W. J. Bryan Quits Cabinet, Considering Note to Ger- many Most Too Strong.

Asserts Course Adopted Is Contrary
to Peace Policy So Long
Advocated by Him.

WASHINGTON, June 8.—William Jennings Bryan, three times Democratic candidate for the Presidency of the United States and author of nearly thirty peace treaties with the principal Nations of the world, resigned today as Secretary of State as a dramatic sequel to his disagreement with President Wilson over the Government's policy toward Germany.

The resignation was accepted by the President. The Cabinet then approved the response which had been prepared to the German reply to the Lusitania note. Acting Secretary Robert Lansing will sign the document and it will be cabled to Berlin tomorrow. Mr. Lansing automatically becomes Acting Secretary of State when Mr. Bryan's resignation becomes effective tomorrow.

Secretary Bryan will retire to private life. It was learned that he intends to continue his political support of the President.

Rather than sign the document, which he believed might possibly draw the United States into war, Mr. Bryan submitted his resignation in a letter declaring that "the issue involved is of such moment that to remain a member of the Cabinet would be as unfair to you as it would be to the cause which is nearest my heart, namely, the prevention of war."

The President accepted the resignation in a letter of regret, tinged with deep personal feeling of affection.

It became known tonight that Secretary Bryan's resignation was arranged with the President yesterday.

MR. BRYAN'S LETTER.

"My Dear Mr. President. It is with sincere regret that I have reached the conclusion that I should return to you the commission of Secretary of State with which you honored me at the beginning of your administration.

"Obedient to your sense of duty and actuated by the highest motives, you have prepared for transmission to the German Government a note in which I can not join without violating what I deem to be an obligation to my country, and the issue involved is of such moment that to remain a member of the Cabinet would be unfair to you as it would be to the cause which is nearest my heart, namely, the prevention of war.

"I therefore respectfully tender my resignation, to take effect when the note is sent, unless you prefer an earlier hour. Alike desirous of reaching a peaceful solution of the problems arising out of the use of submarines against merchantmen, we find ourselves differing irreconcilably as to the methods which should be employed.

"It falls to your lot to speak officially for the Nation; I consider it to be none the less my duty to endeavor as a private citizen to promote the end which you have in view by means which you do not feel at liberty to use.

"In serving the intimate and pleasant relations which have existed between us during the last two years, permit me to acknowledge the profound satisfaction which it has given me to be associated with you in the important work which has come before the State Department and to thank you for the courtesies extended.

"With the heartiest good wishes for your personal welfare and for the success of your administration, my dear Mr. President, very truly yours,
"W. J. BRYAN.

Washington, June 8, 1915."

THE PRESIDENT'S REPLY.

"My Dear Mr. Bryan: I accept your resignation only because you insist upon its acceptance; and I accept it with much more than deep regret with a feeling of personal sorrow. Our two years of close association have been very delightful to me. Our judgments have accorded in practically every matter of official duty and of public policy until now; your support of the

work and purposes of the administration has been generous and loyal beyond praise; your devotion to the duties of your great office and your eagerness to take advantage of every great opportunity for service it afforded has been an example to the rest of us; you have earned our affectionate admiration and friendship. Even now we are not separate in the object we seek, but only in the method by which we seek it.

"It is for these reasons my feeling about your retirement from the Secretaryship of State goes so much deeper than regret. I sincerely deplore it. Our objects are the same and we ought to pursue them together. I yield to your desire only because I must and wish to bid you godspeed in the parting. We shall continue to work for the same cause even when we do not work in the same way. With affectionate regard, sincerely yours,
"WOODROW WILSON."

Washington, June 8.—It comes from a reliable source that the difference between President Wilson and Secretary of State Bryan in the answer to Germany arose over the verbiage to be employed in announcing just where this country stood and what it was expecting. Mr. Bryan has been an exponent of peace to the last degree, and is said to have believed that a course other than the one he proposed, or one similar to it, would lead to such a break with Berlin as probably to result in a declaration of war on Germany's part.

The matter was before the Cabinet on three occasions, and the positions of both the President and Secretary Bryan thoroughly understood. The Cabinet supported the President's views.

If the position of Mr. Bryan is correctly understood, both he and the President sought the same result, only Mr. Bryan was to take the longer and the more temporizing route. It is said that he urged that neither the Government in Berlin nor the people of Germany beset on all sides as they are by enemies, and fighting for their national existence, were in a state of mind to give rational consideration to a position from this country which, as the Germans would view it, meant a surrender of their chief offensive and defensive weapon—the submarine. In short, he is said to have believed that the issue would immediately be forced

We have a car-load en route, and will be on exhibition in a few days.

Winn & Dulaney

YOU NEVER CAN TELL.

Some few weeks ago the Colorado Chamber of Commerce had printed quite a number of neat little folders, descriptive of the town and county. These folders are being mailed out by the business men of the town. This week Mr. J. R. Hastings received a letter from a man in Kansas, which is substantially as follows: "Want 60,000 acres of land for colonization purposes; can locate 1500 families and from reading your little folder I believe Mitchell county is the place I want. Write me what you have." Mr. Hastings and the Secretary of the Chamber of Commerce are now busy trying to locate this client. Thus it will be seen that any advertising matter sent out may bring results. If we should succeed in locating this man it would be worth to this county a million times what the folders cost.

Swatting the fly is less sensational than some other forms of warfare, but it does not disgrace civilization.

Meet me tonight at the Shadowland.

TO FARMERS AND LABORERS.

A Special Invitation to Come to the Tabernacle at Morning Services

Come in Shirt Sleeves, Wear Your Overalls or Working Clothes.

The preachers and managers of the protracted meeting now in progress at the tabernacle, has asked the Record to say to the men that they will be just as welcome, and their presence as highly appreciated, if they will come to these meetings in their shirt sleeves or wearing their overalls, or working clothes. Many farmers who are in town in the forenoon are especially asked to come to the tabernacle at the 10 o'clock services, regardless of your clothes, or whether you have on a coat or not. The Spirit of God can reach a man's heart through a jumper as well as through a broadcloth evening suit. This invitation applies to everybody, and it is hoped that many men will take advantage of the invitation.

Huerta's silence proves him a greater man than had been anticipated.

The World in Epitome Shown by Displays in the Vast Exhibit Palaces at the Panama-Pacific International Exposition.

Today the great Panama-Pacific International Exposition at San Francisco is being widely exploited throughout the world by the millions of sight-seers who have visited the exposition since its opening on February 20th last as the most beautiful, comprehensive and interesting universal exposition that the world has ever known. The wonderful exhibit palaces house the treasures of the earth, while the grounds, planted to millions of rare bulbs, are a gorgeous mass of color and fragrance. To the visitor entering the gates for the first time, either by night or day, the scene is certain to hold the newcomer spellbound, as the vast panorama unfolds bit by bit before the gaze and the eye wanders from one beauty spot to another in an endless chain of amazing surprises. Entering the main gate at Scott street, for instance, the visitor sees the great Fountain of Energy directly before him, its giant sprays sparkling and flashing in the light of the warm California sun by day, or assuming the appearance of masses of flowing flames by night under the powerful beams of the great batteries of searchlights trained upon this work of art. As the spell is lifted the eye falls upon the Tower of Jewels, the great center piece of the exposition, and again attention is arrested until the eye has conquered the dizzy heights of this gem-studded tower, every cornice and figure sending forth its share of dazzling lights.

The world's advance in all branches of art, science and industry is amazingly portrayed in the exhibits. Among the electrical exhibits, for example, is the Audion amplifier, invented by Lee De Forest. Through this invention the visitor in the Liberal Arts palace is enabled to converse over the long distance telephone with his relatives at the farthest section of the Atlantic coast and to hear the voice of the speaker in greater volume than was actually given into the transmitting telephone. The intensity of the sound is increased by passing through heat waves. Today it is possible for an orator in New York city to address through the telephone a large audience at San Francisco, the sound being increased so that it is of power great enough to fill a large hall. This single advance in the development of the telephone is paralleled in hundreds of other lines. The railroads have made low round trip rates and ample and reasonable accommodations are to be had in San Francisco and the adjoining cities.

upon the United States from Berlin.

It is also said to have been Mr. Bryan's position that the United States ought to recognize the possible existence of a state of facts concerning the Lusitania, as regrettable as that disaster might be, and manifest a willingness to go into the matter with the German government without delay. Through commissions appointed by both governments, he is said to have urged, the desired result could have been obtained.

President for Firmness.

On the other hand it is understood to have been the President's position that this country, insisting as it had in the initial note for certain guarantees of freedom of the seas, to now deflect the attitude, or to temporize, would virtually be a desertion of the main issue in the controversy and weaken the United States in accomplishment of the desired results. In brief, anything short of a firm stand would be equal to no stand at all, and it is said to have been the opinion of the Cabinet members that the German government be called upon to give answer on the chief point of the negotiations which have no reputable standing. It is the Administration's idea that, if Germany will accord the guarantee that international law and civilized warfare demands, other matters concerning the Lusitania can be adjusted, but that the United States will not be placed in the attitude of temporizing.

Lansing in Charge of Post.

Washington, June 9.—President Wilson and his former Secretary of State William J. Bryan, formerly parted shortly after noon today in the course of a farewell meeting at the White House. Shortly previous Mr. Bryan had left the state department, and Robert Lansing, counselor of the department, had been appointed by the president as secretary of state ad interim.

Note Is Now on Way to Berlin.

Washington, June 9.—Just after 2 o'clock this afternoon, the new American note to Germany which caused the cabinet crisis culminating in secretary of state Bryan's resignation, started on its way to Berlin. Simultaneously, William J. Bryan's resignation as secretary of state took effect and he gave out a statement of his attitude, suggesting a year's inquiry into the situation regarding Germany.

Dates Back to May 13.

The real disagreement dates back to the famous session of the Cabinet when the note of May 13, following the sinking of the Lusitania, was drafted, informing Germany that the United States would not omit "any word or any act" to protect its rights. At that time Mr. Bryan made a speech counseling peaceful measures and cautious

action. He gave his consent to signing the note only after it was tentatively arranged that a statement at the White House should be arranged and transmitted to the German government announcing that inasmuch as Germany had accepted the principle of the peace treaties negotiated between the United States and other countries, differences between the two nations might be adjusted by a commission of investigation. Opposition to this course was most vehement in some Cabinet quarters, and the President after having considered at length Mr. Bryan's suggestion finally disapproved it at the hour the note was sent. Some Cabinet officers argued that such an appendix to the note of May 13 would be construed abroad as a weakening of the American position and their counsel prevailed.

Since then the official relations of Mr. Bryan with the President and the other Cabinet officers has been somewhat strained, although the closest personal friendship has been maintained. Officials of the administration were unanimous in their expressions of personal regret. Secretary Tumulty issued a statement to that effect and the President reflected the same sentiment in his letter. Admiration and praise for the courageous manner in which Mr. Bryan had fought for and held to his convictions were expressed by officials on every side, including those who had been most vigorous in opposition to his policies.

The strong personal attachment of the President and Mr. Bryan has long been noticeable in their everyday conferences.

ACCIDENTS DELAY

T. & P. PASSENGERS.

What came near being a serious wreck on the Texas & Pacific occurred at Ranger Monday morning when the coaches and sleepers of passenger train No. 21 got loose from the engine ran back down the track and crashed into the engine of passenger train No. 5.

The baggage car of No. 21 had jumped the track and the crew was busy getting back on the rails. In some manner the coaches and sleepers became detached and swung off down the track by themselves at a lively clip. Train No. 5 had come up behind the wreck in the meantime, and the runaway cars crashed into the engine, smashing the end of the Pullman and jarring the passengers.

All west bound trains were delayed several hours by the accident.—Abilene Reporter.

When the poet asked: "What so rare as a day in June?" he must have had reference to such a day in June as last Monday was. Overcoats and slickers were more in evidence than shirt-sleeves.

PEACE POSSIBLE WITHIN THREE MONTHS

The new note of the United States will not close the diplomatic door to Germany. On the contrary, diplomatic negotiations over the sinking of the Lusitania have only just begun, and Meyer Gerhard, who sailed last week for Berlin as the personal envoy of Count von Bernstorff, the German ambassador, took with him the views of the ambassador as the probable basis on which these negotiations can be conducted. The decision to send Mr. Gerhard to Germany was made at the conference between President Wilson and the ambassador. This is stated on the highest authority. It is supported by two important developments:

First, the receipt of information at the state department that the United States, if on friendly terms with all belligerents, is likely to be called upon within three months to undertake the delicate task of bringing about peace.

