NEW FOOD REGULATIONS ARE NOW MORE DEFINITE

MR. HOOVER EXPLAINS GREAT
PRIVILEGE AMERICANS HAVE
IN FEEDING THE WORLD.

Why Meat, Wheat and Fats—Sugar
Enough for Just Three Pounds
Per Person Per Month.
No More.

Houston, Tex., Dec. —The Federal
Food Administrator for Texas, Mr. E.
A. Peden, today spoke at length on the
reasons why Americans must save
some foods and eat others in their
stead. He said, speaking to the house-
wives who have signed the pledge
and of the food administration:
"I can explain the situation best by
noting this message from Mr. Her-
bert Hoover, the food administrator of
the United States:

Uncle Sam is today the quartermas-
ter of a hungry world. He is playing
game square and counts on you
to the same. The American people
do not expect more than their share
of the food supply, which for 1918 does
measure up to expectations. It is
time for every American to get
facts by heart, and make a front
upon the situation.

In order that you may know the
facts, the United States Food Admin-
istration has caused to be issued a
new home card carrying a message
from Herbert Hoover that puts the
situation squarely before the members
of the administration. The message
gives you the facts, the direction on
the old food cards and the new direc-
tions will tell you what to do. The
new card asks for a porkless Satur-
day, a meatless meal each day as well
as a meatless Tuesday; a wheatless
meal each day as well as a wheatless
Wednesday, and the reduction of sugar
to a monthly allowance of three
pounds per each person.

More than 10,000,000 families have
pledged themselves to make the food
go around—this pledge, unless we in-
terpret patriotism as mere lip loyalty
and insincere affectation, is a pledge
to service as real as that of the sol-
dier. The pledge card is not a mere
scrap of paper, but the pledge of the
American woman to stand by the de-
claration of war.

You can materially reduce sugar
consumption by reducing the use of
candy and sweet drinks. We will
make every endeavor to see that the
country is provided with a supply of
household sugar on the basis of three
pounds of sugar for each person per
month. Do not consume more.

Human Foodstuffs Comprise Three
Principal Elements.

PROTEIN: Mainly present in meat,
beans, fish, poultry, milk, and to some
extent in grains.

FATS: That is, butter, cream, lard,
bacon, margarine, cooking fats, beans,
cotton seed oil and other vegetable
oils.

CARBOHYDRATES: Grains, sugar,
potatoes and other vegetables. As a
nation we eat and waste 80 per cent
more protein than we require to main-
tain our health. We can re-
duce our consumption of protein to
the amount we require to eat with-
out any harm to our health.

SPADE ITEMS

Rev. Farris filled his regular ap-
pointment here Sunday. The pastor
always brings an inspiring and up-
lifting message, and he ought to have
more people out to hear it. Folks,
we need you, so get in your minds
that you need us, and come out on
church days especially. It will help
the pastor and it will help you.

"Our acts our angels are, for good,
for ill; Our deeds pursue us from a-
far, And not what we have been that
makes us what we are."

Allyn Williams and John Alexander
left Sunday to work at Sweetwater.
E. Barber and R. A. Northcut motored
over to Dunn Sunday after-
noon.

Mr. and Mrs. Charlie Hargrove
have moved back to Spade to stay for
awhile at least.

Some are anticipating the road
bond election that takes place here
again Saturday. Dad Crump, who is
visiting at Seven Wells 'phoned over
and said, "I'll be home to vote." Dad
is as proud of his vote in his 86th
year as he was in his 21st.

R. F. Hargrove spent Saturday
night and Sunday with home folks.

Our case of "Liberty" measles is
well and back in school—no symp-
toms of any new cases.

School is still getting along nicely.
A little program is being prepared
for Friday. The teachers and patrons
are expecting some speakers out from
town to tell them something more
about the conservation of food.
However, the people at Spade are
Hooverizing as much as they know
how. The cats are having to observe
meatless weeks instead of meatless
days. The poor creatures have our
entire sympathy and we do not know
just when our meatless day will
change to the meatless week. But if
it will help things along, we can do it.

W. G. Adcock came in from Roscoe
Sunday. W. G. had the idea that it
was raining over at Spade and came
over to see about it.

Aaron Williams came in from Cisco
Friday. Some of the wire fences are
covered over there with sand.

Stop Using Dangerous Drug Before
It Salivates You! It's Horrible!

You're bilious, sluggish, constipated
and believe you need vile, danger-
ous calomel to start your liver and
clean your bowels.

Here's my guarantee! Ask your
druggist for a bottle of Dodson's
Liver Tone and take a spoonful to-
night. If it doesn't start your liver
and straighten you right up better
than calomel and without griping or
making you sick I want you to go
back to the store and get your money.

CITATION BY PUBLICATION
The State of Texas—To the Sher-
iff or any Constable of Mitchell
County, Greeting:

You are hereby commanded to
summon D. B. Hogan by making pub-
lication of this citation once in each
week for four successive weeks pre-
vious to the return day hereof, in
some newspaper published in your
county if there be a newspaper pub-
lished therein, but if not, then in the
nearest county where a newspaper is
published, to appear at the next reg-
ular term of the County Court of
Mitchell county, to be holden at the
Court House thereof, in Colorado, on
the 3rd Monday in April, A. D. 1918,
the same being the 15th day of April
A. D. 1918, then and there to answer
a petition filed in said Court on the
24th day of January, A. D. 1918, in a
suit, numbered on the docket of
said court, No. 1263, wherein W. H.
Badgett is Plaintiff and D. B. Hogan,
and The First State Bank of Coahoma
Texas, are Defendants, and said peti-
tion alleging:

That on or about Dec. 29th, 1915,
Plaintiff sold to Defendant, D. B. Ho-
gan, certain personal property, i. e.
two red mare mules, one about 14 1/2
hands high, and one about 13 1/2
hands high, for \$260, and a wagon
harness and a plow for \$50, under an

agreement that the title thereto was
to remain in Plaintiff until purchase
price therefor was paid with 10 per
cent interest thereon, and that a
written contract therefor was to be
executed. That on or about the same
time said Defendant was or became
indebted to Plaintiff in the following
sums of money, for the following
purposes: \$203 advanced to pay a
note; \$63 cash advanced to pay for
supplies; \$40 cash advanced to buy
feed; \$75 cash advanced to buy mer-
chandise; \$25 for pork; \$25 for cot-
ton seed, and \$9 for cash advanced.
That on or about Jan. 3rd, 1916, in
pursuance of such agreement a writ-
ten contract was drawn and executed
by Plaintiff and Defendant, Hogan,
wherein and whereby said Defendant
acknowledged and promised and be-
came obligated to pay said several
items of indebtedness with ten per
cent interest thereon, the aggregate
amount thereof being Seven Hun-
dred Ten and No-100 Dollars
(\$710.00). That no date of maturity
was specified in said contract, which
remained same payable on demand.
That said contract expressly stipu-
lated that the title to said personal
property was to remain in the Plain-
tiff until fully paid for, which had
the legal effect of rendering same a
chattel mortgage on said personal
property. That said instrument was
executed in duplicate and one of the
originals thereof was duly filed in
the office of the Clerk of the County
Court of Mitchell County, Texas, on
Jan. 7, 1916, as a chattel mortgage,
numbered No. 5359, and entered in
Vol. 12, p. 127 of the Chattel Mort-
gage Records of said county. That
though often requested said Defend-
ant has failed and refused to pay
same or any part thereof to Plaintiff's
damages in the sum of \$900. That
said Defendant thereby promised and
became bound and obligated to pay
said amounts of money hereinbefore
set out, with ten per cent interest
from Jan. 3, 1915. That some time
in the latter part of the year 1917
the exact date being unknown to
Plaintiff, the Defendant the First
State Bank of Coahoma, Texas seiz-
ed said mules and appropriated them
to its own use and benefit with the
intent and effect then and there of
depriving this Plaintiff of his said se-
curity. That such seizure was un-
der some claim of right, the exact
nature of which is unknown to Plain-
tiff, but which he avers to be junior
and inferior to his aforesaid lien,
and with both actual and constructive
notice knowledge thereof. That by
reason of such conversion Plaintiff
was damaged in the sum of Three
Hundred Dollars (\$300.00). Plain-
tiff asks for citation for both Defend-
ants, and for judgment against the
Defendant Hogan for said indebted-
ness in the sum of \$710 with 10 per
cent interest from Jan. 3, 1916, for
foreclosure of his said chattel mort-
gage lien upon said personal prop-
erty as against both Defendants, and
for his said damages against the De-
fendant First State Bank of Coa-
homa, Texas, in the sum of Three
Hundred Dollars, with 10 per cent
interest from the date of such con-
version, for his costs and for such
other and further relief, both general
and special, legal and equitable.

Herein fail not but have before
said Court, at its aforesaid next reg-
ular term, this writ with your return
thereon, showing how you have ex-
ecuted the same.

Given under my hand and the seal
of said court, at office in Colorado,
Texas, this 7th day of April, A.
D. 1918.

LOUIS LABEAUME, ST. LOUISAN, HELPS PUT OVER GREAT MEMBERSHIP CAMPAIGN.

HE THANKS NEWSPAPER MEN

Declares This Publication and Other Influential Papers in Southwest Made Success Possible.

The man behind the publicity behind the solicitors who got 3,250,000 new members for the Red Cross in the Southwestern division, comprising the states of Missouri, Arkansas, Oklahoma, Kansas and Texas, is an architect, which is intended two ways. He is Louis LaBeaume of St. Louis, architect by profession, architect of the fortunes of the Red Cross in the Southwestern division and one of the most earnest and most capable of Uncle Sam's talented \$1-a-year army.

