CREAMERY AND ICE PLANT

A Move in the Right Direction.—A Market for the Farmer's Milk Cheaper Ice for Colorado.

ORGANIZE FOR BUSINESS.

The total number of shares subscribed to the stock of the ice and creamery plant, was 160, at \$100 per share, making the capital stock \$16,000. The machinery has been ordered, dirt will be broken within ten days, and when the work once begins, will be pushed to completion. The shareholders include practically all the larger ice consumers of Colorado, and much enthusiasm prevails as to the success of the enterprise. The personnel of the shareholders is as follows, with their apportionment of stock:

C H Earnest, 5 shares, F M Burns 5, C M Adams 5, W B Crockett, J R Hastings 2, Raymond Johnson 2, W W Watson 2, J A Buchanan 1, Whipkey Printing Co 1, J P Majors 1, W L Doss 4, J W Shepperd 1, J L Doss 1, W W Porter 1, S T Shropshire 2, S Gustine 1, O M Mitchell 1, E E Jackson 1, W P Ruddick 4, W H Moerer 1, J B Reese 1, Brooks Bell 1, L R Tilley 1, Jack Smith 1, J C Prude 1, G B Harness 1, Earl Morrison 2, Nettles & Jarnigan 1, Solon Cowan 1, Q D Hall, L A Costin 1, J O McCreless 1, O C Davis 1, J A Glover 1, H F Newman 1, N J Phenix 1, John Farmer 1, Jake Maurer 1, Sims & Sims 1, C E Sprull 1, J R Sims 2, Ben Simmons 2, H C Doss 1, A J Hagler 3, E E Hagler 2, W E Rucker 2, A G Gist 1, H Cranfill 1, W E Watson 2, J B Annis 1, T J Ratliff 1, W W Campbell 1, A J Smith 1, W A Dupree 1, J H Gregg 2, V V Shropshire 1, W H Gardner 1, J F Clayton 1, J H Bullock 1, A R Wood 1, Colorado Drug Co 1, C L Grablo 5, Colorado Steam Laundry 1, E Keatley 1, J M Thomas 1, D N Arnett 1, H L Hutchinson 1, H J Free 1, J D Wuljon 2, Lay Powell 2, J H Greene 1, J R Ledbetter 1, C G Key 2, M McGuire 5, Colorado Mercantile Co 2, J B Holt 1, D H Snyder 2, H C Beal 2, B S Van Tuyl 5, T & P Telephone Co 1, Colorado Light Co 1, Colorado Water Co 2, J D Lane 2, J I Payne 1, J S Vaughan 1, Jones Bros 1, O E Avery 1, Frank Lupton 1, Lander Bros (by H C Landers) 5, J E Hooper 1, E N McCreless 1, B F Dulaney 1, R H Looney 5, F D S Pond 1, A J Coe 1, Brazos Valley Townsite Co 1, J R Humphrey 1, H Cook 2, Colorado Film Exchange 1, W A Crowder 1, W P Copeland 1, R L Spalding 1, A L Lovelady 1.

Vote of Thanks and Confidence.

At a special called meeting of the subscribers to the ice factory and creamery, to meet at the opera house Friday morning at 10 o'clock, to select an executive committee, temporary organization was effected by electing T. H. Roe chairman and G. L. Wallace secretary.

On motion a committee of six was appointed by the chair to nominate an executive committee of five, who should have power and oversight of the selection of the site for the plants, erection of buildings, installation of machinery, and pass upon the fidelity with which the Williams Construction Company shall have fulfilled their part of the contract. The committee selected the following as the executive committee: W. W. Watson, chairman, Ben. S. Van Tuyl, F. M. Burns, A. J. Coe, J. F. Clayton, secretary; to which C. H. Earnest was added as legal advisor and to pass upon titles.

Mr. J. Lester Williams made a very neat talk, thanking the people for their co-operation and confidence, and suggested that a vote of thanks to the president and secretary of the Commercial Club, would not be out of place. Whereupon a vote of thanks and confidence was unanimously passed to President Ed. W. Smith and Secretary G. L. Wallace, and A. H. Weston appointed by the chair to draft the same and publish it in the Colorado Record; which is as follows:

Whereas, President Ed. W. Smith and Secretary G. L. Wallace, of the Commercial Club, have been assiduous in their outlook for the best interest of the town of Colorado and Mitchell county; freely giving of their time and talents to the advancement of the common weal, and

Whereas, The securing of the ice factory and creamery has been largely due to their selfish devotion to that end; be it therefore

Resolved, That the thanks and confidence of the people of Colorado be, and the same are hereby expressed to those patriotic citizens.

Work Commenced.

The committee on location of ice plant and creamery plants has secured a quarter of a block on the north-west corner of the block on which Mr. Scott's grain and feed establishment is situated. This is one of the best locations they could have selected. It is close enough to the business part of town, and being only one block from Second street, will be convenient for the farmers who deliver their milk to the creamery.

Mr. Williams is sick and was unable to return, as he intended, but the master mechanic, who will superintend the entire construction, arrived yesterday, and has already commenced work, which will be pushed rapidly. We understand that the contract has been let to drill a deep well on these lots to furnish water for the plants, and that arrangements have been made for material and supplies, so that there will be no delays when the work is once started.

The full complement of machinery has been ordered, and as the factory carries these standard outfits in stock, they can ship at once. No doubt most if not all, the machinery will be here by the time the buildings are completed. It is provided that the creamery building have a concrete floor, and so constructed that it can be kept in a sanitary condition at all times. The ice plant is to be modern in every respect and with a capacity sufficient to furnish all the ice that the city will use and enough to run the creamery also. Having the ice plant in connection will be great advantage as the creamery will use a great deal of ice and by this means it will be supplied at actual manufacturing cost.

With no unforeseen accidents it will be only a couple of months until they will be turning out ice, and have the creamery in full blast. Hurrah for the Commercial Club, and Secretary Wallace.

Wednesday, Thursday, Friday and Saturday of last week were the hottest of the season so far. The Record's thermometer registered 102 in the cool shade on the dry bulb scale and 98½ on the wet bulb scale. The latter reading is the degree of heat as it affects the human body. A hot wind also prevailed during the hottest part of the day Wednesday, and did considerable damage to young stuff in field and garden. The nights are cool however and pleasant.

Rev. Holmes Nichols Resigns.

Before beginning his sermon Sunday morning, Rev. Holmes Nichols requested the members of the church meet immediately after services in a business session. After the service he tendered his resignation of the First Baptist church, to take effect July 1st, to accept the pastorate of the church at Vernon, Texas.

To say this decision was a surprise to his people, would be putting the sensation mildly. It was no less a matter of regret with the members of all other denominations, but the general public and non-church goes as well. Yet the best friends he has in Colorado recognize the fact that every natalus must more than fill its shell; when the demands of its own laws of existence aspire to build it "more stately mansions."

Mr. Nichols' progressive work was far from done in Colorado. His people more than loved. His bare suggestion that a thing ought to be done, brought from his people heroic deeds of sacrifice and devotion to Zion. But no man can attain his fullest development in one place. Environment is as determining factor in advancement and success as effort and heredity. The call to Vernon is recognized as an open door, an opportunity to step up higher.

Wherever he and his most excellent family may go, the best wishes and prayers of the entire community will accompany them. The loss of Colorado will be the inestimable gain of Vernon. They will be an asset in the moral wealth of the town and a mighty factor in the upbuilding of God's kingdom. To the Record the departure of this family is singularly a loss. We shall miss the daily brief visits of Bro. Nichols to this office and our mutual excursions into the fields of literature and voyages of discovery into the fields of Holy Writ. May he and his do more than well, wherever their lot is cast.

No Danger

In taking Dr. Bell's Pine-Tar-Honey for Coughs and Colds. It contains no habit producing drugs. Look for the Bell on the Bottle.

Cheaper Ice for Colorado.

Through the efforts of the Commercial Club and Secretary Wallace, Colorado will now have ice at a much cheaper rate than heretofore. Messrs. Witten Bros. have contracted with the Abilene Ice Co. for all the ice they can handle, delivered at Colorado, and Witten Bros. propose to deliver it to the people in any amount, less than 100 pounds, at 40 cents per 100, and if 100 pounds or more is taken at one time the price will be 30 cents per 100 pounds. The Commercial Club has secured signed contracts with the citizens to the amount of about 100,000 pounds weekly. The contract with all parties holds good only until the new ice plant goes into operation, at which time the Abilene Ice Co. agrees to withdraw and leave the business to the local trade. Last year we had 25 cent ice for a short time, but so far this season 75 cents, retail, has been the price.

"DOT" OR ONE GLASS OF WINE.

