

Colorado Record

FOURTEENTH YEAR—VOL. XIV, No. 39.

COLORADO, TEXAS, FRIDAY, APRIL 25, 1919.

WHIPKEY PRINTING COMPANY

THEY'RE COMING HOME.

The people of Colorado City will join with Big Spring folks in tendering a welcome to Truck Company No. 4 of the Rainbow Division. It is suggested that a welcoming celebration be held at both Big Spring and Colorado on different dates, so all members of the company can be present, and the citizens of both towns cooperate in making the home-coming welcome one to be remembered. The Rainbow Division is now enroute from France, and the boys should be home during the first of May.—Big Spring Herald.

The Record endorses the above. The Mitchell and Howard County boys are on the way home and both counties should join in giving them a home welcome. Not only for the boys of this division but for all who have returned, in both these counties. By the time these boys arrive, nearly all will have returned, and what more fitting than that we welcome them all. They have been returning one or two at a time, for several months, and no public demonstration has been given them.

The Record suggests that Big Spring get ready and give the boys a big day, and all of Mitchell county will go over and help. Then (say the

following week) Mitchell county will do the same thing and invite Howard county to join us.

The Record suggests an old fashion basket picnic, on the court house lawn, with speaking and music at the tabernacle.

Let the Chamber of Commerce take the matter up with Howard county, decide on dates, etc.

If the day decided on is before the election (May 24) a number of good speakers can be secured, to tell us about the amendments, besides lots of good local oratorical talent. An interesting program can be arranged, with the speaking and music, and a big basket dinner on the ground.

No need to go to any great expense but have a good, jolly day, and welcome ALL the boys back home.

"THE ALL TEXAS ROUTE" WAS ADOPTED.

This Route Means that Bankhead National Highway Will Run Parallel With T. & P. Dallas to El Paso, Texas.

All the delegates have returned from the Good Roads Convention at Mineral Wells, where they put up a great fight and won the Bankhead National Highway for Texas, which will now run from Texarkana to El Paso over State Highway No. 1.

Hot Springs, Ark., will entertain the next convention of the United States Good Roads and National Bankhead Highway Associations, in 1920. Senator Bankhead was re-elected president of the U. S. Good Roads Association. T. S. Plowman of Talladega, Ala., was re-elected head of the Bankhead organization.

The right for the Directors of the Bankhead Association to decide on a route for the highway was taken away at the night session, which was a stormy one.

Oklahoma delegates lost a hard fight to have their proposed route designated as the "scenic" or branch route of the Bankhead Highway, after the "All Texas" route had been officially designated as the main route.

Directors of the Association adopted the pathfinders' report which recommended acceptance of the "All Texas" route. Then the Directors adopted an amendment which gave Oklahoma the authority to designate its route as the "scenic" route of the highway.

It was this amendment that started the fireworks. Texans objected to it. They declared that it detracted from the main route and that there should be but one route for the Bankhead Highway. They demanded that reconsideration be given and were successful in having the night session called. Awaiting the hour for the night session, advocates of the "All Texas" route met in a caucus and planned for the session.

At the night session, they presented a motion which took away from the directors the right to designate a route for the highway. It was an appeal from a resolution passed in 1918 at the Little Rock convention.

Charles E. McPherin of Durant led the fight for the Oklahoma route. He contended that even though the power was taken from the directors, that which had been done while the directors had that authority could not now be undone. He charged Texans with being unfair to the Panhandle, as the Oklahoma route would touch the Panhandle as a scenic route and the "All Texas" route would be in effect as adopted by the directors. He declared that the Texans were getting two routes when they only asked for one.

T. B. Ridgell of Rockwall, Adrian Pool of El Paso and Curtis Hancock of Dallas were the principal speakers for the "All Texas" route.

Ridgell contended that it was not best for the coast to coast highway for the scenic route to be divided. Pool and Hancock claimed that the resolution, taking the authority from the directors, was constitutional, and by proper action the Directors' report could be rejected.

At many times there were as many as four on the floor. Frequently the speakers were hissed.

Texas won out by having the largest number of votes and proxies. Texas with 674 votes, one for every ten members, led, Arkansas was second with 223 and Oklahoma third with 23.

Texas voted almost as a unit, rejecting the Directors' report and adopting the pathfinders' original report locating the Bankhead National Highway through Texas, and rejecting the proposed Oklahoma offer to build a scenic route.

The Colorado delegates returned jubilant over the victory, knowing that it means a big thing for Mitchell county, if this should be made a National Military Highway. The government don't do things by halves, and if they undertake to build a road from coast to coast, it will be some road. It will be worth more to the settlement and upbuilding of West Texas, than anything else that could happen.

The road to adversity is strewn with the wreckage of "good fellows."

To the Good People of Mitchell County

Once more you are called upon to show your patriotic spirit, by answering the call of UNCLE SAM TO LOAN HIM YOUR MONEY.

W. L. EDMONDSON

AGAIN

Woke up from twelve months of sleep--not caused from Sleeping Disease, but from Drouth.

During this past twelve months, our minds have wandered far and near, tracing after our boys that went to war. On our return we bring you good tidings and much joy, knowing the war is over, and our boys are returning home, winning the greatest victory the world has ever known.

F R E E D O M !

We are glad we are again before you--not as a WHINER, for Whiners disgust us; Not as a GROWLER, for Growling makes us mad.

We have just put in a New and Up-to-Date Stock of

DRY GOODS

all bought since the big decline. Also a new and up to date stock of

TENNIS SHOES

for Ladies, Girls, Men and Boys; all now in at our Three Stores--Colorado, Loraine and Roscoe.

Our past record has proven to you we take pride in doing something to help the farmers and people of our country.

We must redeem ourselves and our country and forget the misfortunes and losses we've all passed over. Let's rejoice over the greatest and grandest prospects we have ever enjoyed at this season of the year in the West.

The next two years, in our opinion, is the opportunity and time to fill our Barns and Pocket Books to our heart's content. Let's suppose that we are living over a pool of oil, and we will, for the next two years, make a half bale of cotton per acre, and a ton of maize and the price will remain the same as last year.

I believe we are again on the road to success and prosperity, and I believe we will enjoy traveling this road when we get old "Beck" and "Jack" hitched to the wagon in the old way, and start for Edmondson's store loaded with chickens, eggs, and butter, as we used to do long, long ago.

"Edmondson stores always try to please us, and enjoy us as a customer and friend, and welcome us, and he always has paid us the highest market price for our products. So wife, we'll not consider any one else, but we'll get on the grand Highway that leads us direct to Edmondson's stores where merchandise is found in plenty. Always lowest prices and smiles, and invitation of welcome, that help us to tide the worries of life. Besides Edmondson & Co. has proven to be a good friend to us and to pass his place of business by will never do."

Yours for Business

EASTER SERVICES AT METHODIST CHURCH.

Knight Templars Annual Sermon and Luncheon at Barcroft.—Snyder Knights Attend in Body.

Last Sunday was a big day in Colorado and at the M. E. Church. The Snyder Commandry No. 69, Knight Templars came down in a body, accompanied by their wives, and were joined here by the Colorado Sir Knights, and their wives.

All Sir Knights assembled at the Masonic Hall and marched to the church in a body. As they entered the church a beautiful hymn was sung. After all Knights were seated in special pews, an anthem was chanted by the choir. Then followed:

The Lord's Prayer.
Psa. 93, Responsively.
Gloria Patri.
Psa. 98, Responsively.
Gloria in Ecclis.
Scripture Lesson, Jno. 20-1-12.
Song, Onward Christian Soldier.
Apostle Creed and Prayer.
Song, Christ the Lord is Risen.
Sermon, by Rev. J. H. Tate of Fluvanna.

Song, All Hail the Power of Jesus Name.

Benediction.
The sermon by Rev. Tate was a master piece of oratory, educational and inspirational and was listened to with rapt attention by a large and appreciative audience.

After the benediction all Sir Knights with their ladies, and a few invited guests, repaired to the Barcroft Hotel for luncheon, where a veritable feast was spread, with about sixty covers. The dining room was beautifully adorned with Easter lilies and the tables loaded with all good things to eat. It was a banquet fit for kings. Grape juice was used to dring the toasts.

After all were seated, thanks were offered by Rev. D. R. Hardison. Judge R. H. Looney acted as toast-master for the occasion.

"To the Memory of the Brethren of These Degrees Whose Labors Here Below Have Ceased During the Present Masonic Year."—(To be Drunk in Silence).

