COLORADO, TEXAS, FRIDAY, MARCH 11, 1921

WHIPKEY PRINTING COMPANY

COX SECURES LARGE LEASE IN MITCHELL CO.

The S. E. J. Cox Company and the Cox Realization Company, both projected by S. E. J. Cox of Houston who drilled in the McDowell well in Glasscock County, 25 miles south of Big Spring, have recently secured a five-year mineral lease on 35,000 acres of land in Mitchell and Howard Counties and plan to develop the tract within the near future, according to information received from Mr. Cox at Houston.

Of this lease, 20,000 acres is controlled by the Cox Realization Company, and the remainder by the S. E. J. Cox Company. Almost 30,000 acres of the lease lies in Mitchell county and comprises a portion of the H. S. Ranch properties. The north line of the Cox holdings is eight miles south of the Foster well at Iatan and eleven miles south of the Underwriters' Company wells at Westbrook. On the east line the property is eighteen miles west of the Travellers well on the Landers ranch.

In a statement given out soon after acquiring this lease, Mr. Cox said: "Before the drilling of the McDowell well had been completed I was very anxious to get the Mitchell county lease, which is just to the east of the McDowell well, because I believed thoroughly, and still believe, that the Mitchell County property is merely a continuation of the same pool found in the McDowell well, and that eventually there will be a line of derricks extending from the McDowell all the way to Colorado City, where the Underwriters' Company has developed two wells in practically the same kind of sand, and at almost the same

depth." Mr. Cox started an extensive advertising campaign last week in the interest of his Mitchell County holdings and thousands of pieces of attractive literature are being sent out from Houston. Included in the literature is an attractive two-color folder, carrying a map of the county, showing location of the several wells drilled or drilling, photographs of well and derrick scenes, and an interesting history in concise form of oil development in the county. In this folder Mr. Cox quotes at length from special staff correspondence articles carried by the Fort Worth Star-Telegram and the Texas Oil Ledger, dealing with the oil situation in this county.

J. P. Lee of Houston, representing the lease and engineering departments of both the companies, returned to Houston Tuesday night after spending a short time at Colorado. He stated that these companies had leased a total of 45,000 acres in Howard and Mitchell counties, but planned to include only 35,000 acres of the lease in the development program now being worked out.

"There is one thing you may rest assured of," Lee stated, "and that is that Cox will put Mitchell County on the map. He has outlined an unusual publicity campaign, depicting the possibilities of this county, and our literature will be sent to every state in the Union and to several foreign countries." In speaking of the folder received in Colorado last week, Lee stated that 100,000 of these were printed in the first edition.

RETAIL MERCHANTS ASSN. ORGANIZED FRIDAY NIGHT.

The Retail Merchants Association of Colorado was organized Friday night at a mass meeting of local retailers and business men at the Chamber of Commerce. Call for the meeting was issued by W. R. Morgan and following a call to order, W. A. Grubbs was elected temporary chairman. Organization of the association was perfected in election of the following officers and directors:

H. L. Hutchinson, president; O. Lambeth, vice president; W. S. Cooper, secretary-treasurer; H. S. Beal, J. W. Dorn and James Sherwin were elected directors of the association and officers are to be ex-officio members of the board of directors, with the president, Mr. Hutchinson, presiding.

It was designated that retail merchants, wholesalers, bankers, proprietors or managers of restaurants, bakeries, garages, blacksmith and machine shops, etc., were eligible for membership in the organization. One membership fee from each firm will entitle it to participation in the organization. A committee of W. R. Charters and H. B. Broadbuds was appointed to visit the business firms of the city not represented at the meeting and solicit them to affiliate with the association. For the present a membership fee of \$2.00 per month will be charged, it was stated.

The association will meet again on Friday night, March 11, at 8:00 o'clock at the H. L. Hutchinson & Co. store at which time permanent plans for the association are expected to be worked out. Among these will be proposed by-laws, to be offered for adoption or rejection by the board of directors.

JUDGE A. J. COE WILL CONDUCT ACTIVE CAMPAIGN

Judge A. J. Coe stated to The Record Tuesday afternoon that he was definitely in the campaign for mayor and would conduct an active campaign before the municipal election, Tuesday, April 5th. It is the plan of the Judge to take the campaign to the stump and address at least one mass meeting in which his policies as affecting the city government would be outlined, he said.

The Judge stated Tuesday that he would favor an improvement over the present system of sanitation in the city, as applied especially to keeping the streets and alleys clean. He also expressed the wish to be understood as favoring civic improvement in Colorado and stated that if elected mayor one of his first undertakings would be to improve the condition of streets in the city.

Judge Coe has been a continuous resident of Colorado for forty years. He was for several years County Judge of Mitchell county and has represented the city on the aldermanic board.

LARGE CROWDS ATTEND LORAIN TRADES DAY.

The writer was in Loraine for a short time Saturday afternoon and was impressed with the co-operative interest being manifested in the trades day event there on that date. This progressive town was literally crowded with automobiles and pedestrians, and decorated floats, flying bunting and booths showing fine specimens of poultry, agricultural and other exhibits from the Loraine territory were very much in evidence.

Loraine, though a town of less than a live commercial club, a good band and has one of the most aggressive set of business and professional men of any town of its size in West Texas.

Little No. 1 Spudded Saturday Afternoon-- Operations Progressing at Other Locations

The first well of the Renotex Oil & Land Corporation on their Mitchell County holdings was spudded Saturday afternoon when drilling was commenced on Little No. 1, three miles southwest of the town of Westbrook. D. J. Lewis, who drilled in the T. & P. No. 1 and Morrison No. 2, of the Underwriters Company two miles northwest of Westbrook, is in charge of operations at this job. Mr. Lewis stated he had necessary equipment assembled at the location and expected to complete the test in record time.

The Renotex Company controls a considerable acreage in the vicinity of the Little well, the major portion of which lies within the Conaway ranch. Messrs. Sloan and Knight, Colorado representatives for the company, have been absent from the city during the past several weeks on business in San Francisco and other cities on the Pacific coast.

Coleman No. 1, to be drilled on the Coleman ranch seventeen miles northwest of Colorado, will probably be spudded the first of next week. Tools for this job were hauled out from Colorado the first of this week and are now being strung. This well will be drilled by the Hilliard Drilling Company of Tulsa. This well will be drilled at a location one and one-half miles northwest of the village of Cuthbert.

T. & P. No. 1, and Morrison No. 2 were still on the pump Wednesday afternoon and a report from the offices of the Underwriters Company stated that of the two, the former, or discovery well, was proving the best producer.

Manager Keck of Reynolds No. 1, first test of the Vincennes Oil Company on their holdings on the Reynolds ranch, reports that he is hitting new dirt at a depth of 2,000 feet and making satisfactory pro-

gress. At 1800 feet a gas pocket was drilled into and a showing of gas has continued since. Keck is most optimistic over prospects for a good well, as evidenced by the log, and expects to have something of unusual interest to report within the next few weeks.

A report from the Travellers well Wednesday afternoon was that a depth of 3375 feet had been attained. The crew was delayed in setting casing because of a cave-in within 200 feet from the bottom of the hole, but expected to soon overcome the trouble and complete the lowering of casing preparatory for resuming drilling.

The Underwriters Company reported that rig on the Wulfjen lease, eight miles south of Colorado, was expected to be built next week. Contract was let several days ago to the D. D. Wertzberger Company of Tulsa and materials are now on the ground. This will be the initial well of the Texavada Company in the Colorado field.

The company further reported that drilling had been resumed at Morrison No. 3, a shallow test 1500 feet south of Morrison No. 1. This well was reported as drilling at a depth of 100 feet.

Drilling at the Ranger-Western, a few miles east of Loraine, will be resumed within the next few days, according to information received in Colorado. This well was drilled to a depth of 3500 feet, when operations were temporarily suspended sixty days ago. The company plan sinking the test to a depth of 4,000 feet, it is reported.

At Iatan the crew at Foster No. 1 has suspended operations temporarily on account of a water shortage. Water used at this job has heretofore been supplied from surface tanks which recently became dry.

BOOSTER CLUB MEETING TUESDAY NIGHT, MAR. 22

The regular monthly meeting of the Colorado Booster Club will be held Tuesday night, March 22. W. W. Porter, president of the club announced late Wednesday afternoon, following adjournment of a meeting of the officers and directors at the Colorado National Bank.

In discussing features of this meeting, which are already being arranged, Mr. Porter stated that issues of vital importance to the city would be introduced for discussion. One of these, Porter said, would be the subject of damming Lone Wolf creek to impound a lake of water sufficient for all demands of a city much larger than Colorado. Such a move on the part of the city has been suggested several times recently, and many citizens see in this proposed project the only feasible solution of the water problem here.

"Of course the social features of this meeting of the Booster Club will be well provided," Porter continued, "The Colorado Booster Club was organized largely for the social feature it would afford and we shall certainly maintain that part of the program from month to month. However, we also desire to co-operate with the Chamber of Commerce in representing the best interests of the city from the civic and the commercial viewpoint and as members and supporters of the Chamber of Commerce it is our wish to work hand in hand with the officers and directors of the chamber for a better and bigger Colorado."

The directors made no attempt to work out a detailed program for the meeting, Porter stated, as to do such will take time. Preliminaries of the program, however, were determined, and it is expected that definite announcement as to at least some of the attractive features will be made next week.

Two committees were designated to arrange for the next meeting as follows: Committee on refreshments and entertainment, W. R. Charters, J. Lee Jones and H. B. Broadbuds.

Committee on arranging for auditorium, A. J. Coe, J. M. Thomas and E. Keathley.

This the third meeting of the Colorado Booster Club, is expected to surpass even the last meeting, held February 22nd, and members and those desiring to become members should see W. R. Charters at an early date and make reservations to attend. The club now has a membership of 120 and it is planned to increase this to 150 within the next thirty days.

PARLOR GRAND CHICKERING. PIANO ORDERED FOR SCHOOL.

E. Frank King, superintendent of the Colorado public schools, stated Tuesday afternoon that the piano to be placed in the High School auditorium had been ordered by wire and would be shipped out of Boston at once. The instrument is of the parlor grand size and will cost between \$250 and \$300 delivered at Colorado.

This will be to visit with commissioners courts of other counties where road work is in progress and learn from them direct just how they are solving this big problem. If there is any improvement over the methods we are employing here, we desire to know about it.

"And in this connection" the Judge continued, "I desire to state that each member of the court who makes this trip to Dallas and return will pay his own expenses, including the services of the two automobiles to be taken, and no expense whatsoever will be incurred to Mitchell county." Commissioners Court will be convened Monday in the regular March term and it is expected that the routine business will be completed in one day.

SCHOOL BOARD RE-ELECTS E. F. KING SUPERINTENDENT

E. Frank King, superintendent of the Colorado schools during the past five years, was re-elected to that position for another year at a meeting of the school board convened last week. The board, in offering him the superintendency for another year voted Mr. King an increase in salary and expressed satisfaction and appreciation for accomplishments of the schools of the city under his direction.

"The school board believes that the record of Mr. King, as superintendent of the schools of the city, are commendable," J. M. Thomas, president of the board, stated Monday afternoon. "Since he assumed this responsible position five years ago, the public schools of the city have continually advanced from year to year in point of efficiency and affiliated credits of the high school now rank among the best in the State."

Since Mr. King has been superintendent of the schools the board has expended approximately \$2,500 for additional equipment, much of which was for modern laboratory and sending equipment and for the school library, Mr. Thomas stated. Additional amounts, raised through private and public sources under personal direction of Mr. King have been expended for the same purposes. An order for a modern chart, costing \$120, was placed by the school board last week, and funds are now being raised for purchasing a concert piano for the High School auditorium. Mr. Thomas stated that one of the most visible needs of the schools now was in the installation of a modern heating plant and adequate sewer connection, both of which would further safeguard sanitation in the buildings and on the campus.

STATE FIRE COMMISSION CREDITS INSURANCE RATE

The good fire record of the city of Colorado for the years of 1918, 1919, and 1920, as approved by the State Fire Commission at Austin, has entitled Colorado to the minimum credit of 15 per cent, which amount is to be deducted from policies written on property within the corporate limits on or after January 1, 1921 to February 28, 1922. This information was made public Saturday by City Secretary L. A. Costin in a specific schedule approved by the commission February 26.

This new schedule is not a reduction in the prevailing key rate for Colorado of \$6552, adopted by the State Fire Commission in October, 1916, when a reduction of 16 per cent from the original rate of 78 cents was ordered. Under the new order the former key rate will be figured in computing premiums for all policies, but the premium will be entitled to a reduction of 15 per cent.

