There are 1078 accredited senior high schools in the State of Texas. Santa Anna can be justly proud of its high school for having been selected by the University of Texas as one of the 150 high schools in the state invited to send a student and teacher to the Symposium.

## Firemen Presented Service Awards

Several members of the Santa Anna Volunteer Fire Department were presented service pins by the City of Santa Anna at the annual Firemen's Barbecue Monday evening. The barbecue was held at the Armory building.

Mayor W. Ford Barnes presented service pins to the following:

A. D. Pettit for 25 years service; W. B. (Bill) Griffin and C. W. Stephenson for 20 years service; Milton House, Leland Thompson and Cliff Herndon for 15 years service; Kenneth Bowker, L. M. Guthrie, Edd Hartman, C. R. Owen and Lee Ray Huggins for 10 years service; L. J. Clark, Freddie Dodson, James Dockery and M. R. Simmons Sr. for 5 years service; and Buddy Bengel, Nick Buse, Jerry Clark, Raymond Gary, W. B. (Lefty) Gilbreath and John Naron for one year service.

Members of the department not receiving pins were: D. H. Moore, who has 19 years service and M. L. Guthrie Jr., who has 14 years service. Other members are Fred Hicks and Richard Horner who have not been in the department a full year.

The program was held at 6:00 p.m.

## Mrs. Beth Manning Resigns From School System

Mrs. Beth Manning, a member of the Santa Anna School system for the past two years, resigned Friday of last week. She will accept a position in the Odessa school system.

Mrs. Manning has been teaching English and Commercial subjects and was sponsor of the Beta Club, which prepared the school newspaper each week. She was also elected secretary of District XI, Texas State Teachers Association in the Spring. Cullen N. Perry, president of the association, said the District Executive Committee would appoint a new secretary in the near future.

## Local Youth Injured in Train Accident

Robert Lynn Puckett, 2½-year-old son of Mrs. Beverly Puckett, suffered a skull fracture when struck by the engine of a freight train at 9:47 a.m. Monday. The accident occurred 190 feet west of Fifth Street, about 100 yards east of the Rockwood Highway crossing.

Apparently the youth was playing on the tracks and did not realize the train was approaching. The engineer, Francis Kyle of Brownwood, said when he saw the baby he apparently stood up and appeared to start across the tracks, but turned back away from the tracks. As he turned back the right front grill of the lead engine struck him in the head, but did not knock him but a very short distance.

The 75-car train was being pulled by five units and was traveling east toward Brownwood at 35 miles per hour when the accident happened. B. A. McSwain, formerly of Santa Anna, was the fireman on the train and W. D. Beene was the head brakeman.

A Stevens Funeral Home ambulance was immediately called to the scene. The youth was rushed to the Santa Anna Hospital where examination revealed a fractured skull. He was immediately transferred to the Hendrick Hospital in Abilene. Monday night his condition was reported as fair. The head brakemen carried the boy from the scene of the accident to the ambulance.

The accident as investigated by Al Chambers and Jim Petzold of the Texas Department of Public Safety and M. R. Simmons, local Deputy sheriff. Two Santa Fe investigators were also dispatched to the scene from Coleman.

## Legion to Hold Family Night Program Monday

The regular meeting of the local American Legion Post will be held in their home building Monday evening, June 24 at 8:00 p.m. The meeting will be in the form of a family night program.

All members are urged to attend and bring a covered dish, either a meat and vegetable or a salad and sweet.

## Revival to Begin At Assembly of God Church Sun.

A two-week revival meeting will begin at the Assembly of God Church Sunday evening, June 23, at 7:45 p.m. Services will be held each evening. The public is cordially invited to attend.

Rev. Ervin Asiatico of Plainview, will be the evangelist for the revival. Special music and singing will also be a part of the meetings.

Mr. and Mrs. Leroy Curry and Harvey took their son and brother to San Antonio Saturday, to attend a business college. He will major in electronics.

## Old Timers to Play Baseball Saturday Night

Citizens of this area are in for some good entertainment Saturday night, June 22, at 8:00 p.m. when the Santa Anna Dragons meet the Coleman Old Timers in a baseball game at the Santa Anna Baseball Field. There should be plenty of fun for everyone, young and old.

Admission will be 50 cents for adults and 25 cents for children. The proceeds will be used to help pay expenses of operating the summer baseball program.

Manager of the Santa Anna Dragons will be Cullen N. Perry, assisted by Rev. Raymond Jones. These managers expected to field a team that might compete with the best as they have O. L. Cheaney as the pitching coach, Hilton Wise as the infield coach and Ford Barnes as the outfield coach. Freddie Dodson will have the job as bat boy.

Umpires for this spectacular will be headed by Raymond DeLeon and assisted by C. R. Owen, Bill Mulroy, William Brown and Allyn Gill.

The Coleman Old Timers will be managed by County Judge Frank Lewis and Coe Cross.

Cheaney's pitching staff is coached in the best manner. See these stars in action—Edgar (Slats) Shelton, Alex DeLeon, Lefty Gilbreath, Aubrey McSwain, Reynold Buse, Arlie Harris and Fred Hicks.

Catchers, trained as only "Shot Gun" Wise can train them, will be such stars as Lacy Cuipepper, Jim Rutherford, Charles Wristen and Walter Yancy. His infield will consist of great and speedy stars such as Roy England, Claude Bible, Bill Bryan, Edd Hartman, Nick Buse, Glen Copeland, Cecil Richardson, John Lloyd, Floyd Gilbreath, Lee Ray Huggins, Jessie Williams and Earl Cozart.

Ford Barnes' expects to field one of the greatest outfields of all time. Purporting to be his best production, the players will be Vernon Rowe, Rodney Dean, Lonnie Carter, Charlie Bruce, Roy Mathews, E. W. Bible and Earl Irick.

There is really not any way to describe the potential that will be fielded when the two teams meet Saturday night. The Coleman men will be of about the same potential as the Santa Anna men. It should be a great game and everyone should enjoy the evening very much.

