"Built like a Hand"

A mighty large percentage of the railroad workers of this section buy their gloves here. That's because we handle Hansen's Gloves for Firemen and Engineers and all other special railroad gloves of Hansen manufacture.

Hansen's Gloves are "built like a hand" and they always fit perfectly. They wear like iron, but remain soft and pliable no matter how often exposed to heat, steam or moisture. They are reinforced at every point of strain—yet they have no pinching, binding seams in palm or grip.

Hansen's Railroad Gloves are union made—as are all the other special Hansen styles for Drivers, Farmers, Woodmen, Linemen, etc. That they are unequalled for comfort and wearing qualities is the verdict of their thousands of wearers.

Have you ever examined a pair carefully? We will gladly show you your size in the style especially designed for your occupation.

Once worn, always preferred. Come see them.

REAL ESTATE NEWS.

A Little Talk From Keiper About His Business.

My advertising in the real estate business has just begun to "take." I have received enquiries from six different states about west Texas lands. I made several good trades last week, and I am shaping up several more which I expect to close up in a few days. I am beginning to get this section of the country before the eastern people, who are the ones looking for good lands cheap. I am in correspondence with over five hundred good real estate agencies scattered over six or eight states. As fast as I can get out the literature I am going to reach every state in the Union. I am spending over \$100 per month to advertise this country—to advertise your land. Get in now, and get the benefit of this advertising. This is a good country and these lands are cheap, but the northern people don't know it. I am going to tell them. Want me to tell them about your land?

Read a few little bargains following which I have just entered on my books. Write me for big list.

No. 74—1280 acres good chocolate soil; two and a half miles north of Finley, in El Paso county. The price is only \$3.25 per acre; one-third cash, balance to suit purchaser.

No. 75—2331 acres chocolate soil, 20 miles north of Van Horn; \$3.50 per acre, one-third cash balance to suit.

No. 76—1690 acres, good sandy soil; 400 acres in cultivation; 75 per cent tillable; well, windmill, surface tank; three sets tenant improvements, sheds lots and outbuildings; 2 1-2 miles north of Dunn, Scurry county. Price \$25.00 per acre. This is a splendid piece of land in a good farming county, and is a bargain. Investigate.

No. 77—320 acres red sandy soil; 90 acres in cultivation; 200 tillable, fenced; well, windmill, running water, 4-room house, sheds and lots; 1 1-4 miles to school; 7 miles southeast of Colorado. Price \$20 per acre; half cash, balance to suit. If you want a dandy little farm in a good section of the country, look into these.

For further information as to any of the above, or a list of a couple hundred other good places in west Texas and New Mexico, see or write KEIPER REAL ESTATE EXCHANGE, Colorado, Texas.

KEEP THE KIDNEYS WELL.

Health is Worth Saving, and Some Colorado People Know How to Save It.

Many Colorado people take their lives in their hands by neglecting the kidneys when they know these organs need help. Sick kidneys are responsible for a vast amount of suffering and ill health, but there is no need to suffer nor to remain in danger. Use Doan's Kidney Pills—a remedy that has cured thousands of kidney sufferers.

The following statement leaves no ground for doubt.

R. C. Murphy, farmer, Snyder, Texas, says:

"I can recommend Doan's Kidney Pills to anyone suffering from kidney trouble, as they cured me some years ago and since then I have had no cause for complaint. I had weak kidneys and was obliged to get up often at night. My back also ached. Seeing Doan's Kidney Pills highly recommended, I procured a box and they quickly and permanently cured me."

For sale by all dealers. Price 50c Foster-Milburn Co., Buffalo New York sole agents for the United States. Remember the name—Doan's—and take no others.

The Cheapest Yet.

The old reliable Texas & Pacific road is beginning to wake up to the value of advertising excursion rates. It is promulgating a rate of only \$4.00 for the round trip to Fort Worth during the Fat Stock, Horse and Land Show, on sale March 20 and good to return March 22. This gives a full day and night in Ft. Worth. A rate of \$3.30 will be given, on sale March 17, to 22, good to return March 26. The \$4.00 rate is the cheapest ever given by this road and will doubtless take a multitude of people to the show. See the quarter page ad in this issue.

