

OF C. WILL FINANCE LAKE COLORADO SURVEY

An appropriation of \$1,400.00 was passed by directors of the Chamber of Commerce Monday night to meet the expenses of surveying the site of Lake Colorado, proposed in a project to dam Lone Wolf Creek immediately north of the city, and to survey a pipe line from the proposed lake to the city waterworks plant east of Colorado. Dr. P. C. Coleman, president of the Chamber, will negotiate these surveys and left Tuesday night for Dallas to confer with waterworks engineers.

Dr. Coleman, who is chairman of a committee appointed at a recent meeting of the Colorado Boosters Club to work out specifications of the project to dam Lone Wolf, stated Monday that the committee would probably recommend construction of a reinforced concrete dam 30 feet high to be located a few hundred yards above Second street bridge. At this point the creek bed passes between two protruding rock bluffs only 100 feet apart, making possible the construction of the dam at a minimum cost.

T. W. Stoneroad states that results of his conferences with property owners along the site of the proposed lake lead him to believe they are anxious to cooperate with the city in a spirit of equity to all concerned by selling acreage to be included in the lake property at prices not to be considered unreasonable. It is evident the committee on this work will recommend purchase of a considerable body of land adjacent to the lake in that the city may control desirable park grounds.

Officers of the Chamber of Commerce present at the meeting were optimistic over the project and unanimously pledged the moral and financial support of the Chamber in putting over the entire program of constructing the dam to supply an adequate water supply, of extending the water mains and constructing a municipal sewer system. "The Chamber of Commerce cannot possibly use its finances and influences in support of a more worthy cause in behalf of the best interests of the city," R. P. Price, a member of the board of directors, stated in commenting on the subject.

The Chamber of Commerce also pledged its full endorsement of the "Booster Band," directed by J. Lee Jones, and passed an order to continue payment of the director's salary. In offering the motion that this payment be continued, Joe H. Smoot stated that the band was an essential asset to a progressive city and entitled to every consideration.

Membership in the Bankhead National Highway Association was renewed for the ensuing year.

REPAIRS BEING MADE ON SECOND STREET THIS WEEK

Workmen are making repairs to Second Street this week which, when completed will add much to the general appearance of the downtown district. The street is being graded up from the curb on either side and the storm gutters cleaned out so that the inconvenience heretofore existing from flood waters during heavy rains will be eliminated. The topography of Second is such that water drains from it very slowly and many times during recent months the corner of Second and Walnut have become inundated following heavy rains.

FARMERS GIN COMPANY TO OPERATE ADDITIONAL PLANT

The announcement was made Friday by management of the Farmers Gin Company of this city that a deal had just been consummated for the purchase of the old Watson gin in West Colorado to be used as the site for a new and modern gin plant to be located at Colorado and be ready for operation by the opening of the next season. The property was bought from the Continental Oil Company at a consideration of \$3,500.

This is one of the oldest gins in the city and much of the machinery has been dismantled and moved away. The building too, is in very poor state of repair, hence the low price at which the Farmers Company bought the property. The gin was operated only two weeks during the past season.

T. L. Sailors, of the Farmers Gin Company management, stated Saturday that he would leave for Dallas within the next few days to buy machinery for the new plant. He stated that a modern, Munger system gin, costing approximately \$16,000 would be built at the location by his company. This will make six excellent cotton gins at Colorado.

The annual meeting of directors was held Thursday of last week and reports of the various officers were audited and approved. Officers elected for the ensuing year were as follows: President U. D. Wulfjen; Vice President, E. M. Reese; Secretary W. W. Porter. Jas. T. Johnson, James Bodine, D. P. Smith, Geo. Plaster, were elected on the board of directors. After setting aside a surplus fund sufficient to make initial payment on new gin equipment and site and to make needed repairs to the plant now owned here by the company, a dividend of 10 per cent was declared. Mr. Porter stated that the business done by the company at Colorado during the past season was most satisfactory to the stockholders.

COLORADO YOUTH AWARDED HONORABLE MENTION PRIZE

Vance Phenix of Colorado, a student of architecture in the University of Texas, has the distinction of winning an "Honorable Mention" on the piece of work he submitted recently in a national contest held by the Beaux Arts Society of New York. The problem was a semi-circle portico, resembling the one at the White House at Washington and competition was open to all universities, colleges, architectural schools and draftsmen of the United States. It was required that the drawings be original and no copy from models or photographs were permissible. This was the first time for Mr. Phenix to compete in this society and the "Honorable Mention" distinction demonstrates that he is original and to be classed as an expert architectural draftsman.

The Mitchell County Singing Convention will convene at Colorado Sunday May 8, instead of the week previous, as announced two weeks ago. This information was given to the Record Tuesday by W. L. Doss, Sr., president of the county association. Mr. Doss stated that the convention had been postponed for one week in order to not conflict with the series of revival meetings to commence Tuesday at the Methodist church.

Judge A. J. Coe Elected Mayor By Majority Of 1 Vote Over J. H. Greene

Judge A. J. Coe was elected mayor in the municipal election Tuesday by a majority of one vote over his opponent, J. H. Greene. Out of a total of 265 votes, Judge Coe received 133 and Mr. Greene 132. A total of 267 votes were polled.

Both candidates were present at the polling booth Tuesday afternoon at 7 o'clock when announcement was made of the result of the election and Mr. Greene was among the first to reach Judge Coe and offer congratulations. Addressing the assembled crowd, Judge Coe stated, "Gentlemen, you all look alike to me, those who opposed me and those supporting my candidacy," serving notice at the very outset that partisan policies will have no place in his administration and extending the invitation to every citizen of the city to work together for a greater and better Colorado.

During the campaign the Judge advocated as his platform nothing but constructive policies for the city government and the Record predicts

that the successful candidate for Mayor will give the city a progressive, business administration. Judge Coe was for several terms county judge of Mitchell county and filled the office with credit. He established an enviable distinction as a road builder and much of the hard surfaced public roads of the county today is due to the result of his labors.

In the campaign for aldermen, G. B. Slaton, R. O. Pearson and S. D. Wood were the successful candidates. Slaton received 243 votes, Pearson 191 and Wood 181, A. C. Gist the defeated candidate received 124 votes. L. A. Costin was reelected as City Secretary by practically a unanimous vote.

The election passed off quietly and an unusual feature of the voting was noticed in the interest manifested by women of the city who had qualified their suffrage. The vote polled was the largest ever polled in a municipal election at Colorado.

NEW ROAD MAINTENANCE EQUIPMENT RECEIVED

An Adams Road Maintainer, a machine recently purchased by the Commissioners Court to be used in road repair work in the county, was received at Colorado Monday and will be given a try-out within the next few days. This machine will cut from six to eighteen feet at a time and assembles the dirt or gravel and levels the roadway at the same operation. Judge Hall stated Tuesday that it was not definitely known when the new five and ten ton tractors recently ordered would be received. When these machines are received Mitchell county will have a complete unit of modern road building and maintenance machinery. The ten-ton tractor will be used to draw a large grader already owned by the county.

CONFERENCE SECRETARY AT METHODIST CHURCH SUNDAY

Rev. D. B. Doak of Abilene, Secretary of the educational campaign for the Northwest Texas Conference, M. E. Church, South, filled the Methodist pulpit at Colorado Sunday at 11 a. m. and at night. Rev. Mr. Doak was pastor of the church at Colorado for a short time a few years ago.

At the 11 o'clock service, the speaker preached on the subject of tithing from the text by Malachi, "Will a man rob God?" Sunday evening he discussed the importance of Christian education for the coming generation, pleading for those kind of colleges that will train the character of the youth, as well as train their minds.

"The lack of these kinds of colleges has much to do with the present crime wave that is sweeping America," Rev. Doak stated. If you will investigate thoroughly, you will find that most of these robbers, murderers, assassins of character, etc., that the public has to deal with are young men, from 18 to 25 years of age, and that for the most part they are educated young men, having neither college or high school training. The trouble is, that we have trained their minds, but neglected their characters, the most important of the two."

In speaking of the Methodist college to be located at Abilene Rev. Mr. Doak stated that already many large financial gifts had been received from friends of Christian education in West Texas. "And some of these are outright contributions of \$100,000 others of \$50,000, and many for less amounts," he said. He appealed for the church at Colorado to raise their quota for this college.

AMERICAN LEGION AUXILIARY MEETS SATURDAY P. M.

