WHIPKEY PRINTING COMPANY.

Colorado Ice Company

TO ICE CONSUMERS:

This is to advise you that we will start our ice business for the season beginning with tomorrow when our wagons will begin making daily deliveries to all customers.

We have engaged the services of Mr. T. A. Griswold, who will have charge of the local business at ice house—office phone 296—and who will issue and collect for all coupon books.

It will be our aim to render a prompt and satisfactory delivery service AT ALL TIMES, and if you don't get it we would appreciate it very much if you would IMMEDIATELY phone in your complaint to Mr. Griswold and he will see that you do get it. Also notify him promptly of any inattention or lack of courtesy on part of drivers.

Our price on ice from the beginning, and continuing until further notice will be at the rate of

30 CENTS PER 100 POUNDS

regardless of quantity taken at each delivery.

Also please remember always that WE POSITIVELY WILL NOT BE UNDERSOLD BY ANY COMPETITOR, and that this reduced price of 30 cents per 100 lbs. will be still further reduced when, and as, same may be necessary.

Your credit is still good with us.

Yours very respectfully,

Mole Pests of Peanuts.

Can the ground pests which destroy the peanuts planted every year be combated by any process that the peanut planter can afford. That is a serious question, and whether the problem has been solved by H. L. McKnight, in charge of the farm crops department of the Texas Experiment Station at the A. & M. College, remains to be seen.

Mr. McKnight however, is using a deterrent for ground insects, rodents or otherwise. His plan is to take one gallon of boiling water, and into this shave a pound bar of ordinary laundry soap. It is better to shave the soap into the water first and then let it come to a boil, and in this way the soap become thoroughly dissolved. To that gallon of boiling water he adds one-half pint of kerosene oil. This mixture is stirred thoroughly for ten minutes so as to make an emulsion. This emulsion is poured into ordinary water sufficient to make eight or ten gallons, or enough to saturate two bushels of peanuts. The pods are not broken in any way. They are put into the mixture whole, and allowed to soak for twenty-four or forty-eight hours. The object of this soaking is for the pods to take up all the water. That is the shells of the peanuts must take up all the free water; so that when the peanuts are taken out of the vessel barrel, or can, there will be very little if any water remaining. The peanuts are then planted whole—WITHOUT BREAKING, planting at the rate of two bushels to the acre.

In this way germination sets in before the peanuts are planted. The oil and soap on the pods are offensive to

the ground pests, and plants gets a chance to start their growth without hindrance. The plants ought to be up within ten days.

Mr. McKnight has tried this plan for two years, and he has gotten a good stand of peanuts without interference from the moles.

Farmers Attention!

We have 1200 bushels of pure Mebane cotton seed shipped from Jas. G. Blanks, 2400 acre farm near Lockhart, Caldwell county. These are pure and can be bought for \$1.10 per bushel. This cotton turned out 40 per cent lint from these seed. If you have to plant over come and let me sell you these seed.

West Texas Normal.

The Normal received a number of new pupils Monday, the enrollment reaching seventy-five on that day. The sessions are held from 8:30 to 12, then from 1:10 to 2:30 and everybody is studying just as hard as the hot weather will allow. Get out and meet the teachers and pupils and invite them to church and your social affairs.

The following is a partial list of the names of the teachers attending the Summer Normal:

For First Grade Work—Miss Anna Mae Scott, Big Springs; Miss Myrtle Garrett, Gorman; Miss Birta Wilson, Snyder; Miss Mabel Meador, Ranger; Miss Flora Bazeman, Cuthbert; Miss Knott, Loraine; Miss Maggie Lee Call, Roby; Miss Ethel Pritchett, Colorado; Miss Ollie Pritchett, Colorado; Miss Josephine Hilbun, Miss Esther McWhirter, Miss Eli Pool, Roby; Miss Omira Terry, Colorado; Miss Mae Ely, Snyder; Miss Ollie Terry, Colorado; Miss Emma Gandy, Loraine; Miss Lena Ferriman, Dognott; Miss Vera Thomas, Loraine; Miss Willie Smith, Roby; Miss Josephine Saunders, Sweetwater; Mrs. L. The program of the Normal has been changed this week to one session each day from 7:45 to 12:35.

Tuesday Mrs. Fannie Goach Iglehart of Austin, gave a lecture on her book, The Boy Captain of the Texas-Meir Expedition. The lecture was very interesting to the teachers since it was a true account of the Meir Expedition.

Wednesday Mr. Rogers of Dallas, editor of the Texas School Journal, gave a lecture on reading. Very valuable was this lecture especially to those who have never taught.

T. & P. OFFICIALS STOP IN COLORADO

General Superintendent Everman is Head of Party on West Bound Special.

A special train carrying a party of prominent T. & P. Ry., officials passed through here. In the party were J. W. Everman, General Superintendent; A. G. Whittington, Division Supt.; J. H. Hillis, Assistant Supt.; J. Y. Burke, Roadmaster and Mr. LaHardie, private secretary to the general superintendent.

The party is on a trip of inspection over the road. They were here about ten minutes.

By no means the least interesting member of the party was Mr. Whittington, who has recently been made Superintendent of this Division. Only a few years ago Mr. Whittington was station agent at Clyde, the little town just east of us. His rise in the service has been very rapid. He has been Superintendent of Fort Worth Division of the I. & G. N. and Judge Freeman is responsible for his transfer to the T. & P.

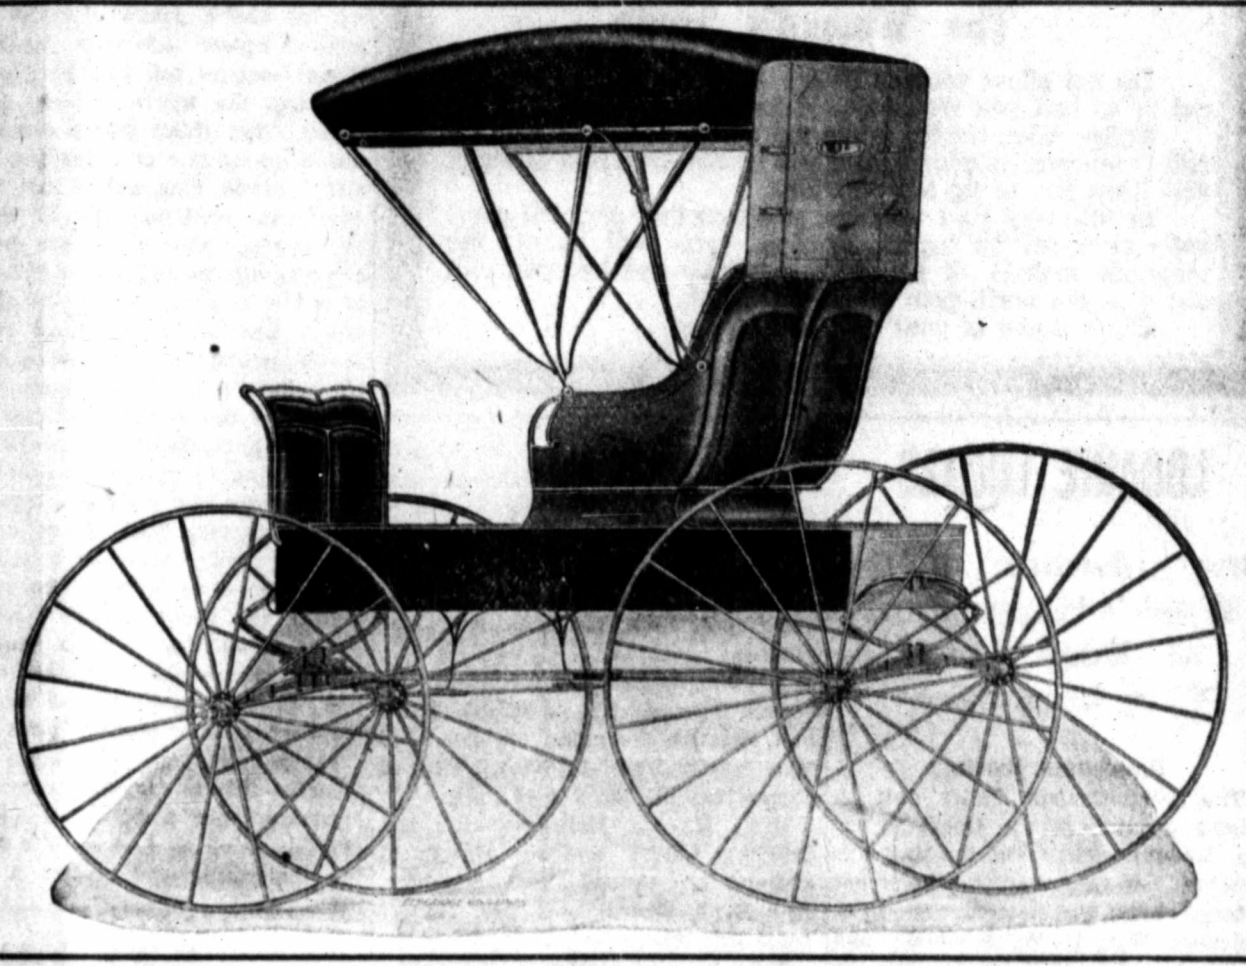

It had been reported that Judge Freeman would be with the party, but press of work would not permit him to come out. It is stated officially, however, that he will be over the road sometime soon.

DOSS & JOHNSON

Announcement Party.

Wednesday morning Mrs. M. K. Jackson most originally entertained the G. F. C.'s and her Sunday school class with a thimble party. The guests were received on the flower decked porch by the hostess looking as cool and fresh as June itself while the young ladies were dainty in summer frocks with the added touch of gay sewing bags. On entering the hall Misses Angee Buchanan and Etta Doss served a delicious fruit punch. Piano solos were given by Mrs. Turk, Misses Lula Merrill and Wateris while Miss Adams and Mary Coe sang most sweetly.

When all had assembled the hostess drew a large clothes hamper into the parlor and asked everyone to take out a package. These were tied in white and green and were of various shapes and sizes. On being opened they proved to be dusting caps, aprons, dust cloths, bath clothes, tea towels, pin cushions and bags all being numbered. A tray filled with colored thread was passed and each told to ornament their articles in any way they chose. Thread was selected and blancheting, monogramming and embroidering begun. Punch was served at intervals to refresh the workers. At last the articles were collected and the judges Mesdames Adams, Hooper and Buchanan were asked to select the neatest. Miss Byrd Adams work was adjudged the most neat and she was given a pretty pair of scissors. Miss Mattie Shuford's work was second and she was given a set of ribbon runners. Miss Elva Lowe was third in neatness and received an ivory handled stiletto. Mrs. Jackson now told the guests that she would not be selfish enough to keep all this pretty work for herself but that it should go to adorn the Buchanan Hammock home which would be established the 28th of June, and with this announcement she showered Miss Angle with the articles.

The dining room doors were now thrown open revealing a beautiful Bayler decked table. At the four corners stood baskets filled with nasturtiums and in the center was a large basket filled with daisies out of which peeped cupids tied down to earth with streamers of tulle most gracefully arranged. The wild flowers and ferns were also used around the punch bowl.

Misses Ina and Dera Wulfjen, Mattie and Alice Shuford and McLure served a delicious one o'clock lun-

cheon after which the guests said good-bye amid exclamations of pleasure over the delights of the occasion. Mrs. Jackson was assisted in receiving and entertaining by Mrs. W. L. Doss and both proved themselves adepts in the art.

And so another of Colorado's fair girls decides to become a matron and a June bride. "It is the season now to go, about the country high and low, among the lilacs hand in hand, and two by two in fairy land. May Mr. Hammock and Miss Buchanan go always hand in hand in love's delightful fairy land.

Tuesday night at the house of the superintendent R. M. Webb, the Baptist Sunday school entertained its scholars and the home department most delightfully. The lawn had been brilliantly lighted, the electric light globes hidden in Japanese lanterns. The guests were made cool and comfortable upon the lawn. The piano was placed upon the porch and beautiful music provided all the evening. The guests of which there were a large number were magnificently entertained by Mr. and Mrs. Webb who are always glad to work for the pleasure of the school. Delicious cream and cake was served and the little fellows reveled in ice cream cones to their heart's content. This was the second annual lawn festival and it

was even more enjoyable than the one last year. Mr. and Mrs. Webb are leaving for California in a few days and as the entire school will miss them, the occasion was used to tell them good-bye and to wish them much pleasure on their trip. The pupils, young and old, already look forward to next June for another like pleasant occasion.

Early Monday morning Mr. and Mrs. Webb will leave for Fort Worth where they will join a special train for San Francisco to attend the thirtieth International Sunday School Convention. The special train will leave Fort Worth Tuesday morning June 13, at 9:30 over the Fort Worth & Denver railway. Will stop that night for a two hours rally at Amarillo taking the Santa Fe system going by way of Albuquerque, New Mexico, holding a big rally there at noon Wednesday, and then go on to the Grand Canyon of Arizona, spending Thursday leaving that night; travel on to Los Angeles, reaching there Friday at 2:30 p. m. and stay until Monday, leaving Monday over the Southern Pacific for San Francisco, where they arrive Monday night in time to become settled before the great convention begins on Tuesday.

In Bad Fix

"I had a mishap at the age of 41, which left me in bad fix," writes Mrs. Georgia Usher, of Conyers, Ga. "I was unconscious for three days, and after that I would have fainting spells, dizziness, nervousness, sick headache, heart palpitation and many strange feelings. I suffered greatly with ailments due to the change of life and had 3 doctors, but they did no good, so I concluded to try Cardui.

"Since taking Cardui, I am so much better and can do all my housework."

Take CARDUI

The Woman's Tonic

Do not allow yourself to get into a bad fix. You might get in so bad you would find it hard to get out. Better take Cardui while there is time, while you are still in moderately good health, just to conserve your strength and keep you in tip top condition.

In this way your troubles, whatever they are, will gradually grow smaller instead of larger—you will be on the up-grade instead of the down—and by and bye you will arrive at the north pole of perfect health.

LORAIN LOCALS

Brief Mention of the Week's Happenings at Busy Town of Loraine.

Prohibition Meeting.
The prohibitionists had a well attended meeting at the Opera House last Monday night. The meeting was arranged on rather short notice, but a large crowd was present. Dr. P. C. Coleman, Hon. L. W. Sandusky and Judge A. J. Coe of Colorado were the principal speakers. Chairman Phillips then called for extemporaneous remarks, and many responded.

It is conceded that much real benefit was derived from this meeting, and many were made stronger in the faith.

Farewell Shower.
Mrs. W. H. Summers was charmingly surprised on Monday afternoon by a farewell shower from her friends given at the residence of Mrs. Dunahoo. The little daughter of the hostess representing a messenger boy, presented the gifts in a child's express wagon requesting Mrs. Summers to "sign." The miscellaneous packages when opened revealed dainty and useful remembrances accompanied by sentiments both sincere and laughable.

Mrs. Summers in striving to express her appreciation mingled both laughter and tears. She has won a host of warm friends during her four years residence in Loraine and these genuinely regret her departure.

After the shower the guests were served delicious sherbet and Nabisco wafers. Little Gwendola Dunahoo dispensed refreshing punch to each arriving guest. The favors were exquisite water color sketches on "ivy oval shaped cards."

