### SOLDIERS HOME WELCOME. MITCHELL CO. HOME COMING.

Big Basket Picnic July Fourth. Court House Lawn in Colorado. Oratory and Music.

It has been definitely decided to have a Soldiers Welcome and Mitchell County Home Coming, big, old-fashioned basket picnic on the court house lawn in Colorado on July 4th. Committees are already at work and a glorious good time and get-together day is expected. This is a county affair, and everybody is expected to take part and make it a gala day for all.

The program committee will provide good speakers, band music, base ball games, and maybe an air plane exhibition, and plenty of entertainment for all.

There will be plenty of free ice water, comfortable seats in the big tabernacle, etc.

Every family in Mitchell county is expected to attend and bring a basket of good things to eat.

This plan has been adopted as the best and cheapest, and all can come together and have a good time.

The committees appointed at the first meeting are:

Publicity—F. B. Whipkey, J. W.

Person, Mrs. J. G. Merritt and A. C. Pratt of Loraine.

Finance—J. M. Thomas, J. C. Prude, W. R. Charters, Dr. T. J. Rat-iff, and J. H. Greene.

Program—Rev. W. P. Garvin, Mrs. A. L. Whipkey, Mrs. H. B. Broadus, Mrs. Jerold Riordan and Dr. W. A. Williams.

Music—Lee Jones, Thos. Dawes and Miss Whipkey.

Decorating—H. C. Doss, J. E. Stowe, Edgar Majors, Mrs. Joe Smoot and Mrs. Van King.

Reception—Dr. P. C. Coleman, Judge W. P. Leslie, Rev. W. C. Garrett, Mrs. John Doss, and Rev. D. R. Hardison.

Refreshments—R. P. Price, W. A. Dozier, J. B. Holt, Watt Collier and J. C. Hooker.

Tables—Jerold Riordan, Boyd Dozier and Joe H. Smoot.

Bro. Garvin has resigned as chairman of the Program Committee and L. W. Sandusky has been chosen to take his place.

#### A BIG DAY FOR CUTHBERT

All Day Dinner and Singing on the Ground—Reorganization of the West Side Singing Convention.

The Hon. Mayor of Cuthbert, D. T. Bozeman, phoned in to the Record office and said to spread a big notice on the front page of the paper that everybody who would come would have a jolly good time at Cuthbert next Sunday, June 15th.

There is being an informal program prepared, and what with some good speaking, good singing and good dinner, everybody ought to have a good time.

The main object of the meeting is to have a good time, with a regular old time get-together meeting, but incidentally to have plenty of good singing, and reorganize the west side singing convention.

Prof. Claude W. Hooks will make an address; and Hon. L. W. Sandusky has promised to be there and speak. Of course County President W. L. Doss will be there, besides all the good singers in this part of the county. Mr. Bozeman did not say what he would do (whether make a speech or sing a solo) other than he promised the newspaper men a square meal if they would come. He never saw us sit down before a plate of fried chicken or a big pot pie like mother used to make, or perhaps he would not have made such a promise.

They want it distinctly expressed that all soldier boys, whether at camp or from France, are especially invited to come, and this community wants to give them an informal welcome.

Mr. Bozeman, as master of ceremonies, asks that all who come bring a basket of dinner with them, as it is to be on the order of a picnic, and it would be a failure were there not an abundance of good eats for everybody.

All the singers of the county are invited, especially those from the west side; all the soldier boys are specially invited, and Coloradans also are invited to come out and spend the day with them, and, laying off all restraint and diffidence, have a good jolly time singing, speaking and eating.

Don't forget the day—next Sunday, June 15—and don't forget to take a basket of dinner, so that not yourselves will have plenty, but have plenty for the other fellow too.

#### WEATHER AND CROPS.

These two subjects are hard for us to write intelligently about, because of so many sudden changes in the weather, and of the many hard luck reports of damage to crops, many of them conflicting; and a few of them overdrawn; but it is certain that the very best reports and information is had enough.

The weather has been cutting up all kinds of capers since our last issue; changing from one extreme to another, within a few minutes. It has been hot; it has been cold; it has been raining; we have had sand storms—and band ones; it has hailed; we have had high winds, and sultry calms. In fact we have had all kinds.

Friday evening a severe sandstorm swept the southeast quarter of the county, almost cleansing up the crops; and again Saturday evening another followed, almost in the same path, laying waste to all young cotton.

Sunday evening nearly an inch of rain fell, with some hail in parts of the county, which did some damage in a small territory.

Monday evening the mother rain of the season fell. It was general all over West Texas, but the heaviest part was from Big Spring to Abilene. Over two inches fell in Colorado and from three to four inches fell in some parts of the county. In the western part many fields of cotton were from 6 inches to two feet under water. Some of these fields could have been crossed in a boat from side to side immediately after the rain. Of course the damage was enormous. Cotton has been sanded, hailed, blown washed, drowned and covered, until not more than 50 per cent of the original cotton crop is now standing. Seed is being shipped in and farmers are replanting between rains, and are yet hopeful that a big crop will be made. Some few have abandoned

their cotton, and are planting their farms in sorghum and feed stuff.

