LOOKING BACKWARD TWENTY-FOUR YEARS AGO IN COLORADO

On January 4, 1895, just 24 years ago the Colorado Times was issued by Lively & Crump, a six-column, four page paper (just half the size of the Record) and sold for \$1.50.

The Peoples National Bank was then advertising with J. S. McCall President, Jno. B. Slaughter V-President and W. T. Scott Cashier.

The Colorado Bank had H. B. Smoot, President; G. H. Colvin, Cashier, with a directorship of Winfield Scott, F. M. Burns, A. B. Robertson, H. M. Smoot, W. H. Snyder and Ben J. Tillar.

The advertisement of the Favorite Saloon, St. James Bar and A. S. Grant Saloon, all appeared in this issue.

Gus Bertner was the tonsorial artist Frank Gray and Co. groceries; Y. D. McMurry saddles, harness and hardware; Burns & Bell dry goods; W. H. Snyder groceries; Dan Park jeweler; In this issue the Times says:

"The ranges, which are good all over the Colorado country are being stocked with cattle. They are bringing them in from every direction and have been doing so for several weeks. It is easy to see the outlook for the cattle business next spring. Should sufficient rainfall replenish the stock water, which is getting low in some places, cattle will all do well and be in good condition for market in the spring. Then will the scenes of former days be repeated, and Colorado will be strictly in it. The outlook has not been so good in ten years and the interest in cattle circles is good."

From the local columns of this old paper we republish the following items:

Miss Mary Kennedy has returned from Midland after a pleasant holiday visit.

Mr. Sam Simon, after a pleasant visit to his sons here, returned Wednesday to New York.

The ladies of the Baptist church have inaugurated a prayer meeting to begin on next Monday and continue daily on afternoons for a week.

The lumber is on the ground for erecting a depot, and Agent Crowder thinks the work will begin soon.

The Grand Jury returned seven bills, two of which were felonies and five misdemeanors.

Mr. B. F. Ware left last Monday

for an extended visit to his son Dick Ware, in San Antonio.

Reems Earnest left Wednesday for Fort Worth in the interest of a case pending in the Tarrant county court.

Mr. and Mrs. Boley Brown from Kent county, came down last Monday to meet their son, Bert, and Willie Rogers, who returned from a holiday visit to Parker county.

Dr. Coleman informed the Times this week that the little son of Mr. and Mrs. W. S. Justice was still in a very precarious condition, with recovery doubtful and uncertain.

Misses Georgia and Claudia Mullin returned Tuesday morning from Midland, where they had been to spend the holidays with relatives and friends.

Pink Robertson is in the city smiling among friends and looking well.

S. F. Singleton of Scurry spent Monday and Tuesday here.

A delightful social was enjoyed at the palatial residence of Judge and Mrs. R. H. Looney on last Monday night, given in honor of Mr. Lee Prude, from Fort Davis.

Gov. Culberson's friends are making elaborate preparations for a low-recked vest, spike-tailed coat and blonded hair affair, inaugural ball.

Simon-Harness.

Married, at the residence of the bride's parents in this city, at 8 o'clock on the morning of the 2nd inst. by the Rev. Zivley, Mr. Harry Simon to Miss Anna Harness. The bride is the amiable daughter of Mayor and Mrs. J. T. Harness, and is beloved by a large circle of friends, in and around Colorado. The groom is the junior member of the firm of Sig Simon & Bro., and is a young man of sterling worth.

Report of Finance Committee.

We have carefully and fully examined the books, vouchers and reports of the several officers of the county and find them correct and properly kept. The books of the Treasurer show a balance of \$2,628, which amount we find to the credit of the county treasurer in the Colorado National Bank.

We find the bonded and registered indebtedness of the county to be about \$99,000, in this amount is included interest on bonds to date. From this amount deduct the amount

LOCAL NOTES

ANNOUNCEMENT PARTY.

Misses Coleman entertained with 42 last Saturday afternoon. The occasion being to announce the engagement of Miss Claudia Smith to Mr. Joseph Pollack, a prominent business man of Oklahoma City. The marriage is to be the first of March.

The guests were the school friends of the honoree. The decorations were pink carnations. After several games of 42 were played Miss Mildred Coleman made the announcement in story form.

Miss Smith is one of Colorado's most popular young ladies, coming from one of the best families of our county, and the groom-to-be is heartily congratulated in securing her heart and hand.

Refreshments of cake, fruit gelatine and mints were served.

W. C. W. MEMBERS AT COLORADO, READ.

On account of the Flu and severe weather we have neither elected nor installed officers for 1919. You are urged to be present Thursday night, Feb. 6, at 7:30 o'clock to take part in both the election and installation. Other important business must be attended to.

E. KEATHLEY, Clerk.

HONORING SOLDIERS.

Misses Minnie Vaughan, Ann's McMurry, Hallie Roddy and Winnie Crockett entertained at Miss McMurry's Wednesday evening, honoring the marines, Grady Newman and Donald Sheaf, who are home on a furlough. "Marines" was played. The score cards had a "soldier girl" saluting the flag on them. After games all enjoyed making candy and eating it. Cake and tea were also served.

For the benefit of those from the country who cannot attend at night, I will give a matinee every Saturday afternoon, at my new theatre next door to postoffice.—Chas. Taylor.

Ernest Pritchett returned to his post of duty at Camp Bowie, after a short furlough spent with his mother.

PIONEER DIED.

On Monday of this week, Judge W. C. McCallum died very suddenly, while he and his son, Emmet, were on the road from his farm to town.

He had been in feeble health for quite awhile, and his son was bringing him to town for treatment. He complained of feeling ill, and before anything could be done he died in his son's arms in the car.

He was brought on into town to the home of his son, and the funeral services were held there Tuesday, conducted by Rev. Guy B. Duff, pastor of the Presbyterian Church, and the body taken to Westbrook for burial.

Judge W. C. McCallum was born in Tennessee, February 1, 1847. He came to this county in an early day and has had much to do with county and public affairs. He was county judge for several years, and as county school superintendent was a man of broad and progressive views, and was loved by all teachers who were under him.