Mrs. J. G. Merritt stated Tuesday afternoon that an important meeting of the ladies Auxiliary, Oran C. Hooker Post, American Legion, would be convened Saturday afternoon at 4 o'clock at the Baptist church Sunday school rooms. She stated that it was important that all members of

FORMER COLORADOAN DIES IN NEW MEXICO.

John Eiland, former citizen of Colorado, died recently near Engle, New Mexico, according to information received in Colorado Monday. Mr. Eiland's home was in Roswell, but he had driven to the Shannon ranch near Engle, when attacked with acute indigestion from which he died in a very short time. Eiland was prominent in banking circles at Roswell. He had also served as an officer in Chaves county, New Mexico, and at one time was chief of police at Roswell.

Deceased was a brother of Mrs. Newt Miller of Colorado and Mrs. A. W. Thompson of Dunn, a few miles north of Colorado. The old timers in Colorado will remember Mr. Eiland as a former citizen.

BAYLOR FEMALE COLLEGE CHORAL CLUB

The Baylor College Choral Club of 33 young ladies, will give a singing concert in Colorado on Friday night, April 15th. The Baptist church has arranged to make this entertainment free and everybody is invited and urged to attend.

It has been arranged to have this entertainment at the Methodist church after the regular church services. The Methodist people will begin their service at 7:30 and close at 8:30, when the choral club will begin their program.

All are urged to attend the service at the Methodist church that night at 7:30 sharp and also stay for the Choral Club program. The public will take notice to come early and not disturb the services after the sermon begins. No one will be allowed to enter the church after the sermon begins, but will be taken care of at the Baptist church as a hold over crowd. Better come to the Methodist church at 7:30, get a good seat and stay through the whole program. There will be no charge nor collection for the choral club, as the Baptist church is defraying all the expenses to have these girls to sing.

STONEROAD MEMBER BOARD McMURRAY COLLEGE ABILENE

T. W. Stoneroad, Jr., Cashier of the City National Bank, has been named as a member of the Board of McMurray College, the new college to be built by the Northwest Texas Conference, M. E. Church South, at Abilene. The institution was named for Bishop William F. McMurray of Louisville, Ky. Abilene went over the top in raising a bonus of \$350,000 for the new college.

the Auxiliary be present.

The ladies' auxiliary was only recently organized and now has a membership of forty, Mrs. Merritt stated. The Auxiliary is working in co-operation with the post at Colorado in adding new members from among the ranks of former service men of Mitchell County and to promote the ideals for which the American Legion stand for.

WEST TEXAS CITIZENS DEMAND RECOGNITION

Delegations representing Colorado, Lubbock, Plainview, San Angelo, Abilene, Fort Worth, Roby, Austin, Snyder, Lorraine, and other towns of West Texas, attended the Young Business Mens' League Banquet at Sweetwater Wednesday night to join in the challenge that the administration at Austin change from the policy practiced during the past twenty years in refusing to allow to West Texas representation and to give an equitable consideration for the rights of the people who compose the population of this large domain.

Among those to deliver addresses deploring action of the governor in vetoing the West Texas A. & M. College bill, and supporting the demand that we be recognized in this fight for justice were W. J. Jobe, Judge R. C. Crane, R. M. Chitwood, Hon. Jas. L. Spiller of Sweetwater; M. E. Rosser of Snyder, Porter A. Whaley of Stamford, Silliman Evans of Fort Worth, W. M. Woodall of Austin and several others.

The speakers advocated inauguration of another State to be termed "West Texas" only as a last resort, expressing the belief that such a drastic program would not be necessary. R. M. Chitwood and M. E. Rosser, representatives in the legislature told of the fight in the House to finally pass the bill, each of them declaring that the veiled excuse of the Governor for vetoing the bill was bogus. Mr. Rosser stated that the Democratic convention at Fort Worth, while not demanding that a West Texas A. & M. bill be placed in the platform, did not pass on the matter, but rather left the matter open for the Legislature. "I attended that convention," Rosser stated, "and had the A. & M. plank been put to a vote, those representatives would have adopted it two to one."

Porter A. Whaley stated that the West Texas Chamber of Commerce did not include an appropriation for further fight on the West Texas A. & M. bill when the budget for 1921 was voted at Abilene recently, believing the question settled. "But," he stated "we find that we have been duped by the governor, who is not big enough to be Governor of the great State of Texas, and will have to have some more money to carry on this fight." Whaley assured the West Texas people that the fight would be renewed.

TRACY STEPHENS, 14 GOES TO REFORMATORY SCHOOL

Sheriff W. J. Chesney returned Sunday from Gatesville where he had gone to convey Tracy Stephens, 14, to the State Reformatory School. The youth, a son of Mrs. A. B. Stephens of eight miles north of Lorraine, was convicted in Judge Hall's court last week on charges of delinquency, his mother being the complaining witness.

PROGRESS BEING MADE AT VARIOUS WELLS

Vincennes well in fine condition with ten inch hole dry and clean at about 2525 with some showing of oil and gas. Manager Keck is well pleased with the prospects and is prepared to go to 4000 feet if necessary. Operators expect to get a good sand at about 2800 feet in this well.

Travellers will re-set five inch casing at about 3496 and are reported to be drilling at this time. Good showings in this well.

Read well just over the line in Howard county has set six inch casing and waiting for cement to set before drilling deeper.

Iatan well has pulled casing and are cleaning out with very good prospects of re-claiming this well. It is reported that Mr. W. L. Foster, owner of the land has taken charge of the well and put a crew to work, and that this crew is now operating the property as above.

The Coleman well was spudding at 330 according to last report and everything going good at this well; splendid outfit, efficient crew and plenty of good grub. Everybody happy up there.

Dan Lewis expects to spud in the Conaway well latter part of the week probably Saturday.

Derrick on Wulfjen lease is about completed, and it is expected that this well will be ready to spud within the next two weeks.

Oil operators are preparing to keep close watch on this well as it will open up a large acreage of undeveloped territory. Very favorable geological reports have been made on this location.

The Jones well in Borden county, about fifteen miles toward the north from Northwest corner of Mitchell is said to be 600 feet deep with oil in the hole. A pony rig has been erected over this hole and they are prepared to go down for further test. Prospects very encouraging.

REVIVAL MEETINGS TO COMMENCE TUESDAY

The series of revival meetings to be conducted at the Methodist church by Dr. Lee Starke of New York City will be commenced Tuesday night and are to continue two weeks or longer. It had been planned to start the meeting Tuesday night of this week but the evangelist could not reach Colorado for that date. The revival will be a cooperative one in which the various churches of the city will participate. Singers from the several choirs of the city will cooperate in the song services, which are to be directed by Claude Womack and E. W. Cartwright.

"Are you a Booster? If not why not?" reads sign in the window at Hurd's Bakery. "Let's dam Lone Wolf," the sign further suggests.

DR. HENTHORN COMING TO COLORADO, REPORTED

Dr. W. H. Henthorn, D. D. S., of Sherman, will come to Colorado soon and establish a dental office here, according to information received Saturday. A representative of the Record was in Sweetwater Saturday af-

ternoon and learned of Hubert Toler brother-in-law of Dr. Henthorn, that the dentist had definitely decided to move back to Colorado and engage in the practice of his profession. Toler stated that Mrs. Henthorne, who had been seriously ill since her return from New York city, was convalescent and that the family planned moving to Colorado as soon as she was entirely recovered.

Dr. Henthorne maintained a dental office at Loraine for some time and was mayor of that municipality for several terms. He then came to Colorado, where he had a fine practice, but moved to Sherman on account of his daughter being in school at that place. They all come back to good old Mitchell county.

DEVELOPING CHARACTER

As I look into familiar and unfamiliar faces that I meet from day to day, I see the development of character. Marks or signs are imprinted upon their countenances, more or less that expose the real character. Every matured man or woman has developed some kind of character; whether it be good or bad.

Environment and hereditary are two great essentials in human life. You are influenced by your associates and friends; although you may not be aware of it. When a person with a kind, sweet disposition, comes in contact with, or merely in the presence of an evil person, there is an unexplainable, or greater still, an undesirable influence that comes over that person unconsciously. The things that you come in contact with, the things that you are taught, and the things that you really do from day to day, and develop into a character.