Order for the new schedule as received by Mr. Costin follows:

"A statement showing that the loss ratio of Colorado for the years 1918, 1919, and 1920 is .090 has been filed with, and has been checked and approved by the State Fire Commission. Under the provisions for credit for good fire record for cities and towns shown on page 22 of the 1915 edition of the Texas General Basis Schedules, this record entitles Colorado to the minimum credit of 15 per cent which local agents are to deduct from the final rate on all policies written on, or after, January 1, 1921, to February 28, 1922, and covering property located within the corporate limits of Colorado."

The order further specifies that policies taking effect prior to January 1, 1921, are not affected or to be disturbed, except by cancellation in strict accordance with the terms and conditions of the policy.

COUNTY COURT RECESSES UNTIL FRIDAY MORNING.

County court, which was convened Monday morning by Judge J. C. Hall completed the work of setting down pending cases for trial by Tuesday at noon and was recessed until Friday morning at 10 o'clock, when the (criminal) and probate docket will be called.

A few of the civil cases pending have been set down for trial next week, but the most of these will be heard during the third week of the court.

DR. COLEMAN WILL NOT ENTER RACE FOR SENATE

Dr. P. C. Coleman will not enter the race for Senator from the 28th District, to fill the vacant seat caused by the recent resignation of Senator Russell of Eastland. Dr. Coleman gave this information to The Record Friday when asked for a statement as to whether he would concede to the solicitations he has received from various sections of the district and enter the race.

The doctor stated that because of pressing business matters, demanding his personal attention, it would be next to impossible for him to enter the campaign at this time. He has received letters from a number of prominent West Texas citizens urging him to offer his candidacy for the vacant seat.

One of these was written by a leading member of the House of Representatives at Austin and received here Friday. In speaking of Dr. Coleman's candidacy for the State Senate, he stated:

"A group of us, who would like to see a high class man representing our district in the State Senate, agreed yesterday that Dr. Coleman would be the man, if he would consent to make the sacrifice and make the race for the vacant seat. We would like very much to see a few men of his type from the West interested in State affairs."

COMMUNITY FARM BUREAU ORGANIZED AT LONGFELLOW.

A community organization of the Mitchell County Farm Bureau was perfected at Longfellow last week in the election of the following officers:

A. L. Scott, president; A. K. McCortley, vice president; Wood Wading secretary.

COMMISSIONERS COURT TO MAKE INSPECTION TOUR.

County Judge J. C. Hall and U. D. Wulfjen, E. Barber, H. A. Lasseter and S. M. Hallmark, members of Commissioners Court, together with W. C. Hargiss, foreman of road construction work in Mitchell County, will leave Colorado Tuesday of next week on a tour of inspection through all counties between Mitchell and Dallas counties, for the purpose of studying public road problems and how they are met in the several counties to be visited.

The party plan to make the entire trip from Colorado and return by automobile, making stops at all county seat towns and cities to obtain direct information from the authorities as to road construction work and maintenance and will also visit those places enroute where road construction projects are under way. They expect to be gone from Colorado five or six days.

"The Commissioners Court of this county desire to apply the best methods known in road work, in Mitchell County," Judge Hall stated Tuesday afternoon, "and have arrived at the conclusion that the only way to do

RELIEF FROM THE BOGUS CHECK ARTIST IS SOUGHT

May Use Draft Showing Signer Has Funds in Bank.

Two definite plans to meet the "Bogus Check" evil are being considered by the merchants of Colorado and it is probable that action will be proposed at the meeting of the Colorado Retail Merchants Association Friday night. One is the elimination of the "counter checks" and the substitution for them of the standard draft forms containing a definite representation from the signer that he has funds in the bank on which the check is drawn, sufficient to pay the full amount thereof. The other is the establishment of an "art gallery" in which would be displayed the photographs of all persons caught passing bad checks, the photographs to be displayed prominently in the leading stores of Colorado.

The advantage of the first plan, it is pointed out by one merchant, is a standard draft form which will make each case of "bogus check" a definite swindle, punishable under the laws of Texas. Such representation is not contained on the ordinary counter check, and some courts have held that defendants were not guilty who had passed checks that were turned down, but who had in the bank on which the check was drawn, a smaller amount of money than that for which the check was given. The defense in such cases is usually that the defendant "thought" he had the sum of money necessary to pay the check.

The standard draft form might be printed as the official form of the Colorado Retail Merchants Association, with blanks for the individual merchants trade names, the proposition of this plan suggests, or the same form might be adopted by all merchants and printed for them individually. Thus the drawer of such a check or draft would fill in the proper blanks, with the name of the bank, signing not only the check, but the representation that he had the money. At present counter checks are customarily provided, with the

names of the banks printed on them, and the drawer simply fills in with the name of the payee.

A general determination to put a stop to the bad check evil was expressed by Colorado merchants last Friday night at the Chamber of Commerce at a meeting convened for the purpose of organizing the retail association. When proper forms are used it is possible to get convictions in the courts in all cases of bad check swindling. Of course, when the check is forged, the forgery law covers, and they are most rigid. One cause for the growth of the evil, one merchant admitted, is the tendency of victims of bad checks in the past to dismiss prosecution when repayment was proposed.

"In the North only the hardened offender who is prepared to flee from the officers of the law dares to try the bad check game," one merchant said, "and it is because all such cases have been rigorously prosecuted. The same will be true here—that is, if the same course is followed, and one of the first steps is the standard draft form; which will permit of no evasions before the juries."

"The merchants are glad to accommodate the public by cashing checks which are honestly presented, and our customers surely will not object to helping us in every way possible when the condition here is understood. We do not want to be forced to refuse to cash any checks except those offered by persons well known to us, and the only alternative is to make the way of the bad check offender far harder than it has been in the past. That we certainly intend to do."

AN IDEAL REMEDY FOR CONSTIPATION.

It would be hard to find a better remedy for constipation than Chamberlain's Tablets. For the best effect they should be taken immediately after supper. They are easy to take and mild and gentle in effect.

OIL BLANKS IN STOCK AT THE RECORD OFFICE.

88 Form Texas Lease Blanks; royalty contracts; assignments Oil and Gas; Option contracts; Mineral deeds, Quit Claim deeds, and Fee Simple deeds.

MRS. ALICE GRESHAM DODD mother of first American soldier killed in France, who gives entire credit for recovery of her health to the well known medicine, Tanlac.

The following remarkable statement was made recently by Mrs. Alice Gresham Dodd, the mother of Corporal Jas. B. Gresham, who was the first American soldier killed in France. The statement was made at the Gresham Memorial Home, which was presented to her by the patriotic people of Indiana as an evidence of their appreciation of the services rendered to his country by her son.

The shock of her son's death resulted in a serious breakdown in Mrs. Dodd's health, but every one will learn with interest and pleasure that she is now in splendid health again. Mrs. Dodd gives the entire credit for her recovery to the celebrated medicine, Tanlac.

She said: "After my dear boy's death I had a general breakdown in health. At first it was just indigestion. My food would upset me and I had to diet myself very carefully. I also had rheumatism with severe pains in my shoulders, back and my arms, and at times I would suffer greatly and my joints would become swollen and stiff. I was hardly able to do but very little about the house and at times could not even cook a meal. I became very nervous and restless, and at night would lie awake for hours."

"A friend of mine advised me to try Tanlac. I am glad I did, for it proved to be the best medicine I have ever taken. It soon gave me a splendid appetite and relieved me a great deal. My rheumatism also disappeared and I am now able to do my house work with the greatest ease. My nerves are steady and strong. I sleep well at night and my health is better than in years. I shall always be grateful for what Tanlac has done for me." Tanlac is sold by leading druggists everywhere.

CUTHBERT NOTES.

We are glad to report all well once more.

Preaching Sunday by M. E. pastor, Terrell, was well attended. The circuit rider is more deserving than we are sometimes willing to even admit, to say nothing of telling him that we appreciate him and his work.

Although not a Methodist, I am for the man who is putting his whole life into "going about and doing good." It is no small task to prepare four sermons during the week, do the many other things which preachers are asked to do and greet everybody with a warm hand clasp, and a cheery smile. If you, gentle reader, think it a small task to do all of those things, try for three days the last two things mentioned above—greet everybody with a warm hand clasp, and a cheery smile—and then be convinced.

We honor Brother Terrell for his consecrated life.

The young folks and some not so young, for instance Messrs. Charles Womack, D. Burrus, Mell King and Fran Womack—enjoyed a social time

not a social glass, at the home of Mr. and Mrs. Dick Simpson last Saturday night. Several came from Colorado, all seemed to enjoy themselves. Away long in the night a crowd from Ira came. We were just about to have the benediction when they arrived, but to use an expression of a certain East Texas school teacher, they put new "enthusiasm" into the meetin', and we had some more fun. You Ira chilluns hurry back. Get here during the early part of the game next time.

The Parent-Teachers Association met Friday at 4 p. m. We had a lively meeting. This is the second meeting of the Association. All parents in the community whether or not patrons of the school are urged to come.

All Cuthbert is rejoicing! We are reminded of the Bible story of a woman who lost her coin and when she found it she called in her neighbors and said, "Rejoice with me, for I have found that which was lost." The reason we are so joyful is that the city water works are all fixed and we have water for all, and to spare.

We have two windmills, but both have been out of fix almost all of the time for several months. But they are both "fixed" now. Although the both of 'em may be out of "fix" ere you read this.

If you have an arithmetic problem that you can not solve, tell Dock Simpson about it. He has recently figured the amount of walking he will do while "putting" up his land this Spring. Not counting going to and from the ends of the rows, getting back into the furrow jerks him out, hunting wrenches, turning at the end of the rows, hunting the calves, milking the cows, slopping hogs, nor the walkin during the night with the baby—he will walk three hundred and fifty miles.

D. T. Bozeman and H. C. Bristow went to Westbrook Thursday on business. Their business was to talk with J. C. Nance about surveying a townsite six miles west of Westbrook. Mr. Nance has a hundred acres to be cut up into four hundred eighty business blocks, and one hundred sixty residence blocks.

General Bristow went motoring to Jones county last week. General says he will likely move to Abilene in the near future. Mr. Bristow is a good citizen, a good man and we will be loathe to give him up. Despite all of his good qualities, Mr. Bristow has some faults, for instance, he went to preaching last Sunday night. That was good enough, but he had not shaved for two or three days.

Cotton is still being hauled thru Cuthbert to the gin, but not very much of it.

The pipe line from the big tank at the headquarters on Reynolds ranch is nearing completion. It will be completed before this is printed.

News was spread today that an ex-

tra strong "line of gas" was struck in the well on Reynolds ranch, but on closer investigation it was discovered that the strongest "line of gas" was on the surface, and that several miles from the drilling site.

Mr. N. Rogers, his wife and mother attended church and Sunday school here Sunday and visited in the community.

Messrs. Crabtree and Wiggins with their families visited at Ira Saturday night and Sunday.

Judge Spann of Westbrook, accompanied Elder Terrell Sunday on his round.

W. O. W. MEMBERS READ.

We will have our regular meeting on Tuesday night, March 15th, and will have reports from our delegates to the state convention at Houston, Sovereigns W. L. Doss and W. R. Morgan will doubtless have something of interest to report. Come without fail.

BROADDUS & SON

"Eavesdroppers never hear good of themselves."

This old saying didn't work in my case, the other day.

I overheard two women talking here in the store. And what I heard is worth passing on.

One said to the other, "My husband says that was the best coffee he ever drank, at your house last Sunday. What kind was it?"

"This new Gold Plume Coffee. We like it awful well, too."

"Well, how in the world do you make it?"

"That was just plain, old fashioned boiled coffee—made in an old fashioned coffee pot."

"I put in a heaping teaspoon of this Gold Plume to every coffee cup of boiling water, then add one cup of water extra for the pot."

"Let it boil up once, then let it steam for five or six minutes. I always stuff clean paper in the spout to keep the flavor in."

"I certainly am going to try it." And she bought a can right then. And I know from experience I've made another regular customer for my coffee.

SOCIETY AND AT THE CLUBS

ENTERTAINS.
Mas J. C. Brigham, 12, entertained several of his boy friends on Saturday afternoon at the home of V. D. Topshire in the city. Games and diversions were enjoyed to the fullest extent by those among the invited guests. J. C. is a nephew of Mrs. A. Grubbs.