Benediction by Rev. W. P. Garvin.

There are many great and beautiful lessons taught in this branch of Masonry which is calculated to make any man better who tries to learn them and especially who tries to get the spiritual significance of these lessons. By degrees the young Mason is led from one great lesson to another concerning the Temple, and the laborers in and around the temple, until he comes at last to the contemplation of the Divine Presence who, in glorious majesty and ineffa-

ble brightness, came himself to dwell in that edifice erected by human hands under the immediate direction of Almighty God.

The fingers that shaped the stones and timbers of that ancient edifice have long since turned to dust, but the influence of their lives, the fire of devotion, and the enthusiasm and inspiration of their love, lives on; they are true to the command of their supreme Grand Master who said "See that ye build according to the pattern shown in the Mount."

Centuries have passed by but we modern devotees of the Temple have caught the inspiration of their lives and now we, out of divinely furnished material and under divine direction are trying to build a spiritual house for the indwelling of the Holy Presence, the stones that are being used in this spiritual house are being shaped back in the Quarries of the human mind and of the human heart and every one of them is baptized with the tears of human sympathy and brotherly love; while crowning the completed edifice is a halo of reverential awe and upon its polished surface may be read the record of their deeds of charity and pure beneficence.

Out of the shadows and sacrificial prophecies of the Old Testament and the old time temple, the Knight Templar emerges into the full blazing light of the New Testament and the Christian Religion as lighted up by the Son of Righteousness who himself is the fulfillment of all prophecy.

We enlist under the banner of Christ, we draw our swords in the defence of the Christian Religion and we spend our lives in being a blessing to our fellows. We stand in

the shadows of the old time temple and view the bursting grave, that once held the body of our Lord with rapture we listen to his shout of victory, and thrilling with emotion that cannot be described we look upon his glorious ascension into heaven, where we are told, he ever sits at the right hand of our heavenly father, a Mediator and Intercessor for all those who put their trust in Him.

Step by step, stage by stage, the true Mason has been erecting the Temple of his life, until at last the Key Stone is in place, the Royal Arch is completed, and the mighty edifice awaits the incoming of the Master. As Knights of the Temple unless we invite the Master in and seat him on the throne of our love and make Him the Master of our lives, giving Him our purest devotion, we have failed to catch the true meaning of the mystical ceremonies of our Order which are certainly intended to bring to us all a "vision of the King in his beauty."

If you find nothing in Templary laws but the sad mementos of things that were, ghostly fingers reaching out of a dead past, to throttle you, or dusky shadows creeping from the ruins of long dead civilizations to frighten you, then surely you have failed to get its great lessons, for he who receives the Grand Master of all lives into his heart, forgets the past and catch a glimpse of the oncoming days glistening with active thoughts and deeds, shining with hope and vibrant with love.

Mr. A. C. Taylor, a good farmer who lives out north of Lorraine came in to see us on Saturday and subscribed for the Record. Mr. Taylor has two sons in France, in the 5th Am. Tr., and is proud of their war record. We publish below part of a letter received by Mr. Taylor from the boys.

A. P. O. No. 745, Mar. 20.

We boys are well as common and doing fairly good. We are not working hard, but are kept busy most of the time.

We're fed fine over here—we get thin mush for breakfast, slum for dinner and corn wooly for supper; and what more could a soldier wish for?—ham and eggs?

We have lots of fun with the natives over here. They can't understand us, neither can we them, so the one that can make the most motions and get himself in the worst shape is the one that generally wins the conversation. When we go to buy anything, we pick up what we want, and throw down our bundle of coupons, they pick out what they want

CALOMEL SALIVATES AND MAKES YOU SICK

Acts Like Dynamite on a Sluggish Liver and You Lose a Days Work

There's no reason why a person should take sickening, salivating calomel when a few cents buys a large bottle of Dodson's Liver Tone—a perfect substitute for calomel.

It is a pleasant, vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and cannot salivate.

Children and grown folks can take Dodson's Liver Tone, because it is perfectly harmless.

Calomel is a dangerous drug. It is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tone instead and you will wake up feeling great. No more biliousness, constipation, sluggishness, headache, coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tone acts better than horrible calomel your money is waiting for you.

and cram the rest back in our pocket—if there is any rest—and we go on our way rejoicing.

I live in the house with Philippe, that is I sleep in the house—I do most of my living on the picket line with a grooming kit in my hand.

We were doing fairly well until we drew horses. We went back into France near Commercy, and drew eight hundred horses and mules, and were five days coming back; every man had four head, rode one and led three, and bare-back with halter. I rode all the way except part of one evening. My horse lost one shoe and I had to drag him the rest of the way.

When I got to camp the boys were in line for slum, yelling A. C. where'd you get the cow? You might think I was mad, but I wasn't, oh no.

I'm sending a picture of Philippe's house and family. To judge one's wealth over here is by the manure pile at the front door. Philippe is the village blacksmith. He has only three cows, so his pile is not very large.

You don't see any houses on the farms like in the States. They are all clustered into little villages. Everybody "lives in town." Their principal crops are hay and potatoes. They are great people for cheese. Everybody has from three to twelve cows. The houses and barns are all built under the same roof. The people live in one end and the stock in the other end. You can open the kitchen door, take one step and you are in the stables.

Luxemburg isn't a very large place. They have a different language from the rest.

I am stationed at Brittersberg, about five miles from Esche. I don't know how long we will stay here, nor where we will go when we leave.

There is a rumor that we are going to the Rhine river; but here's hoping that it will be the Colorado river. I'm not expecting to get loose before October.

We sailed from Hoboken on May 28th on the Derbyshire; were 12 days and nights on board, and there were thirteen ships in convoy. We landed at Liverpool, and then went to Winchester, where we stayed four days and rested up. Took the boat at Southampton, crossed the channel to LaHavrie, France, being one night in crossing. We were then loaded into box cars, shipped to Valdehon, like

a farmer would ship a car of hogs. We hiked out to Vercell, a little village nearby, drew our equipment, and on August 1st we started for the front.

We went on the front at St. Dia, stayed there about two weeks. Then we pulled back and went on the St. Mihile front, and stayed there until the Kaiser yelled "calf rope."

We did our work at night, hauling ammunition for light artillery. We were both in the big drive, September 12th.

MOTHER! DON'T TAKE CHANCES IF CHILD'S TONGUE IS COATED

If Cross, Feverish, Sick, Bilious, Clean Little Liver and Bowels.

A laxative today saves a sick child tomorrow. Children simply will not take the time from play to empty their bowels, which become clogged up with waste, liver gets sluggish, stomach sour.

Look at the tongue, Mother! If coated, or your child is listless, cross, feverish, breath bad, restless, doesn't eat heartily, full of cold or has sore throat or any other children's complaint, give a teaspoonful of "California Syrup of Figs," then don't worry, because it is perfectly harmless, and in a few hours all this constipation poison, sour bile and fermenting waste will gently move out of the bowels, and you have a well, playful child again. A thorough "inside cleansing" is oftentimes all that is necessary. It should be the first treatment given in any sickness.

Beware of counterfeit fig syrups. Ask your druggist for a bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Look carefully and see that it is made by the "California Fig Syrup Co." Adv4

RAILROAD MECHANIC ALMOST IN DESPAIR

Went Down Hill So Fast He Had To Quit Work—Tanlac Ends Troubles

"I have already gained seven pounds since I began taking this Tanlac and am still gaining at the rate of a half pound a day," said Sam Cook, a well-known mechanic for the Texas & New Orleans railroad, living at 1815 Keene Street, Houston, Texas, recently.

"For more than a year," continued Mr. Cook, "I had been suffering with catarrh of the stomach and was going down hill so fast that I was almost in despair. My food would sour soon after eating it and seemed to roll up into my throat, and I would puff up with gas until I was miserable. I had a cough that worried me a great deal, an especially in the mornings. I would cough up quantities of phlegm. I was given to understand by those who examined me that my condition was very serious and was put on a new diet of raw eggs and sweet milk. I kept going from bad to worse until I was almost a nervous and physical wreck. I got so weak and lifeless that I felt I could go no longer and asked for a lay off from my work, fearing I might not be able to take up my job again.