Attention is called to the rain table on page four, also Keathley's weather report for May. Rainfall for May was 2.19, giving a total so far this year, up to June 1st of 10.58 inches. This added to the June rain fall will bring the total up to what we had all of last year. The rainfall in May, 1918 was 2.58 but there had been none preceding it.

The season, so far, is fine, and all that the crops need now is warm growing weather.

If the replanted cotton should come up and grow off rapidly, with the proper conditions, and a reasonably late fall, it would make a good crop.

Oats has been harvested, and made a fine yield. Wheat is being cut this week, where the ground is not too wet to drive a binder, and it is estimated from 10 to 15 bushels per acre.

It is generally conceded by expert farmers that a big crop of all kinds of feed will be made.

#### RED CROSS MEETING.

The Mitchell County Red Cross Chapter, Executive Committee met in regular session at the M. E. Sunday school rooms, Wednesday at 4 o'clock. The Chairman, Rev. W. P. Garvin, presiding.

Reports from the different chairmen were given.

Rev. W. C. Garrett, chairman of Home Service, reported nine families assisted in various ways. Some given advice; some visited, and some assisted in getting their allotment; over 100 miles traveled, and twenty-four letters written. Because the work required more time than he felt able to give to it, he resigned. Mr. J. C. Prude was elected to fill his place.

Mrs. Merritt reported the women of the town had not responded to the call for a class in the Home Hygiene and care of the sick, and was making an appeal in the Record that they enlist for this training.

Mrs. Whipkey reported the production work rooms closed and awaiting peace time orders.

The body voted to send Rev. W. P. Garvin to Dallas on the 18th to attend the Red Cross conference.

Mrs. A. L. Whipkey was elected to write the history of the Mitchell County Chapter. This will give the most important facts of this Chapter since its organization, with a list of officers etc.

A resolution was passed, asking the City Council to take immediate steps to have the town cleaned of weeds and rubbish.

#### CHANGE OF RURAL MAIL ROUTES

Effective June 16th, rural routes 1 and 3 will be discontinued and this service will be superseded by Motor Route Service an dthe entire route to be known as route "A." People having parcels and packages and other mailable articles will address them accordingly. At an early date all boxes will be renumbered. Until then patrons along these routes will please not use their old numbers in the addressing of their mail.

A regular schedule will be maintained along this route as follows:  
 Leave postoffice at 9:15 a. m.  
 Arrive at Goode corner 9:40 a. m.  
 Arrive Matthews corner 10:20 a. m.  
 Arrive Daniels corner 10:40 a. m.  
 Arrive Mann corner 11:10 a. m.  
 Arrive Weatherby cor. 11:50 a. m.  
 Arr. Landers Pasture 12:10 p. m.  
 Arrive Hale Corner 12:30 p. m.

Ar. Landers cor. (retrace) 1:00 p. m.  
 Arrive Moats corner 1:45 p. m.  
 Arrive Ellwood corner 2:20 p. m.  
 Ar. Low school house 2:40 p. m.  
 Ar. P. O. Colorado 4:30 p. m.  
 Carrier Ralph Beal will be transferred from route three to Motor Route "A" and temporary carrier, J. G. Keathley, will be dropped.

This change has been made necessary, due to the fact that neither route was handling sufficient mail to warrant its being retained, even on a tri-weekly basis. In order that these people might not be deprived entirely of any service, the matter was taken up with the departmental officials and it was decided to establish a Motor Route.

CHRONIC CONSTIPATION

Perhaps you have never thought of it, but this disorder is due to a lack of moisture in the residual matter of the food. If you will drink an abundance of water, eat raw fruits and take lots of outdoor exercise, you may be able eventually to overcome it entirely. In the meantime use the most mild and gentle laxatives. Strong and harsh cathartics take too much water out of the system and make a bad matter worse. Chamberlain's Tablets are easy and pleasant to take, and most agreeable in effect. Give them a trial. TO COMPLETE THE PIKE.

Approval of the bonds and contract for the Dallas-Fort Worth pike has been made by the State Highway Department, and work will begin at once. It will extend from the end of the Davis street pike to the county line, west of Dalworth Park. It will be of reinforced concrete with trap rock surface. Thus the links in the Bankhead highway are being closed.

**The Doctor Away From Home When Most Needed**

People are often very much disappointed to find that their family physician is away from home when they most need his services. Diseases like pain in the stomach and bowels, colic and diarrhoea require prompt treatment, and have in many instances proven fatal before medicine could be procured or a physician summoned. By having it in the house you escape much pain and suffering and all risk. Buy it now; it may save life. Adv.

