COX DERIDES ACTION COLORADO BOOSTERS

Action of the Colorado Booster Club in passing resolutions condemning the actions of Ben L. Cox of Abilene, representative of the Abilene district in the Legislature, for his alleged opposition to the original A. & M. Bill, as approved by the West Texas Committee, was derided by Mr. Cox in statements given the Associated Press by him at Austin Thursday in reply to the resolution.

In an open letter addressed to Porter A. Whaley, general manager of the West Texas Chamber of Commerce, and carried by the Abilene Reporter Friday, Hon. Dallas Scarborough, mayor of Abilene, also takes issue with the Colorado Club and outlines that that section of the resolution alleging that he also was bringing pressure upon Mr. Cox to not abrogate to himself any bill aside from the original A. & M. bill, was contrary to the facts. "I am not opposing Mr. Cox in this matter," Scarborough stated, "and endorse his actions in the House of Representatives."

The resolution, which was printed in The Record last week and also carried by several of the large dailies of the State, was introduced and unanimously adopted at a meeting of the Colorado Booster Club, held Tuesday of last week at the Price Auto Company, following an address by Porter A. Whaley, in which Cox was represented as being against the desires of the West Texas Committee, more than two hundred towns of West Texas, constituting membership units of the West Texas chamber, and also against the wishes of the city of Abilene.

In an interview with Silliman Evans at Austin, special staff correspondent for the Fort Worth Star-Telegram, Cox stated that the amendment offered by himself to the original bill was considered an improvement by most of the West Texas representatives and senators. "I believe those boosters at Colorado simply desired to get their names into the papers," Cox is represented to have said, in discussing the issue as he expressed himself to see it.

FARMERS AND BANKERS MEET COLLEGE STATION THIS WEEK.

A most important meeting affecting the farmers of Texas is that convened at College Station Thursday, March 3rd, for a session of two days, according to E. M. Baldwin, secretary of the Mitchell County Bureau. Baldwin stated Saturday that at this meeting several problems of vital import to both the producer of farm commodities and the banker would be introduced for consideration.

CHADWICK RELEASED FRIDAY UNDER \$750 APPEARANCE BOND

C. M. Chadwick, under indictment by the Mitchell County grand jury for swindling in connection with the passing of worthless checks, at Lorraine last fall, was released Friday under bond in the sum of \$750 pending his appearance for trial at the next term of district court which convenes in April.

Chadwick was arrested at Hugo, Oklahoma, about one month ago, and returned to Colorado by Sheriff W. J. Chesney.

FRIENDS OF J. H. GREENE ANNOUNCE HIS CANDIDACY.

Supporters of J. H. Greene as a candidate for mayor of Colorado authorized The Record to make public the announcement that Mr. Greene had consented to offer for the place and would take the necessary steps toward having his name placed on the ballots to be voted in the city election, Tuesday, April 4th.

Mr. Greene stated Monday that he had never entertained any aspirations for the mayoralty and when seen by a representative of The Record was non-committal as to whether he would consent to enter the race. Later advice given The Record as to the effect that he will make the race. A petition requesting Greene to offer his candidacy was circulated in the city the latter part of last week and the first of this week.

This makes the second candidate to enter the field for the office of Mayor of Colorado. Judge A. J. Coe announced several weeks ago his intentions of making the campaign and so far as information given The Record goes, the Judge has not announced any change from this original plan.

Others being mentioned in connection with the office are G. B. Slaton, cashier of the First State Bank, and H. L. Hutchinson, proprietor of the H. L. Hutchinson & Co. furniture and hardware business here. Each of these are also being mentioned for aidmen, and Slaton has agreed to make the campaign for the latter place, so The Record is informed.

G. B. SLATON SLATED FOR ALDERMAN FROM NORTH SIDE.

G. B. Slaton, cashier of the First State Bank, is slated for alderman from the North Side, according to information given The Record Saturday. Mr. Slaton stated Saturday afternoon that he had given no thought of his proposed candidacy for the place until solicited to permit for his name to be used as a candidate by a number of citizens of the city. He authorized the statement late in the afternoon that he would serve on the City Council if the voters elected him to the place.

The friends of Mr. Slaton were expressing considerable satisfaction over the fact that he had consented to offer for the place, since he is generally regarded as a young man of unusual business and managerial qualifications.

ATTEND FARM BUREAU MEET AT SWEETWATER FRIDAY.

Colorado citizens attending the district meeting of the Federal Farm Bureau at Sweetwater Friday express renewed interest in the organization here. The Sweetwater meeting was attended by representatives from the Fisher, Nolan and Mitchell County Bureaus.

Those attending from Colorado were W. A. Dulin, W. C. Bush, J. C. Hooker, W. A. Oliver, W. W. Porter, E. M. Baldwin, B. S. Van Tuijl and A. C. Guest, and W. F. Altman and S. H. Hart of Lorraine.

H. F. Dieterich and D. D. Peavy of Dallas spoke before the meeting. Peavy is of the fiscal department of the State Bureau. A. C. Moser, the State secretary, who was to have addressed the convention, was not present.

The Federal Reserve Bank has recently agreed to protect loans on bonded warehouse cotton, according to a statement made before the convention by Mr. Peavy.

Development Continues to Progress In The Mitchell County Oil Territory

A report from the Travellers well, on the Landers ranch 12 miles southeast of Colorado is that the crew is waiting the arrival of five-inch casing to shut off small amount of water at 3360 feet. This is the first water encountered in this well since passing a depth of 470 feet. Prospects are very assuring for oil in the Travellers well at from 2600 to 3700 feet. It is understood that the company plans sinking this test to depth of 4,000 feet, if necessary.

Texas & Pacific No. 1 and Morrison No. 2 of the Underwriters Producing & Refining Company, 12 miles west of Colorado, are both on the pump this week. The latter well was placed on the pump during the past week.

Tools for the job at Little No. 1, three miles southwest of the town of Westbrook, are reported as strung and drillers expect to spud this well this week. This well will be the first test to be drilled by the Renott Oil & Land Corporation on their Mitchell County holdings. Tools to be used on this job were taken from T. & P. No. 1, the discovery well. Operators who have visited this location are very favorably impressed with the possibilities for oil there.

Rig materials for the first test on the Wulffgen lease, south of Colorado, are being hauled out but it is understood that a positive location for this well has not been made. A technical location has been made near the Seven Wells, seven miles south of Colorado. This well will be drilled by the Texasada Company.

Repeated rumors to the effect that a contract has been made for drilling on the Capps-Lucas ranch are to be heard, but could not be verified Wednesday afternoon.

Reynolds No. 1, initial test of the

Vincennes Oil Co. on their holdings on the Reynolds ranch, 30 miles northwest of Colorado, was drilling at 1850 feet. The hole is in excellent condition and an unusual amount of interest is being manifested in this well. Manager Keck is developing this lease with no loss of time and expects to complete the first well in record time.

At Loran the Colorado-Tex Company is drilling out cement and it is expected that this well will be restored to its former production, or even increased unless something unforeseen occurs.

It is understood that operations will be commenced on the location on the Dorn tract within the next few days, and the same report is heard concerning the Smith well. Both these wells are near Colorado.

Tools for the Coleman No. 1, 17 miles northwest of the city, on the ranch of Dr. P. C. Coleman arrived Tuesday from Weatherford and were hauled out to the location Wednesday. It is said this well will be drilled by the Hilliard Drilling Company of Tulsa, whose representative arrived in Colorado several days ago.

At this time there is probably more real development about to be started and being held in the planning than at any time past since operations were commenced in the Colorado field. It is now very evident that a number of new derricks will be strung within the next ninety days, should these plans materialize.

It is reported that drilling operations will be started on the Wheat ranch within the next thirty days. This property lies west from the Underwriters and Coleman wells and is controlled by a large syndicate operating out of Big Spring.

ADDITIONAL IMPROVEMENT FOR THE PUBLIC SCHOOL.