"I had heard the boys about the plant talking about Tanlac and some of them said to me, 'Sam, why don't you try Tanlac?' So I did, and do you know it has acted almost like a miracle with me. I am just now on my third bottle and my wife is making all my clothes larger so I can wear them. I feel as young and hearty as I did twenty years ago and am gaining in strength and energy rapidly. I'm eating on the place and if my wife didn't yank me out of bed in the mornings I would oversleep myself. Tanlac is simply wonderful and I can't praise it enough for giving me back my health."

Mrs. Cook witnessed her husband's statement and said: "When I heard what Mr. Cook's trouble was called, after he was examined, I was distressed nearly to death. I felt if it was so, he would soon be taken away from me, and then what would me and my little children do. But Tanlac soon dispelled all my fear and my husband's wonderful recovery has made me the happiest woman in Houston."

One of the exchanges remarks: "President Wilson should conclude the League of Nations and return at once and fire Post Master General Burleson, and thereby make the world safe for Democracy." Splendid suggestion, this fring Albert Sidney Burleson, and while he is at the fring he might get rid of Railroad Administrator Hines and turn the roads back to their owners. This would also tend to make the world safe for democracy. Let's get rid of the Socialists in the Wilson administration, and make America safe for democracy.—Lockney Beacon.

There is quite a strong feeling in the county, and especially in the north half of the county, that the commissioners' court should concentrate their efforts and center their work on the Dunn road. For certain reasons right now is the time, and good work on this road at once will be worth many dollars to Colorado, in the marketing of this fall's crop. There is some talk of a strong petition to be presented to the court to this effect, and asking that the work be done a once.

The soldier boys are coming home. We would like to chronicle the arrival of each one as they return, but cannot do so unless it is reported to us. When your boy comes home, phone or send it in to the Record.

INTERSCHOLASTIC MEET AT ABILENE.

Prof. E. F. King, John Prude, Earl King and Anne Mary Lupton attended the District Interscholastic League Meet held at Simmons College, Abilene Friday and Saturday of last week.

Anne Mary represented Mitchell county in the spelling contest. There were about thirty in this contest which was won by a Merkel girl.

John Prude and Earl King represented this county in tennis doubles. They won over the best teams of ten counties and are entitled to go to Austin to contest for the State Championship. They played 102 games in order to win.

Loraine's basket ball team went to represent the county, but this event was won by Carbon over Merkel.

Big Spring carried off the honors of the occasion by winning the grand championship, with 87 points. Abilene was a close second.

In the literary contests Abilene won the most points.

The individual championship in athletics was won by Graves McGee of Abilene, with Hubert Barton of Big Spring as second.

The base ball game between Abilene and Stamford was won by Abilene by a score of 13 to 5.

In the girls' basket ball contest Carbon won over Stamford in the finals.

In the tennis tournament Colorado defeated Big Spring in the finals.

The literary contests were very interesting and as pronounced by Supt. R. D. Green of the Abilene schools, who is director general of the meet, were high class and clean contests and all the contestants seemed well satisfied with the results. The contestants without a single exception showed that they had been well trained and they put forth their best efforts and displayed good sport in the events.

Mr. King reports that this was one of the most successful meets ever staged in the district, both from the standpoint of interest and number in attendance. The crowd in attendance at the various events was estimated at one thousand, about half of whom were delegates from other points.

This League is doing a fine work for the schools.

BIG TIME HAD BY DELEGATES AT ROAD MEETING.

Colorado Citizens Who Attended Mineral Wells Meeting Elated Over Result of Securing Important Highway for Mitchell

J. H. Greene, Secretary of the Chamber of Commerce returned Monday from Mineral Wells, where he attended the United States Good Roads convention and the Bankhead Highway Association meeting, at which the all-Texas route was officially designated as the sole Bankhead Highway in the continental route from Washington, D. C., to San Francisco, Calif. The Texas delegation to the convention returned to their various homes elated over the securing of the \$200,000,000 highway which will mean more to Colorado and other West Texas cities and towns than another trunk line railway.

Mr. Green Says, Senator Bryan and other Abilene citizens did much effective work in aiding the cause and getting the line designated through West Texas.

The next day the United States Good Roads Convention got under full head of steam. Hundreds of delegates had arrived. The exhibition of good roads machinery and other paraphernalia used in highway construction was one of the best ever assembled at any similar meeting. Senator Morris Sheppard termed it and the proceedings of the two conventions the greatest that had ever been brought to one place, declaring the Bankhead Highway convention the greatest good roads meeting ever held in America.

Among the prominent speakers was the governor of New Mexico, Gov. Lazarolo of New Mexico delivered one of the finest addresses ever heard at a good roads convention. He is one of the strongest advocates of good roads.

Mr. Green in telling of the meeting said: The pathfinder's report, read before the immense audience of visitors and delegates in the pavilion, recommending the all-Texas route through West Texas was received with unbounded enthusiasm. The report came as a surprise to many of the Oklahoma delegates. Texas delegates made the most of it. Hundreds of Texans raised a terrible hubaloo and cheered and cheered to the echo. Texas delegates formed in line and marched through many of the larger buildings, cheering and waving their banners and letting the whole world know who they were.

Oklahoma appealed to the board of directors after the Texas route had been chosen that the route thru Oklahoma be designated as the scenic route. In other words, if Oklahoma could not get the main stem, she was content to "compromise" with a sapper. A minority report was rendered. Senator W. J. Bryan of Abilene made a strong plea to the session that the all-Texas route be adopted solely. Though the Oklahoma route was favored by the directors as the scenic route, the majority report was adopted after much discussion in which there was unusual display of eloquence and oratory.

Secretary Green expressed himself Monday as very much pleased with the prospects for West Texas to benefit greatly from the acquisition of the Bankhead Highway, which will be probably the greatest all-year tourist route in the nation. With government aid amounting to about \$200,000,000, not to speak of the community aid which will be given, the Bankhead route will become famous the world over. Colorado and West Texas did their best.

The Commissioners Court met in regular session on Monday of this week. Judge J. C. Hall presided and Clerk Porter, recording; with Lay Powell, W. D. McCarley, J. W. Bird, and E. Barber, all the commissioners present.

The most important business was examining and allowing bills, which they did to the amount of \$1,369.16.

J. M. Terry submitted his butchers report, which was examined and approved.

The Sheriff was ordered to have one water meter removed and collect the deposit, if any was made, and have the court house and jail put in one meter.

It was ordered by the court that the County Judge take it up with the Secretary of Agriculture and ascertain what machinery is available, such as trucks, graders and all Federal machinery, and get this county's allotment, etc.

No further business appearing the court adjourned in regular form.

Sometime ago the Record printed an article about a family in need, up in the Cuthbert community, and said it was an opportunity for the Red Cross to do some charity work. A subscriber over at Breckenridge read the article and sent in a check to the Red Cross Chapter. We mention this as only one instance where the local paper can do good. This is especially so where a paper, like the Record, has a fine circulation.

Which?

or

Lieutenant I. Berry of Carizozo, New Mexico, was in action last October. When his company commander had been killed and the second in command wounded, Lieutenant Berry "carried on." Wounded, he was ordered to the field hospital and the evacuation tag was tied on his uniform. This meant that he was out of the fight. Berry tore off the tag and returned to his company. For twenty-four hours he commanded their defense, guided them back out of the trenches after relief had come—and died.

Lieutenant Berry finished his job. He saw it through. He scorned an evacuation tag.

EASTER EGG HUNTS.

On Friday afternoon the primary and cradle roll children of the Christian Sunday school were given an Easter egg hunt on the church lawn.

On Sunday afternoon the children of the Episcopal school, after a program in the church house, enjoyed a hunt for Easter eggs in the church yard.

Little Miss Catherine Price entertained her Sunday school class and a few special little friends Friday after school. After games a time was spent hunting bright colored Easter eggs. Ice cream and cake were also enjoyed.

The teachers of the primary department took the children to the court house lawn Saturday at 5 p. m. for an Easter egg hunt. Each child brought a lunch and a picnic was enjoyed after a time was spent hunting eggs.

MERRY WIVES.

Mrs. Abe Dolman was hostess for the Merry Wives last week. Her guests were Miss Bernice Terrell, Mesdames J. H. Greene, Thomas Dawes, H. C. Doss, W. L. Doss and Milburn Doss of Mingus. Ice cream and cake were served. Mrs. Boyd Dozier is hostess this week.

EL PASO PRESBYTERY.