HIDES! HIDES!

All kinds of hides wanted—will pay highest market price for all the hides you bring. J. S. VAUGHAN.

Wanted.—Base Ball Park.

The local base ball fans are trying to devise ways and means to secure a park and erect a grand stand for the promotion of the national sport. There is a block of ground in South Colorado they think would about suit their purpose, and if the business men of the town and all others who enjoy a good seat in the shade while witnessing a game of ball, will help them, the boys think they can arrange for the work necessary to do the building, etc. They would be glad to hear from someone on the subject, and if interested in the matter to any extent, see Obie Avery, who will take pleasure in telling you all about the question. This is a laudable enterprise and is worthy the support of all who enjoy good, clean sport. A well appointed permanent base ball park is a great safety valve for the surplus energy and enthusiasm of youth, which, if safe and sane vent is not furnished, will seek relief through harmful and hurtful channels. The boys deserve the help.

U. D. C. Meeting.

The U. D. C. met Monday with Mrs. D. H. Snyder and an exceedingly pleasant meeting was enjoyed. In the business session it was decided to send the \$20 asked for to the state treasurer and the \$5 promised last month to the Shiloh monument. Roll call was stories of the war, and many interesting, humorous and pathetic incidents were related and read. Mrs. Annis was sick so her reading did not come up. Mrs. Reese had a very interesting paper upon Gen. Magruder and the battle of Galveston. Miss Jo Dry read a beautiful poem, the Bella.

Miss Dry read a poem by Mrs. Farris of Huntsville, a tribute to Hood's Texas Brigade Association, which was very pretty indeed. Mrs. Merritt led the discussion of the Texas frontier, plans of Federals for invading Texas, home supplies and industries. The hostess served a delicious refreshment course of croquettes, peas in patty cases, pimento sandwiches, crackers, olives and coffee. Adjourned to meet in April with Mrs. Reese. Mrs. Earnest was an enjoyed visitor.

This Is So.

We wish to state in as plain and vigorous way as words can express it, that Hunt's Cure will positively, quickly and permanently cure any form of Itching Skin disease known. One box is guaranteed to cure. One application affords relief. All druggists stand behind the guarantee. Ask yours.

If the big ranches in the southern part of Mitchell county were cut up into small farms and every quarter section had a good farmer on it, the population would be nearly doubled and the taxable values be greatly increased.

SYSTEMIC CATARRH RELIEVED BY PERUNA.

My Husband Also Uses Peruna.

Mrs. Della May Samuels, whose picture accompanies this testimonial and who resides at 838 N. Conde St., Tipton, Ind., writes The Peruna Co., as follows:

"Eight bottles of Peruna completely cured me of systemic catarrh of several years standing, and if my husband feels badly or either of us catch cold we at once take Peruna."

Stomach Trouble.

Mrs. Wilson Robinson, 704 Nessle St., Toledo, Ohio, writes:

"I feel like a new person. I have no more heavy feelings, no more pain, don't belch up gas, can eat most anything without it hurting me. I want to be working all the time. I have gained twenty-four pounds."

"People that see me now and saw me two months ago seem astonished. I tell them Peruna did it. I will say it is the only remedy for spring and all other ailments."

Give the Creamery a Chance.