A temperance drama in four acts, to be given at the opera house Friday, June 17, under the direction of Miss Reaville, for the benefit of the Christian Ladies Aid Society.

Cast of Characters.

David Mason—a farmer—Mr. Sandusky
Herbert Mason—David's Son—Dr. Campbell.
Royal Meadrus—Herbert's friend—Charlie Thomas.
Arthur Floyd—a villain—Mertie Vaughan.
George Clifton—from California—Jno. Farmer.
Parson Sniff—an astonished clergyman—
Bill Torry—Heywood Glisson.
Brewster—a police officer.
Ebony—colored boy—Jerome Heester.
Mrs. Mason—a good adviser—Mrs. Annis.
Dolores—the miner's daughter—Ethel Majors.
Mrs. Clifton—Mrs. Sam Majors.
Winnifred Clifton—Louise Coe.

Notice to Ice Consumers.

We now have two wagons on the streets to deliver ice, which we will do promptly, and it is our intention to get to all our customers in the morning so that they will not have to do without ice until after dinner. Our books are now ready, and we would be glad if all our customers would let us know at once what size coupon book they want, so that we can deliver them. We can furnish you books good for from 100 pounds to 1000, just as you desire. We also want to say that we start out with and expect to continue, on a cash basis, that is, when we deliver you a book, we must collect the money for it then. Owing to the low price for which we are selling this ice, and the small margin of profit we cannot afford to keep a set of books nor to employ a collector. Everyone will be expected to pay for their book on delivery, and any coupons not used, for any cause, will be redeemable in cash. We expect to give you good and prompt service, and we respectfully ask that all citizens who have not signed the contract will give us a liberal share of your patronage, which we will appreciate.

Our prices will be 40 cents per 100 pounds when taken in small lots, but if 100 pounds or more is taken at one time the price will be 30 cents per 100 pounds.

Yours for cheap ice,
WITTEN BROS.

If you are a reader of the Saturday Evening Post, see Stansil Whipkey, who will deliver it at your house or office every week.

For pure cream phone 264.

CUTHBERT CULLINGS.

Dry! Dry!! Dry!!!

There were some new visitors to our Sunday school last Sunday.

F. E. Crabtree and wife visited at Vincent last Saturday and Sunday.

W. R. Burrus and E. E. Everts attended court last week as jurymen.

Messrs John, Claude and Will Womack went to Snyder last Sunday to be at the opening of the Normal Singing school conducted by A. J. Showalter.

Miss Cora Womack is visiting her sister, Mrs. Cowan at Colorado this week.

Miss Bertha Edwards is at home again to stay, she says.

Dr. Edwards of Ira visited his parents here last Sunday.

Rupert Womack spent most of last week at Lorraine and the eastern part of the county in the interest of his candidacy.

F. M. Percy is on the jury this week.

John McNew and wife are visiting relatives near New Hope this week.

F. Reeder and family visited at Lorraine last Sunday.

We are not bothered with candidates yet; suppose they think we are all Socialists, but we aren't.

New Hotel Management.

I have opened up the Colorado Hotel (Mrs. Winfrey old stand) where I will receive transient guests or regular boarders, and will give them the best of accommodations. Rates are \$1 per day or \$5 per week.

J. C. MASON.

HERBERT HINTS.

Health in the community is very good.

Sunday school Sunday morning and evening was well attended.

Next Sunday is children's day at the U. B. Church; and the fourth Sunday children's day at the Baptist church.

Mr. and Mrs. Mosshart are the proud parents of a fine girl; also Mr. and Mrs. George Vanzandt are the parents of a fine boy.

Miss Minnie Hood has been visiting relatives in this community the past week.

Visitors at Mr. and Mrs. L. L. Winche's Sunday were Mr. and Mrs. A. A. Browne and family, Misses Mary and Della May and Miss Mary Barber. Miss Pearl Falkner visited Misses Minnie and Mabel Hood Sunday.

SWEET SIXTEEN

The Cake Contest.

The cake baking contest which took place under the auspices of the Ladies Aid Society of the Baptist church, came off on schedule time, Saturday afternoon at the grocery department of Burns & Bell's store.

There were cakes galore—all sorts and sizes of cakes; from the striped, marbled and layer kind to the old fashioned, sure-enough pound cake like "mother used to make." The committee were perplexed how to grade them. Every one of them seemed the very best, and no other had a ghost of a chance. But a decision had to be made. It was done at last, and Mrs. W. B. Crockett received first, Mrs. J. W. Nunn, second prize and the third went to Mrs. Fox.

After the awarding of the prizes, the cakes were auctioned off and many of them brought good prices. All in all, the contest was a pronounced success, and added a neat sum to the treasury of the Ladies Aid Society. It was also a most effective advertisement for the Queen of the Pantry flour and the Batavia line of groceries as well as Cotelone.

NOTICE!

This is to notify our customers that after the First of July next, none of the meat markets of Colorado will open on Sunday mornings. Get your stuff Saturday night, as we will be open until 11 o'clock.

COLORADO COLD STORAGE
CENTRAL MARKET
PALACE MARKET.

L. H. Weatherly of Colorado is in the city, having come here on the recommendation of Charles Goodwin, who is also here from Colorado for treatment and has received much benefit from the use of our waters. Mr. Weatherly is an old soldier and came strictly for his health. Mr. Goodwin has induced a number of Colorado people to come here, and is a fine booster for the city.—Dall Index (Mineral Wells).

Mr. J. C. Mason and wife have taken the hotel that Mrs. Winfrey ran for eight years, and are now prepared to take care of both regular boarders and transient customers. Mr. Mason has recently come to Colorado from New Mexico and is determined to keep a first-class house at a reasonable price.

Hon. R. V. Davidson

He who deserves to be nominated
for Governor, will speak at the
Auditorium at Colorado, Texas,
June 30th, 1910
at 3 o'clock p. m.

Come out and hear the Faithful
Servant.

Home Course In Live Stock Farming

VIII.—Managing the Dairy Farm.

By C. V. GREGORY,
Author of "Home Course in Modern
Agriculture," "Making Money on
the Farm," Etc.

Copyright, 1909, by American Press
Association.

WHEN properly carried on dairying is one of the most profitable branches of live stock farming. The work is somewhat confining, but that is not a serious objection as long as the profits keep coming in. As shown in article 3, dairying removes less fertility from the farm than any other branch of live stock farming. Dairying is adapted to many localities where general farming cannot be carried on. Low, wet land or that too hilly to be cultivated can be profitably utilized as pasture for dairy cows. There is little danger of the dairy business being overdone. As population increases, the demand for dairy products becomes greater. The dairy cow produces food more economically than any other class of farm animals.

In starting in the dairy business the type of cow to select will depend largely on conditions. For the general farm, where dairying is more or less of a side issue, the dual purpose cows have many advocates. They give a fair amount of milk and produce calves that feed into satisfactory beef animals. The worst trouble with dual purpose cows is that they cannot be bred true to type with any degree of certainty. Once in awhile an extra

FIG. XIV.—GOOD TYPE OF SHORTHORN.
good one will be found, but there is little certainty of her heifer calves being like her. They tend to go either to the beef or dairy type. A whole herd of first class dual purpose cows is hard to obtain and to keep when it has been obtained.

Selecting the Cows.
If dairying is to be made a prominent feature of the farming operations it will pay to go into one of the specialized dairy breeds. These special purpose dairy cows are machines for turning out milk, and the best ones do it effectively and breed true to type. There is little choice between breeds. The Jerseys give very rich milk, but are small in size and cannot stand unfavorable conditions well. Holsteins are hardier, larger and can use more rough feed to advantage. Their calves can be turned into quick and profitable veal, and their large milk flow means more skim milk for calves and pigs. Where milk is being sold the small percentage of fat is a disadvantage. Guernseys are harder than Jerseys. They give a little more milk with a little lower percentage of fat. The milk is valuable for city trade because of a high percentage of solids other than fat.

Far more important than breed is individuality. There are three things to be taken into consideration in selecting a dairy cow—type, performance and pedigree. The dairy type is generally recognized as being wedge shaped, wide and deep behind and narrower in front. The three most important points to look for are quality, constitution and capacity. The skin should be pliable and the horns and hair fine. A coarse animal is seldom a satisfactory milk and butter producer. There should be no tendency to lay on fat. A dairy cow is worked to the limit during most of her life and must have a strong constitution to keep up under the strain. This is indicated by a rosy chest and large nostrils.

The capacity of the cow is of two kinds, digestive and milk producing. She must have good digestive capacity, as shown by a long, deep, roomy barrel. In order to be able to handle the amount of feed necessary to furnish material for a large milk yield. Milk producing capacity is indicated by a large, well balanced udder, extending well forward and well up between the legs behind. The veins which run forward from the udder should be large and twisted, as this is an indication of a large milk flow. Some cows have a digestive capacity too large for their milk producing capacity, while some are the other way. The most economical producer of milk is obtained when these two are balanced. The teats should be long and well placed for convenience in milking.