TO SLEEP WELL IN SUMMER.

Slight inflammation of the bronchial tubes causes a distressing cough and makes sleep impossible. Foley's Honey and Tar Compound stops that annoying tickling and relieves the racking, tiring cough. Good for all coughs, colds, croup and bronchial affections. Sold by W. L. Doss.

FIVE HUNDRED STARVE DAILY IN MEXICO

Mexico City.—All the horrors that have gone before in Mexico City since the revolution began are heavenly in comparison with the unprecedented famine that has now befallen this cut-off from the world capital.

While the revolutionists of the wretched country are roaming up and down the railroad lines sacking, ravaging and destroying with the ferocity of locusts, Mexico City, severed from the still remaining areas of production as completely as from the ports, is literally and rapidly starving to death.

The scarcity of food supplies of the first necessity which began to make itself felt keenly in the early days of the unforgettable second Carranzista regime, has now reached a stage of famine unequalled elsewhere in the world, except possibly Belgium, and certainly nothing in Belgium can be worse than the suffering and starvation in Mexico City.

From starvation alone since the first week of May the average daily death rate has jumped from scores to hundreds. It is estimated by the ayuntamiento—the town council—that 500 persons are dying of hunger every day. It is also predicted by the council that within two weeks, unless communication is established with the producing states, the total will reach 1000 daily.

ONLY A FEW CAN GO.

Those who do not have to consider expense are now going to health resorts to get rid of impurities in the system that cause rheumatism, headache, aching joints and painful muscles. If you cannot go, yet feel you need relief from pain and misery, get Foley Kidney Pills. They restore the kidneys to activity and make you feel well and strong. Sold by W. L. Doss.

For new and second hand, high-grade sewing machines, for cash or easy terms. See S. H. Cromer at Sherwin & Son; Agent for Singer Sewing Machines. 5-26c

HAIRY WORMS.

To the farmers of Mitchell County: I beg to advise you that the fuzzy caterpillar or wooly bear which is doing some damage to the cotton crop and gardens are easily controlled where you have sufficient foliage, by dusting the plants with a mixture of 1 lb. of paris green and 5 lb. of cheap flour or airslack lime a spray can be used consisting of a solution of 5 oz. of paris green 1 lb. stone lime and 50 gallons of water. For controlling grasshoppers 1 lb. arsenic 50 lb. wheat bran, 1-2 gallon of cheap syrup, use to mix and scatter broad cast like wheat and oats. This wants to be scattered late in the evening or early in the morning along the fence row, turn row or ditches, this is very effective remedy and grasshoppers can be controlled where the poisoning is kept up.

W. A. DULIN, Agent for Mitchell Co.

86 SALOONS VOTED OUT.

Ten Minnesota counties voted dry on the 8th, in prohibition elections held. Eighty saloons will be forced to quit business.

WHAT CATARRH IS

It has been said that every third person has catarrh in some form. Science has shown that nasal catarrh often indicates a general weakness of the body; and local treatments in the form of snuffs and vapors do little, if any good. To correct catarrh you should treat its cause by enriching your blood with the oil food in Scott's Emulsion which is a medicinal food and a building- tonic, free from alcohol or any harmful drugs. Try it. Scott & Bowne, Bloomfield, N. J.

White Swan

Mrs. Housewife—

A few words with you about many things you buy at your grocer's

First—What It Means to You to Buy Branded Goods—

¶ Perhaps you don't realize it, but it's true that nearly every concern that puts up its goods in packages is doing it in an attempt to give you something cleaner, purer and better than you've been able to buy in "bulk."

¶ They brand it with a name because they believe enough in the goods to be willing for them to be known by name—they want you to know what to ask for next time, if you liked the last lot.

¶ Pretty much like the difference between the man who sends an anonymous letter (bulk goods) and the one who signs his letter (branded goods).

¶ Then—as branded goods without doubt represent an attempt to give you something better it is a certainty that when it comes to a choice between unbranded and branded goods it will pay you to buy the latter.

The Difference between Branded Goods

¶ Frankly—nine cases out of ten—the reason why one brand is better than another is simply a case of the "know how." Seldom because one manufacturer is trying harder than another to give you good stuff.

¶ It's like the difference between cooks. For this reason. The concern with the "know how" back of it buys intelligently as well as sees that every item is prepared with skill. It doesn't depend on this section or that section to get the vegetables, fruits, fish, etc., that are put up for you. It goes

to market wherever the best buying market is for each of these articles. Then, right there—right where the best of its kind is raised the product is packed for you.

¶ All this counts for something in price—we buy in large quantities—people want to sell to us—result, we get better quality for the same or less money.

What It Means to You to Buy White Swan Goods—

¶ We've got the "know how"—we think a little better know how in buying and in securing the best in preparation and packing than most anybody else. At the very least that's what we're trying to do every day—not only to be better than the others—but to be ourselves better today than yesterday.

¶ And then there's the matter of experience. Years of study of foods and methods, of hard trying after improvement—all this experience must cut a big figure in ability to give you the best in quality. We know very well that our 43 years' hard at it have built something into White Swan Products that nothing else could take the place of.

¶ People who've tried White Swan Goods seem to agree that we are on the right track—because they keep on buying that brand.

¶ The result of this is that in all of Texas (and elsewhere in this section) there is not a retail grocery store whose service is built on QUALITY that does not sell, and recommend, White Swan Goods. This means that YOU can get them in your town at your grocer's.

¶ We want to ask you to try White Swan—any article in the list—or all of them. We appoint you sole judge of the whole line by any item in it. That's fair, isn't it—and isn't it worth trying? Ask your grocer.

BETTER THAN THE LAW REQUIRES

KNOWS DETAILS OF HIS MEN.

Proprietor of Great Car Factory Has Close Personal Association With the Men Under Him.

Somewhere between 8 and 9 o'clock each morning a Ford coupelet dashes briskly into the factory garage of the Ford Motor Co. From it descends a tall, slender man, chats a minute with the men about him and then disappears through the doors into the administration building. That is Henry Ford. He has driven in from his farm at Dearborn, 15 miles from the Ford factory. For an hour or so Mr. Ford is closeted with some of his executives. Then he emerges from his office and promptly disappears in the factory—somewhere.

Popular fiction has given pictures of the executive in his office. One thinks of Mr. Ford as pushing buttons, receiving reports from department heads giving directions and reprimands in short, gruff sentences. But Henry Ford does not go in much for that sort of thing. He is a new kind of president and chief executive. Instead of listening to reports he goes and gets information first hand. That is why he disappears into the forest of belts and machines.

They say in the Ford factory that you never can tell where Henry Ford is going to appear—suddenly from nowhere. He knows by their first names more of the 18,000 Ford employees than any other man in the vast organization. He stops beside the individual workers and questions them. It is interesting and very human to see these men hurriedly wiping rease from their hands to shake hands with Mr. Ford.

FOSTER'S WEATHER REPORT

June frosts are unusual but we expect at least light frosts in northern crop growing sections not far from June 10. June 1, 1855 early corn was killed to the ground by frost along and north of latitude 40 in Illinois, but came out and made a good crop.

The above described disturbances will be most severe on Pacific slope and heavy extensive rains are expected June 5 to 10 in many sections. In some places wheat will be damaged by those severe storms but such never destroy a large proportion of crops. We are expecting some destructive hail storms during that great storm period, particularly in the middle northwest. The cotton states will get some very heavy rains and local floods, but these never destroy a large proportion of the cotton crops. The southern oats crop will get some damage from these storms.

Another disturbance will reach Pacific coast about June 15, cross Pacific slope by close 16, great central valleys 17 to 18, eastern sections 20. Warm wave will cross Pacific slope about June 15, great central valleys 17, eastern section 19. Cool wave will cross Pacific slope about June 18, great central valleys 20, eastern sections 22.

This will be the calm after the storms. Temperatures will go to very high degrees and very little rain is expected. A long, warm, dry spell will follow, good for all crops except a comparatively small part of the middle northwest where a deficiency of rain is expected to be generally good.

9 MORE VESSELS SUNK BY GERMAN SUBMARINES

Nine more vessels, including a Russian warship, have been sunk by German submarines most of them since Saturday. Two British steamers and six more trawlers were sent to the bottom. The largest of these was the Searchlight, a ship of 1,298 tons, which left Santo Domingo May 1 for the Clyde. The captain and crew of the Sunlight arrived at Queenstown and reported that the commander of the submarine gave them ample time to take to boats. The ship was sunk by shell fire. The other steamer destroyed was the Star of the West, whose crew has been taken to Aberdeen. The trawlers destroyed were the Bardolph, Dromio, and Dogberry of Hull; Perisimmon of Grimsby; Gazebound and Curlew of Sunderland.

Mr. H. M. Burroughs in the Abilene country says: "I have lived in Texas for the past sixty years, and of course, know much of her history. The cool spell reminds me of the coldest late spell in all her history. It occurred just thirty-seven years ago, in 1878. I was then living at Lampasas, Texas, and a big hail fell all out west. The winds from it were so cold as to literally freeze up all the vegetation. Corn was up shoulder high, but the cold killed it, and it was cut down and shocked, but it was then worthless. There was no more rain, and so nothing was made except a little by irrigation in the southwest."

We have all sizes usually carried in Screen Wire Cloth, so don't fail to figure with us when in the market. Our's is as good as the best, if not the best.—H. L. Hutchinson & Co.

Genasco

THE TRINIDAD-LAKE-ASPHALT
Ready Roofing

Make your roof leak-proof to stay. Lay Genasco and you'll have a roof that makes you free from care and saves your repair-money. Genasco lasts because the natural oils of Trinidad Lake Asphalt give it resisting, lasting life. It doesn't dry out and crack like ordinary roofing. Come and let us explain its economy.

And if you want a "spare," let us fit you out with a Goodrich Safety Tread.

"Keep Going on Goodrich Tires" A. J. Herrington

USE THESE FACILITIES.

Farmers, make use of your Agricultural and Mechanical College and Experiment Stations. If your stock is not healthy, write the College. Experts there will prescribe for their ailments and suggest rations that will improve the condition of your animals. If a disease is ravaging your crops, write the plant pathologist of the experiment station. If insects are devouring your crops write to the State entomologist and if you do not know what insect it is send him one of the insects. These departments of the college belong to the farmers and stockmen. The engineering school is ready to answer inquiries about the use of concrete on the farm and about the practical engineering problems. The men in charge of this work are glad to serve you.

A MISTAKE MADE BY MANY.

When you are suffering pains and aches by day and sleep disturbing bladder weakness by night, feel tired, nervous and run down, the kidneys and bladder should be restored to healthy, strong and regular action. It is a mistake to postpone treatment. Foley Kidney Pills put the kidneys in sound, healthy condition and keep them active and strong. Sold by W. L. Dose.

May did not give the Palm Beach suit a show for its white ality.

WHY PENSIONS WERE CUT TO \$13.00 PER QUARTER.

Representative J. M. Wagstaff sent the following letter to the Commissioner of Pensions at Austin and received in reply a circular letter which we also publish. The two letters will explain the manner in which the Confederate Pensions are handled:

Abilene, Texas, June 2, 1915
Pension Commissioner, Austin, Tex.
Dear Sir:—I have received complaints from a number of old soldiers today to the effect that their pension had been cut down from \$22.00 to \$13.00 per quarter. I was not aware of the fact that there was any cut and cannot make any explanation to them about it. Will you please write me and let me know why it is the amount has been reduced and whether or not this reduction will be permanent or whether or not it is just for this quarter.—J. M. Wagstaff.

Austin, Texas, June 4, 1915.
Dear Friend and Pensioner:—We assure you that we are indeed sorry that it was not in our power to allow a greater payment this quarter, but you are aware that the quarterly payment is not a fixed amount and must be equally divided among all the not to-tally disabled pensioners. Considering that we have 18,633 pensioners any of whom receive at least \$13, which for this quarter alone amounts to \$242,229. There is a tax of 5c on the \$100 levied for the Confederate Pensions; this amounts to over \$1,000,000 a year. The past year each pensioner received \$79, but it is understood that we have no control over the amount paid the pensioner this being determined by the amount of hand to this fund in the state treasury. Taxes from which we receive our money have been slow in being paid, furthermore during the last two quarters you were paid more than usual, it being decided by the commissioner that it was better to allow more in the winter than during the summer and also taxes are paid more in the winter months. We assure you that we have no power to allow more than this amount or we would have gladly done so.—J. C. Jones, Commissioner of Pensions.