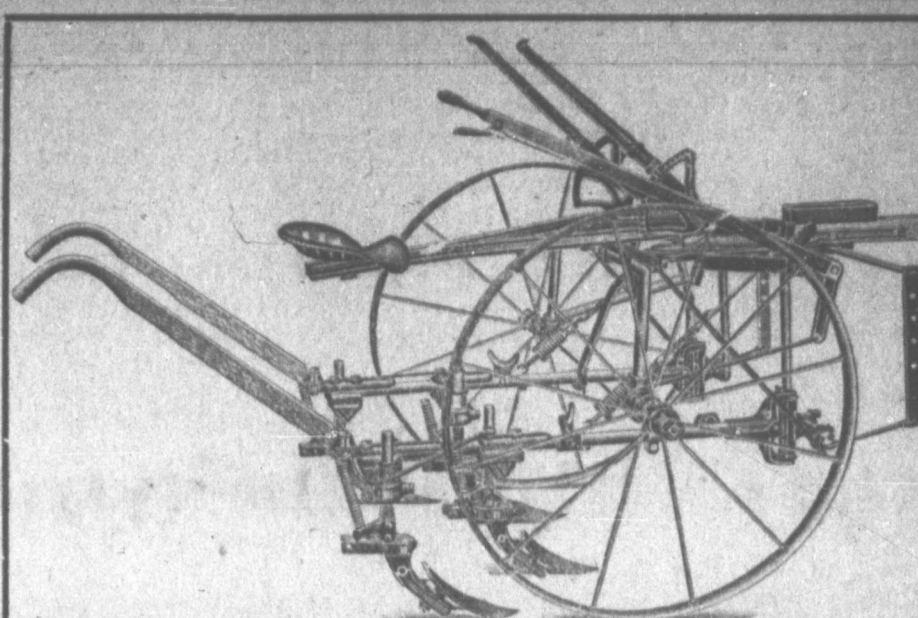

Not long after the establishment of the creamery here, one was established at Cisco, built by the same people. The one here was not a success because of the lack of cows and grass in this county. Many think a creamery can not be made to pay here, but with such conditions as we are likely to have this year, there is no reason why the dairy and creamery industries should not prosper. The same idea seems to obtain at Cisco, as to whether the creamery there will continue to run or not. The following card from the creamery owners sets forth the condition of things and gives their idea of the enterprise:

"The question has been asked the creameryman, 'When was the creamery going to close down?' This is to advise the public and patrons of the creamery, that it has no intentions to close, but has just put on new clothes and proposes to stay with the patrons and farmers in this enterprise. To those that have cows and make butter, we would say bring us your butter fat, we will pay you more for it than you can make the butter and sell it yourselves. We are now paying 28c for butter fat, and prospects for paying more. This is far more than you are getting for your butter, and doing the work yourselves, we relieve you of the work of making the butter besides give you more per pound for your butter. Never believe we are going to close down, but we are on the road to success."

When the Grand Lodge of Odd Fellows meets in April at Dallas, the question of locating the new Widows and Orphans Home of that order will be decided. Already there are several west Texas towns in the running for it, chief among which are Midland, Plainview and Snyder. The location of this institution will mean much in an economic way to the town that secures it, and attractive inducements will be held out by the competing towns. Inasmuch as there is hardly a possibility of Colorado entering the lists of contestants, the Record is for the nearest neighbor—Snyder. There is much to be said in support of Snyder's claims as the most eligible point for its location, and the Record hopes our neighbor may land the institution.

The Order Rescinded.

At the regular March meeting of the commissioners court, the following orders were passed:

"That U. D. Wulfjen, commissioner of Precinct 1, being by law, ex-officio superintendent of road district No. 1, be allowed the sum of \$5.00 per day for every day he is actually engaged in the supervision of work being done in special road district No. 1 of Mitchell county."

"That commissioner W. M. Green be appointed to take foremanship of the county road gang, temporarily, and that he be allowed the same salary, which is \$100 per month."

These two orders raised somewhat of a tempest in a teapot in some quarters and there was a general looking up of the law in the premises. Whatever the conclusion reached, certain it is that at a meeting of that honorable body last Monday, the first of the above orders was revoked and the cordan knot in the latter was cut by the resignation of commissioner Green as such official and his appointment allowed to stand.

BILIOUS SPELLS NO LONGER DANGEROUS.

Dodson's Liver-Tone is a Safe Medicine to Take the Place of too Powerful Calomel.

In the days when calomel was the only liver remedy, a torpid liver, or a spell of "biliousness" was a serious thing. Calomel is a powerful mineral substance that compels the liver, no matter how weak it is, to do its work, but does nothing to strengthen the liver and a large dose—sometimes the usual dose—may cause salivation. Dodson's Liver-Tone is a builder that strengthens the liver while making it do its work. It is entirely vegetable, pleasant to take, has no bad after effect and is perfectly suited for children as well as grown people. You don't have to be careful what you eat. Floyd Heall will sell you a bottle and guarantee it to give you perfect satisfaction. If it doesn't you can get your money back simply by asking for it.