SPORTS ENTERTAINED.
Last Friday evening the Junior Class of the high school were guests of the minor class at the home of Dr. and Mrs. T. J. Ratliff. The decorations were the Junior colors, purple and white. The program was school with the Seniors impersonating the Juniors. Miss Kennedy and Mr. Foster were also impersonated by Miss Terrell and Jack Helton. Following this choice of the names of the Juniors were given. Souvenirs of little bits bearing the name and date of the class tied with all day suckers were given. Refreshments of ice cream and cake were served.

42 PARTY.
Mr. and Mrs. Madden entertained with a forty-two party last Thursday evening. There were thirteen tables and after several progressive games chicken salad, potato chips, sandwiches, cake and coffee were served.

AUXILIARY TO C. W. B. M.
The Auxiliary meeting of the C. W. B. M. was held with Mrs. S. D. Wood last Thursday, with Mrs. Harness as leader. The topic for study was "Africa," with a roll call of some of God's missionary promises. An interesting and helpful map study was given by the leader. Mrs. Barcroft told of the translation and teaching of the bible. Mrs. Soper gave a sketch of the life and work of Herbert Smith, an early missionary. Sacred music was given on the Victrola. The hostess served a salad, cake and coffee. Mrs. Leslie and Mrs. Dorn were guests.

HESPERIAN.
The Hesperian met with Mrs. W. L. Doss. The lesson was Scott's "Lady of the Lake," led by Mrs. S. O. Wulfjen. Mrs. Vivian Shroshire was welcomed as a new member. Mrs. Lee Jones and Miss Kennedy were elected honorary members. Mrs. W. P. Lee was elected delegate to the district meeting which meets in Abilene in April. Mrs. Broaddus was named as alternate. Mrs. Oscar Majors was guest. The hostess served ice cream and cake.

BAYVIEW.
Mrs. E. P. King was hostess for the Bayview. The lesson was from Shakespeare's "Midsummer Night's Dream" and "Operations of Local Government" from the Bayview Magazine, led by Mrs. T. W. Stover. At the social hour a two course luncheon was served.

STANDARD.
Mrs. G. W. Smith was hostess for the Standard. The program was on "Texas." The roll call was "Name a Texas Statesman." Mrs. Gitter gave a poem, "Texas Romance." The round table discussion was State Politics. The hostess served a salad course, cake and coffee. Mrs. Gustine was a guest.

BANNER CLASS.
The class of boys in the Presbyterian Sunday school taught by Mrs. Jerold Riordan has been the banner class all the year so far. In February it made a perfect record.

CIVIC LEAGUE MEETS.
The regular monthly meeting of the Civic League was held at the Baptist Sunday school rooms last Saturday. The City Beautiful committee reported most encouraging response to the tree planting appeal. This committee intends now to see about making the grounds around the depot more sightly. The main thing discussed was the Clean-up Campaign authorized by State Health Officer, Dr. Carrick. Governor Neff has issued a proclamation that March 13th to 19th be Health week and the League will do all it can to get all citizens to observe it. They are asked to have all trash ready to be hauled off March 16th and wagons will take it away. Committees are appointed in various parts of the town to see that the work is done so everyone is urged to co-operate in this matter.

The League had the honor of endorsing the 1921 Study Club for a member of the State Federation.

CLEAN-UP CAMPAIGN.
The Civic League in co-operation with the City Council, are promoting a Clean-up Campaign, to begin on Monday, March 14th. If all property owners will clean up their premises and their alleys, and have the trash raked into a convenient place, wagons will call on March 16th and it will be removed free of charge. Every citizen of Colorado is urged to seize this opportunity for having all trash removed from his property without expense to himself. With every yard and every alley in Colorado spotlessly clean our city will be not only more attractive than it is at present, but it will also be a more healthful place in which to live. Remember the date to watch for the wagons—March 11th!

BUSINESS MEETING.
The Baptist Auxiliary met in business session at the church Monday. Besides the regular business, it was decided to get out the third edition of the Baptist Cook Book, and committees were appointed to make ar-

rangements for its publication. Also a committee was appointed to confer with the other denominations about doing missionary work. The treasurer reported over twelve dollars offering from the week of prayer for Home Missions. The Society was honored with a visit of ladies from Westbrook. This society has been reorganized only a short time yet it is doing good work and anxious to be informed on all things the denomination fosters.

STUDY COURSE.
The Methodist Missionary Society met with Mrs. W. H. Garrett on Monday afternoon for the regular study course. The lesson in "Bible and Missions" was led by the superintendent, Mrs. W. P. Leslie.

1921 STUDY CLUB.
The 1921 Study Club met with the president, Mrs. L. S. Cooper. The lesson was the Act 1 of "Merchant of Venice." Mrs. J. G. Merritt, who assisted in the organization of the club led the lesson. At the social hour the hostess served ice cream and angel food. Miss Jeanette Earnest was a guest.

MOTHERS CLUB.
Mesdames T. J. Ratliff, Broadus, H. C. Doss, and J. G. Merritt attended the first meeting of the Mothers Club at Buford school Tuesday afternoon. Miss Elliott is teacher of this school and has been instrumental in increasing the interest of the mothers in many things helpful for the children, outside of textbooks. The next meeting will be held with the president, Mrs. H. B. Palmer.

CHRISTIAN WORKERS.
The Christian Workers met with Mrs. Ed Womack Wednesday afternoon. A social committee was appointed. Mrs. R. D. Hart, Mrs. E. H. Winn and Mrs. L. B. Elliott. A committee to look after the sick was also named as follows: Mrs. R. H. Smith, Mrs. Ed. Womack and Mrs. W. H. Garrett.

The class will take up the "Life of Susanna Wesley" as their first study. A portion of the life of Joseph, "The Dreamer," was read by the teacher. At the social hour the hostess served black and white cake, chocolate, whipped cream and fruit salad on lettuce leaves.

TUESDAY CLUB.
Mrs. Meeks was hostess for the Tuesday Club at Mrs. Smoot's. The special guests were Mrs. Simon and Mrs. H. S. Beal. Orange ice and cake were served. The meeting next week is with Mrs. W. D. McMurry.

MERRY WIVES.
Mrs. Grubbs was hostess for the Merry Wives at Mrs. Lambeth's. Her guests were Mesdames Keck, H. S. Beal, L. C. Dupree, T. J. Ratliff and Will Jones of Abilene. Cherry ice cream and angel food cake were served. Mrs. Ratliff entertains the club complimentary this week.

HARMONY CLUB.
Mrs. W. L. Doss, Jr., was hostess for the Harmony Club at her mother's Mrs. Donnell. Her guests were Mesdames Peck, Shannon, L. W. Sandusky, J. A. Holt, and Miss Marion Adams. Fruit salad, cake and coffee were served. The meeting next week is with Mrs. Oscar Majors.

U. D. C. MEETING.
The U. D. C. Chapter will meet with Mrs. Gustine at 4 p. m., March 15th. Roll call, quotations from Southern songs. Ritual. Lord's Prayer. Business. Reading—War Reminiscence, by chapter. Social Hour.

MISSIONARY SOCIETY.
The Young Ladies Missionary Society of the Presbyterian church met with Misses Riordan Tuesday. The subject for study was "Work among the Mexicans," led by Miss Mildred Coleman. The following officers were elected: Mrs. A. H. Dolman, president; Mrs. Jerold Riordan, vice president; Mrs. Billie Hagler, secretary; Miss Mildred Coleman, treasurer. Refreshments were served at the social hour.

HORN SCHOOL NOTES.
Isn't this beautiful weather for early Spring? Fruit trees are all blooming and the birds are singing. Mr. and Mrs. Ed. Davis are the proud parents of two baby boys, who arrived on the 16th. Mrs. Horn visited Mrs. J. M. Henderson last Thursday afternoon. Mr. Clarence Gross is suffering with a severe cold this week. Mr. J. W. Gross and family visited in the Tom Smartt home at Abilene Saturday and Sunday. John Roddy was a welcome visitor at our Sunday school. Come again, John. Mrs. Clarence Gross visited her mother at Westbrook from Monday to Thursday of this week. Mrs. Ben Horn and Mrs. J. M. Henderson visited Mrs. Will Henderson Sunday.

SHE STATES IT MILDLY.
While suffering with a severe attack of the croup and threatened with pneumonia, Mrs. Annie H. Cooley, of Middlefield, Conn., began using Chamberlain's Cough Remedy and was very much benefited by its use. The pains in the chest soon disappeared, the cough became loose, expectoration easy and in a short time she was as well as ever. Mrs. Cooley says she can not speak too highly in praise of this remedy.

With the Joyous Easter Message

YOUR EASTER DRESS IS HERE

HEAVY CARRY-OVER OF COTTON.

The American Cotton Association recently issued some cotton statistics which should deter every farmer from planting over half of his normal cotton acreage. In 1914-15 the world carry-over was 8,835,000 bales, which was then the largest carry-over of record. Present indications point to a carry-over of 9,700,000 bales of American cotton alone and to this is to be added 1,880,000 bales of foreign cotton.

The world's estimated supply of cotton July 31, 1920, was 5,846,000 bales. The world's production, 1920-21, was 19,778,000 bales which added to the supply on hand made a total of 25,624,000 bales. Consumption has been 20 per cent below normal and it is believed that requirements of all existing spindles will be filled with 14,044,000 bales, leaving a total of 11,580,000 bales to be consumed in 1922.

Cotton growers can readily understand that if a normal acreage is planted and America produces another 12,000,000 bales, and other countries make a normal production there will be a world supply of more than 30,000,000 bales of cotton, whereas normal consumption is less than 20,000,000.

It is said that figures do not lie, but that men lie about figures, but it seems to be the consensus of opinion that even a half crop will be more than enough to supply the demand for cotton for another year.

New interests are becoming identified with development in the Colorado field and The Record feels confident that a number of new wells at new locations will be spudded during the year. Reports are that two new wells will be started this week and that a general revival of activities in this field are to follow soon. The Colorado field will be the next sensational real depicting big things in West Texas.

The statement was made at Ranger during the convention of the West Texas Chamber of Commerce that The Record and one other weekly newspaper in West Texas were the two best country newspapers circulating within the bounds of the territory represented by the chamber. Of course, The Record appreciates such consideration very much, and the publishers are striving to make the paper even better and more representative of the excellent city in which it is published.

A. C. Gist of East Colorado authorized The Record Tuesday to announce his candidacy for alderman. Friends of Mr. Gist, who are responsible for his candidacy, stated that they believed the East Side should be entitled to representation on the city council and that in Mr. Gist they see able qualifications, not alone to represent that section of the city, but the whole of Colorado, in a most commendable manner. Mr. Gist has been a citizen of Mitchell county during the past 13 years and since last year has made his home in the city.

It is apparent that L. A. Costin, city secretary, will be re-elected in

the municipal election to come in April without opposition, since his worth to the city in that official capacity is generally recognized. Mr. Costin authorized The Record Monday to publish the statement that he would be a candidate to succeed himself in office. Costin was appointed to this office a few months ago by the City Council to fill a vacancy caused by the resignation of J. E. Stowe, who resigned and moved to Abilene, and has proven a most capable and trustworthy official.

G. B. Slaton, cashier of the First State Bank, authorizes The Record to announce his candidacy for alderman this week. We take pleasure in commending his candidacy to voters of the municipality, since his distinction as a leading citizen, and a successful conservative business man is recognized. The city of Colorado should be entitled to a progressive business administration as promised in the attainments of such men as Mr. Slaton. In this instance, Mr. Slaton did not seek the office, but the office sought him, as he did not consent to offer for the place until solicited to do so by a large number of leading citizens of the city.

The Lockney Beacon sides in with a fellow who declares women are to blame for the wicked age in which we are living, by the manner in which they dress and comport themselves.—Lockney Beacon.

There are more good, virtuous, and religious women today than there have been at any previous time in history. While some of the styles that women follow are ridiculous, it is nonsense to say that just because a woman dresses that way she is not chaste. Women have just as much right to dress the way they wish as the men have to dress the way they wish. If vulgar eyed men don't want to see women dress as they do, let them use blind bridles.

The same paper goes and declares that "the cause of so many divorces these days is that women are taking more to commercial life and don't want to be tied down."

Not so. Nine out of every ten divorces are caused by the cussedness or trifleness of men. The man who gives his wife a home, supports her and the children as they should—loves and honors his family, and measures up as a husband and father, will find that the wife will do her full part and more, and that he need have little fear of an unhappy married life or a divorce court.

