AUTOMOBILE GIVEN AWAY.

A few weeks ago Y. D. McMurry gave away a "Mr. Bill" planter. This week he gave away an automobile and little Inez Thrasher was the lucky one to get it. It was given by vote, a vote for every 5c worth of a certain kind of cake sold in a given time. Little Inez sold more cakes than all the other contestants put together. She is the happiest little girl in Mitchell County.

REGIONAL BANK.

Dallas was selected as one of the twelve regional reserve banks under the new banking law. This is a great victory for our North Texas metropolises. The other cities are Boston, New York, Philadelphia, Cleveland, Richmond, Atlanta, Chicago, St. Louis, Minneapolis, Kansas City, San Francisco.

All Texas should rejoice that Dallas was made a regional reserve bank city. It is an honor to us all.

All kinds Hot Drinks at Ben Morgan.

LOST AN EYE.

On Monday last while Lewis Pond was at work tearing off a roof of a house, preparatory to putting on a new one, a shingle flew up striking him in the eye. The blow was so hard that the eye will be entirely lost. Medical aid was secured but nothing could be done to save the eye. Mr. Pond's many friends sympathize with him in his loss.

SON OF C. N. PAYNE HURT.

Mr. C. N. Payne received word Saturday that his son in Arkansas had shot a man. Mr. Payne left Saturday night for Arkansas to investigate and is still absent.

It seems that his son is a railroad man and was trying to put a hobo off the train when the hobo stabbed him with a knife and he shot him. We have been unable to learn how bad young Payne was hurt nor the seriousness of the shooting.

Come in and see or phone 35 and ask what we have. Beal's Market.

**ARMED MEXICAN BAND
RUSHES TEXAS TOWN.**

**COLQUITT ORDERS RANGERS TO
SCENE.**

Tells Capt. J. R. Hughes to Add Men to His Company Who Can Shoot; Orders Ranger Captain to Make Investigation and Says that he May Increase Entire Ranger Force.

Austin, Texas, April 8.—Armed Mexicans have invaded the town of Medera, Texas, in the vicinity of Brownsville, and have created a reign of terror there. It at first was reported to governor Colquitt that the Mexicans shot up the town, but this is denied by Capt. J. R. Hughes, of the state ranger force.

Capt. Hughes, at Brownsville, wired to governor Colquitt today that he had been in telephone communication with the city marshal of Medera and was told that Mexicans with arms invaded the town, but had not shot it up as reported.

Governor Colquitt today ordered captain Hughes to proceed at once to Medera and make a personal investigation of the affair. He also ordered the ranger commander to increase his force by four men. These are to be men who are known to be good shots.

The governor has said also that an increase of the entire ranger force may be made, if the border situation should make it necessary to have more men for the protection of Texas.

WEST TEXAS WEATHER.

The wind, the rain, the hail, the snow. More wind than rain and hail and snow.

From north and south and west it blows.

But seldom from the east it goes.

Since last weeks Record was published we have had sunshine, rain, hail and snow. It has been hot and cold, calm and blustery, dry and wet and we are happy yet, you bet.

Snow Today.

Dallas, April 8.—The entire Panhandle and the most of West Texas south to San Angelo was covered with snow today.

Snow Fell at Dalhart.

Dalhart, April 8.—The temperature here today was sixteen above zero. All fruit in this section has been killed. One inch of snow will help the cattle range.

Snow fell in flurries in Colorado for many minutes this (Wednesday) morning. At no time was the snow heavy enough to make any great impression but the air was cool and it came down rather lively for a time. The earth however, was warm, and it soon melted.

WOMEN VOTE OUT SALOONS.

11 Big Cities Go Dry.

Chicago, April 8.—Seventy percent of yesterday's Illinois women voters favored prohibition. Only forty percent of the men voters favored prohibition.

The vote of the women closed more than one thousand saloons, adding sixteen counties to the thirty which are already dry. The following eleven large cities went dry by the election yesterday: Bloomington, Galesburg, Elgin, Decatur, Canton, Freeport, Belvidere, Monmouth, Kewanee, Lockport, East Galena.

The Chicago Council went Democratic by a vote of two to one.

Republicans win.

Patterson, N. J., April 8.—The overwhelming victory of D. H. Druker, republican, for congress yesterday over Wilson's democratic candidate, J. J. Osborne, is today claimed by democrats to be the result of gerrymandering.

Democrats Win.

Kansas City, April 8.—The commission form candidate were defeated yesterday in the city election by the democrats.

White Nominated.

Montgomery, April 8.—Frank S. White was nominated for the short term as senator of Alabama. A second primary will be necessary for governor.

Nebraska Pros Win.

Omaha, Neb., April 8.—Nebraska pros gained eight more dry towns yesterday. Sunday baseball generally won in the elections.

THE RURAL TEACHER

Bears Heavy Burden of Civilization.

By Peter Radford.

With the new development of rural life, there comes the demand for increased educational facilities and the impulse of universal education which is sweeping the country calls for intelligent and consecrated leadership in our rural schools. It is upon the rural teacher that one of the heaviest burdens of civilization falls for not only must he lay the foundation of education, but he must also instill into the pupils the real love for country life, which will hold them on the farm and help to stem the townward tide.

In the city, the teacher is a cog in the vast wheel of educational machinery; in the county, he is the wheel. It is he who must mold the character, inspire the ideals and shape the destiny of the farm boys and girls, and if he is fitted by nature for the task, not only will the results of his efforts be reflected in the pupils, but gradually the whole community will be leavened with a new ambition for progress.

He can organize around the school the main interests of the boys and girls and develop the impulse for co-operation, which in time will displace the old competitive individualism and make rural social life more congenial and satisfying. The possibilities for making the rural school the social and economic center of the community are almost endless and the facilities of the rural teacher may have full play, for it will take all his time and ingenuity if he attains the full measure of success.

Must Be Community Leader.

A noted college professor recently said that three things are now required of a rural teacher. The first requirement is that he must be strong enough to establish himself as a leader in the community in which he lives and labors; second, that he must have a good grasp on the organization and management of the new and scientific farm school and, third, that he must show expert ability in dealing with the modern rural school curriculum. If he lives up to the opportunities offered him as a rural leader, he will train boys and girls distinctly for rural life, not only by giving them the rudiments of agricultural training, but by enabling them to see the attractive side of farm life, and to realize that it is a scientific business and one of the most complex of all professions with opportunities as great as those of any other calling.

"School for Parents" Needed.

The duties of the rural teacher are more varied and complicated than those of the city teacher and he sometimes has to include the parents in directing his efforts for the best results. In communities where the older population is opposed to any departure of the younger generation from established customs in either social or economic life, their co-operation can often be secured by calling community meetings and instructing the parents on matters of community interest. It is related that a successful young teacher in a remote locality had weekly meetings attended by parents of his pupils which finally evolved into a "school for parents" in which they were taught how to live a community life in its broadest and biggest sense.

Social Features Essential.

The successful rural school is the vital social and economic center of the community and the successful rural teacher is the one who realizes that the responsibility of training local leaders for the future devolves upon him. Organized play, inter-community athletics, community festivals, lyceum and debating clubs, Y. M. C. A.s, with occasional neighborhood entertainments, utilizing home talent, contests in cooking and various other phases of home economics, in corn and hog clubs and other agricultural activities are a few of the methods employed by the successful rural teacher in stimulating interest and enthusiasm while teaching them the fundamental principles of successful community life.

NOTICE SINGERS.

We again take this method of calling the attention of the singing public to the County Singing Convention which will convene on the first Saturday and Sunday in May, which will be the 2nd and 3rd of May. We insist that all classes be well organized and do some practice work before this occasion. We would be glad to have each and every community in the County represented with a Class in this Convention. For any information relative to organization, credentials etc. you may address the undersigned Secretary at Colorado, who will gladly furnish the desired information. For further announcement see the next issue of this paper.

W. L. DOSS, President.
EARL JACKSON, Secy.

An Immense Rain.

One and three quarters inches rain fell throughout Coke County Monday morning. The rain was accompanied by a stiff south east wind, much hail but did no damage.—Robert Lee Observer.

Straight at It.

There is no use of our "beating around the bush." We might as well out with it first as last. We want you to try Chamberlain's Cough Remedy the next time you have a cough or cold. There is no reason so far as we can see why you should not do so. This preparation by its remarkable cures has gained a world wide reputation, and people everywhere speak of it in the highest terms of praise. For sale by W. L. Doss.

U. D. C.

The U. D. C. will meet with Mrs. F. B. Whipkey next Monday afternoon at 4 p. m. with a Shiloh program.

For Sale Or Trade—Trap buggy with canopy top. Will sell cheap or trade for a cow. Harry Smith at Beal's Market. Itp.

Mr. and Mrs. Hiram Snyder, Miss Annie Beal and Miss Nell Ruth Arnett left Wednesday night for Dallas where they will visit for a few days and return in Mr. Snyder's car.

The Sack of corn advertised in the Record last week as lost found its owner. Want ads do the work.

If you haven't a new Easter suit let us clean one up for you Friday and Saturday. **COUGHRAN BROS.** It

Ben Morgan will order the latest books published for you.

Washington, April 8.—Special warnings of frost in the Gulf States south almost to the coast tonight, is the government's prediction. Freeze is predicted south to the Texas-Oklahoma line. There will be frost in Northern Florida tomorrow.

Cough Medicine For Children.

Too much care cannot be used in selecting a cough medicine for children. It should be pleasant to take, contain no harmful substance and be most effectual. Chamberlain's Cough Remedy meets these requirements and is a favorite with the mothers of young children everywhere. For sale by W. L. Doss.

You Have Nasal Catarrh Not Very Bad, But--- It Bothers You a Good Deal.

Some people have nasal catarrh and know it. Not only the patient knows it, but all of his friends know it. Many people know it that are not his friends. Just those people who happen to meet him in the street car or on the public square.

That sort of a nasal catarrh need not be described. Everybody knows the symptoms without their disgusting recital.

Peruna helps such cases every day. Thousands have attested to this fact unsolicited. Peruna benefits even the worst cases of old nasal catarrh.

But there are cases of nasal catarrh not so evident. One nostril is stopped today. The other nostril is stopped tomorrow. Cannot breathe freely through the nostrils. Easy to sneeze. Mucus in the nose too thick. Sometimes forms brownish lumps. Catch cold easily. Never quite free of a cold. These symptoms describe a case of subacute nasal catarrh. Many people have it, and some who would not admit they have nasal catarrh.

He knows he must blow his nose freely. He remembers that he does not breathe easily through the nose.

He recalls the fact that he sneezes some now, whereas he did not previously.

Subacute nasal catarrh! Or we might call it incipient nasal catarrh. Or, still better, nasal catarrh just beginning and becoming chronic.

Now is the time to take Peruna. A little Peruna will do wonders at this stage of the disease. Snuff a little weak salt water every morning (see "Use of Life," sent free by Peruna Co., Columbus, Ohio), just enough to clear out the nose. Take a dose of Peruna before breakfast. Hold it in the mouth. Let it trickle down slowly and breathe the fumes of it out through the nose as you swallow it.

This will stop an incipient case of nasal catarrh in a few weeks. Stop it entirely. The nose becomes clear again. The breath is sweet. The breathing free. No more sneezing, or snuffling, or sniffing, or catching cold easily. All of these things are in the past.

An army of men and women have been benefited by Peruna. You might as well become one of the benefited ones as to allow it to go on any further.

BETTER BABIES NOTES.

Examine the Children's Teeth.

In the "Better Babies" campaign now drawing to a close, one of the points in determining the excellence of the baby's physique is the number and condition of its teeth. Ninety-five to ninety-eight per cent of all teeth are perfect when they erupt, and with ordinary care and attention can be kept in good condition for many years.

To those who are keeping in touch with such matters, it is known that cities all over the United States are instituting dental clinics in the public schools at which all children are subjected to a rigid examination, and recommendations made to the parents as to what should be done. Little is known in the outlying districts what is being done in this field of physical betterment and it will not be amiss to give some statistics that have been gathered after months of research.

There are ten million school children in the United States suffering from unhealthy conditions of the mouth and teeth. Forty per cent of absentees from school are caused by toothache.

