FORT WORTH TO EL PASO ROAD

The Air-Line Automobile Road From Fort Worth to El Paso is Being Much Agitated by The Texas Good Roads Association.

County Judge, J. H. Bullock has just received a letter from D. E. Colp, Sec-Treas. of the Texas Division of the National Highways Association, in which he advised him that Mr. E. J. Hernan of Fort Worth, would deliver two lectures in Colorado on October 25th at 3 o'clock p. m. and at 7:30 in the evening, on the subject He is speaking all along the line from Fort Worth west, and he urges Judge Bullock advertise his coming and secure a good attendance for him.

The letter says: "We hope that you will use your best efforts to see that this proposition is thoroughly advertised, (speaking of Mr. Hernan's visit) and secure as big an attendance for Mr. Hernan, who is Assistant Director General of the National Highways Association, as possible.

"The Texas Good Roads Association, which is a division of the National, has decided to specialize on the Ft. Worth El Paso Highway since your people took so much interest in the organization work at Midland. We are going to do some special work on this route, that we have never done before. We propose sending T. P. Grant of Brady a day or so ahead of Mr. Hernan to assist each community in working up as much interest and enthusiasm as possible, and also to render all the help possible in the planning and carrying of bond issues, because we believe it is possible to organize, finance and complete this highway in less than twelve months, and we are going to use our best efforts to carry out this proposition."—Signed "Texas Good Roads Assn., D. E. Colp, Sec-Treas.

The Record is enthusiastic about building this road, and with the help of the county commissioners, the commercial club, and every one pulling together, old Mitchell will build her part of the road, and if we had an extra old hat, we would be willing to wager it that this part of the road will be in good traveling shape before any of the other counties.

Let everybody come out and hear what Mr. Hernan has to say, it won't cost you anything, and you may learn something.

GLORIOUS RAINS IN WEST

Nearly Two and a Half Inches Rain Fell Thursday and Saturday.

A fine rain fell over the greater part of West Texas on Thursday night including a fall of .87 inch in Colorado.

Reports gathered by the Southwestern Telephone company here show fine rains at the following places: Ballinger, Winters, Buffalo Gap, Big Spring, Ovalo, Bradshaw, Merkel, Trent, Sweetwater, Snyder, Abilene, Midland, Stanton, Odessa, Lamesa, Tahoka, Gail Anson, Hamlin, Aspermont, Sagerton, Rotan, Clyde, Stamford, Cisco, Haskel, Rule and Roby.

At San Angelo the precipitation amounted to half an inch.

At Sterling City it began falling at 12 o'clock and a steady downpour continued until 8 in the morning. A home-made rain gauge showed a little more than one and a half inches. The river, which had not run in several months, was running knee deep and still rising.

The rain will be of great value to the range and forms a basis for a fine winter season.

Again on Saturday night a heavy rain fell, registering 1.35 inches here. Lone Wolf and all the creeks over the county were well filled, all surface tanks running over, and the ranches now have an abundance of water. The rain was reported as being general over several counties. The total rainfall so far in October, in Colorado is 2.84 inches, and indications are good for more.

A number of our farmers are sowing wheat and oats, which will make excellent pasture for the winter, and if the season is favorable, a good crop of grain next spring.

The stock men are jubilant, as grass and weeds will spring up in a few days and with a late frost pastures will be fairly good for the winter, to say nothing of an abundance of water, of which some were badly in need.

So old Mitchell has come back already. Except for a short cotton crop the drouth will not be thought of again as one good rain can put this country within a week or two, up to where it stopped when it quit raining.

32 NEW SENATORS.

In the elections next month thirty-two United States Senators are to be elected to fill the places of seventeen democrats and fifteen republicans. The Senate is now composed of fifty-six democrats and thirty-nine republicans. Counting the results in Maine, where two republican senators were elected last month, the composition of the Upper House becomes fifty-five democrats and forty-one republicans. To gain control of the Senate the republicans must elect twenty-three candidates. That is to say, they must elect all of their fifteen and make an inroad of eight on the democrats.

STOCK MARKET BREAK LAID TO U-BOAT OFF COAST

Bankers who look below surface, however, say break was due anyhow and the submarine furnished the excuse. The real reason is said to be growing belief that Wilson will be re-elected and financiers are beginning to argue that such a result will not be a bear influence. Peace talk in the Reichstag also encourages operators on the bear side.

Every report from the middle west received by Wall street conveys the impression of Wilson's election. Some leading Wall street operators are beginning to argue that Wilson's election would not be a bear argument. At the same time, they seem to be taking care not to have too many stocks on hand.

Fluctuations of more than half a cent a pound on the most active months featured the trading in cotton last week. Monday's slump of \$2 to \$3 a bale following the German submarine raid off the American coast was succeeded by an advance to new high levels for the season.

The December option traded up to 17.15c, the highest quotation ever recorded. Middling was raised to 16.81c a pound, a record price at this time of the year for spots.

The main stimulating features of the week were the spot demand reports of less liberal spot offerings and accounts of huge sales ahead of cotton goods at very high prices.

This week the trade will be chiefly concerned with ginning returns, since the present ginning period ended on Tuesday.

YOU'RE BILIOUS! LET "CASCARETS" LIVEN LIVER AND BOWELS.

Don't Stay Headachy, Constipated, Sick With Breath Bad and Stomach Sour.

Get a 10-cent box now. You men and women who can't get feeling right—who have headache, coated tongue, bad taste and foul breath, dizziness, can't sleep, are bilious, nervous and upset, bothered with a sick, gassy, disordered stomach, or have a bad cold.

Are you keeping your bowels clean with Cascarets, or merely forcing a passageway every few days with salts, cathartic pills or castor oil?