## 2 Youths Join National Guard

Lt. Thomas F. Langseth, commander of the local National Guard unit (Battalion Mortar Platoon, HHC 1bn, 142d Infantry), announced the following recent enlistments: Pvt. Delbert E. McQueen, son of Mrs. Earl McQueen of Santa Anna, and Pvt. Jerry D. Wilks, son of Mr. and Mrs. Thomas Wilks of Brownwood.

Both recruits are due to depart for 6 months active duty, during the near future. Pvt. Wilks is due to depart within the month of June and Pvt. McQueen will depart during the month of September.

Lt. Langseth wishes to announce, to eligible men between the ages of 17 and 35, that the local unit still has several vacancies which qualified men from the local area could fill. Interested young men should contact Lt. Langseth at the Armory, or at his home in Santa Anna at 203 Bowie Ave.

## Miss Mary Leverett To Teach in High School This Fall

Miss Mary Leverett of Coleman was elected by the Santa Anna School Board to teach English and Spanish in the high school during the 1963-64 school year, at their regular board meeting June 4. The board also officially accepted the resignation of Mrs. Gloria Chandler, whom Miss Leverett will replace. Mrs. Chandler is going to teach in the Coleman schools.

Miss Leverett graduated from Coleman High School in 1959 and attended Gainesville Junior College. She attended Texas A & M College during the summer and graduated from North Texas State University. She is attending Howard Payne College this summer and will move to Santa Anna the latter part of August.

## Post Office To Begin New Mail Procedure

Our five-digit ZIP Code is 76878, Postmaster Lee Strother announced today.

"Everyone in Santa Anna, Texas will use this ZIP Code on all their correspondence to speed mail deliveries and reduce the chance of mis-sent mail," Postmaster Strother said.

ZIP Code, the Post Office Department's revolutionary new system of improved mail dispatch and delivery, goes into effect nationally on July 1.

Postmaster Strother stressed the importance of all citizens of Santa Anna learning this city's ZIP Code and using it in their return address on all correspondence. In answering mail, he said, ZIP Codes taken from return addresses on incoming mail should be used.

"The ZIP Code is literally the last word in mail addressing," Mr. Strother said. "It should follow the city and state in addresses."

He cited this example of the proper use of ZIP Code:

John Doe  
Box 000  
Santa Anna, Texas, 76878

The new ZIP Code plan, Mr. Strother said, for the first time will permit the Post Office Department to short-cut repeated address reading.

"The address on mail must often be read as many as eight or ten times by postal employes, to get the proper destination," Mr. Strother said. "Each handling slows the process of mail dispatch and adds to the opportunity for human error."

"With ZIP Code, a clerk needs only to glance at the code to know immediately to what national area, state and post office the letter is destined, and to speed it on its way, cutting up to 24 hours off the time between deposit and delivery."

Mr. Strother said that when ZIP Code is in full swing, the United States will have "the most modern system of mail distribution and delivery in existence."

## Hard Rains Fall Here Sunday and Early Wednesday

Good heavy rains have fallen in this area rather frequently during recent weeks. They were added to, over the weekend and then again early Wednesday morning. The official measurement at the Coleman Gas Company office for the rains Sunday and early Monday was 2.75 inches and a full inch fell early Wednesday.

The rains were hard and caused lots of water to run. Many farmers and ranchers of this area caught water in their stock tanks that they have been hoping for, for many months. The rains were general throughout this area and were very much appreciated.

### Vets Urged To Keep Beneficiary Up To Date

In the event of the death of an older war veteran, will his GI insurance funds be distributed in accordance with his current wishes?

Not in more than 50 per cent of the cases, says Glyndon Hague, Manager of the Veterans Administration Regional Office in Waco, as the result of a recent survey.

The VA had directed a reminder letter to GI policy holders 60 years of age and older to check on the beneficiary choices the veteran had originally made as well as his selection of a lump settlement or payments over a period of time.

Mr. Hague revealed that in 55 per cent of the veterans' replies, changes were requested to bring the insurance settlement in line with the veterans' current wishes.

Most common cases were those in which marriage had

subsequently taken place but the mother of the veteran was still listed as a chief beneficiary. In numerous other cases, Mr. Hague said, the veteran had remarried but his former wife was still listed as the beneficiary.

Under the law, the VA must make payment to the beneficiary of record, as named in writing by the policyholder.

Mr. Hague said the VA will continue to send a reminder to all GI policyholders 60 years or older and will notify other policyholders as they reach their 60th birthday.

Younger veterans whose previous beneficiary selection has been outdated by death, marriage, divorce, etc., may write directly to the office maintaining their insurance records should they wish to initiate a change, Mr. Hague said.

Servicemen may see their Personnel Affairs or Finance Officer for the same purpose.

Cool COMFORT

## TWICE AS MUCH COOLING

With the patented features of Paramount Coolers

Yes! This famous Paramount 5000 c.f.m. evaporative cooler gives you up to twice as much cooling because of these patented features:

- Many coolers lose as much as 70% of cooling efficiency because dust, dirt and salts clog the filters. Patented No-Clog Sta-Fresh Filters are guaranteed clog-proof, assuring 100% cooling efficiency all summer long.
- Filters saturated with water become heavy and often sag and settle from the top, drawing hot, unfiltered, uncooled air into the cooler which may create as much as a 70% cooling loss. Patented Grip-Lock Filter Holders are guaranteed to prevent sagging and settling of filters assuring 100% cool, clean, filtered air.
- Without correct water trough adjustment, sections of the filters remain dry, resulting in substantial cooling loss and costly service expense. Patented Free-Flo Visible Water Troughs with external adjustment assure 100% saturation, and 100% cooling for the entire life of the cooler.
- Added feature — Patented Window Closing Attachment lets you close and lock your window. Eliminates entry of dust, rain and drafts into your home.

Mr. and Mrs. J. H. Martin were in Washington from Monday until Wednesday. Mr. Martin attended the dairymen's association meeting while Mrs. Martin went sightseeing. She reports she saw many beautiful scenes and the trip by jet was a thrill of a lifetime.

Mrs. Mary Boenicke and Mrs. Zona Stacy visited in Bangs rest home with Mrs. Beula Kingston on Thursday afternoon, and also with Mrs. Ellie Sherfield in the Lloyd Williams home.