The public school now has a new stereopticon that is a source of pleasure and instruction to the pupils. As many slides are being used to illustrate things in different subjects, Mr. King has arranged to have a new set of slides each week from the extension department of education, from the State University that are proving of great benefit. This machine was purchased by the pupils with the balance of the Junior Red Cross fund and will stand as a monument to their loyalty for time to come. Many other things of equal importance have been added to the school in the last year or two, and now the pupils and teachers are working for a new piano and expect the parents to give their liberal support.

COUNTY COURT CONVENES AT COLORADO MONDAY MORNING.

The March term of county court will be convened at Colorado Monday morning, with Judge J. C. Hall on the bench. Judge Hall stated that a number of cases, mostly civil, were pending on the docket. Matters pending in the county probate court are also pending for this session, he stated.

The criminal docket is very light for the term, there being only one or two cases pending. Judge Hall stated that those cases in which a trial by jury would be demanded would be tried either during the second or the third week of court.

W. M. GREEN SUFFERS STROKE HEART PARALYSIS.

W. M. Green of six miles northwest of Colorado, was stricken with partial paralysis of the heart Thursday of last week while in the city, and was taken to the home of his son, Ocie Green in North Colorado, in a serious condition.

Mr. Green has been slowly improving since recovering from the shock of the stroke, and is expected to soon be entirely recovered.

LEASE OFFICE SUITE IN FARMER & CO. BUILDING.

Directors of the Mitchell County Farm Bureau and W. W. Porter, insurance, have leased an office suite in the Farmer & Company building on Second Street, and have located their offices there. E. M. Baldwin, secretary of the farm bureau, will spend a part of his time at this office, devoting a part of his time to other interests.

W. A. Dulin, county farm agent, and who has been very active in organization of the Mitchell County Farm Bureau and is yet devoting much of his time to the organization, will continue to office with the Chamber of Commerce.

BLANKS ASSUMES CHARGE OF COLORADO LAUNDRY MONDAY.

A. B. Blanks, recently of Graham, and who purchased the plant of the Colorado Steam Laundry, assumed charge of the business Monday. The plant was sold to Blanks by J. H. Greene, principal owner of the property.

MITCHELL COUNTY FARMER GAINS FROM DIVERSIFICATION

D. L. Beeman, of seven miles to the northeast from Colorado, was in the city Friday and while here called at this office leaving specimens of the sweet potato crop grown on his place. These potatoes are of excellent quality and large in size. Mr. Beeman stated that he rarely came to Colorado but that he marketed vegetables or produce of some kind. And he has long since found that the farmer who thus practices diversification, has something on the farm to sell, rather than being compelled to always buy, will always profit. He is one Mitchell County farmer who under no consideration would entertain the idea of growing nothing but cotton as a revenue producer on his place.

DR. HARDISON HONORED BY DISTRICT KNIGHTS TEMPLAR.

Dr. D. R. Hardison, pastor of the First Christian church of Colorado, has been invited to preach the Knights Templar sermon before the district meeting of the fraternity to be convened at Sweetwater Easter Sunday.

Dr. Hardison attended a meeting of Knights Templar at Snyder at which the meeting place was selected and when the question as to whom should occupy the pulpit before the delegates was introduced, Dr. Hardison was unanimously chosen for the honor.

JOE BURKETT CANDIDATE TO SUCCEED SEN. RUSSELL.

Joe Burkett, representative from the Eastland county district, is a candidate to succeed Senator Russell of Eastland, who has resigned, according to a telegram received Monday afternoon from Mr. Burkett at Eastland. "Senator Russell has resigned and I am a candidate to succeed him in the Senate," Burkett stated in the message. "and I feel that I can do West Texas more good in the Senate than in the House. I am for senatorial re-districting, West Texas A. & M., and all other measures benefitting West and East Texas at large."

M. E. Rosser, representative from Scurry county, has also announced as a candidate for the place, according to information received from Austin Tuesday.

HAT IN THE RING.

S. D. Wood has thrown his hat into the city political ring and announces this week for city alderman from the North Side. Mr. Wood announces on the platform of a clean city, as much street work as possible and he says, "One thing certain, if elected, I will attend the council meetings and work for the city's interests just like I would for my own business." So far as The Record knows, Mr. Wood's would make a good alderman.

Mr. and Mrs. Ed Jones, Mr. and Mrs. J. L. Pidgeon, Mrs. J. E. Poff, Mrs. Soper, Mrs. Leslie Crowder, Mr. and Mrs. W. L. Doss, Jr., Dee Donnell, Mrs. Barcroft and Mrs. Oscar Majors attended the automobile show at Abilene last week.

EVANS REMANDED TO GRAND JURY UNDER \$1,000 BOND.

D. T. Evans, charged by complaint with having sold ten bales of mortgaged cotton at Colorado on January 31, was remanded to await action of the Mitchell County Grand Jury under bond in the sum of \$1,000 following an examining trial before Judge J. C. Hall Tuesday afternoon. Thos. Coffee, county attorney, represented the State and the defense was represented by W. H. Garrett.

The only witnesses introduced were those summoned by the State. A motion that the charges against Evans be dismissed by the court on the ground of six points of error, was introduced by the counsel for defense, which was overruled.

Evans is alleged to have sold the cotton to O. M. Mitchell, local cotton buyer, on January 31, last, and left immediately. The sale was detected on the following day by officers of the Colorado National Bank, which institution, it is claimed, held a mortgage against the property.

Evans was returned to Colorado Sunday morning by Sheriff W. J. Chesney, who went to Durant, Oklahoma for the prisoner. It is stated that Evans at first refused to be returned to Texas for trial and papers for his extradition were issued by Governor Neff.

CITIZENS EAST COLORADO PROTEST CHICKEN ORDINANCE.

Citizens of East Colorado, east of Lone Wolf Creek, have filed a protest with L. A. Costin, city secretary, against enforcement of the provisions of the recently passed "Chicken Ordinance," according to information given The Record Monday by Mr. Costin, and petition that that section of the city be eliminated from enforcement clauses of the act.

This protest is outlined in a petition filed with the secretary to be presented to the City Council for its consideration at the next meeting, to convene at the City Hall on Monday, March 14. Costin stated that the petition was signed by a large number of citizens residing in that section of the city.

A petition requesting the City Council to repeal the ordinance is being circulated in North and West Colorado this week, and will be filed with City Secretary Costin, within the next few days.

JAMES SPILLER WILL BE CANDIDATE FOR SENATOR.

James Spiller of Sweetwater will be a candidate for Senator from the 28th District, succeeding Senator Russell of Eastland, recently resigned, according to a statement made in Colorado Tuesday afternoon by Frank A. White of Sweetwater. Mr. White said that Judge Spiller planned to inaugurate an aggressive campaign for the place as soon as the Governor had issued a call for a special election to fill the vacancy.

RETAIL MERCHANTS PLAN TO ORGANIZE ASSOCIATION.

Retail merchants of Colorado will meet Friday night, March 4th at 8:00 o'clock at the Chamber of Commerce for the purpose of organizing a retail Merchants Association, according to information given The Record by W. R. Morgan Wednesday.

An invitation to attend this meeting is extended every business and professional man of the city who are interested.

COTTON YARD RECEIPTS TOTAL 20,700 BALES

A total of 20,700 bales of cotton had been received at the Colorado cotton yards Thursday morning for the season of 1920-21, according to a statement given The Record by J. M. Helton, public weigher. The staple is now being received very slowly and is probably more than 95 per cent gathered.

At Lorraine a total of 9,485 bales had been received for the same time, making a total of 30,185 bales to be weighed at these two principal markets of the county. It could not be learned how many bales had been received at Westbrook.

Total cotton yard receipts in the county last year were 32,000 bales and a compilation of receipts at the three market towns of the county at the present time would indicate that that number will be increased by a few hundred bales before the present season is closed.

The major portion of cotton received at both Colorado and Lorraine has been sold as the season progressed, even though the market quotations represented a most unprofitable return to the producer for the staple.

