U. S. TO BUY NORTH MEXICO.

Confirmation of Rumor is Given Out—Price Would Be About \$300,000,000

Washington, March 13.—There was confirmation officially made in the report today that have been current in Wall Street, leading financial circles in several cities and in political and diplomatic groups, to the effect that the administration contemplates the acquisition by purchase of the northern section of Mexico and that Col. E. M. House really went to Europe to "sound" certain governments on this policy.

The plan, it was asserted, is to purchase all of Mexico north of a direct line drawn west from the southerly outskirts of the city of Tampico, including the entire lower California peninsula.

Col. House, who recently returned from a trip abroad as the special representative of President Wilson, did not discuss peace proposals alone, it was declared here, despite denials. On the contrary, he is confidently believed to have made inquiry of leading statesmen of Great Britain, France, Germany and Spain and other nations as to what their attitude would be in case the United States made such an offer.

While leading men here say it will be extremely difficult to approximate a price equitable to such an enormous purchase, the tentative figure mentioned for the basic effort will be about \$300,000,000.

NUCES COUNTY GOES BY 212 VOTES.

Corpus Christi, Texas, March 10.—Nueces County, one of the largest of South Texas, today voted for prohibition by a majority of 212.

Corpus Christi, the county seat and a noted Texas coast resort, returned an anti-prohibition majority of 219, not as large as predicted. The complete vote was: for prohibition, 1,802; against, 1,590.

EFFORT OF CARRANZA TO STOP EXPEDITION AFTER VILLA FAILS

GENERAL PERSHING CALLED TO EL PASO FOR CONFERENCE WITH GENERAL GUTIERREZ IS URGED TO WAIT TWO WEEKS FOR CONSTITUTIONALIST ARMY TO TAKE BANDIT, BUT ANSWERS "IT IS TOO LATE."

"I HAVE ORDERS TO CATCH VILLA," HE SAID.

HASTENS BACK TO COLUMBUS AND WITH TROOPERS IS EXPECTED TO MOVE TOWARD PALOMAS EARLY WEDNESDAY—SNIFERS AGAIN FIRE ON SOUTHERN PACIFIC TRAIN NEAR FORT HANCOCK.

(By H. H. Stansbury.)

El Paso, Texas, March 14.—General John J. Pershing, at the head of the cavalry division which will start the hunt for Francisco Villa, has completed plans to cross the border Wednesday morning.

The rush with which the final arrangements for the expedition were closed Tuesday night is conceded to be an answer to a demand made by Carranza representatives for a further delay.

General Pershing returned to El Paso Tuesday morning from Columbus at the request of the Mexican authorities for a conference with Luis Gutierrez, commander-in-chief of the Carranza forces in Chihuahua. Gutierrez urged in the name of Venustiano Carranza that the American troops keep out of Mexico for two weeks longer.

He declared five converging columns of Carranza soldiers within the time stated will have trapped Villa and eliminated the necessity of the punitive expedition of American troops.

"My orders have been to catch Villa and I cannot delay execution of my instructions," General Pershing replied.

"But we have five columns of troops, 1,200 men in each column and they are closing in on Villa from as many directions. He cannot escape," said the Carranza general.

"It is too late," said General Pershing.

"It will cause much ill-feeling on the part of the Mexican people," said General Gutierrez.

"The only suggestion I can make is that your diplomatic service take the matter up with Washington," said General Pershing.

Villa is Moving Slowly.

Villa, according to General Gutierrez' dispatches, is forced to move slowly because he is carrying a large number of wounded. Ninety-eight of his men, according to this same source of information, are mounted on United States cavalry horses taken at the Columbus (N. M.) raid and two machine guns from the Columbus camp are in the Villa train.

The report that General Obregon, Carranza's new minister of war was on the way to Juarez, was officially denied by Consul Garcia tonight.

Fourteen Mexicans Captured.

Railroad Detective Charles Bulger, sighted fourteen Mexicans armed with 20-30 rifles and carrying cartridge belts bristling with shells in an adobe hut on the Santa Fe tracks two miles from El Paso. He notified Lieutenant Shellenbarger at Fort Bliss and two squads of the Eighth Cavalry went to the hut. They surprised the Mexicans and captured them without a shot. Each prisoner had 200 rounds of ammunition in addition to his rifle and a majority of them carried one or more pistols. All were lodged in the El Paso jail.

Alarm At Naco, Arizona.

Naco, Arizona, according to dispatches here, spent a sleepless night with women and children sleeping in the schoolhouses under guard and armed citizens and Texas Rangers patrolling the town.

El Paso is practically under martial law. Members of the provost guard walk the streets with rifles over their shoulders instead of the "slumber sticks" they have carried heretofore. In the Mexican quarters every Mexican house is searched every day for arms and ammunition. In one house on South El Paso Street two dozen Mauser rifles and 100 rounds of ammunition for each gun were found. The guns were confiscated and the house owner, Pablo Orto, put in jail.

Clerks in every store in the city have been armed by their employers against possible raids and, though no trouble has yet occurred beyond a few scattered fights between civilians and Mexicans, a majority of the men are carrying pistols under their coats.

Censorship Of News Strict.

A strict censorship of all news has been established at Columbus, where General Pershing and the troops now are, and it is reported that the censorship will be extended to El Paso and other border towns with the arrival of Brigadier General Bell, Jr., who will assume charge of the soldiers at Fort Bliss and other points in the Fort Bliss district some time Wednesday.

Washington, March 14.—General Funston has notified the War Department that he is having a wireless station installed at Fort Sam Houston, which indicates he will direct the campaign from there.

U. S. TROOPS ENTER MEXICO.

PERSHING TAKES UP VILLA'S TRAIL.

Deming, N. M., March 15.—United States troops from Columbus crossed into Mexico shortly after noon today, according to an automobile courier arriving here this afternoon from Columbus.

Washington, D. C., March 15.—American troops are believed to have crossed the Mexican border this afternoon, the first of the expedition going to hunt down Villa and his bandits.

Unofficial advices from the border indicated that the movement had begun, although official confirmation was lacking. Secretary Baker said he had no report that any troops had crossed.

American troops at Columbus, N.

M., crossed into Mexico at 12:30 Wednesday afternoon.

Confirmation of the report was received in El Paso during the afternoon from sources that could not be doubted.

Information received at El Paso was to the effect that the crossing was effected without disturbances or resistance.

MOVABLE SCHOOL A SUCCESS.

The schools of instruction in home economics conducted by J. L. Quicksall, Mr. and Mrs. G. M. Garon, under the direction of county farm demonstrator, W. A. Dulin, the first three days of this week, were not only very successful but highly instructive to all who attended.

The first day was given to Fairview, and a large crowd eagerly awaited the arrival of the corps of instructors, who came in on a belated train Monday morning and only had the afternoon to devote to the work, but great interest was manifested. On Tuesday the school was held at North Champion, where another interested crowd met the instructors. The last day was devoted to Lordsburg. Mr. George Goodwin and his daughter, Miss Lois, attended these meetings and gave very helpful talks. Mrs. Garon gave the girls and ladies some very valuable hints on bread making. Free use was made of pencil and tablet in all these sessions.

THE ETERNAL "KEEP-IT-UP"

Is the price of success and efficiency. Keeping up with the demand in the line of Auto needs; keeping up with the most proficient skill in the workshop; keeping up our stock of tires and accessories to the very latest wrinkles in invention, and keeping up the publicity of these things—having them stare you in the face every week—this is the price we are trying to pay for business success. We specialize in three things:

- 1st. The efficiency and promptness of our repair department.
- 2nd. Variety and quality of the supplies we sell.
- 3rd. The sale of the world famous Hupmobile—the world's highest standard in cars.

If thinking of buying a car this spring, you will do yourself an injustice to overlook the merits of the Hup. Its the car that does its own talking—nothing to explain or conceal about it. Its superb qualities are self-evident.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, you have a running sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

Districts, all of said local Farmers' Institutes to be members of said Mitchell County Farmers' Institute. Therefore, I, as president of said County Farmers' Institute, by virtue of the authority in me vested, do hereby appoint and designate the following named persons to hold the following designated institute offices, until those who are or shall be eligible to membership in the local institutes in their respective school districts shall meet and formally organize and elect their successors, namely, in and for the

And, Whereas, a few of the persons named above, either in person or through their neighbors, have expressed their willingness to serve in the offices to which they are now appointed, but have expressed some doubt as to their being the best man for the said offices, therefore, I take this opportunity of assuring them, that a careful canvass of the sentiment of their neighbors in their respective school districts has thoroughly satisfied me, and those acting with me in this matter, that the prompt acceptance by every man named above in the list of appointees will meet with the cordial approval of their said neighbors, and I hereby earnestly request that each and every one of them will do so, and will do all in his and their power to make the Farmers' Institute in their several home school districts each one a definite success. In this connection I will further state that it is quite the custom in the Farmers' Institute work in Texas for the trustees of the school districts to serve as members of the Executive committees of their respective districts and co-operate actively with the president, vice-president, and secretary-treasurer of their respective local institutes, and whereas I cordially approve of this plan, and

Whereas, at the meeting held as aforesaid, in the courthouse in Baillinger, it was unanimously recommended that the school district trustees of Rannels county should be appointed to and should be invited to serve as members of the executive committees of their respective school districts, therefore, I do now appoint the trustees of the several above named school districts of the county, who have not herein been appointed as above to other official positions, to serve as members of the executive committees of their respective school district Farmers' Institutes, and I ask of them, very earnestly, that they will take an active part in the work of making their said local institutes each one a definite and positive organization for the good of the people generally of said school districts, especially of the people on the farms.

In this connection, I will add that some time soon, while the several schools shall be open and at work, a day will be agreed on for the simultaneous meeting of the farm people in their school houses in every school

district in the county, when the several local Farmers' Institutes will formally elect its own officers, it being now distinctly understood that those appointed as above stated are to hold over until they or their successors shall be duly elected. Further, it should be explained that, at the same time the local institutes that have heretofore been formally organized will be asked and expected to meet and re-organize and elect officers to serve until the time fixed by the Constitution and By-Laws of the Farmers' Institute for the regular annual election shall arrive, namely, June 1st, 1916.

All of which is by me personally and in my official capacity hereby respectfully submitted.

R. C. MORGAN, President Mitchell County Farmers' Institute.

We the undersigned do most cordially approve of and endorse the action of President R. C. Morgan, of Mitchell County Farmers' Institute, as above, and very earnestly join him in requesting that each and every one of the farmers of the county named by him will accept the official position to which he has appointed them and that all of them will co-operate actively with him and with us in the efforts we are all making and will continue to make in their interests and in the interests of the farm people generally of the county. The time has come when the people of the farms have as elsewhere must, for their self-protection, get together and act together and all of must recognize the fact that there can be no successful co-operation without organization, and we thoroughly approve of the purposes and plans of the State Department of Agriculture looking to that end.