**EASTLAND HOPEFUL OF BIG PRODUCTION.**

The Chapman No. 2 four and one-half miles northeast of Eastland went into the pay at 3,460 feet last week. It is flowing 800 barrels a day. The Leon Oil Co. No. 1 Allen, half a mile west of the Chapman drilled in at 3,465 feet and is flowing 500 barrels. Practical oil men are of the opinion that the western line of production has not been reached and are investigating heavily in development to prove their faith in their theories. It is predicted that the Great Southern Oil and Refining Co. well three miles north of Eastland which is close to the pay will be a good one. At all events the western limits of production have not been defined in this territory and there seems to be good ground for believing that a new big center of production is due to be developed very close to Eastland.

The Auditorium was decorated with blue and red streamers, and white pennants with red lettering "Can't be Beat," suspended from the walls and curtains. Mr. Homan Phenix and Master Nawi Boatler gave readings, which were very much enjoyed. Refreshments of ice cream and cake were served.

The object of the contest was to increase the attendance, which proved quite successful. In six weeks the attendance increased 50 per cent.

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist. Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle costs but a few cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.  
Dodson's Liver Tone is a pleasant tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work! Take Dodson's Liver Tone instead and feel fine, full of vigor and ambition. Adv.

**KILLED BY T. & P. TRAIN.**

Monday morning the mangled body of a man was found near the salt works in East Colorado. The remains which were scattered up and down the track, were gathered up in wash tubs and brought to the Greene undertaking parlors. An identification card was found from which it was learned that the man was A. G. Henley, whose home was at Kensett, Arkansas, and that he was a member of the S. L. and A. Lodge.

Sheriff Chesney wired to the sheriff at Kensett, and received an answer instructing the undertaker to bury the remains here, which was done Tuesday morning.

It was learned that he had left Big Spring Sunday night on a freight, either riding the rods or the bumpers. The freight side-tracked at the salt works for the midnight westbound Sunshine special, and about where the trains passed is where the accident occurred. It is not known how it happened but is supposed that he had gotten off the freight and tried to catch onto the special as it passed, and was thrown under the train and mangled beyond recognition.

He was a young man, apparently about 19 or 20 years old.

### FUNERAL SERVICE.

On last Saturday funeral services were held for Mr. Allan Burchard, who died at Abilene, and his body brought here for burial. The services were conducted at the residence of Mr. and Mrs. Thos. Dawes, by Dr. W. A. Williams, and the body laid to rest in the I. O. O. F. cemetery beside his mother, who passed away while he was quite a child. He was a nephew of Mr. Ben S. Van Tuyl, and in his early life lived here. The friends of the family extend sympathy.

J. A. Dowlen of Windom is here this week, the guest of Oscar Price. Mr. Dowlen owns quite a lot of land in Mitchell county, or says he did before these recent sand storms, but is not so certain about it now. He leaves this afternoon for his North Texas home, and when asked when he was coming back, said—Never Again. The Whirlwinds and Sins told him good bye with the provision "till we meet again in the black land country, free from wind and sand."

### UNION HAPPENINGS

The last fortnight has wrought many changes in this section. Sunday night we had a fine rain, which we all were glad to see. Then on Monday about one or two o'clock it began raining slowly, but soon got to raining fast and very hard, and an occasional sheet of hail fell, but did not do much harm generally speaking, but in spots was bad. The rain and hail together did much damage to the growing crops. Nearly every one in the settlement will have more or less planting over to do, and seed is very scarce. But in the face of all this, we have a great deal to be thankful for; so let's take on fresh courage, day by day, and ever keep before us the great bible statement that "all things work together for good to those that love the Lord."

Mrs. E. A. Donelson and Mrs. J. M. Dorn of this community were taken to the mineral wells at Sweetwater with the hope of recuperating their health. This community hopes for their speedy recovery.

Our Sunday school is still thinly attended, but a good interest manifest among those that do go.

I now quote a bible text which says "come unto me all ye that labor and are heavy laden and I will give you rest." No doubt many of us feel burdened on account of our crop damage, but while that is the case, let us make an important inquiry—have we done our best, or done our duty towards keeping or obeying God's laws and commandments?

### BUILDING UP OUR WOMANHOOD

Given Up to Die by Her Friends, a Young Lady Recovers Her Health and Increases Weight—65 Pounds.

A Powerful Nation Needs Strong Healthy Women.

A nation is no stronger than its women. Hence, it is the duty of every woman whether young, middle age, or in advanced life to preserve her health. If you are sick and suffering don't wait until tomorrow but seek relief at once—today. Tomorrow your illness may take a chronic turn.

There is a remedy for almost every ill. Thousands have found Peruna to be that remedy as did Miss Clara Lehr of 21 N. Gold St., Grand Rapids, Michigan. She writes a friend: "I don't need Peruna any more. I am all well after taking six bottles. I weighed ninety pounds before I started and was poor and weakly. I had such a cough and spitting all the time that I never expected to recover. My friends gave me up. I could eat nothing. Now I can eat and weigh 135 pounds. I most thankfully recommend Peruna to my friends."