Cascarets work while you sleep; cleanse the stomach, remove the sour, undigested, fermented food and foul gases; take the excess bile from the liver and carry out of the system all the constipated waste matter and poison in the bowels.

A Cascaret to-night will straighten you out by morning—a 10-cent box from any drug store will keep your stomach sweet, liver and bowels regular, and head clear for months. Don't forget the children. They love Cascarets because they taste good—never gripe or sicken.

No intoxicating liquors are being sold at the Dallas State Fair this year. The Dallas Council of Mothers conducted a campaign for the elimination of liquor traffic from Fair Park, circulated petitions requesting a referendum election on the proposition, procured the election and had the park removed from the saloon limits.

WHEN YOU TAKE COLD.

With the average man a cold is a serious matter and should not be trifled with, as some of the most dangerous diseases start with a common cold. Take Chamberlain's Cough Remedy and get rid of your cold as quickly as possible. You are not experimenting when you use this remedy as it has been in use for many years and has an established reputation. It contains no opium or other narcotic. Obtainable everywhere. Adv10.28

BOND ELECTION IN SCURRY.

Snyder, Tex., Oct. 16.—On a petition of a long list of citizens the court passed an order calling an election to be held throughout the county on a bond issue of \$20,000 to build a City County Hospital or Sanitarium in Snyder. It was left for the County Judge to decide upon a date for said election to comply with the law.

ACID IN STOMACH SOURS THE FOOD AND CAUSE INDIGESTION

"Pape's Diapepsin" Fixes Sour, Gassy, Upset Stomachs in Five Minutes.

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, undigested food or have a feeling of dizziness, heartburn, fulness, nausea, bad taste in mouth and stomach headache, you can surely get relief in five minutes.

Ask your pharmacist to show you the formula, plainly printed on these fifty-cent cases of Pape's Diapepsin, then you will understand why dyspeptic troubles of all kinds must go, and why it relieves sour, out of order stomachs or indigestion in five minutes. "Pape's Diapepsin" is harmless; tastes like candy, though each dose will digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite; but what will please you most, is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation.

This city will have many "Pape's Diapepsin" cranks, as some people will call them, but you will be enthusiastic about this splendid stomach preparation, too, if you ever take it for indigestion, gases, heartburn, sourness, dyspepsia, or any stomach misery.

Get some now, this minute, and rid yourself of stomach misery and indigestion in five minutes. Adv2

DELEGATES DETAINED AT JUAREZ BARRACKS

El Paso, Oct. 15.—A party of distinguished delegates to the National Irrigation congress in session here, including Dr. John A. Widtsoe, president of the University of Utah, was detained in the barracks of Juarez for over an hour yesterday as the result of the curiosity of one of the members regarding the military situation in the Mexican town. When the identity of the visitors was established all were released.

Foolishly we stated that Dr. Weston was in this crowd and the report is circulated over town that he is in jail in Juarez, but such is not the case.

DESPONDENCY.

When you feel discouraged and despondent do not give up but take a dose of Chamberlain's Tablets and you are almost certain to feel all right within a day or two. Despondency is very often due to indigestion and biliousness, for which these tablets are especially valuable. Obtainable everywhere Adv

Over \$12,000 has been raised by the hotel committee of the San Angelo Board of City Development on the \$35,000 bonus to be used in the erection of a modern \$150,000 tourists' hotel in San Angelo. Members of this committee claim that prospects for securing the full amount are encouraging.

GLYCERINE AND BARK PREVENT APPENDICITIS

The simple mixture of buckthorn bark, glycerine, etc., known as Adler-ka, astonishes Colorado people. Because Adler-ka acts on BOTH lower and upper bowels, ONE SPOONFUL relieves almost ANY CASE of constipation, sour stomach or gas. It removes such surprising foul matter that a few doses often relieve or prevent appendicitis. A short treatment helps chronic stomach trouble. The INSTANT, easy action of Adler-ka is astonishing.—W. L. Doss. Adv 1

If the republicans win, a man by the name of Hughes will be president and Teddy Roosevelt will be secretary of war. Both of these are warlike if their talk is any sign, and it will take but a short while for them to kick up a row with some nation. Their election would be a public calamity.—Sterling City Record.

THE FUNERAL SERMON OF W. H. SNYDER

By Rev. D. B. Doak.

William Henry Snyder, the third of a family of seven sons, was born Nov. 29, 1837, in Carbon Co., Penn. His father was Thomas Snyder. His mother was Levina John. His father was a tanner by trade and lived in Pennsylvania until about 1844 at which time he moved to Livingston Co., N. Y., and engaged in farming.

When W. H. reached the age of eighteen he was permitted to enter business for himself and soon thereafter he turned his eyes to the west. He first stopped in Manhattan, Kansas. From there he was attracted to the gold fields of Colorado. He was in Colorado developing his mining claims when the Civil War began. He enlisted in Aug. 1862 in Company D, Second Colorado Volunteer Cavalry, Federal Army. He served in this company until he was discharged at Ft. Riley, Kan. in July 1865. He then began trading and looking after his mining interests. In the fall of 1866 he began work on the Kansas Pacific railroad. It was during the two and a half years contracting on this line that he received a wound in an Indian fight that marked him for life, for he lost a part of his left ear.

In 1872 he came to Texas and finally in '77 opened a trading camp in what is now Scurry county. He hauled

the lumber for this store and a good portion of his goods from Dallas. There was built about this store a small town, which was called Snyder, after Uncle Pete, as he was commonly called. This was the beginning of what is now the town of Snyder.

In 1881 he came to Colorado and was one of its first citizens. He has since made his home here and on his ranch in Scurry county. He bought the first lot sold in this town. He has served as alderman of Colorado, and was for seventeen years a director in the Colorado National Bank. He was a charter member of the Odd Fellows Lodge here, and was also a member of the Rebekahs.