By far the most important point in selecting a cow is her performance record. This shows just how much milk and butter she can produce in a given time. Directions for testing cows will be given later.

The pedigree of a dairy cow is valuable mainly for the performance records of her ancestors. The record of her grandmother on her sire's side is especially important, as a rosy cow is more liable to transmit her qualities

through her sons than through her daughters.

Another point that should not be neglected, especially if milk or cream is being sold, is buying cows subject to the tuberculin test. It is definitely known that tuberculosis can be transmitted from cows to man through the milk. It will pay to keep only cows that are known to be free from disease. In the hands of an experienced veterinarian the tuberculin test can be relied on to give satisfactory results.

Selecting the Bull.
The selection of a bull to head the herd is of fully as great importance as the selection of the cows. The main points to look for in a dairy bull are quality, constitution and roundness of barrel. He should be of good disposition, but should show plenty of masculinity in a strong head and a thick crest. A bull that looks like a cow will not have the ability to reproduce his good points in his offspring with any degree of certainty. The bull's pedigree is also important. The records of his mother and other female ancestors are very good indications of the inherent milk producing qualities that he possesses.

In most cases it pays to breed dairy cows for fall calving. The greatest milk flow will then come in the winter, when there is no field work to do. Then when grass comes the milk flow is stimulated, and the cow is kept up to her maximum production for the longest possible time. When cows that calve in the spring are put on dry feed in the fall the milk yield is reduced and the total yearly product lessened. The cow should always be dried up at least three weeks before calving, even if she is still giving a considerable quantity of milk. She will come through the ordeal of calving in enough better shape to make up for the milk lost. A day or two previous to calving she should be shut up by herself somewhere and given loosening and cooling feeds, such as bran mash with a little oilmeal added. Some one should always be with the cow when she calves in order to render any assistance that may be necessary, though if the cow is in good health she will usually have no difficulty. The worst trouble to which highly bred dairy cows are subject is milk fever, which is described in article 5. The calf should be given the first milk, as this will start its digestive system to working. The milk will be all right to use in four or five days if the cow is not sick. Until that time the calf may be allowed to suck.

Disposing of the Calves.
The question of what to do with the calves is an important one on the dairy farm. The heifers should generally be saved, as some of them will be needed to replace some of the cows in the herd, and the others can be readily sold at good prices. Probably the best way to dispose of the bull calves is to veal them. After they are from ten days to two weeks old they should be changed to skim milk gradually, taking two or three days to make the complete change. It will not be long after this until they will begin to eat a little cornmeal, if it is given after they have had their milk and are looking for something to suck. The meat may be increased in amount slowly, being careful not to feed more than they will eat up clean.

The care and feed of the heifer calves which are to be kept for cows should be much the same as advised for steer calves in a preceding article, except that the grain ration should consist of oats or bran instead of corn. The heifers should be kept growing well, but should not be given fattening feeds or feed of any kind in large enough quantities to cause them to become fat. If the tendency to lay on fat is developed in a heifer she is liable to continue to fatten after she is grown.

In case the calves get to scouring, a little blood meal put in the milk will stop it. The amount of milk should never be more than eight to ten quarts a day. Most of the failures in raising skim milk calves are caused by feeding too much milk or by putting grain into the milk. Plenty of clover hay should be kept where the calves can get at it. Fed in this way, they will make profitable veal at from eight to ten weeks of age.

In order to tell just which cows are the most profitable it pays to keep record of them. The most practicable way to do this is to weigh the milk for six consecutive milkings once a month at the same time each month. Multiplying the average of these six weights by the number of days in the month gives the amount of milk pro-

duced during the month. To determine the amount of fat in the milk a sample should be taken from each of the six milkings. Before taking the samples the milk should be well mixed by pouring from one dish to another several times. The samples should be proportional to the size of the milking. In warm weather a formaldehyde tablet should be put in the milk to keep it from spoiling until it can be tested. Most creamerymen are glad to do testing for their patrons, or you can do it yourself with a small hand tester. A four bottle tester, with equipment for testing, can be bought for about \$5. Directions for testing will be given in article 10.

FAIRVIEW FACTS.

The sun has been pretty warm on the last rose of summer, but the recent norther has been so bracing that some of the latent energy has been restored, and we'll tell you the Fairview Facts.

Since our last write up, school has closed, after six months of earnest work by pupils and teachers. The patrons say it was one of the most successful terms ever taught. A large amount of the credit is due the patrons who with their support and co-operation made it possible for our school to be second to none in the county.

Rev. Elliott of Colorado preached to a large and appreciative audience last Sunday. Bro. Elliott, we are glad to have you with us, and cordially invite you to come again.

Mrs. Ross and children have been visiting Mr. George Goodwin's family. Mr. Will Judkins of Dunn was in our community this week.

Mrs. Jim Ellis and little daughter of Snyder, are visiting Mr. J. M. Doak's family.

Charley Ellis spent a two week's vacation in our community.

Miss Mattie Casey is attending the Summer Normal at Snyder.

Mrs. Paine and daughter, Mrs. Shoemaker of Rising Star are visiting relatives in this part of the country.

Mr. Maxfield was in our midst this week.

Mr. A. L. Casey and family of Plainview, Scurry county, visited his parents this week.

Mr. and Mrs. Willard Bacon entertained the young people last Friday night and all report a delightful time.

Since our recent rain our farmers are busy cultivating the fleecy staple. We notice quite an increase in the acreage from last year.

Our Sunday school is continually progressing under the supervision of our efficient superintendent; and the work that is being done here now, will be a living monument to the Superintendent and teachers, long after

their bodies have returned to the dust of earth and after marble and wood that records their work has decayed and gone, their influence will live.

LAST ROSE OF SUMMER

In An Emergency.

Where many people dwell together, as in a family, scarcely a day or a week passes that some member of the family does not become constipated or has indigestion, sick headache, heartburn, flatulency, etc. It is then that you need a remedy like Dr. Caldwell's Syrup Pepsin, which cures these diseases. Every family should have a bottle always at hand. It is absolutely guaranteed to do what is claimed, and if you want to try it before buying send your address for a free sample bottle to Pepsin Syrup Co., 119 Caldwell Bldg., Monticello, Ill. It is sold by all druggists at 50c and \$1 a bottle.

Household Goods for Sale.

As I will leave Colorado some time between now and the middle of August, I will offer at greatly reduced rates the following: 2 dressers, 1 washstand, 2 small tables, 1 dining table, 1 kitchen cabinet, 2 rockers, 2 bedsteads, 1 ladies desk, 1 cook stove and heater, 1 oil stove, 1 sewing machine (New Home), and one folding bed (child's double). All the above articles are practically new. Phone 326 or see me.—C. L. McDONALD.

W. O. W. Please Read.

On the night of June 2nd we had an interesting meeting and hope to have a much more interesting one on June 16th. We have the following officers to install and want you to come out and see it well done: A. J. Coe, Manager; J. S. Vaughan, Adv. Lieut.; and L. L. Chaplin, Sentry. Have you a neighbor who needs the insurance for his family? Take his application to join our Camp. We want everybody to have the protection for their loved ones that is offered by the W. O. W. ERNEST KEATHLEY, Clerk.

NOTICE TO THE PUBLIC.

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of The Record will be gladly corrected upon it being brought to the attention of its publishers.

"Great is Mitchell County, and The Record is its Prophet!"

COLORADO, TEXAS, FRIDAY, JUNE 10, 1910

The Pecos and Toyah Irrigation Company has been chartered with a capital of \$1,500,000.

Rudolph Spreckles, the multi-millionaire sugar king, will devote his fortunes and his remaining years to waging war on grafters and grafting.

Unusual torridity has prevailed the past ten days, and vegetation shows the effects.

The boom of Governor Joseph W. Folk of Missouri has been formally launched, and his backers express every confidence in his success.

The funeral of King Edward cost the English people \$1,500,000; almost as much as it costs to plant a member of the U. S. Congress.

Chas. K. Hamilton, the aviator, predicts that the time is not far distant when the Atlantic ocean will be crossed by an aeroplane by continuous flight.

As an evidence of the reception of the West Texas Magazine, it may be noted that 150 copies were taken by a firm in St. Louis, 100 copies by the Colorado Salt Company, and 100 by the Brazos Valley Townsite Company, besides a number sold from the book stores in Snyder and Colorado.

Dr. Rankin is back in editorial harness with his snickernee whetted for slaughter. Considering the fact that a smooth, shifty politician was mightily ruined by being made an indifferent bishop, he is recovering very satisfactorily.