Mr. and Mrs. Royce Melver

and children of Monahans are visiting here with his parents and brother Mr. and Mrs. Grady Melver and Terry, while Royce is on vacation. They visited over the weekend with Rev. and Mrs. Bruce Hornell in Dublin. Rev. and Mrs. Hornell moved to Dublin several days ago where he will be pastor of Laurel Street Methodist Church. We certainly wish them the best of luck.

Mr. and Mrs. Charles Peacock and sons and Mrs. Gene Watts and son of Everman spent from Friday until Sunday afternoon here with their parents and brother Mr. and Mrs. S. M. Fellers and S. D. On Sunday the group attended the Wells reunion at Coleman where 150 were present for the occasion.

We were sorry to hear of the death of Mr. Bryson Moore of Winchell who passed away Sunday afternoon after suffering a heart attack. Mr. Moore was a son-in-law of Mr. and Mrs. A. J. Martin of Trickham. I understand interment is to be held Tuesday (tomorrow) in the Cox Cemetery at Winchell.

Mr. and Mrs. A. P. Bailey of Santa Anna were dinner guests of Mr. and Mrs. O. R. Boenicke on Sunday.

Mr. and Mrs. Fred Haynes visited in San Saba on Monday with her mother, Mrs. Mae Bowden. Miss Donna Row of Coleman visited in the Haynes home on Friday. Miss Row is the bride-elect of Jerry Haynes, the couple are to be married Saturday night, at the First Baptist Church in Coleman, at 8 p.m. All friends of the couple are invited to attend.

Mrs. Mae Pinson and Helene visited Mrs. Jack Dockery on Wednesday afternoon, Tinker Dockery who is attending school at Garland spent Saturday night at home. Miss Pat Cowan of Brownwood was a Sunday visitor with the Dockerys.

Billy Don Haynes, Virginia and Helen Pinson, Stanley James and Miss Imogene Jones of Brownwood spent the weekend in Fort Worth visiting Miss Sherrill James, while there the group also attended Six Flags Over Texas.

Mr. and Mrs. O. J. Martin attended the McClatchy family reunion held at Kirkland boat docks, Lake Brownwood, on Saturday and Sunday. There were 59 present for the occasion, and all enjoyed fishing, boating, swimming and just visiting.

Rain recorded here around Trickham on Sunday, measured from 2.5 up to 3.5 inches. Everyone was happy to see it fall, as the ground was needing the moisture. Several had hay on the ground, and of course the rain isn't good on that, but we hope it isn't ruined, as farmers feel they need to save all the feed they can, however everyone is thankful for the rain.

### Our Local National Guard

(Editor's note: Following is the first in a series of articles which will feature the Santa Anna National Guard unit, now commanded by Lt. Thomas F. Langseth. The articles will not appear every week, but several times during each month. They are designed to better acquaint you with the activities of the National Guard.)

During the summer months of June and July, it is traditional for members of the National Guard, to be preparing to attend 15 days summer camp (ANACD-UTRA to the BRASS).

This summer is certainly no exception. Members of the local unit, Battalion Mortar Platoon, Headquarters and Headquarters Company, 1st Battalion, 142D Infantry, are spending countless hours of their own free time preparing their clothing and equipment for their jaunt to Ft. Hood, Texas, beginning Sunday, June 30.

Lt. Thomas F. Langseth, commander of the local unit, wishes to extend a cordial invitation to members of the community, who wish to do so, to travel to Ft. Hood, and attend the Annual Governor's Day Review of the 36th Infantry Division, to be held at 8:30 a.m. on July 6, 1963. Continued interest in the Guard, as shown by the community, will insure that the National Guard always has a place in national defense.

This, being first of a series of articles, pertaining to the National Guard, the following "facts and figures" are offered for the reader's enlightenment:

The Army National Guard consists of 4,367 federally recognized company or detachment size units. Commands range from three-man Signal Helicopter Utility detachments to fully organized infantry and armored divisions. In the current program, which is closely tailored to Active Army mobilization requirements, are combat, combat support, and technical service organizations.

There are 81 Army National Guard Special Forces detachments training in the fine art of guerrilla warfare. There are many Army Guardsmen assigned to the Air Defense program and manning NIKE sites. Guard "on-site" batteries are currently in the process of converting from NIKE-AJAX to the more powerful NIKE-HERCULES.

The range of Army Guard equipment goes from quarter-ton jeeps to five-ton trucks; from rifles to 762mm Honest John artillery rockets; from Patton tanks to harbor tugs and a whole family of fixed-wing and rotary aircraft. The Army National Guard has 2,732 Armories, 939 Maintenance Shops, 51 Shop Hangars. The strength of the National Guard, in recent years, has been pegged at 400,000.

#### CLIFF-HANGING MARGIN

By a cliff-hanging margin of five votes the House last week reared up on its hind legs and smacked down a half-billion dollar bill to increase and expand the Area Redevelopment program — the New Frontier's version of the old WPA.

The coalition vote was regarded as a victory for sanity and moderation in spending.

I joined with 12 other Texans in applying the brakes to this free-spending frenzy which has already pumped a billion dollars into so-called "depressed areas."

Nine Texas members, however, voted the other way. Capitol observers trace this spending orgy back to the presidential primary contest in West Virginia in 1960 between Senator John Kennedy and Senator Hubert Humphrey. One of the first of the presidential primary popularity contests that year, both candidates tried to out-promise each other in appeals for the votes of depressed West Virginia, then suffering from inactive coal mines, an overburdened state welfare program, and a business slowdown.

Newsman at the time commented: "If either of them gets elected President the unemployment problem will be solved because it will take all the Nation's facilities running full time to produce enough to make good on what Jack and Hubert have promised to do for West Virginia alone!"

Later it was decided that what was good for West Virginia was good for the entire nation, and New Frontiersmen enacted legislation that enabled them to designate more than 1,000 communities over the country as "depressed," and therefore entitled to receive federal WPA checks in the form of grants and loans.

