Les Miserables

-- ADMISSION --

Adults 45c, War Tax 5c 50 Cts
 Children 22c, War Tax 3c 25 Cts

Just as Victor Hugo's world classic *Les Miserables*, is the strongest human story ever written, so William Fox's faithful screen adaptation of that master production is without question the most absorbing film drama in years. William Farnum, famous for his interpretation of rugged roles, appears as Jean Valjean. Frank Lloyd is the director.

The whole play revolves about the suffering and the sacrifice of Jean Valjean, a young peasant of Southern France, who is condemned to the galleys for stealing a loaf of bread for his wife and children. His original sentence of imprisonment and hard labor is extended to nineteen years because harsh treatment leads him to, repeated, but ineffectual attempts to escape.

Jean Valjean returns from the living grave with his soul embittered. He takes up a new life without enthusiasm, his heart dead, his whole being inflated against society. The thoughtfulness of a Bishop who gives him food when all others drive him from their doors, shows him a new way. He is converted to the cause of right. His conscience becomes his guide.

Through the years that follow Jean Valjean lives under an assumed name. His life is purified, and he is loved and respected as a good citizen of the community. His philanthropy and benevolence cause him to be known throughout the district and he is elected mayor of his town. Then he hears that a man has been arrested as Jean Valjean, the ex-convict. Jean is torn between the desire to do what

he realizes he should and the desire to let the past be buried now forever. After an all-night struggle with himself, he decides to renounce his life of respectability. He makes known his real identity to the authorities. He is arrested once more, but his old-time cunning manifests itself again, and he escapes.

For many years he evades pursuit. He adopts a little girl, the daughter of a young worker in the jet factory which he owned in Malence, and who died at the time of his arrest. This girl is Cosette, who later falls in love with Marius, a dashing Revolutionary leader of Paris. Though he knows that he is sacrificing his own happiness and the one he loves with his whole soul, Jean Valjean goes at the risk of his life among the fighters in the streets of Paris; rescues the wounded Marius and brings him back to Cosette. Valjean also frees Javert, the police inspector whom the Revolutionists have made captive, and who has hounded him from the day he was first sent to the galleys. In return for this generous and unexpected action Javert afterwards gives Jean his own freedom.

The last years of Valjean's life are spent in loneliness and poverty. He has abandoned everything that Cosette and her Maurius may not want. The two find him one morning sobbing softly in the big chair in which he sits, with the little ragged dress that Cosette wore as a child. They understand then, but it is too late.

The great heart has slowly broken—and Jean Valjean has passed on.

NATIONAL GOOD ROADS MEETING BANKHEAD NATIONAL HIGHWAY

Much Enthusiasm Throughout United States
 Big Fight to be Made for Location of the
 Bankhead National Highway.

Every town on the Texas & Pacific Railroad, and all of West Texas, is getting ready for the big Good Roads Convention at Mineral Wells next week.

El Paso will have 40 delegates; Pecos, Midland and Big Spring will come with a large delegation. Colorado will be represented by Dr. P. C. Coleman, Judge C. H. Earnest, Secretary J. H. Greene, R. O. Pearson, W. W. Porter, Frank Newmon, S. D. Wood, F. B. Whipkey, J. A. Sadler, Judge J. C. Hall; Mrs. J. A. Sadler and Mrs. Brooks Bell. Many others have indicated their desire to go, and no doubt there will be at least fifty from this county. Loraine which always does her part, will furnish at least ten good boosters.

Sweetwater will go strong, and Abilene will be represented by 500 delegates and fully 100 votes.

The press of the United States is teeming with articles in regard to the seventh annual convention of the United States Good Roads Association, United States Good Roads Exhibit and the third annual convention of the Bankhead National Association, which convenes at Mineral Wells, April 14 to 19. Interest that is being manifested by the press throughout the country reflects the nation-wide interest in good roads and the focusing of attention on these conventions, that will inaugurate a movement to build permanent roads throughout the nation, and also to secure the passage of a bill in the next Congress, directing the United States road department to cooperate with the States in building two model hard surface national highways through the United States and to provide for connecting links of the same.

The convention will undoubtedly go on record as favoring the creation of a National Highway Commission, which will take over the various national roads and road funds and conduct the same as a separate department. Pains will be taken to beautify and mark the highways in the United States and to erect statuary and markers to commemorate the deeds and heroism of the soldiers of the recent world war.

Advices have been received at Mineral Wells that not less than eight governors of states along the proposed Bankhead highway will be present and speak during the session of the convention. The latest governor to signify his intention is from New Mexico, who has engaged a suit of rooms to be taken a week in advance of the opening of the session. Congressman Thomas L. Blanton has accepted an invitation to speak before the convention.

Delegates have been appointed from over thirty states, seventy five Chambers of Commerce and over five hundred counties in the various states. Also forty of the leading cities have appointed delegates to attend. It is estimated that in all at least ten thousand delegates have been appointed and will journey to Mineral Wells.

United States Senator John H. Bankhead, who is president of the Association will arrive there on Sunday April 13th to be ready to take charge of the Convention and preside over same.

The welcome address will be delivered by Governor W. P. Hobby on behalf of the people of Texas. It will be responded to by Governor Brough of Arkansas, who is First Vice-President of the Association. Addresses will be delivered by Governors Bilbo of Mississippi, Pleasant of Louisiana, Robertson of Oklahoma Shoup of Colorado and Lazarolo of New Mexico. Senator Morris Sheppard will be in attendance, addressing the convention and participating in the business of same.

But the matter that interests Texas people more than any other one feature in this meeting is the location of the Bankhead National Highway. Two routes are in question; one is

Through Oklahoma and New Mexico to El Paso and then on to California. The other route, and by far the best and most feasible in our opinion, is from Texarkana to El Paso, parallel with the Texas and Pacific railroad all the way. One of the biggest advantages of the latter route is the fact that it will go over Texas State Highway No. 1, the greater part of which has already been built or is rapidly being built, already having a first class surfaced road over most of this route. The Texas people and especially those of West Texas are going after this road, and we are almost sure to get it. If Arkansas and Virginia stands by Texas as they did at the Little Rock convention, we can hardly fail.

The Exhibition Hall of the United States Good Roads Exhibit, which is adjoining the Standard Pavilion, where the meetings of the Good Roads Association will be held, is being rapidly put in order ready for exhibits to be placed which have arrived in Mineral Wells. The booths are being erected, floors laid, plot covered, aisles made, electric lights erected, signs posted and everything necessary for the success of a first-class exhibition of good roads machinery, road and street material, trucks, tractors and automobiles of the latest design, is being done.

The Exhibition Hall will be open day and night. The public is invited to inspect these exhibits and also to view the moving pictures that will be shown in connection with the exhibits. The management has arranged so that there will be no regular sessions at night, but from 7 until 9 o'clock each night, there will be moving picture entertainments.

The exhibits are going to varied and instructive. It will be a great opportunity for the people to view the latest improved road machinery for building good roads. It is estimated that during the week more than twenty-five thousand people will view these exhibits. Manufacturers and dealers will certainly have a great opportunity by exhibiting at this convention. Many telegrams and letters are being received daily, asking for reservations of booths, which are going quite rapidly.

J. H. Greene of the Chamber of Commerce has been hustling new members this week, and Colorado expects to go with eight or ten unit votes (one vote for each ten members) and all our neighboring towns are doing their best. West Texas must have this road; we need it in our business, and we are going to get it if hard work and hustling will do the work. Let everybody go from Mitchell county who can, whether a member or not, and do what you can.