In an elementary school in Cleveland Ohio twenty seven boys and girls were put through a course of oral hygiene, all decayed teeth and mouth lesions put in perfect condition, beside being taught the proper use of the tooth brush. After a given time a series of scientific tests were made to show the improvement that these operations made upon the minds of these twenty-seven students. The amount of average improvement in the various tests was as follows:

Ability to memorize, nineteen per cent.
In spontaneous association, forty-two per cent.
In adding thirty-five per cent.
In associating antonyms, one hundred and twenty-nine and in capacity to perceive, attend, and re-act, sixty per cent.
The average per cent of all the tests thus amounts to about fifty-seven per cent. A very significant gain.
Aside from the uplifting influence of perfect teeth, another consideration is of vast importance. The mouth is the main gate-way to all the life preserving organs in the body and it is very important that these germ breeding and poison reeking conditions of the oral cavity be eliminated.

When you are constipated and your liver is sluggish it is no longer necessary to try to fix yourself up with calomel, which everyone now knows to be a poison that sometimes remains in the system and causes evil after-effects—and is often very dangerous to many people.

Dodson's Liver Tone is guaranteed to take the place of calomel, to be a pleasant tasting, easy acting vegetable liquid, with no bad effects and causing no pain nor gripe nor interference with your regular duties, habits or diet. If you are not entirely satisfied with Dodson's Liver Tone, go back to the store where you bought it and get your money back. It belongs to you and Dodson wants you to have it.

Floyd Beall sells and recommends Dodson's Liver Tone and they will cheerfully refund purchase price (50c) instantly without question if the remedy fails to please you in every way. Its use has proved beneficial to many thousands and probably will to you.

Why Risk Being "All Knocked Out" by Calomel? Dodson's Liver Tone Takes its Place and is Safe.

FAIRVIEW ITEMS.

Singing at Leason Buckenlaw on the 22.

Mr. C. M. Taylor and wife and W. E. Berry made a business trip to Colorado on the 23.

M. D. T. Bozman was around this week making up a list of names for a rural mail route which will be in operation very soon.

Mr. Will Berry has been busy this week with his road crew putting in new culverts on the new graded roads.

Mrs. Hit gave a birthday party to her daughter Aven on the 2 a large crowd of young people were on hand the night was pleasant and most of the girls wore their white dresses and enjoyed themselves to the fullest extent. There was laughter there was music, games and contests and the hours of the night glided by. Delicious refreshments were served by the younger members and every detail of a social party was carried out to the letter. About 80 people was there.

Mr. Welborn and wife made a business trip to Colorado on the 23.

We had another downpour rain and hail on the 2 and planting will be the order of the day now.

The trustee election on the 4th the following men were elected, J. M. Rister, Dave Pace and W. E. Berry for the Riverside Public School.

At the Fairview trustee election the following men were elected, J. M. Hillton and Dad Strain, Brother Purin.

The Christian missionary Evangelist is holding a meeting at Fairview on Sunday the 29 with his moving picture show, he presented to us some of the pictures and scenes of the island of Jamaica and the towns and villages that were destroyed by the earthquake some time ago. During the week he has held meetings every night, he is a very able preacher and his sermons have been gladly received, on the 5th preaching all day with dinner on the ground.

RAMBLER.

Eczema, Ring Worm, Itching, Tetter.

MISSIONARY COLUMN.

A Touching Letter.

Dr. Egbert W. Smith of the executive committee foreign missions of the Presbyterian church in the United States recently received the following letter, written in trembling hand: "Rev. Egbert Smith—Enclosed please find \$1 to help pay the self-denial fund. I am sorry it is so small, but I am in the Old Folks Home and this dollar was a Christmas present. May the Lord use it for his honor and glory. Respectfully,"

Dr. Smith says the letter touched his heart and he adds: "This letter reminds us of what the Saviour said of Mary, 'She done what she could.' Can he say the same of you?"

A letter has just been received from Bishop Lambuth, written on board the steamer Lapsley on the Sankuru river, on January 8. This was shortly after the missionary party had left Luebo where they were the guests of the Presbyterian missionaries for about ten days. The party received a most cordial welcome at Luebo and had a delightful and profitable visit.

Fortunately there were at Luebo about twenty members of the Batete's tribe ready to return to their native country. They gladly consented to return with the missionary party.

At the time of Bishop Lambuth's writing all were on board the Lapsley proceeding from Luebo to Lusambo at which point they were to disembark and begin their overland journey of about two hundred miles. Bishop Lambuth writes:

"Our father has been very good to us all. Not a single case of fever as yet. We have been given a royal welcome at Luebo, where we remained almost a week, entertained by the Presbyterians who lavished kind attentions upon us all. They could not have done more, for they gave us three evangelists and their wives—two of these are Batetela.

"Then in addition we found twenty workmen and carriers there who were willing to return to their native country with us. All these are aboard the Lapsley now, and we are within three days steaming of Lusambo, where, after a stay of a week to gather a caravan of a hundred men, we will begin our overland travel of about two hundred miles. This is the rainy season and will be the most difficult part of the entire journey, but we are all well and in good spirits.

"God is with us, and we are conscious of His presence. That gives us strength and courage to go forward. The consciousness also that the church is praying for us, is no small comfort and source of inspiration.

"There are no pessimists in this party. There is no place for discouragement where Christ leads the van. We are observing the week of prayer, and remember the friends at home day by day. Blessings upon you all."

Sold for Nine Dollars.

A young and promising student at the girls' school in Quiongos, Africa while visiting her home was forced by

D. D. D. Opens New Era in Cure of Skin Disease

Professor Tudson's case of eczema was known to almost every hospital and physician of reputation throughout the state of Connecticut. His letter is another interesting demonstration of what is being accomplished by the famous specific D. D. D. Prescription. It may be of interest to you to know that your friend's preparation, D. D. D. Prescription has been of incalculable value to me. I was covered with eczema from head to foot when I began using your remedies. I could get no relief, although I tried a thousand means. I applied but two bottles of the Prescription; a cure was effected in a very short time, in less

than one month."—Prof. C. J. Budlong, South Lyme, Conn.

Ask any druggist today for D. D. D. Prescription. He'll tell you it allays the itch instantly—and soon there are signs of cure.

We have handled the remedy for years and regard it as the specific for skin troubles of all kinds. Come in or ask us about D. D. D. Prescription, also about D. D. D. Soap especially for tender skins.

We offer the great full size bottle on the guarantee that unless it stops the itch at once, it costs you not a cent.

W. L. DOSS, DRUGGIST.

her people to pledge marriage with a man who was not a Christian.

Later, upon her return to her studies surrounded by schoolmates and teachers, she gained courage and sent word to her father that she did not favor the man and wished to be released from her promise.

Her father stormed and threatened and ordered her to return home.

For a while the girl's courage held out, she refused to obey.

The missionaries endeavored to arrange for a meeting with her father to talk the matter over. He refused to discuss the affair and again ordered his daughter to leave the school and return home.

The missionaries then offered the girl a home if she chose to stay at the mission. This meant that she must permanently sever all connections with her family. Her courage failed. She refused to resist any longer and went away weeping.

When she reached home she learned that she had been sold to the man by her father for nine dollars. No heed was paid to her fears and pleadings.

Scarcely three weeks after her marriage, her husband beat her cruelly with a hippo hide whip. Five months later he set her home to signify that he had divorced her.

And now her people have engaged her to another heathen.

The Woman's Missionary Union of the southern Baptist convention is doing work in eight fields. The southern Baptist convention has 276 missionaries in the foreign field. The money given by the women of the southern Baptist convention goes toward the support of the women missionaries and the schools conducted by them. Last year the \$140,000 raised by southern Baptist women supported the 161 women missionaries in the foreign field.

Baptist support five missionaries in Africa, 16 in Mexico and 30 in South America, besides 20 in the home land. These have recently been added to the foreign mission fund.

A can of floor lack an O-cedar mop and a bottle of the polish will be a great help in your house cleaning. H. L. HUTCHINSON & CO.

THE SILO IS THE THING FOR WEST TEXAS

SILO AND ENSILAGE FED CALVES ON THE FARM OF JUDGE C. H. EARNEST.

The above is a picture of Judge C. H. Earnest's silo and bunch of ensilage fed calves on his farm just east of town.

This silo has a capacity of 190 tons and Judge Earnest says his experience with the silo is entirely satisfactory. He says the silo is indispensable.

The siloing of field crops are advantageous compared with the old methods of preserving field crops, for the following reasons:

1. Because 53 out of every 100 pounds of stalks raised are lost by feeding fodder, as ordinarily cut and shocked and allowed to remain in the field a month or longer.

2. Because an investment of \$250 to \$400 in a silo will net you a greater profit than the same amount of money can possibly do when invested in stocks or bonds.

3. Because it greatly reduces the daily cost of feeding work horses.

4. Because silage has been tested carefully on cows, steers, horses, sheep and calves, and its feeding value fully determined.

5. Because every particle of silage is eaten or utilized in some way.

6. Because it is less work to feed silage in the winter than it is to feed fodder from the field shocks or the stack.

7. Because it takes less work to load the freshly cut fodder on a low-down wagon for the purpose of hauling it to the ensilage cutter, than it does to carry the bundles to shocks and tie each shock.

8. Because you sustain an unavoidable loss, even though you stack the fodder. This stacking, if done too early, heats and blackens the fodder; if the air is not moist at the time of handling the bundles, there is a loss due to the breaking of the stalks and scattering of leaves while stacking, which is impossible to avoid and the rains and snows damage a very large per cent of stacked fodder.

9. Because it makes you more money on the amount invested than you can make on bank stock or bonds, or railroad stock. Of fodder yielding about 10 tons of silage per acre, the difference per acre in favor of silage is about \$13.25, or \$132.50 for 10 acres. On a silo costing \$268 you have saved 58 per cent the first year. Suppose that you borrow the money at 8 per cent and make an exceptional allowance of \$20 per year for depreciation on the value of the silo. You can still declare dividends ranging from 20 to 38 per cent.

10. Because it is good for steers, and that portion of the undigested grain in the manure of the silage fed steers is consumed by hogs following,

and as a result there is no loss in the manure whatever.

11. Because silage keeps the bowels of horses, sheep, cows, steers and calves in as near nature's condition as it is possible to do. Silage has no substitute in this regard; it is absolutely the cheapest and best. No stock food on earth in cost or bowel-regulating qualities.

12. Because silage produces a pound of milk and butter for less money than you can produce it with any other feed on the farm. Thirty to 40 pounds of silage, with 5 pounds of hay per day and 8 or 10 pounds of grain per cow giving, say, 25 to 30 pounds of milk daily, will produce butter for about 13c per pound.

13. Because the Massachusetts Experiment Station's exhaustive test with 247 dairy cows proved conclusively that they produced butter-fat in winter for 9c per pound less on silage than they did with hay and grain fed cows.

14. Because the Vermont Experiment Station produced \$126 worth more milk on one acre—on corn and silage from corn yielding 10 tons per acre—than they did on corn fodder from corn yielding the same quantity and quality. This is another proof that the silo will just about pay for itself the first year. Multiply 126 by 15 (acres) and you have \$320 saved off 15 acres.

15. Because silo will pay you a larger dividend on the money invested than any equal amount of money invested in any buildings or farm implements on the farm.

16. Because the Vermont Experiment Station produced \$126 worth more milk on one acre—on corn and silage from corn yielding 10 tons per acre—than they did on corn fodder from corn yielding the same quantity and quality. This is another proof that the silo will just about pay for itself the first year. Multiply 126 by 15 (acres) and you have \$320 saved off 15 acres.

17. Because silo will pay you a larger dividend on the money invested than any equal amount of money invested in any buildings or farm implements on the farm.

See me for that new wagon. I can make you a close price on the best wagon ever made. McMURRAY.

BIGGEST DRAMA EVER PLAYED ON AMERICAN STAGE

History of Saint Louis to Be Re-enacted by Cast of 7,500 Before Audience of 100,000.

For the purpose of re-enacting the romantic history of Saint Louis, in The Pageant and Masque to be given at Forest Park the last week in May, a cast of 7,500 will be required, according to a preliminary statement just issued by William W. La Beaume, chairman of the productions committee, which is undertaking to stage the biggest drama ever played in America.

The occasion will mark the 150th anniversary of the founding of the city by Pierre LaCade, and the subject matter treated in the Pageant and Masque will begin with the days of the Mound Builders.

