Keiper's New E. M. F. "20" and Flan-der's "20" Runabout Has Arrived.

After considerable delay, Mr. Keiper, of the Studebaker Garage has at last received his cars. He went to Dallas and took their flower show car and had it shipped at once. In the order comes a little runabout Flan-der's 20 car, and it is a beauty.

Both of these cars are practically sold and if you want a car, or are even thinking about purchasing one, you had better speak for it, as the factory is away behind with orders, and it may take thirty days to get more cars here.

Go to the Studebaker Garage, see these new cars where a fine demonstration can be had and all the merits of these cars proven to the entire satisfaction of prospective buyers.

Misses Ruth Carr and Myrtle Howder, who have been attending the summer normal, will return to their homes in Vincent this week.

All the Sunday schools in the city will be in the parade.

See our Remington Hammerless Target Rifles. Colorado Mercantile Co.

Little girls, little boys! Decorate your wheels and get ready for the parade.

PROHIBITION RALLY.

At Colorado July 21-22--Big Parade, Free Lunch for Voters, Etc.

Having heard always that the hand that rocks the cradle rules the world, the women of Colorado are going to see if for one day they can rule the town upon the subject of prohibition, leaving all other matters in the hands of the lords of creation. With this end in view, a few representative women of the town met and decided to call upon their sisters in every church to create a sentiment and do active work between now and the 22nd of July for God, home and native land. The meeting was held Sunday evening at the tabernacle and the county chairman and other gentlemen most enthusiastically endorsed the movement the ladies are making, and offered to advise and assist in every way possible. It was decided to have a big parade of the women and children, serve lunch to the voters, and otherwise entertain and instruct them on the great temperance cause.

On Wednesday evening at the Baptist church another meeting was held. Mrs. Lyons called this meeting to order, and stated that the first business would be to elect a permanent chairman. Mrs. Merritt was elected, Mrs. Broadus being made secretary. Next came the appointment of committees. The parade committee consisting of Mesdames Shaw, Looney, Root, Johnson and Broadus had been selected previously and, after giving their plans, it was decided to have the parade Friday evening, July 21st, the crowd to meet at 1:30 at the tabernacle. Every man, woman, child, horse and donkey in the county are invited to join in this grand march. They are also invited to carry banners and sing and shout for prohibition. On returning to the tabernacle an interesting program will be rendered by special speakers.

To see about the refreshments for the next day the following committee was appointed by Mr. Porter, committee chairman: G. D. Adams, Chas. Goodwin, J. T. Davis, Mr. Reese and Gerald Riordan; these gentlemen to be assisted and advised by Mesdames Merritt, Shaw and Looney.

A large number of ladies were placed on the lunch committee, with Mrs. Jim Johnson, assisted by Mrs. T. J. Ratliff, as chairman. These ladies will serve sandwiches, iced tea and coffee from ten to three and all the voters are cordially invited to partake of these refreshments.

An advertising and soliciting committee, with Mrs. Collier as chairman, was appointed. They have a great work to do, and through them every man, woman and child in the town will be invited to attend the great rally of the 21-22.

Mrs. Lyon was made chairman of the program committee to train the children and young people in their parts in the march and on the program.

Mrs. Arnett was made chairman of the tag committee and the secretary instructed to write Mrs. Curtis for 500 tags.

Another meeting will be held Sunday afternoon after Mr. Stewart's speech, and every woman is invited to be present at this meeting, at about five o'clock. You are needed and are urged to be present and help to make this rally a success.

Grand Parade.

Everybody likes a parade! Look out for one next week. Everyone in our little city can be in it; big little, old and young. We want it to be the best, and Colorado never does things any other way.

All the autos decorated in glowing colors, streamers, etc.

Everybody who rides a wheel, decorate it and come.

Every conveyance in the town and country--let everybody see who can send out the most beautifully decorated one.

One hundred horseback riders--ladies and gentlemen--and please don't forget the donkeys.

There will be floats for the band and the singers.

Let all our merchants send out their floats.

Great! Of course it will be great! We want our fire wagon, too. Let the colors red, white and blue wave over a glorious little city. Let every home in town give these colors a place these days--21st and 22nd--and as the sun goes down on the stars and stripes many will see the stars on that dear flag fairly glitter and glisten to eyes filled with tears of joy and gladness that our state is free from an awful curse.

MRS. SIMON SHAW.
MRS. LOONEY.
MRS. BROADDUS.
MRS. ROOT.
MRS. JOHNSON.

Look out for details next week. Let everybody put on their thinking cap and stick a feather in it, for the 22nd will mean something--it will be a day long to be remembered.

MODERN STEAM LAUNDRY
Is One of the Most Expensively Equipped Enterprises of the Kind in The State.

The Colorado Steam Laundry, now on Oak street opposite the light plant, is one of the most modern and expensively equipped institutions of its kind in the state—it is truly a modern and model plant, new and complete from ground floor to roof; from boiler room to business office. A representative of the Record was shown through the establishment Wednesday afternoon by the courteous manager, J. T. Davis. To those not familiar with the latest improved laundry machinery it would be hardly worth while to attempt a description which would make one who has not been through the plant appreciate its completeness. For every class of work there is the latest make of machine, enabling the operators to handle a washing in almost as little time as would be required to bat an eye, and with practically no damage to the articles laundered. To illustrate the dispatch with which work can be turned off the reporter was informed that a soiled shirt can be washed, starched, dried and ironed and made ready for wear within thirty minutes. The Colorado Laundry is complete in every detail and it should be seen while in operation by every citizen of Colorado.

Manager Davis announces that he expects to give public opening soon (date to be announced later), and everybody will be cordially invited to attend and see the Laundry in full operation. Refreshments will be served on this occasion and everybody made welcome.

Reward!
Strayed from Westbrook on Saturday night, 8th of July, one bound, about five years old, black and white with dark red spotted ears; about 3 inches of tail cut off. When left had chain with piece of rope dragging it, and was last seen in the Wulfjen pasture, going toward the ranch. I will pay \$5 for any information leading to his location or \$10 delivered to me. 7-21p C. B. HOOPER Westbrook, Tex.

W. S. Anderson, of Handley, Texas, will commence a Holliness meeting at Westbrook, on the Fourth Sunday in this month, running over until the Fifth Sunday night. All lovers of the old bible truths are respectfully invited to attend and hear him. There will be hats passed around for money, so all come and feel free.—Committee.

The Rain.
Since our last issue, local showers have fallen in Mitchell county, in several places, but seemingly the most rain fell in Colorado. Quite a number of farmers report local rains, but in all instances the fall was very light and while, of course, it will do some good, yet the county needs a good general rain. Cotton is reported as doing fine, and there will be lots of feed raised yet. Dr. Weston and Bro. Killian having quit the business of prognostication, leaves the Record in some doubt as to just when it will rain but it is safe to say that Mitchell county will get a drenching rain just after the prohibition election.

Farmer's Union Notice.
An important meeting of the Colorado Local Farmers' Union will be held at the court house on Saturday, July 22, at 2 p. m., being the fourth Saturday in the month. All members urged to be present.
H. COOK, President.

Work is Progressing.
Work on the new school building is going on. Some eight or ten men are now at work putting in the concrete foundation, and the first car load of new brick will be received this week. The difficulty now is in getting the material, and especially the cement. By the time the foundation is in it is thought that most of the material will be on the ground and the work will be pushed on to completion.

JUDGE WM. POINDEXTER
Gives a Splendid Lecture at the Tabernacle on State Wide Prohibition.—Large Crowd.

As previously announced on Monday night Judge Poindexter spoke to a large audience at the tabernacle, on the subject of State-wide Prohibition. Judge Poindexter is a man of statewide reputation, and all expected to hear a good speech, and were not disappointed in the least. He came in on the morning train and was met by a committee and entertained until evening, when he was taken in auto to Lorraine where he made a short street talk; and then back here for the night speaking.