This route has already been adopted by the Ozark Trail Association, and as State Highway No. 1, and the Bankhead National road, we would have the best and finest long distance road in the United States. This road would be of far more value to the towns and counties along the route than would a railroad. Let's go and get it.

W. E. Hobbs is a new comer from Henderson county, and is now out on the Mrs. Douglass farm. Mr. Hobbs says this looks to him to be one of the best counties in Texas and regrets that he did not move west sooner. We wonder what he would have said had he been here last July. Mr. Hobbs is now a full fledged citizen of the county, as he has his name on the Record's list.

SCHOOL BOARD ELECTION.

Last Saturday was school election day all over the State. In Colorado Independent District the election was held, and considerable excitement prevailed at the eleventh hour, as some opposition developed against the old board.

99 votes were cast as follows:

Sam Majors	95
H. S. Beal	75
R. P. Price	75
H. C. Doss	75
J. C. Prude	74
R. B. Terrell	74
J. M. Thomas	65
T. W. Stonerod	28
A. A. Dorn	28
H. L. Hutchinson	28
Joe H. Smoot	24
J. R. Sheppard	21
A. J. Coe	21
Jerry Riordan	1
J. C. Hooker	1
S. D. Wood	1
Geo. W. Slaton	1
C. P. Conaway	1

Thus it will be seen that the old Board was reelected, except Sam Majors, who was already serving under appointment. The first seven names (members of the old board) were printed on the ticket, and the other names receiving votes were written by the voters, scratching the printed names.

There seems to have been some misunderstanding about the names being put on the ticket. The Record was asked to print a number of new names on the ticket. We went to

Mr. Thomas, president of the board, when he informed us that the printer had no authority to print any names on the ticket except those furnished by the Board. This was the school law, and we, of course, printed the ticket as it was turned in to us.

In State elections, when the Democratic Executive Committee meets to make up the primary election ticket and turns it in, the printer has no authority to change it or add any other names. But any person wanting their names on the primary election ticket must see the executive committee, make the necessary arrangements, and his name will be put on.

The same condition prevails in school elections, the board taking the place of the executive committee. Any one wanting on this ticket should have made application to the Board before the ticket was prepared, and their names would have been printed on the ticket. The Board makes up the ticket for each election, using the names of applicants for the position. As no applications were made to the Board in proper form, just the names of the old board (who had indicated their willingness to run) were placed on the ticket.

The members of the old board were elected by a handsome majority and as they have all the school matters well in hand, including the financing of it, it is probably best that no material changes were made in the Board; and that they may carry out the work as now under way.

"During the winters of 1897 and 1898, I was so badly afflicted with catarrh of the head and throat that I must surely die from it. After trying many doctors and all other recommended remedies made known to me, I was cured entirely by using twelve bottles of Peruna and one bottle of Manalin.

A SERIOUS AND COSTLY FIRE AT RANGER.

Fire started at 9:50 p. m. Sunday causing a \$750,000 loss with but a small insurance. Almost two square blocks of the business district of Ranger were wiped out by the fire.

Before the flames had died away owners of the destroyed structures were planning to rebuild.

One man who has not yet been identified, was killed by falling off a roof during the fire.

Under provisions of a recently passed city ordinance, only fireproof buildings can be erected in these two blocks as they are in the fire district. Several of the largest restaurants were burned to the ground. The Wilson Hotel was the pivot of the fire, the flames eating in two directions.

J. A. Craven of Waco, owner of the Stock Exchange, which was destroyed by the flames, was seriously injured during the fire.

Dr. Carl Wilson opened a small "hospital" during the fire and was kept busy bandaging minor cuts and burns sustained by the fire fighters.

The district that was destroyed consisted mostly of frame buildings erected quickly to take care of the constantly increasing abnormal population attracted to Ranger by oil.

Among the concerns that were destroyed are: Ratliff Bakery, Acme Laundry, Little Taylor Shop, Ranger Stock Exchange, Ragtown Cafe, Texas Bakery and Restaurant, Western Union office in rear of Wilson Hotel, Guaranty State Bank in corner of Wilson Hotel, C. & A. Clothing store, Scott's Cafe, Wilson's Pool Hall, barber shop and restaurant; Oklahoma Eating House, American Restaurant,

Mike's Place, Majestic Theatre, Majestic Restaurant, Ranger Auto and Electric Company, Humphrey's restaurant, Humphrey's hotel, Racket Store, West Texas Auto Supply Company, David Kessler's jewelry store and a rooming house and large dance hall which were being constructed.

Four People Lost Lives.

Fort Worth, April 7.—A telephone message to Fort Worth this afternoon quoted Fire Chief Smith of Ranger as saying that four lives were lost in the fire at that place Sunday night. None of the bodies have been identified. One, a woman, was run over by a truck. One body, that of a white man, was recovered from the debris this afternoon.

DEBS MUST SERVE SENTENCE.

The application of Eugene V. Debs for a rehearing of his appeal from conviction and sentence of ten years imprisonment for violation of the espionage act, was defeated by the Supreme Court, which means that Mr. Debs will be called upon to serve the sentence. Debs is a big man in his way and should have known better than to say and do what he was convicted of. The experience he has had should be a lesson to others. Citizens of the United States live under the greatest government the world has ever known. It is beyond all question the best and people need to realize what they have. No system could be an improvement. Let us love and cherish it as we love life.—Abilene Reporter.

EVER SALIVATED BY CALOMEL? HORRIBLE!

Calomel is Quicksilver and Acts Like Dynamite on Your Liver.

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into sour bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your druggist sell for a few cents a large bottle of Dodson's Liver Tone, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not salivate.

Don't take calomel! It makes you sick the next day; it loses you a days work. Dodson's Liver Tone straightens you right up and you feel great. Give it to the children because it is perfectly harmless and doesn't gripe.

MANY TEXANS REPORT BIG GAINS IN WEIGHT

Thousands of Thin, Frail People Are Restored to Health and Strength By Tanlac--Amazing Gains in Weight Are Related--Powers of Medicine Conclusively Proven.

ONE of the most noteworthy features in connection with Tanlac and one which stands out more prominently than any other, perhaps, is the large number of well known men and women from all parts of Texas who have recently reported astonishing and rapid increases in weight as a result of its use.

Thousands have testified that this famous medicine has completely restored them to health and strength after every other medicine and the most skilled medical treatment had failed.

One of the most interesting cases noted is that of Robert T. Kelly, a well-known former aldrman and for three years in charge of the county farm of Falls county, who lives at 1209 North Commerce street, Fort Worth, Texas, who says: "Eleven years ago I was a well and healthy man, then something went wrong. I lost my appetite and fell off in weight. My nerves were shattered, my whole body was racked with pain and I took to my bed, where I lay for several months almost helpless. "I decided to try Tanlac and before I had finished my first bottle the pains began to leave me and as I kept it up I improved steadily, gaining twenty pounds in weight and now feel in better shape than I have in many years."

Houston Woman's Gain

Mrs. Joseph Swartz, living at 3408 Capitol Ave., Houston, Texas, says: "I have actually gained over twenty pounds by taking Tanlac, and my recovery has made me one of the happiest women in Texas. I suffered for two years with stomach trouble and could hardly eat a thing. Treatment and medicine did me no good, and I fell off until I was a complete physical and nervous wreck. "Since taking Tanlac my troubles have entirely gone and I haven't had a symptom of my old trouble in nearly a year."

Dallas Woman Makes Gain

Mrs. Martha M. Allen, who lives at 820 North Pearl St., Dallas, Texas, says: "When I began taking Tanlac I had been suffering a long time with rheumatism that pained me so I could hardly walk; I was dreadfully nervous and was in misery nearly all the time. "After taking Tanlac every sign of rheumatism disappeared; those nervous spells left me and I actually gained thirty-three pounds and sleep and feel better than I have in years."