To Drive Out Malaria And Build Up The System Take the Old Standard GROVE'S TASTELESS CHILL TONIC. You know what you are taking, as the formula is printed on every label, showing it is Quinine and Iron in a tasteless form. The Quinine drives out malaria, the Iron builds up the system. 50 cents

RABBIT BOUNTY.

The rabbit bounty law goes into effect on June 20th and at the meeting of the commissioners' court in July, they will pay bounty on all rabbits and wolves killed on or after June 20. \$2.00 for wolves or coyotes, 5 cents for jack rabbits.

Why is it that you insist on sanitary food, sanitary beds and sanitary clothes and then when you get them pay no attention to sanitary laundry? Without it you cannot have the other three. It is an impossibility to have sanitary laundry at your own home or that of your washwoman. When the clothes are hung in the yard, dust and germs are sure to collect on them; no amount of work can prevent them being blown on your clothes. So if you really wish them to be sanitary send them to the place where every process is under expert supervision and is the last word in cleanliness.—The Colorado Steam Laundry.

CLOSING OF SPADE SCHOOL.

The closing exercises of the Spade school were held last Friday, with a picnic held in the large china grove in the Camp pasture.

The Spade school is one of the most prosperous and up to date in the county, and fully demonstrates the advantages of consolidation, it being composed of the old Herbert and Liberty schools.

Prof. Allen Goodgame is the principal, assisted by Miss Eula Campbell. In the afternoon an address was made by County Superintendent, Jesse H. Bullock his subject being "Public Education the Foundation to Successful American Citizenship of the Future." It was an able address, carrying much useful advice, and was enthusiastically received by the big audience.

After the school exercises and address, the crowd gave itself up to diversions of ball games, swings, etc.

And so closed the most successful session in the history of this school.

To avoid paying interest, taxpayers of New York heaped nearly \$12,000,000 into the city treasury one day this week. Of this amount the largest single payment was made by the New York Central Railroad company, which sent a check to the office of the receiver of taxes for \$1,804,100.87. The next largest amount came from the Pennsylvania Railroad company, which paid \$869,644.51.

CHILDREN

Who have worms, who are sickly, restless or irritable; those who eat too much sweet stuff, who suffer from colic or irregular bowel movements, will grow strong, rosy and cheerful under the cleansing and invigorating influence of

PRICKLY ASH BITTERS

As a corrective for disorders in the stomach or bowels, for clearing the complexion and promoting appetite, sound sleep and cheerful spirits, it is unequalled. Good for either sex and all ages from five years upwards.

Get the Genuine with the Figure "3" in Red on Front Label.

Sold by Druggists. Price \$1.00 per bottle.

Because the Good Book says: "Sweet are the uses of adversity," is no reason why you should deliberately throw yourself in the way of adversity.—West Times.

The above quotation from the "Good Book" must be found in the same connection with "Spare the rod and spoil the child." The Record wonders where the Times ran across it.

WHY WOMEN SUFFER.

Many Colorado Women are Learning the Cause.

Women often suffer, not knowing the cause.

Backache, headache, dizziness, nervousness.

Irregular urinary passages, weakness, languor—

Each a torture of itself.

Together hint at weakened kidneys.

Strike at the root—get to the cause. Quick help the kidneys if they need it. No other remedy more highly endorsed than Doan's Kidney Pills.

Here's convincing testimony from this locality.

Mrs. J. V. West, Merkel, Texas, says: "An attack of grip several years ago left my kidneys disordered, causing severe pain. As Doan's Kidney Pills had been taken with good results in my family, I used one box. They reached the seat of the trouble, completely curing me and I have had no return attacks."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. West had. Foster-Milburn Co., Props., Buffalo, N. Y.

COUNTY SCHOOLS IN FINE CONDITION.

Ex-officio School Superintendent, J. H. Bullock is in close touch with the rural schools of the county, having visited every school in the county from one to three times during the school term; also attending closing exercises of a number of them.

In conversation with Judge Bullock he said to a Record man that he finds Mitchell county schools in excellent condition. The general attendance has been excellent despite the enormous and late crop of cotton; and the advancement of the pupils show a marked increase over former years. He also says he finds a class of teachers of the highest type, who emphasize the latest and up to date methods in teaching and school management—they are teachers who read and study their work, and all have striven for the greatest degree of success.

Mr. Bullock has given special attention to this department of his duties, and has taken great interest in the rural schools, and is very proud of the showing that they have made this year, throughout the county. In his addresses to the rural schools, which he has made from time to time, while visiting them, he has given special emphasis on the evils of tobacco, and especially cigarette smoking, for young boys. And he hopes, with the assistance of the teachers and the parents, to eradicate this great evil among the growing boys.

More of the schools should take advantage of the liberal offer of the State which proposes to pay half of any equipment, or library, desired by the rural schools, providing the school will pay the other half. This is a liberal offer and should be taken advantage of by every school in the county. Each one of these schools should have a good library, to which all pupils would have free access, for study or for reference.

We understand that most of the teachers have been employed for the coming year; many of those of the past year having been reappointed by the boards. This alone speaks well of any school, and shows that the parents as well as the pupils are pleased with the past term. We hope to see the schools of our county grow, not so much in numbers, as in good, substan-

tial ground-work for an education. Most of our successful and prominent men and women, got the basis for their learning in the rural schools, and if the base is substantially laid the largest building which may be placed upon it, will stand true and firm through the future years.

"CAVEAT EMPTOR."

Saint Peter, at the Golden Gate Was meeting souls, departed; They came in cars of every make, Which from this earth have started. The "Fearless," "Black" and "Fierce" appeared,

But when they vainly tried, To gain the shore, St. Peter leered.

"To Hell with you!" he cried. A little "Ford" then came in sight, And "honked" to gain admission.

"Come in," hailed "Pete" with delight, I gladly give permission.

This place is yours by all that's fair; Of good cars there's a dearth.

But one and all, we must declare, You were the "best on earth."

So, for us, Mortals down below, A moral here is stored.

If we to Heaven would surely go, We'll have to drive a "Ford."

*Herrington will fit you up for your celestial journey.

When you want the best in shelf hardware and tools come to our store, the price is right as well as the quality.

One of the interesting developments of the year is New York's discovery of San Francisco.

W. F. LATHAM CASE MOVED TO COLORADO

Haskell, Texas, June 8.—The W. F. Latham murder case was called for trial here Monday morning. About seventy-five witnesses were present to testify in behalf of the state and the defendant. The defendant made an application for a change of venue on the grounds of the unavoidable absence of important witnesses. The court granted the change of venue of the case and it will be tried during the January term of court, 1916, at Colorado, Mitchell county.

This case has attracted state-wide attention, the wife of Latham having been convicted at Anson during last fall of manslaughter, and sentenced to a term of five years in the state penitentiary in connection with the killing of John Stewart in Snyder, Texas, about a year ago.

Mr. Latham is to be tried as an accomplice in the same case. Mrs. Latham's case was reversed by the Court of Criminal Appeals and remanded for a new trial which will take place at Anson during the July term of court.

GET RID OF RHEUMATISM

Now is the time to get rid of your rheumatism. You can do it if you apply Chamberlain's Liniment. W. A. Lockhard, Homer City, N. Y., writes: "Last spring I suffered from rheumatism with terrible pains in my arms and shoulders. I got a bottle of Chamberlain's Liniment and the first application relieved me. By using one bottle of it I was entirely cured." For sale by all dealers.

TIME OF SEASON CHANGES PRICES

But the call for fashionable goods is even more insistent today than at any age. In obedience to this call we have decided to let our entire line of White Dress Goods, namely: White Lawns, India Linens, Voiles, Crepes, Organdies, all Embroideries, all Laces that are sold by the yard, and our entire line of Millinery Goods all go at half price, beginning Saturday, June 12th, and ending Saturday, June 19th, each each morning beginning strictly at 9 o'clock and closing at 9:30, sale lasting for 30 minutes only, each morning. You can't afford to miss this opportunity.

OUR AD. READER

We await your order and we know you will like our service, price and quality. If courteous treatment and fair dealing really counts, we will guarantee to please you. We know you, and your name is on our mailing list. We are personally interested in your success and prosperity. We can't meet you all face to face, but Uncle Sam is our mutual friend and we can talk to you through him. In the opportunities and prices we offer to you through Uncle Sam from time to time, our sole aim and purpose in writing these letters or ads. is to convince you that in justice to your own interests you should take time during this sale to look over our list of bargains. We want to make everyone in this community know how strongly we desire their patronage. We have never before made such liberal offers and such opportunity for you to secure such values as we are now offering. We wish to impress the thought on every being within reach of us—we want your trade and believe that you will buy and supply your entire wants from the special sales that we are putting on week after week. The opportunity is before you, the styles are most select, the qualities are guaranteed, the values are greater than any offer that will be made you. To look elsewhere is a waste of time, to buy elsewhere is a waste of money. Your trade we must have and we believe you, will give it to us, for we have the goods and offer to you quality, quantity and price. Read all of our ads. each week, post yourself, whether you buy from us or not.

W. L. Edmondson & Co.

COLORADO AND LORAINE

COLORADO, TEXAS, JUNE 11, 1915.

NEWS IN BRIEF.

Reports from several sections are of 75 to 90 bushels of oats to the acre.

A Warsaw newspaper reports the number of homeless Jews in Russia increasing. Already there are more than 100,000.

It is officially announced that the Italian government has confiscated fifty-seven Austrian and German ships, which are valued at \$20,000,000.

British authorities in Mexico City are arranging to take foreigners by horseback and automobile to points where train service may be had to Vera Cruz.

There is intense excitement in the Strawn field over the discovery of a gas flow of over 7,000,000 cubic feet on the smart ranch a few miles west of that city.

A stampede of wild cattle, last week ripped away a trocha of barbed wire entanglements and enabled the Italians to carry a strong position against the Austrians.

The Ford Motor company announced on the 4th, that it has increased its authorized capital from \$2,000,000 to \$100,000,000 and has declared a stock dividend of \$18,000,000, payable July 1.

It costs \$30,000 annually to support John Jacob Astor, aged 3 years, the posthumous child of John Jacob Astor, who lost his life on the Titanic, according to the court records.

With the season about half over, the Orient road has carried 283 carloads of sheep to northern markets, from the section along its line. Fully as many more are expected to be shipped.

The drill at the well of the San Angelo Oil and Gas Company, operating 4 miles north of that city, has gone down 1975 feet. The drillers report an encouraging log every day.

Wichita, (Kan.) has solved the vacant lot weed question by planting all the vacant lots in alfalfa. More than 2000 tons of good hay have already been cut from the vacant lots in that city, which represents a goodly sum.

The Holland Telegraaf states that, according to German casualty lists, Prussian losses alone have reached a total of 1,388,000. Recent casualty lists contain the names of 56 airmen, of whom 11 were killed, 35 wounded and 12 missing.

Ambassador Gerard said that reports that the American embassy had warned Americans to leave Germany immediately was attributable to the Embassy's standing advice that the European war zone was not a desirable place for Americans.

The Petit Parisien says it has been informed the government will introduce a bill prohibiting absolutely the manufacture, sale and transportation of all alcoholic drinks during the progress of the war. Even beverages containing a slight proportion of alcohol, it is understood, will be prohibited.

President Wilson agreed with Secretary Daniels that it would be unwise to send the Atlantic fleet through the Panama Canal in July as it had been planned. The condition of the canal slides is given as the cause. It is to be supposed from this, that the fleet will therefore not make the trip through the canal.

Sharp opposition to the Texas Warehouse law has been expressed by the Texas Ginners' Association. In a discussion, President H. L. Quinus of Waco said that the ginners would soon decide whether they would try to fly boldly in the face of the government of Texas and its laws. The ginners say the law is unreasonable.

The wheat and oat crops of the Pan handle are reported heavier and of better quality than ever before known in that section. In Gray county alone nearly 100,000 acres have been planted to wheat and the yield is far above the average. Some damage was done the grain crops last week by the rain and wind in North Texas. The greatest problem now is getting harvest hands to save the grain.

A check for \$65,000,000, said to be the largest ever drawn in this country, was on deposit one day last week, to the credit of the Pennsylvania Railroad Company. It was drawn by Kuhn, Loeb & Co., in payment for general mortgage 4 1/2 per cent bonds issued by the railroad company and sold on public subscription after being underwritten by a syndicate from the bankers.

A golf game now and then permits an eminent official to give expression to his feelings in a way that is emphatic and yet discreetly impersonal.

It certainly is patriotic in that California volcano to resume activity while the exposition is in progress.

