"Under Four Flags"

Andy L. Maines, a Mitchell county boy, arrived home last Thursday, having received his honorable discharge from the U. S. A. at Camp Bowie. Andy went from here in December 1917, to California, as a volunteer in the coast defense corps. He drove his truck through a rain of shell fire at St. Mehile; at Argonne and at Verdune. He has some thrilling experiences to tell, and is loud in his praises of Uncle Sam, and the way his soldiers were treated. He says he is more thankful than he can tell because he went through the whole thing without a scratch, or a days sickness, coming home in better physical condition than he had ever enjoyed. He has the greatest praise and compliments for the Red Cross, saying that their work saved thousands of American lives. Mr. Maines is an interesting talker, and he has something to talk about.

STOP—LISTEN—OIL!

Farmers—When you want good oil come to my grain store. Have barrels filled. Can load you out with any amount you want. Save time going to pump station to get barrels filled. To the City Trade—Any time you need oil phone 346. Will deliver any amount. It will pay you to phone and get prices before you place your order. Prices right.—O. Lambeth.

FARMERS GIN.

The Farmers Gin Company met again last Saturday evening and discussed the whole proposition over again.

The following seven men and farmers were elected as a board of directors: R. C. Morgan, Jas. Bodine, Jim Helton, E. M. Reese, Eurdy Wulfjen, J. C. Hooker and J. W. Dorn. It was finally decided that this board meet again on Tuesday and organize.

The whole matter of building a new gin, or buying one already built was left entirely with this board.

On Tuesday the Board of Directors met and elected R. C. Morgan as permanent President and J. W. Dorn Secretary. The Secretary was instructed to see all the gin men in town, also the oil mill gin, and get prices on each of these properties, also to get prices on a new four-stand 70-saw gin, and an 8-stand gin, all complete; and to report these prices back to the meeting to be held on Saturday, Feb. 22, at 2 p. m.

NOTICE TO ALL AUTO OWNERS.

Those who have not paid their 1919 automobile license tax are not only liable for a penalty already, but are subject to criminal prosecution and heavy punishment. This law will be strictly enforced, and all delinquents arrested and tried. Even if you have paid your license tax you are warned to display the 1919 blue seal on your car as provided by law, or else you will be subject to arrest and prosecution for that.

M. CARTER,
County Attorney.
W. J. CHESNEY,
Sheriff and Tax Collector.

LOCAL NOTES

There will be regular services at the Episcopal Church next Sunday morning at 11 and at 7:30 in the evening. All are invited.

W. W. Porter, County Clerk, gives notice that all who want to be appointed Notary Public, and those who wish to be reappointed must file their names with him at once.

We have a full stock of Buster Points and Buster Bottoms—Colorado Mercantile Co.

D. F. McKinney has moved to Abilene to make his home.

Mrs. R. R. Smothers at Sweetwater is a new subscriber this week.

Jake's quick meal lunches are the best in town.

Wednesday was a national holiday, it being Lincoln's birthday.

Judge and Mrs. A. J. Coe received word this week from the Temple sanitarium that their daughter, Mrs. Mary Daniels was not doing well and at one time this week was in a serious condition, but at this time is better and seems to be slowly improving.

Get it at W. L. Doss' drug store without coupons.

Harry Williams, Abilene; Bob Cooper, Colorado, W. H. Lightfoot, Westbrook; C. C. Prude, Oklahoma, are new ones this week on the Record list.

For the benefit of those from the country who cannot attend at night, I will give a matinee every Saturday afternoon, at my new theatre next door to postoffice.—Chas. Taylor.

Miss Lois Prothro is now located in Colorado as manager of the Willis Art Gallery, taking the place of Mrs. Turnbo. Miss Prothro comes highly recommended as an expert photographer, and she will no doubt be a valuable addition to the business and social circles of Colorado. We welcome this charming young lady to our town.

Try our 50 cent beds; if we please you, tell others; if not, tell us. Thanks to those who have helped to make our business to date far exceed our expectations.—Keathley Rooming House.

S. W. Lee, a new resident of this county, living out on route 3, comes in and enrolls his name for the Record and Dallas News.

We have a full stock of Buster Points and Buster Bottoms—Colorado Mercantile Co.

Miss Myrtle Bell sends for this great Mitchell County paper to come to her at Hamlin.

Remember the matinee at The Best next Saturday afternoon.

Smith & Page, the new grocery firm will open up their new store Saturday morning. Of course they are not ready yet, but are in a position to supply your wants in the grocery line.

Mrs. F. B. Whipkey has so far recovered as to be able to be moved in a car. She is spending this week down on the beautiful Gabriel river midway between Georgetown and Taylor, with her brother, J. B. Salyer. Her brother has a beautiful home on his 600 acres of Gabriel valley land, on which is an ideal pecan orchard. It is a fine place to rest and recuperate. She does not even write about coming home, but says she is gaining strength slowly.

Mrs. J. R. Shepperd returned from Big Spring last Friday.

Chas. Collison, representing the Chamber of Commerce of El Paso, and editor of the Industrial Review, spent Saturday last here in the interest of his paper, and West Texas. The Review is a booster organ, and Mr. Collison was here gathering data for a West Texas write up. He visited the Record office and paid us a high compliment on our equipment, and on our paper, and secured some information which he wanted.

See our Sulkeys, Disc Plows and Co-Devis, both new and second-hand Colorado Mercantile Co.

District Attorney, W. P. Leslie of Colorado has been here this week. As the district judge was called to Austin, there has been no session of the court, but Mr. Leslie has been assisting the grand jury in the investigations that are being made relative to violations of the law in our county.

J. F. Hiser, one of Mitchell counties best farmers down in the Champion neighborhood was doing business here on Monday.

Sid Hart, Hubert Toler, S. E. Brown and about 150 other Loraine citizens and farmers from that end of the county were all here Monday before the commissioners court, on a business proposition, as explained in another column of this paper.

Gas in the stomach or bowels is a disagreeable symptom of a torpid liver. To get rid of it quickly take HERBINE. It is a marvelous liver stimulant and bowel purifier. 60c. Sold by all druggists. Adv.

Preston Phenix, a former citizen of Westbrook but who now lives at Hamlin, was here on business on Monday. Mr. Phenix still has landed interests in this county.

Judge J. L. Shepherd, of Cisco, spent part of the week here on business and reports all that country on a great boom.

Mrs. Frank Anderson of Colorado and Miss Rena Wiley of Abilene spent last Saturday here on a visit to relatives and friends.—Big Spring Herald.

See our Moline Walking Buster, both New and Second-hand—Colorado Mercantile Co.

M. B. Roddy, manager of the Mitchell County Feed and Seed Association is the busiest man in town. The half freight rate to the farmers goes off in a few days, and to get the full benefit while this is on, this Association placed large orders for grain, hay and seed. This week they received ten car loads of feed and seed, and now have in the warehouse about twelve car loads for the farmers of the county.

Irvin Martin, who has been sick for quite a while, returned home Saturday morning from the Temple sanitarium, where he underwent a severe operation. Mr. Martin is quite weak yet, but slowly and steadily improving.

See our Sulkeys, Disc Plows and Co-Devis, both new and second-hand Colorado Mercantile Co.

R. L. Rader, a prominent oil man of San Francisco, California, and who has operated extensively in the Eakersfield oil field spent several days here this week on an oil prospecting tour. No one could learn what he was after or what he wanted except to say when he left that the prospects up and down the Colorado river looked good to him, and that there was no question but what oil was beneath us and that he intended to return here in the near future. It was reported that he was here in the interest of the Iatan well, but such was not the case. He had nothing to do with that proposition, but said the Iatan well was a safe bet in his estimation.

One of the swivel chair professors of the West Texas State Normal College, at Canyon City has evolved a great scheme to ride the country newspapers to a finish. This wise guy grinds out copy by the page and mails it out with a request to publish. The pity of it is that quite a number of papers fall for this dope as news matter. Publicity is the thing sought and just how it can be secured free of charge, has been worked out by this great (?) professor.