El Paso Man Gains 32 Pounds.

W. D. Jones, foreman in the feed floor at the El Paso (Texas) Smelter says: "I have already gained thirty-two pounds by taking Tanlac and everybody is amazed at my wonderful recovery. My stomach got in such an awful fix that I could hardly eat a thing and I would go for three days at a time without taking more than a glass of milk. I had rheumatism so bad I couldn't dress myself and fell off dreadfully in weight. "After taking a few bottles of Tanlac I was a well man once more."

VOICE FROM VALLEYVIEW

Rev. Moody filled his regular appointment here Sunday. Mr. George Hutchins and family, Loraine spent Sunday with Mr. S. H. Hart and family. Quite a few from this place attended the track meet at Colorado Saturday. Mr. Joe Johnson and family spent Sunday at the Beight's home. Misses Ruby and Pearl Beight and Messrs Clifford Compton, Chester Hart and Earl Vanbiber spent Sunday in the home of Pearl Lefevre. The young folks enjoyed a party Friday night at the home of Mr. A. J. Compton. Mr. and Mrs. Lefevre visited in Roscoe Saturday.

INTERSCHOLASTIC LEAGUE.

The annual interscholastic league of Mitchell county was held here last Saturday. Considering the "unpreparedness" for the event there was a good deal of enthusiasm on the part of those taking part. As there was no county institute held here this year the teachers had had no opportunity to confer with each other for the necessary plans and work up the enthusiasm it takes to make such affairs a success.

Only a few schools were represented. In fact we believe Colorado, Loraine and Westbrook were the only ones who had representatives.

When all the points were counted it was found that Loraine was entitled to honors. This makes her third year to come out victorious.

Considering the practice our girls and boys did well, and played clean games all the way through.

Brooks Bell took first place in the Junior boys broad jump, and Raymond Murphy second; with Garland Shepherd third.

Also the Senior girls 30 yard dash was won by Colorado, Isla Dorn taking first place and Daisy Adams second.

The tennis game also went to Colorado, John Prude and Earl King being the winners.

The evening events consisted only in spelling and declaiming, and were held at the high school auditorium.

The spelling was lengthy, the Juniors spelling the entire list and only were baffled after spelling much of the Senior list of words. The final outcome was that Colorado got both the Junior and Senior spelling, the honors going to Laura Ausley and Annie Mary Lupton.

Loraine and Colorado only had entries in the Senior declamations. These were of a patriotic nature and were well rendered. Miss Irma Quinney of Colorado won the Senior girls and Alphonso Dunnahoo of Loraine the Senior boys. Loraine Junior boys declamation was won by default Westbrook Junior girl was also won by default.

The district meet will be held at Abilene April 18, 19 and Colorado winners are preparing to go.

WESTBROOK ITEMS

Miss Lela Brown has returned from a visit with her cousin, Mrs. Amsroting, at Merkel.

Remember the Easter services at the Methodist Church Sunday morning. Services will be commenced at 10:45, fast time. The morning offering at this service will go to missionary work; in other words to the little starving children across the waters. Bring a nickel or a dime with you. The Easter services are had one Sunday early on account of it being the regular Sunday for services. Everybody is invited to attend.

Quite a number of our citizens are having fresh vegetables from their own gardens, such as lettuce, onions, radishes, mustard, etc.

Quite a number attended the county track meet at Colorado Saturday. We are proud of the honors that Westbrook took, especially so in view of the fact that they only had a few days to prepare their parts. Little Agnes Oliver won first honors in the Junior declamation; Miss Adaline Morris won second in Senior spelling; Johnnie Gressett third in Junior Spelling.

Misses Bessie Golden and Pauline Felker spent the week end with friends in Colorado.

Mrs. L. E. Langly and little daughter, Thelma, returned to their home in Dallas, Saturday.

W. L. Cope and family, who for two years have made Abilene their home, are moving back to Westbrook this week.

Saturday was election day for school trustees, and the following E. Simpson, E. V. Bell, and Birchoe were elected; J. E. Skelton and N. E. Simpson, E. V. Bell and A. F. Bledsoe tied.

Mrs. Willie Gregory who has been taking a nurses course at Abilene, is visiting relatives in Westbrook.

Confederate pension apportionment of \$23 per quarter for the next two quarters was announced by Comptroller Terrell on April 1. This is the largest apportionment for this purpose that the state has ever made.

STATE LANDS MAY SOON BE PURCHASED.

Austin, April 4.—All State land will be made available for purchase without the requirement of settlement after September 1, 1919, under the law which was signed by Governor Hobby today. No leases of lands, however, will be placed on sale until the first sale date after the lease expires.

WHOOPIING COUGH.

Give Chamberlain's Cough Remedy to keep the cough loose and expectoration easy. It is excellent.

The Doss' are moving one to tother place and the other to tother place. The Record don't see why they didn't swap drug stocks and move the proprietors instead of the stocks. Or swap buidings and moved the stocks without the proprietors, or moved the buildings and the stocks and the proprietors; or moved the stocks and let the proprietors remain where they are—but what's the use, the buildings, the goods and the proprietors all be long to the Doss' boys, so let 'em get it straightened out.

LIFT CORNS OR CALLUSES OFF

Doesn't hurt! Lift any corn or callus off with fingers

Don't suffer! A tiny bottle of Freezone costs but a few cents at any drug store. Apply a few drops on the corns, calluses and "hard skin" on bottom of feet, then lift them off. When Freezone removes corns from the toes or calluses from the bottom of feet, the skin beneath is tender and healthy and never sore, tetter or irritated. Adv.

The Burkburnett oil field on Sunday night sustained damages estimated at \$600,000 as a result of a severe windstorm that swept the field from the west. Altogether about 300 derricks were blown down and in the town of Burkburnett some were blown over on dwellings, crashing through the roofs. No injuries of consequence are reported, altho there are many stories of narrow escapes from falling timbers.

The Bankhead Highway will be a government military highway and that means a sure-enough highway. Texas must get it.

Joe Bailey has quit the Democratic party, so has our old friend Bordeaux. In talking to the Record man Mr. Bordeaux said, "I met Joe in Gainsville some six years ago and told him then he ought to get out and get over where he belonged." And now Joe has taken Mr. Bordeaux advice. The party may be weakened by Mr. Bailey's retirement, but we doubt seriously if he can strengthen the nation wide anti prohibition side.

We print this week a page advertisement explaining the plans of the E. K. Progressive Life and Accident Association of Snyder. We have read it carefully and find same worthy of any one's consideration.

No poor man can afford to go without insurance, the rich can, but too often the man who can least afford to be without insurance neglects to carry insurance and when overtaken by death he leaves his wife and little ones to face the world without money and without a home.

This Association offers an insurance that is within the reach of all until the limit of numbers is reached. It is unquestionably the cheapest insurance to be had.

This plan is now in the progressive plan and if accepted and patronized as it should be it will give us insurance second to none and at a price that cannot be met by others.

Meet me at Jake's restaurant.

A SMALL GIFT FOR A BIG PURPOSE.

This is the day of giving and loaning. Mitchell county has been asked for one hundred dollars for Y. W. C. A. Work. Every one knows of the splendid work the Y. W. C. A. did during the war. The work ahead is of equal importance and must be attended to at once. Mrs. A. L. Whipkey has been appointed chairman of this work and as the amount is so small, compared to the work, she and her helpers have decided to present it now and use it as a relish, so to speak, for the big amount that is to be loaned (not given) to the Victory Loan. The gracious spirit of giving to safeguard our young women in business in our own country will broaden the vision for loaning in a business sense. The work will be explained more fully later, but in the meantime put aside, an offering for the Young Womens Christian Association work right at home.