It has been the habit of men since the Garden of Eden days to blame things on the woman when they themselves are the guilty ones.

TOM BEAN GETS A GRANDVIEW.
Clarendon News: A report has been going the rounds of the Panhandle newspapers lately about a young man going to Seymour of the young ladies who undressed in Plainview and bathed in Sweetwater. He has been apprehended by law, and below we give a full account of the whole affair.

Tom Bean, the Coleman, who was formerly a Taylor, was arrested this week by a Ranger Troupe, and the Marshall states that he will deport him for the offense. The reason he is to lose his liberty is as follows, from his own statement:
He was strolling in the Canyon West of the Brownwood when he saw Anna, Alice and Irene in bathing in the Big Spring near the Blooming Grove. He was a couple of Miles away in the Rice field. He moved up nearer so as to get a Plainview, and hid behind the Rockwall, near the Lone Oak. He said that from there he had a Grandview and could Seymour, a Lott more. He said the young ladies were there with Bells on and had Venus faded. They were dressed in the style that originated in the Garden of Eden. The Marshall tied him to the Center of a Mesquite Post with a Grapevine and went for assistance from the Ranger Troupe. And that's how it happened.

A few years ago Wichita Falls drew a nigger nut asylum from the Texas Legislature. The State appropriated \$400,000 for building and equipment. The buildings were then

erected, and the institution equipped and is now ready to receive the insane negroes of Texas. Now, come the Wichita Falls people and claim that they never did want a nigger nut asylum in the first place, and it was a Junior A. & M. College they wanted and moves that the present asylum be converted into an institution of this kind. But along comes Lee Satterwhite, chairman of the appropriation committee, and tells the Wichita Falls people that they competed for this nigger institution, and that there is now an urgent demand for same, therefore, they will have to keep what they have.—Lockney Beacon.

TODAY.
(By Dr. Frank Crane.)
The best thing you have in the world is Today. Here it is, a wonderful treasure—a marvelous jewel. It is yours, all yours. It's in your hands—what are you going to do with it?

Today is your saviour. It is often crucified between two thieves—yesterday and tomorrow. Today you can be happy, not yesterday and tomorrow. There is no happiness except Today's.

Most of your misery is left over from yesterday or borrowed from tomorrow. Keep Today clean. Make up your mind to enjoy your food, your work, your play, today, anyhow.

Time is not divided into three parts, past, present and future—there is only one real time—it is NOW!

The poet says we rise by stepping on our dead selves. And as for the future, the best preparation for it is an unafraid Today.

Whatever hills you have to climb, whatever bridge you have to cross, whatever enemies are lying in waiting for you, whatever crises are to be met, can you be no better equipped for them than by living.

This day soundly, cheerfully and free from fear. Apprehensive, premonitions, worry—these are the poisonous gases of our foe, the future.

Today is yours—God has given it to you. All your yesterdays, He has taken back—all your tomorrows are still in His hands. Today is yours. Take its pleasure and be good; take its pains and play the man.

Today is yours—just a little strip of light between two darknesses—just a bit of life between two sleep-deaths.

Today is yours. Use it so that at its close you can say, "I have lived today!"

RANDOM THOUGHTS.

When you start to tell your troubles to the other fellow, he usually beats you to it with bigger ones of his own.

If an honest man is the noblest work of God, we advise you to keep an eye on the fellow who claims to be self-made.

It is impossible to attain success at a single bound.

To win out you must play the game every time.

An old bachelor is a man who no widow has wanted to marry.

Too late girls! Leap year privileges are past and gone.

Love maketh a light heart, not to mention a dark parlor.

A man with a hot temper can't very well blame it on his sunny disposition.

It isn't always the young man with a good bringing up that gets to the position.

Chickens running at large and riding bicycles on the sidewalk strictly prohibited.

NINE LESSONS IN LIVING.

Learn to laugh a good laugh. A good laugh is better than medicine.

Learn to attend strictly to your business.

Learn to tell a story. A well told story is welcome as a sunbeam in a sick room.

Learn the art of saying kind and encouraging things.

Learn to avoid all ill-natured and everything calculated to create friction.

Learn to keep your troubles to yourself. The world is too ill to listen to your ills and troubles.

Learn to stop grumbling. If you can not see any good in the world, keep the bad to yourself.

Learn to hide your aches, and your pains under a pleasant smile. No one cares whether you have the ear-ache, headache or rheumatics.

Learn to greet your friends with a smile. They carry too many of the frowns in their own hearts to be bothered with any of yours.

Dear U. S. Good Roads Bulletin:
When I finished reading the interesting report of the motor convoy from Washington to San Francisco, and read the concluding statement, in effect, that "in a few years there will be a first class highway all the way," my wife remarked "Well, it will not be finished in time to do us any good."

You see, we have been counting on an overland trip to California, but after reading of the mud holes and sandy stretches and knowing of the dangerous mountain passes which it will be impossible to move, and also being about or having passed the half century mark, to talk about several years hence, makes matters discouraging for those of the present generation.

As there are not over 150 to 200 miles of really bad road between Dallas, Texas, and San Diego, California, and that mostly in New Mexico, Arizona and California, it does look like these bad stretches could be given attention right now, and thus afford residents of the present generation, who are paying the taxes, some benefit in the way of good roads, along with providing for future generations, which latter the writer has no objection to.

Here in Texas we are doing our full part the State Highway Commission having extended liberal aid to every county traversed by the Bankhead Highway, and the states east of us can arrange to reach Texas as they will find the 900 or more miles in travelable shape by next summer at the farthest. Even the sand dunes of West Texas, over 20 miles, have already been conquered by a hard-surfaced road all the way, shortening the distance considerably across and now all necessary is for New Mexico, Arizona and California to come over by improving their bad portions, and the Bankhead Highway will be a living reality in this good year 1921.

Whoop 'em up, and let's begin to have some results right now.

Your for "Good Roads Right Now, Not 30 Years Hence."
FRED B. ROBINSON,
Member U. S. Good Roads Assn.
Waco, Texas, January 10, 1921.

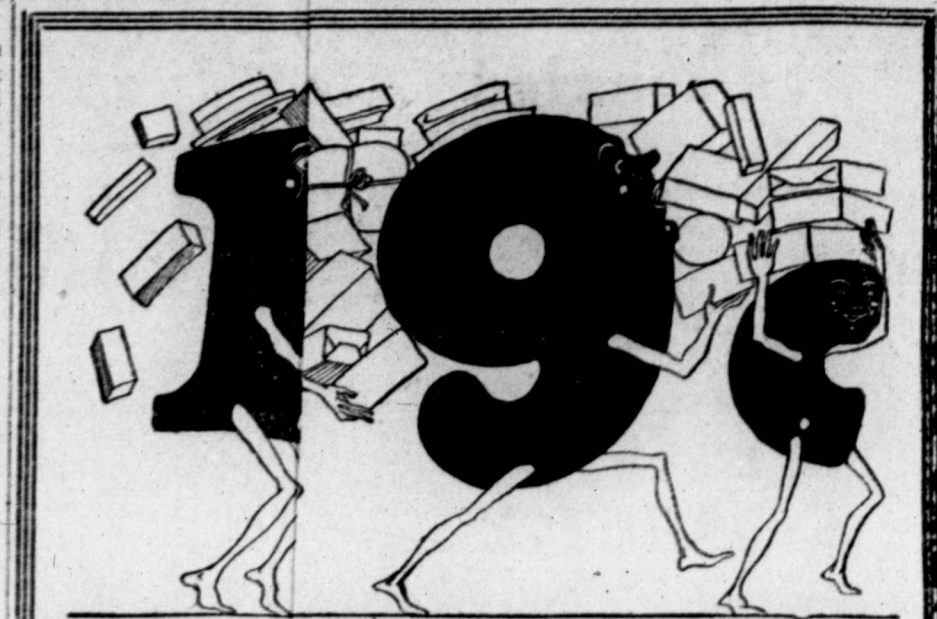

Sunday school had just begun when the teacher turned to six-year old Pauline and asked her why she had been absent from Sunday school. Her answer came promptly and very clearly: "Pop and me went black-berrying last Sunday."

The non-plussed teacher exclaimed: "Why, Pauline, don't you have any idea what will happen to little girls who pick blackberries on Sunday?"

"Yes, ma'am," her answer again prompt, "They'll get chiggers on them."

Notary Public seals at Record office—two sizes.

"I'm glad Billy had sense to marry that old maid," I grandma at the wedding.
"Why, Grandma?" all the son.
"Well, gals is high-tightly and widders is kinder overn', and up-settin'; but old maids is thank'ful and willing to please."
Best carbon paper made, for pencil or typewriter. Also have it in large sheets.

H. J. STANDIFER

MURDERERS OF LUBBOCK MAN AT SWEETWATER.

E. C. Connally and Hulitt Connally, who received a 99 year sentence each for the murder of telephone operator J. Edgar Craft, at Lubbock, and Jesse Bond, their accomplice in the murder, who received 50 years, were brought to Sweetwater Monday by Sheriff McComb of Lubbock and placed in the county jail there for safe keeping.

Feeling against the young men ran high in Lubbock before the trial and it was necessary to take them to Amarillo for safe keeping until their trial should come up.

While there was no surface indications of mob violence toward the prisoners in Lubbock, yet it was considered best to remove them from the scene of their crime, resulting in their transfer to Sweetwater where they were placed in the hands of Sheriff Bardwell of Nolan county.

It is not known just how long the prisoners will remain in the Nolan county jail, as the sheriff's department has instructions to hold them pending the arrival of the state penitentiary transfer agent.

We can not sell at wholesale and live because that is the very way we buy, but we can and will meet all legitimate competition. J. S. Vaughan & Son. Phone 27.

GOOD OLD TIMES

"PROF. WINDYSPIEL delivered a fine lecture last evening," said Mrs. Jamesworthy. "He held up to scorn the pessimist who says the world isn't getting better, and described conditions as they were a hundred years ago. Then people traveled on foot or on horseback, and a short journey was a serious matter; there were no telephones, no electric lights, and none of the conveniences we are used to."

"It is true there were no alleged conveniences in those days," replied Jamesworthy, "and for that reason I think the old times were better than the present. I only wish the old conditions could be restored. A hundred years ago the married man had no reason to dread the poorhouse. It was practically impossible for women to be extravagant then. If they wanted to blow themselves they had to go to town, and in order to get to town they had to ride in old coaches which weren't as comfortable as a modern hayrack."

"The woman of a hundred years ago couldn't lean back in an easy chair and order a hundred dollars' worth of junk by phone. If she ordered by letter, it took the letter three weeks to get anywhere, and by the time the goods arrived they were out of date, and she had to send them back. It would be a great blessing if things were that way now."

"But the modern married woman has the softest soap ever invented, Mrs. Jamesworthy. If she happens to be too lazy to put on her brass-mounted harness and go downtown to do her shopping, she has that great modern convenience at her elbow. It isn't necessary to make herself presentable to do her shopping. She sits down with an old wrapper on, and her top-knot askew, and her mouth full of hairpins, and calls up the butcher and baker and candlestick maker, and orders everything they have in their joints, and has it charged to her husband."

"As your sway-backed professor said, a short journey was a serious business in the old days, and as a result people stayed home and attended to their knitting. If a woman journeyed nine miles in one of the old-time coaches she had a backache for three weeks, and so the idea of going away from home didn't fill her with enthusiasm. But nowadays traveling is a luxury. All a woman has to do is to hold up her husband for the fare, and then the urban railway people do the rest, and make everything so comfortable for her that she hates the idea of ever returning home. And because of this luxury, women are forever hunting up excuses for a trip somewhere. Kersmith told me the other day that his wife traveled three hundred miles and back to match a ribbon, the local stores not having the exact shade she wanted. Kersmith is just about three cubits ahead of the sheriff, and his wife knows it, but she wouldn't let a small matter like that interfere with her trip."

"In the halcyon days people used to tallow candles and were all the better for it. There was no satisfaction in reading by a candle, so men didn't blow in their substance for fool books and magazines. The candles kicked up such a smell that they were extinguished as early as possible, and so no money was wasted. Now we have the electric light, which is a great convenience. It is such a thundering convenience, Mrs. Jamesworthy, that it is greasing the road to the poorhouse for innumerable heartsick husbands. The average citizen finds it impossible to convince his wife and daughters and other female relatives that the electric juice costs money, and so his home is illuminated from basement to garret every night. Few women remember to turn off the light after having it turned on. If I drop dead of heart failure one of these days, it will be when looking over the electric light bill. In the old days—" "Oh, bother the old days, and the young days, and the middle-aged days!" cried Mrs. Jamesworthy.