Palm Beach suite \$5.75 to \$6.95 at Coughran Bros.

APPRECIATION.

C was once a very prosperous Western town, with mule-traction railway, redlight district, an average of two wealthy cattle men to the block, open saloons, credit running into the thousands at the drygoods and grocery stores, and wagons of ranch supplies traveling from fifty of three hundred miles. Everything seemed in prosperous condition except the depot. This small edifice had had all the time and money spent on the ornate roof and yards of fancy scrology. Agent W had been one of the first inhabitants and when the population had attained the five thousand mark he wrote the directors of the railroad and told them in a very gentlemanly manner that C was in need of a new passenger depot. Said directors promised to look into the matter and feeling that the promise would insure silence on that subject for awhile, promptly forgot it.

Just a year from the date of the request came a similar one from the same source. The town, it seemed, was prospering and the people were ashamed of their depot. One tough old cow man who generally came home from marketing his cattle in a shabby, wild eyed condition, always managed to fall off the train just before it drew into the station, declaring he was ashamed to alight at such a pigeon house after he had saw Kansas City and Saint Louis.

After the fifteenth annual letter had been received by the directors, all written in the same style and signed by the same agent, they began to discuss the probability of this added expense. They notified the Agent of their willingness to do something for his town in the way of putting up an elaborate structure amid magnificent surroundings. The country was soon discussing the marked improvement a new building would make and how they would enjoy the conveniences of modern waiting and check room. But each year only revived the waning hopes of the year before and cattle men seeing the farmer usurping privileges hitherto accorded only to the old-timers, rounded up their herds and as much of their neighbor's as they could get away with; sold their homes and hid 'to Fohrt Wurt' or San Tone to bask in luxury and an up to date 'depo.' Too many people given to walking for their health and a young and mischievous cyclone tore up the street railway, and a flaming

STOMACH TROUBLE FOR FIVE YEARS

Majority of Friends Thought Mr. Hughes Would Die, But One Helped Him to Recovery.

Pomeroyton, Ky.—In interesting advices from this place, Mr. A. J. Hughes writes as follows: "I was down with stomach trouble for five (5) years, and would have sick headache so bad, at times, that I thought surely I would die. I tried different treatments, but they did not seem to do me any good. I got so bad, I could not eat or sleep, and all my friends, except one, thought I would die. He advised me to try Thedford's Black-Draught, and quit

taking other medicines. I decided to take his advice, although I did not have any confidence in it.

I have now been taking Black-Draught for three months, and it has cured me—haven't had those awful sick headaches since I began using it.

I am so thankful for what Black-Draught has done for me."

Thedford's Black-Draught has been found a very valuable medicine for derangements of the stomach and liver. It is composed of pure, vegetable herbs, contains no dangerous ingredients, and acts gently, yet surely. It can be freely used by young and old, and should be kept in every family chest.

Get a package today. Only a quarter.

sword in the hands of an angel disguised as Prohibition, drove the saloons and their mistresses out hand in hand. The stores sent out monthly bills and had their book-keepers inform himself in the art of mortgages and suits. The big cattlemen were getting out and the little farmer had forgotten to insure himself against drouth, and boll-weevil. Practice is a great help to prosperity, though, and by learning to utilize the scant rainfall, conditions began to improve for the farmer. Ellwood noticed a gradual but firm rise in the sale of wire fencing and the congressman begun collecting new names of West Texas farmers as victims of the free seed plague. Prosperity who had tripped so lightly away now came slipping back. Smiling and apologetic, during all times, both hard and soft, the yearly letter went its way and followed its kinsmen to the waste basket. Finally the directors were aroused. The stamps and stationery belonged to the company and they had begun to see in that regular letter an endless expense, and promptly decided to build the depot. Ground was cleared, rock hauled,

sand sifted and a big sign painted showing the exact elevation of the town, likewise acting as an attraction to people with weak lungs and a love for roughing it. The building was finally completed and the pride felt in showing it to strangers was well merited.

Sometimes during the discussion the agent would be mentioned, "Has he been here long?" would question the stranger. "Oh, yes, he's been here all his life, but don't take any interest in the building or his work therein. Why, if you ask him the price of a ticket to L— (ten miles away) he has to get down a big book and hunt it up.

—Communicated.

The Mayor of New York who went west to shoot bears did not succeed in catching one. He ought to go back to the Wall street burg and try his luck nearer home.

Anybody desiring any information concerning the new musical hit "Shadowland," just ask Prof. Scheff at Shadowland Theatre.

Sweetwater AND Colorado Dry Goods Co.

Lasker Block

Colorado, Tex.

The cost of war to the French government to date is estimated at \$4,800,000,000. This does not include the value of property destroyed by the invading armies.

THE TEXAS PRISON SYSTEM.

There appears to be something radically wrong in the vicinity of the Texas prison system.

Two years ago a legislative appropriation of more than \$1,000,000 was made with the expectation that it would put the Texas penitentiaries on their feet financially.

Now, another appropriation of approximately \$1,000,000 is asked to again square the penitentiary system, and this seems to indicate the penitentiaries are running behind to the extent of half a million dollars annually.

Who is responsible for this condition of affairs?

Governor Ferguson has issued a public proclamation removing W. O. Stamps one of the prison commissioners, from office. He charges the removed man with "malfeasance and non-feasance in office." Who is responsible for putting the Texas prison system in the hole to the extent of more than \$2,000,000 in four years?

In the existing deficit it is noticeable that the state owes more than \$225,000 for bacon, used to feed the convicts, when the state operates big prison farms with convict labor, and should raise thousands of bushels of corn annually.

Why does not the penitentiary management produce sufficient bacon every year to feed its convicts? Why not produce more hogs and corn and less cotton? Why not utilize the army of state convicts in making the penitentiary self sustaining, instead of a constant drain on the taxpayers of the state? Why not put business men in charge of the situation and cut out all the incompetents, from top to bottom?

The list of articles furnished the state penitentiary for which the state is now owing embraces few things that could not be produced by the penitentiary system. Why spend thousands of dollars for mules every year, for instance, when mules can be produced on the prison farms? Why take money from the honest men of Texas in such quantities to support the criminal element of the state?

The people of Texas are growing weary of penitentiary conditions, and unless there is something speedily done to remedy the situation, it is going to become one of the dominant issues in state politics. There is a general belief there is something dead up the creek.—El Paso Times.

President Wilson in addressing the Pan-American Conference, electrified the audience when he declared that if "private capital does not provide an adequate merchant marine and provide it quickly the United States government must." The great empire of Germany which could be set on the state of Texas and then would not cover it by fifty-five thousand square miles, has, by its enormous merchant marine maintained a population of about seventy million people. Great Britain has only one hundred and twenty-one thousand square miles, so it is not half as large as Texas and it has the largest export trade of any nation on earth, larger than either the United States or Germany, which is maintained by her enormous exports through her merchant marine.

Baseball may have been designed to make town people worry about the weather.

The women need only the opportunity to prove their fitness for all the places and duties heretofore monopolized by man. In Colorado state politics they demonstrated their aptitude at manipulating elections and persuading the reluctant voter with the current coin of the realm. In the great Suffragist convention held in Chicago this week, the president, Dr. Anna Howard Shaw and Mrs. Youmans of Ohio, locked horns in true hustling style and sparks flew from the clash of verbal swords. The steam roller was used in veritable democratic style.

Mitchell county never was in a more flourishing, prosperous and promising condition. We are right now in the midst of harvesting a big oats crop and in a few weeks all hands will be busy gathering one of the largest fruit crops the county has ever raised. In the mean time corn, feed and cotton is coming on.—Come to Mitchell county.

In a ruling on the property of the Masonic lodge and the Pythian Widows and Orphans' home at Weatherford, Attorney General Looney held that their taxes are delinquent, and must be paid. Previously it had been held that fraternal orders performing benevolent works and deriving no revenue from their property, did not have to pay taxes on it.

Senator McNealus is a very original Irishman. He now proposes to solve the re-districting proposition by abolishing all the congressional districts, and having eighteen, instead of two, congressmen at large from Texas. That would be a deserved punishment for those members of the legislature who have blocked a fair re-districting bill in the hope of profiting thereby themselves, but it would be very hard on the state.—Waco Morning News.

Personal liberty is the shibboleth of the disturber who plants the seeds of discontent with every effort made to lead men to better things by the road of law and the self-restraint which law must impose. Let us beware of such disturbers who lead nations, as well as individuals, into all manner of lawlessness. It will be well for us if we recognize the spirit that moves the advocates of false freedom. Religion, morality, civilization, education, culture in its broadest and narrowest sense, every influence that makes for the uplifting of the race, spells self-restraint. The cry of untamed individualism is more dangerous in the midst of established society than it is in the forests and wild haunts of the free savage. We do not deny that personal rights may sometimes be invaded by rash legislation. We do maintain, however, that the rights must be made clear before the invasion of them is mooted. We do also maintain that even the rights of the individual must yield to the higher rights of society. Every step which civilization takes is marked by law. We must uphold the law and insist upon the higher truth that restraint under the law is the highest liberty and the only security for abiding peace among men.—Ex.

A BIT OF PHILOSOPHY
FROM
THE BEST IS GOOD ENOUGH
BY
JAMES WHITCOMB RILEY

I quarrel not with
Destiny,
But make the best of
everything -
The best is good enough
for me.

Leave Discontent alone, and she
Will shut her mouth and let you sing
I quarrel not with Destiny.

I take some things, or let 'em be -
Good gold has always got the ring;
The best is good enough for me.

Since Fate insists on secrecy,
I have no arguments to bring -
I quarrel not with Destiny.

One only knows our needs, and He
Does all of the distributing.
I quarrel not with Destiny:
The best is good enough for me.

ENTERTAINMENT FOR THE BRIDE-ELECT.

Last Wednesday Miss Eleanor Coleman entertained with a three course luncheon, honoring Miss Doss, the bride of the week. Covers were laid for ten. The table was beautifully decorated with poppies and the places were found by heart shaped sachet bags with the guests' initials, while the one for the honoree had her full name embroidered. Those enjoying this dainty affair were Mrs. Van Tuyl, Misses Elsie Hooper, Eleanor Coleman, Louisa Roe, Byrd Adams, Myrtle Maddin, Juanita Shropshire, Sarah Murry of Coleman, the bride-elect and hostess. After luncheon Miss Etta was presented with a lovely hand embroidered dresser scarf by the hostess.

On Thursday afternoon Mrs. J. H. Greene entertained the immediate friends of the bride and her neighbors with a sewing party. Each guest was asked to bring either her needle and thimble or crochet needle. When they arrived they were given both towels and bath cloths to embroider and crochet, and the one that finished the quickest, and did their work the neatest, was awarded a prize. The distinction fell to the honoree, and she was presented a pair of silk hose, as well as the articles worked on by the guests. A dainty ice course was served by the hostess to complete this enjoyable affair.

On Friday morning Mrs. M. K. Jackson gave a travel party at her home. The guests, who had been previously notified, brought articles that were almost completed, for the traveling bag, and put the finishing touches on them at that time. After these were completed the hostess furnished a contest of pie names of articles in a traveling case, and while they were busy solving them, she gathered these completed articles in one large package and put them on the dining table. After the prize of a handsome towel was awarded to Mrs. J. L. Allen for guessing the most names, Mrs. Robert Taylor escorted the bride to the dining room and presented her this package. It was a complete surprise and delight to her to be thus honored, for in it was every necessary article, both dainty and pretty, for her traveling case. After this the guests were seated at small tables decorated with cut flowers, and served a dainty two course luncheon of salad, sandwiches, potato chips, olives, ice tea, ice cream and two kinds of delicious cake.

Again on Saturday Mrs. Royall G. Smith entertained a few friends, honoring the bride-elect, with a luncheon. This was a dainty affair which will be held in sacred memory, as will all af-

fairs given in her honor, by this Colorado girl, as she makes her home and new friends in a distant city.

HOME WEDDING.

Another Colorado Girl to Make Her Home in a Distant City.

Tuesday morning at 7:15, at the home of the bride's parents, Mr. and Mrs. W. L. Doss, Mr. Robert Motley and Miss Etta Doss were united in marriage, Rev. R. A. Clements, pastor of the M. E. Church, officiating. The ring ceremony was used.