W. L. Petty left last Tuesday for Hico on a sad mission. He goes to attend the funeral of his sister who died in the hospital at El Paso. Her remains were shipped to Hico for interment.

Andrew Courtney, an old resident of Loraine, now located in Dallas, spent a few days here this week with friends.

J. H. Galloway has purchased the W. H. Summers residence and moved into his new home. He also succeeds Mr. Summers at the Summers Mercantile Co.

E. W. Sturgeon of Hermleigh, has accepted a position with the First State Bank of this city.

Several from Colorado were here Monday night attending the prohibition meeting.

Mrs. Bud Whorton of Roscoe is visiting her sister Mrs. W. F. Altman this week.

Many of our citizens have been attending court in Colorado this week. Capt. R. H. Watlington transacted business in Colorado last Tuesday morning between trains.

There were twenty-three tickets sold from this station to Fort Worth on account of the Rally on the 5th.

Mrs. Stickney, who has been visiting her daughter, Mrs. Harry Hall, left Tuesday morning for Roswell, N. M.

E. D. Galloway has moved into the Blume residence recently vacated by J. H. Galloway.

M. K. Jackson of Colorado was circulating in our midst last Tuesday. H. J. Lake and J. O. Goodno of Abilene attended a stag party here last Monday evening.

Mr. and Mrs. W. H. Summers left Monday night for Bridgeport, Texas,

to make their future home. They have resided in Loraine for the past five years and have a large circle of friends who will miss them.

Claud Hays opened his school again last Monday after a two weeks vacation, and will continue for four months.

A. M. Jackson entertained the young folks at his hospitable home last Saturday evening in honor of Miss Myrtle Hays' birthday. Why of course they all had a good time.

Mrs. M. C. Hollingsworth and daughter Eural and son Harold of Midland are visiting her daughter, Mrs. E. J. Stowe and Mrs. Herbert Toler this week.

Quite a jolly crowd of our young folks took a hay ride to Kit Porter's place east of town last Monday night, and had one of those unusually delightful times.

Miss Naomi Cone of San Antonio, is visiting her sister, Mrs. D. C. McRae.

Prof. and Mrs. J. C. Helm returned last Friday. Mrs. Helm left on the next train in response to news of her mother's illness. The latest reports are that she is improving.

Jim Sanders is the proud father of a fourteen and a half pound boy, born last Friday. Mother and boy doing fine, Jim convalescent.

Dr. W. R. Shook made a business trip to Fort Worth the first of the week.

W. T. Wheat spent a couple of days in Fort Worth this week.

Mrs. U. D. Payne and mother, Mrs. S. M. Gill left Saturday night for Abilene. Mrs. Payne will spend a week with her mother before returning.

F. B. and A. L. Whipkey came over from Colorado last Saturday and took in the base ball games.

Homer Robertson of Colorado was among the fans from that city who took in the ball game here Saturday.

Two auto parties from Colorado attended the ball game here last Saturday but we did not learn the names.

Mrs. J. A. Summers returned Sunday from a trip to Dublin, Texas, where she visited relatives and friends.

V. D. Payne made a trip to Odessa last Saturday night returning Sunday night.

SPEECH BY W. E. BERRY

Given at the Close of the Public School At Fairview.

Ladies and Gentlemen, Boys and Girls—Time and labor have been put forth here to aid in the great closing scene of the last day of public school here at Fairview. I appreciate the courtesy of your able and skillful teacher in the privilege she has given me to say a few words on the lines of "teaching and education."

In the first place for a teacher to make a success of teaching they must love the country life and country home and must see in the life possibilities of a complete life. The greatest problem of every country teacher should be to arouse interest in country life and a desire to make it the most complete life it is capable of. Many teachers fail because they fail to grasp the whole problem at this point. They think that a school picnic, a school fair or a spelling match is the whole thing and if that is successful the problem is solved. They do not realize that these are but the stepping stones, and that in the course of a few years they will, in all probability bear about the same relation to the public school question as the side show bears to the main circus. They are the entering wedges only. The teacher should be always ready and willing to make the problem of the country her problem. She must be able to take hold of any common interest and build upon it. This should be done with a view toward getting the people together for concerted action, for no great movement of any kind among any class of people has been accomplished until the majority of the people gave their organized support. We know somewhat of this in our own community. It matters not what line the teacher specializes on as long as she reaches the community and creates a desire for a fuller or better life. The teacher should reach the community through the pupils and the pupils through the community. There should be no dividing line. I am sorry to say that the teacher usually stays but one year in a district. I think this is often a disadvantage to the public school today, for the pupils are become associated with the teacher and are working under her care and guidance and oftentimes are not following their own natural inclinations and when the teacher and pupils seem to be at the highest point of learning, the school closes. The teacher perhaps never sees the pupils again, and the next season the community hires a new teacher and everything has to be done over again. If there could be some law passed for teachers that they could hold office for four years, I think that a teacher could do much more in the building up a country school. During that time the pupils would know the teacher's ways and the teacher would know the minds and characters and habits of the pupils.

If the parents are not in sympathy with what is taught by the teacher, the chances are the effect of the teaching will be largely nullified because the child has no encouragement to learn the lessons taught. To gain the greatest amount of benefit the parents must be interested in solving the school problems. There is but one institution today that reaches the whole community; that is the welfare of the public school and we ought to encourage teachers with a desire to accomplish something now under present conditions. For a teacher to stand up today and say "I must follow in the old way because I am not trained in the new" is simply acknowledging they are a machine and not a progressive citizen. For no teacher is so poorly prepared that she cannot take an active interest in the life of the community. In Sunday schools

BURNS & BELL
QUALITY IS ECONOMY

Speech by W. E. Berry.

and religious matters and by helping solve the problem and make the life complete. Those are some of the most fundamental things in every day life. The teachers work should be to instruct, direct, train the pupil to assist the mind to perform its function of knowing and growing; to develop in power and skill as the artist must know the grain and structure to chisel the perfect statue. So must the teacher know the strength and different habits of study and thoughts of his material, the pupil, in order to do the best work. As the artist carves, and molds his statue so must the teacher mold to beauty and strength the human mind and character. For in this world there is nothing great but man and in man there is nothing great but mind and soul. School teachers today are chiseling out chip by chip the character and minds of men and women who one day soon will rule the destinies of this great American nation. I say to the teacher, do you realize in your school rooms you have in your charge the growing minds and the wills and characters of future America. This is in your hands today to develop them for good or for evil and on your shoulders rest the future hope of the commonwealth and country. For education and the public school is the hope of the natives today. What is education? Education is such preparation of the individual in physical intellect and moral character as will enable him to secure the highest enjoyment here and hereafter. Then be faithful to your trust, the children and your country, for future citizenship. They are marching forward even now to take charge of the offices of the coming generation—to occupy the homes, the pulpits, the offices, the business houses, the legislative halls and school rooms, yes and they will conquer all honor and wealth. They will assume authority, all things will be taken from ocean to ocean. They halt not but will soon enter where we stand today. Whether they take possession for good or for evil depends on the training they receive at your hands. You have more power than congress and senate. May you improve and not abuse the charge committed to your keeping. Press forward and upward in the cause, profit by the past and reap a harvest lying out before you for the gates of knowledge stand open before you today. Happy, proud, educated America shall enter in, for education must prepare our citizens to become intelligent officers, jurors, honest witnesses, legislators and competent judges and to fill all the manifold relations of life and for this end it must be universal. The whole land must be watered with the stream of knowledge, for it is not enough to have here and there a beautiful fountain playing in palace gardens, but let it come like the fatness of the clouds upon the thirsting earth. Let it reach our country boys and girls on the farm for it will tend to give them a firmness of moral right, and a keenness of judgment that will stand them in good stead every day of their lives wherever their lot may be cast in town or country. Therefore I say again education must be universal. It is well when the wise and the learned discover new truths. But how much better to diffuse the truths already discovered amongst the multitudes. Every addition to true knowledge is an addition to human power and when one philosopher is discovering one truth millions may be discovered among the common people. Diffusion then, rather than discovery is the duty of our government and it is following out this duty closer every year. The theory which I get from our government is not that all men however unfit shall be voters, but that every man by the power of reason and sense of duty shall become fit to be a voter. How can we expect the public or the government to stand if vicious materials or men unintelligent are daily wrought into the framework of the great American nation.

Boys and girls of the public school, you should feel proud of your school and the privileges you have and the chance of getting those blessings. I have been in countries where there were none and those people would have given all they had in this world to have the chances you have here. I think it a great blessing to live in a country where greatness is thrust on us free of cost. For the highest honors of society, church and state are within the grasp of the humblest citizen in Texas. The school boy of the Lone Star state with ruffled shirt and torn jacket may bask his brow in fames eternal realm if he wants to do so. In Texas our young ladies may carry away in triumph the first honors from the grandest universities in these United States, for in Texas the supreme law has unlocked the door of noble aspirations and our fathers have hidden the keys and inscribed in burning letters "Enter thou in." Here in Texas all those riches is yours and what is true in Texas is also true in other states. I am proud to see the energy and ability displayed here at Fairview along these lines and I would advise you to seek the highest and broadest education for it will prove a well spring of everlasting joy to you some day. Figuratively speaking, this is an age of lightning and electricity. Fortunes are made and lost in one day. Then explore any field of literature and science you can; lift for a moment the shining veil of the past and look through the dim vista of ages, for no time is lost in devotion and loyalty to school life. I advise you again press on to the goal of a thorough education and you will shine with sure footing to the pinnacle of fame. I wish to congratulate both the pupils and patrons of Fairview upon their good fortune in having for their teacher the progressive scholarly young lady Miss V. Casey. Your opportunities are golden with so learned and intellectual a Christian instructor. Let me entreat you to appreciate those blessings so graciously afforded you to the end that you may become useful men and women to your community state and nation. Go deep enough there is music everywhere, go high enough and there is beauty everywhere. Remember always that greatness lies in true worth, for no man can become truly great without at the same time being truly sincere. Then be honest, be thoughtful, be sincere, for the world loves great and good men.

To be truly great is also to be truly good. Success in whatever line must have for its enduring charities, honesty, temperance and morality. In a word intellectually temperance, honesty and fidelity are the ready hand maids of success. Success is not a game of chance or a lottery scheme, but is dependent upon well defined laws, which when comprehended leads to success and victory in every noble purpose. Whatever you devoutly hope to be is yours to obtain if you use the gifts of the Creator as he has so graciously bestowed upon you. Then I say build your hopes for noble deeds. Let the world see and realize that it is better for you having played a part in life's great drama. Then let your thoughts upward rise for upward our soul rises to a glorious diadem, to the bosom of its creator. I have seen many things along on those lines that has convinced me of them. Everywhere around us is displayed the grandeur of nature, nay up on the mountain peaks amid the clouds and in yonder desert and on the raging ocean we see His mighty power. Then boys and girls it is divine to aspire to be good, to be noble, to be great. Then continue your school days until you have acquired a thorough education. Be not weary in well doing. Know first you are good and then you may justly aspire to be noble. You have a great and glorious country, the best I have ever seen and I have seen much of the world and I know what I am talking about. Texas is an empire within itself with soil more fertile than the valley of the Nile, yielding the products of every zone with thousands of fat cattle roaming over her hills and browsing over her limitless plains with unnumbered herds of skipping lambs. Her quarries of marble, her beds of coal, her spouting wells of petroleum with only the surface of mother earth scratched. Her inexhaustible resources, all bespeak this prophecy that before the next half century shall have passed this great Lone Star State of Texas will be in the first magnitude and greatest state in the union. In the perfection of her already unexcelled system of schools tell me where you will be in the sturdy ranks of progress. Will you be with the new South with Texas first in the lead where glory and chivalry live on forever? I ask the question again what part will you take in this great program. Be not a deserter or laggard but with courage, I hope you will assume your place among the pressing ranks of you fellow men.

And the great and noble women who are never lacking in courage or ability, with those riches before us, there are at times danger. Land grabbing and commercialism often threaten us as a nation and the day of retribution will come to those workers of iniquity be they men or a nation of men. There are those great questions to be settled sometime and it may be you that will be called on to find the right solution. There are other great matters of state and union that may be inviting the coming generation of men and women to adjust. Then let me advise keep posted, read the papers and many of them not novels, but some good papers that will post you on what your government is doing. Young ladies you also have a mission in some of these problems for you know that women are fast taking her place beside that of her companion and both together are working out the difficulties which beset to the end that our institutions may endure in glory forever. Then tune your lyre to virgil song and the world will grow more beautiful and famous. Celestial wings will rise higher and higher, for when physical beauty touches the inner soul it paints the rainbow and disperses the mist and kisses the golden goddess of liberty for the world at large and the country also loves great men and noble women. If you improve the opportunities now given you rest assured there is great things in store for you. Don't never be discouraged because you have not the knowledge of education others have. Never be ashamed of your education. Just think of Abraham Lincoln when he was a boy. He walked twenty miles through a wilderness to borrow an English grammar. He had no paper to write on nor money to buy any. When this day's work was done in the field he would bend his huge 6 feet 4 frame clear down to the back of a wooden shovel and when he had that carved he would take his pocket knife and peel that much wood off and commence again. Children now at 10 to 12 years of age know more than Lincoln did at 21. So young boys and girls don't be ashamed of your little knowledge for like the noble Lincoln there is always room on top for with the little knowledge that Lincoln had he grew and did the work that was to improve the condition of millions of men and women.

Fathers and mothers of the community and trustees do your duty to the public school as you ought to. The average parent pays very little attention to it. You know as well as I that the office of trustee is very important and a great deal depends on the intelligence, judgment and good sense of men in this position. The trustees must employ teachers, have school houses built and kept in repair and see that stoves, fuel, desks, blackboards, drinking water and lots of other things must be looked after. Parents ought to feel enough interest in the education of their own and their neighbors children to vote for and elect men as trustees who are not only qualified, but who will take enough interest in schools to go ahead and do their duty after they are elected. The carelessness and indifference manifested by some of the trustees in the management of their schools is oftentimes a crime against the children whose opportunities for getting an education are oftentimes cut short along on these lines. Parents if you have children to educate, you can't shift your responsibility upon the shoulders of anyone else, for our school system provides for trustees and if you fail to vote or if you elect men who will not take the trouble to look after your schools you are shirking your duty and neglecting the future welfare of your children. It is no wonder some of our trustees feel little interest in doing their duty. To be elected by five or six votes out of a majority perhaps of 50 does not look good for any community. It shows mighty little interest when men will oftentimes lay around and won't go to the polls to cast their vote for something that will benefit the community and their own children also. Many districts are having poor schools because nearly everybody is leaving the responsibility of looking after the school to somebody else, reserving only the right to criticize. It is a settled fact that our schools and our children will suffer unless we have trustees who can and will do what is required of them. Let me urge you for the sake of your children to go and cast your vote for the men who will undertake to do this work and do it right. If you will do this it will show the trustees that you think the work they are to do is worth while and they will feel that the responsibility is put upon them in recognition of their fitness for the position. Do this for the good of the schools and help to make the trustee office what it is and really ought to be—a position of honor and trust. The trustees should visit the schools at least once a month. This would give the teacher encouragement and the pupils would enjoy their visit. Parents should visit the school often and see for themselves what the children are doing. They should do more of this and less criticizing. Oftentimes a teacher has a hard place to fulfil and should be encouraged instead of frowned on. When a contract is made with a teacher it should state in what manner the school should be carried on in regard to disinfecting, care of house, how often it should be swept and by whom.