Rev. Guy B. Duff and Mr. J. M. Thomas, attended the regular spring meeting of the El Paso Presbytery at Balmorhea, last week. They report a fine meeting of Presbytery. Much important business was transacted. The Balmorhea people proved themselves most excellent entertainers as shown by an article in the Toyah Valley Herald. Presbytery will meet next fall at Barstow. Rev. L. O. Cunningham, of Lovington, N. M., and Dr. W. D. Black of Barstow, were chosen commissioners to the General Assembly which meets in New Orleans in May. This is the highest court of the Presbyterian church, and is in session, usually, from ten to twelve days.

UNION SERVICE.

Union Easter services were held at the Christian Church Sunday evening.

Beautiful and attractive were the decorations of green and white.

Easter means more this year from the voice of nature, than for many years. After three long years of barrenness, she seems to burst forth in beautiful colors, bringing the message of hope and cheer. So fragrant flowers were used as tokens of the Heavenly Father's love and reminding us that our lives should carry fragrance and cheer, as we go to tell the message given to us on the day that the stone was rolled away, and the ever living Christ gave the tender message to his disciples.

Long before the hour for the services, the house was filled, and as many more were turned away.

Special music gave inspiration to the services.

The male quartette by Stowe, Root, Hardison and Wood was very fine and much enjoyed by the hearers.

The sermon on the Resurrection was preached by the pastor, Rev. Hardison, and was a splendid effort. He was at his best, and the sermon was most interesting and impressive. Brother Hardison is a new man on this field, but he is already getting to be well known and loved for his broad views and brotherly love. His sermon Sunday night will linger long in the hearts of the hearers and many lives will get a truer vision of what the Resurrection means to the Christian life.

HESPERIAN.

The Hesperian Club met with Mrs. Everett Winn last week. The lesson was on Guinevere, led by Mrs. W. L. Doss. Mrs. Milburn Doss of Mingus a former member, was a guest. At the social hour fruit salad, wafers and ice tea were served.

EASTER SERVICE AT BAPTIST CHURCH.

Sunday morning services at the Baptist church was featured only by some special music, decorations, and a general air of Easter and spring time. The house was beautifully decorated with a lavish display of fragrant flowers, and green. They were banked on the rostrum, on the piano, around the windows, about the choir and wherever they could be placed. An orchestra furnished some splendid music, as did the large choir which had some special songs for the occasion. The solo by Mrs. Guitar, with violin accompaniment by Stansil Whipkey, was much enjoyed.

The house was filled to overflowing which inspired Pastor Garrett to deliver a masterly sermon. The time for the Home and Foreign Mission collection expiring April 30th, this opportunity was taken for the church to make its regular contribution to these causes. Quite a handsome sum was given at this offering. There was no service at night on account of the union meeting at the Christian church, and Bro. Garrett put in the rest of the day preaching at Buford and Ira.

Dr. B. F. Dulaney is absent this week, attending the State Dental Association at Waco.

Mrs. L. W. Sandusky left this week on an extended visit to her mother and other kin folks at Tishomingo, and Ardmore, Oklahoma.

AUXILIARY MEETING.

The fourteenth annual meeting of the Woman's Presbyterian Auxiliary of the El Paso Presbytery, met here this week.

The program was one of interest and inspiration throughout, and not only will this church be the stronger by having this meeting, but all the churches, represented, will have a deeper insight in the Master's work.

Mrs. Williams, wife of Dr. W. A. Williams, rector of All Saints church told in a most interesting manner of some of her personal experiences as a wife of a home missionary. Not only pioneer preachers encounter many hardships, but the wives as well, and as bravely bear the burdens.

Not only was this meeting honored with Home Missionaries, but also a Foreign Missionary, Miss Greer, of Korea, who is home on a furlough, was present and spoke on Foreign Missions, and Korean work in particular, on Tuesday evening. She is a woman with a message for her Master, and is telling and living it daily.

Miss Taylor, who is an enthusiastic Home Mission worker, and who is now stationed at El Paso in Sunday School Extension work, gave rich and valuable talks. Especially were her Story Hour talks to the children, as "seed sown on good ground."

In fact the program, by home folks and visitors, showed interest, study and prayer.

The out of town representatives were, Mrs. Dullnig, Synodical President, San Antonio; Miss Anna Greer, Korea; Mrs. Fairley, El Paso; Mrs. Patterson, Balmorhea; Mrs. Tenney, Barstow; Mrs. Barnett, Mrs. Cole, Mrs. Whitney, Big Spring; Miss Taylor, El Paso; Miss Nena Jackson, Roscoe; Miss Ada Owen, Coahoma.

The next meeting will be held at Barstow.

STANDARD.

Mrs. Smoot was hostess for the Standard Club last week. The roll call was famous Italian musicians. Mrs. Guitar gave selections from Italian operas. Mrs. Burns told the story of Madam Butterfly. Mrs. Guitar of "La Gioconda." Refreshments were served at the social hour.

MARRIED.

Sunday morning at the telephone office, Mrs. Maud Scott and Mr. J. D. Whitten were united in marriage. Judge J. C. Hall performed the ceremony.

Mrs. Scott is the efficient night operator for the Southwestern Telephone Co., at this place, and has scores of friends who wish her much happiness.

Mr. Whitten holds a good position in Abilene, and while a stranger here is highly spoken of.

Mrs. Whitten will stay with the telephone company, at least until school is out.

MISSION STUDY CLASS.

The Baptist Mission Study Class met with Mrs. Smoot last Thursday with Mrs. Lasky leader. The subject was Missions and the scripture lesson was along that line. Mrs. Smith told of the work among the Indians. Mrs. J. M. Green, Mrs. J. R. Shepherd and others told of the mission work in other fields. A debate—Resolved, That America is not a Christian Nation: was the last on the program. Mrs. A. L. Whipkey, Mrs. Garrett and Mrs. Ratliff were on the affirmative; Mrs. Terrell, Mrs. Keathley and Mrs. W. R. Morgan the negative. Mrs. G. W. Smith, Mrs. G. D. Adams and Mrs. Hooper acted as judges. The affirmative won. The offering went for Missions. Mrs. J. P. Hunter was an appreciated guest. At the social hour the hostess served ice and cake. The May meeting is with Mrs. W. R. Morgan.

HONORING GUESTS.

The members of the Woman's Presbyterian Auxiliary here, entertained their guests in a delightful and informal manner at the home of Mr. and Mrs. Y. D. McMurry, Tuesday afternoon at the close of the program at the church.

Besides the delegates the different pastors and wives, and presidents of the missionary societies of other churches and the gentlemen members of the church, were present.

Mr. and Mrs. McMurry greeted the guests and Mrs. Coleman escorted them to the spacious sun parlor where all immediately felt at home, and the pleasant task of learning more of each other in a social way was begun, and only closed when pastor Guy B. Duff commanded order.

A program of music and readings was then given by Miss Hallie Roddy, Miss Nena Jackson of Roscoe, and Mr. Dawes. Every number was heartily encored, and each was gracious enough to respond. Ice cream and cake were served by the young ladies of the church.

Mrs. J. G. Merritt, Mrs. Van King, Mrs. W. P. Leslie, Mrs. E. H. Winn, Mrs. D. N. Arnett and Miss Sallie Herrington all attended the Womans meeting of the Northwest Texas District Conference, which convened at Lubbock this week.

BAPTIST DOINGS.

Last Sunday was a great day at the Baptist church; the whole program was good from start to finish and the church building was so beautifully decorated with flowers that it added a cheeriness and put every one feeling the effects as soon as they entered the house.

Next Sunday at the morning hour the Lord's Supper will be observed and the night service will be distinctly evangelistic. All the singers and musicians are urged to be present and on time at both services. And everybody else is urged just as much to be present to contribute your part to the services and get your full share of blessing.—The Pastor.

Mrs. Kittie Smith sends in for the Record to come to her at Cameron.

Mr. and Mrs. Loyd A. White have moved to Big Spring, where Mr. White is employed in building the big oil derrick.

PRISCILLA CLUB.

New that the strenuous war work is about over for women, their minds return to their own improvement and enjoyment. To this end a Priscilla Club was organized here a few weeks ago, with twenty members, that being the limited membership. Each one works on her own work, and many ideas are exchanged. Only light refreshments are served. The meeting was with Miss McKell this week at Mrs. Hooper's. The members are Mesdames Burns, Smoot, Hooper, Van Tuij, C. M. Adams, Prude, Marcus Snyder, Earnest, J. L. Doss, B. F. Dulaney, G. W. Smith, Anna Simon J. W. Person, Riordan, Sherwin, M. Carter, R. O. Pearson, Miss Hattie McKell and Miss Margaret McComas.