Mitchell County Farmers' Institute. I beg leave to join the officers of the Mitchell County Farmers' Institute in the request that the men appointed by President Morgan as officers and committeemen of the several school district Farmers' Institutes of the said county will each one accept the appointment tendered him and will do his best to have his farm neighbors, men and women, boys and girls, enroll themselves as members of their respective School District Institutes and that all of them will attend meetings of said Institutes and take an active

part in the effort to make them not only interesting but of much value to themselves and their communities generally.

The State Department of Agriculture, which I have the honor to represent in this Institute work, means business, and will not rest in this special work until there shall be a live local Institute organized and working in co-operation in every school district in Texas.

H. L. BENTLEY, District Organizer Farmers' Institute. I suggest and request of each of the farmers named herein that he will not destroy this paper, but will file it for future reference.—H. L. B.

IN FIVE MINUTES! NO INDIGESTION, GAS OR SORE, ACID STOMACH.

The Moment "Pape's Diapepsin" Reaches the Stomach All Distress Goes.

"Really does" put bad stomach in order—"really does" overcome indigestion, dyspepsia, gas, heartburn and sourness in five minutes—that—just that—makes Pape's Diapepsin the largest selling stomach regulator in the world. If what you eat ferments into stubborn lumps, you belch gas and eructate sour, undigested food and acid; head is dizzy and aches; breath foul; tongue coated; your insides filled with bile and indigestible waste, remember the moment "Pape's Diapepsin" comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous, and the joy is its harmlessness.

A large fifty-cent case of Pape's Diapepsin will give you a hundred dollars' worth of satisfaction or your druggist hands you your money back.

It's worth its weight in gold to men and women who can't get their stomachs regulated. It belongs in your home—should always be kept handy in case of a sick, sour, upset stomach during the day or night. It's the quickest, surest and most harmless stomach regulator in the world.

WILL BE "MADE IN AMERICA."

Contrary to popular opinion, the American flag has always been largely a foreign product and the supply of flag material has been curtailed by the European war. Every flag in official use before this war was manufactured from wool bunting imported from Europe.

The general supply committee of the United States treasury, which is responsible for the official flag, determined recently that it should be "made in America."

After this year the flags used by the treasury department will be exclusively of cotton. The bureau of standards has made a test which proved that the cotton flag was as durable as wool bunting and that it made an even better showing.

The treasury uses more flags than any other government department, it controls over a thousand public buildings, 250 life-saving stations, 75 coast guard stations and 50 public health stations. Within a few months all of these will be floating "Old Glory" of a "made-in-America" brand.

25 CENTS DESTROYS YOUR DANDRUFF AND STOPS FALLING HAIR.

Save Your Hair! Make It Thick, Wavy and Beautiful—Try This.

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scurf. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderin tonight—now—any time—will sweetly save your hair.

Get a 25-cent bottle of Knowlton's Danderin from any drug store or toilet counter, and after the first application your hair will take on that life, lustre and luxuriance which is so beautiful. It will become wavy and fluffy and have the appearance of abundance, an incomparable gloss and softness; but what will please you most will be after just a few weeks' use, when you will actually see a lot of fine, downy hair—new hair—growing all over the scalp.

SONG OF PATIENCE.

Live on, O life of mine!
Though often thou dost yearn to be
at rest,
He who hath lent thee this life hath
thought it best
Thine to prolong till more through
these are blest;
Live on and cease to repine.

Work on, O hands of mine!
Ennobling thought that even thou
canst share
A part with God in making earth
more fair;
Then labor calmly on, and to com-
plain forbear,
Fulfilling His design.

Trust on, O heart of mine!
Thought dark the way and rough
the angry sea,
Thy pilot holds the helm, thy Father
beckons thee;
One guides the course of every song-
ster free,
To Him thine all resign.

Sing on, O soul of mine!
Sing songs of faith and hope, and
joy and cheer;
Outsound the discord grating on thine
ear,
And bring celestial music, sweet and
clear,
To lonelier hearts than thine.
—Martha Arnold Boughton.

ity. We hope the good women will
watch and care for their tree as

faithfully as she performed all duties
entrusted to her care.

At the social hour delicious re-
freshments were served.

Merry Wives.

Mrs. Charters was hostess for the
Merry Wives at Mrs. Lindley's. Be-
sides the members, the players were:
Mesdames Burdine, Pickard, D. C.
Byrne; Misses Dry and Wulfjen.

A delicious salad course was enjoy-
ed after the games. The meeting this
week is with Mrs. Jim Coughran.

King's Daughters.

The King's Daughters had a pleas-
ant meeting with Mrs. Annis last
week. Besides the regular business
they decided to take a ten dollar
share in the Sunday school work in
China. Also, to send cards to the
absent ones in the class, telling them
they missed them. A salad course
was served at the social hour.

5. Jesus Arrested—Lois Whipkey.

CENTRAL CIRCLE.

The Central Circle of the Methodist
church had a pleasant meeting with
Mrs. I. E. Lasseter Monday afternoon.
Dues and offerings of eleven dollars
and thirty cents were received, also
ten dollars and fifty cents from the
Christmas bazaar.

They decided to have a cake sale at
Beal's Market Saturday afternoon at
2 o'clock. The proceeds to be applied
on the new parsonage.

A salad course was served at the
social hour by the hostess and her
sister. The little daughters favored
the guests with several piano num-
bers.

A PLEASANT EVENING.

The husbands, sweethearts and a
few other guests are indebted for a
very pleasant evening at the K. P.
hall last week.

After the guests had arrived and
spent a few minutes in pleasant gos-
sip, tables were prepared, tally cards
passed and after finding partners and
tables the old but ever new 42 was
indulged for several hours.

Before anyone knew that time was
passing the tables were cleared and
refreshments began. First there were
dainty sandwiches and coffee, more
sandwiches and coffee, following this
they came with pie. There were open-
facéd, barred and "kivered" of all
kinds, each better than the one before.
If their ritualistic rites are to be judg-
ed by their hospitality they are away
above par.

May their tribe increase and they
give a banquet at every increasing.

his family to Vernon.

REBEKAHS OPEN MEETING.

On Monday evening, Evergreen Re-
bekah lodge instead of its regular
work, laid all responsibilities aside and
spent the time socially in an open
meeting to the Odd Fellows and a few
special friends.

After a program of music and
speeches was given a lovely set of
colonial teaspoons was presented to
their latest bride, Mrs. Wilson. Pie,
sandwiches, coffee and chocolate were
bountifully served which closed a very
pleasant affair for hostesses and guests

SOCIAL EVENING.

The entertainment committee of the
Parent-Teachers Association are pre-
paring for a pleasant evening on
March 31st (Friday) at the high
school auditorium. This will be an
informal get-together meeting and
they hope all friends will honor them
with their presence.

POE REINCARNATED

SEEN IN "THE RAVEN."

Henry B. Walthall, living image of
America's greatest poet, re-enacts the
latter's tragic life in most intensely
fascinating photoplay of the year.

Warda Howard, great emotional
actress, plays opposite most talented
actor in films in this soul-stirring
drama from Hazelton romance.

"And the raven, never fitting, still is
sitting, still is sitting.

On the pallid bust of Pallas, just
above my chamber door;

And his eyes have all the seeming of
a demon's that is dreaming

And the lamp-light o'er him stream-
ing throws his shadow on the floor.

And my soul from out that shadow
that lies floating on the floor
Shall be lifted nevermore!"

—From "The Raven," by Edgar Allan
Poe.

March 23rd. "Engaged by Wednes-
day," a high class comedy, will be
presented. Prices will be 25c, 35c,
and 50c.

GENTLEMEN ENTERTAIN.

On last Friday evening the gentle-
men of the Methodist church enter-
tained the ladies and children with a
banquet.

This is a little unusual for them
but they rose to the occasion and re-
ceived the highest praise from their
guests.

They all gathered in the main audi-
torium of the church for a program of
addresses and music. The whole pro-
gram was rendered by the men. Af-
terward they were invited by com-
panies to the basement where a most
bountiful repast was served. They
had oysters, salad, fried chicken, ice
cream, cake and coffee.

Notwithstanding the fact that the
ladies were unaccustomed to being
waited on they enjoyed every minute
of the evening and hope this may soon
be repeated.

An immediate visible result of this
get-together meeting was that on Sun-
day morning the church decided to
build a new up-to-date two-story par-
sonage, work to begin at an early
date.

MOTHER! GIVE CHILD "SYRUP OF FIGS" IF TONGUE IS COATED.

If Cross, Feverish, Sick, Bilious,
Clean Little Liver And
Bowels.

Children love this "fruit laxative,"
and nothing else cleanses the tender
stomach, liver and bowels so nicely.

A child simply will not stop play-
ing to empty the bowels, and the re-
sult is, they become tightly clogged
with waste, liver gets sluggish, stom-
ach sour, then your little one becomes
cross, half-sick, feverish, don't eat,
sleep or act naturally, breath is bad,
system full of cold, has sore throat,
stomach-ache or diarrhoea. Listen,
mother! See if tongue is coated, then
give a teaspoonful of "California
Syrup of Figs," and in a few hours all
the constipated waste, sour bile and
undigested food passes out of the sys-
tem, and you have a well, playful
child again.

Millions of mothers give "California
Syrup of Figs" because it is perfectly
harmless; children love it, and it
never fails to act on the stomach,
liver and bowels.

Ask your druggist for a 50-cent bot-
tle of "California Syrup of Figs,"
which has full directions for babies,
children of all ages and for grown-ups
plainly printed on the bottle. Beware
of counterfeits sold here. Get the
genuine, made by "California Fig
Syrup Company." Refuse any other
kind with contempt.

Mrs. F. C. Walker returned to her
home in Sweetwater this week, after
a visit with Mr. and Mrs. De Garmo.

OPERA HOUSE IMPROVEMENTS.

The new management of the opera
house are nothing if not up to date.
They have just finished some exten-
sive improvements both on the stage
and in the projection booth. The
house has been completely re-wired
in the most modern manner, all wires
being carried in conduits and conceal-
ed, with proper fuses and switches,
making the booth and building abso-
lutely safe as to electrical wiring. This
work was done by an expert and ac-
cording to the requirements of the in-
surance laws. They have also lined
the booth with iron and asbestos pack-
ing, making it absolutely fire proof.

A reel of film could burn up in this
booth without setting fire to the
house. The stage has also been over-
hauled—new scenery put in and an
elegant new drop put up. Additional
fire exits will be put in and the house
renovated throughout, making it not
only safe but comfortable. Messrs.
Enderly and Taylor are hustlers in
the show business and say that they
are going to give Colorado people the
best there is, not only in photo plays,
but in stage performances.

pleasant surprise by showering her
with gifts for her new home. Mrs.
Wilson has been a faithful member
since the organization and it is a
pleasure to thus show their love for
her. Her mother, Mrs. Schroder, served
dainty sandwiches, chocolate and
coffee.

"THE YANKEE GIRL."