I have been trustee eight years, my daughter has taught the public school four years so I know somewhat of what I have been saying along these lines.

NOTICE TO THE PUBLIC

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of The Record will be gladly corrected upon it being brought to the attention of its publishers.

"Great is Mitchell County, and The Record is its Prophet!"

COLORADO TEXAS, June 2, 1911.

Rev. C. E. E. Willis, pastor of the Christian church at Midland opened the big anti-rally at Fort Worth. How would you liked to have been there?

Beyond the Alps Lies Italy. Isn't it comforting to know the above is true beyond a question. The Record received an invitation this week from the A. & M. College at Bryan to attend the commencement exercises there on the 11th 12th and 13th.

We received a letter from a wholesale liquor dealer in San Angelo this week saying: "Kindly quote me prices on black-face locals also please send me list of you local subscribers."

For unmitigated, 18-karat gall he takes the cake. The Observer is published in the interest of the citizens of Christoval and Tom Green county, and has refused and shall always refuse liquor ads; and patent medicine ads too long, so long as we can get enough of other kinds to live on—and we believe we can—as we believe in protecting subscribers in every way possible from the saloons and the patent medicine fakir.

The above is from Frank Van Horn and goes the Record one better for we have not yet drawn the line at patent medicine ads. The Big Springs Herald is the only paper we know of in all West Texas that will run saloon ads in their columns.

The editor has been boarding this week where there are six school nannies who are here attending the Normal. When we were a boy and first began to read we read as follows:

See the cow! Is she not nice! Can the cow run as fast as the horse? No the cow can not run as fast as the horse. But the way they read it now is: Gee! look at the cow! Isn't she a beauty? She's a corker. Can the cow get a move on herself? You bet she can. Can she hump it like a horse? No, she ain't in it with the boss.

The Governor of Oklahoma Speaks. Some time ago the liquor men sent a man named Stevens to Oklahoma to write up the failure of prohibition in that state. He did it shamefully. He found the blind tigers. Mr. W. S. Harris of Grandberry, Texas, sent the write-up of Mr. Stevens to Governor Bruce of Oklahoma and here is the Governor's answer:

"I am in receipt of a clipping from newspaper, an article written by Fred M. Stevens in reference to prohibition in the State of Oklahoma.

"Mr. Stevens came to Oklahoma doubtless to find certain things and found them. If he had come with an unprejudiced mind, he would have found different facts. He tells about finding dives and joints in Oklahoma towns and says he could give the streets and numbers of these. As a good citizen, if he knew these facts he should have placed them before the County Attorneys of these different counties and it would have been the duty of these officers to have had these lawbreakers arrested.

"Mr. Stevens does not tell about finding a large brewery in Oklahoma City which formerly made beer, but now makes nothing but ice. He did not tell that there are no open saloons and that the average man passing along the street would not know that liquors could be bought in Oklahoma City and these other towns. The man who wants to buy liquor in Oklahoma must hunt for it just as Mr. Stevens doubtless did.

"People will steal horses in Oklahoma and occasionally even murder is committed, despite the fact that there are laws in Oklahoma against both of these crimes. This same condition doubtless prevails in Texas also, and there are road houses in states where the open saloons flourish.

"The people of Oklahoma are well satisfied with prohibition, which fact is proven conclusively by the election returns. The majority at the last election was larger than at the former election. This is the best evidence that the people of this state are better satisfied with conditions now than with conditions which formerly prevailed when the state had open saloons.

"There is more money in the banks now than then. The stores are selling more goods now than then. Real estate is worth more now than then in both town and country. There are more miles of paving and sidewalks now than then, and all Oklahoma is more prosperous today than it was when the state had open saloons."

Let's put over against this the record of the license cities of Texas—Galveston, with wide-open saloons, day and night, Sunday and Monday, with scores of illegal selling places, tigers with their eyes wide open. We will put Dallas, Houston, Galveston or Fort Worth against any license city in America, for blind tigers and all other kinds of ravenous varmints. License has been tried for fifty years as a method of regulation and the result is that the liquor traffic regulated the cities and the state of Texas.

But not only is every city in Texas which allows saloons controlled by them, but they defy all law. For seventeen months Dallas has had a killing once a week. The police last year made right at 10,000 arrests and everybody in Dallas knows that law is openly violated here without any arrests at all. There is not a place in the world where licensing vice will not make things worse. We have tried license and it is a wide-open failure, not a dark corner failure, but a daylight failure.

Not Very Encouraging. DeYoe in his weather forecast predicts for June as follows: "This month will be a hot sultry month. The rainfall will be very light over the Eastern States. 1st to 2nd, warm and pleasant; on the 3rd a storm will advance from the Pacific coast but the heavy rains will stay west of the Rocky Mountains; 4th to 5th thunder storms; 6th to 7th hot and sultry; 8th to 9th sultry; on the 10th a storm will form over the Mississippi valley; 11th and 12th heavy thunder storms; 13th and 14th pleasant; 15th to 17th hot wave. On the 18th a storm will form over the lower Mississippi valley and move northward. 19th and 20th hot and sultry; 21st to 24th sultry. On the 25th a belt of thunder storms will move across the country followed by a cool wave; 26th to 27th cool and pleasant; 28 to 30th pleasant. Watch these predictions and see how near he hits the mark.

Good roads aid the social and religious, educational and industrial progress of the people.

Good roads are the arteries of the industrial life of a great and powerful people.

The planting of apples in Texas is becoming more widespread every year.

The Texas Sheep

The sheep is the greatest politician of all animals. He has entered every campaign since the beginning of government and in a number of elections his fleece has been the paramount issue. Sheep have been mentioned in the platform of every political party and wool has been listed in the tariff schedules of every nation on the globe. As a statesman he has pretty well held his own and although occasionally beaten at the polls and ejected from legislative halls, his friends invariably resubmit the issue, and today his fleece is protected by a tariff of 11 cents per pound.

1910 VALUE PER HEAD \$2.90.

He is the most economical of all animals; his food is the purest of foods and has always been an acceptable sacrifice to the gods; his fleece makes the finest of garments and has clothed mankind since the creation of the world. He is a very prolific animal and while furnishing food and clothing rapidly replenishes his kind. He is the only animal that possesses three natural and unfailing sources of revenue—food, clothing and reproduction—and he has so successfully managed these gigantic lines of industry since the beginning of time that today he is a captain of industry among the animals.

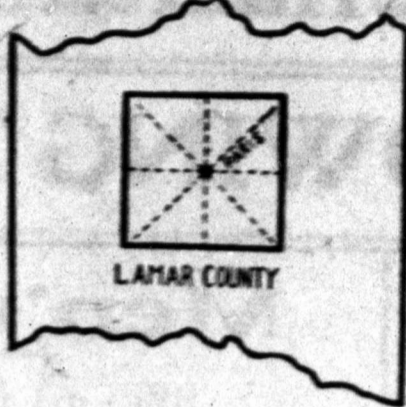

The sheep is the only animal that has been humiliated by being compelled to compete with vegetable fibre on the markets, but notwithstanding the progress of his powerful rival, King Cotton, he has held his own and today he is worth more on the market than at any time during the past half a century and his fleece is the yard-stick for computing values of all vegetable fibres, and King Cotton must get prices from the sheep before entering the market.

According to the Federal agricultural department census report on Jan. 1, 1910, we had 1,000,000 head of sheep and the latest estimate placed upon them is \$5,536,000. During the past decade we have shown an increase in number of sheep of half a million head in total value of approximately \$2,500,000.

Texas is the home of the sheep and the mountain regions afford cheap grazing and the mild climate is well adapted to sheep raising and wool growing.

Good Roads in Lamar County.

The above cut of Lamar county shows the district which has recently voted a bond issue of \$100,000 carried by a vote of 1279 in favor of the issue to \$1 votes against it. The district is shown by a square in the center of the county and the dotted line in the map indicates the roads that are to be permanently improved. There are eight roads in all and the cost per

mile will be \$5,000. This bond runs 40 years in series of \$10,000 drawings, 5% per cent interest and are retired by a sinking fund of 2 1-2 cents on the \$100 valuation to be taken from the regular tax levy and set aside annually for that purpose.

An interesting feature of the bond issue of \$100,000 in the Paris precinct of Lamar county is the fact that it does not increase the tax rate; this was accomplished by methods which in all probability can be duplicated with profit in other sections of the state. The Commercial Club of Paris has for several years been trying to bond the county for one million dollars to improve its public highways but a quiet canvass proved that the plan would be defeated at the polls. The city of Paris was practically sold for the issue and the rural sections of the county practically sold against it. The city of Paris and district enclosed in the heavy lines shown on the map was paying 60 per cent of the county tax and comprised about 10 per cent of the county area. The county tax money was being divided equally among the four county commissioners and spent on practically an area basis. By shifting from an area to a property valuation basis of disbursing the road funds, the Paris precinct would get 60 per cent instead of 10 per cent of the money. This difference would take care of the interest, and provide a sinking fund for the bond issue. A special

act of the legislature was necessary to permit this but it was secured without opposition. The plan would give those who wanted better roads a chance to secure them without cost and it would also give those who did not want them worse roads; and everybody would be satisfied.

Another feature of especial interest was the provision for a special board to disburse the fund. This board consisted of seven members, four elected at the polls and the County Judge, County Clerk and Road Commissioner ex-officio members of the board, the citizen members to draw \$3 a day while in session and their term of office to last throughout the expenditure of the bond issue.

Reception to Mr. and Mrs. Snyder.

Dr. and Mrs. W. T. Jones entertained at their home last Friday evening in honor of Mr. and Mrs. Marcos Snyder, who were recently married in Dallas. Mr. Snyder is a brother of Mrs. Jones. The handsome rooms were prettily decorated—the parlor with La France roses, the drawing room with magnolias and the hall with palms and ferns. Mr. Tom Jones and Miss Leah Snyder received at the door. Dr. and Mrs. Jones and Mr. and Mrs. Snyder in the parlor. Dr. Elmer Snyder, Mr. Frank Snyder and Miss Gladys Snyder in the drawing room. Refreshments of heart-shaped cream in white and pink and cake were served and delicious punch was dispensed all during the evening. Plate favors were pink and white sweet peas tied with ribbons of similar colors.

The ladies were bewitching in pretty summer toilettes and the bride was very handsome in an imported gown of embroidered chiffon over rose colored messaline satin, duchess lace trimmings. Then followed a long list of those present—Georgetown Sun.

\$100 Raised.

Last Sunday at the Baptist church the Sunday school was to raise \$100 for the Baptist Sanitarium at Dallas. The amount was raised. What the school lacked in making up was put in by the superintendent and the money sent off.

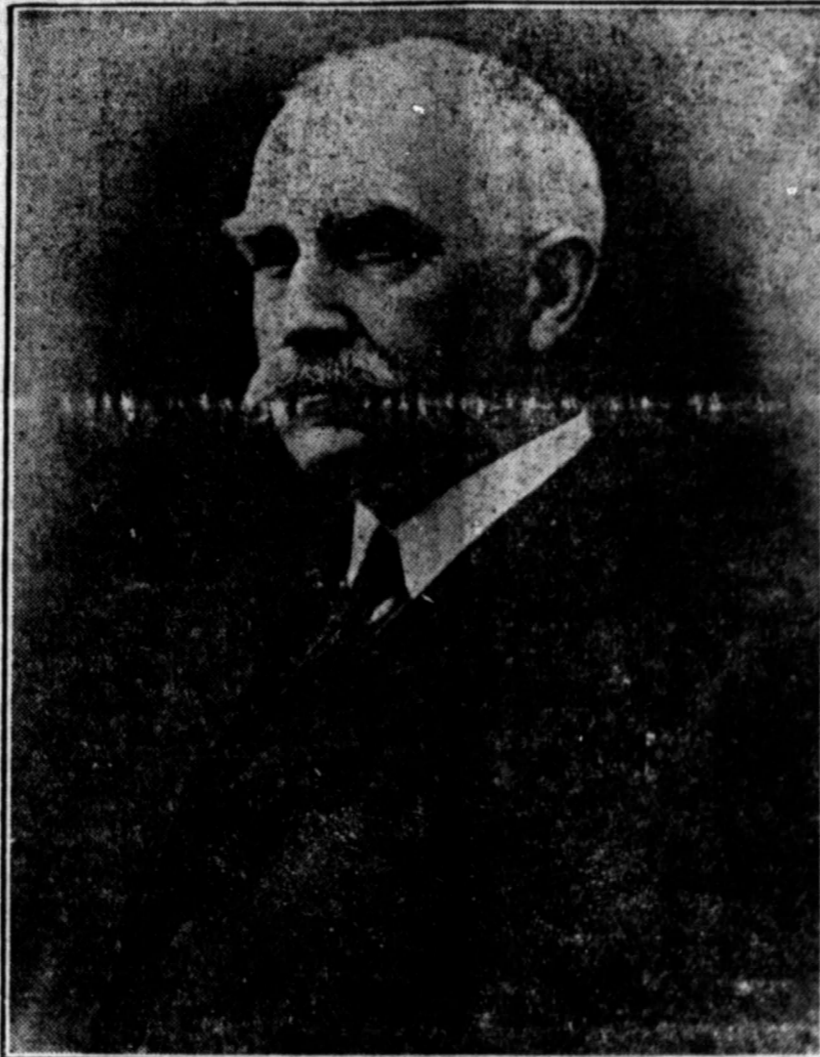

Married.

Mr. Bert King and Miss Bertha Atkinson were married Sunday afternoon at the residence of the bride's parents in East Colorado, Rev. Elliott officiating. They left Sunday night for the groom's home at Tahoka, Texas.

GOVERNOR JUDSON HARMON OF OHIO

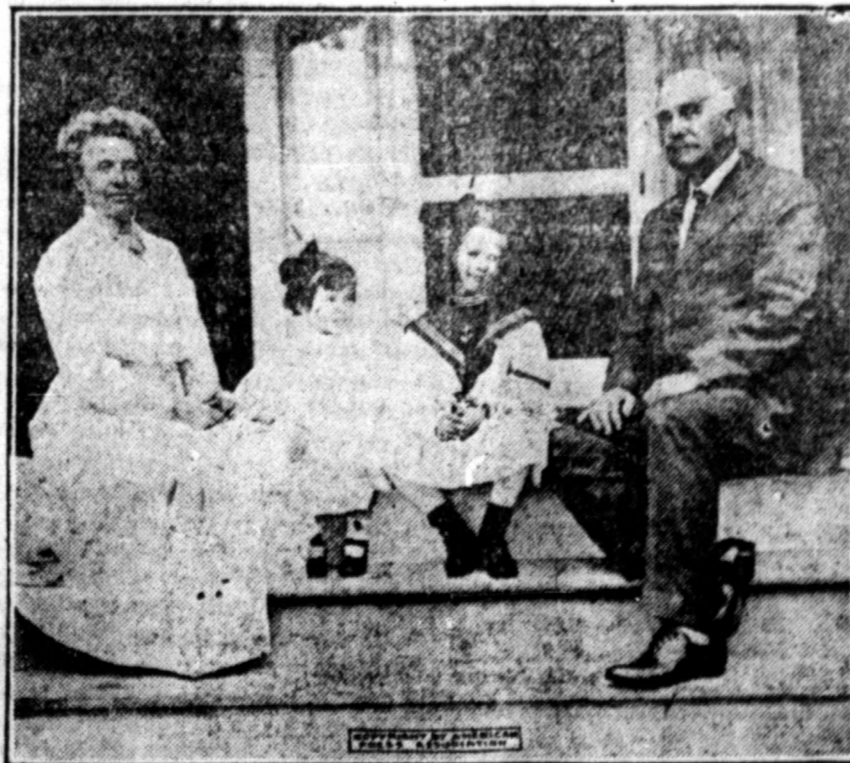

By A. V. ABERNETHY

HON. JUDSON HARMON, GOVERNOR OF OHIO.