Miss Lehr's letter is an inspiration, a message of hope to suffering women. It tells you that you too may be strong and well and vigorous. Peruna may be had in either liquid or tablet form. Ask your dealer. If you value health, do not accept a substitute. Dr. Hartman's World Famous Peruna Tonic is what you want. The Peruna Company, Dept. 79, Columbus, Ohio, also publish Dr. Hartman's Health Book. The book is free. Write for it. Your dealer will give you a Peruna Almanac.

### WORLD'S RECORD IS BROKEN BY TANLAC.

Bottles Sold in Four Years Would Reach From New York to Denver, Colorado.

Four years ago very few people had ever heard of Tanlac. Today it unquestionably has the largest sale of any medicine in the world, and is as well known in Canada as in this country. In the brief period of only four years time this now famous remedy has leaped from obscurity to the very pinnacle of success. Its fame in fact, has long since spread beyond the limits of the continent, and numerous inquiries regarding it are now being received from many foreign countries.

Very few people, however, fully realize what a really wonderful record Tanlac has made. Indeed, if it were not for the unquestionable facts and figures given out by the largest and best known drug firm of the country the story of its success would be hard to believe.

Up to January first the total sales of Tanlac amounted to approximately twelve million bottles. The demand, however, is increasing, for during the first ten weeks of this year over one million bottles were sold and distributed in the United States and Canada, the exact figures being 1,306,186 in three months.

At this rate, therefore, the sales for the present year will amount to more than five million bottles. This will mean that 17,000 bottles of Tanlac will be sold every day of the year, or 2100 bottles every hour of the average working day.

These figures are too stupendous for the average mind to grasp, but one may visualize what twelve million bottles mean by imagining them laid out in a single file end to end. Thus laid, they would make a track of Tanlac from New York, through Chicago, and on to Denver, Colorado; or they would form a double track of Tanlac from the Great Lakes to the Gulf of Mexico. Piled on end they would tower 135 times as high as Pikes Peak, or rise 13,333 times higher than the Woolworth building in New York, the tallest building in the world.

The demand for Tanlac has become so great that its sale instead of being measured by the gross as other preparations have been, is reckoned by the car load, and even by train load. In proof of this it is a noteworthy fact that the leading drug jobbers everywhere now buy Tanlac almost exclusively in car load lots. To supply the Pacific coast trade alone, requires from forty to fifty car loads per year—jobbers of the Middle West are selling from seventy to eighty cars per year.

"Crops in West Texas are 100 plus Wheat will make a great yield and cotton and feed would not be more promising. West Texas has come back good and strong, but the crop has not been harvested and therefore the farmers have not been relieved from the shortage of cash caused by the drouth. There is a difference in a crop in the field and one that has been sold."—Abilene Reporter.

The jobbers and wholesale houses of the north and east, as well as other creditors in distant parts, seem to think prosperity is already here—that money came down with the first good rain and has been falling every since. The mails are now flooded with the "Please Remit" kind. We know because we get 'em all the time. A majority of the people of West Texas have no more money now than at any time during the driest years; not even so much, because it took all that could be hustled up to buy seed and feed to set this crop. While it is true prospects are very flattering as a rule, for a good crop, but no crop can produce money until it is harvested and sold.

### APOLOGIES.

The Colorado Record seems long on apologies. If we remember correctly that paper has not come to our desk for several weeks without an apology of some kind for its appearance. Apologies are poor assets in business or anywhere else. Usually if a person or thing is not up to the standard, people will know it, but often we think we have failed, when others do not see it that way, and by calling attention to our failure it makes it the worse, instead of better. In reading the Record the past week, we stumbled against the following, in fact we were looking for a paragraph of the kind, as we have become accustomed to look for it each week: "If the Record is not up to the standard this week, lay it to several causes. First, this is the fifth issue this month; and the office has been busy on job work; besides we had 20,000 potato slips to set out (which is no little job). A combination of circumstances tend to weaken this issue, but still, by comparison, the Record is the best local paper in the west."

We do not know whether the Record wanted its readers to know that they had twenty thousand potato slips planted, or whether the editor was afraid that they might not recognize the Record as the "best local paper in the west." The Record is a good local paper, and the Avalanche appreciates its weekly visit, and we were about to pronounce the last issue a "hum dinger" and a plum good one, but after reading the apology we thought possibly we were mistaken and found that it was a little short—only eight pages full of good live and local reading matter, well composed, neatly made up and nicely printed.—Lubbock Avalanche.