He was a Confederate veteran, being a member of Forest's Cavalry, and did active and valuable service all during the Civil War.

He was a man of strong character, honest and conscientious to the utmost degree, and always fair to his fellow man, both in private and public life. The latter part of his life was spent on his splendid farm and he devoted his time to farming and stock raising, pursuing the even tenor of his way, making a good citizen and neighbor.

He leaves a wife and son with a family, and many friends to mourn his death.

Thus, one by one, the old time citizens; those who endured the hardships of earlier days, that those coming after them might enjoy the good things of this life, pass to their reward, and enter that land where all is peace and happiness.

The Record joins the people of the entire county (as everybody knew Judge McCallum) in extending sympathy to the bereaved.

FARMERS SEED AT COST.

A Mr. Clark, who is a representative of the government seed distribution department, was here Saturday and perfected arrangements with the banks, through Mr. W. A. Dulin, to finance the farmers seed problem. All seed, of every kind, is to be furnished the farmers at absolute cost. No one will make a cent out of the handling of seed. All seed will be bought in car load lots and distributed to the farmers. When the seed arrives it will be financed by the banks of the city, and each farmer then pays for what he gets at cost. All the farmer has to do is to list with Mr. Dulin the amount of seed wanted, and the kinds wanted, and when a car load is so listed the seed will be ordered and distributed to the farmer. Through this arrangement the farmers of Mitchell county will be able to save thousands of dollars and be sure of getting his seed when wanted.

Grove's Tasteless Chill Tonic

restores vitality and energy by purifying and enriching the blood. You can soon feel its strengthening, invigorating effect. Price 60c.

C. G. Gay sold his farm east of town, this week, which is known as the Cochrane place, consisting of 270 acres. He sold to Mr. Albert Whirley of Lamar county, up near Windom. Mr. Whirley with his family arrived here Tuesday and will move out to the place in a few days. He is a man of means and brings plenty of teams, tools and feed, and will plant for a bumper crop. Mr. Gay has bought a small ranch, up near the Reynolds ranch and will branch out into the cattle business in addition to his farming interests.

GINNING NOTICE.

Farmers will please notice that from this date on the gin will run on Fridays only.

MEMORIAL FOR TAYLOR CO.

Three suggestions have been made concerning the building of a memorial to the brave soldiers of liberty from Taylor county. One that a monument be built in some conspicuous place in Abilene, another that a Y.M.C.A. be dedicated to their memory and still another that a County Hospital be built in memory of those who paid the supreme sacrifice and in honor of the living.

Of the three suggestions we would favor the hospital because we believe that the service it would render is the most unselfish and the most needed. The day has come when the poor who are unable to pay for such service must be given the attention they need. It is not fair for people to die of diseases that can be easily cured by the surgeons knife or proper medical attention. The doctors are ready to do their part and to do it without charge. The laws of Texas declare that all towns of more than ten thousand people shall have hospitals. Would it not be a good thing for the city, county and people to join hands and build a first class hospital as a memorial to the boys who made the world safe for civilization? —Abilene Reporter.

The above suggestion is a good one. Every county ought to honor its boys in some lasting memorial. Something of the kind has been suggested for Mitchell, but the people seem to be very indifferent about it as the Record cannot get even an expression from a few people on the subject. We feel that it is mostly want of a leader or an effort to launch the question. We feel sure that our people would do the right thing toward these brave boys if the matter was presented to them in the right manner.

COL. SLAUGHTER DEAD.

Dallas, Jan 25.—Col. Christopher C. Slaughter, pioneer cattleman, Indian fighter, banker and philanthropist, died here today. He had been in poor health since a bad fall nine years ago while visiting in Waukesha Wis. He was the first white child born in Texas after it became a republic.

**Backache?
Rheumatism?**

Those of us who are past middle age are prone to eat too much meat and in consequence deposit lime-salts in the arteries, veins and joints. We often suffer from twinges of rheumatism or lumbago, sometimes from gout, swollen hands or feet. There is no longer the slightest need of this, however, as the new prescription, "Anuric," is bound to give immediate results as it is many times more potent than lithia, in ridding the impoverished blood of its poisons by way of the kidneys. It can be obtained at almost any drug store, by simply asking for "Anuric" for kidneys or backache. It will overcome such conditions as rheumatism, dropsical swellings, cold extremities, scalding and burning urine and sleeplessness due to constant arising from bed at night.

Send to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., for a 10c. trial package.

MADERA, CAL.—"I recommend Doctor Pierce's Anuric very highly. I have suffered for the last three years with catarrh of the bladder, having tried every remedy I heard of but without relief. I saw Anuric advertised in the paper, and like a drowning man grabbing at a straw I thought I would try it also, which I did with great success, as it relieved me almost immediately, before I had taken all of the trial package, and having great confidence in the remedy I immediately sent to the drug store and bought a full-size package. I can say to all suffering from any disease of the kidneys or uric acid troubles, try this remedy and suffer no longer. I have great faith in Dr. Pierce's remedy."—S. P. HENSLEY.

CENTRAL CIRCLE.

The Central Circle of the M. E. Missionary Society held an open meeting with Mrs. D. N. Arnett last Thursday. The object of the meeting was to enlist the members in the Centenary movement, which is the dominant constructive work of that denomination for the next five years. The purpose is to raise \$135,000,000 and to broaden the missionary view of all members.

Mrs. Leslie had charge of the program. The first number was a song by little Miss Exa King. She was encored and responded with another. Little Miss Virginia Stonerod also delighted all with a reading. Other numbers were: What is the Centenary?—Mrs. Leslie.

What is the Joint Commission?—Mrs. Doss.

What is the purpose of such a Centenary?—Mrs. Winn.

What was the Memphis Committee of One Hundred?—Mrs. Jackson.

What is the Northern Methodist Church Doing?—Mrs. King.

What is the Missionary Program of the Presbyterian Church?—Mrs. Riordan.

What is the program of the Baptist Church?—Mrs. A. L. Whipkey.

Intercession the Primary Need.—Mrs. Garvin.

Our Finances.—Mrs. Merritt.