AT ADAMS' STORE

A WOMAN'S GOOD LOOKS

Depend on her general health and freedom from pain. Many a woman looks old before her time because of those irregularities which are essentially feminine. Starting from early womanhood, she suffers from frequently recurring derangements that upset her womanly health. If she be beautiful she grows into that mellow age without wrinkles and crowfeet about the eyes or the blue circles underneath. It is invariably the rule that such women suffer little, or not at all, from womanly derangements which sap the health and leave in the face the tell-tale story of pain and suffering. Dr. R. V. Pierce, the famous specialist in the diseases of women, found a prescription in his early practice that soothed the organism peculiar to womanhood—oiled the machinery, as it were, of the human system—and helped the woman to pass those painful periods that scar-lined and aged her face. This remedy became the well-known Dr. Pierce's Favorite Prescription, that has benefited thousands of women and saved them from misery and suffering at different periods in life.

Mrs. HARKELY E. PIERCE, of 244 Bright Street, Sarnia, Ont., writes: "I am now a well woman after suffering for three years and doctoring with several different doctors, each one saying it was something different, and the last one, after putting me through a thorough examination, said I was suffering from a growth, which, in time, would result in cancer, and said I would not live more than two years if not operated upon right away. I became hopelessly discouraged but would not consent to the operation as I was too weak and too much afraid, but at last, through the advice of a friend, I tried Dr. Pierce's medicine, and after using two bottles of the Favorite Prescription, I immediately felt a change. I also used two boxes of 'Healing Suppositories' and eight boxes of 'Lotion Tablets,' and can safely praise the name of Dr. Pierce's medicines to all who suffer from any female disease, for these medicines are all they are claimed to be, and I hope will help others as they have helped me."

BACK IN HARNESS

HAVING arranged my Sweetwater business so that it will no longer demand my immediate personal supervision, I will return to Colorado and give my entire time to the business here.

I shall be pleased to greet all my old friends and customers and prepared to make new ones in offering the public the best line of jewelry, watches, diamonds, etc., ever seen in Colorado. I have come back to stay.

TRANSACT A GENERAL BANKING BUSINESS.

ANOTHER TURN HAS BEEN TAKEN

In the Sneed-Boyce Matter at Fort Worth.

FEDERAL GRAND JURY IS

Probing the Alleged White Slave Conduct of the Man Who is Accused of Leaving the State With Mrs. Sneed.

Investigation of the white slave accusation against A. G. Boyce, Jr. was taken up by the Federal grand jury at Fort Worth.

Dr. Wilmer Allison was before the grand jury. Accompanied by J. H. Bowman of Plano, his brother-in-law, John Beal Sneed arrived in the city and went before the jury. Dr. John S. Turner of Dallas, who testified at the habeas corpus and regular trial that Mrs. Sneed was insane, was also before that body. Others testifying were Ed Farwell of Dalhart, Miss Flowers, the nurse at the sanitarium, and A. J. Bennett, postoffice inspector, with headquarters at Dalhart. Bennett was not a witness in the Sneed trial, but it was testified then that he was investigating the charge that letters to the Boyce family were opened.

Judge Meek charged the grand jury on white slavery, informing them that he understood they would be asked to investigate charges of that sort. He also charged them generally as to the theft of letters.

NORRIS TRIAL.

Date For It Has Been Fixed at the First Day of April.

Rev. J. Frank Norris, pastor of the First Baptist church of Fort Worth, will face trial on the charge of perjury in the Sixty-seventh district court April 1.

Judge Simmons made a special setting of the case upon the joint application of the attorneys for the state and the attorneys for the defense. At the same time Judge Buck, in Forty-eighth district court, charged the new grand jury to renew the investigation of the burning of the First Baptist church and the attacks upon Dr. Norris and the burning of his home.