We hardly know whether the above is a criticism or a bouquet, but we will let it go as the latter. It was written by James L. Dow, editor of the Avalanche at Lubbock. Dow gets out a 16-pager all the time, and when the Record said "best in the west" of course we did not mean to include the Avalanche, as it is published up on the plains, and is out of our territory, and it is far ahead of the Record. Jimmie Dow has many friends and relatives in Mitchell county, who are pleased to note his unprecedented success.

### MASONIC.

The Masonic Lodge met in regular convocation last Saturday night and after regular business elected the following officers:

- W. E. Watson, Worshipful Master.
- L. A. Costin, Senior Warden.
- Geo. Slaton, Junior Warden.
- F. M. Burns, Treasurer.
- W. S. Stoneham, Secretary.

All the other officers are appointed, and will be announced later.

The Royal Arch Chapter will meet Friday night, June 20th, and elect their annual officers and these, with all the officers of the Blue Lodge and Council, will be installed on Tuesday night, June 24th.

It was decided to have an open house installation; that is all Master Masons and their wives, and all Eastern Star members were invited. A program and reception committee was appointed and the Stewards will arrange the banquet with grape juice and buttermilk on the side.

### RANCH HOUSE PARTY.

All the week there has been quite a house party down on the H S Ranch, at the home of Mr. G. W. White, who now owns the ranch. The party is given by Mr. White's daughter, and all the young folks are from Mineral Wells, Weatherford and other points, and are as follows: Miss Ruth Millard, Baltimore, Md., Clarion Bentley Baltimore, Md., Miss Hilda Urbankte, Austin; Miss Belle Patterson, Houston; David C. Cunningham, Palo Pinto; Jim McElroy, Terrell; Couts Holland, Weatherford; Mrs. Charlie Corn, Weatherford; Mr. and Mrs. Geo. S. White, Weatherford; Miss Helen White, Weatherford; Dudley Taylor, Weatherford.

I have in stock a broadcast or grain binder. Lots of wheat and oats to cut. Figure with me on this binder. H. C. Doss.

### CENTRAL CIRCLE.

The Central Circle of the M. E. Church, met in the basement of the church, Monday, at 4 p. m. with Mrs. Everett Winn hostess. Besides the regular business an offering was made for the colored M. E. Missionary Society. It was also decided to assist in sending the pastor to Columbus, Ohio, to the Centenary meeting the last of this month. The committee reported the tables purchased for the Sunday school rooms. After business the hostess served ice cream and macaroons. The next meeting is with Mrs. Ruddick.

### CAMPFIRE GIRLS.

The Campfire Girls had a meeting with Mrs. Merritt Tuesday. Work was planned for the summer. It was also decided to entertain the Boy Scouts at an early date.

### A CORRECTION.

Last week in giving the names of honor pupils in the public school, the second honor pupil of the fourth grade was omitted through error. Samuel Womack won this distinction. Besides doing splendid work in school he has been quite a help to his father, doing almost a man's work. So we gladly give him the honor due him.

### MERRY WIVES.

Mrs. Bert Wulfjen was hostess for the Merry Wives last week. Her guests were Mesdames Sandusky, Loveless, Shropshire, Jerold Riordan, J. S. Vaughan, Slagel, Misses Kennedy, Winnie Vaughan, Shropshire, Lottie Pritchett, Lillian Smith, Lois Whipkey and Martin of Lampasas. Ice cream and cake were served.

We have a full line of Field Seed—Colorado Mercantile Co.

### A SPECIALIST

Dr. M. E. Campbell of Abilene, a Specialist in Eye, Ear, Nose and Throat Work, will be in Dr. C. L. Root's office in Colorado, on Friday, June 20th.—One day only.

### YOUNG PEOPLES SOCIETY.

The Young People's Missionary Society of the M. E. Church met with Mrs. Merritt last Saturday afternoon. The program was on Social Service. It was decided to give a pageant at Sweetwater at the Missionary meeting sometime this month. Cards were received from Holland's Magazine, and canvassing will begin real soon. Mrs. Garvin was a guest. At the social hour berries and cake were served.

Ollie P. Ford, formerly a Colorado citizen, but now manager of the Clint Banking Company, writes for the Record and says: "Enclosed find check for which please fill out for one year's subscription, and send me the paper. I am absolutely lost without it. Hope this will be a very prosperous year for you and all of Mitchell county."—O. P. Ford.

### DAYS OF DIZZINESS

Come to Hundreds of Colorado People.

There are days of dizziness; Spells of headache, languor, backache; Sometimes rheumatic pains; Often urinary disorders. Doan's Kidney Pills are especially for kidney ills.

Endorsed in Colorado by grateful friends and neighbors.

Mrs. W. M. Cooper, Concho St., Colorado, says: "About five years ago I suffered a great deal with severe pains across the small of my back. I could hardly get out of bed in the morning, as my back felt as if it were broken and it was sore and lame. I would get so dizzy, everything would turn black before me and I would have to grab on to something for fear of falling. I had severe headaches and was bothered by the irregular action of my kidneys. I read a whole lot about Doan's Kidney Pills, so I got a box at W. L. Doss's Drug Store and their use removed the pains in my back and regulated my kidneys. I felt like a different person."