The speech throughout was characterized by fairness to his opponents who were sincere in their beliefs, but he showed no mercy for those whom he termed "antis solely for the money that is in it."
He opened his address by putting all antis in one of three classes, the honest anti, who was sincere in his convictions; the local option anti, who believed that the proposed amendment was an infringement on personal liberty, and the last class, those who were antis because they were directly interested in the liquor traffic.
The whole issue of the campaign, was, he declared, to determine whether these latter "political bootleggers" should stay in power. "To rid the state of them, I would rather see the amendments passed than receive any four offices that the people of the state of Texas could give me," he declared. He then gave a resume of the rise of the prohibition campaign since 1887. "At that time," he declared, "the antis were honest in their contentions, but there has been a gradual degeneration until the speaker for anti prohibition now is to be classed with the hired speakers that they so liberally employ."

"In explaining what he termed the "barofaced hypocrisy" of the antis of the third class, Judge Poindexter stated that the liquor interests now favor the local option so that the old local optionist will be drawn away from the new statewide reform. "If we lose in this fight," he declared, "it will be because of the failure of the local option vote, and if we secure the full vote of the dry territory we will win by 50,000 votes, hands down."
After declaring that the saloons rule in El Paso, he quoted the owner of the Cony Island saloon as having said in an interview: "I wish it would come to a question of state prohibition and I would give \$10,000 to the cause."
"We'll need that \$10,000," said the Judge, "we'll certainly have to call on him." The interview quoted was with Tom Powers.
"Local option is a myth, there is no such thing," he said. "A city can pass laws and ordinances because of the charter that has been given to it, but a precinct or a county cannot do it except by the consent of the state. Drinking liquor and selling liquor are two entirely different things. You can't stop a man from eating tainted food, but you can prevent him from selling it. In this matter there are no personal liberty laws violated, for personal liberty rests on the good of the whole people," said he.
In declaring that the antis were afraid to come out and argue the matter, he said: "I will pay Colquitt's railroad fare and hotel expenses for the rest of the campaign if he will publicly argue this matter with me. Why, even the antis admit that the saloon must go," he declared.

"Through misrepresentation they try to mislead the voters. The word 'use' has been inserted by the liquor publicity agents into the amendment and in this way they change the whole sense of the amendment and try to show that the personal liberty of drinking or eating what a man wishes will be taken from the people." Judge Poindexter then read a copy of the

proposed amendment, which reads: "That the manufacture or sale of liquor shall be prohibited, nothing being said about its use."
Judge Poindexter closed his speech with an appeal to the people to vote as their conscience directed at the next election and not as their business. The meeting was held under the auspices of the local executive committee of the statewide prohibition organization. The meeting was presided over by Judge Coe, and opened with prayer by Rev. Thomas.

Dr. Phillips Lecture.
Dr. Phillips, superintendent of Sunday school and Young Peoples work of the Southern Presbyterian church, spoke Tuesday afternoon and evening at the tabernacle. On account of the delayed train the morning service at the church was not held.
Dr. Phillips was returning from the great Sunday school convention in San Francisco and had many interesting and instructive things to tell of the work being done by this great right arm of the church.

In the afternoon he discussed the school under five heads, telling what a modern school can do for a church and a town. First he spoke of its ingathering power, third, transforming power, fourth, training power and fifth, unifying power. Under these heads he brought out many new thoughts and impressed the fact that it was as important to progress in church work as in other lines. He said that religious instruction was not keeping up with the increase of population and he showed how in the Sunday school, the word of God, the people and the teachers met. He spoke of the great number of people who each week studied the same lessons and the inspiration to be derived from this number. He called it the melting pot of the nations.

In the evening Dr. Phillips spoke of the characteristics of the different ages of pupils and the means of successful grading. These talks were a great privilege to all interested in this work and those who heard him received great help in their work. If every parent and pupil could have heard these addresses they certainly would have been inspired to greater efforts in attendance and study. While here Dr. Phillips was the guest of Mr. and Mrs. Elliott.

Austin College Quartette Coming.
This quartette will be here on Friday night, July 21. The College boys have already filled several engagements and reports from these different places pronounce them one of the best quartettes ever heard in the state. Following are the boys composing this quartette: T. M. Cunningham, First Tenor; Hugh Cunningham, Second Tenor; W. M. Anderson, First Bass; S. L. Anderson, Second Bass. The programme will be varied, being made up of college songs, both humorous and sentimental, with enough classical productions to make up a program that will be enjoyed by all. There will also be some instrumental pieces which will be a treat to those hearing them. Announcements as to the prices, time, place and boys will follow next week.

A Parting Word.
I take this formal way of saying good-bye to my friends in Colorado. My ambition, aside from my profession, has been to put new life in the school and the town. To make the young people love their school and love to attend because of a loyalty born in athletic contests. If I have failed, I have done no harm, it is as well as I found it; if I have succeeded, the credit is due those who so loyally supported me in my undertakings. I go to a school more than twice as large, at a much better salary but shall always hold myself in readiness to help any of the Colorado children—the best children in the world.

Address, Importance of Vaccination, Dr. Theo. C. Merrill of Colorado.

Residence Burned.

Last Monday night at 9:30 o'clock while most of our people were attending services at the tabernacle, a volley of pistol shots, accompanied by shouts of "Fire!" startled our populace as only such an announcement can.

It was discovered that the residence of W. O. Dunn was in flames, and despite the fact that our people responded promptly and en masse, the house and contents were doomed before they could be reached. A mattress, a quilt, and a set of springs was all that was saved. Mr. Dunn estimates his loss at \$750 with \$450 insurance. Of course he has lost many items which money cannot replace. The origin of the fire is shrouded in mystery. Mr. Dunn and family were at church when the fire started and the alarm was turned in by neighbors who chanced to see it.

A brisk breeze was blowing from the south, and it seems the fire started on the south side of the house. A vacant residence adjoining was also destroyed, and but for the heroic efforts of the men in turning over another, and moving it out of range, a third would have burned.

Mr. Dunn has a host of friends here who sympathize with him in his loss, and have shown their sympathy in a manner more substantial than mere words.

Methodist Meeting.

The Methodist meeting will close Sunday night. Rev. Cameron has preached some strong, logical and forceful sermons, and it is believed that good will result other than has been evident.

The attendance has been good and interest manifest. Few, if any, but have been greatly benefited by these services.

Poindexter Speaks.

Judge Wm. Poindexter of Cleburne addressed a large crowd of our citizens at the tabernacle last Monday afternoon.

His remarks were well received, and pertinent to the cause he espouses. We do not believe he spoke to a dissatisfied auditor, even though his audience embraced many who do not concur with his doctrine.

At the close of his remarks, many

crowded forward to grasp the hand of one of the State's celebrities, a man who was a candidate for, and may some day be governor of Texas.

W. H. Bell and family of Robert Lee are visiting M. F. Hall and family this week. Mr. Bell has nine girls in his family.

J. R. Hall left Sunday night for Lamesa, where he will spend a few days looking after his interests in that section.

W. L. Doss, U. D. Wulfjen, J. E. Hooper, W. W. Porter, J. A. Buchanan, A. J. Coe, J. S. Barber, W. M. Green, Fred Harris, and Owen McCreless of Colorado were here last Monday. They accompanied Judge Wm. Poindexter who spoke here that afternoon.

Miss Loraine Dees has returned from a visit to relatives in Oklahoma.

J. D. Wilson exhibited a cucumber grown in his home garden that measured eleven inches long and six inches in circumference.

T. J. Davis and wife have returned from California.

Mrs. S. Gustine of Colorado visited Mrs. T. J. Davis this week.

Miss Alice Williams, who has been visiting Mrs. Olinger, left Tuesday for her home in Anson. She will visit a few days in Sweetwater en route.