When it became apparent that the United States government had need for men of affairs to direct the various activities of the Red Cross Mr. LaBeaume volunteered his services. George W. Simmons, manager of the Southwestern division of the Red Cross, called Mr. LaBeaume to St. Louis and he was a prodigious success in the campaign of the Red Cross. The results achieved in the Southwestern division during the membership campaign were a measure to the press. Newspapers and editors throughout the Southwest have given generous publicity to the Red Cross and have kept the public at fever heat. Every child who took part in the campaign must feel a glow of pride in the work well done. It is in this spirit of victory to the cause for which he is fighting. Even though he is technically over, we keep up the good work."

POWER OF THE PRESS.

Power of the press largely was responsible for the splendid showing of the Southwestern division of the Red Cross in the big Christmas membership campaign. The Southwestern division was given the task of getting 1,000,000 new members. As a result of the splendid publicity campaign directed by Louis LaBeaume of St. Louis and the businesslike organization effected by John L. Johnston and George W. Simmons, chairman of the campaign and Southwestern manager of the Red Cross, respectively, this district got nearly three times its quota of members, leading all the other 12 divisions of the Red Cross in the United States.

Mr. LaBeaume very properly gives proper credit to this newspaper and other newspapers of the Southwest for the splendid results obtained in the campaign. In these times, when self-abnegation is absolutely necessary in every walk of life, it is a pleasure to record that the newspapers of the Southwest are doing their share to help win the war. In the campaign just closed the newspapers contributed their valuable space to the cause, while Mr. Simmons, Mr. Johnston and Mr. LaBeaume contributed their services and their time.

HEBRON.

"With the exception of Jerusalem, Bethlehem and Damascus, there is not a city in the Holy Land which holds greater interest for the Bible student than the ancient town of Hebron, whose capture by British forces under General E. H. E. Allenby was announced recently," says a war geography bulletin issued by the National Geographic Society from its Washington headquarters.

"Hebron is a ribbon of a town running along the eastern slope of a narrow valley, above which are terraced vineyards and fruit orchards of great fertility. It is not more than twenty miles southwest of Jerusalem and in peace times tourists are accustomed to make the journey by carrying in four and a half hours.

"Until captured and pillaged by the Calabites (as recorded in the Book of Joshua), Hebron was known as Kirjath-Arba. It is one of the most ancient cities in the world, having been founded, according to the Book of Numbers, seven years before Zoan in Egypt.

"The name 'Hebron' means, 'The Friend of God,' in other words, the city of Abraham. A tree standing in the Russian hospice garden, half a mile from the city, is known as the oak of Abraham. It will be remembered that it was under the oaks of Mamre that the patriarch pitched his tents and he is supposed to have built an altar here in 1920 B. C.

"When Moses sent his spies into the land of Canaan Hebron was one of the cities visited. It was here that David was anointed king over Judah, and that six of his sons were born, including Absalom, who at a later date made this place the headquarters of his rebellion against his father. It was also here that Abner, Captain of Saul's hosts and guardian of Saul's son Ishbosheth, was killed by Joab.

"Hebron was fortified and Rehoboam was re-peopled after the return of the children of Israel from captivity. Following the Biblical days, Hebron was destroyed by the Romans. It became a place of importance under Moslem rule, not only on account of its commerce, but also because of its connection with Abraham, who is venerated by the followers of Mohammed. During the Crusades it was occupied by the Christians for a short time and became the seat of a Latin Bishop in 1167, but was re-captured by the Moslems under Saladin twenty years later.

"The most conspicuous building in Hebron is the Haram, with its ramparts dating from the Herodian period.

PAPE'S DIAPEPSIN FOR INDIGESTION OR SOUR, ACID STOMACH

In Five Minutes! No Dyspepsia, Heartburn or Any Stomach Misery.

Sour gassy upset stomach, indigestion, heartburn, dyspepsia; when the food you eat ferments into gases and upsets you; your head aches and you feel sick and miserable, that's when you realize the wonderful acid neutralizing power in Pape's Diapepsin. It makes all such stomach misery, due to acidity, vanish in five minutes.

If your stomach is in a continuous revolt—if you can't get it regulated, please for your sake, try Pape's Diapepsin. It's so needless to have a bad stomach—make your next meal a favorite food meal, then take a little Diapepsin. There will not be any distress—eat without fear. It's because Pape's Diapepsin "really does" sweeten out-of-order stomachs that give it its millions of sales annually.

Get a large fifty-cent case of Pape's Diapepsin from any drug store. It is the quickest, surest antacid and stomach relief known. It acts almost like magic—it is a scientific, harmless and pleasant stomach preparation which truly belongs in every home. Adv

iod. Within the enclosure are modern cenotaphs of Abraham, Isaac, Jacob, Sarah, Rebecca and Leah. These are above the double cavern of Machpelah, which was purchased by Abraham from Ephron the Hittite as a family burial place when Sarah died. The tombs of the patriarchs are covered with richly embroidered green cloths while those of their wives are covered with crimson draperies.

"The population of Hebron is variously estimated at from 10,000 to 22,000, and the number of Jews at from 500 to 2,000. The town was a thriving trading center before the war, the Bedouins finding here an active demand for their bales of wool and camel's hair. The chief manufacture of the community were glass bracelets, leather water bottles and lamps.

"According to medieval tradition Adam, the father of mankind, died in Hebron."

AND NOW THEY ARE COOKING TOBACCO TO MAKE IT BETTER

For a good many years The American Tobacco Company have been conducting a series of experiments having as their object the improvement of smoking tobaccos.

And it is interesting to know that one of the greatest of their discoveries was one of the simplest, and that was that cooking or toasting tobacco improved it in every way, just as cooking most foods improves them.

They took a real Burley tobacco, grown in this country; toasted it as you would toast bread; moistened it to replace the natural moisture driven off by toasting; made it into cigarettes, called them "LUCKY STRIKE, the toasted cigarette," and offered them to the public.

The result has been the greatest demand ever created for any tobacco product in a similar length of time.

The change produced by toasting is not only most wholesome, but the flavor is greatly improved, just as cooking improves meat, for example.

THE CIRCUS IN DANGER.

It would be a disaster if there should be no circus this year merely because the railroads are unwilling to furnish transportation. Is their shortage of motive power a good reason why the country should put on deeper mourning?

When all nature is changing to vernal raiment, and the leaf-buds begin to swell to bursting, and the crocuses thrust their green spear-points through the grass, every boy and girl knows what it means without reading the flaring posters on the blank walls. Instinct tells them. The circus is coming. It is the natural right of American childhood, and to deny it would be a crime against humanity. New York City can survive somehow even though Madison Square Garden remain dark. It has the movies and a thousand and one amusements and diversions to lighten life. But in behalf of the back country the circus must be saved from extinction.

In the good old days the circus did not have to secure the permission of the railroad managers to move about the country. It was its own master and furnished its own locomotion. It traveled on its own legs and on its own wheels. The camel and the zebra and the ponies paraded in triumph through county after county, and the small boy went down the road to meet them and get a job carrying water to the elephant, that admitted him to the afternoon performance. But the modern circus has become capitalistic. It wants ease and comfort and luxury. There is an easy answer to all this. Let us get back to the old-fashioned circus with one ring, and start the parade promptly at ten o'clock.

BELGIAN ORPHANS GIVEN NEW LIFE THROUGH RED CROSS

Anent the American Red Cross Christmas membership campaign, which is to be inaugurated throughout the nation Monday, Dec. 17, continuing until Christmas eve, national headquarters announces that the organization already is assisting in the care of Belgian orphans who were carried by their captors into Germany and who are beginning to be released. The first groups, consisting of 500 children each, have been received back into the Allies' territory.

These homeless children, sick and under-nourished, all between 4 and 12 years of age, will receive the best possible care from the American Red Cross, which recognized in them Belgium's hope for its coming generation.

Twenty miles from Limoges, in the southern center of France, on a hillside of a little town called Troche, stands the famous monastery of L'Abbaye Chartreuse, unoccupied at present. There roses bloom the year around. Permission was given to use this place for the Belgian children, and it was rented from the government by the Red Cross, which supplies the funds for the work, while the personnel and management are provided by the Belgian committee. In its monastery the Red Cross hopes to bring back to life and vigor these children, in whom lies the hope of Belgium.

L. McKennie is plaintiff and E. B. Gamel; G. M. Bell; G. E. Sutphen; J. J. Meade; L. R. Styles; Nannie Benson; W. A. Griffith; J. R. Sims; J. E. Sims; S. D. Vaughan; C. M. Adams; W. T. Reynolds; E. N. Raugh; The Murray Company, a corporation; Walker-Smith Co., and Higginbotham-Harris & Co. are defendants, said petition alleging:

That on March 29, 1909, G. E. Sutphen conveyed to L. E. Lasseter the N. E. 1/4 of Section No. 46, Block 29, Tsp. 1, N., Texas & Pacific Ry. Co. in Mitchell County, Texas, receiving as part consideration therefor the promissory note of said purchaser for the sum of \$4640.00, payable on or before September 1, 1909, bearing interest and stipulating for attorney's fees, retaining vendor's lien on the premises to secure payment thereof.

Said Sutphen sold said note to D. L. Anderson; said Anderson died November 24, 1911, leaving his wife, Jennie Anderson, and only two children, Odie and Wilma Anderson, both minors, surviving him; said Jennie Anderson (Rigsby) received letters of guardianship of estates of said children in County Court of Howard County, April 27, 1912; as guardian and in her individual right sued said Lasseter, and said Sutphen on said note in District Court of Mitchell County, 2nd December 1913, W. R. Rigsby, with whom she had intermarried, joining her in suit for debt at foreclosure.

PERUNA in Your Home

A housewife must give the first aid in colds, coughs and other ailments. Her promptness in applying the remedy often saves a serious illness. Her experience with remedies has led her to know that PERUNA is always reliable, that she should have it on hand for the immediate treatment of coughs and colds, and that it is always to her

Mrs. George Parker, 419 Water St., Menasha, Wis., writes: "We have used Peruna in our family for a number of years and have found it a perfectly reliable medicine. It soon rids the system of any traces of a cold, and prevents serious consequences. I began using it for catarrh, which I suffered with a good many years. It had not been very long since I have taken Peruna the dropping in my eyes was discontinued, and my head and nose were not so stuffed up in the morning. I am pleased with the results, and shall continue to use it until I am entirely rid of catarrh. I heartily recommend it as an honest medicine. What it does for her it is ready to do for you."