Don't follow the line of least resistance, get out of every thing you can, and do only what you are compelled to do. The person who has the grit to tackle small tasks that other people scoff at, will soon rise to greater things. If you study a hard problem and stay with it until you have thoroughly mastered it, the next time it will be easier for you to study out a harder one still. We learn to do by doing. You cannot dream yourself into a chance; you have to make one.

The way of the world today is not who you are; but it is what you are. It makes no difference who your ancestors were. They lived in their time; now you are living in yours. People of today do not wish to know who your ancestors were, or what they did. It is the impression that

you make upon them, or what you can do, is what carries you through. "See that no day passes in which you do not make yourself a somewhat better creature; and in order to do that, first find out what you are now." Don't be a nuisance to the world by throwing away your time bothering other people who are diligently striving to reach their goal; and whose time is very valuable and precious to them.

The thing that is hated most and disapproved of by men of the right attitude, is egotism. It causes a person to have a most detestable and degrading atmosphere. People will soon find out what you can do without your always telling them of it. If you are to teach people, get beneath them. You will never succeed in teaching them if you stay above them. "Every man has at times in his mind the ideal of what he should be, but is not. This ideal may be high and complete, or it may be quite low and insufficient, yet in all men that really seek to improve, it is better than the actual character. Man never falls so low that he can see nothing higher than himself."

An ideal is something we hope to obtain; but is unattainable. It may be of a higher nature; or it may be of a lower nature. A person may have an ideal to accomplish something good; or vice versa, a person may have an ideal to accomplish something wrong. We strive daily to reach our ideals. But we can never reach them; for when we do, they cease to become ideals.

"Give the word best, and it will give it's best to you." Try daily to accomplish something worth while. Have the stirring feeling within you of being somebody with the ability to do something. "How long, oh how long will it take us to learn that there are only two things in this life that really count—one is character, and the other is human sympathy?" Knowing how to mix and mingle with people, to sympathize with them, and to help them when they need help, is a wonderful art of accomplishment that is worth striving for.

God makes us free moral agents and we can choose between right and wrong. He gave us a wonderful world to live in. We have so many things to be thankful for that overbalances our troubles. When the birds begin to sing, green grass begins to grow, the flowers and trees begin to bloom, the whole earth has a seemliness of being alive everywhere—there creeps into the heart of a human being a stirring feeling of merely living.

Have a yearning desire to do something that will elevate you and help somebody else. Do not strive to accomplish a petty selfish desire. But instead, do something that will not disappoint those who are helping you. Respect your parents who are depending upon you and looking forward for you to take your place in the world. The height of your mother's ambition lies in you—do not disappoint her. If you do not have the "stickability" to apply yourself, do it anyway for her sake. She has confidence in you, don't break it.

The thing that will deteriorate character building more than anything else, is self-consciousness, or more commonly known as a sentimental person. About thirty minutes spent in your room each day privately reflecting over your own life, is time well spent. Search your own soul and try to see yourself as the eyes of the world see you. If you will think, think deeply, that is worth more to you than anything money can buy.

Are you wasting the opportunity that your parents have thoughtfully and willingly prepared for you? Are you heedlessly having a good time at the present and letting the future take care of itself? Do you glorify in yourself? Are you satisfied with your life? Remember, the man who is satisfied with his life will never do anything else, because he is satisfied. There is a place in the world for every one to fill. Are you going to stand by and let your place go vacant because it requires a little bit of grit and work from you to prepare yourself to fulfill it? The person who applies himself, and grasps every opportunity that comes his way, and works diligently to obtain higher ideals, is the salt of the earth.

There are tremendous forces of the earth pulling us downward. Some of us undergo some great temptations. When you are tempted to do a certain thing and you know it is wrong, have the willpower and courage to refuse. You have habits that you can see the destroying results upon yourself. You absolutely know that they are degrading to your human physique. You see these things growing worse daily, but still you haven't the pluck to say, "I will quit," and then stay with it. Don't be a weakling. There is still a chance for you Right Now. Have the determination and grit to say you will break the habit and stay with your word. Look the whole world square in the face and show that you are a man who has self control. If you turn down a great temptation, it'll be easier for you to do so next time. You will feel better and nearer to the right by doing so. Each time refuse to yield, will make you resolve to be more firm and determined to rise above the influence of degrading forces. Be frank with yourself—see where you stand. Buckle down and start today among the buzz and hum of the busy world with a fixed and set determination to win—and you will.

A GOOD FRIEND.

To have a good friend is one of the highest delights of life; to be a good friend is one of the noblest and most difficult undertakings. Friendship depends not upon fancy, imagination or sentiment, but upon character. There is no man so poor that he is not rich if he has a friend; there is no man so rich that he is not poor without a friend. But friendship is a word made to cover many kindly, impermanent relationships. Real friendship is abiding. Like charity, it suffereth long and is kind. Like love, it vaunteth not itself, but pursues the even tenor of its way, unafraid by ill report, loyal in adversity, the solvent of infelicity, the shining jewel of happy days. Friendship has not the iridescent joys of love, though it is closer than is often known to the highest, truest love. Its heights are ever serene; its valleys know few clouds. To aspire to friendship is a gift, but it is also an acquirement. It is like the rope with which climbers in the high mountains bind themselves for safety, and only a coward cuts the rope when a comrade is in danger. From Cicero to Emerson, and long before Cicero, and forever after Emerson, the praises of friendship is worthy high endeavor, for faith, truth, courage and loyalty bring one close to the kingdom of heaven.—Atmos.

Of course we are going to dam Lone Wolf. There are so few citizens in Colorado who would object to voting an additional tax of 15 cents in exchange for such an asset to the city as "Lake Colorado" will be, that their opposition to the proposed bond issue will be of insignificant consequence.

HESPERIAN CLUB GATHERING CLOTHES ARMENIAN RELIEF

The drive started in Colorado last week by the Hesperian Club for old clothes, shoes, coverings, etc., to be collected and forwarded to American headquarters for Armenian relief is meeting with some degree of success, Mesdames J. G. Merritt and A. L. Whipkey stated Tuesday. Boxes and other receptacles have been placed at several of the downtown stores for collection of these articles and the call being as meritorious as it is should receive the cooperation of every citizen of the city and surrounding country.

There are hundreds of thousands of women and children in Armenia, suffering untold discomfort as a result of the dastardly depredations of the unspeakable Turk upon the peaceful citizenship of Armenia. The appeal for clothing to wear, coverings to keep out the cold so that those little ones may sleep and food that they may not perish from hunger will go home to every red blooded American who stops long enough to reflect long upon the picture stories from Armenia paint.

These ladies of Colorado hope to ship a full car load of these supplies direct to New York for transportation by steamer to Armenia. There is probably not a home in the city but that some old or discarded garment is not to be found. Gather them up and the next time your delivery man calls he will take pleasure in bringing the bundle to the store he represents and deposit it in the receptacle. This is the call of humanity, in the name of humanity.

OVER the COFFEE CUP

BROADDUS & SON

"Eavesdroppers never hear good of themselves."

This old saying didn't work in my case, the other day.

I overheard two women talking here in the store. And what I heard is worth passing on.

One said to the other, "My husband says that was the best coffee he ever drank, at your house last Sunday. What kind was it?"

"This new Gold Plume Coffee. We like it awful well, too."

"Well, how in the world do you make it?"

"That was just plain, old fashioned boiled coffee—made in an old fashioned coffee pot."

"I put in a heaping teaspoon of this Gold Plume to every coffee cup of boiling water, then add one cup of water extra for the pot."

"Let it boil up once, then let it steam for five or six minutes. I always stuff clean paper in the spout to keep the flavor in."

"I certainly am going to try it." And she bought a can right then. And I know from experience I've made another regular customer for my coffee.

CURTAIL COTTON ACREAGE IS PLEA OF FARM AGENT

"Undoubtedly we farmers have heard, and with considerable credence too, the cry for cotton acreage reduction that is coming up from every thinking person in the Southland, but we must fully understand that drastic curtailment of our cotton acreage and diversification are the only hope to put cotton farming on a remunerative basis again," W. A. Dulin, County Farm Agent, declared Tuesday in a plea for cotton acreage reduction in Mitchell County. "It is up to the farmer to raise only a half crop of cotton this year and to raise more food and feed crops in the supreme effort to get better prices for this year's crop, and to put cotton growing on a paying basis for all time to come."