Mesdames A. C. and J. R. Pratt are visiting relatives in Hico.

A. C. Pratt makes application for membership in the Summer Grass-Widowers Club this week.

Ben S. Van Tuyl of Colorado was a visitor in our city last Monday afternoon and evening.

A. J. Payne was over from Colorado Monday evening.

V. D. Payne made a trip to the Van Tuyl ranch Tuesday.

W. B. Crockett and son, John Majors and Master Hickman of Colorado were here last Saturday to take in our trades day and rabbit contest.

Leman Brown and family are here from Coleman on a visit to his brothers and their families.

Low Rhodes returned last Sunday night from Arkansas where he spent a week on legal business.

R. J. and Rufus Hill have gone to Wolf City on a business trip.

W. H. Hurd went to Lamesa Sunday night on a business trip.

S. H. Corbell was in from the farm this week.

The baptists will begin their meeting the first Sunday in August.

Mrs. H. Toler visited in Sweetwater last Saturday.

Mrs. S. E. Lacy has returned to her home in Brownwood after a visit to her sister, Mrs. H. Toler.

Gus Adams spent this week in Fort Worth on a visit.

The Eastern division of the Mitchell County Singing Convention meets in Wastella tomorrow. Many from here will attend. An invitation will be extended them to hold their next meeting in Loraine.

Alfred Gober of Abilene is visiting his uncle, Frank Miles, this week.

E. N. Ridens visited relatives below Colorado Monday and Tuesday. He reports crops in that section looking good.

Samp Walls, who has been here for several days recovering from his recent illness, has returned to Big Springs.

Cornet Wimberly was over from Pylon last Tuesday. He was accompanied by Lee Kimmins.

Miss Georgia Meushaw accompanied her father on his return to Huntsville and will spend a month visiting relatives there.

S. W. Altman and others are preparing for a trip to Old Mexico. They will have a private car for the round trip. Their destination is in the extreme southern part of the republic. We expect on his return to hear Altman habla mucha espanol. They leave next Wednesday.

For summer diarrhoea in children always give Chamberlain's Colic, Cholera and Diarrhoea Remedy and castor oil, and a speedy cure is certain. For sale by all druggists.

Resolutions of Respect.

Whereas, in the providence of an all wise God, Sister A. B. Maxfield has been removed from our midst by death: Therefore be it.

Resolved, 1st, That in the death of Sister Maxfield the Auxiliary to the Christian Women's Board of Missions, and the Ladies Aid Society of the Christian church of Colorado, has lost a valued and exemplary member.

Resolved, 2nd, That we extend to the bereaved family our sympathy and condolence and commend them to the care of our Heavenly Father.

Resolved, 3rd, That these resolutions be spread upon the minutes of our organizations, and published in the Colorado Record.

MRS. EUGENE POND,
MRS. H. B. BROADDUS
Committee.

Adopted July 6, 1911.

The Daughters of the King.

The Daughters of the King will meet Friday at five o'clock at the church for a business meeting, and at its close the following program as arranged by the social service committee, given:

Roll call, Man's Duty to Man, a scripture quotation.
Reading, Ezekiel 33-1 to 20, Mrs. Collier.

Social service, The Social Side, Mrs. Lyon; Moral, Mrs. King; Mental, Mrs. Annis; Physical, Mrs. Hester; Spiritual, Mrs. Davis.

A splendid meeting was held Friday, the chairman, Mrs. Merritt, presiding. Mrs. Lyon told of the meaning of Social Service. Mrs. Annis read the Conference Hymn. Mrs. Collier told of the things we may do in Colorado. This caused great discussion and everything seemed to be the most important, but finally two committees were appointed upon the most important things, and with much enthusiasm the decision was made to do every thing possible to make our little city clean in every way. A fit place in which to raise our boys and girls to make of them men and women, strong for the right and for God, Home and Native Land.

A Denver physician declares that the country is going crazy. Its pretty well gone. The baseball season is about fairly opened.

PRO MAJORITY IN DALLAM CO.
After Exciting Campaign Pros Win Out in Dallam Election.

Dalhart, July 10.—After the most hotly contested campaign in the history of Dallam county, the pros have won out with a small majority.

Incomplete returns this morning gave them a majority of 21 votes and the ants have succeeded to them the victory by 25 to 30 votes.

In Dalhart where there are seven saloons the vote stood 189 anti and 192 pro. The rural boxes swung the victory for the pros.

COLORADO TEXAS, JULY 14, 1911.

R. W. Thomas will speak at the St. James Hotel Saturday at 4 o'clock, July 15, on the sumptuary local self-government and personal liberty phase of the proposed amendment.

Have You a Boy to Spare?

The saloon must have boys or it must shut up its shop. Can't you furnish one.

It is a great factory and unless it can have 2,000,000 from each generation for raw material, some of the factories must close up and the operatives be thrown out upon a cold world, and the public revenue dwindle accordingly.

One family out of every five must contribute a boy in order to keep up the supply.

Will you help? Which one of your boys shall it be?

Are you a father? Have you given your share to keep up the supply for this great public institution that is helping pay your taxes and kindly electing public officers for you?

Have you contributed a boy? If not some other family has had to give more than its share. Are you selfish? Voting to keep the saloon open to grind up boys and then doing nothing to keep up the supply.

Ponder these questions, ye voters, and answer them to God, to whom you will one day give an account for votes as well as prayers.

And ye mothers, wives and daughters, are you by precept, example, and influence in every possible direction doing all you can to save the boys from the enticements of the legalized liquor saloon and hasten the day when it shall be outlawed, and curse our fair land no more.

If not why not?—Rutherford Register.

Governor Colquitt modestly invites Governor Campbell to try and come back. This paper has never supported Governor Campbell in any previous race, but if he does make a try at coming back he will have its support and the editor will be tempted to take the stump for him. We know that would be a huge joke, but that's the way we feel about Campbell.—Ablene Reporter.

Exactly, Brother, we are with you, and will support Campbell all the way through. We do not see where the joke comes in unless it would be on Colquitt. Lightfoot or Campbell, either one, can beat the "political rest" man easily.

Sub-Irrigation in Texas.

N. Y. Seymour of Piedmont, Nueces county, is successfully cultivating an orange grove by means of sub-irrigation, which method is fast gaining favor in this state. The grove consists of 18 acres and is in the heart of the citrus fruit district of Texas. By means of sub-irrigation it is claimed that the moisture is retained longer and that it is possible to apply intensified farming methods in the strictest sense of the word. Sub-irrigation is practically a new enterprise in this state and is as yet in its infancy, having been introduced in the state a little less than two years ago. The experiment has been tried in Kansas and other neighboring states and the farmers of Texas who have tried it out so far declare that the results are satisfactory.

The subject of irrigation is one of the most important questions before the farmers of Texas and with the broadening out of the scope and possibilities of man's substitute for rain, that section of Texas where rainfall is insufficient may be made to blossom like a garden of roses.

Peck's Potatoes.

Mr. J. F. Peck of Sulphur Springs has just marketed nine acres of potatoes which brought one hundred bushels to the acre. The net profit which Mr. Peck realized from his nine acres after deducting the cost of cultivating, fertilizing, etc., was six hundred and ninety-four dollars, and the land is now planted in cotton. There are unlimited possibilities for the diversified farmer in Texas and the experience of Mr. Peck is only one out of many hundreds throughout the state.

A Search Light on the "Facts"

The Anti Prohibition Hand-book of "facts" claims that the State, counties and municipalities receive from the liquor traffic in Texas in taxes, \$1,600,000, but wisely says nothing about how much the people of Texas must pay into the till of these saloons in order to secure this tax money. Let us see: Each saloon pays \$625 a year for license.

Rent \$900 a year (average). Average \$1,800 a year for two bartenders.

Allow \$1,500 a year for proprietor.

Allow \$360 a year for porter.

Allow \$360 a year for life and fuel.