Price 60¢, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Cooper had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

### R. T. COFFEE DIES AT LOCAL SANITARIUM.

About a week before his death R. T. Coffee of Loraine, was brought to the sanitarium at Colorado, suffering from a severe attack of appendicitis. He was operated upon at once, but the disease had advanced so rapidly that the case looked serious from the start. He seemed to rally and was getting along very well for a few days after the operation, but suddenly grew worse and lingered until 8:30 last Saturday morning, when death came to relieve him of all suffering.

Undertaker Greene embalmed the body and took it to his home at Loraine, where all that was mortal of this good man was laid to rest in the Loraine cemetery Sunday evening, Rev. D. B. Doak of Big Spring, conducting the services.

Mr. Coffee came to this county in an early day, when quite a young man and has made it his home ever since. He married Miss Emma Smith in 1896 and from this union only one child came to bless this home, Miss Marie, who at the time of his death was attending the State University at Austin, but arrived home before his death.

His father, wife, daughter and five brothers survive him, and mourn the untimely loss of a good husband, son and father.

Mr. Coffee was a banker and farmer, and a very influential man in his community and in the county. He was an honest, upright man and very conscientious in all his dealings. He was ever ready to help those in need, and was foremost in all things that would help build up his town, his community or his county.

The Record, with numerous friends throughout the county, extend sympathy to the loved ones who are left only the pleasant memories of the happy years passed, and to look forward to the reunion in the brighter world where there will be no parting.

On Monday last Mrs. James L. Shepherd entertained at lunch at the Barcroft, in honor of her friends, Mr. and Mrs. Fred B. Robinson of Waco. Mesdames F. B. and A. L. Whipkey were guests.

Mrs. W. L. Lindley returned home last week, from attending the graduating exercises of her son, Dr. Oda Lindley, from the medical college. Dr. Lindley is now assistant surgeon on the eastern division of the T. & P. Ry. Co., a very responsible position as well as a very lucrative one.

Miss Myrtle Barber left Sunday morning for Abilene to attend Summer school at Simmons.

Mr. and Mrs. W. R. Charters are off this week on a summer vacation trip, spending most of the time at May, Texas, with Mr. Charter's mother.

Judge J. C. Hall is arranging to have all the county school trustees to meet in Colorado some day in July for an all day picnic and discussion of county school affairs. There are twenty-nine schools in the county, with three trustees each, together with some twenty teachers, will make over one hundred persons. A good time can be had as well as the interchange of ideas in school matters. State Superintendent Annie Webb Blanton has written that she will be here and speak, and instruct the trustees, all the day. So soon as it can be learned just what day Miss Blanton can come, the time will be announced in these columns.

### TO THE WOMEN OF MITCHELL COUNTY.

The Nursery Department of the Mitchell County Red Cross Chapter, will conduct a class in "Home Hygiene and Care of the Sick," the last week in June if a sufficient number of Mitchell county women desire the course. A nurse teacher will be secured by the Chapter, and all necessary equipment provided. The only expense to you will be the book, which costs 60 cents. In taking this course you do not obligate yourself to any service. The Red Cross offers this for your benefit in caring for the sick in your own home and community. If you wish to enroll in this class, phone the chairman during the coming week. Mr. J. G. MERRITT Chairman of Nursing Dept.

You are especially invited to the Baptist Sunday school Sunday morning—10 o'clock.

Mrs. C. H. Earnest returned from her visit to Dallas last Saturday.

Conrad Watson wired his father, W. E. Watson, this morning from Tyler, that he had accepted a position in Amarillo and was on his way there. Conrad has graduated in several courses in the Tyler business college and he is sure to make good.

### You Do More Work,

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness. GROVE'S TASTELESS CHILL TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS CHILL TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of GROVE'S TASTELESS CHILL TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS CHILL TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

## For Weak Women

In use for over 40 years!  
Thousands of voluntary letters from women, telling of the good Cardui has done them. This is the best proof of the value of Cardui. It proves that Cardui is a good medicine for women.

There are no harmful or habit-forming drugs in Cardui. It is composed only of mild, medicinal ingredients, with no bad after-effects.

TAKE

# CARDUI

## The Woman's Tonic

You can rely on Cardui. Surely it will do for you what it has done for so many thousands of other women! It should help.

"I was taken sick, seemed to be . . .," writes Mrs. Mary E. Veste, of Madison Heights, Va. "I got down so weak, could hardly walk . . . just staggered around. . . I read of Cardui, and after taking one bottle, or before taking quite all, I felt much better. I took 3 or 4 bottles at that time, and was able to do my work. I take it in the spring when run-down. I had no appetite, and I commenced eating. It is the best tonic I ever saw." Try Cardui.