After the program, slips of paper were passed, asking the guests to write prophecies of various objects in 1944. Mrs. M. K. Jackson bore off the honors, giving in rhyme the prophecy of Colorado. It is reproduced below.

After this refreshments of sandwiches, angel food, coffee and tea were served.

A Prophecy.

Twenty-five years from this very day There'll be a Colorado—for she's here to stay— Not the Colorado that today is our pride But a newer and better in its place shall abide.

Colorado has always been up to date, To embrace opportunity seldom is late; So, when oil and more oil was said to be near, She got in the game—now look what is here.

After twenty-five years can you not guess the rest? Behold Colorado the fair Queen of the West.

No longer an insignificant town But the talk of the country all around

Such wonderful changes one ne'er could believe

It's as though she had wished and straightway received;

Like Aladdin, she's rubbed her magic lamp.

Upon every hand is prosperitie's stamp.

By hundreds she numbers her people no longer,

In thousands and thousands each year she grows stronger.

Oil and gas are not all that brings her wealth,

Her salt works are running and preserving the health.

The Colorado Daily Record with its note optimistic

Has done much toward making these visions realistic.

She has four lovely parks, including the depot plaza;

These are social centers where the young and old do gather;

And as they sit and listen in the evening calm and still.

The Jones band plays such music that your very soul doth thrill.

On old Second street great stores doth extend

From Lone Wolf creek to the west bridge end,

From North and South up Walnut and Oak

More stores, more shops and many busy folk.

The Smith Green House Company just as solid as a rock,

Has grown and grown 'till it now covers a block.

The homes make you think of palaces grand

Yet still hospitality rules o'er the land

The churches are temples, imposing and fine

The new court house, a beauty of a rare kind

The conservatory (music) famous now, and Mr. Dawes

Directs a score of teachers and maintains the music laws.

The schools are all modern in design and construction,

The equipment most approved, likewise the instruction.

Her public buildings in fact are her pride

Well lighted, gas heated, swell furnished beside.

And the people, oh the people, fairly beam in their content,
For life's richest, choicest blessings upon them has been spent
May they so live, love and labor 'till their turn on earth is o'er
And having wrought most nobly, enter Heaven's shining door.
—Mrs. M. K. Jackson

LOOK AT A CHILD'S TONGUE WHEN CROSS, FEVERISH AND SICK

Take no Chances! Move Poison From Liver and Bowels at Once.

Mothers can rest easy after giving "California Syrup of Figs," because in a few hours all the clogged-up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again. Children simply will not take the time from play to empty their bowels, and they become tightly packed, liver gets sluggish and stomach disordered.

When cross feverish, restless, see if tongue is coated, then give this delicious "fruit laxative." Children love it, and it can not cause injury. No difference what a's your little one—If full of cold, or a sore throat, diarrhoea, stomach-ache, bad breath, remember, a gentle "inside cleansing" should always be the first treatment given. Full directions for babies, children of all ages and grown-ups are printed on each bottle.

Beware of counterfeit fig syrups. Ask our druggist for a bottle of "California Syrup of Figs," then look carefully and see that it is made by the "California Fig Syrup Company." We make no smaller size. Hand back with contempt any other fig syrup.

HIGHWAY WORK FOR 1919 IS PLANNED.

If the federal and state governments do not get behind the good roads movement during 1919 and put down actual mileage on a comprehensive system, those who have boosted for good roads for a quarter of a century will be inclined to throw up their hands and say "It's no use trying."

There is every reason in the world why the present year should produce real results in our long looked for national highway system. Every man of importance and every force, political and economical, is behind the demand for better roads "now."

Good Roads, a national magazine which has plugged consistently for good roads for years, reports this week on the outlook from each state. The report contains mention of only two states in this territory. Texas and Louisiana, as follows:

More than twice as much work will be done in Texas in 1919 as there was done during the last year, according to State Highway Engineer George A. Duren. In 1918 less than \$5,000,000 in road bonds were approved by the attorney general, but it is expected that more than \$12,000,000 will be approved this year and that 1919 will be "a banner year in road construction, which will be hard to surpass for some years to come."

Everybody is interested or getting interested in oil. The Ranger and Burburnett fields are still spreading out; hundreds of companies are being organized every day, and it seems no trouble to sell the stock, even in this drouth stricken country. Several of our local men are playing the game to a limited extent, visiting the Ranger field almost every week.

We have nothing to report for Mitchell county developments, but hope to have something of interest shortly. Deep tests are going down in Nolan county and a well is reported in Coke county near Blackwell. It seems to be coming our way and if a test is put down in Mitchell county we are sure to get the oil, and we may all become oil "magots" yet.

GIRLS! LEMON JUICE IS SKIN WHITENER

How to Make a Creamy Beauty Lotion for a Few Cents

The juice of two fresh lemons strained into a bottle containing three ounces of orchard white makes a whole quarter pint of the most remarkable lemon skin beautifier at about the cost one must pay for a small jar of the ordinary cold creams. Care should be taken to strain the lemon juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener, whitener and beautifier.

Just try it! Get three ounces of orchard white at any drug store and two lemons from the grocer and make up a quarter pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. Adv1

SUFFRAGE TO BE SUBMITTED.

Submission of a constitutional amendment, providing for the granting of full suffrage rights to women, was made last Friday at noon when the House, by a vote of 105 to 0 adopted the Senate joint resolution providing for the election. No debate was had nor were any amendments offered. The date of the election is May 24.

RECORD OIL STOCK

Our low capitalization of \$40,000 and dividend agreement makes it certain that you will receive a handsome dividend check every 30 days after oil is struck. Our 10-acre lease in Block 45, west of Burkburnett is between the largest producing wells in the entire field. We are close to the holdings of the Texas Company on which there are countless numbers of big wells. Mason Big Three's holdings are within 1,500 feet of our property. NOW is the time to buy Record Oil Stock.

OUTLINES OF BURKBURNETT POOL EAST AND WEST UNDEFINED

Wichita Falls, Jan. 17.—Apparently the outlines of the Burkburnett pool, to the west and the east, are as undefined at present as they were three months ago, when the derricks commenced to spread out from the townsite, for there have been as yet no disturbing dry holes in the east and west, as there have been, to the north and south.