Blanche Ring, the actress, is every
bit as gifted as her only rival Blanche
Ring, the singing comedienne. This
fact is ably demonstrated in her film-
ization of "The Yankee Girl," her
memorable musical comedy hit of a
season or so ago. Fuging in an en-
tirely new field and deprived of the
usual resources whereby she has been
accustomed to get her effects, Miss
Ring by sheer fine acting makes the
spectator love her just as much as of
old.

"The Yankee Girl" has been taken
from the painted scenery of the stage
and placed in natural settings featur-
ing a real yacht on a real ocean and
real Spanish surroundings in which to
work out the plot.

In addition to excellent acting, the
producers have had the music suit-
ably written to fit the piece and have
introduced many of Miss Ring's past
musical successes such as "Bedelia,"
"Dublin Bay," etc., which will be
brought in at appropriate points
throughout the play.

If you like good acting and good
music you should not fail to see "The
Yankee Girl."

SHOWER FOR BRIDE.

On Wednesday afternoon the Young
People's Missionary Society of the
Methodist church went in a body to the
home of the bride of their number,
Mrs. Albert Wilson, and gave her a

MISSIONARY SOCIETY.

The Young Ladies' Missionary So-
ciety of the Presbyterian church had
a very pleasant meeting with Miss
Louisa Roe Tuesday. Their lesson was
on Home Missions, with Miss Mamie

the social hour.

ALCOHOL AND PNEUMONIA.

The United States Public Health
Service brands strong drink as the
most efficient ally of pneumonia. It
declares that alcohol is the hand-
maiden of the disease which produces
ten per cent of the deaths in the United
States. This is no exaggeration. We
have known for a long time that indul-
gence in alcoholic liquors lowers the
individual vitality, and that the man
who drinks is peculiarly susceptible
to pneumonia. The United States Pub-
lic Health Service is a conservative
body. It does not engage in alarmist
propaganda. In following out the line
of its official duties it has brought
forcefully to the general public a fact
which will bear endless repetition. The
liberal and continuous use of alco-
holic drinks will do well to heed this
warning, particularly at this season of
the year when the gruesome death toll
from pneumonia is being doubled.

AS A SUPPORT for overworked, nervous, exhausted women,

nothing can do as much as Dr. Pierce's Favorite Prescription. It regulates and assists all the natural functions, never conflicts with them, and it strengthens and builds up the female system in a way of its own. Nursing mothers and women generally, will find it exactly fitted to their needs. It lessens the pains and burdens, and ensures healthy, vigorous offspring.

Mrs. Lizzie Epperson, of 1220 Gould Avenue, Fort Worth, Texas, says: "I can recommend Dr. Pierce's Favorite Prescription to any woman suffering from female troubles or nervousness. I was very nervous and losing weight so fast I became alarmed over my condition. I could not do any housework. A friend told me about Favorite Prescription and I tried it and began gaining in weight at once." Dr. Pierce's Medical Adviser (1000 pages) cloth, binding sent for 25 cents. Address: Dr. V. M. ROGERS NEWS NOTES.

The Sunday school is getting along nicely. We have a large attendance every Sunday.

Some of the Rogers people attended the speaking Monday at Fairview, on farming mostly.

The party at Mrs. Moore's was enjoyed by all Monday night.

Harry Pond, wife and daughter, were visiting last Sunday in Colorado at his parents.

Mr. and Mrs. Ocy Green and babies were visiting at Colorado Sunday.

It seems as though we are going to have a dry year this year. No rain yet.

Homer Green was in Colorado Monday on business.

Jim Pond, who is on the bridge gang working at Pecos, was down Sunday on a visit.

Earl Pond, who has been in Colorado the past two weeks, went out to the country Monday.

Some of the Rogers people attended the party at Mr. Plasters' last Saturday night and had a fine time.

F. L. Buckalew was in Colorado last Saturday taking in the carnival.

Farmers around Rogers are going ahead with their farm work as though it had rained.

Sunday school class No. 5 had a pleasant meeting Friday night with Jim Waters at Mr. and Mrs. Buckalew's. Bunch cane, chocolate and cake was served. Those present were: Misses Fae Lois, Ende Goodwin, Mae Williams and Noma Elliott; Messrs. Aubit and Hult Williams, Smith and Burnie Williams.

Some few attended church at Cuthbert Sunday.

Speaking at Fairview Monday was fine and a large crowd was out. A nice dinner was served and some fine demonstrations were given.

Mr. Homer Green went to his up-

per place today to look after some stock which are out of water.

School is doing good at Rogers this term.

Mr. and Mrs. Harry Pond were visiting in the Fairview community yesterday.

Mr. Boydston is about, doing plowing.

Colorado people testify to their worth. Read a case of it:

Mrs. J. G. Davis, Colorado, says: "I have used Doan's Kidney Pills off and on for several years whenever I have needed them and nothing has ever done my kidneys so much good. At times my back was weak and ached and I could hardly bend down or lift anything. The kidney secretions were irregular in passage and I had dizzy spells. Doan's Kidney Pills, which I got at Doss' Drug Store, have always relieved me. They have helped me when other medicines have failed."

"THE SECRET SIN,"

FEATURING BLANCHE SWEET

In this photoplay we have the combination of a great star and a great play. "The Secret Sin" is a bitter pronouncement against the drug evil and the trade in opium against which the United States Government has for years waged an unceasing battle.

While all the skill of the Lasky artistic forces centered on this photoplay, "The Secret Sin" from the viewpoint of photography, attention to minute detail and sheer sincerity will take its place with the masterpieces of the screen. As Miss Sweet appears as "twins" there are episodes in the play when she appears in two character simultaneously.

COUNTY TREASURER'S QUARTERLY REPORT.

Ending March 13, 1916. In the matter of the Quarterly Report of J. E. Stowe, County Treasurer of Mitchell county, Texas, and the affidavits of the Commissioners of said County.

In the Commissioners Court, Mitchell county, Texas, March 13th, A. D. 1916, this 13th day of March, A. D. 1916.

We the undersigned Commissioners of Mitchell County, Tex. and J. H. Bullock, County Judge of said Mitchell County, constituting the Commissioners' Court of said county, and each one of us do hereby certify upon oath that on this, the 13th day of March, A. D. 1916, at a regular term of our said Court, we have compared and examined the quarterly report of J. E. Stowe, Treasurer of Mitchell county, Texas, for the quarter beginning on the 8th day of November, A. D. 1915, and ending on the 13th day of March, A. D. 1916, and upon finding same correct, have caused an order to be entered upon the minutes of the Commissioners' Court of Mitchell County, stating the approval of said Treasurer's report by said court which said order recites, separately, the amounts received and paid out of each fund on the said 13th day of March, since his last report in the Court and during the time covered by this report, and the balance remaining in each fund on the said 13th day of March, A. D. 1916 and have ordered the proper credits to be made in the accounts of said Treasurer, in accordance with said order as required by Article 887 Chapter 1, Title XXV, of the revised Statutes of Texas, as assembled by an act of the 25th Legislature of Texas at its regular session.

And we, each of us, further certify upon our oaths that we have actually and fully inspected and counted the amount of money, in cash and other assets, in the hands of said treasurer, belonging to Mitchell county on this day and date and found the same to be as follows, to-wit:

Total cash on hand, belonging to Mitchell county in the hands of said Treasurer, \$24,279.31

Assets in addition to the above amount of money as actually and fully counted by us, in possession of said County Treasurer.

Permanent School Fund invested in bonds \$1000.00.

Permanent School fund in land notes \$7856.00.

Total \$8856.00.

Assets \$33,135.31

Witness our hands, this 13th day of March, A. D. 1916.

Mr. A. Petty and daughter, Misses Hattie and Mr. H. M. Berry motored out to Stanton Saturday after Mrs. Petty, who has been visiting there several days. Mrs. T. Y. Pool accompanied them as far as Big Springs.

Miss Lena McNairy spent the week end in Sterling City.

Miss Blanche Hooks visited her brother and sister here, Mrs. E. V. Bell and Mr. W. C. Hooks, and her father and brothers at Rogers.

Quite a crowd from here attended the literary society Friday night at the Conoway school house. A good program was rendered.

Mr. E. V. Bell returned from El Paso Sunday with a car of fine horses and mules.

Miss Carrie Mae Mitchell, of Colorado, visited Miss Birdie McNairy Friday.

Rev. S. H. Adaire left Monday for Carlsbad, where he will enter the state sanitarium. Mr. H. M. Berry carried him down in a car, accompanied by Mr. J. T. Adam and Miss Hattie Petty.

The Lorraine basket ball team will play Westbrook team here Saturday afternoon.

Mr. Jim Metcalf is taking the scholastic census this week.

Born—To Mr. and Mrs. J. E. Odle, a boy.

Prof. Claude Hooks was confined to his room several days this week with lagrippe. Miss Bernice Board taught in his stead.

Dr. W. H. Butler has just received a nice lot of fine chickens from McKinney, Texas.

The literary society will meet again Friday night, March 24th, in the school auditorium. The boys will debate the following subject: "A Constitutional Tax for the Support of Higher Educational Institutions in Texas." Affirmative, Cecil Logan, Jim Metcalf; Negative, Griggs Butler, Willie Warner.

Mr. T. M. Grant owns a new Ford car.

Mr. Milo McNairy returned from a trip to Kansas City the first of the week.

Mr. Homer Blakney and Miss Maude Black very quietly slipped out of Westbrook and drove over to Colorado Wednesday and were married. It was in-

deed a surprise to everybody. Mr. and Mrs. Blakney will make their home in Westbrook and have the best wishes of all who know them.

Westbrook has organized a fancy poultry association. The following breeds have been selected: Golden and Silver Wyandotts, Black Minorca, Cornish Indian game, White Orpington, Rhode Island Red, Buff Orpington, and others will be added to the list.

Mr. D. R. Mitchell is tearing the old bank building down and moving it to Main street, where he will erect a nice concrete building.

Wednesday was the time set for the cleaning of the cemetery. A large crowd gathered and burned the grass off and raked the lots and made quite an improvement in its looks.

Mr. Jesse Sheffield, of Big Springs, is visiting home folks, Mr. and Mrs. I. C. Sheffield.

Born—To Mr. and Mrs. J. T. Stiefel, a boy.

Mr. A. M. Bell sold his bunch of fine calves to Mr. Beal this week.

Mr. Geo. Slaton and family, Mr. J. T. Smith and family, Mr. and Mrs. E. Smith, Miss Hattie Petty and Mr. H. M. Berry, motored out to the Sheffield ranch Sunday.

Mr. D. R. Mitchell left Tuesday on a business trip to Fort Worth and Purcell, Okla.

IATAN INKLINGS

Rev. Cox filled his regular appointment here Sunday, preaching to attentive audiences.

Mr. and Mrs. W. A. Griffith came over from Coahoma Sunday in their new car.