Another development was receipt of Governor Colquitt's official proclamation offering \$5,000 reward for the arrest and conviction of the person or persons who burned the residence of Dr. Norris. The state's reward, added to the rewards offered by the city of Fort Worth and by the chamber of commerce of that city, bring the total to \$7,000.

GOING AFTER CATTLE.

Commissioner Abbott So States He Will Do This.

Pure Food Commissioner Abbott has announced the inauguration of a campaign against diseased dairy cattle in Texas. Heretofore he has confined his operations to the inspection of adulterated milk, but now he is after the cattle on the hoof. About a couple of years ago the attorney general held that the pure food commissioner did not have authority to make investigation of cattle on hoof, but the commissioner says he will test the law in case of protest.

MATTER OF TAILS.

Peculiar Case Comes Up and Is Decided by Jury.

Cats or dogs, if you only see their tails, according to a jury at El Paso in the Thirty-fourth district court, which found against Mrs. R. M. Turner in her suit against the street car company of that city for being put off a car.

Seeing the tail of an animal sticking from beneath Mrs. Turner's cloak and presuming it to be a dog the conductor ordered her from the car under the rule that no dogs may be carried. The animal was a cat. July held that as Mrs. Turner refused to show the animal to the conductor he had a right to conclude it was a dog.

Clothing of Killed Is Charged by Live Wire.

A live wire that fell across a clothes line caused the death of Ira Davis, a telephone lineman, and Bop Mayo, a carpenter, at Whitewright, Tex. The accidents occurred in the back yard of Ira Davis.

Mrs. Davis, wife of Ira Davis, had a narrow escape in attempting to save her husband. Both men came in contact with the wire.

On the resignation of W. M. Green from the board of County Commissioners, J. M. Helton was appointed to fill his unexpired term. Mr. Helton is a candidate for the place before the coming primary.

Olin Curry, of Lancaster, is here for a week's visit with his sister, Mrs. C. A. Pierce.

"Cardui Cured Me"

For nearly ten years, at different times, Mrs. Mary Jinks of Treadway, Tenn., suffered with womanly troubles. She says: "At last, I took down and thought I would die. I could not sleep. I couldn't eat. I had pains all over. The doctors gave me up. I read that Cardui had helped so many, and I began to take it, and it cured me. Cardui saved my life! Now, I can do anything."

TAKE CARDUI The Woman's Tonic

If you are weak, tired, worn-out, or suffer from any of the pains peculiar to weak women, such as headache, backache, dragging-down feelings, pains in arm, side, hip or limbs, and other symptoms of womanly trouble, you should try Cardui, the woman's tonic. Prepared from perfectly harmless, vegetable ingredients, Cardui is the best remedy for you to use, as it can do you nothing but good. It contains no dangerous drugs. It has no bad after-effects. The Most Important Things to Consider in Buying an Automobile

- 1st. Be sure you are getting your money's worth when you buy a car.
- 2nd. What kind of a guarantee am I getting—one year or 90 days?
- 3rd. Can I get repairs for my car without sending to the factory and what will they cost me?
- 4th. What is the best clutch and transmission?
- 5th. What is the best oil system?
- 6th. What will the up-keep of my car be?
- 7th. Is my car a standard make, or does the model change each year?
- 8th. After I buy a car it will need care and attention—is the man I buy from capable and willing to take care of my car; can I depend upon him; will he be willing to come to my assistance when I need help; does he carry parts in stock or at the branch house, or am I compelled to lay aside my car until the parts can be shipped from the factory; will he show me the same courtesy after buying my car as before?

Consider the above, call and see the E-M-F '30' and Flanders '20,' put us to any test. We are willing to enter any contest against any of our competitors. Give us a trial. If you are figuring on buying a car put your order in early, as when the summer rush comes you won't be able to get the car you want.

Olin Hardy of the Snyder Signal, helped the Record pull the proverbial ox from the ditch, for two days—Saturday and Monday—for which he has the sincere thanks of the management. No one who has not the experience, knows just how valuable a little expert help at the right time is in a country printshop. It is so easy to get snowed under and so much harder to get thawed out of an avalanche of work, which always seems to come at the most inconvenient time. Two very lengthy law briefs, which had to be gotten out within a few days coming at the same time, on top of a heavy run of ordinary commercial work, say nothing of the composition for three papers, was just a trifle more than the Record force could accomplish, but Olin very generously left his own paper for two days and helped us out; a very present help in time of trouble, is he. He left for home Monday night.