**LONGFELLOW LOCALS.**

The farmers have been very busy replanting this past week. Everybody is getting along just fine. Other farmers from out of this community came over and helped the people plant over, enabling them to get the seed in earlier.

Miss Irene Felts was a guest of Miss Goldie Westbrook last Sunday.

Miss Mae and Kate Williams were visiting Miss Ola Westbrook Monday.

There was singing at T. H. Westbrook's Sunday night, but on account of the rain it was postponed until later, when we are reeding rain.

Miss Mae Williams received a telegram from Mr. Pinkie Fuller that he had landed in New York and would soon be home.

Bro. Leach will preach at Longfellow next Saturday night and Sunday. Everybody has a special invitation to come and hear him.

The young folks enjoyed a party at L. F. Burrus last Saturday night, given in honor of Thomas, who has just returned from France.

There was quite a crowd of young folks took supper with Ola and Melvin Westbrook Sunday evening.

Miss Mae Williams was a guest at Mr. and Mrs. Judson Felts, Sunday.

Miss Ouida Swan was a guest of Miss Ruby Wilson Sunday.

Laying all jokes aside, wasn't that

a bad looking cloud that came up last Sunday evening from the north, tho' we received a nice rain that night and still better one Monday evening.

Singing was just simply fine Sunday evening. Everybody invited back next Sunday. We expect to have the seats better arranged.

**TAGGING THE TOTS.**

The last convoy of little "repartries" were preparing to leave Evian in Switzerland for France. Already the train was panting in the station and Red Cross men hustled them about in a fatherly way, while Red Cross women gave them sandwiches and chocolate. There was a great babble of childish tongues and the spirit of excitement ran high. Nearly every youngster wore some new article of apparel, from a new red tam-o-shanter to a shiny pair of new and squeaky shoes. And each one wore a little chain made of small bone links. Some of the chains were red, some white, and some blue.

Only the French Red Cross officials knew the significance of these chains. One of them told me that if the child's father was living he was given a red chain; if only his mother was left, a blue, and if he were wholly orphaned he wore a white one. I noticed there were very few red chains there—and a good many white ones on these little travelers going back to France.

**COUNTING BY MILLIONS.**

On the 15th day of December at 1:55 p. m. in the year 1915, the Ford Motor Company cast the one millionth Ford Model T Motor, the famous power plant of the famous Ford car. It marks a great achievement when 1,000,000 motors had been cast consecutively, without a hair's breadth of change from the original design.

On April 8th, at 1:30 p. m. in the year 1919, the Ford Motor Company cast the three millionth Model T Motor, and it was identically the same in every detail, without a change of a hair's breadth in any particular, as the first Ford Model T Motor that was cast. 3,000,000 of one piece of mechanism cast, one after the other, without a change, is certainly about as strong evidence of perfection as it would be possible to conceive. Already now more than 3,000,000 Ford cars in daily service, and more than 3,000,000 alone carrying this famous Model T power plant.

A further pressing fact is that there has not been a day in the past three years when the Ford Motor Company has not been more than 100,000 cars behind orders for immediate delivery, and the output at the present time is in excess of 3,000 cars per day.

**NEW MARSH PICTURE HUMAN AND THRILLING**

Mae Marsh has what is probably the most sympathetic role of her career in "Hidden Fires," her latest Goldwyn picture, which will be shown at The Best Theatre, Friday and Saturday June 13 and 14, and Saturday matinee.

"Hidden Fires" depicts the story of a hotel news stand girl, who, because of her striking resemblance to a betrayed society girl, is induced to take the other's place at home and in society in order to spare the life of a mother who grieves for the daughter. Peggy Murray (Mae Marsh) becomes Louise Parke, and as such enjoys the mother love and riches that were showered upon the missing girl.

Peggy shudders at the thought of deception and, to make amends, busies herself with work among the city's poor. On one of her visits to the sick in the slums Peggy's co-workers take her to the bedside of a once beautiful girl, whose face is now stained by suffering. Peggy is startled as she seems to see her own reflection in the bed. She suspects the truth and soon learns the sufferer is the girl whose place she has taken.

She rushes from the room and the following day returns with the man who has cast the other girl off. He has previously apologized for his behavior to Peggy thinking she is the girl who loves him. At the bedside Peggy shows him his duty, and when their marriage rights the wrong done the former society girl Peggy ends the deception. She returns to her news stand and the other resumes her proper station without even the mother suspecting the change.

Next week Mary Pickford in her latest and best production "Daddy Long Legs," will be shown at this theatre.

### DEATH OF R. T. COFFEE.

After six days of illness, due to an attack of appendicitis, R. T. ("Uncle Bob") Coffee passed away Saturday morning at 8:30 o'clock.