OIL!
No new developments in oil this week. Some interested citizens are still piking at it. A few oil men are still making inquiries, but so far nothing has been done. Deep tests are being put down on all sides of us. —Scurry, Nolan, Coke, Sterling, Tom Green, Glasscock and Howard are all putting down wells. If these counties all get gushers then Mitchell county may come in. Knowing ones say we'll soon have several drilling contracts, but at this time there is nothing to give out.

RED CROSS MEETING.

A meeting of the Mitchell county Executive Board of the Red Cross was held at the M. E. Church Wednesday afternoon. The regular business was transacted. Mrs. Merritt, chairman of the nursing department reported that so far she had been unable to enlist enough women in the work to justify employing an instructor. As the department is to emphasize the reconstruction work she was urged to give it further effort. She will have more to say about the work through these columns later. She has now appointed the following committee to assist in this work. Representatives come from all organizations: Mrs. Thos. Dawes, Sec.; Miss Annie McMurphy, Teacher; Dr. P. C. Coleman, Med. Association; J. H. Greene, Chamber of Commerce; Dr. W. A. Williams, Clergy; Mrs. A. C. Pratt, Loraine, Home Service; W. A. Dulin, County Agent; Mrs. S. L. Majors, Clubs.

Mrs. Whipkey, Chairman of Production reported the quota of 300 refugee garments received and that work would begin on them Monday.

R. P. Price who had charge of the old clothing for refugees reported that there had been over 1800 pounds received. This is double the quota.

Rev. W. C. Garrett, Mrs. Broaddus and Mrs. Merritt, were appointed as a committee to assist the treasurer to make appropriations for the Chapter this year and send other money to headquarters as the overseas rescue work is greatly in need at this time.

A committee was appointed—J. H. Greene and J. H. Smoot—in finishing the collecting of the last Red Cross War Drive. This is a debt of honor and it was thought it would be sure to be paid when brought to the attention of the subscribers.

MORE RED CROSS SEWING.

The belated Red Cross refugee sewing has arrived and the work rooms will be open next week. This work can be taken to the homes if the workers desire.

We wish especially to call attention to the workers in the country that this work is much needed and ask that they come in and take out as much as they can possibly do. By every one doing her part we may be able to get the 300 garments done on the regular time, May 15th, as this is one month late all hands will have to get busy.

Mrs. C. H. Lasky, chairman of this week and the following women have been asked to act as supervisors on the different days:

- Monday—Mrs. C. H. Earnest.
- Tuesday—Mrs. O. M. Mitchell.
- Wednesday—Mrs. Jim Cooper.
- Thursday—Mrs. Lark Costin.
- Friday—Mrs. R. B. McIntire.

Choose your day to work at the rooms or take work home with you. Have a part.

DORN SCHOOL GIVES PLAY.

The people of the Dorn community laid aside dull care and enjoyed an evening of laughter at their school house last Friday evening. The house was filled to overflowing and all were loud in their praises of the play given by their own boys and girls, under the direction of their teachers, Miss Terry and Mrs. R. D. Hart.

The play was "Tompkin's Hired Man," with the following characters: Mr. Asa Tompkins, a prosperous farmer who cannot tolerate deceit—Willie Dorn.

Dixy, the Hired Man, nature's nobleman—R. D. Hart.

John Remington, a fine young man in love with Lucy—Reginald Gary.

Jerry, a half-grown awkward country lad—John Gary.

Louise, the daughter who Mr. Tompkins believed his own—Emma Dorn.

Julia, the only child of Mr. and Mrs. Tompkins—Iva Bynum.

Ruth, a niece of Mr. Tompkins, who boards in the Tompkins home.—Kate Richardson.

Mrs. Sarah Tompkins, a woman with a secret that embitters her life.—Miss Terry.

FATHER BUCKNER DEAD.

Father Buckner, head of Buckner Orphans Home at Dallas, and one of the most prominent and best beloved pioneers of Texas, died at his home Wednesday night. The whole state will be in mourning for this man of God.

West Texas enjoys the finest prospect for a small grain crop the country has had in many years.

For the benefit of those from the country who cannot attend at night, I will give a matinee every Saturday afternoon, at my new theatre next door to postoffice.—Chas. Taylor.

IN ERROR.

In our write up last week about the fine new concrete bridge across Lone Wolf, we were in error in that part of the statement wherein we said the Brown-Abbott Company was the successful bidders for this bridge. The facts are that all the concrete work, bridges, culverts, etc., on Highway No. 1, was contracted for through the commissioners court to S. E. Brown of Loraine, and to him only. This also included the Lone Wolf bridge. The Brown-Abbott Company was not organized, or thought of until after this bridge was built, and the Brown-Abbott Company had nothing to do with it. This statement is made because W. D. McCauley is one of the county commissioners and also a member of the Brown-Abbott Company. As before stated, the bridge was contracted for and built by S. E. Brown as per contract price with the commissioners court.

Farmer Lawrence Simpson, the make-shift printer we had last week has left us alone again. His mind was so deeply absorbed in fancy \$10 roosters and motor tractors that he could no longer stay indoors, so hid himself away to the rural districts to fight General Green and dream of four bales of cotton to the acre at 30 cents a pound. In the meantime the Record will endeavor to get along until he tires of unrealized visions and returns to his first love—the printing business. Mr. Simpson is too good a printer to "waste his sweetness on the desert air."

Mr. Cliff Etheridge, formerly an employee in the Adams store, now at Hereford, Ala., has been sent for and will arrive Friday night to take up his work again in the store during Mr. Adams' absence.

NOTICE SCHOOL PATRONS

Mr. C. E. Franklin has just finished taking the scholastic census, and all parents or patrons of the school are advised that if for any reason their children have not been included in the census, to report the matter either to Supt. E. F. King; J. M. Thomas, Pres. of the Board, or H. C. Doss, Secretary. It is important that every child in the district be included in this census, because the state apportionment is made for the number turned in. If any have been missed, or families moved in since the census was taken, they will please report at once to one of the above parties, and get the names of all the children entered on the roll.

WORK AND STUDY CLUB.

The work and study club of the M. E. Church met with Mrs. Stoneham Beal Monday afternoon. Mrs. Garvin conducted the bible lesson—God's commands to Labor. The lesson in the Path of Labor, was led by Mrs. Merritt, the Negro Laborer being the chapter studied. Mesdames Leslie Crowder, H. B. Broadus, Ed Jones, Sam Majors were all guests and told of the work done for the Negroes in their denomination. Mrs. J. B. Annis of Clarendon was also a guest. The hostess served a salad, nut bread and ice tea.

HESPERIAN

The Hesperian Club met with Mrs. Majors last week. The lesson was Tennyson's Idyls of the King. The business period was devoted to Federation matters and plans discussed for the district meeting soon to be held at Eastland. Mrs. J. B. Annis of Clarendon, was a guest. The hostess served chocolate pie and coffee.

Mrs. Ross Dixon left Friday night for Fort Worth to meet her husband who is in the 132nd Division and was expected to arrive on Sunday.

LENTEN TEA.

A MARRIAGE

Of great interest to many Abilene friends of the bride was one which took place yesterday morning at seven o'clock at the home of Mrs. M. C. Morgan, when her daughter, Miss Claudia became the bride of Mr. Norman Henry Cush.

While Miss Lucile Auten softly played Mendelssohn's Wedding March, Rev. Lee R. Scarborough spoke the solemn words which united them in marriage. Only the members of the family and a few intimate friends were present. Mr. and Mrs. Cush left immediately after the ceremony on the Sunshine special for New Orleans. In about two weeks they will return and make their home in Colorado City, where Mr. Cush is manager of the Western Union.