The Family Safeguard

The experience of one woman, given herewith, is typical of thousands of letters that reach the Peruna Company from grateful friends who have found their homes incomplete, and their family safety in danger without PERUNA.

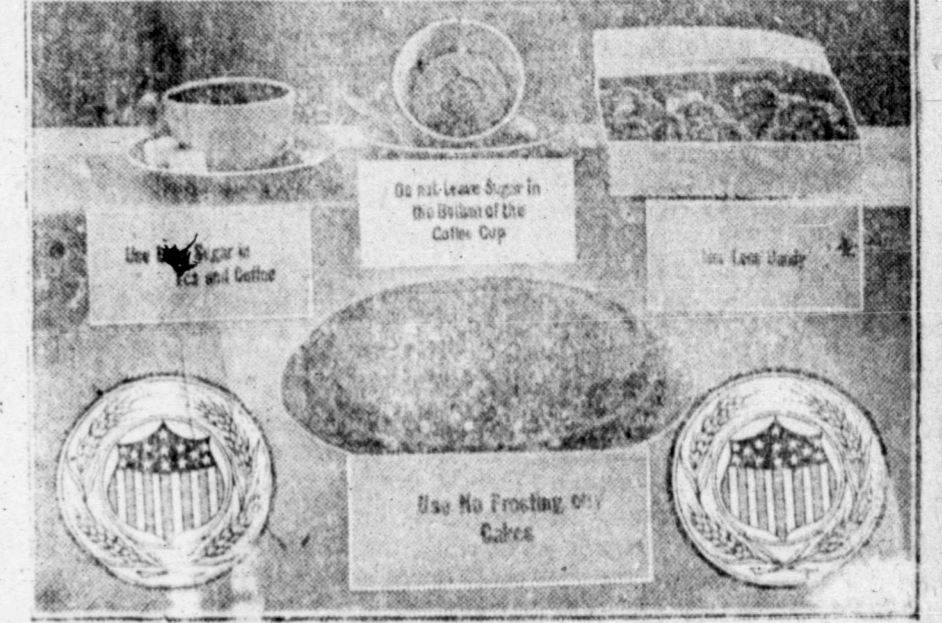

Colds and Catarrh

The great weight of testimony that has accumulated in the 44 years that PERUNA has been on the market proves it, beyond question, to be the reliable family remedy, ever ready to take, preventing the serious effects of colds, coughs, grip and derangements of the digestive organs. This proof is published from time to time and many families have profited by it.

Remember you can obtain PERUNA in tablet form for your convenience. Carry it with you and be fortified against sudden attacks.

SEVERAL WAYS TO SAVE SUGAR—WHICH IS YOUR WAY?

Although we have faced a famine in sugar, and have shipped an amount over and above the amount of our shortage to our allies, the price of sugar has not advanced, through the co-operation of the patriotic people of the United States and the Food Administration.

After judgment obtained as prayed for, said plaintiff on her behalf and as such guardian, purchased said one-fourth section of land at foreclosure sale, June 1, 1915.

Plaintiff herein is owner of said premises through purchase from said Jennie Rigsby, individually, and as such guardian.

While said Lasseter held said premises and before foreclosure suit was filed, he platted a Townsite on it, or partly on it, dividing it into Blocks and Lots, designating the site as "New Iatan" and sold to defendants other than the last three named, certain lots in said site, or to each of them except E. N. Raugh, said Reynolds conveying those he purchased to said defendant, Raugh, and to last three executed deeds of trust on specific parcels therein, the deeds and deeds of trust shown through records thereof in Mitchell county.

Plaintiff is informed that though claims of defendants are all inferior to his title and claim, they cloud his title and he is entitled to have cloud removed by cancellation of said deeds and deeds of trust, unless defendants exercise right of redemption, by paying the amount of judgment at foreclosure of lien outstanding when defendants acquired rights they have, if any, with all interest on said judgment and costs of suit and costs of this suit, by the time this case is called for trial, plaintiff being subrogated to rights of his vendors in matter of said judgment and costs, and failing to so exercise rights of redemption, if any they have, that said defendants be forever barred of such right; that cloud thus cast upon plaintiff's title be removed, and he prays for costs of suit and for special and general relief, legal and equitable.

Plaintiff notifies said defendants he will offer deeds to him for said premises in evidence at trial of case and secondary evidence of deeds from Sutphen to Lasseter; by Sheriff at foreclosure sale to Jennie Rigsby and deeds and deeds of trust by Lasseter to defendants above referred to, unless defendants shall produce them.

Herein fail not, but have before said court on said first day of the next term hereof, this writ, with your return thereon showing how you have executed the same.

Given under my hand and the seal of said court, in Colorado, this 14th day of February, A. D. 1918. W. W. PORTER, Clerk Dist. Court Mitchell Co. Tex. A true copy I certify. A. W. COOKSEY, Sheriff Mitchell County By J. R. Sheppard, Deputy. 3-15

The little brown hen now has an opportunity to take her place by the side of the glorious American eagle in assuring victory for American soldiers.

If the called session of the legislature should pass the "ten mile" bill at Fort Worth alone it will put out of business 180 retail liquor dealers 11 jobbers and one brewery.

Military training is on at the State university. General Luther R. Hare will do the training. He will organize a battalion on the same plan that is followed at West Point. President Vinson is of the opinion that at the end of four years the students will have received approximately as much instruction in military science as is given at the military academy at West Point.

Don't monkey with the price of cotton, now is being urged upon congress, in considering additional or proposed price fixing, by duly authorized representatives of cotton states organizations of various sorts. Meantime, it behooves cotton states farmers to get a good grip on a feed and food program. Clothing can be patched, but it requires the real product three times a day for skillet and bread pan.

For sixteen years before the present Democratic administration, the Republican party was the custodian of the welfare of this nation and in all these sixteen years it did but little to put this country on a basis of adequate preparation for war. Grover Cleveland started the American navy on its way to imperial strength; but Theodore Roosevelt, as president of the United States, inaugurated a naval program that curtailed the Cleveland policy. Great as our navy is today, it would be far greater still, if the policy of Cleveland had prevailed.

The Federal Food Administration imposed upon us wheatless and meatless days, but the law of supply and demand has created a condition that makes almost every day a "eggless day." Meatless days, however, permit the use of poultry, and an enormously increased export demand for eggs and poultry, the abnormal high prices for feed stuffs, and perhaps to some extent a manipulation of the market by a real or supposed storage combine, has seriously depleted the country's supply of all kinds of poultry. The farmer attracted by the high prices offered for his hens, has sold his brood stock; he has impaired his working capital and as a result the country is clamoring for eggs, and paying from 75c to \$1 a dozen for them. The two years drouth in this section has depleted the farms of chickens and pigs, because of the fact that no feed was raised and the farmers could not afford to buy high priced feed to keep up their stock thru the winter. There are a number of farms in this county on which there is not a chicken nor a pig. Even with a good season, it will take the entire summer to restock this county with pork and poultry.

CONVICTION OF BOLO PASHA.

Bolo Pasha was given a sentence of death by the French court-martial. He was accused of treason and the court-martial deliberated for only 15 minutes. He was a traitor to his

country, a traitor to democracy, a traitor to liberty and humanity. He accepted huge sums of gold from the representatives of the military autocrats of the central empires. He used the tainted money of autocracy in attempting to bribe French statesmen and leaders and to influence French operations by subsidizing newspapers in France or founding new publications to disseminate the spirit of pacifism in order to break down the French morale and instill a desire for peace by spreading the idea that Germany could not be beaten and that it would be well to make the best terms possible with her as soon as they could be arranged. There are many Bolo Pashas. They should take warning by the fate which has overtaken their chief. He goes to a dishonored grave and the lure of gold led him there. Have we any like him in the United States? If so their time will come, sooner or later, as did the final end of Bolo.

GOVERNMENT WANTS GOOD ROADS.

In the face of the government's demands for materials and money the construction of good roads throughout the country is to be pushed by Uncle Sam on the theory that the best roads for vehicles are necessary for farmers to get the maximum haul of products and grain to market at least expense, and as first aid to prompt movement and distribution. While it has been advised by the government that no new building or large improvements be gone into at this time, it is not the intention of the government to stop any road building. On the other hand, it is urged as a long step in preparing this country for more expeditious military movement, and for the better, cheaper and more rapid movement of feed and food stuffs. The government itself is building four or five government roads from central and manufacturing points, to the harbors and shipping centers, with the intention of handling a great part of the transportation by auto truck.

VOTERS

Do not believe the camouflage gotten out, to the effect that our authorities at Washington have commanded or directed that no road work be inaugurated or commenced during the period of the war. No such direction has been given nor has it even been requested. On the contrary we have it from the very best authority that the Administration considers all necessary road work is in the interest of preparedness, and by this is meant any road work along the line of natural national highways, leading from one section of the country to the other—cardinal roads—or roads from one military camp to other military camps. Witness the agitation for paved roads between Dallas and Fort Worth which is evidently urged by those people to get in line with the great Bankhead Highway across the continent.

TRY "CASCARETS" FOR LIVER AND BOWELS IF SICK OR BILIOUS.

Tonight! Clean Your Bowels and Stomach. Headache, Colds, Sour Stomach.

Get a 10-cent box now. Turn the rascals out—the headache, biliousness, indigestion, the sick, sour stomach and bad colds—turn them out to-night and keep them out with Cascarets.

Millions of men and women take a Cascaret now and then and never know the misery caused by a lazy liver clogged bowels or an upset stomach.

