**NEW LOAN TO ALLOW EASY PAYMENT TERMS.**  
Installments May Be Deferred Six Months from May 10 to Nov 11

Terms of payment in the new Victory Liberty Loan as has been announced are the most liberal ever offered by the Government. Deferred payments may be extended over a period of six months, from May 10 to November 11th.

Secretary Glass announces that 10 per cent of subscriptions would be due with application on or before May 10, another 10 per cent on or before July 15, and four subsequent installments of 20 per cent each on or before Aug. 12, Sept. 9, Oct. 7 and Nov. 11. Accrued interest on deferred installments will be due with the last payment.

Payment in full can be made May 20, if desired, 10 per cent with application having been prior to May 10. Payments also can be completed on any installment date with accrued interest.

Terms of the fourth Liberty loan permitted deferred payments only over four months and the installments were arranged so that 50 per cent became due in two weeks, from Jan. 16 to Jan. 30, 1919. In that loan banks subscribed for hundreds of millions of dollars and then allowed the public to pay for them over a period of ten months. If similar extensions are given in this loan. Treasury officials said the result should be a great stimulation of popular subscriptions, because the public would have approximately a year in which to pay for their bonds.

**TEACHERS EXAMINATION**

Judge Hall, ex-officio County Superintendent announces that the regular April teachers' examination will be held at Colorado next Friday and Saturday, April 4th and 5th. All who care to take these examinations should be present. Judge Hall will give any further information in regard to time, place, subjects, etc.

**Rain at Rotan**  
About one inch of rain fell here. It is still raining.

**Haskell County Drenched**

A good rain fell over all of Haskell county Saturday. Prospects for great grain crop are the best in years.

Big rains reported at Big Springs, Midland, Garden City, San Angelo, and Sterling City. It has even rained at Iolanthe and Istan.

**50,000 VOLUNTEERS ARE WANTED OVERSEAS.**

Recruits Will be Sent Across to Live Men Who Want to Come Home.

Washington, March 28.—War Department officials express confidence that no trouble will be experienced in raising a force of 50,000 volunteers for overseas service, the call for which the department announced today, has been prepared and will be published probably at once. The men will be offered early duty in France, it was stated, as a relief for men in the expeditionary forces who wish to return home.

The troops are to be concentrated at Camp Meade, Md., and probably will be sent over in contingents of 1,000.

The period of enlistment will be for three years. The bulk of the men are expected to come from recently discharged troops, who after a short "vacation" as civilians, desire to return to army life.

Another incentive expected to have a decided effect on the recruiting campaign is looked for among the men, who, after having been drafted and trained, were prevented from going overseas by promulgation of the armistice. Opportunity to see service in Germany, it is thought, will lead many of these to enlist.

A number of officers, probably ten or twelve, will be sent overseas with each increment of 1,000 men leaving Camp Meade.

These will be used at the concentration camp to give the preliminary training necessary to whip the men into casual organizations and to make the required examinations. On arrival in Europe they will take the places of officers who are eligible for discharge.

**VOTE.**

Voters of the Colorado Independent School District, don't forget that you must choose a new board of trustees, good and true, on next Saturday, April 5th, to rule your schools for another year. If you have any kick at the present teachers, or the manner in which affairs are now being conducted, now is the time for you to show yourself and make your complaints, as it will be too late to kick after Saturday. If you don't want the men whose names appear on the ticket scratch out those you do not want to vote for and write the names on the dotted line of those you do want. Remember that if you don't vote you have no right to criticize the board afterward.

**ELECTION OF SCHOOL TRUSTEES, SATURDAY.**

Tomorrow (Saturday) is school trustee election day all over the state. Phebe K. Warner writes such a good article on this subject that we reproduce it below: Read it.

"This is one of the most important elections of the whole year. And thousands and thousands of Texas voters will never know it, until some time the next week when they hear that some one was elected on the school board that they did not want; and then they will make a fuss about it. If not then, later when something goes wrong at school. The utter indifference and disinterest shown by the people in choosing the school board is the first reason for the sluggish school spirit in any community. It is not even a compliment to the newly elected member to be chosen simply because no one else wanted the place or would accept it if elected. But through a sense of duty, he accepts the position with the feeling 'Not because I know the people wanted me and have confidence enough in me to stand by me, but simply because they did not care who was elected and no one else wanted to be bothered with the school business.' New isn't that a great sendoff for the man who is to assume (without pay) the perplexing duties of providing a school for our children? Why do we act like that toward the School Trustees? Why do so many voters pay no attention to the school election? In the first place, the large majority of the people do not consider the position of School Trustee of any importance. Sometimes even the trustee himself does not seem to appreciate his opportunity to do good or harm. Half the time neither the parents nor the pupils know who the trustees are. They would not know who to call up and thank if they ever should decide to thank one of them for their work for the school. And often when they are growling about the school they do not know whom they are growling at. In the next place, there are entirely too many men at liberty to vote at school elections who have absolutely no interest in the school. Any man, 21 years old who has been in Texas one year and in your county three months, can go to the school election and vote if he wants to. It does not make any difference whether he is German, Mexican, African, Russian or any other foreigner; if he has lived in the United States five years and has 'his papers' he can have a voice in the education of my children and your children. It does not make any difference whether he can read or write or spell or talk our language. It does not make any difference whether he has a child in school or not or whether he pays a nickel to the support of the school. He is a legitimate voter, and can vote men just like himself on to the school board if he wants to, and can influence enough votes to do so; because he is a citizen of U. S. A., and the U. S. A. stands for freedom, democracy and the Brotherhood of Men.

for him to pay the entire debt in 35 years by the payment each year of a lower interest rate than he has been accustomed in the past to pay as interest alone.