Uncle Bob Coffee was born April 9, 1863 in Fannin county, Texas. Some years later he moved to the west, settling in Mitchell county, where he was married to Miss Emma Smith June 2, 1896. With the exception of only a few years his home has been in Mitchell county. His only child, Miss Marie, was called from Austin where she has been attending the state university.

Uncle Bob leaves his wife, his daughter, his aged father, "Grandpa" Coffee, and five brothers, T. J. of our city, T. M. of Odessa, J. L. of Albany, S. C. of Louisville, Ky., all of whom were with him in his last hours except W. R., who could not reach here in time.

Uncle Bob Coffee was a devoted christian man. He will be missed from the churches of our town. He was a man of supreme honesty and ability; a man who believed in the high ideals of life. It was never said of Uncle Bob that he checked or hampered anything that would help his fellow man or lead to the purer things of life.

We will miss him from our town and county. We will long for his influence which was always ideal and pure.

He has been a citizen of Loraine during its making, and was helpful in all the things that lead to the upbuilding of our town. We owe Uncle Bob a tribute of praise. In his everyday life he was an example to be followed. He was always ready to share his part in anything that might arise.

Loraine and Mitchell county has lost a man that was useful to his country and his people. Not only will his immediate family miss his presence but the country realizes the loss by the passing of this man. He always had a pleasant word for those with whom he came in contact.

Though we cannot understand it, all things work for the best with the Master above.

Saturday morning at 8:30 o'clock, when his soul passed over the river to rest in the shade of the trees, we lost a man whom we all mourn. But the Master had a greater need for him.

May the friends and dear ones of Uncle Bob thus realize, and let the sunshine come through the clouds of darkness.

Have in stock (no waiting) a full line of single and double row cultivators, John Deere and Standard—they're the best—H. C. Doss.

It has been estimated that the American army in France gained 32 million pounds, or an average of about twenty pounds. The out-door work seems to have agreed with them.

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quarter pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and rosy-white the skin becomes. Yes! It is harmless and never irritates. Adv.

### Married.

Last week Miss Mary Burrus and Mr. Joe Jobe were united in marriage. Miss Burrus has been a student of the Loraine school. She is known and admired by all the people of this community. Mr. Jobe is a progressive farmer of the Brownlee community. We hope for them all the pleasures, happiness and prosperity that can come to them.

### Black-Forcher.

Sunday, June 1, Miss Rena Black and Mr. V. W. Forcher were united in marriage at the home of the bride's parents. Mrs. Forcher is from one of Loraine's finest families. She is a graduate of the Loraine school, and this has been her home for several years.

Mr. Forcher is a progressive young man, who is well and favorably known. After a short stay with Mrs. Forcher's parents, Mr. and Mrs. C. M. Black, they left for Wichita Falls where they will make their home.

We hope for them all the pleasure that can possibly come their way. May their happiness and prosperity never be hampered by misfortune.

The farmers surrounding Loraine, are all very busy planting over the cotton crop. The hail did great damage. But the sandstorms have done more to destroy the crops than hail. Practically all the cotton has been or is to be planted over. Despite the fact that some of them are planting the third time, they are working in good spirits. Of course if everything goes well, probably the cotton planted now will do as well as the early crop. All the feed has been saved, with but few exceptions. Some very young feed has been damaged so bad that it will have to be planted over. But we can think of the good old saying: "Behind the clouds the sun's still shining."

Mr. Brown has his wheat crop harvested and in the shocks. It seems to be very good wheat. Mr. Brown thinks it will make from 10 to 18 bushels per acre. Even though it made only ten bushels Mr. Brown will have a nice pile of wheat. He had sixty acres in the patch.

Col. Bentley, representing the Department of Agriculture was in town last week working in behalf of the prices on cotton.

The time has come, Mr. Bentley says, for the people to get together on the cotton question. He gave a few illustrations to show where organizations have been perfected aided those interests. The big cotton crop, he says, must bring an ample price to reimburse the farmer for his labor and expenses. Col. Bentley explained the system that the South had decided upon to have a fair price for the cotton crop of this year and for all years hereafter. His talk was along the line of organization. He says "the farmers must stay together in the first place. Then if they can get their organizations perfected they can sell their cotton through their agents direct to the cotton mills of Europe, who have been unfurnished for two or three years. In our opinion this is no scheme or political pull of any kind, but simply a plain plan laid out to help the farmers of the Southland. Some of the South's greatest men are the originators of the idea and they want to see a success of it."

Officers were elected for the Loraine organization. A rally is to be held June 29th to elect delegates to the state cotton convention. We hope all the farmers of the surrounding country will get together and help the rest of our great Southland in securing a fair price for our cotton.

Uncle Hugh Finley received a telegram from his son, Corporal James H. Finley, stating that he had landed safely back in the states. The boat on which he sailed landed at Newport News. He will probably be home in a very short time.

V. A. Roberts and daughter were in town this week, visiting their daughter and sister, Mrs. Land.