Don't put in another day of distress. Let Cascarets cleanse your stomach; remove the sour, fermenting food; take the excess bile from your liver and carry out all the constipated waste matter and poison in the bowels. Then you will feel great.

A Cascaret to-night straightens you out by morning. They work while you sleep. A 10-cent box from any drug store means a clear head, sweet stomach and clean, healthy liver and bowel action for months. Children love Cascarets because they never gripe or sicken.

You cannot dream yourself into a character; you must forge and hammer yourself into one.—Froude.

WAR ORGANIZATION FROM WITHIN.

Secretary Baker's order reorganizing the General Staff of the army and more closely co-ordinating its functions is in accordance with plans carefully matured out of experience and made known as in preparation long since. It is a simple arrangement. Army activities are comprehended in the four divisions of war plans, Purchase and Supply, Storage and Traffic and Army Operations, each under a chief who is directly responsible to the fifth or Executive Division, headed by the Chief or Acting Chief of Staff, who in turn is responsible to the Secretary of War and to the President as Commander in Chief.

This is an executive reorganization for the prosecution of the war, which is not what has been demanded in Congress under the leadership of Senator Chamberlain. It is an evolution from within the duly constituted executive power and not an imposition from without. It is a growth and not a transplanting. It is a building on practical experience and not a superimposed construction of theory or of politics very practical. It is, in a word, a reorganization and a co-ordination by and thru the President as the constitutional Commander in Chief of the Army, and not over his head and for his virtual removal from that office.

That the plan will be of the very largest possible effectiveness in cutting red tape and speeding up the war machine seems to be certain. And there will be further reorganizations in the future as experience dictates.

WEST TEXAS WANTS RECOGNITION.

A great many of the newspapers in Northwest Texas favor the dividing of Texas. You can commence at the Abilene Reporter, go on out to never and back on the T. & P. and then hike up in about Amarillo and the same old story is ever recurring—we want more recognition or we want to secede. A few clamor for two states to be made out of Texas, while many want three and maybe more want four. If we have to divide, we, this paper, favors making quarters out of the apple. Then we will get just that many more senators and some recognition when the pie goes around, while the said pie counter will be so close to home that we will be able to see when they are going to slip the pie back in the kitchen after the cut has been made. Do you get us Willie? If you gather us, what do you say about it? Are you afraid the East Texas politicians will cut you off from free literature and garden seed if you speak out in meeting, or do you have to study on the question till you are ready to die, then make an antemortem statement about it?—Stamford Leader.

THE PSYCHOLOGICAL EFFECT

German newspapers are said to be "gloating over the psychological effect" in America of the sinking of the Tuscania. They are welcome to what comfort they can get from it. On the day after the sinking Chicago reports that "scores of men lined up at the army recruiting offices, causing a 50 per cent increase in the enlistments." New York reports: "As a result of the sinking of the Tuscania the number of volunteers to present themselves for enlistment at the chief marine corps recruiting station was greater than that recorded on any other day since the declaration of war." In Philadelphia the news "sent hundreds to the recruiting stations." In St. Paul enlistment records were broken. Increases were shown all over the country.

The German expectation that such an act would discourage or frighten a nation determined on making the world once more a decent place in which to live is typical. It is the same reasoning that has justified a general campaign of "frightfulness," which has caused attacks on hospital ships and the killing of old men, women and children. The motive of the air raids on London, with their pitiful tolls of a few men probably unfit for military service, women and children, is not military; it is to "lower the morale" of the British. Any nation but Germany would understand that such outrages only fire the people against whom they are directed and steel them to further sacrifice and suffering in order that such a foe may be vanquished.

The sinking of the Tuscania will cause sorrow and deep regret; it will also cause a firmer determination to defeat, at all costs, the nation responsible; it will prepare us for the sacrifices to come. It will "frighten" us about as much as did the sinking of the Maine.—Indianapolis News.

You will confer a favor upon the Record and the editor of this department if you will 'phone her (No. 157) any announcement or news item

'Tis easy to smile when the multitudes smile,
And the waltz with welcome rounds;
But the test of your cheer will never appear
'Till you smile when every one frowns.

'Tis easy to stand in the ranks of a band
Heroically holding their guns;
But no test of your stuff is ever enough
Till you stand when everyone runs.

'Tis easy to side with folks who deride
A man with his fame on the rack;
But your test is to dare to praise everywhere
The fellow impaled in the back.

You can not do less than endeavor to bless
The people who treat you with grace;
But your test is to help the contemptible whelp
Who gives you a slam in the face.

'Tis easy to quail 'neath Calamity's flail
And give up the battle and pout;
But your test is to rise with a glint in your eyes
And knock old Calamity out.

'Tis easy to laugh when pleasures you quaff
So jocund you cannot contain;
But your test is to grin when you're feeling "all in"
Or throbbing with quivers of pain.

How easy is 'em when life is a psalm
And burdens all miss you a mile
But 'tis a cruel test by dint of your best
To bear a big load with a smile.

MEETING.

Mrs. J. L. Doss was hostess for the Bayview. The lesson was on the Taming of the Shrew and Washington Irving's Sketch Book. After the lesson the hostess served light refreshments.

The Standard met with Mrs. Marcus Snyder. The afternoon was spent studying Book VII of the Ring and the Book, and doing Red Cross work. After work refreshments were served.

The Hesperian met with Mrs. Whitmore. The topic for study was Act 1 and 2 of Ibsen's A Dolls House. Light refreshments were served at the social hour. The meeting this week is with Mrs. Everett Winn.

All persons having quilt scraps they wish to donate for Red Cross quilts, please notify Mrs. W. V. Allen also persons wishing to help piece or quilt these quilts, let her know. Ten are now under construction and more workers and material are needed. Can you help in this work?

The Record and the people of Colorado extend sympathy to Mrs. S. D. Vaughan and Mrs. L. E. Lasseter in the death of their mother, Mrs. Mason, which occurred at Liberty Hill last Saturday. Mrs. Vaughan and Mrs. Lasseter were both with their mother at the end. They are expected home tomorrow. Mrs. Mason had visited here quite often and has a number of friends, who sympathize with these ladies in their sad hour.

The silver tea given by the Y. W. A. at Mrs. Joe Smoot's on Valentine day was quite a success. Miss Prude sang and the young ladies were among the guests seeing that they had a good time. They realized enough to purchase a layette for the Belgium relief work, and now their fingers will be busy making it. A delicious salad pickles, wafers and tea were served.

Government records for the entire armed forces of the nation since the mobilization show that there have been an average of 125 court martials each week, resulting in the honorable discharge of the soldier undergoing the trial.

CLASS ANNIVERSARY.

The Kings Daughters celebrated their eighth anniversary Thursday evening with a Valentine party, at the residence of Mrs. A. W. Cooksey. Their husbands and a few others were the guests.

The house was decorated with hearts, big ones, medium, and little hearts, pierced hearts and all other kinds of hearts, all red, placed all over the house, while cupids were seen in conspicuous places.

After the guests had arrived the fun soon began. Numbers were passed and the hostess called out the duplicate, announcing the "stunt" the person holding the number was to perform. After all were in the spirit of the evening the ladies adjourned to another room. The gentlemen were given bags containing 100 beans, and told to use them as money, each bean representing one dollar, to purchase their partner, as they would soon be auctioned off.

The ladies were then brought in, one at a time, wrapped in a sheet, completely covering them. Mr. M. K. Jackson acted as auctioneer. This was a time when they all looked literally alike, but the bidding was spirited, throughout, many of them giving their last cent (bean) for the lady of their choice, and it was not long until all had secured partners.

Tables and materials were placed in the rooms and each one was asked to make a valentine, and write on it a suitable message to their partner. When all were completed they were read and passed around to see which was the prettiest.

Mrs. Vivian Shropshire and Mr. A. L. Whipkey were the lucky ones and got to be the bride and groom in the mock wedding which followed. Before the wedding Mr. Basden sang, "O Promise Me," and as Mrs. Jackson played a march the wedding party entered, decked in all the comic regalia the participants could collect on such short notice, and marched to the corner of the room where Mr. M. K. Jackson performed the Valentine ceremony.

After this refreshments of hot tea and coffee with cake were served.

This class not only studies the Sunday school lessons but has a hand in local charity, home and foreign missions, upholds the pastor in all his undertakings and also believes that a "little nonsense now and then is relished by the best of men," and gives a social affair annually. A most delightful time was had at this one by all present.

F. B. Whipkey returned home on Tuesday morning from the funeral of Dr. Dudley W. Queen. The body arrived from France on Sunday morning. It lay in state at the county court house, where it was viewed by thousands. Prominent people from Temple, Austin and over the state, were there to do honor to Capt. Queen who gave his life for his country. District Court adjourned, the schools were all closed, and the business of the entire town was suspended, and many places dressed in mourning.

Memorial services were held at the court house, while the flag was at half mast. The floral offerings from all over the state was most profuse and the finest we have ever seen. The Masonic lodge here at Colorado had a most beautiful emblem, also the Elks lodge at Temple. The Kings Daughters hospital at Temple sent a

tribute of respect. The Masons took charge of the body Monday evening and buried it with masonic honors. The casket was lowered in the grave wrapped in a large, silk American flag.

LORAINA LOCALS

Dr. C. W. Stevenson left Thursday night for the training camp at Macon, Georgia. His wife and baby accompanied him to Waco, where they will remain with relatives till he is located.

The Post City boys will play basket ball with the Loraine team Friday afternoon and at night.

Mrs. M. L. Mullin of Abilene was in Loraine Saturday, looking after business interests.

Will Cook of Baird visited his brother, Horace Cook, a few days last week.

Mrs. Holiday of Roscoe is visiting in the home of Mr. and Mrs. J. W. Fairbairn this week.