When the Meteorological expert of the Record force was asked about when it was going to rain during the past week, he only wunk the other eye and told them, if he should tell them, it would so puff them up with importance that they would think they had turned the trick themselves. But you see it rained, all right, didn't it?

It seems to the Record, if the people of Colorado are really in earnest about wanting the Colorado & Concho railroad, why not move while the matter is fresh in the minds of the people? If we dilly-dally about, getting ready to get ready to move in the matter, the people of both counties will become tired of disappointment, and when we (if ever) try to promote such another important enterprise, they will fall to rally to our cry of "wolf, wolf."

As an evidence of the hedging about of a king, it may be mentioned that his utterances are carefully guarded by his ministers, so that he may say nothing committal or irritating to any foreign power. At all occasions when royalty or the representatives of royalty are present, his remarks are written out by his cabinet, and an advance copy sent to all the representatives of the powers, and everything that could be even tortured into ambiguity, is carefully cut out. Imagine such a man as "Our Teddy" being thus emasculated, if you can.

June 18th will be scarcely less important in the annals of this good year of Grace than the ever glorious Fourth and Christmas. That is the particular day that Our Teddy will come sailing home. He will be acclaimed a greater conqueror than any military hero who has ever returned from a successful war. Even the reception accorded Admiral Dewey when he returned from the Philippines will pale by comparison.

Mr. J. C. Bumgarten, Secretary of the Commercial Club at Big Springs is spending the day in Colorado going over the records of the creamery proposition. Big Springs will put in a creamery at once. There is no doubt but what they will follow the example set by Colorado in erecting a model plant of this nature.

Let's Get Together Now.

Fellow Citizens, every day we delay action in the matter of pressing the building of the Colorado & Concho railroad, just that much more difficult will it be to secure any road. The people of Robert Lee are determined to have a railroad, and they prefer Colorado as the other terminus. But if the town repeats its "manana" tactics, the people of Robert Lee will turn to more enterprising and decisive connections. San Angelo, (which neighbor has no exalted opinion of Colorado's ability to recognize an opportunity, and take it by the hand) is not alone willing, but hankering, to get the connection with the Coke county capital. Why do we jump at the very dangling of far less important enterprises, and drop the bone we already have, to seize the imaginary in the water? By concentrating every energy, dollar and hour of time to securing this road we will be in a position to bid for other enterprises without paying too dearly for the whistle.

We must either act soon, or lay down cold and flat. Will we do it? Or shall we continue to lie supinely on our backs, decrying the lack of business and dearth of enterprise. If the two towns will get together, the amount of good money guaranteed the promoter as a bonus solely, would build the road. If there were only enough money to build twenty-five miles, any reliable, solvent construction company, would construct the entire line and take the bonds for 50 per cent of the bill, which would on their face be worth 50 cents on the dollar.

Fellow Citizens, let's be up and doing.

"Even Sometimes too, Good Homer Nods."

The following statement at top of column, front page, of the Sunday Dallas News carries the full brief of its case before the people:

"After much search the News has come into possession of evidence, which, it believes, fixes the identity of the man who wrote the so-called Russell letter. The evidence, though, on which this belief is founded is not perfect, and for that reason, and acting also on the advice of its counsel, the News would not be justified in publishing his name. Neither, for the same reasons, would it be justified in mentioning his name to private persons. The News feels that it satisfies all obligations to Senator Bailey by stating that the man who it believes wrote this letter is one opposed to him politically.

Keep a gun ready for the fool who rocks the boat "just to frighten women and children." This is the open season for such game.

The Grand Mid-Summer Carnival

Secretary Wallace, in his rush of other business, has not lost sight of the great Mid-Summer Carnival. Contracts have been closed with the Water Company to pipe the grounds and furnish water; the Electric Light Company are already arranging to light the grounds. He has contracted for a mammoth auditorium tent, and for ten other large tents for shade and rest rooms. A number of new attractions have been secured, and some prominent speakers arranged for definitely. This is going to be one of the biggest and best things that Colorado or West Texas ever had. We predict that those who attend, whether for amusement or entertainment will not be disappointed. See the advertisement in another column.

Some of the speakers arranged for are: Hon. R. V. Davidson; Judge Wm. Polndexter, Hon. O. B. Colquitt, Hon. W. J. Bryan of Abilen; Hon. T. J. O'Donnell, of Lynn County; Hon. Frank A. Judkins, of Ector County; Congressman W. R. Smith and Hon. W. B. Crockett of Colorado.

For Butternilk phone 264.

Notice to Drivers.

Aside from the fact that it is against all municipal law to drive across bridges at greater speed than a walk, it becomes doubly the duty of every one driving across the west bridge during the progress of the coming carnival and picnic to heed this rule, whether in automobile, wagon, buggy hack, on bicycle or flying machine. There is no other access to the ground by heycles than over this bridge and its narrow passageway renders fast or careless driving exceedingly dangerous. A fatal or serious accident to anyone during the carnival would not only destroy all interest, but would react upon the managerial ability of the town of Colorado, and throw distrust upon any further like occasion.

It is, therefore, the urgent request not only of the management of the carnival, but the municipal authorities, that everyone crossing the bridge to the carnival grounds drive over the bridge at a walk, and that when meeting on the bridge, everyone turn to his or her right. The is not only the rule in large cities, but a necessity where large crowds gather and mingle.

Arrangements will be made to have someone with a counting machine at the east end of the bridge to keep a correct record of the daily attendance. The management asks the co-operation of everyone to the end that the liability of accidents may be reduced to a minimum. Don't forget about the fast and careless driving.

BUT WHY RUB IT IN!

"Colorado, Texas, could have secured the K. C. M. and O. railroad, but they hesitated and lost it, wrangling over a bonus of less than \$100,000. Colorado could have secured the S. R. and P. railroad, but again she fussed about a little bonus and Roscoe in less than twenty-four hours raised the bonus and is today reaping the harvest of that investment. What is Colorado doing today? They are giving a bonus of \$125,000 for a railroad. Why? The answer is simple. They found out that railroads did not pay bonuses to towns but that towns must get busy and pay railroads to come to them." The bonus Colorado is paying for the Colorado and Concho railroad is more than double what they would have had to pay for both the Orient and R. S. & P.

Well-erred; but why rub it in, neighbor? The first basal principle of hospitality and neighborly kindness, is never to "speak of halts in the house of the hanged." We of Colorado see it all clear as mud now, and in trying to avoid Scylla we butted on Carybdis. After letting the above propositions slip, we bit at the bonus bait with a "sawdust" impetuosity, and got the same results. But the town now sees clear-eyed and thinks with soberness. The first promoters of the Colorado & Concho railroad having secured a bonus of \$125,000 from Colorado, \$50,000 from Robert Lee, \$25,000 from Ellwood interests, agreed to begin work by June 1st, 1910, and complete it within a reasonable time, when the bonuses would become due and payable. The matter dragged along for months, with indefinite promises from the promoters and his backers, until the time had almost expired, when he asked for further time.

This was promptly refused. The people of both Colorado and Robert Lee had realized that the amount of the bonuses promised the railroad would build it. That the town of Robert Lee is determined to move in the matter can be gathered from the following extract from the Robert Lee Observer:

"The railroad bonus that was raised is now null and void according to the contract. We understand from the officers of the Colorado and Concho railroad that the people will be called together in the near future and their bonus notes delivered to them. The railroad proposition is not dead by any means. The people of Robert Lee and Colorado City we understand will take steps at once to secure another bonus of the same amount and if no railroad company can be induced to build the line a company will be formed by the two towns and they will build it."

For pure cream phone 264.

Cross country walking has received quite an impetus by the recent performances of E. P. Weston. Clubs have been formed in many Texas towns, and some of the members have done some creditable walking. A number of prominent Ennisites recently "stepped up" to Dallas just for exercise. No form of exercise is more developing of the entire muscular system and toning to the appetite than about a ten mile trot before breakfast. We have tried it time and again. Then its cheap; requires no expensive apparatus.

Fairview school house, Wednesday night, July 13th.

Rogers school house, Thursday night July 14th.

Union school house, Saturday night, July 16th.

Colorado (court house), Tuesday night, July 19th.

Iatan school house, Thursday night, July 21st.

All of the candidates will be present and present their claims to the voters, and we will be pleased to have as many of the citizens present at these meetings as possible. The ladies are especially invited.

6-17p R. B. HOOD.

"It cured me," or "It saved the life of my child," are the expressions you hear every day about Chamberlain's Colic, Cholera and Diarrhoea Remedy. This is true the world over where this valuable remedy has been introduced. No other medicine in use for diarrhoea or bowel complaints has received such general approval. The secret of the success of Chamberlain's Colic, Cholera and Diarrhoea Remedy is that it cures. Sold by all druggists.