**IF YOU LISTEN**  
If you listen to the pleas of the partisans you'd think this Nation is today bogged down in the thralldom of a deep depression, something like the 1930s.

Because of the closeness of the vote last week, sponsors are already making plans for another effort. Whether the coalition can maintain this majority on this and other measures now pending — including the President's half billion dollar mass

transportation aid plan — will depend upon the amount of public interest that is brought to bear upon the Congress in the weeks ahead.

**Questions & Answers**

**Q.** WHAT is the proper thickness of Masonite hardboard to use for residing an old garage?

**A.** Minimum is 1/4". Several sidings are excellent for this purpose — Weatherall, available west of the Rockies, Tempered Preswood, Sunline with molded battens, and X-ninety siding in lap, panel or v-grooved forms.

**Q.** I am making some cabinets and would like to know the type of hardboard to use for the sliding doors.

**A.** For doors taller than one foot, use 1/2" Peg-Board, tempered hardboard or one of the beautiful woodgrained hardboards available under the name Royalcote at lumber yards. Hardboards of 1/2" thickness are satisfactory for doors of smaller heights. Doors over 30" high should be framed or made by laminating two 1/4" pieces together.

**Q.** Who discovered how to make hardboard?

**A.** William H. Mason, a former associate of Thomas A. Edison. Masonite Corporation is named for him.

**Q.** Why is hardboard made by the Mason exploded wood fiber process recommended by most lumber dealers, architects and builders?

**A.** Its long fibers, refined under controlled conditions, are formed into wear and moisture-resistant panels under high heat and pressure. Experience has shown these panels are superior.

A weekly public service feature from the Texas State Department of Health

**Accent on Health**

J. E. PEAVY, M.D., Commissioner of Health

It all started with Sir Walter Raleigh and a Y-shaped pipe. The pipe was a gift to Raleigh from Sir Francis Drake—a souvenir from the West Indies, where natives put the pipe prongs in their nostrils and inhaled the smoke of a smouldering substance they called "tobacco."

Raleigh apparently set the style of his day, for when he took up smoking the practice soon became fashionable.

All this happened nearly 400 years ago—in 1586. Since then smoking has become perhaps the most deeply ingrained habit of humanity.

Today in the United States alone, more than half the men and a fourth of the women smoke cigarettes daily, and additional millions smoke pipes and cigars. And the habit is winning more and more young recruits each day.

Teen-aged youngsters in increasing numbers are succumbing to the blandishments of national advertisers who depict smokers as virile men or beautiful girls, or to the pull of "belonging" to a sophisticated group whose smoking members

are drawn on non-smokers. Studies by the U.S. National Institutes of Health, the British Ministry of Health, and other scientific organizations of equal prominence, purport to show a strong statistical relationship between smoking and higher death rates from heart diseases, lung cancer and other pulmonary diseases.

The position is attracting support from many organizations — among them the Texas Medical Association, the American Cancer and Heart Association, the American Public Health Association, the U. S. Public Health Service and departments of health in most states.

Some researchers are so firmly convinced of the connection between cigarette smoking and higher death rates that they say they would support a ban on cigarettes for public sale if introduced as a new product on today's market.

A fewer number of capable researchers are unimpressed by the statistical studies, claim they are inconclusive and actually contradictory. But they are finding it increasingly difficult to defend their stand in the face of ominous facts and evidence which continues to build up.

The late Dr. William Mayo used to say cigarettes, cigars and pipes were mere "adult pacifiers," something for idle hands to play with. If true, breaking the smoking habit probably isn't as hard as it has been represented.

Should you, personally, make the effort? That's your decision, just as the decision for or against beginning to smoke must be made by teenagers themselves.

**Official Opinion Clarifies Law on Deer Hunt Rights**

Austin — Of special interest to hunters and landowners who charge for hunting rights is a recent opinion by Atty. General Waggoner Carr. The opinion was given in response to an inquiry by Howard Dodgen, Executive Secretary of the Game & Fish Commission.

Briefly, the opinion confirms the Commission's long held view that "A landowner may allow the use of his land for hunting purposes contingent upon a successful hunt, such success being measured at a specified price for each deer, the price being paid in advance and refunded if the hunter does not kill a deer."

Further, the opinion confirms the authority of the Commission to prohibit sale of antlerless and/or doe deer permits. The sale of deer has been prohibited by law for many years.

Also, under the law the hunter must obtain the special permit from the landowner before hunting or killing an antlerless deer. The permits may not be sold under any circumstances, nor may they be used on any other land than that for which they were issued.

**Cattle Feeding Conference Date Is Set**

The Third Annual Southwestern Cattle Feeding Conference has been scheduled Dec. 4, in Ft. Worth, Tex.

The Feeding Conference, sponsored by the Cattle Feeders Division of the Texas and Southwestern Cattle Raisers Association, will feature marketing, according to Lloyd Bergsma, director of the Cattle Feeders Division.

## Joyce Mobley, H. W. Gray Installed to Highest Posts in Local Eastern Star

Mrs. Joyce Mobley and H. W. Gray were installed as Worthy Matron and Worthy Patron of the Santa Anna Eastern Star Chapter at an open installation ceremony Saturday night. These are the highest positions in a subordinate chapter of the Order of Eastern Star. The service was held in the Masonic Hall at 7:30 p.m.

The hall had been decorated for the occasion by Mrs. Rosa Bass, Deputy Grand Matron of District 3, Section 5, Mrs. Billie Guthrie and Mrs. Jane Smith. The setting and decorations were in keeping with the Worthy Matron's theme, "Faith and Prayer."

Upon entering the hall, attention was immediately focused on the background in the east, where a large white open Bible was centered with her flower, the red rose, and a pair of gold praying hands.

Gold praying hands, entwined with greenery, and a red rose were placed in the windows. White candles were at all vantage points.

The secretary's desk was covered with a blue cloth and decorated with an arrangement of white hibiscus, flanked with white tapers in white milk glass containers. Each pedestal held white vases of Star Point Color flowers and white ceramic hands holding pink roses, gift from Mrs. Billie Guthrie, retiring Worthy Matron, to her retiring officers.