As the hour arrived Loenghrin's Bridal Chorus was sung, with Miss Murry as accompanist, by Mesdames Royall G. Smith, Oscar Majors, Misses Myrtle Maddin, Louisa Roe, Eleanor Coleman and Eleanor Van Tuyl, dressed in white and carrying bouquets of ivy and roses. They marched as they sang, from Mrs. Doss' room through the library into the parlor, through an aisle formed of white ribbon, which was unrolled by little Misses Virginia Stoneroad and Nell Harper Greene. Following came the bride and groom, and paused when they reached the double doors between the parlor and library, where a beautiful arch was formed of smilax and ivy, from which was suspended a wreath of lilies of the valley, tied with a bow of moline. Here the attendants divided, standing three on a side, and formed an aisle from the parlor, through which the minister walked, and faced the couple, and pronounced the solemn words that made them man and wife.

Immediately after the ceremony, refreshments of hot coffee, ice cream and cake, were served by the bride's Sunday school class of girls, assisted by some of the Hesperian club ladies.

Mr. and Mrs. Doss were also assisted in entertaining by Mrs. M. K. Jackson, and Mrs. Van Tuyl, who received the guests; Mrs. J. H. Greene and Mrs. Smoot, who presided at the bride's cake; Mrs. Maddin and Mrs. R. A. Taylor, who had charge of the bride's book on the porch. Mesdames Henry and John Doss had charge of the bride's gifts.

The bride looked lovely in a coat suit of battleship gray, with accessories to match, and carried a shower bouquet of bride's roses and lilies of the valley.

Miss Doss is the only daughter of Mr. and Mrs. W. L. Doss, was born and reared here. Her mother came here as a bride, twenty-eight years ago. She is a graduate of Colorado high school and was also a student at Kidd-Key. She was an active member of the Hesperian club, and is loved by all who know her. By education and her active interest in public and social affairs, she is thoroughly competent to be the helpmeet in whatever sphere

her husband may be called upon to fill. The groom is a young business man of Marshall, being cashier of a bank in that city.

Mr. and Mrs. Motley left on the morning east bound train amidst a shower of rice, and with the good wishes of all. They will make a short stay in Dallas and then go on to their home at Marshall.

The brides gifts to her attendants were collar pins with June 9th engraved on them, and to the ribbon bearers little ivory stick fans.

The out of town guests were Mrs. Ramsdell of Oklahoma City, Miss Sarah Murry of Coleman and Mrs. R. A. Taylor of Marshall.

NORTHWEST TEXAS CONFERENCE

The Northwest Texas Conference met in annual session last week in Memphis, Texas. Mrs. J. G. Merritt, First Vice-president, and Mrs. R. A. Clements of this place were present. Both report a delightful meeting. Among the speakers present were Miss Laura Edwards, missionary from Korea, who is home on a furlough; and Dr. Carrie Weaver Smith, of the Virginia Johnson Home. After one of Miss Edwards' talks on the needs of Korea and other Oriental lands, three of the Memphis young ladies offered themselves for the work.

There was a reception, drive over the city and lunch served on the court house lawn, while the band played.

Hereford, Sweetwater and Abilene asked for the meeting next year, and Sweetwater was found to be successful when the votes were counted. So Colorado Methodists can attend next year in a body.

Mrs. J. B. Smith of Sagerton was made president, and Mrs. Ben Hardy of Seymour, given Social Service work which Mrs. Smith had previously had. No other changes were made.

TEACHERS FOR NEXT YEAR.

The board of trustees of the city public schools completed the election of teachers last week, for the ensuing year. The personnel of the faculty will be as follows. C. D. Judd, Superintendent; Mr. Parks, Principal, and mathematics and German; Miss Poe, English and Latin; Miss Pattie Richardson, 7th grade; Miss McEntire, 5th grade; Miss Ruby Campbell, 4th grade; Miss Lillie Mae Boren, 3rd grade; Mrs. C. D. Judd, primary. Miss Johnnie Collins was elected to the 6th grade, but a letter from her this week contained her resignation. The teacher for the colored school has not yet been selected.

MISSION AND AID STUDY.

After the regular business of the Mission and Aid Study of the Baptist church last week, the ladies decided to have a special meeting for the Phenix Sanitarium in June, instead of the Baptist Memorial Sanitarium at Dallas, as is their custom. The meeting will be held in the new home of Mrs. J. R. Sheppard on June 17th and every Baptist lady is urged to be there.

U. D. C. PROGRAM.

For June 14th at Mrs. Allen Soap-er's residence.

Subject—Mississippi—What contribution did she make to the Confederacy?

Roll call—Name of hero of the 60s who was from Mississippi.

Paper—Home life of Jefferson Davis after the war.—Mrs. Reese.

Reading—"Land of the South"—Mrs. J. B. Annis.

A sketch of Beauvoir.—Mrs. V. W. Allen.

President Jefferson Davis on the battlefield.—Mrs. Jno. Doss.

"Christmas in the Quarters."—Miss Jo Dry.

Questions:—Jefferson Davis vs. Abraham Lincoln. Contrast in home influence, education and personal appearance. Contrast as to peculiarities, friendships and political aspirations. Traits of character contrasted. Contrast the death of the two men. Reason for Lincoln's assassination. What became of John Wilkes Booth? Where are the two presidents buried? What monuments have been erected to them? Is it true to history to say Lincoln is the greatest of all Americans? Compare Lincoln with Robert E. Lee and other great men of the South.

AUXILIARY TO C. W. B. M.

Mrs. Porter was hostess for the Auxiliary to C. W. B. M. last week. A very interesting program was given on the Mountain Work. The roll call was to tell something of our mountain schools. Mrs. Beckner had an interesting and instructive paper on "The Mountain People." After the program the following officers were elected for the year:

Mrs. W. W. Porter, President.
Mrs. Eugene Pond, Vice-president.
Mrs. Broadus, Secretary.
Mrs. C. T. Harness, Treasurer.
Mrs. Day Gager of Stephenville and Mrs. Eula Biggers of Lubbock were

guests. Delicious orange ice and cake were served at the social hour. The July meeting is with Mrs. Pond.

MARRIED.

Mr. R. Y. Roper and Miss Elsie Charlotte Dolcater, were married Monday afternoon at the Barcroft hotel by Rev. Guy B. Duff. Mr. Roper lives on the Thompson ranch, while Miss Dolcater came from California and was met at Fort Worth by Mr. Roper, coming to Colorado to be married. They will be at home at the Thompson ranch.

SUNDAY SCHOOL LAWN PARTY.

The Baptist Sunday school enjoyed their annual lawn party on the court house lawn Tuesday evening. Under the direction of the faithful superintendent, Mr. J. H. Greene, the lawn had been freshly clipped and lighted, and chairs from all departments, arranged to suit the comfort and conveniences of the crowd. Those in charge of the refreshments had every thing properly arranged and a very pleasant evening was enjoyed by big little, old and young. A liberal portion of ice cream and home made cake were served to nearly three hundred people. This annual social gathering is enjoyed by both teachers and pupils, and looked forward to from June to June. Never was there a more faithful set of officers and teachers, and none more interested in both work and play with their pupils.

Grady, I. T., Nov. 29, 1898.

Dear Sir:—About eleven months ago I was taken by something I thought to be rheumatism, and lost the use of one leg. I consulted physicians; they told me it was incurable and advised me to have the leg amputated. Unwilling to part with my leg, I commenced using medicines advertised for the above disease, all to no effect; but after taking two bottles of McCrosky's Tonic you left with W. C. Sappington for me, my health was greatly improved, and after taking the third bottle I am able to walk without my crutches. You may use this if you see fit. Anyone doubting this can write to me and I will answer them, provided a stamp for postage is inclosed.

S. W. McLELAND.

For Sale By W. L. Doss.

Stop lifting, buy our Block Tin Churn.—Colorado Mercantile Co.

Dr. Price's
CREAM
BAKING POWDER

For sixty years Dr. Price's Cream Baking Powder has been the standby of countless housekeepers who have relied upon it for healthful, home-baked food.

Dr. Price's contains no alum or lime phosphate. There is never any question about the absolute purity and healthfulness of the food it raises.

REMEMBERED HER TEACHER.

Early this week, Miss Lottie Neal, who was a music pupil of Miss Lela Whipkey, sent her teacher a box of luscious blackberries, the first of the season. Miss Lela was not here to get them but her mother enjoyed them and wrote her about it. Mr. Neal has about 400 gallons of berries, and is filling orders as rapidly as he can have them harvested.

HOUSE PARTY.

Miss Looney has as her house party guests this week Miss Ione Dulaney of Sweetwater, Miss Lois Prude and Messrs W. G. Frazier, J. M. Mills, and Henry Shea, who motored from San Antonio. This jolly crowd are dividing their time at the ranch and the hospitable home in town.

COMMITTEE MEETING.

At the call of the chairman, J. L. Doss, the committee which was appointed at the mass meeting to devise ways and means to assist in the Phenix Sanitarium met at the office of Judge J. L. Shepherd Wednesday afternoon. The committee was divided and instructed to make a canvass of the entire county, and to give everybody an opportunity to have part in this public undertaking. Such institutions are usually built by the masses and will come, not by large amounts from few persons, but by small amounts from many; each individual sharing his part of the undertaking. J. H. Greene was made trustee, and the meeting adjourned, subject to the call of the chairman.

LORAIN NEWS ITEMS.

Mr. Oden Griffin has given up his work for the Loraine Telephone exchange and accepted one at Westbrook. Mrs. Chattie White Crumble will take Mr. Griffin's place on the Telephone exchange, as night operator. Mr. C. G. Alford and family have returned from Tahoka, where they made an overland trip, with a view of locating, but have decided Loraine is the best place and will remain here. Mr. I. W. Baker is sick this week and suffering with a lame back, caused by heavy lifting in his work on the lumber yard. Miss Elizabeth Meushaw was up Saturday from Champion. Prof. J. S. Rives and family arrived Friday from Valley Mills, where they have been for the past nine months. Dr. Chambers of Bronte was a guest in the J. D. Norman home from Friday to Monday. Miss Lucille Henthorne of Colorado visited her grandparents over Sunday. Mr. and Mrs. Arlie Martin are rejoicing over the birth of a son, who arrived on the 4th. Misses Jimmie Allen, Grace Burrus and Rena Black, left Monday for Cisco to enter Britton's Training school where they will prepare themselves for higher work for the next term at school here. Miss Marie Coffee has returned from a visit at Albany. She was accompanied home by her cousin, little Miss Elizabeth Coffee. Miss Belle Gandy enjoyed a visit of four of her pupils of the Lowe community this week, Delmar, Elmer, Eula and Lilee Lowe. Mrs. J. T. Elliott of North Champion is the guest of her daughter, Mrs. Arlie Martin. Miss Nola Baird is enjoying a vacation from her work at the Loraine Merc. Co. Mr. James Wells of Eskota was a Sunday visitor.

TO PUT ON needed flesh no matter how you've lost it, take Dr. Pierce's Golden Medical Discovery. It works wonders. By restoring the normal action of the deranged organs and functions, it builds the flesh up to a safe and healthy standard and promptly, pleasantly and naturally. The weak, emaciated, thin, pale and puny are made strong, plump, round, rosy, and robust. Nothing so effective as a strength-restorer and flesh-maker is known to medical science. Practically, in everything that's claimed for the "Discovery"—in purifying the blood, and building up the flesh and strength—it never fails to benefit or cure. Mrs. HALLMAN, of No. 625 East Richard Street, Sherman, Texas, says: "I am glad to say I have used Dr. Pierce's Golden Medical Discovery and found it to be a great help. I was under the doctor's care for one year. He said I had consumption and there was no chance for me, but one bottle of Golden Medical Discovery cured me sound and well."