The report that the Hammond-Art well, on block 57, Red River Valley lands and some distance from the Burkburnett pool to the west, was on the sand at 1,900 feet, has revived interest to the west, and a number of new wells are soon to be put down in this section of the district, it is announced. The Burkburnett Southern's No. 1, Gist is rigging up a rotary; Vaughn Oil Co., No. 1 Vaughn, has a rotary derrick up; Price Bros., & Cross No. 1, W. L. Chenault, rotary derrick up; Parker & Anderson, No. 1 Chenault, block 76 Red River Valley lands, derrick; Alamo Oil Co., No. 1 Chenault, block 76, R. R. V. lands, derrick.

INTEREST REVIVES WEST OF TOWNSITE

Interest in the development of the territory west of the Burkburnett townsite revived Wednesday with the announcement that the Burk-Majestic Oil Company had disposed of its entire issue of \$60,000 of capital stock during the last three days. This company was only formed in Ft. Worth last week by prominent business men of this city. O. F. Gould, Manager of the Majestic theatre; W. S. Crosbie, manager of the Byers theatre, and Henry Sanders of the Sanders

Piano Company were the trustees of the company.

Mr. Crosbie left Wednesday night for Burkburnett where he will arrange for the drilling of the company's first well on a ten-acre tract in Block 45 west of Burkburnett. He believes that actual drilling will start in the next two weeks.

Other recent developments which have done much to revive interest in the western extension of the field include the reaching of sand by the Hammond Art well in Block 57 and the reported excellent showing in the Mason Big Three well on Block 44. On block 45 four new companies have made locations for deep wells.—From Fort Worth Record Jan. 23.

RECORD OIL COMPANY WILL PAY DIVIDENDS EVERY THIRTY DAYS

DIVIDENDS.—The Record Oil Company agrees to begin to pay dividends on the capital stock as soon as oil and gas is found in paying quantities. Dividends will be paid thereafter every 30 days from receipts accruing from oil produced in that time.

PROSPECTS ARE BRIGHT FOR WEST TEXAS.

Reports from all sections of West Texas indicate that that portion of the State which had been laid waste by the protracted drouth is teeming with new life and enthusiasm, following recent rains, which have visited every portion of the state. Col. J. N. Simpson, chairman of the executive committee which is administering the Banker's Drouth Relief Fund is in constant touch with all parts of the territory. Prospects are bright for a resumption of cattle grazing in that section, he said, and average spring rains will make certain a record production of wheat, oats and other small grains.

"I am constantly in communication with the West and get letters from bankers in that portion of the State daily," said Col. Simpson. "They report that rains during the three months have been ample to place a splendid season in the ground. In fact I do not recall when West Texas has been more liberally visited by rains and snow."

"The acreage of small grains—wheat and oats—is much greater than ever before and with the usual spring rains the production will set a new record for that section. The dry weather did not kill the roots of the grass, and indications now are that there will be plenty of heavy spring blanket grass throughout the grazing area."

"There will be a scarcity of cattle, as so many of them were shipped to other ranges and many sacrificed on the market. There is a need for breeding cattle in the West and thousands of them will be in demand in restocking the area. It does not, fortunately, require a long time to restock a country with live stock. The breeding cattle, sheep and other live stock will be shipped into the country quickly whenever the grass becomes abundant."

"All indications are that West Texas is coming back in a big way. The future of that section of the State was certainly never brighter than at present."—Dallas News.

WEST TEXAS COUNTY COMMERCIAL CLUB.

The Colorado Record reprinted my article in the Abilene Daily Reporter and the Fort Worth Star Telegram made excerpts from it with comments thereon; lauding itself and Fort Worth for what they had done in the past 15 years or so for West Texas, etc.

The fact is that Fort Worth has never in the past done anything for West Texas, and every merchant, banker, cattle man, farmer, mechanic and citizen will bear me out in that statement.

In the early days Fort Worth was the frontier man's "haven of rest," and he hauled by wagon and team, his buffalo and cow hides and dry bones (that he gathered on the prairies) and sold them and traded them for ranch and farm supplies; and since then has done business with West Texas in the good years and no panics when the cash was available; and in the bad years and panicky times when there was no cash, refused West Texas and called in its loans. Also voted to withdraw the A. and M. College appropriation—advocated it and it was withdrawn.

And I may as well add that in the 70 years Texas has been a state in the union, West Texas has had no available appropriations for anything except the Canyon City, Alpine and El Paso schools, the last a school of mines. All the state revenues go for buildings in East Texas, interest and salaries. How long will the people of West Texas be "hewers of wood and drawers of water" for East Texas? be the vassals of East Texas, that would see them starve, as they have the past three years, and then have to quit the country because of such inhuman treatment?—And talk about Fort Worth being the headquarters of the West Texas Counties Commercial Club!

PUBLIC ROADS AND FLYING MACHINES.

The United States government is now appropriating millions of dollars to experiment with an "aerial mail service," when it looks to a man up a tree with only one eye, that this money could be much better spent, and would be worth more to a greater number of people by putting it into a system of government post roads.

It has been demonstrated in the last few years that individual counties nor individual states are not able to build the roads as they should be built and that the "government aid" is not sufficient in the first place and in the second place has too many strings to it. To make a first class road, a paved or concrete road (as they should be) is too expensive for any county to undertake to build, even with the assistance that they can get from the state. On the other hand if one county should build a good road and the counties on either side should not do so, what is it worth, except to local people? This is thoroughly demonstrated by Mitchell county's highway No. 1, as long as you are in the county it is all right, but if you want to go to Sweetwater, you run into the impassable bog holes in Nolan county directly you cross the line. As far as a link in the highway is concerned Nolan on one side and Howard on the other isolates Mitchell completely notwithstanding her good road. The Record wants the government to build first-class post roads through all the states and in several different directions at government expense, and then the counties and states will have all they can do to build the side roads and "feeders." It seems to us that our mail and telegraph service is fast enough for present use, and as it will be many years before the highways are abandoned, and universal air travel and service is adopted exclusively, why not put the money on the highways where it will benefit everybody.

No Worms in a Healthy Child
All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS chill TONIC gives regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.