A large pair of praying hands, with blue shadows cast upon them, were in the east in front of the Worthy Matron. The altar was covered with a gold glittered cloth. Five tall tapers, red, blue, yellow, white and green, entwined with greenery and red roses, were burning in front of the large white Bible.

The music prelude was presented by Miss Margaret Ann Mobley, sister-in-law of the Worthy Matron. Candles were lighted by Lucinda and Suvanee Smith, her nieces. The flower, the red roses, were presented by Lorna Clevenger, Sonja, Ginger and Robin Smith, also nieces. The Bible, Square and Compasses were presented by Cline Smith and Gary Clevenger.

The officers entered attired in white floor-length formal, after which the Lord's Prayer was given in unison. The Pledge

of Allegiance was repeated and the National Anthem was sung. The welcome address was given by the out-going Worthy Matron and Worthy Patron, Mr. and Mrs. Montie Guthrie. Mrs. Rosa Bass, Deputy Grand Matron of District 3, Section 5, and Mrs. Exa Lane, representative of Iowa in Texas, were presented and escorted to the east.

Mrs. Wynne Jameson of Colorado City, Chapter No. 58, Installing Officer, was presented and escorted to the east. She introduced the assisting installing officers, Mrs. Rosa Bass, Installing Marshall; Mrs. Exa Lane, Installing Organist; Mr. Cleburne Riley, Installing Chaplain; and Mrs. Myrtle Taylor, Installing Secretary.

The installation ceremony began with the march of incoming officers, led by Mrs. Bass. Officers installed were:

Mrs. Joyce Mobley, Worthy Matron; H. W. Gray, Worthy Patron; Mrs. Carmen Donham, Associate Matron; Daniel Tindol Jr., Associate Patron; Mrs. Lillian Herndon, Secretary; Mrs. Blanche Grantham, Treasurer; Mrs. Faye Mobley, Conductress; Mrs. Lois Avants, Associate Conductress; Montie Guthrie, Marshall; Mrs. Rosa Bass, D.G.M., Chaplain; Mrs. Zuda Henderson, Organist; Mrs. Billie Guthrie, Adah; Mrs. Jane Smith, Ruth; Mrs. Myrtle Taylor, Esther; Mrs. Edna Ertle Tindol, Martha; Mrs. Lora Rollins, Electa; Jack Mobley, Warder; and Mrs. Viona West, Sentinel.

Each was instructed in their duties, properly installed and escorted to their station.

Miss Patricia Davis sang, "How Great Thou Art," accompanied by Miss Margaret Mobley. The new Worthy Matron delivered her address, based on her theme, "Faith and Prayer." The new Worthy Patron also extended his greetings.

Mrs. Mobley's scripture was Matthew 9:29, "According to your faith, so be it unto you." Her emblem is the Holy Bible and Praying Hands; her colors are white, blue and gold and her flower, the red rose.

The Chapter Jewels were presented the out-going Worthy Matron and Worthy Patron by Mrs. Carmen Donham, Associate Matron. The officers retired with March for 1963-64.

An informal reception, given by Mrs. Grantham, Mrs. Herndon and Mrs. Faye Mobley, followed in the Fellowship Hall. Refreshments were served from a table laid with blue nylon net, draped over blue satin. Tiny nose gays of assorted flowers tied with tiny ribbons were placed at corners and at the drapes. A Bible Cake decorated with stars of star point colors and a red rose, gold praying hands at the back, surrounded by white daisies, made the center piece. Tall yellow tapers flanked the arrangement. Streamers of white satin ribbons with "Joyce W.M. and H. W.P." completed the arrangement.

Flower arrangements of pink corn flowers, dahlia, gladiolus, zinnias, red roses, magnolia and hibiscus were placed throughout the hall. About 80 members from Cole-

man, Brownwood, Santa Anna, Indian Creek, Colorado City, Rockwood, Bangs and Gouldsburg registered in the white guest book.

## Shower Honors Bride-Elect

Miss Chrystene Carpenter, bride-elect of John Downs, was honored with a gift tea in the Educational Building of the First Methodist Church from 3 to 6 p.m. Saturday, June 15.

In the receiving line were Miss Carpenter, her mother, Mrs. Noble Carpenter, the groom-elect's mother, Mrs. John Downs Sr. of Abilene, and the bride-elect's grandmother, Mrs. Adra McClure.

The tea table was covered with a blue cloth with an overlay of blue net, centered with an arrangement of white and blue flowers. White satin hearts and tiny wedding bells, flanked on each side with lighted blue candles bedded in mother of pearl holders.

The register table was in the same covering with a white satin heart centered with a white flower and blue ribbon streamers, and the white bride's book, all carrying out the bride's chosen colors of blue and white.

Guests were greeted by Mrs. Sally Snook, Miss Elsie Lee Harper and Mrs. Joe Baker. Mrs. Martha Belle Thompson presided at the register.

White cake squares topped with tiny blue flowers, was served by Mrs. Basil Gilmore, Mrs. Wilma Welch and Mrs. Hardy Blue. Punch was ladled by Mrs. Ken Bowker, Mrs. Oscar Cheaney and Mrs. Henry Newman. All appointments were in crystal.

Goodbys were said by Mrs. Dale Smith and Mrs. Jesse Upchurch. Others assisting in the house party were: Mrs. Roy Horne, Misses Ruby Harper, Kuma Meyers, Arlene Welch, Carolyn Carpenter, Sherry Thompson and Barrett Markland.

The gifts were viewed by the large number who registered.

## TWO NEW MEMBERS IN ROCKWOOD W.S.C.S.

Mrs. Ed Colver and Mrs. Sam Estes were welcomed as new members when the Woman's Society of Christian Service met at the Rockwood Methodist Church Monday. Mrs. A. L. Crutcher brought the devotional. Each member assisted with the program by presenting Bible Quizzes.

A social meeting will be held at the Community Center, Monday, June 24, at 3 p.m., with Mrs. Aubrey McSwain, Mrs. Sam Estes and Mrs. Jake McCreary hostesses. A "pounding" will be presented to the new pastor and wife.