In February 1883 he was married to Miss Maria Louise (Nellie) Fairclough. She preceded him in death a little more than three years, she having passed away June 7, 1913. At this place mention might be made of the careful attention paid to him in his last years by his wife's sister, Mrs. Williams, and her brother, Mr. Fairclough. They could not have been more careful of an own brother than they were of him.

For several years Mr. Snyder had been in feeble health and was a constant sufferer. His strong constitution and resolute will fought a long drawn-out fight with death, but age and infirmity finally won, and on Oct. 4, 1916, his tired body gave way to the long sleep of death.

From the sketch just given it will be seen that his life had been spent,

from early manhood, on the frontier of this new country. The frontier in his day was more than now. The old pioneers are rapidly passing away: soon there will be none left save we, who saw the early days through the eyes of childhood and the greater part of us are too young to have seen the earlier days of such men as Mr. Snyder, even through the eyes of infancy.

I would not say that the bravest and hardest of our race were the pioneers. But I will say that they were among that number. None but those who are willing to undergo hardships and face perils would brave the early life of this or any other new country. There are two classes who seek the new country. Those who wish to live a life of outlawry, commonly called the tough, and a race of hardy, liberty loving brave, noble, stalwart manhood, out of whom our civilization has been builded. We of this generation will never fully appreciate what we truly owe to those of Mr. Snyder's generation. We sometimes think that we saw the true pioneer life as children. But when we read of the lives of those of the earlier days of the Western Empire, we change our minds. Those were great days. Days of long distances, days of few neighbors, of few advantages, few means of pleasure, of social or educational advantages. But days of the most free-hearted hospitality, the strongest friendships, the hardest manhood. It seems that there is something in the atmosphere of a

new country, especially of this western country, that puts iron in the blood of its earliest settlers. Neither the howl of the wild beast nor the cry of the Comanche War Dance could frighten them. The breadth of the extended prairies seemed to be reflected in the broadness of their liberality. The calmness of the clear starlit nights had a counterpart in the gentleness of their ever rugged nature. Yet when their fine sense of liberality was disturbed or the welfare of their homes were imperiled by the advance of savages or the disturber of home and rights, the fierceness of the cyclone that sweeps the Texas prairies, were calm as zephyrs to their terrific defense. Such times are fires out of which noble citizenship is forged. Those were days when strong friendships were formed. The people knew the value of friendship, and rejoiced in its possession. Dark nights, stormy days, long distances, and common perils and hardships brought friends closer together. I doubt that this country shall ever witness more inseparable friendships than that of some of you old settlers and this man whom we this day bury.

Mr. Snyder never identified himself with any church. Yet, judging from statements of friends of his and from observation, he surely was a very hearty well wisher. There, to my right, may be seen a memorial window to his memory and also one to the memory of his wife. But if I should halt for a few words, I would exhort each of us, this day, profit by his experience in this respect. He recognized his mistake at this point. A little more than a week ago, he sent for the speaker to come to his bedside and pray for and with him. I asked him how he felt. He replied, "I feel badly and want someone to pray for me." After talking for a few moments, the speaker and Mrs. Williams knelt by his bedside and presented his case to a loving Father. When we were through he said he felt better. In a few minutes he was asleep. This was the last act of consciousness, for any length of time, of his life. Therefore we might truthfully say, "He died in a state of prayer."

Before us lies the body of a worn-out pioneer, miner, railroader, hunter, merchant, stockman, financier, soldier and friend to you other old settlers. Let us remember him in kindness and friendship, emulating the virtues of his long life and forgetting whatever faults we may have seen in him. Peace be to his ashes and may this day's scene so impress us that we may so live that when—

"From out our bourne of time and place
The food may bear us far,
We may hope to see our Pilot face to face,
When we have crost the bar."

EXPERT AUTO PAINTING.

Every one has doubtless noticed that it is a very rare thing to see a fine buggy, carriage or automobile repainted and look like it did when it came from the factory. It is a skill and an art that very few painters outside the factory possess. To acquire this skill and expert knowledge requires time, natural ability and manual skill to a high degree.

Colorado is fortunate in having just this class of workman in its business circles. Mr. B. F. Manasco is a skilled and experienced auto painter and finisher. He has leased the A. J. Smith building just opposite the postoffice and is prepared to repaint your auto in any finish and make it look just as it did when it came from the factory.

Mr. Manasco has been in Colorado for more than a year and has demonstrated his ability and skill as a painter as well as his desirability as a citizen. He will appreciate all work entrusted to him and guarantee perfect satisfaction in every case.

THE SCHOOL TAX AMENDMENT

On November 7th the people will vote on a constitutional amendment to permit school districts to vote one dollar tax on the \$100 and counties to vote 50 cents for common school purposes. This vote does not levy the tax but gives permission for districts and counties to do so hereafter if they want it. It is admitted everywhere that there is not enough school fund available and as the constitution is now, more could not be voted even where needed. The object of the amendment is to let the people vote the tax where needed. We publish in another column a full explanation of the amendment by State Superintendent Doughty.

Take for instance the independent school district of Colorado. There is not sufficient funds to employ the number of teachers needed, and to run the school for nine months. As the district is paying all the school tax that it is allowed to levy, there is no way to increase the school fund. But if this amendment should carry, then this district could, by a vote of the people, levy a tax in any amount up to \$1 on the \$100 valuation, for school purposes.

The Record thinks this amendment should carry, and we would urge that everyone who is in favor of better and longer term of school, should vote for it. Remember you are not voting a tax in this election, but simply giving counties and districts, permission to hold elections afterward, to vote a tax, if they should want to do so. If any county or district does not care to take advantage of the privilege, then the tax would remain just as it is at present.