WOMN CANNOT VOTE.

We have been asked so many questions on this subject, that we publish the following ruling, for the benefit of the ladies:

According to a decision given by assistant attorney general of Texas, women who pay their poll tax may vote in municipal elections this year.

The decision is as follows: "Replying to an inquiry of recent date, addressed to the attorney general, we beg to advise that in our opinion, women can vote in municipal political primaries held within this state during the year 1919; provided that such parties pay a poll tax in the county of their residence prior to Feb. 1, 1919, in the manner provided for under the provisions of section 5, chapter 34, acts of the fourth called session of the 35th legislature. Under the provision of the acts of the legislature above quoted women have the right to vote at any and all primary elections or nominating conventions. Still for the year 1919 they are required to pay a poll tax."

Under the present law, ladies cannot vote in Texas except in the Primary Election after having paid their poll tax. There will be no primary election in Texas this year, therefore they would not get to vote if they pay a poll tax. It requires a constitutional amendment in order to pass a law so the women can vote in a General Election, making it impossible to get a valid law through this year.

There is no law forcing the ladies to pay a poll tax and it was not intended to make one. The attorney general only ruled they must pay one in order to vote as the men must pay one before they can vote. It is only a matter of choice with the ladies. If they wish to pay a poll tax, it will be received. If they do not wish to pay a poll tax it will be no reflection upon them whatever and no harm done so far as this county is concerned.

POLL TAX PAYMENTS SLOW.

According to figures given out by County Tax Collector, J. W. Chesney only 383 poll tax and exemption certificates have been issued in this county to date. Only one woman has registered so far. The law provides that women may be exempted on the same grounds as men, which specifies that those who have become 21 years of age at any time since the 31st day of January, 1918, which was the last date for paying poll taxes, will be entitled to vote in the 1919 elections without paying a poll tax. Men and women who became 60 years of age on or before January 1, 1918, will also be entitled to exemption. Both men and women over 60 years of age who do not live in a city of more than 10,000 population may vote without an exemption certificate provided they make affidavit that they were over 60 years of age on January 1, 1918.

The main street in Ranger has become impassable, the mud and water being knee deep. A wise guy has built him a boat, hitches two mules to it and charges 10 cents each to haul passengers across the street.

Congressman Blanton has introduced a bill "authorizing and directing the Secretary of War to donate to the county of Tom Green, in the State of Texas, one German cannon or field piece, captured by the American Expeditionary Forces or delivered to the United States by the terms of the armistice, or which shall hereafter be delivered to the United States by treaty of peace."—San Angelo Standard.

Blanton's bill carries with it a cannon for every county in the old Sixteenth district so far as we have been able to learn, except Mitchell. Poor old Mitchell will be cannonless. Blanton is a past master in the art of introducing bills, and it seems an introduction is all the recognition his bills ever receive. This is one way at least, of keeping his name in the public prints.

Humble Herndon Well Flowing 2,000 Barrels

Wichita Falls, Jdn. 27.—The Humble well on the Herndon tract, west of the Burkburnett pool, started flowing Sunday and put oil into the tanks at the rate of 2,000 barrels a day. The well had been drilled further into the sand on Friday and baled on Saturday, then shut down until Sunday. When it was turned loose it started flowing and in the first eleven hours made 1,000 barrels.—From The Star-Telegram, Jan. 28th

Dallas, Texas, 2:12 P. M., January 28.

C. H. EARNEST,
Colorado, Texas,

Confirming my letter of the 27th, the Humble Oil Co. well in Block 58 West of town of Burkburnett is making two thousand barrels daily. It is the best well in the entire field. We hope to begin drilling early in February, but delays may be expected.

D. C. EARNEST

The Humble well above referred to is just 1 1/2 miles from our two acre holdings, and 1 1/2 miles from our ten-acre holdings. The Hammond-Art well on the Fisk tract is just one mile from our ten acres, and having last week struck the oil sand the stock of that company immediately jumped to 150. The Burk-Waggoner on 84, still further away from Burkburnett than our ten-acre holding, and within one-half mile thereof drove into the oil sand last Saturday, 25th inst., and in consequence thereof \$66,000 worth of acreage was sold by one party in tracts 96-97 and 98, five miles North-west of Burkburnett

Hammond Art Well Is Right Near Our 10-Acre Tract in Block 74

REPRODUCED FROM THE WICHITA TRIBUNE, JAN. 11.

"Hammond Art hits impregnated sand at 900 feet—in 10. Indicates many wells de-spaired of at 1700, two miles west of town and beyond, have new chance at next 200.

"The two biggest developments that transpired in the Burk field Saturday involved the Hammond Art Oil Company and the Art, Strauss & Humble well.

"The Hammond Art drilled 10 feet into the sand, at 1900 feet. Heretofore the Burk sand belt ranged between 1550 and 1755 feet, in various sections of the field.

"The news that Hammond Art had encountered the sand as low as 1900 spread like wild-fire and caused great excitement among holders of leases in that vicinity, and, in fact, in the whole territory to the west of Burk town-site. The sand was strong in oil showing.

"The news of the strike was reflected in the night market. Hammond Art selling for 107 1/2 early in the session and jumping to 125 after receipt of the information on the floor of the exchange."

AVIATION NEWS.

A new age of travel is just ahead. Small airplanes for pleasure and business will soon be available, it is predicted by officers of the Aero Club, at a cost of \$1500 or less, while prices for aerial limousines, touring planes and the like, will probably range from \$3000 to \$5000. There will also be available for the general public, aerial taxis at reasonable rates. Aero-trucks, equipped with powerful liberty motors, will also soon be on sale, in all probability, at a cost of from \$8000 to \$10,000. It is obvious then, that present transportation methods will shortly be subjected to an interesting and lively competition for both pleasure and business traffic, by aerial carriers of various kinds. Already when mailing a letter, we are confronted by the question of whether it shall go by surface or aerial service. Very soon the same question will arise with reference to express packages, and a little later will come the question of flying to business and delivering freight by air route.

The coming of peace is already booming the aerial mail service, and it is said that, under the extended program being prepared for this branch of the post office department, all trained war flyers can be used.