One redeeming feature was that no labor was employed except home labor. Mr. Abbott, the builder, is an artist in his line, as this substantial and artistic structure will show. Mr. Cennard, the State highway engineer came out last Friday to inspect and receive the bridge and pronounced it one of the best jobs West of Fort Worth.

The bridge is 66 feet long, 24 feet wide with a 5 foot walk on the side. It has ornamental railings made of concrete reinforced with steel. Four sixteen foot columns adorn either approach, on which will be mounted large electric light globes, lighting not only the bridge but the road for a considerable distance.

The bridge has an 18 foot waterway, also 42 foot abutments; all built of the best concrete heavily reinforced with steel. It required 350 yards of concrete and 350 yards of sand and gravel. Twelve tons of specially fabricated steel was used in the structure and it stands as a useful and ornamental monument to the builders, and will be there long after the present generation has passed away. It has been said that Noah's Ark, after that ancient and memorable rain was tied to a concrete stake; and so will this bridge be found by the coming generations to be as it now stands.

Mitchell county is to be congratulated on having secured the Brown-Abbott Company to do this work, and that company have, and deserve, the thanks and praise of the citizenship of the entire county for their faithful and efficient work.

This completes Highway No. 1 through Mitchell county, making the best stretch of road between El Paso and Fort Worth, with the exception of a few miles in El Paso county.

Now if we can land the Bankhead highway over this road, it will be a great thing for our county, and our good road is going to help do it.

**ATTENTION OIL LEASERS.**

All those interested in oil leases in Mitchell county, and especially the Rogers community, are urged to meet at the Rogers school house next Saturday, April 5th at 2 o'clock. Matters of interest will be presented and discussed, so don't miss this meeting. Every land owner in that community should be there—you may miss something if you are absent. The time is 2 o'clock Saturday April 5th, and the place is Rogers school house.— JACK SMITH.

If the Hobby Land Settlement amendment to the Texas Constitution shall be adopted May 24, it will be possible for the home seeker to buy improved farm homes from the State on such terms and at such rate of interest as will make it possible

**LONE WOLF BRIDGE.**

The concrete work on the Lone Wolf bridge on Second Street is now complete and as soon as the fill in can be made at the abutments, this splendid bridge will be thrown open to the public.

Mr. S. E. Brown, banker and financier, of Lorraine, contracted with the county to do all the bridge and culvert work on Highway No. 1, and the many bridges and culverts on this splendid highway will stand as a lasting and concrete monument to his honesty in construction, as every provision of the plans were filled to the letter.

When the contract for the Lone Wolf bridge came up, Mr. Brown associated with himself Mr. J. E. Abbott of Dallas, an expert and widely known architect and concrete builder. These men brought into the firm, Mr. W. D. McCarley, of Lorraine (probably for ornamental purposes) and called it the Brown-Abbott Company, Inc. This firm was the successful bidder for the Lone Wolf bridge.

They went to work and completed it in exactly 60 days. An average of 15 men were employed and the bridge was constructed without mishap, accident or delay.

One redeeming feature was that no labor was employed except home labor.

Mr. Abbott, the builder, is an artist in his line, as this substantial and artistic structure will show. Mr. Cennard, the State highway engineer came out last Friday to inspect and receive the bridge and pronounced it one of the best jobs West of Fort Worth.

**FINEST RAIN IN SEVERAL YEARS**

One of the finest rains and seasons that has visited this section in years, began falling last week and fell almost without intermission until Thursday morning. Fully four to five inches of rain fell in this space of time. The rain came in steady showers and it was all absorbed as it fell, thus putting the best season in the ground that we have had in a number of years. The rain has been the very thing for the wheat and oats crop, and it is all but guaranteed. Wheat is now doing fine, and promises the largest yield in years. In addition to the benefits the rain will be to the wheat the soil is now in excellent shape for general planting which will be under headway as soon as the ground is dry enough. All the creeks and tanks are overflowing, and an abundance of stock water is now out to last through the summer.

A general spirit of optimism now prevails in this section. Prospects for crops this year were never better than at this time. The rain the past week was general throughout West Texas and the Panhandle. In fact the entire state has been covered with a splendid season. Rains do not usually come in March, and the season here at this time is an exception to

the rule. Our early summer rains months are April and May, and it is pretty certain to follow up these later on.

The Colorado country in particular and Mitchell county in general is in excellent shape. Crop prospects and business outlook could not be better than at this time. Come to Mitchell county.

**ABOUT THE WAR LOAN.**

Dallas, Texas, March 18, 1919.

Editor Record:—There seems some slight doubt in the minds of some people as to the exact nature and urgency of the Victory Liberty Loan.

Will you allow me to place the facts very briefly before your readers?

The Government spent all of the Fourth Liberty Loan money before the last installment was due from the public. It has been borrowing billions of dollars from the banks during the last few months to pay our war debts, and the time has arrived when that money must be paid back to the banks.

The money which you are now asked to lend is to pay for those vast stores of equipment and ammunition, which scared the Germans stiff and made them realize they were beaten. We are asked to pay, for the preparations that saved thousands of American lives; for if the Government had not run up this bill our boys would be fighting and dying in the trenches today.

This loan should be considered in terms of human lives, not percentages or any other considerations, for it will constitute the real test of Americanism.