"In this Pageant and Masque," reports Mr. La Beaume, "we hope to give the people of Saint Louis something worth while in the form of beauty and art—a beautiful drama on a scale never before attempted by any community either here or abroad. Our aim is not a mere observance of an anniversary either. It is rather to build up a community spirit by having the people themselves enter into the play as actors, as workers on the various committees, and again as spectators. In this big civic drama, all social lines have been forgotten. Our actors are being drawn from all walks of life. Everyone is working for the good of Saint Louis."

Percy MacKaye, poet and playwright; Frederick S. Converse, composer and founder of the Boston Opera Company; Joseph L. Smith, who has been associated with Mr. MacKaye in the production of The Bird Masque, are the artists who have been retained to produce The Masque of Saint Louis, which will be a poetical and musical interpretation of the life of a community. The historical pageant will be done by Thomas Wood Stevens, head of the School of Drama at the Carnegie Institute, Pittsburgh.

The Pageant and Masque of Saint Louis will be given at Art Hall, a natural amphitheatre which is capable of seating 100,000. The cost of the production is being borne by a popular subscription of \$125,000.

Skin Disease Cured.

Hunt's Cure is the name of the remedy which is absolutely guaranteed to cure all forms of skin disease or the purchase price promptly refunded. Wonderful results are obtained by its use, curing cases that would not yield to other treatments. Ask your druggist.

R. B. HUMPHREY FOR CONGRESSMAN AT LARGE.

Home Endorsement.
Throckmorton, Tex. March 31st 1914.
To the Democratic Voters of Texas:
Mr. R. B. Humphrey of Throckmorton is a candidate for congressman at large and we, the undersigned citizens of Throckmorton county, submit the following as some of the reasons why he should receive one of the Democratic nominations in the July primary.

1st. Mr. Humphrey is a christian gentleman in his everyday life and conduct.

2nd. His record as a Democrat is clear, he has no entangling alliance with any special interests, and he can be trusted to act in the interest of the common people.

3rd. As a member of the state legislature he has shown distinguished capacity for the public service, and we believe his legislative training particularly fits him for useful work in the national lawmaking body.

4th. He has risen from a most humble beginning to a position of trusted prominence in the state's affairs, and we believe the further elevation of such young man to distinguished office is in line with sound public policy, is a wise bestowal of reward for honorable ambition and an opportune method of encouraging every boy in our great state to lead an upright life and aspire to great achievements. (Signed.)

T. J. Wright, County judge; J. D. Falls, Sheriff and tax Collector; A. B. Gover, tax assessor; J. T. Massey, Jr. County and District Clerk; W. E. Calahan, County Treasurer; B. F. Thorp, county attorney; M. L. McCabe, B. F. Reynolds, A. H. King, T. J. Blacksher, Samp Wheeler, J. T. Davis, W. E. Jarmon, K. K. Huff, F. E. Foster, R. I. Tharp, J. A. Bachman, M. Lacy, N. Rodgers, J. L. Robinson, G. W. Tudor, A. A. Boyd, J. T. Callaway, L. D. Poer, A. M. Anderson, M. D.; J. E. Merrill, D. C. Wylie, M. D.; D. S. Carson, W. R. King, J. T. McCulloch, E. A. Birchett, J. A. Cornelius, N. L. Marrs, N. T. Parrott, J. L. McCord, C. C. Wheeler, H. C. Roberts, J. R. Hall, Walter Power, E. L. Thompson, T. G. Black, J. J. Rellly, J. C. Conger, S. R. Pogue, F. A. Suttle, G. I. Burdette, Y. L. Kenedy, J. C. Cogburn, J. T. Compton, L. H. Hardy, M. D.; L. A. Howaley, W. K. Crawley, C. T. Johnson, M. M. Worley, C. B. Self, B. W. Odell, P. Y. Ingram, W. H. Thomas, T. R. Beatty, Y. B. Gilbert, D. S. McDonald, Frank Brown, A. Clements, W. L. Everett, Miles S. Hughes, W. A. Morrison, J. T. Peevey, Chas. Wagner, W. H. Kirby, Ollie Wood, J. L. Weatherly, E. A. Merritt, H. B. Redwine, C. B. Van Horn, M. D.; Joe Wilson, H. B. Wallace, A. C. Turner, M. D.; J. W. Watson, C. E. Bruce, W. M. Biggs, S. L. Cantwell, J. F. Farrow, U. T. Bockman, W. R. Kanady, and about 400 others.

Press Endorsement.

Dallas News:
Mr. R. B. Humphrey of Throckmorton has been a member of the last three legislatures, in which he distinguished himself for energy, breadth of outlook and understanding of the state needs. He typifies the kind of legislative service Texas ought to have, and the kind it must have, if its affairs are to be well ordered.

Austin Statesman:
Mr. Humphrey is one of the well liked me of the House and enjoys the confidence of all his fellow members. He is thoroughly familiar with legislation and legislative procedure.

Wichita Falls Times:
Mr. Humphrey's work in the legislature shows that he is a man of ability—one who can see ahead and size up proposed legislation that, if enacted would result in great cost to the people with no corresponding benefits to them as well as to help enact laws that are of benefit to the people.

Baylor County Banner:
Mr. Humphrey was an influential member of the last legislature and would make good congressional timber.

Brownwood Banner Bulletin:
Mr. Humphrey has been reckoned as a strong candidate for the Speakership in the event of his re-election (to the legislature).

Munday Times:
Our opinion was gained from close observation. Humphrey was one of the leading members of the House.

Haskell Free Press:
Mr. Humphrey is a man of fine personal qualities and has a clean moral and political record. He is endowed with a clear intellect and is just such a man as we need to represent the new and growing west. It is too often the case that we send young parvenus with more ambition than brain to our legislature. In Mr. Humphrey we have a young man endowed with brilliant intellect, well balanced discretion and thoroughly versed in the fundamental principles of democracy, and a lover of its tenets and teachings.

Calomel Is Bad.

But Simmons' Liver Purifier is delightfully pleasant, and its action is thorough. Constipation yields, biliousness goes. A trial convinces. (In yellow tin boxes only.) Tried once used always.—W. L. Doss.

Saved Girl's Life

"I want to tell you what wonderful benefit I have received from the use of Thedford's Black-Draught," writes Mrs. Sylvania Woods, of Clifton Mills, Ky.
"It certainly has no equal for la grippe, bad colds, liver and stomach troubles. I firmly believe Black-Draught saved my little girl's life. When she had the measles, they went in on her, but one good dose of Thedford's Black-Draught made them break out, and she has had no more trouble. I shall never be without

THEDFORD'S BLACK-DRAUGHT

in my home." For constipation, indigestion, headache, dizziness, malaria, chills and fever, biliousness, and all similar ailments, Thedford's Black-Draught has proved itself a safe, reliable, gentle and valuable remedy.

If you suffer from any of these complaints, try Black-Draught. It is a medicine of known merit. Seventy-five years of splendid success proves its value. Good for young and old. For sale everywhere. Price 25 cents.

SPRING MILLINERY

TANGO Hat with the high side and bandeau effect, trimmed with grograin ribbon and linen flowers. Very attractive.

A NOBBY STREET Hat of soft braid and mesaline crown, also braid hats.

HEMP and MILAN shapes, with the high side effect and in sailor shapes—in Tango, black and the new blue.

Order Your Easter Hat NOW

Place your special orders for Easter Millinery now and avoid the rush of the last few days before Easter. We have designers and trimmers of recognized ability in our millinery work rooms who will execute your special orders in original styles, or carry out to the letter your own individual ideas, just as you wish.

Let us urge an early visit and an early placing of the Easter orders to avoid the rush and possible delay of last few days.

WEST TEXAS AIRLINE HIGHWAY

No less an authority than the Secretary of State Auto Association is quoted as saying that this Highway will be the shortest one between the East and the West. This Highway as is well-known runs through Colorado along the Texas & Pacific Railway East to West or West to East, and was inaugurated or put under way through meeting held not long since at Big Springs. This authority is further quoted as referring to the routes North and South of here as laterals.

What does this mean, gentle reader? It means that with this being the shortest route between the East and West or West and East and after roads are put in condition which it is believed common prudence will see to, the great army of tourists, from East to West and vice versa will pass over this road. It is predicted that during the year 1915, this summer will run into the many thousands, tourists going this way to San Francisco Exposition and returning.

Hotels, tradesmen, garages, and others had just as well get ready for them. First of all, let's get our roads in shape to attract this travel. The shortest route don't necessarily mean that travel will proceed along that line unless it is the best route. They very soon learn the routes to go, and the routes to avoid, and they learn this from friends who have gone before them, and they "shy" away from bad roads just like a tramp shys away from an inhospitable doorway.

Get Behind Your County Commissioner On The Use of Road Drag.

This is election year, and public officials will listen to you when they would otherwise shut up like clams to any suggestion offered to them.

Our county roads in large measure and of necessity, for some time to come, are going to be "dirt" roads. Dirt roads are all right when properly maintained. They can be maintained by the proper and timely use of the split log drag, after each rain, and that at nominal expense as compared to the great advantage. Who is going to see that this is done? Not the Road Overseer. He has been tried and found wanting. This system is obsolete or so considered, and we'd just as well abandon it. Whose business is it primarily to look after this matter? The County Commissioner in whose precinct the road lies. The law makes it his duty and provides a sufficient remuneration for his services. It is not worth while to suggest how this may be done. It is enough to know that they have the authority to provide that roads should be dragged after each rain, and to see that it is done. Let them look after the details. If they will pay for it, some one can always be found all along the road to do this.

It is not worth while to go into the philosophy of why a drag after a rain benefits a road. Experience has demonstrated that it is the one way and the only way to keep dirt roads from going to pieces, and to quickly provide a smooth, hard road, a delight to travel over whether with automobile, buggy, wagon or cart. The longer the delay after a rain the less serviceable the use of the drag is. It should be used in a timely manner, and this can be

done only under a well organized system.

DEMONSTRATION AGENT BUSY.

Several Loraine Farmers Join Demonstrator Banks.

W. A. Dulin, United States farm demonstration agent for Mitchell county, spent part of last week in Loraine talking with local farmers with a view of interesting them in the demonstration work.

As previously stated in these columns the United States Department of Agriculture has appropriated the sum of \$500 for Mitchell county and the county commissioners have appropriated the sum of \$800 for the same purpose, which fund goes to pay the salary and expense of the demonstration agent.

The conditions under which farmers enroll as demonstrators are that they set apart a certain tract of land (it being optional with the farmer, as to the size of the tract) and soil preparation, planting and cultivation must be done to conform with the ideas and suggestions of the demonstration agent.

According to Mr. Dulin about forty Mitchell county farmers have already enlisted as demonstrators and about fifty demonstrators are all that can be conveniently handled for Mr. Dulin must complete the rounds of all of the farms in the county every thirty days.

Educational work such as lectures and discussion meetings will also be held at stated intervals. Organization of Boys and Girls Clubs is also contemplated.

Aside from those farmers that are actively enlisted as demonstrators many farmers throughout the county have enlisted as co-operators. The co-operators, if we understand the idea correctly, conform partly with the rules of the demonstration work. From these facts we would estimate that approximately one hundred Mitchell county farmers will be farming, partly or fully along the lines suggested by the United States Department of Agriculture. Scientific farming is fast gaining ground in the United States and it is a progressive mark for Mitchell county to be enrolled in the modern farming ranks.

The farmers who will act as demonstrators in the Loraine district are: W. M. Richards, G. W. Whitten, J. L. Mills, A. J. Compton, K. K. Boyce, K. C. McAdams, E. P. Kuck and H. Ohlenbusch.

Those who have listed in the Colorado country are:

- W. M. Richards, Cotton 5 a; kaffir 5 corn 5a; G. W. Whitten, Cotton 9 acres. Chas. Thompson, cotton 4 acres. J. R. Ledbetter, cotton 5a milo 5a. J. C. Gray, cotton 8 acres. O. C. Lucas, cotton 9 acres. J. B. Cranfill, milo 5 acres. W. H. Bodine, cotton 4a; milo, 4a. C. A. Dodson, peanuts 1 acre. C. E. Spruill, peanuts 5 acres. W. S. Justice, cotton 1a; milo 1a. H. L. Baker. McAdams, cotton 5a, Fetereta 5 acres. Jeff D. Raberds, cotton 5 ac.; milo 5 ac. J. B. Walker, cotton 5 acres. G. W. Webb, cotton 5 acres.