COMMISSIONERS' COURT.
The Commissioners Court met in regular February term on Monday of this week. All the commissioners were present with County Judge J. C. Hall presiding, and W. W. Porter Clerk of the Court.
J. C. Hall, as county judge submitted his quarterly report, which was approved.
W. W. Porter as County Clerk submitted his quarterly report which was approved.
W. W. Porter reported from finance ledger, which was approved.
The delinquent tax list for 1917 was then ordered published, and the contract awarded to the Colorado Record.
J. W. Nunn, Justice of the Peace, submitted his report of fines collected, etc., which was approved.
W. R. Morgan, as County Treasurer, submitted his quarterly report which was examined and approved.
It was moved and carried that \$4000 be transferred from the general fund to the S. R. and B. Fund.
At this juncture about 150 farmers and business men of Loraine and community came before the court and asked that some kind of aid be given, so as to enable them to make a 1919 crop. The matter was thoroughly discussed and the court finally decided to send Judge Hall to Austin to see what could be done in the way of securing relief.
It will be remembered that in 1918 there were two million dollars appropriated to be sent to West Texas and loaned to the farmers. At the close of the year one million dollars of this fund was still in the treasury unused, and it is this fund that these people are asking for—not to be given to them, but loaned to them to enable them to make a crop this year.
The people of the east end of the county are all good people, and some of the best farmers in the county are asking for a loan from this fund. The bank at Loraine—their bank—has stood by them up to its limit (as has the banks of Colorado), so it puts these farmers up against a hard proposition. They must have feed and seed to make this crop on, and have taken this method to secure a loan from the state.
Judge Hall sent a wire to our State Senator as to the prospects of getting this fund and as to the advisability of his going to Austin.
On Wednesday morning the Judge received an answer, saying the bill had just passed the Senate and had gone to the House. Judge Hall is in wire communication with Representative Jno. J. Ford, and as soon as he hears from him will go to Austin if necessary.
The following bills were then examined and approved:
C. L. Root, small pox case at Westbrook, \$10.00
Ausley & Wright, Mds., 75c.
A. C. Taylor, work on road \$6.30.
Water Co., water \$4.00.

THE SAND STORM.
We would like to be able to say something about the sand storm on Wednesday, but after searching Webster and the Britannica, we find no words in the English language adequate for the occasion.
The heavens darkened, the 100 mile wind blew; whole farms were moved; chickens went to roost; traffic was suspended, and the whole worlds end seemed near.
Ben Horn was driving home with a load of feed and was run into by an auto. The auto driver never knew what he hit, but thought he had gotten off the road and struck the fence. Tom Smith was leading a mule to the pasture and let the rope slip from his hand, and never could find the mule. It is said that the steel from the Lone Wolf bridge was moved by the wind to the court house yard; and many other curious and unreasonable things happened. But what's the use. It was a sand storm all right.

J. H. HENLEY WRITES
I am safely quartered in the 9th F. H. now. Duties are very light (has been so far). The 57th, 56th and 55th of the 19th Brigade, and the 45th and 50th and 51st, left a large camp unoccupied yesterday (all gone home). I see some of the girls only promised to be true "for the duration of war." I suggest that the Texas girls be held to it for four months after "peace terms are signed." Please send the Blue Chaser (Record) to this address.—Sergt. J. H. Henley, Supply Co. 9th F. H., Ft. Sill, Oklahoma.

WESTBROOK ITEMS

Misses Birdie McNairy and Grace Carter of Iatan were visiting friends in Westbrook Sunday.

Mrs. Earl Phillips returned to her home in Big Spring Saturday after spending several days with her parents, Mr. and Mrs. E. P. Gressett.

Born, to Mr. and Mrs. T. L. McKenney on the 6th, a fine girl.

Mr. and Mrs. H. L. May entertained the young people Friday night with a social.

Tilman Gressett came in from Arizona Sunday after an absence of several months.

Born to Mr. and Mrs. L. V. Yates, on the 11th, a fine boy.

Bro. H. W. Hanks left Sunday night for Dora to visit his brothers, who are just home from France.

Miss Florence McAfee spent the week end with friends at Loraine.

John Langley and son L. E. Langley, left Sunday night for Cisco.

J. M. Garlington of Ballinger, is here this week looking after the farming interests of Walker-Smith.

Mrs. D. C. Riley of Coahoma, is at the bedside of her daughter, Mrs. L. V. Yates.

Miss Josie Baker, graduate nurse, of Clyde, was called to the bedside of Mrs. L. V. Yates, Monday night. Mrs. Yates and little son are both doing nicely at this writing.

To the people of Loraine and vicinity, I want to announce that hereafter I will have a matinee at my theatre every Saturday afternoon, and when you are in town would be glad to have your attendance. I always show pictures that please.—Chas. Taylor.

A Coated Tongue? What it Means

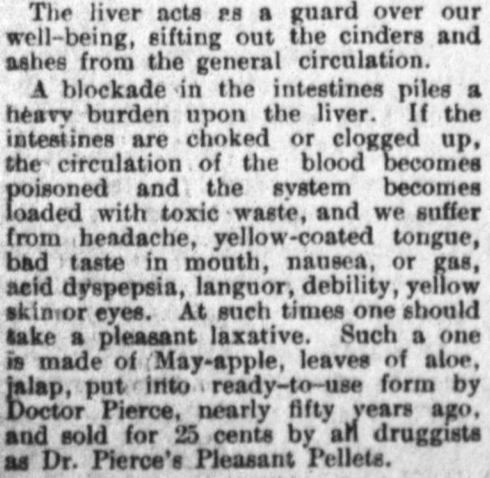

A bad breath, coated tongue, bad taste in the mouth, languor and debility, are usually signs that the liver is out of order.

PROF. HEMMETER says: "The liver is an organ of secondary importance only to the heart."

We can manufacture poisons within our own bodies which are as deadly as a snake's venom.

The liver acts as a guard over our well-being, sifting out the cinders and ashes from the general circulation.

A blockade in the intestines piles a heavy burden upon the liver. If the intestines are choked or clogged up, the circulation of the blood becomes poisoned and the system becomes loaded with toxic waste, and we suffer from headache, yellow-coated tongue, bad taste in mouth, nausea, or gas, acid dyspepsia, languor, debility, yellow skinned eyes. At such times one should take a pleasant laxative. Such a one is made of May-apple, leaves of aloe, jalap, put into ready-to-use form by Doctor Pierce, nearly fifty years ago, and sold for 25 cents by all druggists as Dr. Pierce's Pleasant Pellets.

STOCKTON, CALIF.—"For constipation, sick headache, an inactive liver, indigestion and biliousness there is nothing to equal Dr. Pierce's Pleasant Pellets. I have tried other things but like the 'Pellets' best of any."—Mrs. F. Campbell, 227 S. Grant Street.

LOONEY LOCALS.

Most every one has colds, but no influenza. This community has indeed been fortunate. There hasn't been a single case of influenza so far.

Mr. John and Miss Idalia Swann, formerly of this community, but now of Rogers, spent Sunday and Sunday night with their aunt, Mrs. A. J. Cary.

Quite a few of the younger set attended a party at Mr. and Mrs. Will Ledbetter's of Shepherd Saturday night, among whom were Misses Idah Thompson, Inez and Orlean Cary, Ursula and Velma Ennis and Messrs. Hubert and Guy Dearen, Charlie and Elgin Jarnagin, Bert Morgan and George and Alva Ennis. A very nice time was reported by all.

Mr. and Mrs. Morgan were made glad by the arrival of their son return from France, who had been gone some fourteen months. He was in the coast artillery. All friends welcome him back and thank him so much for his part in fighting for us.

Mrs. C. L. Goode received a telegram from relatives at Temple, stating that her oldest sister had died. Mrs. Goode went down and attended the funeral.

School is progressing nicely. Attendance is good. The school society will render a nice program Friday, Feb. 14. Everybody come.

Mrs. Davis was reported on the sick list last week, but since reported better.

Mrs. V. G. Pierce has been suffering for several days with a bone felon.

Mrs. Will Ledbetter and Miss Lela Givens attended singing school and church here Sunday.

Miss Onelle Thompson and Miss Hale were here Sunday.