It is a loan of thanksgiving to Almighty God, to the men who suffered and died for us, and to a sane and enlightened Government that kept us out of war as long as possible, and then being in it brought us out in a manner that will live all time as a monument of courage and efficiency. It is a Loan of thanksgiving, for the preservation of our national

life, our business, our fortunes, our homes, all of which were threatened. Why should I write more? Such considerations inevitably must appeal to the heart and mind of every true man and woman.

Fortunately, the Government intends to make the offering bear a very fair rate of interest. If it bore no interest at all there would still be enough red-blooded Americans in this part of the world to oversubscribe it. As it is, The Victory Liberty Loan is going over, and going over Big.

Yours for the Victory Liberty Loan,  
FRANK M. SMITH  
Federal District Director

**DO YOU SLEEP WELL?**

To be at his best a man must have sound refreshing sleep. When wakeful and restless at night he is in no condition for work or business during the day. **IMPOSSIBLE SUSAN.**

Susan Gaskell lives with her grandfather, a civil war veteran. She runs wild but is a lovable child, giving promise of great beauty. She is her grandfather's idol.

Old man Gaskell writes to Martha Brown, a distant cousin, asking her to keep an eye on Susan in case of his death. Martha is housekeeper for a wealthy and cynical bachelor, Bernard Marshall.

Gaskell dies and Susan goes to the city to find Martha. Meantime Marshall has had trouble with his wild young nephew, Ted, who has become involved with an adventuress, Eva Thornton. As Ted emerges from the house after a row with his uncle he bumps into Susan who is accompanied by her wolfhound, Solomon.

Marshall observes Susan's beauty and is seized with the idea that he may use her to divert Ted's attention from the more dangerous woman. He instructs Martha to have Susan dressed in all the best clothes obtainable.

Susan soon justifies herself by making all the male eligibles of the community take notice. She is particularly attentive to Marshall, who at first treats her with cynical tolerance but soon yields to her fresh charm.

Later the young man is attracted to Susan and falls in love with her. Meantime both Marshall and Delafaire have succumbed to the girl's charm and Marshall finds himself the rival of Ted for the young woman's hand.

In the end Marshall overcomes the difficulties that lie in his way, declaring his love for Susan who accepts him.

**Starts Your Liver Without Making You Sick and Cannot Salivate**

Every druggist in town—your druggist and everybody's druggist has noticed a great falling off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist. Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle costs but a few cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work! Take Dodson's Liver Tone instead and feel fine, full of vigor and ambition. Adv.

The dome of the United States Capitol at Washington is kept in excellent condition by painting it every few years. For this work forty painters are steadily employed for three months' time. ## THE COSMETIC OF THE INANIMATE.

I am the saver of surfaces.  
 I am the world-old preserver.  
 Noah knew me, for he pitched the ark within and without.  
 The Pharaohs sought me as an adornment for their tombs—their mummies endure because I conserve.  
 I am the woad of the ancient Britons: their blue battle hue.  
 Because of me the treasures of the Sistine Chapel defy effacement.  
 I am the keeper of the antique.  
 I am the servant of progress.  
 Columbus found me bedecking the savages who watched him plant Ferdinand's banner on the shores of New Spain; and the very sails of his caravels resisted the elements of the West through my aid.  
 The pioneers westward wending their way daubed the prairie schooners with my protection.  
 I am the royal robes of civilization's monarchs, Steel and Lumber.  
 The taut wings of the airplane gleam under my protective veneer.  
 The sullen dreadnaught and the homing transport plow the seas impervious to corrosion because of me.  
 I waterproofed your agents of destruction, the bullet and the shell.  
 Then I drew the mercy of my concealing camouflage over your hospitals.  
 I glisten on the homes, and on the barns, and on the cement surfaces.  
 Where life is, I am alive.  
 Where death and decay set in my absence hastens them.  
 And my mission is to preserve.

## 'T WAS A LUCKY DAY SAYS MRS. O'CONNOR

Her Improvement, After Taking Tanlac, Was Simply Wonderful.

"It was certainly a lucky day for me when I got my first bottle of Tanlac," said Mrs. John O'Connor, of 338 East Oldham St., Knoxville, Tenn.

"For five or six years," she continued, "I had been in a dreadfully run-down and nervous condition, was awfully weak and suffered with spells of dizziness. I had terrible nervous headaches and my stomach was so weak I couldn't digest even the lightest kind of food. I could sleep very little and became so despondent that I was afraid nothing could help me regain my health.

"I wouldn't have believed it if anybody had told me any medicine would cause me to gain eight pounds in ten days, but that is exactly what Tanlac has done for me. Soon after I started taking it I began to eat better, sleep like a baby and feel just fine and my steady improvement has simply been wonderful. I have thrown away all my other medicines and will stick to Tanlac, for I think it is the finest medicine on earth."

Tanlac is sold by leading druggists everywhere.

Six thousand Belgian civilians died during the war as the result of German ill-treatment, according to an official report made in the Chamber of Deputies. Seven thousand children were made orphans and 125,000 men were deported from Belgium by the Germans. The indemnity which can be claimed from Germany by Belgium on this account is estimated at 900,000,000 francs.

## LIFT OFF CORNS!

Apply few drops then lift sore, touchy corns off with fingers.

Doesn't hurt a bit! Drop a little Freezone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic!