That Depends. "You know, my dear fellow, we really gain by our trials in life."

"That depends on the kind of lawyer you employ."

He Started Early. Mozart began composing at an earlier age than anybody else on record. At four he was exhibited as an infant prodigy, and at five he composed concertos. When he was eleven he wrote an opera bouffe.

Co-ed at the Start. Of the three oldest universities in western Europe—Salerno, Bologna and Paris—two were open from the first to women. Those were Salerno and

JONES DRY GOODS WILL OPEN STORE AT COLORADO.

The Jones Dry Goods, with headquarters at Abilene, consummated purchase of the grocery stock of the Colorado Mercantile Company Thursday afternoon of last week and will open up a large stock of dry goods in this building within the next two or three weeks.

J. A. Holt, recently of Amarillo, is in charge of the business here. Holt, who formerly lived at Colorado, arrived in the city last week. Mr. Holt stated Wednesday that he would dispose of the grocery stock at once and when this is done the interior of the building will be remodeled for displaying dry goods.

R. P. Price, manager of the Colorado Mercantile Company, stated on Wednesday that he would continue the hardware business, maintained heretofore in connection with the grocery business.

AMERICAN RAILWAY EXPRESS IMPROVES DELIVERY SERVICE

The American Railway Express Co. has made an improvement in the service accorded Colorado by adding a wagon to the equipment for handling out-going and in-coming express shipments. The wagon made its first appearance on the streets Saturday of last week.

The company planned adding this equipment several weeks ago and shipped a wagon and harness to Colorado, which were burned in the fire destroying the Texas & Pacific freight depot. Heretofore express shipments received at the Colorado office were delivered in the business district by truck.

PATRONAGE APPRECIATED BY MANAGER MERCANTILE CO.

We appreciate very much the most liberal patronage accorded this company during 12 years we have been in business at Colorado. We have sold our grocery department and will discontinue the grocery end of our business at Colorado, but will continue to carry a large and well selected stock of shelf and heavy hardware, crockery, cooking utensils, stoves, cutlery, wagons, agricultural implements, etc., and trust to merit your confidence and share a portion of your business in these lines in the future as we have in the past. The business will continue under the same management and at the same location.

COLORADO MERCANTILE CO. R. P. Price, Manager.

67 VOTERS PETITION GREENE TO BECOME CANDIDATE.

A petition, signed by sixty-seven voters of the city, requesting J. H. Greene to become a candidate for mayor, was presented to Mr. Greene Tuesday. The petition follows: "We, the undersigned voters and taxpayers of Colorado, Texas, respectfully petition you to become a candidate for mayor in the ensuing election, promising you our votes and cordial support."

WILL OPEN NEW TOWNSITE FOUR MILES EAST IATAN.

Messrs. McNairy and Nance are surveying a new townsite on the Texas & Pacific railway about four miles east from the town of Iatan, according to information received by The Record. The promoters announce that very soon they expect to witness the building of a live town on their property and plan the opening of a bank as among the first business enterprises to be located.

The townsite is located in the Western Mitchell County oil field and the promoters are fostering the new project on prospects for extensive development expected to soon be under way in that territory.

BAPTIST MEN'S BIBLE CLASS PLEASE TAKE NOTICE.

We had a good attendance last Sunday. Come on March 13th and bring some one. We have no pastor, so it is up to us to get busy and help make things go. F. B. Whippley is to teach the lesson and the larger the class, the more inspiration he will have to do his best.

E. KEATHLEY.

SERIES REVIVAL MEETINGS TO COMMENCE IN APRIL.

A series of revival meetings will be commenced at the First Methodist church on the first Sunday in April, according to announcement made Sunday by the pastor, Rev. C. L. Browning. The pastor expects to make definite announcement as to plans for the revival within the next few days.

LOONEY FARMER DIES OF INFLUENZA LAST THURSDAY.

E. J. Duckett, farmer of near the Looney school house, died Thursday afternoon of last week following an attack of influenza. He was the father of Mrs. Wayne Usury, with whom he was making his home at the time he died.

The remains were interred in the I. O. O. F. Cemetery at Colorado on Friday afternoon. Rev. W. D. Green of Lorraine officiating. Funeral arrangements were directed by J. H. Greene & Company, local undertakers.

Where It Hit. Judge—Where did the automobile hit you? Rastus—Well, Judge, if I'd 'a' been carrying a license number it would 'a' been busted into a thousand pieces.

BISHOP M-MURRAY POSTPONES APPOINTMENT AT COLORADO.

Bishop McMurray of St. Louis, who is now on a tour in the Northwest Texas Conference M. E. Church South, did not come to Colorado on Monday, as had been previously announced. It had been the intention of the bishop to preach at the First Methodist church on Monday night.

The bishop passed through Colorado Saturday morning, enroute to Big Spring from Sweetwater, and he stated while in the city that on account of his desire to attend an important meeting at Abilene Monday he could not be here that night. He promised, however, to visit Colorado before returning to St. Louis, and to preach at the local church on Sunday.

PEARSON CANDIDATE FOR RE-ELECTION ON COUNCIL.

R. O. Pearson, among the aldermen whose time in office expires in April, stated Tuesday that he would be a candidate to succeed himself in office. Pearson is manager of Burton Lingo Lumber Company business at Colorado.

PIANO FOR SCHOOL.

Monday evening the committee to select a piano for the public school met and unanimously decided upon a Chickering grand. The representative gave a splendid offer on this piano. The committee feels that it is one of the best pianos on the market, and the school and public in general will feel that this is a move in the right direction. The pupils and teachers are doing all they can to help raise the money and we feel sure the patrons will feel it a privilege to have part in this work.

FORGET IT.

If you see a tall fellow ahead of the crowd, A leader of music, marching fearless and proud And you know of a tale who's ever telling aloud Would cause his proud head in anguish to be bowed, It's a pretty good plan to forget it.

If you know of a skeleton hidden away In a closet, and guarded and kept from the day, In the dark, whose showing, whose sudden display, Would cause grief and sorrow and lifelong dismay, It's a pretty good plan to forget it.

If you know a spot in the life of a friend (We all have spots concealed, world without end) Whose touching his heartstrings would play or rend, Till the shame of its showing, no grief could mend, It's a pretty good plan to forget it.

If you know of a thing that will darken the joy Of a man or woman, girl or boy, That will wipe out a smile or the least way annoy, A fellow, or cause any gladness to cloy, It's a pretty good idea to forget it.

The headed boy had a mighty contempt for the tow headed boy. "Huh!" he said, "your ma takes in washing."

"Of course she does," the tow-headed boy retorted, "You didn't think she would leave it out at night unless your father was in jail, did you?"

LORAINE NEWS

Local and Personal News About Loraine and Vicinity.

—By Miss Isophene Toler—

Miss Toler is also authorized to receive and receipt for all subscriptions for The Colorado Record and to transact all other business for the Whiskey Paper Printing Company in Loraine and Vicinity. See her and take your County Paper.

PRESBYTERIAN NOTES.

Rev. Bryant of the U. S. A. church of Abilene preached at the Cumberland church Sunday morning. Rev. Collins of Denton who was here in the interest of the Presbyterian Orphanage at Albany preached at the evening hour. A collection was taken for the orphanage which netted \$135.00.

Rev. Bryant will be back and will preach on the third Sunday.

PHILOMATH CLUB.

The Philomath Club met with Miss Toler on Friday afternoon at the usual hour. Only a few members absent. The lesson, on "The Operation of the Local Governments," was led by the President, Mrs. A. C. Pratt, and was very interesting. A short business session was held, at which Mrs. Allie M. Erwin was elected as an associate member. At the social hour refreshments of ice cream and cake were served.

W. M. S. SR. NOTES.

The W. M. S. Sr. met on Monday afternoon with Mrs. C. A. Hutchins. The meeting was led by the president Mrs. Jim Johnson. Lesson from the Bible on Missions, read by Mrs. Arlie Martin proved quite interesting and instructive. They will meet next Monday at the Johnmar S. Building at 3 o'clock sharp. The lesson will be the last half of the 1st Chapter of the Mission Study book.

SHOWER.

The W. M. S. assisted by other friends of R. A. Edwards and children, tendered them a shower on Friday evening at the home of Mrs. Harry Hall. Many nice and useful gifts were received and a pleasant social time had. Mr. Edwards and children moved to their new home on Saturday. Miss Nowlen of Dallas is housekeeper for them.

PATRIOTIC PARTY.

Mrs. W. A. Prendergrass entertained a number of her friends on the afternoon of the 2nd with a patriotic party. At the door the guests were received by the hostess who was dressed to represent the Goddess of Liberty, and assisted by Mrs. Herman Richards who represented Uncle Sam. After they assembled in the living room, which was prettily decorated in the National colors, they were given pencils and papers, with which they wrote the names of some patriot. Each guest represented some president. Then followed a guessing contest by all as to which ones were. After this they were given a penny each and a booklet, with questions which were to be found on the penny. This proved very interesting, and created much amusement. After this the hostess called the number of each guest and they responded with songs and readings. Mrs. M. F. Richardson was crowned queen of the day, as she excelled in all the contests. A pretty crown of red, white and blue was placed on her. A refreshing course was served. And all pronounce Mrs. Prendergrass a delightful hostess.

Judge J. J. Ford and family of Sweetwater were guests in the J. M. Templeton home Sunday.

Mrs. H. T. Williams and son of Baird spent the week end with Mrs. I. J. Pierce.

Mrs. M. E. Copeland is recovering from a severe attack of the flu.

Mr. and Mrs. J. N. Smith went to Oklahoma and brought back their daughter Ola who has typhoid fever. She was carried to the home of Mrs. Kate Howard.

Claude Stanley and Wajlon Ogle-tree who have been picking cotton here for the past five months returned to Alabama Saturday.

Rev. Bryant was a guest in the Frank and Jim Johnson homes while here, he is an old school mate of theirs. He also visited in many other homes while here.

Sunday afternoon while Jennings Clements and some other boys were playing with a Shetland pony it kicked striking Jennings below the heart. As a result he is quite sick and has been having hemorrhages. The extent of his injury is yet to be decided.

J. H. Munns has returned from Ralls where he attended Presbytery of the Cumberland church.

J. W. Fairbairn and wife in company with Mesdames Allie M. Erwin, D. J. Pierce and Miss Toler were in Sweetwater for a few hours Monday.

Fred Isom of Ranger is visiting his father.

Mrs. J. W. Smiley is able to be out again since her recent illness.

Len Henson of Beroda visited with his mother-in-law, Mrs. J. W. Smiley the earlier part of the week, and then went to Lorenzo to visit his son.

Among the ones from Roscoe who were over for Trades Day Saturday were J. E. Costephens, and wife; Mrs. Barna Haney and son William Garland, and daughter Julia; Misses Garland, Wilson, Van Kirk, DeShazo, Goodnight.

Cecil Smith of Champion was carried to Colorado last Friday to the Sanitarium and operated on for ap-

Mr. and Mrs. John Johnson are entertaining another daughter who arrived Sunday night.

Our boys and girls who are in the home talent play went down to Champion Friday night and played to a good house, which netted them \$30, to help the band boys fund.

VALLEY VIEW ITEMS.

The farmers of this community are all very busy with their work. Rev. Hudson of Foch filled his regular appointment at this place on last Sunday.

Prof. Brown was the supper guest in the Creghead home Sunday night. A number of young folks attended the party at Lone Star Saturday night and reported a good time.

Ida Turnbow was the guest of May Strain Saturday night. A large crowd attended our last monthly program, given Friday night.

Mr. R. B. Tistile of Eastland is visiting in the S. K. Turnbow home this week.

Ross Dairyberry was the supper guest of Hubert May Sunday night.

Mr. and Mrs. Delvin Myers spent Saturday night in the home of Melvin Myers of Colorado.

On account of the singing at Loraine Sunday evening, a very small crowd attended Sunday school. Let's all come out next Sunday and make it better.

John Moore was the supper guest of Mr. Strain Sunday night.

W. H. Ezell of Buford visited in the L. S. Myers home Sunday.

OUT BUFORD WAY.

Most all the sick folks are well again with the exception of Mrs. Essie Blackard, and Grandma Prentice. Mrs. Prentice is unable to lie down, but must be propped up in bed. We hope she will be well and strong again soon.