WHY SHOULD GOVERNMENT BORROW?

I am surprised at the action of the National Grange in advocating the borrowing of money by the government to lend again to the farmers.

Why in the name of common sense should the government borrow money to re-lend? If there ever was any possible excuse for such a course there is none since the passage of the banking and currency law. That law provides for issuance of government currency to be lent to the banks upon the deposit of approved security.

Did anyone propose that the government should borrow money to lend to the banks? Certainly not. Then why should anyone advocate that it is necessary to borrow money to lend to the farmers?

That it is a proper function of the government to limit currency has long been established. It was established by a decision of the Supreme court that has stood for forty years. It is even more firmly established, if possible, by the action of congress in the passage of the recent banking and currency bill.

The government, acting for the whole people, issues the new currency and then requires the banks to secure the whole people against loss by depositing ample security for the repayment of the currency. Now let the government apply the same principle to farmers' loans. Yes, let it go further and treat not only the farmers, but all its citizens in the same way it proposes to treat the bankers.

Do you believe in the doctrine, "Equal rights to all and special privileges to none." If so, stand for it in the distribution of money or credit, one of the necessary and perhaps the most vital things in the life of our republic.

Start with this simple proposition; treat everybody alike. Let the farmers and others deposit their securities with the government as ample as the banker is required to deposit, no more or less and then issue currency or credit at cost. There should be an amortization feature in each loan. The borrower should begin at once to pay back in small installments the principle of his loan. I do not think that the government should make a profit on this currency but the individuals getting the benefit should pay the cost of issue, distribution and collection.

Now suppose that this cost is covered by a tax of 1 per cent, which I believe would be ample. What would a loan running thirty years cost? By way of illustration, suppose a loan of \$1,000 is made running for thirty years with provision that the borrower should repay it in equal annual or semi-annual installments.

One per cent on the principal would be \$10 per annum or \$300 for the thirty-year period. The amount necessary to be paid by the borrower would be \$1,300. Divided into thirty annual payments this would be \$43.33 per annum or if the borrower preferred to make the payments semi-annually the payments would be \$21.67 every six months. In other words, by paying at the rate of 4 1-3 per cent of the principal in thirty years the loan would be extinguished.

The loans should be made in the case of farmers on the assessed value of the lands. I would be opposed to the creation of a lot of new salaried officers whose business it would be to act as appraisers. That would simply mean a lot of soft snaps for cheap politicians and there would be constant temptation to over-value the lands for loan purposes. If the loan was made, however, on the assessed value for taxation purposes it would automatically regulate itself, for while the borrower might be willing to boost the value for loan purposes he would not be willing to get stuck for extra taxes.—Farmers Mail & Breeze.

RAILROADS WILL HELP THE FARMER

Common Carriers Will Co-operate in Marketing Farm Products—Middlemen Charge Higher Rates for Handling Farm Than Factory Products.

By Peter Radford.

The leading railroad systems of the nation will establish market bureaus to assist the farmers along their lines in marketing their products. The following lines have acceded to the request of the Farmers' Union and announced their willingness to enter into active co-operation with the farmers in marketing their products: Missouri, Kansas & Texas, Southern Pacific, Santa Fe, St. Louis, Southwestern and other "system" lines.

The express companies have surveyed the field and the Federal Government, through the parcel post, has demonstrated the possibilities of the common carrier as a useful agency in marketing farm commodities.

I consider the action of these giant business concerns in determining to co-operate with the farmers in marketing their crops; to be the greatest product of human thought on the Western hemisphere during the past year, and it demonstrates that the educational work of the Farmers' Union has brought the nation to a clearer understanding of the real problems of the farmer.

To give information on marketing is far more valuable than to give advice on production. There is a mutual interest between the railroads and the farmer which cannot exist between any other lines of industry. The railroads are the teamsters of agriculture and they are employed only when there is something to haul. Good prices will do more to increase tonnage than any other factor, and railroads want tonnage.

Agriculture has many inherent disadvantages which require combined effort to overcome in marketing. There are millions of producing units working independently and selling without knowledge of market conditions. The harvest is once a year, while consumption is pretty evenly distributed throughout the entire year, and most of the farmers, through custom and necessity, dump their entire crop on the market as soon as it is gathered. The problem of organizing and systematizing the markets is one in which the farmers invite assistance of all lines of industry friendly to their interests.

Farmers Bear the Burden.

The business of the manufacturer lends itself more readily to organization and the facilities for studying the markets are more easily available. The result is that the merchants are compelled to handle most staple manufactured articles at very little profit, and as a consequence the merchant must look to products which he buys direct from the farm for his profits.

The reports of the Federal Department of Agriculture show some very interesting information and enable a comparison between the cost of marketing products of the farm and those of the factory. A few items will serve to illustrate the general run. The cost of getting sugar from the refinery to the consumer is 9 cents on the dollar; the cost of getting tobacco from the factory to the consumer is 14 cents on the dollar. In selling a dollar's worth of eggs the middleman gets a profit of 50 cents on the dollar. In selling a dollar's worth of potatoes, the middleman makes 70 cents on the dollar; in selling a dollar's worth of fruit, the middleman gets 84 cents on the dollar, and on cantaloupes 82 cents.

Farmers' Bulletin No. 570, published by the United States Department of Agriculture, in discussing this subject, said:

"The high price paid by consumers, ranging from 5 to 500 per cent, in some cases, more than the farmer receives, indicates that there is plenty of room for lowering the cost of farm products to consumers and at the same time largely increasing the cash income per farm, without increasing farm production. This condition is undoubtedly a marketing problem which will have to be solved by better organization of farmers and improved methods of marketing."

Large Shippers Influence Rates.

In railroad rates the inequalities are equally as glaring. Rate making in its primitive stages was largely influenced by demands and arguments of large shippers, but the farmers were unorganized and seldom appeared before rate-making bodies, and the burden of expense in transportation lies largely against the raw products of the farm.

In banking, our securities are discounted against, as compared with the products of the factories and mines. The farmer is entitled to a square deal. The farmer is more interested in good prices and efficient service than he is in rates.

A Pure Cream of Tartar Powder

Indispensable to best results—saves worry—saves work—saves money—saves health—saves complaints at table

ABILENE PARTIES WILL ATTEND HOOPER FUNERAL.

The funeral of Judge J. E. Hooper of Colorado City, who died at Mineral Wells, Texas, will occur at Colorado City this (Monday) afternoon at 3:00 o'clock. Mr. and Mrs. George L. Paxton, Dr. and Mrs. W. C. Neal, and probably Dr. J. D. Sandefer of Abilene left during the morning Monday for Colorado City in an automobile to attend the funeral.

Judge Hooper was a leading citizen of Colorado, being president of one of the banks of that place. He was also a trustee of Simmons College.—Abilene Reporter.

Have you done your spring house-cleaning yet? If you have send those quilts blankets and curtains to the Steam Laundry so that you may pack them away clean and sanitary. You cannot be sure of doing this if the washing is done on the place. If you have no germs they may be blown from your neighbors premises, and nothing is more unsanitary than the methods of the ordinary washer woman. Do not risk it. Now while sand storms are blowing and its hard to find a suitable day for washing try the Steam Laundry. You will be delighted with the promptness with which the clothes are returned, and the quality of the work. Give us a trial this month and be convinced.

FOR PUBLIC WEIGHER
W. F. Crawford.—We are authorized to announce the name of W. F. Crawford as a candidate for the office of Public Weigher, Precinct No. One, (re-election) subject to the democratic primaries in July.

INEXPENSIVE FARM HOME.

Department of Agriculture Furnishes Free Plans.
 The farm house is the most important building on the farm, and money judiciously expended in its planning and construction is well invested. The United States Department of Agriculture, through its Bureau of Farm Management, has been investigating conditions in the rural districts and in many instances found that the living apartments were inconsistent in cost with the value of the farm, and very often in striking contrast with out-buildings and farm machinery. The Department of Agriculture is not only striving to make the business of farming more remunerative, but is also endeavoring to make farm life more attractive. A series of plans for the construction of farm homes has been prepared. In designing these homes, service, economy and attractiveness have been combined in a frame structure which can be built for \$800 in a community where average prices for material and labor prevail. The specifications call for a simple four-cornered structure. There is but one chimney and one outside entrance. Another door may be provided by sacrifice of wall and floor space or by increasing the size and cost of the house. The government experts in planning these homes realized that the comfort and convenience of the farm woman was paramount. They drew their plans accordingly. The kitchen is the most pleasantly located room in the structure. It opens on a screened porch where a large part of the work may be done in the summer. The water problem has also been carefully considered. Cistern water may be drawn from a bucket pump in the back porch or from a pitcher pump in the sink. Hot water is provided by a reservoir connected with the kitchen stove. The sink with only a drain pipe to be provided, has been found too expensive to be omitted. The living and dining room is combined and affords sufficient space for the longest table the harvest days will ever require. It has two routes to the kitchen which are convenient for serving a large number of workmen. The Bureau of Farm Management is trying to help the farmer and will gladly furnish free plans to farmers contemplating building homes.

Reputable parties can buy from us either on weekly or Monthly payments. H. L. HUTCHINSON & CO.
 The study of missions is the only possible way to keep in touch with world progress.
 Ben Morgan sells for cash only.
 Rural or land credit system is needed in Texas that will enable a farmer to buy a home on long time and at a cheap rate of interest.

FOR COUNTY JUDGE.

A. J. Coe.—We are authorized to announce the name of A. J. Coe as a candidate for the office of County Judge of Mitchell County (Re-election) subject to the Democratic primaries in July.

FOR TAX ASSESSOR.

W. R. Womack.—We are authorized to announce the name of W. R. Womack for the office of Tax Assessor of Mitchell County, subject to the Democratic primaries in July.

Earl Jackson.—We are authorized to announce the name of Earl Jackson as a candidate for the office of County and District Clerk (re-election) subject to the action of the Democratic primaries in July.

FOR JUSTICE OF THE PEACE

M. C. Ratliff.—We are authorized to announce M. C. Ratliff as a candidate for Justice of the Peace Precinct No. 1 (re-election) subject to the Democratic primaries in July.

FOR COUNTY COMMISSIONER.

U. D. Wulfjen.—We are authorized to announce the name of U. D. Wulfjen for the office of County Commissioner, Precinct No. 1 (re-election) subject to the democratic primaries in July.

FOR JUSTICE OF THE PEACE

W. T. Rogers.—We are authorized to announce the name of W. T. (Buck) Rogers as a candidate for the office of County Commissioner, Precinct No. 1 subject to the Democratic primaries in July.

FOR COUNTY COMMISSIONER.

Preston Phenix.—We are authorized to announce the name of Preston Phenix as a candidate for Commissioner Precinct No. 2 (re-election) subject to the Democratic primaries in July.

FOR JUSTICE OF THE PEACE

B. O. Joyce.—We are authorized to announce the name of B. O. Joyce as a candidate (re-election) for the office of Commissioner precinct No. 3, subject to the democratic primaries in July.

FOR COUNTY COMMISSIONER.

W. D. HARGROVE.—We are authorized to announce W. D. Hargrove as a candidate for the office of County Commissioner Precinct No. 3 Subject to the action of the democratic primaries in July.

DECREASING IN EFFICIENCY?

In the opinion of several heads of higher institutions of learning in the State, the graduate of the average high school in Texas today is not so well prepared to take advantage of a college education as was the graduate of the average high school in Texas fifteen years ago. Professor Thomas Fletcher, who inspects for the University of Texas, has concluded, after interviewing the heads of various colleges and universities in Texas, that the training given in a great number of high schools in the State has deteriorated in the last fifteen years. In speaking of the causes of this deterioration, Prof. Fletcher says that the chief reason is the over-expansion of the high school programs of study, resulting in the overtaxing of both teachers and students. With a view to correcting this evil, the questions arise of how many classes a teacher can teach with a maximum of efficiency under given conditions, and how many recitations a day can the average high school student attend with profit? The practice in sixteen high schools in Texas was examined and it was found that eight of them require students to carry four subjects at a time. The Springfield (Mass.) High School requires a minimum of three recitations per day; the St. Louis High School, four; the New York High Schools, the same. The Iowa Board of Education requires of its accredited list of schools that not more than four recitations be allowed per day. In short, the overwhelming verdict of pedagogical authority in the United States would limit the number of recitations per day per pupil to four. The trend is toward a less number.