Bro. Green of Bauman was with us and preached Sunday. There was a good crowd out to hear him. He will be with us again the second Sunday in March. Come to hear him, he is an able preacher. XYZ

CALOMEL SALIVATES AND MAKES YOU SICK

Acts Like Dynamite on a Sluggish Liver and You Lose a Days Work

There's no reason why a person should take sickening, salivating calomel when a few cents buys a large bottle of Dodson's Liver Tone—a perfect substitute for calomel.

It is a pleasant, vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and cannot salivate.

Children and grown folks can take Dodson's Liver Tone, because it is perfectly harmless.

Calomel is a dangerous drug. It is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tone instead and you will wake up feeling great. No more biliousness, constipation, sluggishness, headache, coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tone acts better than horrible calomel your money is waiting for you.

While away your spare time at The Best next Saturday afternoon.—A good show is given every Saturday at 3 o'clock.

TROUBLES LASTED FOR EIGHT YEARS

Mrs. Corbitt Couldn't Get Up and Down Stairs Without Help—Picture of Health Now She Says.

"I not only gained sixteen pounds on Tanlac but I have improved until I am in better health today than I have been in eight years," said Mrs. T. C. Corbitt, 12 Ponders Avenue, Atlanta, Georgia.

"For the past eight years, I could not eat anything herby without it soured on my stomach and formed gas that puffed me up and made me miserable for hours. My knees were so stiff I couldn't go up stairs by myself and when I lay down, I couldn't get up without help. I lost weight and got so feeble that I couldn't do any of my housework. I tried everything I could get hold of, and had about given up hope.

"Since I have taken two bottles of Tanlac I have picked up and improved so that my friends say I am the picture of health and I feel like a different person. I can eat anything I want without having any trouble afterward, the back aches have disappeared and I can get around as well as anybody and nothing hurts me at all."

Tanlac is sold in Colorado by W. L. Doss; Loraine by Garland & Elliott; in Westbrook by J. H. Board. Adv.

A scald, burn, or severe cut heals slowly if neglected. The family that keeps a bottle of **BLARD'S SNOW LINIMENT** on hand is always prepared for such accidents. Sold by all druggists.

RUMORED THAT JUDGE BEALL RESIGNS.

A report was current here Thursday that Judge W. W. Beall of the 52nd Judicial District has tendered resignation of the office and a petition was circulated here and signed by almost everybody to whom presented, asking Gov. Hobby to appoint Hon. M. E. Rosser to fill out the unexpired term as district judge. —Snyder Signal.

GETTING RID OF COLDS.

The easiest and quickest way to get rid of a cold is to take Chamberlain's Cough Remedy. This preparation has been in use for many years and its value fully proven. No matter what remedy you use, however, care must be taken not to contract a second cold before you have recovered from the first one, and there is serious danger of this. A man of middle age or older should go to bed and stay in bed until fully recovered. It is better to stay in bed three days at the start than three weeks later on. Adv.

IN MEMORY OF BROTHER PAUL M. VAN HORN.

Whereas, it has been the will of the Great Creator of the Universe to call Brother P. M. Van Horn from labor on earth to rest and immortality in the Grand Lodge above, where the Supreme Grand Master himself presides; therefore

Be it Resolved, That we acknowledge the wisdom and goodness of our Supreme Grand Master, and bow in humble submission to the inevitable edict; yet we mourn the loss on earth of our Brother, as one who shall never more meet at the altar of Masonry, until we gain admission into the Celestial Lodge on high, where he has preceded us; we deplore his loss to the fraternity, his family and his friends.

He was a just and upright Mason, a kind and forgiving father and a faithful and affectionate husband; a man who endeavored to perform every duty—to his God, his country, his family, his neighbor and himself—honestly, faithfully and well.

Be it Further Resolved, That in token of our sincere friendship and sympathy for his bereaved family in this dark hour of affliction, and a pledge of our fidelity to the memory of our deceased Brother, we extend to them the Fraternal right hand of Free and Accepted Masons, with the assurance that the Great Light given of God to man, will guide them and us safely to that Spiritual Building, eternal in the Heavens, where the broken circle will be re-united, never again to be parted, and where we shall dwell together in peaceful happiness.

PREMIUM LIST OF STOCK SHOW MUCH LARGER THAN 1918

More Money and More Attractions Offered for Fort Worth Exhibitions Than Ever Before—Dates March 10-15

Fort Worth, Texas—Prizes aggregating \$25,000 have been hung up for livestock awards at the Southwestern Exposition and Fat Stock Show, which will be held here March 10 to 15.

This much is gained by scanning the generous premium list, the largest in amount of money ever offered, which has just been completed and issued to stockmen at all points of the compass, in Texas and surrounding states.

Increases have been made in every department of the show. These additional sums will do much towards fostering the government's plan for encouraging the production of better livestock, they will insure entry lists in all divisions that will surpass previous shows. In fact, this is already assured by the letters from breeders from all over the country that have been arriving in a steady stream at the office of the show management.

Greater emphasis than ever before has been laid upon the dairy cattle department. Through the co-operation of Jersey and Holstein associations, the amount of prize money in these divisions has been doubled this year. Indications are that the number of entries will more than justify the prizes offered.

M. Sansom, Jr., of Fort Worth, one of the best-known stockmen of the Southwest, a man with a wide knowledge of the livestock game and the show end of it, as well, has been selected as secretary manager. S. B. Burnett again is president, while the executive committee in charge of the show consists of A. B. Case, M. Sansom and John I. Burgess.

While the livestock exhibits form the central attraction of the Southwestern Exposition, as has been the case ever since its establishment twenty-two years ago as the National Feeders and Breeders show, there will be numerous other attractions that will serve to divert and interest those numerous classes for which livestock has only a passive interest. A magnificent carnival—the combined attractions of J. George Loos and the DeKreko Bros. shows—will pitch their tents upon the show grounds.

Most unique and interesting of all, perhaps, will be the Rodeo, which Webster's dictionary defines correctly as a "Round Up." Secretary-Manager Sansom has secured the services of Bob Tadlock to act as chairman of the Rodeo committee and no money is going to be spared to make this event loom up alongside the great exhibitions of Cheyenne, Tucumcari and other Western cities where frontier celebrations have been made much of.

All that can be said right now is that the Rodeo is going to be an "all contest" affair. Every entry—and they are coming from every section of the Great West—will have to win money before he or she can secure it. And entry fees will be charged, as well.

A host of other features of entertainment, including a magnificent industrial display, are being arranged. The show management feels safe in promising a variety of entertainment such as has never before been offered here.

TERRIBLE HEADACHE.
Do you have periodic attacks of headache, accompanied by sickness of the stomach or vomiting, a sallow skin and dull eyes? If so, you can get quick relief by taking Chamberlain's Tablets as directed for biliousness, and you may be able to avoid these attacks if you observe the directions with each package.

IN MEMORY OF BROTHER DANIEL J. HUNTER.

Whereas, It has been the will of Almighty God to call our esteemed Brother, D. J. Hunter, from labor on earth to rest and immortality in the Grand Lodge above, where the Supreme Grand Master presides;

Therefore, Be It Resolved; That we acknowledge the wisdom and goodness of our Supreme Grand Master, and bow in humble submission to the inevitable edict; yet we mourn the loss on earth of our worthy brother, as one who shall never more meet us at the altar of Masonry, until we gain admission into the Celestial Lodge on high, where he has preceded us; we deplore the loss to the Fraternity, his family and his friends.

He was a just and upright Mason, a kind and forgiving father and a faithful and affectionate husband, a man who endeavored to perform every duty—to his God, his country, his

family and his friends—honestly and well.

Be It Further Resolved, That in token of our sincere friendship and sympathy for his bereaved family in this dark hour of affliction, and a pledge of our fidelity to the memory of our deceased Brother, we extend to them the Fraternal right hand of Free and Accepted Masons with the assurance that the Great Light given of God to man, will guide them and us safely to that Spiritual Building, that building not made with hands, eternal in the Heavens, where the broken circle will be re-united, never again to be parted, and where we shall dwell together in peaceful happiness.

UPSET? Pape's Diapepsin WILL PUT YOU ON YOUR FEET

SOLDIER'S LETTER.