"I believe that the farmer is going to take advantage of the situation because the man who tills the soil is learning to act in unison with his brother farmers and to utilize the best business methods in his farming. The farmer is not morally obligated to produce, produce forever unless those for whom he produces will pay him a reasonable price for his products. If the cotton marketing system keeps him in poverty, he is going to get better system; if a full crop of cotton this year means further overloading of the market and demoralization of prices, he is going to cut the cotton production in an effort to safely enliven the demand and try to raise the things that will enable him to live at home."

In pushing his campaign for a cotton reduction in this county, Dulin has by no means diminished his endeavors to have the cotton farmers use pure bred seed for planting. He is combining the two, and while pleading for the reduction in acreage, is also pleading for improvement of the staple varieties of cotton usually grown in this section. Through his influence more than two thousand bushels of pure bred cotton seed have been shipped to Colorado and Loraine recently for distribution to the farmers.

CITATION BY PUBLICATION.

The State of Texas: To the Sheriff or any Constable of Mitchell County—Greeting:

You are hereby commanded to summon Mrs. C. E. Graves, and Mrs. J. R. Graves by making publication of this citation once each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in any newspaper published in the 32nd Judicial District; to appear at the next regular term of the District Court of Mitchell County, Texas, to be held at the court house thereof in Colorado, Texas, on the 3rd Monday in April, A. D. 1921, the same being the 25th day of April, A. D. 1921, then and there to answer a petition filed in said court on the 21st day of February, A. D. 1921, in a suit numbered on the docket of said court No. 3809 wherein the state of Texas is plaintiff, and Mrs. C. E. Graves, Mrs. J. R. Graves, the unknown Owners, and all persons owning or having or claiming any interest in the land or lots hereinafter described be the defendants; the nature of plaintiff's demand being as follows:

An action by plaintiff praying for judgment against the defendants for the sum of one hundred and nine and 83-100 dollars, on account of State and County taxes, interest, penalty and costs, to-wit: for the taxes, including school taxes, with penalty and interest, assessed and due on each tract or lot of lands hereinafter described for the following years, to-wit: 1895, 1906, 1909, 1910, 1912, 1913, 1915, 1917, 1918 and 1919; that said taxes with interest, penalty and costs, are a lien upon each tract or lot of the following described land, situated in Mitchell County, Texas, to-wit:

Fifty feet off the south part of lots 12, 13, 14 and 15 in block No. 41, City of Colorado, Texas, described by metes and bounds as follows: Beginning at a point 50 feet north of the S. W. corner of lot 15, said point being in the west line of said lot 15 and on line of Oak St., thence on a line parallel with the south boundary lines of said lots 12, 13, 14 and 15 east 100 feet to a point in the east boundary line of lot 12; thence south 50 feet to S. E. corner of said lot 12; thence west 100 feet to S. W. corner of lot 15; thence north to place of beginning.

And Plaintiff further prays for the foreclosure of its said lien or an order of sale, a writ of possession, costs of suit and for general and special relief, all of which will more fully appear from Plaintiff's Original Petition now on file in this office. Herein fail not, but have you before said court, on the first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same. Witness my hand and official seal at my office in Colorado, Texas. This the eighth day of March, A. D. 1921.

FARM BUREAU NEWS.

THE BLIGHTING CURSE OF THE SUNNY SOUTH.

"The blighting curse of the Sunny South is given an awful wallop by Editor Richard Harry McCarty of the Albany News. Editor McCarty is uncontrollable and irresistible. He is a free lance writer, to the manner born and speaks his convictions regardless. This unpolished classic is from the McCarty pen:

"Ever since we can remember, and that has been a duration of about 40 years, just at cotton picking time, with very few exceptions, the price of cotton has always taken a tumble, and just at cotton planting time, almost invariably the price goes up. We were raised in a cotton patch in Texas, worked about nine months out of twelve, planting, cultivating and picking, denied the advantages of an education, did not know what the luxuries of life were, lived in a shotgun shack, dined on black coffee, corn pone, bacon and buttermilk whey, and grew to manhood a durned ignoramus. Yes, the last crop of cotton that we raised, and we were twenty-three years old then, we hauled to town and sold it for twenty dollars per bale, four cents per pound, stayed in the wagon yard and slept on hay. Of all the curses ever saddled on a people we place king cotton at the head of the list. It has made more paupers, filled more jails, poor houses and asylums, sent more scuthern girls to houses of prostitution, cursed more homes, sent more of our southern boys to city slums and down to hell than all other agencies combined. It has broken more southern merchants and bankers, and prostituted more state governments and given us more damn fool laws—socialism, discontent and poverty. Folks, look out over the Southland, the richest spot on earth, it has more coal and iron and oil than England, France Germany and Belgium combined, and this fertile spot has raised enough cotton in the past fifty years to build a castle on every farm, red barns and colleges and checker the Southland with concrete highways, had the South got its proportionate share of the profits. But in the name of humanity, what have we in return for the creation of this vast wealth? A vast tenant system old ramshackle huts, poverty and in the cotton fields today, and see the millions of women and children gathering this staple that has enriched the world, out of school, denied the luxuries of life, yes, common slaves for a moneyed class. Oh, yes, king cotton has made England the financial mistress of the world, twenty million operatives work in her cotton mills, it has built castles, bought jewels for the dainty fingers of society butterflies, constructed ship lines, made more millionaires and created the greatest commerce on earth. Oh, yes the cotton gamblers and speculators and mill owners live in castles in Scotland, and on the Rhine and along the New England coast, and live like kings, and the Southern farmers live in shacks and die in poverty. And now here it is cotton picking time, and in the last few days the cotton gamblers have pulled the wizes and robbed the Southern people of over a billion dollars. How long, oh, Southern man, are you going to stand it? It ain't legislation for statutory laws that we need, but it is organization and common sense."

A string of cotton mills in Texas financed by the growers themselves, with possibly a little outside assistance, will cure all these conditions, will enrich the State, the growers and leave the profits where they belong—with the grower of the raw material. By all means, let us have more textile mills in Texas.

For a Severe Cold

"Chamberlain's Cough Remedy cured my daughter Anna of a severe cold and cough a few years ago and ever since then I have never missed an opportunity to recommend this medicine to anyone suffering from throat or lung troubles. I cannot speak too highly in praise of it," writes Mrs. D. J. Shelley, Earlsville, N. Y. Chamberlain's Cough Remedy contains no narcotic and may be given to children with perfect confidence. It is a pleasant syrup so they do not object to taking it.

MUSCOGEE WOMAN TELLS OF CHANGE

Mrs. Lowe Gains Twenty-Five Pounds by Taking Tanlac Health Perfect Now

"I have gained twenty-five pounds by taking Tanlac and I just can't tell how happy I am to get my health back," declared Mrs. Mary E. Lowe, 440 N. Cherokee St., Muskogee, Okla.

"Three years ago while we were living in Rosedale, Kansas, I broke down completely and had to give up my position. My nerves just seemed to collapse, and I became so weak and run down I could hardly get around. My liver became sluggish and I lost my appetite and didn't seem to want to eat a thing. My stomach was badly disordered and at times I felt almost deathly sick. I slept but little and fell off in weight and went from bad to worse until I was alarmed over my condition."

"But Tanlac proved to be just the thing I had been needing, and I certainly am glad I took my friends' advice and tried it. Five bottles have restored my health just perfectly. I have been built up wonderfully and feel so well and strong I never will be able to praise Tanlac enough. It is the best medicine in the world and I am all the time recommending it to some of my friends."

Tanlac is sold in Colorado by Charters & Sadler.

WHAT you lose thru baking failure must be added to baking costs—it has to be paid for.

Calumet Baking Powder will save you all of that. Because when you use it—there are no failures—no losses. Every baking is sweet and palatable—and stays moist, tender and delicious to the last tasty bite.

That's a big saving—but that isn't all. You save when you buy Calumet and you save when you use it.

Pure in the can - Pure in the baking

It is reasonable in cost and possesses more than the ordinary leavening strength. You pay less and use less. You get the most in purity, dependability and wholesomeness.

In every way — it is the best way to keep down baking costs. That's what has made it the world's biggest selling baking powder — has kept it the favorite of millions of housewives for more than thirty years.

Pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. instead of 16 oz. cans. Be sure you get a pound when you want it.

Calumet Sunshine Cake Recipe

1/2 cup of butter, 1 1/2 cups granulated sugar, 2 1/2 cups flour, 1 cup water, 2 level teaspoons Calumet Baking Powder, 1 teaspoon lemon, yolks of 9 eggs. Then mix in the regular way.