Recent revelations regarding the development of radio telegraphy by the army are of incalculable importance in connection with the development of aviation for business and pleasure purposes. By means of this newly perfected device aviators can not only talk freely to persons on the ground but can hear their replies distinctly notwithstanding the roar of the motors.

Perhaps the first airplane passenger service to be opened to the public will be between Paris and London. The trip is to be made at a speed of 120 miles per hour, and the fare will be \$75 each way. The trip is to consume 2 1/2 hours.

From a comprehensive article by Rodman Wanamaker, recently published by a leading newspaper of Detroit, the home of the popular priced automobile, it appears likely that low-powered planes, carrying from two to four passengers will soon be offered in the open market at prices as low as \$1,000.

One of the largest planes in the world recently flew over London, at a height of six thousand feet, carrying 40 passengers, nine of whom were women. The total weight carried was about three tons. It is said that this machine weighed six tons and can fly with a weight of five tons.

The French Government is planning the creation of about 20 aerial lines connecting Paris with the principal cities of France and other European countries.

During the war period, American factories produced more than 12,000 airplanes, and 31,814 airplane motors including 15,131 Liberty motors. Up to November 22nd, the output of these powerful twelve cylinder engines had reached 150 per day.

It is reported that the United

States has produced the fastest airplane in the world, and that this plane equipped with a liberty motor, has already made a speed of 160 miles per hour and is expected to do even better than that.

Captain Benjamin B. Lippner, Director of the recently established National Aerial Mail Service, has announced the turning over to him of hundreds of airplanes, to be used in establishing fifty airplane postal routes, including five transcontinental lines.

The first recorded aerial Thanksgiving celebration took place 2800 feet in the air, on a United States mail plane, which left Elizabeth, N. J. for Philadelphia on November 28th. Nine persons partook of this remarkable turkey dinner.

The biggest seaplane in the world officially designated as NC-1, at Rockaway Point, N. Y., on November 30th demonstrated its enormous lifting capacity by making a test flight with a pilot and fifty passengers. The plane was propelled by three liberty motors with an aggregate of 1200 horsepower. The machine has a wing spread of 126 feet, weighs 13,000 pounds and has a lifting capacity of 9,000 pounds. While the trip mentioned breaks the world's record as to number of passengers carried, it is evident that this record will soon be surpassed as it is reported that planes with a capacity of 100 passengers are now being built in Europe.

GIRLS! HAVE WAY.

THICK, GLOSSY HAIR FREE FROM DANDRUFF

Save Your Hair! Double Its Beauty in a Few Moments—Try This!

If you care for heavy hair, that glistens with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine.

Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff; you cannot have nice, heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots famish, loosen and die; then the hair falls out fast.

If your hair has been neglected and is thin, faded, dry, scraggy or too oily, get a small bottle of Knowlton's Danderine at any drug store or toilet counter, for a few cents; apply a little as directed and ten minutes after you will say this was the best investment you ever made.

We sincerely believe, regardless of everything else advertised, that if you desire soft, lustrous, beautiful hair at a lot of it—no dandruff—no itching scalp and no more falling hair—you must use Knowlton's Danderine. If eventually—why not now? Adv5

WESTBROOK ITEMS

Miss Thelma Hudson, who is teaching at Conaway, spent the week end at home. Miss Thelma is well pleased with her school and her pupils are doing good work. Following is her honor roll for January: Ida Walker 90; Flora Myrick 93; Ethel Palmer 93; Jennings Griffin 91; Gladys Byrd 92; Walter Byrd 91; Henry Byrd 92; Opal Myrick 94; Myrtle Myrick 94; Clint Palmer 90.

A. M. Bell and Jim Oliver spent the week in El Paso on business.

Z. T. Lasseter left Sunday night for Commerce, after spending several days with home folks.

Mrs. Armstrong from Oklahoma, is visiting her cousin Miss Lena Brown.

D. I. Reed of Stanton is visiting relatives in Westbrook this week.

T. C. Hart came in from Alma, Texas, Tuesday, where he had been at work during the drought.

Judge McCallum, who died very suddenly in Colorado Monday, was buried in Westbrook on Tuesday.

We publish this week a letter from Leroy Grasscott, recently received by his mother, Mrs. E. P. Gressett. Leroy is one of Westbrook's noble young men who was among her first volunteers when war was declared. It has been quite awhile since his people have been able to hear from him.

Dear Folks.—This is Christmas Eve, the night that old Santa Claus comes. I can recall the many times that I have gone to bed early so that his coming might not be disturbed. I want you to know that those were the happiest days that I have ever spent.

Christmas Day is a great day, but until I get back to my country and my people, I don't think that I can enjoy it as well. There is one thing I am proud of—I am on duty now and will be tomorrow (Christmas Day). I am doing my duty the best I can and it gives me pleasure to know that the work I am doing is helping some one.

I am in charge of the dressing room of our hospital. We have about fifteen or twenty patients with infected arms, legs and so on. Of course the doctor prescribes the treatment to be given, but I am the one that gives it, and I can see the good that is being done.

I certainly hope that you all have a great Christmas. Hope that Judge, Tip and Sister are able to spend Christmas with you and that Bus and I shall be there before or by the next one.

Lovingly,

Chamberlain's Cough Remedy.

Before using this preparation for a cough or cold you may wish to know what is has done for others. Mrs. O. Cook, Macon, Ill., writes, "I have found it gives the quickest relief of any cough remedy I have ever used." Mrs. James A. Knott, Chillicothe, Mo., says, "Chamberlain's Cough Remedy cannot be beat for coughs and colds." H. J. Moore, Oval, Pa., says "I have used Chamberlain's Cough Remedy on several occasions when I was suffering with a settled cold upon the chest and it has always brought about a cure. Adv.

WORTH WEIGHT IN GOLD SHE DECLARES

"I Wouldn't Take Five Hundred Dollars For the Good Five Bottles of Tanlac Did Me," Says Mrs. Hunt.

"I wouldn't take five hundred dollars for the good that five bottles of Tanlac have done me, and I just think it is worth its weight in gold," said Mrs. Nannie Hunt, 6019 New York Avenue, Nashville, Tennessee.