Mr. W. H. Hinkle had a horse to die this week. Bill has had luck with his stock. This makes three cows and a horse he has lost in 24 months.

Uncle "Bradley" Jones has a new boat now, and he and Bill Martin have been worrying the finny tribe down on the river. We don't know of anything else Uncle "Brad" had rather do than fish, unless it's "going fishing again."

We had 75 in Sunday school last Sunday morning and after a very interesting study hour, we had a general discussion of our trip to the Baptist Sunday school last Sunday, and as a result several new features are to be added to our Sunday school.

Our subscriptions to Farm and Ranch, excepting the Easter Egg offer, were all paid in and the money collected. So we are to have a first class Easter Egg hunt on the 4th Sunday, and we decided to visit the Christian Sunday school in April, instead of in March.

Bro. Walton, from Dunn filled his regular appointment Sunday, and he preached to a full house. Mr. and Mrs. Rhea McFarland came down with Bro. and Sister Walton. The singing Sunday night at Mr. George Webb's was interesting and several out-of-community folks were there.

We failed to mention last week that Mr. and Mrs. Curtis Rodgers and baby were all real sick for several days. They are some better now.

Mr. Jim Turner and family from Sylvester are visiting in the Reese Bedford home.

The Metners Club met Wednesday evening at 3:30 p. m. at the church. The following ladies were present: Mesdames George Webb, Sam Bedford, I. K. Galey, W. T. Martin Webb, James Bodine, Brewer Palmer, Miss Maud Key, and the teachers, Misses Elliott and Porter. The visiting ladies from town were Mrs. Merritt, Mrs. Henry Doss, Mrs. H. B. Broad-dus and Mrs. Dr. Ratliff, all of whom made very interesting talks, helpful in every way. There was a general discussion of the men folks, and the general diagnosis was that they are a "bad bunch" at best.

They all agreed however, that their husbands were "exceptions to the rule."

The Mothers Club has outlined some very important community work—things that should be done, that no other organization will see to. Every mother and young woman in the community ought to be a member. We feel like the combined efforts of the mothers of the community can accomplish anything they try. The visit of the good ladies from Colorado was very much appreciated.

Farming is under way, and many fields are ready for planting. Still a few gathering the last of the 1920 crop. Mr. Martin Miller carried off his last bale Wednesday. Sold it for 6 1/2 cents but seemed to be taking his loss cheerfully.

We surely hope the cool snap is only of short duration and that the thermometer stays about 50; or does not go below because fruit trees are blooming. We notice a good, sure enough sign of early Spring. That is, that the cockle burrs are up and unfolded. The writer has never known that weed to get killed in the Spring. But the mercurites haven't shown a sign of Spring yet, and after all, that's the real test in West Texas.

Say, we are reading of rabbit drives all over Texas, where the whole town and community take a day off and kill these pests. Why can't the Chamber of Commerce, the Booster Club, or some organization take that matter up with the leaders

Buford folks invite you out our way, and we rather think we are safe in saying a picnic dinner would be prepared and everybody meet at noon and enjoy a good dinner.

We suggest that Mr. Dulin take the name of every man who could bring a gun and stay all day; then set a day, and we'll see that the dinner is prepared. We believe Mr. Editor would enjoy a day's outing like that. We know he would enjoy the eating part of it.

The regular quarterly conference of the Dunn charge will convene at Buford on Monday morning at 10:30 a. m. Bro. Hardy, presiding elder of Sweetwater district, will preach at 11 a. m. Dinner on the ground, then business session in afternoon, immediately after dinner. Everyone is invited to come and bring lunch. Also to hear some good preaching, and especially all the Methodists in the community are urged to come out to meet Bro. Hardy. He has a surprise for us.

Bro. Leach will fill his regular appointment Saturday night, at 7:30 p. m. and 11 a. m. and 7:30 p. m. Sunday. Everyone is invited, especially town folks, to come out Sunday night and stay for service.

Bill Martin and Uncle Bradley Jones say "We shore caught 'em"—and we know they did, too, if they were down there. Bill says he still has a light case of the "fisheritus."

"Just wait till the sun shines, Nellie."—we'll go some time, won't we, Mr. Editor?

OIL DEVELOPMENT IN THE BIG SPRING TERRITORY.

While the work has been going forward steadily on the task of cleaning out McDowell well No. 1, slow progress has been made due to the lost fishing tool dropping about the time it seemed that it had been forced out of the way. The drill is now down about 2500 feet, and in order to hasten the completion of the job of cleaning out this well a double shift has been put on and the work will now be carried forward day and night.

At Roberts No. 1 they are drilling by the lost string of tools, having gone about twenty feet past the top and it is expected the lost tools will be out of the well before long. As this test is about 2500 feet and in a lime formation, it is being watched with considerable interest.

The fact that Sand Hill No. 1 is being rigged up for resumption of operations is good news to all. All necessary material to change from rotary to standard tools and all necessary casing is on the ground. 1600 feet of eight and one-fourth inch casing will be set in this well before drilling starts.

Casing has been set at 3330 feet in the Real well No. 1, and drilling is now under way. A lime formation is being encountered.

So much trouble, due to caving, has marked the work of underreaming to lower the six and five-eighths inch casing that it has been decided to set five and three-sixteenth inch casing in Neel No. 1. It will probably be ten days before this casing can be delivered.

The oil fraternity is now keeping a tab on the Enders-Cushing test of the Cushing Ranch Drilling Association on the Cushing ranch, twenty miles southeast of Big Spring.

Drilling operations were suspended when a sand saturated with oil was encountered below 1600 feet. As there is 1000 feet of salt water in the well it will be necessary to case this off before the oil sand can be drilled into to determine whether or not a commercial well can be developed at this depth. The drillers are most optimistic and believe that they are certain of a small well at the present depth.

H. H. Enders of Boston, president of the Cushing Ranch Drilling Association and Alec Rose of Boston, a stockholder, who are here to watch development, returned Wednesday from Ranger where they had been to hurry the shipment of casing needed to shut off the water. Another party of stockholders are expected to leave Boston Saturday and will be here to see this well tested.

All are keenly interested in the outcome of this test and it is hoped that the well can be brought in a real producer.

David Wolven and associates of Fort Worth have secured a tract of land in the Capps Lucas ranch in the eastern part of Howard county and expect to get things in shape to start a test well the latter part of the month.

Mr. Wolven is president of the Texas

as Laboratory at Fort Worth, is experienced in all phases of the oil game and we are indeed pleased to note his coming to our county to take part in development.—Beg Spring Herald.

IATAN ITEMS.

Miss Allie B. Horton and Ruth McNairy spent Sunday in Coahoma with friends.

Miss Grace Carter spent Sunday in the Gregson home.

Mr. Jim Anderson has moved to Iatan from Westbrook and we gladly welcome him to our city.

A crowd of Iatan people visited Mr. and Mrs. Gingerlich of Westbrook Thursday evening.

Mr. and Mrs. I. C. Stevenson and Prof. Templeton spent Saturday in Colorado.

Mr. Walter Stoneman is surveying near here.

The Foster No. 1 is closed down on account of low water in their storage reservoir.

Mr. I. C. Stevenson and Benton Templeton made a trip to Coahoma and Vinson Sunday.

Drexel Barker made a business trip to Big Spring Saturday.

Mr. Horton is our new agent who recently relieved Mr. J. C. Caldwell. The latter has a position in the Colorado station.

Mr. W. C. Catliff made a business trip to Colorado Saturday.

Miss Fay Daniel is on the sick list this week.

Mr. E. B. Gregson and Misses Emma Gregson, Grace Carter, also Mrs. E. W. Gatliff attended the semi-monthly literary program rendered by the Iatan school Friday.

Eastman Kodak—W. R. Charters.

PLENTY OF COAL NOW HERE. Best coal at attractive prices. Three carloads now here and more on the road. R. L. Spalding.

All kinds of Rubber Stamp orders taken by The Record.

Don't Worry!

Let us have the worry of wash day. We iron all the linen and return the wearing apparel nicely starched and dried just ready to iron.

Our charge for the above work is ONLY 10c PER POUND, and we believe if all costs of doing same at home are considered, we will get your next bundle.

You will not be bothered about shortages either, as the marking and checking department will be handled by thoroughly experienced and capable people.

RENEWED TESTIMONY

No one in Colorado who suffers backaches, or distressing urinary ills can afford to ignore this Colorado man's twice-told story. It is confirmed testimony that no Colorado resident can doubt.

G. W. Filler, 2001 East Avenue, Colorado, says: "Doan's Kidney Pills did me so much good that I cannot say too much in praise of them. A couple of boxes entirely cured me of kidney troubles several years ago.

Seven years later Mr. Filler said: "I don't have occasion to use Doan's any more as they gave me a permanent cure." 60c at all dealers. Foster-Milburn Co., Mrs. Buffalo, N. Y. - Ado.

SPILLER NOT CANDIDATE FOR SENATE VACANT SEAT.

James Spiller of Sweetwater will not be a candidate for senator from the 28th District, to fill the vacancy caused by the resignation of Senator Russell of Eastland, according to a statement made to The Record Saturday by Mr. Spiller. "I received numerous solicitations to enter the

campaign," Spiller stated, "but informed my friends from the beginning that in case Judge Rosser of Snyder entered the race, I would not offer my candidacy against him. The statement that I would enter the race was never authorized by me."

Last week The Record published an interview with Frank A. White of Sweetwater who was in Colorado and stated that Judge Spiller would

make the race. The Sweetwater Reporter also published an article saying that Spiller had become a candidate for the vacant seat.

"I believe that a man from the western end of the district should be elected," Judge Spiller stated, "and I have every reason to believe that Judge Rosser of Snyder, now representing this Legislative district in the House, is the proper man for the place; therefore, it shall not be my pleasure to oppose him."

ORDER OF SALE.

State of Texas, County of Mitchell, In District Court, said county. Jane Hoover vs. Mariah H. Webb, No. 3750.

Whereas, by virtue of an Order of Sale, issued out of the District Court of Mitchell County, Texas, on a judgment rendered therein on the 24th day of November, 1920, in favor of Jane Hoover, and against Mariah H. Webb, numbered 3750 on the docket of said court, I did on the 24th day of February, 1921, at 3 o'clock p. m., levy upon the following described property situated in Mitchell county, Texas, to wit: Part of lot number three (3) in block 34 of the Waddell and Martin addition to the town of Colorado, beginning on the South boundary line of said lot three (3) aforesaid at a point eighteen feet West of the South-east corner thereof, thence west along said boundary line, 95 feet and two inches to property of Jane Hoover (South-east corner thereof) thence North along the East boundary line of said Jane Hoover lot, 190 feet and four inches; thence East 95 feet and two inches to place of beginning; and on the 5th day of April, A. D. 1921, being the First Tuesday of said month, between the hours of 10 o'clock a. m. and 4 o'clock p. m. at the court house door of said county I will offer for cash all the right title and interest of the said Mariah H. Webb in and to said property.

Colorado, Texas, 24th day of February, A. D. 1921.

FARM BUREAU NEWS.

Less than a year ago there were not over 400,000 members of American Farm Bureau Federation. Today there are over a million and a half and if the membership were to march four abreast down the main street of your nearest town at the rate of 5,000 a day it would take the members just 10 months to pass the postoffice. It would take eight days for the Texas membership to pass the reviewing stand. Forty-six states of the Union have Farm Bureau organizations. Less than six months ago there were no organized Farm Bureau activities in Texas to speak of. More than 40 strong County Farm Bureaus have been organized in Texas since that time. The membership mark is expected to pass the 1,000,000 line sometime in the summer.

The National Organization has made a wonderful record in its first nine months of existence. The first big piece of work was the repeal of the "Daylight Saving Law" through petitions signed by hundreds of thousands of farmers and presented to Congress by the presidents of four of the strongest State Farm Bureau organizations.

The next great achievement was the defeat of the "Nolan Bill," providing a tax of one per cent on all state land valuation above \$10,000. A referendum on the membership showed that the Farm Bureau was unanimously opposed to this bill and congress took heed of the men back home and refused to enact it into a law. Millions of dollars were saved to the farmers of the United States by the defeat of the Nolan bill, although its proponents are attempting to bring it up again before the next session of congress.

More than \$100,000,000 annually was saved the American public by the work of Clifford Thorne who was employed by the American Farm Bureau Federation to study the freight rate increase demand by the railroads. The farmer's part of this saving was \$30.00 per man, enough to pay for membership dues for three years. The railroads were asking a six per cent rate on a valuation of \$20,000,000,000. Clifford Thorne showed that the entire railroad system of the United States could be bought for between twelve and thirteen billion dollars and that the railroads were asking for \$480,000,000 annually, more than they were entitled to. In other words they were expecting more than a million dollars a day above what they were actually entitled to on the real valuation of their properties.