Pies like mother used to make will be sold by the Boy Scouts Saturday. Go and eat pie with them and buy a couple for your Sunday dinner.

Miss Elsie Hooper of Abilene took advantage of the bank holiday Monday and spent the week end with her mother.

Jim Shepperd received a telegram yesterday from his brother Robert that he had landed safely in New York on his road home from France. The telegram was addressed to his sister Miss Rhoda Shepperd, the boy not knowing she was dead.

Mrs. Katie Doss left early yesterday morning on an extended trip to South and Middle Texas. She is now State President of the Rebekah Lodge and goes in the interest of this order. She will first visit McGregor, then Waco, San Antonio and Houston.

Mrs. J. J. Jackson is home again from San Pedro, California, and says she is now back to stay. All the other Coloradoans who are in California will be home soon, no doubt.

Song—by Westbrook school.

Reading—closing piece—by Alpha Stephens.

Then came dinner on the ground, which was one of the best "events" on the program.

In the afternoon New Hope and Westbrook, crossed bats in a double header base ball game, Westbrook winning both games.

Entertains.
Friday night Mr. and Mrs. J. R. Oglesby entertained the young people of Westbrook in their home one mile south of town. This was one of the most pleasant events of the week. Music, chat, and outdoor games were the diversions of the evening. A large crowd was present at this gathering and as evidence that all enjoyed themselves, it was twelve-thirty before the first good nights were said.

Personal.
Miss Grace Carter, of Iatan spent the week end with Miss Robbie Hudson, and attended the closing exercises of the school.

Carl Phenix is spending the week with home folks in Hamlin.

Little L. V. Yates, Jr. is on the sick list this week.

Backache? Rheumatism?

Those of us who are past middle age are prone to eat too much meat and in consequence deposit lime-salts in the arteries, veins and joints. We often suffer from twinges of rheumatism or lumbago, sometimes from gout, swollen hands or feet. There is no longer the slightest need of this, however, as the new prescription, "Anuric," is bound to give immediate results as it is many times more potent than lithia, in ridding the impoverished blood of its poisons by way of the kidneys. It can be obtained at almost any drug store, by simply asking for "Anuric" for kidneys or backache. It will overcome such conditions as rheumatism, dropsical swellings, cold extremities, scalding and burning urine and sleeplessness due to constant arising from bed at night.

Send to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., for a 10c. trial package.

MADERA, CAL.—"I recommend Doctor Pierce's Anuric very highly. I have suffered for the last three years with catarrh of the bladder, having tried every remedy I heard of but without relief. I saw Anuric advertised in the paper, and like a drowning man grabbing at a straw I thought I would try it also, which I did with great success, as it relieved me almost immediately, before I had taken all of the trial package, and having great confidence in the remedy I immediately sent to the drug store and bought a full-size package. I can say to all suffering from any disease of the kidneys or uric acid troubles, try this remedy and suffer no longer. I have great faith in Dr. Pierce's remedies."—S. P. HENSLEY.

Recommends it to Her Friends
"I don't need Peruna any more. I am all well. I have taken six bottles. I weighed ninety pounds before I started with Peruna. I was just as poor and so weakly. I had given up hopes of ever getting well; such a cough and spitting, and could not eat anything. Now since taking Peruna I weigh one hundred and thirty-five pounds. All my friends said I would never get well. I was just a shadow. I have surely recommended your Peruna to many of my friends, and they are using it. ABOUT COLORADO

For the benefit of some four or five hundred Record subscribers scattered over East Texas and Oklahoma, and in fact every state in the union, from California to Maine, and who may have their faces turned this way we reproduce a little folder, issued by the Chamber of Commerce. It reads as follows:

Colorado is on State Highway No. 1, which follows closely the T. & P. Railroad from Texarkana to El Paso, being everywhere in reach of telephone and telegraph lines. This is the best and shortest route from Dallas to El Paso, and Mitchell county's part of the Highway is the best road, with the best concrete dips and bridges in Texas.

This road was built under the supervision of State and Federal engineers, and the specifications were followed throughout. All grades were cut down to the minimum, a firm base of clay and sand, topped with the finest road gravel in the world, taken from the Colorado river.

All bridges are up to specifications and are built of reinforced concrete, as are all culverts and dips. A fine concrete viaduct has been built over Lone Wolf creek, entering the City of Colorado.

This Highway was adopted as the trans-continental route for the Ozark trail.

This Highway is now being marked from Colorado to Fort Worth.

Mitchell County has a "High Gear" road through the county 365 days out of the year.

Colorado is the home of the good roads idea in West Texas.

Colorado has the best Hotel in West Texas, price and service considered.

Colorado and Mitchell County marketed for the year of 1914, 33000 bales of cotton.

Colorado has wide concrete sidewalks throughout the city.

Mitchell county is the banner county of the State for Red Cross funds. Its quota was \$1,872 and it raised subscriptions to the amount of \$9,865. Colorado and Mitchell County have gone over the top in all War Work.

Mitchell county is the best agricultural county in Texas, price of land being considered.

Colorado has a good Sanitarium with a number of expert physicians and surgeons.

This section of the country has received the best rains and snows, ever, and the prospects are the best for a bumper crop ever known.

Colorado has a good paper and the best equipped printing plant in West Texas.

Colorado has a live Chamber of Commerce—looks after everything of importance for the county.

Colorado is one of the largest livestock shipping points in the Middle West.

Mitchell County farmers are going into Diversification, raising a living at home.

Mitchell County has a United States Government Farm Demonstration Agent.

Colorado is a large distributing point for ranch supplies.

Colorado has fine schools, and good churches. Her High School has affiliation with the State University.

Colorado owns and operates waterworks well equipped and a plentiful supply of good water.

Colorado has an Auto Fire Truck, and splendid fire protection.

Colorado has 24-hour electric service for power and lights.

Colorado's streets within city limits have been built of clay and sand base, topped with gravel, making the best and smoothest streets in any western town.

Colorado has large Compress and Oil Mill which handles all cotton production west of this point.

There are a few items which appear in this paper more important to Colorado people than the statement published below. In the first place, it is from a citizen of Colorado and can be thoroughly relied upon. In the second place, it indisputably proves that Doan's Kidney Pills do their work thoroughly and not temporarily. Read this carefully:

G. W. Filler, 2001 East Ave., Colorado, says: Several years ago I suffered intense pains from weak kidneys. My back and sides ached and I had other trouble caused by kidney complaint. I read of Doan's Kidney Pills and used them. Two boxes of this medicine cured me entirely."

OVER THREE YEARS LATER, Mr. Filler said: "The cure I mentioned in my former endorsement of Doan's Kidney Pills has proven permanent."

THE WOMEN'S PART IN THE VICTORY LOAN

Splendid Work Done by Them in the Liberty Loan, and More Will be Done for Victory Loan.

The splendid results achieved in the Liberty Loan Campaign were due in no small measure to the work of the women helpers. Advances received by the Chairman of the Woman's Liberty Loan Committee for the Eleventh Federal Reserve District show that the sum of thirty million, seven hundred and thirty-seven thousand, six hundred dollars has already been reported as obtained by women workers.

The subscriptions were obtained from the following sources: Texas, Mrs. Minnie Fisher Cunningham, Chairman, \$25,315,250; Louisiana, Mrs. Laurence Williams, Chairman, \$1,353,950; New Mexico, Mrs. Howard Huey, Chairman, \$1,190,400; Arizona, Miss Alice M. Birdsall, Chairman, 2,707,900; Oklahoma, Dr. Leila E. Andrews, Chairman, \$161,100.

The opening gun of the Victory Liberty Loan has sounded.

Over the top the forces of the Victory Army are sweeping, this week, next week and the week after; taking their objectives as our gallant doughboys took trench after trench from the Huns.

Hostilities are ended, but our obligations have not ended with them.

The Victory Loan must be floated, to bring home the soldiers still overseas; to finance reconstruction work; to care for the disabled and to provide for the dependents of these and the glorious dead.

In this Loan Campaign women are assisting in the fullest measure as they have in all war activities from running railroads to nursing the wounded under fire. In the Fourth Loan more than a million women sold bonds.