The bride was gowned in a handsome navy blue tricolette suit with accessories harmonizing. She was reared in Abilene and has many warm friends here, whom she has made by her sweetness of disposition and strength of character.—Abilene Reporter.

Miss Claudia has for several years been in the employ of F. M. Burns dry goods emporium, and has, by her quiet, modest and unassuming manner, made many friends who wish her a long life of prosperity and happiness. The groom, while almost a stranger here, is a young man of good report, upright character and industry. He is to be congratulated on winning Miss Claudia as his bride.

HONORING MRS. ANNIS.

Several of the social events of last week were given in honor of Mrs. J. B. Annis, of Clarendon who is visiting Mrs. Merritt and other friends here. For several years this family lived here and each of the events brought old friends together to renew past friendships.

On Friday night Mr. and Mrs. F. B. Whipkey gave a picture show party in her honor. On Saturday afternoon Mrs. T. W. Stonerod entertained with a sewing party. The spirit of spring was displayed by the lovely decorations of wild flowers which are so abundant now, and also ferns and sweet peas were used. Each guest brought her sewing, but tongues went faster than needles, and going home time came all too soon. The hostess served fruit salad, potato chips, jelly, brown and white sandwiches and ice tea.

On Sunday evening Mrs. Jake Maurer entertained a few special guests with an oyster supper, which was greatly enjoyed by all.

FIRST BIRTHDAY.

The only Robert Earl Wulfjen has now reached the tottering age of one year and it was duly celebrated last Saturday by the other babies and their mamas of the neighborhood being present and the mamas comparing the many talents of their sons and daughters. A birthday cake with one candle was the center of attraction (besides the babies). Ice cream cones were served. Balloons were given as souvenirs.

CENTENARY SERMON

On Sunday at the eleven o'clock hour, Dr. Winifred Hunt, pastor of St. Paul's M. E. Church at Abilene, preached on this subject. His church has given him a ninety day leave of absence that he might work for the Centenary Campaign.

A large congregation heard him and were inspired by his message and pledged themselves to greater efforts for the Master's cause.

Dr. Hunt is a man of rare ability, keen observation and with a heart full of zeal for the spread of the gospel.

He spoke on The Day of Opportunities and reminded his people that now was the time to go forward. If they faltered now they would not only suffer loss but would meet God's disapproval.

This was no time for little things, but the time for methods to be true to the principles of Methodism, and go forward; a time for prayer, consecration and giving.

EAST SIDE SINGING.

At Longfellow school house next Sunday will be held the East Side All-Day Singing. County Chairman, W. L. Doss says he expects all of Lorraine and most of Colorado to attend. Special stress is placed on the request for everybody to bring well filled baskets for dinner. There will be lots of people there and most of them will be hungry. Bring your dinner and enough for the other fellow. Singing all day and dinner on the ground will make a pleasant outing for those who attend. Everybody is invited.

EASTER SUNDAY.

Easter comes on the 20th. This is the day to display your new Easter suit and is the great millinery opening day for the ladies. The day will be observed in Colorado by a special service at the M. E. Church. The Snyder Commandry No. 69, Knights Templars will come down in a body and be joined here by some 15 or 18 Colorado Knights, and all go to the Methodist Church for a special sermon by Rev. W. P. Garvin, he being a Knight. After the service all Knights and their wives will repair to the Barcroft Hotel for a specially prepared banquet. Judge Looney has been selected as toast master. It is the intention now to have the Church service a union service. Dr. W. A. Williams and J. C. Prude will go to Big Spring that day where Dr. Williams will preach the Templars sermon at that place.

VICTORY LIBERTY LOAN.

The Victory Liberty Loan is soon to be launched and as becomes a patriotic, liberty loving people Mitchell county will do her part; the part of gratitude, thanksgiving and honesty. Gratitude and thanksgiving to God for His guiding hand in all our undertakings; honesty to ourselves and in the eyes of the world to pay an honest debt.

On Tuesday afternoon some of the women had a conference at the M. E. Church to talk over plans to carry on the work.

Mrs. Grace V. Copes of Dallas, who is making a tour of the west to appoint county chairmen for the women's work, was there and told of her work.

While this is a big undertaking, she has so far succeeded in securing enthusiastic leaders everywhere—women who are willing to put their shoulders under the burden, along with their brothers, and make this indeed a Victory Loan.

Splendid talks were made by Dr. P. C. Coleman, County Chairman, J. H. Greene Chairman of the Publicity Committee and Rev. Garvin. Mrs. J. G. Merritt as County Chairman of woman's work also made a good talk.

More information regarding this will be given out soon, and every citizen in the county will have an opportunity to do his part.

Until then think Victory Loan; talk Victory Loan and above all be ready to loan to Victory Loan when the time comes.

APRIL FOOL AUCTION.

The Central Circle of the M. E. Church entertained on April first with an April Fool Auction. Big, little, old and young gathered in the basement of the church for an evening of fun and also to have a part in the paying of the ceiling of the basement which the women of the church had just had done. Mrs. Barcroft auctioned off the articles. She was an honest auctioneer as she told them that some of the packages were more attractive on the outside than on the inside. But combining service with pleasure the articles were enthusiastically bid on until all were sold. A nice sum was realized and a pleasant evening was spent. Different kinds of pie and coffee were served.

The Auxiliary met with Mrs. Leslie Crowder Thursday with Mrs. Sam Majors leader. The subject was Pioneers in the New Pathway in the Orient. Mrs. Broadus had a paper on Asiatic Women in Business, Her Place Education, Literature and Professional Life. Mrs. Majors gave the message from C. W. B. M. CHRISTIAN CHURCH.

Bible school Sunday at the usual hour. Regular service and preaching at the morning hour and at 8:30 p. m. Come and bring a friend with you. You will find a sincere welcome.

D. R. Hardison, Pastor.

News comes from Mrs. P. C. Coleman who is in Dallas, that she has just heard Dr. Anna Howard Shaw speak on the question of woman suffrage. To use her own words she "was thrilled." That increased her desire to see the amendment pass, but when she learned that Joe Bailey was to take a stand "agin" it her cup ran over, and she says Colorado women must arouse themselves and let the men see where they stand. Surely Mitchell county men will all stand in a solid phalanx to oppose Joe Bailey and will give the amendment the "yes" that it deserves.

Miss Lois Prude was called home from her visit in Fort Davis on account of the sickness of her mother.

Mrs. J. C. Prude who has been very sick this week is reported better.

Word comes that the Cookseys are on their way back home. Mr. Ausley has vacated the Cooksey home ready for their arrival

BAPTIST AFFAIRS IN COLORADO

Watch the blackboard in front of the Baptist church and decide what part you will have in helping to "cut the tree down" next Sunday morning. Sunday night the pastor will preach on what he heard at the Sunday School convention.

On Easter Sunday the Baptists are planning for a great service at 11 a. m. Special music, talks and special sermon. Watch the paper next week to learn more about it.

At the church conference last week it was unanimously voted to hold a revival meeting at the Baptist church immediately after the closing of the Colorado public schools about June first. The church also voted to ask the pastor to do the preaching in the meeting and to employ a gospel singer and personal worker for the meeting. Let everybody begin to get ready for the meeting by helping to "cut the tree down" next Sunday morning.