The Colorado Compress has handled 17,000 bales to date during the season, which is a small showing when compared with pressing of former years. Last year at this time 25,000 bales had been handled by the company. The deficiency for the present year is accounted for in the fact that an unusually large per cent of flat cotton has been shipped out of Colorado this season.

INTERSCHOLASTIC LEAGUE TO MEET HERE MARCH 26TH

A committee of the Interscholastic League officers was held at the County Judge's office Saturday at 1 o'clock. It was decided that the county meet would be held Saturday, March 26th, 1921, at Colorado. And should the weather be so that the outdoor events can not be held on that day, the meet will be postponed until the following Saturday, April 2nd.

The athletic events, consisting of races, jumps, vaulting, discus throwing and shot putting, will be held at the ball park. These events will begin promptly at ten o'clock and will continue in the afternoon until all events are finished.

The spelling contest will be held at the high school building beginning at 1:30 p. m. The contests in essay writing will also be held at the high school building beginning at three o'clock.

The debate and declamation contests will be held at the high school building beginning at eight o'clock.

Every school in Mitchell county is urged to join the league. Teachers owe it to their pupils to prepare them to participate in these different contests. If you haven't joined, send a fee of one dollar to E. D. Sharter, Austin, Texas, and get your literature and come be with us.

H. L. HUTCHINSON PROBABLE CANDIDATE FOR ALDERMAN.

H. L. Hutchinson, prominent furniture and hardware dealer of the city, is being mentioned in connection with proposed aldermanic candidates this week. During the past few days several admirers of Mr. Hutchinson have solicited him to announce his candidacy for election as a member of the City Council, but he had not consented to do so late Tuesday.

FARM BUREAU NEWS.

Dallas, Texas, Feb. 28.—"I am trying to impress the everlasting truth that we are all, individually and collectively, responsible for the unhappy conditions that surround us, for it is true in industry and commerce, in agriculture and banking, as in politics and spiritual affairs, that no man liveth unto himself alone, but that every man is his brother's keeper and that the evil of which we complain as well as the good we enjoy, is of our own making. We are responsible as well for what we encourage by neglect as for what we promote by design, and when calamity befalls a community it hurts the innocent and the guilty alike."

These are the words used by Colonel Clarence Ousley, former assistant United States Secretary of Agriculture, in his addresses to the District Bankers' Association meeting held in Texas last week. Discussing the necessity of cotton acreage reduction, Colonel Ousley stated that the 1920 acreage was greater than that of 1919, and as a consequence an unusually heavy production was thrown upon the congested markets of the world. He stated that, contrary to general impression, the present cotton situation was due to decreased American buying rather than decreased buying by foreign mills. American mills according to him took 2,000,000 bales less in the first six months of the cotton year 1920 than they did in the corresponding months of 1919. Foreign buyers took only 800,000 bales less this year than they did last.

Ousley predicts that purchases will be greater in the next six months, but he calls attention to the decreased buying power of the nation, saying that 10,000,000 people are without the buying power they had a year ago; that 35,000,000 agricultural people are affected, and that there are three and a half million industrial laborers out of work. He says that the only solution is to work and to save. In view of the fact that there are 2,000,000 bales of cotton unsold in Texas, Ousley very strongly stressed the reduction of acreage this year as a matter of paramount importance. This year's crop is not our only

problem, however, according to him, and he says: "It remains for us to take out insurance against these recurring cotton calamities by the abolition of cotton slavery."

"Coming back to things concrete, I submit finally that as a people we have reached the limit of waste and injustice in our system of marketing farm products. This is an old story, but at every telling by those who suffer the tone becomes more insistent, and of late there is a note of resolution that will not be denied. The farmers of the United States are in the mood of men who have long endured the wrong of seeing the fruits of their labor enhance the value many times over between the farmer and the retail store. Last fall sixty-eight cotton buyers profited, if they did not profiteer, in handling the products of one Texas town which was the market for cotton of a superior staple which mills were eager to obtain. If the producers were not exceptions to the rule in the cotton belt, not one in ten knew that his cotton was worth a premium of ten to twenty dollars a bale.

"The first week of February, 1920, choice heavy steers sold in the Chicago market at \$17.00 and the first week in February, 1921, at \$10.00; yet according to figures quoted by Mr. Theodore Price, the New York economist and financier, the first week in February, 1920, family beef sold wholesale at 25c and the first week in February, 1921 at 26c. Cabbage sold a few weeks ago or were offered, in the Rio Grande Valley at \$10.00 a ton and consumers in Dallas at the same time were paying at the rate of \$110 a ton. A few days ago I ate some salted peanuts packed in Pennsylvania grown probably in Virginia, that sold here at 75c a pound, for which the farmer received probably not more than 5c a pound. When such disparities are the rule it is time for producers and consumers to join in a revolution against commercial waste.

"For the first time in the period of my observation the farmers of the cotton belt are now undertaking to set up co-operative marketing organizations, fashioned upon plans that have been practiced with success by California farmers for several years and have brought prosperity not only to the producers but to the legitimate commerce of their regions. The Farm Bureau Federation of this state is

about to undertake the co-operative marketing of a million bales of cotton. They intend to employ skilled and experienced cotton merchandising experts. They do not contemplate monopoly control; they seek only to escape from waste and graft and the autumnal dip in prices by distributing sales over twelve months instead of crowding them into three months.

"I submit that the sale of a bale of cotton without profit by an organization of growers under skilled and experienced management is as truly commerce as if it were owned by a cotton merchant, and is entitled to the same financial accommodations by member banks and reserve banks that it obtains when it is handled by merchants for profit. There are indications that the financial authorities at Washington are not inclined so to hold, but there is reason to believe that they will respect the wishes of cotton belt bankers. Today's papers bring reports of a promising undertaking by cotton farmers and bankers of Mississippi to make direct exports. I appeal to the organized bankers of Texas to lend their financial wisdom to the organized farmers of Texas, and I venture to suggest that this group do not adjourn without adopting a formal resolution requesting the agricultural committee or a special committee of the Texas Bankers Association to confer with the Texas Farm Bureau Federation for the purpose of working out plans of financing conformable to the reasonable rules of the Federal Reserve Board.

"As fair men, you will not be offended if I remind you that the greater part of the wealth represented by the assets and deposits of the banks, and by the possessions of the cities and towns of these agricultural regions, came from the soil. It is coined from the sweat of men, women and children in the cotton fields. And they are your neighbors and friends.

OVER the COFFEE CUP

BROADDUS & SON

I have just had a good, homey chat with one of the finest women of our community, about coffee.

Since I've been selling Gold Plume Coffee, have been trying to get a line on what notion women have about coffee, any way.

I asked her this:—Are the women you know, poor coffee makers, or don't they take an interest in trying to make good coffee?

"No, sir, it isn't that," she told me. "The women I know are good coffee makers—that is when they can get a good coffee to make it from."

"No use talking, you can't make a silk dress out of calico, and you can't make good coffee out of an inferior brand. And that's been the trouble with so many women right here."

"Give the average woman a good brand of coffee—like the Gold Plume and she'll set you out the best cup of coffee you ever drank."

That's the way I've figured it, I told her, and that's the reason I've stocked up with this Gold Plume Coffee. It's the best coffee I know of.

"You are right, there," she said. "And say, don't forget to send 3 pounds over to the church Thursday—I'm going to make the coffee and I want to feel sure before hand that its going to be good."

The Store that Sells GOLD PLUME

Some of you have shared their hard experiences. You know that while they suffer in considerable degree from unwise agricultural practice they are in even greater degree, the victims of unjust commercial practice.

"By Farm Bureau plans of co-operative marketing they are trying to escape from unjust commercial practice and to pursue wiser agricultural practice. I am not surprised at the impatience of farmers with the commercial waste of their products; I am surprised that they have been patient so long. The present undertaking is the sanest I have ever observed. If it is defeated I fear the consequence of the disappointment of their worthy purpose. I believe I know something of the working of the group or class mind smarting under the sense of wrong. If the producers of the United States do not find relief under the leadership and by the sound methods of the Farm Bureau, they will record an exception in human history if they do not under other leadership invoke the powers of government for class advantage.