Members present were Mrs. Crutcher, Miss Bernice Johnson, Mrs. Marcus Johnson, Mrs. Ed Colver, Mrs. Sam Estes, Mrs. Fox Johnson and Mrs. John Hunter.

## REGULAR MEETING OF ROCKWOOD W.M.S.

The Royal Service program, Co-laborers for the Truth, was presented by Mrs. Ray Caldwell, program chairman, when the Woman's Missionary Society met at the Rockwood Baptist Church Monday. Mrs. Lon Gray gave the closing prayer.

Assisting with the program were Mrs. R. J. Deal, Mrs. Gray, Mrs. Bill Bryan and Mrs. Matt Estes.

## ASHMORE REUNION TO BE SATURDAY AND SUNDAY

## The Business of Dairy Farming Is Changing

Dairy farming, which is receiving the nation's salutes during June Dairy Month, is not the same business it was when father was a boy.

One primary change is the growing popularity of fluid skim milk and low fat milk. In 1951 low fat milk was introduced to the consumers, first in some Mid-Western markets. Now it is a popular food item in nearly every grocery store in the country. Low fat milk ordinarily contains about 2% butterfat. Skim milk, of course, is still lower in butterfat content. Minimum butterfat for whole milk runs from 3% to 3.8% by state regulations.

Another change in dairying is the feeding of less milk to farm animals. Back in 1940, almost 1.9 million tons of milk and milk products were fed to animals on the farm where the milk was produced. This quantity had dropped to 7 million tons in 1961. Commercial calf feeds and milk replacers have become more and more popular for animal feeding.

A nostalgic change is the gradual disappearance of the milk separator on the farm. Back in the 1930's, about 35 billion pounds of milk were separated each year on the farm. The cream was sold and most of the skim milk was fed to livestock. In 1961 only about 7 billion pounds of milk was used in this way.

Farm churning is also disappearing. About 10 billion pounds

### Whon News

By MRS. TOM RUTHERFORD

Congratulations to Miss Deanne Hext of Eldorado, who has been chosen Area II Sweetheart of Future Farmers of America in a 2-day Area Convention at Snyder. Miss Hext is the daughter of Mr. and Mrs. Granvil Hext, formerly of our community, who are now in the grocery store business in Eldorado.

Mr. and Mrs. Earl Cozart visited with Mr. and Mrs. H. B. James and children in Santa Anna last Wednesday. We are sorry to report Mr. James not able to work, and confined to bed a lot of the time. We all wish for him complete health restored.

Mrs. Ester Burkett and three grandchildren, Mary, Rickey and Johnny Burkett of Grand Prairie spent from Saturday to Monday afternoon with her sister Mr. and Mrs. Floyd Morris and family.

Mr. and Mrs. James Avants and family spent Sunday with his parents Mr. and Mrs. Aaron Avants. Their daughter Pat returned home with them Sunday afternoon following spending the night in the Avant home.

Lynda Rutherford spent Saturday night with Mr. and Mrs. Loyd Rutherford and also visited Mr. and Mrs. Hilary Rutherford and children in Coleman. We are very happy to report we had a little rain Sunday af-

ternoon but nothing compared to our neighboring communities. We had 2 to 4 inch rain to fall Sunday.

Mr. and Mrs. Thurman Stanley and family of Fort Worth; Mr. and Mrs. L. F. Stanley of Justin, Texas visited Mr. and Mrs. Cleburn Stanley and daughter Linda last Wednesday.

Mr. and Mrs. Hilary Rutherford and children, Mr. and Mrs. Loyd Rutherford of Coleman and Sammie Shields were Sunday dinner guests with Mr. and Mrs. Tom Rutherford and Lynda.

Mr. and Mrs. Joe Floyd Morris of Brady and Mr. and Mrs. John David Morris of Coleman were weekend visitors with their parents, Mr. and Mrs. Floyd Morris and brother Jamie Lee.

Mrs. Maye Gill who teaches school in Houston, is in her home here for the summer months. We welcome Maye as a member of our community.

Mr. and Mrs. Mickey Chilton of Arlington were week end guests of her parents Mr. and Mrs. Bert Turney. Two of their children returned home with them following a 2-weeks visit here.

Mr. and Mrs. Floyd Morris visited in the Darwin Lovelady home Thursday night.

Mr. and Mrs. Cleburn Stanley and daughter Linda and Randy Brown of Santa Anna were at Justin Sunday attending a family reunion of Mr. Stanley's relatives.

On June 5th, Jerry Haynes spent the day visiting with Joe Floyd Morris. The boys are employed in Brady.

I visited with Mrs. Beula Kingstone in the Bangs rest home Friday and found her feeling very well.

Rev. Perkins and son of Brownwood visited with Sammie Shields Thursday morning.

Lynda Rutherford will leave Santa Anna at 7 a.m. Tuesday morning for a 2-day FHA Work Shop attendance at Stephenville. She will go with Mrs. McQueen, teacher in Santa Anna High School.

Charley Shields of Coleman, Fred Shields of Santa Anna and Billy Holder of McCamey visited with Sammie Shields Saturday afternoon.

Mr. and Mrs. Darwin Lovelady and Randel were in Coleman Park Sunday attending the Baker reunion. They reported around 100 relatives present and several who usually attend were unable to attend the annual Baker reunion. R. A. Baker returned to Midland following a few weeks with his daughter, the Loveladys, here.

Mr. and Mrs. Roy Smith of Austin visited in the Darwin Lovelady home Saturday afternoon. Mr. and Mrs. Elec Cooper of Rockwood were Sunday afternoon callers.

Mrs. Darwin Lovelady and her father, R. A. Baker, visited his daughter, her sister, Mrs. Audrey Polvardo in Brownwood Thursday afternoon.

Mr. and Mrs. D. C. Cave and family and his mother, Mrs. T. L. Cave, all of Amarillo, visited Mr. and Mrs. W. L. Campbell Saturday night. The Caves formerly lived here, leaving in 1943.