A tiny bottle of Freezone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

## FROM GERMANY:

Euford Howell received a letter this week from his son Olen, in Germany, which we use below. The letter was accompanied by a unique souvenir post card showing Texas and Oklahoma, with a Texas soldier and Indian head. The letter says:

Zeltingen, Germany, Mar 2.  
I will drop you a few lines this Sabbath morning. I am O. K. at present and hope you are.

We are having the best weather we have had since we landed.

We have been drilling about two hours every day and running around the rest of the day.

A few days ago I was in Coblenz. I got a three day's pass and took a boat and went up the Rhine about 45 miles. I saw many interesting things I saw the bed that Queen Elizabeth slept on, in an old castle near Coblong. I saw Leroy Gressett in Coblenz. He is stationed about 25 miles below there.

My company had 60 men left out of 250 after we came off the fronts.

I am sending you a picture of the insigna we wear on our left shoulder. It represents Texas and Oklahoma, and the fronts we fought on.

Some of the boys have written wanting to know when I was coming home. I have been told that we will sail some time in June.

Talk about it raining! It can sure rain here.—Corpl. Olen H. Howell, Co. M, 360 Infantry.

P. S.—I went in the front line trenches september 9 and to the Argonne front October 30.

## WEST TEXAS CHAMBER OF COMMERCE.

George W. Briggs, of Lubbock, Field Manager of the West Texas Chamber of Commerce, was in our city Friday of last week in the interest of the above organization. Mr. Briggs stated in an interview, that the new organization is progressing very satisfactorily, and that the counties all over the territory are joining every day.

He gave the Record a statement as to the aims and accomplishments of the new organization.

The West Texas Chamber of Commerce has the following plan of organization: Each county is entitled to one member on the Board of Directors, with one vote. This has been done in order to prevent the larger counties from making any attempt to control the policy of the Chamber. The policy of the Chamber will be decided by this Board, either through meetings, or by the use of the referendum. This Board elects all officers, including president vice-president, and Executive Committee.

Upon the Executive Committee devolves the active work of the organization. This committee selects the active workers. So far these workers consist of a publicity manager, two field managers and a traffic head. Others, such as a good roads manager, agricultural manager, immigration agent, irrigation manager, etc., will be appointed as soon as possible.

The publicity manager chosen, is Chester T. Crowell, formerly staff writer on the Dallas News. Mr. Crowell has had twelve years' experience on Texas dailies, and is a magazine writer of some note. His connections in the newspaper world, fit him extremely well for his present position. It is his purpose to give West Texas all the publicity possible and in the best way. The present plans of this department consist of a proposal to publish a small official organ to be used both as an official organ, and a publicity medium. Another plan of this department is to issue through booklets, publicity matter concerning each section of West Texas. These booklets will be for distribution over the entire country.

The traffic department is headed by Ed. P. Byars, one of the leading traffic men of Texas. The purpose of this department is to take all questions of rates of interest to West Texas, handle all claims for adjustment, and in every way possible assist the shippers of West Texas.

The good roads department will have for its object the furthering of good roads over the entire West Texas. This department will be in charge of an experienced road man, one who will be capable of assisting any county or section in planning a good system of roads, and help put through all good road propositions. This department will be of great value to all West Texas. One of the great needs of West Texas is an adequate system of good roads. When the time comes that West Texas has good roads connecting all the main towns and cities this country will be in a position to go forward as it never has before.

Other departments are being added just as rapidly as possible, and the time is not far distant when the West Texas Chamber of Commerce will hold an important position throughout the country. The combined influence of over a hundred counties used to assist in the development of this section of the country must necessarily be great.

The plan of work of the organization is a practical one, and a step forward is being made in the development of not only West Texas, but the entire state. West Texas has long needed an organization which would unify this section and the West Texas Chamber of Commerce, will fill this need. Such an organization can go before any authority, and come nearer getting what the people want, than any single local Chamber of Commerce.

Mr. Briggs had been at Pecos, Midland and Big Spring, during the week and all three cities have joined the new organization.

**FOURTH BANK FOR CISCO.**  
 A new bank has been organized in Cisco which will be known as The American National Bank. W. E. Morris, manager of the Ohio Cities Gas Co., of Cisco, will be president and F. A. Van Dover, recently of Oklahoma City, will be cashier. A large number of Cisco capitalists are taking stock in the new bank. A suitable lot is being selected upon which a modern bank building will be erected. Temporary offices will be selected for use until the new building can be erected. This will make four strong banking establishments for Cisco.

**IF I WERE A FARMER.**  
 If I were a farmer I would keep at hand a few reliable medicines for minor ailments that are not so serious as to require the attention of a physician, such as Chamberlain's Colic and Diarrhoea Remedy for bowel complaints. Chamberlain's Cough Remedy for coughs, colds and croup. Chamberlain's Liniment for sprains, bruises and rheumatic pains. Chamberlain's Tablets for stomach troubles, biliousness and constipation.

By having these articles at hand it would often save the trouble of a trip to town in the busiest season or in the night, and would enable me to treat slight ailments as soon as they appear, and thereby avoid the more serious diseases that so often follow.

It is the fashion to "spend well" to "think of saving" and to "make a pound produce, even scores of pounds."

In response to a lengthy protest filed with him last week by the local branch of the National Association for the Advancement of Colored People, Mayor Davis of Fort Worth, stated that the censor board of picture films had been instructed to cut out all objectionable features in the film entitled "The Birth of a Nation," which was shown there.

What we are actually called upon to lend our money for today is, not wasted material, but American boys' lives; that nothing but the vast and costly preparations we made caused Germany to quit, thus preventing American boys fighting and dying in the trenches today.