The Colorado Chamber of Commerce appointed the following delegates to attend the Industrial Congress at El Paso this week: A. H. Weston, Claude Hooks, W. A. Dulin, Henry Enderly and Irvin Terry. These delegates all left Thursday night on the El Paso special and have not yet returned. Messrs J. E. Stowe, W. W. Porter, Edgar Majors, Ivy Webb and D. L. Buchanan, all went along to keep the delegates company. Most of them came home Monday morning and some on Tuesday morning.

Remember the Fall of a Nation.

The regular size of the Record for the past year has been 10 pages, but last week we had 12 pages, of what we have been told time and again was the best local weekly paper in the west. This week we received the following letter from a fellow publisher, who ought to be a good judge, and this is what he says:

Dear Whipkey:—You got out a hum-dinger of a paper this week. As evidence of my sincerity of expression you will please accept as proof, the reproductions from it in my next issue. And please tell that editorial writer of yours that I enjoy every paragraph he gets printed, whether I agree with him or not. Fraternally

Again, we received a letter from a subscriber in Indiana, which said: "I certainly enjoy the Record, and we read every line in it. While your editorials about Wilson are read with some interest, we are on the other side of the fence. Nevertheless if a Republican cannot find some good reading matter in the Record—though it be Democratic—he is hard to please."

THE COLORADO MERCANTILE COMPANY MOVES.

The Colorado Mercantile Company, one of the leading and strongest businesses of its lines in West Texas, has taken another long step forward in its scope and efficiency. It has moved its entire stock this week to the renovated buildings recently vacated by C. M. Adams. The partition between the two store rooms on Second street has been partly removed so that they are practically one, with the "Captain's" office in the center.

New and modern fixtures have been installed and every device will be employed that will aid quicker and more systematic service of its patrons. The staple and fancy grocery department will be equal to that of any city house, while the lines of shelf hardware, implements, wagons and buggies will comprise the best made. The celebrated Charter Oak stoves will be one of their leading specialties. It is an institution of which the town of Colorado and Mitchell county can well feel proud. See the large ad on first page of this issue of the Record.

WHEN JAKE CAME TO TOWN.

In the obituary of Mr. Snyder as it appears in this paper, in speaking of his arrival in Colorado in 1881, many of the old timers will be reminded that he moved his store from Snyder to where Colorado is now. Jake Mauer our restaurant man, and who was then called Jake Snyder, as many supposed him to be Mr. Snyder's son, helped him move the store, as he was working for Mr. Snyder at the time, and continued to work for him up to 1884, when he established his present business—Jake's Restaurant.

Buy a Car You Will Want to Keep

In the whole history of the automobile business there has never been a time when real care in selecting a car is more imperative than today.

No longer is it possible to buy any make of car, drive it 12 to 15 months, and then trade it in for a new car at one-half or two-thirds of its original cost. The market on used cars today will not permit this.

Consider then, the importance of buying a car that will give you such service and satisfaction that you will enjoy running it season after season, until you have realized every last dollar of the price you paid,

—before you even think of trading.

Buy your car on this value-getting basis and it will be a DORT.

Read the big ad of the opera house on local page this week. It will give you some idea of the big show, "Fall of a Nation." Remember this is by far the most expensive film ever shown in the west.

Rev. Mr. Burkhardt, the chicken fancier, received this week, a very fine single comb Rhode Island Red cockerel by express from Vineyard Haven, Mass., at a very handsome price. This bird is of the Owen Farm strain and Mr. Burkhardt says he will mate him with the prize winning pullets which he has, and is now booking egg orders Nov. delivery. A visit to Mr. Burkhardt's chicken yards will convince you that he has some fine birds.

With the fall days comes colds and other more serious contagious diseases. Is it not the safest and most sanitary for you to send the children's school clothes to be laundered where they will be thoroughly sterilized without injury to the color of the fabric. FIRST MONTH OF SCHOOL.

Last Friday closed the first month of school, and good work has been done by all, notwithstanding the rooms are full to running over. The children are getting their report cards, and now is the time for parents to see whether their children need to do better work, so at the close it will not be such a hard matter to pass.

Nearly all lower grades had spelling matches in the afternoon, and were honored with visits from several of the parents. The president of the board of trustees also honored them with his presence.

The number of pupils in the primary and grammar grades are: Mrs. Judd, 55; Miss Pritchett, 63; Miss Boren, 73; Miss Campbell, 55; Miss Terry, 56; Miss Arbutnot, 59; Miss McIntyre, 50. The high school is also full.

Special U. S. Government films at opera house next Friday and Saturday nights, Oct. 27-28. Three reels of U. S. mail service pictures.

A RESOLUTION.

At a meeting of the Executive Board of the Parent-Teachers Association, on Monday evening, the following resolution was unanimously adopted:

"Whereas, at the mass meeting at the tabernacle, Tuesday evening, Oct. 10, called by the Parent-Teachers Association, for the purpose of soliciting funds for procuring one or more teachers for the public schools; thereby relieving the congested conditions existing, failed to meet with the hearty co-operation of the Honorable Board of Trustees, and

Whereas, the Parent-Teachers Association was organized for the betterment of the schools and to unite all forces in our community for co-operation, and

Whereas, the Colorado Chamber of Commerce presented the matter of installing a fire plug, which they considered of much more importance at this time, than the securing of teachers, therefore, be it

Resolved, that the Parent-Teachers Association refrain from further action in the matter; thereby leaving the field entirely open for any steps the Chamber of Commerce may see fit to take."

The Parent-Teachers Association agitated the extension of the water mains and fire plug, the early part of the year, and now rejoices that the Chamber of Commerce has taken hold of the matter, knowing that it will be pushed to completion. After this the Association will keep calling the attention to the Central Ward school grounds, until in some way that work of civic improvement will be attended to.