UNION ITEMS.

Can't report everything quiet this morning, for we were blessed yesterday evening with a good rain which causes us to get a new move on us. We also had a good deal of hail, but don't think it done much damage, except Mr. Stovall got caught out and was (I suppose) pretty badly beaten up. I guess a statement from him will reach the truth in the matter.

Mr. E. M. McCress who moved his wife to town some time ago for medical treatment, moved back last Saturday and we learn that she is still improving. We all wish her a speedy recovery.

Bro. Ledger has a meeting under headway at Union at present, but don't know as yet what figure the rain will cut in the matter. A good rain when needed and a good meeting would be a good combination.

You know, Mr. Editor, that there is generally a great deal expected of you so we want to get you to get behind the proper authorities and have our mail route pushed to completion at an early day, at least tell how badly we need it.

I am glad to note that our country people are (or seemingly so) looking forward to two good things in the near future, which is the proposed three day's carnival, and the creamery proposition. No doubt in my mind that a good many of our people would have taken stock if they had had a chance; however we are well pleased as it is.

CITIZEN.

SHEPHERD DOTS.

The farmers are still complaining of dry weather.

There will be preaching at Shepherd Sunday by Bro. Shuford.

The Box supper at Shepherd was a success altho the crowd was small on account of the threatening weather. The boxes were sold at from 50 cents to \$1.50. There was also a cake sold to the highest bidder.

Born, to Mr. and Mrs. J. N. Miller, on May 30th, a fine girl; and on the same date a fine girl arrived at the home of Mr. and Mrs. Hugh Curry.

Mr. Clifton Huff and sister, Miss May, from Lorraine, attended the box supper.

There will be a party at Mr. Johnson's Friday night.

Some of the Looney people attended Sunday school at Shepherd Sunday.

Mrs. Ruby Johnson is on the sick list this week.

Mr. Alex Payne has had his new house furnished with new furniture this week.

JEHAZADAK.

List of Committees for Carnival.

The committee that has the Midsummer Carnival celebration in hand, has been working steadily since the last issue of our paper. They have secured the ground from Judge Hamner laying west of town, commonly known as West Colorado. About one hundred acres or all the tract laying north of the public road after you cross the bridge going west and will be entirely fenced. This will exclude all wagons and horsback riders and make it perfectly safe for ladies and children on these grounds during our celebration. All the ground lying south of the road over to the railroad track will be used as a camp ground, which will be large enough to accommodate thousands of campers.

Mr. Van Tuyl has taken the light proposition in hand and promises that the entire place will be illuminated with electric lights each night.

The committee has arranged with Mr. Graves to lay a two-inch pipe line from the city water mains across the bridge to four large water tanks, which will be furnished by Mr. Crawford, and we can say that there will be abundance of water for all the public, well iced.

This celebration is being well advertised and already 50 per cent of the different privileges have been sold, mostly to people of Colorado, although parties as far as Dallas have purchased privileges for these dates.

Prof. M. H. Phillips of Waco, Texas, a professional balloonist has already contracted with the celebration committee to make one balloon ascension each day. Prof. Phillips has followed this business for the past twenty-three years and has made nearly two thousand successful ascensions, and we are sure that we can promise you three successful balloon ascensions on these dates.

The Brotherhood have taken upon themselves to arrange for a gentleman's rest room on the ground and general bureau of information. This will be one of the main features of the occasion and will assure us to make friends with all strangers who may come. As the Brotherhood will give them the "glad hand" and make them feel entirely at home while they are with us.

The Ladies' Aid societies of Colorado will have charge of a like feature and they will maintain a ladies' rest room which will be furnished and taken care of in a way befitting the ladies of our town.

The committee still has five weeks to complete this work, which they feel is ample time, still this celebration cannot be carried out successfully without the co-operation of every man, woman and child in Colorado. Many committees are yet to be appointed and many favors are still to be asked for. Let every citizen of this town consider themselves a committee of one to help make our Midsummer Celebration the

very highest degree of success.

Farmer's Union Notice.

In answer to a request by the Farmer's Union headquarters I hereby call a meeting of the county union to be held at the court house in Colorado on the second Saturday in June, the same being the 11th day of June, 1910, at 10 o'clock a. m., to consider important matters to come before the county union. All the locals are earnestly requested to send delegates and all other members who can are earnestly solicited to be present.

G. L. SELVIGE,
Pres. Mitchell County Farmer's Union.

Mrs. J. Morgan.

Health is a valuable asset for rich or poor. Mrs. J. Morgan of Neosha Falls, Kan., says she would not take \$500 to go back to where she was before taking Dr. Caldwell's Syrup Pepsin. She suffered from chronic indigestion for fifteen years and last winter she thought she would surely die, but she took this great herb laxative compound and was cured. It is absolutely guaranteed to do what is claimed, and if you want to try it before buying, send your address for a free sample bottle to Pepsin Syrup Co., 119 Caldwell Bldg., Monticello, Ill. It is sold by all druggists at 50c and \$1.00 a bottle.

A three days picnic for Colorado, June 30, July 1, and 2nd.

Ladies' Home Journal and Saturday Evening Post sold by Stansel Whiskey or at the Record office.

For Sweet milk Phone 264.

Rambler Fifty-five, 45 H. P., \$2,500, with Magneto, Lamps, Presto-Lite Tank and Tools.

The Offset Crank-Shaft

Try the new Rambler at half speed in crowded traffic—on a hill or sand road—where flexibility or exceptional power is needed. Notice how smoothly and steadily it pulls when running even as slowly as three miles an hour under load. This is because of the offset crank-shaft.

with such features as the straight-line drive, Rambler Spare Wheel, engine accessibility, and the new expanding clutch is superior in many respects to any other automobile. In point of quality it is even better than any previous Rambler.

You will not obligate yourself if you ask us for a Rambler demonstration.

Farmers should eat more oatmeal.

Although the farmer of today is able to buy almost anything he wants to wear or to eat he isn't paying enough attention to food values when it comes to his own table.

If he has been watching the extensive researches and experiments on the question of the best human food for muscle and brain he will heed the advice from all sides to "eat more Quaker Scotch Oats."

Quaker Scotch Oats is mentioned because it is recognized in this country and Europe as the best of all oatmeals. Feeding farm hands on Quaker Scotch Oats means getting more work out of them than if you feed them on anything else.

For hot climates it is packed in hermetically sealed tins; and in regular packages.

The Coming of Spring

means the arrival of Spring-lamb in all its delicious and appetizing lusciousness, and at no other place can it be had in greater perfection than at Colorado Cold Storage's meat market. THE COCA-COLA COMPANY, Atlanta, Ga.

ORDER FOR BOND ELECTION.

The State of Texas, County of Mitchell.

On this, the 30th day of May, 1910, this court being in special session, came on to be considered the petition of W. W. Watson and 128 others, praying that bonds be issued within the hereinafter defined district in Mitchell County, Texas, in the sum of thirty thousand dollars, bearing five per cent rate of interest, per annum, maturing forty years from date thereof, for the purpose of constructing, maintaining and operating macadamized, graveled or paved roads and turnpikes, or in aid thereof. Said district within said Mitchell County, being defined by metes and bounds as follows, to-wit:

Beginning at the northeast corner of survey No. 13, in block 26, of the T. & P. Ry. Co. Survey.

Thence N. 77 degrees W. along the N. boundary line of said survey 13 aforesaid, and surveys 14, 15, 16, 17 and 18 in said block 26, and along the northern boundary line of surveys numbered 13, 14, 15, in block No. 27, of the T. & P. Ry. Co. survey, to the N. W. corner of said survey No. 15, block 27, aforesaid.

Thence S. 13 degrees E. along the W. boundary lines of surveys 15, 22, 27, 34, 39, 46, 51, 58 and 63 of said block 27, of the T. & P. Ry. Co. survey, to the S. W. corner of said survey No. 63, block 27, aforesaid.

Thence N. 77 degrees East, along the southern boundary line of surveys 62, 63, and 61, in block 27 of the T. & P. Ry. Co. survey, and the southern boundary lines of surveys 65, 64, 63, 62 and 61, in block 26, of the T. & P. Ry. Co. survey to the S. E. corner of said survey numbered 61, block 26, aforesaid.

Thence N. 13 degrees W. along the eastern boundary lines of surveys 61, 60, 49, 48, 37, 36, 25, 24, and 12, in block 26 aforesaid, to the place of beginning being an area 9 miles square of said Mitchell County, with Colorado as practically the center, which said defined district shall hereafter be known as "Road District No. One, of Mitchell County, Texas."