Mrs. M. E. Whorton of Roscoe, is the guest of her daughter, Mrs. W. F. Altman. The Roscoe Senior Class of the high school came over Thursday and put on the play "Broken Vows," which was laughable and interesting from first to last. On account of other entertainments in town on that night it was not as well attended as might have been. But all who attended enjoyed the play and pronounced it good for home talent. Miss Ethel Gregg entertained a few couples of her friends on Thursday evening in her charming and delightful manner. It is needless to say that all spent a good time for one is always assured of that when invited to Miss Ethel's. Mr. and Mrs. Jackson enjoyed a family reunion at the home of their daughter, Mrs. R. E. Bennett, west of town, on Sunday. All their children and families were present, which were Mr. Earl Jackson and family of Colorado, Mr. Ernest Phillips and family of Abilene, Mr. R. E. Bennett and family, aside from these Mrs. Avery of Colorado and Miss Lena Reese of Abilene were present. The Jackson family is a very happy one, and hold their reunions quite often. Mr. Joe Jackson is back from Valley Mills, where he taught school the past term, and will spend part of his vacation here. Mr. James Dodson of Abilene was a Sunday visitor in the W. S. Thomas home. Mrs. Nance helped in Saturday's rush in Brown's store. Mr. and Mrs. S. D. Dunnahoo and children have returned from Austin. Mrs. H. H. Carroll and children left this week for Hilton to visit her parents. Mr. Will Coon and Miss Finley assisted in W. L. Edmondson's store Saturday. Messrs W. B. Thompson and T. R. Bennett and families enjoyed a few hours outing down on Champion Friday. Miss Martin of McCauley was the week end guest of Miss Ethel Gregg. Mr. and Mrs. A. C. Pratt and children attended the marriage of Mrs. Pratt's sister, Miss Blanche McMurray to Mr. I. W. Hughes, at Roscoe, on Monday evening. Miss McMurray is well known here and has many friends who will be pleased to know of her marriage and wish her well. Mr. Pope Whorton and niece, Miss Maurine of Roscoe motored over for a few hours Wednesday and accompanied Mrs. M. E. Whorton back, who was visiting here. Mr. Clarence Roland is here this week visiting his brother. Messrs Allen of Colorado and S. W. Altman purchased some cotton this week, both here, and at Hermleigh. Mr. Will Johnson of Bisbee Arizona, the guest of Mr. Grady McRea. Invitations are out to the marriage of Miss Grace Oma Baker to Mr. Joseph Samuel Jackson, on the even-

ing of June 16th, at the home of her parents, Mr. and Mrs. J. M. Baker. This young couple are well known here and throughout the county, and their approaching marriage will be one of interest. Mr. C. E. Neely and Miss Ruth Kirk motored over to Roscoe Wednesday and visited his parents. Mrs. Jaylie Morris of Sweetwater is a guest in the Lindsey home. Mr. Jim Johnson has returned from a big hunting and fishing trip on Devil's river and has many stories to relate. Last Saturday morning J. D. Norman and Ernest Staton were riding on Mr. Norman's bicycle and Ernest was in front. They were speeding at a rapid rate when Ernest's foot caught in the front wheel, causing them to fall and each sustained bad cuts and injuries. Mr. Norman was hurt the worst, as he was rendered unconscious for several hours, and is yet quite sick; however, hopes are entertained for his recovery unless some other complication sets up. Mr. Staton is up and about again. Mr. C. M. Black made a business trip to Cisco Sunday. Mr. J. M. Bruce and family visited in the Valleyview neighborhood Saturday and Sunday. Mrs. Haynes Wimberly of Colorado was the guest of Mrs. C. M. Black over Sunday. Dr. Wilkins of Ft. Worth is here on professional business and the guest of Drs. Copeland. Miss Ruby Campbell of Colorado is the guest of Mrs. J. N. Campbell. Miss Lettie Miller is home from Abilene for the summer. Mr. J. D. Rives of Holdenville, Okla., is the guest of his son Prof. J. Stone Rives. Mr. C. A. Land received a message this week from Dalhart stating that his daughter, Miss Maude, is seriously ill at the home of her sister, Mrs. Fred Hall. Messrs Hubert Toler, W. F. Altman and T. R. Bennett motored to Roscoe a few hours Tuesday. Mr. John Mahon returned from Dallas Thursday where he has been in school for the past months. Under the able management of Mrs. Erwin and Mr. Wilson, the postoffice for the year ending March 31, has increased in receipts, and thereby been raised a grade higher. Miss Gilbert Cone of Dallas, is the guest of her sister Mrs. D. C. McRea. Capt. R. H. Watlington and Mrs. Looby and children, enjoyed a visit to Mr. Gene Watlington on Tuesday, out at Lone Wolf. Mr. M. D. Cranfill has installed a new gasoline pump to his new well and is preparing to irrigate garden, and yard, and have a pretty home in a short while. Mrs. M. L. Mullin visited in Colorado the earlier part of the week.

CITROLAX C I T R O L A X Best thing for constipation, sour stomach, lazy liver and sluggish bowels. Stops a sick headache almost at once. Gives a most thorough and satisfactory flushing—no pain, no nausea. Keeps your system cleansed, sweet and wholesome. Ask for Citrolax.—Sold by W. L. Doss.

THE BASEBALL NEWS. A visitor from a foreign land who buys a newspaper in any city having a major league ball team, must be surprised to see the amount of space given to baseball. The European war is called the most sensational tragic event of purely human origin since the world began. Yet the metropolitan newspaper, with all its facilities for reporting this epochal news, usually gives more space day by day to the ball games. To the average man, the big figures of the diamond, Johnson, Connie Mack, Mathewson, etc., seem quite as interesting heroes as Generals Joffre or Hindenburg. He will read the headlines to get the war news. But the exploits of his favorite batters and pitchers must be studied in every inning. The moralist may say that this absorption in a game tends to dull the interest of men in the more serious concerns of life, and that the man who spends his time pouring over box scores is usually not well informed on matters of human progress and public affairs. But a keen interest of this kind is the solace for many troubles. The man who follows the ball scores intently is rarely an anarchist or a misanthrope, and he finds diversion for many otherwise dull hours.—Winfield Courier.

WHEAT CROP IS BREAKING ALL RECORDS. The greatest wheat crop the country ever has known is in prospect for the coming harvest. In its forecast, based on the condition of winter and spring wheat on June 1, the federal crop reporting board places the prospective wheat crop at 950,000,000 bushels, which would exceed last year's record crop by 59,000,000 bushels. With continued good growing conditions, the crop may reach a billion bushels.

Advertisement for Texaco Lubricant. Features a large illustration of a dinosaur. Text: 'Ages and ages ago this huge beast, the Dinosaur, roamed the earth. He took up a great deal of room and consumed too much food. He could not meet changing conditions and so passed away. That ability to note changing conditions is the secret of permanency and success. You can see it in our business. We owe a great part of our steadily growing sales and the permanency with which customers stand by us, to our ability to meet conditions. Careful study of mechanical features and improvements keeps us in a position where we can supply you with a TEXACO LUBRICANT which is the right oil for the right place, at any time. If you are using heavy, slow moving machinery, we have a sturdy lubricant to reduce the friction and save wear. If you are using superheated steam, we have a Texaco Cylinder Oil intended for just that service. If your machines are exposed to cold, we can meet THAT difficulty, and so on through an endless list of requirements. Try any one—or, better yet—the line of Texaco Engine and Machine Oils, Texaco Cylinder Oils, and Texaco Greases. You will see why our business keeps growing. Order from our Agents For Texaco Service The Texas Company General Offices, Houston, Texas'

BULGARIA AND ROUMANIA READY TO ENTER WAR. Late dispatches from both London and Paris, based upon authentic information obtained in Sofia and Bucharest, indicate that Bulgaria and Roumania will soon enter the European war on the side of the allies, the former by attacking Turkey and the latter by invading Austria-Hungary. These advices are to the effect that the causes of previous strained relations between Bulgaria and Roumania have been removed, the former obtaining territorial grants in Drobudja from the latter. Negotiations between Roumania and Prussia over the lines of the Pruth and of Banat are said to be virtually complete. If Russia accepts Roumania's proposal the latter country is declared to be ready to begin hostilities without delay. Drobudja is a part of Roumania bounded on the east by the Black Sea and on the north and west by the Danube. Its area is about 4000 square miles. It was detached from Bulgaria in 1878. The Pruth river forms the boundary line between the Russian territory of Bessarabia and Moldavia, part of Roumania. Banat is a region in Southern Hungary bordering on the east of Roumania and on the south on Serbia. It is one of the most fertile districts of Europe. The chief town is Temesvar.

FINE JACK FOR SALE. We have a 3-year-old Black Monmouth Jack, registered. Took blue ribbon at Dallas Fair, 1913. Good worker, and shows extra good colts. Will sell at a Bargain for cash or will trade for cattle. Also a few 2-year-old Jersey Heifers fresh with calf. WOMACK BRO'S Cuthbert, Texas

Burton-Lingo Co. LUMBER AND WIRE. See us about your next bill of lumber, we can save you some money. Colorado, Texas.

FOR IMPAIRED APPETITE. To improve the appetite and strengthen the digestion try a few doses of Chamberlain's Tablets. Mr. J. H. Seitz, of Detroit, Mich., says: "They restored my appetite when impaired, relieved me of a bloated feeling and caused a pleasant and satisfactory movement of the bowels." For sale by all dealers. At Waco two girls 13 and 15 years old, and three boys each 15 years old, are under arrest at that place, charged with having stolen two automobiles and established a camp on the Bosque river. Several weeks ago the same girls donned boy's clothing and attempted to ride a freight train out of town, but were caught and returned to their homes. Mexico may congratulate itself on the fact that its affairs are not of a kind that permits the introduction of submarine warfare.

COUNTY LINE SCHOOL CLOSES. Last Friday was closing day for the County Line school, of which Mr. J. W. Kay and Miss Fannie Farmer were the successful teachers. After a spelling match in the morning, a program of songs and speeches in the afternoon, the children were liberally treated to candy, fruit and ice cold lemonade by the teachers. This school is located in a progressive and up to date community and is composed of as bright pupils as is found anywhere. The citizens expect to build a new building before another term, as they realize their children deserve the best. An American citizen of foreign family may have his natural sympathies without letting them interfere with his proper allegiance.

This is the Life. you'll live and thoroughly enjoy in the cool lake regions of Minnesota, Wisconsin and Michigan. Try it this summer. Radium Used to Promote Plant Growth.
 Some of the remarkable properties of radium are being demonstrated by an exhibitor in the Liberal Arts building at the Panama-Pacific International Exposition, San Francisco, in connection with a new invention making possible the radiofying of water for medicinal purposes.
 Demonstrating the power of this mineral promoting metabolism a number of young plants, some existing with and some without the aid of radium, are shown. Those in the radioactive soils are seen to be growing much more rapidly than those in common soil, and to have a more healthy appearance.
 This inventor has found a process of impregnating terra cotta bricks with radium-bearing minerals, and these small bricks placed in water are said to give it remarkable curative properties. The porous bricks last almost indefinitely, losing only half their potency, it is estimated, in 1,800 years. Since the discovery of this mineral it has been found that many celebrated waters, as Carlsbad and Baden Baden, owe their health-giving properties to radium. The inventor claims that his process produces in ordinary waters the qualities of these famous springs.
 The radium ore used in the manufacture of radioactive terra cotta is known as carnotite, a formation found mainly in Colorado and Utah, and now producing three-fourths of the world's radium. The European mineral, known as pitchblende, from which the famous European springs are impregnated, is also displayed.

Most Rapid Photographs Ever Taken.
 The most remarkable set of speed photographs ever taken are a part of the war department's exhibit in Machinery Hall at the Panama-Pacific International Exposition, San Francisco. They are pictures of a shell from a 12-inch coast defense gun in flight, the set including the various phases of the flight beginning just as the great projectile pokes its nose out of the muzzle of the gun.
 The pictures were taken with a lens having an exposure period of one five-thousandth of a second, this being the fastest shutter ever manufactured. The exposure at the proper time in the flight of the projectile was made by breaking an electric circuit in a wire stretched across the trajectory at the desired point and connecting with the shutter.
 One picture shows the shell half-way out of the muzzle before any smoke and gas has escaped. Another was taken when the shell was two feet from the muzzle but hidden by a heavy ring of smoke. A third shows the shell in flight a hundred feet from the muzzle. The photographs are so perfect and the exposure so rapid that scarcely any blur is perceptible. They were taken at Fortress Monroe, Va., under the direction of Capt. F. J. Behl of the coast artillery corps and head of the department of enlisted specialists at the Coast Artillery school at Fortress Monroe.

NATIVE LIFE OF THE FAR PACIFIC.

The photograph shows the belle of the interesting Samoan village at the Panama-Pacific International Exposition at San Francisco. The structures in this village, comprising the native thatched huts of the Samoan, or as they were formerly called, the Navigator Islands, were brought intact from the native villages and are absolutely faithful in all their features. There are many native families living in the village who for the edification of visitors perform the aquatic feats in which the islanders excel, and dance the rhythmic native dances. The life of the people of the Pacific ocean is wonderfully illustrated at the Exposition, and of all the races none are more interesting than the Samoans who exhibit many traces of Aryan descent. No Exposition visitor should fail to see these unique tribespeople.

Whenever You Need a General Tonic Take Grove's
 Old Standard Grove's Tasteless Tonic is equally valuable as a General Tonic because it contains the well known tonic properties of QUININE and IRON. It acts on the Liver, Drives out Malaria, Enriches the Blood and Builds up the Whole System. 50 cents.