Allow \$60 a year for phone.

Allow \$150 a year interest in \$2,500 invested in fixtures.

Allow \$250 a year 10 per cent depreciation in value of fixtures.

Allow \$60 a year insurance on fixtures.

Allow \$180 a year Association dues.

Allow \$240 a year laundry and breakage.

Allow \$275 a year bonds, fines, etc.

Allow \$1,000 a year for charity.

Allow \$240 a year for lights.

Total \$8,000.

This does not include any cost of stock of liquors, nor any insurance on such stock, nor does it include anything for contributions to campaign expenses, and a number of other necessary expenses. This would probably total \$4000 more, making perhaps \$12,000 a year that must be taken in on the average by every saloon in Texas.

In round figures we have 7,000 saloons in the state, which means that it takes \$84,000,000 every year out of the pockets of tax payers of Texas to support these saloons. Mr. Wolters declares that they turn into the State counties and cities \$1,600,000 in taxes. This leaves \$82,400,000 that the people of Texas are paying for the privilege of having saloons. Mr. Voter, what do you think of this?

At the Opera House.

First tenor—H. W. Cunningham.

Second tenor—S. L. Anderson.

First bass—T. M. Cunningham.

Second bass—W. M. Anderson.

The above is the personnel of the Austin College male quartette, which will appear at the opera house on Friday night July 21st. This quartette is now making a tour of the state, having already filled engagements in Dallas and other cities in that portion of the state and have received the highest praise and commendation from the public and musical critics of that section.

The program that these young men will render here is of a class that is calculated to please everyone hearing them, being composed of college songs, popular selections from popular and standard productions and instrumental productions.

The music loving public cannot afford to miss this treat. Advertising matter will go posted at an early date.

Burros for Soap in Mexico.

Douglas, Arizona.—For the purpose of rounding up 5,000 burros which he recently purchased in the Sonoita country, 85 miles south of Gila Bend, M. A. Gallardo, of Pirtleville, has left here. The burros are in Mexico and it is said that the country along the Sonoita river, just south of the international line, is literally alive with the little donkeys. The price paid for the little burros was 75 cents each.

These burros are to be killed and the bodies shipped to Los Angeles where the grease obtained from them will go into the soap factories of that city, while the bones and hides will be used as fertilizers.

When the burros are rounded up they will be taken to Gila Bend, on the Southern Pacific railroad in bunches, where they will be killed and stripped of their flesh, and in this shape will be shipped to Los Angeles.

The city of Beaumont has asked for bids on a new warehouse to be erected on the city wharf at an estimated expense of \$15,000.

Dallas Grand Jury Report.

The Dallas County Grand Jury made their report last week, and among other things said:

A remedy for the crowded condition of our criminal court is not to increase the facilities but to decrease the facilities for crime. The investigation of the present grand jury shows that 70 per cent of the crimes investigated were committed as a direct result of the sale of whiskey. Therefore, it is our candid judgment that many people holding licenses to sell intoxicants ought to be deprived of them and their places closed. So long as we have these saloons run by low whites and still lower negroes we will always have this crowded condition of our courts, even if we increase their capacity three-fold. What we need is to get rid of these crime breeding resorts and in this way get rid of much of our criminal population. Such a population largely resorts to the centers where these saloons are in full blast, and we owe 75 per cent of our criminal population to the presence of our 200 saloons and to other evil resorts fostered by saloons. And just so long as our city is overrun by saloons, dives, clubs and prostitution, our courts will be overrun with criminal cases, for under the shadow and within the environment of the saloon crime multiplies and the business of the courts and the grand jury is multiplied. Our great trouble is found in the fact that Dallas is the dumping ground for saloonkeepers, gamblers, prostitutes and their following population, which always moves from dry territory. A general cleaning up of these things is the pressing need of the hour. This will greatly aid in bringing relief to our criminal court and our social conditions. But so long as we harbor these places of crime and vice our courts will be crowded and crime will be rampant. And this grand jury invites the attention of the court and of the good people to this state of things and asks them to give these matters their serious consideration. Let the state give us fewer schools of vice and crime instead of more courts to dispose of criminals.

Bee Raising in Jack County.

Mr. J. H. Timberlake of Jacksboro has demonstrated that bee raising can be made as profitable in that section of the state as in the famous bee district of Southwest Texas. From one colony of bees which he started two years ago, he has twelve stands and produced an exceptionally large crop of honey this year in spite of the drouth which has prevailed over the state. Mr. Timberlake says that the mesquite bloom produces as good honey as the catclaw of Southwest Texas, and he advises the farmers of Jack and other north Texas counties to engage in apiculture. There are 600,000 swarms of bees in Texas annually and the honey from the Texas flowers is the best in the world and commands the highest prices.

PROHIBITION SPEAKING
OLIVER WAYNE STEWART

Famous Orator and Lecturer Will Speak at the Tabernacle on Sunday July 16, at 3 P. M.

Arrangements have been made to have the famous and well known orator, Oliver Wayne Stewart speak at the tabernacle at 3 o'clock p. m., Sunday July 16, on prohibition. Mr. Stewart is a member of the Illinois legislature, an orator of ability and a man of national reputation. Some of the press comments are:

"He has wonderful command of language, excellent delivery, and the faculty of making his declarations convincing."—Chicago Evening Journal.

"It was reserved for Oliver W. Stewart to deliver the most interesting speech of the day, judging by the attention and applause that greeted it."—St. Louis Globe Democrat.

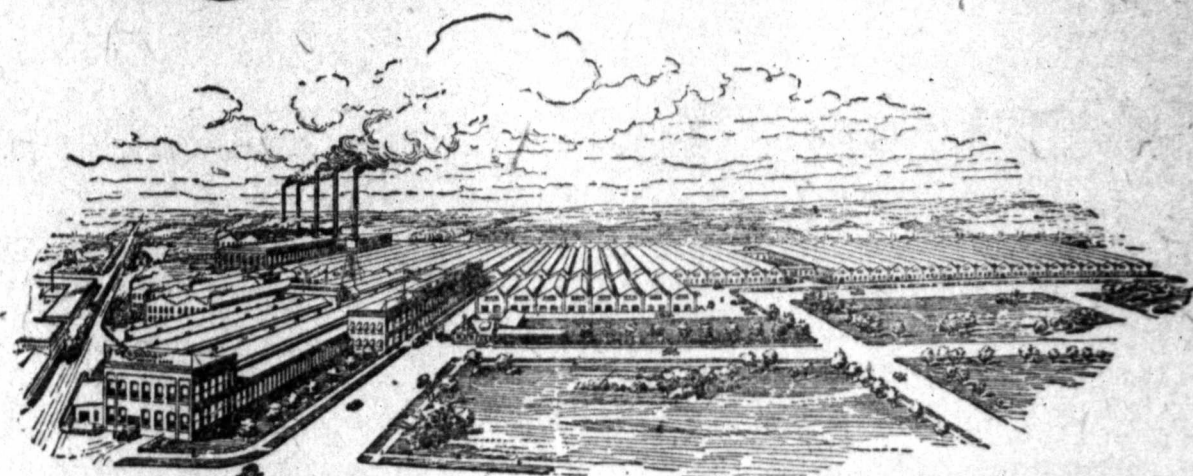

"He was applauded repeatedly, and at the conclusion of his speech was cheered long and loud. His speech was the oratorical feature of the proceedings."—Chicago Inter Ocean.

"The speaker was conservative; flashes of wit followed each other in closest succession, and the house applauded and laughed. He spoke with a rapidity that overtook the stenographers, yet every word he uttered was so distinct that it was heard in the farthest corner of the hall. In construction, in following the rules of oratory and speech, in style, diction and delivery, he was almost perfect. His personal presence was admirable. The stories he told were in graphic and telling language, and the morals they taught were driven home with short, sharp sentences. He never lost the thread of his argument. Every detour brought him back to the place where he had started; he connected his discourse with a master's voice."—Springfield (Ill.) News.