The Farm Bureau maintains at Washington at all times a representative whose business it is to keep in touch with all legislation introduced so that the farmers may know whether it is for or against their interests, to enable them to get behind those things which they desire to have enacted into law, and to work for the defeat of those things which would bring harm to their business.

Gray Silver is the present legislative representative of the American Farm Bureau Federation at Washington.

The purpose of the Farm Bureau have been defined as threefold, educational, legislative and marketing. The Texas Farm Bureau is taking active steps to acquaint the general public with the needs of Texas farmers, and is spreading information regarding Farm Business throughout the length and breadth of the state. This is done through the newspapers, daily and weekly, the agricultural press, booklets, folders, circulars and through its own official organ, the Farm Bureau News.

Perhaps the most outstanding achievement of the Texas Farm Bureau in a legislative way, is the securing of the passage of the Marketing Act, permitting Texas farmers to co-operate in the same manner that the California farmers have done in the last few years. Texas farmers were quick to see that California's rural prosperity came thru cooperation rather than climate and the new Marketing Act passed by the Texas Legislature was the result.

There are three great marketing organizations that are being planned by the Texas Farm Bureau Federation this year. The Tomato Growers' Association of the State is about 75 per cent completed and will handle nearly a thousand cars of tomatoes valued at about a million dollars in its first years work. The Wool Growers' organization is planned for the handling of 2,000,000 pounds of wool at least.

The third and largest of these co-operative marketing organizations is the Texas Farm Bureau Cotton Marketing Association which plans to handle a million bales of cotton of the 1921 cotton crop. The value of this immense pool of cotton is expected to be in the neighborhood of one hundred million dollars, and the loan value alone should be in the neighborhood of fifty million dollars.

This project when completed will be the biggest single cotton factor in the whole world and should play an immense part in the great export trade of the South's greatest crop. Arrangements are being made to co-operate with similar organizations being formed in Oklahoma and Arkansas and it is expected that Georgia and South Carolina will follow in line right away.

The states mentioned have been at work on the problem and are in various stages of development of their own State cotton pools. The biggest pool of all is the one being formed by the Texas Farm Bureau Federation.

REMEMBER to ask your grocer for Calumet Baking Powder and be sure that you get it—the Indian head on the orange label. Then forget about bake day failures. For you will never have any. Calumet always produces the sweetest and most palatable foods. And now remember, you always use less than most other brands because it possesses greater leavening strength.

Now Remember—Always Use

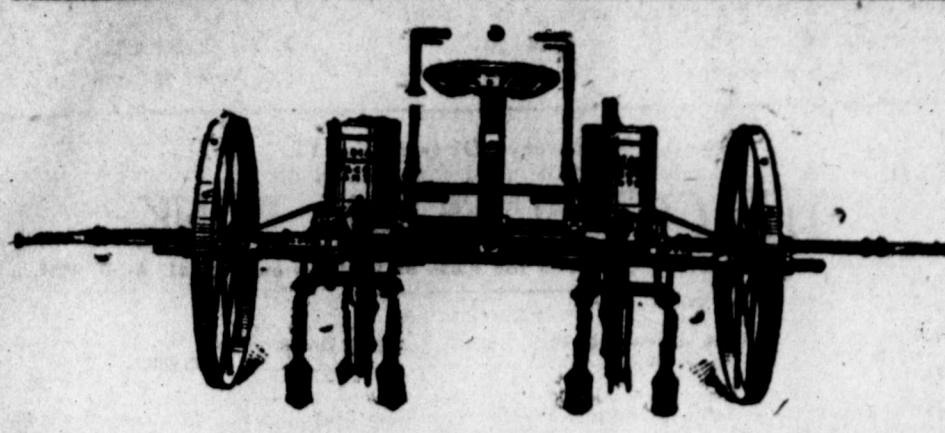

CALUMET BAKING POWDER

There is no waste. If a recipe calls for one egg—two cups of flour—half a cup of milk—that's all you use. You never have to re-bake.

Contains only such ingredients as have been officially approved by U. S. Food Authorities, is the product of the largest, most modern and sanitary Baking Powder Factories in existence.

Pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. instead of 16 oz. cans. Be sure you get a pound when you want it.

Calumet Columbia Muffin Recipe
—4 cups sifted flour, 4 level teaspoons Calumet Baking Powder, 1 tablespoon sugar, 1 teaspoon salt, 2 eggs, 2 cups of sweet milk. Then mix in the regular way.

SLATS' DIARY

Friday—I rote a nother pome & sent it 2 Jane today. It run like this—the sun is in the westrun sky. The lite of love is in yure eye. And when you look at me I sigh. If this aint trew I hope 2 die. She blushed when she had red it & studied her rith matiek. Which was a awful hard lesson. I got 60 five in mine. Al-so got kep in after skool. Saturday—Lester Aims called me a sissy & I swore I wood get even with him & ma sed I mustnt seek revenge and forgive. But I me a sissy & I swore I wood get even with him & ma sed I mustnt seek revenge & must forgive him. But I aint firgiving that burd because what's the use when I can whip him. I mite forgive Pig Stevens. Some kids says they know whom Slats is. So do I. Slats is me. Sunday—I eat a lotta mince pie & got something like a cute indigestion. The fissionology give a gang of reasons why you shouldnt ouht 2 eat mince pit but I could not reckoleck enny of them. It is very good. Monday—Jane acks very uppuy today. Women is the biggest riddle in the world. But even if we cant guess them us men dont seem 2 want 2 give them up. Tuesday—Pa tuk me 2 the store when he was going 2 buy ma a pear of shoes they was a pritty yung girl at the lace counter & pa stepped up 2 her & smiled & sed Little One can you tell me where bouts I will find ladys shoes & she give him a slurring look & sed I guess you wont find them on her elbow will you. Pa made a silent walk away. He sed for me 2 keep my mouth shut. But I hadnt sed enny thing. Wednesday—I was reading in a book that the husbands of women in Pattynonia never know there wifes till after they are married. I let pa see it & he sed in the United States neether. Thursday—Jane is like herself agin today she smiles at me & she borrowed sum chewing gum from me. I ast her did she know what a kiss is. She rolled her eyes up & sed A kiss my friend is the langwidge of love. I sed Lets us tawk a few minutes. How eva they was not enny thing doing. Pa sed they is sum girls which wares out 2 sets of manikure tools 2 1 broom.

WHY COLDS ARE DANGEROUS. It is the serious diseases that colds lead to that makes them dangerous. They prepare the system for the reception and development of the germs of influenza, pneumonia, tuberculosis, diphtheria, scarlet fever, whooping cough and measles. You are much more likely to contract these diseases when you have a cold. For that reason you should get rid of every cold as quickly as possible. Chamberlain's Cough Remedy will help you. It is widely known as a cure for bad colds.

ATTEND W. O. W. CONVENTION AS COLORADO DELEGATES. W. L. Doss and W. R. Morgan left Sunday night for Houston to attend the State Convention, Woodmen of the World, as delegates from the local camp.

MAYOR BURNS ISSUES HEALTH PROCLAMATION

Hon. F. M. Burns, mayor pro-tem of the city of Colorado, issued a proclamation Tuesday afternoon, calling upon the citizens of the city to observe "Health Week," commencing March 13th, as directed in a proclamation of Governor Neff, issued at Austin, February 24th. In the proclamation issued by the mayor, special direction is made that Colorado observe Clean-up Day, the last day of the campaign. He states that citizens will be expected to collect all rubbish and refuse about their premises, or the premises occupied by them, and place the same in a place convenient to be reached by wagons, which will be furnished by the city to haul the refuse to the city dumping grounds. The proclamation, which was made public late Tuesday afternoon, follows:

A PROCLAMATION. WHEREAS, The Honorable Pat M. Neff, Governor of the State of Texas, has issued a proclamation, at the request of the State Health Officer, proclaiming the week commencing Sunday, March 13th, 1921, as "Health Week," and, WHEREAS, March 13th is designated as Health Sunday March 14th as Sanitation Day, March 15th as Rat Eradication Day, March 16th as Pure Food Day, March 17th as Fly and Mosquito Extermination Day, March 18th as Child Welfare Day and March 19th as General Clean-up Day, in said proclamation, and, WHEREAS, I, F. M. Burns Mayor Pro-tem of the City of Colorado Texas, hereby desire to endorse said proclamation issued by the Governor of the State of Texas, observing said week of March 13th as Health Week;

Therefore I, the said Mayor Pro-tem of the said City of Colorado, Texas, do hereby proclaim that the purposes of this proclamation, in so far as possible, be observed by the citizens of the City of Colorado, especially so in the matter of Clean-up Day, and, Be it further ordered: That the citizens of Colorado, Texas are hereby requested to clean their premises of all refuse, rubbish and other accumulations, collect the same and place it at convenient locations, preferably in alleys adjoining their premises, where wagons under direction of the city authorities may call for same and haul it to the dumping grounds. Said Clean-up Day to be observed on Saturday, March 19th, as specified in the proclamation of the Governor.

In testimony whereof, I hereunto sign my name, this 1st day of March, A. D. 1921, in the City of Colorado, Texas. F. M. BURNS, Mayor Pro-tem of the City of Colorado, Texas.

NOTICE IN PROBATE. The State of Texas: To the Sheriff or any constable of Mitchell County, Greeting: You are hereby commanded to cause to be published once each week for a period of ten days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in said Mitchell county, a copy of the following notice:

The State of Texas: To all persons interested in the persons and estate of Turner May, Rita Lela May and Willer B. May, their father Lee May has filed an application in the county court of Mitchell county, on the 15th day of January, 1921, for appointment as guardian of the persons and estate of said minors, Turner May, Rita Lela May and Willer B. May, and he prays that after hearing hereof, letters testamentary be issued to him as guardian of said persons and estate, which said application will be heard by said court on the 7th day of March, 1921, at the court house of said county, in Colorado, at which time all persons interested in said minors are required to appear and answer said application, should they desire to do so.

Herein fail not, but have you before said court on the first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same. Witness my hand and official seal, at Colorado, this 25th day of February, 1921. W. S. STONEHAM, Clerk county court, Mitchell County, Texas.

CITY ELECTION. Be it hereby ordained by the City Council of the City of Colorado, Texas, that a City Election be held at the court house in the city of Colorado, Mitchell County, Texas, on the first (1st) Tuesday in April, A. D. 1921, the same being the 5th day of said month, for the purpose of electing a mayor, three aldermen, and a city secretary for said City of Colorado, Texas.

O. M. Mitchell is hereby appointed presiding officer of said election and he shall select two (2) judges and two (2) clerks to assist in holding same, and said election shall be held in the manner proscribed by law for holding other elections. Every person who has attained the age of twenty-one (21) years and who has resided within the limits of said city for six (6) months next preceding the date of said election and is a qualified voter under the law of the State of Texas, shall be entitled to vote at said election. F. M. BURNS, Mayor pro tem City of Colorado, Texas.

IMPORTANT INFORMATION

COLORADO SCHOOL PATRONS. N. T. Womack has been employed by the school board of Colorado Independent School District to take the scholastic census, and began this work on March 1st. It is the desire of the board that every child within the district within scholastic age be enumerated, as we will be able to collect apportionments for only as

many scholastics as are enrolled according to law.

If you have children within the school age and have not yet enrolled them, be sure that you see the enumerator at once and attend to this important matter. Also call the attention of your neighbors to the importance of this duty of the school patron. J. M. THOMAS, President School Board.

SAMPLE COPY OF RECORD TO FARM BUREAU MEMBERS.

In conformity to a request of the officers of the Mitchell County Farm Bureau, sample copies of The Record are being mailed this week to all the members of that organization who are not subscribers for the paper.

The Record has been designated as the official paper for the Bureau in Mitchell County, and it is the wish of the officers and directors that every member read the paper regularly in that they keep informed as to the Farm Bureau activities, not alone in Mitchell county, but in the state as well.

Resolutions commending the publishers of The Record for their policy toward the interest of the farmer and the cattlemen of this section, together with co-operation in organizing the Farm Bureau in this county, were recently passed by directors of the County Bureau, convened in session at the Chamber of Commerce.

NOTES FROM UNION.

Since "Eli" it seems has deserted us, I will try to fill in till he comes again.