Secretary of the Treasury, William G. McAdoo in May 1917 created the National Woman's Liberty Loan

ning they did telling work. There was no record kept of the First Drive. In the Second Loan Drive women sold more than \$13,000,000 in bonds in the District and more than \$10,000,000 in Texas; during the Third, more than \$23,000,000 in the District and more than \$20,000,000 in Texas; and in the Fourth Loan a total of more than \$36,000,000 in the District and more than \$30,000,000 in Texas.

In spite of the drouth the Womens Committee of Mitchell county sold \$4,300 in bonds of the Fourth Liberty Loan and are officially credited with that achievement. Under the

county women may be safely counted upon to repeat and excel this splendid performance.

RURAL CARRIER EXAMINATION

The United States Civil Service Commission has announced an examination for the county of Mitchell, Texas, to be held at Colorado on May 10, 1919, to fill the position of rural carrier at Colorado, and vacancies that may later occur on rural routes from other post offices in the above mentioned county. The examination will be open only to male citizens who are actually domiciled in the territory of a postoffice in the county and who meet the other requirements set forth in Form No. 1977. This form and application blanks may be obtained from the offices mentioned above or from the United States Civil Service Commission at Washington, D. C. Life Was a Misery

Mrs. F. M. Jones, of Palmer, Okla., writes:
"From the time I entered into womanhood . . . I looked with dread from one month to the next. I suffered with my back and bearing-down pain, until life to me was a misery. I would think I could not endure the pain any longer, and I gradually got worse. . . Nothing seemed to help me until, one day, . . . I decided to

ANTIQUITY OF DECORATIVE ART

Strange Sources From Which Pigments Used by Modern Painters Are Derived.

PRESERVATION OF SURFACES.

Crude but Effective Processes Employed by the Egyptians and Greeks of Pliny's Day—Noah Prudently Waterproofed the Ark.

Whether paint was invented to answer to a need for a preservative or to meet a desire for beauty is a question fully as knotty as the ancient one about the relative time of arrival of the chicken or the egg. It was invented, though, and it serves both purposes equally; so whether it is an offspring of mother necessity or an adopted son of beauty remains forever a disputed question.

The first men, cowering under the fierce and glaring suns of the biblical countries, constructed rude huts of wood to shelter them. The perishable nature of these structures caused rapid decay, and it is probable that the occupants, seeking some artificial means of preservation, hit upon the pigments of the earth in their search. It is perhaps natural to suppose that it was the instinct of preservation that led men to the search, although the glories of the sunsets and the beauties of the rainbow may have created a desire to imitate those wonders in their own dwellings.

The earliest record of the application of a preservative to a wooden structure dates from the ark, which was, according to the Bible, "pitched within and without." The pitch was a triumph of preservation whatever it lacked as a thing of beauty.

Decoration applied to buildings first comes to light with ancient Babylon, whose walls were covered with representations of hunting scenes and of combat. These were done in red and the method followed was to paint the scene on the bricks at the time of manufacture, assuring permanence by baking. Strictly speaking, this was not painting so much as it was the earliest manifestation of our own familiar kalsomining.

The first Hebrew to mention painting is Moses. In the thirty-third chapter of the book of Numbers he instructs the Israelites, "When ye have passed over the Jordan into the land of Canaan, then shall ye drive out all the inhabitants of the land from before you and destroy all their pictures."

At later periods the Jews adopted many customs of the peoples who successively obtained power over them and in the apocryphal book of the Maccabees is found this allusion to the art of decorating, "For as the master builder of a new house must care for the whole building, but he that undertaketh to set it out and paint it, must seek out things for the adorning thereof."

Although Homer gives credit to a Greek for the discovery of paint, the allusions to it in the books of Moses, the painted mummy cases of the Egyptians and the decorated walls of Babylon and Thebes fix its origin at a period long antecedent to the Grecian era. The walls of Thebes were painted 1,900 years before the coming of Christ and 996 years before "Omer smote his bloomin' lyre."

The Greeks recognized the value of paint as a preservative and made use of something akin to it on their ships. Pliny writes of the mode of boiling wax and painting ships with it. After, he continues, "neither the sea, nor the wind, nor the sun can destroy the wood thus protected."

The Romans, being essentially a warlike people, never brought the decoration of buildings to the high plane it had reached with the Greeks. For all that the ruins of Pompeii show many structures whose mural decorations are in fair shape today. The colors used were glaring. A black background was the usual one and the combinations worked thereon red, yellow and blue.

In the early Christian era the use of mosaics for churches somewhat supplanted mural painting. Still, during the reign of Justinian the Church of Saint Sophia was built at Constantinople and its walls were adorned with paintings.

In modern times the uses of paint have come to be as numerous as its myriad shades and tints. Paint is unique in that its name has no synonym and for it there is no substitute material. Bread is the staff of life, but paint is the life of the staff.

No one thinks of the exterior of a wooden building now except in terms of paint coated. Interiors, too, from painted walls and stained furniture down to the lowliest kitchen utensil, all receive their protective covering. Steel, so often associated with cement-reinforcing, is painted before it goes to give solidity to the manufactured stone. The huge girders of the skyscrapers are daubed an ugly but efficient red underneath the surface coat of black. Perhaps the best example of the value of paint on steel is found in the venerable Brooklyn bridge, on which a gang of painters is kept going continually. It is scarce possible to think of a single manufactured article which does not meet paint somewhere in the course of its construction. So has paint grown into the very marrow of our lives.

MOVING RIGHT ALONG.

The local newspapers of the towns throughout West Texas and the Panhandle are heralds of progress these days. First of all, building is going on everywhere and, of course, there is the oil development. Then the prospects for a year of big crops is the best in years. On all sides are reports of activities of Chambers of Commerce, new commercial bodies are being organized in towns that have never had them before and membership campaigns are being carried on in others. Everywhere there is evidence of growth and progress.

And in the midst of this the field workers of the West Texas Chamber of Commerce are out building up that organization and knitting the whole section into a cooperative body for common action. This work goes forward steadily and as the workers go from county to county the story comes of a live membership of the new body growing each day.

There are people who do not seem to know what is happening in West Texas, but it doesn't take a close observation to discover it. It means simply that the biggest step forward in years is being taken. New people are coming in and the people on the ground are doing great things. And there is every reason to believe that it has only begun—the strides that this section will make in the next few years will amaze the country. If you want to get the spirit of it just pick up the average West Texas weekly almost any week and compare it with a weekly in a town of the same comparative importance in East Texas and you can't fail to see it. It used to be said that "West Texas would come back." That doesn't begin to describe what is happening. It is not "Coming back" that West Texas is engaged in right now. It is "running ahead with full steam."—Ft. Worth Star-Telegram.

GAIL KANE IN LOVE'S LAW.

Gail Kane's new Mutual play, "Love's Law," is held by the star to be one of the best film dramas ever turned out by that prolific author.

It is a love story of course, but a love story with a new angle. It reveals Miss Kane in a new phase of her emotional capability.

The plot involves the career of Sonia Marinoff, a beautiful young Polish girl, daughter of poor but artistic parents, who is left when a baby to the care of an uncle who is a poor steel mill laborer. Brought up in an atmosphere of poverty and hardship, the young girl nevertheless learns to play the old violin, her one legacy from her father. Through her playing she attracts the attention of Andrew Hamilton, rich steel mill man, whom she finally brings to his knees with a declaration of love, after he has educated her and launched her as a great violinist.

This beautiful and interesting picture will be shown at The Best Theatre next Friday and Saturday nights with Saturday matinee.

IF I WERE A FARMER.

If I were a farmer I would keep at hand a few reliable medicines for minor ailments that are not so serious as to require the attention of a physician, such as Chamberlain's Colic and Diarrhoea Remedy for bowel complaints.

Chamberlain's Cough Remedy for coughs, colds and croup.

Chamberlain's Liniment for sprains, bruises and rheumatic pains.

Cramberlain's Tablets for stomach troubles, biliousness and constipation.

By having these articles at hand it would often save the trouble of a trip to town in the busiest season or in the night, and would enable me to treat slight ailments as soon as they appear, and thereby avoid the more serious diseases that so often follow.

FORTY COUNTIES VOTE ON BONDS FOR GOOD ROADS.

There will be more highways constructed in Texas during 1919 over any previous year in the history of the state, is the opinion of George A. Duren, State Highway engineer who has prepared data showing that within the next six months special elections will be held in forty counties on proposed road bond issues, aggregating \$27,120,000, which does not include \$4,608,000 already voted during the present year in ten counties, which make a total of \$31,728,000.