This one, however, is from a young soldier of the Cross. The letter follows:

Tyler, Texas, Feb. 1, 1919
Rev. W. C. Garrett, Colorado.

Dear Pastor:—Perhaps you will be startled to receive a letter from me, but my object goes further than friendship.

How are you and your great work getting along? I hope church work has increased in Colorado by now. I am getting along very well with my studies, but not fast.

Bro. Garrett, I have just discovered that I can learn something every day, which will prove of benefit later on and help me to understand humanity to some extent. I hear a great speaker here every Sunday. Brother Campbell, pastor of the Baptist church here; perhaps you know him.

I sometimes think I want to go into some missionary or church work, but my education is so limited. From all I can find out there is going to be an effort made to draw church and state together; in other words, the church be under the government. Perhaps you have decided the same.

I want you to tell the Baptists there that it is my request that they stand by their pastor and the church in this fight, which is sure to come in the United States. I wish there was something I could do for the good of you and the church. I want to serve my Savior more. I see some of the most ungodly acts here. Of course some people are that way everywhere, never give religion a thought.

I will now write some to the B. Y. P. U.:

Dear B. Y. P. U. workers:—The first thing I wish to ask of you is that you stand by our pastor and the church. In that way we will help to build our church. The idea of church and state being united is getting strong in the minds of many. Perhaps you remember studying in ancient and medieval history of how church and state came under the same head. Now it is left up to us young people to prevent such a thing, and to do it we must stand by our pastor of God. There is no doubt great changes are coming, and let us change them for the glory of God. I have come to this conclusion by hearing Dr. Campbell preach; he is a wonderful speaker.

I hope you folks are still on your great work. I believe this plague, the "flu" is something like one in Egypt, to free the children of Israel, held in bondage by Pharaoh. Let us think more and pull together and we will accomplish something. I am hoping to be with you before long. If any of you will write to me I'll appreciate it. I have lots of work to do.

Your true friend,
CONRAD WATSON

CUTHBERT CULLINGS

Farmers are busy in getting land bedded for planting. Nearly all the sandy land will be cultivated this year. Some of the red land may be untilled.

A tinge of green is beginning to appear on the prairies. Cattle pick this green stuff and improve in condition. Only a few weeks more and it will not matter about the price of cotton seed hulls.

Heel flies are conspicuous for their absence this season. Think they all froze out in our big snows.

Earl Morrison brought in a bunch of cattle from New Mexico. He has them on the Lewis section.

G. W. Womack and Rupert Womack shipped their cattle back from New Mexico to good old Mitchell county.

Cuthbert people give a hearty welcome to all returning soldiers from the camps, but when the boys who went over to the den of the Hun come in, we will have a celebration that will put to shame every slacker and Bolshevik in the land. Here is a list of those who crossed over:

Lloyd Brown, Burr Brown, John S. Williams, Will E. Womack, Lee Strain, Alonzo Strain, J. H. Everts, P. G. Fuller, B. L. Autry, Howard Rogers, Ward Jenkins.

At last accounts all were well except Ward Jenkins who was then in a hospital, wounded, in France. Jesse Uzzle died before leaving New York. There is room for his remains in our little cemetery. Does Uncle Sam mean to return them.

Doc Buckalew and Ed Strain came in from training camp this week. They report Aubit Williams and Tom Buckalew just behind, on their way home.

The Cuthbert school is in the care of a Miss Appleton of Hermleigh. All is moving on quietly. When she writes home now she must spell it Foch.

The Rogers school is in session now since so many people have returned to their farms.

The County Line school is in the care of Prof. Fitzpatrick, a soldier who was on board a transport in New York on Nov. 11, enroute to France. The armistice having been signed he found his way back home. He took a four days leave of absence last week and the people here are guessing. Some think that on his return two hearts will beat as one.

Scurry county authorities are grading the road between the County line and Snyder. Let the good work go on.

J. J. Beckham of Mexia, was lately in our midst, the guest of G. N. Solomon. Mr. Beckham is a prospector but whether for a ranch or for oil land was not ascertained.

DREADFUL COUGH CURED.

A severe cold is often followed by a rough cough for which Chamberlain's Cough Remedy has proven especially valuable. Mrs. F. W. Olsen, Marysville, Mo., writes: "About two years ago my little boy Jean caught a severe cold and coughed dreadfully for days. I tried a number of cough medicines but nothing did him any good until I gave him Chamberlain's Cough Remedy. It relieved his cough right away and before he had finished taking one bottle he was cured. I think it is just fine for children."

UNION ITEMS.

Farming interests progressing nicely. There is still a good season in the ground, with a promise to stay. Planting will soon be the order of the day.

The general health of the community is good.

Sunday school starting off well. Literary school reported as doing fine.

Next Sunday Rev. Hanks is expected to fill the pulpit at Union, it being his regular appointment. Every body invited to attend.

Mr. E. M. McCreless says he visited in the Buford community a few days hence and met up with Newt Miller, who asked him what he was doing up there. Mr. McC told him he was up there trying to borrow those people's rabbit foot, that they used to get there road worked.

Mr. Editor: I have had a rumbling in my mind for some time, and now want to unload on the readers of the Record. Listen! Look yonder! Me thinks a traction engine is coming over the hill, and if it is I want to land it on my premises. You say, El!, what use have you for it? Well, first I want it for amusement. I want to see it stand still and run at the same time. Then I want to take it down to my cane mill and grind my crop of syrup cane; with a steam pipe attached to cook the syrup, while the engine runs the mill that grinds the cane. Then I want to take it down to my gin house and gin my crop of cotton. Then I want to move it to my barn, hitch it to my feed crusher and crush me a lot of feed. I want it for many other things too numerous to mention.

ELI

AN OFFICER'S LETTER TO MR. SPARKS.

In a few days your soldier will receive his honorable discharge and start for home.

He is bringing back many fine qualities of body and mind which he has acquired or developed in the military service. The army has done everything it could do to make him strong, fine, self-reliant, yet self-controlled. It returns him to you a better man.

You have been an important member of that great army of encouragement and enthusiasm which helped to make him and us all better soldiers. You can now be a great help in keeping alive the good qualities he is bringing back from the army, in making him as good a citizen as he has been a good soldier.

His fare and necessary expenses to point of induction will be paid by the Government. He will receive all pay due him. He may, if he wishes, wear his uniform for three months from the date of his discharge. The Government will also allow him to keep, for the benefit of his family, his insurance at the very low rate he is now paying.

His return to civil life will bring new problems for you both to solve. The qualities he brings back will help you now as your encouragement helped him while he was away, and in your hands and his, rests the future of our country.

As his commanding officer, I am proud of him. He has done his duty well. I, and his comrades, will bid him goodbye with deep regret, and wish him every success after he returns home—that spot in every man's heart no other place can fill.

Sincerely yours,
MARVIN F. BISCHOFF,
Captain Infantry U. S. A.

In Spite of the past hard seasons the Record's subscription list grows all the time—There's a reason.

The Kangaroo Court, now sitting at Austin have fixed March 14th for adjournment.

Everybody reads the oil ads in the Star-Telegram. Proof that it pays to advertise.

Colorado merchants report business picking up once more and is better now than for some time. The boom is coming with oil and crops. It begins to look like prosperity is at our door.

The usual cry for a safe and sane Fourth of July will be unnecessary this year. John Barleycorn will not be with us to muss things up.

Yes, Fort Worth, and Waco are all now trying to be in West Texas. Bell county is listed by the new Chamber of Commerce as a West Texas county and poor old Fort Worth claims to be right in the middle of West Texas.

WILL TRY FARMING.

Lawrence Simpson, who for the past six months, has been foreman at the Record office, has abandoned the "stick" and the manipulation of the silent emblems of thought, and will perambulate up and down the cotton rows behind a gray mule for the rest of the summer. Simpson is a good printer and a fine citizen, and we regret to turn him loose; but he had figured it out on paper that he could make over \$4000 profit on cotton this year and we could produce no argument to hold him. Dr. A. E. Lee, down near Garden City is his father-in-law, a wealthy ranchman and stock farmer, and it is here that "Simp." takes up the arduous duties of farming, with his expenses assured, at least. This leaves the Record without a printer and we are endeavoring to secure a man, having wired from Miami to California.