Just when we think we can make ends meet some one comes along and moves the ends.

Most everybody in Colorado is a booster, and all boosters desire to soon see a large lake of water impounded above a dam across Lone Wolf.

Now that the election is over, let's all go to work and build "Lake Colorado," so that contractors may get to work constructing the ice and cold storage plant, rebuilding the salt plants, laying the sewer and extending the water mains and otherwise clear the track for the big sycopstakes when Colorado starts on the home stretch toward developing into a real city.

The Booster Club and the Chamber of Commerce will put over the project to dam Lone Wolf or expend our financial and moral resources," is in substance, the information contained in statements given out Tuesday morning by officers of the two organizations. That simply means that "Lake Colorado," will soon be realized and this city will have put behind her the principal stumbling block that is now retarding progress along the several industrial lines.

For the purpose of securing a closer relation between the livestock and business interests of West Texas and the people of Mexico, the West Texas Chamber of Commerce is making plans for a special trip into Mexico within a short time. The date has not been announced but numerous reservations have already been received.

The great ranch lands of northern Mexico are being cut up. The people of Mexico are in a position to finance through their banking institutions the importation of cattle to a considerable extent and there is a great opportunity for the stock man of West Texas to establish connections with these people.

For the past eight years the great herds of native cattle have been driven off or killed and the horses have been taken over by the various factions. The people of Mexico have come to see the futility of such revolutions and are now working toward the rehabilitation of their lands. Business in this country is not done in the rapid and cold blooded manner that we of the United States pursue.

In order to build up a lasting business with them it is necessary to cultivate their friendship and then to ship them what they want. The trade trip being planned will cover a great territory of the range section of northern Mexico and while in Mexico City investigations will be made as to the financial ability of the country.

For the cattlemen of West Texas this offers a market almost unlimited, for the grain producer, especially sorghums, there is the possibility of developing a large export business and for the manufacturers a market where the demand is great providing he will manufacture the style of goods desired.

Citation on Application for Letters of Guardianship—No. 369

The State of Texas: To the Sheriff or any Constable of Mitchell County, Greeting:

You are hereby commanded to cause to be published once each week for a period of ten days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in said Mitchell county, a copy of the following notice:

The State of Texas: To all persons interested in the welfare of Ross Alexander and Lillie Alexander, minors, J. H. Alexander, their father, has filed in the county court of Mitchell county, an application for letters of guardianship upon the persons and estate of said minors, alleging that said minors are entitled to an estate in Upshur County, Texas, of the probable value of \$500.00 and that their mother is dead and that said minors have no guardian of their persons and estate, which application will be heard at the next term of said court, commencing on the first Monday in May A. D. 1921, the same being the 2nd day of May A. D. 1921 at the court house thereof, in Colorado, at which time all persons interested in the welfare of said minors, may appear and contest said application, if they see proper to do so.

Herein fail not, but have you before said court, on the said first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same. Given under my hand and the seal of said court, at office in Colorado, Texas, this 6th day of April, A. D. 1921. W. S. STONEHAM Clerk. County Court, Mitchell Co. Tex.

Sunday School Class Organized.
On Tuesday evening the Young Men's Bible Class of the Baptist Sunday School met at the home of the teacher, W. R. Morgan, to perfect an organization. Much interest was manifested and a large number was present. The following officers were elected: Lee Jones, President; J. A. Sadler, First Vice President, whose duty is membership. Ed Majors, Second Vice President, whose work is greater interest and entertainment. Paul Terrell, Third Vice President. The spirit of devotion is to be developed under his leadership. Mel Beck was made Secretary and Kirk Ratliff Treasurer, and Judge J. C. Hall, reporter. Mrs. Morgan, Mrs. Sadler and Mrs. Majors furnished a cafeteria supper of sandwiches, pie, cake, coffee with whipped cream.

Evening, Show Thyself a Man. Junior League at 3:00; Senior League at 7:00. General prayer meeting Monday night at the church. Dr. Starke, the evangelist, is to be with us Tuesday night and hold the services. All the singers from the different churches are cordially invited to assist in the music. All instruments are welcomed in the choir. All pastors and churches in the city are asked to cooperate in the meeting and help win men to Christ. Nothing would be of so great a blessing to Colorado as a genuine revival of religion. Can we not make this the supreme thing for the next few weeks?
—Reporter.

Presbyterian
Last Sunday was the beginning of the New Year for the Presbyterian church. The report was read by the pastor and was very encouraging. Nearly \$9,000 had been contributed for the various causes fostered by the church. Mrs. Jerold Riordans Sunday school class was awarded the banner again. Little Billie McMurry and Little Lucile Duff had memorized the memory verses for the entire quarter.

Baptist
Rev. Darden of Floydada filled the pulpit at the Baptist church at both hours and brought helpful messages to the large audiences. One member was received by letter. There were 186 present at Sunday school. Several of the classes reported personal work done during the week.

OUT BUFORD WAY
Yes, we are all busy now. Most of the farmers have their land ready for

the seed. Some have planted feed and corn, and one or two some cotton. But it seems the ground is too cold yet. We must "await the time with patience." Plant each kind of seed in its own good time, and God in his own wise way will do the rest.

The Mothers Club met with the president, Mrs. Palmer. After a round table discussion of the plans for the future of the club, they decided to have a play some time in May, to charge an admission, thereby creating a working fund for the treasury.

Last Friday evening Mr. James Bodine, teacher of the class of forty young people, had a class meeting at his home. The young folks always enjoy a gathering at Mr. and Mrs. Bodines because one can not but feel at home there. The Supt. of the Sunday school and his family were invited guests of the class, and at the home. So we write from experience, and know that meeting was instructive, helpful and entertaining. We had a written contest: questions from Genesis to Revelations, and it was really amusing to waten the class taking so much interest in a contest like that. The prize was a large platter of delicious fudge, and was enjoyed by all. Most all of the 30 folks present made a grade of 100 per cent and had the answers correct.

The host and hostess, assisted by Miss Alma and Mrs. Terry, served refreshments. The boys drew their partners, and the difficult part about the refreshments were we had to eat cream and cake with our left hand, not using the right hand at all. Cecil Hagler missed his mouth a number of times, but succeeded in storing away a large portion of angel food and caramel cake. Young and old alike played "Feathers and took a trip from "Jerusalem to Jerico."

The local order of the Farm Bureau met Saturday night. Many interesting things were discussed and plans under way for something worth while.

There was a party Saturday night at Mr. Cosper's. As usual they were all there.
Sunday school is growing in num-

bers and interest every week. We started our new envelope service Sunday morning.

Everybody that has the interest of Mitchell county at heart, are expected to meet at Grandpa McGuire's next Friday (today) at nine o'clock for a sure enough rabbit drive. We want at least 150 shot guns and 300 men and boys. We are going to have dinner on the ground and there will be something to eat for every one that will come. So be there, bring plenty of cartridges and have a real day of sport besides ridding the country of these pests. We will expect the merchants, doctors, bankers and lawyers, and all others that will, to come out from town.

Another drive about five miles north of town either on the Hunter or Key farm will be announced later. Probably on Monday the 11th. Watch for the time.

Some public spirited merchant in the city ought to sell the shot-gun shells to the leaders of the drives at cost prices, because its to the merchants and bankers interest that these rabbits are killed.

MITCHELL CO. FARMERS ENCOURAGE MELON PLANTING
During the past week several of the best farmers of Mitchell county, have suggested to the Record that one of the practical methods to be employed in making the farming industry more profitable would be to plant a considerable acreage to melons, and the Record hopes to see this done. The county farm agent states that investigation has demonstrated to him that Mitchell county will produce just as good commercial melons as Parker county can produce. He further states that if a considerable acreage would be planted to melons, it would be reasonable to expect having the crop sold even before maturing. But there is no time to waste as melons should be planted at once. Let us have the announcement from all the farmers, especially those near town, that they will put in from 10 to 20 acres in cantaloupes and watermelons and do it now.