And it appearing to the Court that said petition is signed by more than fifty of the resident property tax-paying voters of said Road District No. One, and that the amount of the bonds to be issued will not exceed one-fourth of the assessed valuation of the real property of such Road District No. One.

It is therefore considered and ordered by the Court, that an election be held in said Road District No. One of Mitchell County, Texas, on the 9th day of July, 1910, which is not less than thirty days from the date of this order, to determine whether or not the bonds of said Road District No. One of Mitchell County, Texas, shall be issued in the amount of thirty thousand dollars, bearing five per cent rate of interest per annum, and maturing forty years from date thereof; and whether or not a tax shall be levied upon the property of said Road District No.

One, of Mitchell County, Texas, subject to taxation, for the purpose of paying the interest on said bonds, and to provide a sinking fund for the redemption thereof at maturity.

Notice of said election shall be given by publication in a newspaper published in Mitchell County, and in said Road District No. One, for four successive weeks before the date of said election, and in addition thereto, there shall be posted notices of such election in three public places in said Road District No. One, one of which shall be at the Court House door of said Mitchell County, for three successive weeks prior to said election.

Said election shall be held at the County Court House of Mitchell County, Texas and J. W. Bird is hereby appointed manager of said election.

Said election shall be held under the provisions of the Road District Act passed at the First Called Session of the Thirty-first Legislature, and only qualified voters who are property taxpayers of said Road District No. One, of Mitchell County, Texas, shall be allowed to vote, and all voters desiring to support the proposition to issue bonds shall have written or printed on their ballots the words "For the Issuance of Bonds and Levying the Tax in Payment therefor," and those opposed, shall have written or printed on their ballot the words, "Against the Issuance of Bonds and the Levying the Tax in Payment therefor."

The manner of holding said election shall be governed by the laws of the State governing general elections.

A copy of this order signed by the County Judge of said County shall serve as a proper notice of said election, and the County Judge is directed to cause said notice to be published in a newspaper published in said Road District No. One, of Mitchell County, Texas, for four successive weeks next preceding said election, and cause to be posted a notice thereof at three public places in said Road District No. One of Mitchell County, Texas, one of which shall be at the court house door of said Mitchell County, for three successive weeks prior to said election.

A. J. COE
County Judge Mitchell County, Texas.
The State of Texas,
County of Mitchell.

I. J. H. Bullock, Clerk of the County Court and ex-officio Clerk of the Commissioners' Court of Mitchell County, Texas, do hereby certify that the foregoing is a true and correct copy of an election order passed by the Commissioners' Court of the County of Mitchell, Texas, on the 30th day of May, 1910, at a special session of said Court, a quorum being present, which order is of record on page 14 of book 3 of the minutes of said Court, which said minutes have been duly signed by the County Judge.

Witness my hand and seal of the Commissioners' Court, this the 30th day of May, 1910.

JESSE H. BULLOCK
County Clerk and ex-officio Clerk of the Commissioners' Court, Mitchell County, Texas.

Idle Lands.

The prosperity of a community depends upon the activity of its property and the people. Improved public highways afford facilities for marketing production, stimulate commercial activity and otherwise encourages agricultural development. To increase agricultural production we must bring under cultivation idle land and increase the yield per acre.

We have in Texas 167,865,000 acres of land. Of this area there are 2,118,000 acres of water surface. All our land is susceptible to a high degree of cultivation except the city area and a small portion of our land which is mountainous. We now have less than 30,000,000 acres of land under cultivation, leaving 137,865,000 acres of land that has never been plowed. Idle land is of course no value to a community, and to increase our prosperity we must put activity into our vacant lands. The following cut illustrates the relative proportions of our cultivated and uncultivated areas:

Texas Land Comparison.

There are 109 counties that have less than 10 per cent of their land under cultivation. There are 43 counties that have a larger uncultivated area than the total area of the State of Rhode Island. The uncultivated area of Texas, says the Commercial Secretaries' Association, exceeds the total area of the thirteen original colonies, excepting Georgia and North Carolina. We need 3,000,000 farmers to develop our agricultural resources, and no country on the globe affords the opportunities to the homeseeker that Texas now offers. The land agent is an important factor in the development of agriculture. There are 190 people moving to Texas daily, and remain here permanently and of this number probably half of them go on the farm.

People Coming to Texas.

At the present rate of agricultural immigration it will take 400 years to secure a sufficient number of farmers to bring under cultivation our idle lands. We must get farmers from other States and countries more rapidly, and the improvement of our public highways will influence the homeseeker by making farm life attractive.

A TRUE STORY.

And it came to pass that after he had advertised his goods, there came unto him great multitudes from all the regions round about and did buy of him. And when his competitors saw it, they marvelled among themselves, saying: "How be it that this man is so busy while we idly loaf about our doors?" And he spake unto him, saying: "In this age of push and rustle it is easier for a camel to enter the eye of a needle than for a man to flourish without advertising." —Monroe News Star.

Now that the Rain has Come

and settled the dust. It is time for house cleaning. Then the buyer should come immediately to J. H. Greene's store for

Matting, Rugs and Linoleum

In addition to our regular large stock of Rugs and Matting we have an assortment of 9 x 12 Fibre Art Squares. Easily cleaned, reversable and cheap.

Come In

and see this beautiful Sewing machine.

It runs lighter, is more beautiful, lasts longer, sews faster than any other machine.

Is the only one insured against every destructible power. Has automatic drawer lock, is self feeding, threading, Rotoscillo ejector, automatic tension release, etc, etc.

J. H. Greene, Furniture and Undertaker's Goods.

LORAINE LETTER

Dr. and Mrs. Arant and daughter, Miss Marguerite, visited the county capital last Wednesday.

Mrs. Stickney and daughter Clyden of Robert Lee, after a pleasant visit of several weeks with her daughter, Mrs. Harry Hall, left Saturday night for Midland, where she will visit another daughter.

Mr. and Mrs. M. Zellner of Abilene passed through Lorraine Wednesday night en route to Los Angeles, California. They will make quite an extended trip, visiting various parts of the state. Their little daughter, Wilna accompanied them to Lorraine and will visit her brother, Henry Zellner, and sisters, Mrs. Brown and Johnigan, while her parents are away.

W. W. Boone of Gorman was here this week prospecting.

Mrs. W. L. Edmondson and children, after a pleasant visit to Huntsville, Rockwall and other points, returned home last week.

L. L. Welch of Abilene was here this week looking after his interest at this place, the W. L. Welch Furniture Co., which is under the management of O. C. Wellborne.

Prof. Will Flaniken and wife of Cisco were guests of W. S. Erwin Sunday.

Homer McRae visited relatives in Abilene Sunday and Monday.

A number of our prominent citizens had an outing on Champion last Tuesday. They report fair luck with the finny tribe, but nothing said about how many choppers were caught.

Mr. and Mrs. Orion Thornton of Sweetwater, accompanied by their sister, Miss Viola Zellner of Abilene, came in Saturday morning for a visit with friends and relatives.

Among the little folks we happened to stumble upon the unique little invitation as follows: "Come to my house Wednesday at four. We will run and skip and laugh and play. For this will be my seventh birth-day.

Grace Shook.

Mr. and Mrs. J. C. Flaniken visited relatives here last week. They were from Denver, Colorado, where they had been visiting their daughter. They left Monday for Lamesa, where they will visit their son Joe.

Mrs. Y. J. Matthews accompanied by her daughters, Lawrence and Mrs. J. R. Sims of Colorado, left Tuesday night for Atlanta, Ga., and other places. They will make quite an extended visit with relatives and friends.

Key Carter and wife of Palestine are here visiting their parents Mr. and Mrs. Jim Land. Mrs. Parker of Knoxville, Texas, is also visiting her sister Mrs. Land.

In accordance with the law of nature it seems the pent up energy in our young folks must give vent in some form of amusement. So a merry crowd repaired to the picnic grounds north of town Tuesday night and made goo-goo eyes at each other by the light of the stars the greater luminosity of the night not being visible.

The young people viewed the comet, sang "Twinkle, Twinkle, Little Star," and had a good time generally. Refreshments of cream and cakes were served, after which the jolly crowd returned home with a joyous shout—the wind still blows and the drought is still unbroken.

U. W. Ward on South Champion has traded his store here to Lipscomb and Davis of Resaca for a farm a few miles south of Lorraine.

A large crowd from Lorraine attended the Woodmen picnic in Sam Sharp's pasture, last Saturday. All report a fine time. A number of candidates were there pressing their claims upon the good people. Some speeches were made.

On Sunday at 2:30 p. m. the W. O. W. held memorial services at the cemetery and decorated the graves of the deceased Woodmen. The memorial address by J. J. Patterson of Colorado was listened to with great interest. A large crowd was present.