"The exploited farmers of North Dakota, turning in anger upon their commercial enemies, seized the state. They punished their enemies, but they punished their friends and themselves as well, by erecting a socialized commonwealth which despises all welfare except agricultural welfare. No agricultural state is immune from the political-economic disease which has blighted North Dakota. It is sweeping even now in this direction. Let us beware. The cotton and credit system practiced in the South for fifty-five years, has not only exploited the soil but has exploited the men who till the soil, and we can not afford to permit it to continue without inviting disaster.

"Bankers of Texas, rise up from your places as conservators of the present credit and marketing system and take your places as financial leaders in constructing a wiser credit and marketing system, to the end that a prosperous, progressive and contented agriculture may fortify and perpetuate a government of property rights, and individualism against the economic crusade of class rule and mass tyranny."

CARD OF APPRECIATION.

We desire to express to the patronizing public our appreciation for the liberal business accorded the Colorado Steam Laundry since the same passed to our control.

We bespeak for our successor, Mr. A. B. Blanks, a continuation of your most liberal patronage. We are confident that Mr. Blanks and his estimable wife will make a valued asset to the splendid citizenship of Colorado and that he will maintain a laundry business here of which the city may well be proud.

DID NOT THINK HE COULD PLANT HIS CROP.

After Taking Tanlac Sampson Says He Can Do As Big a Day's Work As Ever.

"My health was so poor it looked like I wouldn't be able to plant a crop, but since starting taking Tanlac I can do as big a day's work as I ever could," said A. D. Sampson, a well known farmer of Moray, Kan.

"I was just about laid out altogether, and I had tried all sorts of medicine but nothing helped me. My stomach was in an awful fix. I never wanted to eat much of anything and what I did force down seemed to do me more harm than good. Malaria was all through my system and at times I had pains all over my body. I was badly constipated, felt bilious and had a mean taste in my mouth nearly all the time. I was subject to terrible headaches and at times was so dizzy I would almost fall right in my tracks. I was too nervous to sleep well, and felt so weak and listless all day long that I was just able to get around the house.

"A little more than two months ago I started taking Tanlac and it hit me back in fine shape feeling like my old self again. I have a corking good appetite and can eat anything I ever could without a sign of indigestion. I am not constipated now, and am never troubled with headaches or dizzy spells. The malaria has all been driven out of my system and I never feel bilious or have that mean taste in my mouth now. I feel well, strong and healthy like a man ought to feel. This is what Tanlac has done for me and I don't mind telling people about it." Tanlac is sold by leading druggists everywhere.

AN IDEAL REMEDY FOR CONSTIPATION.

It would be hard to find a better remedy for constipation than Chamberlain's Tablets. For the best effect they should be taken immediately after supper. They are easy to take and mild and gentle in effect.

NOTICE IN PROBATE.

No. 368
THE STATE OF TEXAS:
To the Sheriff or any constable of Mitchell County—Greeting:
You are hereby commanded to cause to be published once each week for a period of ten days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in said Mitchell county, a copy of the following notice:

THE STATE OF TEXAS:
To all persons interested in the welfare of Fern Jackson and Bessyjo Jackson, minors:

Mrs. Grace Jackson has filed an application in the county court of Mitchell County, on the 23rd day of February, 1921, for letters of guardianship on the persons and estate of said minors, which said application will be heard by said court on the 2nd day of May, 1921, at the Court house in said county, in Colorado, Texas, at which time all persons interested in said minors are required to appear and answer said application, should they desire to do so.

But have you before said court, on the first day of the next term hereof, this writ, with your return thereon, showing how you have executed the same.

Witness my hand and official seal, at Colorado, Texas, this 23rd day of February, 1921.

W. S. STONEHAM,
Clerk Co. Court, Mitchell Co., Texas.

A true copy, I certify,
W. J. Chesney, Sheriff,
Mitchell County, Texas.
By C. E. Franklin, deputy.

PAIGE

If you stepped into a New Series 5-passenger Paige Glenbrook without knowing its make or price and experienced its power, speed and general excellence in actual performance, we would be willing to make this prophecy:

After a single demonstration of its capabilities you would price the Glenbrook at five hundred dollars more than it costs.

That is because there are no existing standards by which the New Series Glenbrook can be compared. It has established its own standards.

There is only one way to prove such strong statements—to ride in the car.

BEST THEATER INSTALLS ANOTHER PROJECTING MACHINE.

Another new Powers, 6-B type E projecting machine has been installed in the projecting booth at the Best Theatre, according to Chas. Taylor, manager. This makes the second of these machines to be installed at this playhouse during the past few weeks.

"You have my authority to tell them that Chas. Taylor will spare no expense in giving to the patronizing public of this city and community one of the best movie theatres in this section," Taylor stated Monday. This is the second of these new machines we have installed and should additional equipment be needed to boost the quality of our shows and the service, we will put it in."

WHY COLDS ARE DANGEROUS.

It is the serious diseases that colds lead to that makes them dangerous. They prepare the system for the reception and development of the germs of influenza, pneumonia, tuberculosis, diphtheria, scarlet fever, whooping cough and measles. You are much more likely to contract these diseases when you have a cold. For that reason you should get rid of every cold as quickly as possible. Chamberlain's Cough Remedy will help you. It is widely known as a cure for bad colds.

Was Very Weak

"After the birth of my baby I had a back-set," writes Mrs. Mattie Crosswhite, of Glade Spring, Va. "I was very ill; thought I was going to die. I was so weak I couldn't raise my head to get a drink of water. I took . . . medicine, yet I didn't get any better. I was constipated and very weak, getting worse and worse. I sent for Cardui."

CARDUI

The Woman's Tonic

"I found after one bottle of Cardui I was improving," adds Mrs. Crosswhite. "Six bottles of Cardui and . . . I was cured, yes, I can say they were a God-send to me. I believe I would have died, had it not been for Cardui." Cardui has been found beneficial in many thousands of other cases of womanly troubles. If you feel the need of a good, strengthening tonic, why not try Cardui? It may be just what you need.

All Druggists

OUT BUFORD WAY.

The "flu" or some other malady equally as bad, seemingly is visiting our community. The following are on the sick list: Mrs. Reese Bedford, one of the Bedford children. Miss Worley Curry, Mr. Gaby's little girl, Mrs. Powell, some of Mr. Jean Smith's children, Miss Essie Jones, Mr. Bill Hinkle's baby boy, a part of Mr. J. B. Prentice's family, and Mr. Lin Bodine. No one in the above named ten families are seriously ill.

The Buford school girls went to Dunn Saturday to play basketball, but through a confusion of dates the Dunn team was not ready or at home. So the game was not played.

Miss Sallie and Mr. Kelso Adams visited during the week end among friends. They are from the irrigated farm down on the river south of here.

Mrs. Palmer and Mrs. Roy Blackard visited in the Hoyt Murphy home near Dunn last week.

On account of so much sickness the meeting of the Mothers Club was deferred until a later date.

Well, our Sunday school visited the Baptist Sunday school in Colorado Sunday morning as per schedule, and those of us that went were on time, and got to see the whole service.

Words can't express our good feelings toward the officers, teachers and members of the Sunday school for the courtesy and brotherly love shown us. From the time we stopped our cars near the church we were greeted with a hearty handshake, and a word of welcome, then shown into the church. On entering, at either door we noted the presence of the secretary and assistant secretary of the school taking each name down, also the contribution. Ascertaining whether each member of the Sunday school had prepared the lesson, and whether they had their Bible or not; and if that one was going to stay for church. Each of these items had a grade per cent totalling 100. In that way each one in the Sunday school determined his or her grade, and if all questions were answered right that one is given a "perfect."

There were fifty-one perfects last Sunday. All told, that's an ideal system, and we think we learned enough to justify our trip to town, really, before we got on the "ride."