SOME BIG BILLS A REAL GOVERNOR OBTAINED FOR PEOPLE IN OHIO

The Oregon plan of nominating and electing United States senators by direct vote of the people.
Placing the Ohio judiciary beyond the clutches of party bosses by electing all judges on nonpartisan ballots.
A workmen's compensation act, so that injured employees can get damages without expensive and tedious litigation.
A public utility commission with authority to regulate issues of stock, rates, mergers and service.
A corrupt practice act that will make vote buying in primaries and elections a dangerous undertaking.
A limited initiative and referendum for Ohio cities.
A central board of control for nineteen state institutions to take the place of nineteen separate boards of trustees with their corps of employees. This bill places subordinate employees in the institution under civil service.
A shorter ballot by abolishing boards of infirmity directors of three members each.
A reform of Ohio election laws to prevent corruption and fraud.
To have delegates to the 1912 Ohio constitutional convention nominated by petition only and elected on nonpartisan ballots.
To stimulate the agricultural industry by requiring agriculture to be taught in all Ohio villages and country schools.
Ratification of the proposed income tax amendment to the federal constitution.
Memorializing congress to call a convention to provide for the direct election of United States senators.
Insuring the honest handling of all state money by depositing in banks under the competitive bidding plan.
Creating a fund of \$3,000,000 every year by general levy to give Ohio a system of improved roadways equal to the best in the world.
A complete reformation of tax laws that will put tax dodgers out of business and will compel corporations and owners of intangible property that have been dodging taxes to place their holdings on the duplicate the same as small property owners. Included in this is a 1 per cent tax levy limit bill.
Providing for the construction of a women's reformatory and placing all girls in the state correctional institutions under the control of a woman.
Public utilities bill, corrupt practices act and the initiative and referendum have passed both houses, but are in the hands of the conference committee. These bills will become laws in satisfactory form.

GOVERNOR AND MRS. HARMON WITH TWO OF THEIR GRAND-CHILDREN.

When the other day in St. Louis a carload of whiskey was blown up with a boom, the people began to sit up and consider anarchy a serious matter.

Possibly those city councilmen in Kansas who stayed away from a meeting called by the lady mayor were merely bashful.

It was a cunning little insurrection And don't forget, this is only spring while it lasted, though Diaz could never learn to love it.

Faint?

Have you weak heart, dizzy feelings, oppressed breathing after meals? Or do you experience pain over the heart, shortness of breath on going up-stairs and the many distressing symptoms which indicate poor circulation and bad blood? A heart tonic, blood and body-builder that has stood the test of over 40 years of cures is

Dr. Pierce's Golden Medical Discovery

The heart becomes regular as clock-work. The red blood corpuscles are increased in number—and the nerves in turn are well fed. The arteries are filled with good rich blood. That is why nervous debility, irritability, fainting spells, disappear and are overcome by this alterative extract of medicinal roots put up by Dr. Pierce without the use of alcohol. Ask your neighbor. Many have been cured of Dr. Pierce's Discovery. Just the refreshing and vitalizing tonic needed for excessive tissue waste, in convalescence from fevers or for run-down, anemic, thin-blooded people. Stick to this safe and sane remedy and refuse all "just as good" kinds offered by the dealer who is looking for a larger profit. Nothing will do you half as much good as Dr. Pierce's Golden Medical Discovery.

District Court.

The district court has been busy this week clearing the docket. The railroad cases were disposed of and the case of the State of Texas against Bob Cooper was called and all of them were stricken from the docket and the defendant discharged.

The case of Texas vs. John Guitler charged with violating the anti-trust law was tried and the defendant found not guilty and all other cases dismissed.

The case of Texas vs. Thompson charged with theft was tried and the defendant found not guilty and discharged.

The case of Texas vs. McGee charged with theft was called and continued until next term.

The court then heard a prayer from citizens of Sweetwater asking for injunction against the Orient Ry. The following committee of Sweetwater citizens appeared before District Judge Sheppard and presented the papers setting forth their plea and contentions: J. H. Beall, J. V. W. Holmes, S. D. Myres and R. C. Crane. After careful consideration of every phase of the question at issue Judge Sheppard granted the writ restraining the company from removing their headquarters from the city, and at a late hour last night the papers were properly served upon the officials of the road.

Court adjourned until Friday morning when the case of the State of Texas vs. Billy Hagler charged with murder will be called.

Hurry, Hurry, Hurry.

Come and see that new piece of furniture. Just received a car of high grade furniture. J. H. GREENE.

Gov. Woodrow Wilson is reported to have astonished California by telling the truth in a plain, blunt way. It can afford to be astonished.

Gov. Woodrow Wilson may not be a regular politician but he manages a presidential boom like an expert.

Officers Installed.

On Thursday evening last the order of the Eastern Star installed their newly elected officers as follows:

Miss Wulfjen, Worthy Matron; Mrs. Stoneroad, Worthy Patron; Mrs. Payne, Secretary; Mrs. Donaldson, Treasurer; Mrs. Jones, Conductress; Mrs. Porter Asst. Conductress; Mrs. Gustaf, Chaplain; Mrs. Vaughan, Marshal; Mrs. Dupree, Organist; Mrs. Rowland, Adah; Miss Shuford, Ruth; Mrs. Enderly, Esther; Mrs. Logan, Martha; Mrs. Shroder, Electra; Mrs. Sheppard, Warden; Mrs. Donaldson, Sentinel.

The parcels post is sure to come. The best that the express companies may hope for is that it will be very slow in coming.

**Beautiful Home Wedding.
Burdine-Welch.**

"Seest thou shadows sailing by,
As the dove with startled eye,
Seest the falcon's shadow fly?
Bear a lily in thy hand,
Gates of brass cannot withstand,
One touch of that magic wand,
Bear thru sorrow, wrong and ruth,
In thy heart the dew of youth,
On thy lips the smile of truth."
Wednesday morning May 31, 1911,
10:30, in the tastefully and cozily decorated little home of Mr. and Mrs. Welch was made that sacred and solemn vow which causes two to become entwined as one. At the respective hour Miss Mabel Hood played softly in her gentle like manner the wedding march while quietly but with joy and sweetness the little ribbon bearers, Virgilia Welch and Velda Browne, glided into the room where the guests were, followed by little Mamie Northcutt and Curtis Enyart as flower girl and boy, then little Viola

Browne, to make for them a flowery path, strew sweet forgetmennot petals mixed with roses. Then was seen to enter the maid-of-honor, Miss Stella Welch dressed in a sweet and attractive little blue negligee, who was followed by the manly ring bearer, Master Ellis Browne, who bore the ring on a little pillow. After his entrance all eyes were made to turn and look upon the fairest that sun e'er shone on, the loving bride, Miss Lizzie Welch leaning so gracefully upon the arm of her manly companion, Mr. E. L. Burdine of Anson, Texas, assisted by Miss Mary Barber as bridesmaid. Never before was the bride made to look more sweet, the she always be of a sweet disposition for "To know her was to love her," than she did look dressed in a rich messaline of pearl white with a rich and well selected piece of all over lace for bolero and finished in a pearl fringe and orange bolsons caught lightly on the right side of her hair and fallings gently to the left. While much is to be said

of the groom, who was so handsomely dressed in a navy blue serge. The arch of white which the "happy two" were to stand under was touched up beautifully with tiny forget-me-nots and from the center was suspended a large bouquet. The bride carried a large bouquet of ferns and white roses the maid of honor a bouquet of pink roses, also bridesmaid. After Rev. A. D. Leach, pastor of the Baptist church had so solemnly in his pleasant manner, made them forever united in the holy bonds of wedlock using the Baptist ring ceremony and congratulations had been given the bridal party and guests were ushered into the dining room where a ten course luncheon was served. Such an assortment of goodies. The dining room and table was also tastefully trimmed in blue forget-me-nots and white tulle. Many presents were presented, such as china glassware, rugs and linen. The guests were mostly relatives and a few intimate friends. Miss Lizzie, as we call her comes from the most high and well cultured class of people, her father being well known in this country as a stockman and farmer and having been a resident of Spade for some eight or nine years and she has won the love and esteem of each and everyone through her cheerfulness and simplicity as a true type of a woman christian girl. The groom who has in a moral sense and as a true devoted friend known by most of us for only a short while has won our love and friendship as being a true religious and moral man. For these two who have so beautifully taken upon themselves the struggle of life, for in so doing they must journey onward and upward through the tide of life trying to overcome all obstacles, we can only wish them much health, wealth and happiness and a truly devoted life to God's cause. The two go to housekeeping immediately, the groom having a place furnished for them near Westbrook. Love, peace and prosperity.

DEATH ENTERS PORTAL

And Takes From Earth the Infant Son of Mr. and Mrs. A. F. Curry.

Died in Midland, June 3, Thomas Cullen Curry, infant son of Mr. and Mrs. A. F. Curry, aged 15 months. Buried in Colorado Sunday from the home of Mrs. Curry's parents, Mr. and Mrs. D. N. Arnett. This handsome, winning baby was the idol of a circle of loving relatives whose hearts are bleeding over the great loss. The little fellow was taken suddenly ill at Mr. Curry's ranch and was immediately carried to Midland for medical attention. For two weeks he was critically ill and medical skill, the nursing of a mother, grandmother, aunt and others who loved him was of no avail and a little after midnight Thursday the angels came for him and the little spirit went home to heaven leaving the wasted little body to be placed in the family lot beside the only other loved one of the Arnett family that has yet gone home. The funeral services were held Sunday at eleven o'clock by Rev. Lyon, who only a few months before had baptized the little one. He made a beautiful and touching talk upon the life and influence of little children and spoke such loving words of sympathy that the hearts of the griefed loved ones were made to see the joys and beauties of the home in heaven instead of the sorrows and troubles of earth. The little casket was covered with fragrant flowers sent by loving friends and the songs sung were an expression of the love of those whose hearts beat in love and pain for the father and mother, who were experiencing a grief that was new to them. The little white casket was placed in a bower of ferns and flowers and the tiny mound covered with sweet blossoms. None thought of death or the horrors of the grave, but the mind went out to Longfellow's beautiful lines:

He is not dead, the child of our affection,
But gone into that school
Where he no longer needs our poor protection.

And Christ Himself doth rule.
We know that he will be missed,
Not alone by father and mother, sister
and brother, but by the aunts and
uncles, for he was the baby of the
large Arnett family and so bright and
sweet that he was almost worshiped,
but all feel that he is only another
golden link that fastens them on to
the beautiful home beyond where part-
ings never come.

Thirteenth International Sunday School Convention.

The Thirteenth International Sunday School Convention, to be held in the city of San Francisco, June 20-27, promises to be the greatest religious gathering for all denominations ever held on the continent. News comes from far and near that special train-loads of people are coming from every corner. Already delegates have been enrolled from every state in the Union and every province in Canada, and a delegation from Mexico will also be present.

The Texas delegation will travel on a special train, leaving Fort Worth Tuesday morning, June 13, at 9:30 over the Fort Worth and Denver railway. We will stop that night for a two hours rally at Amarillo taking the Santa Fe system, we go by way of Albuquerque, New Mexico, holding a big rally there at noon Wednesday, and then go on to the Grand Canyon of Arizona, where we spend Thursday leaving that night, we travel on to Los Angeles, reaching there Friday at 2:30 p. m. and stay until Monday, leaving Monday over the Southern Pacific for San Francisco, where we arrive Monday night, in time to become settled before the great convention begins on Tuesday.

Already delegates from 47 towns and cities have been elected, and the delegation promises to be over 100, who will travel in the special train. Texas is entitled to 72 delegates and 7 alternates, all of whom will have the privileges of the great convention. Any pastors, superintendent, teacher or Sunday school worker is eligible as a delegate and any other friend who desire to go with this special may do so, whether they are delegates or not.

The railroad fare is the cheapest ever given for such an attractive trip, being \$50 from all common points in Texas for the round trip, with \$6.50 extra for the Grand Canyon trip, and of course any other side trips to be taken will be extra. The privilege of returning by any route, Northern or Southern, with stopovers allowed at any place, up to September 15, are the chief features of the rates.

Supt. Robt. M. Webb and wife are going on this trip, and will take advantage of it to visit friends in different parts of California during the summer. They will be away probably three months.

The C. W. B. M. Meet.
The C. W. B. M. met Thursday with Mrs. Venable with a large attendance of members and two visitors. The year book program was on the Home and Foreign schools of the Christian Woman's Board of Missions and the subjects were treated in a very instructive manner. The organization decided that the playground movement was rightly a part of home mission work and the mission work of the association and several names were turned in for membership. This is an advance move for the church and the association greatly appreciates it and hopes the other church societies will do likewise. Mrs. Venable served dainty refreshments and the meeting adjourned to meet next month with Mrs. Porter.

Dryest May in Eleven Years.
The month of May just passed has been the driest May in the past eleven years. The government rain gauge shows fairly good rains in every May except this one. The month just passed shows not a drop. In 1900 it rained in May 4.79 inches, in 1908 it rained in May 5.61, even last year it rained 1.40. The average in May for the past eleven years has been 3.24, all of which shows that you cannot guess at the future by the past. In June last year we had 1.13 inches and the average in June for the past eleven years has been 1.62. Will we get it this June?

Gasoline and coal oil stoves, standard makes at Doss & Johnson. 4-14-c.

Juvenile Missionary Society.
The Juvenile Missionary Society met Saturday with Mrs. Shaw in an open meeting. Readings were given by Lela Ayres, Mamie Lena Jenkins and Ada Shaw. The dues were paid in but it was found that all had forgotten to bring their mission pledge so Mrs. Shaw announced that on Monday night she would give them a silver tea, everyone to come with a piece of silver. Games were played in the yard and tea and cake served on the lawn before goodbyes were said.

Monday evening a large number of children and their mothers gathered at Mrs. Shaw's for the tea. The orchestra furnished sweet music. Mrs. Annis gave two splendid readings. Lillian Smith gave a cute little reading and everybody enjoyed greatly the cream that had been frozen by the normal school boys assisted by the young lady officers of the society, who made cake and worked hard all day to have things nice for the guests. All greatly enjoyed the evening and a nice sum was taken in by the Juveniles. This will go on their pledge of \$25 for our foreign missionary.