Now, let us see what the practice is in this regard in 143 high schools of the rank and file in Texas. In thirty-eight of these schools pupils recite four times a day; in ninety, five times a day; in fifteen, six or more times a day; so, in the large majority of the ordinary high schools of the State the practice is against the great weight of reliable authority—the practice of over-burdening the pupils with work.

FRUIT CROP WILL BE UNUSUALLY SHORT THIS YEAR

The late freezes almost finished up the peach crop prospect and badly damaged the plum crop. There will be some peaches left, and the people will have the consolation that those left on the trees will be large and well developed. The grapevines are all right yet and there are quite a lot of them in the county. The fact is that grapes and berries do extremely well here, and seem to be in their natural element. All it takes to grow a fine product of the vine is attention and some water.

FOR SALE OR TRADE.

17 H. P. Gasoline engine, running and in perfect condition. Have no use for so large an engine.

BEALS MARKET, N. S. Beal, Jr.

Come in and take a look and see what we have that you need. Coughran Bros.

DID YOUR GIRL SAY "DITTO"

John had been to see Mary and mustered up courage finally to declare "I love you." "Ditto!" promptly replied Mary. That puzzled John and dampened his amatory ardor. When he returned home he said, "Ma, what does 'ditto' mean?" "Why, my son, do you see that cabbage head and the other one just beyond it? Well, that girl is 'ditto.'" "Confound that girl!" shouted John. "She called me a cabbage head!"

VALUES

Worth Your Consideration

EVERY department of this big store is full of the season's newest styles and best values, in both ready made garments and materials ready to make. We offer some exceptional good values in the following mentioned

A TIGHT SKIRT TRAGEDY.

(With apologies to the ultra fashionable.)
One day so many moons ago
A day like this in spring,
A maid went tripping down the street
With gay and graceful swing,
She wore, this lady debonaire,
Full skirt and lingerie.
Men stood astide and watched her pass,
A breeze, too, passed that way.
And when in turning round a curve
A zephyr swung that skirt,
And lifted maid and skirt in turn,
Each kindly man alert,
Flew quickly to her rescue, then,
And soon with gallant grace
They stood her on her feet in tact,
To gain her natural place.

But yesterday again I stood
And watched that maid trip by,
Her graceful gait was altered much
I watched and gave a sigh,
For as she paced in narrow tread,
Alas that skirted gown
Failed to expand around her feet,
And maid went tumbling down.
Upon her hands and knees she stood
And tried in vain to rise,
The passers looked and smiled and
passed,
Nor heeded not her cries.
"Oh, why this change in man?" I cried;
Where old-time gallantry?
The jeering throng at once replied,
"A tight skirt tragedy!"

That man should be so sadly weak,
Thus woman's defects scan,
Why should not poor frail woman fall
Since there's no strength in man,
But this conclusion we must reach,
Mankind's the same today
As he was many years ago
When SHE wore lingerie.

IN CLUB LAND.

Bay View.

Mrs. Gustine was hostess for the Bay View club last week with Mrs. Arbutnot as leader. This program was carried out.

Roll Call—Current Events.
Brave Little Holland, Chap. 28.
Quotations from Shakespeare.
Questions on Anthony and Cleopatra, Act 2 Scenes 3, 4, and 5.
Delightful refreshments were served by the hostess at the social hour. The next meeting is with Mrs. Hennesy.

Standard.

The regular meeting of the Standard Club was with Mrs. F. M. Burns last week. This program was carried out.
Roll Call—Current Events.
Romeo and Juliet Act 11 Scenes, 1, 2, 3.—Mrs. Prude.
History, Chapter 9—Mrs. Rierdan.
Social hour—Refreshments

Hesperian.

The Hesperian Club met with Mrs. J. L. Allen last Friday with Mrs. J. R. Collier as leader.
This program was carried out.
Roll Call—Current Events.

What did the Rose signify in Madame DeFarges Headdress—Mrs. Collier.
Why did Madame DeFarge knit all the time; Give other References from French History—Mrs. Allen.
Show Resemblance to the Street mobs of England and that of France from Text.—Mrs. Doss.
Lesson—Chapter 15, to end of Book two.

G. F. C.

Mrs. Mirtle Vaughan was hostess for the G. F. C. last week. Sewing was

the order of the day and many stitches were put in dainty spring clothes as well as a delightful hour spent with each other. Mesdames John Vaughan and Oscar Majors were the guests. Delicious refreshments of ice cream and cake were served by the hostess.

C. W. B. M.

The Auxiliary of the C. W. B. M. met with Mrs. V. O. Marshall last week with a good attendance. Mrs. Willis R. Smith was leader. The subject discussed was "The Needs of Latin America" with the Scripture and The Gospel First must be published among all Nations" as the leading thought. The paper, "What have we Contributed Toward a Higher Life for the Latin Races?" by Mrs. Ed Jones was both interesting and instructive giving cause for self examination. Also the one on "A message from Mexico" by Mrs. A. J. Coe gave a glimpse into the life and home of our next door neighbor.

The Feld reports given by the different representatives were encouraging. The Bible Questions were on the Psalms. Two new members were received, Mrs. Beckner and Mrs. Elder Crawford. At the social hour the hostess served delicious ice cream and wafers next week is their week of prayer but only one day will be observed, Thursday. It is hoped that every lady in the church will be present. Friends cordially invited.

LADIES AID.

The Baptist Ladies Aid Society met in regular business session at the church last Thursday afternoon.

Besides the regular business transacted they decided to make their regular mission Study day a rally for Home and Foreign Missions. The meeting will be held in the Sunday School rooms and it is sincerely hoped that every lady of the church will make a special effort to be there. Mrs. Lee Jones will also have a special message for every one on Personal Services. A box will be packed for the Orphans' Home at the regular May meeting. Let every one esteem it a gracious privilege to have part in helping to clothe these motherless and fatherless children. We have always had reason to feel proud of our efforts along this line so lets come up to our past standard.

PRESBYTERIAN CHURCH.

(Guy B. Duff, Pastor.)

Regular services next Sabbath. Sabbath School at 9:45 A. M. J. M. Thomas Supt. Every member of the church in the Sabbath school and every member of the Sabbath School in the church" is our aim. The enrollment has passed the hundred mark but the attendance has not reached it yet. Come next Sabbath. Preaching by the pastor at 11 A. M. and 8 P. M. Men's Mission Study class at 4 p. m. Men come to this class and find out what great things God is doing throughout the world.
There were forty six at prayer meeting last week.

ALL SAINTS CHURCH (Episcopal)

Rev. Harold G. Hennesy, Priest-in-charge.

Services on Good Friday being one of the fast days of the church, there will be the following services: The Three Hours from 12 M. to 3 p. m., being a commemoration of the three hours agony of our Divine Redeemer upon the Cross; Evening Prayer and sermon at 8 p. m.
Services on Sunday, April 12, Easter

Day; Holy Eucharist, 7:30 a. m., Sunday school, 10 a. m.; Holy Eucharist with music and sermon, 11 a. m.; Evening Prayer and sermon, 8 p. m. All are most cordially invited to these services.

FIRST BAPTIST CHURCH.

(J. N. Campbell, Pastor)

Public Worship 11 A. M. and 8 p. m. Evening Sermon "To Young Men". Special seats reserved for Baracas! Evening Sermon Sunday week: To Young Ladies. All will appreciate these special sermons to young people.

37 men attended Baraca class last Sunday. Meets at Parsonage at 10 A. M.

Sunday School 10 A. M. J. H. Greene Supt.

Prayer Service 8 P. M. Wednesday evening. Teachers' meeting and Normal Class following.

During past week the church lost 13 members; by death, 1; by letter, 3; by exclusion 1; dropped, 8.

B. Y. P. U. will be organized Sunday week at 7 p. m. The 61 in our church between the ages of 15 and 30 are entitled to join. All other young people are welcome.

There are now 252 members of our church. The mark is set for an average of \$1.00 per member for Home and Foreign Missions on Sunday week.

SUNDAY-SCHOOL.

The Superintendent of the Baptist Sunday School felt gratified with the result of last week's work for "Go to Church and Sunday School Day." There were 337 present. This is the most ever there without it was, perhaps the day Dr. Truett, of Dallas addressed the school.

There was also a fine congregation at the preaching service. Everybody is cordially invited to be there again next Sunday and bring a friend with them.

SIMMONS COLLEGE QUARTETTE

The Simmons College Quartette will be at the Opera House tonight (Friday) April 10th.

The personnel of the Company is: Vocal, 1st Tenor, Mr. E. E. Hollingshead, Trombone; 2nd Tenor Mr. C. Willard Smith, Cornet; 1st Bass, Mr. Paul I. Odor, Trombone; 2nd Bass Mr. Jesse A. Rogers, Baritone; Mr. Larkin Rogers, Pianist.

Their program consists of High Class, up-to-date vocal and instrumental music. These young men have had several years' experience and are prepared to render an excellent program. They always please. Come out and enjoy A Musical treat.

"DADDY"

"Daddy" was given at the Opera House last Saturday night by the High School pupils of Sweetwater. Those who were present say the Sweetwater folks did fairly well.

MISSIONARY DAY.

Next Sunday is Missionary Day in the Baptist Sunday School. The lesson talks, and songs will be Missionary and the offering will go for world wide Missions. Everybody is cordially invited to attend.

Time to Pray.

A preacher at the close of one of his sermons, said: 'Let all in the house who are paying their debts stand up.' Presently every man, woman and child with one exception, rose to their feet.

The preacher seated them and said: "Now, every man not paying his debts stand up." The exception, a careworn, hungry looking individual, clothed in his last summer suit, slowly assumed a perpendicular position.

"How is it, my friend," asked the minister, "you are the only man not able to meet his obligations?"

"I run a newspaper," he answered meekly, "and the brethren here who stood up are my subscribers, and—" "Let us pray," exclaimed the minister.

Look to Your Plumbing.

You know what happens in a house in which the plumbing is in poor condition—everybody in the house is liable to contract typhoid or some other fever. The digestive organs perform the same functions in the human body as the plumbing does for the house, and they should be kept in first class condition all the time. If you have any trouble with your digestion take Chamberlain's Tablets and you are certain to get quick relief. For sale by W. L. Doss.

The English language is now spoken by nearly 150,000,000 people, the German language by 100,000,000 the Russian by 70,000,000, the French by 45,000,000, the Spanish by 40,000,000 and the Italian by 30,000,000. The claim is made that within the time of two generations English will be the principal language spoken in Japan.

All kinds of Glass and Queensware at Allmonds 5 & 10c Store.

DEATH OF JUDGE J. E. HOOPER.

On Sunday morning last, April 5th 1914, at Mineral Wells the death angel came to the bedside of our beloved friend, J. E. Hooper and took his soul out of this world.

Mr. Hooper was taken sick in January and after several weeks of suffering he was carried to Mineral Wells with the hope that the rest, change of climate and the waters might restore him to health. Everything was done for him that human hands could do but the time had come for him to pass to his reward and he obeyed the summons. When the news reached Colorado of his death it was a shock though not unexpected for not a person but who loved him; indeed it is hard to think of any good cause in which he was not interested.

Mr. Hooper was born in Rome, Ga. May 28 1855, but at an early date he came to Texas and for more than thirty years he has lived in Mitchell County.

He was County and District Clerk from 1884 to 1898 and ably did his discharge every duty incumbent to that office in those fourteen years. Then he was elected to the office of County Judge and never a more honorable man graced the bench than he in the two years he served.

At this time the City National bank was organized and he was chosen its first cashier acting in that capacity up to the time of his death—almost fourteen years and only once in this time did he take an extended vacation going two years ago with his family to visit his old home in Georgia.

He was converted and joined the Baptist church in the summer of 1895 and has lived a most exemplary Christian life ever since. It meant much to him to be a member of the church.

He had a vision of a dying world and a consciousness of being "saved to serve" "ye are the light of world" meant to him a bright consecrated life, at all times ready to serve his fellowmen and glory in his Father in Heaven. He was ordained a deacon in

Besides a wife and daughter there are two brothers, one in Georgia, and Mr. Chas. Hooper now of Cuero, but for years a citizen of Mitchell county; three sisters, Mrs. Shackelford of El Paso, Mrs. Ware of Amarillo, and Mrs. Geo. Major of this city and more friends than there are people in Mitchell County, to mourn his death.