The young people enjoyed a singing at Mr. and Mrs. E. B. Gregson's last Sunday.

Grandma Sutphen has been very sick this week, but is now convalescent.

Mr. G. E. Sutphen has put up a new windmill on his place in Iatan.

Mr. E. B. Gregson will round up and vaccinate the cattle on the Foster ranch, Saturday.

Mr. and Mrs. W. J. Jenkins and family, accompanied by Miss Nettie Taylor went to their home south of Westbrook last Friday, returning Sunday.

The Iatan school girls are new enjoying their basket ball games. SLUEFOOT.

To the People of Texas!

In the Annual Report of the Texas Railroad Commission for 1900, then presided over by that grand old commoner, John H. Reagan, after noticing the great increase in the amount that the Railroads of Texas had to pay in satisfaction of Jury verdicts and Court Judgments for personal injuries, the report says:

While we have no official information showing the cause of this great increase, we understand, in a general way, that it probably results in a large degree from the activities of regularly organized personal injury bureaus. The only direct interest which this Commission has in this question grows out of the fact that, as the amount of these payments are increased, the available revenues of the railroad companies are reduced thus necessarily operating, to that extent, to prevent the reduction of freight rates, or, it might be, to cause an increase of them."

What Judge Reagan and his associates foresaw and warned against has actually happened. The Railroad Commission of Texas has increased freight rates. Not much yet; but it is hoped the increases will be sufficiently liberal to relieve the roads of their distressing necessities.

The Commission, after the most exhaustive, patient, laborious and painstaking investigation ever before undertaken by a state rate-making

body, in which hearing the Commission was assisted by able attorneys and experts, in no way connected with the railroads; and with the single purpose of learning the truth and doing their duty as sworn officials of your choosing, the Commissioners have found that the railroads are entitled to earn more revenue to enable them to pay their operating expenses and a fair return upon the value of the property devoted to public use.

It would not be fair to charge the entire increase to personal injury payments. Such payments had, however, a considerable influence in the way of increased expenses; but there are many other ways of unnecessarily increasing the expenses of the railroads. The legislature can, and in the past has done so. And every expense imposed or forced on the railroads by the legislature must be considered in fixing freight rates paid by the people, and mostly by the producers of the wealth of the state.

The last legislature was importuned, by selfish interests, to pass wholly unnecessary and expensive laws, such as the so-called "full crew bill" and others, that would, had they been enacted, have increased the expenses of the railroads of the state about four million dollars per year. The legislature, however, refused to place

this enormous expense on the shippers and producers of this state, and you justly owe your lawmakers a vote of thanks for thus protecting you. For if the legislature had passed these laws, the increased expense would have had to be taken into consideration by the Railroad Commission in fixing the advances allowed, or to be hereafter allowed.

The action of the legislature has saved the shippers and producers of this state a vast amount of money.

The financial conditions of the railroads forced us to ask an increase in freight rates. We would have been glad, had the condition of the roads been such, that we would not have had to ask for such increase.

The way to protect yourselves in the amount of freight rates is to assist the railroads in reducing expenses and in preventing their operating expenses from being further increased. Will you thus help yourselves, your neighbors and your friends?

Your state and county officials publish statements of their public acts for the information of the people; while railroads are privately owned, they are operated for the benefit of the public, and the people are entitled to know how they are effected by railroad legislation and regulation.

Now, Himrod, the nimrod, igod, is inquad.

Of course, men like to see women wear silk stockings but they are not so awfully particular about their own wives.—Fort Worth Livestock Reporter

While Emma Goldman, anarchist, and a dozen other radicals preached birth control before a mass meeting in New York, Mrs. Sarah O'Neil, 41, snuggled in bed with a tiny babe under each arm, happy "because God had given her another double blessing." Mrs. O'Neil now has 19 children. The O'Neils do not believe in birth control.

Judge R. H. Grisham, of Sweetwater, was here Monday in the interest of his candidacy for congress from this district. It is a pleasure to meet men like Judge Grisham, who seek official honors solely upon their individual and personal merit and fitness. The Record will go bad that he keeps his campaign on as high ground as his personal conduct has been. If the Record can not wish him success, it certainly wishes him speed in his running.

Mitchell county's turn will come after a while. Nolan county will vote on the proposition of a new \$100,000 courthouse on the 23rd instant. Lubbock county has just let the contract for one costing nearly that sum. Scoury built a new temple of justice a few years ago, as did Howard, while Taylor is hardly through celebrating its new courthouse warming. Mitchell pleads guilty to the impeachment of "conservatism" in many things, and in perhaps, the spectre of bonded indebtedness tinctures the dreams of our worthy commissioners and afflicts their statesmanship with a benign type of myopia.

Soon will the tolling farmer be interrupted in his labors by the importunate candidate, who will at length explain to him how the county will be benefited immeasurably if he (the candidate) is permitted to hold office. The country school houses will resound with the matchless oratory of the office seeker. Barbucos, picnics, camp meetings, etc., will have numerous visitors, well provided with cards, arguments and (sometimes) cigars. Yes, the campaign is opening. The crop of candidates is going to be larger than for several years. The country vote is going to be much sought after but don't think that the city will be neglected. It is going to be worked even more assiduously than in the past. Every man who has paid his poll tax is going to receive attention. During the county campaign of two years ago, we kept count of the number of cards handed to us. It was exactly 621. We have great hopes of making it an even thousand this year.—Fort Worth Livestock Reporter

The Record has never entertained the least degree of respect for that old billy-goat egotist and formalist, Carranza, putative head of the alleged de facto government of Mexico. He possesses none of the brutal prowess

of either Villa or Huerta, utterly lacks their physical courage, while absolutely without any constructive ability as an organizer or fighter. We can't get the suspicion out of our noggin that there is some kind of collusion between Carranza and Villa to embroil the United States, provoke an invasion of Mexican territory and then both cry "wolf" in an effort to force unity and cohesion among the Mexican people. If this suspicion be in any part true, and old Carranza meets the United States troops at the border and informs them that he is able to cope with the Villa situation—then we expect the redlights and martial music to begin. The old blatherskite has baited this country a trifle too far, and we believe the next time United States troops set foot on Mexican soil, the history of the occupancy and development of ancient Egypt by the English will find a parallel in the republic just south of us.

ABILENE, AND ITS WAY.

The capitalists of Abilene have decided to drill another test well for oil or gas. The first well was sunk to a depth of about 3,000 feet before being abandoned. The nerve and forthcoming dollars to back a second well, is the hall mark of all that the people of Abilene undertake. They "stay by the stuff" in wet or dry, fat or lean conditions. And to this spirit, more than to any natural advantages, has the town of Abilene forged ahead and become the metropolis on the Texas & Pacific between Fort Worth and El Paso. Colorado has a better agricultural contributing territory than Abilene, any day in the calendar year from the 1st day of January till the sixth day after Christmas of the same year, but Colorado lacks the nerve and spirit of Abilene.

This writer minds well the time when the seat of the county government was "voted" (note the quotation, please) from Buffalo Gap to Abilene. He was then just past the "gossling" stage of the green and salad days of adolescence, and believed that all men were virtuous and truthful and that whatever the law required to be done or not done, was or was not done in conformity thereto. That was a long time ago, and this writer has experienced many and sore disillusionments since that good and simple time. But one thing has abided—Abilene has never lost its nerve and ability to eventually land the fish, to the catching of which it set its head. If Colorado had possessed one-tenth the foresight and nerve that gave Abilene its front a quarter of a century ago, Colorado would today be referring to San Angelo and Abilene as its suburbs to the south and east and be contemplating the incorporation of El Paso as its westernmost addition. Sic transit gloria mundi.

The movable schools in home economics that have been held in this county this week, were a great success and attended at every appointment by earnest crowds eager to learn of better methods of doing the everyday duties on the farm. County Farm Demonstrator, W. A. Dulin, deserves much credit for securing the services of these experts in this line. A fuller account of these schools will be found elsewhere in this paper.

ROOM UP FRONT.

We appeal to the patriotism of every citizen of Mitchell county. Among the list of unalienable rights guaranteed by our magna charter are those of life, liberty and pursuit of office, and unless we avail ourselves of these great and inestimable privileges, the "candlestick" may be removed. The only way to preserve liberty is to exercise it. It will be seen by consulting our list of announcements that the number of our prominent citizens who express a willingness to sacrifice private gain for the public good, is to date, discouragingly small.

Where there are only two willing to cast themselves into the breach to save Rome in the official capacity of county judge, there might be half a dozen possessing a like fever of patriotism. In the free-for-all handicap for the assessor's purse, only a scant half dozen show up at the post. For the district and county clerk's hurdle, there are but two entrants. In the sheriff's race, the only entry will run against his own time. The successor of Judas has but three claimants for that honor. In the precinct races, the dearth of new material and blood is equally noticeable. Of course Mike Radliff is a candidate for the dignity and emoluments of "Square," and it is equally a matter of course that Fred Meyer is a candidate again 'im. In the quarter class are to be found only Hobson's choice chalked on the board. The betting limits are hardly more comprehensive in the municipal sacrifices. But two offering for city marshal.

Come, come, neighbors; such a corporal's muster of patriotism can't be depended on to save this great country in its hour and article of stress. The Record has room for many more in its announcement column and a suitable obituary notice for the proper speeding of every class of candidacy. Don't be backward while the good of the commonwealth howls for its noblest blood.

Publicity is a double-edged weapon, and frequently accomplishes a very different result to that whereinto it was directed. The efforts of Anthony Comstock to suppress the Police Gazette, gave that paper a circulation and publicity that it could hardly have gotten by its own efforts through legitimate advertising. People who had never heard of the Gazette only through Comstock's prosecutions, sent in subscriptions that they might see and read for themselves. The fierce protest made by negroes and many northern people against the photoplay, "Birth of a Nation" has done far more to advertise the production and create a demand to see it, than could have resulted from any amount of regular publicity. The very curiosity created by the efforts to suppress it, has been worth hundreds of thousands of dollars to the owners of the play. It has made everyone anxious to see the play and judge for him or herself as to its morals. There have been other photoplays just as expensive to produce, which are shown all over the country for ten and twenty cents, and it is more than likely the "Birth of a Nation" would have sold at the same figure, had not protests been made against its exhibition. Certainly there are numbers of film productions of equal if not greater merit, that are shown for ten and twenty cents. But magnitudes scramble to get seats at the "Birth of a Nation" at from \$1 to \$2 per setter.

If the punitive expedition of the United States army into Mexico after Villa incites old Carranza to sufficient activity to catch the bandit instead, a righteous end will have been achieved. President Wilson's recognition of Carranza as head of the de facto government of Mexico, is but a tentative one, based on Carranza's ability to handle the situation and pacify that country, within a reasonable space of time. The murderous raid upon the territory of this country was one evidence of Carranza's inability to pacify the country, the expedition by the United States into Mexico, will be cumulative evidence on the same point, and in order to try and save his face, Carranza is now making a belated bluff at capturing Villa himself before the United States soldiers arrive on the scene, and then informing Mr. Wilson that the de facto government of Mexico is fully able to police its internal affairs. Carranza is an egotist first and secondarily a fool.