People with kidney ills want to be cured. When one suffers the tortures of an aching back, relief is eagerly sought for. There are many remedies today that relieve, but do not cure. Doan's Kidney Pills have cured thousands. Here is proof:

Frank Palesek, of Big Springs, Texas, says: "It was two years ago that I first used Doan's Kidney Pills. I was then working in the shops and from my drinking too much ice water, my kidneys became disordered. The most severe pains often darted through my back, causing me intense misery and the kidney secretions were too frequent in passage. I was unable to find anything that would relieve me until I procured Doan's Kidney Pills. After taking a few doses, I felt better and the contents of two boxes made me as well as ever." For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

West Texas Normal.

The Normal received a number of new pupils Monday, the enrollment reaching seventy-five on that day. The sessions are held from 8:30 to 12, then from 1:10 to 2:30 and everybody is studying just as hard as the hot weather will allow. Get out and meet the teachers and pupils and invite them to church and your social affairs.

The following is a partial list of the names of the teachers attending the Summer Normal:

For First Grade Work—Miss Anna Mae Scoot, Big Springs; Miss Myrtle Garrett, Gorman; Miss Birta Wilson, Snyder; Miss Mabel Meador, Ranger; Miss Flora Bazeman, Cuthbert; Miss Knott, Lorraine; Miss Maggie Lee Call, Roby; Miss Ethel Pritchett, Colorado; Miss Ollie Pritchett, Colorado; Miss Josephine Hilban, Miss Esther McWhirter, Miss Eli Pool, Roby; Miss Omira Terry, Colorado; Miss Mae Ely, Snyder; Miss Ollie Terry, Colorado; Miss Emma Gandy, Lorraine; Miss Lena Perriman, Dermott; Miss Vera Thomas, Lorraine; Miss Willie Smith, Roby; Miss Josephine Saunders, Sweetwater; Mrs. L. Phillips, Lorraine; Mrs. J. E. Bryon, Sweetwater, Mr. Fred Boatright, Maryneal; Mr. C. S. Martin, Cross Plains; Mr. Everett Lyon, Colorado; Mr. Lester Hughey, Roby; Mr. W. L. Walker, Athens; Mr. Elmer T. Newman, Roby; Mr. W. Clarence Cameron, Roby; Mr. John L. Greene, Snyder; Mr. R. L. Porter, Pilot Point; Miss Sallie Herrington, Miss Florence Newberry, Colorado; Miss Lettie Bates, Roby.

For Second Grade Work—Misses Myrtle Scoot, Sylvester; Alice Byrd, Dunn; Viola Ellis, Myrtle Baze, Snyder; Eula Campbell, Colorado; Maude Johnson, Sweetwater; Anna Lee Boswell, Westbrook; Dannie Lee Sears, Cora Sturdivant, Mary Naton, Snyder; Lillie Finley, Opal Templeton, Lorraine; Kathryn Saunders, Sweetwater; Isla Filley, Colorado; Esther Williams Merkel; Miss Fannie Farmer, Colorado; Pauline Pritchett, Colorado; Gladys Dee Davis, Roby; Ruth Carr, Myrtle Howard, Vincent; Grace Williams, Colorado; Caroline Stecher, Big Springs; Lala Farmer, Colorado; Blanche Owen, Coahoma; Mrs. D. A. Moore, Water Valley; Mrs. Gusula Boothe, Lorraine; Messrs. Henry A. Hood, Colorado; Gaze Davis, Roby; Ennis Frie, Colorado; W. W. Hull, Snyder; T. K. Cherry, Hermleigh.

The program of the Normal has been changed this week to one session each day from 7:45 to 12:35.

Tuesday Mrs. Fannie Gough Iglehart of Austin, gave a lecture on her book, "The Boy Captain of the Texas-Meir Expedition." The lecture was very interesting to the teachers since it was a true account of the Meir Expedition.

Wednesday Mr. Rogers of Dallas, editor of the Texas School Journal, gave a lecture on reading. Very valuable was this lecture especially to those who have never taught.

T. & P. OFFICIALS STOP IN COLORADO

General Superintendent Everman is Head of Party on West Bound Special.

A special train carrying a party of prominent T. & P. Ry. officials passed through here. In the party were J. W. Everman, General Superintendent; A. G. Whittington, Division Supt.; J. H. Hillis, Assistant Supt.; J. Y. Burke, Roadmaster and Mr. L. Hardie, private secretary to the general superintendent.

The party is on a trip of inspection over the road. They were here about ten minutes.

By no means the least interesting member of the party was Mr. Whittington, who has recently been made Superintendent of this Division. Only a few years ago Mr. Whittington was station agent at Clyde, the little town just east of us. His rise in the service has been very rapid. He has been Superintendent of Fort Worth Division of the I. & G. N. and Judge Freeman is responsible for his transfer to the T. & P.

It had been reported that Judge Freeman would be with the party, but press of work would not permit him to come out. It is stated officially, however, that he will be over the road sometime soon.

Announcement Party.

Wednesday morning Mrs. M. K. Jackson most originally entertained the G. F. C's. and her Sunday school class with a thimble party. The guests were received on the flower decked porch by the hostess looking as cool and fresh as June itself while the young ladies were dainty in summer frocks with the added touch of gay sewing bags. On entering the hall Misses Angee Buchanan and Etta Doss served a delicious fruit punch. Piano solos were given by Mrs. Turk, Misses Lula Merrill and Wateris while Miss Adams and Mary Coe sang most sweetly.

When all had assembled the hostess drew a large clothes hamper into the parlor and asked everyone to take out a package. These were tied in white and green and were of various shapes and sizes. On being opened they proved to be dusting caps, aprons, dust cloths, bath clothes, tea towels, pin cushions and bags all being numbered. A tray filled with colored thread was passed and each told to ornament their articles in any way they chose. Thread was selected and braid stitching, monogramming and embroidery began. Punch was served at intervals to refresh the workers. At last the articles were collected and the judges Mesdames Adams, Hooper and Buchanan were asked to select the neatest. Miss Byrd Adams work was adjudged the most neat and she was given a pretty pair of scissors. Miss Mattie Shuford's work was second and she was given a set of ribbon runners. Miss Elva Lowe was third in neatness and received an ivory handled stillnetto. Mrs. Jackson now told the guests that she would not be selfish enough to keep all this pretty work for herself but that it should go to adorn the Buchanan Hammock home which would be established the 28th of June, and with this announcement she showered Miss Angle with the articles.

The dining room doors were now thrown open revealing a beautiful flower decked table. At the four corners stood baskets filled with nasturtiums and in the center was a large basket filled with daisies out of which peeped cupid tied down to earth with streamers of tulle most gracefully arranged. The wild flowers and ferns were also used around the punch bowl.

Misses Ina and Dora Wulfjen, Mattie and Alice Shuford and McLure served a delicious one o'clock luncheon after which the guests said good-bye amid exclamations of pleasure over the delights of the occasion. Mrs. Jackson was assisted in receiving and entertaining by Mrs. W. L. Doss and both proved themselves adepts in the art.

And so another of Colorado's fair girls decides to become a matron and a June bride. "It is the season now to go, about the country high and low, among the lilacs hand in hand, and two by two in fairy land. May Mr. Hammock and Miss Buchanan go always hand in hand in love's delightful fairy land."

Tuesday night at the house of the Superintendent R. M. Webb, the Baptist Sunday school entertained its scholars and the home department most delightfully. The lawn had been brilliantly lighted, the electric light globes hidden in Japanese lanterns. The guests were made cool and comfortable upon the lawn. The piano was placed upon the porch and beautiful music provided all the evening. The guests of which there were a large number were magnificently entertained by Mr. and Mrs. Webb who are always glad to work for the pleasure of the school. Delicious cream and cake was served and the little fellows reveled in ice cream cones to their heart's content. This was the second annual lawn festival and it

was even more enjoyable than the one last year. Mr. and Mrs. Webb are leaving for California in a few days and as the entire school will miss them, the occasion was used to tell them good-bye and to wish them much pleasure on their trip. The pupils, young and old, already look forward to next June for another like pleasant occasion.

Early Monday morning Mr. and Mrs. Webb will leave for Fort Worth where they will join a special train for San Francisco to attend the thirtieth International Sunday School Convention. The special train will leave Fort Worth Tuesday morning June 12, at 2:30 over the Fort Worth & Denver railway. Will stop that night for a two hours rally at Amarillo taking the Santa Fe system going by way of Albuquerque, New Mexico, holding a big rally there at noon Wednesday, and then go on to the Grand Canyon of Arizona, spending Thursday leaving that night; travel on to Los Angeles, reaching there Friday at 2:30 p. m. and stay until Monday, leaving Monday over the Southern Pacific for San Francisco, where they arrive Monday night in time to become settled before the great convention begins on Tuesday.

In Bad Fix

"I had a mishap at the age of 41, which left me in bad fix," writes Mrs. Georgia Usher, of Conyers, Ga. "I was unconscious for three days, and after that I would have fainting spells, dizziness, nervousness, sick headache, heart palpitation and many strange feelings. "I suffered greatly with ailments due to the change of life and had 3 doctors, but they did no good, so I concluded to try Cardui. "Since taking Cardui, I am so much better and can do all my housework."

Take CARDUI

The Woman's Tonic

Do not allow yourself to get into a bad fix. You might get in so bad you would find it hard to get out. Better take Cardui while there is time, while you are still in moderately good health, just to conserve your strength and keep you in tip top condition. In this way your troubles, whatever they are, will gradually grow smaller instead of larger—you will be on the up-grade instead of the down—and by and bye you will arrive at the north pole of perfect health. LORAIN LOCALS

Brief Mention of the Week's Happenings at Busy Town of Loraine.

Prohibition Meeting.
The prohibitionists had a well attended meeting at the Opera House last Monday night. The meeting was arranged on rather short notice, but a large crowd was present. Dr. P. C. Coleman, Hon. L. W. Sandusky and Judge A. J. Coe of Colorado were the principal speakers. Chairman Phillips then called for extemporaneous remarks, and many responded. It is conceded that much real benefit was derived from this meeting, and many were made stronger in the faith.

Farewell Shower.
Mrs. W. H. Summers was charmingly surprised on Monday afternoon by a farewell shower from her friends given at the residence of Mrs. Dunahoo. The little daughter of the hostess representing a messenger boy, presented the gifts in a child's express wagon requesting Mrs. Summers to "sign." The miscellaneous packages when opened revealed dainty and useful remembrances accompanied by sentiments both sincere and laughable.

Mrs. Summers in striving to express her appreciation mingled both laughter and tears. She has won a host of warm friends during her four years residence in Loraine and these genuinely regret her departure. After the shower the guests were served delicious sherbet and Nabisco wafers. Little Gwendola Dunahoo dispensed refreshing punch to each arriving guest. The favors were exquisite water color sketches on "ivy oval shaped cards."

W. L. Petty left last Tuesday for Hico on a sad mission. He goes to attend the funeral of his sister who died in the hospital at El Paso. Her remains were shipped to Hico for interment.

Andrew Courtney, an old resident of Loraine, now located in Dallas, spent a few days here this week with friends.

J. H. Galloway has purchased the W. H. Summers residence and moved into his new home. He also succeeds Mr. Summers at the Summers Merchants Co.

E. W. Sturgeon of Hermitage, has accepted a position with the First State Bank of this city. Several from Colorado were here Monday night attending the prohibition meeting.

Mrs. Bud Whorton of Roscoe is visiting her sister Mrs. W. F. Altman this week. Many of our citizens have been attending court in Colorado this week. Capt. R. H. Wallington transacted business in Colorado last Tuesday morning between trains.

There were twenty-three tickets sold from this station to Fort Worth on account of the Rally on the 5th. Mrs. Stecker, who has been visiting her daughter, Mrs. Harry Hall, left Tuesday morning for Roswell, N. M.

E. D. Galloway has moved into the Blume residence recently vacated by J. H. Galloway. M. K. Jackson of Colorado was circulating in our midst last Tuesday. H. J. Lake and J. O. Goodno of Abilene attended a stag party here last Monday evening. Mr. and Mrs. W. H. Summers left Monday night for Bridgeport, Texas.

to make their future home. They have resided in Loraine for the past five years and have a large circle of friends who will miss them.

Claud Hays opened his school again last Monday after a two weeks vacation, and will continue for four months. A. M. Jackson entertained the young folks at his hospitable home last Saturday evening in honor of Miss Myrtle Hays' birthday. Why of course they all had a good time.

Mrs. M. C. Hollingsworth and daughter Eural and son Harold of Midland are visiting her daughter, Mrs. E. J. Stowe and Mrs. Hubert Toler this week.

Quite a jolly crowd of our young folks took a hay ride to Kit Porter's place east of town last Monday night, and had one of those unusually delightful times.

Miss Naomi Cone of San Antonio, is visiting her sister, Mrs. D. C. McRae.

Prof. and Mrs. J. C. Helm returned last Friday. Mrs. Helm left on the next train in response to news of her mother's illness. The latest reports are that she is improving.

Jim Sanders is the proud father of a fourteen and a half pound boy. Born last Friday. Mother and boy doing fine. Jim convalescent. Dr. W. R. Shook made a business trip to Fort Worth the first of the week. W. T. Wheat spent a couple of days in Fort Worth this week.

Mrs. U. D. Payne and mother, Mrs. S. M. Gill left Saturday night for Abilene. Mrs. Payne will spend a week with her mother before returning. F. B. and A. L. Whipkey came over from Colorado last Saturday and took in the base ball games.

Homer Robertson of Colorado was among the fans from that city who took in the ball game here Saturday. Two auto parties from Colorado attended the ball game here last Saturday but we did not learn the names. Mrs. J. A. Summers returned Sunday from a trip to Dublin, Texas, where she visited relatives and friends. V. D. Payne made a trip to Odessa last Saturday night returning Sunday night.

SPEECH BY W. E. BERRY

Given at the Close of the Public School At Fairview.

Ladies and Gentlemen, Boys and Girls:—Time and labor have been put forth here to aid in the great closing scene of the last day of public school here at Fairview. I appreciate the courtesy of your able and skillful teacher in the privilege she has given me to say a few words on the lines of "teaching and education."

In the first place for a teacher to make a success of teaching they must love the country life and country home and must see in the life possibilities of a complete life. The greatest problem of every country teacher should be to arouse interest in country life and a desire to make it the most complete life it is capable of. Many teachers fail because they fail to grasp the whole problem at this point. They think that a school picnic, a school fair or a spelling match is the whole thing and if that is successful the problem is solved. They do not realize that these are but the stepping stones, and that in the course of a few years they will, in all probability bear about the same relation to the public school question as the side show bears to the main circus. They are the entering wedges only. The teacher should be always ready and willing to make the problem of the country her problem. She must be able to take hold of any common interest and build upon it. This should be done with a view toward getting the people together for concerted action, for no great movement of any kind among any class of people has been accomplished until the majority of the people gave their organized support. We know somewhat of this in our own community. It matters not what line the teacher specializes on as long as she reaches the community and creates a desire

for a fuller or better life. The teacher should reach the community through the pupils and the pupils through the community. There should be no dividing line. I am sorry to say that the teacher usually stays but one year in a district. I think this is often a disadvantage to the public school today, for the pupils are become associated with the teacher and are working under her care and guidance and often are not following their own natural inclinations and when the teacher and pupils seem to be at the highest point of learning, the school closes. The teacher perhaps never sees the pupils again, and the next season the community hires a new teacher and everything has to be done over again. If there could be some law passed for teachers that they could hold office for four years, I think that a teacher could do much more in the building up a country school. During that time the pupils would know the teacher's ways and the teacher would know the minds and characters and habits of the pupils.