J. A. Pickens and family of Colorado visited relatives in Loraine Sunday afternoon.

W. Reece was down from Snyder, Friday, looking after business interests.

Mr. and Mrs. M. F. Hall and Mrs. Harry Hall and baby, returned Thursday from a visit to Robert Lee.

The Philomath Club met last Friday afternoon with Mrs. Hubert Toler. Committees were appointed for the "Womanless Wedding" Thursday night. The out of town guests were Mrs. Hollingsworth of Colorado and daughter, Mrs. U. Kennedy of Grapeland. The hostess served orange punch with wafers, and the afternoon was spent very pleasantly.

The Loraine basket ball team went to Sweetwater Friday afternoon and played their team. The score was 27 to 43 in favor of Sweetwater.

S. P. Jackson came in Monday morning from New Mexico and will visit his children for awhile.

Mrs. Holiday, Miss Annie Gregg and Mr. and Mrs. J. W. Fairbairn dined with Mrs. Allie Erwin Sunday.

The W. M. S. met Monday afternoon with Mrs. G. H. Hutchins.

H. Mrs. Ula Real Kennedy, who has been visiting relatives in Loraine, returned Monday to her home in Grapeland.

Mrs. E. J. Dunlap and son, Donnas were called Thursday to the sanitarium at Abilene, to the bedside of Mrs. Dunlap's son, Olen, who is very low from an operation for appendicitis.

Henry Foy and J. E. Spikes left Sunday night for Bisbee, Arizona, where they have secured a position in the mines.

Land is already being leased around Loraine for the purpose of drilling for oil. Why not have oil wells in this section of the country? Oil and coal both have been found in the well that is now being drilled at the pump station, between Loraine and Colorado. Every day the drill brings more oil in sight, and the prospects are looking good.

A STRAIGHTFORWARD TESTIMONY

Many Colorado Citizens Have Profited By It.

If you have backache, urinary troubles, days of dizziness, headache or nervousness, strike at the seat of the trouble. These are often the symptoms of weak kidneys and there is grave danger in delay. Doan's Kidney Pills are especially prepared for kidney ailments—and endorsed by over 50,000 people. Your neighbors recommend this remedy—have proved its merit in many tests. Colorado readers should take fresh courage of the straightforward testimony of a Colorado citizen.

C. N. Payne, Hickory St., Colorado, says: "I was troubled by my kidneys. My back was weak and lame and itched. The kidney secretions were too frequent in passage and highly colored. One of my friends who had used Doan's Kidney Pills with good results advised me to try them and I got a box. They helped me so much that I got another box, which relieved me of the complaint. I am glad to recommend Doan's Kidney Pills to anyone."

The little three year old boy of Mr. and Mrs. J. S. Franklin, who live at Seven Wells, died Sunday a week ago, and was buried at the I. O. O. F. cemetery at Colorado on Monday. The services were conducted at the grave by Rev. W. C. Garrett, pastor of the Baptist church. This little fellow had been sick for several weeks suffering severely from acute rheumatism, which finally reached his heart and caused his death. The little fellow's spirit is now at peace with the Father of us all, and will know no more suffering, pain or sorrow. The Record with a host of friends of these good people offers its sympathy and condolence; and all we can do is to point out to them that in the sweet by and by, they may join the loved one on the other shore.

The Philathea class of the M. E. Sunday School will pour tea at the parsonage on Saturday afternoon from four to six. The proceeds will go towards fixing up their Sunday school room. An impromptu program of music and readings will be given.

The February meeting of the Auxiliary to the C. W. B. M. was held with Mrs. Coe, with Mrs. Majors as leader. The subject for the hour was conflicts of today in the land of the child race. The roll call was current news of Africa. Three minute talks were given—The Medical Missionary vs. the Witch Doctor, Mrs. Mjors, Gospel Message vs. Superstition and Fetish, Mrs. Crowder. Transforming Life vs. Life of Degredation and Slavery, Mrs. Ed Jones. Mrs. Hale read an interesting paper on "The White Man's Debt to the Negro." At the social hour light refreshments were served. Mrs. Haynes was a guest.

TWO OBJECTS ARE SOUGHT IN FRENCH RELIEF WORK

The American Red Cross assumes that the work done by the organization with the French must fulfill two mentally two requirements.

First—That all activities contribute to the successful conduct of the war.

Second—That they relieve suffering caused by the war.

Work done with the civil population may have a more important bearing on the military situation even than work done with the forces, for men in the field will be able to carry out their work better with the knowledge that those left at home are being taken care of.

If the American people can get a real picture of the misery among those who have been and are being daily driven out of their homes and dumped in poverty under other parts of the country, oftentimes ill or mutilated, they will gladly do all in their power to help.

If you want to be miserable think about yourself.—Kingsley.

THE CLUBS.

Mrs. J. L. Doss was hostess for the Bayview. The lesson was on the Taming of the Shrew and Washington Irving's Sketch Book. After the lesson the hostess served light refreshments.

The Standard met with Mrs. Marcus Snyder. The afternoon was spent studying Book VII of the Ring and the Book, and doing Red Cross work. After work refreshments were served.

The Hesperian met with Mrs. Whitmore. The topic for study was Act 1 and 2 of Ibsen's A Dolls House. Light refreshments were served at the social hour. The meeting this week is with Mrs. Everett Winn.

RED CROSS QUILTS.

All persons having quilt scraps they wish to donate for Red Cross quilts, please notify Mrs. W. V. Allen also persons wishing to help piece or quilt these quilts, let her know. Ten are now under construction and more workers and material are needed. Can you help in this work?

The Record and the people of Colorado extend sympathy to Mrs. S. D. Vaughan and Mrs. L. E. Lasseter in the death of their mother, Mrs. Mason, which occurred at Liberty Hill last Saturday. Mrs. Vaughan and Mrs. Lasseter were both with their mother at the end. They are expected home tomorrow. Mrs. Mason had visited here quite often and has a number of friends, who sympathize with these ladies in their sad hour.

SILVER TEA.

The silver tea given by the Y. W. A. at Mrs. Joe Smoot's on Valentine day was quite a success. Miss Prude sang and the young ladies were among the guests seeing that they had a good time. They realized enough to purchase a layette for the Belgium relief work, and now their fingers will be busy making it. A delicious salad pickles, wafers and tea were served.

Government records for the entire armed forces of the nation since the mobilization show that there have been an average of 125 court martials each week, resulting in the honorable discharge of the soldier undergoing the trial.

Lend Uncle Sam \$4¹³ Today 5 Years From Now He'll Pay You \$5⁰⁰

IN OFFERING *War Savings Stamps and Thrift Stamps* to the public, the United States Government presents to every man, woman and child an opportunity for profitable, simple and secure investment.

War Savings Stamps are "Baby Bonds." Back of them are the entire resources of the Government and people of the United States. They enable you to invest your *surplus savings* in Government Securities paying equivalent to 4% compounded quarterly.

You need not begin with a large amount. You can buy U. S. Government Thrift Stamps at 25c each. When you buy your first Thrift Stamp, you will be given a Thrift Card. Each Thrift Card has spaces for 16 stamps. When you have filled a Thrift Card it may be exchanged for a \$5.00 War Savings Stamp at any Postoffice, Bank or other authorized agency, by adding 13 cents in cash if exchanged prior to March 1st, 1918, and 1c additional each month thereafter. Thus a \$5.00 War Savings Stamp will have cost you \$4.13 (if purchased before March 1st, 1918). On January 1st, 1923, the United States Government will pay you \$5.00 for each War Savings Stamp you own. (Under the law no person may hold such stamps in excess of \$1,000 maturity value).

If you prefer you may buy the \$5.00 War Savings Stamps outright. When you buy your first

War Savings Stamp, you will be given a War Savings Certificate. This has spaces for 20 stamps. Thus, when full, the certificate will have a cash value of \$100.00 on January 1st, 1923.

The interest paid you on War Savings Stamp equivalent to 4% compounded quarterly, if you keep your stamps for 5 years. If you should need the money before Jan. 1st, 1923, you can get it back ten days' written notice with interest at approximately 3%, by presenting your War Savings Certificate, with stamps attached, at a Money Order Postoffice.

The 25 cent Thrift Stamps, however, are not redeemable except in exchange for War Savings Stamps.

It is the desire of the Treasury Department of the United States to have every man, woman and child participate in the War Savings Plan by buying Thrift Stamps and War Savings Stamps regularly. Parents are asked to encourage children to save and buy these stamps—to help win the war!

You can order War Savings Stamps and Thrift Stamps by mail from your nearest Postoffice. Note the coupon below. Fill it out—stating the number and kind of stamps you want—and mail it to the nearest Postmaster. Your letter carrier will deliver the stamps and collect the amount. Place your order at once. *Who Saves, Serves!*

WILL YOU BE

Thousands of thoughtless people neglect colds every winter. Cough follows; they get rundown—then stubborn sickness sets in. Sickness can be prevented easier than it can be cured and if you will give your system the benefit of a few bottles of

SCOTT'S EMULSION

you will find your whole system strengthened. It will fortify your lungs and throat and enrich your blood against rheumatism. It is powerful concentrated nourishment without alcohol or opiates. Don't neglect taking Scott's—commence today.

The imported Norwegian cod liver oil always used in Scott's Emulsion is now refined in our own American laboratories which guarantees it free from impurities. Scott & Bowne, Bloomfield, N. J.

A Fight For Life

It has been fight or die for many of us in the past and the lucky people are those who are now well because they heeded nature's warning signal in time to correct their trouble with that wonderful new discovery of Dr. Pierce's, called "An-u-ric." You should promptly heed these warnings, some of which are dizzy spells, backache, irregularity of the urine or the painful twinges or rheumatism, sciatica or indigestion. To delay may make possible dangerous forms of kidney disease, such as stone in the bladder.

To overcome these distressing conditions take plenty of exercise in the open air, avoid a heavy meat diet, drink freely of water, and at each meal take Doctor Pierce's Anuric Tablets (double strength). You will, in a short time, find that you are one of the firm indorsers of Anuric as are many of your neighbors.