The funeral service was held at the Baptist Church Monday afternoon, conducted by his loved pastor Rev. J. N. Campbell, after which the Masonic Order took charge and in conformity of the usual custom of the fraternity interred the remains with Masonic honors.

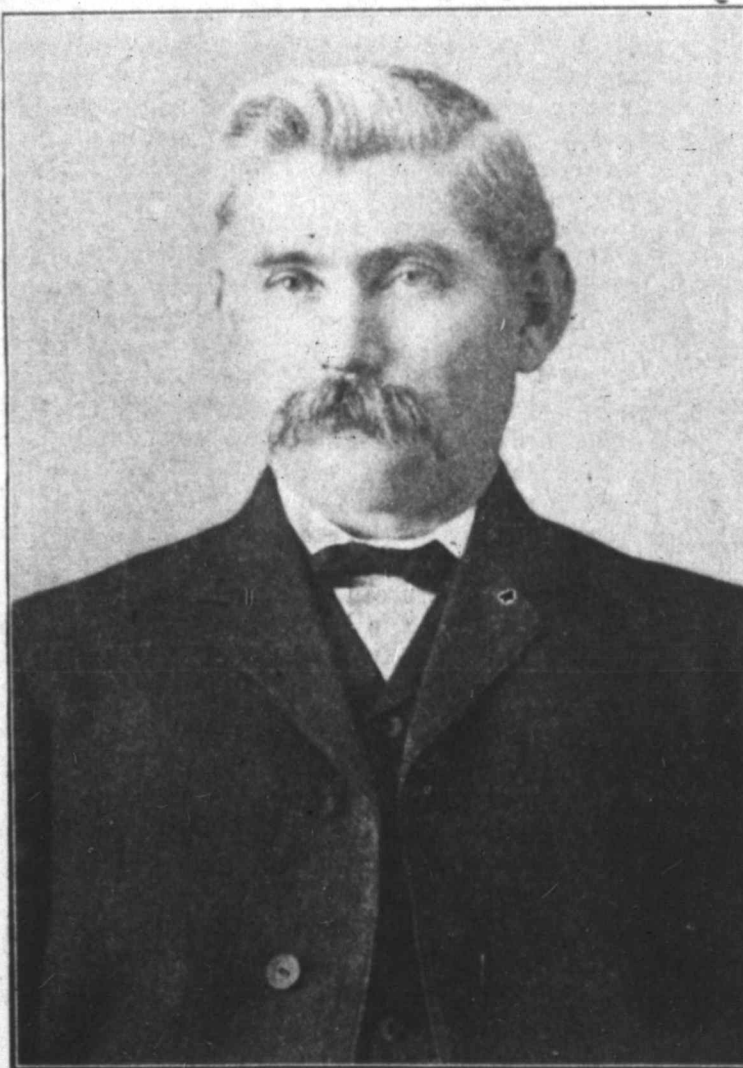

Past Grand High Priest, E. R. Bryan of Midland officiated, assisted by Past Grand High Priest C. L. Alderman of Big Springs and District Deputy Grand Master W. R. Warren of Snyder and quite a number of brethren from Midland, Big Springs, Snyder, Abilene, Hemleigh, Dunn, Lorraine and other nearby Lodges.

The cortege was perhaps the longest and largest ever held in Colorado. There were 180 Masons in the procession, 55 automobiles, 85 buggies and hacks, besides 30 vehicles at the cemetery. There were 225 Masons present altogether. Every business house in town, large and small was closed on Monday out of respect for the dead.

The Active pall bearers were Robt. M. Webb, C. M. Adams, J. R. Sheppard, J. L. Doss, F. M. Burns and J. A. Buchanan. The Honorary pall bearers were J. H. Houston, S. D. Vaughan, Judge E. R. Bryan, J. P. Billingsley, J. D. Wulfin, S. J. Vaughan, T. H. Roe, J. H. Nunn and E. M. McClellan.

The casket, altar and grave were a mass of floral offerings, silent tributes of love to his memory.

The floral offerings were by the Masonic Lodge, The Banks, The Eastern Star, The U. D. C., The Baraca Class, The Ladies Aid, The Choral Club and other Organizations and many individual friends, And in all these Societies

JUDGE J. E. HOOPER.

the church in 1907 and only his sons and the membership realize how much his services were to the church.

A man of ripe Christian experience, sound judgment, liberality and gentle nature, he made a wise chairman of the board of deacons, which place he honorably filled for more than nine years.

The entire church mourn his death and pray that his mantle may fall on some one who will carry on the work he so delighted to do.

As a teacher in the Sabbath school his very presence was an inspiration. For several years he taught a class of young ladies who loved him as a father and most of the pupils are now members of the church.

Lately he had a class of boys and often did he pray for them and urge them to a higher more consecrated life.

The Masonic order also deeply mourn his loss as he had been an active member since 1886.

In 1886 he was made a Mason, he filled the chairs up to 1897. He was a wise counselor in the lodge both as to its laws and in the esoteric work. He was the leader in the Royal Arch work and Council degrees and not a member of the lodge but loved him and sought his aid and council. In December last The Most Worshipful Grand Royal Arch Chapter of Texas elected him Grand Scribe, a high honor to him and all West Texas.

Mr. Hooper was married to Miss Luella White in Dallas and to this union one daughter, was born, Mrs. Elsie, a sweet spirited, Christian young lady, who was the pride of her father's heart.

thoughts from the significance of the easter tide lesson and fall back into the daily routine of earthly pursuits.

The Record extends sympathy to the loved ones in this sad hour knowing that "now we see through a glass darkly; but then face to face."

FROM A FRIEND.

I can't refrain from saying a word about my friend. Having known him and enjoyed an unbroken friendship with J. E. Hooper for thirty years I desire to express my appreciation for him, as a good man and a true friend. When I first met Mr. Hooper he was bookkeeper for the firm of Ware & Sons on Oak Street and was then a courteous and painstaking in his efforts to please the customers as he was in later life when he held greater public positions. Afterward he was elected County and District Clerk which office he held for fourteen years. No man in Mitchell county knew more about the land, and was always ready to give his friends any information, than was J. E. Hooper, and as easily approached. The appearance of the person made no difference to him; he as quickly laid down his pen and hunted up the data wanted by the party in overalls as for the well dressed person. During these years I frequently went to him for legal advice and our friendship became closer and my confidence in his judgment and ability increased as I knew him better. In January 1900 the City National Bank was organized with my friend J. E. Hooper cashier which position he held to his death, April 5 1914. The Bank was organized with the following stockholders: J. E. Hooper, W. R. Smith, C. A. O'Keefe, R. C. Crawford, J. D. Wulfin, F. E. McKenzie, J. M. Shannon, W. Ellwood, A. G. Boyce and D. N. Arnett. J. E. Hooper's personal has not changed during the fourteen years of the Bank's existence; always courteous to his customers, which made him a controlling influence in its policy, his friends were by the score, and they will miss him, not as a Banker or a business man, but as a personal friend and a Christian gentleman. During these late years when our association has been so close and personal, I have grown to love and admire him more, and find in him qualities that go to make up a true man. No man will be missed as will J. E. Hooper in business, church and the Masonic Lodge; as he was as true as the needle to the pole and will be missed among his friends and especially by those of us who have worked with and trusted him, as only one friend can trust another. I am glad that I have been my privilege to have known him and been associated with him in business life. I shall miss him but I know that his faithfulness in this life will not miss the reward in the life everlasting. I have not the words to express my love and affection for him.
D. N. ARNETT.

THE PROPER COURSE.

Information of Priceless Value to Every Colorado Citizen.

How to act in an emergency is knowledge of inestimable worth, and this is particularly true of the diseases and ills, of the human body. If you suffer with kidney backache, urinary disorders, or any form of kidney trouble, the advice contained in the following statement should add valuable asset to your store of knowledge. What could be more convincing proof of the efficiency of Doan's Kidney Pills than the statement of a nearby resident who has used them and publicly tells of the benefit derived.

Mrs. S. P. Daily, Big Springs, Texas says: "Doan's Kidney Pills have done me a great deal of good whenever I have had occasion to use them. My kidneys were diseased and acute pains were darted through my back. The kidney secretions were irregular in passage. The first few doses of Doan's Kidney Pills helped me and two boxes cured me. Now my family has also taken Doan's Kidney Pills with success. You are at liberty to continue the publication of my former endorsement of Doan's Kidney Pills."
Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Daily had, Foster-Elburn Co., Props. Buffalo, N. Y.

The inhabitants of Iceland, the largest Danish Island in the North Atlantic ocean, number less than 100,000. Their religious faith is Lutheran.

Sweeps of all kinds and sizes. I have a large stock of all kinds of sweeps and sell at close prices. McMURRAY

SLEEP DISTURBING BLADDER WEAKNESS BACKACHE-RHEUMATISM, QUICKLY VANISH

Even Most Chronic Sufferers Find Relief After A Few Doses Are Taken

Backache, urinary disorders, and rheumatism, are caused from weak, inactive kidneys, which fail to filter out the impurities and keep the blood pure, and the only way on earth to permanently and positively cure such troubles, is to remove the cause. The new discovery, Croxone, cures such conditions because it reaches the very roots of the disease. It soaks right into the stopped up, inactive kidneys, through the walls and linings; cleans out the little filtering cells and glands; neutralizes and dissolves the poisonous uric acid substances that lodge in the joints and muscles to scratch and irritate and cause rheumatism; it neutralizes the urine so it no longer irritates the tender membranes of the bladder, and cleans out and strengthens the stopped up, lifeless kidneys so they filter and sift all the poisons from

the blood, and drive it out of the system. So sure, so positive, so quick and lasting, are the results obtained from the use of Croxone, that three doses a day for a few days are often all that is required to cure the worst case of backache, regulate the most annoying bladder disorders, and overcome the numerous other similar conditions. It is the most wonderful preparation ever made for the purpose. It is entirely different from all other remedies. There is nothing else on earth to compare with it. It is so prepared that it is practically impossible to take it into the human system without results. You can obtain an original package of Croxone at trifling cost from any first-class drug store. All druggists are authorized to personally return the purchase price if Croxone fails to give desired results, regardless of how old you are, how long you have suffered, or what else has failed to cure you.

AGRICULTURAL LEGISLATION NEEDED

The Farm the Place to Study All Legislative Problems.

COURAGEOUS LEADERS NEEDED.

Ft. Worth, Texas.—The principal function performed by government today is to collect taxes, keep records and prevent and punish crime; but that is not sufficient. Government should tip its hat to the Goddess of Opportunity as courageously as it draws a six-shooter on a train robber. We ought to encourage thrift as well as restrain greed. We have been basing legislation upon the extremes of human life—the classes high and low, the depraved and the talented—let us now reach the masses and the extremes will more nearly disappear. Our statutes are filled to overflowing with pity and revenge; let us add opportunity.

The slogan of the Farmers' Union is co-operation. Not only among individual farmers, but between all legitimate and useful occupations. We want to sit around the hearthstone of industry and talk over problems of mutual interest with our neighbors.

We want to invite those who are earnestly searching for information on public questions to get back to the soil with their investigations where, in the stillness of nature, they can climb the mountain-top of wisdom, explore the deep canyons of knowledge and stroll through the quiet valleys of understanding.

There is no problem in civilization that cannot be found in its native state on the farm. The labor, educational, financial, transportation, home-building and all other problems are there. We will discuss a few of them.

The Labor Problem.

We bow to the dignity of labor. No one would be willing to do more to lighten the burdens, increase the safety, comforts and profits of those who labor in commerce and industry than their fellow toilers in agriculture. But how about the farmer who bows his back to feed and clothe the world and who works from sun until sun? Is he not also entitled to an increase in pay and a shortening of hours? Much has been said about the women in the factory and behind the counter, but how about the woman in the field, drenched in perspiration, gathering the harvest, and little children, their lips wet with mother's milk, toiling by her side? Are they not also entitled to consideration? Is not the man who digs in the ground entitled to the same consideration as he who toils at the forge, weaves at the loom and works behind the counter?

The farmer has been bearing his burdens as patiently as the beast he plows, but is patience a bar from justice? The labor problem of Texas today is on the farm and the first attention should be given those who labor in the field.

The Need of Cheap Money.