The sight of a full troop of United States cavalry being transported by rail, does not occur every year in the life of the average denizen of West Texas. And so it was not a few of our people lingered near the Texas & Pacific right-of-way last Wednesday afternoon in the hope that the troop train would pass this point in the day time. But the series of trains bearing the gallant cavalry and their horses did not pass Colorado until after night-

fall. This was a sore disappointment to that contingent of our front rank citizens who kept as vigilant outlook for the first troop train as they usually do for the whistle of the locomotive that pulls into town the first section of a circus.

CO-OPERATION WILL GET IT.

Move to Secure An Agricultural College For West Texas Promises Results.

The following circular letter from the secretary of the Sweetwater Chamber of Commerce explains itself: "The time has come for West Texas to make a determined effort to locate an Agricultural College somewhere within her borders. There are many reasons for this, chiefly; the inaccessibility of the present location at College Station for West Texas; the absolutely different conditions agriculturally affecting West Texas, as contrasted with those affecting East Texas, it being impossible to properly teach agriculture for successful practice in West Texas at or in the vicinity of Bryan; the cramped and crowded condition of present facilities at College Station.

Texas in the western part of the state rather than send their boys to a swampy, inaccessible country such as that at Bryan, prefer sending their boys to the A. & M. Colleges of New Mexico, Kansas, Oklahoma and Colorado, where conditions are more nearly like those found in West Texas. Thousands of West Texas boys are practically deprived of state education in their own state, though they pay enormous taxes for the support of the State A. & M. because of these conditions.

Texas is big enough and rich enough to provide a second A. & M. College for the people of West Texas. It ought to be done; it will be done if West Texas demands it urgently enough.

You are therefore urgently and earnestly requested to attend a meeting to be held in the city of Sweetwater, April 5th, at which time steps will be taken to secure an A. & M. college for West Texas. Prominent business men, farmers, teachers, bankers and newspaper men from all over the western part of Texas will be present. THOS. F. HODGE, Sec. Sweetwater Chamber of Commerce.

In this call join the commercial organizations of a dozen West Texas cities, from Amarillo in the north to El Paso on the west to Fort Stockton and San Angelo to the south. If the need for the establishment of an Agricultural and Mechanical College at some accessible West Texas point is sufficiently demonstrated and the appeal for it made urgent, it is quite likely such an institution may be created by the legislature. The present stage of its promotion is unripe for any suggestions of preference as to its location. That matter will be settled after the institution has been secured.

In furtherance of the co-operative effort to secure this school, Colorado will send a delegation to Sweetwater on the above date and do all in its power to secure the establishment of this much needed college in West Texas.

GRIFFITH HOME BURNS MONDAY NIGHT; ORIGIN OF THE FIRE UNKNOWN.

The handsome home of Mr. and Mrs. I. A. Griffith at Osage and North Fifth streets, was practically destroyed by fire at 9:45 o'clock Monday night. The fire was of unknown origin.

The house was a large and modern two-story structure and cost around \$5,000. The house and contents were valued at between \$7,000 and \$8,000. There was \$2,000 insurance on the house and \$1,500 on the furniture.

It was almost a total loss. The fire gutted the upper story and the walls of the ground floor were badly char-

red. The fire was a very hard one to handle but the firemen had plenty of pressure and did some splendid work. They prevented the total destruction of the place and kept the blaze from spreading to houses on the north, the wind being from the south.

When neighbors discovered the fire it was coming out of the roof. It was burning brightly when the firemen arrived on the scene and began putting water on it.

None of the family were at home at the time, being at a neighbor's house, and the origin of the fire is a mystery. A report that it was caused by a fumigating lamp was believed impossible. Tuesday morning Health officer, Cash had set a fumigating lamp in each of the three groundfloor rooms on the west at 11 o'clock Monday morning, a child having had diphtheria at the home. The lamps cannot burn longer than forty minutes at the outside, the official stated. He set them in a pan of water and then set the pan and the lamp in a second pan of water. It was ten hours after the lamps would ordinarily burn out before the fire was discovered.

"It could not have been the fumigating lamp," said Chief J. J. Clinton, and pronounced the origin unknown. The upper story of the house seemed to be afire when discovered.

Mr. Griffith, who is engaged in business at Colorado City now, came down on the noon train Tuesday. The family are at the home of Mr. and Mrs. W. C. Scott, neighbors. The many friends of the family extend sympathy in their great loss.—Abilene Reporter, March 14th.

THE GENTLE ART OF "PULLING."

"Them what has, must lose; for them what hain't, can't." This aphorism has been preserved in varying idiom for the past century or more, but the truth and pertinency of its moral crops out with vividness ever and anon. The latest local instance that points this moral and incites this tale, has to do with the great European war and the humanitarian work being done here on its battle fields by that heroic band of workers known as "The Red Cross."

With a laudable desire to help in the good work of amelioration of the sufferings of the battle fields of Belgium and other war-torn countries, the rotten buyers of Colorado, last October donated a bale of cotton to the work of the Red Cross Society and notified the solicitor that it was being held here subject to orders from the Red Cross headquarters. The Record gave the donors a neat little obituary notice for the disinterested act and highly commended their sentiments.

The cotton has not been requisitioned until this week, when, upon search neither the locus, the copus, nor even the modus, could be established. The concrete bale of cotton had vaporized and been dissipated into thin air by the necromancy of that gentle buccaneering art known as "pulling," of which cult, Hermann, the Great, was the most shining exponent. The bale was "non est"—it was sampled away.

However, the local buyers felt upon their metal and promptly purchased another bale, which they sold out of hand and sent the proceeds by bank draft to Mrs. W. R. Smith, at Washington, at whose suggestion the first donation was made. The last bale netted \$43.05.

Tailor-Made Clothes

Are the Most Practical and Economical Kind to Buy

There is no waste whatever in tailor made clothes, as the clothes are sold before the material is cut and made up.

Tailor made clothes are fast taking the place of "hand-me-downs" especially the "dry goods store variety."

Tailors do not have to put on so-called big sales in order to move old dead stock that has been accumulated from year to year ever since the court house was built.

Tailors sell their goods at exactly the same figure the year 'round. Hand-me-down dealers cut their prices about half in two at end of each season.

If you pay fifteen dollars for a "hand-me-down" at the beginning of the season and your neighbor pays exactly seven-fifty dollars for one exactly like it at the end of the season, who gets bucconed?

Both of you.

The Supremacy of Peruna as a Household Remedy
44 Years of Leadership

Returned to His Work.
Mr. Julien Goudan, Erwinville, La., suffered with catarrh of the stomach. He did not know what his trouble was. He was unable to work. Could hardly eat anything. After taking Peruna a short time he is now in perfect health. He says: "I am now doing all my work. I am confident that any one suffering as I was could be cured by Peruna."

Every Change of Weather.
Mr. E. Arnold, Westley, R. I. contracted a severe cold. The cold settled in his side and produced a condition that was thought to be pleurisy. Every change of weather would bring a return of his trouble. After taking Peruna all his ailments were vanquished.

Pain in the Stomach.
Mr. Henry Kneek, Box 550, No. 1118 S. Vista Ave., Janesville, Wis., writes: "I wrote you about four weeks ago that I had a pain in my stomach. I followed your advice, and used three bottles of your Peruna, and I am all right now. I am very thankful for your advice and your medicine."

A Housewife Restored.
Mrs. R. W. Copelan, Box 22, Greensboro, Ga., suffered several years with catarrh of the stomach. She was in such poor health she could not attend to her household duties at all. Peruna was recommended by neighbors. She was induced to begin the use of Peruna. She says: "After taking five bottles of Peruna I am happy to say that I am entirely cured. My indigestion is entirely gone."

Once a Chronic Invalid.
Mrs. E. Hiker, 503 Grant Ave., East Cedar Falls, Iowa, was once a chronic invalid. Four different doctors had been consulted without avail. She had taken five different medicines that had been recommended, without improvement. Peruna was tried and the good result was prompt and lasting.

Expresses Her Gratitude.
Mrs. Samuel Buhl, 635 Union Ave., Johnson, Pa., is able to say positively that she has been cured by Peruna. She can scarcely find words to express her gratitude for her recovery. For many years she had been a semi-invalid from chronic catarrh.

Three substantial men, heads of families, made efficient once more by Peruna. Three housewives restored to their families. These are only samples of what Peruna is doing every day, everywhere. Surely, this is a splendid work. Anything that conserves family life and makes the home more desirable and comfortable, nourishes the heart root of civilization. Peruna is a great civilizer.

INFANTRY QUITS AROUND VERDUN
A pronounced pause has come over the German offensive operations at Verdun as far as the infantry is concerned, according to the official statements issued today.

There is no cessation of the artillery duels, however, the bombardment continuing along much of the front, the statements add.

French aviators bombarded the railroad station at Carlans, where fires were seen to break out.

The Dutch-Belgian frontier has been opened in one place, indicating that the Germans consider their offensive at an end.

The British Mesopotamian losses under General Aylmer were 5,000 in the battle of March 8, according to the Turkish official announcement today. In Arabia, Constantinople says, the British force is trying to advance inland from the Gulf of Aden but have been repulsed.

AVERAGE KILLING
FROST MARCH 22ND.
H. J. Bradshaw, county engineer of Taylor county, has kept tab on the farewell benefit of old Jack Frost in this particular section of West Texas, for many years, and, as a result of his observations, gives it out that the fruit crop of West Texas need not crow until April 23rd. The average date of a killing frost, covering a period of many years, is March 22nd.

According to the records kept by Mr. Bradshaw in the personal column, covering the coming and going of old J. Frost, his earliest visit to West Texas, was on October 24th, 1906. Average date of first killing frost is November 11th.

The average date of the last killing frost is March 22nd. The latest date of a killing frost is April 23rd, which occurred in 1907.

Fruit is not absolutely safe from even the average date of a killing frost, as the late occurrence of Easter this year leads to the expectation of like belated frost date. The above date is given to the wise for just what it is worth to them. To all others—of course, its merely a waste of time and clean white paper.

CANNOT PRAISE THEM ENOUGH.
Many sick and tired women, with aches and pains, sore muscles and stiff joints, do not know that their kidneys are out of order. Mrs. A. G. Wells, Box 90, Route 5, Rocky Mount, N. C., writes: "I am taking Foley Kidney Pills and cannot praise them enough for the wonderful benefit I derived in such a short while." For sale by W. L. Doss. 3-31

JUDGE C. R. BUCHANAN, CANDIDATE FOR THE STATE SENATE.
In the announcement of Judge C. R. Buchanan for State Senator, Scurry county offers to the democratic voters of the 28th senatorial district in the July primaries, one of her strongest and best citizens. Judge Buchanan has for more than twenty years been identified with the interests of this portion of the state, and has served the citizens of Scurry county in many public capacities.