TYLER, TEXAS.—"I am 53 years old, and for the last three years I have been afflicted with kidney trouble; no relief from the medicines I took. At last I took one small package of Dr. Pierce's Anuric Tablets and the very first dose helped me, and I continued to improve. I took in all six packages. I am glad to testify."—DAVID VILCHEZ, Social Street.

After using different lines for kidney and bladder troubles say that I have given Dr. Pierce's Anuric Tablets a fair trial and was benefited, and do hereby cheerfully recommend Anuric to all persons suffering from kidney and bladder troubles. W. ROTH, Route 4, Box 153.

FOR COUNTY JUDGE

We present this week in an announcement column the name of J. C. Hall, better known, perhaps, as Chris. Hall, of Loraine. Mr. Hall is well and favorably known over the county, having lived in the county nine years, and has been engaged in different lines of business at Loraine. Mr. Hall is just a plain, honest and upright man, and says that if he is elected he is going to fill the place to the very best of his ability. He was three times mayor of Loraine, and is County Chairman of the Democratic Executive Committee. He is a good roads booster and a live wire. He asks for a fair consideration of his claims at the primary election.

WILL TEXAS MAKE GOOD.

Land was only a few miles away when the Tuscania went down but American soldiers died because they could not reach it.

A breakdown in transportation or in food supply, no matter the cause, means loss of men—perhaps the loss of the war. Food is as essential as bullets.

The Allies entered 1918 with a food supply smaller than at any other time since the war began. The crops of Europe are going to be shorter than heretofore. The wives and children of allied troops who are holding the trenches while waiting for American reinforcements are hungry—crying for bread that must come from America or from somewhere.

We have proudly boasted that imperial Texas might be cut off from all the rest of the world and she could still supply her own needs. But we have not been feeding ourselves, by halt. Now the United States government calls on us to make good, to raise food enough for ourselves that the food supplies we have been importing into Texas may go to the Americans in the trenches and to the Allies.

Will Texas fail to do that? If she does, some of us in this state may go hungry, though our pockets tingle with gold. The government will ship food to soldiers first.

But Texans are fighters; they always have been. The war is not 3,000 miles away—the German line is at our own borders.

Food and feed are our weapons. Are we going to fight? Are we going to let American soldiers suffer and the families of our allies starve because we will not send them food?

We can produce for ourselves and more. If we fail the fault is ours. If we ship food to Texas instead of to France, ours the shame.—Walter B. Whitman.

IT WAS ONE C

"I Gained Twelve Pounds in Six Months." Says Miss Bohne.

"I have gained twelve pounds on two bottles of Tanlac and feel every bit of five years younger," said Miss Navonie H. Bohne, cashier at Rouse's Drug Store, and residing at 1514 Everett Street, Houston, Texas, the other day.

"I was in a very much rundown condition," she explained, "from stomach disturbances and most everything I would eat gave me trouble. My food would sour on my stomach and form gas that made me miserable for hours. My nerves were all on edge so I got little rest at night and when morning came I was most as tired as I was when I went to bed. I had terrible headaches most all the time and felt so wretched and no account I hardly had any life or energy left to do anything.

"I heard so many people telling about the good that Tanlac had done them that I decided to try it. The way it took hold of my troubles was one grand surprise and I hardly know how to begin telling of all the benefits I have derived from using it. I can say that it has made a new person out of me, and as soon as I got home from work instead of moping around like I did I now have a grand time romping with the kiddies just like I was a child too. My complexion has cleared up wonderfully. I have no trouble with my indigestion and I sleep like a baby. Tanlac has been a fine thing for me and I certainly am glad to recommend it by my own experience with it."

Tanlac is sold in Colorado by W. L. Doss; Loraine by Garland & Elliott; in Westbrook by J. H. Board. Adv.

ABOUT CONSTIPATION.

Certain articles of diet tend to check movements of the bowels. The most common of these are cheese, tea and doiled milk. The other raw fruits, especially apples and dananas, also graham bread and whole bread promote a movement of the bowels. When the bowels are badly constipated, however the sure way is to take one or two of Chamberlain's Tablets immediately after supper.

A GREAT NEW BOOK.

There have been many books of sermons, but Dr. George W. Truett's new volume, "A Quest for Souls," which was compiled and edited by Dr. J. B. Cranfill, is unique in sermonic literature. Last summer, Dr. Truett, who is recognized as one of the greatest preachers in the world, conducted a revival meeting at Fort Worth, which was attended by thousands, and in which hundreds were converted. This book of sermons contains a verbatim shorthand report of the twenty-four sermons he preached and all the prayers he offered in that meeting, together with the preliminary remarks and exhortations made by this remarkable preacher. The price of the book is \$1.50, postpaid, and it can be had from The Texas Baptist Book House, 1816 Main Street, Dallas, Texas. This Book House carries a large line of books covering all subjects and advertises that it will furnish any book published at the publisher's price.

HALF HOUR'S JOB LIKE A DAY'S WORK

Chemical Co. Foreman Says He Has Taken New Lease on Life.

"Tanlac has simply given me a new lease on life," said O. A. Cook who lives at Harrisburg, Texas, and is foreman for the Fidelity Chemical Company, while in Kiesling's drug store, Houston, recently.

"Before I commenced taking it," he continued, "I was so run down and miserable a half hour job would tire me as much as a whole day's work does now. My legs were weak and pained me, often suffered with backache and indigestion and my nerves were so unstrung that I was irritable and out of sorts all the time.

"I had reached the point where it was necessary for me to do something for myself and I bought Tanlac because I know how it helped my mother over in Georgia. I now sleep sound, eat hearty and can do a hard day's work without feeling it. My legs and back don't hurt me like they did and everything I have to do is a pleasure instead of a burden as it was before. I recommend Tanlac to everybody with those miserable, tired nervous feelings like I had, for it certainly has straightened me out in fine shape."

CALOMEL SALIVATES AND MAKES YOU SICK

Acts Like Dynamite on a Sluggish Liver and You Lose a Days Work

There's no reason why a person should take sickening, salivating calomel when a few cents buys a large bottle of Dodson's Liver Tone—a perfect substitute for calomel.

It is a pleasant, vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and cannot salivate.

Children and grown folks can take Dodson's Liver Tone, because it is perfectly harmless.

Calomel is a dangerous drug. It is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tone instead and you will wake up feeling great. No more biliousness, constipation, sluggishness, headache, coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tone acts better than horrible calomel your money is waiting for you.

Piles Cured in 6 to 14 Days

Your druggist will refund money if PAZO OINTMENT fails to cure any case of itching, Blind, Bleeding or Protruding Piles in 6 to 14 days. The first application gives Ease and Rest. 50c

CITATION BY PUBLICATION

The State of Texas:—To the Sheriff or any Constable of Mitchell County, Greeting:—

You are hereby commanded to summon D. B. Hogan by making publication of this citation once in each week for four successive weeks previous to the return day hereof, if some newspaper published in your county if there be a newspaper published therein, but if not, then in the nearest county where a newspaper is published, to appear at the next regular term of the County Court of Mitchell county, to be held at the Court House, thereof, in Colorado, on the 3rd Monday in April, A. D. 1918, the same being the 15th day of April A. D. 1918, then and there to answer a petition filed in said Court on the 24th day of January, A. D. 1918, in a suit, numbered on the docket of said court, No. 1263, wherein W. H. Badgett is Plaintiff and D. B. Hogan, and The First State Bank of Coahoma Texas, are Defendants, and said petition alleging:

That on or about Dec. 29th, 1915, Plaintiff sold to Defendant, D. B. Hogan, certain personal property, i. e. two red mare mules, one about 14 1/2 hands high, and one about 13 1/2 hands high, for \$260, and a wagon, harness and a plow for \$50, under an

agreement that the title thereto was to remain in Plaintiff until purchase price therefor was paid with 10 per cent interest thereon, and that written contract therefor was to be executed. That on or about the same time said Defendant was or became indebted to Plaintiff in the following sums of money, for the following purposes: \$203 advanced to pay a note; \$63 cash advanced to pay for supplies; \$40 cash advanced to buy feed; \$75 cash advanced to buy merchandise; \$25 for pork; \$25 for cotton seed, and \$9 for cash advanced. That on or about Jan. 3rd, 1916, in pursuance of such agreement a written contract was drawn and executed by Plaintiff and Defendant, Hogan, wherein and whereby said Defendant acknowledged and promised and became obligated to pay said several items of indebtedness with ten per cent interest thereon, the aggregate amount thereof being Seven Hundred Ten and No-100 Dollars (\$710.00). That no date of maturity was specified in said contract, which rendered same payable on demand. That said contract expressly stipulated that the title to said personal property was to remain in the Plaintiff until fully paid for, which had the legal effect of rendering same a chattel mortgage on said personal property. That said instrument was executed in duplicate and one of the originals thereof was duly filed in the office of the Clerk of the County Court of Mitchell County, Texas, on Jan. 7, 1916, as a chattel mortgage, numbered No. 5359, and entered in Vol. 12, p. 127 of the Chattel Mortgage Records of said county. That though often requested said Defendant has failed and refused to pay same or any part thereof to Plaintiff's damages in the sum of \$900. That said Defendant thereby promised and became bound and obligated to pay said amounts of money hereinbefore set out, with ten per cent interest from Jan. 3, 1915. That some time in the latter part of the year 1917 the exact date being unknown to Plaintiff, the Defendant the First State Bank of Coahoma, Texas seized said mules and appropriated them to its own use and benefit with the intent and effect then and there of depriving this Plaintiff of his said security. That such seizure was under some claim of right, the exact nature of which is unknown to Plaintiff, but which he avers to be junior and inferior to his aforesaid lien, and with both actual and constructive notice knowledge thereof. That by reason of such conversion Plaintiff was damaged in the sum of Three Hundred Dollars (\$300.00). Plaintiff asks for citation for both Defendants, and for judgment against the Defendant Hogan for said indebtedness in the sum of \$710 with 10 per cent interest from Jan. 3, 1916, for foreclosure of his said chattel mortgage lien upon said personal property as against both Defendants, and for his said damages against the Defendant First State Bank of Coahoma, Texas, in the sum of Three Hundred Dollars, with 10 per cent interest from the date of such conversion, for his costs and for such other and further relief, both general and special, legal and equitable.