"Lone Star" is a new correspondent this week and we welcome this new scribe to the circle of the Record's "writers." This paper belongs to the people—it is your paper; and every one should help make it as interesting as possible. These country letters are read all over the county, and give the news and happenings in various communities of the county. They may not be of much interest to the town folks, but they have other parts of the paper which gives the main local happenings of the town. Neither is the social happenings, clubs, receptions etc., of the town of much interest to our county subscribers; but we have to have a little of both kinds to suit all the people, which we strive to do all the time.

Blank oil leases at this office.

**A NEW IMMIGRATION SCHEME.**

The Colorado Record has an eye to the advancement of Mitchell County all the time. Since the rains have come and the white top wagons are taking the westward trail the Record is thinking up schemes to get most of them stopped in that county. The following suggestive idea is sufficient to start a stampede from the oil fields, and if that county is plowed over from one end to the other this spring, it isn't the Record's responsibility."

The above is a comment by the Slatonite on Mr. Bodine plowing up that 7-year-old whiskey, which we told about last week. The Lockney Beacon says:

"This will beat the oil game all to smash. If we could bring in seven year old whiskey on every section of West Texas land we would soon locate all of North and East Texas out on our broad prairies as permanent citizens. We would like to know what kind of boot-legging soil you folks have in Mitchell county? If we could locate a few claims like you have, here on the plains it would save some Plainview people from making those long trips to Arkansas after their native "moonshine."

After July 1st letter postage will be reduced to 2 cents. If the government does no better with the post office than it has with the railroads the 2 cent rate will indeed be a high one for the service rendered.

**DWARF ESSEX RAPE.**

The Record man has a small patch of this succulent plant now growing as fine as you ever saw. It was sown in the fall, came up and grew all winter. It makes excellent pasture all winter long, as it comes out new as fast as it is eaten down. It is fine for sheep, hogs and cattle, and makes most excellent roughage for people, many preferring it in preference to turnip or mustard for "greens." It will pay any farmer to sow some five acres of this Essex Rape. We would like for any farmer who is interested to go and see this small patch growing at our home in North Colorado.

We call attention of our readers to the half page ad of the O-Tex Oil Co. which appears in this issue of the paper. The seem to have some good holding and ought to get oodles of oil in almost any of their territory. Mr. Oscar Price is their local agent.

Get it at W. L. Doss' drug store without coupons.

**NO BEER, NO WORK.**

The anarchistic brewers are spending their unholy money in manufacturing buttons bearing the above threatening words. And it is reported that 200,000 workmen in New York city alone are wearing these buttons and are threatening to go into a large and protracted strike on July 1, if the war-time prohibition law shall be made effective on that date.

The lesson is very obvious. Who shall rule in this country, the people or the boozers? By long and patient agitation, and education, and by lawful processes, state and national legislation against intoxicants of every form has been accomplished. Is it now to be imagined that the overwhelming masses of law abiding people are to be intimidated and humiliated into submission to the demands of these foolish button wearers? Not for a moment.

The Kaiser's friends doubtless will kick and "bluster" about the terms laid down for them by the Peace Council; but the Allies have said that they must "surrender unconditionally." In like manner the Kaiser's other friends, who insult the American flag by their law defying cries of "No beer, no work," may indeed experience certain workless days, without beer and fresh air and with nothing save bread and water, while they meditate concerning the differences between law observance and anarchy as accepted in this Free Land of ours.

There is neither time nor space here to tell the story of Shay's Rebellion in 1786 in New England, or of the Whiskey Insurrection in 1794 in Western Pennsylvania. In both instances misguided young men full of false ideas in regard to "liberty" and to the fruits of The Revolution openly and lawlessly opposed the rule of the young Republic.

But the names of Lincoln and Lee and Borden and Miffin and Washington, together with the later names of Lincoln and Grant and Suerman, have been chiseled upon granite memorials, readable by men of all nationalities and blood, this simple truth that the legally expressed will of the sober people of America is now and shall be forever the law of this land.

Before beer guzzlers and beer brewers go much further in this strike agitation business, they are hereby cautioned that Woodrow Wilson is considered an expert historian, and doubtless our president will not care to overlook the historical precedents established by Washington and Lincoln.

Rebellions or strikes against the Federal Constitution or against the Acts of Congress are not likely to be very safe or very popular or very successful in this progressive time.

Rain in Mitchel County has become so common that we have decided not to report more rain until we get a little sunshine.

The office force this week, in addition to printing a mighty good paper and doing the regular run of job work for our home merchants, has turned out 45,000 type written sheets of Abstract work for Sweetwater. This job made a stock of letter sheets over six feet high and was a part of 92 abstracts of Nolan County land. We also printed a law brief for J. H. Beal & Son at Sweetwater and for the West Texas National Bank at Big Springs we turned out 50,000 crunter checks, 10,000 drafts, 30,000 customers checks and 20,000 letter heads. Also for the City National Bank at Colorado 50,000 checks and 5000 embossed letter heads. These are only a few of the jobs turned out this week and you must remember we have no printer to help and are trying to keep up by working 16 hours out of every twenty-four. Mr. Lawrence Simpson, a good printer, who farms as a side issue in Glasscock County, came up and helped us this week, but he goes home Saturday to plow his corn and this will leave us alone next week.

We call attention to a notice from County Judge J. C. Hall, in another column of this paper, in regard to making application on the State depository for the free text books for next term of school. The application for these books must be in right away and the teachers, and superintendents of the county are urged to attend to this matter without delay.