If the parents are not in sympathy with what is taught by the teacher, the chances are the effect of the teaching will be largely nullified because the child has no encouragement to learn the lessons taught. To gain the greatest amount of benefit the parents must be interested in solving the school problems. There is but one institution today that reaches the whole community; that is the welfare of the public school and we ought to encourage teachers with a desire to accomplish something now under present conditions. For a teacher to stand up today and say "I must follow in the old way because I am not trained in the new" is simply acknowledging they are a machine and not a progressive citizen. For no teacher is so poorly prepared that she cannot take and an active interest in the life of the community. In Sunday schools

QUALITY IS ECONOMY

Speech by W. E. Berry.

and religious matters and by helping solve the problem and make the life complete. Those are some of the most fundamental things in every day life. The teachers work should be to instruct, direct, train the pupil to assist the mind to perform its function of knowing and growing; to develop in power and skill as the artist must know the grain and structure to chisel the perfect statue. So must the teacher know the strength and different habits of study and thoughts of his material, the pupil, in order to do the best work. As the artist carves, and molds his statue so must the teacher mold to beauty and strength the human mind and character. For in this world there is nothing great but man and in man there is nothing great but mind and soul. School teachers today are chiseling out chip by chip the character and minds of men and women who one day soon will rule the destinies of this great American nation. I say to the teacher, do you realize in your school rooms you have in your charge the growing minds and the wills and characters of future America. This is in your hands today to develop them for good or for evil and on your shoulders rest the future hope of the commonwealth and country. For education and the public school is the hope of the natives today. What is education? Education is such preparation of the individual in physical intellect and moral character as will enable him to secure the highest enjoyment here and hereafter. Then be faithful to your trust, the children and your country, for future citizenship. They are marching forward even now to take charge of the offices of the coming generation—to occupy the homes, the pulpits, the offices, the business houses, the legislative halls, the school rooms, yes and they will assume honor and wealth. They assume authority, all things will be taken from ocean to ocean. They halt not but will soon enter where we stand today. Whether they take possession for good or for evil depends on the training they receive at your hands. You have more power than congress and senate. May you improve and not abuse the charge committed to your keeping. Press forward and upward in the cause, profit by the past and reap a harvest lying out before you for the gates of knowledge stand open before you today. Happy, proud, educated America

shall enter in, for education must prepare our citizens to become intelligent officers, jurors, honest witnesses, legislators and competent judges and to fill all the manifold relations of life and for this end it must be universal. The whole land must be watered with the stream of knowledge, for it is not enough to have here and there a beautiful fountain playing in palace gardens, but let it come like the fatness of the clouds upon the thirsting earth. Let it reach our country boys and girls on the farm for it will tend to give them a firmness of moral right, and a keenness of judgment that will stand them in good stead every day of their lives wherever their lot may be east in town or country. Therefore I say again education must be universal. It is well when the wise and the learned discover new truths. But how much better to diffuse the truths already discovered amongst the multitudes. Every addition to true knowledge is an addition to human power and when one philosopher is discovering one truth millions may be discovered among the common people. Diffusion then, rather than discovery is the duty of our government and it is following out this duty closer every year. The theory which I get from our government is not that all men however unfit shall be voters, but that every man by the power of reason and sense of duty shall become fit to be a voter. How can we expect the public or the government to stand if vicious materials or men unintelligent are daily wrought into the framework of the great American nation.

Boys and girls of the public school, you should feel proud of your school and the privileges you have and the chance of getting those blessings. I have been in countries where there were none and those people would have given all they had in this world to have the chances you have here. I think it a great blessing to live in a country where greatness is thrust on us free of cost. For the highest honors of society, church and state are within the grasp of the humblest citizen in Texas. The school boy of the Lone Star state with rumpled shirt and torn jacket may bask his brow in fames eternal realm if he wants to do so. In Texas our young ladies may carry away in triumph the first honors from the grandest universities in these United States, for in Texas the supreme law has unlocked the door of noble aspirations and our fathers have hidden the keys and inscribed

in burning letters "Enter thou in." Here in Texas all those riches is yours and what is true in Texas is also true in other states. I am proud to see the energy and ability displayed here at Fairview along these lines and I would advise you to seek the highest and broadest education for it will prove a well spring of everlasting joy to you some day. Figuratively speaking, this is an age of lightning and electricity. Fortunes are made and lost in one day. Then explore any field of literature and science you can; lift for a moment the shining veil of the past and look through the dim vista of ages, for no time is lost in devotion and loyalty to school life. I advise you again press on to the goal of a thorough education and you will shine with sure footing to the pinnacle of fame. I wish to congratulate both the pupils and patrons of Fairview upon their good fortune in having for their teacher the progressive scholarly young lady Miss V. Casey. Your opportunities are golden with so learned and intellectual a Christian instructor. Let me entreat you to appreciate those blessings so graciously afforded you to the end that you may become useful men and women to your community state and nation. Go deep enough there is music everywhere, go high enough and there is beauty everywhere. Remember always that greatness lies in true worth, for no man can become truly great without at the same time being truly sincere. Then be honest, be thoughtful, be sincere, for the world loves great and good men.

To be truly great is also to be truly good. Success in whatever line must have for its enduring charters, honesty, temperance and morality. In a word intellectually temperance, honesty and fidelity are the ready handmaids of success. Success is not a game of chance or a lottery scheme, but is dependent upon well defined laws, which when comprehended leads to success and victory in every noble purpose. Whatever you devoutly hope to be is yours to obtain if you use the gifts of the Creator as he has so graciously bestowed upon you. Then I say build your hopes for noble deeds. Let the world see and realize that it is better for you having played a part in life's great drama. Then let your thoughts upward rise for upward our soul rises to a glorious diadem to the bosom of its creator. I have seen many things along on those lines that has convinced me of

them. Everywhere around us is displayed the grandeur of nature, nay up on the mountain peaks amid the clouds and in yonder desert and on the raging ocean we see His mighty power. Then boys and girls it is divine to aspire to be good, to be noble, to be great. Then continue your school days until you have acquired a thorough education. Be not weary in well doing. Know first you are good and then you may justly aspire to be noble. You have a great and glorious country, the best I have ever seen and I have seen much of the world and I know what I am talking about. Texas is an empire within itself with soil more fertile than the valley of the Nile, yielding the products of every zone with thousands of fat cattle roaming over her hills and browsing over her limitless plains with unnumbered herds of skipping lambs. Her quarries of marble, her beds of coal, her spouting wells of petroleum with only the surface of mother earth scratched. Her uncomparable products, her inexhaustible resources, all bespeak this prophecy that before the next half century shall have passed this great Lone Star State of Texas will be in the first magnitude and greatest state in the union. In the perfection of her already unexcelled system of schools tell me where you will be in the sturdy ranks of progress. Will you be with the new South with Texas first in the lead where glory and chivalry live on forever? I ask the question again what part will you take in this great program. Be not a deserter or laggard but with courage, I hope you will assume your place among the pressing ranks of your fellow men.

And the great and noble women who are never lacking in courage or ability, with those riches before us, there are at times danger. Land grabbing and commercialism often threaten us as a nation and the day of retribution will come to those workers of iniquity be they men or a nation of men. There are those great questions to be settled sometime and it may be you that will be called on to find the right solution. There are other great matters of state and union that may be inviting the coming generation of men and women to adjust. Then let me advise keep posted, read the papers and many of them not novels, but some good papers that will post you on what your government is doing. Young ladies you also have a mission in some of these problems for

you know that women are fast taking her place beside that of her companion and both together are working out the difficulties which beset to the end that our institutions may endure in glory forever. Then tune your lyre to virgil song and the world will grow more beautiful and famous. Celestial wings will rise higher and higher, for when physical beauty touches the inner soul it paints the rainbow and disperses the mist and kisses the golden goddess of liberty for the world at large and the country also loves great men and noble women. If you improve the opportunities now given you rest assured there is great things in store for you. Don't never be discouraged because you have not the knowledge of education others have. Never be ashamed of your education. Just think of Abraham Lincoln when he was a boy. He walked twenty miles through a wilderness to borrow an English grammar. He had no paper to write on nor money to buy any. When this day's work was done in the field he would bend his huge 6 feet 4 frame clear down to the freight to write and cipher on the back of a wooden shovel and when he had that carved he would take his pocket knife and peel that much wood off and commence again. Children now at 10 to 12 years of age know more than Lincoln did at 21. So young boys and girls don't be ashamed of your little knowledge for like the noble Lincoln there is always room on top for with the little knowledge that Lincoln had he grew and did the work that was to improve the condition of millions of men and women.

Fathers and mothers of the community and trustees do your duty to the public school as you ought to. The average parent pays very little attention to it. You know as well as I that the office of trustee is very important and a great deal depends on the intelligence, judgment and good sense of men in this position. The trustees must employ teachers, have school houses built and kept in repair and see that stoves, fuel, desks, blackboards, drinking water and lots of other things must be looked after. Parents ought to feel enough interest in the education of their own and their neighbors children to vote for and elect men as trustees who are not only qualified, but who will take enough interest in schools to go ahead and do their duty after they are elected. The carelessness and indifference manifested by some of the trustees in

the management of their schools is oftentimes a crime against the children whose opportunities for getting an education are oftentimes cut short along on these lines. Parents if you have children to educate, you can't shift your responsibility upon the shoulders of anyone else, for our school system provides for trustees and if you fail to vote or if you elect men who will not take the trouble to look after your schools you are shirking your duty and neglecting the future welfare of your children. It is no wonder some of our trustees feel little interest in doing their duty. To be elected by five or six votes out of a majority perhaps of 50 does not look good for any community. It shows mighty little interest when men will oftentimes lay around and won't go to the polls to cast their vote for something that will benefit the community and their own children also. Many districts are having poor schools because nearly everybody is leaving the responsibility of looking after the school to somebody else, reserving only the right to criticize. It is a settled fact that our schools and our children will suffer unless we have trustees who can and will do what is required of them. Let me urge you for the sake of your children to go and cast your vote for the men who will undertake to do this work and do it right. If you will do this it will show the trustees that you think the work they are to do is worth while and they will feel that the responsibility is put upon them in recognition of their fitness for the position. Do this for the good of the schools and help to make the trustees office what it is and really ought to be—a position of honor and trust. The trustees should visit the schools at least once a month. This would give the teacher encouragement and the pupils would enjoy their visit. Parents should visit the school often and see for themselves what the children are doing. They should do more of this and less criticizing. Oftentimes a teacher has a hard place to fulfil and should be encouraged instead of frowned on. When a contract is made with a teacher it should state in what manner the school should be carried on in regard to disinfecting, care of house, how often it should be swept and by whom.

I have been trustee eight years, my daughter has taught the public school four years so I know somewhat of what I have been saying along these lines.

COLORADO TEXAS, June 3, 1911.

Rev. (?) E. E. Willis, pastor of the Christian church at Midland opened the big anti rally at Fort Worth. How would you liked to have been there and hear the divine asking God's blessings and the guidance of the Holy Spirit and His presence while just across on the other side of the Coliseum stood 250 hired negroes with tin cups dispensing free beer. We would like to say more on this subject but as the English language lack words suitable to express our contempt for such mockery we must refrain from doing so.

Beyond the Alps Lies Italy.

Isn't it comforting to know the above is true beyond a question, The Record received an invitation this week from the A. & M. College at Bryan to attend the commencement exercises there on the 11th, 12th and 13th. This is doubly interesting to us for we have a son, Walter W. Whipkey, who after four years of study has his name enrolled in the graduating class having made good grades. There are seven graduates in his course, Architectural Engineering. In many college towns during the commencement weather the natives will be assured in positive tones by prespiring graduates that Italy does indeed lie beyond the Alps. Away back yonder our parents and grandparents used this choice caption for their orations. It is very popular indeed and will probably continue to be. Poor college grad! How little does the average type know of what does lie beyond the Alps out there in the land of Tomorrow. When the Senior arrives at the summit of the college Alps—graduation—and takes a step into Italy beyond, his knowledge of the new sphere is but that of a Freshman. Under the lotus-eating influence of a college life, he has forgotten the customs of the outside world. But out in the big Tomorrow, out in the land of Italy men wear suspenders and turned back sleeves instead of belts and turned up trousers. Men are not given gold but they make it and women weep as well as dance. Compared with the land beyond the Alps, life in college is but in sample packages—just like eating between meals. And the sooner the college grad gets the idea out of his head that the world has been waiting impatiently for him to solve its problems, the quicker he will succeed.

We received a letter from a wholesale liquor dealer in San Angelo this week saying: "Kindly quote me prices on black-face locals also please send me list of you local subscribers."

For unmitigated, 18-karat gall he takes the cake. The Observer is published in the interest of the citizens of Christoval and Tom Green county, and has refused and shall always refuse liquor ads; and patent medicine ads too long, so long as we can get enough of other kinds to live on—and we believe we can—as we believe in protecting subscribers in every way possible from the saloon and the patent medicine fakir. So we shall refuse this class of advertising until we become black-face ourselves before we print any "black-face" locals or give the names of our subscribers to such people to bother them with their "wet" literature.—Christoval Observer.

The above is from Frank Van Horn and goes the Record one better for we have not yet drawn the line at patent medicine ads. The Big Springs Herald is the only paper we know of in all West Texas that will run saloon ads in their columns.

The editor has been boarding this week where there are six school marmas who are here attending the Normal. When we were a boy and first began to read we read as follows:

See the cow! Is she not nice? Can the cow run as fast as the horse? No the cow can not run as fast as the horse. But the way they read it now is: Gee! look at the cow! Isn't she a beaut? She's a corker. Can the cow get a move on herself? You bet she can. Can she bump it like a horse? Nit, she ain't in it with the hoss.

The Governor of Oklahoma Speaks.

Some time ago the liquor men sent a man named Stevens to Oklahoma to write up the failure of prohibition in that state. He did it flamingly. He found the blind tigers. Mr. W. S. Harris of Grandbury, Texas, sent the write-up of Mr. Stevens to Governor Cruce of Oklahoma and here is the Governor's answer:

"I am in receipt of a clipping from newspaper, an article written by Fred M. Stevens in reference to prohibition in the State of Oklahoma.

"Mr. Stevens came to Oklahoma doubtless to find certain things and found them. If he had come with an unprejudiced mind, he would have found different facts. He tells about finding dives and joints in Oklahoma towns and says he could give the streets and numbers of these. As a good citizen, if he knew these facts, he should have placed them before the County Attorneys of these different counties and it would have been the duty of these officers to have had these lawbreakers arrested.

"Mr. Stevens does not tell about finding a large brewery in Oklahoma City which formerly made beer, but now makes nothing but ice. He did not tell that there are no open saloons and that the average man passing along the street would not know that liquors could be bought in Oklahoma City and these other towns. The man who wants to buy liquor in Oklahoma must hunt for it, just as Mr. Stevens doubtless did.

"People will steal horses in Oklahoma and occasionally even murder is committed, despite the fact that there are laws in Oklahoma against both of these crimes. This same condition doubtless prevails in Texas also, and there are road houses in states where the open saloons flourish.