CITATION BY PUBLICATION
To the Sheriff or any Constable of Mitchell County, Texas:
You are hereby commanded to summon Mattie Lee Looney by making publication of this citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county. If there be a newspaper published therein, but if not, then in any newspaper published in the 32nd Judicial District, but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said 32nd Judicial District, to appear at the next regular term of the District Court of Mitchell County, to be held at the Court House thereof, in Colorado, Texas, on the 10th Monday in April, A. D. 1921, the same being the 25th day of April A. D. 1921, then and there to contest a petition filed in said Court on the 23rd day of March, A. D. 1921, in a suit numbered on the docket of said Court No. 3825, wherein F. E. Looney is Plaintiff and Mattie Lee Looney is Defendant and said petition alleging: For cause of action Plaintiff represents to the Court that he is and has been for a period of twelve months prior to exhibiting the Petition herein an actual bona fide inhabitant of the State of Texas, and has resided in the County of Mitchell for at least six months next preceding the filing of this suit; that on or about September 1, 1908, in Fairfield, Texas, Plaintiff was lawfully married to Defendant, a single woman, and that they continued to live together as husband and wife until on or about February 1, 1918, when by reason of the cruel and harsh treatment and improper conduct of Defendant toward Plaintiff, he was forced and compelled to permanently abandon her, since which time they have not lived together as husband and wife. Plaintiff alleges that during the time he and Defendant lived together, as aforesaid, he was kind and affectionate to her and always provided for her support and maintenance, but Defendant unmindful of the duties and obligations of her marital vows and about two years prior to the time of their said separation, began a course of unkind, harsh, cruel and tyrannical treatment toward Plaintiff, which continued until Plaintiff was forced and compelled to abandon Defendant as aforesaid, that during said time and prior to said separation Defendant would use harsh and unbecoming language toward Plaintiff, and without provocation would fly into fits and anger and abuse him, stating that she had no love for him, hated him, wished that he would die, that this conduct continued until the Defendant threatened to kill Plaintiff, would have nothing to do with him, refused to care for the household or cook his meals, that this harsh and cruel treatment continued until Plaintiff was forced to leave the Defendant as aforesaid.
Wherefore, Plaintiff prays the Court that Defendant be cited by publication to appear and answer herein and for judgment dissolving said marriage relations, for costs of suit and for such other and further relief, special and general, in law and in equity, that he may be justly entitled to.
Herein fail not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

STEP ON THE GAS

A few hills ahead mean nothing to the progressive business man.

He is used to driving his car and knows that a shift of gears and a little more gas will put the high spots behind him in jig time.

Beyond the problems of the present is the smooth level road of the future.

The outlook for business holds no fear for the men who step on the gas and go to it.

The real good times—the good times based on normal values, smaller profits and quicker turn-overs, the good times of peace and plenty are right before us.

Step on the gas—Advertise! Use the newspapers to do this best.

BEAUTY.

The sense of beauty is, in a greater or less degree, common to us all. Why, therefore, should a needleworker not develop her own ideas rather than those of other workers? It is generally agreed that no two people have the same ideas; it is surely, then, of considerable importance that each one should at least make some attempt to express

Independent school districts of Texas are now free to levy whatsoever tax its property tax payers may elect. This was made possible through adoption of an amendment to the Constitution, popularly known as the "School Amendment." This amendment removes the barrier of a 50-cent limit on the \$100 valuation of property for school purposes. The desirability of this amendment cannot be questioned. It gives to the school patrons of the rural districts the authority to use their own money in placing within the reach of their children the school facilities to which every child of Texas should be entitled. When the people of Texas appreciate the many advantages of good schools, desire to provide them at home for their own children, and at the same time pay the bill themselves, the legislature is only acting within the bounds of equity in allowing them this privilege. Practically every rural school district in Mitchell County has suffered because of an insufficiency in available finances, and by the way, had it not been for appropriations coming to some of them through the State Department of Education, the institutions would have gone into bankruptcy and of necessity closed their doors, giving to the children they are to serve the initiative of either remaining out of school or patronizing some other school more fortunately situated. The Texas legislature cannot do too much in behalf of common school education in this State.

Life, however short, is made still shorter by waste of time. When you waste time you waste energy, vitality and character. It means will never come back. Time itself never works it eats and undermines, and rots, and rusts, and destroys. But time never works. It gives an opportunity to work.

Arnold's heart was beating (90 per) when Mr. Irwin entered the room.

Mr. Irwin, "and you want to talk with me Mr. Gibson?"

Arnold, "Yes-s-sr, I came to ask your consent to marry your daughter!"

Mr. Irwin, "Well, Mr. Gibson, do you think your financial circumstances will permit you to support a family?"

Arnold, looking somewhat discouraged, kindly replied, "how many are in the family, sir?"

orado, Texas, on the fourth Monday in April, A. D. 1921, the same being the 25th day of April, A. D. 1921, then and there to answer a petition filed in said court on the 21st day of March, A. D. 1921 in a suit numbered on the docket of said court No. 2811, wherein Pedro Flores is Plaintiff and Felix Hinojos Flores is Defendant, and said petition alleging plaintiff and defendant were legally married in Mitchell County, Texas, on January 1st, 1921, defendant then being a single woman by the name of Felix Hinojos; that they lived together as husband and wife until February 11, 1921, when by reason of the cruel and harsh treatment of defendant, plaintiff was compelled to separate from her. Since when they have not lived together; that, while they lived together, plaintiff was kind and affectionate to defendant and provided for her to the best of his ability, but that a few days after their marriage, defendant commenced a course of cruel and harsh treatment and abuse, calling him the vilest epithets known to the Spanish language, which was spoken by both parties; that defendant frequently cursed and abused plaintiff's aged grandmother who lived with him; that defendant frequently threatened plaintiff's life; that, on the night of February 10, 1921, defendant attempted to kill plaintiff with a knife which she had hidden in the bed, but plaintiff was awake and escaped and took the knife away from her; that the next morning, seeing it was impossible for them to live together longer and fearing for his life if he did, plaintiff sent defendant back to her parents; that since that time they have not lived together; that said marital relation still exists. Plaintiff alleges that defendant's actions and conduct are such as to render their living together further insupportable and prays for a judgment dissolving the bonds of matrimony now existing, for his costs, etc.

Herein fail not, but have before said Court, at its aforesaid next regular term, to file with your return hereon, showing how you have executed the same.

TO THE COTTON GROWERS OF MITCHELL CO.

You must reduce your acreage, cut cost of production, and grow a staple of cotton that will sell, if your 1921 crop is to show a profit.

There is an enormous carry-over, most of this is low grades and short staple.

The man who produces that kind of cotton this year will find little or no demand for it next Fall; but there is always a strong demand for strong and uniform staple of 1 1-16, to 1 1-8 of an inch and such cotton will be taken first next fall at top prices.

You must produce the cotton at the lowest cost, the one factor which will make the largest showing for the least outlay is GOOD SEED.

This Bank has secured a limited amount of the Lone Star Variety of Seed, which has been tested in this section of the country, and is the best seed adapted, for heavy yield in wet years as well as dry ones.

The seed offered is as pure as can be obtained, doubly cleaned and in three-bushel sacks, ready to be delivered at the price paid per bushel by this Bank. It is our desire to assist the farmers, and by this method we hope to encourage them in every way possible along toward prosperity.

Kindly place your order with Mr. J. M. Helton, W. A. Dulin, or leave your order at this Bank. It pays to buy the best—place your order!

MINEOLA WELL, NEAR PYRON IS IN SAND

The Mineola well near Pyron in Scurry county is in forty-five feet of oil sand at 3,160 feet. Preparations are being made to shoot and test this well.

The Vincennes well in southeastern Borden county is in an oil sand at about 2,100 feet, and gassing heavily. Should this well make a good producer it will prove up a large amount of territory in Borden and Mitchell counties.

The Jones well on the Long ranch has had a thick strata of pure paraffin in their test with a good showing and are preparing to set ten-inch casing for a test.

"Colorado Maid Shirts" is the trade mark name of a new product of this city and the new enterprise, announcing for business last week under the management of W. A. Grubbs should be entitled to both the moral and financial support of the public. Mr. Grubbs, who is proprietor of the Colorado Mattress Company, has just added a shirt department to the factory and will manufacture dress shirts to order. This department is in charge of an expert recently of Fort Worth. One of the prime essentials in building up Colorado is to patronize Colorado industries.—Colorado Record.

The name would indicate that a lady should be in charge of this factory, Mr. Whipkey. Probably you had not thought of that, or rather the owner of the factory. The announcement should be made as to the sex for which these shirts are made. If they are for men then the name should be changed to read "Colorado Made Shirts," but if they are made for women then let it stand.—Abilene Reporter.