Mayor C. M. Adams who has been in bad health for some time was suddenly taken worse the last of the week and was advised by his physician to change climate. On Wednesday morning he, with Mrs. Adams and two daughters, Misses Byrd and Marion, left for Selma, Ala., where he will be taken to a sanitarium and placed under special treatment. The family will be absent for an indefinite time. Col. Adams is an "old timer," and has done more perhaps than any one man to help build up and develop this country, and Colorado especially. Friends of the family who are numbered by the hundreds hope that he'll speedily recover, and will return to his accustomed duties and familiar scenes at an early day.

YOUNG PEOPLE MEET.

The Young People's Missionary Society of the M. E. Church met with Mrs. Barcroft last Saturday in business session. All pledges and dues are being met and good reports generally were given.

S. D. Wood left last Sunday for Dallas as a delegate to the State encampment of the W. O. W., representing this camp. Mr. Wood will also visit home folks at Ennis and come back by Mineral Wells to the Good Roads Convention.

Read the Record's WANT ADS.

Jack M. Wood is another Windom man who buys land in Mitchell county. He now owns a farm north and one south of town, and while here last week seemed to be well pleased with the outlook. While here Jack subscribed for the Record, treated the editor to a coke, and told us a yarn on our old friend Jim Lowrey of the Honey Grove Signal, and went his way rejoicing.

FOR SALE.—I offer my home for sale—a nicely improved small place, with good cellar and well located. Will sell cheap and on good terms.—See or phone Mrs. Maud Scott.

U. D. C. MEETING.

The U. D. C. will meet with Mrs. G. W. Smith next Tuesday at 4:30 p. m. All the members are urged to be present.

In 1848 Sir Arthur Garrod proved that in gout (also true in rheumatism) there is deficient elimination on the part of the kidneys and the poisons within are not thrown off.

Prof. H. Straus attributes a gouty attack to the heaping up of poisons where there is an abundance of uric acid which is precipitated in the joints and sheaths, setting up inflammation. Before the attack of gout or rheumatism there is sometimes headache, or what is thought to be neuralgia, or rheumatic conditions, such as lumbago, pain in the back of the neck, or sciatica. As Prof. Straus says, "The excretion of uric acid we are able to effect by exciting diuresis." Drink copiously of water, six or eight glasses per day, hot water before meals, and obtain Anuric tablets, double strength, for 60 cts., at the nearest drug store and take them three times a day. If you want a trial package send 10 cents to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y.

"Anuric" (anti-uric) is a recent discovery of Dr. Pierce and much more potent than lithia, for it will dissolve uric acid as hot tea dissolves sugar.

STOMACH TROUBLE

Mr. Marion Holcomb, of Nancy, Ky., says: "For quite a long while I suffered with stomach trouble. I would have pains and a heavy feeling after my meals, a most disagreeable taste in my mouth. If I ate anything with butter, oil or grease, I would spit it up. I began to have regular sick headache. I had used pills and tablets, but after a course of these, I would be constipated. It just seemed to tear my stomach all up. I found they were no good at all for my trouble. I heard

THE DORF'S

BLACK-DRAUGHT

recommended very highly, so began to use it. It cured me. I keep it in the house all the time. It is the best liver medicine made. I do not have sick headache or stomach trouble any more." Black-Draught acts on the jaded liver and helps it to do its important work of throwing out waste materials and poisons from the system. This medicine should be in every household for use in time of need. Get a package today. If you feel sluggish, take a dose tonight. You will feel fresh tomorrow. Price 25c a package. All druggists.

CUTHBERT CULLINGS

Claud Hines of Sherman spent the week with friends at Cuthbert. He enlisted in Uncle Sams cause but while in training at San Antonio became sick. After lingering a long time, he was discharged and came home, where he is rapidly recovering. He carried a war risk policy, but as was never in battle and has no broken bones, even though disabled for life he gets no pension. Young soldier, if you want to get any cash on your war policy, you must get killed.

W. A. Dulin and family, also Dock Simpson and wife spent Sunday with Geo. E. Goodwin.

Rogers Bros. will move out to the country in a few days, where they will cultivate a big crop.

Some oil experts visited Reynolds ranch last week. They want fifteen sections of the pasture and are considering a drilling proposition.

For the first time in many years our transportation is hindered by rain, or rather by mud. So when our oil friends come to see us they can't see the country for water.

Elbert Womack reached home Saturday, having been on the road from Michigan nine days. His company was demobilized at Camp Bowie.

Chas. Womack is still in Michigan. Ward Jenkins who was wounded a few days before the armistice was signed has reached New York, but is still in hospital. The letters written to him from America never reached him, so that he was without news from home or friends until he reached the shores of America.

Pink Fuller, Will Womack, Newt Bron, Lloyd Brown, Burr Brown, Henry Everets, Howard Rogers, Albert Williams, Burney Autry, Lee Strain and Alonzo Strain are all in France or Germany.

Jesse Uzzle left with the other boys but, alas, will never return, having made the supreme sacrifice and paid the final debt before reaching the land of the Hun.

Could a whirlwind have scattered autumn leaves more than the young men of Cuthbert were scattered?

Let us hope that no more sacrifice will be required and that before this good year closes they may all be at home once more.

During the four years drouth nearly all the fruit trees of our country

have died. Not so with an orchard on J. H. Haley's place. The land has been so well worked the trees survived. Also G. E. Goodwin has a fine orchard on his shinary farm.

Fishing! Who said it? No siree! no time for fishing this year. Can't take time even to tell a big fish yarn.

Planting has begun on a small scale. About two weeks later it will be in full blast. If farmers don't plant for an overplus of feed this year they will have nobody to kick but themselves if the price of hay goes to \$100 per ton.

W. H. Badgett (Uncle Henry) has all his sandy land ready for planting. He may prepare his red land later.

F. W. Hardee who has been in the Burk Burnett oil fields during the winter is at home now.

Jno. J. Cross is still working the carpenters trade while Grandpa Cross prepares the land for planting.

Bill Perry has treated himself to a parasol, or rather to a big wagon umbrella. He will attach this to his cultivator, where he can sit up and ride all day and plow. The time was when a plowman must walk and he was considered a fop who wore gloves to bleach his hands. The idea of riding and plowing at the same time was preposterous. Not so at the present. Bill Perry cultivates 200 acres each year, and hires no help but to chop and gather the crop.

"Bunk" Perry will plant and culti-

vate 256 acres this season. This he will undertake single handed, and will employ no help except to chop and gather. Can he do this successfully? Some of you farmers in Tennessee Kentucky, Mississippi, Alabama, or Georgia and North Carolina, may consider this man. He rides while plowing as well as when cultivating. He works four mules abreast; plants two rows at a time or plows eight furrows at once. He has plenty of feed for his teams; begins early Monday morning, works ten to twelve hours each day for six days each week. With extra good luck he will finish the plow season in August or early in September. By that time or earlier some of his crop will require gathering. Consider 70 or 72 hours of work each week from now until Christmas, all done cheerfully. An object lesson for I. W. W. "No beer no work" Whack up Socialists.

IF I WERE A FARMER.

If I were a farmer I would keep at hand a few reliable medicines for minor ailments that are not so serious as to require the attention of a physician, such as Chamberlain's Colic and Diarrhoea Remedy for bowel complaints.

Chamberlain's Cough Remedy for coughs, colds and croup.

Chamberlain's Liniment for sprains, bruises and rheumatic pains.

Cramerlain's Tablets for stomach troubles, biliousness and constipation.

By having these articles at hand it would often save the trouble of a trip to town in the busiest season or in the night, and would enable me to treat slight ailments as soon as they appear, and thereby avoid the more serious diseases that so often follow.

EASTLAND TO BUILD HIGHWAY THRU COUNTY.