The bridge crew are stationed here for a time, repairing the bridge over Morgan creek, after which work is completed they will do some work on the bridges cross the river west of town. Do you know that of all the minor ailments colds are by far the most dangerous? It is not the cold itself that you need to fear but the serious diseases that it often leads to. Most of these are known as germ diseases. Pneumonia and consumption among them. Why not take Chamberlain's Cough Remedy and cure your cold while you can? For sale by all druggists.

The opinion now is, with those who are most closely associated with the work, that the high school building will not be occupied this session, beyond, perhaps using it for commencement exercises. Contractor Heerman is giving a thorough job, and more or less of unexpected delay occurs in the arrival of furnishings and accessories to full equipment. When the school opens next fall the building will be thoroughly finished and equipped for the most efficient work in the history of Colorado's public schools, and no town in West Texas can boast a better or more attractive high school building. A little more delay just at this time, matters very little.

If you have trouble in getting rid of your cold you may know that you are not treating it properly. There is no reason why a cold should hang on for weeks and it will not if you take Chamberlain's Cough Remedy. For sale by all druggists.

The Central Circle of the Methodist Missionary Society met Monday with Mrs. W. L. Doss. A large number were present and a pleasant and profitable afternoon spent. Judge J. N. Browning of Amarillo was in the city Monday in the interest of his candidacy for congress from the state at large, and spoke to a fair sized crowd at the court house at 4 o'clock. Judge Browning and Judge Joe Lancaster of Plainview are the only candidates for this office in the middle west and panhandle sections of the state.

John W. Sickelsmith, Greensboro, Pa., has three children, and like most children they frequently take cold. "We have tried several kinds of cough medicine," he says, "but have never found any yet that did them as much good as Chamberlain's Cough Remedy. Sold by all druggists."

Our good friend and county surveyor, R. H. Crump, who has been a resident of the Spade community for eighteen years, and enjoys the official dignity of the postmastership at that place, as well, was in town Monday and paid the Record, as is his habit, a pleasant call. He informed us that he had about decided to seek a more equable climate. He has been a sufferer for many years from the terrors of asthma and is convinced that a rocky, barren and high country is best suited for this trouble. He will go out to Arizona in the spring, and if he experiences the relief he expects, will go to live there permanently. Mitchell county has no better citizen than Mr. Crump and his removal from the county would be a decided loss.

There ought to be a general killing of dogs in this good town—outlaw dogs, dogs on whose heads there has not been paid the tax which guarantees the rights of life, liberty and pursuit of something to eat. In order to see these pariahs in all the glory of gregarious life, one should be an early riser and go out upon the business streets of the town before sunrise. One morning in the week there was a convention of a dozen dogs of all sorts, sizes and pedigrees on the corner near the fire station and narry a tag had one of them.

Deafness Cannot Be Cured
 by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

They made various kinds, each a little better than the last and all just as good as could be, after eating and experimenting to their heart's content good nights were said, everyone having thoroughly enjoyed the evening.

Card of Thanks.
 Inasmuch as it seems to have gotten rumored that we were not to get the insurance on our home which burned Jan. 6th, we take this means of letting the public know, and expressing our thanks to Mr. Keathley and The Germania Insurance Co. for full settlement of same, which we received the 8th inst.
 MRS. M. H. BELLAH
 MINNIE BELLAH.

The Fat From The Flower
 Vegetarians tell us that there is no kind of animal fat which we cannot replace with something as good or better in the vegetable kingdom. Certainly in the matter of cooking fats there is no question of this fact. Lard is made from the fat of the hog, often unwholesome, sometimes impure.
 Cottolene, a vegetable-oil shortening, comes from the snowy boll of the cotton plant; it makes food that any stomach can digest. Cottolene is as good as butter, can be bought for about the price of lard, and is more economical than either.