While away your spare time at The Best next Saturday afternoon.—A good show is given every Saturday at 3 o'clock.

Rains and fogs come so thick and fast we can not keep up in reporting them. Mitchell county is a typical East Texas county this season.

**WILL MAKE HARD FIGHT FOR BANKHEAD HIGHWAY**

To successfully overcome opposition expected to be made at Mineral Wells in April by the Oklahoma and Texas Panhandle delegates to the Bankhead national highway convention, about 100 good roads men from towns along Texas State Highway No. 1, the rival route, met at Abilene on the 28th ult. Large delegations were there from Baird, Merkel, Sweetwater, Colorado, Midland and other towns, and talks were made by Arthur P. Dyer of Dallas County, Judge J. M. Dearman of Midland, Judge Overshiner of Abilene, Mayor E. N. Kirby of Abilene, Judge B. L. Russell of Baird and others. Judge Earnest of Colorado was billed for a speech but he was unable to attend.

Every town represented at this meeting promised big delegations to Mineral Wells. Mr. Dyer pointed out that Oklahoma would do everything possible to have its route adopted on the floor of the convention and that unless Texas counties and towns interested are alive and secure a large voting strength at the convention, Texas may yet lose the great highway.

Each group of ten memberships in the Bankhead Association is counted as one vote. Midland already has over 200 members and is out after another hundred. Abilene and Taylor county will make an effort to obtain 1,000 members.

Colorado has a good membership and will send as many delegates as possible, and we want to get up a big crowd of "rooter" also.

WESTBROOK ITEMS

Another good rain fell again Saturday. Old timers say that we have the best season ever known here in March.

Misses Grace Carter and Emma Gregson of Iatan spent the weekend with friends in Westbrook.

Mrs. Yates of Coahoma was the guest of her son, L. V. Yates, last week.

A. M. Bell returned from various points in N. M. Tuesday. He reports a six inch rain at Roswell and good rains all the way between here and that place, and on into Arizona.

Mrs. R. S. Byrd returned home Monday after a ten days visit with her sister, Mrs. Beulah Pain at Amarillo.

Mrs. E. S. Hudson and daughters, Misses Thelma and Robbie, were confined to their bed several days last week, with the grip.

Mrs. J. C. Harp of Coahoma, spent Saturday and Sunday with her parents Mr. and Mrs. W. H. Lightfoot.

Mrs. Bessie Young received the following message from her son, Albert.

"Camp Merritt, N. Y.—Arrived safely—home in a few days—writing today."

This is good news. Albert was one of Westbrook's volunteers and we suspect that he will be the first to return home.

Mrs. A. F. Bledsoe who has been visiting relatives in Godthwaite, returned home Monday.

Mr. and Mrs. J. T. Smith and children of Colorado, were visiting Mr. and Mrs. L. E. Gilliam Sunday.

The school is progressing nicely. They are preparing a nice program for the close of school, which will be had in connection with a picnic on the 18th of April, with dinner on the ground. Won't that be nice? Every body is invited to come and bring a big basket full of cake, chicken and pies, and everything nice.

There will be Easter services at the Methodist church on the second Sunday in April, that being the regular Sunday here for services. Everybody is invited to attend.

Following is the honor roll for Miss Thelma Hudson's school for March:

Matinee at the Best Theatre Tuesday afternoon at 4 o'clock.

Backache? Rheumatism?

Those of us who are past middle age are prone to eat too much meat and in consequence deposit lime-salts in the arteries, veins and joints. We often suffer from twinges of rheumatism or lumbago, sometimes from gout, swollen hands or feet. There is no longer the slightest need of this, however, as the new prescription, "Anuric," is found to give immediate results as it is many times more potent than lithia, in ridding the impoverished blood of its poisons by way of the kidneys. It can be obtained at almost any drug store, by simply asking for "Anuric" for kidneys or backache. It will overcome such conditions as rheumatism, dropsical swellings, cold extremities, scalding and burning urine and sleeplessness due to constant arising from bed at night.

Send to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., for a 10c. trial package.

MADIRA, CAL.—"I recommend Doctor Pierce's Anuric very highly. I have suffered for the last three years with catarrh of the bladder, having tried every remedy I heard of but without relief. I saw Anuric advertised in the paper, and this morning I was grabbing at a straw I thought I would try it also, which I did with great success, as it relieved me almost immediately, before I had taken all of the trial package, and having great confidence in the remedy I immediately sent in the drug store and bought a full-size package. I can say to all suffering from any disease of the bladder or urea and troubles, try this remedy and suffer no longer. I have great faith in Dr. Pierce's remedy."—A. T. Stewart.

Health About Gone

Many thousands of women suffering from womanly trouble, have been benefited by the use of Cardui, the woman's tonic, according to letters we receive, similar to this one from Mrs. Z. V. Spell, of Hayne, N. C. "I could not stand on my feet, and just suffered terribly," she says. "As my suffering was so great, and he had tried other remedies, Dr. had us get Cardui. . . I began improving, and it cured me. I know, and my doctor knows, what Cardui did for me, for my nerves and health were about gone."

TAKE CARDUI The Woman's Tonic

She writes further: "I am in splendid health . . . can do my work. I feel I owe it to Cardui, for I was in dreadful condition." If you are nervous, run-down and weak, or suffer from headache, backache, etc., every month, try Cardui. Thousands of women praise this medicine for the good it has done them, and many physicians who have used Cardui successfully with their women patients, for years, endorse this medicine. Think what it means to be in splendid health, like Mrs. Spell. Give Cardui a trial. All Druggists

LOONEY LOCALS.