"The people of Oklahoma are well satisfied with prohibition, which fact is proven conclusively by the election returns. The majority at the last election was larger than at the former election. This is the best evidence that the people of this state are better satisfied with conditions now than with conditions which formerly prevailed when the state had open saloons.

"There is more money in the banks now than then. The stores are selling more goods now than then. Real estate is worth more now than then in both town and country. There are more miles of paving and sidewalks now than then, and all Oklahoma is more prosperous today than it was when the state had open saloons."

Let's put over against this the record of the license cities of Texas—Galveston, with wide-open saloons, day and night, Sunday and Monday, with scores of illegal selling places, tigers with their eyes wide open. We will put Dallas, Houston, Galveston or Fort Worth against any license city in America for blind tigers and all other kinds of ravenous varmints. License has been tried for fifty years as a method of regulation and the result is that the liquor traffic regulated the cities and the state of Texas.

But not only is every city in Texas which allows saloons controlled by them, but they defy all law. For seventeen months Dallas has had a killing once a week. The police last year made right at 10,000 arrests and everybody in Dallas knows that law is openly violated here without any arrests at all. There is not a place in the world where licensing vice will not make things worse. We have tried license and it is a wide-open failure, not a dark corner failure, but a daylight failure.

Not Very Encouraging.

DeVoe in his weather forecast predicts for June as follows: "This month will be a hot sultry month. The rainfall will be very light over the Eastern States. 1st to 2nd, warm and pleasant; on the 3rd a storm will advance from the Pacific coast but the heavy rains will stay west of the Rocky Mountains; 4th to 5th thunder storms; 6th to 7th hot and sultry; 8th to 9th sultry; on the 10th a storm will form over the Mississippi valley; 11th and 12th heavy thunder storms; 13th and 14th pleasant; 15th to 17th

hot wave. On the 18th a storm will form over the lower Mississippi valley and move northward. 19th and 20th hot and sultry; 23rd to 24th, sultry. On the 25th a belt of thunder storms will move across the country followed by a cool wave; 26th to 27th cool and pleasant, 28 to 30th pleasant. Watch these predictions and see how near he hits the mark.

The planting of apples in Texas is becoming more widespread every year.

The Texas Sheep

The sheep is the greatest politician of all animals. He has entered every campaign since the beginning of government and in a number of elections his fleece has been the paramount issue. Sheep have been mentioned in the platform of every political party and wool has been listed in the tariff schedules of every nation on the globe. As a statesman he has pretty well held his own and although occasionally beaten at the polls and ejected from legislative halls, his friends invariably resubmit the issue, and today his fleece is protected by a tariff of 11 cents per pound.

1910 VALUE PER HEAD \$2.90.

He is the most economical of all animals; his flesh is the purest of foods and has always been an acceptable sacrifice to the gods; his fleece makes the finest of raiments and has clothed mankind since the creation of the world. He is a very prolific animal and while furnishing food and clothing rapidly replenishes his kind. He is the only animal that possesses three natural and unfailing sources of revenue—food, clothing and reproduction—and he has so successfully managed these gigantic lines of industry since the beginning of time that today he is a captain of industry among the animals.

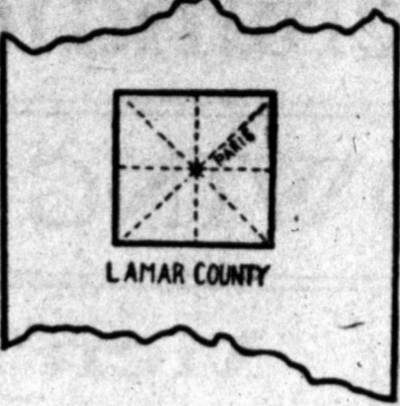

The sheep is the only animal that has been humiliated by being compelled to compete with vegetable fibre on the markets, but notwithstanding the progress of his powerful rival, King Cotton, he has held his own and today he is worth more on the market than at any time during the past half a century and his fleece is the yard-stick for computing values of all vegetable fibres, and King Cotton must set prices from the sheep before entering the market.

According to the Federal agricultural department census report on Jan. 1, 1910, we had 1,500,000 head of sheep and the latest estimate placed upon them is \$5,536,000. During the past decade we have shown an increase in number of sheep of half a million head in total value of approximately \$2,500,000.

Texas is the home of the sheep and the mountain regions afford cheap grazing and the mild climate is well adapted to sheep raising and wool growing.

Good Roads in Lamar County.

The above cut of Lamar county shows the district which has recently voted a bond issue of \$300,000 carried by a vote of 1179 in favor of the issue to 91 votes against it. The district is shown by a square in the center of the county and the dotted line in the map indicates the roads that are to be permanently improved. There are eight roads in all and the cost per

act of the legislature was necessary to permit this but it was secured without opposition. The plan would give those who wanted better roads a chance to secure them without cost and it would also give those who did not want them worse roads; and everybody would be satisfied.

Another feature of especial interest was the provision for a special board to disburse the fund. This board consisted of seven members, four elected at the polls and the County Judge, County Clerk and Road Commissioner ex-officio members of the board, the citizen members to draw \$3 a day while in session and their term of office to last throughout the expenditure of the bond issue.

On Friday evening at the court house park the Playground Association will entertain the people of Colorado in a novel and delightful manner. Ice cream and home made cake will be served at the low price of 15 cents a dish. The prettiest and daintiest young ladies of the town will serve. Mr. Sandusky will make a speech. Music will be provided by the band and some solos given and best of all with every dish of cream you will be given a vote for the queen whose coronation will also occur in June. The young ladies that the association asks you to vote for are Misses Jeanette Earnest, Pauline Payne, Marguerite Beal, Nell Ruth Arnett, Edna Majors and Irene Whipkey. One of our most dashing and handsome young men will act as Court Chamberlain, there will be pages, ladies in waiting and the favored young lady will be enthroned among her devoted subjects.

The proceeds of this entertainment will be used to build a shade for the young people at the playground and they are working hard and want you to come out and help them as well as enjoy a cool pleasant evening.

Dr. and Mrs. Jones and Mr. and Mrs. Snyder in the parlor. Dr. Elmer Snyder, Mr. Frank Snyder and Miss Gladys Snyder in the drawing room. Refreshments of heart-shaped cream in white and pink and cake were served and delicious punch was dispensed all during the evening. Plate favors were pink and white sweet peas tied with ribbons of similar colors.

The ladies were bewitching in pretty summer toilettes and the bride was very handsome in an imported gown of embroidered chiffon over rose colored messaline satin, duchesse lace trimmings. Then followed a long list of those present—Georgetown Sun.

\$100 Raised.

Last Sunday at the Baptist church the Sunday school was to raise \$100 for the Baptist Sanitarium at Dallas. The amount was raised. What the school lacked in making up was put in by the superintendent and the money sent off.

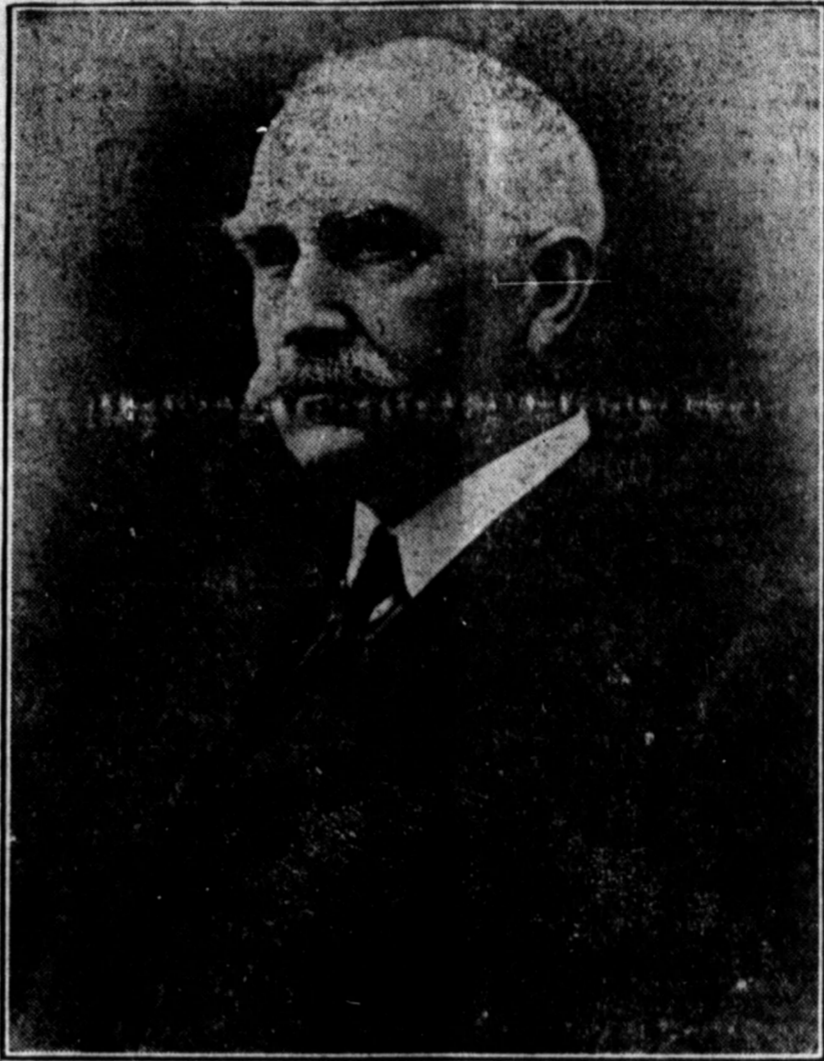

Married.

Mr. Bert King and Miss Bertha Atkinson were married Sunday afternoon at the residence of the bride's parents in East Colorado, Rev. Elliott officiating. They left Sunday night for the groom's home at Tahoka, Texas.

GOVERNOR JUDSON HARMON OF OHIO

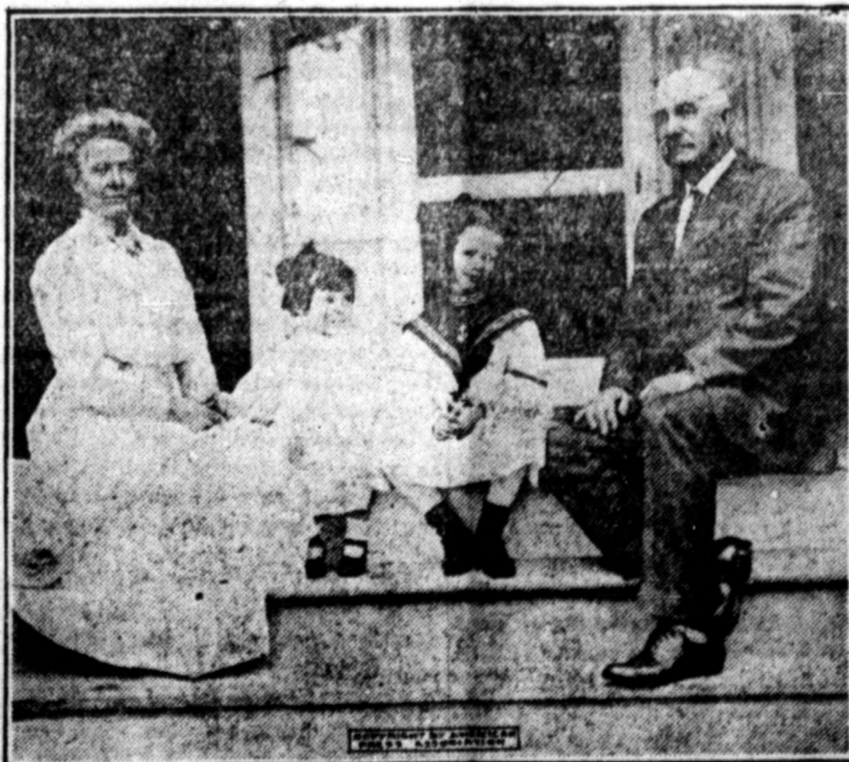

By A. V. ABERNETHY

HON. JUDSON HARMON, GOVERNOR OF OHIO.

SOME BIG BILLS A REAL GOVERNOR OBTAINED FOR PEOPLE IN OHIO

- The Oregon plan of nominating and electing United States senators by direct vote of the people.
- Placing the Ohio judiciary beyond the clutches of party bosses by electing all judges on nonpartisan ballots.
- A workmen's compensation act, so that injured employees can get damages without expensive and tedious litigation.
- A public utility commission with authority to regulate issues of stock, rates, mergers and service.
- A corrupt practice act that will make vote buying in primaries and elections a dangerous undertaking.
- A limited initiative and referendum for Ohio cities.
- A central board of control for nineteen state institutions to take the place of nineteen separate boards of trustees with their corps of employees. This bill places subordinate employees in the institution under civil service.
- A shorter ballot by abolishing boards of infirmary directors of three members each.
- A reform of Ohio election laws to prevent corruption and fraud.
- To have delegates to the 1912 Ohio constitutional convention nominated by petition only and elected on nonpartisan ballots.
- To stimulate the agricultural industry by requiring agriculture to be taught in all Ohio village and country schools.
- Ratification of the proposed income tax amendment to the federal constitution.
- Memorializing congress to call a convention to provide for the direct election of United States senators.
- Insuring the honest handling of all state money by depositing in banks under the competitive bidding plan.
- Creating a fund of \$3,000,000 every year by general levy to give Ohio a system of improved roadways equal to the best in the world.
- A complete reformation of tax laws that will put tax dodgers out of business and will compel corporations and owners of intangible property that have been dodging taxes to place their holdings on the duplicate the same as small property owners. Included in this is a 1 per cent tax levy limit bill.
- Providing for the construction of a women's reformatory and placing all girls in the state correctional institutions under the control of a woman.
- Public utilities bill, corrupt practices act and the initiative and referendum have passed both houses, but are in the hands of the conference committee. These bills will become laws in satisfactory form.

Faint?

Have you weak heart, dizzy feelings, oppressed breathing after meals? Or do you experience pain over the heart, shortness of breath on going up-stairs and the many distressing symptoms which indicate poor circulation and bad blood? A heart tonic, blood and body-builder that has stood the test of over 40 years of cures is

Dr. Pierce's Golden Medical Discovery

The heart becomes regular as clock-work. The red blood corpuscles are increased in number—and the nerves in turn are well fed. The arteries are filled with good rich blood. That is why nervous debility, irritability, fainting spells, disappear and are overcome by this alternative extract of medicinal roots put up by Dr. Pierce without the use of alcohol. Ask your neighbor. Many have been cured of scrofulous conditions, ulcers, "fever-sores," white swellings, etc., by taking Dr. Pierce's Discovery. Just the refreshing and vitalizing tonic needed for excessive tissue waste, in convalescence from fevers or for run-down, anemic, thin-blooded people. Stick to this safe and sane remedy and refuse all "just as good" kinds offered by the dealer who is looking for a larger profit. Nothing will do you half as much good as Dr. Pierce's Golden Medical Discovery.

District Court.

The district court has been busy this week clearing the docket. The railroad cases were disposed of and the case of the State of Texas against Bob Cooper was called and all of them were stricken from the docket and the defendant discharged.