W. S. Erwin of Lorraine is the champion gardener of the west. He has raised a full assortment of all vegetables adapted to our climate, greatly curtailing grocery bills. Mr. Erwin has a patch of alfalfa which he has already cut three times this year, letting it grow from eighteen to twenty-four inches before cutting, and says he can make money on it by cutting and feeding to hogs even in a close pen. A hint to the wise is sufficient.

Rev. Wilson Bennett returned last week from the General Assembly at Dixon, Tenn., the former home of Mr. Bennett, he having been away twenty-five years. He says the hills have grown to be mountains, and the valleys very narrow. The lands run in price from one hundred to one hundred and twenty-five dollars per acre. Some of the hills are so steep that horses cannot be used in cultivating the lands. The soil is seeded down to clover and grasses and fine stock is raised. It is said that a peculiar brood

of horses is to be raised with legs much longer on one side than the other for the cultivation of these lands as the rows take rather a circuitous route around the hills.

Deputy Preston Scott was here Tuesday summoning jurors for a special venire. Lorraine has figured prominently in the present term of District court.

While walking in the dark Monday night, W. S. Erwin had the misfortune of stumbling over a chair and came near breaking two of his ribs.

Some of the farmers report crop conditions as rather precarious, some who planted early and have them out say they are still growing, and stand a good showing for a crop.

Earl Zellner of Abilene came in last week to spend vacation with his brother Henry.

Mr. and Mrs. Preston Stowe left last Saturday for Waco where they expect to reside in future.

While out driving Tuesday evening Mr. R. Cundiff and sister Miss Frances accompanied by Miss Ruth McRae on crossing a ditch at the corner of J. H. T. Johnson's garden, the harness broke and the horse became unmanageable and jumped over the fence into the garden, leaving the buggy and occupants outside as spectators, while his horsemanship cut didos over Mr. Johnson's vegetables. No injuries to occupants of the buggy.

Misses Frances and Etta Cundiff who have been visiting in Lorraine for some time returned to their home at Leon, Tuesday night. They were accompanied by their brother Richard.

DON'T EXPERIMENT.

You Will Make No Mistake if You Follow This Advice.

Never neglect your kidneys. If you have pain in the back, urinary disorders, dizziness and nervousness, it is time to act and no time to experiment. These are all symptoms of kidney trouble, and you should seek a remedy which is known to cure the kidneys.

Doan's Kidney Pills is the remedy to use. No need to experiment. It has cured many stubborn cases in this vicinity.

Can Colorado residents demand further proof than that contained in the following testimonial?

Mrs. M. J. Goughly, of Merkel, Texas, says: "I had trouble from my kidneys for the past five years. There was a dull ache across my hips and loins, at times extending into my limbs as far as my knees. The secretions from my kidneys were also unnatural. I used two boxes of Doan's Kidney Pills and they did me so much good that I gladly recommend them."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name Doan's and take no other.

A Bargain for Printers.

Owing to the installation of our Linotype we have about 400 pounds of Century expanded 10-point type and 300 pounds of 8-point, which has been used only two years. This type is good as new and will be sold at a bargain with the cases. Prefer to sell all to one party, but will sell in smaller lots.—Address the Record.

CONSTIPATION.

Its Cause and How to Cure It.

Eat too much, Stomach feels bloated, All out of sorts, Don't feel like work to-day. Guess 've another case of biliousness. "Take anything?"

"Yes; some pills, but no results; suppose I'm getting ironclad. Sometimes I double the dose, then they physic me so hard I'm too weak to work. Think I'll have to try something new."

"Ever try Prickly Ash Bitters?"

"No; I've heard a good deal about it, but never tried it."

"Well, you'll be pleased with the results."

The purgative action of Prickly Ash Bitters not only removes hard impactions, gas and impurities, but it strengthens the muscular action of the bowels which causes them to move regularly.

Prickly Ash Bitters is a bowel tonic and regulator in the truest sense. It promotes daily evacuations, establishes healthy movements and is the best known remedy for disordered digestion, flatulence and a constipated habit.

D. M. Blackwelder, of Litchfield, Ill., says in the Litchfield News: "I was perfectly willing, in fact glad to testify to the value of Prickly Ash Bitters as a medicine for the kidneys, stomach and bowels. I have used it whenever I needed anything of the kind for the last fifteen years and it has always given satisfaction."

Get the genuine with the figure "3" in red on front label.

Sold by druggists. Price \$1.00.

A Word to the Public.

In view of the many inquiries being made by my friends and others, as to why I did not remain at Colorado, I will say, as stated on commencement night, that I have retired from public school work. More than two months ago I was elected to the department of mathematics at Stamford college, Stamford, Texas, at a much better salary than the position here could pay. So I would not allow my name to go before the board for re-election because I could not nor would not have accepted the place had they elected me.

I will say further that for the past three years the board has unanimously elected me to the position I now hold at an increased salary and have further willingly given me a recommendation of which I am justly proud.

So I leave Colorado with the best of feelings existing between the board and myself and wish for my worthy successor, Mr. Hart, the same hearty co-operation from them that I have received. I sincerely hope the public will unanimously support the school and make this the most successful school year in the history of Colorado. I can assure the public that I leave Colorado with many pleasant memories and the best wishes for all.

C. L. McDONALD.

Don't Experiment With a Cough. When Dr. Bell's Pine-Tar-Honey has been used by millions of people for sixteen years with a steady increasing demand. Look for the Bell on the Bottle.

Now, that the public schools are closed quite a number are taking out their scholarships in the Roberts Business College with a view of preparing themselves for the commercial world.

Open Air Entertainment.

The Physical Culture Society composed of about thirty members will give an ice cream supper in the

Court House Park, Friday Night

for the benefit of the society. The members will march to the park, where a good time is promised all who attend. Good music furnished by orchestra.

A cordial invitation is extended the various candidates to be present and to say a few words in the interest of their candidacy.

Remember the day and date Friday night June 10th, 1910.

A SPECIAL DRIVE IN IMPLEMENTS

We are prepared to offer to the farmers special inducements on all our Planters, Cultivators, Harrows, Etc. during the planting and cultivating season.

PLANTERS.

The Ledbetter one seed at a time Planter is not only of the best made, but the most economical--guaranteed to carry 4 horses.

Sweet William Planter is also a leading implement and does good work.

The Champion Jr. is one of our special implements and is now offered at \$22.50.

Section Harrows, 50 and 60 tooth, at special prices to clean up.

Go-Devils for cultivation of small stuff will soon be needed--we have them.

Come get our prices on these implements.

CULTIVATORS.

Of these implements we handle the best on the market and at prices you cannot duplicate.

The Racine Texas Special is unbreakable and adapted to all classes of work.

The New Texas Dandy is the lightest draft cultivator made and will give perfect satisfaction.

The Little Jap cultivator with body motion for crooked rows and hillside work, 4 or 6 shovel gangs, is an ideal implement.

Our Stock of Buggies and Wagons

consists of the reliable Schuttler and Pekin--the later in oak or bois d'arc rim.

Colorado Mercantile Company

LOCAL HAPPENINGS and PERSONAL MENTION

It's so, if you saw it in the Record.

Charley Jones came in last Friday from perigenating over the state generally.

Don't be Annoyed

With skin troubles, chaps, pimples, black heads, eczema or sores. When one 25c box of Dr. Bell's Antiseptic Salve will cure you. Try it once.

L. W. Jones returned Saturday from a trip to Wyoming, and reports everything booming in that section.

Why not attend Roberts Business College and prepare yourself for one of those good positions they guarantee?

Jim Lovelace has been employed by the Colorado Mercantile Company to work in the implement and vehicle department.

We Don't Have to

Tell you what it's for it's name tells. Dr. Bell's Pine-Tar-Honey is the best cough medicine and several million people already know it. Look for the Bell on the bottle.

Carlton Homan stopped off to visit Colorado friends on his way home from Waco to El Paso. He has been attending the T. C. U. the past session.

If you want to be sure of catching your train, call Woods Livery Stable. He never misses a train. . . . 5-6c

Miss Bird Blandford returned last Friday night from a visit with friends at Pecos. She reports a delightful vacation.

The Best Remedy

For all kinds of sore eyes is Sutherland's Eagle Eye Salve. It is a creamy snow white ointment and would not injure the eye of a babe. Guaranteed. 25 cents.

J. E. Morsereau of Tyler, has been secured by Homer L. Hutchinson, as his embalmer and undertaker. Mr. Morsereau is a graduate of the college of embalming and is thoroughly up in his specialty.

Doss' Kidney Pills--Guaranteed.

In the last few days the Roberts Business College has had four calls for office help, one of these was placed in Big Springs at \$100 per month and two at Sweetwater at \$60, and one at Hamlin at \$75 per month. Young people, hadn't you better prepare yourself for one of these positions? There are plenty of them waiting for you.