RUB BACKACHE AWAY

Instant Relief With a Small Trial Bottle of old "St. Jacobs Oil"

Kidneys cause backache? No! They have no nerves, therefore can not cause pain. Listen! Your backache is caused by lumbago, sciatica or a strain, and the quickest relief is soothing, penetrating "St. Jacobs Oil." Rub it right on your painful back, and instantly the soreness, stiffness and lameness disappears. Don't stay crippled! Get a small trial bottle of "St. Jacobs Oil" from your druggist and limber up. A moment after it is applied you'll wonder what has become of the backache or lumbago pain.

Rub old, honest "St. Jacobs Oil" whenever you have sciatica, neuralgia, rheumatism or sprains, as it is absolutely harmless and doesn't burn the skin.

DEATH OF FRANK HUGHES.

A gloom was cast over the entire town Saturday morning when the news was passed from lip to lip, that Frank Hughes had passed away the night before at 10.30 o'clock.

The word death always brings sadness and especially so when one in early young manhood is claimed by the stern reaper.

He had been sick but a few hours and even his father did not realize he was in a dangerous condition until a very short time before his death, and before medical aid could be summoned or relatives reach his bedside, he was called from the care of his earthly father to the great, pitying Father who knoweth our frame; He remembereth that we are dust."

Frank Hughes was born and reared in Colorado, his parents having located here with the beginning of the town. He was early deprived of a mother's love and care. He lived a retiring but studious life, being a great reader and a student of the deeper things of life. He was quiet and unassuming, and all his young men companions loved him for his many good qualities, and his kindness of heart. He was a successful photographer and spent his best energies in building up a reputation in his work. He was only a little past twenty-four years old—in the first bloom of vigorous young manhood.

The funeral services were conducted at the family home Sunday afternoon at 4 o'clock by Rev. Guy B. Duff, pastor of the Presbyterian church, and the remains laid away beside his mother in the I. O. O. F. cemetery to await the resurrection morn.

The pall bearers were Messrs. Floyd Beall, T. W. Stonerod, Jr., R. E. Terrell, Junius Merritt, Maurice Terrell and Jack Smith.

A great concourse attended the last sad rites, and numerous beautiful floral offerings were sent by the young men of the town and friends of the family.

His sister, Mrs. D. N. Arnett, of Lubbock, and a brother, Mr. Tom Hughes of this place, with his father, the only members of the family, were all present, Mrs. Arnett arriving Saturday night.

The Record joins with other friends in extending sincere sympathies to the loved ones in this dark hour.

ORDINATION SERVICE.

Last Sunday Mr. R. W. Morgan and Mr. J. H. Greene were ordained as deacons in the Baptist church.

Rev. Mr. Burgess of Roscoe, preached the sermon. He used the first seven verses of the sixth chapter of Acts and the eighth and ninth verses of the third chapter of First Timothy.

The pastor conducted the examination and Mr. Burgess delivered the charge. This was a most impressive service throughout, and should bring the church and deacons into a closer relationship.

HOW CATARRH IS CONTRACTED

Mothers are sometimes so thoughtless as to neglect the colds which their children contract. The inflammation of the mucous membrane, at first acute, becomes chronic and the child has chronic catarrh, a disease that is seldom cured and that may prove a life's burden. Many persons who have this loathsome disease will remember having had frequent colds at the time it was contracted. A little forethought, a bottle of Chamberlain's Cough Remedy judiciously used, and all this trouble might have been avoided. Obtainable everywhere. Adv10.28

MAXWELL Motor Cars are now equipped with a new and improved windshield, still longer and more flexible springs, wider seats, deeper and softer cushions, dashlight, gasoline gauge, and other equally important refinements.

To the generous value heretofore present in the Maxwell product, these extra improvements have now been added.

This is in line with the Maxwell policy—so wisely advertised—not to change the Maxwell in any essential detail, but to continue improving it so that it will always be a standard, recognized product, constantly abreast of the best practices of the industry.

Notwithstanding the superlative and sometimes confusing claims that are made in behalf of various automobiles, we restate our sincere conviction that *Maxwell Motor Cars offer more real value*

per dollar than any other car in the world.

This too, is the belief of the thousands and thousands of Maxwell owners. And these beliefs are supported by actual and tangible facts. We actually know that within the entire history of the automobile business, no motor car—in any class or at any price—has equalled the Maxwell in honest dollar-for-dollar value.

And if you will examine a Maxwell, ride in it, compare it with other cars, consider its splendid record, reputation and past performances, *you too, will know it.*

GIRLS! DRAW A MOIST CLOTH THROUGH HAIR DOUBLE ITS BEAUTY.

Try This! Hair Gets Thick, Glossy, Wavy and Beautiful at Once.

Immediate?—Yes! Certain?—that's the joy of it. Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a Danderine hair cleanse. Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt or excessive oil, and in just a few moments you have doubled the beauty of your hair. A delightful surprise awaits those whose hair has been neglected or is scraggy, faded dry, brittle or thin. Besides beautifying the hair, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair, but what will please you most will be after a few week's use, when you see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair, and lots of it surely get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter and try it. Adv3

Perhaps no single industry in Germany has suffered so much from the war as that of toy-making. In the last peace year Germany toy trade aggregated 140,000,000 marks, or \$35,000,000, of which more than twenty-five millions were exported and the larger part to America. Since the war this figure has dropped nearly two-thirds. What is worse still for the German manufacturers is the fact that other countries have taken up the industry and the Germans will find it very hard to recover their lost markets.

WESTBROOK ITEMS.