Some forty-six years ago he was born in the southwestern portion of historic Old Virginia, but early youth found him on a farm in Bosque county, Texas, where he lived to manhood and began life as a farmer-school teacher, alternating farming, school teaching and attending school at Baylor University and the State University until he was well equipped in the teaching profession.

He concluded his career as a teacher in the public schools of the state in 1900, when he retired from the superintendency of the Snyder public school after four years' successful service in that position, to take up again the occupation of farming and stock raising.

In 1902 the Scurry county voters called him to the office of county and district clerk, which were at that time one office in this county. After four years' service in this capacity, the voters of the county without opposition placed Mr. Buchanan in the combined office of County Judge and County Superintendent of schools, the duties of which offices were discharged by him for four years to the eminent satisfaction of the citizenship of the county. During this time the voters of the county declared for a new courthouse, and Judge Buchanan, as the presiding officer of the commissioners' court so ably looked after the interests of the county that we don't hesitate to say that Scurry county has the best courthouse in the State of Texas, cost considered.

In 1912, Judge Buchanan was again called to the county judge's office, and again in 1914, which place he still fills to the satisfaction of the people of the county.

He aspires to go higher in the service of the people and we invite the voters of the 28th senatorial district to help us send him to the State Senate.

Judge Buchanan is not a licensed attorney but is well read in the law, so much so, that as trial judge, either in civil or criminal practice, he invariably writes the charges of the law to the jury, and has rarely, if ever been reversed by the higher courts, on appeal.

Judge Buchanan is a happy combination of the many elements necessary to constitute a representative man. Well educated, practically and theoretically, of judicious mind, broad vision, practical experience and conservatively progressive, a genuine democrat, safe and dependable. He is clear headed, and well versed in parliamentary proceedings, is acquainted with the rules of procedure in the senate of the state, having served as a clerk in the senate during the 32nd legislature.

Judge Buchanan is a man of the common people, knows much of their needs. He believes that the government should protect not only the lives, liberty and property rights of the people but should protect their rights in the pursuit of happiness and of industrial prosperity, and give every reasonable aid in the attainment of these ends.

We commend the candidacy of Judge Buchanan to the democratic voters of the 28th senatorial district.—Snyder Signal. Adv.

EVER SALIVATED BY CALOMEL! HORRIBLE!
Calomel is Quicksilver and Acts Like Dynamite on the Liver.
Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your druggist sells for 50 cents a large bottle of Dodson's Liver Tone, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not salivate.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tone straightens you right up and you feel great. Give it to the children because it is perfectly harmless and doesn't grip.

We all dread a bodily paralysis and would make use of every contrivance to avoid it, but few of us are troubled about a paralysis of the soul.—Epictetus.

OUCH! LUMBAGO PAIN! RUB BACKACHE AWAY.
Instant Relief With a Small Trial Bottle of Old "St. Jacobs Oil!"
Kidneys cause backache? No! They have no nerves, therefore can not cause pain. Listen! Your backache is caused by lumbago, sciatica or a strain, and the quickest relief is soothing, penetrating "St. Jacobs Oil." Rub it right on your painful back, and instantly the soreness, stiffness and lameness disappears. Don't stay crippled! Get a small trial bottle of "St. Jacobs Oil" from your druggist and limber up. A moment after it is applied you'll wonder what became of the backache or lumbago pain.

Rub old, honest "St. Jacobs Oil" whenever you have sciatica, neuralgia, rheumatism or sprains, as it is absolutely harmless and doesn't burn the skin.

County Judge Cochran has received an offer for the proposed courthouse bonds in case the election carries on the 28th inst. THE VAN SICKLE CARNIVAL.
Fire Company Thoroughly Satisfied With Results of Their Work.
The Van Sickle Carnival Company, like all human concerns, "have come and went." Although not attended with the proverbial noise, blare and ballyhoo, that are the natural concomitants of such street aggregations of dazzling splendors, the engagement here of this company was a persistently quiet success. Both Capt. Van Sickle himself as well as the manager of the local fire company, assured the Record of entire satisfaction, both as to financial returns and personal association.

The Van Sickle Carnival Company was a very noticeable deviation from the usual run of such street attractions, which latter go where they can; while the Van Sickle company go only where they are wanted, and if they went everywhere they are wanted, they would have to possess the power of being in several different places at the same time. Their engagements are in demand.

The physical aspects of this company bespeak its merit. The tents were new, clean and of uniform color and scheme. The attractions were novel and entertaining, free from the snake-eating and ultra morbid features that make up the alleged attractions of imitators. The high dive, motorhome features were novelties much enjoyed, as well as many other features of the show.

From here the company went to Big Springs, going thence to Snyder for a week's engagement at each place. The per cent of the Fire Company amounted to more than \$200. Capt. Van Sickle, the manager of the company, is an affable, obliging gentleman, and shows himself to be a shrewd business manager. The Record does not hesitate to recommend the Van Sickle Carnival Company, as clean, entertaining and worthy the patronage of any community.

MILK FEVER IN COWS.

Disease Attacks Only Animals of Improved Breeds—Symptoms, Prevention, and Treatment.

Milk fever, also known as parturient apoplexy, not only is peculiar to the cow but attacks only cows of the improved breeds and of deep milking strains. It chiefly affects cows that have been developed in the direction of early maturity, rapid fattening, or a heavy production of milk. The victims are not always fat when attacked, but they are cows with great powers of digestion and which have been fed heavily previous to the onset of the disease. Cows are seldom affected until they have reached full maturity and are at the most productive period of their lives—that is, from 5 to 8 years of age.

In heavy-milking cows all the food eaten in excess of that required to make up for the normal waste of the system is turned into milk. When the flow of milk ceases, if the animal is fed heavily, the excess of nutriment from the food has no avenue of escape, and is consequently stored up in the glands and in the blood, causing the animal to become unnaturally plethoric or affected by excessive nutrition. After the delivery of the calf, the blood which has been supplying the fetus is suddenly turned into the circulation of the mother, and if she does not begin the secretion of milk promptly the plethora of her blood rapidly increases.

Symptoms of Disease.

The disease usually manifests itself within two days after the birth of the calf, although in rare instances the cow becomes affected prior to calving. Great uneasiness is one of the first noticeable symptoms. The cow steps about restlessly and refuses to eat or drink. She may soon begin to show signs of abdominal pain. Paralysis begins to be manifested within a few hours, being indicated by a staggering uncertain gait. The patient now becomes quieter, rapidly weakens, and finally goes down and is unable to rise. The head is drawn around to one side, usually the left, producing an attitude that is not often seen in any other disease. The animal soon becomes quite unconscious.

The temperature, at first elevated, tends to become lower as stupor and coma progress. The bowels may become torpid or completely paralyzed, and unless improvement is brought about they are not likely to operate again. The bladder, too, is paralyzed and fails to expel its contents. Action of either bowels or bladder, or both, is always a favorable symptom.

The torpor of the digestive organs nearly always causes grave disorders; the paunch becomes the seat of fermentation, producing gas and excessive bloating. There are frequent belchings of gas or food, which, reaching the paralyzed throat, pass in part into the windpipe, causing inflammation of the air passages and lungs, which condition often becomes the immediate cause of death.

Means of Prevention.

For such a serious disease prevention is more important than treatment. Among the most effective means of prevention may be mentioned a restricted diet for a week or two before calving and for at least four days afterwards. Free access to salt and water is important, as the water serves to dilute the dense rich blood and salt encourages the animal to drink. The water should be warmed suitably, as iced water may have a bad effect. A cow that is in a very plethoric state, or that was attacked by milk fever at her last calving, should be given a purgative dose (1 pound) of epsom salts 12 to 24 hours before calving is due. A most important precaution in a plethoric cow is to avoid drawing any milk from the bag for 12 to 24 hours after calving. Daily exercise is of importance, and the value of the open air can not be overestimated. Rich clover pastures should be avoided.

Method of Treatment.

It is a good practice to give a dose of purgative medicine if the air treatment, to be recommended later, is not available. Epsom salts 2 pounds, carbonate of ammonia 1-2 ounce, nuxvomica 1-2 dram, is a good preparation to use at this juncture. The bowels and bladder should be emptied, the former by hand and the latter by use of a small rubber tube. Bags of ice may be applied to the head. Benefit is often derived from the administration of 20 drops of tincture of scionite every four hours. The application of water, as warm as it can be borne by the hand, to the back and loins acts by removing the blood pressure from the vital organs.

In view of the great superiority of the inflation of the udder with atmospheric air as a curative for milk fever, medicinal treatment is seldom attempted at the present time. By former methods of treatment the losses were very great; but by the use of the air treatment in skillful hands, it is

D. D. D. For 15 Years the Standard Skin Remedy

claimed that more than 96 per cent may be saved. A large syringe or injection pump is used (a pump for inflating bicycle tires serves the purpose nicely). The whole apparatus should be sterilized before it is used. Boiling for 20 minutes will afford suitable sterilization. The intake opening is filled with sterilized cotton, while a milking tube is attached to the delivery tube.

The teats of the cow should be carefully washed and dried, after which the milking tube on the pump or syringe is inserted into each in turn, while an assistant distends each quarter of the udder with air, without continuing the process after the udder is fully expanded. The tube is now withdrawn and a broad tape is tied around the free end of the teat to prevent the escape of the air. The tube should be disinfected by dipping in a 3 per cent solution of cresol compound or carbolic acid after each application. Should no indications of improvement be apparent at the end of two hours, the udder should be inflated again.—U. S. Bulletin.

Best For Liver and Bowels, For Biliousness, Sour Stomach and Constipation.

Get a 10-cent box now.

Furred tongue, Bad colds, indigestion, sallow skin and miserable headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret tonight will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your drugist will keep you feeling good for months. Millions of men and women take a Cascaret now and then to keep their stomach, liver and bowels regulated, and never know a miserable moment. Don't forget the children—their little insides need a good, gentle cleansing, too.

A SLIGHT DIGRESSION.

In our T. & P. Agricultural press service, it has been my aim to stick pretty closely to "shop"; and I hope therefore, that everybody will pardon a slight digression, which is:

That tenant farmers should be rendered independent home owners, and coached to win out, to the end that they may feel they have more "stake" in the country.

That city people, unable to meet the ever-increasing difficulty of making a living in town, should be rendered moral if not material encouragement to reach the country under conditions offering reasonable promise of success.

To these ends we need constructive statesmanship, more than we need partisan politics.

SUNDAY LID MAY BE CLAMPED ON TIGHT IN WACO, IS REPORT.

Waco, March 8.—Probability of the strict enforcement of the blue laws of the state was raised yesterday, when it became known that evidence has been collected with the intention of filing complaints against all persons violating the Sunday laws of the state. The step was taken by those favoring Sunday movies in retaliation for the filing of charges against picture show proprietors by a committee named at a mass meeting Sunday afternoon. The step was discussed by the Central Labor Council several months ago when Sheriff S. S. Fleming filed complaints against picture show proprietors operating on Sunday.