Agriculture has never been properly financed. The farmer pays a much higher rate of interest as a rule than any other class of borrower and his property, especially that of farm products, is not so readily accepted as a basis of credit as the property of other lines of industry of equal market value.

The farmers of Texas owe \$200,000,000 and they pay from ten to thirty per cent per annum interest. This load, more than any other, is breaking the back of the Texas farmer.

A rural or land credit system is needed that will enable a farmer to buy a home on long time at a cheap rate of interest. The land problem in Texas presents extremes that probably do not exist in any other country on the globe. More than half the farmers are landless and we have 11,123 plantations and ranches containing more than 1,000 acres each and 12,833 with 500 to 1,000 acres each. We have more large farms and ranches than any state in the Union.

A statute based on sound business principles that will enable the landless to buy and encourage the large landowner to sell, is much needed and one that merits the most serious consideration of the legislature.

The financial problem of the state and nation is on the farm and first attention should be given those who create the nation's wealth.

Compulsory Education Favored.

Our educational problems cannot be satisfactorily solved by making more liberal appropriations for our Universities and colleges and we may add, district schools.

The educational problem in Texas at this hour is not in the school room. It is in the home and the field. It is a hard struggle for many farmers to keep their children

in local schools and 42 per cent fail utterly and not over 5 per cent send their children off to high school, although 60 per cent would gladly do so if they were not restrained by poverty.

We now have 230,000 children of scholastic age that can neither read or write. There can be no excuse given to either God or man that will justify parents in raising their children in ignorance, no matter what hardships it may entail and there should be a law passed compelling children to attend school during the entire school term. Such a statute and better paid teachers and a more practical course of study will increase the efficiency of our boys and girls for the battles of life.

In higher education there is involved a financial obligation which cannot be discharged by statutory enactment. It can only be met by making the business of farming more remunerative through a system of co-operative laws and better marketing methods.

Our educational problem is on the farm, and first attention should be given the country school.

Stock and Bond Law.

The stock and bond law is a masterpiece of constructive legislation that no one would repeal but a few would amend. We are not sufficiently familiar with this subject to offer a suggestion, but at the expense of being considered impertinent we want to ask if this is a perfect piece of legislation? A great portion of our states yet unrailed and the present facilities are inadequate to properly handle the traffic. The extension and improvement of our railroad properties is a matter we leave in the hands of the railroad commission. We assign this subject to their wisdom, ability and patriotism and do not believe their work should be blocked by opinions or restrained by superstition.

Good roads is a subject of overshadowing importance and additional legislation is much needed. The problem of transportation is on the farm, for the farmer is a beneficiary of all improvements in highways and railroads.

Our Penitentiary System.

Our penitentiaries have been the subject of much public discussion and legislative action. The farmer stands for humane treatment of convicts, efficient business methods in operation and character restoring of the criminals, but does not think the penitentiary should be made a more attractive place to live in than the average citizen possesses. We think convicts should work upon the public highways where they do not compete with free labor, either in agriculture or industry.

We think this subject has been given prominence in the press out of proportion with its importance, as compared with other public measures. There are over a million farmers, outside the penitentiary who, we think, are entitled to preference in legislative enactments, over those who are on the inside.

In closing let us say: These conditions challenge the statesmanship of the age. We must select leaders whose ears are attuned to the song of the plow, the music of growing things and the melody of the harvest. Only the strong should shoulder the burden, the swift enter the race and the brave lead the battle. It will not do to choose leaders who will cower under the lash of fear, tremble before the phantom of superstition, kneel and kiss the skirts of fame and fondle the hand of ambition. We need men, strong and powerful, who can rise above factional strife, partisan prejudice and conquer the forces of civilization.

W. D. LEWIS, President.
PETER RADFORD, Ex-President.
Farmers' Educational and Co-operative Union of Texas.

UNDERWOOD'S ELECTION CONCEDED BY HOBSON.

Birmingham, Ala., April 7.—Oscar W. Underwood, for nearly twenty years Representative from the Ninth Alabama District in the lower house of Congress, swept the State in the contest with Congressman Richmond Pearson Hobson for nomination to the United States Senate, according to tonight's returns from yesterday's Democratic primary. Mr. Hobson conceded the victory to his rival candidate before noon today, although returns still were incomplete tonight.

POSTED—KEEP OUT.

Get your Go Devils at McMURRAYS.

DEBATING AND ATHLETIC CONTESTS.

That people of Anglo-Saxon breed continue to enjoy contests, athletic and intellectual, is well illustrated by the success of the Debating, Declamation and Athletic League among Texas schools that has been fostered by Professor E. D. Shurter of the University of Texas. The old-fashioned tournament that flourished until recently in Texas was but a survival of the knightly contests

Prof. E. D. Shurter

of the days of the Crusades. In these days, instead of winning a ribbon to present to his lady love as in days of old, the young debater, or declaimer, or athlete wins a golden medal which may also soon be worn by his sweetheart.

The fourth annual meeting of this League will be held at Austin on May 1 and 2. Preparation is being made to entertain six hundred persons interested in declamation, in debating and in the various forms of out-door athletics, such as jumping, running, hurdling, throwing the hammer, putting the shot, and pole vaulting. In preparation for this final contest, county meets have been held in more than one hundred counties in the State.

Found a Cure For Rheumatism.

"I suffered with rheumatism for two years and could not get my right hand to my mouth for that length of time," writes Lee L. Chapman, Mapleton, Iowa. "I suffered terrible pain so I could not sleep or lie still at night. Five years ago I began using Chamberlain's Liniment and in two months I was well and have not suffered with rheumatism since." For Sale by W. L. Doss.

Number of Christians.

The number of Christians reported at the end of ten centuries was doubled in the next five centuries. The total was doubled again in the next three hundred years. At the end of the nineteenth century the number was two and one-half times as great as at the end of the previous eighteen centuries.

Second century	2,000,000
Tenth century	50,000,000
Fifteenth century	100,000,000
Eighteenth century	200,000,000
Nineteenth century	500,000,000

MAY SECOND FLAG AND TAG DAY
Help Put a Texas Building at The World's Fair.

Austin, Texas, March—"Believing that the people of Texas in their patriotism and pride in the advancement and achievement of our great state, realize the necessity of constructing a creditable Texas Building and maintaining suitable exhibits at the Exposition, I O. B. Colquitt, Governor of Texas, hereby call upon and urge all of the people of the great State of Texas to unite in support of this great undertaking, and assist the Texas Commission in every way possible in raising funds with which to construct a Texas Building, and the collection and maintenance of exhibits which will properly advertise to the world the vast resources and commercial importance of this state."

This is a portion of the proclamation issued by Governor Colquitt urging the people of Texas to unite in observing Flag Day, on Saturday May 2nd, at which time, tags will be sold the proceeds to be turned into the fund for the erection of a Texas building.

In every portion of the state, in every county, every city, every town these tags will be sold in hopes of making Texas by its building and exhibit at San Francisco the "one best bet" of the Exposition.

The eyes of the entire United States are upon Texas. There is no State in the Union that stands in the front rank of importance as does Texas. Border troubles have been magnetic. From coast to coast the newspapers of the country are daily carry in dispatches from the Rio Grande cities.

When the exposition opens, people will flock to the Texas Building to ascertain the prowess of the greatest state in the union. Since the Constitution of the state prohibits appropriations for the erection and maintenance of a Texas Building for exhibits outside the state, the patriotism of the people must be called upon.

Two hundred thousand dollars must be raised to do Texas justice. Other states are expending from \$150,000 to \$500,000 on their State Buildings. Texas will undoubtedly benefit by an exhibit and state building not below the average. The Tag Day, it is hoped will return enough money to make the choice of a site possible.

New York has given \$700,000; Pennsylvania \$300,000; Illinois \$300,000; Massachusetts \$250,000, etc.

These states are far removed from direct benefit to be derived from the opening of the canal. Texas through its seaports at Galveston and the completion of the ship channel to Houston will double, triple and perhaps quadruple her business, and Texas interests. Texas should have a creditable representation. Flag Day will aid in making this possible.

An organization throughout the counties of the state will be effected and the matter of local distribution of tags and sale placed in the hands of local committees. These committees have not been chosen at this time but announcement will be made later. Neat tags bearing the Texas flag in colors and inscribed "Texas Building-Panama-Pacific Exposition" are being made for distribution on that date May 2.

Enjoy Maj. J. A. Formwalt.

(By R. S. Whitehead.)

We all knew that Maj. Formwalt was a consistent member of the Presbyterian church, an honored member of Granbury Camp, U. C. V's No. 57 Granbury, Texas. He recognized no king save Jesus who came out of Nazareth. A lion in War a Lamb in time of peace. His portrait should hang in a prominent place wherever U. C. V's meet.

Maj. Formwalt returned home from the war and commenced another campaign to restore comfort, to our wasted homes from which culture and elegance never departed. Yea, the world attests that no other generation among the people of the earth in whatever clime, has brought such swift restoration to her homes of ashes, while maintained in body and humiliated in mind.

Yet like the great hero he was, he bore with patience the new duties set before him, always meeting his comrades with a pleasant greeting and never allowing a word to fall from his lips that would mar the feelings of one of his comrades in arms. A gentleman of the highest type he was one of the great stars who played his part well in that great tragedy between the States from '61 to '65. This little city of Granbury we know feels proud of the last citizenship of Maj. Jno. A. Formwalt.

Here we are wont to say to his bereaved widow and children that our respect for him springs from his tomb to them. May our right hands never forget their duty and our tongues never cleave to the roofs of our mouths when either can be used to bring joy and consolation to his te-

loved ones. Let us carry out this though safe one and by dividing our that marks the pathway from this earth to heaven. We reach the Divine through safe one and by dividing our joy with this one we double it and come in touch with the universal. The sky is never so blue, the birds never singing so blithely, our acquaintances are never so gracious as when we are filled with love for one another.

Our beloved Maj. Jno. A. Formwalt passed from the earth while this condition of exaltation existed, the conception is indelibly impressed upon the mind just as the last earthly view is said to be photographed upon the retina of the eye of the dead.

The highest earthly relationship is in its very essence fleeting, for men are fallible and living in a world where material wants jostle, and time and charge play ceaseless parts. Gradual obliteration comes and Dissolution enters. But the memory of a sweet companionship once fully possessed snapped by fate at its supremest moment can never die.

Ad Huffstutler says: "How can I live and not see Maj. Formwalt." We all have known an ideal friendship for Maj. Formwalt and had it to flee from our grasp as a shadow, before it was touched with the sordid breath of selfishness or sullied by misunderstanding.

When "Dixie" was played in his presence his action became a little spark that flew into the souls of all his comrades and it then became a divine fire bringing a forest of heaven. As a patriot he was as pure as Joe E. Johnston, as faithful as the Neys or Napoleon Bonaparte or Wellington, and as pure as Joseph of Egypt who overcome the advances of Pottiphar's wife, and the constant dwelling in sweet sad recollection on the exalted virtues of the one that has gone tends to crystallize these very virtues in the heart of him who meditates them.—Granbury News.

Some time ago upon the death of Maj. Formwalt, father of our citizen, C. C. Formwalt, we published an extended notice taken from the Granbury News. This week we take from the same paper, the Eulogy written by R. S. Whitehead on the life of Maj. Formwalt.

Plant More Hogs
Uncle Sam Advises Texas Farm Boys.

The Bureau of Animal Industry of the United States Department of Agriculture has just issued a communication to the farmer boys of Texas between the ages of 10 and 18 years, urging them to plant more hogs. The Texas farmer lost \$24,000,000 last year because he failed to produce enough pork to supply the local demand and the communication advises his sons to raise enough hogs for home consumption, and if possible, a surplus for the market. Some of the points which the Department advises the youthful hog raiser to bear in mind are:

1. The feeding and care are as important as the breeding in producing a good hog. Plenty of feed and good care will make a good hog out of a runt, but lack of it will always make a runt out of a good pig.
2. To make pork cheaply a permanent pasture and forage crops must be used.
3. Young pigs must have a dry bed and plenty of sunshine.
4. Begin feeding the pig as soon as he will eat, and keep him growing until he is mature.
5. Always keep plenty of clean, fresh water where the hogs may drink at any time.
6. Quarantine all newly purchased animals for three weeks.
7. Never keep a female for a brood sow, no matter how well bred she may be, if she will not produce more than four strong pigs at a litter.
8. The more milk a sow will give the faster her pigs will grow.