The Record gives up considerable space this week to the soldiers' letters written to home folks. Last week we published a splendid letter from Dean Phenix, now in France; and this week we finish the "Tim" Garland letter which is a good one; also we publish this week a letter from Leroy Gressett, now with the Army of Occupation, which we consider a most excellent letter. Read them all they are interesting.

ALL WANT IN.

The citizenship of central Texas never tires of making sport of the western portion of the state, speaking constantly of it as a poverty stricken borderland, where people are crude and boorish. But in the last few weeks when a West Texas Chamber of Commerce was formed there was a grand rush for all of central and even a part of eastern Texas to get into it. Waco and Hillsboro want in and Fort Worth wants to be headquarters for the organization. We haven't heard from Beaumont and Texarkana, but they doubtless will fall in line soon. Those central and eastern Texas cities haven't much respect for the rights of the people of West Texas but they sure do love our cattle money, our oil royalties and our corn and maize and wheat crops. They are always ready to claim relationship when there is any plunder in sight.—Siston Slatonite.

You are correct, and several of your points are well put, Brother Slatonite. We used to live at Waco and it would have made us mad to say we were in West Texas. We thought then we were in the Center of the state. But it seems that the West is gradually encroaching on the East, especially lately, since the oil boom and good crop prospects are ahead. We have one consolation, however, and that is that not many of the sure enough West Texas counties are going to give up their good money to go into a West Texas Chamber of Commerce to be run by East Texas men, for the benefit of East Texas people, and with an East Texas town as headquarters. A little later on, when things get ripe for it, we are going to have a real West Texas organization, with, by and for West Texas people, and we'll finance it with West Texas money too. And more than that we'll have it in West Texas, not in Fort Worth or Waco. The representatives of the Colorado Chamber of Commerce who were at the meeting at Wichita Falls, turned down the proposition cold, as did a number of other West Texas counties. By the time the new Chamber gets in running order we doubt if they have a county west of the Brazos in their organization.

The thing that puts the West on top has happened—it rained a plenty and we are not surprised that other sections of the state have come alive to our importance. Oil and good crops make a big difference. When they thought we did not have anything, little was done to help those in need; even the Washington government would not consider granting aid, while it sent billions to starving people in other lands, but once we get going the friends of past days begin falling over themselves to do something for the West. It is the old, old story, and will ever be thus. West Texas must depend upon its own resources if it is to count in the affairs of the commonwealth.—Abilene Reporter.

BIRTHDAY DINNER.

Mrs. Sam Wulfjen entertained with six o'clock dinner Monday, honoring her niece, Louise Wulfjen's fifteenth birthday. The table was prettily decorated with valentines. The place cards were hearts, and the favors were red carnations. Those attending were Misses Elsie Lee Majors, Julia Shepherd, Annie Mary Lupton, Frances Mitchell, Fannie Bess Earrest, Eleanor Thomas and Louise Wulfjen. After dinner some of the boy friends came and the evening was spent playing games. The birthday cake, with its lighted candles, was admired, then cut, and much fun was had hunting for the dime, thimble etc. Gelatine and whipped cream were served with it for refreshments. All were loud in their praises of Mrs. Wulfjen as a hostess and wished their friend would have many more birthdays like this one.

HIGHEST QUALITY AWARDS

CENTENARY OF AMERICAN METHODIST MISSIONS.

In 1819 the first American Methodist Missionary Society was organized. As a church we celebrate this year the One Hundredth Anniversary of missionary effort in the Methodist Church. We are proposing to raise \$35,000,000. This you say is a big sum. Yes, this is a good deal of money. But we are going to raise this amount during the next five years. It is not such a great sum when you consider that it only represents a very small per cent of our material income.

It was a thrilling and historic hour when the last General Conference of our Church, after pausing in its business for an hour of prayer, gave its unanimous endorsement to the Centenary. This action represents the high-water mark of missionary enthusiasm, and calls the church to its most daring venture of faith and consecration.

It is the first time that the church has been asked to do a real big thing. The first time the church has submitted for our endorsement a world program. The Nation is thinking and acting in large sums. We talk and think in millions and billions now. Some one has said that "The hour has struck when the church should show its faith in God, by proposing to do something worthy of her great mission in the world."

We will have more to say later on concerning this great movement.

THE NEW DRESSES--Here you will find the best of the seasons earliest styles carefully selected by our expert buyers. Serge dresses, Taffeta Foulards, Georgette and Satin Dresses, expressing the new style ideas and the pretty spring colorings.

SUPERB COLLECTION OF SUITS, SPRING COATS, ETC.

Frills and furbelows have no place in the New Spring Suits—Simplicity is the key note. Jackets are straight and slim; Skirts are rather narrow. New and artistic touches here and there adds much to their dressy appearance. Suit styles are more becoming than ever. All goods colors and materials are shown here. Marked changes emphasize the Spring Coats. Never were women's outer garments more charming in outline and fabric than they are this season. Capes are much in demand as a wrap, and we have some beautiful examples of the tailors art in capes. Come in this week and see the new wraps.

F. M. BURNS

FROM GERMANY.

Berncastle, Germany, Jan. 7. I will answer your sweet letter, I received just a few minutes ago. I was so glad to hear from you, and to know you were getting along all o. k. I am well and doing all right.

I haven't done very much today only scrub my truck, trying to get it clean.

You wanted to know what part I played in the army. Well, I don't think I could tell you what all I did do. The first front I went on was at St Mahiel, and I drove a little machine gun Ford, and hauled ammunition up to the dough boys. So you can imagine whether it was a pleasure trip or not. I won't say that I run from the shells, because they were falling so thick I didn't know which way to run.

Then the next front I was on was Verdun, and I was at Sassy, France, when the armistice was signed. I hauled rations to the dough boys; that is up that way toward them, they went so fast we couldn't keep up with them.

I have seen some times that I didn't feel like laughing, and I have seen the time that I had to laugh. I am very thankful that I have gotten along as well as I have. I haven't had any more trouble with my tonsils or throat.

I was in hopes that Sam would be at home by Christmas. I hope it won't be very much longer until us boys will all be getting home with our loved ones.

I hated to hear of so much sickness around home and hope none of you have had the influenza, and will stay well.

You wanted to know when I thought I would get to come home. Well, mother, I don't know. I expect that you know as much about that as I do. If you have heard anything about when the 90th division would go home.

I could tell you a good deal about the war if I could talk to you, but I can't write it, so I will close for this time. Love to all of you, from your son, NEWTON B. HAGGERTON

Miss Blair, teacher of the fifth grade, resigned and left for her home in Windom, Tuesday night. Miss Lula Mae Dulaney was elected to take her place.

WOMAN SUFFRAGE DEFEATED.

Washington, Feb. 10.—Woman suffrage by a federal constitutional amendment was beaten again in the senate today. The house resolution for the submission of the amendment failed of adoption with 55 votes for and 29 against, one less than the necessary two-thirds.

Eastland.—There are better than one hundred and ten houses under construction at present. Others will go up as soon as material is available. Plans for Eastland's \$500,000 hotel are nearing completion. The building will be six stories high. People in Fort Worth and Dallas will have to sit up and take notice.

Don't miss the matinee at The Best next Saturday afternoon.

BOAT LOAD OF LIQUOR

Beaumont, Feb. 10.—Liquor with an estimated value of \$8400, was taken by federal officers in a bayou near Port Arthur last night when a large gasoline power boat was overtaken as it was crossing the Louisiana line into Texas. The officers climbed aboard, arrested six men and brought the vessel to Beaumont. Charges of violating the Keed amendment will be filed against the prisoners. Officers who had long suspected that liquor was being shipped into Texas by water, have been on watch in the swamps for three nights.

LETTER FROM THE
FIGHTING SECOND.

Private Gressett Gives a Splendid Description of His Part in the War—It's Worth Reading.

Field Hospital Co. No. 1, Second Division, A. E. F., December 10th, 1918.