Proprietors of cigar stores, drug stores where drinks, cigars, tobaccos, candies and other articles are sold, confectionery stores, gasoline supply stations, garages, livery stables and churches having paid choirs are included in the list of more than eighty, against whom evidence of the viola-

tion of the Sunday blue laws has been obtained, according to statements of leaders of the proponents of Sunday picture shows.

Picture show proprietors stated last night that warrants based on complaint filed against them yesterday morning by the mass meeting's committee had not been served. The complaints were filed in county court yesterday by County Attorney McNamara and the trials will probably come up within the next few days.

The result of the trials will be awaited with considerable interest all over the state, as it will probably show the influence on juries of public sentiment in the recent initiative election at which Sunday shows were sanctioned by a heavy majority.

J. P. MAJORS

LOCAL NOTES

Mrs. J. H. Greene returned from Dallas this week very much improved in health.

Go to Cooper Brothers for the right kind of horseshoeing.

Ben Morgan will take your subscription for any paper or periodical.

Jack Smith took a car of calves to Fort Worth this week and incidentally will attend the Fat Stock Show.

Fresh vegetables every Friday and Saturday at Pickens & Reeder's market.

Mr. and Mrs. R. E. Gracy, of Roscoe, spent Sunday with relatives here.

No soap better than Palmolive. See what W. L. Doss will do for you in this line.

Jake is now serving fresh sealship oysters.

Donald Sheaff, of Sweetwater, spent from Sunday to Tuesday night with Colorado Friends.

Why not let us deliver your orders for meat? Just phone us your wants and we'll do the rest, Pickens & Reeder.

Mr. and Mrs. Eugene Payne, of Justiceburg, motored over and spent a few days with their parents last week.

The Quinine That Does Not Affect the Head because of its tonic and laxative effect. LAXATIVE BROMO QUININE is better than ordinary Quinine and does not cause nervousness or ringing in head. Remember the full name and look for the signature of E. W. GROVE. 25c.

T. H. Rhodes of the Texas Power & Light Company and H. H. Russell of the General Electric Company, have been in town several days this week canvassing in the interests of the installation of electric cooking stoves in the residences of the town. They propose to place a stove in any home for one month's trial. If at the end of that time it does not prove itself more convenient, quicker in service and less in cost of operation, they will take it out with pleasure and no obligation on the user.

Mr. J. M. Thomas is spending the week at Temple, where Mrs. Thomas is recuperating in a sanitarium.

If hungry, try Jake's best service; best grub.

NATALIE GAGE using "L'Ornee de Fie" (The Fire-Hat)

Correct styles in the celebrated GAGE Hats at Mills Millinery. People who know want a GAGE Hat.

Mrs. Housewife—As you well know March is the month of sand storms and it is worse than folly for you to try to do your laundry at home. The days your wash-woman can come will most probably be the very worst day of all. There is danger from fire, to say nothing of the wear and tear on your clothes. Do not take the risk, send everything to us, we will wash every day.—The Laundry.

Work on the burned buildings in the Lasker block is progressing right along. Brick fire walls are being put in instead of the lath and plaster partitions that were employed before. When finished another such fire as the last one, would be confined to the building in which it originated.

W. L. Doss handles the best windshield glass.

Take your horseshoeing work to Cooper Bros.

Work on the new bungalow home of Sam Majors on the lots east of Sam Wulfjen's place, is now under way. Brick and concrete will be used throughout the whole building. The cost of wholly brick will be but little less than part brick and frame. When finished he will have one of the neatest and most admirably located homes in the town.

Invigorating to the Pale and Sickly
The Old Standard general strengthening tonic, GROVE'S TASTELESS CHILL TONIC, drives out Malaria, enriches the blood, builds up the system. A Pure Tonic. For adults and children. 50c.

If you need crutches go to W. L. Doss.

The local camp of the W. O. W. is moving onward all the time. There are now 359 members in good standing. The degree team is drilling in preparation of going to Corpus Christi encampment. A membership of 400 is the goal for this year.

Take your tin vessels of all kinds to R. B. Terrell for quick and lasting soldering. He does it while you wait to take it home.

J. Wright Moorar, rancher of Snyder, who has been in Fort Worth for the last few days, returned to his home Saturday. Mr. Moorar claims title to being the only hunter to have shot a pure white buffalo, which feat he accomplished forty years ago along the banks of Deep Creek. This flows through his ranch.—Fort Worth Record.

Ben Morgan's is the Dallas News local agency.

Go to W. L. Doss for windshield glass.

D. N. Arnett, of Colorado, came up Tuesday to look after his ranch interests in this section of the Plains, and to spend a few days with relatives.—Lubbock Avalanche.

Go to W. L. Doss for your crutches; new invoice just in.

Col. H. L. Bentley, of Abilene, district organizer of farmers institutes, was here this last week for the purpose of perfecting organization of the county institute. An account of the meeting and full list of all officers, trustees, etc., will be found in this issue of the Record.

Cooper Brothers do the kind of horseshoeing that satisfies the owner and horse too.

Plenty of pure hog lard at Pickens & Reeder's market.

An entertainment given by the Conoway school, seven miles south of Westbrook, last Friday night, was attended by a large crowd from that immediate neighborhood, as well as by a few from this place. Of course, the two candidates for county judge and ex-officio superintendent of education, were on hand. The goodness and pleasantness of candidates riding together in unity is in evidence during these initial stages and skirmishes of the campaign. They may be carrying butcherknives and briarhooks for each other before the July primary; Quin sabe?

Having placed an order for the greater part of our staple stuff early, we got it much cheaper than we can buy it now. You get the advantage of the cheap price at Mrs. Mill's millinery store.

Fred Wulfjen, of El Paso, stopped over last Saturday morning to visit with his sisters, Mesdames H. C. Doss and Robt. Brennan. He left El Paso on the afternoon of the day on which the fighting between Villa bandits and the U. S. troops began, but spoke in the highest terms of the spirit of the people of El Paso and the Fort Bliss garrison.

Service car for anywhere, any time. Phone 65 day, 146 night. Kirkpatrick 4-14-p

W. L. Doss has received more than 3,000 rolls of the latest designs of wall paper—all at surprisingly low prices.

Rev. W. R. Hammock made a trip to Pecos this week.

Phone 65 for Pete Avery's service car; headquarters at Broadus' restaurant.

WELL DRILLING—I am prepared to drill wells on shortest notice and guarantee satisfaction in every case. See W. C. Morrow, Colorado. Phone 309. 3-31-p

FOR CITY MARSHAL.

The name of A. L. Stewart, popularly and affectionately known by the sobriquet of "Lefty," is added to our list of candidates this week. Mr. Stewart seeks the office of City Marshal. He has lived among us for nearly three years, and by his gentlemanly deportment, attention to business, has made a host of friends and secured the confidence of all classes of people. He is a young man, ambitious to rise, and will greatly appreciate any help toward success the voters of the city of Colorado may see fit to give him. Consider his case. The election occurs on the 4th of next month.

The friends of W. R. Morgan, who was taken to the Baptist Sanitarium at Dallas, last week, will learn with deep regret that an operation for the removal of his leg was decided on soon after his arrival there and performed the following day. Reports from him are to the effect that he is progressing toward recovery rapidly and will be able to return home ere long. Everyone who knows Morgan sympathizes with him and his family in this great misfortune.

Piles Cured in 6 to 14 Days
Your druggist will refund money if PAZO OINTMENT fails to cure any case of Itching, Blind, Bleeding or Protruding Piles in 6 to 14 days. The first application gives Ease and Rest. 50c.

Everyone will sympathize with our fellowtownsman, I. A. Griffith, in the loss of his home and contents at Abilene, last Monday night. He left on the Tuesday morning train to be with his family. An account is taken from an Abilene paper in this issue of the Record.

PREPARE TO SKATE.

If you can not go on roller skates, you will be passing this spring and summer. A revival of skating has been creeping southward from the metropolis since last fall. In the absence of ice, the ball bearing roller affords a satisfactory substitute. Colorado had two rinks during the last epidemic of the craze in 1905-6. Fire purified one of them, while the other fell into innocuous desuetude and lapsed to more utilitarian uses. After serving the ends of evangelical tabernacle, grist mill, warehouse and implement store, it still survives with its maplewood floor and will again serve the muse, Terpsichore.

Mr. H. C. Doss has moved his stock of implements into the Moorar livery barn, renovated the floor of the old rink, and will soon gather in a nightly stream of the current fractional coin of the realm in profitable plenty. Just now, roller skates are not to be had as quickly as might be supposed. The present fad for skating was somewhat precipitate, arriving a year or two ahead of the natural recurrence. The European war marooned a number of expert skaters in this country, who popularized the sport last winter in the swell hotels and cabarets.

"As mad as a March hare," is a proverb that might well apply to the housekeeper who at this time of year, with cistern water low or completely gone, the sand blowing, and spring sewing and house-cleaning on hand, attempts to do her own laundry, or has it done on the place with all the attendant annoyances. Be not "penny wise and pound foolish," but send your wash to us, and be rid of all laundry troubles.—Colorado Steam Laundry.

Rev. W. C. (Bill) Hart, of Gall, was a Colorado visitor this week. The Record refers to him as Bill, not through any sense of leveling familiarity, but because he is Bill to every man who knows him. God never made a better man than Bill Hart. Weak and erring humanity never had a better friend and advocate than Bill Hart, and the Record never had a more loyal subscriber than this same Bill Hart. If by any miracle of grace we shall ever arrive within the paradise of the redeemed, and come to look on the celestial register for old friends, one of the first names for which we shall search, will be that of Bill Hart.

KEEP YOUR BOWELS REGULAR.

As everyone knows, the bowels are the sewerage system of the body, and it is of the greatest importance that they move once each day. If your bowels become constipated, take a dose of Chamberlain's Tablets just after supper and they will correct the disorder. Obtainable everywhere. 3-31

FEBRUARY IS THE TIME

to bed out seed sweet potatoes. C. H. Lasky has the yellow yam and pumpkin yam seed potatoes. Get them now.

County trips a specialty. See J. W. Kirkpatrick. Day phone 65; night phone 146. 4-14-p

FOR SALE.

One half barrel iron roofing paint, including barrel, at 5c per gallon; one keg of "Seal 'Em Tight," 50 pounds or more, at 8c per pound; 35 sheets of smooth sheet iron roofing, 2 feet wide by 7 feet long, at 25c per sheet. All can be seen at Rockwell Bros. & Company lumber yard south of the railroad track. For further information see 3-31c WM DeBUSK.

MONEY TO LEND.

I have money to lend at all times on farms and ranches in Mitchell and adjoining counties. No delay or worry. G. B. HARNES, 4-14-c Colorado, Texas.

READY TRIMMED HATS.