Herein fail not but have before said Court, at its aforesaid next regular term, this writ with your return hereon, showing how you have executed the same.

Given under my hand and the seal of said court, at office in Colorado, Texas, this 7th day of April, A. D. 1918.

THE CROSS CHILD IS BILLIOUS, FEVERISH

Look at Tongue! If Coated, Clean Little Stomach, Liver, Bowels.

Don't scold your fretful, peevish child. See if tongue is coated; this is a sure sign its little stomach, liver and bowels are clogged with sour waste.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach-ache, indigestion, diarrhoea, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul waste, the sour bile and fermenting food passes out of the bowels and you have a well and playful child again. Children love this harmless "fruit laxative," and mothers can rest easy after giving it, because it never fails to make their little "insides" clean and sweet.

Keep it handy, Mother! A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. The country seems inclined to gently remind F. R. of his own assertion that "this is no time for politics."

If congress keeps on fanning those political flames it ought to be possible to conserve a lot of fuel up there.

If the price of eggs continues to advance, old Biddie will soon require a bodyguard. She'll be too valuable to let run loose.

The Schulerberg Sticker tells us one Roy Miller of Corpus Christi has "ricked out" of the race for governor. We had not heard that he had ever ricked in.

It is no more than fair if the women are to be granted equal suffrage in public affairs, that there be some way of guaranteeing to the men equal suffrage at home.

Secretary Lane has recommended a bill for the further protection of men engaged in the present war who prior to entering the service had initiated claims on public lands.

Mr. Bryan predicts the triumph of national prohibition in two or three years at most. Now the prohibitionists are dubiously reviewing Mr. Bryan's record in the prophesying line.

Billy Sunday is reported to have lost his voice since going to Washington. Well, it oughtn't to be difficult to find a voice in Washington. There are a few there that could be better employed than at present.

The supply of poultry can be increased more quickly than any other source of meat. It can be doubled this year, and now is the time to begin the effort. Every hen that will set and every incubator that will incubate, should be drafted for work to their fullest capacity.

There aint no such animal as a "Anti," be drunk or sober; we are all "Pros." now.

A SUGGESTION.

A friend would like to see in the list of candidates for County Judge, the name of a man who has been in Mitchell county through thick and thin since the day of the longhorn steer and the barley ram; a man of integrity in dealings, from a copper cent upward, as high as money goes; a man who knows everybody, regardless of apparel—broadcloth or cotton overalls; a man who has never asked for office and is not now asking for it, nor dreaming of it, and knows nothing of this suggestion, and will not know it until the Record is issued; a man of morals, a man of business, a man, who, for cleverness cannot be surpassed in Texas.—His name is W. L. Doss.

Come, Voters, what do you say? Let's elect a man whom the office seeks in place of one who seeks the office. This would be a new departure in county politics, but why not make it stick?—A VOTER.

THE BUSINESS OF WAR.

The fact is being driven home to the people of this country that we have reached a stage of the war when heroics and stage oratory must be dropped and serious work take their place. We have exhausted our vocabulary and invented other languages in our condemnation of the Hun—which was probably to be expected and necessary in the working up of a general war spirit. Now, however, the preliminaries are over, and we are in the very center of the conflict, whether for good or ill will depend entirely on our future actions.

We must realize the seriousness of the fact that a half million of our boys are at this moment facing the greatest engine of destruction to share their labors and bare their breasts to the same dangers. These men have no false or exaggerated notions of the glory awaiting them. They are imbued with but one thought—to remove from the world a great menace to human liberty. To this end they are willing, if need be, to give their lives. Certainly they are giving to the task the very best of their manhood. It is a serious business and they are going about it in deadly earnest.

Are we who remain at home taking the same serious business view of the work before us? Are we devoting our lives to the end that their lives may be preserved, or, if sacrificed in the cause, that the sacrifice may not be in vain?

Recently the country was called upon for the first real sacrifice of the war—the conservation of fuel. It has been interesting to note the spirit in which this order was met. As is the case in all such blanket orders, there were many loopholes of escape for those desirous of evading the order. He it said to the everlasting credit of our people, very few sought for these excuses. The rule was rather cheerfully complied with.

Unless all signs fail we will soon have an order for (compulsory) saving of food. This, too, should be met cheerfully. Our boys must be kept up to the highest point of efficiency and our allies must be fed. American citizens must dedicate their lives and energies to two objects—producing and saving. The entire question resolves itself into a purely business proposition—that of increasing our income to the highest possible figure, and then living well within that income that each may have a surplus to lay on the altar of our country. Let's cut out the heroes and get grimly down to the business of winning the war. Any other course spells failure.

AN OPEN LETTER.

The following letter from the Capital Issues Committee of the Federal Reserve Board, Washington, D. C., to J. H. Greene, Secretary Chamber of Commerce, explains itself: "Your telegram of February 21, to Hon. D. F. Houston, Secretary of Agriculture, in re \$100,000 bond election for purpose of raising money to build your link of Fort Worth, El Paso highway, has been referred to this committee for reply. "In answer to your question as to whether or not road building is contrary to the government's desire, we beg to advise you that this committee has made no ruling classifying road improvement as non-essential. The Committee passes on the merits of each issue presented, predicating its decision on the economic or military importance of the contemplated improvement." MISINFORMATION.

A prominent Southern jurist, in addressing a class of young men in a prep. school, outlining the reasons for America being at war with the central powers, among other things says: "We freed Cuba and the Philippine Islands from the tyranny of Spain, and they now rejoice in this freedom. We came now to the support of France, a former noble ally in our struggle for freedom, that her people may remain free and not be crushed to earth by a barbaric foe scientifically skilled to be cruel."

Just such erroneous statements as the above are responsible for much of the dissatisfaction and disaffection in the country. Ignorant and unthinking people gather from such utterances that this country is fighting the battles of France. Nothing could be farther from the facts.

Had not the German policy run counter to every interest of the American people; had not that country leveled an offensive directly at us, we would still be found adhering to the policy of neutrality, the policy to which we desperately tried to cling even in the face of repeated insults and aggressions.

Had Germany in the spring of 1917 in good faith carried out her promises in regard to submarine warfare, President Wilson would not have severed relations with her. Other causes might, and probably would have worked a rupture; but the direct cause of our entering the fight was Germany's failure to keep her pledged word in a matter that meant almost the life or death of this country.

The United States has no quarrel with Germany on France's account. The wrongs of that country may, and no doubt will, add to the zeal with which our people will prosecute the war, but they were no part of the causes that led to our taking action. We are today as loyal to the Monroe Doctrine as at any time in our history. The purely national affairs of the Old World countries are no concern of ours, and never should be. We are glad that, since we are in the struggle on the entente side, we can in some measure repay the debt we owe to that plucky republic; but without grievances of our own, we could not in honor have entered the conflict.

There is no necessity of our inventing reasons for our action. The causes were plain and could not be mistaken. The American people were expected to bow to the arrogant demands of Prussia and her war lord, and surrender rights guaranteed to us by the laws of all nations—even those of the arrogant Teuton empire. To have yielded would have been to forfeit our self-respect and the respect of the nations of the entire world.

Let us be honest with our people. We are in the war because we had cause to enter—just cause—causes piled mountain high. We are not fighting the battles of any other country. We are fighting our own battles. We shall, however, fight side by side with the entente armies in all good fellowship, glad that we are fighting in the same noble cause—the preservation of Freedom in the earth.

Texas, Oklahoma, Kansas, Arkansas and Missouri are the greatest egg producing states. Every year when prices are low Texas ships carload after carload of eggs to the leading egg markets, Chicago, St. Louis, Boston and New York, and then in the fall and winter, when prices are soaring, we ship them back, paying transportation charges both ways, the cost of storage and a big margin of profit. It is apparent that Texas needs a few egg storage plants of her own.

The eyes of the Lord are in every place, beholding the evil and the good.—Solomon.

Our good friend John Langley, who has been at Lone Wolf, Oklahoma for several months past, has returned to Mitchell county to make a crop. Mr. Langley says he has done well since he left here last fall and hopes to make a big crop here this year. He says he greatly enjoyed the Record while gone and had some nice things to say about the paper.

WHAT THE RED CROSS IS DOING AND WHAT YOU CAN DO

JUNIOR MEMBERSHIP.

Junior Membership has developed in response to an earnest desire of pupils in many states to render patriotic service in this time of need. It was natural that the school children should wish to become a part of the great Red Cross movement for war relief. Planned and administered by educators, Junior Membership cannot fail to be of value in vitalizing the work of the schools, while their total product will be of great service to the Red Cross.

- 1. That the organization was formed in response to a demand from schools.
- 2. That leading educators all over the country are advisers to the organization and its activities.
- 3. That President Wilson has issued a call to all school children and teachers to join in this patriotic work.
- 4. That junior membership is open to all boys and girls of school age attending public, private or parochial schools, or attending other organized educational centers, but only to such student bodies as a whole.
- 5. That junior membership is open to grades in the school, providing the school complies with complete organization later, but not to individual pupils.
- 6. That junior membership is granted when \$5.00 is contributed to the school fund or when the school pledges to prepare Red Cross work and supervised by the Red Cross chapter.
- 7. That the money raised is to be spent for work which will be used by the Red Cross work.
- 8. That the Red Cross work is to be done in the school, and no part goes to Washington, and no part goes to Red Cross activities for boys and girls have been classified as follows:
 - a. Children 6 to 12.
 - 1. Cut one-inch squares of material.
 - 2. Cut one-inch squares of material.
 - 3. Cut one-inch squares of material.
 - b. Children 13 to 14.
 - 1. Knit or make from toweling.
 - 2. Knit or make from toweling.
 - 3. Knit or make from toweling.
 - c. Children 15 to 18.
 - 1. Knit or make from toweling.
 - 2. Knit or make from toweling.
 - 3. Knit or make from toweling.