The editor of the Reporter must be very dense. The shirts are made by a maid, and are made for either maids or men. What is the difference whether a maid's shirt is made by a maid or a man; or whether a man's shirt is made by either. A shirt is a shirt, whether made by a maid or by a man; and if it is properly designed it could be worn by either a maid or a man. Anyway, the Colorado shirt factory is turning out a lot of mighty fine shirts—for men.

NITRO FOR McDOWELL WELL PASSES THROUGH COLORADO

A truck load of nitro glycerine to be used in shooting McDowell No. 1 the first well drilled by S. E. J. Cox on his West Texas holdings, passed through Colorado the latter part of last week. The McDowell well is 25 miles south of Big Spring and for a time last summer was the source of considerable excitement as to the commercial possibilities of the field in that vicinity.

The well was shot Saturday and, according to reports received in Colorado, responded with a flow for a short time. Reports received later during this week indicate that oil is being bailed from the well, but an estimate on the production could not be verified.

Special correspondence to the Dallas News from Big Spring stated that oil continued to shoot over the derrick for several hours following the shot, but this was not confirmed by information received by The Record direct from Big Spring. The driver of the truck that handled the shipment of nitro, who was in Colorado late Saturday on his return to Cisco, knew nothing of the source of the reports that the well had blown in a gusher.

Cox, who controls considerable acreage in the Big Spring territory, has recently acquired large holdings in Mitchell County, but he has made no announcement for publication as to what his plans here may be. He has stated however, that a stock company is to be promoted and that shares of the capital stock of his company are being offered on the market.

Now is the time to plant more cotton. You will likely get nothing for it next fall, but it will be a good excuse for a hard luck story. Then, too, it will serve to keep the boys and girls out of school.—Sterling City Record.

The Record has the information that the city will co-operate with the Civic League in converting those unsightly lots near the passenger into a beautiful parklet. It is not known however, what the railroad officials would agree to do in the matter.

HOUSE BILL 42 PERMITS TAX INCREASE OF 85 CENTS

Under the provisions of House Bill No. 42, passed early in recent session of the Legislature, this city may increase the tax rate 85 cents over the present levy to provide interest and retiring funds to care for municipal bonds. Under the former constitutional law this limit was placed at 65 cents on the one hundred dollars valuation, which together with the tax of 31 cents necessary to take care of the old judgment against the city, makes the present tax limit 96 cents. Under House Bill No. 42, a tax not exceeding one and one-half per cent

may be levied. The present assessed valuation of Colorado is \$1,700,000 and under the new law the city is given the maximum annual revenue from taxes for all purposes of \$25,500. This would include the ad valorem for municipal water, sewer, street, school or other bonds needed by the city. The light that lies in a woman's eyes, and lies, and lies, and lies—her best friend accused her of stealing her husband, detectives hid in her pantry and her own hubby spurned her—all because she told some "innocent" little lies. DOMINANT WOMAN

"THERE'S much truth in the old saying that a bachelor is merely half a man," observed the professor. "I suppose you are trying to take a fall out of me because I don't get married," said the low-browed man. "It may be true that a bachelor is only a half a man, but when he accumulates a wife, he's usually only a quarter of a man, or maybe one-eighth. The more I see of married men, the more thankful I am that I have never loomed up at the altar with an orange wreath on my head."

CITATION BY PUBLICATION

THE STATE OF TEXAS: To the Sheriff or any Constable of Mitchell County, Greeting: You are hereby commanded to summon Minnie Theresa Rudy by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in any newspaper published in the 32nd Judicial District, but if there be no newspaper published in said Judicial District, then in a newspaper in the nearest District to said 32nd Judicial District, to appear at the next regular term of the District Court of Mitchell County, to be holden at the Court House thereof, in Colorado, Texas, on the 4th Monday in April, A. D. 1921, the same being the 25th day of April A. D. 1921, then and there to answer a petition filed in said Court on the 23rd day of March, A. D. 1921 in a suit numbered on the docket of said Court, No. 2918, wherein John Samuel Rudy is Plaintiff and Minnie Theresa Rudy is Defendant and said petition alleging that Plaintiff is and has been for a period of twelve months prior to exhibiting the petition herein an actual bona fide inhabitant of the State of Texas, and has resided in the said County of Mitchell for at least six months next preceding the filing of this suit; that on or about September the 15th, 1916, in Saskatchewan, Canada, Plaintiff was lawfully married to Defendant, then a single woman, and that they continued to live together as husband and wife until on or about the 7th day of July, 1919, when by reason of the cruel and harsh treatment and improper conduct of Defendant toward Plaintiff he was forced and compelled to permanently abandon her, since which time they have not lived together as husband and wife. Plaintiff alleges that during the time he and Defendant lived together as aforesaid he was kind and affectionate to her and always provided for her support and maintenance, but Defendant unmindful of the

duties and obligations of her marital vows and about one year prior to the time of their separation began a course of unkind, harsh, cruel and tyrannical treatment toward Plaintiff, which continued until Plaintiff was forced and compelled to abandon Defendant as aforesaid; that during said time and within one year prior to said separation, this Plaintiff was working in Winnipeg, Canada, where said separation occurred, and on going home would find his wife away and would remain away from home on many such occasions the entire night and on many such occasions she would return to their house at unreasonable hours during the night, and with divers and different men, who were unknown to this Plaintiff, and when this Plaintiff would remonstrate with her on account of her conduct she would fly into a fit of anger and abuse him in a way that was unbearable, that this continued night after night until the same became so obnoxious and painful to this Plaintiff he was on the aforesaid date forced and compelled to abandon her because their further living together as husband and wife on account of said conduct was absolutely insupportable. Wherefore, Plaintiff prays the Court that Defendant be cited by Publication to appear and answer herein and for judgment dissolving said marriage relations, for costs of suit and for such other and further relief, special and general, in law and in equity, that he may be justly entitled to herein fail not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same. Witness W. S. Stoneham, Clerk of the District Court of Mitchell County, Given under my hand and the Seal of said Court, at office in Colorado, Texas, this 23rd day of March, A. D. 1921.

"Old Doolittle has been married a long time, and he's got so used to being bossed by his wife that he doesn't know what to do when she isn't around. If you offered to lend him \$5 he'd say he'd have to consult Eliza Jane about it. One time, when his wife was away, visiting, he ate about a peck of green cucumbers, and the cold put him up like a folding bed. It was the worst case I ever saw. I heard him yelling for the police, and when I rushed over there and saw him on the floor, with his feet clasped across the back of his neck, I phoned for a doctor at once. We put him to bed, and the agony that man endured was sickening. And as he rolled around there, expecting to go off the hooks every minute, he kept saying, 'What will Eliza Jane say when she hears I called in a doctor?'"

"After his wife came back, I was over at their house one night, and she roasted me to a crisp for sending for a doctor. She said that if I had the first instincts of a gentleman I'd pay the bill, for I wasn't authorized to call in a sawbones, and she didn't want one in the house. Doolittle sat there and heard his wife roasting me until my whiskers curled and, although he knew the doctor saved his life, he never said a word."

"After I left the house, he sneaked out and overtook me, and told me he was sorry for what had happened, but experience had taught him that it's no use to butt in when his wife has the floor."

"Gooseworthy came over this morning while I was feeding the cows, and told me a tale of woe. His wife has about five hundred female relations, aunts and stepsisters and cousins and such people, and she keeps the house full of them all the time. He has to sleep on a sanitary couch in the hall, while his own feather bed is occupied by an aunt who weighs about 400 pounds. He has a comfortable rocking chair he bought for his own private use, and now he never gets a whack at it. His wife's step-sister, who brought her tortoise-shell cat along, is always using it. He said he was getting plumb disgusted with such a condition of affairs, but he didn't know what to do."

"I asked him why he didn't read the authorized version of the riot act to his wife, and tell her to ship all those relics out of the house. He seemed shocked at the suggestion. 'You don't know what you're talking about,' he said. 'You've never been married.'"

"The queer thing about it is that Gooseworthy is a great stickler for his rights when he's away from home. He's as sassy as a bobcat, and will fight at the drop of the hat if anybody tries to impose on him. He walks with his

"Then, there's old Major Sendoff, who distinguished himself on many a crimson battlefield. He has courage enough for three regiments. But he married the Widow Bunkum a couple of years ago and she makes 'im do the family washing, and hang the clothes on the line, and I suppose he does the ironing, too. MORNING EXERCISES FOR THE TIRED BUSINESS MAN

Stand in the middle of the room raise arms slowly overhead, take a deep breath and say "Darn the Government," lowering arms in attitude of despair, ten times.