Each one of the visitors were assigned to the several classes, and went directly to the class on entering, even the little folks were all invited into the primary department, separate and apart from the senior Sunday school. Thru curiosity, and a real desire to learn all that was possible, some of us wandered in these primary rooms. We found there some very interesting things: Our first impression was this: "Here is the secret of a Sunday school's future." The picture was worth while to see—a whole room full of little folks from three to seven years of age gathered at the little tables, seated in the little chairs playing, listening and obeying their teachers. A teacher at each little table, and most of them mothers. Ah! how could anybody ever be so unreasonable as to say a child doesn't need to learn about the good things of this life, and eternal life, until they become 12 or 14 years of age.

Our Blessed Master! When He walked among men, never was he too busy, too tired nor weary to take the little children in his arms, bless them, and use them as illustrations of the Christ-like life. No wonder he said "Tis better that you were never born, or that you had a millstone about your neck at the bottom of the sea, than that you offend one of these little ones." The man or woman that lives in Colorado or elsewhere for what matter, where the Sunday school is made attractive and maintains the standard they do, and then keep the little ones, or stay out themselves, even, are offending those little ones, and the children about them, and as sure as the sun shines by day, and the moon by night, that one must answer to God in the judgment, somewhere, somewhere, after a while.

The idea is, if you are not in Sunday school in Colorado or elsewhere get the habit. Make it a business of life.

The little folks seemed to enjoy every moment of the time they are in their rooms. The Juniors have just as interesting a program. Then at the close of the Sunday school hour each little class marches in by music, following the teachers, to the main auditorium. That in itself being a very impressive ceremony, showing that the teachers were training these little folks to observe "law and order."

"The birthday bank" was explained, and one young lady had had a birthday during the week, came up and dropped in her offering to go to Buckner's Orphan Home. That in itself is a splendid feature, making the one who has a birthday during the preceding week feel that his or her life is worth while, and that that one is about the Master's business.

The Buford school was furnished with one of the little banks, to belong to the school, and we intend to begin that feature at once, for some good cause, as the Sunday school will decide.

The song service was exceptionally good at the opening and closing exercises. The choir was assisted by Mr. Stansel Whipkey on the violin. Some special selections were very fine. We noted the interest in the older classes. We mention especially Mrs. Meeks' class of young ladies, and her splendid method of lecture-instruction. The applications of the Scripture and lesson to present day conditions. Also would say a word concerning Brother Pearce's class of young men. The discussion of the lesson among members of the class led by the teacher. In order to "let our lights shine aright" we must express our opinions, and listen to the opinions of others, and be reasonable then we can be helpful.

The preaching hour was enjoyed by all. Bro. Pearce delivered a very forceful sermon to a church full of

attentive folks. After all announcements and just before the benediction, J. H. Greene, superintendent, came to the rostrum and in a few words told us that they had a lunch fixed for us by the good mother of the Sunday school and everyone was urged to stay, and especially the visitors. He told us to be patient till we were invited to the Sunday school rooms, and we were just as patient as could be, expecting some good 'sam sandwiches' and other things that go with a lunch. We were ushered in again but it didn't take much ushering this time because we were being treated so cordially, and so kindly that we were overcoming our stage fright, and the old saying about 'winning a man through his stomach' was beginning to have the desired effect. In other words, we just had to go. After thanks by the Buford superintendent, we began filling our plates with some of the most delicious, well prepared food that it has ever been the privilege of the writer to taste—fried chicken, ham, roast beef, every kind of sandwich imaginable, and so many different kinds of salads, dressings, pickles, stuffed eggs etc., pies, cakes, and wafers and best of all—real up-to-date sure enough goodness to gracious coffee, and plenty of whipped cream and sugar. No use going any further with the description of this delicious repast. "It just can't be did."

James Bodine, who had had a light attack of the flu couldn't eat much (no) The superintendent from Buford had to be very careful with his little boy, Key Will, waiting on him etc., got him several helpins, and when he finally got through everybody else had quit eating, and he, being a little backward, did not eat much, but promised faithfully to go home with Rube Morgan some other time and "make up."

Say! If J. H. Greene calls that a "light lunch" we'd like to board with him the rest of our life.

We spent the next two hours discussing Sunday school, city and rural conditions, and their relation. In other words, just a round table discussion, that was very appropriate for the hour, as we all needed "rest."

After this feeble effort of description of our visit, we again say we are at loss. In the well chosen words of our well known poet, Edgar A. Guest, we found out that we were all just folks, and we believe our visit was helpful and far reaching. Again! We appreciate the spirit of brotherly love and kindly interest the good folks have in us out Buford way. We really believe all of it came at the Master's bidding. It was like his spirit of love. And may God's blessing be yours. Instill in the mind and heart of each officer and teacher of your splendid school the fact that you have to do, with the eternal souls of others, in that you are training up children in the way they should go. May you not depend for one moment on your own strength but on Him who hath all knowledge and wisdom.

Thank you, folks! You are each welcome out Buford way.

The co-operative efforts of the school faculty and pupils, club women of the city and others to secure for the High School auditorium a piano is commendable. And reports received by The Record would indicate that they are meeting with visible success in raising funds, with which to purchase the instrument.

The American Republic lost a most valued statesman in the death of Champ Clark, who died Wednesday afternoon at Washington. His death came within two days of his retirement from the House of Representatives, after a service of 26 years. Clark was for many years speaker of the lower branch of Congress, and his career has been one of brilliancy and recognized leadership.

Anyway, if the Colorado Booster Club merely desired to get themselves in the public eye, as Representative Cox has stated, through adoption of those resolutions, they have certainly succeeded well. Practically every metropolitan daily in the State has given publicity to actions of the local citizens in registering with Mr. Cox a protest because of his actions in opposing the original A. & M. college bill.

It appears to The Record that if the citizens of the city object to enforcement of the 'Chicken Ordinance', as passed at the last sitting of the City Council they should have filed their protest before the ordinance was passed. Notice that Club women of the city had petitioned for this particular legislation was published in The Record three weeks before the ordinance was passed, and yet, The Record is informed by reliable authority, no protest was ever hinted until after its passage was effected.

Farmers coming to Colorado this week express the outlook with optimism when questioned as to their opinions of the prospects for another good crop in this territory. The recent rains and snows have left the soil in excellent condition for spring plowing, they state, and plenty moisture to germinate and bring up seed of early planting is in the ground. West Texas is a grand domain and in this classification, Mitchell County is as good as the best. Come to Mitchell county.

Retail merchants of the city who plan the organization of a Retail Merchants Association at Colorado, state that they are not inviting an unduly number of "Boosters" to attend the meeting tonight at the Chamber of Commerce, when it is planned to perfect the organization. Just one month ago Thursday night a meeting was convened at the H. L. Hutchinson store to effect permanent organization of such an association, but it developed that more boosters than merchants were in attendance, and the "Colorado Booster Club" was the result. The Record endorses the proposed merchants' association, because we can not see any visible cause why each affiliated member shall not be benefited, either directly or indirectly. And when the business man is promoting an organization that directly or indirectly benefits him, he contributes to the direct or indirect benefit of the city and the community.

Again The Record mentions the name of Governor Neff with commendation. He is following up his announced program of battle against lawlessness and crime by sending to Ranger, through his State adjutant, a small detachment of rangers with the order to clean house. Delegates from Colorado to the recent convention of the West Texas Chamber of Commerce at Ranger, returned with reports of seeing gambling houses, illicit liquor joints and prostitutes practicing their "business" in Ranger

WHALEY EXPLAINS HIS ATTITUDE TOWARD COX

The Abilene Reporter has received from General Manager Porter A. Whaley an explanation of his speech at Colorado in which he criticized the attitude of Representative Ben L. Cox of Abilene toward the West Texas A. & M. College bill. In his letter, which was published in the Abilene paper Sunday, Mr. Whaley approves Mr. Cox's substitute bill and clears that gentleman of any underhanded action, and also explains that he had not discussed the Cox substitute with Mayor Dallas Scarborough of Abilene.