FOR COMMISSIONER.

In our announcement columns this week we have the name of A. C. Gist asking for the office of County Commissioner in the Colorado Precinct (No. 1). Mr. Gist is a practical and successful farmer, and has agreed to accept this responsible office only after being urged and solicited by many of the business men and voters of the precinct. This is one instance we know of where the office seeks the man. Mr. Gist is well known in the precinct and over the county; he is wide awake and progressive in his farm interests and is capable of looking after the county's interests. The commissioners court, presided over by the county judge, is one of the most important offices in the county. They handle and pay out all the county finances; they have the county roads entirely in their own hands and this court should be composed of capable men who know something about roads and about handling the road money. Commissioners Precinct No. 1, which includes the town of Colorado, pays approximately one half of the county tax, and this makes the office of commissioner in this precinct doubly important, and calls for the best man in the precinct to fill it. The Record believes that Mr. Gist is the man, and we put his name before the voters as a candidate for nomination at the July Primary, to fill this office.

TWILIGHT SLEEP FILM.

Manager Taylor has just completed arrangements to show the wonderful Twilight Sleep film at the opera house Tuesday, March 12th, afternoon and night.

This film has been arranged in a most refined way, and there is positively nothing in it to offend anyone, but owing to the delicate subject with which it deals, it will be shown to separate audiences, and no children under sixteen will be admitted.

In the afternoon a performance for ladies only, will be given with a lecture by a lady who accompanies the picture, explaining its features and making each scene a living perfect picture. A scientific lecture illustrated with actual motion pictures. The same picture will be shown at night for men only, with a man to lecture upon the subject.

The admission will be 25 cents to everybody.

Roscoe L. Basham, is another soldier boy of Mitchell county, whose name has not appeared on the roster as published by the Record. He volunteered early in the game, and is now located at Camp Baker (El Paso) and is home this week on furlough, visiting his parents down on the ranch. Roscoe says that of course he doesn't know anything about the movements of the army, but would not be surprised to be going "over" at any time.

GREEN'S AUGUST FLOWER

has been a household remedy all over the civilized world for more than half a century for constipation, intestinal troubles, torpid liver and the generally depressed feeling that accompanies such disorders. It is a most valuable remedy for indigestion or nervous dyspepsia and liver trouble, bringing on headache, coming up of food, palpitation of heart, and many other symptoms. A few doses of August Flower will relieve you. It is a gentle laxative. Sold by W. L. Doss; 20 and 90 cent bottles. Adv.

Of course not much can be done on road work of any kind until it begins to rain in this country. But everything can be gotten ready, surveys and grades staked out, concrete culverts and bridges could be planned and probably some of them put in. At least all preliminary arrangements could be made so that immediately after the big rains come, work could be pushed.

PEOPLE YOU KNOW.

We clip the following items from the Georgetown Commercial, about Colorado people:
Mrs. Bert L. Wulfjen, of Colorado is here on a visit to her father, Mr. D. D. Fowler and family.

Mr. S. D. Vaughan, a former citizen of Williamson county, having been reared at Liberty Hill, but for a number of years cashier of the City National Bank of Colorado, Texas, has removed to Amarillo, where he is now connected with the Amarillo National Bank. Mr. Vaughan is worthy of any promotion.

Mr. Fred Whippley, editor of the Colorado Record, was here last Monday to attend the funeral of his nephew, Dr. Dudley W. Queen. Mrs. Whippley was with him, and will visit relatives here.

The many friends of Mrs. A. S. Mason throughout Williamson county were deeply grieved to learn of her death which occurred at her home in Leander on Saturday. Mrs. Mason was well known in Georgetown, where she often visited her daughter, Mrs. S. T. Atkin, and was highly esteemed as a noble Christian woman, being a faithful and consistent member of the Methodist church for many years. Mrs. Mason was the mother of Mesdames L. E. Lasecter and S. D. Vaughan of Colorado City, both of whom were here at her death.

All that was mortal of Dr. Dudley W. Queen, a native son of Williamson county, the first to die "over there" in defense of his country, were laid to rest in the Odd Fellows cemetery on Monday afternoon by the Masonic fraternity of which he was an honored member, following the funeral services held at the Williamson county court house in Georgetown. The public schools were suspended, all business houses were closed and Judge Ireland Graves recessed the civil court for the funeral rites. Despite the rain the people came from all portions of the county and a large congregation of physicians and members of the Elks Lodge at Temple were here to pay the last tribute to the dead. It was an occasion in which every citizen joined. The casket was covered with beautiful flowers sent by the civic and patriotic organizations and loving friends and was wrapped in the flag of his country. During services at the court house in the rotunda the casket was surrounded by a guard of honor from the pall bearers. Then followed the ceremonies and the interment.

Don't miss the wonderful Twilight Sleep picture at the opera house on the 12th. It is a scientific picture and will be explained by competent lecturers. 25c.

APPLICATION FOR LETTERS OF GUARDIANSHIP.

No. 305.
The State of Texas—To the Sheriff or any Constable of Mitchell county, Greeting:—

You are hereby commanded to cause to be published once each week for a period of ten days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in said Mitchell County, a copy of the following notice:

The State of Texas:—To all persons interested in the welfare of Bettie Mathis, Burma Mathis, Allie Pelle Mathis and Thomas Mathis, Minors; Mrs. Roxie Mathis has filed in the County Court of Mitchell County, an application for Letters of Guardianship upon the persons and estate of said minors, which said application will be heard at the next term of said Court, commencing on the third Monday in April, A. D. 1918, the same being the 15th day of April A. D. 1918, at the court house thereof, in Colorado, Texas, at which time all persons interested in the welfare of said minors, may appear and contest said application if they see proper to do so.

Herein fail not, but have you before said Court, on the said first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said court, at office in Colorado, this 16th day of February, A. D. 1918.

There is more Catarah in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarah to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarah Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

ORDER YOUR SEED.

To the farmers of Mitchell county: To the farmers of Mitchell county, who will need planting seed—maize, Kaffir, fetereta, Sudan grass, peanuts and cane seed—I have arranged with Mr. Frank Clark, Waco, Texas, who has charge of the government seed, to furnish this county with what it will need at cost. Please place your order with me or either of the banks at once, so you will be sure to get your seed. W. A. DULIN.

A GREAT NEW BOOK.

There have been many books of sermons, but Dr. George W. Truett's new volume, "A Quest for Souls," which was compiled and edited by Dr. J. B. Cranfill, is unique in sermonic literature. Last summer, Dr. Truett, who is recognized as one of the greatest preachers in the world, conducted a revival meeting at Fort Worth, which was attended by thousands, and in which hundreds were converted. This book of sermons contains a verbatim shorthand report of the twenty-four sermons he preached and all the prayers he offered in that meeting, together with the preliminary remarks and exhortations made by this remarkable preacher.

The price of the book is \$1.50, postpaid, and it can be had from The Texas Baptist Book House, 1816 Main Street, Dallas, Texas.

This Book House carries a large line of books covering all subjects and advertises that it will furnish any book published at the publisher's price.

CIVILIZATION COMING.

It was not so very long ago that people marveled at the stupendous scenic production of "Ben Hur" and speculated on the tremendous amount of labor, thought and money it must have required to bring such a thing about.

That was before the days of the movies. Old scenic marvels pale beside "Civilization."

Today in such films as "Intolerance," "Birth of a Nation" and "Civilization" now playing this country, the whole of "Ben Hur" rolled into one would just about suffice for one scene! and this is no exaggeration.

Take the modern battle scene in "Civilization" for instance. The "tanks," the big guns, the uniforms, the shells must at least seem real to be convincing. And all this expense and energy to paint a few feet of film, a like preparation for a few feet more, and the film runs more than two hours! For the battle ship scene the co-operation of the government had to be secured, and Mr. Ince got the use of two battle ships, two torpedo boat destroyers, one cruiser and two submarines. The battle lasted twenty-seven minutes. About 1,200 shots were fired and a discarded vessel blown up. For all this Mr. Ince had to pay. Then the scene shifts to the sinking of the Lusitania. An ocean liner was chartered to give realism. The panic-stricken people are seen fighting with each other on the deck; the lifeboats fail to work, throwing hundreds into the water; others are launched and meet with the same fate—and so forth until the vividness of the thing makes one cold with horror. And that is only one more scene with a score of like magnitude to follow.

This wonderful play is booked to appear at the Opera House March 14th. See advertisement on first page for prices, etc.

One day last week Mike Ratliff, Ed Jones, J. E. Stowe, A. E. Sadler and J. P. Hunter organized themselves into an oil company, with all capital stock paid in, and hiked out for the Brownwood field to buck the curb. They pooled their interests and made Mike Chief Confidence Man, Ed Jones as Spieler, and J. E. Stow Treasurer. Friday night a long and urgent telegram was sent them to come home and vote for the bond issue, which they did. They now say that this caused them to miss striking a big gusher.

EXPERIENCE SHOWS MAXWELL TRUCK IS MAKING GOOD

"A farmer without a motor truck is simply making a fatal mistake."

From an economical standpoint the truck upkeep is trifling compared to feeding the amount of stock and maintaining equipment necessary to duplicate it in actual service and general farm work.

The day is not far distant when all short hauls will be by auto trucks. The rural side tracks will practically be abandoned in the near future and that auto trucks will haul the farm products to more central points for immediate shipment to their destination.