School opened Monday morning with all teachers present and every thing in readiness to begin their work. But the enrollment was short. Mr. McAfee enrolled twenty-three in high school, Mrs. A. J. Culpepper who has the intermediate grades enrolled twenty-three, and Mrs. C. F. Hooper enrolled twenty-three in the primary grades. With so short a term as we have, it is necessary in order for the pupils to make their grades to enter school at the opening and attend regularly without tardy marks, and it is the duty of every parent to see that their children do this, if they expect them to reach that hoped-for success. Athletics will be encouraged, for the girls as well as the boys, such as basket ball, baseball, running and jumping, etc., with Mr. McAfee as coach. Our boys and girls did well last year and they say that they are going to take off the interscholastic prize this year. And they have started out with a determination which enables us to say that we believe they will reach their goal solely because they have an ardent desire to achieve it.
Westbrook and community was blest with a good rain Thursday night and another Saturday night.
Miss Ruby Green of Colorado spent the week-end in Westbrook visiting friends.
Misses Susie, Maude and Mollie Webb and Messrs. Rubin Westfall and Warren Winters were viewing the scenery at Seven Wells, Sunday.
The Woman's Auxiliary of the Baptist church met Friday afternoon, Miss Rosa Leach was the leader with "Comforting Passages" as the subject. A part of the fourteenth chapter of

HOUSE JOINT RESOLUTION NO. 30.

State Superintendent Doughty Explains Educational Amendment to be Voted on in November.

Austin, Texas.—The constitutional amendment to be voted on in the general election to be held in November next, is what is generally known as House Joint Resolution No. 30. This resolution, stated State Superintendent W. F. Doughty, "has two features (1) To authorize the legislature to enact a law whereby counties may levy and collect a maintenance tax for school purposes not exceeding 50c on the \$100 valuation of property, upon condition that the tax be authorized by a majority vote of the qualified property taxpaying voters of the county in an election held for that purpose; (2) to authorize the legislature to enact a law whereby common and independent school districts, by a majority vote, may levy and collect a local tax for school purposes not exceeding \$1 on the \$100 valuation of property. The two propositions constitute one resolution, which will be voted on in November next, and if one proposition carries, then the other will carry also. "This amendment" continued Mr. Doughty, "is, in my opinion, one of the most important educational measures that has been before the people of this state in many years. It should be supported by everyone, for if it be not heeded in one section no harm will be done in supporting it, for the reason that it does not carry with it any obligation on the part of the people to tax themselves, and if such a section will endorse the amendment, such endorsement will greatly assist some other section that stands greatly in need of additional funds for the support of its schools. Certain districts in need of more funds will support this measure and, since it does not automatically carry with it a tax on any district, those sections or districts of the state that do not need it will have little occasion for not supporting it. This proposed amendment is a sound piece of school legislation and should receive the hearty support of the people of the entire state. Texas children, are just as good as children in other states and are just as deserving, yet in the matter of per capita expenditure for the education of her children Texas ranks thirty-third in the list of states of the American Union. It is my earnest conviction that the people of Texas, if they properly understand this amendment, will be heartily in favor of it. In fact, the people of this state in my opinion, can always be counted on to do the proper thing in support of their schools, if they believe that they will get value received for the money expended."

The State of Texas, County of Mitchell To the Unknown Owners of the hereinafter described land, and all persons owning or having or claiming any interest in the land or lots hereinafter described, the same being delinquent to the State of Texas and County of Mitchell for taxes, and the same lying and being situated in the County of Mitchell, and State of Texas, to-wit:

All of Abstract No. 22, Survey No. 21, Certificate No. 14-41 in Block No. 19 of the Lavaca Navigation Company's Surveys, containing 137½ acres, more or less; which said property is delinquent to the State of Texas and County of Mitchell for taxes for the years 1899 and 1901 to 1915, inclusive, for the following amounts, \$41.55 for State Taxes and \$92.05 for County taxes, including interest, penalties and costs, said taxes having been duly levied, assessed and rendered against said land and lots, and the same being a lawful charge and constituting a prior lien against the same in favor of the State of Texas and County of Mitchell, to secure the payment thereof, and you are hereby notified that suit has been brought by the State for the collection of said taxes.

And you are hereby commanded to be and appear before the Honorable District Court of Mitchell County, Texas, at the next regular term thereof, to be held at the Court house of said county, in the city of Colorado, on the fifteenth Monday after the first Monday in September, 1916, being the third Monday in December, A. D. 1916, the same being the eighteenth day of December, A. D. 1916, then and there to show cause why judgment should not be rendered against you and the said land and lots sold under foreclosure of said lien to satisfy said taxes, interest, penalties and costs, and all court costs; all of which, together with other and further relief, general and special, being fully set out and prayed for in the plaintiff's original petition filed in said court on the 16th day of October, and appearing on the docket thereof as suit No. 3290, wherein the State of Texas is plain, and the Unknown Owners of the above

described land and all persons owning or having or claiming any interest in said land or lots, defendants.

Given under my hand and seal of said court, at office in the City of Colorado, in the County of Mitchell, this 16th day of October, A. D. 1916.

(L. S.) EARL JACKSON, Clerk District Court, Mitchell County, Texas.

CITATION BY PUBLICATION.