The Whaley letter follows:
Stamford, Feb. 26, 1921.
Abilene Daily Reporter,
Abilene Texas,
Gentlemen:—

At the time I made the statement in Colorado that "Representative Cox of Abilene should not abrogate to himself the substitution of a bill in lieu of the pending West Texas A. & M. except with the consent of the caucus, a meeting of the West Texas Representatives in "caucus" at Austin was being held. At such caucus the representatives agreed to the Cox amendments, the same being a substitute bill. That is splendid and in view of the fact that these gentlemen all agreed Mr. Cox's position was all right.

Prior to that meeting, (which was being held at the same hour as the Colorado meeting,) the reports were that Mr. Cox would substitute on the floor of the house a bill in substitution of the pending caucus bill. Hundreds of complaints were coming in against such proposed action. I reiterate that under such circumstances I believe Mr. Cox was wrong and that the Colorado business men were right. I do not believe now that any one representative had right to go against all the others. The fact that Mr. Cox finally submitted his amended bill to the caucus rectified the entire situation. Had he not done so I believe both he and the city he represents would have been severely criticized. In fact, they were being criticized. Many persons thought it would have been "passing strange" for one lone representative to assume an attitude different from all the others.

Mr. Cox has probably been mis-quoted and I am glad that he submitted his plans to the committee, that the committee approved same, and that therefore the entire matter is amicably settled. I think generally the Cox bill is an improvement over the West Texas Agricultural and Military College Bill, and all will stand under it. Many thanks to him and all others working in this matter.

It was current rumor for some several days that Representative Cox would offer an amendment on the floor of the House by which the City of Abilene would have been named as the site for the college. This rumor was beginning to cause considerable trouble and as I am very reliably informed Mayor Dallas Scarborough was asked by long distance telephone to request Representative Cox not to submit such an amendment, and that Mayor Scarborough complied with the request. I understand that he said in substance that while he considered Abilene was entitled to the location of the college that in the interest of all he would favor not naming the location in the bill, and would therefore telegraph Representative Cox accordingly. The statement made by me at Colorado and later embodied in the Colorado Resolutions has reference only to this. I feel it is due to Mayor Scarborough to so state. I have talked with Mayor Scarborough several times with regard to legislation connected with securing this college, but I have never discussed the Cox attitude. Much apprehension, originally existing regarding the attitude of Mr. Cox may now, I think be allayed since all parties at interest has agreed, and we now face the realization of the actual securing of the college.

Respectfully,
PORTER A. WHALEY,
Manager, West Texas Chamber of Commerce.

CRANE IN "SADIE LOVE"

Young Actor Again With Billie Burke In New Picture.

For the second time within the past few months James L. Crane, the talented young actor, has the pleasure of being Billie Burke's husband on the screen. This time he is the handsome Italian count who married the pretty heroine of "Sadie Love," Miss Burke's new Paramount Artercraft picture, which is coming to the Opera House next Wednesday and Thursday. After the ceremony Sadie isn't so sure that she loves her newly acquired spouse, and the arrival of a certain Jim Wakeley, an old flame, further shakes her belief. Wakeley is quite ready to renew the old acquaintance. The appearance of Mrs. Wakeley upon the scene, together with a French countess, a former friend of Sadie's husband, further complicate matters. Numerous amusing events follow, but Friend Husband wins out in the end. A notable cast supports the pretty star, including James L. Crane, Helen Montrose, and Jed Prouty. John S. Robertson directed the picture.

NEW CITY MARKET.

J. F. Morris is still owner of the City Market. He did sell to Mr. Beal as was announced last week, but bought it back again and is now here to stay in Colorado in the market business as long as time shall last. Mr. Morris said to thank the good people for their past patronage and that he would strive to merit their good will and business. This is the market where it is so well known that a child can buy with the same security of honest treatment as a grown person. Read the market ad.

He'll Put You On the Map
A few miles from a large and thriving city is a little town that can't even be reached by the steam railroads. Yet on a single day last summer enthusiastic buyers from almost every state in the Union sought it out and paid it a visit. What's more, on that single day they spent, in that little hamlet, one hundred and fifty thousand dollars!
What's the answer? Pure-breds. That town is famous as a pure-bred center—to cattle men it's one of the most important spots on the map.
Pure-breds can do as much for your community. They offer the easiest, quickest and most profitable program for building up a community—a program which has pulled whole counties out of the rut, put towns on the map and brought financial independence to thousands of farmers. It is becoming clearer every day that the future of cattle raising as a profitable industry depends upon an economical operation possible only with pure blood. The beef growers who survive in the face of high feed costs, high freight rates, scarce labor and tight credit will be the pure-bred farmers. And the communities that are ready to supply the breeding stock are sure of a lasting prosperity. Yours can be one.

CARD OF THANKS.

Out of hearts full of gratitude we want to thank all of those who so lovingly and tenderly administered to our beloved Roy during his illness, especially the pastors, Brothers, Hardison and Browning, and our bruised hearts thank those too, who sent the beautiful floral offerings.

We can not express in words our appreciation for such kind thoughtfulness of him and us. God bless each of you as earth's shadows fall, and may that eternal light from His face guide you safe to the Heavenly Home.

Gratefully,

Mrs. Allmond,

IN SOCIETY AND AT THE CLUBS

STANDARD. Mrs. Sherwin was hostess for the Standard. The lesson was from Maeterlinck's 'Monna Vanna,' led by Mrs. J. H. Guitar. The roll call was tributes to George Washington. Mrs. Prude gave a paper on 'Comparison of Maeterlinck and Sir Oliver Lodge.'

ENTERTAIN HUSBANDS. The Kings Daughters entertained their husbands at the Methodist parsonage Friday evening. The house was decorated throughout with National colors, hatchets and pictures of the famous presidents.

MISSIONARY MEETING. The regular meeting of the M. E. Missionary Society was held with Mrs. D. N. Arnett Monday afternoon. The Bible-lesson was the source of power. There was a good attendance.

KNIGHTS OF EZELAH. Sunday afternoon at three o'clock at the Methodist church, the Knights of Ezelah had their first meeting. They are the boys between twelve and sixteen years of age.

GIRLS OF EPWORTH. At three Sunday afternoon the Girls of Epworth met the first time, and made many plans for future work, and good times.

CHORAL CLUB SINGS. The rendering of the cantata 'The Roll of the Sea' at the Presbyterian church, Monday evening by the Choral Club was the most brilliant of all the musicals of the winter.

DEATH OF ROY ALLMOND. On last Friday night after a protracted illness of months Roy Allmond was called to that land where there is neither sickness nor suffering.

BAYVIEW. Mrs. Robert Brennan was hostess for the Bayview. The lesson was from 'Midsummer Night's Dream' and 'Immigration Problems'.

HESPERIAN. The Hesperian met with Mrs. H. B. Broadus. The lesson was the beginning of Scott's 'Lady of the Lake' and living American authors.

CHRISTIAN AID. The Christian Aid Society met with Mrs. Sam Maires last Thursday. The devotional service was conducted by

Mrs. Pond. Mrs. Broadus led the lesson on 'The Training of the Church.' Besides the regular business plans were begun for an 'April Shower,' which will be completed at the next meeting.

MERRY WIVES. Mrs. O. Lambeth was hostess for the Merry Wives Wednesday. Her guests were Mesdames Keck, L. C. Dupree, Pearl Shannon, Edgar Majors, H. C. Doss and Claud Nealey of Sweetwater.

CUTHBERT NOTES. Mr. Solomon, who we reported at our last writing as being sick, is convalescing.

Mr. George Goodwin has been up and down, mostly down, for three weeks. He was really sick Sunday, but is much improved now.

Mr. Murphy, formerly on Mr. Erwin's place has gone to the state of Colorado prospecting. His family are to follow.

Mr. Averitt has moved to somewhere in the world. Cuthbert is soon to have a blacksmith shop. One Mr. Sandifer is expected in our community this week.