As for those costs in the Barnes case, the Colonel and the boss might split them fifty-fifty and reimburse themselves by adapting their act for the movies.
Mutual Movies Make Time Fly—See 'em at the opera house.

THE REAL SACRIFICE.

The firing of guns, the sound of martial music, and the display of braided uniforms, are calculated, just at this time, to cause the world to look on the men who wear the iron cross and other decorations, as the only heroes.
 But all the valor and courage and endurance are not heard or seen. But little account is taken of those who are left behind to suffer, to toil, and to endure an existence of apprehension and dread.
 We are told of the man who left his wife and children to join his colors in answer to his country's call. Patriotism must have swelled high in his bosom as he turned his face toward his native land and shouldered arms for the country that gave him birth.
 But there was nothing said of the little woman who was left behind with her children and her aged and decrepit mother. She was unaccustomed to the drudgery and the struggle of earning a livelihood. She went to the wash tub for she was a mother who had lived in her home, leading the domestic life of the woman of the class who knows only how to cook and sew and is familiar with nothing outside the routine of household affairs.
 The story ran that her slight strength was not sufficient to the ordeal. Her hands, unaccustomed to the washboard and the menial work of a drudge, were gnarled and knotted. Her frame soon was bent and weary.
 When she was found her mind had given way to the awful dread that only the woman who sends a loved one to the battle front can appreciate and understand. Her children were in tatters and the larder was empty. She had not complained, for she had lived a life of independence from all want and suffering, though her demands had been small.
 Somewhere in France, or Belgium, or Austria, or Russia, or Germany, there is a man who doubtless measures up to the standard of what his country demands of a good soldier. For some special hazard or sacrifice or deed of daring he may come out with a decoration, provided he is one of a hundred thousand to whom such opportunity comes.
 But the question arises, who is the greater hero? Who has given up most who has made the greater sacrifice? The world will never know of the woman's part, but it might be well to remember that for every man among the countless millions in the titanic struggle of today, there is a woman who is making a sacrifice. Who will say that it is not the greater sacrifice?—Nashville Banner.

HOW "TIZ" GLADDENS TIRED, ACHING FEET

"TIZ" Fixed My Sore, Swollen, Burning, Calloused Feet and Corns.

Ah! what relief. No more tired feet; no more burning feet; no more swollen, bad smelling, sweaty feet. No more pain in corns, callouses or bunions. No matter what ails your feet or what under the sun you've tried without getting relief, just use "TIZ."
 "TIZ" is the only remedy that draws out all the poisonous exudations which puff up the feet; "TIZ" is magical; "TIZ" is grand; "TIZ" will cure your foot troubles so you'll never limp or draw up your face in pain. Your shoes won't seem tight and your feet will never, never hurt or get sore, swollen or tired. Think of it, no more foot misery; no more burning corns, callouses or bunions.
 Get a 25 cent box at any drug store or department store, and get instant relief. Get a whole year's foot relief for only 25 cents. Think of it!

THE ROUTE IS NOW SIGNED.

The West Texas Air Line Highway Association, extending from Sweetwater to El Paso, running through the towns of Roscoe, Lorraine, Colorado, Big Spring, Stanton, Midland, Pecos, Van Horn and Sierra Blanco has begun the erection of road signs. These signs are steel plate, enamelled, blue background; part of the sign reads "Dallas" with an arrow pointing east, and others read "El Paso" with arrow pointing in that direction, and they all have the words "West Texas Air Line" in plain, clean letters. These signs are very attractive and durable; they are furnished by the B. F. Goodrich Co., Akron, Ohio.

FORD Owners STOP

the trouble of the hand-crank and the inconvenience of gas lamps by installing the compact Gray & Davis Starting-Lighting System on your new or used Ford Car.

This system is built by the pioneer producers of electric automobile equipment. Has the same simplicity and ruggedness of design as the Gray & Davis Systems supplied to leading cars in every price class.

Spins your motor by a light touch to a pedal. Floods the road with light by means of a simple switch.

Makes your Ford a **WHOLE-FAMILY** car driveable by any one of 15 or over.

Drive your Ford to us **TODAY** and see this system.

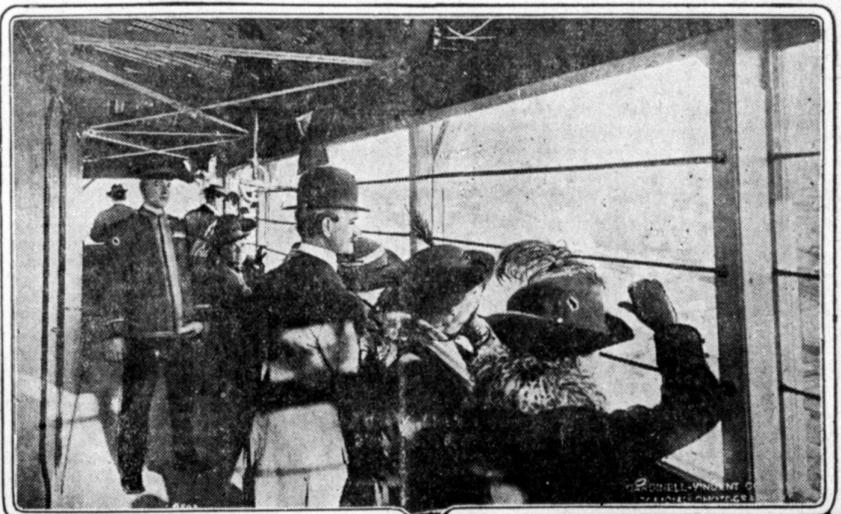

A. J. Herrington

System as supplied includes motor generator, 6-volt battery, enameled steel battery box, starting and lighting switches, regulator cut-out, all necessary wiring, chains and sprockets—

THE WONDERFUL AEROSCOPE, HIGHER THAN THE FERRIS WHEEL, GIVES VISITORS MARVELOUS VIEW OF THE WORLD'S GREATEST EXPOSITION

VISITORS ON THE AEROSCOPE 265 FEET ABOVE THE EARTH

THE GIANT FRAME OF THE AEROSCOPE AS IT APPEARED UNDER CONSTRUCTION

For the seeker of amusement there is opportunity a-plenty in the unique mechanical achievement, the Aeroscope, on "The Zone," at the Panama-Pacific International Exposition. The Aeroscope resembles a giant crane of a novel and intricate design, its steel construction recalling that of the Bascule bridge. At the extremity of the long arm of the crane is a two-story car with a seating capacity for 100 persons and standing room for 20 more. At the short end of the crane is a giant mass of concrete, which serves as a counter-balance for the long arm of the crane. Beneath the car are two great water tanks, which take on water or discharge it as passengers enter or leave the car, thus always preserving the balance to a nicety. When, for example, a man weighing 160 pounds enters the car an amount of water of equal weight is released from the tank, and when the passenger departs 160 pounds of water are automatically discharged into the tank below the car. The car ascends without perceptible motion, and perfect safety and a jarless ride of ten minutes is assured to passengers while enjoying this trip of 265 feet into the clouds, or four feet higher than the Ferris wheel. Two motors control the ascent and descent in conjunction with the counter-balance of the huge car, and when it reaches its extreme height it begins to swing slowly around on the wheels at its base, giving a magnificent view of the exposition, of San Francisco bay and of the city of San Francisco.

Our Service Is Prompt

We fully realize how necessary prompt delivery service is. The average housewife likes to have her meat sent just when she wants it.

Small things count in a successful business. Next to selling you good meat comes right service. We are bound to please you if you care to try us.

PICKENS & REEDER

TRANSPORTS TO GO TO VERA CRUZ

Will Return Americans and Other Foreigners to the United States.

Washington, June 5.—The war department today announced that the army transports Buford and Kilpatrick will be sent to Vera Cruz to return the Americans and other foreigners reaching that port from Mexico City on the trains now being prepared.

The Red Cross announced that within the last few days about five thousand destitute Monterey people have arrived at Laredo, Texas. As a result the Carranza governor of Monterey is providing free transportation for all private citizens desiring to go to the border, but the immigration authorities has to turn back ninety per cent of them on account of the likelihood of their becoming public charges. The Red Cross Thursday will ship medical supplies to Americans, Spanish and French hospitals in Mexico City via Vera Cruz and will send two more car loads of foodstuffs from Laredo to Monterey.

Washington, June 5.—The United States will act to end the intolerable conditions in Mexico by June 22. What steps necessary to force the establishment of a constitutional government in Mexico will be considered in this week's cabinet meeting, if nothing unforeseen happens.

Force will be used if the Mexicans attack the Red Cross. Texas, the border and western army posts are as well as the navy are prepared for hasty action, if needed, but the president hopes that they will not be.

KIDNEY TROUBLE CAUSES INTENSE SUFFERING

Sixteen years ago I was taken sick with Kidney trouble and suffered terribly for three months. I did not work during this time and was mostly confined to the bed. After using other remedies I finally tried a bottle of Swamp-Root. I immediately began to feel better, and after using seven fifty-cent bottles, was entirely cured and have had no Kidney trouble since. I can truly say that I owe my good health to Swamp-Root. You may publish this letter for the benefit of other people afflicted as I was with the hope of bringing to their attention this most wonderful remedy.

Yours truly,

HATTIE A. QUIMBY.

36 Spruce St. Waterville, Maine State of Maine, Kennebec County—ss.

Personally appeared the above named Hattie A. Quimby, who subscribed above statement and made oath that the same is true in substance and in fact.

Anna M. Drummond, Authorized to administer oaths, etc. Letter to Dr. Kilmer & Co. Binghamton, N. Y.

Prove What Swamp-Root Will Do For You.

Send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample size bottle. It will convince anyone. You will also receive a booklet of valuable information telling about the kidneys and bladder. When writing, be sure and mention the Colorado Record. Regular fifty-cent and one-dollar size bottles for sale at all drug stores.

DEMANDS DEATH OF FRANK.

Addressing a crowd which gathered on the state capitol grounds in response to handbills which had been distributed calling a meeting "in defense of trial by jury," Rev. A. C. Hendley, who introduced himself as a Baptist minister, declared they had met "to uphold the laws of Georgia and the decisions of its courts." He protested against commutation of the sentence of Leo M. Frank an application for which is now before the state prison commission. The meeting adopted resolutions "protesting against outside interference with the courts and laws of Georgia."

FORMER ABILENE BOY SHOT.

Galveston, June 5.—Lloyd B. Thomas who was shot down in the office of the Galveston Labor Dispatch by John W. Young, owner of the paper, was resting fairly well tonight. Charges of assault to murder were filed against Young and he was released on bail. O. P. Thomas, father of Lloyd Thomas arrived tonight from Abilene.

GOING SOME.

In the international auto races last week at Indianapolis, Ind., the 500 miles were covered by Ralph de Palma in 5 hours, 33 minutes and 55 1/2 seconds, his average speed being 89.84 miles per hour. He made two stops during the race to correct tire troubles. This is faster than the best speed of a hawk or the fiercest hurricane, and nearly four times faster than the fastest schedule of express trains. His nearest competitor was but four minutes behind him, and the latter skidded into a stone wall and demolished a wheel.

BIG REDUCTION

—IN—

Millinery

For the next three weeks we will make a big reduction on all our Millinery for cash—

1-3 to 1-2 OFF

In order to close out our stock before the season passes, we will sell all our seasonable hats at greatly reduced cash prices.

Remember, all our hats are new and up to date, including King Bee and Fisk Hats. Entire stock to be sold at reduced prices. Come before the season closes. :: :: :: :: :: :: :: ::

Those wanting ice delivered in the afternoon, will please get their orders in before 4 o'clock, as it puts the ice man to great inconvenience to deliver it at a late hour.—Colorado Ice & Cold Storage Co.

GRAND MATRON VISITS.
LOCA LCHAPTER.

Mrs. Huddleston, Grand Matron of the Order of the Eastern Star for Texas, officially visited the local chapter here last Saturday night. Her home is at Texarkana, and this was her first visit to West Texas. She was much surprised to find so flourishing a section and expressed an agreeable disappointment on finding nice trees, gardens, lawns and orchards. Her preconceived ideas of West Texas were of not the most flattering nature. Mrs. Huddleston is a most accomplished lady and is bringing to bear upon her official duties unusual accomplishments of mind and personal graces. She found the local chapter fully up on the work, and in a flourishing condition. While here she was a guest in the home of Mr. and Mrs. F. B. Whiskey.