Get the Best

For skin troubles, sores, ulcers, eczema, chaps, black heads, pimples and all eruptions. Use Dr. Bell's Antiseptic Salve and you get the best. We guarantee it. 25c a box everywhere.

If there be a dearth of local matter in this issue of the Record, it can be laid to the press of other work in the office and the fact that the "Old Man" is off on another outing; this time to the State Press Association now in session at Stamford.

Doss' Kidney Pills--Guaranteed.

Fifty-two scholarships enrolled during the first week is the record of the Roberts Business College in this city.

E. B. Reeves of Rio Vista, spent several days here last week instructing the Council of Royal and Select Masters in the mysteries of Cryptic Masonry. He has just freshened up the brethren at Snyder.

Do You Get the Best

If you have a cough, cold, asthma, croup or any throat or bronchial trouble use Dr. Bell's Pine-Tar-Honey, you do. Look for the bell on the bottle.

Dick Sparks came in home from Midland last Friday, where he has been for three months on construction work. He reports much building, with a water system and ice plant in course of construction.

New Blacksmith Shop.

I have opened a blacksmith shop in connection with my wagon yard, with W. A. Whitley in charge, and solicit a share of the public patronage. I still pay highest prices for hides. 4-8tf WM. DERUSK.

Most Popular Place.

My stock of confectioneries will be here in a few days, also a fine line of cigars and smokers' accessories. My found is now in full blast. No pain will be spared to make the City Caf the most popular place in town. Come to see me. CHARLEY THOMAS.

If you have a son or daughter, don't send them off to some commercial school. Right here in Colorado is as good business college as can be found in the state. Its guarantee is not so strong on getting the student a job, as in qualifying him to hold it--to make good.

Mr. A. A. Copeland, of Mabank, Kaufman county, was a court visitor last week. Mr. Copeland is the county surveyor of Kaufman and is an old friend and former neighbor of O. M. Mitchell, between whom a strong friendship exists.

Lame shoulder is almost invariably caused by rheumatism of the muscles and yields quickly to the free application of Chamberlain's Liniment. This liniment is not only prompt and effective, but in no way disagreeable to use. Sold by all druggists.

John T. Johnson of Sweetwater came over Monday to join a party of fishermen.

New pupils are being enrolled each night at the night session of Roberts Business College.

Mrs. Ben Simmons returned last Thursday night from an extended visit with friends at Abilene.

Chamberlain's Stomach and Liver Tablets will brace up the nerves, banish sick headache, prevent dizziness and invigorate the whole system. Sold by all druggists.

Jim Sims, accompanied by Mesdames John Sims and her mother, Mrs. Mathews, left this week for an extended visit in Georgia.

Young man, if you are contemplating entering commercial life, qualify yourself by attending Roberts' Business College.

If you are not satisfied after using according to directions two-thirds of a bottle of Chamberlain's Stomach and Liver Tablets, you can have your money back. The tablets cleanse and invigorate the stomach, improve the digestion, regulate the bowels. Give them a trial and get well. Sold by all druggists.

Don't forget that Hon. R. V. Davidson, candidate for governor of Texas, will speak in Colorado on Thursday, June 30th, the first day of the carnival. Come out to hear him.

More Bread for Your Money.

The cost of bread has been hard on the public for the last twelve months. The cost of meat, lard, flour, bread, etc., having made a great impression on the purses of the public, W. J. Doherty of the Eagle Steam Bread Factory, having made some good purchases of flour, will enable him to add two ounces on each loaf of his best brands of bread, namely, "Butter Nut", "Carnation" and "Malted Bread."

Don't be deceived by those who say "just as good" or "a loaf is a loaf." If you are going to purchase a horse you would not be satisfied to take one twenty years older, neither would you want a blind, crippled or lame horse.

Weigh your bread, and see that you get the value for your money. Don't pay 5 cents for a small half loaf of inferior quality. For full weight and best quality, always insist on getting "Butter Nut," "Carnation" and "Malted Bread" at your leading market--THE PALACE MARKET--where everything is the best.

Mrs. S. E. Winfrey wishes the Record to express her thanks to the merchants of Colorado for their uniform courteous and kind treatment to her in their business relations, and to those who so faithfully staid with her.

Chamberlain's Cough Remedy is sold on a guarantee that if you are not satisfied after using two-thirds of a bottle according to directions, your money will be refunded. It is up to you to try. Sold by all druggists.

Mr. Y. C. Hamilton, of Fort Worth has assumed managerial charge of the local business of McCord-Collins.

Granulated Eyelids.

Can be cured without cauterizing or scarifying by the use of Sutherland's Eagle Eye Salve. We guarantee it to cure. 25c everywhere.

Mr. Sam Singleton and son, Will accompanied by Mrs. Singleton, Jr., were Colorado visitors last week.

Mr. Bookkeeper, if you desire an increase in your salary why not attend the night session of Roberts' Business College!

There will be an entertainment given by the ladies aid society of the Christian church, on June 17th--a temperance play--"Dot, the Miner's Daughter."

Doss' Kidney Pills--Guaranteed.

D. L. Beaman came in this week and moved his Record figures up three plunks worth.

M. A. Churchill who has been employed by the Colorado Ice Co. as their retail manager, has been moved to Merkel.

There is more catarrh in the eyes of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Sent for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, etc. Take Hall's Family Pills for constipation.

A young child of Mr. and Mrs. J. B. Holt died Wednesday morning and was buried in the afternoon. Mr. Holt is employed at the Colorado Mercantile Co. has he and Mrs. Holt have made many friends in Colorado, who sympathize with them in this, their sad hour of grief.

Mrs. M. A. Churchill came in Wednesday from Big Springs, and will visit friends in Colorado for a few days.

Doss' Kidney Pills--Guaranteed.

Order for an Election.

Pursuant to an order of the City Council of the City of Colorado, Texas, an election is hereby ordered of the property tax-paying voters of said city, to be held in said city, at the county court house, on the 24th day of June, A. D. 1910, within legal hours prescribed by law, to determine whether said city shall adopt the provisions of Chapter IV of the Acts of the Second Called Session of the 31st Legislature of 1909, relating to imposing the whole cost of sidewalk improvement on the owners of abutting property, etc.

Resident property tax-paying voters within said city, only are eligible to vote at said election.

C. M. ADAMS,

Attest: Mayor
ERNEST KEATHLEY, Clerk.

O'BEAL

I have room for a few more mares. My terms are reasonable. Call and see the horse at the livery stable of A. R. Wood. He is a registered French Coach horse.

D. H. SNYDER, Jr.

Miss Hazel McKenzie is spending the week at Big Springs on a visit to friends.

As an evidence that the Roberts Business College is doing some good work, and that there is ample ability in Colorado, it may be interesting to note that one young lady who has not been taking short hand lessons over three weeks wrote seventy words from dictation one day.

At the tabernacle last Sunday afternoon, Rev. Holmes Nichols spoke of what he saw in the slums and Water Street all-night missions in New York City. His address was listened to by a much larger crowd than usual and produced a marked effect upon his hearers.

Mrs. F. E. McKenzie returned home Thursday morning from a short visit to friends at Big Springs.

A congenial crowd consisting of Brooks Bell, Ben Piaster, Joe Stokes and Jno. T. Johnson of Sweetwater, as the central figures left this week for a few days fishing down on the Concho.

Thos. Hubbard of Sweetwater was a Colorado visitor Sunday.

HOUSES TO RENT--Large and small, cheap and cheaper, far out and close in. Phone 77 or 32. E. KEATHLEY.

The ladies of the Baptist Aid Society desires the Record, for them, to thank those who were so liberal in furnishing cakes at the "contest" last Saturday, and especially those not members of their Society. They also wish to thank the judges, who so impartially awarded the prizes, and so cheerfully acted in this capacity. Also the citizens in general who were so liberal in bidding and buying the cakes.

Let Roberts Business College prepare you to battle with the commercial world.

The jury in the case of J. A. Fore for embezzlement, rendered their verdict Thursday morning. The verdict was guilty, and two years as the punishment. We understand a motion for a new trial has been filed.

Little Miss Dimple Gross of Snyder is spending the week in Colorado, the guest of some of her young friends.

For Buttermilk phone 264.

LUMBER

Yes, I am selling lots of it, and my customers are my best advertisement. ASK THEM ABOUT US. Are you going to build a chicken house, a barn, a room, a rent house, or a residence? I want to sell you the lumber. Don't fail to see me about it.

It Will Pay You

I have pleased thousands of people and know I can please you. If you are one of my customers you know this is true; if you are not, I want to prove it to you. COME AND SEE ME.