COMMISSIONERS' COURT.

Met in Special Session Last Monday To Transact Special Business.

The County Commissioners met on Monday morning of this week in the July Special term. County Judge Coe presiding, with Commissioners Wulfsen, Wimberly, Green and Barber present.

The first official act was to receive and accept the bridges recently built across Willow and Champion creeks. This is two more steel bridges for the county, and are where they are badly needed.

Then came the appointment of the special election officers for the state-wide prohibition election on July 22, and were appointed as follows:

- Precinct No. 1.—Colorado. S. T. Shropshire, Presiding Judge. J. H. Huston, Judge. H. E. Grantland. S. D. Vaughan.

- Precinct No. 2.—Westbrook. A. Petty, Presiding Judge. C. B. Hooper, Judge. C. P. Conoway. J. M. Page.

- Precinct No. 8.—Oliver. J. H. Althart, Presiding Judge. D. P. Bohanna, Judge. Wm. Murphy. E. T. Phillips.

Then came the appointment of five county school trustees, which, under the new law, requires five trustees in the county and they are trustees for the whole county, except in independent school districts. The following were appointed:

- D. T. Bozeman, Cathbert. C. P. Conoway, Westbrook. J. R. Coon, Colorado Route 1. B. L. Wulfsen, Colorado. M. Zeller, Lorraine.

The business of fixing the tax levy came up and was disposed of by making the same tax rate as heretofore, which is: General Fund 5c on the one hundred dollar valuation, and 6c on the Special fund, with a special road tax of 10c in road district No. 1.

Last year the road tax was 5c, otherwise the levy is exactly the same as it has always been.

Several small accounts were allowed including the per diem, and the court adjourned without a day.

A CHALLENGE.

F. S. Kelper of the Studebaker Garage challenges any car in this county for an endurance race from Colorado to Abilene. This includes any car in the county against his E. M. F. 28. All who wish to enter can put up \$25 as an entrance fee and the car making the trip in the shortest time gets the pile; amount of oil and gasoline used on the trip is to be taken into consideration. He further challenges any car in the county to compete against the E. M. F. 30 in hill climbing or going through sand. Talk is cheap, but it takes money to buy automobiles. Are you in for the Abilene race? Judges and preliminary arrangements to be arranged by the contestants. The race to be made against time, only.

TON DAVIS IN CALIFORNIA.

Visits San Bernardino and Craven's Ostrich Farm. Sees Oranges Growing.

Our first glimpse of California was when we reached San Bernardino and beheld for the first time orange orchards and trees and flowers of all varieties.

Then a vegetable garden to Riverside where we quit the cars and took in the old Greenwood Mission Inn of old Spanish day, construction, though in every way modern in its conveniences. The most unique place of its kind I ever saw. The beauty of its courts of luxuriant California production only, passes description. A drive through the wonderful Magnolia Avenue and palm driveways and through orange orchards with the yellow fruit peeping out from the dark green leaves. The streets are lined with all kinds of large trees and flowers all pretty and all new to West Texas.

Then again we boarded the special south to leave this garden of Eden. But we were not leaving it, because the luxuriant vegetation reached on to Los Angeles.

The next day we boarded the Pacific electric cars and took in the old, old mission, San Gabriel, beautiful Pasadena with its wonderful flower gardens and costly residences and orchards, and theoretical ostrich farm of America, known as Craven's Ostrich Farm.

Some of the huge birds stand nine feet high from their heads to the ground and weigh 350 pounds. Craven has on exhibition here also 450,000 worth of prepared plumes, the most beautiful I ever saw.

From here we passed back through Los Angeles again and were bound for the world famous Long Branch, 20 miles away. The old Pacific looks terrific at first sight. The water is as blue as indigo. There was a stiff wind blowing and the water came in against the shore in white walls five or six feet high. The moaning of the surf is just like constant heavy thunder. We were going to bathe but the water was too rough and the wind too cold.

Today was the sabbath and we had a day of leisure and of church going. We took an auto ride of 45 miles all over the city and saw the beautiful parks

and the most unique residences it has ever been my pleasure to behold. Not any two homes can you find in all this beautiful city of the same design. They are all of a unique pattern though all different.

We went through the famous palm drive, the most wonderful in all the world. The palms are the fan palms and reach the height of our Davis Mountain pine trees. They are thirty years old. The big magnolia trees have huge white blossoms on them as large as the outspread hand. We haven't begun to see California yet.

T. J. DAVIS.

Texas City Wealthiest in United States

A Texas city claims the distinction of being the wealthiest in the United States in proportion to its population. The city boasting of this honor is Victoria, in Victoria county and out of a population of only 4000 there are eight millionaires and one hundred men worth a quarter of a million of dollars. The wealth of Victoria and surrounding country was acquired largely through the cattle business, this city being what is termed in the west a "Cow Town" up until a few years ago, but the cattle range of that section is fast giving away to the vitally important influence of the plow and it is now ranking high up in the list of agricultural counties of the state.

A CHARIOT DRAWN BY 100 OXEN.

Vardaman Adopts Unique Plan to Emphasize His White Man's Platform

Meridian, Mass.—One hundred and sixty oxen, harnessed in 80 spans, drew a chariot, an ox cart, upon which James K. Vardaman rode thro the streets of Meridian in the most spectacular parade this city has ever seen.

Vardaman has been making a tour of various towns in Mississippi in the interest of his candidacy for the United States Senate. The campaign has been a most bitter one, and feeling is at a high pitch. Demonstrations of various sorts have taken place in different towns; fights and shootings have occurred, and there have been many spectacular displays, but the thing else.

Five brass bands blaring independently of one another could scarcely be heard by the cheering thousands. As a bodyguard a hundred prominent citizens rode on horseback. Then came the Vardaman "car." The great string of animals, all white, carried white streamers bearing the legends, "Vote for the White Chief," and "Uphold the White South."

On the back of each ox was a man shrouded in white. At each animal's head walked a white-clad torch bearer. A sort of throne was erected in the ox wagon, and upon this sat Vardaman. The candidate was in immaculate white linen and had a big white hat. He did not wear that, however, but carried it in his hands and repeatedly waved it. His long hair fell around his shoulders and was set off by the linen. A most barbaric spectacle was the crowd which swarmed after him. Men threw away hats, canes, umbrellas and fought with fists to step up and place hands upon the wagon. Women threw flowers from galleries. Horses plunged madly and several persons sustained slight injuries.

Ten Acre Tracts.

With the growth of this city it should be apparent that there is great need for more small truck gardens near Austin. The market here is excellent and becoming better every year. While this territory is in the rain belt and produces large amounts of vegetables every spring, the small truck garden of ten to twenty acres should be on some creek or near the Colorado river, where it can be irrigated. There are some fine tracts of land along the river which offer an excellent opportunity to the enterprising real estate man who will put in a pumping plant, divide the property into small tracts and sell the water at a reasonable rate.

The ten or twenty acre tract is becoming more and more popular in this state. Southwest Texas has taken the lead in that matter. Only a few years ago the suburbs of San Antonio shaded gently into cow pastures, while vegetables were hauled in from gardens many miles away. The need for truck gardens was suggested with the result that many men owning large tracts of land near the city put down artesian wells for irrigation, and sold their lands in small tracts. Not only gardens, but small orchards with alfalfa, cows and bees and chickens as side lines are profitable. John B. Carrington, secretary of the San Antonio chamber of Commerce, furnishes in a recent statement the following figures obtained from a truck farmer whose tract of ten acres is near that city.

Earnings from winter vegetables \$1,008
Bermuda onions 485
Beans, peas, bees 641
Radicishes, winter and summer 165
Sweet corn 267
Forage and beans 568
Total value of crops \$2,924
The cost of labor was \$221 and all other expenses, including the cost of marketing, made a total expense of \$642, leaving the net earnings \$2,282, which nearly any truck gardener will agree is satisfactory returns for his year's work. In this the farmer did not figure the produce used for his family of five and his two horses and two cows.