The commissioners' court of Eastland county is just about to close a deal of selling the Eastland county road bonds authorized almost two years ago for road district number one, which is known as this county's unit of the Fort Worth El Paso National Highway. The bonds were voted in 1917 and before they could be sold the war came on and the sales of such bonds were discouraged by the government until after the war was over. Now it is planned by the road committee to go to work soon on this county's unit of the highway. The state and federal government has already made its allotment of funds to aid the local bond funds to build a concrete road. Since the coming of the oil field developments in this section the roads are badly needed. Eastland county hopes to have its unit built by the coming fall.

DON'T SCOLD, MOTHER! THE CROSS CHILD IS BILLIOUS, FEVERISH

Look at Tongue! If Coated, Clean Little Stomach, Liver, Bowels.

Don't scold your fretful, peevish child. See if tongue is coated; this is a sure sign its little stomach, liver and bowels are clogged with sour waste.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach-ache, indigestion, diarrhoea, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul waste, the sour bile and fermenting food passes out of the bowels and you have a well and playful child again. Children love this harmless "fruit laxative," and mothers can rest easy after giving it, because it never fails to make their little "insides" clean and sweet.

Keep it handy, Mother! A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Remember there are counterfeiters sold here, so surely look and see that yours is made by the "California Fig Syrup Company." Hand back with contempt any other fig syrup. Adv2

REDUCE PASSENGER RATES FOR SUMMER TRAVEL.

Washington, April 6.—Big slashes in passenger rates to encourage Summer travel to all the nation's breathing spots will go into effect June 1, it was stated Saturday night by the Railroad Administration. Reductions are expected to reach as much as 133 per cent of the increased rates during the war, or a virtual return to Summer excursion privileges of pre-war days.

Railroads have been asked to spend \$1,000,000 in advertising the new rates. A nationwide newspaper and magazine campaign will commence April 15, it is said.

DISTRICT SUNDAY SCHOOL CONVENTION.

Several members of the Baptist church and Mrs. Garrett, Mrs. Keathley, Mrs. Terrell and Mrs. Lasky attended the District Sunday School convention at Snyder last Monday and Tuesday. They report that the convention was an eye-opener. They saw Sunday School responsibility, worth and work as they had not seen it before. The speakers were all there, except one, and every speech was a message to make people see and feel the importance of the Sunday School. General State Secretary, W. P. Phillips and Director of Primary and Junior Work, Miss Faith McCarmick, were both there and gave addresses and round-table discussions on every department of Sunday school work, from cradle roll to home department. They were fine and made everybody want to be better Sunday school workers. The convention goes to Abilene next year.

HOW CAN YOU TELL YOUR FAVORITE TOBACCO?

As Plain as the Nose on Your Face—Just Smell It

Smokers do not have to put tobacco in their pipes to find out if they like it. They can just rub the tobacco between the palms of their hands and smell it. The nose is an infallible guide to smoking enjoyment.

All smoking tobaccos employ some flavoring "to improve the flavour and burning qualities of the leaves", to quote the Encyclopedia Britannica. Naturally, there is considerable difference in the kind of flavorings used, and the nose quickly detects this difference. TUXEDO Tobacco uses the purest, most wholesome, and delicious of all flavorings—chocolate. And the almost universal liking for chocolate in a great measure explains the widespread popularity of TUXEDO Tobacco.

Carefully aged, old Burley tobacco, plus a dash of pure chocolate, gives TUXEDO Tobacco a pure fragrance your nose can quickly distinguish from any other tobacco. Try it and see.

Snyder, Texas, April 1, 1919.
A Method of Progressive Life Insurance Devised by E. K. Smith, of Snyder, Texas.

Mutual Life and Accident Insurance based on the assessment plan. When membership is below 1000, the policy shall be \$1.00 for each member. When it reaches over 1000 the policy may be for \$1000.00.

Applying the foregoing principles to a practical proposition he presents the following:

ARTICLE XXIII.
Any member who shall fail to pay his annual dues of Two (\$2.00) dollars on or before the first day of November of each year, or who shall fail to pay any assessment within fifteen (15) days from the day on which the assessment notice is mailed by the secretary, addressed to the member at his last known postoffice address, shall stand suspended without any action by the Association or its officers, regardless of whether such member received such notice.

ARTICLE XXIV.
Whenever a member becomes suspended by failure to pay any dues or assessments, he may be reinstated by paying said delinquent dues and assessments, and by furnishing a certificate of health satisfactory to the secretary at any time within thirty (30) days from the date in which such member becomes suspended.

ARTICLE XXV.
Where an assessment or assessments are made against any policy holder in good standing in this Association,

such policy holder may make affidavit of his or her inability to pay such assessment or assessments, within the time given for the payment thereof, and upon the filing of such affidavit with the secretary he may, with the approval of the president, or vice-president, either or both, advance to such policy holder such assessment or assessments so made, out of the funds of this Association, if any there be on hand, and may carry such assessment for such policy holder for such length of time, and under such conditions and securities, as may to such officers seem secure, just and proper under the circumstances. And in the event of any such arrangements, such policy or policies shall remain in good standing during such deferred time, but in the event of the maturity of any such policy or policies under the conditions set out in this constitution, said assessment or assessments, if not sooner paid, shall be charged up against said policy, and deducted therefrom, without interest before turning the proceeds thereof over to the beneficiary, or the person or persons entitled to receive it.

ARTICLE XXVI.

They shall pay all agents commissions and general running expenses of every kind whatsoever in connection with the business, out of such fees and dues.

ARTICLE XXVII.
Any member may designate as beneficiary any person he or she may desire, and upon the death, total or partial disability of the insured, all funds derived from such policy shall not be subject to garnishment, or other process of the courts.

ARTICLE XXVIII.
Assessments for death claims, total or permanent disability, and accident claims shall not exceed One (\$1.00) dollar per member in good standing for each claim. The total amount paid on any one certificate shall not exceed One thousand (\$1000.00) dollars, but upon death total or permanent disability to any member, the total amount of insurance shall be paid regardless of any payments previously made for partial liability or accident. Assessments shall be levied in the sum of One (\$1.00) dollar upon every death or permanent disability, and in case the death or permanent disability rate is not more than six (6) per annum, the balance above the necessary amount to meet losses shall be placed in the general fund; and in case such rates exceed six (6) per annum, then the certificate holders shall be assessed pro rata in a sum sufficient to meet the loss.

ARTICLE XXIX.
When the amount set aside out of the membership fee to the general benefit fund shall reach One thousand (\$1000.00) dollars, there shall continue to be set aside, out of every membership fee, the sum of One (\$1.00) dollar which shall constitute a general fund to be loaned to members, under such regulations and provisions as may hereafter be stipulated by the secretary, and not to exceed three per cent per annum. And it is further provided that no officer or member of the board of trustees of this Association shall under any circumstances, either directly or indirectly, borrow from the Association any of this fund.

ARTICLE XXX.

TROUBLE MAKING CANTEN TAKEN OVER BY PERSHING

Grants Earnest Request of Y. M. C. A. Head—Did Better Than Expected, Says General.

Command (Special).—At the earnest request of E. C. Carter, general overseer, secretary of the Army Young Men's Christian Association, General Pershing has officially taken over the army canteen, and in the future all exchanges, or "canteens," will be operated by the military instead of the Y. M. C. A., as was the general custom before the present war.

According to Y. M. C. A. officials and investigators of recent criticism coming from overseas, the canteen has been the cause of nineteen-twentieths of the organization's trouble. In his letter to Mr. Carter, General Pershing declared that the Y. M. C. A. had taken the management of the post exchange at its request at a time when it was of the greatest importance that an available soldier should be taken care of in the military functions of outfitting and fighting.

THE WEATHER.