Messrs. D. T. Bozeman and W. R. Womack made a flying trip to Colorado Monday But it took them about all day to fly.

There has been lots of cotton hauled through Cuthbert during the season which is just expiring. Much of it, no doubt, has come this way because the county court and the chamber of commerce took it upon themselves to mend the road between here and Colorado.

Dr. Coleman and the contractors of Morrison well No. 1 were here this week surveying a road through which they expect to get fuel to drill the Dr. Coleman well from Morrison No. 1. Drilling is expected to begin in a few days.

There has been lots of cotton hauled through Cuthbert during the season which is just expiring. Much of it, no doubt, has come this way because the county court and the chamber of commerce took it upon themselves to mend the road between here and Colorado.

He was almost twenty-five years old at the time of his death and had lived in Colorado since he was nine years of age. He served his country in the world war for two years and was in France for seventeen months, being a chauffeur in the 1st Air Service, Mechanics Regiment.

Mr. and Mrs. B. H. Meskimen, after a visit with his parents left Tuesday for Colorado to visit relatives. From there Mr. Meskimen goes to Robstown, but Mrs. Meskimen will spend a month visiting in Abilene and Dallas before joining her husband in the new home.

Mrs. Meskimen who has been assistant secretary of the Chamber of Commerce at Lubbock resigned his position in order to accept the position of secretary of the Robstown Chamber of Commerce.

Mrs. Meskimen is a daughter of Mr. and Mrs. C. P. Conaway and has many friends in Colorado.

WITH THE CHURCHES

MARRIED.

Rev. S. H. Young of Loraine and Mrs. R. W. Shipp were married at the home of the bride in Eastland Wednesday morning at 10:30. Presiding Elder Harly of Sweetwater officiated. Only her parents and a few friends witnessed the ceremony. They left immediately for Loraine, where they will be at home at the Methodist parsonage.

AMERICAN LEGION POST.

It is the understanding that an American Legion Post is being organized by the ex-servicemen of this community. The young men should be encouraged in their desire to make this post the center of all the social activities of the community. The American Legion is a worthy organization and is deserving of the encouragement and support of all our loyal citizens, for who is more worthy than our own boys who so recently served in the great world war, in order that we might be safe?

METHODIST NOTES.

Rev. S. H. Young and family were tendered a pounding on Monday evening by the board of stewards.

Sunday school attendance wasn't as good as usual on account of so much sickness. There were 89 present and church attendance numbered 251.

Mrs. Frank Johnson's class, who won in the auto race were entertained out at the home of Superintendent J. M. Bruce, a sumptuous dinner was served to the class and other guests, including Rev. S. H. Young and family numbering 30 in all.

Mrs. Bruce was assisted in the serving by her sons. After dinner music on the piano and readings by the pupils were enjoyed. All are fond in their praise of the hospitality of the Bruce home.

A special program is being arranged for Easter Sunday.

C. M. Black and wife have returned from El Paso.

Biere Parker was called to Gorman last Friday on account of the death of his mother.

S. M. Whitten received a message from Bob Adkins at Gorman saying that two of their children, a boy and a girl, were badly burned, caused by an explosion of a can of water which they had put on a fire outdoors while playing campers.

Claude Bagwell of Clyde is a visitor in the home of C. H. Bagwell.

DIED.

Mrs. H. M. Selby after a week's illness from influenza, died Tuesday morning at 6:30 o'clock. Deceased was 38 years of age and was born and reared in Fannin County, where she was married in 1914. She came to Mitchell County two years ago to make her home. And during that time she had become well known as a splendid Christian character and by her sweet characteristics made a great many friends, who will miss her, especially from the Methodist church and Sunday school, of which she was a consecrated member. Her remains were carried back to her old home, Windom, where they were laid to rest. She leaves a husband and mother, and three sisters, and two brothers to mourn her loss, and to whom sympathy is extended.

The remains were carried Tuesday night to Windom, accompanied by Mr. Selby, and Mr. and Mrs. L. P. Huggins and Mr. and Mrs. J. A. Longmire, relatives of the deceased.

PHILOMATH CLUB.

Mrs. Clarence Rowland was hostess for the Philomath Club on last Friday afternoon. On account of much sickness, only half of the number of members were present. The lesson on immigration was had. Refreshments were served at the social hour.

State Manager for the W. O. W. W. F. Altman left Wednesday night for his home in Arlington, where with his wife he will go to Houston to the State convention of the W. O. W.

Floyd T. Kennedy and Mrs. W. C. Palmer were the other two delegates who will go from here to the convention.

Will Music of New Mexico is a guest in the home of his cousin, Dee Finch.

R. A. Edwards' new bungalow is completed and he and children have moved home. He has secured a house keeper out of Dallas.

S. E. Brown is home from the bankers' convention at Fort Worth.

A. T. Courtney was up from Abilene Sunday and reports his business there good. He also says Abilene had some automobile show.

Mrs. S. D. Dunnahoo is able to be out again since her recent illness.

E. N. Ridens and son, Henry, who have been quite ill of influenza are reported better.

HOME TALENT PLAY.

Our boys and girls who went to Hermleigh last Friday night and put on the play, "Making Good," reported a full house and the sum of \$60.00 netted to help in the band boys fund.

A COLLISION.

Sunday afternoon as W. C. Brown and wife were crossing the highway near the new stock pens, in their Chevrolet roadster, which had the curtains up and prevented them seeing Miss Thelma Reeder who with other girls were driving a Maxwell touring car and running at a high speed struck the Brown car, and completely crushed one wheel, and tore the fender off one side of the car. The fender of the Maxwell was smashed and torn partly off. However none of the people in either car were hurt.

BURNED.

The tenant house on the Lee Kidd farm was burned down Saturday night when the tenants, negroes and Mexicans poured kerosene on some hot ashes in the stove, while trying to start a fire, an explosion following the Mexican was badly burned, also the negro. They also lost \$200, which they had about the place.

AT CHRISTIAN CHURCH.

Elder C. W. Holly of San Antonio held services at the Christian church Sunday. In the afternoon a Sacred Harp Singing was held at which a large crowd attended. Elder Holly is here for a month's stay in the interest of the church.

Mrs. John Coffee and baby visited with her father at Hermleigh the first of the week.

John Griffin is erecting a nice, modern residence on his lots on the highway near the gin.

D. F. Baker, Allen Nelson, C. H. Manley report some good fishing last Friday.

Mrs. Joe Smith was called to Hamlin to her son Oscar, who happened to a serious accident.

Ben Edwards and family are here from the Plains for the benefit of Mrs. Edwards' health.

Mesdames R. B. and A. C. Pratt visited in Abilene Thursday and Friday and attended the Bible lectures at A. C. C.

W. H. Jobe of Sweetwater, and Rev. C. A. Lamb of Matador were busy here Tuesday.

Mrs. Voyt Williams visited relatives at Hermleigh the first of the week.

A special nurse from Dallas arrived Tuesday to attend Mrs. Lee Griffith who is yet very ill.

Lewis Williams has had news from his son, Warren, who with his family recently moved to Denver, Colo., that they are delighted with the place.

Miss Gertrude Olinger has returned to her home at Fort Stockton.

D. M. Vinson of Abilene spent Sunday with friends here and attended services at the Christian church.

J. W. Fairbairn and Frank Johnson attended the Masonic Lodge at Colorado Tuesday night.

The Looney family north of town are reported better. Mrs. Zorne has been helping nurse them and has proven a good one.

The Ladies Aid Society are having the Baptist parsonage repapered and painted and intend adding some new screens soon. When the ladies get behind anything, it usually succeeds. This is one of the many things they have recently done.

Futia Higginbotham and family of Bronte were guests in the C. M. Thompson home Monday.

Fred Isom is here on a visit to his father.

Harvey Hall and family will attend the Fort Worth Stock Show at Fort Worth and visit in the home of Homer Smith at Polytechnic.