### Looking Ahead

By Dr. George S. Benson  
PRESIDENT-NATIONAL  
EDUCATION PROGRAM  
Searcy, Arkansas

#### ELECTION POST-MORTEM

We hope that the result of the recent wheat referendum will serve as a notice to the U.S. Department of Agriculture and to the Congress that this particular segment of America's farmers wants less, not more, federal intervention and control. If the vote for stringent wheat controls had been yes, this might have meant closing the door to a free agriculture. Already having a foot-in-the-door toward full management of the nation's farmers, the USDA wanted to take a full step that could have led quickly to controls across the board.

"Satisfactory farm programs are difficult to formulate." Thus began a pre-election folder distributed by the Extension Service to Arkansas wheat growers. You can certainly say that again and again. You don't need to tell the farmer, however, for he knows it well enough. Congress, after many perennial failures of its efforts to "do something," should be getting the message that the farmer does not want to be regimented. This idea apparently has not yet occurred to Secretary Freeman, who undoubtedly will try again to obtain the power to say who, what and when to farmers.

#### PREPARING THE VOTE

Regardless of the outcome of the recent election, the power-seekers will not give up. Since other "elections" may be attempted in the future, certain conclusions might be drawn from the conduct of this one. First of all, one might wonder whether it is advisable to have an election conducted by an agency that is far from impartial. The Secretary was insisting to the last that he could tell no farmer how to vote, yet his propaganda was flowing out from Washington in a tidal wave. He himself was declaring on the eve of the election that a favorable vote meant \$2 wheat, an oversimplification that could easily deceive.

Apparently the USDA was hoping the small farmer would not influence the results, for voting was made difficult for the farmer. He alone was required to register in advance, and to declare himself ready to participate in the program if it was accepted. Doesn't it seem obvious that such tactics could have kept some from voting?

#### WHO SHOULD VOTE?

The Secretary also called May 21 "an important day" for the wheat farmer. What he did not say was that it also was an important day for other kinds of farmers, especially feeders of cattle. Considerations of freedom aside, how would a wheat farmer who also grows livestock and buys feed make a decision about his vote? And what of every consumer and every taxpayer, for all have an economic stake in this complicated problem. This was more than an election in which, as the Secretary announced, the farmer would set the price for his 1964 wheat.

As to election procedures, the USDA, while making small growers "elect" to participate in order to vote, allowed the vote to both tenants and landlords, husbands and wives, and even children of wheat farmers who share in the crop. The government appears to have been trying to do everything possible to get itself a favorable vote. Various farm groups and associations were fighting out the issues and calling for yes or no votes, but this is an entirely different thing from government attempts at influencing the referendum.

#### THE IMPORTANT ISSUE

But freedom was apparently the big issue. It is significant that all Americans are freeholders of important rights and privileges from which they ought not be dispossessed. Farmers are perhaps the freest of all, and it is no secret that they will suffer economic disadvantage in order to keep as much freedom of action as possible. But when the market is less free as a result of government intervention, so

that the individual has to be coerced by bureaucratic decrees, we all suffer. Any man's loss of freedom hurts me.

Despite attempts to influence the vote, wheat growers have turned down the certificate plan. The power hungry may try again. Let us remain forewarned that proposals for government management, if accepted, can one by one take away freedom. Whether these are "programs" established by Congress or beguilements of power-seeking politicians, we shall have to keep saying NO if we are to keep America from being engulfed in the socialist wave of the future.

from The World's Most Widely Used Devotional Guide

### The Upper Room

© THE UPPER ROOM, NASHVILLE, TENNESSEE

Read Matthew 7:24-29

I say unto you, Love your enemies, bless them that curse you, do good to them that hate you, and pray for them which despitefully use you, and persecute you. (Matthew 5:44.)

Our religion can be true and meaningful only when it is applied in all our living, everywhere, and at all times. If it exists only as a theoretical doctrine, it is like leaven without meal. By its very nature, religion is something that moves and works through the heart and the whole being of a person.

The religious man is not one who belongs to a church and goes to it every Sunday morning, that being all. In addition to those things, the religious man uses his religion and lives it all the days of the week.

To follow Christ, we must do so not in thoughts only, neither in words only, nor in deeds only, but in all three together. That way we live our religion, and Jesus Christ will live in us.

#### PRAYER

Heavenly Father, we give Thee thanks this day for Thy Holy Word which enlightens our lives. Bless us with a keen desire to follow always Thy Word and use our religion in all our doings. We pray this in the name of our Lord and Savior, Jesus Christ, who teaches us to pray, saying "Our Father who art in heaven... Amen."

#### THOUGHT FOR THE DAY

Our task is not only to hear and learn the doctrine of our religion, but also to live it. Sven Oppegard, Student (Norway)

### McMurry Band School Set For July 14-27

A 16-member staff for the annual McMurry College Summer Band and twirling school has been completed, with plans being geared for the opening of the two-week school July 14.

Dr. Raymond T. Bynum, director of the famed school and head of the McMurry Band, said the two-week school will be held from July 14 to July 27.

Described as "one of the biggest, most colorful and most faithfully-attended events of the college year," the Band and twirling school attracts teachers and students from throughout Texas.

"Begging the question" means to take for granted the point being proved.

Development of atomic energy in form of the atomic bomb costs approximately \$2,000,000,000.

Austin — On July 1 every article of outer clothing that costs less than \$10 will go up two per cent.

That is the date the extended state sales tax law goes into effect. All outer clothing now exempt will become taxable.

Smart shoppers will take advantage of the last days of June to stock up on clothing for the family. Buying of school togs may take place earlier than ever before.

Legislature made many changes in the sales tax law. Most changes effect reporting procedures of merchants. An important one, however, raises the state sales tax on automobiles from 1½ to 2 per cent.

As of July 1, if you buy a new

car costing 3,000, for example, you will pay a state tax of \$60.

If you trade in an old car the salesman will deduct the trade-in amount from the total, then figure your tax on the difference. In other words, if your trade-in came to \$1,000 toward a \$3,000 car, you would pay two per cent — or \$40 — on the difference.