The weather still continues favorable for our bumper crop this year. We have been blessed with two good rains which were just a compensation for our past droughts. We all appreciate them and many are anxious for planting time to come, and there is going to be a tendency for planting too early, for the temptation is great.

Our school closed Saturday, having been unexpectedly cut short on account of the small enrollment last year. All seemed very sorry to see it close so soon and most especially the teacher who would like to have had more time, so that her work would have had a better showing.

Mr. and Mrs. Frank Dearen entertained the young people last Friday evening. There was a good crowd of the younger set present, and an

enjoyable evening was had by all. Sunday school and singing was well attended Sunday afternoon; one of the largest crowds that Looney has had for quite awhile. There was singing at Mr. and Mrs. J. M. Thompson Sunday evening.

Mr. and Mrs. Dan Butler entertained with a fruit supper, Tuesday night. A large crowd was present.

Misses Ida Mae and Inez and Mr. Clarence Thompson visited in the Shepherd community Saturday night and Sunday. Miss Brookshire, formerly of this place returning with them.

Mrs. Frank Dearen, in company with her parents, Mr. and Mrs. S. W. Lee of Seven Wells, has just returned from a trip to Eastland county. Mrs. Dearen says that the people there have planted their corn and gardens and oil.

Hubert Dearen has gone to Amarillo to become a Texas cowboy.

Miss Mabel Lee attended the party at Mr. and Mrs. Dearen's.

LEMONS MAKE SKIN WHITE, SOFT, CLEAR.

Make This Beauty Lotion for a Few Cents and See for Yourself.

What girl or woman hasn't heard of lemon juice to remove complexion blemishes; to whiten the skin and to bring out the roses, the freshness and the hidden beauty? But lemon juice alone is acid, therefore irritating, and should be mixed with orchard white this way. Strain through a fine cloth the juice of two fresh lemons into a bottle containing about three ounces of orchard white, then shake well and you have a whole quarter pint of skin and complexion lotion at about the cost one usually pays for a small jar of ordinary cold cream. Be sure to strain the lemon juice so no pulp gets into the bottle, then this lotion will remain pure and fresh for months. When applied daily to the face, neck, arms and hands it should help to bleach, clear, smooth and beautify the skin.

All druggists will supply three ounces of orchard white at very little cost and the grocer has the lemons.

COMING—GREATEST PICTURE OF THE SEASON.

Shown at The Best Theatre on April 11th and 12th and Matinee.

Just as Victor Hugo's world classic Les Miserables, is the strongest human story ever written, so William Fox's faithful screen adaptation of that master production is without question the most absorbing film drama in years. William Farnum, famous for his interpretation of rugged roles, appears as Jean Valjean. Frank Lloyd is the director.

The whole play revolves about the suffering and the sacrifice of Jean Valjean, a young peasant of Southern France, who is condemned to the galleys for stealing a loaf of bread for his wife and children. His original sentence of imprisonment and hard labor is extended to nineteen years because harsh treatment leads him to repeated, but ineffectual attempts to escape.

Jean Valjean returns from the living grave with his soul embittered. He takes up a new life without enthusiasm, his heart dead, his whole being inflated against society. The thoughtfulness of a Bishop who gives him food when all others drive him from their doors, shows him a new way. He

is converted to the cause of right. His conscience becomes his guide.

Through the years that follow Jean Valjean lives under an assumed name. His life is purified, and he is loved and respected as a good citizen of the community. His philanthropy and benevolence cause him to be known throughout the district and he is elected mayor of his town. Then he hears that a man has been arrested as Jean Valjean, the ex-convict. Jean is torn between the desire to do what he realizes he should and the desire to let the past be buried now forever. After an all-night struggle with himself, he decides to renounce his life of respectability. He makes known his real identity to the authorities. He is arrested once more, but his old-time cunning manifests itself again, and he escapes.

For many years he evades pursuit. He adopts a little girl, the daughter of a young worker in the jet factory which he owned in Malence, and who died at the time of his arrest. This girl is Cosette, who later falls in love with Marius, a dashing Revolutionary leader of Paris. Though he knows that he is sacrificing his own happiness and the one he loves with his whole soul, Jean Valjean goes at the risk of his life among the fighters in the streets of Paris, rescues the wounded Marius and brings him back to Cosette. Valjean also frees Javert, the police inspector whom the Revolutionists have made captive, and who has hounded him from the day he was first sent to the galleys. In return for this generous and unexpected action Javert afterwards gives Jean his own freedom.

The last years of Valjean's life are spent in loneliness and poverty. He has abandoned everything that Cosette and her Maurius may want. The two find him one morning sobbing softly in the big chair in which he sits, with the little ragged dress that Cosette wore as a child. They understand then, but it is too late.

The great heart has slowly broken—and Jean Valjean has passed on.

MOTHER! YOUR CHILD IS CROSS, FEVERISH FROM CONSTIPATION

If Tongue is Coated, Breath Bad, Stomach, Clean Liver and Bowels.

Give "California Syrup of Figs" at once—a teaspoonful today often saves a sick child tomorrow.

If your little one is out of sorts, half sick, isn't resting, eating and acting naturally—look, Mother! see if tongue is coated. This is a sure sign that its little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, breath bad or has stomach-ache, diarrhoea, sore throat, full of cold, give a teaspoonful of California Syrup of Figs, and in a few hours all the constipated poison, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again.