The case of Texas vs. John Guitar charged with violating the anti-trust law was tried and the defendant found not guilty and all other cases dismissed.

The case of Texas vs. Thompson charged with theft was tried and the defendant found not guilty and discharged.

The case of Texas vs. McGee charged with theft was called and continued until next term.

The court then heard a prayer from citizens of Sweetwater asking for injunction against the Orient Ry. The following committee of Sweetwater citizens appeared before District Judge Sheppard and presented the papers setting forth their plea and contentions: J. H. Beall, J. V. W. Holmes, S. D. Myers and R. C. Crane. After careful consideration of every phase of the question at issue Judge Sheppard granted the writ restraining the company from removing their headquarters from the city, and at a late hour last night the papers were properly served upon the officials of the road.

Court adjourned until Friday morning when the case of the State of Texas vs. Billy Hagler charged with murder will be called.

SCHOOL CLOSING AT DANIELS

Miss Lula Cole the Efficient Teacher Made Signal Success.

Miss Lula Cole, who has been teaching at Daniels, closed a very successful session Tuesday night. The patrons of the school were greatly pleased with her work, and are anxious to secure her services next year.

The program Tuesday night was one of the best ever given in this country and the audience showed its appreciation and enjoyment throughout the entire three hour program by an attentive silence that was truly phenomenal.

The following pupils took part in recitations: George Sweet, Bennie and Clifton Brown, Dora Jones, Mamie Brown, Eddie Phillips, Ollie Sweet, Gladys Westfall, Willie Sweet, Tommy Grant, Tommy Ellett, Virgil Morris, Professe Strickland, Fannie Sweet, Minnie Westfall, Nilla Daniel, Willie Wade, Reuben Westfall and Dick Gregory.

As nearly as we remember the following program was rendered:

Welcome—A salutation by Willie Sweet, Fay Daniel, Gladys Westfall, Ollie Sweet, George Sweet, Bennie Ellett, Tommy Ellett, Virgil Morris.

The Last Roll Call—By Teacher and School.

Recitation.

Some Famous People—A dialogue in which Mother Goose characters were represented by Bennie Brown, Thelma Sweet, Dora Jones, Bennie Ellett, Tommie Ellett, George Sweet, Eddie Phillips, Tennie Sweet, Mamie Brown, Willie Sweet.

The Violets—A motion piece by Ollie Sweet and Gladys Westfall.

Music—The Crown Prince March by Eva Murphy.

Recitations.

The Witches—A monologue and tableau—Minnie Westfall, Fannie Sweet, Ollie Sweet and Mrs. Cole.

Not Quite a Bargain—A dialogue—Gladys Westfall and Maude Phillips.

Music—Hiawatha Waltz—Eva Murphy.

Recitations. Four Celebrated Characters—A dialogue in which the cast of characters were, Red Riding Hood, Dora Jones; Cinderella, Sudie Jones; Sleeping Beauty, Willie Sweet; Gold Spinner, Gladys Westfall.

The Rival Speakers—A dialogue by Reuben Westfall and Dick Gregory.

At the Cross—A tableau—Eva Murphy.

Preparing for Company—A dialogue—Willie Wade, Virgil Morris, Ida Ellett, Minnie Westfall.

Music, the Chariot Race March—Eva Murphy.

Father Time and the Seasons—A costume piece with tableau—Willie Wade, Father Time; Gladys Westfall, Winter; Minnie Westfall, Spring; Fannie Sweet, Summer; Manda Phillips, Autumn.

The Search for Happiness, a pantomime and tableau—Minnie Westfall, Ida Ellett, Alberta Ellett, Fannie Sweet, Ollie Sweet, Gladys Westfall, Dora Jones, Willie Sweet.

Goodbye—A little piece by eight children.

Song, God Be With You—K. Boyce and class.

A Coloradoan in Verse.

Its easy to some, a very pleasant thing to do. To misconstrue, to gossip of others acts and motives true; With skill and Pharisaical pride, they slander with pompous grace, And on wings, they rush to speed the news, in mighty haste; E're they lose an opportunity, some good name to defame, Some home to blight, yet in their errand there is no gain.

No name so good, no home so pure, no deed so noble, That from a slanderer's tongue its virus will not despoil, From twilight's dawn to evening's shadows fall;

This Serpant's Tongue upon everyone it calls, In appearance, innocent, it comes with doleful knell

To you in confidence, a secret to willingly tell.

In friendship's robes it often comes arrayed, Like the spider who weaves in artistic ways its web,

To invite the defenseless and unsuspecting fly to enter, stay, Till with entwining links, like the fly you're led

To where virtue and honor is ever held to scorn

Then the slanderer's satisfied, his reward, his name adorned.

Yet this Judas has ever Society infested, For the Noble Polycarp, with fagots were burned,

Because the slimy tongue with innocent men attested, That this Noble Spirit, God's Holy Alters had ruthlessly upturned,

And this emissary of Hell with us too, will ever be

And your good name, into Slanderous Mirky Waters he may send, Thee.

DEATH ENTERS PORTAL

And Takes From Earth the Infant Son of Mr. and Mrs. A. F. Curry.

Died in Midland, June 3, Thomas Cullen Curry, infant son of Mr. and Mrs. A. F. Curry, aged 15 months, Buried in Colorado Sunday from the home of Mrs. Curry's parents, Mr. and Mrs. D. N. Arnett. This handsome, winning baby was the idol of a circle of loving relatives whose hearts are bleeding over the great loss. The little fellow was taken suddenly ill at Mr. Curry's ranch and was immediately carried to Midland for medical attention. For two weeks he was critically ill and medical skill, the nursing of a mother, grandmother, aunt and others who loved him was of no avail and a little after midnight Thursday the angels came for him and the little spirit went home to heaven leaving the wasted little body to be placed in the family lot beside the only other loved one of the Arnett family that has yet gone home. The funeral services were held Sunday at eleven o'clock by Rev. Lyon, who only a few months before had baptized the little one. He made a beautiful and touching talk upon the life and influence of little children and spoke such loving words of sympathy that the hearts of the grieving loved ones were made to see the joys and beauties of the home in heaven instead of the sorrows and troubles of earth. The little casket was covered with fragrant flowers sent by loving friends and the songs sung were an expression of the love of those whose hearts beat in love and pain for the father and mother, who were experiencing a grief that was new to them. The little white casket was placed in a bower of ferns and flowers and the tiny mound covered with sweet blossoms. None thought of death or the horrors of the grave, but the mind went out to Longfellow's beautiful lines:

He is not dead, the child of our affection, But gone into that school Where he no longer needs our poor protection,

And Christ Himself doth rule. We know that he will be missed, not alone by father and mother, sister and brother, but by the aunts and uncles, for he was the baby of the large Arnett family and so bright and sweet that he was almost worshiped, but all feel that he is only another golden link that fastens them on to the beautiful home beyond where partings never come.

Thirteenth International Sunday School Convention.

The Thirteenth International Sunday School Convention, to be held in the city of San Francisco, June 20-27, promises to be the greatest religious gathering for all denominations ever held on the continent. News comes from far and near that special trainloads of people are coming from every corner. Already delegates have been enrolled from every state in the Union and every province in Canada, and a delegation from Mexico will also be present.

The Texas delegation will travel on a special train, leaving Fort Worth Tuesday morning, June 13, at 9:30 over the Fort Worth and Denver railway. We will stop that night for a two hours rally at Amarillo taking the Santa Fe system, we go by way of Albuquerque, New Mexico, holding a big rally there at noon Wednesday, and then go on to the Grand Canyon of Arizona, where we spend Thursday leaving that night, we travel on to Los Angeles, reaching there Friday at 2:30 p. m. and stay until Monday, leaving Monday over the Southern Pacific for San Francisco, where we arrive Monday night, in time to become settled before the great convention begins on Tuesday.

Already delegates from 47 towns and cities have been elected, and the delegation promises to be over 100, who will travel in the special train. Texas is entitled to 72 delegates and 7 alternates, all of whom will have the privileges of the great convention. Any pastors, superintendent, teacher or Sunday school worker is eligible as a delegate and any other friend who desires to go with this special may do so, whether they are delegates or not.

The railroad fare is the cheapest ever given for such an attractive trip, being \$50 from all common points in Texas for the round trip, with \$6.50 extra for the Grand Canyon trip, and of course any other side trips to be taken will be extra. The privilege of returning by any route, Northern or Southern, with stopovers allowed at any place, up to September 15, are the chief features of the rates.

Supt. Robt. M. Webb and wife are going on this trip, and will take advantage of it to visit friends in different parts of California during the summer. They will be away probably three months.

Beautiful Home Wedding. Burdine-Welch.

"Seest thou shadows sailing by, As the dove with startled eye, Seest thou falcon's shadow fly? Bear a lily in thy hand. Gates of brass cannot withstand, One touch of that magic wand, Bear thru sorrow, wrong and ruth, In thy heart the dew of youth, On thy lips the smile of truth."

Wednesday morning May 31, 1911, 10:30, in the tastefully and cozily decorated little home of Mr. and Mrs. Welch was made that sacred and solemn vow which causes two to become entwined as one. At the respective hour Miss Mabel Hood played softly in her gentle like manner the wedding march while quietly but with joy and sweetness the little ribbon bearers, Virginia Welch and Velda Browne, glided into the room where the guests were, followed by little Mamie Northcutt and Curtis Enyart as flower girl and boy, then little Viola

Browne, to make for them a flowery path, strew sweet forgetmennot petals mixed with roses. Then was seen to enter the maid-of-honor, Miss Stella Welch dressed in a sweet and attractive little blue negligee, who was followed by the manly ring bearer, Master Ellis Browne, who bore the ring on a little pillow. After his entrance all eyes were made to turn and look upon the fairest that sun e'er shone on, the loving bride, Miss Lizzie Welch leaning so gracefully upon the arm of her manly companion, Mr. E. L. Burdine of Anson, Texas, assisted by Miss Mary Barber as bridesmaid.

Never before was the bride made to look more sweet, tho she always be of a sweet disposition for "To know her was to love her," than she did look dressed in a rich messaline of pearl white with a rich and well selected piece of all over lace for bolero and finished in a pearl fringe and orange bolossoms caught lightly on the right side of her hair and fallings gently to the left. While much is to be said

of the groom, who was so handsomely dressed in a navy blue serge. The arch of white which the "happy two" were to stand under was touched up beautifully with tiny forget-me-nots and from the center was suspended a large bouquet. The bride carried a large bouquet of ferns and white roses the maid of honor a bouquet of pink roses, also bridesmaid. After Rev. A. D. Leach, pastor of the Baptist church had so solemnly in his pleasant manner, made them forever united in the holy bonds of wedlock using the Baptist ring ceremony and congratulations had been given the bridal party and guests were ushered into the dining room where a ten course luncheon was served. Such an assortment of goodies. The dining room and table was also tastefully trimmed in blue forget-me-nots and white tulle. Many presents were presented, such as china glassware, rugs and linen.

The guests were mostly relatives and a few intimate friends. Miss Lizzie, as we call her comes from the most high and well cultured class of people, her father being well known in this country as a stockman and farmer and having been a resident of Spade for some eight or nine years and she has won the love and esteem of each and everyone through her cheerfulness and simplicity as a true type of a woman christian girl. The groom who has in a moral sense and as a true devoted been known by most of us for only a short while has won our love and friendship as being a true religious and moral man.

For these two who have so beautifully taken upon themselves the struggle of life, for in so doing they must journey onward and upward through the tide of life trying to overcome all obstacles, we can only wish them much health, wealth and happiness and a truly devoted life to God's cause. The two go to housekeeping immediately, the groom having a place furnished for them near Westbrook. Love, peace and prosperity.

Card of Thanks. To each and every one who so lovingly ministered to us in our recent bereavement, we wish to express our heartfelt gratitude. Especially do we appreciate the untiring efforts of Mrs. Phenix and Coleman and that of Mr. Cummings in so patiently working to secure efficient telegraph service. We thank the Ladies Aid of the Christian church, the Rebecca Lodge and all our friends for the beautiful floral offerings, and may the Giver of every good and perfect gift, richly reward you for your deeds of kindness and words of sympathy.

Sincerely, Mr. and Mrs. Sparks and family.

Foreign Mission Society.

The Foreign Mission Society of the Methodist church met Monday. Arrangements were made about the delegates report for the Children's meeting and a program upon Industrial Work given. It was decided to have a joint picnic meeting of both societies in July. In this way combine business and pleasure and entertain the ladies of the church.

The C. W. B. M. Meet.

The C. W. B. M. met Thursday with Mrs. Venable with a large attendance of members and two visitors. The year book program was on the Home and Foreign schools of the Christian Woman's Board of Missions and the subjects were treated in a very instructive manner. The organization decided that the playground movement was rightly a part of home mission work and the mission work of the association and several names were turned in for membership. This is an advance move for the church and the association greatly appreciates it and hopes the other church societies will do likewise. Mrs. Venable served dainty refreshments and the meeting adjourned to meet next month with Mrs. Porter.

Driest May in Eleven Years.

The month of May just passed has been the driest May in the past eleven years. The government rain gauge shows fairly good rains in every May except this one. The month just passed shows not a drop. In 1900 it rained in May 4.79 inches, in 1908 it rained in May 5.61, even last year it rained 1.40. The average in May for the past eleven years has been 3.24, all of which shows that you cannot guess at the future by the past. In June last year we had 1.13 inches and the average in June for the past eleven years has been 1.62. Will we get it this June?

Juvenile Missionary Society.

The Juvenile Missionary Society met Saturday with Mrs. Shaw in an open meeting. Readings were given by Leila Ayres, Mamie Lena Jenkins and Ada Shaw. The dues were paid in but it was found that all had forgotten to bring their mission pledge so Mrs. Shaw announced that on Monday night she would give them a silver tea, everyone to come with a piece of silver. Games were played in the yard and iced tea and cake served on the lawn before goodbyes were said.

Monday evening a large number of children and their mothers gathered at Mrs. Shaw's for the tea. The orchestra furnished sweet music. Mrs. Annis gave two splendid readings. Lillian Smith gave a cute little reading and everybody enjoyed greatly the cream that had been frozen by the normal school boys assisted by the young lady officers of the society, who made cake and worked hard all day to have things nice for the guests.

All greatly enjoyed the evening and a nice sum was taken in by the juveniles. This will go on their pledge of \$25 for our foreign missionary.

THEY ALL DEMAND IT.

People with kidney ills want to be cured. When one suffers the tortures of an aching back, relief is eagerly sought for. There are many remedies today that relieve, but do not cure. Doan's Kidney Pills have cured thousands. Here is proof:

Frank Palesek, of Big Springs, Texas, says: "It was two years ago that I first used Doan's Kidney Pills. I was then working in the shops and from my drinking too much ice water, my kidneys became disordered. The most severe pains often darted through my back, causing me intense misery and the kidney secretions were too frequent in passage. I was unable to find anything that would relieve me until I procured Doan's Kidney Pills. After taking a few doses, I felt better and the contents of two boxes made me as well as ever."

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Needing Abstracts.

The value of your reality is no better than the accuracy of your abstract, and the accuracy of your abstract depends on the experience and skill of the abstractor. I make a specialty of abstract work, and my records are the most reliable and complete in Mitchell county. When in need of this kind of work, why not let me do it.