The State of Texas, To the Sheriff or any Constable of Mitchell County—Greeting:

You are hereby commanded to summon E. Cranfill and all persons owning or claiming any interest in the hereinafter described lands, by making publication of this citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in any newspaper published in the 32nd Judicial District; to appear at the next regular term of the District Court of Mitchell County, Texas, to be held at the Court House thereof in Colorado, Texas, on the fifteenth Monday after the first Monday in September, being the third Monday in December, A. D. 1916, the same being the 15th day of December, A. D. 1916, then and there to answer a petition filed in said Court on the 2nd day of September, A. D. 1916, in a suit numbered on the docket of said Court, No. 3251, wherein the State of Texas is Plaintiff, and E. Cranfill and all other persons owning or claiming any interest in the hereinafter described lands, are Defendants; the nature of plaintiff's demand being as follows:

An action by Plaintiff praying for judgment against the Defendants for the sum of Seventeen and 75-100 dollars, on account of State and County Taxes, interest, penalty and costs, to-wit: for the taxes, including school taxes, with penalty and interest, assessed and due on each tract or lot of lands hereinafter described for the following years, to-wit 1914; that said taxes, with interest, penalty and costs, are a lien upon each tract or lot of the following described lands, situated in Mitchell County, Texas, to-wit:

152 acres out of Survey No. 4, Abstract No. 1386, Certificate No. 2-1258, Block 24, Texas & Pacific Railway Company's Surveys, and being all of the North-east one-fourth (N. E. 1-4) of said survey, except eight acres, and being the same land conveyed to E. Cranfill by N. J. Turner by deed recorded in Vol. 33, page 190, Deed Records of Mitchell County, Texas, to which reference is here made.

And Plaintiff further prays for the foreclosure of its said lien, for an order of sale, a writ of possession, costs of suit and for general and special relief, all of which will more fully appear from Plaintiff's Original Petition now on file in this office.

Herein fail not, but have you before said Court, on the first day of the next term thereof, this Writ, with your return thereon, showing how you have executed the same.

Witness my hand and official seal at my office in Colorado, Texas, this 4th day of October, A. D. 1916.

NOTICE OF TRUSTEE'S SALE.

The State of Texas, County of Mitchell:

Whereas, by virtue of authority vested in me as trustee named and appointed in a certain deed of trust recorded in volume "10", on page 396, Deed of Trust Records of Mitchell County, Texas, executed and delivered to me on the 11th day of February, A. D. 1914, by Hamilton-Lasseter Hardware Company, a corporation, for the better securing of one certain promissory note in the sum of \$3500, dated at Colorado, Texas, February 11th, 1914, payable to the order of The Colorado National Bank of Colorado, Texas, with interest from maturity at ten per cent per annum. Said Deed of Trust providing that in case of failure or default in the payment of said note or any part thereof, I as trustee therein should be authorized and empowered, at the request of the said The Colorado National Bank or other legal owner or holder of said note, to sell the hereinafter described property to the highest bidder for cash in hand at the court house door of said county, on the first Tuesday in any month, between the hours of ten a. m. and four p. m., after publicly advertising the time, place and terms of said sale as is required in the sale of land under execution.

And, whereas, default has been made in the payment of said note in full, there being now due and unpaid on said note the sum of Sixteen Hundred and Ninety-five Dollars, with interest from May 3rd, 1916, at ten per cent per annum; and, whereas, I have been requested by The Colorado National Bank, the holder of said unpaid balance of said note, to enforce said trust; I will offer for sale between the hours of ten a. m. and four p. m., at public auction, to the highest bidder on the first Tuesday in November, 1916, the same being the 7th day of thereof, at the court house door in the City of Colorado, in Mitchell County, Texas, the following described property, to-wit: All those certain lots or tracts of land, lying and being situated in the County of Mitchell and State of Texas, known and described as follows, to-wit: Lots Nos. Thirteen and Fourteen (13 and 14), in Block No. Six (6), in the Town of Westbrook, Mitchell County, Texas, as shown from the plat of said Town, a copy of which is of record in the Deed Records of said county in Volume "16," Pages 6-2-643.

Witness my hand this 28th day of September, A. D. 1916.

Good Bye Dirt!

Here Comes
Richards' Magic Washing Stick

RICHARDS' Magic Washing Stick

is one of the most wonderful inventions of the age. It is absolutely unique. Never before has there been speed without harm. Never before have women had anything which REALLY made dirt disappear as quickly, as harmlessly, as EASILY as with this extraordinary dirt loosener. It does HOURS work in MINUTES. It positively will not fade colored clothes—shrink or harden woolen, and will not rot or weaken lace curtains so they tear easily, but keeps them STRONG besides absolutely clean.

3 Sticks for 25c—less than 2c a washing

Sold by all Druggists and Grocers everywhere. If yours doesn't handle it, show him this ad—he'll get it for you. Or send 25c in stamps to A. B. Richards Co., Sherman, Tex.

LORAIN WATERWORKS BONDS SOLD.

The sale of the Lorain waterworks bonds was reported sold on Tuesday. The bonds were bought at par by J. E. Jarrett & Co. of San Antonio. After negotiating for some days the firm wired its acceptance of the terms Tuesday. While the bonds go to San Antonio, the headquarters of Jarrett & Co. are in Denver and New York and the Lorain bonds have been bought for an investor in one of these two cities.

The contract for the entire plant has been let to John W. Moore of Abilene, and work will be started at once.

The reservoir is to be constructed near the High School building, the city having already closed a deal for a tract of land for a reservoir site. The reservoir is to be built of concrete resting on a two foot base, with a 6-inch concrete floor. The walls are to be 14 inches thick and are to be reinforced with steel rods and double weight Hodge wire fencing. The roof is to be covered with matched lumber with a surface finish of rubberoid. This is said to make a perfect dust-proof enclosure. The storage capacity of the reservoir will be 22,000 gallons. At the present time 4000 feet of mains are to be laid.

"CASCARETS" FOR A COLD, BAD BREATH OR SICK HEADACHE

Best for Liver and Bowels, for Biliousness, Sour Stomach and Constipation.

Get a 10-cent box now.

Furred Tongue, Bad Colds, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a sealed barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret to-night will give your constipated bowels a thorough cleansing and will brighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months. Millions of men and women take a Cascaret now and then to keep their stomach, liver and bowels regulated, and never know a miserable moment. Don't forget the children—their little insides need good gentle cleansing, too.