CALOMEL DYNAMITES
A SLUGGISH LIVER.

Crashes into sour bile, Making You Sick and You Lose a Day's Work.

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea.

If you feel bilious headachy, constipated and all knocked out, just go to your druggist and get a 50 cent bottle of Dodson's Liver Tonic which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; besides it may salivate you, while if you take Dodson's Liver Tonic you will wake up feeling great, full of ambition and ready for work or play. It's harmless pleasant and safe to give to children they like it.

\$1. for Record and Dallas News.

LOCAL NOTES

Special attention given orders for fruit cream, ices and sherbets by Ben Morgan.

W. W. Porter attended a convention of the sales agents of the Texas Oil Company, this week.

Just received, a full line Blue-Bell and White Enamelware—come in and look it over.—Colorado Merc. Co.

J. R. Sheppard left this week on a business trip to Bryan and other South Texas points.

My combination ice cream freezer is now installed and am prepared to take care of your orders for sherbets, ices and fruit cream.—Ben Morgan.

Will Singleton, leading citizen of Sweetwater, was a Colorado visitor Sunday.

See the "New Idea" in guaranteed bed springs at Sherwin & Son.

If you would like to own the best oil stove that is made, then buy a Quick Meal. We also have them in the Gasoline Ranges.—H. L. Hutchinson & Company.

Mrs. C. M. Adams and daughters left this week for Los Angeles, Calif., and will, of course, see one or both of the big shows.

Try our nut and fruit cream—It's fine.—Ice plant, Phone 336.

Low cash prices on Millinery. All our reasonable hats are to be sacrificed for cash. Within the next three weeks.—Mrs. B. F. Mills.

Mr. and Mrs. E. A. Barcroft left this week for California and the Panama Exposition. They purpose to be gone about a month.

Invigorating to the Pale and Sickly
The Old Standard general strengthening tonic, GROVE'S TASTELESS CHILL TONIC, drives out Malaria, enriches the blood, builds up the system. A true Tonic. For adults and children. 50c.

Judge A. J. Coe is attending a national meeting of the K. of H. at Buffalo, N. Y., this week.

We have the best White China Matting that's made in China and we only ask you 35 cents a yard for same.
H. L. HUTCHINSON & CO.

Our Lawn Mowers, Lawn Sprinklers Rubber Hose and Yard Tools are the best.—Colorado Mercantile Co.

For new and second hand, high-grade sewing machines, for cash or easy terms. See S. H. Cromer at Sherwin & Son; Agent for Singer Sewing Machines. 5-26c

The Big Spring-El Paso District Medical Society meets at Snyder, Tuesday, June 15th. Dr. N. J. Phenix, the secretary, has just issued the programs.

Carbon, arsenic and "fly dope" for sale at W. L. Doss' Close prices on large quantities.

Phone 128 for sherbets, ices and fruit cream.—Ben Morgan.

Mrs. Mary Kules of Ohio, will speak at Colorado, Saturday, June 12th at 2 p. m., on the streets. Her subject will be Slavery in its worst form, its cause and cure. Don't fail to hear her. Ladies invited.

Cures Old Sores, Other Remedies Won't Cure.
The worst cases, no matter of how long standing, are cured by the wonderful, old reliable Dr. Porter's Antiseptic Healing Oil. It relieves Pain and Heals at the same time. 25c, 50c, \$1.00

Specially low prices on Millinery for cash at Mrs. Mills.

Bob Gary and Oee Lambeth attended the cotton ginners convention this week.

Just think of it \$1 down and \$1 each week pays for one of the greatest kitchen cabinets in the United States —THE HOOSIER.

H. L. HUTCHINSON & CO.

If you need first class repairing, call up Sherwin & Son; phone 223.

Louis Landau, manager of the Colorado and Sweetwater Dry Goods Company's store, made a business trip to Brenham, Texas, this week.

We are not sparing with cream when making our ice cream. Can't you taste the butter-fat in it?—Ice Plant, phone 336.

Dr. A. L. Fuller is about again after a serious spell of illness.

Take home a pall of homemade ice cream made by Ben Morgan.

Monday afternoon's shower gave a new impetus to everything that grows in the ground, particularly to the gardens.

Plain notes at Record office.

Hear Mrs. Kules lecture on the streets of Colorado, next Saturday at 2 p. m. It will interest you.

Carbon, arsenic and "fly dope" for sale at W. L. Doss' Close prices on large quantities.

Joe M. Robertson has just returned from Dallas. While away he bought an opening stock of goods to put in a Nickle Store here. He will be located in the Moerer building, and expects to be open by Saturday.

You should see the fireless cooker oil stove we are selling.—Colorado Mercantile Co.

Piles Cured in 6 to 14 Days
Your druggist will refund money if PAZO OINTMENT fails to cure any case of Itching, Blind, Bleeding or Protruding Piles in 6 to 14 days. The first application gives ease and relief. 50c.

Some of the earliest varieties of peaches are beginning to ripen. We saw several last week and gave promise of better things to come.

Ring the ice plant for ice cream, sherbet and ices. Brick cream ready for delivery all the time. Phone 336.

Coats and wraps of all kinds were requisitioned last Monday morning for sheer comfort. Never in the memory of the oldest inhabitant and most uncompromising old-timer, was such another spell experienced in the early days of June. Even the year known as one without a summer, surpassed the spell of last Monday in suddenness in change of temperature.

Remember we have no old hats or trash in Millinery. All our goods are in season and to close out a very low cash price will be made.—Mrs. Mills.

Just received, a full line Blue-Bell and White Enamelware—come in and look it over.—Colorado Merc. Co.

Miss Lucille Henthorne spent Sunday at Loraine on a short visit to relatives.

Stop lifting, buy our Block Tin Churn.—Colorado Mercantile Co.

T. Y. Hammond was here Thursday from Dunn to get twine to bind thirty acres of oats which is as good as a fellow could want and 30 acres of wheat that will make about 25 bushels to the acre.—Snyder Signal.

Get one of our NO WORK Ice Cream Freezers and save ice as well as labor. If not pleased we will take it back and refund your money.
H. L. HUTCHINSON & CO.

You should see the fireless cooker oil stove we are selling.—Colorado Mercantile Co.

Carbon, arsenic and "fly dope" for sale at W. L. Doss' Close prices on large quantities.

Colorado friends of Miss Nannie Ellis will be glad to learn of the neat and deserved compliment that awaited her arrival home. Without her knowledge, the board of trustees of the Bertram school had elected her unanimously as superintendent of the school at an advance in salary, dependent upon her acceptance of the position. It is her purpose, however, not to teach the coming year, and in consequence declined the offer, though fully appreciating the honor.

For the next three weeks we will make extra low cash prices on all millinery.—Mrs. Mills.

Buy our Oil Stove and keep your kitchen cool.—Colorado Merc. Co.

J. S. Vaughan, Ed Jones, Ben Morgan and R. P. Price left Monday for a fishing trip on the Llano river. They will be gone about ten days.

Stop lifting, buy our Block Tin Churn.—Colorado Mercantile Co.

You will be the looser perhaps if you buy your floor coverings B U inspect our new arrivals.—H. L. Hutchinson & Company.

F. E. McKenzie reports the sale of his lot and half, on the southeast corner of the block, adjoining his residence, to F. M. Bourne, consideration \$1000. It is rumored that an apartment house will be built on this corner at an early day.

For new and second hand, high-grade sewing machines, for cash or easy terms. See S. H. Cromer at Sherwin & Son; Agent for Singer Sewing Machines. 5-26c

Just received, a full line Blue-Bell and White Enamelware—come in and look it over.—Colorado Merc. Co.

Notice the Oil Company's new ad on first page. See John Vaughan and get stock while you can. Only one hundred and fifty \$10 shares yet to be sold.

Our Lawn Mowers, Lawn Sprinklers Rubber Hose and Yard Tools are the best.—Colorado Mercantile Co.

Leftwich Shepherd left on Wednesday night for Austin, where he goes to attend the summer school of the State University. Leftwich will finish his four year course at this university next year.

DON'T Forget Our Market Saturday

We now carry a line of nice

Fresh Canned Lunch - Goods

Pickles, Olives, etc.

Just the Thing for The Fisherman's Lunch

BEAL'S Market

PAY YOUR DOG TAX.

June is the month in which the dog tax must be paid. The city has a supply of new tags and all dog owners are notified that the tax is now due. The tax is \$1.00 on each male and \$2.50 on each female. The tax can be paid either to me or to L. A. Costin, City Secretary.
MORGAN STELL, City Marshall

Tuesday was the 79th birthday of Mr. E. McGuire, and all his sons, daughters, sons-in-law and daughters-in-law with all their several children, met at the home of his daughter, Mrs. Morgan Stell, to celebrate the happy event with an old time peach cobbler, and many other good things to eat. Morgan Stell insists that the peaches came from his own orchard, and if they did not, he being the executive arm of the law, the difference will never make any trouble.

ONLY ONE ENTIRELY SATISFACTORY.

"I have tried various colic and diarrhoea remedies, but the only one that has given me entire satisfaction and cured me when I was afflicted is Chamberlain's Colic, Cholera and Diarrhoea Remedy. I recommend it to my friends at all times," writes S. N. Galloway, Stewart, S. C. For sale by all dealers.

PETTY VANDALISM.

Several of the signs put up by the Mitchell County Auto and Good Roads Association between Colorado and Westbrook were shot up and practically destroyed soon after being put in place. Comment on this species of vandalism is unnecessary. The man who wantonly destroys that which is for the public good and convenience in the way of property, would hardly hesitate to vent his hatred in the same manner upon a human being. The perpetrators of this malicious mischief may yet realize that it is not such a joke as he likely imagines it to be.

INDIGESTION AND CONSTIPATION

"About five years ago I began taking Chamberlain's Tablets after suffering from indigestion and constipation for years without finding anything to relieve me. Chamberlain's Tablets helped me at once and by using them for several weeks I was cured of the complaint," writes Mrs. Mary E. McMullen, Phelps, N. Y. Sold by all druggists.

Walter Hester, a student at A. & M. College, returned home Thursday morning, after a year's study at that school.

Have your clothes cleaned and pressed by up to date methods. Phone 154 and we will call for them.—Coughran Brothers.

Judge W. P. Leslie left last evening on a tour of Borden county, trying out his new car.

"Pete" Avery came in this week and had the Record sent to the Coughrans in South Texas.

Beware of the "Clutching Hand"—Shadowland.—Come early.

Mortgage notes for sale by Record.

REVIVAL SERVICES.

Under the Auspices of the Methodist, Presbyterian and Christian Denominations of the City.

The revival services being held under the auspices of the Methodist, Presbyterian and Christian people, began at the tabernacle Wednesday evening with Evangelist Rev. Frank H. Wright, and the singer, Walter E. Good, in charge, assisted by the leading singers of all the churches in town.

Mr. Wright has been here before and needs no introduction to people who lived here for years.

His text was, "Not by might, nor by power; but by my spirit, saith the Lord of hosts."

He said God uses and blesses means but has never depended on the mighty things of this world to carry on His work, but on obedient, consecrated men and women. He said the power and wisdom of this world were opposed to Jesus Christ and His work, but would all finally be conquered for Him, for God's word is mighty and shall prevail. He gave instance after instance from the faithful Zerubbabel and Gideon, on down to Moody and Jerry McAuley, who were willing to be used of God, and of the mighty works accomplished by them under God. He plainly told the people if they wanted a revival they must depend on the Spirit and be willing to be used by Him.

Inspiring songs were rendered by both the preacher and singer, and especially "Jesus is all the world to me" sung by the evangelist, was inspiring.

The services will be at 10 a. m. and 8:30 p. m. every day except on Saturday, when there will be no services at all.

There was a splendid audience out to hear these men, considering that it was the first night, and all were interested, and gave the best of hearing.

Mr. Wright is a speaker of more than ordinary ability, and holds his hearers from the opening to the closing word. Great things are expected of this series of services, and large crowds will no doubt come next week to worship, altogether.

Beware of Ointments for Catarrh That Contain Mercury

Mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by Druggists. Price 75c per bottle. Take Hall's Family Pills for constipation.

Mac's service car leaves every day for Sweetwater at 12:30 p. m. Leaves Sweetwater returning at 4:20.

Mr. D. N. Arnett and son D. N., Jr. left this week for the ranch on the plains.

Our Lawn Mowers, Lawn Sprinklers Rubber Hose and Yard Tools are the best.—Colorado Mercantile Co.