Even granting that more is raised during the winter months 100 miles south of Austin, the fact remains that approximately the same results can and ought to be obtained around Austin.

Rousing Good Roads Meeting.

One of the most enthusiastic good roads meetings ever held in the state took place at Franklin in Robertson county last week. More than two hundred farmers and business men were present and it was decided to petition the commissioners court to hold an election in the near future for the purpose of voting \$100,000 for building a macadam road from the Falls county line across Robertson county to the Brazos county line. The proposition of building a highway from the Red River to the Gulf was heartily endorsed and the Robertson county road, if built, will form a link in the great trans state thoroughfare.

More Babies and Better Babies. The Mart Fair Association is working for the development of the state and that section in a very practical way. In addition to the big list of premiums on corn, cotton, calves, pigs etc., a special list of premiums will be offered for the finest babies. The fair will open on the morning of July 19th and it is expected that one of the finest collections of babies ever seen in the state will be on exhibition at Mart. President Bass of the Fair Association deserves great credit for thus encouraging the stork in Texas and when the same encouragement is given to the raising of babies as in the case with vno stock, Texas will take a long stride forward in her development. Texas needs more babies and better babies. ALL ABOUT TEXAS. For information about Texas see the TEXAS ALMANAC & STATE INDUSTRIAL GUIDE. (350 pages.) Mr. Oliver Wayne Stewart AN ORATOR OF NATIONAL REPUTATION At Tabernacle Sunday Evening, July 16th, 3 P. M WILL SPEAK ON STATE WIDE, PROHIBITION

WHAT TEXAS PEOPLE SAY ABOUT MR. STEWART. "I consider Oliver W. Stewart the greatest Prohibition speaker that ever spoke in Dallas."—Arthur A. Everts, Pres. Everts Jewelry Co., Dallas. "The whole town was disappointed because the inclement weather prevented a larger attendance at Mr. Stewart's meeting here. Those who did get out certainly enjoyed a treat. If you have any open dates in Mr. Stewart's itinerary in this state and will let us know, even with only a few days' notice, we will fill the largest building in Ladonia."—A. M. Clinkenboard, Pastor Christian Church, Ladonia. "Brother Stewart gave us a fine talk. Everybody spoke in complimentary terms of his address. You will make a good stroke if you secure his services for the future."—J. M. Robinson, Anna, Texas. "I consider Mr. Stewart absolutely the best Prohibition speaker that has ever spoken in Farmersville. He cannot fail to do good wherever he goes."—J. L. Chapman, Cashier, First National Bank, Farmersville. "Mr. Stewart spoke here to a packed house—plenty of enthusiasm. He charmed everybody who heard him, and made votes."—Dr. A. M. Ragland, Pilot Point. "Mr. Stewart made one of the best speeches on the Prohibition question I have ever heard, and so plain that anybody could understand. He had a crowded house and the audience was well pleased with the address."—J. B. March, Nocona. "Stewart's lecture was fine. We want him back if he ever comes through this country again."—E. P. Ellyson, Peniel. "Decidedly the best talk we have heard against the saloon was that of Oliver W. Stewart at the opera house Monday night. His audience was large and appreciative, and even those who did not agree with Mr. Stewart's views heard nothing that was harsh or unkind. His speech made a lasting impression on all his hearers, and many favorable comments have been heard regarding his masterful way of handling the subject."—Winters Enterprise. "Hon. Oliver W. Stewart spoke in the Christian Church here to a large, appreciative audience. He is a quiet, unassuming, common sense go-ahead-man, a polished Christian gentleman, a splendid orator. He is not sensational, but very entertaining and logical. We want you to send him to us again."—J. H. Hildreth, Pastor Van Alstyne Bap. Church, and G. P. Bradford, Pastor Christian Church.

Lawn Pic Nic.

Thursday evening on Mrs. Ruddicks lawn the Missionary societies of the Methodist church had a lovely pic nic. At five o'clock the ladies arrived with their especially prepared delicacy and this was turned over to the young ladies of the society, Misses Wulfjen and Shuford. The meeting was called to order by the district secretary, Mrs. Blandford. The scripture lesson was read by Mrs. Davis, Bro. Lyon leading in prayer. The conference hymn, "Lead on, O King Eternal" was sung Mrs. Annis gave a beautiful reading. Mrs. Lyon gave her report as delegate to the meeting at Childress. Mrs. Blandford gave the Forward Movement in the Foreign department; Mrs. Payne the Forward Movement in the Home. Mrs. Merritt read Mrs. Woodward's beautiful message on unity. The Home and Foreign Mission societies now disbanded and a Missionary Society was formed. As it was growing late Mrs. Arnett was appointed president and Mrs. Jackson secretary pro tem, and the election of officers deferred until Tuesday.

Mrs. Shaw presented the two presidents with a beautiful hand-painted red rose each. The work of Rowena Hester and Lona Herrington. These had "Unity" written upon them, and will be greatly prized by Mrs. Arnett and Mrs. Doss.

Everybody was now invited into the yard where a delicious supper was spread upon the lawn. There was fried chicken, salad, croquettes, iced tea, pickles, cake and fruit in abundance. Judge Crockett and Mr. Johnson most gallantly waited upon the ladies and saw that all were served to the good things upon the table. Among the out of town guests were Mrs. Chatfield of Dallas, Mrs. Jackson's mother; Mrs. Churchill, Mrs. Lassetter's mother and Mrs. Dyas sister who is visiting her. All especially enjoyed this meeting and voted for pic nic meetings each month.

DECIDE YOURSELF.

An Opportunity is Here, Backed by Colorado Testimony.

Don't take our word for it. Don't depend on a stranger's statement. Read Colorado endorsement. Read this statement of Colorado citizens. And decide for yourself. Here is one case of it: Miss Jennie Hooks, Colorado, Texas says: "Doan's Kidney Pills lived up to representations in my case. I suffered severely from pains through my kidneys. I had but little control over the kidney secretions and the pains through my back caused me intense misery. Reading about Doan's Kidney Pills and the beneficial results that had followed their use in similar cases, I was led to try them. They removed the pains and soreness across my back and strengthened my kidneys. I am glad to recommend this remedy to other persons suffering from kidney complaint."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

For Sale or Trade.

For trade, four room house, just completed; one lot 75x150 feet; good underground cistern. Renting for \$14 per month, and need never be unrented. Ten blocks from court house, in Sweetwater, Texas. Price \$2000, unincumbered. Wanted:—A small tract of farming land, anywhere up to 10 miles of Colorado. The land must be improved, fenced, and have a house, barn, water, etc. and partly in cultivation, with a grass pasture. Might stand for a \$3,000 or \$3,200 farm. Will trade house above mentioned, as one payment, and pay the balance Jan. 1, 1912. Apply to Griffith Realty Co., Sweetwater, Texas. East side square. 7-21c

Iri Hicks Almanacs, 1911.

At last we have been able to get the 1911 Iri Hicks Almanac and now have them here. As it is a little late for them we have reduced the price to 20c and will send his "Word and Works" magazine three months free to each person who buys an almanac. Come on, you can't farm successfully without Hicks.

Sprains require careful treatment. Keep quiet and apply Chamberlain's Liniment freely. It will remove the soreness and quickly restores the parts to a healthy condition. For sale by all druggists.

English Capitalists Spend Money.

The Medina Dam and Irrigation project which is being financed by English capitalists is evidence of the confidence that foreign capitalists have in the future possibilities of Texas. The dam which is being constructed is over 1300 feet long and will be one of the largest in the United States. Thirteen thousand acres of land will be placed under irrigation by the company making the improvements. It is thought that other irrigation companies will make similar developments along this line within the next year.