"I was told repeatedly that my nervousness could not be cured and it made me so despondent that I hardly knew what to do. Even the noise of the street cars passing would upset me so that I would shake like a leaf. My heart fluttered and palpitated and many a time I have had fainting spells and fallen to the floor. My stomach was so torn up that I couldn't even digest an egg, and this had gone on for five years until I was on the verge of nervous prostration.

"A friend of mine who knew that my case had been given up as hopeless made me a present of three bottles of Tanlac, and it proved to be a priceless gift. I have taken five bottles altogether and have gained eleven pounds in weight and haven't had a nervous spell since last Christmas. I can eat anything I want and am building up every day. I just can't say too much in praising Tanlac."

Tanlac is sold in Colorado by W. L. Doss; Loraine by Garland & Elliott; in Westbrook by J. H. Board. Adv.

A dispatch from Cisco to the Star-Telegram at Fort Worth says:

Two new buildings are being constructed on Avenue D and Seventh Street. Mrs. C. A. Gray is having a two-story building erected, and in connection with this building C. G. Gray and Judge D. K. Scott are having a one story building constructed between Mrs. Gray's building and the Quick Service Garage. Both of these buildings will be occupied by the H. L. Hutchinson & Co. hardware and furniture. Connected with this firm will be H. L. Hutchinson of Colorado City, Texas, and C. G. Gray and L. W. Clements of this city, the last two named will have the management of the concern. These buildings will be ready for occupancy about the middle of February.

SPADE LOCALS.

The farmers of this community are breaking sod, bedding or breaking heir land, preparing for that bumper crop that we all need and want, and have missed for the last two years.

We have had our part of the snow this winter and then some. If the wind storms had been from the opposite direction we would think we had been moved farther north than we were.

All of the young folks and some of the older ones met at the home of R. F. Hargrove last Sunday night, and had singing, music and conversation.

Wednesday night John Hargrove, son of W. D. Hargrove, was taken very sick with appendicitis. Dr. Root had him taken to the sanitarium at Colorado, where he underwent an operation on Thursday. He was getting along nicely at last reports.

More rain here Sunday. Some of the old timers are talking of building boats. They say they never saw so much rain in Mitchell county in the winter.

Mr. and Mrs. Jim Plaster invited all of the young folks to come out here Saturday night and most of them were there—from Colorado, Union and Spade—all report a pleasant time.

Helps Sick Women

Cardui, the woman's tonic, helped Mrs. William Eversole, of Hazel Patch, Ky. Read what she writes: "I had a general breaking-down of my health. I was in bed for weeks, unable to get up. I had such a weakness and dizziness, . . . and the pains were very severe. A friend told me I had tried everything else, why not Cardui? . . . I did, and soon saw it was helping me. . . . After 12 bottles, I am strong and well."

TAKE

CARDUI

The Woman's Tonic

Do you feel weak, dizzy, worn-out? Is your lack of good health caused from any of the complaints so common to women? Then why not give Cardui a trial? It should surely do for you what it has done for so many thousands of other women who suffered—it should help you back to health.

Ask some lady friend who has taken Cardui. She will tell you how it helped her. Try Cardui.

FARMERS' GIN.

A representative crowd of farmers met at the club rooms on Saturday last to further discuss the advisability of building a farmers gin in Colorado, and to go into a permanent organization. The meeting was presided over by J. C. Hooker, with Geo. Bynum as secretary.

Prominent and successful farmers from all over the county were present.

The men appointed at the previous meeting to see about raising the funds with which to build, reported that the fund was about half subscribed, and that the rest could easily be obtained.

The By-Laws committee reported that they were not yet ready to report and after considerable discussion was had, it was decided to meet again next Saturday at 3 o'clock to select a board of managers, and when this board is selected and a permanent organization perfected they will then apply for the charter.

It is urged that all the farmers attend next Saturday and help select a board of managers.

EVER SALIVATED BY

CALOMEL? HORRIBLE!

Calomel is Quicksilver and Acts Like Dynamite on Your Liver.

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your druggist sell for a few cents a large bottle of Dodson's Liver Tone, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not salivate.

Don't take calomel! It makes you sick the next day; it loses you a days work. Dodson's Liver Tone straightens you right up and you feel great. Give it to the children because it is perfectly harmless and doesn't gripe.

Meet me at Jake's restaurant.

STUDY CLASS

The Mission Study Class met at the Sunday school rooms last Thursday, for the purpose of selecting a course of study for the year.

They decided to first study W. M. U. Manual of Training, and afterwards to study both Home and Foreign Mission books. The first one studied will give the certificate and seals for others studied. Quite a number will take the course and if others wish to do so see Mrs. Garrett before she orders the books.

A social meeting was also planned to be given at the Sunday school rooms, Thursday, Jan. 30. This is to be in the nature of a salvage party for the old ladies at the Home, for old ministers at Palacos.

Cured at a Cost of 25 Cents.

"Eight years ago when we first moved to Matoon, I was a great sufferer from indigestion and constipation," writes Mrs. Robert Allison, Mattoon, Ill. "I had frequent headaches and dizzy spells, and there was a feeling like a heavy weight pressing on my stomach and chest all the time. I felt miserable. Every morsel of food distressed me. I could not rest at night and felt tired and worn out all the time. One bottle of Chamberlain's Tablets cured me and I have since felt like a different person."

CHURCH RECEPTION FOR OUR SOLDIER BOYS

At the Methodist Church Friday evening at 7:30, there will be a reception given in honor of all the returned soldiers of our county. Those who went overseas, and those who did not have that privilege, are invited to be with us. A short program, consisting of short talks, solos, readings, etc., will be rendered. The Colorado Orchestra will give us some good music. The public is cordially invited to join with us in giving this public expression of our appreciation of the heroic service given to our country by the boys of our town and county. W. P. GARVIN.

MISSIONARY SOCIETY.

The Missionary Society of the M. E. Church met Monday afternoon. The regular business was attended to and their \$125 pledge almost raised. Only twelve members were present but all did their part. The program was on the Centenary movement. Prayer was considered the most important feature of this great worldwide undertaking, so much of the program was spent in the study of God's word along that line.