Mother's can rest easy after giving this harmless "fruit laxative," because it never fails to cleanse the little one's liver and bowels and sweeten the stomach—and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown-ups printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a bottle of "California Syrup of Figs;" then see that it is made by the "California Fig Syrup Company." Adv1

W. A. Dozier, who hauls, loads and ships sand, received an order this week for 1000 yards or about 40 car loads, to go to Sweetwater. The Colorado sand and gravel is famous all over Texas, for its cleanness and sharpness, which makes it especially desirable for concrete work. An immense business could be done in this line if some money was invested in an automatic hoister and loader. As it has to be handled now, it is hauled from the river bed by wagon and shoveled into the cars, making the loading a long and tedious job as well as expensive.

John Person, our efficient postmaster, is the proud possessor this week of some beautiful and valuable souvenirs sent to him by Dean Phenix from Germany. One was a large belt buckle of pure German silver, which was worn by the German officers, it had engraved on it "Got mit uns." the other a large signet ring with the crown for a set, in the center of the crown a miniature "iron cross." Dean says he took them from a German and they are prized very highly by Mr. Person. He says he is going to have the buckle mounted on a belt and wear it when out with the Boy Scouts.

**Busy Times at School.**  
The High school grades of the Loraine school are busy these days preparing for the close of school. The Seniors are progressing nicely on their play. The Juniors also will present their much gifted talent to the public eye. Of course we know the Seniors are beginning to feel dignified and as tradition runs, we feel sure our Juniors at least think so. The Seniors are always gazed upon by the remainder of the high school as possessing an air of dignity. The school has made a fine record this year as the year is drawing to a successful close we feel. The Seniors of the 1919 class will always look back with great pride and the remembrances be pleasant of their closing year.

**Welcome Entertainment**  
At the M. E. Church Saturday night the people of Loraine gave a welcome program for the returned soldiers and sailors. The church was beautifully decorated with flags and crepe paper in national colors. All the flags of the Allied nations overhung the service flag. A nice program was given. One of the most appropriate and sympathetic pieces was the song, "Mother Here's Your Boy," sung by Miss May White. Many well selected and prepared readings and instrumental pieces were given. The social hour we all know was enjoyed by all. Cake, punch and coffee was the bill of fare. Even tho the war has been on our mothers have not forgotten the key to a fine cake recipe. Owing to the weather conditions many of the out of town people could not attend. The soldiers were few in number, but the evening was spent happily even tho our hearts were sad because of those who made the supreme sacrifice were absent from our number.

**The Strong Withstand the Winter Cold Better Than the Weak**  
You must have Health, Strength and Endurance to fight Colds, Grip and Influenza.  
When your blood is not in a healthy condition and does not circulate properly, your system is unable to withstand the Winter cold.  
**GROVE'S TASTELESS CHILL TONIC** Fortifies the System Against Colds, Grip and Influenza by Purifying and Enriching the Blood.  
It contains the well-known tonic properties of Quinine and Iron in a form acceptable to the most delicate stomach, and is pleasant to take. You can soon feel its strengthening, invigorating effect. 60c.

### Service Flag.

The M. E. Church has completed their service flag for the boys who served our country. The flag contains some twenty-five or thirty blue stars, which represent the boys who are at home and others soon to take the homeward journey. But there is one, placed in the center of the flag that causes our hearts to be sad, for it has turned to gold. The golden star represents our hero friend who died on his return trip across the sea.—Rufus S. Garland.

### Wounded Soldier Returns

Elijah Saunders has returned home from across the sea. He was in foreign service six months. He tells us once while in battle for three days and nights he had no food or sleep. During the thick of the fight while making for a shell hole for protection he was hit by a bursting shell, a piece of which struck his left foot, leaving him ready for the hospital. He was unconscious for a few hours. He tells us that he was in many of the important battles. He was discharged from the service at Camp Bowie March 22nd. He served in the infantry corps.

### Badly Hurt.

While on their way to Sweetwater Saturday afternoon Mr. Isbell was badly hurt when the car in which he was riding was turned over. It was after the rain, the roads being very muddy causing the car to overturn.

### THE RAINS

The Colorado country has received additional showers in the last four days, which while not needed, will add materially to the moisture which has already been stored in the earth. Reports from outlying sections are to the effect that the precipitation has been unusually good throughout the country. The recent rains have brought the March precipitation up to four and a half inches, which is the most precipitation that has fallen in a March for more than a quarter of a century.

Abundance of sunshine is now the demand of the farmers, who are revealing in the thought that wheat will be the big "standby" and "big brother" during the spring until the cotton crop can be brought in this fall. Much of the sting of the drouth of last year will be taken out when the present wheat crop is made, and more than a million dollars flow into the coffers of the citizens who have "stayed with the stuff."

### WASHED FACES OF 1,500 MEN.

(Topeka, Kan., Capital.)

Probably one of the staunchest supporters of the Salvation Army in Topeka when the "boys come home," will be Walter J. Geiser, former pressman in the Daily Capital pressroom, who has seen the wonderful work of this great organization in France. In a recent letter to friends in Topeka, he relates some of the things which makes him think more of the work which the Salvation Army has been doing for many years. "Believe me, I never will 'pass up' the old drum on the corner of Sixth and Kansas Avenues again." Private Geiser writes. "Why, one little girl alone washed all the boys' hands and faces as they came through the out-field hospital. There were at least 1,500 and her cheery ways caused many a boy to forget his wounds."