Extend body flat on the floor, cover eyes with hands, kick heels, think of the railroads, weep till dry.

Kneel wringing hands, meditate upon the labor unions and groan 150 times.

Assume sitting position, hands on hips, sway gently to and fro and concentrate on Mr. Burleson until the generous frothing at the mouth sets in, till exhausted.

Collapse on the floor, crawl vigorously, think of the income tax and gnash teeth as in anger.

Note.—Observe this simple regime every morning before breakfast and you will reach the office with most of the cares and troubles of the day already out of your system.

PEOPLE OF OUR TOWN

The above guy is a member of the bunch on the corner who hasn't done a lick of work since the famous Work or Fight order, when he shouldered a dinner bucket and rallied to the cotton patch. The loafer was just naturally Born Tired and he's still Holding his Own. Besides that, He makes everybody else tired! He has just made some remark about a passing lady and is evidently pleased with his wit.

"OUT OF THE SNOWS."

One of the best of the many stories of the great Northwest country which have been seen on the screen is "Out of the Snows," a Ralph Ince production, at the Best Theatre Friday and Saturday 8th and 9th.

The story is of a girl who is a foundling and knows nothing of her parentage. She is engaged to a member of the Royal Northwest Mounted Police, but she hears that he was the man who killed her father some years before and she breaks off the engagement and hides away in the Far North. A succession of dramatic climaxes bring out the truth, and also brings the story to a thrilling and happy conclusion.

THE WATER QUESTION.

In speaking of the bond election to be held at Big Spring April 5th, to vote on water bonds in the sum of \$60,000, The Big Spring Herald says: "On Tuesday, April 5th, will be held an election in Big Spring, that will mean more to this city than any election that has been held in many years."

"It is the City bond election for the \$60,000 worth of water works bonds to be used in completing the work now going on at our City water works, and unless these bonds are voted this work will be suspended and our city will be almost bankrupt."

"All our people know that is the most important question in any of our West Texas towns and if we expect to grow we must settle this question beyond a shadow of a doubt. Look how Abilene has grown and is still growing, since they have begun work on their big water supply, and any other town that can assure the prospective homeseeker of an abundance of good, pure water in this part of the State is sure to grow."

"Let's put this bond issue over by a unanimous vote, then when the bonds are placed on the market they will find ready buyers, for the bond people will know that a city whose citizenship is as unanimously in favor of the issue will see that they are paid."

So far as The Record can ascertain, there is no one to question the fact that an adequate supply of water is the most essential asset any town can have, if the citizens of that town expect it to accomplish any material growth. Abilene is securing many large enterprises, educational institutions, etc., because they have an abundant water supply. Sweetwater is right now in the midst of a wonderful growth, there being a score of substantial business houses either just completed or in process of construction, and if Sweetwater did not have the water, she would not have half these enterprises. With an adequate supply of water at Colorado, this city will have many industries and advantages within the year that we do not have now.

to Ice Consumers

—It is our desire to give you the best service possible, and to do this we must have your co-operation and assistance. Please have your card where the delivery man can see it, or he may pass you up when you want ice. If your card is not up he takes it for granted that you do not want Ice. To make a trip back to supply you is extra expense and loss of time while others are waiting. If you do not have a card ask the driver for one.

—If you are not at home when the Ice man comes, have your book on the ice box or where he can find it, as he will not leave Ice if he cannot find the book. Please do not ask the delivery man to hunt up your husband to collect for Ice Books. Arrange to have the check or money when buying Ice Books. Our deliverymen are required to make their routes on time, and they do not have time to look up some one to collect for ice books. Please do not ask to have books charged, as we have to pay cash for ice and stand the shrinkage, and we cannot afford to pay collectors and bookkeepers for this purpose.

John Womack from Demitt, New Mexico is visiting his brother Geo. Womack.

Rev. Terrell filled his regular appointment here Sunday.

M. E. and R. W. Hewitt and families are spending this week on the Concho fishing.

Mrs. R. L. Womack is visiting relatives in Colorado.

Raymond Webb and family, accompanied by his father and mother, from Lovington, N. M., spent the week end with Mrs. F. E. Crabtree of Cuthbert and Mrs. C. H. Womack of Colorado.

G. E. Goodwin, G. W. Womack and John Womack left Monday for the Concho.

The teachers of the Cuthbert Sunday school met Friday night at G. W. Womack's and enjoyed an hour of study together.

Corley Bozeman is now at work in the Colorado Postoffice.

R. J. Smith and Mell King made a flying trip to Reynolds ranch Monday afternoon.

The Parent Teachers Association held its regular meeting at the school house Friday. For some unknown reason quite a number were absent, but it was a good meeting.

Mr. and Mrs. P. G. Fuller have moved to their home in the Fairview community.

M. L. Hill and family from Ira spent Friday with G. W. Womack and family.

D. T. Bozeman made a business trip to Sweetwater this week.

The school children of Fairview and Cuthbert picniced in and near the river Friday. They did everything and waded the river. big ones, old ones little ones and all (except a few

whose feet were delicate) doffed their shoes and socks, grabbed their togs in their hands to keep them out of the water and played in the river like you used to do when it would rain and you could slip off from mama. The rocks were a little tender and the water a little sensitive, but that was good for the feet. Oh, yes the teachers were right in the middle of it all. Mr. King was the only teacher who would wade.

The Reynolds well is now 24000 feet. The drillers seem to think it is not far to oil.

Work on the Coleman well continues.

The attendance was excellent at both church and Sunday school, last Sunday.

CIVIC LEAGUE

The Colorado Civic League met in regular monthly session last Saturday with first vice president Mrs. P. C. Coleman presiding. The clean up campaign was reported and bills allowed for same. The City Beautiful committee reported fifty trees set out around the tabernacle, railroad park and school buildings, and that several hundred had been set out in the resident districts.

Mrs. P. C. Coleman was elected to attend the federated meeting at Abilene, April 28-29.

HOUSE WARMING

On last Saturday afternoon a number of the friends of Mrs. Roy Dozier gave her quite a pleasant surprise by gathering at her home while she was away, and taking things for her new home. There were pot plants, rugs, cut glass and many other articles that will bring forth pleasant memories when using them. Her mother, Mrs. J. M. Green and sister, Mrs. Jim Dobbs served punch.

Born to Mr. and Mrs. Sam Majors, Thursday morning, a fine boy.

INTERESTING PROGRAM AT METHODIST SUNDAY SCHOOL

Sunday was an unusual day for the Methodist Sunday School, there being an attendance of 251 registered in the various classes and a program of unusual interest rendered during the closing twenty minutes of the Sunday school period. The attendance was the largest during the conference year. The program included a special song "Fair Lilies" by 100 children from the basement. Immediately when the classes were adjourned the children marched into the auditorium and assembled in formation behind the chancel rail, standing while an eulogy as to the beautiful picture they presented and of the efficient work they are doing in their Sunday school classes was delivered. The song followed and then twenty-two small boys, members of the class taught by E. W. Cartwright, were presented to the Sunday school. Mr. Cartwright told of the good work his boys are doing and announced that when the class was organized two months ago it had only eight members. The enrollment now is twenty-six. He announced that a competitive contest had been in progress during the time since organization and that the prize had been awarded to William Leslie. Next came a short address by Judge W. P. Leslie, representing Class No. 1, the mens' adult bible class. Judge Leslie told in a most interesting manner a historical synopsis of the class from the date of organization several years ago, up to the present. This class is taught by F. A. Winn and is one of the largest organized classes in the Sunday school.

Preaching at Plainview

Notice is given that Rev. A. D. Leach will preach next Sunday at 3:30 p. m. at Plainview Baptist church, three miles southwest from Colorado. This is a new church building just completed and this will be the first service, and all are urged to attend. —Church Clerk.

In Our Grandparents Time--

Picture taking meant long sittings in uncomfortable, strained attitudes—with success always more or less in doubt.

There was excuse in those days for not having pictures taken frequently.

The photographs today, with modern equipment, make the experience a pleasure. You owe this satisfaction to yourself and your friends.

The only thing you can give your friends that they cannot buy is—YOUR PHOTOGRAPH.

Come to the Studio today and let us show you our samples.