The latest census reports which relate to January 1st, 1914 show there are 2,618,000 hogs in Texas with a total value of \$22,515,000. This is an increase over the previous year of 125,000 head and \$1,574,000 in value. At every census during the five years prior to 1914 a steady decrease in the number of Texas hogs is shown. The values, however, have steadily increased. A decade ago the Texas hog was worth \$4.68 per head, but Uncle Sam's latest valuation is \$8.60 per head.

The growing demand for young Texas raised pork has become so strong that he is going to market a year earlier and at the weight of 219 pounds, while a quarter of a century ago the average marketing weight was 275 pounds.

City Council meets in its regular April meeting next Monday night April 13.

Plan your Easter Hat now while we have the time to make it MRS. B. F. MILLS.

Phone 38 for prompt and satisfactory service.

C. L. Alderman came over from Big Springs Monday to attend the Hooper funeral.

Don't ask for credit you will be turned down. BEN MORGAN.

Pay Porter so he can recommend you to the ice man.

I am prepared to place some good land loans without any delay. 4-10-c G. B. HARNESSE, Colorado.

Get your Go Devils at McMURRAY'S.

The weatherman has done his best in West Texas this week.

The best ball bats to be had are at Doss.'

The County Commissioners meet next Monday in regular April term.

Best candies in town, all kinds at Allmond's 5 & 10c Store.

The City election on Tuesday was a very quiet affair.

It won't hurt you to try the Florsheim Shoe just once Coughran Bros. 11

Early gardens got it this week where the chicken got the axe.

W. L. Doss' the old reliable druggist

Sunday April 12th Easter Sunday is the birthday of our good friend T. J. Free out at Buford and it is also the birthday of his little one year old daughter who came a year ago as an Easter gift. They have arranged for a big Easter egg hunt at the Free home on that day. All the neighbors children are asked to bring their eggs and join in the pleasant past time.

Hoosier kitchen cabinets saves miles of steps for tired feet. \$1 down and \$1 per week is the easy payment plan. H. L. HUTCHINSON & CO.

H. H. Glisson, of Colorado City, spent several days of this and last week in Spur visiting his uncle, J. E. Counts and family at their home just north of Spur.—Texas Spur.

Phone 27 for all kinds of feed.

Sunday is Easter and the ladies all have their hats ready.

For Sale—All my household goods practically new. MRS. JOE KEY.

Order your Easter Hats early, latest designs and newest styles in all new goods at Mrs. B. F. MILLS.

Saturday night April 11th is the night set to organize Tom Ball Clubs all over the County. Each chairman in the different precincts have made the call and everything is in readiness. In this precinct No. 1, the citizens will meet at the court house Saturday night at 8 o'clock with the precinct chairman and organize. Every Tom Ball man in the precinct should be there.

If you don't have a nice durable art square or two this spring it won't be our fault, as we have a beautiful line H. L. HUTCHINSON & CO.

Miss Hazel McKenzie of Simmons College came up home today to spend the week end with her parents and friends.

Phone McMurray for fresh groceries.

Mr. Carl Phenix, the expert machinist at the Studebaker Garage, took a holiday this week. He said he was going to spend the time down on the river hunting Jack rabbits and fishing. But he hurriedly returned to town Friday for some unknown reason, presumably to attend the Simmons College Quartette at the Opera House. Anyway he had his vacation, but says the fish would not bite in a snow storm and that he never did like Jack rabbits very well anyway.

Miss Mabel Smith came on Wednesday night from Austin, where she had been attending the State University but had to return home on account of bad health.

John Vaughan, the old reliable feed man. All kinds of feed all the time. Phone 27 for quick delivery.

Miss Maud Obar who lives at Ovalo, a bright and winsome little lady is visiting her friend Miss Jone Burke, daughter of Mr. and Mrs. J. B. Burke.

For cigars, candies, magazines and Periodicals see me, I keep a full line. BEN MORGAN.

Miss Webb, after a visit with the Women's Auxiliaries of the Episcopal church in Baird, Abilene and other places is in Colorado to spend Easter.

BALL PARK.

Work is progressing on the ball park, tho the bad weather this week has delayed the work some. It will probably be completed next week, and ready for business.

Colorado, Texas.

JUDGE OCIE SPEER.

Candidate for Re-Election Associate Justice Court Civil Appeals, 2nd Supreme Judicial District.

Judge Ocie Speer was born in Johnson County, Texas, and is now 45 years of age. He was educated in the public schools of the state, read law and was admitted to the bar in Fisher County before reaching his majority. He was elected and served one term as County Attorney of that county, this being the only office he ever held prior to his election to his present position.

In 1902 he was elected from Montague County as Associate Justice of the Court of Civil Appeals for the Second Supreme Judicial District to succeed Sam J. Hunter of Fort Worth, and

JUDGE OCIE SPEER.

In 1908 was re-elected without opposition.

Prior to his election to the bench Judge Speer wrote and published "The Laws of Married Women in Texas," which work immediately became the standard authority on that subject and has ever since been in daily use as a text-book in the Law Department of the State University.

Soundness of judgment and clearness of expression have always characterized his decisions on the appellate bench, and he enjoys the unique distinction of having had but two of his opinions reversed by the Supreme Court in the last two years.

Since his announcement for reelection he has received the most flattering support of the bar of the entire district by letter and petition, the following counties having given him practically unanimous endorsement: Montague, Cooke, Wichita, Jack, Throckmorton, Mitchell, Nolan, Taylor, Callahan, Palo Pinto, Bosque and Wise.

In politics Judge Speer is a Democrat of the progressive type and has always openly favored those policies which make for civic righteousness. He is an active friend of the school interests of the state, and is now president of the board of trustees of the Polytechnic Woman's College of the M. E. Church, South at Fort Worth.

The members of the appellate bench should not be changed except for good cause and Judge Speer's experience having participated in the disposition of nearly four thousand cases, is such as to qualify him for the best service of his life.

The Supreme Court of this state has seen fit to speak in the most complimentary terms of his opinions and in more than one case his individual views have been sustained by the Supreme Court of the United States on appeal to that tribunal.

As now constituted the Court of Civil Appeals at Fort Worth is composed of Chief Justice T. H. Conner elected from Eastland County, Associate Justice Irby Dunklin elected from Tarrant County, and Associate Justice Ocie Speer elected from Montague County.

FOR RENT—Good 5 room house, 2 blocks from town \$8.00 month. City water, apply this office.

NEW FRATERNAL ORDER.

Knights and Ladies of Security To Be Organized Monday Night. Fifty Charter Members

Mr. F. P. Bransford, the special organizer for the Knights and Ladies of Security announce that the Council will be organized Monday night in the W. O. W. Hall with about fifty Charter Members. There are some eight or ten old members of this order in Colorado who will go in this new council. It is especially urged that every charter member be present at the W. O. W. hall Monday night and help organize the New Council Officers are to be elected and the Council put to work, so be sure and be there.

Come out Monday night, and bring a friend who will join and get in as a charter member. It is important that all who join will make up their minds to attend the meetings of the council regularly and above all no one should let their certificates lapse.

Because you are older now than when you were initiated and can never get a certificate on as favorable terms.

Because a certificate in force in The Knights and Ladies of Security is always a cash estate which needs no executor, administrator, lawyer or expense.

Because market fluctuations, financial reverses, etc do not affect its value if your monthly assessments are paid within the month in which they are due it is always good for its face value.

Because you cannot lapse a certificate without sustaining some loss.

Because, physical disability, coming suddenly, or perhaps even now present and unsuspected may prevent you from reinstating or ever getting a new certificate.

Because, if you are sick, and cannot pay your assessments and dues, your Council will arrange to help you keep your certificate in force.

Because if through changed conditions you cannot keep the full amount of your certificate in force, you can have the amount reduced, thus lessening your payments.

Be on hand at 8 o'clock Monday night A team of ladies and gentlemen from Sweetwater are to be here and help organize and there are some good speakers who will tell all about the order and have a good social time while organizing and putting the council or society to work.

Painless Headache.

Is there such a thing as painless headache, painless neuralgia or painless rheumatism? Hunt's Lightning Oil will make the pain go away and the suffering cease. That's why Hunt's Lightning Oil is so popular and praised so much. Ask your druggist. W. L. Doss.

The oldest Baptist newspaper in America is the "Watchman," of Boston established in 1819. The "Examiner," of New York, another of the leading Baptist papers, has been consolidated with the "Watchman." The new paper will be called the "Watchman-Examiner," and Dr. Curtis Lee Laws will be editor-in-chief.

CITY ELECTION.

Tuesday was city election day. It was a very quiet affair out of a possible 300 vote only 231 votes were cast. One remarkable feature of the ballot was that 48 over age votes were cast showing that the older men were interested in the cities welfare. There were only two Aldermen to be elected and a City Marshal. W. H. Moser and Pete Avery offered for re-election as Aldermen and the Aldermanic vote was as follows:
W. H. Moser 210.
Pete Avery, 206.
Scattering, 4.

For City Marshal, Morgan Stell offered for re-election and was opposed by Henry Rankin, this vote stood as follows: Morgan Stell 183; Henry Rankin 38. The election passed off quietly, no disturbances of any kind being reported.

USE "TIZ" FOR SORE, Tired, Sweaty Feet

"TIZ" makes sore, burning, tired feet fairly dance with delight. Away go the aches and pains, the corns, callouses, blisters and bunions.

"TIZ" draws out the acids and poisons that puff up your feet. No matter how hard you work, how long you dance, how far you walk, or how long you remain on your feet, "TIZ" brings restful foot comfort. "TIZ" is wonderful for tired, aching, swollen, smarting feet. Your feet just tingle for joy; shoes never hurt or seem tight.

Get a 25 cent box of "TIZ" now from any druggist or department store. End foot torture forever—wear smaller shoes, keep your feet fresh, sweet and happy. Just think! a whole year's foot comfort for only 25 cents.

Get the official Base Ball at Doss.

BANK ANNOUNCEMENT.

Colorado Texas, April 7 1914. The Officers of the City National Bank, Colorado, Texas, announce, with much sorrow, the death of the Cashier, J. E. Hooper, which occurred on Sunday, April fifth, nineteen hundred fourteen. During his long association with and in his various relations to those connected in any way with the bank, he made an imprint which shall ever be fondly cherished and remembered.

CARD OF THANKS.

I desire to express my sincere thanks to all my voting friends for their steadfastness in my behalf. It is worth the deepest sense of gratitude and humility I hold in fond remembrance these good and loyal friends. To those who saw fit to vote for my opponent I have no word of condemnation. As City Marshal I shall, in the future, as in the past, ever endeavor to do my duty as I see it, treating one and all alike.

Respectfully yours,
MORGAN STELL

FOR SALE OR TRADE.

I have a seven and a twelve section ranch to trade for other property. See me at once.

SHERIFF'S SALE.

THE STATE OF TEXAS, County of Mitchell. Notice is hereby given that by virtue of a certain Order of Sale issued out of the Honorable District Court of Mitchell County, of the 12th day of March 1914, by Earl Jackson, Clerk of said Court for the sum of One Hundred Sixty Four and no -100 Dollars and

costs of suit, under a judgment in favor of J. H. Huston in a certain cause in said Court, No. 2244 and styled J. H. Huston vs. J. L. Dunlop and W. T. White, placed in my hands for service I G. B. Coughran, as Sheriff of Mitchell County, Texas, did on the 19th day of March 1914, levy on certain Real Estate, situated in Mitchell Co. Texas, described as follows, to-wit:

All of Block No. Fourteen (14) in the Resident Addition to the town of Loraine, Mitchell County, Texas, as surveyed by the Texas and Pacific Railway Company and levied upon as the property of J. L. Dunlop and W. T. White and that on the first Tuesday in May 1914, the same being the 5th day of said month at the Court House door of Mitchell County, in the City of Colorado, Texas, between the hours of 10 a. m. and 4 p. m. by virtue of said levy and said order of Sale I will sell said above described Real Estate at public vendue, for cash to the highest bidder, as the property of said J. L. Dunlop and W. T. White.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Colorado Record, a newspaper published in Mitchell County.

Witness my hand this 19th day of March 1914.

G. B. COUGHRAN, Sheriff Mitchell County, Texas.

By Preston Scott, Deputy. 4-10-c.