INSIST ON GENUINE FORD PARTS

Imitation "Ford" parts are being sold by many mail houses, down-town stores and garages to unsuspecting Ford owners as "Ford" parts. But they are not genuine Ford Parts. They are made by concerns who have no connection whatsoever with the Ford Motor Company. Tests have shown them to break when the genuine Ford parts didn't even bend.

The Authorized Ford Dealers are your protection. As such, we handle nothing but the Genuine Ford parts. They are made from the famous Ford Vanadium Steel, and each part—according to its use—is heat-treated in the way that will give it the longest wearing qualities.

Our Ford garage and Ford mechanics are at your service at all times. Drive in when replacements or repairs for your Ford car may be necessary. Save your car and also your money.

CHAMBER OF COMMERCE

On Saturday, April 2nd, four trustees are to be elected on the Colorado school board to fill vacancies caused by the expiration of tenures in office of that number of members. The outgoing members of the board are J. M. Thomas, J. C. Prude, H. C. Doss and R. B. Terrell, all of whom have represented the interests of the Colorado Independent School District faithfully and well, but at least two of these gentlemen have already expressed their intention of retiring, and to refuse to permit of their names being used on the nominating tickets to be voted.

The Chamber of Commerce sincerely believes that these four gentlemen represent as good material for school board timber as the city affords and that voters of the district would not act unwisely in supporting the candidacy of each of them, provided they should agree to be continued on the school board; however, if two of the present members, and perhaps three of them are to retire, it is time that some definite action to the end of getting the proper men selected to succeed them in the coming election be taken.

And by the statement specifying "proper men" we mean men who are not only capable from the viewpoint of the conservative business man to manage the affairs of the schools of the city, but who have initiative in appreciating liberally the material worth to the city of good school facilities and who, it should be presumed, would take more than passing interest in distinctly representing the interests of the schools in their various departments. And it is further our candid opinion that, in so far as is practicable, the school board member should be a patronizing patron of at least one of the institutions he represents, the High or the Grammar school.

We do not wish to be understood as suggesting that those four members of the school board whose term in office expires with this election should be eliminated, nor do we desire to be understood as attempting to take some initiative in municipal polity. The Chamber of Commerce has no interest in those matters whatsoever, aside from co-operating with the citizenship of the school district in seeking out and placing on the school board the proper men for the proper place. We have no prospective candidate or candidates to suggest.

Last year the schools of the city, because of the apex to which every item representing expense had climbed, was of necessity, conducted in keeping with a policy of the most strict economy, in so far as expenditures were concerned. This did not, however, deteriorate the efficiency of the schools, in any of the several departments, and these institutions emerged in the spring from a most successful session. There remained in the treasury at the close of that session something less than \$500. The present session has been in most instances conducted under like conditions and from month to month the efficiency rating and enviable distinction of affiliated credits have gone out to the public in numerous localities aside from Colorado. This year it is expected that all departments of the schools will be maintained just as efficiently as it is possible to make them, that the schools will close under most auspicious credits and that another small cash balance will be left in the treasury. All of this is creditable to those who have had in charge the management and personal direction of the schools, including both the school board and the school faculty. The citizens of the school district will profit in a material way by seeing to it that the best men obtainable are placed in charge of the affairs of their public schools.

Last week we had something to say about enumeration of scholastics in the rural schools of Mitchell County, and now we are going to take up the subject as applied to the Colorado Independent School District. The scholastic census enumerator began his work Tuesday morning and the Chamber of Commerce has the assurance from the president of the school board that the work will be well done—that every scholastic within the bounds of the district will be enrolled. We have not the least doubt that this will be done, but it will make the task easier for the enumerator, and by the way, eliminate the possibility of him overlooking some one, if he be accorded the co-operation of the citizens, in this work, to such extent as he may desire. If there be 700 scholastics within the Colorado Independent School District today, it is nothing but following up a policy of good business that we have just that many enumerated on the scholastic census. We can not collect the apportionment unless we have the pupil properly enrolled.

SHE STATES IT MILDLY. While suffering with a severe attack of the grip and threatened with pneumonia, Mrs. Annie H. Cooley, of Middlefield, Conn., began using Chamberlain's Cough Remedy and was very much benefited by its use. The pains in the chest soon disappeared, the cough became loose, expectoration easy and in a short time she was as well as ever. Mrs. Cooley says she can not speak too highly in praise of this remedy.

TOYAH OIL NEWS.

Last week I spent two days in the Toyah field looking over the development there, and I find that there are several deep wells being drilled, probably the most important one of these is known as the Troxel well, seventeen miles northwest from Toyah, and in the immediate vicinity of this well are several shallow wells being drilled.

It is as yet unknown what the deep tests will discover, but the most reliable information on the subject indicates that the Texas Company did discover oil in paying quantities along back in 1909 at a depth of about 1800 feet. A stratum of fifty feet of very fine oil sand was found, and the well was pumped for an unknown period of time, but it flowed one hundred barrels in less than two hours, according to eye witnesses who lived near the well. The field superintendent decided, against the advice of the driller, to shoot the well, and in this manner the well was lost.

"Toyah Basin" has been geologized as early as 1854, and since that time many prominent geologists have done more or less careful work in this field, all reporting favorably on the general conditions as indicative of oil bearing formations. The most elaborate report came from Mr. R. D. Jackson last May (1920) in which he refuses to agree with former reports classifying this structure as a monocline, and states that it is "in fact a great anticline gently plunging toward the east a little north of east."

The writer is of the opinion that the latter report is more nearly correct, for the anticline conditions are not difficult to trace with the axis bearing northeast from the southwest.

Probably the most interesting sight in this field is the wonderful quality of the "lube" oil as it comes from the shallow wells at depth of 155 feet. This oil as it comes from the hole is almost pure lubricating oil. It contains practically no laminant, and of sulphur, paraffine, asphaltum and water it contains none.

Mr. Ivan C. Bell, who is easily the most enthusiastic champion of the shallow production, has constructed a simple apparatus to filter the oil, and at very little expense is getting a wonderful clean "lube" oil from his wells, which is quite readily sold at \$25.00 per barrel wholesale. It is said to be the best on earth for the steam engines. The shallow wells produce an average of one barrel per day per well, so a ten well proposition isn't such a little thing after all.

Leases on land which is practically sure of shallow production are selling at \$150.00 to \$250.00 per acre.

SUPT. AND WORKERS OF BU-FORD S. S. VISIT BAPTIST S. S.

Several cars of the Buford Sunday school people visited the Baptist Sunday school Sunday morning. Superintendent Greene and his corps of workers made them feel at home. They reached here in time to visit the different departments of the school before the opening hour, and were in the different classes for the lesson. Superintendent Brewer Palmer made a talk in which he said he believed

his school would be better by having visited the Colorado school. The crowd remained for the preaching service and after that were guests at luncheon in the Sunday school rooms. The Colorado school feels honored by having these good people as their guests.

The Baptist people are aiming to organize a church at Longfellow on the third Sunday in this month. Come over and help us. With best wishes to The Record and its many readers.

IRENE CASTLE ARRIVES

"The Invisible Bond" Shows Dancer Fine Emotional Actress.

Irene Castle dances exactly ten seconds by the clock in her new picture, "The Invisible Bond," at the Opera House today and tomorrow. Yet she held the interested attention of the audience every moment she was on the screen. It is a tribute to her development as an emotional actress. The photoplay is an adaptation of Sophie Kerr's well known novel, "The See-Saw," which tells the story of a young married couple who drift apart through the machinations of a coquettish "other woman." The pair are divorced and the husband marries his charmer, only to find that she is as faithless as ever. A startling climax brings the film to a satisfying close.

Mrs. Castle is supported by a capable cast, which includes Huntley Gordon and Warburton Gamble. Charles Maigne was the director.

SPECIAL MUSIC

The special music at the Baptist Church Sunday morning will be a chorus "Wonderous Peace," Duet, "A Reverie," Offertory "Slumber Song." The regular monthly conference will be held at the eleven o'clock hour.

R. O. Pearson made a business trip to Eastland this week.