Since our last issue Colorado and Mitchell county has experienced every kind of weather recorded in the calendar, except dry weather. It has rained so much and so often we feel a hesitancy in reporting rains at all. We can now comment on the rains all we want to without fear of overdoing the thing, and none will dare to call in question our actions. Within the past week additional rains to the amount fully two inches have fallen. This rain came on top of other recent rains, and before the ground had dried so farmers could get into their fields. Within the past month we have had fully six inches of rain, enough to make all kinds of crops if they had been scattered over the crop growing season.

The consensus of opinion seems to be that we now have the best season we have had in a number of years, and that wheat is guaranteed. Nothing but hail storms can knock us out of a wheat crop. As soon as the ground is sufficiently dry farming will commence in earnest, and will be comparatively easy this year, as most of the weed crop is now up and it will be killed in planting operations.

There has been times in Mitchell county when the writer spoke of rains as generalities, but this is one time we are not afraid of any sun-of-a-gun calling us a liar when we say we have had dandy good rains. The man that grumbles now belongs to the Bolshevik crowd and should be bobsted out of town. Verily the West and good old Mitchell county has come into its own.

Dunlap-Burros.

On last Saturday evening at the home of the bride's mother, Mr. Donas Dunlap and Miss Dossie Burros were married by Rev. Richardson. The wedding was to be kept a secret until it was over with, but of course it leaked out. Some of the relatives and near friends were present. The home was nicely decorated. After the wedding which occurred at 5:30 o'clock, a nice 6 o'clock dinner was prepared for Mr. and Mrs. Dunlap by the bride's mother, Mrs. Burros. The young couple had another feast at the home of Donas' parents on Monday. Miss Burros is a former student of the Loraine school, and is one of our finest girls. She has always been popular in school and in social affairs. Mr. Dunlap has been in Loraine for the past few years and we have learned to look on him as a progressive young man. We hope for these young people all the joys life can bestow on them.

The crop prospects for Loraine were never better in the history of this country. We have a season that goes to the very bottom. Many farmers already have feed large enough to cultivate. If the farmers can get their crops planted before the weeds sap the ground then we feel like they are on the road to prosperity and happiness. The houses in the country surrounding Loraine are all occupied. The houses in town are being filled up some. We feel like this fall the lumber men will do business.

GIRLS! LEMON JUICE IS SKIN WHITENER

How to Make a Creamy Beauty Lotion for a Few Cents

The juice of two fresh lemons strained into a bottle containing three ounces of orchard white makes a whole quart of the most remarkable lemon skin beautifier at about the cost one must pay for a small jar of the ordinary cold creams. Care should be taken to strain the lemon juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener, whitener and beautifier. Just try it! Get three ounces of orchard white at any drug store and two lemons from the grocer and make up a quart of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands.

To the People of Loraine

We have been duly informed by the election holders that we, L. T. Britton, J. M. Baker, Arlie Martin, George Hutchins and W. L. Edmondson, have been elected Mayor and Aldermen of our town. We have discussed matters and will ask you the question What did you elect us for—to do what should be done, or do nothing? We have decided that you wanted us to do everything in our power for the betterment of the town, and to be a benefit to every home in the town. Co-operation is the secret of success in every undertaking in life, and we, your Mayor and Aldermen especially request the mothers and fathers in every home to help us in beautifying our town. Make everything as near perfectly sanitary as possible. Help us to enforce all the laws that we are sworn to do to the best of our knowledge and ability. It is our intention to work for the betterment of our incorporated town and surrounding country. We are bound to admit that we all have, for the past three years, neglected to care for our homes, streets and alleys, until it would be embarrassing to have strangers come to our town as visitors or as homeseekers. We, your Mayor and Aldermen, wish to suggest and request that every home owner will begin next week, after school hours, and put in the entire week, except Saturday, in cleaning up your premises, streets and alleys; straightening your yard and lot fences, especially making your lot fences and gates secure, to hold your stock. We are sworn to do our duty, and we want the help of every household in town to enforce these laws, as we are sworn to enforce the law. We especially request everybody to get busy, every afternoon next week, cleaning up their homes and alleys. We can't believe there will be a slacker in Loraine in aiding the above cause. We, the Mayor and Aldermen, personally request each business of Loraine to close their place of business every evening next week, promptly at 5 o'clock on new time, and turn out and help clean up around your homes and around your place of business.

County Track Meet.
Saturday April 5th the county track meet was held to see who should carry home the honors in each respective event.

The day was warm and still. The track events were held first, owing to failure of organization. Many entries were omitted. Perhaps some of the runs are worthy of mention. Alphonso Dunnahoo of Loraine won the mile run, leading the second man 300 yards, at completion of the race. In the 50 and 100 yard dash Virgil Bennett won by several feet. The Senior girls relay was won by Colorado.

Perhaps the most interesting events were the basket ball and base ball games. The base ball teams of Loraine and Colorado seemed to have been very evenly matched. The game went in Colorado's favor until Floyd Coffee with his fadeaway curve brought the score count in the majority for Loraine, the final score being 11-8 for Loraine.

The tennis games were won by John Prude and Earl King of Colorado. The basket ball game was the closing event of the field meet. The boys were very tired after the day's battling, but played a nice clean game of basket ball, ending in favor of Loraine. The score was 26-13. The night program was short, but rather interesting. The spelling contest proved to us that Mitchell county still has some spellers. Colorado won the spelling contest.

The declamation contest was very interesting. The orations all being on the order of patriotism. The Senior boys contest was won by Alphonso Dunnahoo of Loraine; while Miss Quinney of Colorado won the Senior Girls contest.

Some of the winners have expressed themselves as "rearing to go" to the district meet which is to be held at Abilene April 18-19. Those who are contemplating going are the Loraine basket ball team, the mile runner, 100 and 50 yard runner and the Senior boy declaimer, all from Loraine; the tennis team and the Senior girl declaimer of Colorado.

After the final count it was found that Loraine was entitled to all-round county championship which it has been her honor to hold for the past three years.

The tradition of the Loraine School athletes goes back to its very corner stone.

Married.
On last Wednesday evening the near relatives of Miss Ludy Adams saw her married to Ashby Bankhead. Both of these young people live in the Champion community. Mr. Bankhead has lately been discharged from the army, and now makes his home on the farm. Mrs. Bankhead is the daughter of Mr. and Mrs. Will Adams. It has been our privilege to know these young people for several years and we are sure that Ashby and Ludy are among the best of our land. May their life be long and happy.

Those from the country are invited to attend the matinee at The Best. The house is warm and comfortable, and I always have pictures that please Chas. Taylor, Prop.

Doan's Kidney Pills are for this very purpose. Here is testimony to prove their merit:

Mrs. B. F. Hargrove, Church st., Snyder Tex., says: "My back was in terrible shape. My feet and limbs were swollen and I had dizzy spells and frequent headaches. I used Doan's Kidney Pills and they did me more good than anything else I had ever taken. I don't have near as much trouble now as I used to. I occasionally notice weakness in my back or my kidneys are irregular in action, but it doesn't take many of Doan's Kidney Pills if troubled in that way."

East Side Singing.

Big doings at Longfellow school house next Sunday. The East Side will sing all day and have dinner in old fashion picnic style. Bring your basket of good things to eat and enjoy the day.

The peace conference has been hampered some by President Wilson being attacked by the flu, and Clemenceau's wound as the result of being shot. But we hope that the day is not distant when we shall have peace and let us hope that it shall be a lasting peace. The scriptures say "the sword shall be beaten into the plow share and the spear into the pruning hook." Who can tell but that time is now. If it is then the league of nations has been prophesied for untold ages.