CITATION BY PUBLICATION.

THE STATE OF TEXAS:—To the Sheriff or any Constable of Mitchell County, Greeting:

You are hereby commanded to summon W. K. Lewis, by making publication of this citation once in each week for four successive weeks previous to the return day hereof in some newspaper published in Mitchell county, Texas, to appear at the next regular term of the District Court of said Mitchell county, to be holden at the Court House thereof, in Colorado, on the 3rd Monday in December, A. D. 1911, the same being the 18th day of December, A. D. 1911, then and there to answer Second Amended Original Petition of Plaintiff filed in said Court No. 1269, wherein Mary Lewis is Plaintiff and W. K. Lewis is Defendant. Said Second Amended Petition alleging that Mary Lewis is now and was at the time of the filing of said Original Petition, a bona fide inhabitant of the State of Texas, and a citizen of Mitchell county, Texas, and was such bona fide inhabitant of said State and of said county for more than six months next preceding the filing of said original Petition and said Second Amended Petition. That Plaintiff and Defendant were married in the year of 1884 in the State of Connecticut and lived and cohabited together as husband and wife until about August 5th, 1904. That on said last named date Defendant left Plaintiff voluntarily with the intention of abandoning her, and that since said time they have not resided or cohabited together as husband and wife, and Plaintiff does not know the whereabouts or residence of the said W. K. Lewis. That since said abandonment Defendant has not contributed to Plaintiff's support or aid or assistance in anywise whatever. That about March 1st, 1906, Defendant having contracted the habit of using intoxicants to excess came home drunk and without excuse or cause therefor became enraged and whipped and beat and bruised Plaintiff. That during said year and the three succeeding years, the exact dates of which are not remembered and cannot be given by Plaintiff definitely, and while intoxicated as aforesaid, Defendant cursed, abused, and ill-treated Plaintiff, often beating, bruising and slapping her and threatening to abandon her. That about August 5th, 1904, Defendant in a drunken fit of anger assaulted Plaintiff and with a rock or some other hard substance beat and bruised Plaintiff by striking her in the face and on her eye and nose therewith and did thereby cut, mangle and greatly bruise plaintiff's face from which she suffered great pain, shame and grief. That Defendant's conduct towards her was such that their future living together was rendered insupportable. That during Plaintiff's marriage relations with Defendant, she treated him with kindness and forbearance, was thoughtful and attentive to her said husband and did all in her power to render their home and living together happy and pleasant, but notwithstanding all this, Defendant without cause or excuse therefor, beat, bruised, and cursed and abused Plaintiff in total disregard of his marriage vows, and finally abandoned her as hereinabove stated. That Plaintiff in her own right owns real estate and personal property in Mitchell county, Texas, some of which it is necessary for her to dispose of to pay her debts and it is extremely necessary that she be granted a divorce. Plaintiff sues and prays for divorce against Defendant, for costs of suit, and general and special relief. Plaintiff also files affidavit as provided for by law to the effect that the residence of W. K. Lewis is unknown to her, and asks that the said W. K. Lewis be cited by publication herein.

Herein fail not, but have before this Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Colorado, this 3rd day of July, A. D. 1911.

Plainview Grapes.

Col. R. P. Smythe of Plainview in a recent article urges the farmers of that part of the state to give more attention to the culture of grapes, which he has been growing successfully near Plainview for years. Col. Smythe has twenty varieties of grapes and in a

vineyard only three years old, he reports a yield of one hundred and forty pounds of grapes from five grape vines. On an acre of ground containing five hundred grape vines, this would mean 10,000 pounds of grapes. Grapes are easily cultivated, need hardly any labor and are one of the crops that make the most on the smallest area.

The Secret of Youth

Do you ever wonder how you can remain young, or why other women older than you, look younger than you do? The secret can be put in a few words: "Preserve your health, and you will preserve your youth."

By "health" we mean not alone physical health, but nerve health, as, sometimes, magnificently strong-looking women are nervous wrecks.

But whether you are weak physically or nervously, you need a tonic, and the best tonic for you is Cardui.

It builds strength for the physical and nervous systems. It helps put flesh on your bones and vitality into your nerves.

Take CARDUI

The Woman's Tonic

"My mother," writes Mrs. Z. L. Adcock, of Smithville, Tenn., "is 44 years old and is passing through the change of life.

She was irregular and bloated and suffered terribly. My father stepped over to the store and got her a bottle of Cardui, which she took according to directions and now she is up, able to do her housework and says she feels like a new woman." Try Cardui in your own case.

The Human Heart

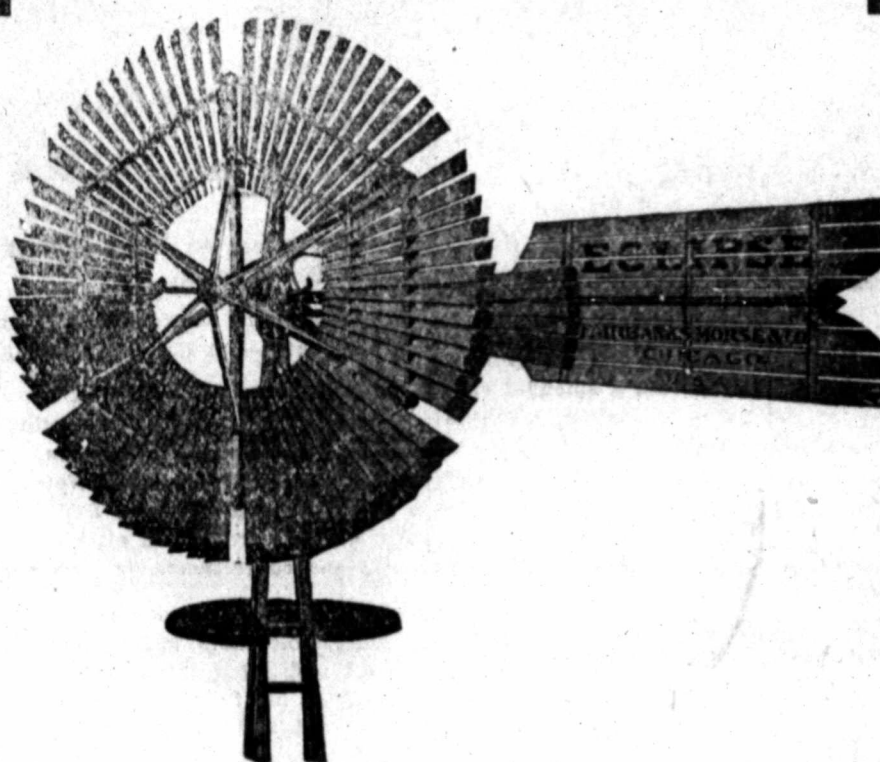

The heart is a wonderful double pump, through the action of which the blood stream is kept sweeping round and round through the body at the rate of seven miles an hour. Remember this, that our bodies will not stand the strain of over-work without good pure blood any more than the engine can run smoothly without oil. After many years of study in the active practice of medicine, Dr. R. V. Pierce found that when the stomach was out of order, the blood impure and there were symptoms of general breakdown, a tonic made of the glyceric extract of certain roots was the best corrective. This he called

Dr. Pierce's Golden Medical Discovery

Being made without alcohol, this "Medical Discovery" helps the stomach to assimilate the food, thereby curing dyspepsia. It is especially adapted to diseases attended with excessive tissue waste, notably in convalescence from various fevers, for thin-blooded people and those who are always "catching cold." The Baracca Class.
The Baracca Class at the First Baptist church will hold an important meeting next Sunday. Business of importance will come before the class and every member should be present.