Our community is at present enjoying good health, our farmers almost through breaking land, and although the prospect for the farmer is rather gloomy (reckoning present low prices and high cost of production, yet we hear no murmurs of discontent.

Our community feels very keenly the loss of Brother Dorn who has lately removed to Colorado. He has been a faithful worker in both the church and Sunday school for many years, and we hope that before long he may decide to return.

Our Sunday school was re-organized last Sunday, new teachers elected, the prospect is very encouraging both as to attendance and interest shown.

Our literary school is progressing nicely, and we understand it was one of five in the county to receive A1 grades from the state inspector.

Tom, George, and Jim Plaster with their sister, Mrs. Bennett, were called to Bell County by the death of their mother, which occurred at Temple Saturday night, March 5th.

The people of this community wish to extend thanks to our county judge J. C. Hall for the excellent work done on our road leading to town. He had it graded by the highway crew and after the rain, he had it gone over again to fill up ruts and smooth it down. Now people, if we don't volunteer some repair work to help to keep up this road we don't deserve one. Judge, we thank you!

There is a pile of lumber in the northwest corner of section 35 that we want moved.

T. H. HALBERT.

BOX SUPPER ANNOUNCED FOR CONOWAY LIBRARY.

A box supper and community entertainment will be held at the Conoway school house on Saturday night March 19th, for the purpose of raising funds with which to purchase a library for the school, according to information given The Record by Miss Omeira Terry.

Miss Terry stated that an invitation to attend and bring a box was extended everybody. Judge J. C. Hall will be present to deliver an address, she stated.

WITH THE CHURCHES

FIRST CHRISTIAN CHURCH Splendid services last Lord's day, good attendance at both morning and evening hours.

The Bible school continues to grow in numbers and interest, only one teacher absent.

Endeavor making wonderful progress in its youth. Miss Elsie McCarrroll proved to be a very efficient leader of program. She was ably assisted by our loyal officers and earnest members.

Brother Hardison, the pastor, made a report from the district convention held at Cisco last week, he being sent there as a delegate from this local Endeavor. His report was very encouraging, as he made it in way of comparing our talent with that he comes in contact with at the convention.

Church official board and Bible school workers will meet with Mr. and Mrs. T. C. Donnell Friday evening, 7:30, March 11th. No excuse accepted for absentees. Services on Sunday morning and evening. Come!

A special treat is in store for those who avail themselves of the opportunity of attending the two days Training Institute for Sunday School Workers, to be held at the church building March 15th and 16th. See program below:

First Afternoon March 15th. 3:00—Song and Prayer. 3:15—Citizens of the Future, A. O. Kuhn, Denver. 3:45—The Sunday Program, S. W. Hutton, Fort Worth. 4:15—Conference: J. S. Mill, St. Louis. 4:45—Adjournment.

Evening 7:30—Song Service. 7:50—The Teacher of Galilee, J. S. Mill. 8:20—Special music: Mr. Kuhn and Mr. Hutton. 8:30—Four Bible School Aims, A. O. Kuhn.

10 to 11 a. m., March 16. Worship Programs, Mr. Mill. The Workers' Conference, Mr. Kuhn. Thru the Week Activities, S. W. Hutton.

Second Afternoon, March 16. 3:00—Song and Prayer. 3:15—Graded Lessons, S. W. Hutton. 3:45—Bible School Records, J. S. Mill. 4:15—Conference, A. O. Kuhn. 4:45—Adjournment.

Second Evening. 7:30—Song Service. 7:50—A Program for Adults, A. O. Kuhn. 8:20—Special music. 8:30—Educational Evangelism 9:00—Adjournment.

Mr. A. O. Kuhn, Denver, Colorado, is with the United Christian Missionary Society, Department of Religious Education Rocky Mountain Regional District. He is a man of quick movement, brightness and a splendid musician.

Mr. J. S. Mill, St. Louis, is with the United Christian Missionary Society, Field Secretary in the Department of Religious Education. Mills is a native of Australia, full of life, trained for this type of work and an able speaker.

2ND QUARTERLY CONFERENCE AT COLORADO SATURDAY.

The second quarterly conference of the Colorado station, M. E. church South, will be convened at the First Methodist church Saturday evening at 8:00 o'clock. Rev. G. S. Hardy of Sweetwater, presiding elder for the Sweetwater district, will preside. Rev. Mr. Hardy will fill the pulpit at this church Sunday morning at 11:00 o'clock.

In a report published in the Christian Advocate (Dallies) last week, Rev. Hardy stated that the various charges in the Sweetwater district were doing better work so far this conference year than was the record one year ago. He made especial emphasis of the church at Colorado in this report, stating that under the pastorate of Rev. C. L. Browning the church was doing unusually good work, that approximately 100 new members had been added to the congregation already during the year, and the Sunday school attendance had doubled over that of one year ago.

In this same report, Rev. Hardy stated that the church at Loraine, under the pastorate of Rev. Sam Young, and at Westbrook, under the pastorate of Rev. Terrel, were doing excellent work.

AT THE METHODIST CHURCH. Sunday school at 9:45. Preaching at 11 a. m. and 7:45 p. m. by the presiding elder, Rev. G. S. Hardy.

The second quarterly conference will be held at the church Saturday night at 8:00. Full attendance of the official board urged.

CHURCH CONFERENCE. Next Sunday at 11 a. m. there will be held an interesting church conference at the Baptist church. Devotional exercises will be led by J. H. Greene.

Just preceding the devotional exercises, W. R. Morgan will give a full exegesis of the Sunday school lesson. At the close of the devotional the church will go into conference to plan finances and the calling of a pastor.

Special music by the choir and the leader requests all members and singers to be present.

If you want to sell your place in Colorado a little ad in the want column of the Record will sell it.

THE CHICKEN ORDINANCE.

To The Editor: The Record seems surprised that those objecting to the city ordinance regarding chickens did not make their objections before the ordinance was passed.

For one, I am frank to admit that I am more surprised at the ordinance being passed as it was, than the Record could possibly be at the objection made after it was passed. It never entered my mind that, if one were passed, that it would include the whole city.

I can see why folks living on "Silk Stocking Knob," (Dr. A. H. Weston entitled to credit for the name) would not want their chickens to run out, but, it is really an imposition on many of us to have to put them up. Hoping the ordinance will be changed to take in the section of the city which really should have it, I am, as ever, a law abiding citizen,

E. KEATHLEY.

NOTICE IN PROBATE.

No. 368. THE STATE OF TEXAS: To the Sheriff or any constable of Mitchell County—Greeting:

You are hereby commanded to cause to be published once each week for a period of ten days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in said Mitchell county, a copy of the following notice:

THE STATE OF TEXAS: To all persons interested in the welfare of Fern Jackson and Bessyjo Jackson, minors:

Mrs. Grace Jackson has filed an application in the county court of Mitchell County, on the 23rd day of February, 1921, for letters of guardianship on the persons and estate of said minors, which said application will be heard by said court on the 2nd day of May, 1921, at the Court house of said county, in Colorado, Texas, at which time all persons interested in said minors are required to appear and answer said application, should they desire to do so.

Herein fail not, but have you before said court, on the first day of the next term hereof, this writ, with your return thereon, showing how you have executed the same.

Witness my hand and official seal, at Colorado, Texas, this 23rd day of February, 1921.

W. S. STONEHAM, Clerk Co. Court, Mitchell Co., Texas.

A true copy, I certify, W. J. Chesney, Sheriff Mitchell County, Texas. By C. E. Franklin, deputy.

7 NEW MEMBERS ADMITTED INTO LOCAL LEGION POST.

Seven new members were inducted into the Oran C. Hooker Post, American Legion, at a meeting of the post

held Thursday night of last week at the Chamber of Commerce.

Plans for securing a permanent auditorium for the post were again discussed at this meeting, and it was decided that no efforts toward

building an auditorium and club house would be undertaken at the present. The post will meet again on Thursday night, April 7th.

LOONEY.

School is progressing nicely. Nearly everybody is through bedding their land and ready to go fishing.

S. C., Jr., the son of Mr. and Mrs. Harris, is very sick this week with the flu.

There was a large crowd at church Sunday night.

Mr. and Mrs. Mates were welcome guests of Mr. and Mrs. Miles Sunday night.

Frank Ennis, son of Mr. and Mrs. J. L. Ennis is up this week. He has been very sick with pneumonia, but is doing nicely now.

Lela Pierce was the guest Sunday afternoon of Orlean Cary.

Mr. and Mrs. J. M. Miles and family from Landers spent Sunday with relatives here.

Mrs. A. J. Cary is quite ill this week.

A good many of the Looney folks visited the Loraine singing class on last Sunday afternoon.

Miss Opal Jackson spent Sunday with home folks, returning to her school Monday morning.

Mr. and Mrs. J. C. Hall of Colorado were the welcome guests of the Looney Singing Class Sunday.

Mr. and Mrs. Furlow of Loraine visited Mr. and Mrs. D. F. Butler last Saturday and Sunday.

Mrs. W. K. Miles and Mrs. D. F. Butler visited Mrs. A. J. Cary Sunday.

Inez Thompson is suffering with her ear this week.

Mr. and Mrs. R. C. Pritchett were guests of her mother Saturday night in the Bauman community.

Mr. and Mrs. Fuller visited Mr. and Mrs. Roland Hall Sunday afternoon.

SMALL POX DEVELOPS AT LORAIN; FEW CASES HERE.

County Health Officer Dr. T. J. Ratliff was at Loraine Monday in connection with the small pox situation there and reports that the disease has developed in three families within the corporate limits of that town. These families were placed under quarantine and it is not expected that the disease will spread to any alarming degree. Dr. T. A. Martin, health officer at Loraine, has charge of the situation there.

The small pox situation in Colorado remains practically unchanged, Judge Hall stated Tuesday. There were approximately eight cases of the disease accounted for here on that date and he stated that each of these was under quarantine on the South Side, in the negro district.

We did not take you to raise, so don't get peevish when we insist on you paying your account. H. B. Broadus and Sons.—We sell Cotton-White Flour, the best in the world, for three dollars a sack.

DORA HAD NOT POSED NUDE.

Yet there was the picture of her so in the Academy exhibition in London, as John Gillespie, the young American painter, had drawn it. There it was for all Mayfair to see and smirk at. It meant disgrace to her, and yet the sting of shame was not so sharp as the pain of disillusionment in John. How could he have done such a thing? What hidden motive prompted him, who so often and so convincingly had told Dora of his love to stain her name irrevocably in this manner? What matter that he denied the act? She had seen the canvas in his studio as it took form and life. "Hearts Are Trumps," enacted by an all-star Metro cast, holds this dramatic situation and a score as powerful. See it at the Opera House Theater Friday night ONLY.

NOTICE OF BANKRUPT'S PETITION FOR DISCHARGE

In the District Court of the United States for the Northern District of Texas.

In the matter of Herbert Augustus Lasseter, No. 66, in Bankruptcy.

Office of Referee, Abilene, Texas, Mar. 7, 1921.

Notice is hereby given that H. A. Lasseter of the county of Mitchell, and district aforesaid, did, on the 7th day of October, 1920, file in the clerk's office of said court, at Abilene, Texas, a petition setting up that he has been heretofore duly adjudged a bankrupt under the act of Congress approved July 1, 1898; that he has duly surrendered all his property and rights of property, and has fully complied with all the requirements of said acts and of the orders of the Court touching his bankruptcy, and praying for a full discharge from all debts provable against his estate in bankruptcy, save such debts as are excepted by law from such a discharge.

On considering the above mentioned petition, it is ordered that any creditor who has proved his claim, and other parties in interest, if they desire to oppose the discharge prayed for in said petition, shall, on or

before the 14th day of April, 1921, file with the Referee for the Abilene Division, of said district, a notice in writing of their opposition to a discharge in the above entitled case. D. M. OLDHAM, JR., Referee in Bankruptcy.

OPERA HOUSE CHANGES ITS PROGRAM POLICY

We want to call your attention to the fact that we are now changing programs five times each week. We will soon make it six, but for the present we will run the same program Monday and Tuesday. The remaining days of each week we will have an entire change of program each night.

This is being done on the suggestion of some of our patrons, and frankly, we are trying to please you. We also want to remind you of the Pathe News on every Wednesday night. A reel that is not only entertaining but instructive.

We want to thank you for your past patronage and assure you that we will endeavor to deserve a continuance of the same. OPERA HOUSE THEATER, Smith & Thomas, Proprietors.