**"LAYAWAY PLAN"**  
At the last minute Gov. John Connally signed the \$3,000,000,000 state budget bill. He criticized the bill for emphasizing "bricks rather than brains." But he knocked out \$12,400,000 worth of "bricks" — i.e. construction items — before he affixed his signature.

Connally said he would guard the \$12,400,000 as a "layaway plan" for higher education.

Hopes that his decision on the 1964-65 appropriations bill would decide the special session question fell through. He said he does not want to call a special session, but will not hesitate to do so if he becomes convinced that excellence in higher education is threatened by a shortage of funds for teaching salaries, research and libraries.

**VELOS**  
When the governor's deadline for signing bills arrived, he inked into law most of the 554

measures passed by the Legislature.

But he vetoed a few, including:

**Senate Bill 270**, revising the antiquated 1856 Code of Criminal Procedure. Connally nixed the controversial code revision, after learning that the copy sent him for signature was not the one passed by the Legislature.

**House Bill 769**, exempting from jury service "all owners or operators of milk-producing farms where this operation is the exclusive means of earning a living." Connally said, "I believe that dairy farmers occupy an important role in our society and can serve a valuable function as jurors."

**House Bill 1653**, providing for election of directors of the Upper Guadalupe River Authority, rather than appointment by the governor. Connally said he vetoed this since there was a technical conflict in its legal language which might jeopardize the district.

**House Bill 975**, repealing the requirement that the Angleton Drainage District get approval of the Texas Water Commission before spending bond money for improvements. He said Water Commission approval would assure uniformity of improvements in all water districts.

**MURRAY FILE**  
Income tax reports made by William J. Murray from 1946 to 1962 have been studied by Atty. Gen. Waggoner Carr. Murray resigned in April as a member of the Railroad Commission, following a conflict-of-interest charge.

After noting that Murray's taxable income from oil, gas and allied operations during those 17 years exceeded \$1,700,000, Carr stated, "This report does raise a serious question of a conflict-of-interest between the official duties of Mr. Murray and his private interests."

Carr recommended a Legislative Council study for an approved Code of Ethics for State officials.

Such a code, co-authored by Reps. Jim Nugent of Kerrville, Bob Eckhardt of Houston and Travis Peeler of Corpus Christi, passed the House during the legislative session but was killed in the Senate.

Study of Murray's finances

was made for a Travis County Grand Jury, which will attempt to determine whether Murray violated any laws.

**SCREW WORM PROGRESS GIVEN**

Up to now, estimates of state and federal animal health authorities that the 1½-year-old screwworm eradication program has resulted in anywhere from a 75 to 95 per cent decline in the disease have been pure guess work.

But the joint report of the Texas Animal Health Commission and the U.S. Department of Agriculture for the five-week period ending June 1 confirmed an 83 per cent decline as compared to the same weeks in 1962.

The clear comparison picture was the result of reporting cooperation on the part of livestock producers.

Animal health report showed that during the period April 28 to June 1, 1963, research workers confirmed 480 samples as screwworm infestations, and 1,281 as non-screwworm. In the same period in 1962 there were 7,013 screwworm cases confirmed, and 597 termed non-screwworm.

**PROGRAM IN JEOPARDY?**  
Members of the Texas Screwworm Eradication Committee considered Governor Connally's veto of a \$300,000 appropriation for the eradication program a matter of "serious concern."

They said more than 100,000 livestock producers raised \$1,000,000 toward its \$3,000,000 goal this spring in a 30-day period on the governor's word that the State would carry its share of the \$12,000,000 program.

Committeemen said that unless the \$300,000 vetoed by Connally is restored, the entire program is in jeopardy, and possibly the loss of the huge investment producers already have made in the program.

**LAND SALE POSTED**

Land Commissioner Jerry Sadler announced the sale of several South Texas tracts of forfeited land on which bonafide Texas veterans are invited to submit bids until 11 a.m. on July 2.

Each eligible veteran will be allowed to purchase only one of the 13 available tracts, but he may submit bids on as many as he desires.

Sadler, chairman of the Veterans Land Board, said, "The board strongly recommends that each bidder personally contact all taxing agencies to satisfy himself as to the exact amount of Taxes and charges due and take those into consideration in making his bid."

Further information about the land sale may be obtained by writing the Land Commissioner at the Veterans Land Board, General Land Office, Archives and Library Building, Austin, Texas.

**FARM JOB INCREASE**  
Vegetable harvesting, berry

picking and cotton cultivation during May caused placement of farm workers to increase from 24,809 in April to 28,131 last month, according to the Texas Employment Commission.

But elsewhere, there was little change in the job picture. Non-farm placements increased only one per cent on the workday basis.

**FIRE PROTECTION RULING**

That part of a 1961 law which provides that counties could provide rural fire protection to residents of adjoining counties was ruled unconstitutional by Attorney General Carr.

Carr declared that a county can only contract to provide rural fire protection for residents of the same county living outside incorporated limits. He said his ruling did not negate the rest of the rural fire protection contract law, however.

Only two U. S. Presidents, Taylor and Roosevelt, died while Congress was in session.

### COON FENCE

Are the raccoons getting more of your roasting ears than you are? Do the raccoons raid your garden each night? If so you might like to try to even up the score.

The control of the raccoon population has been a problem for a long time. When they find roasting ear size corn it seems to attract them, until either the corn or the raccoons are gone. Many times people protect their crops by hunting the coons with dogs or with lights at night. Steel traps have proven beneficial in controlling raccoon populations and keeping them out of the gardens. However, one of the newest control methods which has been called to my attention is an electric fence. A two wire fence is constructed to encompass the corn, peanuts or garden which is being destroyed by the raccoons. The wires are placed one above the other, three inches apart and three inches from the ground. It is important to place the post or stakes, which hold the wire, close enough together to keep the wires near enough to the ground so the coons can not crawl under, yet not close enough for it to touch the ground. A standard electric fence charger is used to make the fence "hot".

John R. Wood, Conservation Chief in Brownwood, reports a fence of this type which is doing a good job protecting some sweet corn in Brown County. After noticing considerable damage by these night hunters, the electric fence was installed and after some additional adjustments and replacements, it appears that the raccoons are not doing any more damage to the corn.