DOING THEIR DUTY.

Scores of Colorado Readers are Learning the Duty of the Kidneys.

To filter the blood is the kidney's duty.

When they fail to do this the kidneys are weak.

Backache and other kidney ills may follow:

Help the kidneys do their work. Use Doan's Kidney Pills—the tested kidney remedy.

Colorado people endorse their worth:

Mrs. J. G. Davis, says: "I have used Doan's Kidney Pills off and on for several years, whenever I have needed them, and nothing has ever done me so much good. At times my back was weak and ached and I could hardly bend down or lift anything. My kidneys acted irregularly and I had dizzy spells. Doan's Kidney Pills, which I got at Doss' drug store, have never failed to relieve me. They have helped me when other medicine has failed."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Davis had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. Adv.

ELEVENTH BIRTHDAY.

Master Emmet Grantland entertained a number of his boy friends at dinner Tuesday, the occasion being his eleventh birthday. The decorations were flags and national colors. The center of attraction was the birthday cake with its eleven candles. He received many tokens of the day but perhaps the one he prized most is a soldier hat given by his mother.

BASKET BALL.

The Hermleigh high school boys basket ball team came over Saturday and played against the Loraine high school team. The result was another victory for our boys. The score at the close of the game was 15 to 18. Manager Dunnahoo informs us that his team hopes to meet the Colorado team next Saturday, Feb. 1.

On January 24, submission of a constitutional amendment providing for the granting of full suffrage rights to women was made. The House adopted the Senate's joint resolution by a vote of 105 to 0. The election will be held May 24.

On Jan. 24, the Senate passed the administration bill appropriating \$100,000,000 for food relief in Europe and the near East. President Wilson asked for this sum to prevent the spread of Bolshevism. The bill was passed after spirited debates of over a week. The final vote standing 53 to 18.

CARD OF THANKS.

None but those who have sat in the shadow of a great bereavement can justly weigh such a sorrow as death brings. Those who have gone down into the valley of suffering and stood for days beside a loved one as hope after hope dropped away, as the petals fall from fading flowers, know that anguish cannot find solace in the tenderest words. With sad hearts from the loss of our little babe, we desire to express in a feeble way our earnest and sincere thanks to every one who so willingly and tenderly helped with acts and words, both at Miami and Colorado, in this, the saddest hour of our lives. Especially do we wish to heartily thank the K. of P. Lodge both here and at Miami. Only a veil intervenes 'till the glad, happy day, to be removed at God's own will.

Mr. and Mrs. Lloyd White
G. W. Filler and Mother.

LONGFELLOW LOCALS.

Well, I believe snow and rain is the topic of the day, but let'er slush, nobody out but dad and he has his slicker.

The singing class has taken on new life again. If you want to hear real singing come to Longfellow on Sunday afternoon.

The all day rain last Sunday was fine but it did not keep Mr. Irvin Wright at home.

We noticed Mr. and Mrs. Giles over helping T. H. Westbrook and wife having a hog-killing time. Don't you know their lips are greasy.

We see Mr. John Shurtleff running a double row buster. He thinks he's killin' a big un.

Misses Grace and Mary Burrus were over in the community last Friday night.

Bro. Garvin is going to be with us next Sunday afternoon. Come and help sing for him, and he will tell you something that will do you good.

Our school is progressing nicely. We think Mr. Crutcher is second to none. **CHUNKY.**

Notice to Bargain Hunters:—The postoffice and banks are again selling five dollar war stamps at \$4.12. Satisfaction guaranteed.

Two thousand Iowa farmers recently donated a train load of pigs, which were sold in Chicago for \$70,000 and the proceeds given to the Red Cross.

The Turk played the war game very much as his friend, the Hun, only more so. Here are two Armenian orphans. Their father was one of the thousands of Armenians butchered in cold blood as a measure of "military necessity", and when the entire Armenian population was later exiled to the desert by the Turk, the mother died of starvation and brutal treatment.

To save the lives of four million such refugees—Armenians, Greeks, and Syrians—the American people will be asked to give at least \$30,000,000. The week of February 3-10 has been set for the campaign in the Southwest.

Immediate Relief Necessary. These tragic stricken people of the Near East need food so badly that they fight for carcasses and garbage as for delicacies.

That's hunger for you. To relieve the sufferings of the subject peoples of Turkey a nationwide campaign to raise \$30,000,000 will be conducted by the American Committee for Relief in the Near East. The dates of the campaign for the Southwest will be February 3-10.

OVER-EATING

is the root of nearly all digestive evils. If your digestion is weak or out of kilter, better eat less and use

KI-MOIDS

the new aid to better digestion. Pleasant to take—effective. Let Ki-moids help straighten out your digestive troubles.

Our Emerson Motto for today, Jan. 31—"The wise man is the State. He needs no army, fort or navy—he loves men too well; no bribe or feast, or place, to draw friends to him; no vantage ground, no favorable circumstances. He needs no library, for he has not done thinking; no church, for he is a prophet; no statute book, for he is the law giver; no money, for he is value; no roads for he is at home where he is; no experience, for the life of the Creator shoots through him and looks from his eyes."

Chamberlain's Tablets.

When you are troubled with indigestion or constipation, take Chamberlain's Tablets. They strengthen the stomach and enable it to perform its functions naturally. Indigestion is usually accompanied by constipation and is aggravated by it. Chamberlain's Tablets cause a gentle movement of the bowels, relieving the constipated condition.

More Rain.

About 11 o'clock Sunday morning rain began to fall and continued in a steady downpour until eight o'clock p. m. The ground is thoroughly soaked. The rain was not needed just at this time, as winter wheat is more in need of a week's sunshine. Farmers have been delayed some in "putting up" their land, by successive snows and rains.

WANTED

I want to contract with someone, by the job or by the acre, to grub 17 acres of land. Will pay good price by the job or by the acre. Phone or see Dr. C. L. Root, Colorado, or B. F. Davis, Westbrook.

Woodrow Wilson has indeed broken all precedents. He is the first president who ever spent Ground-Hog Day on foreign soil.