This has no connection with the proposed amendment to the Constitution which is to be voted on at a special election Nov. 4 which, if the proposition prevails, will authorize the State to issue \$75,000,000 of road bonds.

At its last monthly meeting the State Highway Commission extended Federal aid amounting to nearly \$5,000,000 to various counties in Texas. This means that within the next three or four years Texas will have one of the finest highway systems of any State in the Union.

In a recent double column editorial devoted to an eulogium of Salvation Army War Work, the New York Evening Journal said:

"The things we are used to seeing and hearing are often the things we notice least. We are attracted by that which is new, and we give it more attention than the more deserving object to which we are accustomed."

"It is because of this trait of human nature that it is easier, sometimes, to get support for a cause that is comparatively less needy than for one that is most deserving—unless we are reminded forcibly of the virtues that belong to the cause which we know so well that we almost forget it."

"With the Salvation Army—that valiant band of sturdy soldiers—we are all familiar. Its splendid and disinterested work for the good of the humble wayfarer who has fallen under heavy burdens has become a matter of course. We think of it with admiration, and subconsciously take it for granted."

Now the public has the opportunity to show its appreciation for all the benefits it has accepted so gladly from this great organization. And, at the same time, the opportunity to give real assistance to that other army—the army 'over there'—fighting for Pershing for the right.

"The work done by the Army is expert work, done by expert workers. Along certain lines no body of men and women can gain such results in the way of reclaiming unfortunate human beings as can those of the Salvationists. They know their subjects and have the confidence of the objects of their ministrations."

LIFT CORNS OR CALLUSES OFF

Doesn't hurt! Lift any corn or callus off with fingers

Don't suffer! A tiny bottle of Freezone costs but a few cents at any drug store. Apply a few drops on the corns, calluses and "hard skin" on bottom of feet, then lift them off. When Freezone removes corns from the toes or calluses from the bottom of feet, the skin beneath is left pink and healthy and never sore, tender or irritated. Adv.

"Did you enjoy your stay in the hospital?" "No. It cost me \$45 a week to see the doctor make love to the nurse, and I can see the same thing in the movies for 10 cents."

He is expected to pursue the same work there, but at present has no airplane and is doing nothing till he can get one. He has just taken his first ride on a large battle ship.

Silk Shirts, Silk Ties, Silk Collars and Silk Socks for Easter at J. H. Greene & Co.

Last week Messrs Bert Wulfjen, Everett Winn, John Garner and Edgar Majors, slipped off and went down on the Concho fishing. They returned home this week and nary-a one of them will say a word about the catch. The Record force wants to go and as it always rains when we go, we will wait a little later, when a rain is needed more. The above mentioned gentlemen are usually classed as good fishermen, but this time they made a waterhaul, or they would not be so mum about it. Or, maybe they have a good place staked out and are afraid the other fellow will catch 'em all before they can return.

Remember this is the home of the work clothes. If you buy it here you get it at the right prices, quality considered.—J. H. Greene & Co.

Judge J. H. Bullock came over from Cisco this week and spent a few days here, meeting his many friends. When the Judge was asked if he was coming back to Colorado he smiled and said, "No, I am now used to city life and it is too quiet in Colorado for me."

WEST TEXAS DRUGGISTS ASSOCIATION.

On Tuesday Druggists John L. Doss, W. R. Charters and W. L. Doss, Jr. all went to Sweetwater to attend a meeting of the West Texas Druggists. Dr. T. A. Martin and Mr. Hutchins attended from Loraine. There were sixty-three druggists present, and a West Texas Association was organized. The narcotic laws were discussed as well as the best way to handle the new revenue tax on cold drinks. A general feeling of fraternity prevailed, and the organization will fill a demand, long needed. A fine turkey dinner had been prepared and a royal good time was had, as well as much important business attended to. The Association decided to meet again in Sweetwater on the third Tuesday in September.

DISTRICT COURT.
On Monday the regular April term of the District Court met in Colorado. The court was opened, the Grand Jury empaneled, charged, and put to work.

Judge W. W. Beall sits with grace and dignity on the bench; court stenographer, Walter Carter, sits ready to perform his duty. District Clerk, Porter, records the proceedings and the court is grinding along smoothly.

The following are the Grand Jurors for this term:
J. S. Curry,
H. S. Beal
L. L. Bodine
D. F. Baker
J. B. Chesshir
W. A. Coehran
J. F. Bennett, Sr.
L. T. Britton
Bruce DeGarmo
R. G. Anderson
A. A. Daniel
W. E. Donelson.

The jury retired and selected Sam Curry as foreman, and have been behind closed doors. So if anybody has been in any meanness they had better come right out and say so.

There are only a few minor cases on the docket. No criminal cases at all, and the Court will have but little to do this term.

Judge W. A. Lowder of Hermleigh a former Coloradoan, spent several days here this week on a visit and business combined. Judge Lowder is now a J. P. in the Hermleigh precinct.

T. J. Davis, one of the best laundry men in the State come over from Abilene this week for a few days, with a view of opening up the Colorado Laundry again, now that we are getting back to normal conditions again.

Messrs Parker and Brown District Managers for the fraternal order of Knights and Ladies of Security, are here working in the interest of the order, and writing up new members. The rally meeting called for Friday night at the W. O. W. hall promises to be well attended. This is an open meeting and everybody invited to come out and hear the merits of the order explained. The Record force are members of this order and have been for years. We consider it the cheapest life insurance in the world, and absolutely safe. Several policies have been paid to Colorado people, promptly on proof of death. Everybody invited to the meeting.

"DANDERINE" FOR FALLING HAIR

Stop dandruff and double beauty of your hair for few cents.

Dandruff causes a feverish irritation of the scalp, the hair roots shrink, loosen and then the hair comes out fast. To stop falling hair at once and rid the scalp of every particle of dandruff get a small bottle of "Danderine" at any drug store for a few cents, pour a little in your hand and rub it into the scalp. After several applications the hair stops coming out and you can't find any dandruff. Your hair appears soft, glossy and twice as thick and abundant. Try it!

\$10 REWARD.

Strayed, one black mare mule 14½ hands high, slick, fresh sheared, good flesh. Phone or write Wade Bros, Roscoe, Texas

Mrs. W. T. Wood of Ennis is here on a visit to her son, S. D. Wood. She accompanied her son home from the W. O. W. State Camp at Dallas last week. Mr. W. T. Wood, his father will come out the last of this week on a visit, and S. D. will be glad to have both his parents out here with him for awhile.

Sacred Harp Singing.

At the Valley View school house on next Sunday April 27th an old fashioned Sacred Harp singing will be held. All are invited to come. If you cannot sing you should go to hear others, for we are sure the singing will prove interesting and entertaining. Everybody invited.

R. D. Hart, of Colorado, was here last Saturday, enroute home from Texico, where he had been on a business trip. He says he had quite a time getting over part of the road in his tin lizzie, on account of the heavy roads of snow and mud. He says he noted quite a number of dead cattle along the road, the effect of the cold spell early in the week. He says Old Mitchell county has a fine season now, and people have returned and a big crop is expected this year.—Big Spring Herald.

Erwin Martin now holds down the fire station and takes care of the big auto fire truck. Erwin will make a good driver and can be counted on as always on the job.

Mr. Martin has decided that he was not physically able to hold this job, and has resigned in favor of Bob Cooper, now at Phoenix, Arizona, and who is expected to arrive here today.

Habitual Constipation Cured in 14 to 21 Days

"LAX-FOS WITH PEPSIN" is a specially-prepared Syrup Tonic-Laxative for Habitual Constipation. It relieves promptly but should be taken regularly for 14 to 21 days to induce regular action. It Stimulates and Regulates. A Very Pleasant to Take. 60c per bottle.

Best carbon paper made, for pencil or typewriter. Also have it in large sheets.

THE BOY SCOUTS OF AMERICA

The local organization of the Boy Scouts of America will give a Pie Feast in the Lasker Block on Second Street Saturday, April 26, 1919. The Pie and drinks will be served from 11 a. m. to 2 p. m. and from 4 to 8 p. m.

These boys have been doing hard work for the past two years, assisting in every local campaign and Red Cross drive and are assisting in the Victory Liberty Loan drive in the publicity department.

They have been called upon by churches and individuals to perform errands and assist in various undertakings by them.

These boys are now preparing to take their annual big hike. They have worked whenever called upon without compensation. They now need funds to prepare for and defray the expenses of their hike. They are not going to ask you to give them one penny. They want to earn it by giving you value received for what they expect you to give.