I haven't much time tonight, except that we expect to move further on our journey tomorrow which will carry us further into Germany. At present our division is a part of the American Army of Occupation, and it is our assignment to occupy a portion of German territory until the final peace negotiations are completed and signed.

But now that we have the permission, I thought that probably you would like to hear something about the Second Division and what it has been doing in France. We were one of the first Divisions to arrive in France and I believe beyond a doubt that we have had at least as much service and seen more actual hard fighting than any other American Division. It was after the memorable achievement of Chateau Thierry that terminated the German advance on Paris, that the dash and fighting ability of our Division won for us the distinction and honor of being selected as the "shock troops" of the American Army. What the famous "Blue Devils" are to France, so is the Second Division to the American Expeditionary Forces. When a point of vantage is to be taken, or a work requiring unusual effort is to be performed, such as cracking the line or starting the push, these special picked troops are called upon. These chosen men are called "shock troops." The composition of this Division is the 5th and 6th Regiments of Marines and the 9th and 23rd Regiments of

Infantry, the 12th, 15th and 17th Regiments of Artillery. The auxiliary units are the 2nd Engineers, 2nd Ammunition Train and the 2nd Supply Train. The Sanitary Units are the Field Hospital and Ambulance Companies Nos. 1, 15, 16 and 23. These units arrived overseas during the fall of 1917; our company landing at St. Nazaire, France, on December 22, 1917, and left on the 26th on the "40 hommes, 8 chevaux" (40 men or 8 horses) limited, arriving at Bourmont, France on the 28th of December, 1917. And it was sure some cold too, the thermometer often registering from 10 to 15 degrees below zero.

We were billeted in the town until March 15, 1918. The most notable feature of the town is the high hill, which at the time of our arrival was a sheet of ice, the climbing of which was one of the worst handicaps during our stay there. One of the most pleasing features while there was the visit of Miss Elsie Janis and E. H. Southern, who afforded us several pleasant hours during their visit there.

On March 15, 1918, we left Bourmont for our first assignment to the trenches, our company going to Fontaine Brillant near Verdun. It was a quiet sector, and was more for training purposes, nothing more exciting than the occasional air battles or having a few shells thrown over. We stayed there until May 12, 1918, when the Division was relieved and moved over to the Bar-le-Duc sector. We were billeted in a small town named Beurey. On May 18, 1918, we made a two day overland trip to the northwest of Paris, passing within sight of that city. Our destination was a small town named Herouval in the Oise Department.

It was about this time that the Hun

launched his great offensive with a succession of drives on Paris. Suddenly from our repose we were called upon to help check the great German tide which was rolling along the Marne, by the way of Chateau Thierry toward Paris. The historic Marne, now doubly historic, where, early in the war, was the high water mark of the first great German advance, checked by the valiant sons of France at the gateway of their capital, and again where the German hordes first felt the steel of the American soldiers, and the fierce counter attacks which caused them to flee wild-eyed, before the much underrated opponents and practically started the beginning of the rapidly crumbling of Prussianism and the high ambitions of the Kaiser.

It was dark days for the Allies about that time, and I fear that our reputations were not at a very high level. They had heard of and seen the Americans and were wondering when they would take part in the fighting and help check the advance.

On May 30, 1918, the entire Division was transported overland post-haste by camion and motor truck, arriving in the vicinity of Meaux, on the 31st. The line troops disembarked there, for I guess that the French did not expect them to go very far before the rapidly advancing Boches would be upon them. It was the intention of the French commander to brigade the French and Americans together and fight in the French style, not to meet the Boche in the open, thereby not risking the probability of what they thought would be certain annihilation for our supposedly untried troops, but to await the advance behind hastily constructed entrenchments. At the last moment and at the urgent request of the American commander, it was decided to let the Americans sift thru the retreating French forces and meet the enemy in the American style of open warfare.

It was a weird and fascinating picture, the dark night, illumined by the flare of rockets, flashing guns and bursting shells, while the long pencilled ray of many search lights swept the heavens for hostile aircraft.

The roads were blocked and jammed with the masses of traffic, refugees with their hastily gathered effects, camions, trucks, dray carts, ambulances, caissons, and the heavy guns being withdrawn to be placed in position further back to open again on the advancing Hun.

That night we slept in a deserted village where the fleeing inhabitants fearing the fate of the Belgians, gathered their few necessities and fled. The houses were wide open, tables hastily spread and left uncleared, drawers of cupboards left open and rummaged for the most urgent needs, furniture, domestic animals, chickens, etc., all left behind.

Early next morning our organization moved out and reached our station, Bezu-le-Guery, at about 9 a. m. June 1, 1918, where we set up a triangle in the school room and a hospital in the church. The blackboard bearing the date of the day previous and the lesson of that day unerased.

During the day and night our troops passed on their way to the lines. So rapid was the advance of the Boches and so little hope of stopping them that we were warned to be ready to evacuate at an hour's notice. We stuck it out and on the morrow learned that our troops had entered the line.

Well, you have heard of the surprise that the Boches received when

**CLEANSSES YOUR HAIR
MAKES IT BEAUTIFUL,
THICK, GLOSSY, WAVY**

Try This! All Dandruff Disappears and Hair Stops Coming Out.

Surely try a "Danderine Hair Cleanse" if you wish to immediately double the beauty of your hair. Just moisten a cloth with Danderine and draw it carefully through your hair, taking one small strand at a time; this will cleanse the hair of dust, dirt or any excessive oil—in a few minutes you will be amazed. Your hair will be wavy, fluffy and abundant and possess an incomparable softness, lustre and luxuriance.

Besides beautifying the hair, one application of Danderine dissolves every particle of dandruff; invigorates the scalp, stopping itching and falling hair. Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow long, strong and beautiful.

You can surely have pretty, soft, lustrous hair, and lots of it, if you will spend a few cents for a bottle of Knowlton's Danderine from any drug store or toilet counter and try it as directed.

they attacked the next day and found that they could not budge the line, and the consternation of the French at the manner in which the Americans took careful aim before firing in the face of the charging multitude. How the Marines and Infantry charged the machine gun nests and how the Boches recoiled from the cold steel of the American bayonets. Of the storming of Vaux, Boureches and Chateau Thierry and the taking of Belleau Woods, named by the Marines "Hell Woods," and winning for the Marines the soubriquet of "Devil Dogs" from the Boches. For this exploit the Division was hailed as the saviours of Meaux and Paris. The Mayor of Meaux drew up a resolution of thanks for the Division. On July 4th some of the Marines featured the parade in Paris.

The Division was withdrawn from the lines on July 10th, 1918, and we moved over to the small town of Jaignes, near La Ferte. When General Foch planned his great counter offensive near Soissons in July, 1918, the Second Division led the advance on the morning of July 18th, breaking the German defense and paving the way for the others. We were again relieved on the 22nd, and dropt back for rest and replacements.

We passed through Nancy several times on trips to and from the lines, (Continued on page 7)

13 Dollars— 13 Cents

When Swift & Company paid, say,—13 dollars per hundredweight for live beef cattle last year, the profit was only 13 cents! In other words, if we had paid \$13.13, we would have made no profit.

Or, if we had received a quarter of a cent per pound less for dressed beef we would have made no profit.

It is doubtful whether any other business is run on so close a margin of profit.

This is bringing the producer and the consumer pretty close together—which should be the object of any industry turning raw material into a useful form.

This remarkable showing is due to enormous volume, perfected facilities (packing plants strategically located, branch houses, refrigerator cars, etc.), and an army of men and women chosen and trained to do their special work.

This, and many other points of interest, are found in the Swift & Company Year Book for 1919, just published which is brought out for the public as well as for the 25,000 Swift & Company shareholders.

The Year Book also represents the packer's side of the Federal Trade Commission investigation, upon which Congress is asked to base action against the industry.

Many who have never heard the packer's side are sending for the Year Book.

Would you like one? Merely mail your name and address to the Chicago office and the book will come to you.

THE FIGHTING SECOND

(Continued from page 6)

and after being relieved were billeted at Rosiers, Augur St. Vincent, St. Nicholas and the Camp du Bois l'Evêque.