CARNIVAL SHOWS WATCHED BY U. S. OFFICERS.

Federal white slave investigators are on the trail of numerous "49" shows, or traveling dance halls, with street carnivals which are doing a rushing business at many West Texas county fairs.

These shows have been closed in many cities, and numerous complaints have been sent to Federal officers. Eighteen girls, the ticket seller, manager and several others connected with a "49" show were recently jailed in Wichita Falls.

Dancing is the principal diversion in these shows. Fifteen to twenty-five girls are carried with the show, and men are charged 15 cents to dance with them. Town girls are not allowed to dance. According to information received here, the girls are paid \$8 weekly, 6 cents on each dance and all tips that the dancers give them.—Fort Worth Star Telegram.

OLDHAM MOTOR CO., ABILENE DELIVERS ELEVEN MAXWELLS.

The Oldham Motor Co., of Abilene sold and delivered eleven Maxwell cars the past week. The cars went to the following people: Oscar Parker, Abilene; C. G. Whitten, Abilene; A. F. Roberts, Caps; D. W. Jones, Rising Star; C. C. Neib, Cross Plains; Hub Anderson, Anson; O. D. Dillingham, Winters; Ezra Cook, Clyde; D. M. Snelson, Clyde; T. R. Kerts, Winters, and Mr. Hart, Cross Plains.

Two car loads of Maxwells were received in Abilene the past week, one having been unloaded Tuesday and the other Saturday. Mr. Logan, of the local company, stated Saturday that they expected to make several sales the coming week as a result of their advertising at the fair.

W. E. Alexander, district manager for the Maxwell Company, spent all of the past week in Abilene with the Oldham Motor Co., and expressed himself as being well pleased with the sales in this territory.

C. B. Brown, trouble shooter for the Maxwell people, spent one day in Abilene the past week with the local company and as Mr. Logan stated "He found no trouble here and went rejoicing on his way."—Abilene Reporter Toler & Petty of Lorain, Mitchell County distributors.

RED SOX WIN SERIES; THE WORLD'S CHAMPIONS

Boston, Mass., Oct. 12.—By taking this afternoon's game 4 to 1, the Boston Red Sox are the world's champions and the series ended the locals having taken four games to Brooklyn's one. The Red Sox got Pfeffer for a total of eight hits and coupled with the Dodger's errors they won. The attendance was estimated at around 40,000.

The attendance for the five games this season amounted to 162,359 and the receipts \$385,790.50. Of this sum the players received \$162,927.45, each club \$92,052.02 and the national commission \$38,559.05. The Boston club, as winners, divided \$97,756.47 on a basis of twenty-five shares which the players are understood to have agreed upon as the method of apportionment. This would allow \$3910.26 a share. The twenty-three Brooklyn players as losers divided \$65,170.96 into equal shares of \$2834.82 each.

MOTHER! GIVE CHILD "STRUP OF FIGS" IF TONGUE IS COATED

If Cross, Feverish, Sick, Bilious, Clean Little Liver and Bowels.

Children love this "fruit laxative," and nothing else cleanses the tender stomach, liver and bowels so nicely.

A child simply will not stop playing to empty the bowels, and the result is, they become tightly clogged with waste, liver gets sluggish, stomach sours, then your little one becomes cross, half-sick, feverish, don't eat, sleep or act naturally, breath is bad, system full of cold, has sore throat, stomach-ache or diarrhoea. Listen, Mother! See if tongue is coated, then give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated waste, sour bile and undigested food passes out of the system, and you have a well, playful child again.

Millions of mothers give "California Syrup of Figs" because it is perfectly harmless; children love it, and it never fails to act on the stomach, liver and bowels.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Beware of counterfeits so'd here. Get the genuine, made by "California Fig Syrup Company." Refuse any other kind with contempt. Adv3

Whenever You Need a General Tonic

Take Grove's Tasteless Chill Tonic is equally valuable as a General Tonic because it contains the well known tonic properties of QUININE and IRON. It acts on the Liver, Drives out Malaria, Enriches the Blood and Builds up the Whole System. 50 cents.

It Always Helps

says Mrs. Sylvania Woods, of Clifton Mills, Ky., in writing of her experience with Cardui, the woman's tonic. She says further: "Before I began to use Cardui, my back and head would hurt so bad, I thought the pain would kill me. I was hardly able to do any of my housework. After taking three bottles of Cardui, I began to feel like a new woman. I soon gained 35 pounds, and now, I do all my housework, as well as run a big water mill.

I wish every suffering woman would give

CARDUI

The Woman's Tonic

a trial. I still use Cardui when I feel a little bad, and it always does me good."

Headache, backache, side ache, nervousness, tired, worn-out feelings, etc., are sure signs of womanly trouble. Signs that you need Cardui, the woman's tonic. You cannot make a mistake in trying Cardui for your trouble. It has been helping weak, ailing women for more than fifty years.

Overcoats

SAY, but it's getting cold, isn't it? These chilly breezes certainly make a fellow think that it's Overcoat time sure enough.

This year we have something unusual to offer you in an overcoat proposition—we've priced our overcoats at an unusually low figure, because we're out to make a reputation on these garments, and we can make an overcoat for you at a price as cheap or cheaper than you would pay for the ordinary ready-made.

You may have in mind some model overcoat, but say, you ought to see ours. It will only take you a minute to look them over, if you will stop in today. We have loose overcoats, tight fitting overcoats, long ulsters, and short dress coats—so we must have exactly the overcoat you want.

PUT ONE OVER ON JACK FROST BY COMING IN TODAY AND GETTING MEASURED. WE'LL DO THE REST.