Children are the greatest asset of a people.

Their physical, mental and moral training are its greatest problems.

Most fundamental to the safety of the community, the State or Nation is the integrity of its citizens.

Encourage these boys in being good citizens; teach them the lesson of returning good for good, recognize their efforts by helping them on this and every other occasion.

The Pie will be there for you—all kinds. If you don't like Pie that is not their fault. Come and get it anyhow. If you don't they will have to throw it away. Bring some one with you; they will appreciate it.

Don't forget the date and place. Serving at both dinner and supper hours.

W. O. W. and W. C. MEMBERS TAKE NOTICE.

Each and every member is urged to be in the W. O. W. Hall Monday night, May 5th, at 8:30 o'clock, to hear reports of our Head Camp and Head Grove Delegates, and to eat, drink and be merry. CLERKS.

Matinee at the Best Theatre Tuesday afternoon at 4 o'clock.

KNIGHTS AND LADIES OF SECURITY; ATTENTION!

A called meeting will be held at the W. O. W. hall tonight (Friday) as a rally meeting. Every Knight and Lady is urged to be present.

Chas. E. Brown, the District Manager will be present and every member is urged to come and bring some one with them. This is an open meeting and everybody is welcome. Bring some outsider with you and have the merits of the order explained. There will be a short program and everybody will be made to feel at home. Every member is urged to come and to bring some one with them. Remember the meeting is tonight, Friday, April 25th, at W. O. W. Hall at 8:30.

Singing Class Organized
Last Sunday, April 20th, the people of Loraine met at the Baptist church and organized a singing class. Loraine has had no class for the past two years. It gives us good hopes to see our people back in Loraine again. Many, especially the young folks, attended. All are invited to come and take part in the class and help to make it a banner class.

Woman's Missionary Society.
The W. M. S. met with Mrs. T. A. Martin April 14th, with a good attendance. The subject for the evening was Prayer. Some interesting articles on the subject from the Voice was read. Plans for improving the personage were discussed and completed. Mrs. Wimberly and Mrs. Johnson were with us again after a long absence. Mrs. Will Rowland of Kansas was a welcome visitor. Mrs. Rowland's former home was in Loraine. The next meeting will be held at the home of Mrs. Wimberly, April 28th.

Six O'Clock Dinner.
The lady teachers of the Loraine public school were delighted with an invitation to six o'clock dinner at the home of Mrs. Allie M. Erwin on Thursday, the seventeenth.

After a social half hour our hostess led us into the dining room, where the lights revealed an array of good things, so temptingly served as to satisfy the most fastidious epicurean. The menu consisted of veal loaf, potato chips, asparagus on toast, a salad of ambrosial taste, and in addition to this, a variety of pickles, relishes and the like. The desert, a delicious raspberry and whipped cream combination, was served with cake, which gave further evidence of our hostess' culinary skill. To carry out the scheme suggested by the season, the place cards were dainty little Easter bonnets, each selected with an eye to the particular style of beauty of the wearer.

When the time approached for our departure, we voted Mrs. Erwin the most delightful of hostesses, and hoped, at some time, for a repetition of our happy evening.—One Present.

Missionary Band.
The Missionary Band will meet at the M. E. Church Sunday April 27, at 2 o'clock. The following program will be rendered.

Songs and prayer.
Reading—Gwendolla Dunnahoo.
Pen picture of Bible Characters—Alton Roberson.
Study.
Sword Drill.
Benediction.

At the District Meet.
The Loraine boys attended the District University Interscholastic League Meet at Abilene. The Basket Ball was lost by a small margin, not due however to bad playing, but the Loraine team being "just too small." The Carbon teams, both boys and girls, won the district championship in basket ball.

The tennis was won by Colorado. Big Spring won all around District Championship.

The attendance at the meet this year showed an increase over the meet last year. Many young people were present, which was not the case last spring.

At the last meeting of the Bankhead good roads association, it was decided that Texas would get the "All Texas" route. Oklahoma made a fight for the scenic route of the Highway. This was first granted them, but later it was decided that it would detract from the "All Texas" route. The Association adjourned to meet in Hot Springs for the 1920 convention. It seems as though Texas is destined to have good roads. There is nothing that could add to the betterment of conditions than plenty of good roads.

LEMON JUICE FOR FRECKLES
Girls! Make beauty lotion for a few cents—Try It!
Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quarter pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.
Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and rosy-white the skin becomes. Yes! It is harmless and never irritates. Adv.

School Closes May 2.
The Loraine School will close May 2nd. The school has made fine progress this year. We all are aware of the fact that the attendance has been greatly reduced due to the drouth. Even though we have had three years of dry weather our school has moved on. Since the Christmas holidays the attendance has been increased, many people moving back to their homes; others moving to Loraine. Let us hope next year the enrollment will be enough to fill the old building again.

The closing exercises of the school will be given next week. Beginning Sunday night April 27th, the Baccalaureate sermon will be delivered by Rev. M. L. Moody at the M. E. church.

On Monday evening April 28th at the M. E. Church the commencement exercises will be given. The following program will be given:
Class Song—Class.
Invocation—Rev. M. L. Moody.
Quartette—To be arranged.
Salutatory—Elizabeth Wilson.
Vocal Solo—Mary White
Declamation—Alphonso Dunnahoo
Essay—Donna Parker.
Instrumental Duet—Roxie McGowan, Mattie Thompson.
Valedictory—Fred Brown.

The Senior and Junior play will be given later in the week. The Loraine Seniors number seventeen for this year's class, being second in number to all-classes which have finished the Loraine school.

The boys and girls of high school spend the happiest hours of school life. When the pages of high school have been closed boys and girls look back to those happy days in college. You may meet many with whom you associate; you may love your classmates; but there is nothing that will give you more pleasure in the years to come than those great times spent in the Loraine high school.

A person habitually constipated is a shining mark for disease, because his system is full of the impurities on which disease germs thrive. Get rid of the habit quickly by taking Prickly Ash Bitters. It is a stimulating and purgative remedy for men. Price \$1.25 per bottle at Jno. L. Doss.

The feed that has been planted in Mitchell county for the last two weeks has been enormous. The farmers of Loraine have a great deal of feed up and in some instances it has been cultivated. The feed crop has been increased, although we have plenty of land yet to be planted to cotton. The weather has been very favorable except one or two days when the sand shifted about some. But the green weeds and grass in the pastures and the continual plowing of the fields has almost stopped the sand. As we look about and see the trees have all exchanged their leafless state for a green, and beautiful dress of green. The cattle that have been brought back to the pastures or those that survived the drouth are in fine shape, in fact they are getting fat enough for beef. If a bumper crop is made and the stock are brought back to the range, it seems as though the Loraine country will be ready for business. The farmers are all of the opinion that with very little more rainfall we can make a good crop. It seems as though we will get that. Even during the dry years we have had enough rain to have made a crop had we had a season as we now have. We all believe that we will get at least a few showers which will be sufficient.

No Worms in a Healthy Child
All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILI TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 50c per bottle.

DRAUGHON'S PRACTICAL Business Usage

Thousands of firms prosper or fail because of Department Management

Emile Cotten, the anarchist who attempted the assassination of George Clemenceau, has been condemned to death by a military tribunal. The mode of execution will be the guillotine, the medieval instrument of capital punishment which France still clings to.

The Koreans it seems have set themselves to work to free themselves from the Japanese government. They have organized their men into armies, even though the Japanese have sent some several divisions to quell them. They are still clamoring for their freedom.

The latest army to be sent across the seas from America is a billion strong, but it is not boys wearing the uniform; it is beetles or lady bugs. These little animals are being sent to France, but we do not know what the exact duty of these will be, but perhaps to clear the country of small insects, perhaps the "cootie" included. They are liberated on the fruit farms of France.

Loraine Public School.
The school will close Friday May 2nd. Graduating exercises will be held at the Methodist church Monday night, April 28th. There will be 16 in the graduating class this year, the highest honors being won by Fred Brown, with an average for the term of 96 per cent.

The class play will be given at the opera house Wednesday night April 30th. The grade teachers will have their program on Tuesday afternoon at 2:30. The Juniors will take Tuesday night; and the 8th and 9th grades Thursday night.

Laboring under the handicap of a short term the work has been heavy this year, and not as satisfactory as it would otherwise have been; but the school deserves much credit for the manner in which they have met all difficulties and retained interest and enthusiasm to the end.