When General Pershing conceived the grand achievement of freeing St. Mihiel, the Second Division was assigned the task of taking Thiaucourt and the Jaulny-Xammes Ridge. After a wonderful "barrage," lasting four hours the troops went over the top on the morning of the 12th of September, taking their objective and closing the pinchers on that big pocket in four days. Our troops reached Thiaucourt on the first day and pressed on, taking the ridge on the following day. We occupied Thiaucourt on the 16th, when we were relieved. The Hun sure made a "hot bed" for us while we were there, for they certainly had the range on the place.

Now about the barrage (which is a curtain of shell fire thrown before the troops go over the top). I bet that the Heinies thought that all hell had broken loose, for there were 4000 guns and 75's throwing them over steady for the four hours that it lasted. This over ground which resembled the top of a vast pepper box when our troops advanced next day, so well timed were the shells.

We were again relieved on September 16, 1918, and were billeted in Ansaerville and at Toul until we received a special assignment with the 4th French Army in the Campagne. We moved up to Camp Miomandre behind the lines, and north of Chalons on the 30th of September and the troops "went over" on the 3rd of October.

Now Mont Blanc Ridge was the key to the arch of the main German position, almost impregnable, and a menace to the cities of Rheims and Epernay. Three attempts by the French had failed. The "Blue Devils" (Chasseurs Alpine) and by the Foreign Legion, the premier soldiers of France had failed and also an attempt by the French to surround and isolate it had failed. This was the proposition offered our Division.

On October 3, 1918, they stormed the ridge in the time of 72 minutes and pressed on, taking the second day's objective on the first day. We were forced to move our Triangle

forward three times to keep up with the advance and were stationed at Somme-Py when the Division was relieved. Seriously menaced all the while by counter-attacks, artillery fire, and of being outflanked, this attack was launched against the flower of the German Army, the Prussian Guard, who disputed every inch of the way by every device known to modern warfare, as well by their own dark and well laid plots and devices. Somme-Py, although on the map as a fair size town, is beyond repair, having been subject to artillery fire for four years and would not afford shelter for even a ground mouse.

It was at Somme-Py that we were again exposed to intense shell fire. You see, it was the intention, and always is, of opposing armies, to shell back areas, especially the cross roads, to prevent the bringing up of supplies, ammunition and reserves, and as our station was almost at the junction of one of the cross roads they threw them all around us and over us, and in the center of that road. They would hit us easily for they were sure accurate. I frequently wondered what would have happened if one would have fallen short, or misqued, for one of those eight inch high explosives sure could make a hole and some commotion when they strike.

We were again relieved on the 10th of October, and rejoined the First American Army which was preparing for another offensive against the enemy in the Argonne on November 1st. The Second Division was given the post of honor and led the advance, advancing 25 kilometers in three days. They set an awful pace and when the advance was halted on account of the armistice, they were 8 kilometers in advance of the Divisions on their right and left flanks. Our triangle moved five times to keep up with the advance and were at Beaumont within sight of the German lines when the armistice was called. The fighting was continued up until the last minute and, so I understand it, the Americans gave the Boches a farewell fusillade as the hour struck.

The 5th Marines again excelled here. When under heavy fire, the Second Engineers threw two foot bridges across the Meuse and the Marines crossed and took their objective. This little history of the Second Division is gathered from actual facts and coincidents with the official commendations given out to the Division.

BILLIOUS, FEVERISH
Look at Tongue! If Coated, Clean Little Stomach, Liver, Bowels.

Don't scold your fretful, peevish child. See if tongue is coated; this is a sure sign its little stomach, liver and bowels are clogged with sour waste.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach-ache, indigestion, diarrhoea, give a teaspoonful of "California Syrup of Figs." and in a few hours all the foul waste, the sour bile and fermenting food passes out of the bowels and you have a well and playful child again. Children love this harmless "fruit laxative," and mothers can rest easy after giving it, because it never fails to make their little "insides" clean and sweet.

Keep it handy, Mother! A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Remember there are counterfeiters sold here, so surely look and see that yours is made by the "California Fig Syrup Company." Hard back with contempt any other fig syrup. Adv2

LIFE INSURANCE CLAIM PAID PROMPTLY.

M. K. Jackson came in from Dallas Wednesday and brought with him a check from the State Life Insurance Company of Indianapolis, Ind., for \$10,000 for Mrs. D. J. Hunter, wife of Jess Hunter, who lost his life a few days ago by falling from a windmill tower.

Mr. Jackson wrote Mr. Jess Hunter for one policy of \$2,500, Aug. 18, 1917, and for a policy of \$2,500 July 8, 1918, making a total of \$5,000 insurance. However, each policy had that splendid Double Indemnity clause which provides in case of accidental death, the beneficiary will receive TWICE the face amount of the policy. On the same day that complete proof of the death of Mr. Hunter reached the home office, the Company promptly mailed a check, payable to Mrs. Jennie M. Hunter for \$10,000.

Since both proprietors of the Record have insurance in the State Life Insurance Co., we are glad to see the check for the full amount of this claim come in so promptly.

Notice to Bargain Hunters:—The postoffice and banks are again selling five dollar war stamps at \$4.12. Satisfaction guaranteed.

Mr. and Mrs. Jesse Pratt and children spent Sunday with the family of Mr. Lefever of Lone Wolf.

B. D. Smith and family and C. H. Thomas and family visited in Colorado, Sunday.

Best of short orders at Jake's at all hours.

I have in stock a complete line of undertakers goods.—Hubert Toler, Loraine, Texas.

Mrs. Frank Johnson and sons, Homer and Bruce, have been among this weeks influenza victims. We are glad to state that they are doing nicely, and no serious results are expected.

Buy the Beam Hitch Ledbetter Planter and be satisfied.—Colorado Mercantile Co.

Benton L. Templeton of Simmons College, Abilene, came over Friday night and remained until Tuesday with his parents Mr. and Mrs. J. M. Templeton.

No Worms in a Healthy Child

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS chill TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take. 60c per bottle.

Quite a number of dogs have been killed in the Lone Star, North Champion and Lone Wolf communities, since a large white dog, said to have had hydrophobia, ran at large, biting dogs and other animals. Considerable excitement prevailed throughout the week.

Mrs. Mitchell Wallis and son have returned to Sweetwater after a few days visit to Loraine, guests of Mr. and Mrs. Harry Hall.

Get it at W. L. Doss' drug store without coupons.

Miss Hazel Costin of Colorado was the guest of friends in Loraine Sunday.

Supt. T. H. Halbert and family spent Saturday afternoon in Colorado.

We have a full stock of Buster Points and Buster Bottoms—Colorado Mercantile Co.

Marvin Thomas, son of W. S. Thomas of this place returned to his post of duty in the U. S. navy, Sunday night, after a furlough of several days, spent with relatives and friends.

The Quinine That Does Not Affect the Head

Because of its tonic and laxative effect, LAXATIVE BROMO QUININE is better than ordinary Quinine and does not cause nervousness or ringing in head. Remember the full name and look for the signature of E. W. GROVE, Inc.

Elmer and Durwood Mahon have been quite sick this week of influenza.

At a meeting of the school board Saturday, Feb. 8, T. H. Halbert was reelected to the place of Superintendent of the Loraine high school for the 1919-1920 term.

Best of short orders at Jake's at all hours.

Mr. and Mrs. Uriah Duncan and baby, have returned to Eastland after a few days visit to friends and relatives in Loraine.

Mrs. M. L. Moody has been quite sick several days this week.

See our Moline Walking Buster, both New and Second-hand—Colorado Mercantile Co.

Henry Beight, Battery F, 127th Field Artillery, is the first of our Loraine boys to arrive at home from overseas. He received his honorable discharge at Camp Bowie Jan. 30, and arrived at home a few days later. He is at present basking in the smiles of our pretty girls, enjoying the cordial welcome of friends, and eating the choicest morsels of the good things which "mother makes"—the undeniable rights of our gallant defenders who, from field and camp, are homeward bound.

Ernest Barkley who has just been honorably discharged from the U. S. navy, in New York, spent several days visiting among friends and relatives in Loraine. Mr. Barkley formerly lived here, but will go elsewhere to find employment.