I have a lot of the latest styles in ready trimmed hats, just from the style centers of the east. I ask the ladies of the city to call and see them. The prices are right and I can please you. See them at my residence two blocks north and one block west of jail. 3-31-p MRS. SAM POND.

FAT HOGS.

I want all fat hogs I can get. Bring in your fat hogs 150 pounds and up. I will ship a car load on Saturday night. Bring me your hogs Friday and Saturday. ED DUPREE.

FOR PUBLIC WEIGHER.

The name of W. F. Crawford appears this week in our announcement column as a candidate for Public Weigher for Precinct No. 1. He has served two terms in this public capacity, and though not classing with Rockefeller and Carnegie in the captivity of millions, has done fairly well by strict attention to his duties and a straight deal all 'round.

OUT OF THE RACE.

When one wakes with stiff back, pains in muscles, aches in joints, or rheumatic twinges, he cannot do his best. If you feel out of the race, tired, languid, or have symptoms of kidney trouble, act promptly. Foley Kidney Pills help the kidneys get rid of poisonous waste matter that causes trouble. For sale by W. L. Doss. 3-31

Joe Roddy, who left some time ago to attend commercial school at Dallas, has been selected assistant cashier of the bank at Coppell, in Dallas county, and entered upon the duties of that position. As a natural adjunct to his new position of trust and honor, he sends in a subscription to the Record. We wish him every success.

Hawkes' genuine crystalline glasses still agent for the Curtis Publishing Company. Phone 157.

To the People of Colorado and Mitchell County

HAVING acquired the business formerly conducted by Mr. J. A. Glover, we wish to announce to the good people of Colorado and Mitchell county that we have cast our lot among you and have come to stay. It is not our purpose to remain a few months, reap the cream of your recent bountiful crops and at the first indications of business lullness pull up and seek other fields. We have come to share your fortunes, good or ill.

We shall greatly enlarge the present stock, both in volume and lines, carrying first class staple and fancy groceries and all else that pertains to an up-to-date grocery business.

We Shall Buy For the Cash and Sell On the Same Basis

giving our patrons the benefit that results from quick returns, small profits and a minimum of losses. We shall be glad to meet the people of this community, and to the end of a better acquaintance, invite you to come to our store whether you buy or not. We want you to feel that we are here to serve you in your grocery needs, and will keep at all times a stock worthy your careful investigation.

Yours for Service,

PRINCE ALBERT

the national joy smoke

is the real tobacco for jimmy pipes and makin's cigarettes

Get a Fresh Start!

For men who got away to a false start on a pipe or home-made cigarettes Prince Albert has a word or two for what ails their smokeappetites!

Forget you ever tried to smoke, for Prince Albert is so different, such a fine flavor, so cool and cheerful and friendly, you'll get a new idea of smoke joy! The patented process fixes that—and cuts out bite and parch!

And this little preachment is also for men who think they're on the right track. All to be said is that the sooner you lay out a nickel or a dime for a supply of Prince Albert, the sooner you'll make a discovery that'll be worth a lot to your peace of mind and tongue!

Get the idea of smoking all you want without a comeback—that's P. A.!

On the reverse side of this tin you will read: "Patented July 20th, 1907," which has made three men smoke pipes where one smoked before!

Buy Prince Albert all over the civilized world! Topped red bags, 5c; six red tins, 10c; pound and half-pound tin humidors—and that classy crystalline pound humidor with sponge-moistener top that keeps the tobacco in such fine shape—always!

R. J. REYNOLDS TOBACCO CO., Winston-Salem, N. C.

Now For a Year of ECONOMICAL BUYING

The Big Sale over with, and the January sales a thing of the past, we have now settled down to giving you a season of the most economical and satisfactory buying this community has ever witnessed. With new goods coming right along, with our shelves stocked with everything your heart could desire, with prices battered down until it is impossible to lower them even another penny, this store offers you wonderful opportunities in keeping with the year of prosperity that is before our country. It makes no difference whether you are a customer or not, whether you are ready to buy or not, we extend to you a hearty invitation to make this store your headquarters, to examine our goods, to make yourself as much at home here as you would be within the walls of your own house. We ask no more than this, for we know that your own good judgment will be your guide in the selection of your purchases.

You will be our welcome guest at all times, patron or not.

LOCAL NOTES

Randolph McIntyre and Bradford Landers are at the Fat Stock Show in Fort Worth this week.

Carbon dog poisoning in any quantities at W. L. Doss'.

Miss Maude Anderson, of Fort Worth, visited her cousin, Mrs. Cooksey, this week.

Hot and cold drinks, fruit and candy at Ben Morgan's.

Within the next ten days we expect the most magnificent line of pattern hats ever shown in Colorado. The line will include some of America's most celebrated makes, such as Gage, Fisk, Ach and a number of others. —Mrs. B. F. Mills.

Mrs. McKenzie was suddenly called to Big Springs last Friday to the bedside of her cousin, Miss Clara Inkman. She died before Mrs. McKenzie reached there. She had many friends here and the sad news came as a shock to all.

Brooks Bell went west on belated No. 5 Wednesday.

Don't miss Edison's talking pictures at Shadowland Saturday.

John Lovelady, of Lubbock, revisited the scenes of his earlier triumphs in and around Colorado, this week. His smile was as cherry, his look as rubicund, his reminiscent imagination as vivid and his figure as springy and athletic as of long syne.

Pete Avery's service car headquarters are now at Broadus' restaurant. Phone 65.

District Attorney, W. P. Leslie, returned this week from a professional trip to Ector county. He reports that Mitchell county is a water-logged proposition compared with that section for lack of rain.

Brighten up your home with new wall paper and a little paint. W. L. Doss has both.

The market price of hogs has been soaring around the record mark the past week. Local shippers have been keen on the trail of porcine.

There have been seven surgical operations performed at the Phenix Sanitarium since the day it was opened for the reception of patients, all which were very successful. The institution now has four surgical patients.

W. L. Doss handles the genuine black leg vaccine.

Mrs. Ella Wright and son of Las Animas, New Mexico, the former a niece of Dr. N. J. Phenix, are visiting here, in order to be away from the possible international friction along the border.

All kinds of galvanized iron, zinc, tin and other sheet metal work done promptly and satisfactorily by R. B. Terrell.

J. R. Ledbetter and wife returned this week from an overland trip to their old home in East Texas and a brief sojourn at Mineral Wells.

Cook & Morrow, cash grocers, want your business. Phone 132.

"Engaged by Wednesday," a high class comedy will be presented by the senior class of the Colorado High School, Thursday night, March 22rd. Prices 25c, 35c and 50c.

Quite a number of Colorado cattlemen and others interested in stock matters, attended the Fat Stock Show at Fort Worth, this week.

Call up R. B. Terrell for any plumbing, tin work, soldering or sheet metal work. He gets it done and at most reasonable charges.

F. B. Whipkey spent part of Tuesday and Wednesday in the city of Abilene.

Black leg vaccine for sale at W. L. Doss'.

C. M. Adams returned from eastern and northern markets this week.

The Brick Garage invites the public to see its work in actual progress.

Mr. and Mrs. R. L. Baldwin returned to their home in Meriden, Conn. Wednesday, after a visit with their cousin, Mr. E. M. Baldwin.

Good second hand Ford at a bargain. Winn & Payne.

Rev. W. L. Williamson is attending a meeting of the Anti-Saloon League in Dallas this week.

Fire and tornado insurance written. E. Keathley.

Mrs. M. A. Ladd, of Paris, Texas, is here on an extended visit with her daughter, Mrs. Watt Collier.

The Brick Garage is the place to take your auto troubles. Efficiency and promptness are its watchword.

Phone 132 for your groceries. That's Cook & Morrow.

Go to W. L. Doss' for bisulphide of carbon.

Mrs. D. C. and Mrs. Byron Byrne spent the week end at Stanton with Master Bruce, who is in school there.

Jimmie Lee Hart, the land man of Lamesa, was a Colorado visitor this week.

For perfect satisfaction in your grocery bill and good service, phone 132.

Don't forget the talking pictures at Shadowland Saturday.

See the High School talent at the opera house, Thursday night, March 23rd. Prices 25c, 35c, and 50c.

The famous "Stuebaker" is still the leader at the Brick Garage.

C. E. Franklin is on the sick list this week.

Buy your meats from Pickens & Reeder and get the best.

Harvey Cook and family, of Silver Creek, visited his sister, Mrs. De Garbo, Saturday and Sunday.

Take it to the Brick Garage for quick and satisfactory service.

A GOOD OMEN.

Nothing succeeds like success and the next competitor of Success is judicious and continuous advertising. But a few hours after the Record called attention for the double-steenth time to the urgent need of extending the Radford spur railroad switch up the alley in order that it might serve the daily needs of two cotton gins, an ice factory, a coal and grain shipping enterprise, cars were actually run across Second street, far enough up the alley to have loaded or unloaded their contents at the ice factory or either of the gin sites.

That's some quick action and returns for such a conservative town as Colorado is held to be by some of its large hearted rivals. But cold facts justify the statement that such was the case.

Quite a long train backed onto the Radford spur track for the purpose of setting a refrigerator car at the unloading platform of the Radford Grocery Company's warehouse. Failure of the engineer to see the signal given from the Second street crossing, caused him to keep a-backing until the car had been pushed up the slight grade across Second street and up the alley opposite the Watson gin, whence it was pulled back without the least difficulty, striking plumb on the rails of the spur track.

This was a propitious omen, and we hastened to consult the almanac for the location of the "sign" and particular phase of the moon. The incident is highly favorable and in our mind presages the early consummation of a long felt need.

The brickwork on the new hotel is about completed, the lathing nearing the final touches, and the entire building ready for plastering. Every stage of the work brings out new and more attractive features of the building. The energy with which the work has gone forward on this building, the thoroughness of its construction and quality of all material used, is a decided compliment to the ability and integrity of the contractor, Mr. Sam Dane. The Record is a trifle impatient to witness the occupancy and opening of this much needed and long deferred adjunct to the commercial life of the town, and predicts for the hostelry a great success from the beginning and a wide reputation for the excellence of its service.

Make me an offer on the N. W. house and the middle house fronting north in the group of five houses built in South Colorado by Victor Dziedzoch, and known as the concrete houses. This means you, if you will really give anything for them. Ernest Keathley.

Don't forget that the county singing convention meets in annual session at the union tabernacle in this city, on the first Sunday in May each year. Now is none too soon to begin to get ready for the occasion. By putting matters off till a week before the time of the meeting and trying to get everything done in a hurry, is poor policy and bad management combined. President W. L. Doss will appoint his committees a month beforehand, so that no confusion nor wasteful haste shall result.

PROPER TREATMENT FOR BILIOUSNESS.

For a long time Miss Lula Skelton, Churchville, N. Y., was bilious and had sick headache and dizzy spells. Chamberlain's Tablets were the only thing that gave her permanent relief. Obtainable everywhere. 3-31