Election of Officers.
The Missionary Society elected officers as follows: President, Mrs. D. N. Arnett; First Vice-President, Mrs. Lyon, Superintendent of Childrens Work; Second Vice-President, Mrs. Merritt, Young Peoples Work; Third Vice-President, Mrs. Jackson, Christian Stewardship and Mission Study; Fourth Vice-President, Mrs. Davis, Social Service and Local Work; Recording Secretary, Mrs. Crockett; Corresponding Secretary, Miss Ina Wulfjen; Treasurer, Mrs. Donaldson; Press Reporter, Miss Dry; agent for Missionary Voice, Mrs. Cooksey. It is urged that every member of the church join this society and live up to the highest privileges of the church in this great forward movement which is to make of the world a brotherhood as well as a neighborhood. A million dollars for missions, is the slogan for the women this year.

Loraine Base Ball Team.
The Loraine ball team, while here last week, witnessing the womans (?) game, expressed a desire to play Colorado. All of this week the Colorado boys have spent time and money trying to match a game with them, but the Loraine bunch failed to come across. Yet in the face of this they have had published in the state papers, "champions of West Texas" and this too, when they were defeated by the Pecos boys, two out of three games. They should at least try the Colorado boys. This is printed, not as a kick, criticism, or blow, but only to keep the record straight.

A Recital.
The Young Peoples Missionary Society, Class No. 6, will have a recital Tuesday evening the 18th, at the home of Mr. and Mrs. J. D. Wulfjen. The very best readers, vocal and instrumental musicians of our town have been secured, and each will give entirely new selections, so don't fail to hear them. Admission only 25 cents and the money made goes to the great cause of Missions. Be sure to come out and you will be made comfortable on the lawn and will certainly enjoy the evening.

Another Entertain.
Tuesday evening Mrs. F. B. Whiskey entertained a few of her friends in honor of Mrs. Gross of Snyder. Tables were placed on the lawn for 42 playing, and those invited came and brought all the children. The little folks had an especially good time from the amount of noise they made. The older folks had some very hotly contested games of 42 and thoroughly enjoyed making 84 or 168 hand, and everybody in the neighborhood knew when it was won. At the close of the game delicious sherbet and cake was served and after a little while spent in pleasant conversation good-nights and good-byes were said. Mrs. Gross and her mother and little Miss Dimple left Wednesday for home.

More Trouble.
The Colorado Creamery and Ice Co. have had considerable trouble the past week. They use fuel oil, which is pumped from a large tank on the railroad, to the Creamery and Ice plant and some one had punched holes in this pipe to prevent them from getting the oil through. Upon investigation it was found that this pipe had been uncovered and holes punched in it and then recovered. It caused quite a lot of trouble and expense to find it, but it has been repaired, and is now in first class shape and the plant is running all right again. The ice customers have never been disappointed, the plant having at all times a full supply of ice, and its patrons have been served promptly throughout the year.

The Men Treat the Ladies
Saturday evening on Mrs. J. D. Wulfjen's lawn, the Methodist Sunday school enjoyed a lovely pic nic, given by the gentlemen to the ladies, because of the defeat of the men in the membership contest. About three hundred were present and, oh, the fun the little people did have. Miss Lillian Payne gave a splendid reading and was so cheered that she gave a cute little encore. Miss Elfre Lowe sang most prettily. Miss Exa McLure, who always delights her audiences read one of her fine child stories and gave an encore. Miss Wilson and Mrs. Annis each gave splendid readings and Miss Varah Cooper played beautifully. The little folks were seated upon the grass and given an ice cream cone in both hands. The grown people were served dishes of cream and white cake, the boys and young men acting as waiters, and right gentlemanly did they perform their part. Among the guests of honor were Bro. Broome, Mrs. Ward Gross of Snyder, Mr. and Mrs. Jim Johnson, Mrs. F. B. Whiskey and the husbands and wives in other churches who had folks in the Methodist church. Everybody had a delightful time and are ready to begin another contest.

Home Tomorrow.
Judge, Mrs. Earnest and daughter, Miss Marth, together with Mr. and Mrs. John Doss, were in New York last Saturday, and left over the White Steamer Line for New Orleans, and will likely arrive in Colorado by Saturday night. They have been absent some time in the effects east, and had a joyous time.

Deafness Cannot Be Cured By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional medicine. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running or itching ear, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and the tube restored to its normal condition, hearing will be destroyed forever. This case is of ten any caused by Catarrh, which is nothing but an inflamed condition of the mucous surface. We will give One Hundred Dollars for any case of Deafness caused by catarrh that cannot be cured by Hays' Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists. Take Hays' Family Pills for constipation.

The playground will continue as in the past. The officers will take turn about directing the play of the children. The money that was formerly paid the director will go to improving the grounds. A list has been started of 20 men who will give five dollars each to build a shade. Let some of the public citizens call on one of the officers and volunteer five dollars towards this public movement.

Les Jones and Sam Wulfjen are both taking a week's rest from their labors and are enjoying noontime shade and evening swimming hole.

—Wednesday evening at Prayer meeting a Mexican student of Southwestern University made a fine talk at the Methodist church on the needs of Mexico. He told of her needs of ministers and teachers, and the evils of priesthood and their hold upon the people. He made a strong plea for the Mexicans of Texas, that they may be given school and religious advantages. Mr. Delgadillo will speak again Sunday and hold some services with his own people. He is the guest of Rev. and Mrs. Shaw while here.

Remember the West Texas I. O. O. F. Association will meet in Colorado on August 9th and 10th and it is expected that some 200 delegates will be present and Colorado must sustain her already established reputation in taking care of them.

Will Teach Again. Miss Lucile Stonerand wishes to announce that she will again teach her music class which will be opened October 1. It has been rumored that she would not teach next term, but she assures her pupils and patrons that notwithstanding any "tales" to the contrary, she will be ready for her pupils immediately upon her return from Chicago. She asks that all her old pupils, and as many new ones as desire to take, to hold themselves in readiness to commence at the beginning of the term. She will teach, as formerly, at the residence of Mrs. A. L. Whipkey, near the school building.

The New Market. The Beals are working on the new market and will now soon have it completed. The cold storage vault is now completed and the other machinery is being placed, and when completed will be one of the best markets in the west. Mr. H. S. Beal says they will be open and ready for business by the middle or last of next week, and will make their opening announcement as soon as possible.

Mr. Horace Shaw, who has been visiting his parents and friends here, will return to Fort Worth. He has been quite sick during his stay here, but is feeling well enough to return to his work.

Mr. George Waller, who has been visiting his parents and friends here, will return to Fort Worth. He has been quite sick during his stay here, but is feeling well enough to return to his work.

Nearly Drowned. Last Friday evening, while the ladies were in the river swimming, Mrs. F. B. Whipkey and Miss Belle Dozier got into deep water and came near drowning. They were hand in hand, and in their struggles went under some three or four times. It was by heroic efforts that Canute Bloom, John Sims, Gardner Harness and Andrew Cooksey rescued the ladies, and in so doing several of them came near being drowned. By the time the bank was reached all the parties were completely exhausted. It was a narrow escape, and is a warning to all parties who frequent the three different swimming pools to be careful. At the ladies park a life saving rope and preserver has been provided, and the swimming instructor insures perfect safety. Geo. Craig, of Alabama, a Brother-in-law of C. M. Adams, is here this week on a visit.

Masonic District Meeting. The Masonic Lodge of Colorado will hold a district meeting next week beginning on Tuesday lasting three days. District Grand Deputy J. W. Warren, of Snyder, will preside over the meeting and some forty or fifty visiting Masons are expected to attend and the Mitchell lodge hopes to get pretty well up in the work and be greatly benefitted by having the meeting at this place.

Buried Alive. One day this week, while working on the foundation ditches of the new school building, and while down in the ditch, the banks caved in, burying Mr. George Waller alive. All hands hurriedly removed enough of the dirt to relieve him, and he was finally extricated, almost suffocated and pretty badly bruised up, knocking him entirely out of commission, but not seriously. It came near being a serious affair.