When hungry you'll think of Jake's He's better prepared now than ever to serve you.

For Sale—Second-hand furniture, good condition and a bargain; at Higginbotham-Harris & Co.—Mrs. Clyde Fairbairn.

Miss Mary Burrus of Brownlee community was in Loraine Monday. She stated that she had received a letter of recent date from her brother Thomas Burrus, with A. E. F. in France. He did not know when he would be returned to the U. S.

Mrs. Marshal Bruce of Ft. Worth has been the guest of her parents, Mr. and Mrs. H. B. Wilson, this week.

"TIM" GARLAND DEAD.

The Record received the sad news on Wednesday morning of the sudden and unexpected death of Rufus S. Garland, better known in Mitchell County as "Tim" Garland. He died on board ship homeward bound from France, where he had done brave service in the U. S. Army. The body is now in New York and will be sent to Loraine, his home, reaching there probably Saturday or Sunday. Mr. Garland was a member of the Masonic lodge at Loraine, and that order will we presume, bury him with Masonic honors. Mr. Garland was a brother of Miss Irene Garland, editor of the Loraine page of the Record and she, with the entire citizenship of Loraine, is prostrated with grief. Tim Garland was a man in all that the word implies. He was one of the best friends we ever had, and next week we shall try to speak our heartfelt sympathy over the loss of this brother.—F. B. Whipkey.

SEVEN DAYS.

(By Rufus S. (Tim) Garland, Base Hospital 66, A. E. F., France)

(Continued from last week.)

Friday.—Our trip this morning was to the glove factory, which is said to be one of the largest in the world. Our guide was very much interested, so he explained each process, and went into the minutest details, but after he had finished, and I returned to my room in the hotel, and took inventory of my brain, I found that not a trace or recollection of these processes of the manufacture of gloves remained. So I do not think that I would be a success in the glove business.

Dec. 25.—The remainder of our stay in Grenoble was marked by no events of exciting importance, as most of the last two days was spent in loafing around the Y. M. C. A. where we were treated royally. All the soldiers were served with cream and cake from 4:30 until 6 (Sunday).

The Y building has a large seating capacity, as it is in an up to date French opera house, and I suppose there were one thousand visiting soldiers present.

After being served with cream and cake we took the train for Base 66, Neufchateau. We changed cars at Hyon (Neon) which is the second city in size in France, and is also a beautiful city on the Rhone river.

All the bunch being green, we made a mistake and took the wrong train, and the next morning found us in the pride of France—Paris. Here we were treated as though we had been sent there to be entertained. We spent the day in sight seeing with the Y. men.

Well the first thing I will say is (in the words of Willie Martin) there certainly were lots of pretty girls there. There were other things there less attractive, however, worthy of mention. We went to the tomb of Napoleon, which is in one of the buildings of what is called the Hotel De Invalides. This building was built by Louis XIV, and given to old and decrepit soldiers, and the building just behind it is said to have been the place of worship by the royal family. The tomb of Napoleon is of Egyptian marble and is the finest tomb I have ever seen.

There is about as much pleasure for me in visiting a tomb as there is going to a funeral.

We also crossed the bridge that was built in commemoration of Alexander the Great.

We saw the buildings used, or built for the exposition of 1900.

We went to the Pantheon De La Guerre, in which are the most wonderful paintings. The painting in which all the allies are represented is indeed worth all that my trip cost me (eight men have worked four years on this painting). I am sending you a book (Le Pantheon De La Guerre) which will give you an idea of what it is.

We saw many implements of war that had been captured during the war (from the Germans).

We saw La Tour Eiffel (Eiffel Tower) which is the tallest in the world. It is now used for a wireless station.

We rode the big wheel and got a splendid view of the city.

We went through the sub way which seemed as large, almost as the city on top of the ground. I felt that I was very lucky to escape being run over while in the streets, as every one seemed to be very much behind with their hauling, and were trying to catch up.

We took the train Monday night, and got to Neufchateau about 12:30 Tuesday. I reported at the office to check in about 4 o'clock in the afternoon, and the top sergeant is a clever fellow and said that I might have the remainder of the afternoon off (which was about 30 minutes). I thanked him for I had not had much sleep for about three nights.

When night came I went to the Red Cross hut and heard Miss Margaret Wilson sing. She sang about a dozen songs and talked a little. Miss Wilson resembles her father and seems to be very sensible, and is a fine singer. She and the Y man also sang one or two duets. They served candy and cakes but I did not stay for that part of the performance, as I was very sleepy.

Christmas Day 1918.—We had a fine turkey dinner, which consisted of turkey and dressing, creamed potatoes, pie, apples, oranges, nuts, grapes candy, coffee, butter, turnips, bread. We were served by the German prisoners. A piano was placed in the center of the mess hall and together with a few stringed instruments, we were treated to some very fine music. Also some quartette singing by four U. S. negroes. The German prisoners were dressed like waiters in a city cafe, white coats, caps and aprons, and they were equal to the task, and seemed as though that was their occupation. One of them gave a piano solo which was said by some who claim to have ears for music, that it was classical music. There were several talks made, both before and after dinner, by officers. Red Cross women, non coms. and nineteen enlisted men. After dinner cigarettes were given away and a Christmas sock was given to each man. The turkey and refreshments were given by the Red Cross.

I will tell you many things when I come home, of my experiences in France. Hoping to hear from you soon, I am as ever, your brother, R. S. GARLAND.

Note—Since the above was put in type a wire was received that Mr. Garland had died on the ship, on his way home, and that the body would reach Loraine about the last of the week.—Editor.

Forty Five Years of Success The astonishing Record of PERUNA

Not a cure-all, but a rational remedy for catarrh and all inflammation and congestion of the mucous membranes.

Catarrh attacks the mucous linings, in any organ, in any part of the body. It is not, as some imagine, confined to the nose and throat, although nasal catarrh is the most common form and afflicts many people.

Unchecked catarrh soon breaks down the tissue and destroys the organs or part. Evidence of the ravages of catarrh are all around us. Without desire to frighten anyone, we say: "Guard yourself against catarrh as you would against the direct plague. Fortify your system. Take Peruna."

INSPIRING WORDS FOR THE SICK FROM THOSE WHO KNOW.

A Good Medicine in the Family.
I had a bad case of LaGrippe and could get no relief. Peruna cured me. It is a fine medicine. We often use it in the family and find it good.
MRS. GENTRY GATES,

FEELS LIKE A DIFFERENT PERSON.
Peruna has cured my stomach and I feel like a different person. I only took twelve bottles of Peruna and can eat anything without distress, something I have not done for fifteen years.
I recommend Peruna to everybody suffering with catarrh of the stomach.
1029 16th St.,
Columbus, Georgia.

FOR ALL FORMS OF CATARRH.
Peruna is indicated for all forms of catarrh or catarrhal inflammation and congestion of the mucous linings in any part or organ, such as nose, throat, bronchial tubes, lungs, stomach, bowels, kidneys, bladder, etc. It is fine for coughs, colds and effects of the grip and an excellent preventive remedy.

If you want health, insist upon having Dr. Hartman's World Famous Peruna Tonic.

SOLDIERS LETTER.

I received your letter of Dec. 1, also my Christmas box, the contents of which were simply delicious. The cake was just as good as if it had been but a few days old, and the candy was simply great. I shared them both with eight of my comrades so you can imagine about how much I had for myself.

I was sorry to hear that grandfather and Lonie are dead, but its a debt that everyone has to pay sooner or later. I really didn't know that Lonie was in the army. I suppose that Willie will be at home soon, as I saw in the paper today that the National Guard from Alabama would be among the first to return to the States.

I suppose you had quite a cold

spell, for I noticed it mentioned in the Record, and also had two other letters today, telling about it. Maybe you'll have a good crop this year.

You spoke of hoping to see me soon. I don't think it possible for me to get home before summer, although I hope that it won't be so.

Tell all those who had a hand in fixing my Christmas box that I surely do thank them.

Writing a letter is the hardest job I ever tried to do, so think I had better ring off. Give my love to all,
Your loving son,
Jos. W. Metcalf, Med. Dept.
